Neath the moon-light's sheen Hear the night bird's love note

Where my lit-tle love boat rides

From the world to-day To a love-land gay

Boat - ing float - ing on our way

CHORUS

In a love boat with you Tur-tle-dove boat for

two- Where the gold-en stars beam O'er the sil-ver-y

stream As down the riv-er we're de-scend-ing

While we dream love's dream On the wa-ter's glim-m'ring

With a shim-m'ring light bright In my heart there's a

song As we're float-ing a - long When we two are a -

-lone In a world of our own And there's no

know - ing where we're go - - ing Tho' our course is true

I would drift all life through In a love boat with
