The MS in community resources and development (sustainable communities concentration) is offered by the School of Community Resources and Development at ASU's Downtown Phoenix campus. This master's program is research-oriented. It is designed to prepare graduates for careers in governmental agencies, nonprofit organizations and private-sector businesses by teaching them to analyze and understand critical topics and issues pertinent to the fields of tourism, parks and recreation management, nonprofits and nongovernmental organizations, and sustainable communities.

Students choose between two academic options: thesis or professional.

Degree Requirements: 30 credit hours and a thesis, or 36 credit hours including the required capstone course (CRD 580).

Completion of the master's in community resources and development requires two years of study, on the average. Students may select a thesis or

professional option. The thesis option is a research-oriented degree and is recommended for students planning to continue graduate studies beyond the master's degree. The professional option is intended for students seeking additional knowledge and expertise relevant to professional career development. Advising and direction in both options are under the direct supervision of an assigned faculty member.

Program Requirements: Thesis Option

The thesis option consists of a minimum of 30 credit hours, including six credit hours of thesis, which must be defended in an oral examination before a supervisory committee of at least three faculty members, one of whom resides in another department.

CRD 500 Research Methods (3)

CRD 502 Statistical and Data Analysis (3)

CRD 552 Critical Issues in Recreation and Tourism (3)

CRD 555 Theoretical Perspectives in Community Development (3)

CRD 599 Thesis (6)

CRD 610 Sustainable Communities (3)

electives (3)

advanced inquiry (3)

Select one:

NLM 562 Social Entrepreneurship (3)

NLM 572 Community and Social Innovations (3)

Program Requirements: Professional Option

The professional option consists of 36 credit hours, including six credit hours of practicum. A signed affiliation agreement is required to be on file with the graduate coordinator before registration. The purpose of the 300-hour practicum is to provide graduate students with in-depth, agency-based professional experiences. The student committee consists of two school faculty members and one community or agency professional. At the end of the practicum, the student is required to submit a written description and analysis of the project and to present the results to the committee.

CRD 610 Sustainable Communities (3)

electives (9)

select one:

NLM 562 Social Entrepreneurship (3)

NLM 572 Community and Social Innovations (3)

Admission Requirements:

Students applying to the master's program must have achieved a GPA of 3.00 or the equivalent in the last two years of work leading to the bachelor's degree.

Applicants should submit the following items to Graduate Education by March 1 to be considered for fall admission or Oct. 1 for spring admission:

- an online Graduate Education application
- all undergraduate transcripts
- application fee
- statement of professional and academic goals
- GRE scores
- three letters of recommendation
- current resume
- proof of English proficiency*

*Applicants whose native language is not English (regardless where they may now reside) must provide proof of English proficiency.

Only complete application files are reviewed or considered for admission. Students without undergraduate academic work in related disciplines are required to take six credit hours of deficiency course work in addition to the master's requirements. Deficiency course work may be taken in conjunction with master's classes.

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Corrections Management (Certificate), Certificate (PPCMGGRCT)

Online Degree Search Title: Corrections Management (Grad Certificate)

Campus: ONLNE

Program Description:

The graduate certificate in corrections management will prepare corrections administration professionals and enhance their work by providing course work in criminal justice organizations, corrections and community supervision, institutional management and in cross-disciplines such as public administration. The certificate is designed to give students a solid foundational understanding of correctional administration, leadership and policy analysis.

Degree Requirements: 15 credit hours.

Required Courses: 12 credit hours

CRJ 514 Seminar in Corrections (3)
CRJ 516 Seminar in Criminal Justice Organization & Management (3)
CRJ 528 Prison & Jail Administration OR CRJ 529 Community Corrections (3)
PAF 520 Public Management (3)

Electives: 3 credit hours

CRJ 515 Seminar on Women and Crime (3)
CRJ 517 Seminar on Juvenile Delinquency & Justice (3)
CRJ 518 Seminar on Race/Ethnicity, Crime & Justice (3)
CRJ 519 Seminar on Victimization (3)
CRJ 520 Seminar on Violent Crime (3)
CRJ 521 Seminar on Nature of Crime (3)
CRJ 522 Seminar on Gangs and Crime (3)
CRJ 524 Seminar on Punishment & Society (3)
CRJ 525 Seminar on Life Course Criminology (3)
CRJ 598 ST: Crime Mapping (3)
CRJ 598 ST: Criminal Justice Ethics (3)
CRJ 598 ST: Death Penalty (3)
CRJ 598 ST: Ecology of Crime (3)
CRJ 598 ST: Forensics (3)

CRJ 598 ST: Politics of Criminal Justice Policymaking (3)

CRJ 598 ST: Sex Offenders and Sex Crimes (3)

Culminating Experience: None Required.

Total required credit hours: 15

Admission Requirements:

Applicants to the certificate program will be accepted year-round. Students may be granted admission for fall, spring and summer semesters. Potential applicants must meet all Graduate Education admissions requirements and submit all materials online through the graduate application.

Degree(s): Potential applicants who hold a bachelor's degree from a regionally accredited institution are eligible to apply to the program. Students from related fields, such as public policy, political science, psychology, sociology, as well as other social science degrees, might be interested in this program in particular. However, all eligible students will be considered. Although the target students would most likely come from the aforementioned degree fields, there is no specific undergraduate degree major required for admission; the school will accept applicants with undergraduate degrees from all educational backgrounds.

GPA: Regular admission may be granted to applicants who have achieved a GPA of 3.00 or better (on a 4.00 scale) in the last two years of course work leading to a bachelor's degree.

For nondegree seeking students (those not admitted to a graduate degree program at ASU): Applicants will be required to submit:

- an official ASU graduate online application
- official transcripts of undergraduate and graduate (if applicable) course work
- a written statement of career and educational goals

For graduate-degree seeking students (those admitted to a graduate program at ASU): Applicants will be required to submit:

- an official ASU graduate online application
- a written statement of career and educational goals

Required Admission Examinations: None required.

Students must fulfill the requirements of the College of Public Programs as well as those of Graduate Education.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Criminology and Criminal Justice, PHD (PPCRJPHD)

Online Degree Search Title: Criminology and Criminal Justice (PhD)

Campus: DTPHX

Program Description:

The School of Criminology and Criminal Justice at Arizona State University offers a program of course work and research leading to the PhD in criminology and criminal justice. This program emphasizes criminal justice theory, research and policy. The program is designed to produce highly skilled criminology and criminal justice faculty and agency researchers and administrators.

The doctoral program is organized around five components:

- a comprehensive examination
- a core of required courses in theory and research on crime and the criminal justice system
- a core of required courses on research methods and analytical techniques
- a dissertation
- elective courses in criminology, criminal justice and related fields

Degree Requirements: 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The doctoral program in criminology and criminal justice includes a minimum of 72 credit hours of course work and 12 credit hours (and only 12) of dissertation. A maximum of 30 credit hours of course work from a previously awarded master's or JD may, with the approval of the supervisory committee, be applied toward the doctoral plan of study.

Each student is required to complete course work in two core areas. This includes six credit hours of course work in theory and research on crime and the criminal justice system and nine credit hours of course work on research methods and analytical techniques. Elective courses comprise the remainder of the course work required for the doctorate. All students must demonstrate proficiency in research design and quantitative and qualitative methods.

Credit hours for course work from master's or JD (30)

Core courses:

CRJ 601 Seminar on Criminological Theory (3)

CRJ 602 Seminar on Criminal Justice Policies and Practices (3)

CRJ 603 Advanced Research Design (3)

CRJ 604 Advanced Statistical Analysis (3)

CRJ 605 Special Problems in Quantitative Methods (3)

Electives: Choose a minimum of nine courses in consultation with the supervisory committee (27)

Dissertation (12)

Admission Requirements:

Students must submit an online Graduate Education application for admission, an official transcript from every university or institution from which a degree was awarded, GRE scores and the application fee to Graduate Education.

The application deadline is Jan. 15 for fall semester. Students are not admitted during the spring semester.

In addition to these basic requirements established by Graduate Education, the School of Criminology and Criminal Justice requires the following:

- An applicant must hold a master's degree from an accredited institution. The master's may be a degree in criminal justice, criminology or another field (e.g., sociology, political science, history, social work, public administration, psychology or philosophy).
- An applicant must submit two letters of reference from faculty members or others qualified to evaluate the applicant's academic potential for doctoral study.
- The applicant must submit their resume.
- An applicant must submit a personal statement, not exceeding five pages, that describes the applicant's prior education, relevant professional experience, and career goals. The statement must explain how the doctorate in criminology and criminal justice will help the applicant attain the his or her career goals. The statement should explicitly explain how the student's plans are consistent with the role and mission of the School of Criminology and Criminal Justice at ASU.
- International students seeking admission to the program must meet ASU graduate faculty requirements governing the admission of international students, which can be found at (<http://graduate.asu.edu/international>)<http://graduate.asu.edu/international> (<http://graduate.asu.edu/international>).
- A sample of the applicant's written work should be submitted electronically. The writing sample may be an article (published or unpublished), a research paper, or any other extended sample of expository skill, and the sample must be no longer than 35 pages in length. Longer writing samples should not be submitted without first consulting the Graduate Director. Documents should not be password protected. Acceptable file types are .rtf, .pdf, and .doc.

Personal statement and letters of recommendation should be submitted online.

An applicant whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Emergency Management and Homeland Security, MA (PPEMHSMA)

Online Degree Search Title: Emergency Management and Homeland Security (MA)

Campus: DTPHX, ONLNE

Program Description:

This degree program provides students with skills and knowledge to manage and assume positions of leadership within the field of emergency management and homeland security. Concepts of public policy and management, science, technology, and criminal justice are blended together to enhance and foster critical thinking within the general field of study. Based upon integrative science, this degree transcends the confining boundaries of traditional programs and emphasizes the systems approach. More specifically, an all hazards and all-threats orientation provides the student with a generalist perspective which is critically important for today's and tomorrow's disaster managers.

Degree Requirements: 30 credit hours including an applied project course (CRJ 593 or PAF 593).

Required Core Courses: 21 hours

PAF 520 OR PAF 503 Public Management OR Public Affairs 3

PAF 560 Community Resilience and Recovery 3

PAF 552 Integrated Emergency Management 3

PAF 554 Homeland Security 3

PAF 555 Information Technology in Emergency Management 3

PAF 561 Interoperability for Emergency Managers 3

SWG 579 Critical Incident Stress Management 3

Elective or Research Courses: 6 hours

Required Research Course:

CRJ 511 Applied Data Analysis in Criminal Justice 3

Electives (choose one):

PAF 506 Public Budgeting and Finance 3

PAF 507 Public Human Resource Management 3

PAF 553 Terrorism and Weapons of Mass Destruction 3

CRJ 512 Seminar on Policing 3

CRJ 514 Seminar on Corrections 3

CRJ 516 Seminar in Criminal Justice Organization and Management 3

CRJ 520 Seminar on Violent Crime 3

CRJ 521 Seminar on the Nature of Crime 3

CRJ 522 Seminar on Gangs and Crime 3

CRJ 412 International Terrorism 3

CRJ 419 Domestic Terrorism 3

CRJ 598 Police and International Terrorism (Israel study abroad program) 3

NLM 545 Volunteer Resource Management 3

Culminating Experience: 3 hours

PAF 593 Applied Project OR CRJ 593 Applied Project 3

Total required credit hours: 30

Admission Requirements:

Degree(s): Minimum of a Bachelor's degree in Criminology, Public Administration, Psychology, Sociology, Applied Sciences, or other related field.
Academic Catalog Archive 2014-2015 625

GPA: Minimum of a 3.00 cumulative GPA (scale is 4.0=A) in the last 60 hours of a student's first bachelor's degree program.

English Proficiency Requirement for International Applicants: The English proficiency requirements are the same as the Graduate Education requirement.

Foreign Language Exam: Not required

Required Admission Examinations: None

Letters of Recommendation: Two

Other: Three years of experience in an emergency management or homeland security related field OR two years of experience in an emergency management or homeland security related field and an emergency management or homeland security related bachelor degree such as Emergency Management, Homeland Security, Public Safety, Military Science, Criminology, Public Administration, Applied Science.

Latino Cultural Competency in Social Work (certificate), Certificate (PPSWGGRCL)

Online Degree Search Title: Latino Cultural Competency in Social Work (Grad Certificate)

Campus: DTPHX

Program Description:

In response to the need, ASU through the College of Public Programs, School of Social Work, offers a graduate certificate in Latino cultural competency. The School of Social Work offers Latino-oriented courses with an emphasis on Spanish language development for professional social workers.

The goal of the program is to enhance a social worker professional's capacity for engaging in culturally grounded practice with Latino clients and their families.

The program is intended for the professional who wants to:

- expand their employment potential by adding an expertise in professional services with Latinos
- learn the critical cross-cultural factors that influence a worker's competency in forming professional helping relationships with Latinos
- learn the social and cultural context and theoretical principles of social work practice with Latinos
- learn the social service delivery issues involved in providing services for bilingual and limited- or non-English-speaking Latino populations

Degree Requirements: 15 credit hours.

The following is required for students enrolled in the Master of Social Work program:

- completion of 480 hours of field practicum with Latino clients and communities (60 percent of case load to be Spanish-speaking)
- field practice consisting of six credit hours of field practicum

six credit hours of Latino-oriented course work*

- SWG 533 Diversity and Oppression in a Social Work Context (3)

*At least three hours are required to be taken from within the School of Social Work.

Requirements for those already working in the field of social work as a community professional social worker and community worker:

- six credit hours of independent study field practice consisting of the completion of 480 hours with Latino clients and communities (60 percent of client caseload to be Spanish-speaking)*
- six credit hours of Latino-oriented course work**
- SWG 533 Diversity and Oppression in a Social Work Context (3)***

*Students may petition to use their place of employment.

**At least three hours are required to be taken from within the School of Social Work.

***Note: Students with an MSW or BSW who have completed this course in the past five years may substitute another Latino-oriented course.

Admission Requirements:

All students interested in applying to this program must submit:

- the online Graduate Education application
- transcripts (if not on file with ASU)
- the Graduate Education application fee
- proof of English proficiency*
- the School of Social Work the Latino Cultural Competency Application form and the required \$50 application fee

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

No more than two certificate courses may be completed before applying for admission to the certificate program.

Social Work graduate student admission requirements:

- graduate status in the College of Public Programs' School of Social Work
- demonstrated proficiency in Spanish language

Community professional social worker admission requirements:

- possess an MSW, BSW or related master's degree
- demonstrated proficiency in Spanish language

Community worker admission requirements:

- the equivalency of a two-year work experience in the social service field
- an undergraduate degree
- demonstrated proficiency in Spanish language

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

CRJ 598 ST: Sex Offenders and Sex Crimes (3)

Culminating Experience: None Required.

Total required credit hours: 15

Admission Requirements:

Applicants to the certificate program will be accepted year-round. Students may be granted admission for fall, spring and summer semesters. Potential applicants must meet all Graduate Education admissions requirements and submit all materials online through the graduate application.

Degree(s): Potential applicants who hold a bachelor's degree from a regionally accredited institution are eligible to apply to the program. Students from related fields, such as public policy, political science, psychology, sociology, as well as other social science degrees, might be interested in this program in particular. However, all eligible students will be considered. Although the target students would most likely come from the aforementioned degree fields, there is no specific undergraduate degree major required for admission; the school will accept applicants with undergraduate degrees from all educational backgrounds.

GPA: Regular admission may be granted to applicants who have achieved a GPA of 3.00 or better (on a 4.00 scale) in the last two years of course work leading to a bachelor's degree.

Admission requirements:

For nondegree seeking students (those not admitted to a graduate degree program at ASU): Applicants will be required to submit:

- an official ASU graduate online application
- official transcripts of undergraduate and graduate (if applicable) course work
- a written statement of career and educational goals

For graduate-degree seeking students (those admitted to a graduate program at ASU): Applicants will be required to submit:
Academic Catalog Archive 2014-2015 628

- an official ASU graduate online application
- a written statement of career and educational goals

Required Admission Examinations: None required

Students should fulfill both the requirements of the College of Public Programs and those of Graduate Education.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Nonprofit Leadership and Management (certificate), Certificate (PPNONPROCE)

Online Degree Search Title: Nonprofit Leadership and Management (Grad Certificate)

Campus: DTPHX

Program Description:

The graduate certificate in nonprofit leadership and management, offered through the College of Public Programs, is a program that provides students with an understanding of the nonprofit sector's role in society and with knowledge applicable to those who wish to lead and manage these organizations. The objective of this program is to provide students from diverse academic backgrounds with exposure to content needed by leaders in the nonprofit sector, including the understanding of the historical and philosophical context for nonprofit organizations in society, the theory and practice of philanthropy, financial management practices and other topical content areas. The certificate is ideal when combined with graduate degrees in other areas and when used to provide a core concentration in nonprofit leadership and management.

Degree Requirements: 15 credit hours.

Required courses (9):

NLM 510 The Nonprofit Sector (3)

NLM 520 Financial and Resource Management (3)choose one:

NLM 540 Strategic Human Resources Management (3)

NLM 545 Volunteer Resource Management (3)Elective courses (6)

Admission Requirements:

All applicants must submit the Graduate Education online application. Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

The program is available to students who are pursuing their graduate degree in a chosen field of study and who have expressed interest in pursuing careers in the nonprofit sector. In addition, the program is well suited for working professionals, who may be pursuing a graduate degree, but who wish to strengthen their skills and connections to the nonprofit community.

For more information, see the College of Public Programs website.

Students must fulfill both the requirements of Graduation Education and those of the College of Public Programs.

For U.S. Department of Education Gainful Employment Program Disclosure information, see

<https://catalog.asu.edu/files/disclosures/PPNONPROCE/Gedt.html> (<https://catalog.asu.edu/files/disclosures/PPNONPROCE/Gedt.html>).

Nonprofit Studies, MNPS (PPNPSMNS)

Online Degree Search Title: Nonprofit Studies (MNpS)

Campus: DTPHX

Program Description:

Offered through the School of Community Resources and Development, the MNpS program is intended for professionals who work in or desire to work in the nonprofit sector at senior leadership and management levels. The program provides an opportunity to obtain an advanced degree that addresses the unique challenges and opportunities of nonprofit, nongovernmental organizations with attention on those who lead, manage and support nonprofits. Students explore research, theory and innovative nonprofit practice that advances individual and societal goals for social, cultural, environmental, educational and economic development. The program considers the nexus among nonprofit management, social enterprise and entrepreneurship, and philanthropy that are evinced through nonprofit organizational forms.

Degree Requirements: 33 credit hours including the required capstone course (NLM 620).

Students are required to take 18 credit hours of core course work, in which three hours are a capstone course that is completed at the end of the program of study. The capstone course is integrative and case-based, allowing students to synthesize material from prior course work. Successful completion of this course is required in place of a thesis or applied project.

Students complete 15 credit hours of related elective course work. Courses are selected from two contributing disciplines (public affairs and social work) to foster the interdisciplinary nature of the degree. Students may include two three-credit hour courses not listed below as approved electives in their program of study as long as the student can establish an intellectual and professional development objective that substantiates the course selection.

NLM 510 The Nonprofit Sector (3)

NLM 520 Financial Management in Nonprofit (3)

NLM 530 Program Evaluation and Information Management (3)

NLM 550 Philanthropy: Theory and Practice (3)

NLM 620 Capstone: Critical Issues in Nonprofit Management (3)

Choose one:

NLM 540 Strategic Human Resources Management (3)

NLM 545 Volunteer Resource Management (3)

Electives (15)

Admission Requirements:

Potential applicants who hold a bachelor's degree from a regionally-accredited institution are eligible to apply. Applications are accepted year-round and students are granted admission for fall, spring or summer semesters. Students must submit the following to apply for the MNpS:

- a completed online application through ASU Graduate Education
- a curriculum vitae or resume
- statement of educational and career goals in sufficient detail to indicate compatibility with the educational objectives and capabilities of the school
- three reference letters
- proof of English language proficiency*

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Applicants whose junior and senior GPA is 3.00 or higher are eligible to apply for admission to the program. Certificate students who are interested in applying for the master's program must apply to the degree program before the completion of nine credit hours in their certificate program.

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Participatory Governance (certificate), Certificate (PPPGOGRCT)

Online Degree Search Title: Participatory Governance (certificate)

Campus: DTPHX, TEMPE

Program Description:

This certificate provides students with the knowledge and skills to develop, implement and evaluate participatory governance programs and public engagement activities. This interdisciplinary program combines academic rigor with practical skills. Students examine the main theories and research findings on participatory governance and public engagement and familiarize themselves with past and current democratic innovations in the U.S. and around the world. Students also develop the capacity to design, carry out and examine processes of participatory governance and public engagement. The certificate, administered by the School of Public Affairs, can be pursued as a specialization within an existing ASU graduate program or as a stand-alone, 15-credit-hour program.

Degree Requirements: 15 credit hours.

15 credit hours are required for the certificate: three required courses and two electives chosen from a list of preapproved courses. The electives taken toward the certificate will be selected with the faculty advisor. The faculty advisor will direct the selection of the electives to ensure that they focus on a common theme, and to see that the student's experiences in the courses align with the learning goals outlined for the certificate. Students are required to maintain at least a 3.00 GPA and to have no more than one grade below a B- in courses taken to complete the certificate program.

Admission Requirements:

Applications to the certificate will be accepted year-round. Students may be granted admission for fall, spring or summer semesters.

Applicants must meet all Graduate Education admission requirements. Regular admission may be granted to applicants who have achieved a GPA of 3.00 (4.00 scale) or better in the last two years of work leading to a bachelor's degree.

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Applicants will be required to submit:

- an official ASU graduate online application
- official transcripts of undergraduate and, if applicable, graduate course work
- a statement of career and educational goals

All materials are submitted online through the Graduate Education application.

Students must fulfill the requirements of both Graduate Education and those of the College of Public Programs.

Policy Informatics (Certificate), Certificate (PPPOIGRCT)

Online Degree Search Title: Policy Informatics Certificate

Campus: DTPHX

Program Description:

Policy informatics provides knowledge and skills for students seeking careers that will use informatics tools, models and simulations to help individuals and groups deliberate and evaluate policy decisions as well as explore new governance infrastructures. The policy informatics certificate emphasizes theories and research concerning decision-making, complexity theory, and visualization of quantitative and qualitative information, collective intelligence, behavioral economics, and persuasive technologies.

This certificate helps us advance evidence-driven policy design, wherein scientific models and analyses drive decision-making for resolution of complex policy challenges, dilemmas and problems. Policy informatics is both an emerging field of research and a community of practice focusing

on advancing decision-making in the public sector through information-centric analysis of evidence that leverages computational and technological advances; and designing, managing and evaluating information systems and infrastructures for policy construction, analysis and implementation.

Policy informatics advances the multidisciplinary nature of the public administration discipline by infusing it with the advances of information technology, management of information systems, and computational and informational science perspectives.

Degree Requirements: 15 credit hours.

15 credit hours are required for the certificate: four required courses and one elective chosen from a list of preapproved courses. The elective taken toward the certificate will be selected with the faculty advisor. The faculty advisor will direct the selection of the elective to ensure a focus on a common theme, and to see that the student's experiences in the courses align with the learning goals outlined for the certificate. Students are required to maintain at least a 3.00 GPA and to have no more than one grade below a B- in courses taken to complete the certificate program.

Admission Requirements:

Applications to the certificate will be accepted year-round. Students may be granted admission for fall, spring or summer semesters.

Applicants must meet all Graduate Education admission requirements. Regular admission may be granted to applicants who have achieved a GPA of 3.00 (4.00 scale) or better in the last two years of work leading to a bachelor's degree.

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Applicants will be required to submit:

Public Administration, MPA (PPPADTMPA)

Online Degree Search Title: Public Administration (MPA) - Downtown Phoenix

Campus: DTPHX

Program Description:

The MPA is an interdisciplinary, professional degree program designed to prepare students for public service, public management and policy analysis at the local, state and national levels of government. The MPA program is accredited by the National Association of Schools of Public Affairs and Administration.

Students may also elect to specialize in one of three of the approved MPA concentrations: urban management, nonprofit administration, or emergency management.

The urban management concentration provides knowledge and skills for students seeking careers in local urban government management and enables students to develop the skills and techniques used by city and urban leaders and managers.

The concentration in nonprofit administration is intended for professionals who work in or desire to work in the nonprofit sector and who wish to explore research, theory and the practice of management and leadership in the nonprofit sector.

The concentration in emergency management prepares graduates for a challenging career as a professional emergency manager. This program allows students to focus on concerns related to emergency management within the larger field of public administration.

In addition, the school offers concurrent programs in planning, sustainability, criminology and criminal justice, and social work. For admission and program requirements, please see <http://spa.asu.edu/programs/masters/concurrent> (<http://spa.asu.edu/programs/masters/concurrent>).

Degree Requirements: 42 credit hours including the required capstone course (PAF 509 or PAF 579).

The MPA program consists of 42 hours of graduate credit. Students take 27 of these hours in nine core classes in the School of Public Affairs. Students take 15 additional hours of approved elective courses which may include courses offered by the school or other academic units in the university.

Concurrent Degrees:

This degree is also offered as concurrent degree with:

- American Indian Studies (Tribal Leadership and Governance) MS
- Criminology and Criminal Justice (MS)
- Sustainable Solutions (MSUS)
- Tucson / Downtown Phoenix - Social Work - Standard Program (MSW)
- Urban and Environmental Planning (MUEP)

Accelerated Degrees:

This degree is also offered as an accelerated degree with Public Service and Public Policy, BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

All applicants must submit the following materials. All materials should be submitted online through the ASU Graduate Education application.

- an official ASU Graduate Education application online, see <http://asu.edu/gradapp> (<http://asu.edu/gradapp>)
- application fee: \$70 domestic \$90 international (note: fees increase after deadline; see <https://students.asu.edu/apply>) (<https://students.asu.edu/apply>)
- official transcripts of all undergraduate and graduate work
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT
- three letters of recommendation, at least two of which should be from faculty or other academic staff who can evaluate applicant's academic performance
- a written statement, one- to two-pages in length, that describes the applicant's educational and career goals
- proof of English language proficiency*

*Applicants whose native language is not English (regardless of where they may now reside) must submit proof of English proficiency. See additional requirements for international students at <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>).

Applicants may also submit a resume or other documents.

Contact the School of Public Affairs at 602-496-0450 or email spa@asu.edu if there are questions about the application process.

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Public Administration (Emergency Management), MPA (PPPAFEMPA)

Online Degree Search Title: Public Administration (Emergency Management)

Campus: DTPHX

Program Description:

The graduate concentration in emergency management as part of the Master of Public Administration degree program provides motivated students with the skills and knowledge to manage and assume positions of leadership within the field of emergency management. More specifically, an all hazards and all-threats orientation provides the student with a generalist perspective which is critically important for today's and tomorrow's disaster managers. In addition, this program examines community resilience from a systems perspective, embracing governments, private, nonprofit and civic roles. The program also provides an understanding of how community members respond to the need to prepare for, endure, and recover from disasters; and the ability to utilize multiple communication methods to help community members before, during and after these emergencies.

Degree Requirements: 42 credit hours including the required capstone course (PAF 509 or PAF 579).

Required Core Courses: 24 credit hours

PAF 501 Public Service Research I (3)

PAF 502 Public Service Research II (3)

Public Administration (Urbanism), PHD (PPPAURBPHD)

Online Degree Search Title: Public Administration and Policy (Urbanism) PHD

Campus: DTPHX

Program Description:

The PhD in public administration and policy is a theoretically grounded research degree designed to prepare students for an academic career. The degree is also appropriate for individuals who want to conduct high level research and policy development in public and nonprofit agencies, foundations, and research institutes. It is designed for students who seek full-time study.

Our goal is to develop well-rounded, independent scholars who are grounded in the classic and current literatures of public administration and public policy, skilled in research methods, and ready to make a positive and important contribution to the field through teaching and research. We provide a balanced curriculum to ensure mastery of core ideas and materials as well as the opportunity to develop specialized expertise in two specific subfields as determined by the student and his or her committee. These subfields can focus on any area related to public administration and public policy and can draw on faculty expertise from across the ASU campuses. The doctorate in public administration and policy with an urbanism concentration permits students to draw upon the extensive resources in urban affairs at ASU. As a result, upon graduation, our doctoral students are poised for success as productive and active scholars, researchers and teachers.

The concentration in urbanism is a mechanism for organizing varied perspectives on urbanism into a collective body of scholarship. The study of public administration is enriched by grounding it in a comprehensive understanding of the characteristics of urban context and the dynamic forces that shape them. The concentration in urbanism leverages the varied interests in urbanism and helps emerging scholars as they attempt to compare, contrast, and take stock of urbanism. Working with faculty from across a range of departments and programs at ASU, doctoral students will be able to capture the creative tensions that scholarship on urbanism has inspired in order to stimulate a provocative, constructive kind of inquiry.

Degree Requirements: 90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The doctoral program is designed to promote the mastery of the core knowledge of public administration and public policy and to develop more specialized expertise in chosen areas of study and research. Accordingly, in the first year, doctoral students take four core courses as a cohort. These courses focus on the foundations of the field, the philosophy of science, and theories and issues in governance, public policy, systems, organizations and human behavior. Additionally, first year students enroll in at least two elective courses. In the second year, students hone both their quantitative and qualitative research skills, enroll in additional electives, and develop a program of study for their areas of specialization. In the third year, students take an advanced seminar in research and teaching, complete their work in their selected areas of specialization and move forward to a proposal for completing their dissertation.

The program consists of a minimum of 60 credit hours of graduate work beyond the master's degree. Of the 60 credit hours, at least 24 must be research and dissertation credit (of which no more than 12 hours may be dissertation credit). A minimum of 30 credit hours of approved course work, exclusive of dissertation and research, must be taken at ASU after admission to the program. In addition to the core courses above, doctoral students are required to complete course work in two areas of specialization. Specializations are developed in consultation with the student's program of study committee and can focus on a variety of topics related to public administration and public policy. Doctoral students may work with faculty from other departments, if appropriate, to complete their specializations. As an alternative, students may opt for the urbanism concentration.

In addition to the required doctoral core courses, students take a required concentration core course (GCU 516 Principles of Urbanism) and 12 credit hours selected from an approved list of applicable courses related to the four areas below.

- Natural environment: includes global, ecological, biological and other environmental and natural systems and resources.
- Built form: includes architecture, urban design, urban morphology, urban planning, and transportation and infrastructure.
- Institutions and governance: includes public policy, politics, and other governmental, economic, legal, and political institutions.
- Culture and society: includes historical, cultural, and sociological aspects of urbanism.

Admission Requirements:

All applicants are expected to have completed graduate level statistics and research methods classes before admission. Applicants also are expected to have sufficient formal course work in public administration to pursue doctoral study in the field. Admitted students are required to take PAF 501, PAF 502, PAF 503, PAF 504, PAF 508 (or their equivalents) and statistics prior to beginning the doctoral core courses. Applicants who are not pursuing an MPA should not take these courses until they consult with the doctoral program director.

Applicants are admitted for fall only. Admission is competitive; a limited number of well-qualified applicants will be admitted each year. A completed application packet is due by Jan. 15.

All applicants must submit the following materials:

- a completed checklist (submit online)
- an official online ASU Graduate Education application and application fee
- a written statement of educational and career goals that includes a discussion of research interests (submit online)
- a current resume or curriculum vitae (submit online)
- three letters of recommendation (submit online)*
- samples of research reports or papers (submit online)

official transcripts of all undergraduate and graduate work

- scores on the GRE (verbal, quantitative, analytical) - GRE institution code: 4007**

proof of English proficiency***

*These should be primarily from faculty members. All letters should address the candidate's capacity to successfully complete the doctoral program. They should assess the student's capacity for critical and analytic thought, their ability to communicate effectively, both orally and in writing, and their commitment to completion of the program.

**Only test scores from within the past five years will be accepted and analytical scores will be considered in admission decisions.

***Applicants whose native language is not English (regardless of where they may now reside) must submit TOEFL scores to be considered for admission (institution code: 4007). This is true even for those who have a master's degree from a United States university. To be considered for admission to the PhD in public administration and policy program, the minimum score on the traditional TOEFL test is 600, the minimum score for the TOEFL iBT is 100. Applicants with scores below the minimum will not be considered. For more on the English proficiency requirement, please see <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>).

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Public Administration and Policy, PHD (PPPUBADPHD)

Online Degree Search Title: Public Administration and Policy (PhD)

Campus: DTPHX

Program Description:

The PhD in public administration and policy is a theoretically grounded research degree designed to prepare students for an academic career. The degree is also appropriate for individuals who want to conduct high level research and policy development in public and nonprofit agencies, foundations and research institutes. It is designed for students who seek full-time study.

Our goal is to develop well-rounded, independent scholars who are grounded in the classic and current literatures of public administration and public policy, skilled in research methods, and ready to make a positive and important contribution to the field through teaching and research. We provide a balanced curriculum to ensure mastery of core ideas and materials, as well as the opportunity to develop specialized expertise in two specific subfields as determined by the student and his or her committee. These subfields can focus on any area related to public administration and public policy and can draw on faculty expertise from across the ASU campuses. The doctoral program in public administration and policy with an urbanism concentration permits students to draw upon the extensive resources in urban affairs at ASU. As a result, upon graduation, our doctoral students are poised for success as productive and active scholars, researchers and teachers.

Degree Requirements: 90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The doctoral program is designed to promote the mastery of the core knowledge of public administration and public policy and to develop more specialized expertise in chosen areas of study and research. Accordingly, in the first year, doctoral students take four core courses as a cohort. These courses focus on the foundations of the field, the philosophy of science, and theories and issues in governance, public policy, systems, organizations and human behavior. Additionally, first-year students enroll in at least two elective courses. In the second year, students hone both their quantitative and qualitative research skills, enroll in additional electives, and develop a plan of study for their areas of specialization. In the third year, students take an advanced seminar in research and teaching, complete their work in their selected areas of specialization, and move forward to a proposal for completing their dissertation.

The program consists of a minimum of 60 credit hours of graduate work beyond the master's degree. Of the 60 credit hours, at least 24 must be

Academic Catalog Archive 2014-2015 640

research and dissertation credit (of which no more than 12 hours may be dissertation credit). A minimum of 30 credit hours of approved course work, exclusive of dissertation and research, must be taken at ASU after admission to the program. In addition to the core courses above, doctoral students are required to complete course work in two areas of specialization. Specializations are developed in consultation with the student's plan of study committee and can focus on a variety of topics related to public administration and public policy. Doctoral students may work with faculty from other departments, if appropriate, to complete their specializations. As an alternative, students may opt for the urbanism concentration.

Admission Requirements:

All applicants are expected to have completed graduate-level statistics and research methods classes before admission. Public Policy, MPP (PPPUBPMPP)

Online Degree Search Title: Public Policy (MPP)

Campus: DTPHX

Program Description:

The MPP program allows students to approach the study of public policy with a focus on public policy in the urban setting. The master's in public policy program prepares students for professional careers as policy analysts and leaders in public service involved in the formulation, approval, implementation and evaluation of public policy at all levels of government and in the private and nonprofit sectors. It can also serve as a platform for preparation for doctoral studies in public policy, public administration, urban studies or other related programs. Students learn analytical techniques and conceptual frameworks for understanding policy issues and identifying potential solutions, and applying these skills to real-world issues — especially relating to the needs of cities in the region. Students also gain an understanding of policies addressing issues such as poverty, education, the environment and public safety.

The program trains people capable of leading by making positive policy decisions, addressing the difficult questions associated with public policy, and managing the process of policy creation, approval, implementation and evaluation. At the conclusion of the master's program, students will be able to identify, analyze and interpret the challenges and dilemmas of public policies, especially those facing urban areas. Students will also be able

to approach policy analysis with a variety of quantitative and qualitative methods, and be prepared to develop innovative processes and tools to deal with changing realities of public policy and address issues on a global, regional and local scale.

The concentration in policy informatics combines mastery of advanced methods for processing information with domain expertise that will help humans understand complex social phenomena and achieve goals within public and governance applications. It is not required to complete a concentration.

Degree Requirements: 42 credit hours including the required capstone course (PAF 509 or PAF 579).

The MPP program consists of 42 hours of graduate credit. Students take 33 of these hours in 11 core classes in the School of Public Affairs. Students take nine additional hours of approved elective courses.

Students enrolling in core MPP courses must demonstrate minimum competency in statistics and microeconomics. Courses taken to fulfill competencies do not count toward the 42-hour degree program. Completion of prerequisite courses is not a requirement for admission but must be completed within one semester after starting the program.

Concurrent Degrees:

This degree is also offered as concurrent degree with:

- Criminology and Criminal Justice (MS)
- Sustainable Solutions (MSUS)
- Urban and Environmental Planning (MUEP)

Admission Requirements:

All materials should be submitted online through the ASU Graduate Education application. Contact the School of Public Affairs at 602-496-0450 or email spa@asu.edu if there are questions about the application process.

All applicants must submit the following materials:

- an official ASU Graduate application online <http://asu.edu/gradapp> (<http://asu.edu/gradapp>)
- application fee: \$70 domestic; \$90 international (note: fees increase after deadline; see <https://students.asu.edu/apply>) (<https://students.asu.edu/apply>)
- official transcripts of all undergraduate and graduate work sent to Graduate Education
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT
- three letters of recommendation (at least two from faculty or other academic staff who can evaluate applicant's academic performance)
- a one- to two-page written statement of the applicant's educational and career goals, which will also be used as a sample of the applicant's writing abilities
- proof of English language proficiency*

Applicants may also submit a resume or other documents.

Applicants whose native language is not English (regardless of where they may now reside) must also submit proof of English proficiency. See additional requirements for international students at <http://graduate.asu.edu/international> (<http://graduate.asu.edu/international>).

Students must fulfill requirements of both Graduate Education and those of the College of Public Programs.

Public Policy (Certificate), Certificate (PPPUPGRCT)

Online Degree Search Title: Public Policy Certificate

Campus: DTPHX

Program Description:

This certificate prepares students for professional careers as policy analysts and leaders in public service involved in the formulation, approval, implementation, and evaluation of public policy at all levels of government and in the private and nonprofit sectors. The program is designed to give students analytical techniques and conceptual frameworks for understanding policy issues as well as identifying potential solutions and applying these skills to real-world issues.

Degree Requirements: 15 credit hours.

15 credit hours are required for the certificate: three required courses and two electives chosen from a list of preapproved courses. The electives taken toward the certificate will be selected with the faculty advisor. The faculty advisor will direct the selection of the electives to ensure that they focus on a common theme, and to see that the student's experiences in the courses align with the learning goals outlined for the certificate. Students are required to maintain at least a 3.00 GPA and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

Admission Requirements:

Applications to the certificate will be accepted year-round. Students may be granted admission for fall, spring or summer semesters.

Students must meet all Graduate Education admission requirements. Regular admission may be granted to applicants who have achieved a grade point average of 3.00 (4.00 scale) or better in the last two years of work leading to a bachelor's degree.

An applicant whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Applicants will be required to submit an official ASU Graduate Education online application, official transcripts of undergraduate and (if applicable) graduate course work, and a statement of career and educational goals. All materials are submitted through the online application.

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Public Policy (Environmental Policy), MPP (PPPUPEPMPP)

Online Degree Search Title: Public Policy (Environmental Policy)

Campus: DTPHX

Program Description:

The MPP with a concentration in environmental policy prepares master's-level students to apply sustainability principles and approaches to careers in a variety of fields that address environmental and, inevitably, human challenges. Students with a concentration in environmental policy will have the knowledge base and skills to bring sustainability solutions to corporate, government and nonprofit sectors. The concentration begins by building a foundation in environmental policy and theory through the core course work, followed by one elective that develops and deepens student expertise in specific areas and issues. The concentration is uniquely positioned to allow students to build careers in public policy analysis and administration, international development and nonprofit organizations.

