PATTER follows 3rd Verse

Aye, but I'm a' richt noo! Safe as the Bank of England! I'm getting a good start, and if a fellow gets a good wife he is a sure winner. At least, that is my philosophy. Of course, we must back up the men also. Why not? Don't the men build all the big ships, railroads, and do all the digging and draining and banking and building? Of course, when it comes to domestic work, then we depend on the wife — darning socks and baking dumplings. And if a man takes a sensible wife's advice he will be a sensible man — and I bet ye I'm getting a sensible wife! *Repeat Chorus*
