

September 25, 1926.

Dear Agnes,-

Thanks for your letter. So far no word from Chatto.

We may be able to get articles from England for a while, so do not bother further.

I do wish you were back in U.S.A. where I feel certain something could be found for you to do. If only we had money I would say come on back and work on the Review with Mrs. Boyd, but we are still begging.

Would you come back if I find a position for you? I will try if you will tell me what money you need to get back. I want so much to see you well and happy.

Always my best wishes to you and my love.