Degree Requirements: 42 credit hours including the required capstone course (PAF 509 or PAF 579).

Required Core Courses: 30 credit hours

PAF 501 Public Service Research I (3)
PAF 502 Public Service Research II (3)
PAF 503 Public Affairs (3)
PAF 505 Public Policy Analysis (3)
PAF 540 Advanced Policy Analysis (3)
PAF 541 Program Evaluation (3)
PAF 570 Urban Economics and Public Finance (3)
PAF 571 Geographic Information Systems (GIS) and Analysis (3)
PAF 573 Advanced Regression (3)
PAF 574 Diversity, Ethics and Leading Public Change (3)

Required Concentration Courses: 6 credit hours

PAF 545 or SOS 545 Organizations, Sustainability and Public Policy (3)

PAF 546 Environmental Policy and Management (3)

Electives: 3 credit hours (choose one)

CRD 572 Community and Social Innovations (3)

PAF 584 Internship (3)

PUP 548 Planning for Sustainable Communities (3)

PUP 565 Sustainable Urbanism (3)

SOS 512 Sustainable Resource Allocation (3)

SOS 513 Science for Sustainability (3)

SOS 514 Human Dimensions of Sustainability (3)

SOS 517 Sustainability and Enterprise (3)

SOS 598 Topic: Urban Ecological Systems (3)

SOS 598 Topic: US Energy: Pathways to Sustainability (3)

SOS 598 Topic: Sustainable Futures Studio (3)

TDM 570 Sustainable Tourism (3)

Culminating Experience: 3 credit hours (choose one)

PAF 509 Public Affairs Capstone (3)

PAF 579 Public Policy Capstone (3)

Total required credit hours: 42

Admission Requirements:

Applicants to the concentration will be accepted year-round. Students may be granted admission for fall, spring or summer semesters. Students must meet all Graduate Education admissions requirements.

Potential applicants who hold a bachelor's degree from a regionally accredited institution in a related field are eligible to apply to the program. Related fields include political science, sustainability, planning, business, urban and metropolitan studies, as well as other social science degrees. Although the target students for the graduate concentration would most likely come from the aforementioned degree fields, the department may accept applicants with undergraduate degrees from all educational backgrounds provided they meet the minimum requirements for the degree program.

The following entry-level competencies are needed for admission to the program:

- an undergraduate social statistics course such as PAF 301 Applied Statistics (3)
- previous course work in microeconomics including coverage of market failure and public goods with a grade of "B" or higher*

*Suggested courses that will satisfy this entry-level competency include PAF 201 Economics and Public Policy (3) or PAF 504 Public Affairs
Academic Catalog Archive 2014-2015 644

Economics (3). An introduction to microeconomics course taken at either the undergraduate or graduate-level is sufficient to complete this competency. However, students who complete the graduate course may not use that class on their graduate Plan of Study.

Students can complete deficiency classes prior to admission to the program or within their first semester after admission. Courses taken to satisfy entry-level competencies cannot be used toward the completion of the master's degree.

Regular admission may be granted to applicants who have achieved a grade point average of 3.00 (on a 4.00 scale) or higher in the last two years of work leading to a bachelor's degree. GRE verbal, quantitative and analytical scores will be used as one of the indicators to see how competitive an applicant is within the applicant pool.

Applicants will be required to submit:

an official ASU graduate application

- official GRE scores
- official transcripts of all undergraduate and graduate course work
- a statement of career and educational goals
- three letters of recommendation (two of which should be academic recommendations)

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Public Policy (Policy Informatics), MPP (PPPUPPIMPP)

Online Degree Search Title: Public Policy (Policy Informatics) MPP

Campus: DTPHX

Program Description:

The MPP in public policy concentration in policy informatics provides knowledge and skills for students seeking careers that will use informatics tools, models and simulations to help individuals and groups deliberate and evaluate policy decisions as well as explore new governance infrastructures. This concentration emphasizes theories and research concerning decision-making, complexity theory and visualization of quantitative and qualitative information, collective intelligence, behavioral economics, and persuasive technologies.

The concentration in policy informatics combines mastery of advanced methods for processing information with domain expertise that will help humans understand complex social phenomena and achieve goals within public and governance applications. The program's design responds to the need for professionals with domain knowledge that can take a problem-driven, system-level, user-oriented perspective in developing and applying informatics systems to address societal and governance needs.

Degree Requirements: 42 credit hours including the required capstone course (PAF 509/PAF 579).

The MPP program consists of 42 hours of graduate credit. Students take 33 of these hours in 11 core classes in the School of Public Affairs. Students take nine additional hours of approved concentration courses.

Students enrolling in core MPP courses must demonstrate minimum competency in statistics and microeconomics. Courses taken to fulfill competencies do not count toward the 42-hour degree program. Completion of prerequisite courses is not a requirement for admission but must be completed within one semester after starting the program.

Admission Requirements:

All application materials should be submitted online through the ASU Graduate Education application. All applicants must submit the following materials:

- an official ASU Graduate application online <http://asu.edu/gradapp> (<http://asu.edu/gradapp>)*
- official transcripts of all undergraduate and graduate work
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT
- three letters of recommendation (at least two should be faculty or other academic staff who can evaluate applicant's academic performance)
- written statement, one- to- two pages in length, describing the applicant's educational and career goals**

*Note: Application fee: \$70 domestic; \$90 international; fees increase after deadline, see <https://students.asu.edu/apply> (<https://students.asu.edu/apply>).

**This statement is also used as a sample of the applicant's writing abilities.

Applicants may also submit a resume or other documents.

Public Safety Leadership and Administration, MPSLA (PPPSLAMPSL)

Online Degree Search Title: Master of Public Safety Leadership and Administration

Campus: DTPHX

Program Description:

The Master of Public Safety Leadership and Administration is a graduate degree program designed primarily for public safety professionals. An advanced degree is an important key to career progression within public safety administration. Those with an advanced degree have an advantage that makes a difference as they seek to advance in their professions - a practical understanding of public safety organization administration. Graduates of this program should expect to find employment and advancement in all levels of government agencies from local to as well as the private sector.

Degree Requirements: 30 credit hours including the required capstone course (PAF 509 or CRJ 505).

Required Core Courses: 24 hours

PAF 503 Public Affairs 3
PAF 506 Public Budgeting and Finance 3
PAF 507 Public Human Resource Management 3
PAF 508 Organization Behavior 3
CRJ 501 Seminar in Criminal Justice 3
CRJ 510 Criminal Justice Planning and Program Evaluation 3
CRJ 511 Applied Data Analysis in Criminal Justice 3
CRJ 516 Seminar in Criminal Justice Organization and Management 3

Electives: 3 hours (choose one course)

PAF 522 Public Labor Relations 3
PAF 531 Community Conflict Resolution 3
PAF 574 Diversity, Ethics and Leading Public Change 3
CRJ 512 Seminar in Policing 3
CRJ 513 Seminar in Courts and Sentencing 3
CRJ 514 Seminar in Corrections 3
CRJ 518 Seminar on Race/Ethnicity, Crime and Justice 3
CRJ 521 Seminar on the Nature of Crime 3
PAF/CRJ Other PAF or CRJ 400 or 500 level courses with advisor approval 3

Culminating Experience: 3 hours

PAF 509 Public Affairs Capstone OR

CRJ 505 Theory and Practice in Criminal Justice (capstone)

Total required credit hours: 30

Admission Requirements:

Degree(s): Minimum of a bachelor's or master's degree in Criminology, Public Administration, Sociology, Public Safety, Social Work, Parks and Recreation Management, Applied Sciences, or a closely related field from a regionally accredited College or University.

GPA: Minimum of a 3.00 cumulative GPA (scale is 4.0=A) in the last 60 hours of a student's first bachelor's degree program. Minimum of 3.00 cumulative GPA (scale is 4.0 = A) in the applicable Master's degree.

English Proficiency Requirement for International Applicants: The English proficiency requirements are the same as the Graduate Education requirement.

Required Admission Examinations: None

Social Entrepreneurship and Community Development (certificate), Certificate (PPSECDGRCT)

Online Degree Search Title: Social Entrepreneurship and Community Development (Graduate Cert)

Campus: DTPHX, ONLNE

Program Description:

The online social entrepreneurship and community development graduate certificate, offered through the School of Community Resources and Development, provides a framework for harnessing entrepreneurial and enterprise opportunities, creating transformative responses to challenges prevalent in societies and communities. This transdisciplinary program combines social entrepreneurship with innovative community development, providing a basis for exploring capacity-building and fostering positive change for organizations, corporations, societies and economies. The certificate complements well the Master of Nonprofit Studies program for students interested in pursuing their degree and social entrepreneurship certificate. Consisting of 15 credit hours of graduate credit course work, the certificate is designed for students studying nonprofit leadership and management, social entrepreneurship, public policy and related fields across disciplines and includes a hands-on portfolio component.

Degree Requirements: 15 credit hours..

Required courses (12 credit hours):

NLM 562 Social Entrepreneurship (3)

NLM 572 Community and Social Innovation (3)

NLM 520 Financial and Resource Management (3)

NLM 593 Applied Project (3)

Elective courses (3 credit hours)

Admission Requirements:

Applicants must complete the Graduate Education online application. A bachelor's degree from a regionally accredited college or university recognized by ASU is required, with a minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of the program.

A Test of English as a Foreign Language (TOEFL) score is required from applicants whose native language is not English (regardless of where they may now reside). Please visit <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>) for more information.

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Social Work, MSW (PPSWDMSW)

Online Degree Search Title: Tucson / Downtown Phoenix - Social Work - Standard Program (MSW)

Campus: DTPHX

Program Description:

The professional program leading to the MSW prepares social workers for advanced direct practice or planning, administration and community practice. The program is designed to prepare social workers to be capable of responding effectively to the needs of special populations in the Southwest. The MSW program is accredited by the Council on Social Work Education.

Degree Requirements: 45 credit hours and a portfolio, or 45 credit hours and a thesis, or 45 credit hours including the required capstone course (SWG 621), or 60 credit hours and a portfolio (MSW/MPA dual degree), or 60 credit hours and a thesis (MSW/MPA dual degree), or 60 credit hours and an applied project, or 60 credit hours including the required capstone course (SWG 621) (MSW/MPA dual degree).

Students begin the standard MSW program in the fall, and it may be completed within four semesters (full-time) or six semesters (part-time). It is a 45-to-60-credit-hour program, including classroom and field instruction. It is divided into a foundation year (30 credit hours of core curriculum) taken by all students and a concentration (30 credit hours).

The foundation year includes basic courses in clinical practice, organizational and community change, social policy, human behavior and research.

Students are required to complete two internships: a foundation field placement (480 hours) and a concentration field placement (480 hours) in a different setting.

In the concentration year, students select one of the following concentrations: advanced direct practice or planning, administration and community practice.

Some of the required policy, administration and community practice courses are only available at the Downtown Phoenix campus.

Students who select the advanced direct practice concentration also select one of the following three specializations:

- children, youth and families
- health, behavioral health
- public child welfare

All specializations may not be available in Tucson.

Concurrent Degrees:

This degree is also offered as concurrent degree with:

- Juris Doctor (JD)
- Public Administration (MPA) - Downtown Phoenix

Admission Requirements:

Applications to the standard MSW program are accepted from Nov. 1 to March 1, or for priority review by Feb. 1, preceding the fall semester to which the applicant is seeking admission. Applicants admitted to the standard MSW program begin classes in the fall.

All applicants must have 120 hours of volunteer or work experience in social services during a six-month period within the past five years.

All applicants must submit the following materials. All required admission materials are submitted directly to Graduate Education at <http://graduate.asu.edu/> (<http://graduate.asu.edu/>). Contact the School of Social Work at 602-496-0800 if there are questions about the application process.

- online Graduate Education application
- application fee
- official transcripts of all undergraduate and graduate work
- three letters of reference*
- professional resume that includes volunteer and paid work experience
- statement of educational and career goals**
- signed standards of ethical and professional behavior form

*A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. At least one of the three required references must be from the applicant's BSW field instructor, or if employed in a social work-related job for two or more years, a recommendation from the applicant's supervisor.

**Guidelines for writing the statement can be found at <http://ssw.asu.edu/admissions-degrees/msw-folder> (<http://ssw.asu.edu/admissions-degrees/msw-folder>) in "MSW Application Procedures/Materials."

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Test scores from either the GRE or the Miller Analogies test are required only if the applicant's junior and senior GPA was below a 3.20 (on a 4.00 scale).

The School of Social Work requires one of the following:

- undergraduate degree, with 30 credit hours in liberal arts courses at the undergraduate or graduate level
- BSW from a Council on Social Work Education-accredited school of social work
- liberal arts undergraduate degree

All students are required to successfully complete a course in human biology before enrollment in the graduate program and a course in statistics, either by Dec. 31 or before registering for SWG 519.

Part-time Program

Students are admitted each fall to a planned part-time program. Students interested in this option must specifically apply to the part-time program and complete it in accordance with the plan developed to finish the degree in three years.

Transfer Credit

Upon recommendation of the admission committee, the first year of graduate study (up to 30 graduate credit hours) earned at another Council on Social Work Education-accredited school of social work may be transferred and applied toward the MSW at ASU. Under these circumstances, the student must complete the second full year of graduate study (at least 30 credit hours of graduate work) at ASU. Transfer work must have been completed within three years of the semester and year of admission to the MSW program at ASU with a grade of "B" (3.00) or better.

Exemption and Waiver Examinations

The number of hours required to complete the standard MSW ranges from 45 to 60 credit hours. In addition to transferring in credit, per the recommendation of the School of Social Work director and the MSW coordinator, admitted students may meet requirements of up to 15 hours of credit toward the degree by exempting up to 15 hours of foundation course work without examination or successfully completing examinations in SWG 501, SWG 502 or SWG 519. Please note that, when applicable, the academic unit will provide a rationale for exemption for students if the student is not from a BSW program accredited by the Council on Social Work Education.

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Social Work, PHD (PPSW2PHD)

Online Degree Search Title: Downtown Phoenix - Social Work (PhD)

Campus: DTPHX

Program Description:

The purpose of the doctoral program in social work is to prepare future social work scholars. While there are many possible definitions of scholarship, the Arizona State University School of Social Work adheres to a broad definition.

A scholar in social work engages in research, teaching and service. The program introduces students to the complex range of roles and responsibilities of faculty and other social work roles of leadership. Critical thinking and creativity in research, teaching and service are at the core of our program.

Given the cultural and economic diversity of the Southwest, the program also strives to elaborate the human potential embedded in our region's distinct experiences and perspectives. The university offers opportunities for scholarship integrating diverse cultural experiences such as those offered through specialized programs, including American Indian studies and Chicana and Chicano studies, African and African American studies and Asian Pacific American studies. We hope our graduates will play key roles in integrating diversity in their social welfare activities with local, state and regional groups.

The program emphasizes enhancement of scholarship through:

- applied social work research in diverse community settings and populations of the Southwest
- participation in collegial decision making
- participation in field education and community services
- teaching, from syllabus development to classroom teaching across the professional continuum

Students are expected to participate fully in research teaching and field liaison activities during their course of studies.

Degree Requirements: 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The doctoral program requires students to take a minimum of 36 course credit hours beyond the MSW and 84 beyond the bachelor's. Students may need to take additional course work to achieve the competency requirements set by the program or set by their graduate supervisory committees. Students must also take a minimum of 24 credit hours of dissertation related research (12 hours of SWG 792 and 12 hours of SWG 799).

Residency

Within the first year of matriculation, all students must complete the School of Social Work residency requirement (a minimum of nine credit hours in each semester of consecutive fall/spring or spring/fall semesters excluding summers).

Foreign Language Requirement

None.

Qualifying Examination

Students are given a qualifying examination in the semester following the completion of the first 18 hours of approved doctoral course work. Students who fail the examination may retake it the following semester. Students failing the qualifying examination twice will be dropped from the program.

Comprehensive Examination

Upon completion of course work and the qualifying examination, but before beginning dissertation research, students are given a written examination covering research, theory and methods in their substantive areas. If students should fail one or more components of the examination, a reexamination may be administered no sooner than three months and no later than one year from the date of the original examination. Approval of the reexamination must be obtained from the supervisory committee and dean of graduate studies.

Research and Dissertation Requirements

Each candidate must register for a minimum of 12 hours of research credit (SWG 792) and 12 hours of dissertation credit (SWG 799).

Final Examination

The final oral examination in defense of the dissertation is scheduled and conducted by the student's dissertation committee. A candidate must pass the final examination within five years after completing the comprehensive examination.

The following courses are required:

- nine hours of directed electives in an identified and chair-approved substantive area of which no more than three of these hours may be used in readings and conference or independent study courses
- three hours of theory course in a social science discipline
- 12 hours of required 700-level social work courses approved by the doctoral program committee
- 12 hours of research methods and statistics courses selected from an approved list provided by the doctoral program committee

Once the minimum 36 credit hours are completed, students are also required to register for 24 hours of dissertation research credit, SWG 792 before proposal defense and SWG 799 after. Students must be registered for at least one credit hour during the semester (including summer) when they do their dissertation proposal defense. At least one of the dissertation hours must be taken in the semester the student expects to defend his or her dissertation.

Admission Requirements:

Admission to the doctoral program in the School of Social Work is based on the following criteria:

- an MSW from an accredited school of social work, preferably with two or more years of post-MSW employment in human services*
- experience in social work teaching or research and other scholarly activities
- experience with diverse populations
- goodness-of-fit with program goals
- good professional standing
- undergraduate and graduate GPA
- quality and extensiveness of social work experience
- research potential and creativity as demonstrated in requested essays and references
- scores of the GRE, with emphasis on verbal and analytic scores

*Though an MSW is preferred, exceptions may be made for students with a BSW from an accredited school of social work and a master's in a related field and for students from countries without accreditation.

Admission to the doctoral program requires completion of all admission requirements and procedures set forth by Graduate Education.

Applications are accepted up to Feb. 1 preceding the fall semester to which the applicant is seeking admission.

All applicants must submit the following materials. All required admission materials are submitted directly to Graduate Education at <http://graduate.asu.edu/> (<http://graduate.asu.edu/>). Contact the School of Social Work at 602-496-0800 if there are questions about the application process.

- a completed online Graduate Education application
- application fee
- official transcripts of all undergraduate and graduate work
- curriculum vita or resume
- GRE test scores
- personal statement*
- proof of English proficiency**
- three letters of reference
- required writing sample: social problem essay
- optional writing sample***

*Guidelines for writing the statement can be found at: <http://ssw.asu.edu/admissions-degrees/phd-folder> (<http://ssw.asu.edu/admissions-degrees/phd-folder>) in "PhD Application and Admission Information."

**International students whose native language is not English must satisfy English proficiency requirements (regardless of where they may now reside).

***Applicants have the option of submitting a sample of their written work. Examples include a referred journal article, a class paper, and a professional report, such as one might write in an agency setting. The writing sample should illustrate your ability to succeed in the doctoral

program.

Students must fulfill both the requirements of Graduate Education and the College of Public Programs.

Social Work (Advanced Direct Practice), MSW (PPAPDTMSW)

Online Degree Search Title: Tucson / Downtown Phoenix - Social Work - Advanced Standing - Direct Practice (MSW)

Campus: DTPHX

Program Description:

The professional program leading to the MSW in social work program prepares social workers for advanced direct practice. The program is designed to prepare social workers who are capable of responding effectively to the needs of special populations in the Southwest. This program is located at the Downtown Phoenix campus and in Tucson. It is accredited by the Council on Social Work Education.

Degree Requirements: 39 credit hours and a thesis, or 39 credit hours including the required capstone course (SWG 621).

Students must start the program in summer (beginning with the first summer session) and complete three credit hours in each five-week summer session and three credit hours (a one-credit-hour Bridge Field Seminar and two credit hours of practicum) during the eight-week session, for a total of nine credit hours. The seven credit hours of summer courses are offered in Phoenix only. The summer practicum is available in Tucson. The remainder of the program is completed within two semesters (full time).

Students continue with their practicum during the fall and spring semesters and select one of three specializations: children, youth, and families health; behavioral health; or public child welfare. Not all of these specializations may be offered in Tucson. Students must also complete a capstone course.

Summer Session Course Work

SWG 598 ST: Advanced Standing Bridge Seminar I (3)
SWG 598 ST: Advanced Standing Bridge Seminar II (3)
SWG 598 ST: Bridge Field Seminar (1)
SWG 580 Practicum (2)

The following specialization courses are required:

Children, Youth and Families

SWG 606 Assessment of Mental Disorders (3)
SWG 608 Ecological Approach to Practice with Children, Youth and Families (3)
SWG 619 Practice-Oriented Research (3)
SWG 617 Advanced Social Work Practice with Children and Adolescents (3)
SWG 621 Integrative Seminar
SWG 641 Advanced Practicum: Direct Practice I (3)
SWG 642 Advanced Practicum: Direct Practice II (3)
Electives: Two electives must be from an approved list of electives. (9)

Health, Behavioral Health

SWG 603 Practice in Health/Behavioral Health Settings (3)
SWG 606 Assessment of Mental Disorders (3)
SWG 619 Practice-Oriented Research (3)
SWG 621 Integrative Seminar (3)
SWG 641 Advanced Practicum: Direct Practice I (3)
SWG 642 Advanced Practicum: Direct Practice II (3)

Choose one of the following courses:

SWG 604 Advanced Social Work Practice in Health (3)
SWG 613 Advanced Social Work Practice in Behavioral Health (3)
Electives: Two electives must be from an approved list of electives (9)
Public Child Welfare
SWG 606 Assessment of Mental Disorders (3)

SWG 608 Ecological Approach to Practice with Children, Youth and Families (3)
SWG 609 Advanced Social Work Practice with Child Welfare Families (3)
SWG 619 Practice-Oriented Research (3)
SWG 621 Integrative Seminar (3)
SWG 633 Child Welfare Services (3)
SWG 641 Advanced Practicum: Direct Practice I (3)
SWG 642 Advanced Practicum: Direct Practice II (3)
Electives: Must be approved by the Child Welfare Training Project (6)

Admission Requirements:

Applicants must have a BSW from a Council on Social Work Education-accredited program with at least a 3.20 GPA (on a 4.00 scale) in the last two years of work leading to the BSW (junior and senior GPA). Applicants must have received their BSW no more than six years prior to the date of admission to the MSW program. All applicants are required to have completed a course in human biology and a course in statistics prior to enrollment in the advanced standing program.

Applications to the program are accepted from Nov. 1 to Jan. 2 preceding the summer session to which the applicant is seeking admission. Applicants admitted to the advanced standing program begin classes in the summer.

All applicants must submit the following materials. All required admission materials are submitted directly to Graduate Education at <http://graduate.asu.edu/> (<http://graduate.asu.edu/>). Contact the School of Social Work at 602-496-0800 if there are questions about the application process.

- online Graduate Education application
- application fee

Sustainable Tourism, MAS (PPSUSTMAS)

Online Degree Search Title: Sustainable Tourism (MAS)

Campus: DTPHX, ONLINE

Program Description:

Students in the MAS in sustainable tourism receive a comprehensive education with a focus on the environmental, economic and social aspects of tourism, equipping them with the skills necessary to create pioneering sustainable development solutions to the challenges facing tourism today. This holistic curriculum focuses on integrating all three pillars of sustainability into existing tourism theories and concepts. The program prepares future sustainable tourism professionals to meet the increasing demand for people trained in sustainability practices and the application of those practices in tourism. The program is offered both online and face-to-face and is offered by the School of Community Resources and Development.

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

- Tourism Development and Management, BS
- Tourism Development and Management (Resort and Hotel Leadership), BS
- Tourism Development and Management (Sustainable Tourism), BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

- submission of Graduate Education online application

- minimum of a bachelor's degree (or equivalent) or a graduate degree from a regionally accredited college or university of recognized standing in a related field such as tourism, hospitality, sustainability, environmental studies, business, geography or planning
- minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's bachelor's degree program
- three letters of recommendation*
- proof of English language proficiency**

*The online application will require three letters of recommendation be included, from current or former employers, current or former faculty members, or others who are familiar with the applicant's scholarly and professional abilities and characteristics. Required are the names, email addresses, titles and organizations from whom the student will be requesting recommendations. The three referees will be emailed a link to complete an online recommendation form.

**A TOEFL is required for applicants whose native language is not English, regardless of where they may now reside, <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>).

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Sustainable Tourism (certificate), Certificate (PPSTGRCT)

Online Degree Search Title: Sustainable Tourism (Cert)

Campus: ONLINE

Program Description:

The online graduate certificate in sustainable tourism, offered by the School of Community Resources and Development, is intended for professionals who work in or desire to work in the tourism industry. The program addresses the unique character of sustainability and sustainable practices in tourism development and management. Students interested in sustainable tourism management explore the practice of management and development of sustainable tourism businesses and destinations.

Students who complete the 18-credit-hour certificate will have knowledge in topics such as the integration of economic, social and environmental aspects of sustainability as it relates to tourism; conducting sustainability audits for destinations and businesses; community impacts of tourism; and sustainable destination and business planning and management.

The program allows graduates enhanced recognition and credentials in an area experiencing a great deal of interest and growth. Students in the program will be able to further their careers by obtaining advanced education specific to sustainability practices in tourism.

Degree Requirements: 18 credit hours.

Core Required Courses:

TDM 520 Sustainable Thinking in Tourism I (3)
TDM 521 Sustainable Thinking in Tourism II (2)
TDM 570 Sustainable Tourism (3)
TDM 561 Best Practices Workshop Preparation (1 credit-Fall B)
TDM 530 Sustainable Destination Planning and Management I (3)
TDM 531 Sustainable Destination Planning and Management II (2)
TDM 562 Best Practices Workshop Presentation (1)

Electives (choose one):

TDM 540 Sustainable Food Management in Tourism (3)
TDM 550 Managing the Sustainable Tourism Business (3)

Admission Requirements:

All applicants must complete the Graduate Education online application. A bachelor's degree from a regionally accredited college or university recognized by ASU is required, with a minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's bachelor's degree program.

Two letters of recommendation from current or former employers, current or former faculty members, or others who are familiar with the applicant's scholarly and professional abilities and characteristics, will be submitted through the online application.

TOEFL is required for applicants whose native language is not English (regardless of where they may now reside). Please visit <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>) for more information.

Students must fulfill both the requirements of Graduate Education and those of the College of Public Programs.

Trauma and Bereavement (certificate), Certificate (HSCTBGRCT)

Online Degree Search Title: Trauma and Bereavement (Grad Certificate)

Campus: DTPHX

Program Description:

There is a growing need in society for health care workers and clinicians to be better prepared to help clients and patients experiencing trauma. The School of Social Work graduate certificate in trauma and bereavement will better prepare individuals to work in the field of death and dying, trauma and bereavement in clinical, organizational and administrative settings, enhancing knowledge about grief responses and the effects of trauma, providing opportunities for students to research an often under-explored topic, and helping transform the sociopolitical management of grief, traumatic losses and end-of-life issues in contemporary society.

In addition to tuition and class fees, there is a \$500 one-time program fee.

Degree Requirements: 18 credit hours including the required capstone course (SWG 541/SWG 542/SWG 584/SWG 641/SWG 642/SWG 645/SWG 646/SWG 690/SWG 693).

The certificate requires 15 credit hours of graduate course work and a culminating experience: Research/Applied Project/Internship (3).
Academic Catalog Archive 2014-2015 659

Admission Requirements:

Deadlines: April 1 for summer admission; July 1 for fall admission; Nov. 1 for spring admission

All applicants must submit the online Graduate Education application, official transcripts (if not on file with ASU), and the Graduate Education application fee.

In addition, the following materials are to be submitted to the School of Social Work.

- two- to four-page, doubled-spaced, personal statement (guidelines are listed on the application)
- resume
- School of Social Work certificate application (available on the department website)
- three references, on the forms available on the department webpage

No more than two certificate courses may be completed before applying for admission to the certificate program.

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Students must fulfill requirements of both Graduate Education and the College of Public Programs.

Sustainability, School of

Complex Adaptive Systems Science (certificate), Certificate (SUCASGRCT)

Online Degree Search Title: Complex Adaptive Systems Science Certificate

Campus: DTPHX, POLY, TEMPE

Program Description:

The complex adaptive systems science graduate certificate trains the next generation of scientists in advanced concepts and methods needed for approaching diverse phenomena in the social and life sciences. The program is tightly integrated with diverse, ongoing, university-wide research on complex adaptive system science at Arizona State University and emphasizes the value of a complex adaptive systems perspective to give science better insight and a more active role in seeking solutions to a broad array of critical issues facing our society today. Students will be fluent in the common language of complexity while also receiving a solid foundation in the domain knowledge of existing academic disciplines. Students pursuing the certificate will need to have a complex adaptive systems science faculty member on their supervisory committee.

Degree Requirements: 15 credit hours.

core course credit hours (12)

elective course credit hours (3)

Admission Requirements:

All students must be enrolled and in good standing in an ASU doctoral program or be accepted into such a program for incoming students.

Students must complete an application and submit a statement of intent to the complex adaptive system science graduate faculty, accompanied by a copy of their current transcript and a letter of support from an ASU faculty member (for existing ASU students) or other faculty member (for incoming students).

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Students must fulfill both the requirements of Graduate Education and the School of Sustainability.

Executive Masters for Sustainability Leadership, EMSL (SUEMSLEMSL)

Online Degree Search Title: Executive Masters for Sustainability Leadership (EMSL)

Campus: TEMPE

Program Description:

The Executive Masters for Sustainability Leadership prepares experienced professionals to significantly advance sustainability practices in the workplace by leading institutional and cultural change that drives organizational success and transforms sustainability into the gold standard for best institutional practices. The master's program will equip graduates to lead high-impact transformative results for their companies, organizations, communities and their own careers. The master's program is an accelerated degree program designed directly for the working professional. Master's students will be able to complete the program in about one year through a combination of unique in-person experiences, online course content and a capstone-project. The degree program-which includes focus areas in leadership, strategy, communications and global context-is uniquely powerful because it is backed by the extensive knowledge base of the Global Institute of Sustainability at ASU and its 260+ sustainability scientists and scholars and a host of world-class sustainability and leadership professionals. More information about the program can be found at <http://leadersinsustainability.asu.edu/> (<http://leadersinsustainability.asu.edu/>).

Degree Requirements: 30 credit hours including the required capstone courses (EMS 515 and EMS 516).

core course credit hours: 27

focus area course credit hours: not applicable

elective course credit Hours: not applicable

overall required credit hours: 30Culminating Experience:

Capstone I - EMS 515 (2) and Capstone II - Sustainability Leadership Workshop II - EMS 516 (1)

Admission Requirements:

Degree: Minimum of a bachelor's or master's degree from a regionally accredited college or university.

A wide array of academic backgrounds will be considered in combination with professional and life experience for seasoned professionals applying to the master's program. Students will be required to submit a statement of purpose and, where appropriate given the background experience described, students may be asked to provide a portfolio exemplary of their work.

GPA: Minimum of a 3.00 cumulative GPA (scale is 4.0=A) in the last 60 hours of a student's first bachelor's degree program. Minimum of 3.00 cumulative GPA (scale is 4.0=A) in the applicable master's degree. Applicants must meet minimum Graduate Education admission requirements.

Given that this is an executive masters for experienced professionals, work and life experience may be taken into account in lieu of a higher minimum GPA (academic unit required) or other aspects of past bachelor degree program experience.

Letters of recommendation or sponsorship may be requested as well as other input in various forms and formats from peers, professional colleagues and other relevant and knowledgeable sources.

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Students must fulfill both the requirements of Graduate Education and those of the School of Sustainability.

Global Sustainability Leadership (certificate), Certificate (SUSUSGGRCT)

Online Degree Search Title: Global Sustainability Leadership (Graduate Certificate)

Campus: ONLINE

Program Description:

The graduate certificate in global sustainability leadership will provide training to U.S. Army and Army National Guard leaders (e.g., field-grade officers, senior civilians and state environmental program managers) to enhance their ability to instill and manage sustainable practices throughout the Army and Army National Guard. Courses will emphasize providing leadership across lines of operation and areas of responsibility. The program emphasizes the application of sustainability tools, techniques and concepts to issues on bases and installations in the U.S., Europe and Asia, and to bases in Iraq, Afghanistan or other areas to which the Army may be deployed.

Degree Requirements: 15 credit hours.

Students are expected earn a "B" (3.00) or better in each course. It is also expected that they complete the program in three years, but they can finish the program in one or two years depending on how many courses they take each semester.

Admission Requirements: • An applicant must be a soldier or civilian in the Army or Army National Guard.

- A minimum of a bachelor's (or equivalent) or a graduate degree from a regionally accredited college or university is required.

A minimum of a 3.00 cumulative GPA (4.00="A" scale) in the last 60 hours of a student's bachelor's program is required.

- A resume or curriculum vitae is optional.
- A statement of intent is required (details are noted in the application).

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

Sustainability, MA (SUSUSTMA)

Online Degree Search Title: Sustainability (MA)

Campus: TEMPE

Program Description:

The MA in sustainability is a research-oriented degree that culminates with research writing (either a thesis or a capstone in the form of a publishable, scientific paper). Although the graduate programs emphasize the integration of a broad range of expertise in student training, this master's program is best suited to students inclined toward social sciences, humanities, planning or related fields and interested in a career in research or academia. Students learn how different disciplines view and approach the challenges of sustainability in theory, research and practice. They develop the academic and technical skills as well as the ethical insights that will help them understand, research and provide solutions to complex sustainability challenges at the local, regional, national and global levels. Students can also apply to participate in the Master's International Peace Corps Program, which works in conjunction with this program.

All sustainability graduate students will possess:

- an understanding of the need for an interdisciplinary approach to solving sustainability challenges
- the ability to communicate their work to professionals in other disciplines and to policymakers and the general public
- the breadth of vision to recognize the interconnectedness of social, economic, environmental and technical systems
- the critical thinking skills to approach sustainability challenges from a systems perspective
- the skills needed to work effectively in interdisciplinary teams
- the technical skills to formulate and solve problems at the appropriate scale

Degree Requirements: 40 credit hours and a thesis, or 40 credit hours including a capstone course (SOS 596).

The master's program is divided into the following:

Thesis Option

Core (19 credit hours):

SOS 510 Perspectives on Sustainability
SOS 520 Research Design and Methods for Sustainability
SOS 525 Social-Ecological-Technical Systems: Domains and Interfaces
SOS 589 SOS Community of Graduate Student Scholars
SOS 579 Proposal Writing
SOS 581 Synthesis for Sustainability Research

Electives:

Methods electives (6 credit hours)

Normative dimensions of sustainability elective (3 credit hours)

General electives including but not limited to the following prefixes:

SOS, ASB, ART, PAF, SGS, POS, SOC, PSB, PGS, PHI, COM, CPP, CRD, ESS, PGV, NTR, MCO, GCU, SCM, HPS, HST, JHR, JMC, JUS, LAW, LES, PUP, SBS, RTM, STS, TDM, URB (6 credit hours)

Culminating Experience:

SOS 599 Thesis (6 credit hours)

Capstone Option

Core (19 credit hours)

SOS 510 Perspectives on Sustainability
SOS 520 Research Design and Methods for Sustainability
SOS 525 Social-Ecological-Technical Systems: Domains and Interfaces
SOS 589 SOS Community of Graduate Student Scholars
SOS 579 Proposal Writing
SOS 581 Synthesis for Sustainability Research

Electives:

Methods electives (6 credit hours)

Normative dimensions of sustainability elective (3 credit hours)

General electives (including but not limited to the following prefixes:

SOS, ASB, ART, PAF, SGS, POS, SOC, PSB, PGS, PHI, COM, CPP, CRD, ESS, PGV, NTR, MCO, GCU, SCM, HPS, HST, JHR, JMC, JUS, LAW, LES, PUP, SBS, RTM, STS, TDM, URB - (6 credit hours)

Culminating Experience:

SOS 596 Capstone (Scientific Paper) - (6 credit hours)

Students who are also part of the Master's International Peace Corps Program must complete a Peace Corps assignment abroad, and it is expected that their thesis or capstone scientific paper will be drawn from their experience in the Peace Corps. Students in the program will earn six credit hours toward the master's program requirements. The taught-course element of the program will be evaluated through course-specific examinations, research papers or applied projects and will be considered to have been successfully completed if the student obtains a GPA of 3.25 or higher. Graduate Education policies and procedures for fulfillment of degree requirements must also be met.

Concurrent Degrees:

This degree is also offered as concurrent degree with Urban and Environmental Planning (MUEP)

Admission Requirements:

Applicants must submit an online application. Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

The school encourages applicants with diverse educational backgrounds and experience that are relevant to the school's core objectives. In addition to the general requirements for admission to Graduate Education, the school requires:

- a 3.25 GPA in the last 60 credit hours of undergraduate work
- a statement of intent
- GRE scores
- three letters of recommendation
- resume or curriculum vitae

The statement of intent should not exceed 600 words and should:

- Describe how the applicant's background will contribute to success in the program.
- Describe how completion of the degree will support long-term career goals.

- Elaborate on key research questions the applicant wishes to address or problems to solve as part of the program of study.
- Identify potential faculty advisors. Students interested in applying to participate in the Master's International Peace Corps Program will be able to do so after they've been admitted to the master's program.

Students must fulfill both the requirements of Graduate Education and the School of Sustainability.

Sustainability, PHD (SUSUSTPHD)

Online Degree Search Title: Sustainability (PhD)

Campus: TEMPE

Program Description:

The PhD in sustainability is offered for students who have completed a bachelor's or master's. The doctoral program prepares students to become scientists and leaders in research, to investigate the urgent sustainability challenges of the 21st century. Graduates will possess an advanced understanding of the dynamics of coupled socioecological systems and be able to lead others in research providing adaptive solutions to specific sustainability challenges. The flexible, interdisciplinary nature of the program allows students to focus on problems of interest to them, drawing upon relevant knowledge from a variety of disciplines.

All sustainability graduate students will possess:

- an understanding of the need for an interdisciplinary approach to solving sustainability challenges
- the ability to communicate their work to professionals in other disciplines and to policymakers and the general public
- the breadth of vision to recognize the interconnectedness of social, economic and environmental systems
- the critical thinking skills to approach sustainability challenges from a systems perspective
- the skills needed to work effectively in interdisciplinary teams
- the technical skills to formulate and solve problems at the appropriate scale

In addition to the common learning outcomes, students will be able to:

- conduct research on particular sustainability challenges using standard skills, including the capacity to identify problems; formulate and test hypotheses; use statistical, econometric and geographical information-system techniques to construct and analyze datasets; and build and apply models
- lead others in the analysis and design of the built environment and institutions' policies, regulations and technologies to support sustainable development
- lead others in applying these concepts and methods to the development of sustainable strategies for water, land, air and urban management at the local and global levels
- understand the concepts and methods of a number of critical disciplines bearing on the sustainability of systems at different spatial and temporal scales

Degree Requirements: 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Students may be admitted to the program with a bachelor's or master's from relevant fields. The degree requirement is 84 credit hours of work beyond the bachelor's level. Up to 30 credit hours from a previously awarded master's in a related field can be accepted toward the fulfillment of the doctoral requirements. Each student formulates a plan of study in consultation with his or her supervisory committee. The doctoral program is divided into the following four areas:

- core courses
- applied workshops
- elective courses
- required research and dissertation

Each plan of study must include 24 credit hours of a combination of research and dissertation. The taught-course element of the program will be evaluated through course-specific examinations, and research papers or applied projects and will be considered to have been successfully completed if the student obtains a GPA of 3.25 or higher. Graduate Education policies and procedures for fulfillment of degree requirements must also be met.

