

April 22, 1926.

Dearest Agnes:

In reply to your letter of April 6th, I am sending another copy of the "Pivot of Civilization" for you.

About India - the Conference has been postponed for one year. Consequently, I do not expect to go to India this winter.

I would be delighted to meet the German women physicians when I go to Berlin. I will let you know, of course, long before I leave U.S.A.

I am glad from the bottom of my heart that you are getting better. Milly Rucker is in the city and I have been trying to get her and find out about you. She and Rudolf have been so dined and wined that they are "fed up" with excitement. I guess I shall see her later - I hope.

I am very busy trying to get the League out of debt before vacations begin.

Only a few words of love and my best wishes for your quick recovery.

Love always,

MS:al
