Dear Agnes,-

Certainly I will take care of your debt to Mrs. Davis - April and May.

I am so glad you do feel that you can write and make money. You can write beautifully and all you need is peace of mind.

I did hope you would try to come back to U.S.A. Do not say you are married. Take your own name and they cannot keep you out.

You are going through a horrible trial, but creative work at writing and lecturing will restore your nerves in a short time. Your lectures sound splendid.

I am so pleased at your full and complete detail of pessaries. Thank God for one efficient person on the job at last. I am sending you a cable to order 1000 of the Ramses pessaries. Send them to Canada to Mr. Sice's agent's address. I have given your business letter to Mr. Sice who has sent you a draft to pay for them.

I am personally interested in your health, Agnes, and do wish you were here in New York where you would have the care you need and would not have to work so hard.

The Conference is going well, but no one from India yet. We never heard from Madam Madu at all.

You should get your passport as soon as you can and have it ready when you want it. (Tho' you got along so far without one.)

My love to you. Don't worry about the money or loans.