Admission Requirements:

Applicants must submit an online Graduate Education application.

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

The school encourages applicants with diverse educational backgrounds and experience that are relevant to the school's core objectives.

In addition to the general requirements for admission to Graduate Education, the school requires:

- a 3.25 GPA in the last 60 credit hours of undergraduate work
- a statement of intent*
- GRE scores
- resume or curriculum vitae
- three letters of recommendation

*The statement of intent should not exceed 600 words and should:

- Describe how the applicant's background will contribute to success in the program.
- Explain how completion of the degree will support long-term career goals.
- Elaborate on key research questions the applicant wishes to address or problems to solve as part of the plan of study.
- Identify potential faculty advisors.

Applicants may also be interested in applying to the Integrative Graduate Education and Research Traineeship: Solar Utilization Network (IGERT SUN) program and will have the opportunity to do so through the doctoral application. Information about this additional program can be found at <http://graduate.asu.edu/igert-sun> (<http://graduate.asu.edu/igert-sun>).

- lead others in applying these concepts and methods to the development of sustainable strategies for water, land, air and urban management at the local and global levels
- understand the concepts and methods of a number of critical disciplines bearing on the sustainability of systems at different spatial and temporal scales

Students pursuing the concentration will need to have a complex adaptive systems science faculty member as the chair or co-chair of their supervisory committee.

Degree Requirements: 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The requirements of the PhD in sustainability must be met. In addition to those requirements, students pursuing the concentration in complex adaptive systems science must fulfill:

approved coursework related to complexity (12)

CASS-related research credit (3)

At least one member of the student's doctoral supervisory committee must be a complex adaptive systems science faculty member, and the dissertation must include complex adaptive systems science approaches.

Admission Requirements:

Applicants must submit an online Graduate Education application.

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

The School of Sustainability encourages applicants with diverse educational backgrounds and experience that are relevant to the school's core objectives. Applicants are strongly encouraged to contact potential faculty mentors prior to filling out the application to make sure their area of interest is represented well. In addition to the general requirements for admission to Graduate Education, including those regarding English proficiency, the School of Sustainability requires:

- a 3.25 GPA in the last 60 credit hours of undergraduate work
- a statement of intent*
- GRE scores
- resume or curriculum vitae
- three letters of recommendation

*The statement of intent should not exceed 600 words and should:

- describe the outcomes expected from the program
- elaborate on how the degree will support the student's aspirations and goals
- explain why the student is applying to the School of Sustainability and more specifically, the doctorate program with the complex adaptive systems science concentration
- identify potential faculty advisors and areas of research or study
- outline the student's relevant background information

Although it is not required, applicants are also encouraged to submit a resume or curriculum vitae.

Students must fulfill both the requirements of Graduate Education and those of the School of Sustainability.

Sustainable Solutions, MSUS (SUSUSOMSUS)

Online Degree Search Title: Sustainable Solutions (MSUS)

Campus: TEMPE

Program Description:

The MSUS in sustainable solutions is designed to prepare students to apply sustainability principles and approaches to careers in a variety of fields, addressing complex human and environmental challenges. Students will have a knowledge base and skill sets to bring sustainability solutions to corporate, government, and NGO sectors. Beginning with a foundation in sustainability theory and methods, the program allows students to specialize in one of five tracks:

- communication
- international development
- nonprofit organization
- policy and administration
- technology and society

A distinguishing element of the program is the capstone experience, in which students will do an internship, applied project or workshop (in lieu of a thesis) that emphasizes the application of sustainability principles and approaches to their chosen career field. Students will be teaming up with a company, government agency or nongovernmental organization to develop a real-world sustainability solution. This practical experience will position graduates perfectly in today's competitive, knowledge-intensive job market.

Degree Requirements: 33 credit hours including the applied project requirement of (SOS 593), or 33 credit hours including the capstone requirement of (SOS 584) an internship, or 33 credit hours including the capstone requirement of (SOS 594) a workshop.

The curriculum is made up of the following:
foundational and core courses
methods courses
career preparation course
track courses

capstone requirement

Concurrent Degrees:

This degree is also offered as concurrent degree with:

- Legal Studies (MLS)
- Public Administration (MPA) - Downtown Phoenix
- Public Policy (MPP)
- Urban and Environmental Planning (MUEP)

Admission Requirements:

Applicants must submit an online Graduate Education application. Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English language proficiency.

The School of Sustainability encourages applicants with diverse educational backgrounds and experience that are relevant to the school's core objectives. In addition to the general requirements for admission to Graduate Education, the school requires:

- a 3.00 GPA in the last 60 credit hours of undergraduate work
- a statement of intent
- GRE scores
- three letters of recommendation
- resume or curriculum vitae

The statement of intent should not exceed 600 words and should:

- Explain the goals the applicant intends to achieve through the program of study.
- Describe how the applicant's background will contribute to success in the program.
- Explain how completion of the degree will support long-term career goals.
- Elaborate on project ideas the applicant wishes to pursue as part of the program of study.
- Identify potential faculty advisors.

Students are required to fulfill the requirements of both Graduate Education and the School of Sustainability.

Teachers College, Mary Lou Fulton

An Overview of Autism Spectrum Disorders (certificate), Certificate (EDSPEGRCA)

Online Degree Search Title: An Overview of Autism Spectrum Disorders (Grad Certificate)

Campus: ONLNE

Program Description:

ASU's graduate certificate in an overview of autism spectrum disorders is ideal for educators, interventionists, psychologists, pathologists, behavior analysts or family members who want to enhance their preparation for working with children and adults affected with autism spectrum disorder.

The online program can benefit those interested in the fields of counseling, social work, speech pathology, various fields of therapy, teaching and program management in any area which provides services to individuals on the autism spectrum.

The graduate certificate can be completed within a two-year period while concurrently pursuing a graduate degree or as a stand-alone certificate. Students interested in sitting for the national Board Certified Behavior Analyst exam should apply for the MEd in curriculum and instruction applied behavior analysis concentration, or as a nondegree-seeking student, depending on interest and need.

Degree Requirements: 15 credit hours.

- SPE 520 Reading and Communication Strategies for Individuals with Autism (3)
- SPE 521 Foundations of Autism Spectrum Disorders (3)
- SPE 531 Methods of Applied Behavior Analysis for Exceptional Populations (3)
- SPE 566 Applied Behavior Analysis in Inclusive Settings (3)

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency*

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

GRE scores are not required for admission.

Students must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

Applied Behavior Analysis (Certificate), Certificate (TEABAGRCT)

Online Degree Search Title: Applied Behavior Analysis

Campus: ONLNE

Program Description:

The graduate certificate in applied behavior analysis pairs research and experience to prepare professionals to provide therapy based on ABA principles to individuals with special learning and behavior needs.

Applied projects and assignments allow students to focus on the population with which they plan to work, while gaining the knowledge and skills to use ABA across various populations and settings. Graduates will be well prepared to provide direct instruction, training, consultative services and support to clients and family members in school, community and home settings.

The program provides preapproved university course work for students interested in sitting for the Board Certified Behavior Analyst certification examination. BCBA certification helps professionals better meet and address diverse behavior needs and make a lasting difference in the community.

Degree Requirements: 18 credit hours.

Required Courses (18 credit hours):

SPE 531 Methods of Applied Behavior Analysis for
Exceptional Populations (3)

SPE 565 Behavior Change Systems (3)

SPE 566 Applied Behavior Analysis in Inclusive
Settings (3)

SPE 567 Basic Concepts and Ethics of Applied
Behavior Analysis (3)

SPE 568 Behavior Assessment (3)

SPE 569 Research Methods in Applied Behavior
Analysis (3)

Electives: None

Culminating Experience: None required

Admission Requirements:

Applicants to this program are required to meet the Graduate Education admission standards and submit the following:

- Graduate Education online admissions application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency*

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

GRE scores are not required for admission.

Students must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Curriculum and Instruction (Teaching and Learning), MEd (EDDCIMED)

Online Degree Search Title: Teaching and Learning (MED)

Campus: ONLNE

Program Description:

The MEd in curriculum and instruction, teaching and learning concentration, facilitates the development of advanced level professional knowledge, skills and understanding through research and applied experiences. The program provides a customized experience in a content area related to education.

The concentration in teaching and learning is for practitioners across all disciplines and grades. This concentration has three areas of specialization:

- applied behavior analysis
- autism spectrum disorders
- gifted education

Students interested in pursuing a degree in one of the specialization areas listed should apply for the Master of Education in curriculum and instruction with that concentration.

Degree Requirements: 30 credit hours and a written comprehensive exam, or 30 credit hours including the required applied project course (SPE 593 or SPE 597), or 30 credit hours including the required portfolio course (SPE 580).

Students will complete 30 hours in their focus area and a culminating project to be embedded within a course, depending on the specialization.

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program

- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency*

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

GRE scores are not required for admission.

Students must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Curriculum and Instruction (Accomplished Teaching), MA (EDACCTCMA)

Online Degree Search Title: Accomplished Teaching (MA)

Campus: TEMPE

Program Description:

The MA in curriculum and instruction, accomplished teaching concentration, is designed for classroom teachers who want to enhance their instructional performance and deepen their understanding of educational theory and practice. Students will improve their understanding of student learning and assessment and develop skills in conducting action research.

Students completing this degree will focus on improving their practice and strengthening their foundation in teaching and research. To enhance their knowledge and skills, students may select from an array of elective courses in educational psychology, educational foundations and subject-specific courses offered online and on campus. Students should consult with a faculty advisor or academic advisor on their selections.

Students who wish to deepen their knowledge of a specific area may select from the following foci:

Special Education:

Choose electives from an array of online courses that focus on autism spectrum disorders or applied behavioral analysis. Students may elect to take the course work that prepares them for the Board Certified Behavior Analyst examination.

Gifted Education:

Online electives are designed to meet the Arizona gifted education, K-12 endorsement.

Educational Technology:

Students may choose from campus-based or online electives that provide the skills and knowledge to develop skills in online instruction or to develop a broader knowledge base of technology uses in education.

English as a Second Language:

Students may choose from online electives that provide the skills and knowledge to work with English Language Learners in a variety of settings.

Early Childhood Education:

Students may choose from online electives that provide the skills and knowledge to work with young children in a variety of settings.

Each degree candidate completes an applied project under the direction of an advisor.

Degree Requirements: 30 credit hours including the required applied project course (DCI 593).

Required core courses (15)

Elective courses (12)
DCI 593 Applied Project (3)

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency*

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

GRE scores are not required for admission.

Curriculum and Instruction (Applied Behavior Analysis), MEd (TEABAMED)

Online Degree Search Title: Curriculum and Instruction (Applied Behavior Analysis)

Campus: ONLNE

Program Description:

The MEd in curriculum and instruction, applied behavior analysis concentration, pairs research and experience to prepare professionals to work with individuals with special learning and behavioral needs using principles of applied behavior analysis.

Program courses are designed to prepare students to focus on the population with whom they plan to work as well as gain knowledge and skills to use ABA across a variety of individuals and settings. All courses are online, combining a range of resources and technologies to provide students the opportunity to interact directly with program faculty and classmates. Our graduates will be well prepared to provide evidence-based practices in ABA and consultative services, and support to clients, community members and family members across a variety of settings.

Teachers College offers university course work preapproved by the Behavior Analyst Certification Board for students interested in sitting for the Board Certified Behavior Analyst examination. BCBA certificants are equipped to meet and address diverse behavior needs and make a lasting difference in the community. The ASU course sequence meeting the BCBA-required 270 classroom hours of graduate-level instruction aligned with the Fourth Edition Task List. BCBA supervision hours, required for certification, are arranged and completed by the student separately from ASU course work. Students interested in only the preapproved university course work for the national BCBA exam may apply as a nondegree seeking student.

Degree Requirements: 30 credit hours including the required capstone course (SPE 597).

This program requires:

required concentration courses (24)
research course (3)
SPE 597 Capstone Project (3)

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

Curriculum and Instruction (Autism Spectrum Disorders), MEd (TEASDMED)

Online Degree Search Title: Curriculum and Instruction (Autism Spectrum Disorders)

Campus: ONLNE

Program Description:

The MEd in curriculum and instruction, autism spectrum disorders concentration, equips individuals with specialized skills and knowledge to work effectively and compassionately with children and adults affected with autism.

The steady rise in number of those affected by autism has caused a public demand for professionals who are aware of the issues and needs facing these special individuals, their families and service providers. Our graduates will be well prepared to provide important services and care for individuals with any of the autism spectrum disorders, either as educators, interventionists, psychologists, speech pathologists, behavior analysts or family members.

Each student completes a practicum customized to individual interests and abilities. The program culminates with creation of a portfolio that demonstrates analysis and synthesis of material learned in the master's program and evidence of competency in the six Council for Exceptional Children autism standards.

Students interested in sitting for the national Board Certified Behavior Analyst exam should apply to the master's in curriculum and instruction, applied behavior analysis concentration.

Degree Requirements: 30 credit hours including the required capstone course (SPE 597) and a Practicum.

Curriculum and Instruction (Bilingual Education), MA (EDBILINMA)

Online Degree Search Title: Bilingual Education (MA)

Campus: ONLNE, TEMPE

Program Description:

The MA in curriculum and instruction offers students opportunities to develop expertise in contemporary issues, and pedagogical and research methods related to curriculum and instruction. Students also investigate applied and theoretical issues in their area of concentration. This degree may be designed as either a terminal degree or as preparation for doctoral work in curriculum and instruction.

The concentration in bilingual education is designed to provide course work related to bilingual education in U.S. settings (second language acquisition theory, bilingual programs and methods, and bilingual assessment), along with course work in research methods that may be used in the design and implementation of the culminating project. The bilingual education concentration offers advanced course work in research methodology, theory and practice in the area of bilingual education. Candidates for the MA in curriculum and instruction with a concentration in bilingual education must be able to demonstrate proficiency in a language other than English.

Degree Requirements: 30 credit hours and a portfolio, or 30 credit hours and a written comprehensive exam.

Candidates will complete a culminating project under the direction of their advisor. Curriculum and instruction MA students are assigned a faculty advisor at the time of their admission. For students completing a thesis as their culminating project, the advisor will assist in selecting the graduate committee and serve as the chair. The graduate program committee must be formed prior to the student completing 12 hours of credit in the program.

Admission Requirements:

The following are required:

- Graduate Education online application
- letter of intent/statement of purpose
- resume or curriculum vitae
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- transcripts

Additional materials may be required to gain admission into certain programs or cohorts.

Students must meet the requirements of both Graduate Education and the Mary Lou Fulton Teachers College.

Curriculum and Instruction (Early Childhood Education), MEd (TEECDMED)

Online Degree Search Title: Early Childhood Education - Certification/Endorsement (MEd)

Campus: ONLNE

Program Description:

The MEd in curriculum and instruction, early childhood education concentration, prepares individuals to meet the educational, social and emotional needs of children from birth through eight years old.

Through online course work, applied activities and in-person clinical experiences, the program equips students with specialized skills and advanced knowledge in early childhood pedagogy, community collaboration, technology, administration, policy analysis and advocacy.

The master's degree is appropriate for students interested in learning about early childhood education research and working with infants and children in grades K-3. This track may be of interest to students who already have a teaching certificate and are interested in furthering their knowledge and skills or pursuing doctoral studies in the future.

Another option is the master's degree with an early childhood education endorsement (birth through age eight or through grade three), which familiarizes students with the most current trends and issues in the field. This track may be of interest to students with an elementary or special education teaching certificate who want to serve children birth through kindergarten.

A third option is the Masters and Arizona Certification in Early Childhood Education program, which provides students with the course work and practical experiences necessary to become licensed to teach children birth through grade three in the public schools. The program provides participants an institutional recommendation for an Arizona Early Childhood Education (birth through age eight or through grade three) certification and the master's degree.

All courses are online, but clinical experiences are completed in person.

Degree Requirements: 30 credit hours including the required applied project course (ECD 593).

Students in this program will complete an applied project within their plan of study as a culminating activity.

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee/li>
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency*

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

GRE scores are not required for admission.

Students must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

Curriculum and Instruction (English as a Second Language), MA (EDES/LMA)

Online Degree Search Title: English as a Second Language (MA)

Campus: ONLINE

Program Description:

The MA in curriculum and instruction, English as a second language concentration, prepares students to teach English language learners in a variety of settings including U.S. schools.

The program caters to professionals with a wide range of roles, including both new and experienced teachers, administrators, policymakers and community workers.

Graduate students will gain strategies for developing ESL skills for reading, writing and listening and for involving community and families as

Academic Catalog Archive 2014-2015 676

partners. They will also leave the program with a historical perspective of English learners in the U.S. and context of past and current policy toward ESL.

The program teaches educators specific skills for assessing English learner proficiency and content area knowledge, knowledge of various program models, and a stronger foundation in supporting ESL students' language acquisition.

All program faculty have worked with English learner students, have a good mix of elementary and secondary level focus and field-tested research strategies, and are advocates for ESL students.

While the program is an excellent choice for teachers seeking to improve their preparation to work with English learners and includes course work supporting the Arizona ESL endorsement for certified teachers, it does not lead to teacher certification. There is no requirement that students entering the program hold a teaching certificate or seek to obtain one.

Note: This degree is not the same as the Master of Teaching English to Speakers of Other Languages that is offered through the English department.

Degree Requirements: 30 credit hours including the required capstone course (BLE 597).

Curriculum and Instruction (Gifted Education), MEd (TEGEDMED)

Online Degree Search Title: Gifted Education MEd

Campus: ONLINE

Program Description:

The MEd in curriculum and instruction, gifted education concentration, prepares teachers, school administrators, school psychologists, early interventionists and family members to work effectively with gifted children. Students will gain the theory and pedagogy needed to identify and serve gifted children and the knowledge and skills required to develop and provide the most current instructional methods and services for their gifted students.

Graduates will also learn how to create gifted programs based on the needs of their school district and learn how to work with administrations, school boards and parents.

Faculty understand gifted students require differentiated instruction and teaching to develop and reach students' potential. Graduates of the program will learn how to be an advocate in their own schools for gifted students and gain the tools to identify potential and address specific needs

of students that are either talented or gifted.

The program is good for public or private teachers in honors classrooms and those who want to add value to marketability as well as administrators focused on becoming gifted coordinators.

Students who complete the program will be qualified to earn a Gifted Education (K-12) endorsement from the Arizona Department of Education.

Degree Requirements: 30 credit hours including the required capstone course (SPE 597).

Curriculum and Instruction (Literacy Education), MA (EDLANGMA)

Online Degree Search Title: Literacy Education (MA)

Campus: TEMPE

Program Description:

The MA in curriculum and instruction, literacy education concentration provides students the opportunity to investigate applied and theoretical issues in literacy education. Students will study literacy education, including elementary reading and writing, adolescent literacy, children's literature and digital literacy, and they will choose a specialization in literacy education or reading endorsement.

Students may tailor their program to complete course work required for a reading endorsement from the Arizona Department of Education. Each candidate completes a written comprehensive examination in their last semester as the culminating experience for the degree.

Embedded within the courses in this program are four strands of inquiry:

Inclusive education - social justice:

Mary Lou Fulton Teachers College encourages its scholars to pursue teaching and research that will directly impact society in practical and realistic ways. This program will focus on the funds of knowledge, culture, language, literacy abilities and needs of each learner. The program is designed to

Academic Catalog Archive 2014-2015 678

enhance teachers' skills and dispositions for supporting inclusive educational practices and expanding literacies for a diverse and global society.

Technology:

Teachers and students alike need to be prepared to face the impact and challenges technology brings to today's learning environments. In the 21st century, the use of technology to gain access to an expanding knowledge base and as a tool and resource available to teachers and students to broaden their literacy experiences and abilities, is an important component in any educational program. This program will focus on the use of technology in the classroom to enhance learning experiences for students, encourage critical thinking and problem-solving, and as a resource for teaching, assessment and inquiry.

Literacy across the curriculum:

Literacy is the foundation for learning across traditional disciplines. It is a set of skills, strategies and dispositions that provide support for learning across the content areas. This program will focus on reading, writing, speaking, designing and viewing to promote achievement across content areas.

Teacher as reflective practitioner:

Reflective teaching is a conscious, systematic and deliberate process of framing and reframing classroom practice in light of the consequences of the actions, beliefs, expectations and experiences teachers bring to the teaching-learning event. Reflective practice is a stance, a willingness to question the core foundations of one's teaching. In this program, teachers will be supported to inquire into their own instructional approaches, analyze the resources provided for literacy instruction, and critically examine the environments and learning experiences constructed in their classrooms.

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee

Educational Leadership, MEd (EDSUPVMED)

Online Degree Search Title: Educational Leadership (MEd)

Campus: POLY, WEST

Program Description:

The MEd in educational leadership is designed for aspiring principals or teachers interested in becoming leaders in their schools and districts. Students learn to successfully lead the challenges of curriculum development, interpret and use test results, engage the community and lead other teachers to achieve school goals.

Mary Lou Fulton Teachers College offers options tailored to a student body with diverse experiences and goals.

This page describes the in-person options for the educational leadership program.

The traditional program features hybrid (face-to-face and Web-based) course work taken at an ASU campus including an internship. It is available to students who have a bachelor's degree and at least one year of teaching experience. Students must have access to a school site that will serve

as the laboratory of practice for applying what they learn in the program.

For information on the online concentration in principalship, see the master's program in educational leadership (principalship) (TEPRINMED). Available options under the master's in educational leadership program are designed to prepare teachers to meet Arizona requirements for principal or supervision certification. Students interested in the online program who are seeking certification in a state other than Arizona should contact their state department of education to determine the principal or supervision certification requirements prior to applying.

Degree Requirements: 36 credit hours and a portfolio.

Educational Policy, MA (EDSPFMA)

Online Degree Search Title: Educational Policy

Campus: TEMPE

Program Description:

Students seeking an MA in educational policy have the opportunity to specialize in one of the following areas:

- American Indian education policy
- anthropology of education
- history of education and comparative and international education
- philosophy of education
- sociology of education

Due to the interdisciplinary nature of work in educational policy, students may take course work in related social sciences and the humanities.

The program of graduate studies in educational policy prepares students for:

- K-12 teaching with stronger influence on and understanding of school, district and state education policy. Teachers also gain methodology and theoretical applications that can result in a more successful and critical-thinking pedagogy.
- leadership roles in district and state level curriculum development and the conceptualization of educational programs and reforms
- PhD programs in social science or education, philosophy and history

Degree Requirements: 30 credit hours including an applied project (EPA 593).

A minimum of 30 credit hours of course work, six hours of which are earned for a master's thesis, or its equivalent and a comprehensive examination are required. Graduate Education allows students to substitute other experiences for the thesis. For example, students may prepare publishable research papers and present their findings to their peers and faculty in specially arranged colloquia. The equivalency requirement will be worked out by the student's committee. In addition, courses in social and philosophical foundations, choosing both a concentration and a

cognate discipline (e.g., sociology, anthropology, philosophy) may be appropriate. Additional course work in education is recommended.

Admission Requirements:

All applicants must submit the Graduate Education online application.

To be considered, students must submit the following information to the Graduate Education:

- application fee
- official transcripts
- online application

Students must upload the following documents when applying online:

- professional statement
- resume
- three letters of recommendation (provide email addresses of references)

GRE scores are not required. Application are reviewed as soon as files are complete.

Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Students must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

Educational Policy and Evaluation, PHD (EDLDRSHPHD)

Online Degree Search Title: Educational Policy and Evaluation (PhD)

Campus: TEMPE

Program Description:

The PhD in educational policy and evaluation prepares scholars who teach and conduct rigorous and high-impact research on education policy that advances our collective understanding of preK-20 education.

Doctoral students in the educational policy and evaluation program engage in systematic analyses of education policies in a variety of settings, including schools, universities, research centers, government agencies and nongovernmental organizations.

The program emphasizes intensive training in the theory, methods and practice of education policy research and evaluation and an area of specialization.

Areas of specialization include:

- American Indian education policy and evaluation
- comparative international education
- educational measurement and assessment
- Latino education policy and evaluation
- research and evaluation methods
- sociocultural foundations of education

Educational policy and evaluation students work closely with nationally and internationally recognized faculty members on collaborative and independent research projects that result in policy briefs, reports, scholarly articles and engagement in education policy. The program also provides opportunities for internships in applied settings and varied experiences in scholarly publishing.

Students are expected to engage in the doctoral program full time. Funding packages that include a competitive stipend, tuition remission and health insurance are available. A limited number of additional awards will be available for outstanding candidates. These funding packages can be renewed each year, if students make satisfactory progress, for a total of four years.

Degree Requirements: 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Of the 84 hours required for the degree 54 must be earned at ASU and 24 of the ASU hours must be earned in research or dissertation. The course work includes classes in policy analysis, research methods and an area of specialization.

Students entering the doctoral program with a master's degree in a related discipline may count up to 30 credit hours from the master's degree toward the 84 credits. In addition, a student may use up to 12 additional credit hours toward the doctorate if documentation is provided showing that those credit hours were not part of the master's degree. Students without a master's degree in a related discipline may transfer no more than 12 credit hours toward the degree.

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's and master's degree conferred from a regionally accredited institution
- email addresses of three professional references*
- personal statement describing the applicant's interests and reason for seeking this degree

GRE scores**

- an academic writing sample
- curriculum vitae
- proof of English proficiency for applicants whose native language is not English (regardless of where they may now reside)

*Referees will be contacted by Graduate Education, with a request to complete a reference questionnaire.

**There is no minimum requirement.

Students must fulfill both the requirements of Graduate Education and Mary Lou Fulton Teachers College.

Educational Technology, MEd (EDTECHMED)

Online Degree Search Title: Educational Technology (MEd)

Campus: TEMPE

Program Description:

The MEd in educational technology emphasizes the design, development, implementation and management of educational technology applications in learning settings.

The program has a strong focus on current and emerging trends and technologies including human performance technology, training, Web-based learning, distance learning, distance education, technology integration, multimedia learning, animated pedagogical agents and interactive learning environments.

Students may choose from one of two specializations designed to meet the needs of the program's main client groups - teachers and instructional designers. Graduates of the program typically are employed as educational technologists in schools, community colleges and universities, or as instructional designers and training specialists in corporate settings.

The program's success is rooted in the accomplishments of its faculty, the placement and achievements of its graduates and the quality of its students.

The college also offers graduate certificates in instructional design and performance improvement and K-12 online teaching. Each certificate program can be completed within a two-year period while pursuing a graduate degree or as a stand-alone certificate.

Degree Requirements: 30 credit hours including the required applied project course (EDT 593).

In consultation with an academic advisor, each student develops a plan of study in one of two tracks: technology for teaching or instructional design and technology.

Required Courses (12):

EDT 501 Foundations and Issues in Educational Technology (3)

EDT 502 Design and Development of Instruction (3)

EDP 540 Theoretical Views of Learning (3)

EDT 593 Applied Project (3)

Specialization Courses (9)

Electives (9)

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- GRE or MAT scores*
- resume
- proof of English proficiency**

*An admissions exam will not be required for applicants with a minimum of three years' experience as a teacher, trainer, or instructional designer. Applicants who do not meet this professional experience requirement must have a score of 500 or above on the verbal section of the Graduate Record Exam (GRE) or a score of 400 or above on the Miller Analogies Test (MAT).

**Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Students must fulfill both the requirements of Graduate Education and Mary Lou Fulton Teachers College.

Educational Technology, PHD (EDTECHPHD)

Online Degree Search Title: Educational Technology (PhD)

Campus: TEMPE

Program Description:

The focus of the PhD program in educational technology is on the design, development and evaluation of instructional systems and on educational technology applications to support learning. The doctoral program emphasizes research using educational technology in applied settings.

The program prepares students for a variety of professional positions. Graduates are typically employed as university faculty, educational technologists or instructional designers in universities, community colleges and schools or as training managers in corporate settings.

Degree Requirements: 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The following course work is required for all students in the program:

Required Courses (24 hours)

- EDP 540 Theoretical Views of Learning (3)

- EDP 552 Multiple Regression and Correlation Methods (3)
- EDP 554 Analysis of Variance Methods (3)
- EDT 501 Foundations and Issues in Educational Technology (3)
- EDT 502 Design and Development of Instruction (3)
- EDT 503 Instructional Media Design (3)
- EDT 504 Development of Computer-Based Instruction (3)
- EDT 506 Educational Evaluation (3)
- EDT 701 Research in Educational Technology (3)

Elective Courses (30 hours)

Students select a minimum of 30 credit hours of elective course work in consultation with a faculty advisor or doctoral committee chair.

Practicum Hours (6 and research, below)

Students must earn at least 18 semester hours of credit for practicum courses. Students will complete three different practica while in the program: instructional design (typically EDT 780, 3 credits), teaching (typically EDT 680, 3 credits) and a research practicum.

Research & Dissertation (24 hours)

Admission Requirements:

All applicants must meet Graduate Education admission standards and submit the Graduate Education online application. The online application requires:

- transcript showing conferral of a bachelor's from a regionally accredited institution. A four-year undergraduate GPA of 3.20 or above
- three email addresses for professional recommendations
- a personal statement
- a resume
- GRE scores: scores of 500 or above on the verbal reasoning and quantitative reasoning sections of the GRE; a score of four or above on the analytical writing section of the GRE
- English proficiency: a score of 600 (paper-based) or above on the TOEFL or 100 (Internet-based)

Students must fulfill requirements of both Graduate Education and those of Mary Lou Fulton Teachers College.

Elementary Education (Teacher Certification Accelerated), MEd (TEEEACLMED)

Online Degree Search Title: Elementary Education (Teacher Certification Accelerated) (MEd)

Campus: DTPHX, POLY, TEMPE, WEST

Program Description:

The MEd in elementary education program offers three options for students to earn a master's degree and Arizona teacher certification: Masters and Arizona Certification, Induction, Masters and Arizona Certification, and iTeachAZ.

This program is for those who already have a bachelor's degree in any field and want to become licensed to teach grades one through eight.

Our elementary education program builds strong connections between theory and practice through quality classroom instruction paired with extensive clinical experiences.

Students gain a strong foundation in teaching and content knowledge from experts in the field of education. Teachers College faculty members actively engage in the educational research community and embed this vital knowledge throughout the program. This connection further empowers our students to engage in their own research through the applied project course work.

A series of clinical experiences or internship placements are designed to assist our students in developing a thorough understanding of teaching and learning as they apply knowledge from their course work in varied school settings. Individualized guidance through our clinical framework provides our students with the support they need to become effective educators.

In the Masters and Arizona Certification program, students take classes at an ASU campus two nights a week and are required to do a field experience internship one day per week for at least two semesters. During the last semester of the MAC program, students complete a full-time student teaching experience.

The Induction, Masters and Arizona Certification program features a partnership with Teach For America, various school districts and charter schools. The InMAC program provides an alternative pathway to teacher certification for full-time teachers on an intern teaching certificate. To qualify, individuals must secure a full-time teaching position. Participants take classes one night per week and must be continuously enrolled in apprentice teaching course work.

In the iTeachAZ program, students take classes and complete all field work in a partner school district. This is a daytime program in which students take classes two to three days per week and complete three days of field experience internships. In their next-to-last semester, students complete a full-time student teaching experience.

Degree Requirements: 33 credit hours including the required applied project course (EED 593).

Students in this program will complete an applied project as part of their plan of study. The applied project is conducted in the student teaching or apprentice teaching school setting.

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency*
- IVP Fingerprint Clearance Card issued by the State of Arizona

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

GRE scores are not required for admission.

Students must fulfill both the requirements of Graduate Education and Mary Lou Fulton Teachers College.

English as a Second Language (Certificate), Certificate (TEESLGRCT)

Online Degree Search Title: English as a Second Language

Campus: ONLINE

Program Description:

The graduate certificate in English-as-a-second-language prepares students to teach English language learners in a variety of settings, including U.S. schools. The program caters to professionals with a wide range of roles, including both new and experienced teachers, administrators, policymakers and community workers. Students of this program will gain strategies to both assist their students in developing ESL skills in reading, writing, and listening, and for involving the community and families as partners.

The program teaches educators specific skills for assessing English learner proficiency and content area knowledge, knowledge of various program models, and a stronger foundation in supporting ESL students' language acquisition. Students will leave the program with a historical perspective of English learners in the U.S. and context of past and current policy towards ESL. The course work in the ESL graduate certificate leads to the ESL endorsement in the State of Arizona.

Degree Requirements: 18 credit hours.

Required Courses (15 credit hours):

BLE 511 Introduction to Language Minority Education (3)
BLE 520 ESL for Children (3)
BLE 522 Literacy/Biliteracy Development (3)
BLE 529 Language Assessment and Evaluation of ESL/BLE Students (3)
BLE 561 Parent Involvement in Language Minority Education Programs (3)

Electives (3 credit hours, choose one):

BLE 535 Sociolinguistic Issues in Bilingual Education (3)
BLE 537 Language Structure Acquisition (3)

Culminating Experience: none

Total required credit hours: 18

Admission Requirements:

Applicants to this program are required to meet the Graduate Education admission standards and submit the following:

- Graduate Education online admissions application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency*

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

GRE scores are not required for admission.

Students must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

Gifted Education (Certificate), Certificate (TEGEDGRCT)

Online Degree Search Title: Gifted Education

Campus: ONLNE

Program Description:

The graduate certificate in gifted education prepares teachers, school administrators, school psychologists, early interventionists, and family members to work effectively with gifted children. The graduate certificate provides students with the theory and pedagogy needed to identify and serve gifted children as well as the knowledge and skills required to develop and provide the most current instructional methods and services for their gifted students.

Graduates will understand how to identify learning potential and address specific needs of gifted and talented students. They will gain an understanding of gifted students' unique affective and academic needs and know how to design and provide appropriately challenging, differentiated curriculum and instruction so that gifted students may develop their full potential. Graduates will know how to develop a continuum of gifted programs and services, work with administrators, teachers, school boards and parents, and be able to advocate for gifted students at local and national levels. The course work in the graduate certificate leads to the gifted education endorsement in the State of Arizona.

Degree Requirements: 15 credit hours.

Required Courses (12 credit hours):

SPE 585 Creativity: Foundations of Research and Development in Gifted Education (3)
SPE 586 Advising the Gifted Learner: Social and Emotional Needs (3)
SPE 587 Special Populations in Gifted Education (3)
SPE 588 The Gifted Learner: Foundations of Identification, Education and Development (3)

Electives (3 credit hours, choose one):

SPE 572 Testing and Measurement in Gifted Education: Methods (3)
SPE 573 Differentiating Instruction for Gifted Learners: Teaching Methods (3)
SPE 589 Teaching the Gifted Learner: Models, Methods and Programs (3)

Culminating Experience: none required

Total required credit hours: 15

Admission Requirements:

Applicants to this program are required to meet the Graduate Education admission standards and submit the following:

- Graduate Education online admissions application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree

Higher and Postsecondary Education, MEd (EDPOSTMED)

Online Degree Search Title: Higher and Postsecondary Education (MEd)

Campus: DTPHX, TEMPE

Program Description:

The MEd in higher and postsecondary education is designed to facilitate the professional development of those who work in colleges and universities in administrative or support positions.

Through an educational trajectory that parallels that of ASU's New American University, graduates will be prepared to advance the institutional mission of their school and contribute to its success through a broader understanding of current issues and approaches as well as practical experience gained in the program.

The program offers courses that integrate theory to practice through relevant research, models and applied skills.

Some of the course work includes an introduction to higher education, diversity in higher education, student development theory, student affairs administration, leadership in higher education and higher education finance and budgeting.

This 30-credit, 10-course program is offered on a 7.5-week calendar in fall and spring semesters (six weeks in summer). Students may enroll part time or full time.

Each course is offered in a hybrid format with 50 percent of the content delivered face-to-face (weekday evenings) and 50 percent delivered online.

This program culminates with the creation and presentation of an applied project that demonstrates a student's learning and development and is designed to promote this student's career advancement in higher education.

Degree Requirements: 30 credit hours including the required applied project course (HED 593).

The following course work is required for all students in the program:

core requirements (9)
foundation courses (18)
applied project (3)

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program

Leadership and Innovation, EdD (TELINEDD)

Online Degree Search Title: Leadership and Innovation

Campus: DTPHX, WEST

Program Description:

The EDD in leadership and innovation is designed for practicing educator-leaders who want to transform and better their practice, and create better learning opportunities for students of all ages in a range of settings.

The focus of the 60-credit program is research in action. Students conduct multiple cycles of action research throughout the program and learn by doing research within their own workplace.

Students in the program begin as accomplished teachers, teacher leaders, principals and superintendents, or higher education professionals, and develop into edupreneurs. Through course work, they deepen their abilities to lead change and implement innovation in their local educational organizations. The program is not designed to prepare students for academic tenure-track positions.

The three-year cohort-based program begins in summer with an introduction to doctoral studies course and the formation of a professional learning community that draws on the strengths of all group members. Students take seven more required courses, as well as five elective courses over the next two years.

Required courses are team-taught by faculty and task students with conducting research in their workplace, which lays the foundation for the culminating project: the action research dissertation.

Leader-scholar communities, formed at the end of the first year and consisting of five to seven students and two faculty members, meet regularly for the second and third years of the program to supply academic and personal support. Students register for required research and dissertation hours as part of the LSC requirement.

Through these LSCs, students support each other, under faculty guidance, in the conceptualization, implementation and study of change initiatives. Students share their research at the end of each semester through roundtables, posters and symposia in a public research day.

Successful graduates have made a commitment to continuing systematic study of their professional practice and to make a positive difference in their local workplaces by putting their research into action. The program aims to enable more thoughtful, intentional and informed leaders, willing and able to implement and study change.

The program will make a difference in the way a student thinks and works as a leader in education, for the immediate and local benefit of school children, adult learners, the student's school or organization, the community and the world.

Degree Requirements: 90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Learning, Literacies and Technologies, PHD (EDCIPHD)

Online Degree Search Title: Learning, Literacies and Technologies (PhD)

Campus: TEMPE

Program Description:

The PhD in learning, literacies and technologies is designed to prepare scholars who will address socially significant educational programs and transform PreK-20 educational programs through rigorous research and educational interventions. Graduates rely on interdisciplinary theoretical and methodological perspectives to engage, influence and transform educational institutions and their practices.

The program graduates educational researchers who serve as scholars, leaders and teacher educators engaged in the design, development and use of literacies and technologies that promote learning. Graduates are stewards of their educational field, working across disciplinary boundaries to address the learning challenges of the new millennium.

Students will begin researching during their first semester and continue throughout the four-year program. An interdisciplinary team of scholars led by distinguished faculty members will collaborate with doctoral students, individually and in teams, to design powerful studies, implement them in authentic settings, collect and analyze data, write research reports, and present and publish the results.

Academic study and research in the learning, literacies and technologies program focuses on the nature of human learning and literacies across diverse learners and contexts, the use of technologies to support learning, the design of learning environments, and the conditions under which learning occurs.

As a future scholar, teacher educator or researcher, the student will develop areas of emphasis with their faculty advisor and doctoral committee members to work at the cutting edges of educational science, leading the way to innovation and exploration of new technologies and literacies for learning.

Students are expected to engage in the doctoral program on a full-time basis. Funding packages that include a competitive stipend, tuition remission and health insurance are available. A limited number of additional awards will be available for outstanding candidates. These funding packages can be renewed each year, if students make satisfactory progress, for a total of four years.

Degree Requirements: 85 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- GRE scores*
- official transcripts showing a bachelor's and master's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- an academic writing sample
- curriculum vitae
- proof of English proficiency**

*There is no minimum requirement.

**Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

Students must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

Online Teaching for Grades K-12 (certificate), Certificate (TEEDTGRCT)

Online Degree Search Title: Online Teaching for Grades K-12 (Grad Certificate)

Campus: ONLNE, TEMPE

Program Description:

The online teaching for grades K-12 graduate certificate program prepares students to teach in an online environment and become leaders in the development, implementation and evaluation of online programs.

The program consists of online courses that prepare K-12 educators for online teaching in technological, pedagogical and content-related areas.

Graduates will be better able to help students understand how various topics within a subject area are effectively represented using technology and pedagogical strategies required to teach these concepts online.

This is accomplished through offering course work that addresses all three domains along with field experience opportunities. Through these experiences, students would be prepared to teach in online and blended educational environments.

The graduate certificate in online teaching for grades K-12 is open to all ASU graduate students irrespective of their major. Students can be enrolled in the graduate certificate and the Master of Education in educational technology or just the graduate certificate.

The graduate certificate program can be completed within a two-year period along with a graduate degree or as a stand-alone certificate.

Degree Requirements: 15 credit hours including the required capstone course (EDT 580).

The certificate requires five courses, each consisting of three credit hours. The culminating experience for this certificate program is an electronic portfolio that will be completed in EDT 580.

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency*

*Applicants whose native language is not English (regardless of where they may now reside) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants should have at least one year of K-12 classroom teaching experience and should be able to function successfully in an online environment.

Students must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

Physical Education, MPE (ECPHYEDMPE)

Online Degree Search Title: Physical Education - Polytechnic Campus (MPE)

Campus: POLY

Program Description:

The MPE program produces graduates who have current knowledge of curriculum, instructional practices, and administrative procedures in physical education and sport. Emphasis is placed on improving instructional effectiveness and developing quality sport and physical education programs in school settings. The program has routes for those with a teaching certificate in physical education who wish to advance their skills and knowledge as well as for those with a teaching certificate in a different subject matter who are interested in a K-12 physical education endorsement.

Degree Requirements: 33 credit hours including the required applied project course (PPE 593) and a written comprehensive exam.

The degree has three tracks.

Physical Education K-12 teaching track:

core studies (24)
electives (6)
applied project (3)

Physical Education pedagogy research track:

core studies (24)
electives (6)
applied project (3)

Physical Education Initial Teacher Certification track:

core studies (24)
electives (6)
applied project (3)
additional courses for certification

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- a personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency for applicants whose native language is not English (regardless of where they may now reside)

- IVP Fingerprint Clearance Card issued by the State of Arizona

GRE scores are not required for admission.

Students must fulfill both the requirements of Graduate Education and Mary Lou Fulton Teachers College.

Secondary Education (Teacher Certification), MEd (TESCERTMED)

Online Degree Search Title: Secondary Education (Teacher Certification) (MEd)

Campus: DTPHX, POLY, TEMPE, WEST

Program Description:

The MEd in secondary education with teacher certification is a specialization designed for those individuals with a bachelor's who want to earn a master's along with Arizona secondary education certification in grades 7-12, in a specific subject area. Students also receive a structured English immersion endorsement. Students may choose one of the following delivery modes for which they qualify:

- Intern, Masters and Arizona Certification available to only those students who hold a state intern teacher certificate and are employed as teacher of record in a district, charter or private school (alternative pathways to certification).
- Masters and Arizona Certification consisting of campus-based courses delivered in two academic semesters (evening) along with day time field experience, one summer and one additional academic semester of student teaching.
- TEAMS, an intensive accelerated program for math or science certification with year-long student teaching requirement.

Degree Requirements: 33 credit hours including the required applied project course (SED 593).

The MEd in secondary education requires an applied project, which is included in the student's plan of study and must be completed during student teaching or apprentice teaching.

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program

Special Education (Teacher Certification), MEd (TESECRTMED)

Online Degree Search Title: Special Education (Teacher Certification) (MEd)

Campus: DTPHX, POLY, TEMPE, WEST

Program Description:

The MEd in special education with Arizona teacher certification is a specialization designed for those individuals with a bachelor's who want to earn a master's along with Arizona certification in K-12 special education (cross-categorical). Students also receive a structured English immersion endorsement. Students may choose one the following delivery modes for which they qualify:

- Induction, Masters and Arizona Certification available to only those students who hold a state intern teacher certificate and are employed as teacher of record in a district, charter or private school (alternative pathways to certification).
- Masters and Arizona Certification consisting of campus-based courses delivered in two academic semesters (evening) along with day time field experience, one summer and one additional academic semester of student teaching. Students in this program will also receive a dual Arizona certification in elementary education.

Degree Requirements: 33 credit hours including the required applied project course (SPE 593).

Students must complete 33 credit hours and an applied project. The applied project is completed during the student teaching or apprentice teaching experience.

Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program

Undergraduate Programs

Minors (Program Descriptions and Requirements)

African and African American Studies Minor (LAAFRMIN)

Campus: TEMPE

Description:

The minor program examines the culture, arts, history, politics, economics and current status of African Americans, Africans and the African Diaspora, especially in the Caribbean, Central America and South America. The goal is to prepare students for lifelong learning, advanced study in a variety of fields and successful careers and productive public service in an increasingly diverse society, especially in Arizona.

Program Requirements:

Students will be required to complete 18 credit hours. Six credits will be prescribed core and the remaining 12 elective credit hours will be selected from the program prefix:

Required Core Course:

AFR 200 Introduction to African and African Diaspora Studies, SB, G, H (3)

Elective Core Course (3): (select one course)

AFR 300 Precolonial Africa, SB, G, H (3)

AFR 301 Race and Racism in Africa/African Diaspora, SB, C (3)

AFR 302 History of Black Women in America (3)

AFR 305 The Global History of the Trans-Atlantic Slave Trade, SB, H (3)

Elective Courses:

The remaining 12 hours will be completed by selecting courses not taken to fulfill the six required hours and will be selected from the program prefix: AFR.

At least 12 of the 18 credit hours must be upper-division courses (300 or higher). All courses must have a "C" (2.00) grade or higher. No course may be used to satisfy more than one requirement in the minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

American Indian Studies Minor (LAAISMIN)

Campus: TEMPE

Description:

The minor in American Indian studies is designed for students interested in developing an understanding of American Indian issues and analyzing issues through critical inquiry.

Program Requirements:

Eighteen credit hours are required.

Required courses:

AIS 180 Introduction to American Indian Studies, C (3)

AIS 285 Federal Indian Policy, H, C (3)

AIS 380 Contemporary Issues of American Indian Nations, C (3)

three additional upper-division AIS courses

No pass/fail or credit/noncredit course work may be applied to the minor. A minimum of nine hours must be in-resident credit from the College of Liberal Arts and Sciences. Students must receive a minimum grade of "C" (2.00 on a scale of 4.00) for all courses in the minor and meet all course eligibility requirements.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met, and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

American Studies Minor (ASAMSMIN)

Campus: WEST

Description:

The American studies minor offers students the opportunity to pursue an interest in the interdisciplinary study of American culture. This interdisciplinary minor is particularly appropriate for students majoring in one of the humanities or social sciences disciplines.

Program Requirements:

The American studies minor consists of 18 credit hours, 12 of which must be upper-division (300 or 400 level).

The following courses are required:

AMS 201 American Style, L (3)

AMS 330 Documenting American Lives, HU, C (3)

HRC 310 Social and Cultural Studies: Method and Theory (3)

choose one from the following:

HST 109 United States to 1865, HU or SB, H (3) OR

HST 110 United States Since 1865, SB, H (3)

Supporting Courses:

Two courses with substantial American content that must be approved by the American studies advisor. (6)

Enrollment Requirements:

Students wishing to pursue the American studies minor should consult an academic advisor in the unit offering that minor to ensure the appropriate

set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to ensure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Anthropology Minor (LAASBMIN)

Campus: TEMPE

Description:

The minor in anthropology provides students with a great deal of flexibility in selecting courses. The program has been designed to allow students to focus on areas within the discipline that articulate well with their major. All students interested in the anthropology minor are encouraged to discuss the options available with a School of Human Evolution and Social Change undergraduate advisor.

Program Requirements:

The anthropology minor requires a minimum of 18 credit hours.

Required introductory courses (choose 2):

ASB 102 Introduction to Sociocultural Anthropology (3)

ASM 104 Bones, Stones and Human Evolution (4)

ASB 222 Buried Cities and Lost Tribes or ASB 223 Buried Civilizations of the Americas (3)

However, the particular introductory courses selected may limit the anthropology courses available in the upper-division.

Twelve credit hours must be upper-division and represent at least two of the three subfields of anthropology.

The three subfields are:

- archaeology
- physical anthropology
- sociocultural anthropology (with linguistics)

The courses chosen to represent two of the three subfields must be drawn from the distribution requirements of those two subfields.

A minimum grade of "C" (2.00 on a scale of 4.00) is required for all courses taken for the minor in anthropology.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met, and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Applied Biological Sciences Minor (TSABSMIN)

Campus: POLY

Description:

Applied biological sciences offers rigorous and practical programs in applications of the biological sciences. Consistent with a polytechnic vision, this minor involves extensive student interaction with faculty through experience-based learning activities, including:

- faculty-guided research and service-learning projects
- field trips
- internships
- laboratories

Mastery of fundamental biological principles is emphasized through quality learning in the classroom and hands-on activities in laboratories and in outdoor settings that include the Sonoran Desert, surrounding ecosystems and the landscape of the greater Phoenix area.

Program Requirements:

The applied biological sciences minor consists of 23 credit hours, including:

BIO 181 General Biology I, SQ (4)

BIO 182 General Biology II, SG (4)

At least 15 hours must be selected with the approval of an advisor.

At least nine hours must be in upper-division courses offered by the applied biological sciences program.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Applied Psychology Minor (ECPSYMIN)

Campus: POLY

Description:

Americans spend more than 54 percent of their waking hours at work. As a result, students who want to make a real impact on peoples' lives are beginning to use industrial and organizational psychology to focus on the psychology of work. Industrial and organizational psychology helps employers identify the right job candidates to hire, determine the best job fit for each worker, and design enjoyable and effective workplaces, taking into account work-life balance. Finally, one specialty, human factors, focuses on designing tools and products that are easy to use and that reduce human error.

In addition to strong education in human learning, memory, emotion, judgment, social psychology, which prepare students for employment or graduate school, students can choose to focus in two of the following five focus areas:

- consumer psychology
- human resources and organizational behavior
- learning technology
- preclinical and counseling
- user experience

Program Requirements:

This minor in applied psychology consists of 22 credit hours, including at least 12 upper-division courses. The following are required courses that must be completed with a grade of "C" (2.00) or higher:

Required Courses:

PSY 101 Introduction to Psychology, SB (3)

PSY 230 Introduction to Statistics, CS (3)

PSY 290 Research Methods, L/SG (4)

PSY 437 Human Factors, L (3) or PSY 438 Human-Computer Interaction (3) or PSY 440 Industrial/Organizational Psychology (3)

Electives:

Additional hours of upper-division PSY or PGS courses (9)

A maximum of three credit hours from PSY 399, PSY 499 or PSY 492 may be used toward the minor requirements.

A minimum of three classes, including two at the upper-division level, must be taken in residence at ASU.

Enrollment Requirements:

Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Arabic Studies Minor (LAARBMIN)

Campus: TEMPE

Description:

The minor in Arabic studies provides students with instruction in Modern Standard Arabic as well as Arabic culture and literature. Students who successfully complete the prescribed course work of the Arabic minor are expected to be able to communicate effectively in Arabic and interact with native speakers of Arabic.

Students will be able to communicate in Arabic in the other two areas of language acquisition: reading and writing through reading authentic material in Arabic and writing paragraphs in Modern Standard Arabic.

Literature courses expand students' knowledge in Arabic, Middle East and Islamic culture and civilization. Students of all academic disciplines doing research or seeking employment in areas related to the Middle East or parts of the Arab world will find the minor in Arabic highly beneficial.

Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. Go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>) for more information.

Program Requirements:

The minor in Arabic studies requires 26 credit hours of courses detailed below. A minimum grade of "C" (2.00) or better is required in each course.

Required Courses:

ARB 201 and ARB 202 Intermediate Arabic I and II, G (8)

ARB 311 Advanced Arabic Skills I (3)

ARB 331 Arabic/Islamic Culture and Literature (3)

ARB 341 Quran Text and Women (3)

ARB 351 Classical Arabic Literature (3)

ARB 411 Advanced Arabic Skills II (3)

choose one upper-division course from the following:

ARB 321 Arabic Conversation I (3)

ARB 335 Arabic Culture and Islam, G (3)

ARB 336 Intro to the Qur'an (3)

ARB 337 Hadith Prophetic Tradition (3)

ARB 352 Modern Arabic Literature in Translation (3)

ARB 421 Arabic Conversation II (3)

HST 372 Modern Middle East, SB, G, H (3)

REL 365 Islamic Civilization, HU, H (3)

REL 366 Islam in the Modern World, HU, H, G (3)

Students must complete the sequence of elementary Arabic, ARB 101 and ARB 102, as prerequisite courses.

Enrollment Requirements:

Students who wish to add a minor in Arabic studies to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Architectural Studies Minor (ARSTDMIN)

Campus: TEMPE

Description:

The architectural studies minor is available to nonarchitecture majors interested in this field who wish to pursue another major. The courses are designed to provide an overview of architecture throughout history while focusing on architectural design, with the intention to explore the process of design thinking.

Program Requirements:

A minimum of 18 credit hours (to include 12 credit hours of upper-division course work) are required for the minor.

Required Courses:

ALA 100 Introduction to Environmental Design, HU, G, H (3)

ALA 102 Landscapes and Sustainability, HU, G (3)

APH 313 History of Architecture I, (L or HU), G, H (3)

APH 314 History of Architecture II, (L or HU), G, H (3)

Six additional upper-division credit hours of electives in the architectural history and theory concentration must be selected from the following list:

ANP 494 Special Topics (1-3)

APH 305 Contemporary Architecture, HU, H (3)

APH 336 20th-Century Architecture I, HU (3)

APH 337 20th-Century Architecture II, HU (3)
APH 394 Special Topics (3)
APH 414 History of the City, (L or HU), H (3)
APH 441 Ancient Architecture (3)
APH 494 Culture of Place, C (3)
APH 494 Special Topics (3)
APH 499 Individualized Instruction* (3)
ARP 451 Architectural Field Studies (6)

* This course requires a petition to The Design School.

A minimum GPA of 2.50 in minor courses is required to earn the minor in architectural studies. In addition, students may not use a core course to count toward the minor. Students pursuing the BS in landscape architecture must petition the school to request a substitution for any core courses that are also included in the architectural studies minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Art History Minor (FAARTHMIN)

Campus: ONLINE, TEMPE

Description:

The art history minor is designed for those students who are interested in a broad introduction to the study of the history of art. In giving a broad chronological exposure to the history of art from diverse cultures, the minor strengthens academic preparation and provides students with many options to select courses based on their individual interests.

Program Requirements:

The School of Art offers a minor in art history consisting of 18 credit hours of course work, including 12 upper-division electives. A minimum grade of "C" (2.00) is required in all classes in the minor. For those pursuing a minor, a minimum overall GPA of "C" (2.00) is required. Courses may not be double counted in a major and the minor, and a minimum of 12 credit hours of resident credit at the Tempe campus are required.

ARS 100 or ARS 300 may be used toward a minor. ARS 100 and ARS 300 may not be used toward an art history minor if the student is an art major or has credit in ARS 101 and ARS 102.

Required Courses

Select two of the following courses:

ARS 101 Art from Prehistory Through Middle Ages, HU, H (3)
ARS 102 Art from Renaissance to Present, HU, H (3)

or

ARS 201 Art of Asia, HU, G, H (3)

Elective Courses

Students pursuing an art history minor select four three-credit-hour, upper-division courses. A seminar is strongly recommended for those considering graduate study.

Students need to be aware of lower-division prerequisites for all upper-division courses. Interested students should contact the School of Art for specific requirements and admission procedures.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor. Please contact the department for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Asian Languages (Chinese) Minor (LACHIMIN)

Campus: TEMPE

Description:

Students pursuing a minor in Asian languages (Chinese) gain an understanding of the language, literature and cultures of China. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. See <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>) for more information. Highly motivated students interested in learning Chinese to professional-level proficiency, while simultaneously pursuing the Asian languages (Chinese) minor and undergraduate major of their choice, are encouraged to apply to the Chinese Language Flagship Program: <https://international.clas.asu.edu/chineseflagship> (<https://international.clas.asu.edu/chineseflagship>).

Program Requirements:

The minor in Asian languages (Chinese) consists of 18 credit hours, of which 12 credit hours must be upper-division.

Required Courses:

200-level Chinese (up to 6 credit hours)

CHI 301 Third-Year Chinese I, G (5)

CHI 302 Third-Year Chinese II, G (5)

CHI course work chosen in consultation with a School of International Letters and Cultures advisor (2)

Course substitutions are allowed for heritage and advanced speakers of the language.

Enrollment Requirements:

Students who wish to add a minor in Asian Languages (Chinese) to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Asian Languages (Japanese) Minor (LAJPNMIN)

Campus: TEMPE

Description:

Students pursuing a minor in Asian languages (Japanese) gain an understanding of the language, literature and cultures of Japan. There are opportunities to partake in study abroad programs, which can serve to enhance students' minor experience and education. Go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>) for more information.

Program Requirements:

The minor in Asian languages (Japanese) consists of 18 credit hours, of which 12 credit hours must be upper-division.

Required Courses:

200-level JPN courses (up to 6 credit hours)
JPN 301 Third-Year Japanese I, G (3)
JPN 302 Third-Year Japanese II, G (3)
additional upper-division JPN courses chosen in consultation with a School of International Letters and Cultures advisor (6)

Course substitutions are allowed for heritage and advanced speakers of the language.

Enrollment Requirements:

Students who wish to add a minor in Asian Languages (Japanese) to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Asian Pacific American Studies Minor (LAAPAMIN)

Campus: TEMPE

Description:

Asian Pacific American Studies gathers and develops research, scholarship and archival information on the long history and rich contemporary experiences, cultures and communities of Asian Pacific Americans in the Southwest. This minor will target students interested in careers serving and relating to the complex and rapidly changing Asian-American and Pacific Islander population and more broadly with culturally diverse populations.

Program Requirements:

Students will be required to complete 18 credit hours for the minor. Six hours will be a prescribed core and the remaining 12 elective hours will be selected from any of the courses with an APAS prefix.

Required Core Course (6):

APA 200 Introduction to Asian Pacific American Studies, HU/SB, C (3)

APA 360 Asian Pacific American Experience, HU/SB, C (3)

Elective Courses (12):

The remaining 12 credit hours will be completed by selecting courses not taken to fulfill the six required hours and will be selected from any APA course.

Examples of APA electives include but are not limited to:

APA 210 Introduction to Ethnic Studies in the U.S., C (3)

APA 310 Asian Pacific American Arts and Cultures, HU, C (3)

APA 315 Asian Pacific American Literature, HU, C (3)

APA 330 Asian Pacific American Genders and Sexualities, SB, C (3)

APA 340 Asian Pacific Americans and Media, HU, C (3)

APA 345 Asian Pacific Americans and Film, HU, C, H (3)

APA 360 Asian Pacific American Experience, HU/SB, C (3)*

*Note: One APA 360 course is required for the core; other sections may be repeated for credit with different topics.

- Asian Pacific American Psychology
- the Chinese American experience
- the Filipina/o American experience
- the Japanese American experience
- the Korean American experience
- the Multiracial experience
- the Pacific Islander experience
- the South Asian experience
- the Southeast Asian experience

APA 394 Special Topics (may be repeated for credit with a different topic) (3)

APA 450 Asian Pacific American Contemporary Issues, SB, C (3)

APA 484 Internship (3)

APA 494 Special Topics (may be repeated for credit with a different topic) (3)

APA 499 Individualized Instruction (1-3 credits, may be repeated for credit) (3)

Other Requirements and Restrictions

- At least 12 of the 18 credit hours must be upper-division courses (300 or higher).
- All courses for the minor must have a "C" (2.00) grade or higher.
- A minimum of nine credit hours must be taken in residency at ASU.
- No course may be used to satisfy more than one requirement in the minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of

the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Astronomy Minor (LAASTMIN)

Campus: TEMPE

Description:

The astronomy minor is designed for students interested in developing a basic understanding of astronomy and astrophysics and analyzing issues through a scientific viewpoint.

Program Requirements:

The minor in astronomy consists of a minimum of 24 credit hours. At least 12 credit hours must be upper-division courses.

Required courses:

AST 113 Astronomy Laboratory I, SQ (1)*

AST 114 Astronomy Laboratory II, SQ (1)**

AST 321 Introduction to Planetary and Stellar Astrophysics, SQ (3)*

AST 322 Introduction to Galactic and Extragalactic Astrophysics, SQ (3)**

Choose between the course combinations below:

PHY 150 Physics I, SQ (4) OR

PHY 121 University Physics I: Mechanics, SQ (3)*** AND

PHY 122 University Physics Laboratory I, SQ (1)***

and

PHY 151 Physics II, SQ (4) OR

PHY 131 University Physics II: Electricity and Magnetism, SQ (3)**** AND

PHY 132 University Physics Laboratory II, SQ (1)****

or

PHY 252 Physics III, SQ (4)

Eight credit hours of electives are chosen with approval of an astronomy advisor from upper-division courses in physics and astronomy.

*Both AST 113 and 321 must be taken to secure SQ credit.

**Both AST 114 and 322 must be taken to secure SQ credit.

***Both PHY 121 and 122 must be taken to secure SQ credit.

****Both PHY 131 and 132 must be taken to secure SQ credit.

Courses required for the astronomy minor may have additional prerequisites.

Enrollment Requirements:

All students will be required to meet with an academic advisor in the School of Earth and Space Exploration to declare the minor and confirm that the requirements are being met. The student should also consult an academic advisor in the college or department of the major to make sure the

college or department of the major allows the recognition of the minor. The Degree Audit Reporting System will be used for tracking student progress and verifying completion of the minor.

Minimum Residency Requirement

Students must take at least 12 of the 24 units required for the minor at ASU and at least six of the upper-division hours must be taken from courses offered by the College of Liberal Arts and Sciences. Transfer course work must be evaluated by an advisor in the School of Earth and Space Exploration before it can be applied toward the minor requirements.

The College of Liberal Arts and Sciences and the School of Earth and Space Exploration must officially certify, through established verification procedures, that all requirements for the minor have been met. The college of the student's major allows recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Astrophysics Minor (LAASTPHMIN)

Campus: TEMPE

Description:

The astrophysics minor is designed for students interested in developing a background in the theoretical modeling and observational techniques of galactic and stellar astronomy, extragalactic astronomy and cosmology. Students completing the minor will acquire the following abilities: to think critically about scientific problems, to reduce complex problems to their most important attributes, and to design experiments, observations and theoretical models to address those attributes. Students pursuing an astrophysics minor are expected to have a strong background in physics and mathematics.

Program Requirements:

The minor in astrophysics consists of a minimum of 20 credit hours.

The following courses are required for the minor, adding up to 12 credit hours.

AST 321 Introduction to Planetary and Stellar Astrophysics (3)
AST 322 Introduction to Galactic and Extragalactic Astrophysics (3)
AST 421 Astrophysics I (3)
AST 422 Astrophysics II (3)

Students must also choose one of the following options for the additional eight credit hours:

Option 1:

SES 121 Earth, Solar System and Universe I, SQ (3)
SES 122 Earth, Solar System and Universe II (3)
SES 123 Earth, Solar System and Universe Laboratory I (1)
SES 124 Earth, Solar System and Universe Laboratory II (1)

Option 2:

AST 111 Introduction to Solar Systems Astronomy (3)
AST 112 Introduction to Stars, Galaxies, and Cosmology (3)
AST 113 Astronomy Laboratory I (1)
AST 114 Astronomy Laboratory II (1)

Option 3:

At least eight credit hours of AST or SES upper-division electives; these may include (but are not limited to):

AST 494 Observing Instrumentation and Data Analysis (3)

SES 311 Essentials of Astrobiology: Exploration for Life in the Universe (3)

Courses required for the astrophysics minor may have additional prerequisites.

Enrollment Requirements:

All students will be required to meet with an academic advisor in the School of Earth and Space Exploration to declare the minor and confirm that the requirements are being met. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor. The Degree Audit Reporting System system will be used for tracking student progress and verifying completion of the minor.

Minimum Residency Requirement

Students must take at least 12 of the 20 units required for the minor at ASU and at least six of the upper-division hours must be taken from courses offered by the College of Liberal Arts and Sciences. Transfer course work must be evaluated by an advisor in the School of Earth and Space Exploration before it can be applied toward the minor requirements.

The College of Liberal Arts and Sciences and the School of Earth and Space Exploration must officially certify, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Biochemistry Minor (LABCHMIN)

Campus: TEMPE

Description:

The biochemistry minor is designed to give students majoring in other disciplines a solid grounding in the basics of biochemistry in order to complement their major degree. It is especially appropriate for students whose majors are in the various disciplines of life sciences, physics, engineering and geology and for students planning careers in medical disciplines.

Program Requirements:

A minor in biochemistry is awarded to students who complete 28 credit hours in the following required courses:

BCH 461 General Biochemistry (3)

BCH 462 General Biochemistry (3)

BCH 467 Analytical Biochemistry Laboratory, L (3)

CHM 113 General Chemistry I, SQ (4)

CHM 116 General Chemistry II, SQ (4)

CHM 233 General Organic Chemistry I (3)

CHM 234 General Organic Chemistry II (3)

CHM 237 General Organic Chemistry Laboratory I (1)

CHM 238 General Organic Chemistry Laboratory II (1)

CHM 341 Elementary Physical Chemistry (3)

A minimum grade of "C" (2.00 on a scale of 4.00) is required for each of the courses.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through

established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Biological Sciences Minor (LABIOMIN)

Campus: TEMPE

Description:

Biological sciences encompasses the study of all living things and includes the study of basic organization and function, how organisms evolve, their roles in the natural environment, how hereditary information is transferred and the development of biotechnology. The biological sciences minor is designed to provide students interested in the biological sciences with a flexible curriculum that can be tailored to their interests.

Program Requirements:

The minor consists of 24 credit hours, which can be taken in one of two options.

Option 1

BIO 281 Conceptual Approaches to Biology for Majors I (4)
BIO 282 Conceptual Approaches to Biology for Majors II (4)
BIO 340 General Genetics (4)
BIO 345 Organic Evolution (3)

Option 2

BIO 281 Conceptual Approaches to Biology for Majors I (4)
BIO 282 Conceptual Approaches to Biology for Majors II (4)
MBB 347 Molecular Genetics: From Genes to Proteins (4)
MIC 220 Biology of Microorganisms and MIC 206 Microbiology Laboratory (4)

The remaining hours are selected by the student with the approval of a School of Life Sciences advisor.

Notes:

- At least 12 hours must be upper-division courses in the life sciences and at least six upper-division hours taken at the Tempe campus.
- Courses which are not available for credit in the life sciences majors cannot be used for the minor (e.g., BIO 100 The Living World, BIO 201 Human Anatomy and Physiology I, and BIO 202 Human Anatomy and Physiology II).
- Internship courses are not accepted as fulfilling the 24-credit-hour requirement.

Enrollment Requirements:

This minor is not available to students majoring in the life sciences. Students in most majors may pursue one or more minors and upon successful completion of the prescribed course work have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Business Minor (BABUSMIN)

Campus: ONLNE, TEMPE

Description:

A minor in business is available to students across the university who are interested in business courses but wish to pursue majors in other colleges. The courses available for the minor are designed to appeal to and inform the nonbusiness student while covering a broad range of topics that are important to managers, such as:

- accounting
- computer information systems
- economics
- finance
- management
- marketing
- supply chain management

Program Requirements:

Students must complete 18 credit hours (12 of which must be upper-division) of the specified business courses with a grade of "C" (2.00) or higher in each course. At least 12 credit hours must be taken at ASU.

Students may not double count any courses with other business certificates.

The upper-division courses specified for the minor will be restricted to students with 56 earned credit hours and a minimum 2.00 ASU cumulative GPA.

Business students are not eligible to apply for the minor.

Required Courses:

ACC 382 Accounting and Financial Analysis (3)*
ECN 212 Microeconomic Principles, SB (3)
FIN 380 Personal Financial Management (3)
MGT 380 Management and Strategy for Nonmajors (3)
MKT 390 Essentials of Marketing (3)

Electives (select one):

CIS 300 Web Design and Development (3)
CIS 394 Special Topics (3)
ECN 211 Macroeconomic Principles (3)
FIN 331 Financial Markets and Institutions (3)
MKT 391 Essentials of Selling (3)
MKT 394 Special Topics (3)
MKT 395 Essentials of Advertising and Marketing Communication (3)
REA 380 Real Estate Fundamentals (3)
SCM 301 Introduction to Modern Global Supply Chain Management (3)
SCM 394 Special Topics (3)

*Students who have taken ACC 230 or ACC 231 should see a business advisor.

Note: If a student has taken one of the approved courses, above, and it is not showing in the DARS audit, they are asked to call (480) 965-4227 or go to BA 160 for assistance.

Enrollment Requirements:

Application:

A student seeking the business minor must see an advisor in the student's major in order to add the minor to the student's degree audit (DARS).

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Chemistry Minor (ASCHMMIN)

Campus: WEST

Description:

The minor in chemistry gives students expanded proficiency in the area of chemistry. Many of the growing career fields, such as forensics, medicine and environmental quality, require a greater degree of chemistry than in the past. Therefore, students with a greater chemistry background will have a competitive advantage in these fields. The chemistry minor gives students more experience in the advanced and integrative fields of chemistry through additional biochemistry and analytical chemistry courses. The awarding of the chemistry minor highlights the students' expanded chemistry knowledge to future schools and employers.

Program Requirements:

The minor in chemistry consists of a minimum of 25 credit hours, of which nine credit hours must be taken in the life sciences department. Students may have to take additional prerequisites in order to enroll in BCH 371 and BCH 372.

Required Courses:

BCH 371 Modern Concepts in Biochemistry (3)

BCH 372 Modern Concepts in Laboratory (1)

CHM 113 General Chemistry I (4)

CHM 116 General Chemistry II (4)

CHM 233 General Organic Chemistry I (3)

CHM 234 General Organic Chemistry II (3)

CHM 237 General Organic Chemistry Laboratory I (1)

CHM 238 General Organic Chemistry Laboratory II (1)

LSC 375 Analytical Chemistry for Life Sciences (3)

LSC 376 Analytical Chemistry for Life Sciences Laboratory (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Chemistry Minor (LACHMMIN)

Campus: TEMPE

Description:

The chemistry minor is designed to give students majoring in other disciplines a solid grounding in the basics of chemistry in order to complement their major degree. It is especially appropriate for student whose majors are in the various disciplines of physics, materials science, geology, engineering and life sciences.

Program Requirements:

A minor in chemistry is awarded to students who complete a minimum 28 credit hours. The following courses are required:

CHM 113 General Chemistry I, SQ (4)
CHM 116 General Chemistry II, SQ (4)
CHM 233 General Organic Chemistry I (3)
CHM 234 General Organic Chemistry II (3)
CHM 237 General Organic Chemistry Laboratory I (1)
CHM 238 General Organic Chemistry Laboratory II (1)
CHM 325 Analytical Chemistry (3)
CHM 326 Analytical Chemistry Laboratory (1)
choose between the course combinations (8 credit hours):

BCH 361 Advanced Principles of Biochemistry (3)
BCH 367 Elementary Biochemistry Laboratory (1)
CHM 341 Elementary Physical Chemistry (3)
CHM 343 Elementary Physical Chemistry Laboratory (1)

--- or ---

CHM 345 Physical Chemistry I (3)
CHM 346 Physical Chemistry II (3)
CHM 348 Physical Chemistry Laboratory I (1)
CHM 349 Physical Chemistry Laboratory II (1)

A minimum grade of "C" (2.00 on a scale of 4.00) is required for each of the courses in the minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Communication Minor (HSCMNMIN)

Campus: WEST

Description:

The communication minor offers students the opportunity to understand the role and function of communication in cultural, public, organizational and relational contexts. The program offers a flexible set of courses and is designed for students majoring in another field. A maximum of six credit hours are allowed from lower-division course work.

Program Requirements:

The minor consists of 18 credit hours of communication courses. Students wishing to pursue a minor must meet with a communication advisor to construct a minor that reflects a particular area of specialty and interest. At least 12 credit hours must come from upper-division courses. To graduate with the minor, students must earn a minimum cumulative GPA of 2.00 in communication courses. All courses must be passed with a minimum grade of "C" (2.00).

Enrollment Requirements: The minor in communication is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and determine if the major allows the recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences website for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor.

Communication Minor (LACOMMIN)

Campus: TEMPE

Description:

The minor in communication focuses on teaching students how communication processes create, maintain and transform identities, relationships, workplaces and communities.

Our mission statement is, "Through the study and critique of human communication, we generate knowledge, creativity and understanding to facilitate healthy relationships and workplaces, civil and secure communities and constructive intercultural interaction."

Program Requirements:

The minor in communication consists of 18 credit hours of courses:

COM 100 Introduction to Human Communication (3)
COM 225 Public Speaking (3) OR
COM 259 Communication in Business and the Professions (3)

Two of the following courses:

COM 310 Relational Communication (3)
COM 312 Communication, Conflict, and Negotiation (3)
COM 316 Gender and Communication (3)
COM 323 Communication Approaches to Popular Culture (3)

Two upper-division related courses in Global Studies, Asian Pacific American Studies, African and African American Studies, Transborder Chicana/o and Latina/o Studies or American Indian Studies (SGS, APA, AFR, TCL or AIS) (6)

Nine of the 18 credit hours must be in courses offered by the College of Liberal Arts and Sciences. No pass/fail, "Y" credit or credit/no-credit courses are allowed. Communication courses required for one's major may not also count for the minor. All prerequisites and GPA requirements must be met. The "C" (2.00) minimum grade requirement must be met for each class.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation. The college or department of the minor must officially certify, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Community Sports Management Minor (PPCSMMIN)

Campus: DTPHX

Description:

The community sports management minor focuses on the role that amateur and recreational sports play in a community. Emphasis is on the role of sports across the life span provided through sports organizations and programs that also support community development.

Program Requirements:

Students must complete the courses for the minor with a grade of "C" or better.

Core courses:

CSM 201 Introduction to Community Sports (3)
CSM 305 Survey of Sports Facility Design (3)
CSM 407 Ethics and Legal Issues in Sports
PRM 315 Community Recreation Systems (3)

Students must select six credits of electives from the following:

CSM 335 Sports and Recreation for Youth Development
CSM 481 Sports Tourism (3)
CSM 485 Sports Events (3)
NLM 220 Introduction to Nonprofit Management (3)

NLM 310 Volunteer Management (3)
PRM 364 Foundations of Therapeutic Recreation (3)
Others with advisor approval

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Computational Mathematical Sciences Minor (LACMSMIN)

Campus: TEMPE

Description:

The computational mathematical sciences curriculum strives to provide students with a background in computer science and the natural or physical sciences in addition to a core of course work in mathematics.

Program Requirements:

The minor in computational mathematical sciences consists of a minimum of 18 credit hours. Required courses are the following, for a total of 18-20 credit hours:

MAT 271 Calculus with Analytic Geometry II, MA (4) OR
MAT 266 Calculus for Engineers II, MA (3)
MAT 272 Calculus with Analytic Geometry III, MA (4) OR
MAT 267 Calculus for Engineers III, MA (3)
MAT 342 Linear Algebra (3) OR
MAT 343 Applied Linear Algebra (3)
MAT 420 Scientific Computing (3)
MAT 421 Applied Computational Methods, CS (3)
MAT 423 Numerical Analysis I, CS (3) OR
MAT 425 Numerical Analysis II, CS (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information and see <http://math.asu.edu/degree-programs/programs/undergraduate> (<http://math.asu.edu/degree-programs/programs/undergraduate>).

Construction Management Minor (ESCMGMIN)

Campus:**Description:**

This minor will be comprised of course work in construction management processes incorporating the technology and industry practices required to ensure a quality built environment. Due to industry demands for increased numbers of skilled personnel, this minor will provide much needed supplementary knowledge for architects, engineers and business majors as well as students majoring in sustainability.

Program Requirements: Core Required:

CON 244 Working Drawing Analysis (2)
CON 271 Construction Safety (3)
CON 383 Construction Estimating (4)
CON 453 Construction Project Management I (3) OR CON 494 Heavy Construction Project Management

Electives:

CON 252 Building Construction Methods, Materials, and Equipment (3) OR CON 243 Heavy Construction Equipment, Methods and Materials (3)
CON 448 Sustainable Construction (3)
CON 495 Construction Planning and Scheduling (3)
CON 496 Construction Contract Administration (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Criminology and Criminal Justice Minor (PPCRJMIN)

Campus: DTPHX, ONLNE**Description:**

The minor in criminology and criminal justice allows students in other undergraduate programs at ASU to explore issues of crime, law and the criminal justice system. The minor provides students with the tools to analyze complex issues and policies within the criminal justice system, enhancing students' ability to understand the nature of crime and the system response to law breaking. In addition to the three required courses, which provide a solid understanding of the field, each student will be able to select electives to meet his or her specific interests. Criminal justice majors cannot earn a minor in criminal justice.

Program Requirements:

Students are required to:

- at minimum, be in junior standing to take upper-division courses
- complete CRJ 100 as the prerequisite for all upper-division CRJ courses
- complete a minimum of 18 credit hours of graded classroom and online course work (internship or independent study not applicable)
- complete a minimum of 12 credit hours of CRJ resident credit at ASU
- earn a grade of "C" (2.00) or higher for all classes in the minor
- meet with a criminal justice advisor prior to registration
- take a minimum of 12 credit hours of upper-division CRJ course work from the approved list

Required Core Courses:

CRJ 100 Introduction to Criminal Justice, SB (3)

choose one of the following:

CRJ 201 Criminal Justice Crime Control Policies and Practice (3)

CRJ 203 Courts and Sentencing (3)

CRJ 204 Juvenile Justice (3)

CRJ 225 Introduction to Criminology, SB (3)

CRJ 230 Introduction to Policing (3)

CRJ 240 Introduction to Corrections (3)

choose one of the following:

CRJ 305 Gender, Crime and Criminal Justice, C (3)

CRJ 306 Race, Ethnicity, Crime and Criminal Justice, C (3)

CRJ 350 Law and Social Control, SB (3)

CRJ 410 Procedural Criminal Law (3)

Electives (9)

Choose any three additional upper-division CRJ courses. They must be selected from 300- and 400-level courses.

Enrollment Requirements:

Applicants are asked to please meet with a criminal justice advisor prior to registration.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Dance Minor (FADANMIN)

Campus: TEMPE

Description:

The School of Film, Dance and Theatre provides a dynamic and culturally diverse learning environment in which students develop their creativity as artists, scholars and educators. The interdisciplinary curriculum promotes creative collaboration and a holistic approach to acquiring skills for successful career transitions. Movement practices, performance and creativity practice define the core of the program. The rich educational experience is further enhanced by studies in:

- criticism
- dance cultures
- dance history
- digital media
- movement science
- music

- pedagogy and leadership
- philosophy
- production
- somatics

Program Requirements:

The minor in dance consists of 18 semester hours of course work, including 12 upper-division semester hours.

A minimum grade of "C" (2.00) or higher is required in all courses that fulfill the dance minor.

