

## Shared Revenues – Preliminary Budget Estimates

A preliminary estimate of shared revenues for each city and town for FY 2017-2018 is set forth in this report. We obtained the total dollar figures subject to distribution from the Arizona Department of Transportation (ADOT) and the Arizona Department of Revenue (DOR). The distribution figures in this Preliminary Estimate were produced using the 2015 population estimates from the U.S. Census Bureau. We will not have access to the specific June 2016 population figures until May, at which time we will produce a revised Final Report for this fiscal year. Finally, please recognize that most of the distribution figures are also preliminary estimates, and at this time the State budget is not finished, so the total distribution amounts may be subject to change.

### Population Figures for Shared Revenue Estimates

As directed by statute, the population figures used in distribution of state shared revenue for Fiscal Year 2017/2018 are based on the official U.S. Census Bureau estimate from June of the prior year. As the result of a League Resolutions, HB 2483 was passed by the Legislature in 2016. The bill made the following changes to statutes about population figures used for shared revenue purposes:

- A city or town may elect to use either the most recent population estimates from the Census Bureau or the results of a mid-decade special census (if they have conducted one) as the basis for distribution of state shared revenues.
- A city or town may only use the results of a mid-decade special census for one year. Beginning on July 1 in the second year after the special census, the city or town must use the most recent population estimates from the U.S. Census Bureau as the basis for distribution of state shared revenues.
- The most recent population estimates of the U.S. Census Bureau will be used annually for distribution of state shared tax revenues to cities and towns beginning on July 1 in the second year following the next decennial census through June 30 of the following year.

As a reference point, these are the 2015 estimated census figures that were used through FY 2016/2017. We will update these figures when we receive the current Census estimates in May.

2015 Designated Population for TPT/HURF/VLT: .....	5,418,287
2015 Designated Population for URSL .....	5,423,958

### Shared Revenue Estimates

The tables found within this report list the distribution of revenue from the Vehicle License Tax (VLT), Highway User Revenue Fund (HURF), State Transaction Privilege Tax (TPT) and State Income taxes, also known as Urban Revenue Sharing (URS).

Vehicle License Tax (VLT) – The total Vehicle License Tax distribution for FY2018 is approximately 9.1% higher than last year’s estimate of \$225,200,000.

Highway User Revenue Fund (HURF) – The FY2018 HURF estimate provided by the Arizona Department of Transportation is approximately 7.6% higher than last year’s figure of \$358,299,100. At this time, this figure also includes the additional allocation of roughly \$14.4 million called for in statute, however it should be noted that the Governor’s budget proposal removed this distribution. (Note: This highway user revenue estimate does not include the 3% of monies reserved for cities with populations over 300,000.)

State Sales Tax (TPT) – The estimate for state shared sales tax is approximately 1.0% higher than the estimated amount of \$510,000,000 contained in this report from last year. (Note: This fund may be subject to revision later in the year - we will send out revised estimates if we get any additional information.)

# STATE SHARED REVENUE

State Income Tax (URS) – The estimate for state income tax is approximately 2.6% percent higher than last year’s estimate of \$663,582,168. (Note: This is the only one of the shared revenue categories that can be accurately forecast since it is based on collections from two years ago.)

The estimated shared revenues for distribution to cities and towns in the upcoming fiscal year, based on current state law, from each of the sources are as follows:

Vehicle License Tax . . . . .	\$245,600,000
Highway User Revenue . . . . .	\$385,334,000
State Sales Tax . . . . .	\$515,000,000
State Income Tax . . . . .	\$680,770,080

If there are any significant changes to any of these numbers, we will get revised estimates to you as soon as possible. If you have any questions, please give us a call.
