

this week. I'm not feeling
well and have my clothes
to wash & iron. I washed
my hair & took a bath
yesterday expecting you
would arrive today. It is
a nuisance - I'll have to
bathe again next week.
But analysis has taught me
to face reality and what
must be, must be.

The Bolsheviks are strong on
politics. You can be a
rascal and get away with it
but you can get through,
even through nothing but
honorable artists. Come & we
will attend to it all. Do send me
all particulars about both of you
& I'll apply before you arrive.
Love

up courage and have
a try.

Roger Baldwin is in
Frank and is coming here.
God bless his dear soul.

Everyone is well here.
Baba in analysis and very
much better. I think I'll
go to India this evening for
my health. Do not forget
study steadily. Love - C. G. L.