Dance Minor Requirements:

Choose one from the following courses, for a total of three credit hours:

DCE 100 Introduction to Dance, HU, G (3)

DCE 201 Dance, Culture and Global Context, HU, G (3)

Choose one from the following courses, for a total of three credit hours:

DCE 300 Moving Histories, HU (3)

DCE 301 Meaning in Motion, L or HU (3)

DCE 340 Media for Dance, CS (3)

DCE 350 Dance in the Classroom: Learning Through Movement, HU (3)

DCE 394/494 Special Topics (see academic advisor for approved special topics courses.)

DCE 402 Ethnography of Dance Practices, L or HU, G (3)

Choose two from the following courses, for a total of four credit hours:

DCE 110 Argentine Tango I (2)

DCE 111 Raqs Sharqi I (2)

DCE 112 Capoeira I (2)

DCE 113 Dances of Africa 1 (2)

DCE 114 Dances of India I (2)

DCE 115 Yoga I (2)

DCE 116 T'ai Chi Ch'uan I (2)

DCE 117 Feldenkrais I (2)

DCE 118 Yoga/Pilates (2)

DCE 120 Modern Dance 1 (2)

DCE 121 Ballet 1 (2)

DCE 122 Jazz I (2)

DCE 123 Hip Hop I (2)

DCE 124 Latin/Swing/Ballroom I (2)

DCE 125 Latin/Salsa I (2)

DCE 126 Country-Western (2)

DCE 194/294 Special Topics (see academic advisor for approved special topics courses)

DCE 210 Argentine Tango II (2)

DCE 211 Raqs Sharqi II (2)

DCE 216 T'ai Chi Ch'uan II (2)

DCE 220 Modern Dance 2 (2)

DCE 221 Ballet 2 (2)

DCE 222 Jazz II (2)

DCE 223 Hip Hop II (2)

DCE 224 Latin/Swing/Ballroom II (2)

DCE 225 Latin/Salsa II (2)

DCE 324 Latin/Swing/Ballroom III (2)

Choose eight hours of dance electives (to complete 18 hours overall); must include 12 upper division hours.

Note: Students interested in enrolling in movement courses reserved for dance majors only must attend the course on the first day of class for placement and instructor permission. Dance major courses: DCE 133 Urban Movement Practices I (2), DCE 134 Postmodern Contemporary I (3), DCE 135 Contemporary Ballet I (2), DCE 136 Introduction to Movement Language Sources (3).

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Design Studies Minor (ARDSNMIN)

Campus: TEMPE

Description:

Students interested in design can earn a minor in design studies. This minor is a nonstudio-based program of study in design that focuses on the design disciplines offered in the ASU Herberger Institute:

- architectural studies
- graphic design
- industrial design
- interior design
- landscape architecture

The courses may also appeal to students who wish to pursue the study of design within the BIS.

Program Requirements:

Courses selected must satisfy the minimum requirement of 18 credit hours for the minor. Twelve of the credit hours must be in 300-level or 400-level course work. To enhance understanding of the subject matter, some of the designated courses are sequential in nature and require certain prerequisites. Consequently, students should carefully note the semester in which these particular courses are offered. All designated courses for the minor in design studies are lecture courses. To pursue the minor in design studies, students must have a minimum cumulative GPA of 2.50.

Designated Courses for the Minor:**Architecture and Landscape Architecture**

ALA 100 Introduction to Environmental Design, HU, G, H (3)
ALA 102 Landscapes and Sustainability, HU, G (3)
APH 313 History of Architecture I, L or HU, G, H (3)
APH 314 History of Architecture II, L or HU, G, H (3)
APH 421 First Concepts: What is...The Writing, Philosophy, and Culture of Architecture, L or HU (3)
APH 494 Culture of Place (3)
LPH 310 History of Landscape Architecture, HU, H, G (3)
LPH 311 20th-Century Landscape Architecture, HU (3)

Design

DSC 101 Design Awareness, HU, G (3)
DSC 194 Design Thinking, HU (3)
DSC 394 Design Entrepreneurship & Society (3)

Graphic Design

GRA 101 Designing Life (3)
GRA 111 Graphic Design History I, HU (3)
GRA 112 Graphic Design History II (3)
GRA 225 Communication/Interaction Design Theory (3)
GRA 345 Design Rhetoric, L (3)
GRA 401 Creative Environment (3)
GRA 440 Finding Purpose (3)

Industrial Design

IND 242 Materials and Design (3)

IND 243 Design for Ecology and Social Equity (3)

IND 316 20th-Century Design I, HU, H (3)

IND 317 20th-Century Design II, HU, H (3)

IND 344 Human Factors in Design (3)

IND 354 Principles of Product Design (3)

IND 470 Professional Practice for Industrial Design, L (3)

Interior Design

INT 111 Interior Design Issues and Theories, HU (3)

INT 121 Introduction to Computer Modeling for Interior Design, CS (3)

INT 123 Introduction to Computer-Aided Design of Built Environments (3)

INT 131 Design and Human Behavior, SB (3)

INT 310 History of Interior Design I, HU, H (3)

INT 311 History of Interior Design II, HU, H (3)

INT 412 History of Decorative Arts in Interiors, HU (3)

INT 413 History of Textiles in Interior Design (3)

INT 415 Latin American Design (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Digital Culture Minor (HIDGCMIN)

Campus: TEMPE

Description:

The digital culture minor in the Herberger Institute for Design and the Arts focuses on the creative exploration of how new media is influencing our culture or, rather, the way we live, learn, create and communicate. The digital culture minor allows students to enhance their program of study with integrated, interdisciplinary training in creative processes and technical skills in new media with cultural applications.

The curriculum is outcomes-based rather than course sequence-based. The curriculum uses an innovative proficiency-based network to connect courses across academic disciplines, instead of traditional methods such as course prerequisites. Proficiencies in the curriculum identify common generalized learning outcomes across disciplines participating in the initiative.

Program Requirements:

The digital culture minor requires 21 credit hours (12 upper-division) in four areas:

capstone culminating project (3)

digital culture studies (9)

media arts and design (3)

media engineering (3)

historical or theoretical studies in digital culture or related digital culture (3)

For a list of digital culture courses, please visit: <http://digitalculture.asu.edu/education/courses> (<http://digitalculture.asu.edu/education/courses>)

A student must have a minimum GPA of 2.50 to be eligible to pursue the minor. A minimum grade of a "C" (2.00) and an overall GPA of 3.00 is required in all classes in the minor. Courses in the minor may not be used as part of a major. A minimum of 12 upper-division semester hours of credit at ASU is required.

Enrollment Requirements:

There is no special application process for the digital culture minor.

Students add the minor by meeting with the academic advisor for their major. Students are also required to meet with the digital culture academic success coordinator to develop the digital culture pathway that best meets the proficiencies for the work they are interested in pursuing.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Early Childhood Education Minor (TEECEDMIN)

Campus: DTPHX, POLY, TEMPE, WEST

Description:

A minor in early childhood education will allow students to combine their knowledge of their major discipline while coming to understand educational practices and issues. The ultimate goal of this minor is to produce graduates who are educated in their major field of study and who understand and appreciate education that will positively impact the community. The service learning experience embedded in this minor will enable students to apply their knowledge and skills to meaningful service experience in the community.

Program Requirements:

Courses that will be required for minor:

ECD 211 The Developing Child: Theory into Practice, Prenatal to Grade 3, SB (3)

ECD 220 Introduction to Nutrition, Health and Safety (2)

ECS 312 Social and Emotional Development of the Young Child, SB (3)

ECS 431 Family, Community and Professional Support Systems (3)

EDP 310 four one-hour electives in Educational Psychology for Non-Teachers (4)

USL 210 Service Learning: Intro to Diverse Community Issues/410 Service Learning: Diverse Community Issues, L, C (3)

Enrollment Requirements:

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Economics Minor (LAECNMIN)

Campus: TEMPE

Description:

The program of study is designed for students with an interest in studying the fundamentals of economics and applications.

Program Requirements:

This minor (and BIS area of concentration) requires 18 credit hours of course work, which includes:

ECN 211 Macroeconomic Principles, SB (3)

ECN 212 Microeconomic Principles, SB (3)

12 hours of economics courses at the 300 level or above for which all prerequisites have been met

Only courses in which a student receives a grade of "C" (2.00) or higher may be used to meet these requirements. Six credit hours of upper-division course work must be completed in courses offered by the W.P. Carey School of Business.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Students should also consult with an academic advisor in the college or department of their major to make sure the college or department of their major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information:

Educational Studies Minor (TEEDSTMIN)

Campus: DTPHX, POLY, TEMPE, WEST

Description:

A minor in educational studies is designed for students who want to work with children, youth and adults outside of a formal classroom setting. This minor provides a foundation in the field of education by studying current issues and educational practices for the community setting. This minor is very versatile and applies to a wide variety of programs and opportunities.

Program Requirements:

Courses that will be required for minor:

EDP 310 Educational Psychology for Non-Teachers (3)

EDT 463 Games for Impact: The Full Life Cycle (3)

SPE 222 Orientation to Education of Exceptional Children, SB, C (3)

SPF 301 Culture and Schooling, L (3)

TEL 111 Exploration of Education, SB (3)

USL 210 Service Learning: Intro to Diverse Community Issues/USL 410 Service Learning: Diverse Community Issues, L and C (3)

Enrollment Requirements:

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Engineering Management Minor (ESENMMIN)

Campus: ONLNE, TEMPE

Description:

The minor in engineering management is designed to provide the student with skills for effective management and leadership of engineering-driven enterprises. The minor curriculum supplements the student's major by adding to the breadth of engineering science and design, and equips the student with additional management and design skills. This knowledge is augmented with an understanding of business practices, organizational behavior and management skills to enable the graduate to succeed in the management of a scientific or engineering enterprise. Topics such as project and resource management, financial engineering, risk management, configuration management, service plans, product liability, entrepreneurship and operations management are covered, in addition to product design and process development.

Program Requirements:

The program of study for a minor in engineering management requires a minimum of 18 credit hours. Note that industrial engineering or engineering management majors will NOT be eligible for the minor.

The minor requires completion of four core courses (12 credit hours) and two elective courses (six credit hours) for a total of 18 credit hours. All courses must be passed with a "C" or better. At least 12 credit hours must be completed in residency at ASU or through ASU Online. The required core courses include:

IEE 220 Business/Industrial Engineering (3)

IEE 300 Economic Analysis for Engineers (3)

IEE 431 Engineering Administration, L (3)

IEE 458 Project Management OR CEE 481 Civil Engineering Project Management (3)*

*CEE 481 may not be used for both the Civil Engineering degree (major) and the Engineering Management minor.

The two elective courses must be selected from the following list:*

IEE 369 Work Analysis and Design, L (3)

IEE 376 Operations Research Deterministic Techniques/Applications (3)

IEE 381 Lean Six Sigma Methodology (3)

IEE 412 Introduction to Financial Engineering (3)

IEE 454 Risk Management (3)

IEE 456 Introduction to Systems Engineering (3)

IEE 474 Quality Control (3)

IEE 498 Analysis of Decision Processes (3)

*Please note that there may be additional prerequisites for the courses in the elective list above.

Enrollment Requirements:

Prior to enrolling in the minor, students must have completed MAT 265 and MAT 266 (or an equivalent calculus sequence) with a grade of "C" or better in each.

Interested students should consult with a CIDSE advisor to verify eligibility and to review all courses required for the minor. To schedule a CIDSE advising appointment, go to <https://fultonapps.asu.edu/advising> (<https://fultonapps.asu.edu/advising>).

Students interested in the engineering management minor should also consult with the advisor of the major to ensure recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

English Minor (ASENGMIN)

Campus: WEST

Description:

A minor in English represents an ideal choice for students who enjoy English but who are committed to another major. The requirements ground the student in the basics of literary and cultural study, and then allow for a range of course offerings in creative writing, linguistics, rhetoric, literature, and technical and professional communication. The minor will help the student to become a better writer, reader and thinker, making the English minor the perfect complement to any major.

Program Requirements:

The minor in English requires a minimum of 24 credit hours, of which 18 must be upper-division (300 or 400 level). Students must complete a minimum of six upper-division credit hours in courses offered by the New College of Interdisciplinary Arts and Sciences.

Required Core Course:

ENG 200 Critical Reading and Writing about Literature, L/HU (3)

Distribution Cluster Requirement:

Select one course from each distribution cluster (see advisor or posted checksheet for specific course offerings). Fifteen credits are required, and at least two courses, for six upper-division credits, must be at the 400 level. Students may, once only, use one course to satisfy two distribution requirements:

- literature and culture before 1860
- literature and culture after 1860
- critical theories
- ethnicity, gender and post-coloniality
- writing and linguistics

Additional hours, to complete 24 credit hours, are electives chosen from program offerings. Eighteen credit hours overall must be upper-division.

Enrollment Requirements:

Students wishing to pursue the English minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

English Minor (LAENGMIN)

Campus: ONLNE

Description:

A minor in English will provide students with preparation for any profession requiring strong analytical and communication skills, including in careers in: publishing, journalism, public relations, nonprofit organizations, professional and technical writing, education, business, banking, grassroots activism, law, and medicine as well as numerous others throughout industry and government.

The minor in English is delivered entirely online and serves as a complement to the chosen major of undergraduate students who are pursuing an

ASU major online.

Program Requirements:

The online minor in English consists of 24 credit hours, including ENG 200 Critical Reading and Writing About Literature, L/HU (3). The program also requires:

a minimum of six credits in ENG courses at the 300 level

a minimum of six credits in ENG courses at the 400 level To complete the 24 credit hours, students choose electives from among the department's offerings. At least four courses (12 of the 24 hours) must be taken at the 300 or 400 level with the remaining nine credit hours to be completed with ENG 200-499 courses. A grade of "C" (2.00) or higher is required in all courses taken for the minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

English Minor (LSENGMIN)

Campus: POLY

Description:

The minor in English focuses on effective writing, critical thinking and sophisticated reading of literary and non-literary texts.

Program Requirements:

This minor requires 24 credit hours of ENG courses, to include ENG 200 Critical Reading and Writing About Literature, L or HU (3) and a minimum of 12 upper-division hours, of which six credit hours must be taken through the School of Letters and Sciences. All course work for the minor must be completed with a grade of "C" (2.00) or higher.

Enrollment Requirements:

Please contact the school for details.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

English (Linguistics) Minor (LAENGMINN)

Campus: TEMPE

Description:

Students pursuing a minor in English with a concentration in linguistics study the nature, variation and structure of language.

Program Requirements:

The minor in English with a concentration in linguistics consists of 24 credit hours. A minimum of 12 upper-division credits is required, with at least six of these credits from courses offered by the College of Liberal Arts and Sciences. Required courses are as follows:

ENG 200 Critical Reading and Writing About Literature, L/HU (3)
ENG 213 Introduction to the Study of Language (3)
ENG 221 Survey of English Literature, HU (3) OR
ENG 222 Survey of English Literature, HU, H (3) OR
ENG 241 Literatures of the United States to 1860, HU (3) OR
ENG 242 Literatures of the United States, 1860 to Present, HU (3)
ENG 312 English in its Social Setting, L/HU/SB (3)
ENG 314 Modern Grammar (3)
ENG 413 History of English Language, HU (3)

The six additional hours are electives chosen from the department's offerings, with at least one course (three credit hours) required at the 300 or 400 level. A grade of "C" (2.00) or higher is required in all courses for the minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

English (Literature) Minor (LAENGMINT)

Campus: TEMPE

Description:

Students pursuing a minor in English with a concentration in literature study British, American and global literatures in English from the earliest writings to the present.

Program Requirements:

The minor in English with a concentration in literature consists of 24 credit hours, including ENG 200 Critical Reading and Writing About Literature, L or HU (3) and one course from three of the following distribution areas:

- literature and culture after 1800
- literature and culture before 1800

- literary theory and interdisciplinary studies
- transnational, postcolonial and global literatures

At least one of these three distribution area courses must be a 400-level course. To complete the 24 credit hours, students choose electives from among the department's offerings. At least 12 hours must be upper-division, with a minimum of six upper-division credits from courses offered by the Department of English in the College of Liberal Arts and Sciences. A grade of "C" (2.00) or higher is required in all courses taken for the minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Ethnic Studies Minor (ASETHMIN)

Campus: WEST

Description:

Students take courses that introduce a general conceptual framework regarding race and ethnicity and how these intersect in the construction of social formations.

Program Requirements:

The minor consists of 18 credit hours, 12 of which must be at the upper-division level. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. Up to three credit hours of individualized instruction may be applied toward the minor. All courses must be passed with a minimum grade of "C" (2.00).

Required Courses (6 credit hours):

HRC 310 Social and Cultural Studies: Method and Theory (3)

HRC 480 Capstone: Practices and Approaches (3)

choose one (3 credit hours):

ETH 100 Introduction to Ethnic Studies, SB, C (3)

ETH 300 Principles of Ethnic Studies, C (3)

Electives (9 credit hours, of which 6 must be upper-division):

These courses must be chosen from the approved ethnic studies course list in consultation with the ethnic studies advisor.

Enrollment Requirements:

Students wishing to pursue the minor in ethnic studies should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly

Family and Human Development Minor (LAFASMIN)

Campus: ONLNE, TEMPE

Description:

A minor in family and human development from the School of Social and Family Dynamics, exposes students to the basic course work and issues within the discipline. This program provides an exceptional balance to studies in psychology, communication, education, business or nursing.

Program Requirements:

The minor in family and human development consists of 18 credit hours in which students specialize in family studies or child development. At least 12 of the 18 credit hours must be in upper-division courses.

Students take the following courses:

CDE 232 Human Development, SB (3)

FAS 101 Personal Growth in Human Relationships, SB (3)

FAS 370 Family, Ethnic and Cultural Diversity, SB, C (3) Three courses (or nine credit hours) must be selected from the following and at least one course must be a CDE course: CDE 312 Adolescence, SB (3)

CDE 337 Early Childhood Intervention (3)

CDE 430 Infant/Toddler Development in the Family, SB (3)

CDE 498 Pro-Seminar (3) or FAS 498 Pro-Seminar (3)

FAS 301 Introduction to Parenting (3)

FAS 331 Marriage and Family Relationships, SB (3)

FAS 332 Human Sexuality, SB (3)

SOC 418 Aging and the Life Course, SB, H (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Film and Media Production Minor (FAFMPMIN)

Campus: TEMPE

Description:

Students pursuing the film minor will study the basic production processes of film while exploring its history and contemporary social issues.

Program Requirements:

The school offers a minor in film and media production, consisting of 18 credit hours of course work. A grade of "C" (2.00) or higher is required for all courses in the minor. All prerequisites for the minor courses must be met. Transfer students may transfer up to six credit hours toward the minor.

The following courses are required, for a total of 12 credit hours:

FMP 201 Film: The Creative Process I, HU (3)*

FMP 250 Sex and Violence in Film and TV: Ethics Survey (3)

FMP 300 Focus on Film: Film Production for Nonmajors (3)

THE 403 Independent Film, HU (3)

*Students considering a minor in theatre concurrently must complete an additional course in theatre or film to make up for the overlapping FMP 201 course.

Also required are six credit hours of upper-division electives related to film and media production. Choose from courses with the FMP, THP or THE prefix. Contact the school for options and course requirements.

Courses ordinarily limited to majors only are available to minors on a second-priority basis; that is, minors may not register for these courses early, but are allowed to register after all major students' needs have been met.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Film and Media Studies Minor (LAFMSMIN)

Campus: ONLNE, TEMPE

Description:

The film and media studies minor is useful for students who want to explore the critical and creative study of film and media. Students can select to study a range of courses that emphasize media and society, media industries, styles and genres and screenwriting.

Program Requirements:

The film and media studies minor consists of 18 credit hours. Of the 18 credit hours, 12 credit hours are upper-division courses.

Required courses include:

FMS 100 Introduction to Film, HU (3)

FMS 200 Film History, L or HU, H (3)

FMS 300 Television and Cultural Studies, L or HU (3)

three upper-division courses from the areas of emphasis course list

For more information contact the film and media studies advisor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have the accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering the minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allow the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Food and Nutrition Management Minor (ECFNTRMIN)

Campus: DTPHX

Description:

This minor is available to any ASU student interested in developing a greater understanding of nutrition, the food industry and food service operations.

Program Requirements:

The minor requires students to take the following courses, for a total of 18 credit hours:

NTR 100 Introductory Nutrition (3) or NTR 241 Human Nutrition (3)
NTR 142 Applied Food Principles (3)
NTR 300 Computer Applications in Nutrition, CS (3)
NTR 343 Food Service Purchasing (3)
NTR 344 Nutrition Services Management, L (3)
NTR 445 Management of Food Service Systems (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

French Minor (LAFREMIN)

Campus: TEMPE

Description:

Students pursuing a minor in French gain an understanding of the language, literature and cultures of French-speaking peoples and regions. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. For more information, go to <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>).

Program Requirements:

The French minor requires 18 upper-division credit hours. Course substitutions are allowed for heritage and advanced speakers of the language.

Required courses include:

FRE 311 Oral and Written Expression, G (3)

FRE 312 Oral and Written Expression II, G (3)

FRE 321 French Literature, L or HU, H (3) or FRE 322 French Literature, L or HU (3)

Nine credit hours of upper-division French courses with at least three credit hours from the 400 level are also required.

Enrollment Requirements:

Students who wish to add a minor in French to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Geography Minor (LAGCUMIN)

Campus: TEMPE

Description:

The minor in geography enables students to be as broad or as specific in their geographic education as they wish. Beyond the two required lower-division courses, at least four upper-division courses in geography must be completed.

Program Requirements:

A minor in geography is awarded to students who complete a minimum of 18 hours in geography (at least 12 hours must be upper-division). A grade of "C" (2.00) or higher is required for all courses in the minor. The following lower-division courses are required:

GCU 102 Introduction to Human Geography, SB and G (3)

GPH 111 Introduction to Physical Geography, SQ (4) OR

GPH 211 Landform Processes, SQ (4)

The remaining upper-division courses (12 hours) must be taken from the GCU or GPH prefixes.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Geological Sciences Minor (LAGLGMIN)

Campus: TEMPE

Description:

The geological sciences minor is designed for students interested in developing a basic understanding of earth science and analyzing issues through a scientific viewpoint.

Program Requirements:

The minor in geological sciences consists of a minimum of 21 credit hours.

The following courses are required for the minor, adding up to 15 credit hours:

GLG 101 Introduction to Geology I (Physical), SQ (3)*
GLG 102 Introduction to Geology II (Historical), SG, H (3)**
GLG 103 Introduction to Geology I-Laboratory, SQ (1)*
GLG 104 Introduction to Geology II-Laboratory, SG (1)**
GLG 310 Structural Geology (3)
GLG 321 Mineralogy (3)
GLG 400 Earth and Space Exploration Colloquium (1)
*Both GLG 101 and 103 must be taken to secure SQ credit.
**Both GLG 102 and 104 must be taken to secure SG credit.

Six credit hours of electives are chosen with the approval of a geology advisor from upper-division courses with geological sciences topics. GLG 400 is not permitted.

Courses required for the geological sciences minor may have additional prerequisites.

Enrollment Requirements:

All students will be required to meet with an academic advisor in the School of Earth and Space Exploration to declare the minor and confirm that the requirements are being met. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor. The Degree Audit Reporting System will be used for tracking student progress and verifying completion of the minor.

Minimum Residency Requirement

Students must take at least 12 of the 21 units required for the minor at ASU and at least six of the upper-division hours must be taken from courses offered by the College of Liberal Arts and Sciences. Transfer course work must be evaluated by an advisor in the School of Earth and Space Exploration before it can be applied toward the minor requirements.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

German Minor (LAGERMIN)

Campus: TEMPE

Description:

Students pursuing a minor in German gain an understanding of the language, literature and cultures of German-speaking peoples and regions. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. Go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>) for more information.

Program Requirements:

The German minor requires 18 hours, 15 of which must be upper-division. Course substitutions are allowed for heritage and advanced speakers of the language.

Required courses include:

GER 310 Advanced German Grammar, G (3)

Choose two courses (6 hours) from:

GER 311 German Conversation, G (3)

GER 312 Readings in German Culture, G (3)

GER 313 German Composition, G (3)

Choose one 400-level GER course (3)

Choose two GER elective courses (6)*

*A maximum of three credit hours are allowed from GER 202

Enrollment Requirements:

Students who wish to add a minor in German to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Global Health Minor (LASSHMIN)

Campus: ONLINE, TEMPE

Description:

The minor in global health is an interdisciplinary program designed for students who seek a broad and flexible set of skills for understanding contemporary health challenges and thinking about how they might best be solved. Global is understood in the anthropological sense, meaning ways of understanding and addressing disease, health and well-being that can incorporate all cultures, places and time and that can integrate knowledge of health's social, historical, biological and ecological dimensions.

Program Requirements:

The minor is comprised of 18 credit hours, with a minimum of 12 credit hours being upper-division. Students must complete the following: an approved global health study abroad (summer session, six credits minimum)

culture, society and health course

poverty and social justice course

SSH/ASB 100 Introduction to Global Health, SB, G (3)

time depth or human health and biology course

Enrollment Requirements:

Students must speak with an advisor in the School of Human Evolution and Social Change to declare a minor.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Global Studies Minor (LASGSMIN)

Campus: TEMPE

Description:

The minor in global studies offers students, from a transdisciplinary perspective, exposure to global processes and institutions. The minor aims to provide students with an introduction to the tools and skills necessary to make connections linking theory with challenging global issues.

Program Requirements:

The minor in global studies consists of 18 credit hours in global studies courses, 12 credit hours of which must be upper-division courses. Students who minor in global studies must complete two required courses:

SGS 101 Thinking Globally: The Individual and Authority, SB (3) or SGS 301 Principles of Global Studies (3) (but not both courses)

SGS 303 Global Trends, SB (3)

The remaining 12 credit hours must be chosen among global studies electives with an SGS prefix. Courses that count toward the minor must have a grade of "C" (2.00) or higher. A maximum of three credit hours of SGS 484 International Internship or three credit hours of SGS 499 Individualized Instruction may be applied to the minor. A minimum of six upper-division credit hours must be taken in courses offered by the College of Liberal Arts

and Sciences.

Enrollment Requirements:

Students who wish to pursue a minor in global studies may do so with the permission of the department, school or college of their major as well as the advisor in the School of Politics and Global Studies. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

History Minor (ASHISMIN)

Campus: WEST

Description:

The minor in history educates students in the use of basic tools and methods of the historical discipline. Students are exposed to a broad span of history, both temporally and geographically, ranging from the ancient world through the modern period, and extending from Europe to Latin American and the United States.

Program Requirements:

The minor in history consists of 18 credit hours in history, with a grade of "C" (2.00) or higher, of which 12 credit hours must be upper-division (300 or 400 level). Students must complete a minimum of six upper-division credit hours in courses offered by the New College of Interdisciplinary Arts and Sciences.

Choose one of the following combinations (6 credit hours):

HST 100 Global History to 1500, HU, H, G (3) and

HST 101 Global History since 1500, HU, G, H (3)

or

HST 109 United States to 1865, HU/SB, H (3) and

HST 110 United States since 1865, SB, H (3)

or choose two of three offered:

HST 102 Western Civilization, SB, H (3)

HST 103 Western Civilization, HU/SB, H (3)

HST 104 Western Civilization, HU/SB, G, H (3)

Required Methods Course (3 credit hours):

HST 495 Methods of Historical Inquiry, L (3)

History upper-division electives (9 credit hours)

Enrollment Requirements:

Students wishing to pursue the history minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken, to sign the minor check sheet and to have the minor added to their program of study. The student should also consult an

academic advisor in the college or department of his or her major to make sure the college or department of the major recognizes the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

History Minor (LAHISMIN)

Campus: ONLNE, TEMPE

Description:

Students who pursue the minor in history study the growth and development of human society from all aspects political, social, economic and cultural. The school covers the history of Europe, the U.S., Asia, Latin America and Africa, and courses are designed to give students both breadth and depth in understanding today's complex world.

Program Requirements:

The history minor consists of 18 credit hours of course work, at least 12 credit hours of which must be in upper-division course work. On-ground students earning a minor in history must complete one 12 credit hour HST geographic concentration (United States, Europe, Asia or Latin America). ASU Online students earning a history minor must complete a minimum of 12 credit hours in U.S. history courses. The School of Historical, Philosophical and Religious Studies requires a grade of at least "C" (2.00) in all courses in the minor. A minimum of six upper-division hours in the minor must be taken from courses offered by the College of Liberal Arts and Sciences.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation providing the college (and, in certain colleges, the academic unit) of their major allows the official recognition of the minor and the academic unit of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Students should also consult with an academic advisor in the college or department of their majors to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Human Nutrition Minor (ECNTRMIN)

Campus: DTPHX, POLY

Description:

This minor program is available to any ASU student interested in a strong scientific understanding of human nutrition.

Program Requirements:

The minor requires students to take the following courses, for a total 18 credit hours:

NTR 241 Human Nutrition (3)
NTR 340 Applications in Human Nutrition (3)
NTR 341 Introduction to Planning Therapeutic Diets (3)
NTR 440 Advanced Human Nutrition I (3)
NTR 441 Advanced Human Nutrition II (3)
NTR 444 Medical Nutrition Therapy (3)

Additional prerequisite requirements: CHM 101 or 113, BIO 201, BIO 202 and BCH 361

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Interdisciplinary Organizational Studies Minor (ASIOSMIN)

Campus: WEST

Description:

The minor in interdisciplinary organizational studies is designed to increase students' understanding of the behavior and the dynamics of individual, group and organizational processes in the workplace. It incorporates perspectives from the behavioral and social sciences, communication studies and management. The minor is learner-centered and allows students to select course work that matches their career and educational goals.

Program Requirements:

The minor consists of 21 credit hours, of which 18 must be upper-division course work.

Required Courses

ASB 440 Women in the Global Factory, SB, G (3) or POS 437 Women, Power and Politics, G (3)
PSY 430 Industrial Psychology (3) or SBS 461 Program Evaluation and Policy Research (3)
PSY 453 Organizational Behavior, SB (3)
Research methods course (3)*

Cluster 1: Courses Focused on Organizations

Choose two from the following courses, for a total of six credit hours:

COM 450 Theory and Research in Organizational Communication, SB (3)**
COM 451 Communication and Work Relationships (3)**
COM 453 Communication Training and Development (3)**
MGT 301 Principles of Management (3)
MGT 412 Managing Human Resources (3)
PSY 430 Industrial Psychology (3)**
PSY 482 Social Influence and Consumer Behavior, SB (3)
PHI 360 Business and Professional Ethics, HU (3)
PRM 311 Leadership in Recreation and Tourism (3)
SBS 461 Program Evaluation and Policy Research (3)**
SOC 324 Work and the Workplace, SB, H (3)
SOC 419 Organizations and Technological Change, G (3)
PSY 484, COM 484, or SOC 484 (or others) Internship (3)

The internship site must be approved by the SBS advisor.

Cluster 2: Courses Focused on Diversity Within Organizations

Choose one from the following courses for a total of three credit hours:

COM 463 Intercultural Communication Theory and Research, SB, G (3)
PSY 480 Cross-Cultural Social Psychology, SB, G (3)
POS 437 Women, Power and Politics, G (3)
SOC 270 Racial and Ethnic Relations, SB, C (3)
SOC 400 Perspectives on Aging, SB (3)
SOC 426 Social Inequality, SB (3)
WST 380 Race, Gender and Class, SB, C (3)

*SBS advisor's approval is required.

**Course may be selected if not used to fulfill core requirements.

Enrollment Requirements:

The minor in interdisciplinary organizational studies is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and determine if the major allows the recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences website at <http://newcollege.asu.edu/sbs/college-advising> (<http://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Interior Design History Minor (ARINTMIN)

Campus: TEMPE

Description:

The minor in interior design history is available to students interested in design and culture. The courses designated for the minor are part of the professional studies in interior design within the program of interior design. Moreover, the courses serve to inform students about the evolution of interiors, furnishings, decorative arts and textiles from ancient Egypt to the present. They introduce theories informing the profession of interior design. They examine cultures from around the globe, as they influence human needs and behaviors in the living and working environment.

Program Requirements:

A minimum of 18 credit hours (12 credit hours of which must be from the 300 or 400 level) are required for the minor. To enhance the understanding of the subject matter, the selected courses are sequential in nature and require certain prerequisites. Consequently, students should carefully note the semester in which any of these courses are offered.

Required Courses:

DSC 101 Design Awareness, HU, G (3)
INT 111 Interior Design Issues and Theories, HU (3)
INT 310 History of Interior Design I, HU, H (3)*
INT 311 History of Interior Design II, HU, H (3)

choose two courses from:

INT 412 History of Decorative Arts in Interiors, HU (3)
INT 413 History of Textiles in Interior Design (3)
INT 415 Latin American Design (3)
INT 494 Design and Context/Contemporary Design Issues in Europe** (3)

*prerequisite: ARS 102 Art from Renaissance to Present (3) with C or better

**summer study abroad course, offered in summer term only

Students must have an overall GPA of 2.50 or higher and achieve a minimum 2.50 GPA in minor classes to be awarded the minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Italian Minor (LAITAMIN)

Campus: TEMPE

Description:

Students pursuing a minor in Italian gain an understanding of the language, literature and cultures of Italian-speaking peoples and regions. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. Go to <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>) for more information.

Program Requirements:

The Italian minor requires 18 credit hours. A minimum of 12 credit hours must be upper-division.

Required courses include:

ITA 311 Italian Conversation, G (3) or ITA 312 Italian Composition, L, G (3) or ITA 315 Italian Civilization (3)

ITA 321 Introduction to Italian Literature I (3) or ITA 322 Introduction to Italian Literature II, HU (3)

one 400-level ITA course (3)

Elective courses:

Students may use a maximum of six credits from the 200 level. All remaining electives must be upper-division.

Course substitutions are allowed for heritage and advanced speakers of the language.

Enrollment Requirements:

Students who wish to add a minor in Italian to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Justice Studies Minor (LAJUSMIN)

Campus: ONLNE, TEMPE

Description:

The minor in justice studies is designed for students interested in developing an understanding of meanings of justice and injustice and analyzing controversial issues. In addition to the two required courses, which provide a solid understanding of the field, students will be able to select electives to meet their specific interests. Criminal justice majors may not earn a minor in justice studies.

Program Requirements:

The minor is 18 total credit hours. Students will be required to take two specific classes and will then have the option to select four JUS classes as their minor electives.

Required courses (6):

JUS 105 Introduction to Justice Studies, SB (3) or JUS 305 Principles of Justice Studies, SB (3)

JUS 303 Justice Theory (3)

elective courses (12)

Students can select any JUS course except JUS 301 and JUS 302.

- A minimum of nine credit hours must be courses offered by the School of Social Transformation.
- No pass/fail or noncredit course work may be applied to the minor.
- Students must receive a minimum grade of "C" (2.00) for all courses in the minor.
- Student must meet all course eligibility requirements, including prerequisites.
- Twelve credit hours must be upper-division.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Landscape Studies Minor (ARLNDMIN)

Campus: TEMPE

Description:

The minor in landscape studies is designed for students who have an interest in landscape architecture but are pursuing a major in another field. The course selection is intended to provide greater understanding of landscape architecture issues that may be relevant in related professional disciplines and to broaden knowledge about the landscape in which we live.

Program Requirements:

A minimum of 18 credit hours (to include 12 credit hours of upper-division course work) are required for the minor.

Required Courses:

ALA 100 Introduction to Environmental Design, HU, G, H (3)
ALA 102 Landscape and Sustainability HU, G (3)
LPH 310 History of Landscape Architecture, HU, H, G (3)
LPH 311 20th-Century Landscape Architecture, HU (3)

Six additional upper-division credit hours of electives in the landscape architecture history and theory concentration must be selected from the following list:

ANP 494 Special Topics (1-3)
LDE 494 Applied Landscape Architecture (3)
LPH 394 Special Topics (3)
LPH 411 Landscape Architecture Theory and Criticism, L (3)

LPH 494 Special Topics (3)
LPH 499 Individualized Instruction* (3)
LAP 354 Plant Materials (3)

*These courses require a petition to The Design School.

A minimum GPA of 2.50 in minor courses is required to earn the minor in landscape architecture studies. In addition, students may not use a core course to count toward the minor. Students pursuing the BSD in architecture must petition the school to request a substitution for any core courses that are also included in the landscape architecture minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Latin American Studies Minor (ASLASMIN)

Campus: WEST

Description:

The Latin American studies minor is designed for students who have an interest in becoming proficient in Spanish and who wish to carry out work and research in areas not related exclusively to literature. This minor offers a student-driven model in which the student's specific interests are deepened through the study of Latin America. It is interdisciplinary and allows for flexibility on the part of students, while also instilling a breadth and depth of knowledge about issues surrounding Latin America. This minor allows students to be more widely marketable upon graduation for fields as diverse as business, arts administration, teaching, nonprofit, science and more.

Program Requirements:

Required Minor Core:

LAS 205 Deep Roots: Latin America (3)

LAS 206 Locating Latin America: Interdisciplinary Methods (3)

LAS 330 From the Inside: The Latin American Journey (3)

TRACK 1: ARTS

IAP 305 20th/21st Century Art, Performance, Media (3)

IAP 354 Visual Representation (3)

IAP 361 Digital Editing & Media Literacy (3)

IAP 473 Aesthetic Research (3)

IAP 474 Art and Film (3)

LAS 471 Treaties and Cultural Production in Spain and the Americas (3)

LAS 480 Current Trends in Theatre and New Media in Latin America and Spain (3)

AMS 330 Documenting American Lives (3)
ASB/SBS/SOC 342 Mexico-US Borderlands (3)
SPA 464 Mexican American Literature (3)
SPA 471 Civilization of the Spanish Southwest (3)
SPA 472 Spanish American Civilization (3)
SPA 474 Mexican Culture (3)
WST 430 Gender on the Borderlands (3)
WST 473 Indigenous/Latina/Chicana Representation (3)

TRACK 6: BUSINESS & PROFESSIONS

IAS 406 Moral Dilemmas (3)
LAS 471 Treaties and Cultural Production in Spain and the Americas (3)
PHI 306 Applied Ethics (3)
PHI 360 Business and Professional Ethics (3)
PHI 406 Moral Dilemmas (3)
SPA 394 Special Topics (3)
SPA 401 Spanish Oral Communications/Professions (3)
SPA 402 Written Communications for the Professions (3)
SPA 403 Spanish Grammar/Stylistics for the Professions (3)
SPA 404 Spanish in U.S. Professional Communities (3)
SPA 405 Latino Cultural Perspectives for the Professions (3)

Enrollment Requirements:

Students must demonstrate Spanish language proficiency by meeting the prerequisites of the upper-division Latin American emphasis courses, one of which must include a course taught in Spanish, or by taking Spanish classes up through SPA 325.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Life Sciences Minor (ASLSCMIN)

Campus: WEST

Description:

A minor in life sciences can be a valuable asset particularly when paired with an appropriate major. For instance, a minor in biology paired with a major in political science would provide a good background for someone who wanted to practice environmental law.

Program Requirements:

Required Courses:

BIO 181 General Biology I, SQ (4)
BIO 182 General Biology II, SG (4)
BIO 320 Fundamentals of Ecology (3)
BIO 353 Cell Biology (3)
BIO 354 Cell Biology Laboratory (1)
CHM 113 General Chemistry I, SQ (4)
CHM 116 General Chemistry II, SQ (4)
LSC 322 Fundamentals of Ecology Laboratory (1)
LSC 347 Fundamentals of Genetics (3)
LSC 348 Fundamentals of Genetics Laboratory (1)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met, and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Materials Science and Engineering Minor (ESMSEMIN)

Campus: TEMPE

Description:

The materials science and engineering minor is designed to give other science and engineering majors an in-depth understanding of materials, including their structure, processing, properties and performance.

Program Requirements:

Students are required to take six courses (minimum of 16 credits), listed below:

Required Courses:

MSE 250 Structure and Properties of Materials (3)
MSE 355 Structure and Defects (3)
MSE 356 Structure, Properties and Defects Lab (1)
two MSE courses at the 300 level or higher (6)

one materials-related course from the following list:

any MSE course at the 300 level or higher (3)
CEE 353 Civil Engineering Materials (3)
CHE 458 Semiconductor Material Processing (3)
CHM 471 Solid-State Chemistry (3)
EEE 352 Properties of Electronic Materials (4)
EEE 436 Fundamentals of Solid-State Devices (3)
PHY 481 Materials Physics I (3)

Enrollment Requirements:

Students need sophomore status and a minimum 2.75 ASU and transfer GPA to enroll in the minor in materials science and engineering and a 2.50 GPA in all courses in the minor to receive the minor. Students adding the minor will also need to complete MAT 265 (270), MAT 242, and CHM 114 or CHM 113/116.

Interested students should consult with a SEMTE advisor to verify eligibility and to review all courses required for the minor. To schedule an advising appointment, please contact the SEMTE advising office at <http://engineering.asu.edu/semte/Advising.html> (<http://engineering.asu.edu/semte/Advising.html>).

Students interested in the materials minor should also consult with their major advisor to ensure recognition of the minor and to have their minor added to their DARS.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Mathematics Minor (ASMATHMIN)

Campus: WEST

Description:

The minor in mathematics explores the study of higher mathematics. It is designed to enable the student to understand the mathematics most commonly used in business, economics and science. It is expected that students in the minor will be able to reason and to find creative solutions to problems that were either presented to them or meaningfully formulated by them. The minor is recommended for students who plan to major in integrative studies, life sciences and business and for those who are preparing for further graduate study.

Program Requirements:

The minor in mathematics consists of a minimum of 27 credit hours, of which nine credit hours must be taken in the mathematical sciences and applied computing department.

Required Courses:

MAT 270 Calculus with Analytic Geometry I, MA (4)
MAT 271 Calculus with Analytic Geometry II, MA (4)
MAT 272 Calculus with Analytic Geometry III, MA (4)
MAT 300 Mathematical Structures, L (3)
MAT 342 Linear Algebra (3)

Choose three electives from the following courses, or other approved courses, in consultation with a departmental advisor, for a total of nine credits:

MAT 310 Introduction to Geometry (3)
MAT 371 Advanced Calculus I (3)
MAT 411 History and Philosophy of Mathematics, HU, H (3)
MAT 443 Introduction to Abstract Algebra (3)
MAT 445 Theory of Numbers (3)
STP 420 Introductory Applied Statistics, CS (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met, and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. Mathematics Minor (LAMATMIN)

Campus: TEMPE

Description:

The minor in mathematics is designed for students who want to further their knowledge of mathematics and is recommended for students who are majoring in such disciplines as physics, engineering, business, economics and the life and social sciences where the need for quantification in the analysis of phenomena is strong.

Program Requirements:

The minor in mathematics consists of a minimum of 18 credit hours. Required courses are as follows, for a total of nine to 11 hours:

MAT 271 Calculus with Analytic Geometry II, MA (4) or MAT 266 Calculus for Engineers II, MA (3)

MAT 272 Calculus with Analytic Geometry III, MA (4) or MAT 267 Calculus for Engineers III, MA (3)

MAT 342 Linear Algebra (3) or MAT 343 Applied Linear Algebra (3)

Electives must be upper-division courses in mathematics (MAT) or statistics and probability (STP). Students may not apply MAT 411 or 485 or a course not offered at ASU to the minor, unless otherwise approved by a department advisor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Media Analysis Minor (CSCMOMINA)

Campus: DTPHX, ONLNE

Description:

The mass media, more than ever before, plays a vital role in how information is disseminated and how societies are shaped and function. As traditional forms of media and information dissemination change rapidly in an increasingly technological world, it is more important than ever for students to understand the way that media work, as well as learn to evaluate the messages that are sent. All students can benefit from the study of mass communications institutions, functions and techniques. In this minor, students will learn to understand the roles that media play, how they are changing and their impact. They will be given the tools they need to critically evaluate, analyze and interpret media messages in order to become wise consumers of media themselves.

Program Requirements:

The minor of media analysis consists of 18 credit hours of course work. This is a requirement consistent with many other minor programs at Arizona State University and at other colleges and universities. The focus of the program is on media analysis. Students in the minor will concentrate on evaluating the impact of information dissemination rather than on topics that focus on the practice of gathering and distributing messages. Students in the minor may not register for courses in the professional journalism curriculum.

To take upper-division courses, the student must be at least a sophomore (25 credit hours). To pursue the minor in media analysis, the student must maintain a minimum 2.00 overall GPA, obtain a minimum grade of "C" (2.00) in each course in the minor and have a major other than journalism and mass communication.

Three specific classes will be required (nine hours). The required classes are:

MCO 120 Media and Society, SB (3)

MCO 240 Media Issues in American Pop Culture (3)

MCO 418 History of Mass Communication, SB, H (3)

In addition, students select three additional courses (nine hours) from the list of electives offered by the journalism school. The common element of these courses is that they focus on understanding specific aspects of the mass media and how those aspects impact individuals and societies in terms of function, effects and enculturation. Electives offered include:

MCO 200 Introduction to the Electronic Media (3)

MCO 240 Media Issues in American Pop Culture (3)

MCO 430 International Mass Communication, G (3)

MCO 435 Social Media (3)

MCO 450 Visual Communication, HU (3)

MCO 455 War and the Mass Media (3)

MCO 456 Political Communication, SB (3)

MCO 460 Race, Gender and Media, C (3)

MCO 465 Sports and Media (3)

MCO 473 Sex, Love and Romance in the Mass Media, SB (3)

MCO 494 Special Topic courses (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information:
http://cronkite.asu.edu/undergrad/minor_media_analysis.php (http://cronkite.asu.edu/undergrad/minor_media_analysis.php).

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Military Leadership Minor (LAMISMIN)

Campus: TEMPE

Description:

The minor in military leadership is designed to enhance the student's learning experience by providing tools to prepare them for leadership roles in various organizations. Students complete courses that will cover academic and practical skills in many areas, including:

- effective communication
- leadership ethos
- leading, motivating and empowering others
- negotiating
- problem-solving
- team-building

Program Requirements: The minor in military leadership requires 18 credit hours, 12 of which must be at the 300 or 400 level. Here are five options available as noted below. Twelve credit hours must be taken in residence on an ASU campus. The required courses are as follows: Army option:

MIS 30I Advanced Military Science I, L (3)

MIS 302 Advanced Military Science II, L (3)

MIS 40I Advanced Military Science III (3)

MIS 402 Advanced Military Science IV (3)

Air Force option:

AES 301 Air Force Leadership Studies I, L (3)
AES 303 Air Force Leadership Studies II, L (3)
AES 401 National Security Affairs, L (3)
AES 403 Preparation for Active Duty II (3)

Navy Option:

Note, this option will not be available fully until fall 2015. Courses are still in the process of creation and approval.

Marine Corps Option:

Note, this option will not be available fully until fall 2015. Courses are still in the process of creation and approval.

Non-ROTC Option:

A minimum of three of the above upper-division courses for nine credits, any combination, in conjunction with the below electives satisfying 18 credit hours, to include 12 upper-division credits.

Approved Electives:

Note: Any courses from the above can be used as an elective for a complementary optionAES 101 Air Force Today I (2)

AES 103 Air Force Today II (2)
AES 201 The Evolution of USAF Air and Space Power 1 (2)
AES 203 The Evolution of USAF Air and Space Power II (2)
AES 499 Individualized Instruction (3)
FAS 101 Personal Growth and Human Relationships, SB (3)
FAS 331 Marriage and Family Relationships, SB (3)
HST 372 Modern Middle East, SB, G, H (3)
HST 408 Civil War and Reconstruction, L or SB, H (3)
HST 456 The Vietnam War, SB, G, H (3)
MIS 101 Introduction to the Military I (3)
MIS 102 Introduction to the Military II (3)
MIS 201 Introduction to Leadership Dynamics 1 (3)
MIS 202 Introduction to Leadership Dynamics II (3)
MIS 410 American Defense Policy I, SB, G, H (3)
MIS 412 American Defense Policy II, SB, G, H (3)
MIS 499 Individualized Instruction (3)
NAV 101 Introduction to Naval Science (2)
REL 100 Religions of the World, HU, G (3)
REL 366 Islam in the Modern World, HU, H, G (3)

Alternative Electives:

Additional electives may be selected by the student with prior approval from the department chair.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate by either the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor: Please contact the department for more information.

Music Minor (FAMUSMIN)

Campus: TEMPE

Description:

The music minor is designed for those students who are interested in a broad introduction to the study of music. The program allows for a diverse exposure to traditional through contemporary music practices, with numerous options to select courses based on students' interests.

Program Requirements:

The School of Music offers a minor in music consisting of 24 credit hours of course work, including a minimum 12 upper-division credit hours. A minimum grade of "C" (2.00) is required in all courses.

Required Courses (12):

MHL 201 Media Literacy for Musicians, CS (3)*

MUS 100 Fundamentals of Music Notation (3)*

MUS 131 Bach to Bebop (3)

MUS 340 Music for the Concert Hall, Stage and Screen HU, H(3)

Music history (select two of the following five courses) (6):

MUS 347 Jazz in America, HU, C (3)

MUS 355 American Music, HU, C, H (3)

MUS 356 Broadway and the American Musical, HU (3)

MUS 410 History of Women in Music, HU, C, H (3)

Electives (choose two of the following five courses) (6):

MUS 354 Elvis, HU (3)

MUS 354 Classic Rock: 1960-1975, HU (3)

MUS 354 Rock and Roll since 1975, HU (3)

MUS 354 Beatles, HU (3)

MUS 362 Rap Music and Hip-Hop Culture, HU, C (3)

*The online version of this course is required.

Notes: MHL, MTC, MUP courses may be accepted as electives if the appropriate prerequisites are met and with instructor approval. Music reading and notation skills are a prerequisite for the music minor.

Please note: MUS 131 Bach to Bebop is only offered during the fall semester.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Music Performance Minor (HIMUSPMIN)

Campus: TEMPE

Description:

The minor or BIS concentration in music performance allows students who have a background playing an instrument or singing to continue their studies in music. The course work develops these skills through individual instrumental or vocal instruction and performance opportunities through various ensemble experiences. The program also includes the study of theoretical and historical elements of music. Students interested in pursuing the minor in music performance should contact the School of Music's Office of Academic Affairs for audition information and to schedule the audition.

Program Requirements:

The minor or BIS concentration requires 21 hours (12 upper division) in performance, history, theory and electives.

Core Required Courses (10):

MUP 121 Secondary or minor instrument instruction (1)

MUS 131 Bach to Bebop (3)

MUP 321 Secondary or minor instrument instruction (1)

MUP 400-level Ensembles (three semesters) (3)

choose one of the following:

a fourth semester of MUP 400-level ensembles; one semester of MUS 494 Urban Dance Music Ensemble (1) or one semester of MUS 294 Rock Band (3)

History (6):*

choose two of the following (upper division only):

MUS 340 Music for the Concert Hall, Stage, and Screen (3)

MUS 347 Jazz in America (3)

MUS 354 Classic Rock: 1950-1975 (3)

MUS 355 American Music (3)

MUS 356 Broadway and the American Musical (3)

MUS 362 Rap Music and Hip Hop Culture (3)

MUS 410 History of Women in Music (3)

Theory (3):

MUS 100 Fundamentals of Music Notation (3) or MTC 125 Basic Music Theory (3)

Electives (2)

MUP, MUS, MUE, MTC or MHL (upper-division only) (2)

TOTAL 21 (12 upper-division)

*MHL courses may be accepted if the appropriate prerequisites are met or with instructor approval.

Admission requirement: An audition is required for entrance into the minor or BIS concentration and MUP 121 study. Audition criteria are determined by area faculty and will be similar to the MUP 111 and MUP 311 criteria found in the Audition Requirements section on this webpage: <http://music.asu.edu/admissions/auditions/> (<http://music.asu.edu/admissions/auditions/>).

Enrollment Requirements:

Prospective students must successfully complete an audition for the faculty in the applicable instrument area. Audition criteria are determined by area faculty and will be similar to the MUP 111 and MUP 311 criteria found in the Audition Requirements section on this webpage: <http://music.asu.edu/admissions/auditions/> (<http://music.asu.edu/admissions/auditions/>).

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Nonprofit Leadership and Management Minor (PPNLMMIN)

Campus: DTPHX

Description:

The minor in nonprofit leadership and management empowers students to positively impact the community in which they work. Course work introduces students to knowledge and skills for successful professional careers with nonprofit, social sector organizations that exist to improve the quality of life of communities. The nonprofit sector in the U.S. is unique in form and function, with more than 1.6 million organizations in the U.S. The minor is ideal for students enrolled in other degrees or majors at ASU who wish to earn a minor that concentrates on the management of nonprofit organizations. Students from such various disciplines as business, communication, education, global studies, museum studies, nursing, public affairs, religious studies, social work, sustainability and others find this program a beneficial supplement to their existing program as many find their career pathways from their degree occur within nonprofit organization forms. This program affords students the opportunity to start their pursuit of the National Certified Nonprofit Professional credential awarded through the Nonprofit Leadership Alliance (formerly American Humanics, Inc.). For more information about completing the CNP credential and requirements, please see the school website.

Program Requirements:

The minor requires 18 credit hours, 12 credit hours of required courses and six credit hours of elective courses.

Required Core Courses:

NLM 220 Introduction to Nonprofit Organizations (3)
NLM 300 Fundraising and Resource Development (3)
NLM 310 Volunteer Management (3)
NLM 430 Managing Nonprofit Organizations (3)

Electives (choose six elective credit hours from one of two blocks):

block A: choose this block if interested in the CNP credential:

NLM 320 Professional Development Seminar (4) (1 credit hour for 4 semesters)
NLM 420 Nonprofit Leadership Alliance Institute (2)

block B: choose two courses if interested in minor only, without CNP credential:

NLM 160 Voluntary Action and Community Leadership, SB (3)
NLM 380 Financial Management for Nonprofit Organizations (3)
NLM 435 Service Learning for Community Development (3)
PRM 486 Special Events Management (3)

Standards

- minimum "C" (2.00) grade required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor; a major or premajor, other than BS in nonprofit leadership and management
- meet the curricular and cocurricular requirements (if also pursuing the CNP credential)
- 15 hours of graded classroom course work (no internship, no independent study)
- should be a junior to take 400-level classes
- no double counting of courses for both a major and the minor

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the nonprofit leadership and management minor should consult an academic advisor in the college or department of their majors to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. Students pursuing a bachelor's in nonprofit leadership and
Academic Catalog Archive 2014-2015 757

management are not eligible to complete this minor. Students pursuing the nonprofit leadership and management bachelor's degree, however, may earn the certified nonprofit professional credential along with their major upon successfully completing both curricular and cocurricular requirements (see advisor for details).

Nutrition and Healthy Living Minor (NUNHLMIN)

Campus: DTPHX

Description:

The nutrition and healthy living minor will provide a greater understanding of how nutrition contributes to healthy lifestyles and disease prevention.

Program Requirements:

The minor requires completion of a minimum of 18 nutrition credit hours.

Required Classes (12):

NTR 241 Human Nutrition (3)

NTR 340 Applications in Human Nutrition (3)

NTR 341 Introduction to Planning Therapeutic Diets (3) OR NTR 345 Development of Healthy Cuisines (3)

NTR 450 Nutrition in the Lifecycle (3)

Upper-Division Electives (6):

select two courses from the following list:

NTR 320 History of Human Nutrition (3)

NTR 348 Cultural Aspects of Food (3)

NTR 350 Nutrition Counseling (3)

NTR 351 Nutrition and Health Communications (3)

NTR 353 The Western Diet: Food, History, and Sustainability (3)

NTR 444 Medical Nutrition Therapy (3)

NTR 453 Nutrition in the Media (3)

NTR 457 Sports Nutrition (3)

Additional prerequisites required for the above classes: CHM 101 (or CHM 113) and BIO 201.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Organizational Leadership Minor (LSORGLMIN)

Campus: ONLNE

Description:

The minor in organizational leadership uses interdisciplinary methods that prepare students to become leaders in organizations. Students develop skills and knowledge that leaders need to solve problems, communicate effectively, assess programs, manage resources, and use emerging technologies in organizations. Students in the program will be prepared for a range of positions in government, health care administration, nonprofit agencies and the service industry.

Program Requirements:

The minor in organizational leadership requires 18 credit hours to complete including 12 upper-division and six lower-division credit hours. It is available to all majors. There are no prerequisite courses or requirements.

Students complete two required courses:

OGL 200 Introduction to Organizational Leadership (3)

OGL 300 Theory and Practice of Leadership (3)

Students may choose any four of the following elective courses as long as three courses are upper division.

OGL 220 Behavioral Dynamics in Organizations (3)

OGL 240 Introduction to Project Management (3)

OGL 260 Resource Allocation in Organizations (3)

OGL 321 Project Leadership, Strategy and Scope (3)

OGL 350 Diversity and Organizations (3)

OGL 355 Leading Organizational Innovation (3)

OGL 357 Assessment in Organizations (3)

OGL 360 Assessment of Leadership Effectiveness (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Parks and Protected Area Management Minor (PPPRMMINT)

Campus: DTPHX

Description:

As the Southwest continues to develop and urbanize, the demands and pressures on public lands and natural resources continues to grow. The interplay between society and natural resources is key to understanding modernity and continues to be at the center of policy issues and quality of life debates in the West. The minor in parks and protected area management introduces students to the role of parks and protected areas, with a focus on the unique issues faced by urban-proximate natural area managers. The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, education, nursing, public affairs, social work and many others might find this program a beneficial supplement to their existing program. Students interested in the parks and protected area management minor may also be interested in therapeutic recreation, available through the parks and recreation management program.

Program Requirements:

Completion of a parks and protected area management minor in the School of Community Resources and Development requires the following:

Required Core Courses (12):

PRM 120 Leisure and the Quality of Life, SB (3)

PRM 370 Public Lands Management (3)

PRM 380 Wilderness and Parks in America (3)

TDM 480 Sustainable Tourism (3)

Elective (choose one course from the following list):

CRD 301 Sustainable Communities (3)

PRM 340 Outdoor Survival (3)

PRM 470 Environmental Communication (3)

TDM 448 Heritage and Cultural Tourism (3)

TDM 494 Special Topics, as approved by a SCRD advisor (3)

Standards

- 15 hours of graded classroom course work (no internship, no independent study)
- 12 hours of course work at the upper-division level, from the approved list
- minimum grade of "C" (2.00) required for all classes in the minor
- no double counting of courses for a major and the minor
- minimum GPA of 2.00 for those pursuing the minor, a major or premajor, other than a bachelor's in parks and recreation management.
- should be a junior to take 400-level courses

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the parks and protected area management minor should consult an academic advisor in the college or department of their major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. Students pursuing the bachelor's in parks and recreation management major are not eligible to complete this minor.

Personal Health Minor (NPHLMIN)

Campus: DTPHX, ONLNE

Description:

This minor will allow students with academic interests that lie outside the realm of medical and health sciences to explore and learn the latest information related to healthy lifestyles, including the attainment and retention of a high quality of personal health. Students will gain the knowledge and skills necessary to optimize their personal health and assume increased responsibility for their own personal health and well-being. The minor reflects the interdisciplinary nature of personal health by including courses from the nutrition, exercise and wellness, and health sciences

disciplines.

Program Requirements:

Required minor courses (12):

EXW 325 Fitness for Life (3)

HSC 210 Cultural Aspects of Health, C (3)

HSC 300 Complementary Healthcare (3)

NTR 100 Introductory Nutrition (3)

Elective minor courses (6):

EXW 400 Stress Management for Wellness (3)

HSC 410 Supporting the Health of Older Adults (3)

HSC 412 Health Issues in Later Life (3)

HSC 435 Environmental Health Issues in the U.S. (3)

NTR 450 Nutrition in the Life Cycle, SB (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Philosophy Minor (ASPHIMIN)

Campus: WEST

Description:

The philosophy minor is designed to provide students with an understanding of central philosophical issues. The minor provides students with:

- a capacity for critical thinking and analytical reasoning
- a knowledge of the most important problems and ideas in the philosophical areas studied
- the ability to present one's positions effectively through oral and written communication

Program Requirements:

The minor in philosophy consists of 18 credit hours of philosophy course work, of which 12 must be upper-division hours (300 or 400 level). Only courses in which the student earns a grade of "C" (2.00 on a scale of 4.00) or higher will fulfill requirements for the minor.

Courses are to be selected from the following list, in consultation with an advisor, to create a coherent and complete program of study:

IAS 410 Evolution of Ideas, L/HU (3)

IAS 430 Science and Religion, L/HU (3)

PHI 101 Introduction to Philosophy, HU (3)

PHI 103 Principles of Sound Reasoning, L/HU (3)

PHI 304 Existentialism, HU (3)

PHI 306 Applied Ethics, HU (3)

PHI 318 Philosophy of Religion, HU (3)

PHI 320 Bioethics, HU (3) or IAS 340 Bioethics, HU (3)
PHI 360 Business and Professional Ethics, HU (3)
PHI 391 Historical Perspectives on Philosophy and Religion (3)
PHI 406 Moral Dilemmas, L/HU (3) or IAS 406 Moral Dilemmas, L/HU (3)
PHI 407 Environmental Philosophy and Policy, L/HU (3) or IAS 407 Environmental Philosophy and Policy, L/HU (3)
PHI 408 Feminist Ethics, HU (3) or IAS 408 Feminist Ethics, HU (3)
PHI 494 Special Topics (3)
PHI 499 Individualized Instruction (3)

Enrollment Requirements:

Students wishing to pursue the philosophy minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Philosophy Minor (LAPHIMIN)

Campus: ONLNE, TEMPE

Description:

The minor in philosophy provides students with an understanding of philosophical inquiry and method. The minor offers an introduction to central themes both in the history of philosophy and in the current literature. Minor students have the opportunity to sharpen their critical reasoning skills while addressing profound questions regarding the nature of:

- existence
- knowledge
- law
- morality
- politics
- science

Program Requirements:

A minor in philosophy consists of 18 credit hours, of which at least 12 must be upper-division and approved by an advisor in the School of Historical, Philosophical and Religious Studies. All courses must be passed with a minimum grade of "C" (2.00). No more than two courses may be taken in any one of the following philosophical subdisciplines:

- epistemology
- ethics and political philosophy
- history of philosophy
- logic
- metaphysics

Students should consult with an academic advisor in the School of Historical, Philosophical and Religious Studies about a proposed selection of courses before registering.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation providing the college (and, in certain colleges, the academic unit) of their major allows the official recognition of the minor and the academic unit of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Students should also consult with an academic advisor in the college or department of their majors to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the School of Historical, Philosophical and Religious Studies for more information.

Physics Minor (LAPHYMIN)

Campus: TEMPE

Description:

Physics is concerned with the nature, structure and interactions of matter and radiation. Adding a physics minor to another major program of study provides a student with the fundamental scientific basis to address the most challenging opportunities faced in a student's career.

Program Requirements:

Required Courses (24)

Choose between the following course combinations:

PHY 150 Physics I, SQ (4) or

PHY 121 University Physics I: Mechanics, SQ (3) and PHY 122 University Physics Laboratory I, SQ (1)*

and

PHY 151 Physics II, SQ (4) or

PHY 131 University Physics II: Electricity and Magnetism, SQ (3) and PHY 132 University Physics Laboratory II, SQ (1)**

Also required:

PHY 252 Physics III, SQ (4)

PHY 361 Introductory Modern Physics (3)

two upper-division electives (to be selected with the approval of the physics advisor) (6)

one lab course: PHY 333 Electronic Circuits and Measurements (3) or PHY 334 Advanced Laboratory I (3)

*Both PHY 121 and PHY 122 must be taken to secure SQ credit.

**Both PHY 131 and PHY 132 must be taken to secure SQ credit.

A minimum of 12 upper-division credit hours are required to complete this minor.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Physics Minor (LSPHYMIN)

Campus: POLY

Description:

The physics minor in the School of Letters and Sciences at the Polytechnic campus provides a rigorous foundation in physics with an emphasis on fundamental concepts and applied hands-on experience. It broadens and deepens students' understanding of their major and increases their options for graduate study and employment. The primary emphasis of the physics minor is to give students experience through applied and computational physics projects. The projects will be guided by faculty with expertise in the physics of semiconductors and graphene, quantum nano-optics, laser physics and materials science.

Program Requirements:

A minimum of 23 credit hours are required.

Required Minor Courses (14 credit hours minimum):

PHY 121 University Physics I: Mechanics, SQ (3)
PHY 122 University Physics Laboratory I, SQ (1)
PHY 131 University Physics 11: Electricity and Magnetism, SQ (3)
PHY 132 University Physics Laboratory II, SQ (1)
PHY 361 Introductory Modern Physics (3)
MAT 420 Scientific Computing (3)

Elective Minor Courses (6 credit hours minimum):

MAT 275 Modern Differential Equations, MA (3)
PHY 321 Vector Mechanics and Vibration (3)
PHY 331 Principles of Modern Electromagnetism (3)
PHY 456 Laser Optics (4)*

Required project research (individual projects under guidance of physics faculty) (3 credit hours minimum).

*Pending approval

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Political Science Minor (ASPOLMIN)

Campus: WEST

Description:

The political science minor program is designed to help students gain an understanding of theory, practice and policy underlying political processes locally, nationally and internationally and to train students in research skills necessary for the analysis of complex sociopolitical issues locally and globally.

The program strives to meet these goals by offering students learner-centered course work in political theory, American political institutions and international relations and world affairs. These goals are accomplished by offering a flexible program of course work focusing on international urban, race or ethnic sociopolitical areas, internships and service-learning or action research opportunities. Under the direction of faculty, students focus on intellectual and concrete policy issues in the greater Phoenix metropolitan area, Arizona, the Arizona-Mexico borderlands, the Americas and the world.

Program Requirements:

The minor in political science consists of 18 credit hours in POS courses, 12 of which must be in upper-division courses.

Required Courses:

Select two from among the following:

POS 110 Government and Politics, SB (3) or POS 310 American National Government, SB (3)

POS 150 Comparative Government, SB, G (3)

POS 160 Global Politics, SB, G (3)

POS 210 Political Ideologies, SB (3)

Political science electives (12)*

*A maximum of three credit hours of internship and three credit hours of individualized instruction may be used to fulfill requirements.

Enrollment Requirements: The minor in political science is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and determine if the major allows the recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences website at <http://newcollege.asu.edu/sbs/college-advising> (<http://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Political Science Minor (LAPOSMIN)

Campus: ONLNE, TEMPE

Description:

The minor in political science offers students exposure to skills and knowledge that help them participate effectively as citizens in a democratic political system and flourish in the rapidly developing globalization of the world's political institutions, cultures and economies. The minor aims to provide students with an introduction to the tools and skills necessary to link theory with real-world problems and issues.

Program Requirements:

The minor in political science consists of 18 credit hours in political science courses, 12 credit hours of which must be upper-division courses.

Students who minor in political science must have two courses from among the following in addition to four political science electives:

POS 110 Government and Politics, SB (3) or POS 310 American National Government, SB (3) (but not both courses)

POS 150 Comparative Government, SB, G (3)

POS 160 Global Politics, SB, G (3)
POS 210 Political Ideologies, SB (3)

Students who minor in political science must have a minimum GPA of 2.00 for all courses that count toward the minor. Courses that count toward the minor must have a grade of "C" (2.00) or higher. No more than three credit hours of POS 484 Internship and three credit hours of POS 499 Individualized Instruction may be applied to the minor. A minimum of six upper-division credit hours must be taken in courses offered by the College of Liberal Arts and Sciences.

Enrollment Requirements:

Students who wish to pursue a minor in political science may do so with the permission of the department, school or college of their major as well as the advisor in the School of Politics and Global Studies. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Psychology Minor (ASPGSMIN)

Campus: ONLNE, WEST

Description:

Psychology is the scientific study of the behavior and mental processes of individuals and groups. The study of psychology includes basic and applied courses in the subfields of clinical, developmental, organizational, cross-cultural and social psychology, cognitive systems and behavioral neuroscience. The psychology minor prepares students for more advanced study in psychology at the graduate level, in either graduate or professional schools. The program emphasizes the development of wide-ranging skills in critical thinking and reasoning, quantitative and qualitative research methods, working collaboratively on teams, and presentation of information in oral and written form.

Program Requirements:

The minor consists of 22 credit hours in psychology, including the following:

Foundations of Psychological Science
PSY 101 Introduction to Psychology, SB (3)
PSY 230 Introduction to Statistics, CS (3)
PSY 290 Research Methods, L/SG (4)
Social and Developmental Core

Choose one course from the following list:

PSY 315 Personality Theory and Research, SB (3)
PSY 341 Developmental Psychology, SB (3)
PSY 350 Social Psychology, SB (3)

Neuroscience Core

Choose two courses from the following list:*

PSY 320 Learning and Motivation (3)
PSY 323 Sensation and Perception (3)
PSY 324 Memory and Cognition (3)
PSY 325 Physiological Psychology (3)
PSY 330 Statistical Methods, CS (3)
PSY 369 Biology of Human Sexuality (3)
PSY 470 Psychopharmacology (3)

Psychology elective

PSY upper-division elective (3)

*At least one choice must be PSY 320, PSY 323, PSY 324 or PSY 325. A maximum of three credit hours of research (PSY 399 Supervised Research and PSY 499 Individualized Instruction) may be used to meet the minor requirements. PSY 484 Internship may be taken for elective credit only. All courses must be passed with a minimum grade of "C" (2.00 on a scale of 4.00) or higher.

Enrollment Requirements:

The minor in psychology is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and to determine if the major allows the recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences website at <http://newcollege.asu.edu/sbs/college-advising> (<http://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Psychology Minor (LAPGSMIN)

Campus: TEMPE

Description:

The minor in psychology focuses on appreciating and understanding the human condition from a scientific, psychological point of view. Students completing the minor in psychology should possess breadth of knowledge pertaining to the major principles, theoretical approaches and findings in psychology.

They should also understand and be able to use basic research and quantitative methods in psychology and be able to gather and synthesize psychological findings.

Finally, they should be able to understand the relevance and applicability of psychological principles, approaches and findings to individual, group and social issues. In so doing, they will be prepared as educated citizens to pursue productive careers and engage on a daily basis with their increasingly complex, information-rich world.

Program Requirements:

The minor in psychology consists of completing the 22 credit hours of course work in the foundations of psychology and the breadth within psychology categories described below. Six credit hours of upper-division (300-499 level) psychology course work must be completed through courses offered by the College of Liberal Arts and Sciences, Department of Psychology.

Required Foundation Courses:

PSY 101 Introduction to Psychology - formerly PGS 101, SB (3)

PSY 230 Introduction to Statistics, CS (3)

PSY 290 Research Methods, L or SG (4)

Take one course each from four of the following five clusters:

Biological

PSY 325 Physiological Psychology (3)

Personality/Mental Health

PSY 315 Personality Theory and Research - formerly PGS 315, SB (3)

PSY 366 Abnormal Psychology - formerly PGS 466, SB (3)

Cognitive/Learning

PSY 320 Learning and Motivation (3)

PSY 323 Sensation and Perception (3)

PSY 324 Memory and Cognition (3)

Developmental

PSY 341 Developmental Psychology - formerly PGS 341, SB (3)

Social

PSY 350 Social Psychology - formerly PGS 350, SB (3)

PSY 351 Honors Social Psychology - formerly PGS 351, L or SB (3)

Note: If a non-psychology statistics course is approved by the psychology department to substitute for PSY 230 Introduction to Statistics, an additional psychology course must be taken to complete the 22 credit hours of required psychology course work. Internship credit and teaching assistant credit may not be used to satisfy this requirement. For more information, please contact a psychology advisor.

Enrollment Requirements:

Students who wish to pursue a minor in psychology may do so with the permission of the department, school or college of the major as well as the advisor in the Department of Psychology. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Public Relations and Strategic Communications Minor (HSPRSMIN)

Campus: WEST

Description:

The minor in public relations and strategic communication uses a number of academic program options to prepare students to become professionals with highly effective communication skills in speaking, writing, cultural sensitivity, critical thinking, problem-solving, media literacy, audience analysis and conflict management.

Program Requirements:

The public relations and strategic communications minor will provide students with professional and academic expertise in persuasion and campaign communication, public relations, crisis communication, special-events planning, marketing, professional writing and editing (among other areas). Additionally, students will refine the presentation skills needed for public and community relations.

The minor consists of 18 credit hours of upper-division course work, including nine credit hours of required course work and nine credit hours of electives.

Required core courses, nine credit hours (choose three):

COM 319 Persuasion and Social Influence, SB (3)

COM 320 Communication and Consumerism, SB (3)

COM 353 Professional Communication (3)

COM 454 Rhetorical and Critical Approaches to Public Relations (3)

Elective courses, nine credit hours

COM 400 Communication in Professions, HU, C (3)

COM 414 Crisis Communication (3)

COM 429 Semiotics and Visual Communication (3)

COM 450 Theory & Research in Organizational Communication, SB (3)

COM 457 New Media (3)

COM 459 Theory and Methods of Social Media Networks (3)

COM 484 Internship*

ENG 301 Writing for Professions, L (3)

ENG 311 Persuasive Writing, L (3)

ENG 410 Writing for Publication (3)

ASB/POS/SBS/SOC 374 Internet Cultures and Politics (3)

Or any unused courses from "required course" list above.

*See academic advisor for additional information.

Enrollment Requirements:

The minor in public relations and strategic communications is open to all undergraduate majors. Students should consult the advisors in the department of their major to determine if the minor is consistent with their educational goals. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Please see the School of Social and Behavioral Sciences website at <http://newcollege.asu.edu/sbs/college-advising> (<http://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

All students are required to complete a minimum of six upper division credit hours offered by the School of Social and Behavioral Sciences.

Public Service and Public Policy Minor (PPPAFMIN)

Campus: DTPHX

Description:

The minor in public service and public policy prepares students for work in government at all levels and nonprofit organizations through comprehensive coverage of topics in public policy, public leadership and management and urban studies. Students discover the challenges of

management and learn how to lead a public organization and understand the process of policy development.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. The minor has an applied and professional focus which can enhance many other majors and will make students more competitive in securing public sector jobs.

Program Requirements:

The minor in public service and public policy requires 18 credit hours.

Required Courses:

PAF 200 Public Service and Policy in the 21st Century (3)

PAF 300 Public Management and Administration (3)

PAF 340 Contemporary Policy Challenges (3)

PAF 400 Senior Capstone Project (3)

Electives (select two courses from the following list):

PAF 201 Economics and Public Policy (3)

PAF 410 Building Leadership Skills, SB (3)

PAF 420 Public Leadership (3)

PAF 470 Topics in Public Economics and Financial Management (3)

PAF 471 Public Policy Analysis (3)

URB 300 Urban and Metropolitan Studies (3)

URB 305 Urban Governance (3)

Other related electives may be selected with advisor approval.

Enrollment Requirements:

A total of 12 credit hours must be taken in the School of Public Affairs at ASU. These include three of the required courses (PAF 300, PAF 340, and PAF 400) and one of the upper-division electives.

To earn the minor, students must complete all course work in the minor with a minimum grade of "C" (2.00) or higher.

Students wishing to pursue a minor should consult an academic advisor in the unit offering the minor to ensure the appropriate courses are taken. Students should also consult an academic advisor in the college or department of the major to ensure the college or department of the major recognizes the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Real Estate Minor (BAREAMIN)

Campus: TEMPE

Description:

A minor in real estate is designed to provide an understanding of the real estate industry and to complement the major area of study. The minor consists of a strong foundation that includes real estate fundamentals, law, appraisal and land development. Students may choose from a variety of courses such as investing, economics and urban issues, to complement the foundation. Students who complete the minor will have established a competitive knowledge base for careers in the real estate industry.

Program Requirements:

Students must complete a minimum of 18 credit hours, including 12 hours of required courses and six credit hours of electives.

Students must complete a minimum of 12 hours of resident credit for the minor. All courses must be completed with a grade of "C" (2.00) or higher.

The upper-division business courses required or elected for this minor will be restricted to students with 56 earned credit hours, a minimum 2.50 ASU GPA and completed course prerequisites.

Upper-Division Courses:

REA 380 Real Estate Fundamentals (3)

REA 401 Real Estate Appraisal (3)

REA 411 Real Estate Law (3)

REA 441 Real Estate Land Development (3)

Elective Courses:

ALA 100 Introduction to Environmental Design, HU, H, G (3)

CON 472 Development Feasibility Reports, L (3)

GCU 361 Urban Geography, SB (3)

PUP 434 Economic Development Planning, L or SB (3)

REA 456 Real Estate Investments (3)

SGS 310 Global Urban Systems (3)

SOS 325 The Economics of Sustainability (3)

URB 300 Urban and Metropolitan Studies (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Recreation Management Minor (PPRECMIN)

Campus: DTPHX

Description:

The minor in recreation management introduces students to community recreation programming and planning for a variety of populations. The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, education, nursing, public affairs, social work and many others might find this program a beneficial supplement to their existing program. Students interested in the recreation management minor may also be interested in the school's therapeutic recreation program.

Program Requirements:

The recreation management minor requires completion of 15 credit hours, six credit hours of required courses and nine credit hours of elective courses.

Required core courses:

PRM 120 Leisure and the Quality of Life, SB (3)

PRM 303 Program Planning (3)

Electives (choose three courses from the following list):

CRD 302 Inclusive Community Development, C (3)

CSM 201 Introduction to Sports Management (3)

PRM 304 Recreation Planning and Facility Development, L (3)

PRM 315 Community Recreation Systems (3)

PRM/CSM 335 Sports and Recreation for Youth Development (3)

PRM 364 Foundations of Therapeutic Recreation, SB (3)

PRM 475 Entrepreneurial Recreation and Tourism (3)

PRM 486 Special Events Management (3)

PRM 494 Special Topics (3)

Standards

15 hours of graded classroom course work

- minimum "C" (2.00) grade required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor, a major or premajor, other than parks and recreation management
- should be a junior to take 400-level courses
- no double counting of courses for a major and the minor

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the recreation management minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. Students pursuing a bachelor's in parks and recreation management are not eligible to complete this minor.

Religious Studies Minor (ASRELMIN)

Campus: WEST

Description:

The minor in religious studies introduces students to the world's religious traditions and how these are used by humans to interpret experiences and find meaning. Students learn to think critically about religious world views and presuppositions and to explore the relation to contemporary challenges in the world.

Program Requirements:

The minor in religious studies consists of 18 credit hours of religious studies course work, of which 12 must be upper-division hours (300 or 400 level). Only courses in which the student earns a minimum grade of "C" (2.00) can be counted toward the minor. Courses are to be selected in consultation with a program advisor to create a coherent and complete program of study for the minor.

Courses are to be selected from the following list, in consultation with an advisor, to create a coherent and complete program of study:

REL 200 The Study of Religious Traditions, (L or HU), G (3)

REL 201 Religion and the Modern World, L or HU (3)

REL 202 Religion and Popular Culture, HU, C (3)

REL 203 Saints and Sinners: Explorations in Sacred Biography, HU, H (3)

REL 205 Life, Sex, and Death, HU (3)

REL 207 Ritual, Symbol and Myth, L or HU (3)

REL 300 The Future of Religions, L or HU (3)

REL 310 Western Religious Traditions, HU, H (3)

REL 320 American Religious Traditions, HU, C, H (3)

REL 321 Religion in America, (L or HU), C, H (3)

REL 345 Asian Religious Traditions, HU, G (3)

REL 381 Religion and Moral Issues, L or HU (3)

REL 390 Women and Religion, HU, G (3)

REL 391 Historical Perspectives on Philosophy and Religion (3)

REL 401 Sacred Scriptures and Social Choices, HU, G (3)

Enrollment Requirements:

The minor in religious studies is open to all undergraduate majors. However, students should consult with the advisors in the department of their major to determine if the minor is consistent with their educational goals. Students are encouraged to take courses outside their major and college. Please contact the department for more information.

Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Religious Studies Minor (LARELMIN)

Campus: ONLNE, TEMPE

Description:

A minor in religious studies encourages students to engage in a comparative, cross-cultural exploration of religions and cultures that complements a variety of undergraduate majors while promoting a deeper understanding of human nature and interaction. Students may pursue the minor in religious studies with regional, national, hemispheric, global and a variety of thematic emphases.

Program Requirements:

The minor in religious studies consists of 18 credit hours, at least 12 of which must be in the upper division. At least six upper division hours must be in courses offered by the College of Liberal Arts and Sciences. All courses must be passed with a minimum grade of "C" (2.00). REL 207 Ritual, Symbol, and Myth (3) is required. For minor verification and assistance in course selection, students must consult an academic advisor in the School of Historical, Philosophical and Religious Studies.

Enrollment Requirements:

Students who wish to pursue a minor in religious studies may do so with the permission of the department, school or college of their major as well as an advisor in the School of Historical, Philosophical and Religious Studies.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and, in certain colleges, the academic unit) of the student's major allows the official recognition of the minor and the college and academic unit of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the School of Historical, Philosophical and Religious Studies for more information.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Romanian Minor (LAROMMIN)

Campus: TEMPE

Description:

The minor in Romanian provides students with the means to develop their interests in social cultural and political matters that are marked by a strong language dimension. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. For more information go to <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>).

Program Requirements:

The Romanian minor consists of 18 credit hours of ROM courses beyond ROM 201. This minor is structured so that it requires all ROM courses to be at the upper-division level (300 and above).

Required courses include:

ROM 313 Romanian Composition and Conversation (3)
ROM 314 Romanian Composition and Conversation (3)
ROM 411 Advanced Spoken and Written Romanian I (3)
ROM 412 Advanced Spoken and Written Romanian II (3)
ROM 494 Advanced Romanian Grammar (3)*
ROM 499 Individualized Instruction (3)

*Advanced Romanian Grammar I or II fulfills the requirement.

Requirements:

- A grade of "C" (2.00) or better is required in all courses to be counted toward the minor.
- A minimum of six upper-division hours in the minor must be taken in residence at ASU.
- Pass/Fail courses cannot be used for the minor.
- ROM 101 through 201 are not applicable to the minor.
- Course substitutions are permitted for heritage speakers and other advanced speakers of Romanian.

Enrollment Requirements:

Students who wish to add a minor in Romanian to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Russian Minor (LARUSMIN)

Campus: TEMPE

Description:

Students pursuing a minor in Russian gain novice to intermediate language skills and an understanding of the literature and cultures of Russian-

speaking peoples and regions. Russian is the fourth most spoken language in the world, after Chinese, English, and Spanish, and is the lingua franca of the former Soviet empire, with more than 300 million speakers worldwide. Students are encouraged to study abroad, which can serve to enhance a student's minor experience, education and job opportunities. Since the fall of the Soviet Union in 1991, Russian, other Slavic languages, and Central Asian languages remain strategic, critical languages, with government scholarships to study abroad, do research and internships and find jobs in government agencies.

The Russian language program cooperates with the Melikian Center for an interdisciplinary baccalaureate certificate in Russian, Eurasian, and East European Studies (REEES) for students in agribusiness, anthropology, architecture, economics, geography, history, political science, religious studies, Russian, sociology and women's studies.

Students are encouraged to study abroad for a semester or year in Moscow or St. Petersburg or in Kazan in the new ASU exchange program in Russian Language and Translation.

Program Requirements:

The Russian minor consists of 18 credit hours of Russian courses above RUS 202.

Required:

RUS 311 Russian Composition and Conversation, G (3)

RUS 312 Russian Composition and Conversation, G (3)

RUS electives above 202 level (12)

SLV 304 Computational Linguistics of Slavic Languages, CS (3) may be counted as a Russian course for purposes of the minor.

Enrollment Requirements:

Students who wish to add a minor in Russian to the bachelor's they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Science, Technology and Society Minor (ECSTSMIN)

Campus: POLY

Description:

The science, technology and society program offers a minor to students outside the science, technology and society major, regardless of their major field of specialization. Living in a 21st-century world is characterized by rapid technological change and uncertainty. Mastering the intricacies of the interrelationships between technology and human systems will enhance a degree in any area and arm graduates with the insights and skills required for success in any endeavor.

Program Requirements:

The minor in science, technology and society (STS) requires:

- a minimum of six upper-division hours in the minor must be School of Letters and Sciences courses
- courses that count toward the minor must have a grade of "C" (2.00) or higher

- 18 credit hours of course work, 12 hours of which must be STS upper-division courses
- students who minor in STS must have a minimum GPA of 2.00 for all courses that count toward the minor

One course in general STS and one in internationalization are required to complete the minor as follows:

General: STS 101 Introduction to Science, Technology and Society, SB (3) OR STS 304 Science, Technology and Society, SB (3)

Internationalization: STS 110 Global Technology and Development, SB, G (3) or STS 317 Science, Technology and Global Engagement, SB, G (3)

The following are examples of courses available to complete the minor:

STS 301 Research in Science and Technology Studies, SB (3)
 STS 302 Philosophy of Science and Technology, SB (3)
 STS 303 History of Science and Technology, H (3)
 STS 305 Science and Social Theory, SB (3)
 STS 306 Social Effects of Science and Technology, SB (3)
 STS 318 Science, Technology and Government, SB (3)
 STS 325 Science, Technology and Public Policy, SB (3)
 STS 328 Science, Technology and Culture, SB (3)
 STS 329 Cultivating Technology in Newly Industrializing Countries, SB, G (3)
 STS 330 Information Technology and Globalization, SB, G (3)
 STS 331 Ethical Issues in Science and Technology, SB (3)
 STS 332 Seminar: Global Issues in Science and Technology, SB, G (3)
 STS 364 Science, Technology and National Security, SB (3)
 STS 425 Law, Values, Science and Technology, SB (3)

Enrollment Requirements:

A GPA of 2.00 or higher is required for all resident applicants and 2.50 for nonresident applicants.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Slavic Studies Minor (LASLVMIN)

Campus: TEMPE

Description:

This minor focuses on Slavic languages and cultures with a concentration in either Bosnian/Croatian/Serbian (BCS) or Polish. It is intended primarily for the students of other departments (e.g., history, cultural anthropology, music, political science, economics) whose professional interests lie in Poland or the countries of South-Eastern Europe. The program places equal emphases on languages, culture and regional studies. The minor develops limited professional linguistic proficiency in either BCS or Polish along with adequate cultural sensitivity.

Program Requirements:

The minor in Slavic Studies requires 18 credit hours, including a minimum of 12 upper-division hours.

Required Courses:

any 300- or 400-level RUS, SLV, PLC, or BCS literature or culture course (3)
 BCS 311 and BCS 312 Bosnian/Croatian/Serbian Composition and Conversation (6) OR
 PLC 311 and PLC 312 Advanced Polish (6)
 SLV 304 Computational Linguistics of Slavic Languages, CS (3)
 SLV 440 History of Slavic Languages, SB (3)
 SLV 498 Senior Capstone Seminar (3)

Notes for Minor

A grade of "C" (2.00) or better must be achieved in all courses to be counted toward the minor. A minimum of six upper-division hours in the minor

must be taken in residence at ASU. Course substitutions are permitted for heritage speakers and other advanced speakers of Slavic languages. Please contact the School of International Letters and Cultures for more information. Pass/fail courses cannot be used for the minor. No 201 and 202 language courses are applicable to the minor.

Enrollment Requirements:

Students who wish to add the minor in Slavic Studies to the degree they are currently pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Social Welfare Minor (LASSWMIN)

Campus: DTPHX

Description:

The social welfare minor prepares students for work in human service settings where a fundamental knowledge of human relations is required. It complements careers in journalism, communications, public administration, nursing and related fields and provides a foundation for students who seek to pursue an MSW. The minor enhances and broadens the ability of students to analyze complex family, individual and societal problems in the context of societal values, cultural diversity and other social and economic variables. The minor also contributes to students' understanding of society and social behavior, encourages critical thinking and helps develop communication skills.

Program Requirements:

Students should:

- be at sophomore standing to take 300- or 400-level courses
- complete 18 credit hours of graded course work (internship or independent study not applicable)
- complete a minimum of 12 credit hours of resident credit at ASU
- complete SWU 171 as the prerequisite for all upper-division SWU courses
- earn a grade of "C" (2.00) or higher for all classes in the minor
- maintain a cumulative GPA of 2.00 (4.00 scale) or higher
- meet with a social welfare advisor prior to registration
- take a minimum of 12 credit hours of upper-division course work from the approved list

Required Courses:

SWU 171 Introduction to Social Work, SB & H (3)
SWU 291 Social Service Delivery Systems (3)
SWU 432 Social Policy and Services (3)

Select three credit hours from the list below:

SWU 374 Diversity and Oppression in a Social Work Context, C (3)
SWU 455 Social Work Practice Skills with Latinos (3)
SWU 456 Immigrants and Refugees (3)
SWU 457 Southwest Borderland Immigration Issues (3)
SWU 461 Lesbian, Gay Bisexual, Transgender, and Queer Issues (3)

SWU 498 Spirituality and Helping Profession (3)
SWU 498 Border Family and Community Asset Building Policies (3)
SWU 494 Spanish for Human Services (3)

Select six credit hours from the following list:*

SWU 303 Micro Human Behavior and the Social Environment, L or SB (3)
SWU 340 Macro Human Behavior and the Social Environment, SB (3)
SWU 498 Pro-Seminar (3)

*Note: Student may select one additional course from the cultural diversity options above.

Lower-division credit hours required: 6
Upper-division credit hours required: 12

Total credit hours required: 18

Enrollment Requirements:

Please meet with a social welfare advisor prior to registration.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Social and Behavioral Sciences Minor (ASSBSMIN)

Campus: WEST

Description:

The minor offers students an interdisciplinary focus across several fields of the social and behavioral sciences, including communication, sociocultural anthropology, geography, political science, psychology and sociology.

Program Requirements:

The minor consists of 18 credit hours, at least 12 credit hours of which must be in upper-division courses and at least six credit hours taken from the New College of Interdisciplinary Arts and Sciences.

All courses must be completed with a minimum grade of "C" (2.00 on a scale of 4.00). Students wishing to pursue a minor must meet with an academic advisor in the School of Social and Behavioral Sciences to construct a minor that reflects a particular area of specialty and interest.

Required Courses:

SBS 200 Introduction to Social and Behavioral Sciences, SB (3)

select one additional course from the following list:

COM 308 Advanced Research Methods, L (3)
COM 309 Rhetorical, Interpretive and Critical Methods in Communication (3)
PSY 290 Research Methods, L or SG (4)
SBS 302 Qualitative Methods (3)
SBS 303 Quantitative Methods (3)
SOC 391 Research Methods, L or SB (3)

Electives (12)

A maximum of three semester hours of internship and three semester hours of individualized instruction may be used to fulfill requirements. Courses approved for the 12 credit hours in the minor would come from one of the approved themes from the major.

Enrollment Requirements:

The minor in social and behavioral sciences is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and determine if the major allows the recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences website at <http://newcollege.asu.edu/sbs/college-advising> (<http://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Sociocultural Anthropology Minor (ASASBMIN)

Campus: WEST

Description:

The minor is designed to provide students with a substantive understanding of the theoretical assumptions and methodological techniques underlying the field of sociocultural anthropology. Courses provide students with knowledge about and theoretical approaches to cross-cultural studies and transnational research, emphasizing culture and political economy in historical context. Specifically, students minoring in sociocultural anthropology will be expected to demonstrate knowledge and skill in the following areas:

- anthropological approaches to and explanatory frameworks for the study of social issues in culture and political economy
- application of theoretical knowledge to understanding sociocultural practices across local and global contexts
- awareness of cultural, ethnic, gender, sexual, class and age differences and commonalities across world social formations
- critical thinking and analytical reasoning
- development of their own anthropological perspective for use in their everyday lives and future studies or employment
- effective oral presentation and written communication
- interpretation of cultural practices, social theory and social texts
- qualitative research methods in anthropology and other social sciences and interpretive humanities, including ethnographic field research and library research

Program Requirements:

This minor requires 18 credit hours, at least 12 of which must be in upper-division courses.

Please complete ASB 311 and SBS 302 as they are required courses. The remaining 12 credit hours may be drawn from ASB courses and from several key SBS courses. All courses must be passed with a minimum grade of "C" (2.00) or higher. Up to six credit hours of lower-division courses and three credit hours of ASB 499 Individualized Instruction may also be applied toward the minor.

Complete two required courses (6 credit hours):

ASB 311 Principles of Social Anthropology, SB, G, H (3)

SBS 302 Qualitative Methods (3)

Choose four courses from the following list (12 credit hours):

ASB 102 Introduction to Cultural and Social Anthropology, SB, G (3)

ASB 211 Women in Other Cultures, HU or SB, G (3)

ASB 319 The North American Indian (3)

ASB 339 Grassroots Social Movements, SB (3)

ASB 340 Migration and Culture, SB, G (3)

ASB 342 Mexico-U.S. Borderlands, SB, C (3)

ASB 346 Marriage and Family Diversity, SB, C (3)

ASB 350 Anthropology and Art, HU (3)

ASB 353 Death and Dying in Cross-Cultural Perspective, HU or SB, G (3)

ASB 356 Central American Studies, SB, G (3)
ASB 374 Cultures and Politics of the Internet, SB (3)
ASB 389 Ethnographic Field Lab (1-6)
ASB 394 Special Topics (1-4)
ASB 440 Women in the Global Factory, SB, G (3)
ASB 442 Urban Anthropology, SB (3)
ASB 445 Globalization, Development and Resistance, SB, G (3)
ASB 447 Citizenship, Nationalism and Identity, SB, C (3)
ASB Electives (3)
SBS 301 Cultural Diversity, L or SB, C (3)
SBS 450 Topics in Local/Global, SB, G (3)
SBS 460 Urban Studies, SB (3)
SBS 480 Global Justice, G (3)

Enrollment Requirements:

The minor in sociocultural anthropology is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and determine if the major allows the recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences website at <http://newcollege.asu.edu/sbs/college-advising> (<http://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Sociology Minor (ASSOCMIN)

Campus: WEST

Description:

The sociology program provides students with an understanding of the theory, practice and policy underlying issues of social change, inequality and diversity. These issues are approached from multiple perspectives, including race or ethnicity, gender, economic position, age, geographic location and position in the global political economy.

The student minoring in sociology will learn how it enhances one's understanding of social realities and institutions at local, national and international levels, and how sociology contributes to the other social sciences and to the humanities.

Students gain a basic understanding of the assumptions underlying the discipline of sociology and develop the research skills necessary for analysis of complex social issues. These objectives are met by offering a flexible program and by providing the student with individual and group experiences in working with faculty members on concrete intellectual and policy issues.

Program Requirements:

The minor in sociology requires 18 credit hours in sociology, of which 12 hours must be upper-division courses.

Required Courses:

SOC 101 Introductory Sociology, SB (3)

select one course from the following list:

SBS 303 Quantitative Methods (3)
SBS 304 Social Statistics I, CS (3)
SOC 390 Social Statistics I, CS (3)
SOC 391 Research Methods, SB (3)

SOC 483 History of Social Thought, SB (3)
SOC 486 Contemporary Theory, SB (3)

Additional Sociology Electives (12)

Enrollment Requirements:

The minor in sociology is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and determine if the major allows the recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences at <http://newcollege.asu.edu/sbs/college-advising> (<http://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Sociology Minor (LASOCMIN)

Campus: ONLNE, TEMPE

Description:

A minor in sociology from the School of Social and Family Dynamics exposes students to the basic course work and issues within the discipline. This program provides an exceptional balance to studies in psychology, communication, education, business and nursing.

Program Requirements:

The minor in sociology requires 18 hours, of which 12 hours must be upper-division courses. A minimum of six upper-division SOC courses must be completed from offerings on the Tempe campus. Required courses are:

SOC 101 Introductory Sociology, SB (3)
SOC 391 Research Methods, L, SB (3) OR
SOC 483 History of Social Thought, SB (3) OR
SOC 486 Contemporary Theory, SB (3)

12 credit hours of sociology (SOC) electives, of which a minimum nine credit hours must be upper-division

Enrollment Requirements:

Students who wish to pursue a minor in sociology may do so with the permission of the department, school or college of their major as well as the advisor in the School of Social and Family Dynamics. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the Academic Catalog Archive 2014-2015 781

year, and you learn in accelerated, 7.5-week classes.

Spanish Minor (ASSPAMIN)

Campus: WEST

Description:

The Spanish minor consists of three emphases: language, literature and cultures. These emphases are integrated within the discipline and with other disciplines within the New College of Interdisciplinary Arts and Sciences.

The program also allows credit for internships in social and business agencies. This school-to-work experience, in addition to offering the student possible entry-level job opportunities, provides stimulating linguistic and cultural rewards outside the campus environment.

Program Requirements:

The minor in Spanish consists of 18 upper-division credit hours (300 or 400 level).

The following courses cannot be used to fulfill requirements for the minor:

SPA 313, Spanish Conversation and Composition, G (3) or SPA 315, Spanish Conversation and Composition for Bilinguals (3)

SPA 314, Spanish Conversation and Composition, G (3) or SPA 316, Spanish Conversation and Composition for Bilinguals (3)

Preparatory course work may not be used to satisfy minor requirements. Preparatory course work includes:

SPA 111, Fundamentals of Spanish (4)

SPA 201, Intermediate Spanish I, G (4)

SPA 202, Intermediate Spanish II, G (4) (or test equivalent to placement in Spanish composition)

SPA 313, Spanish Conversation and Composition, G (3) or SPA 315, Spanish Conversation and Composition for Bilinguals (3)

SPA 314, Spanish Conversation and Composition, G (3) or SPA 316, Spanish Conversation and Composition for Bilinguals (3)

Students must complete all course work in the minor with a grade of "C" (2.00) or better. No pass/fail credit may be used for minor requirements.

No course may be used to satisfy more than one of these requirements. Other courses must be approved by an advisor.

Enrollment Requirements:

Students wishing to pursue the Spanish minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Spanish Minor (LASPAMIN)

Campus: ONLNE, TEMPE

Description:

Students pursuing a minor in Spanish gain an understanding of the language, literature and cultures of Spanish-speaking peoples and regions.

There are opportunities to partake in study abroad programs, which can serve to enhance a student's minor experience and education. For more information go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>).

Program Requirements:

The minor in Spanish requires a minimum of 18 upper-division credit hours. Course substitutions are allowed for heritage and advanced speakers of the language.

Required Courses:

SPA 325 Introduction to Hispanic Literature, HU (3)

SPA 412 Advanced Conversation and Composition, G (3)

Choose two of the following courses:

SPA 425 Spanish Literature (to 1700), HU (3)

SPA 426 Spanish Literature (from 1700), HU (3)

SPA 427 Spanish American Literature (to 1880), L or HU (3)

SPA 428 Spanish American Literature (from 1880), L, G (3)

SPA 464 Mexican American Literature, HU or SB, C (3)

Choose one of the following courses:

SPA 471 Civilization of the Spanish Southwest, L or HU, C (3)

SPA 472 Spanish American Civilization, HU, H, G (3)

SPA 473 Spanish Civilization, HU or SB, G (3)

Choose one from the following courses:

SPA 319 Business Correspondence and Communication, G (3)

any SPA 400-level course

Enrollment Requirements:

Students who wish to add the minor in Spanish to the degree they are currently pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Spanish Minor (LSSPAMIN)

Campus: DTPHX

Description:

The series of courses in this 18-credit-hour minor will help students hone Spanish communication skills and cultural knowledge to serve the needs of the U.S. Latino community in professional settings (i.e., education, social work, health care, criminology, journalism). The combination of

professionally focused courses and practical experience in this minor will enhance students' professional preparation for employment in positions that require advanced proficiency in Spanish and an in-depth understanding of U.S.-Latino culture.

Program Requirements:

Prerequisite: SPA 314/316 or permission of instructor.

Required Courses (12 credits)

SPA 394/317 Introduction to Spanish for the Professions (3)

SPA 404 Spanish in U.S. Professional Communities, C (3)

SPA 405 Latino Cultural Perspectives for the Professions, C (3)

SPA 484 Internship (3)*

Elective Course Options (six credits chosen from the following list)

SPA 403 Spanish Grammar and Stylistics for the Professions (3)

SPA 300- or 400-level Spanish courses focused on the professions (e.g., health care, business, medical or legal interpretation, journalism, social work, education, legal and justice studies, sustainability, engineering and urban planning) (3)*

All courses for this minor will require a minimum grade of "C" (2.00) or better to receive credit toward fulfilling minor requirements.

*Prerequisite: A minimum of 12 credit hours completed in this minor and permission of the instructor.

Enrollment Requirements:

For additional admission and registration requirements, please visit the school website.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Special Events Management Minor (HSEVNMIN)

Campus: DTPHX

Description:

The minor in special events management is designed to offer students a solid understanding of special event programming and management. In addition to the two-tiered special event course, which provides basic and advanced instruction as well as experiential learning opportunities through event production, students will be able to select electives to meet their interests.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, communication and many others find this program a beneficial supplement to their existing program. For more information, access the school's website.

Program Requirements:

The minor requires 15 credit hours, six credit hours of required courses and nine credit hours of elective courses.

Required Core Courses:

PRM 486 Special Events Management (3)

PRM 487 Advanced Special Events Management (3)

Electives (choose three courses from the following list):

NLM 300 Fundraising and Resource Development (3)

PRM 303 Program Planning (3)

PRM 304 Recreation Planning and Facility Development (3)

PRM 475 Entrepreneurial Recreation and Tourism (3)

PRM 484 Internship (3)

TDM 205 Introduction to Travel and Tourism, G (3)

TDM 345 Meeting and Convention Planning (3)

TDM 350 Tourism Marketing (3)

Standards

- 15 hours of graded course work (no independent study)
- minimum "C" (2.00) grade required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor, a major or premajor, other than parks and recreation management or tourism development and management
- should be a junior to take 400-level courses
- no double counting of courses for a major and the minor

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the special events management minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward the major degree and the minor. For example, students pursuing a BS in either parks and recreation management or tourism development and management are not eligible to complete this minor.

Speech and Hearing Science Minor (LASHSMIN)

Campus: TEMPE

Description:

The Department of Speech and Hearing Science offers an undergraduate minor in speech and hearing science. This is an academic program with emphasis on normal aspects of speech, language and hearing.

Program Requirements:

The required courses are listed below for your information, but students are strongly encouraged to visit an advisor from the Department of Speech and Hearing Science at ASU. The minor in speech and hearing science consists of 24 credit hours with the following classes required:

- SHS 105 Introduction to Human Communication Disorders (3)
- SHS 250 Introduction to Phonetics (3)
- SHS 310 Anatomical and Physiological Bases of Speech (3)
- SHS 311 Hearing Science (3)

choose one from the following:

- SHS 367 Language Science, SB (3)
- SHS 375 Speech Science (3)

The remainder of the credits must come from the following courses:

- SHS 401 Introduction to Audiology (3)
- SHS 402 Clinical Methods and Treatment of Communication Disorders (3)
- SHS 465 Speech and Language Acquisition, SB (3)
- SHS 470 Developmental Speech and Language Disorders (3)
- SHS 485 Acquired Speech and Language Disorders (3)
- SHS 496 Aural Rehabilitation (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Statistics Minor (LASTAMIN)

Campus: TEMPE

Description:

The minor in statistics is recommended for students majoring in a variety of disciplines such as physics, engineering applications, business, economics and in the life and social sciences where the need for quantification in the analysis of phenomena is strong.

Program Requirements:

The minor in statistics consists of 18 to 20 credit hours.

Required courses:

MAT 271 Calculus with Analytic Geometry II, MA (4) or MAT 266 Calculus for Engineers II, MA (3)

MAT 272 Calculus with Analytic Geometry III, MA (4) or MAT 267 Calculus for Engineers III, MA (3)

MAT 300 Mathematical Structures, L (3)

STP 420 Introductory Applied Statistics, CS (3)

STP 421 Probability (3)

STP 427 Mathematical Statistics (3) or STP 429 Experimental Statistics, CS (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Studio Art Minor (HISTARTMIN)

Campus: TEMPE

Description:

The art minor or BIS concentration in studio art is designed for students who have an interest in studio arts but are pursuing another major. The program includes foundation art courses that address formal issues in art and upper-division courses that develop a conceptual basis for the student while increasing technical proficiency in one or more studio areas. Course work in art history, both lower and upper division, helps foster critical understanding of aesthetics and the production of art. The designated course work is flexible enough for students to concentrate in a single area of the studio arts or explore several mediums.

Program Requirements:

The minor requires 21 credit hours (12 upper-division) in studio art and art history, art education or a related area of study.

Core Studio (6)

Required:

ART 110 Drawing as Seeing and Thinking, HU (3)

complete one of the following: (3)

ART 112 2-D Design (3)

Sustainability Minor (SUSUSMIN)

Campus: ONLNE, TEMPE

Description:

Students in the sustainability minor will learn about the concept of sustainability and how it may be used to develop solutions to pressing issues affecting society, organizations and the world. The minor introduces sustainability principles and explains how sustainability can be applied to all academic disciplines and professional fields. Students will explore the challenges of sustainability within human institutions, organizations, cultures and technology, and in local, national and international contexts. The minor is intended to draw from and inform any major in the university.

Program Requirements:

The sustainability minor requires 18 credit hours of study, at least nine of which must be upper-division courses. The program includes six credit hours of required core courses, six credit hours of required theme courses, and six credit hours of upper-division, sustainability-related electives from the student's major.

Required Core Courses:

SOS 100 Introduction to Sustainability, G (3)
SOS 300 Advanced Concepts and Integrated Approaches in Sustainability (3)

Required Theme Courses:

two courses at the 100 or 200 level, each one from a different sustainability theme area (6)

Courses for the following theme areas can be found on the School of Sustainability website (see

<http://schoolofsustainability.asu.edu/undergraduate/sustainability-minor/index.php>

(<http://schoolofsustainability.asu.edu/undergraduate/sustainability-minor/index.php>)):

- coupled human-environment systems
- earth systems
- human transformation of the earth
- social, political and economic treatment of natural resources and environment

Upper-Division, Sustainability-Related Electives:

two courses that are sustainability related and ideally make a connection between the student's major and the minor (6)

Students should consult with their major advisor for course selection. Possible courses for these electives can be explored at

<http://schoolofsustainability.asu.edu/undergraduate/undergraduate-courses.php>

(<http://schoolofsustainability.asu.edu/undergraduate/undergraduate-courses.php>), but still need to be approved by an academic advisor.

Enrollment Requirements:

Students who wish to declare a minor in sustainability should obtain advisor approval from the department, school or college of their major. The sustainability minor is available to students pursuing a major outside of the School of Sustainability.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. For example, this minor is not available to business students

pursuing the sustainability concentration.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Sustainable Tourism Minor (PPTDMSMIN)

Campus: DTPHX

Description:

As sustainability expands in popularity as a discipline, students are looking to find ways to better understand how they can apply the principles of sustainability to specific areas of interest. A minor in sustainable tourism development will allow students from any major to learn the basic concepts and theories of tourism development and management and help them identify ways in which tourism can contribute to sustainable development, locally and globally.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as sustainability, business and many others will find this program a beneficial supplement to their existing program. Students may also choose to complete a study abroad program.

Program Requirements:

The minor requires a total of 15 credit hours, 12 credit hours of required courses and three credit hours of elective.

Required Core Courses:

TDM 205 Introduction to Travel and Tourism, G (3)
TDM 372 Tourism Planning, L (3)
TDM 458 International Tourism, G (3)
TDM 480 Sustainable Tourism (3)

Elective Courses (choose one from the following list):

PRM 475 Entrepreneurial Recreation and Tourism (3)
TDM 394/494 Special Topics (3)
TDM 448 Heritage and Cultural Tourism (3)
TDM 481 Sustainable Food Management in Tourism (3)
TDM 482 Sustainable Revenue Management in Tourism (3)

Standards:

- 15 hours of graded classroom course work (no internship, no independent study)
- minimum "C" (2.00) grade required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor; a major other than tourism development and management
- should be a junior or higher to take 400-level courses
- no double counting of courses for a major and the minor

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, a student may have that accomplishment officially recognized on the ASU transcript at graduation if the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue the sustainable tourism minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. For example, students pursuing a BS in tourism development and management are not eligible to complete this minor.

Theatre Minor (FATHEMIN)

Campus: TEMPE

Description:

Students pursuing the theatre minor will study the literatures, histories and basic production practices of theatre while having opportunities to concentrate in an area such as:

- design and production
- directing and performance
- new work development
- theatre and performance studies
- theatre for youth

Program Requirements:

The school offers a minor in theatre consisting of 22 credit hours of course work (nine credit hours must be upper-division). A grade of "C" (2.00) or higher is required for all courses in the minor. All prerequisites for the minor courses must be met (see course listings). Transfer students may transfer up to nine credit hours toward the minor.

The following courses are required, for a total of 13 credit hours:

FMP 201 Film: The Creative Process I, HU (3)*

THE 100 Introduction to Theatre, HU (3)

THE 322 Theatre History and Culture, HU, H (3)

THF 101 Acting Introduction (3)

THP 201 Theatre Production Crew (1)

*Students considering a minor in film concurrently must complete an additional course in theatre or film to make up for the overlapping FMP 201 course (and THF 101, if taken for the filmmaking practices concentration).

Also required are nine credit hours of upper-division course work related to theatre. Choose from courses with the FMP, THE, THF or THP prefix. Contact the school for options and course requirements.

Courses ordinarily limited to majors only are available to minors on a second-priority basis; that is, minors may not register for these courses early but are allowed to register after all majors' needs have been met.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Tourism Development and Management Minor (PPTDMMIN)

Campus: DTPHX

Description:

The minor in tourism development and management provides students with the planning and development skills needed to enter the largest industry in the world. Exposure to the businesses of sustainable tourism, heritage tourism and meeting and convention planning will begin to prepare students for successful careers in the fast-growing travel and tourism industry. According to the World Tourism Organization and the World Travel and Tourism Council, the travel and tourism industry is the largest industry and employer in the world. It is the third largest industry in the United States and ranks as the second largest industry in Arizona.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, communication and many others find this program a beneficial supplement to their existing program. Having completed the minor in tourism development and management, a student may also complete a certificate in convention sales and meeting planning. For more information, access the school's website. Students may also choose to participate in a study abroad program.

Program Requirements:

The tourism development and management minor requires 15 credit hours, six credit hours of required courses and nine credit hours of elective courses.

Required Core Courses:

TDM 205 Introduction to Travel and Tourism, G (3)

TDM 480 Sustainable Tourism (3)

Elective Courses (choose three from the following list):

CSM 481 Sports Tourism (3)

PRM 486 Special Events Management (3)

TDM 225 Introduction to Resort and Hotel Management (3)

TDM 345 Meeting and Convention Planning (3)

TDM 350 Tourism Marketing (3)

TDM 386 Convention Sales and Planning

TDM 394/494 Special Topics (3)

TDM 415 Tourism Transportation Systems (3)

TDM 448 Heritage and Cultural Tourism (3)

TDM 458 International Tourism, G (3)

Standards:

- 15 hours of graded classroom course work (no internship, no independent study)
- minimum "C" (2.00) grade required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor, a major or premajor, other than tourism development and management
- should be a junior to take 400-level courses
- no double counting of courses for a major and the minor

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor. Students wishing to pursue the tourism development and management minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. For example, students pursuing a BS in tourism development and management are not eligible to complete this minor.

Transborder Chicana/o and Latina/o Studies Minor (LATCLMIN)

Campus: TEMPE

Description:

The School of Transborder Studies offers an interdisciplinary degree program with a central mission of providing a value-added environment that increases the direct participation of Chicana/o and Latina/o populations in the formation of human and capital development.

The program offers students a fundamental understanding of the many dimensions of transnational and transborder processes. These include giving students the knowledge necessary to understand the manner in which Chicana/o, Mexican and Latina/o populations are influenced by, and also negotiate in, political, social, cultural and linguistic borders of multiple sorts.

An equally important dimension is the preparation of students to effectively function in transnational and transborder contexts and processes. Graduates will be able to traverse political borders because capital expansion is practically unlimited in time and space. Students gain skill at developing literary, policy and applied projects that benefit their communities and regions.

Program Requirements:

The transborder Chicana/o and Latina/o studies minor requires 18 credit hours of TCL course work.

Core Requirements:

TCL 201 Transborder Society and Culture I: Interdisciplinary Approaches, HU, C (3) OR

TCL 202 Transborder Society and Culture II: Contemporary Issues, SB, C (3) AND

TCL 332 Mexican American History Since 1900, SB, H, C (3)

Students must take the remaining 12 credit hours in upper-division TCL courses in concentrations of their choice.

Enrollment Requirements:

Students who wish to pursue a minor in Transborder Chicana/o and Latina/o studies may do so with the School of Transborder Studies. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Urban Planning Minor (ARPUPMIN)

Campus: TEMPE

Description:

The planning minor introduces students to the field of urban planning. Students can select courses that include:

- administration
- comprehensive planning
- planning law
- public policy formulation
- site planning

- socioeconomic and environmental analysis
- urban design

Many students continue to specialize in planning at the graduate level. Students in planning are exposed to the theories, methods and practices of the profession.

Program Requirements:

A minimum of 18 credit hours are required for the minor, at least 12 of which must be upper-division.

Required Course:

PUP 301 Introduction to Urban Planning, L (3)

The remaining 15 credit hours (at least nine of which must be upper-division) must be chosen from among the following courses:

PUP 190 Sustainable Cities, HU/SB, G (3)

PUP 200 Cities in Cinema, HU, H, G (3)

PUP 363 History of Planning (3)

PUP 410 Public Participation in Planning (3)

PUP 412 History of the City, L/HU, H (3)

PUP 420 Theory of Urban Design, HU (3)

PUP 425 Urban Housing Issues (3)

PUP 430 Transportation Planning and the Environment (3)

PUP 432 Planning and Development Control Law (3)

PUP 433 Zoning Ordinances, Subdivision Regulations and Building Codes (3)

PUP 436 City Structure and Planning (3)

PUP 442 Environmental Planning (3)

PUP 444 Preservation Planning (3)

PUP 445 Women and Environments, C (3)

PUP 452 Ethics and Theory in Planning, L (3)

PUP 465 Sustainable Urbanism (3)

PUP 484 Internship (1-12)

PUP 485 International Field Studies, G (1-12)

PUP 494 Special Topics (1-4)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Urban and Metropolitan Studies Minor (PPURBMIN)

Campus: DTPHX

Description:

The minor in urban and metropolitan studies offers students interested in the urban environment the opportunity to explore the wide variety of issues that influence the quality of life in urban communities. Students are encouraged to learn about cities as historical, social, cultural, economic and political phenomena in order to gain a strong understanding of the complex relationships that contribute to the problems and opportunities of urban living. As the population in the state's urban areas continues to grow, so will the demand for leaders who are skilled in new and innovative

ways with which to address the challenges such growth generates. The program allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from various disciplines such as planning, business, political science, nonprofit management and leadership, communication, social work, geography and many others might find this program a beneficial supplement to their existing program.

Program Requirements: • 12 hours of residence credit at ASU

- 15 hours of course work with a "C" (2.00 on a scale of 4.00) or better in each course
- nine hours of upper-division course work from the approved list

Eligibility to pursue the minor requires a major other than urban and metropolitan studies.

Required Courses:

URB 300 Urban and Metropolitan Studies (3)

URB 305 Urban Governance (3)

Core courses (choose two of the following):

URB 220 Introduction to Urban America (3)

URB 240 Urban Policy, C (3)

URB 302 Urban Theory (3)

PAF 302 Public Service Research Methods (3)

PAF 410 Building Leadership Skills, SB (3) Urban Electives (select a combination of courses from the following prefixes): URB, PAF, POS, PUP, GPH, GCU, MGT, HST, SBS, SOS, ASB, SOC, WST, TWC, COM, CRJ, SWU, NLM, TDM, PRM

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken. Students should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Wellness Foundations Minor (ECEXWMIN)

Campus: DTPHX

Description:

The exercise and wellness program offers this minor program to any ASU student interested in learning about health and wellness. Students will develop a greater understanding of the behavioral, psychological, social, cultural and environmental factors that impact personal wellness behaviors, healthy lifestyles and disease prevention to assist them in developing enhanced personal wellness. This course of study does not prepare students to pursue national certifications for professional practice in fields of study related to health, fitness and wellness.

Program Requirements:

The minor in wellness foundations consists of 18 credit hours. The minor requires that students complete the following courses with a grade of "C" (2.00 on a scale of 4.00) or higher:

EXW 100 Introduction to Health and Wellness (3)

EXW 325 Fitness for Life (3)

EXW 450 Social Determinants of Health and Health Behavior (3)

HSC 210 Cultural Aspects of Health (3)

HSC 300 Complementary Healthcare (3)

one elective (3)

EXW Elective:

three credit hours must be selected from the following approved list of electives:

EXW 344 Physical Activity in Health and Disease (3)
EXW 350 Substance Abuse and Addictive Behavior (3)
EXW 380 Body Image and Wellness (3)
EXW 400 Stress Management for Wellness (3)
NTR 100 Introductory Nutrition OR NTR 241 Human Nutrition (3)
NTR 345 Development of Healthy Cuisines (3)
NTR 348 Cultural Aspects of Food (3)
NTR 353 The Western Diet: Food, History, and Sustainability (3)

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Women and Gender Studies Minor (ASWSTMIN)

Campus: WEST

Description:

The minor in women and gender studies, within the New College of Interdisciplinary Arts and Sciences, is an interdisciplinary program emphasizing intersectional approaches to the study of gender, race, class, ethnicity and sexuality in national and transnational contexts.

Program Requirements:

The women and gender studies minor consists of 18 credit hours of course work, of which 12 credit hours must be upper-division (300 or 400 level).

Core Requirements (12 credit hours):

HRC 310 Social and Cultural Studies: Method and Theory (3)
HRC 480 Capstone: Practices and Approaches (3)
WST 100 Women, Gender and Society, SB, C (3) or WST 300 Women and Gender in Contemporary Society, SB, C (3)
WST 276 Wave on Wave: Survey of U.S. Women's Movements, H (3)

WST elective course work (6 credit hours)

Enrollment Requirements:

Students wishing to pursue the women and gender studies minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

Women and Gender Studies Minor (LAWSTMIN)

Campus: ONLINE, TEMPE

Description:

The minor in women and gender studies provides students with an intensive interdisciplinary liberal arts education that enables them to write well, think critically and analyze problems effectively. Students take a variety of courses, including a capstone seminar requiring original research and writing plus an internship that helps them prepare for life after college. Original undergraduate research is encouraged, and some courses involve students studying community problems and formulating policy solutions.

Program Requirements:

The women and gender studies minor consists of 18 credit hours, 12 of which must be upper-division. A minimum "C" grade or higher is required. At least 12 of the 18 hours must be upper-division.

Students take one of the following courses (3 credit hours):

WST 100 Women, Gender and Society, SB, C (3) or WST 300 Women and Gender in Contemporary Society, SB, C (3)

Students choose one from the following courses (3 credit hours):

WST 377 History of American Feminist Thought, H, C (3)

WST 378 Global Feminist Theory, L, C, G (3)

WST 380 Race, Gender and Class, SB, C (3)

Twelve additional credit hours of women and gender studies electives must be taken and can be selected from any WST-prefix course.

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Youth Services Leadership Minor (HSYSLMIN)

Campus: DTPHX

Description:

The minor in youth services leadership is designed to explore the area of youth leadership from the perspective of those who work face-to-face with youth in a variety of settings. The minor allows students enrolled in a variety of undergraduate programs at ASU to broaden their knowledge of youth services. Students from programs such as education, nursing, social work, criminal justice and others may find this program a beneficial supplement to their existing program.

Program Requirements:

The minor requires 15 credit hours, three credit hours of required courses and 12 credit hours of elective courses.

Required Core Course:

PRM 303 Program Planning (3)

Elective Courses (choose four from the following list):

CRJ 204 Juvenile Justice (3)

CRJ 462 Gangs (3)

NLM 220 Introduction to Nonprofit Organizations (3)

NLM 310 Volunteer Management (3)

PRM 302 Inclusive Community Development (3)

PRM 364 Foundations of Therapeutic Recreation, SB (3)

PRM 394/494 Special Topics (3)

PRM/NLM 451 Grant Writing (3)

PRM 486 Special Events Management (3)

Standards:

- 15 hours of graded classroom course work (no internship, no independent study)
- minimum "C" (2.00) grade required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor, a major or premajor, other than tourism development and management
- should be a junior to take 400-level courses
- no double counting of courses for a major and the minor

Enrollment Requirements:

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the youth services leadership minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor.

Undergraduate Programs

Undergraduate Certificates (Program Descriptions and Requirements)

Actuarial Science Certificate (LAACTCERT)

Campus: TEMPE

Description:

Actuarial science is an area of mathematical and statistical science that requires expertise in specializations of probability and interest theory, coupled with a strong foundation in accounting, finance and economics. This certificate provides students with preparation for professional actuarial credentialing exams offered by the Society of Actuaries and the Casualty Actuarial Society.

Program Requirements:

Students must complete a minimum of 15 credit hours of course work from the ACT classes listed below. Course prerequisites include: 3.00 GPA minimum, and B or better in Multivariate Calculus, Linear Algebra, Introductory Statistics and Computer Programming course work (completed at ASU or an equivalent institution).

ACT 310 Mathematics of Finance (4)
ACT 415 Probability for Risk Management (3)
ACT 430 Mathematics of Financial Derivatives (3)
ACT 440 Life Contingencies I (3)
ACT 441 Life Contingencies II (3)
ACT 450 Actuarial Models and Modeling I (3)
ACT 451 Actuarial Models and Modeling II (3)

Enrollment Requirements:

Although no specific degree is required for admission to the actuarial science certificate, a strong mathematical background is essential (found in majors including mathematics, statistics, engineering and natural sciences). Students with a major or degree other than those listed will require additional preparation beyond the certificate. Students are required to have a 3.00 cumulative GPA minimum and "B" or better in Multivariate Calculus, Linear Algebra, and Introductory Statistics at ASU or an equivalent institution.

Students admitted to study at Arizona State University are eligible to pursue the requirements of a certificate. In order to be admitted to the university, complete the Office of Admission online application. Please contact the unit for additional information.

African and African American Studies Certificate (LAAFRCERT)

Campus: TEMPE

Description:

The certificate program examines the culture, arts, history, politics, economics and current status of African Americans, Africans and the African diaspora, especially in the Caribbean, Central America and South America. The goal is prepare students for lifelong learning, advanced study in a variety of fields and successful careers and productive public service in an increasingly diverse society, especially in Arizona.

Program Requirements:

Students will be required to complete 24 credit hours. Six credits will be a prescribed core and the remaining 18 elective hours will be selected from the program prefix (AFR).

Required Certificate Core Course:

AFR 200 Introduction to African and African Diaspora Studies, SB, G, H (3)

Elective Core Course: (choose one course)

AFR 300 Precolonial Africa, SB, G, H (3)

AFR 301 Race and Racism in Africa/African Diaspora, SB, G (3)

AFR 302 History of Black Women in America, SB, H (3)

AFR 305 The Global History of the Trans-Atlantic Slave Trade, SB, H (3)

Elective Courses:

The remaining 18 credit hours will be completed by selecting courses not taken to fulfill the six core credit hours and will be selected from the program prefix (AFR). At least 18 of the 24 credit hours must be upper-division courses (300 or higher). All courses must have a "C" (2.00) grade or higher. No course may be used to satisfy more than one requirement in the undergraduate certificate.

Enrollment Requirements:

Students admitted to study at Arizona State University are eligible to pursue the requirements of a certificate. In order to be admitted to the university, complete the Office of Admissions online application. Please contact the unit for additional information.

Applied Business Data Analytics Certificate (BABDACERT)

Campus: ONLNE, TEMPE

Description:

The certificate in applied business data analytics is created for students who are interested in practical uses for computer-based tool suites that are capable of managing vast amounts of data; providing sophisticated but easy to use means to manage and analyze that data; and to leverage those tools for making good decisions about projects, process designs and fundamental decision making tasks. Exposure to predictive analytics and modeling, big data techniques and visualization provides significant insight into the advanced uses of the computer-based tools. Critical thinking is an important skill and mindset that is required to establish and evaluate evidence-based benchmarks for making good decisions leading to high quality outcomes.

Program Requirements:

The certificate in applied business data analytics requires 18 credit hours to complete and is available to all majors. There are no prerequisite courses.

Required courses include:

CIS 105 Computer Applications and Information Technology (3)

CIS 308 Advanced Excel in Business (3)

CIS 309 Business Process Management (3)

CIS 311 Business Project Management (3)

CIS 405 Business Intelligence (3)

any statistics course (3)

CIS 105 is a prerequisite to the other four courses. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or higher.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Arabic Studies Certificate (LAARBCERT)

Campus: TEMPE

Description:

The certificate in Arabic studies provides students with skills that will enable and qualify them to communicate effectively in Arabic in the four areas of language acquisition:

- listening
- reading
- speaking
- writing

Simultaneously, students gain a broad knowledge and understanding of the culture, literature and traditions of the vast Arabic-speaking world.

The certificate provides critically needed educational and cultural diversity that will enrich students' undergraduate experience and prepare them for life as employees and employers.

Graduate students in the liberal arts, social sciences and humanities seeking academic or professional careers in any of the three disciplines or thematic concentrations are also expected to be attracted to this certificate because of the added advantage the program gives them in the job market given the demonstrably high need for graduates with Arabic knowledge.

Program Requirements:

ASU students admitted to a degree program in any field of study would be eligible for the Arabic studies certificate program. In addition to the course work and examinations required in the major field of interest, students are responsible for fulfilling the minimum requirement of 18 hours (at least 12 upper-division) to earn the Arabic studies certificate. These hours can be chosen in consultation with the certificate coordinator. A minimum grade of "C" (2.00) or higher is required in each course.

Enrollment Requirements:

Students must first be accepted into an appropriate degree program at ASU and will then apply directly to the director of the Arabic studies certificate in the School of International Letters and Cultures for admission into the certificate program.

The application will consist of:

- name
- address
- phone number
- email address
- student ID number
- major
- year in college
- anticipated graduation date
- name of their advisor for their academic major

Please contact the department for more information.

Arts Entrepreneurship Certificate (HITHAECERT)

Campus: TEMPE

Description:

Arts entrepreneurship is an emerging transdisciplinary field that harnesses the skills and mindset of the entrepreneur to empower artists to create work that is meaningful, sustainable, and oriented to community and market need. Students across art, dance, design, film, music and theatre disciplines will benefit from the business, marketing, and organizational skills offered by certificate courses as applied specifically to and within the arts.

Program Requirements:

The undergraduate certificate in arts entrepreneurship consists of 15 credits including nine credit hours of required courses. Of the remaining credits, three credits must be taken from each category of electives shown below: art business; and arts policy, community, and socially engaged arts. A grade of C or better is required in all courses.

Required Courses:

THP 352 Foundations of Arts Entrepreneurship (3)

HDA 420 Design and the Arts Business Administration (3)

THP 452 Arts Entrepreneurship Seminar (3)*

*This is a culminating experience to the certificate program.

Electives:**Arts Business***

ARA 396 Professional Practices for Artists (3)

ARA 460 Gallery Exhibitions (3)

DSC 394 Design Entrepreneurship and Society (3)

FMP 417 Business Ethics in Entertainment (3)

FMP 494 Business of Media Industries (3)

MUE 494 Collaborative Entrepreneurship in the Arts (3)

MUS 494 The Enterprising Musician (3)

THP 351 Arts Management (3)

THP 450 Theatre Organization and Management (3)

Arts Policy, Community or Social Engaged Arts

ARS 494 Art and Politics (3) or THE 494 Arts and Public Policy

ARS 494 Arts and Public Policy (3)

ARS 498 Public Art (3)

HDA 310 Socially Engaged Practice (3)

MHL 494 Music and Movement in Urban Culture (3)

MUS 494 Music Product Creation and Development (3)

THP 482 Theatre for Social Change (3)

*Other course options may be approved by the certificate program coordinator.

Plan of study:

The plan includes a significant final project in the eighth semester seminar that serves as a capstone for the certificate:

Semester 4: THP 352 Foundations of Arts Entrepreneurship (3), followed by application to the certificate program

Semester 5: HDA 420 Design and the Arts Business Administration (3)

Semester 6: Arts Business course from the list above (3)

Semester 7: Arts Policy, Community or Socially Engaged Arts course from list above (3)

Semester 8: THP 452 Arts Entrepreneurship Seminar (3)

Enrollment Requirements:

The certificate in arts entrepreneurship, meant to extend the study of an individual arts discipline, will be available only to current students with a major within the Herberger Institute for Design and the Arts. Students will be admitted to the certificate program upon completion of THP 352 Foundations of Arts Entrepreneurship (3) with a grade of B or better and an overall GPA of 3.00 or higher. Students will submit an application to the Herberger Institute Office of Student Success. Herberger Institute students meeting the course and GPA requirements may enroll in the certificate, and a Herberger Institute advisor will add the certificate plan code to the student's record.

Arts in Education Certificate (HIAEDCERT)

Campus: TEMPE

Description:

The certificate in arts in education is specifically designed for prospective preK-8 educators who wish to enhance their teaching practices by developing the necessary skills to use the arts throughout the curriculum. By weaving the principles and practices of the arts and other disciplinary curricula together, teachers can create rich and engaging environments that enhance student learning by capitalizing on the critical thinking, communication, collaboration, and creativity inherent in the arts and arts experiences.

Program Requirements:

The certificate in arts in education requires 18 credit hours (12 upper-division).

Arts Education Lower-Division Core (choose two courses from this list):

ART 110 Drawing as Seeing and Thinking, HU (3)

ARA 195 Art in My World, HU (3)

ARA 218 Art and Visual Learning, HU (3)

FMP 222 Education in Film, L (3)

MUS 210 The Arts Around Us, HU (3)

MUS 211 Dance, Music and Meaning, HU (3)

MUS 212 Music, Meaning and Imagination, HU (3)

MUS 213 Critical Thinking in the Arts, HU (3)

MUS 214 Art, Music and Learning, HU (3)

THP 212 Puppetry with Children (3)

Arts Education Core Upper Division (choose three courses from this list):

ARA 311 Art Appreciation and Human Development, HU (3)

ARE 301 Studio Art and Human Development (3)

DCE 350 Dance in the Classroom: Learning through Movement, HU (3)

MUE 310 Music in Early Childhood, HU (3)

MUE 311 Music in the Lives of Children and Youth, HU (3)

THP 311 Creative Drama with Youth, L (3)

Arts Elective Course List (choose three credit hours from this list):*

ARS 300 Introduction to Art, HU (may receive credit for ARS 100 or 300) (3)

DCE 300 Moving Histories, HU (3)

DCE 301 Meaning in Motion, L or HU (3)

DCE 303 The Body Condition(ed), SB (3)

DCE 402 Ethnography of Dance Practices, (L or HU) and G (3)

DCE 404 Dance and Ethics (3)

DCE 405 Rhetorical Moves, L or HU (3)

MUP 442 Instrumental Ensembles (1-2)

MUP 443 Choral Ensembles (1-2)

MUP 450 Choral Union (1-2)

MUP 455 Men's Chorus (1-2)

MUP 457 Women's Chorus (1-2)

MUP 489 Ethnomusicology Ensembles (1)

MUP 494 Concert Band (1-2)

MUP 494 Barrett Choir (1 -2)

MUS 494 Urban Dance Music Ensemble (1)

MUS 340 Music for the Concert Hall, Stage, and Screen, HU and H (3)

MUS 347 Jazz in America, HU and C (3)

MUS 354 Jazz Giants, HU (3)

MUS 355 American Music, HU and C and H (3)

MUS 356 Broadway and the American Musical, HU (3)

MUS 362 Rap Music and Hip Hop Culture, HU and C (3)

THE 322 Theatre History and Culture, HU and H (3)

THP 411 Methods of Teaching Drama (3)

THP 482 Theatre for Social Change, C (3)

*Some courses are less than three hours and may be repeated for credit.

Enrollment Requirements: Any student may pursue this certificate. Please see an advisor in the department for details.

Asian Pacific American Studies Certificate (LAAPACERT)

Campus: TEMPE

Description:

Asian Pacific American studies addresses the historical and contemporary experiences of Asian Americans and Pacific Islanders, what they have contributed to our society, and the complexity of racial formations in the U.S. The certificate program encourages students to learn about local Asian American and Pacific Islander communities and organizations through research, courses and community internships.

Program Requirements:

Students will be required to complete 18 credit hours for the certificate. Nine hours will be a prescribed core and the remaining nine elective hours will be selected from any of the courses with an APA prefix.

Required Core Courses:

APA 200 Introduction to Asian Pacific American Studies, HU/SB, C (3)
APA 360 Asian Pacific American Experience, HU/SB, C (3)
APA 484 Asian Pacific American Community Internship (3)

Elective Courses

The remaining nine credit hours will be completed by selecting courses not taken to fulfill the nine required hours and will be selected from any APA course. Examples of APA course options include but are not limited to:

APA 210 Introduction to Ethnic Studies in the U.S., C (3)
APA 310 Asian Pacific American Arts and Cultures, HU, C (3)
APA 315 Asian Pacific American Literature, HU, C (3)
APA 330 Asian Pacific American Genders and Sexualities, SB, C (3)
APA 340 Asian Pacific Americans and Media, HU, C (3)
APA 345 Asian Pacific Americans and Film, HU, C, H (3)
APA 360 Asian Pacific American Experience (3)*
APA 394 Special Topics (may be repeated for credit with a different topic) (3)
APA 450 Asian Pacific American Contemporary Issues, SB, C (3)
APA 484 Internship (3)
APA 494 Special Topics (may be repeated for credit with a different topic) (3)
APA 499 Individualized Instruction (1-3 credits; may be repeated for credit)

*Note: One APA 360 course is required for the core the other sections may be repeated for credit with different topics:

- Asian American psychology
- the Chinese American experience
- the Filipina/o American experience
- the Japanese American experience
- the Korean American experience
- the Multiracial experience
- the Pacific Islander experience
- the South Asian experience
- the Southeast Asian experience

Other Requirements and Restrictions

- At least 12 of the 18 credit hours must be upper-division courses (300 or higher).
- All courses for the certificate must have a "C" (2.00) grade or higher.
- A minimum of nine credit hours must be taken in residency at ASU.
- No course may be used to satisfy more than one requirement in the certificate.

Enrollment Requirements:

Students admitted to study at Arizona State University are eligible to pursue the requirements of a certificate. In order to be admitted to the university, complete the Office of Admission online application. Please contact the unit for additional information.

Asian Studies Certificate (LAASNCERT)

Campus: TEMPE

Description:

The Asian studies certificate is offered through the Center for Asian Research. It supplements a bachelor's degree, demonstrating knowledge of an Asian language as well as general knowledge of Asian history, art, culture and society. The certificate provides students with official transcript recognition of specialization in Asian Studies related to their major area of study. An earned certificate will appear on student transcripts as an Asian study emphasis.

Program Requirements:

The certificate requires 24 credit hours of course work, including:*

- Fifteen credit hours of upper-division area studies course work chosen from at least three disciplines outside the School of International Letters and Cultures (such as anthropology, art, geography, history, political science and religious studies)
- nine elective credit hours in some combination of lower- and upper-division courses

*Six of the 24 credit hours may be satisfied with courses offered by the School of International Letters and Cultures, limited to courses numbered 321 and above.

In addition, certificate students must demonstrate proficiency in an Asian language at the intermediate level. The language requirement can be satisfied by completing the 201 and 202 sequence, one year of study abroad at the intermediate level, or satisfactory placement on a proficiency exam. Asian languages include:

- Chinese
- Hindu/Urdu
- Indonesian
- Japanese
- Korean
- Thai
- Vietnamese

Students pursuing an Asian studies certificate may apply courses in East, South and Southeast Asia to meet the certificate requirements. A minimum grade of "C" (2.00) is required for each course that is used to fulfill the certificate requirements.

Enrollment Requirements:

There are no specific admission requirements other than a student's desire to learn about Asia. For U.S. Department of Education Gainful Employment Program Disclosure information, see: <https://catalog.asu.edu/files/disclosures/LAASNCERT/Gedt.html> (<https://catalog.asu.edu/files/disclosures/LAASNCERT/Gedt.html>).

Brazilian Studies Certificate (LABZSCERT)

Campus: TEMPE

Description:

The Brazilian studies program consists of five essential components:

- course in basic linguistic competence on the first- and second-year level
- advanced skills development in third- and fourth-year language courses
- grounding in major texts of Brazilian literature
- examination of major themes in Brazilian popular and urban culture, with particular emphasis on Afro-Brazilian society
- complementary courses in specific issues in Brazilian culture as offered by collateral departments

Program Requirements:

ASU students admitted to a degree program in any field of study would be eligible for the Brazilian studies certificate program.

Once enrolled in the certificate, students must demonstrate proficiency in the Portuguese language at the intermediate level. In addition, the student must take POR 313 and POR 314 Portuguese Composition and Conversation, and other courses in Portuguese language or Brazilian culture, for a total of 18 credit hours.

Enrollment Requirements:

Any undergraduate admitted to study at Arizona State University may elect to pursue this certificate.

Child Life Certificate (LACHLFCERT)

Campus: DTPHX, TEMPE

Description:

Child life specialists are experts in child development who promote effective coping among children who face challenges related to health care and hospitalization. This cross-disciplinary program offered through the School of Community Resources and Development and the School of Social and Family Dynamics is designed to assist students to prepare for the national qualifying child life exam.

A portion of the national certification exam eligibility requirements, as outlined by the Child Life Council, are met by obtaining this certificate.

Program Requirements:

The certificate requires 21 credit hours. Courses taken as part of a university major may count toward that degree and the certificate. To earn the certificate, students must complete all course work in the certificate with a minimum grade of "B" (3.00) or better.

An application to the program is required.

Required Courses:

CDE 337 Early Childhood Intervention (3)
CDE 450 Child Dysfunction in the Family (3)
PRM 364 Foundations of Therapeutic Recreation, SB (3)
PRM 384 Child Life Practicum (3)
PRM 406 Program Design and Evaluation in Therapeutic Recreation (3)
PRM 455 Play in Child Life (3)
PRM 460 Assessment and Documentation in Therapeutic Recreation (3)

Standards:

- A minimum "B" (3.00) grade is required for all classes in the certificate.
- A minimum GPA of 3.00 is required for those pursuing the certificate.
- Program consists of 18 hours of graded classroom course work (no internship, no independent study).
- Students must be juniors to take 400-level courses.

Enrollment Requirements:

A minimum cumulative GPA of 3.00 is required to enroll in the certificate.

Students wishing to pursue the child life certificate must complete two prerequisites before applying for the program:

- CDE 232 Human Development (3) with a grade of "B" (3.00) or higher
- CDE 338 Child Development Practicum (or comparable experience working with children, as determined by certificate directors of admission)

For additional information and application, students should consult with an academic advisor in either the School of Community Resources and Development or the School of Social and Family Dynamics.

Child Nutrition Certificate (ECNTRCERC)

Campus: DTPHX, POLY

Description:

This certificate program is directed toward current degree-seeking students, postbaccalaureate students and nondegree-seeking students who are interested in eligibility for the school nutrition specialist (SNS) credential offered by the School Nutrition Association (SNA). More information for this credential is available at: <http://www.schoolnutrition.org/Content.aspx?id=132> (<http://www.schoolnutrition.org/Content.aspx?id=132>).

Program Requirements:

The certificate requires that students take the following courses, for a total of 31 credit hours:

ACC 382 Accounting and Financial Analysis (3)
EXW 100 Introduction to Health and Wellness (3) or EXW 325 Fitness for Life (3)
NTR 142 Applied Food Principles (3)
NTR 343 Food Service Purchasing (3)
NTR 344 Nutrition Services Management (3)
NTR 345 Development of Healthy Cuisines (3)
NTR 401 Field Experience in Food and Nutrition (3)
NTR 445 Management of Food Service Systems (3)
NTR 448 Community Nutrition (3)
NTR 450 Nutrition in the Life Cycle I (3)
NTR 498 Child Nutrition Seminar (1)

Enrollment Requirements:

To enroll in the certificate program, the applicant must be admitted to ASU as a degree-seeking or nondegree-seeking student in the nutrition program. The curriculum committee of the nutrition program will approve applications to the certificate program.

Civic Education Certificate (LACVECERT)

Campus: TEMPE

Description:

The civic education certificate is designed to contribute to the preparation of undergraduate students for:

- careers in primary and secondary education (where the teaching of government and civics may be involved)
- careers or voluntary participation in politics, public service, civic and social movements

- further education in law, journalism, business, history, sociology, political science and other fields where an understanding of questions of citizenship, leadership, community, democracy, public responsibility and ethics is crucial

Program Requirements:

The certificate does not substitute for degree requirements in any subject, including political science; rather, it is a complement to the student's chosen major. The certificate program is intended to guide students to a variety of courses whose successful completion indicates their special accomplishment in the area of civic education. Students majoring in any subject at the university may be awarded the civic education certificate upon completion of the following 15 credit hours of political science courses:

POS 210 Political Ideologies, SB (3)

POS 346 Problems of Democracy, HU (3)

POS 442 American Political Thought, HU (3)

Choose one from the courses below:

POS 340 History of Political Philosophy I, HU, H (3)

POS 341 History of Political Philosophy II, HU, H (3)

POS 443 Topics in Contemporary Political Theory, HU (3)

Choose one from the courses below:

POS 110 Government and Politics, SB (3)

POS 150 Comparative Government, SB, G (3)

POS 160 Global Politics, SB, G (3)

POS 270 American Legal System, SB (3)

POS 300 Contemporary Global Controversies, SB, G (3)

POS 313 The Congress, SB (3)

POS 314 The American Presidency, SB (3)

POS 315 The Supreme Court, SB (3)

POS 330 Contemporary Controversies in Domestic Politics, SB (3)

POS 332 American Political Parties, SB (3)

POS 333 Interest Groups, SB (3)

POS 370 Law and Society, SB (3)

POS 417 Arizona Politics, SB (3)

POS 435 Women and Politics, SB, C (3)

POS 439 Minority Group Politics in America, SB, C (3)

Certificate students must have a minimum GPA of "C" (2.00); only courses in which students have a grade of "C" (2.00) or higher count toward the certificate. A minimum of six upper-division credit hours must be taken in courses offered by the College of Liberal Arts and Sciences.

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Office of Admissions online application. Please contact the School of Politics and Global Studies for more information about completing the civic education certificate.

Civil Communication Certificate (LACCOMCERT)

Campus: TEMPE

Description:

The Hugh Downs School of Human Communication has designed specific courses that offer students a certificate in the area of civil communication. Students are provided specific training in dialogue-based methods of civility, application of critical civil communication skills in public spheres, and civil and productive modes of argumentation. This specialization provides students with the ability to recognize, competently practice, and facilitate the ever-increasing demand for civil discourse in society and workplace organizations. Our foundational courses provide the opportunity for interdisciplinary collaboration and community engagement.

Program Requirements:

The certificate requires 18 credit hours.

Required courses (9 credit hours):

COM 222 Argumentation (3)
COM 225 Public Speaking (3)
COM 327 Civil Communication (3)

Elective courses (9 credit hours):

COM 312 Communication, Conflict and Negotiation (3)
COM 319 Persuasion and Social Influence (3)
COM 321 Rhetorical Theory and Research (3)
COM 341 Social Contexts for Performance (3)
COM 421 Rhetoric of Social Issues (3)

Enrollment Requirements:

Students admitted to study at Arizona State University are eligible to pursue the requirements of a certificate. In order to be admitted to the university, complete the Office of Admission online application. Please contact the Hugh Downs School of Human Communication for additional information.

Classical Studies Certificate (LACLG CERT)

Campus: TEMPE

Description:

The classical studies program offers students a wide variety of opportunities to study the language, literature and culture of the ancient Greeks and Romans. The School of International Letters and Cultures offers a certificate in classical studies for those students interested in pursuing a classical education in conjunction with another major or as part of their general studies.

Program Requirements:

Students admitted to undergraduate degree programs in any field are eligible for the classical studies certificate program. In addition to the course work and examinations required in the student's major, the student is responsible for fulfilling the following minimum requirements:

- five semesters of ancient Greek (17 credit hours; GRK 301 and GRK 302 may be repeated for credit) or Latin language and literature instruction (19 credit hours)
- four semesters in courses related to classical studies, to be approved by coordinator of the certificate (12 credit hours)
- two of these courses must be above the 300 level (6 credit hours)

A minimum grade of "C" (2.00) is required in each course leading to the certificate. A minimum of 12 credit hours must be upper-division. A minimum of six credit hours must be taken at ASU.

Enrollment Requirements:

Students interested in the classical studies certificate program need to contact the coordinator of the certificate before being accepted into the program. Please contact the department for more information.

Computer Gaming Certificate (ESSCICERT)

Campus: TEMPE

Description:

The computer gaming certificate is designed to provide a game development skill set that the student can apply to domain-specific applications in the student's major. The skill set includes:

- architecture of game engines
- art design and computer graphics for gaming
- game software development

In this certificate program, students will learn to apply gaming technology to the rapidly growing video game industry and to business, medicine, geography, biotechnology and education. Examples of projects include:

- building a game that teaches linear algebra by incorporating trigonometric rules into the game design
- creating a game that teaches correct sentence construction to early English learners
- creating a game to help patients with physical therapy
- creating an interactive virtual world for corporate training
- designing a game platform incorporating geographic information systems
- inventing a surgical simulation to educate medical students

Program Requirements:

Students will complete nine credit hours of core courses, including a final capstone project and nine credit hours of track courses.

Core Courses:

CPI 111 Game Development I, CS (3)
CPI 211 Game Development II (3)
CPI 441 Gaming Capstone (3)

Track Courses (choose three):

CIS 394 Project Management - Information Systems (3)
CPI 311 Game Engine Development (3)
CPI 321 Fundamentals of Game Art (3)
CPI 411 Graphics for Games (3)
CPI 412 Cognitive Systems and Intelligent Agents (3)
CPI 421 3-D Modeling and Texturing (3)
CPI 422 3-D Animation and Rigging for Video Games (3)
DCI 451 Design Research and Educational Gaming Practicum (3)
EDT 329 Games, Simulations and Virtual Environments (3)
RDG 440 Computer Gaming, Learning and Literacy (3)

Programming courses focus on how game engines work and how to write software. Game art courses teach the visual aspects of game design. In education courses, students will apply game design skills to achieve educational goals.

Enrollment Requirements:

The computer gaming certificate is open to any student admitted to an undergraduate degree program at ASU and in good academic standing. This certificate can also be used by BIS students as part of their degree program.

All students are eligible to take CPI courses. Students who want to declare the certificate need to complete the Undergraduate Certificate form on the registrar's website and submit it to the School of Computing, Informatics and Decision Systems Engineering Academic Advising Center located in BYENG, Room 208. BIS students need to contact their BIS advisor to add the computer gaming concentration to their degree program.

Convention Sales and Meeting Planning Certificate (PPTDMCERT)

Campus: DTPHX

Description:

The U.S. meetings, conventions and exhibitions industry generates more than \$120 billion a year, supporting nearly two million jobs. Students can explore this exciting growth industry with the convention sales and meeting planning certificate. The demand for professionals is strong, and we provide an excellent foundation for enhancing career opportunities nationally and regionally. Phoenix is a major convention and meeting destination.

The \$600 million investment in the Phoenix Convention Center expansion, new hotel and other visitor-related product development, as well as corporate headquarters that continue to relocate to the greater Phoenix area have created the need for qualified professionals to service conventions and meetings. The certificate, which has been endorsed by the Greater Phoenix Convention and Visitors Bureau and the Arizona Sunbelt Chapter of Meeting Professionals International, will enhance a graduate's career opportunities as a tourism professional.

Program Requirements:

The certificate requires 15 credit hours: four required core courses (12 credits) and one elective course (3 credits). Courses taken as part of a university major may count toward that degree and the certificate. Requirements can be met online. All core classes and some elective classes are taught online at least once a year. To earn the certificate, students must complete all course work in the certificate with a minimum grade of "C" or better. An application to the program is required.

Required Core Courses:

TDM 205 Introduction to Travel and Tourism, G (3)

TDM 345 Meeting and Convention Planning (3)*

TDM 350 Tourism Marketing (3)*

TDM 386 Convention Sales and Management (3)

Elective (choose one):

PRM 486 Special Events Management (3)

TDM 225 Introduction to Resort and Hotel Management (3)

TDM 458 International Tourism, G (3)

*Prerequisite: TDM 205, grade of "C" or better)

Standards

- 15 hours of graded classroom course work (no internship, no independent study)
- minimum "C" (2.00) grade required for all classes in the certificate
- minimum GPA of 2.00 for those pursuing the certificate
- should be a junior to take 400-level courses

Enrollment Requirements:

Students wishing to pursue the convention sales and meeting planning certificate should consult an academic advisor in the School of Community Resources and Development. For additional information, please visit the school's website.

Creative City Certificate (PPURBCERC)

Campus: DTPHX

Description:

The creative city certificate prepares students to engage effectively in revitalizing cities and communities by tapping their inherent potential for cultural innovation, place-making and social and economic entrepreneurship. Exploring best practices globally, students develop asset-based proposals for specific locales including implementation plans. The creative city certificate adds value to other majors as well as work and life experience for students aspiring to assume leadership roles in improving quality of life, specifically by enhancing quality of place.

Cities are centers of human creativity and cultural innovation. They both attract and breed these. Such creativity and innovation are apparent in the vitality of the arts, as well as that of businesses (large and small), research (basic and applied) and the everyday life unique to any given locale. These are the ingredients that make our places sustainable, economically, socially and environmentally, by endowing a sense of place along with a sense of community.

This certificate also serves professionals in the community working in the areas of:

- community development
- land-use law
- parks and recreation
- philanthropy
- planning
- public art
- urban governance and others

Flexible class times and locations make the certificate a viable option for those unable to attend classes during the day.

Program Requirements:

The five-course sequence comprising the certificate will enable students to build upon their own strengths in order to help cities and communities creatively build upon their capacities. The creative city certificate consists of a maximum of 15 credit hours of course work. All courses must be taken at ASU. Required courses and electives are shown below.

Required Core Courses:

URB 405 Citizen Engagement and Community Building (3)

URB 406 Public Administration and Community Development (3)

Elective Courses:

GRA 401 Creative Environment (3)

NLM 160 Voluntary Action and Community Leadership, SB (3)

NLM 220 Introduction to Nonprofit Organizations (3)

NLM 300 Fund Raising and Resource Development (3)

NLM 402/TDM 402 Assessment and Evaluation of Community Services (3)

PAF 420 Public Leadership (3)

PRM 120 Leisure and the Quality of Life, SB (3)

PRM 210/NLM 210/TDM 210 Community Services and Professions (3)

PRM 301/NLM 301/TDM 301 Sustainable Communities (3)

PRM 302/NLM 302/TDM 302 Inclusive Community Development, C (3) [CRD majors only]

TDM 448 Heritage and Cultural Tourism (3)

URB 220 Introduction to Urban America (3)

Enrollment Requirements:

The creative city certificate is available to all admitted undergraduate students (regular or nondegree) at ASU. Nondegree students are required to apply to ASU (as a nondegree student) and once admitted, contact the School of Public Affairs to be admitted into the certificate program. Students may begin taking courses before they formally apply for the certificate; however, they should apply for admission as soon as possible.

Digital Culture Certificate (HIDGCCERT)

Campus: TEMPE

Description:

The digital culture certificate program in the Herberger Institute for Design and the Arts focuses on the creative exploration of how new media is influencing our culture or, rather, the way we live, learn, create and communicate. The digital culture certificate will allow students to enhance their program of study with integrated, interdisciplinary training in creative processes and technical skills in new media with cultural applications.

The digital culture curriculum is outcomes-based rather than course sequence-based. The curriculum uses an innovative proficiency-based network to connect courses across academic disciplines, instead of traditional methods such as course prerequisites. Proficiencies in the curriculum identify common generalized learning outcomes across disciplines participating in the initiative.

Program Requirements:

The digital culture certificate requires 18 credit hours (12 upper-division) in four areas:

digital culture studies (9)

media arts and design (3)

media engineering (3)

capstone culminating project (3)

For a list of digital culture courses, please visit: <https://digitalculture.asu.edu/education/courses> (<https://digitalculture.asu.edu/education/courses>)

A minimum grade of a "C" (2.00) and an overall GPA of 3.00 is required in all classes in the certificate. Courses in the certificate may not be used as part of a major. All upper-division certificate course work must be taken at ASU.

Generous substitution rules allow for course flexibility. Students receiving the digital culture certificate can petition to substitute up to six credit hours. Three credit hours can come from any course related to digital culture through courses offered by any unit of ASU including the Polytechnic, Downtown, West (Interdisciplinary Arts & Performance) and the Film and Media Studies program on the Tempe campus. Courses may include any on the list of related subjects and substitutions (below) or courses with comparable content.

The other three substitution hours can be achieved through one of the following two paths:

- The three-hour media arts and design course requirement may be substituted with a three-hour course in the digital culture related category.
- The three-hour media engineering requirement may be substituted with a three-hour course in the digital culture related category or by a related upper-level engineering course offered by one of the collaborating units.

Enrollment Requirements:

For current ASU students, there is no special application process for the digital culture certificate. Students add the certificate by meeting with the academic advisor for their major and the digital culture education coordinator to develop the digital culture pathway that best meets the proficiencies for the work they are interested in pursuing. This pathway will be contingent upon the student's academic performance in 100-level course work.

For students not currently enrolled at ASU, students must apply and be admitted to ASU in a degree or nondegree program. Students must meet with the digital culture academic success coordinator before enrolling in the certificate program. The coordinator and student will develop a pathway that best meets the proficiencies for the work he or she is interested in pursuing. The coordinator will review the student's previous academic work to determine which proficiencies the student has completed.

Digital culture certificate students will work with the digital culture academic success coordinator and successfully complete the required sequence of courses and proficiencies for a digital culture certificate. The digital culture academic success coordinator and the digital culture faculty committee in the Herberger Institute for Design and the Arts will help to craft the best path for the student.

East Asian Studies Certificate (LAEASCERT)

Campus: TEMPE

Description:

The certificate in East Asian studies can supplement a bachelor's, demonstrating knowledge of an Asian language as well as knowledge of Asian history, art, culture or society. This certificate helps prepares students for admission to graduate programs in Asian area studies or in an academic discipline with an Asian focus, or for professional programs in international law or business. Recent Asian studies graduates have gone on to enter

medical school, law school, MBA programs or PhD programs. An earned certificate will appear on student transcripts as an East Asian studies emphasis.

Program Requirements:

The certificate requires 24 credit hours of course work, including:

- Fifteen credit hours of upper-division area studies course work in at least three disciplines outside of languages and literature courses (such as anthropology, art, geography, history, political science and religious studies)
- nine credit hours in some combination of lower- and upper-division courses (six hours may be satisfied with language and literature courses limited to 321 and above)
- demonstrated proficiency in an East Asian language at the intermediate level

The language requirement can be satisfied by one of the following:

- completing the 201 and 202 sequence
- one year of study abroad at the intermediate level
- satisfactory placement on a proficiency exam

East Asian languages include:

- Chinese
- Japanese
- Korean

Students pursuing an East Asian studies certificate must fulfill the language requirement in either Chinese, Japanese or Korean, and the 15 hours of upper-division course work must be courses with significant focus on East Asia chosen in consultation with an advisor in the School of Historical, Philosophical and Religious Studies.

A minimum grade of "C" (2.00) is required for each course that is used to fulfill the certificate requirements.

Enrollment Requirements:

There are no specific admission requirements other than a student's desire to learn about East Asia.

Economic Justice Certificate (LAECNJCERT)

Campus: TEMPE

Description:

Students will gain knowledge of economic justice that will promote the growth of sustainable communities, locally, nationally and globally. The course work in this certificate will prepare students to:

- analyze and develop policies to build local skills
- develop the capacity to design, control, manage and evaluate initiatives aimed at economically revitalizing communities
- increase research abilities
- lay the groundwork for new approaches to economic justice

Program Requirements: • Eighteen total credit hours required for the certificate

- C" (2.00) grade or greater required for each course

Theories and Foundation in Economic Justice (3)

To provide students with a background in theories and philosophies of economic justice, students will select one of the following courses:

ASB 316 Money and Culture, L or SB (3)

COM 450 Theory and Research in Organizational Communication, SB (3)

ECN 360 Economic Development, SB, G (3)
JUS 321 Wealth Distribution and Poverty, SB, C (3)
JUS 323 Justice and the Development of the Welfare State, SB (3)
JUS 325 Globalization and Socio-Economic Justice, SB, G (3)
Economic Justice Praxis (3)

To better understand community, nongovernmental organizations, government policies and other collective efforts aimed at improving economic conditions through various strategies, including asset building to low-income communities, community-based microfinance, economic development, advocacy and training efforts. Students will select one of the following courses:

ASB 328 Rules, Games and Society, L (3)
ECN 331 Economics of the European Economic Union, SB, G (3)
JUS 320 Community and Social Justice, SB, C (3)
JUS 405 Economic Justice, L or SB, G (3)
PUP 434 Economic Development Planning, L or SB (3)
SGS 350 Economic Development and Globalization (3)
SGS 394 Policies for Economic Development (3)
SWU 432 Social Policy and Services (3)
SWU 498 Border Families/Community Asset Building Policies (3)
Interdisciplinary Component (9)

To provide students an opportunity to focus on a particular racial group, nation or region or specific historical event while also providing a broad interdisciplinary framework, students will select three electives. Courses must be taken from both of the substantive areas listed below and from two or more academic units. Any course listed below may count toward this requirement, as well as other courses as approved by the certificate program director.

Race, Gender, Class, Citizenship and Economic Justice:

AIS 380 Contemporary Issues of American Indian Nations, C (3)
APA 394 Asian Pacific Americans and Immigration (3)
APA 350 Inequality and Diversity in Education, C (3)
ASB/POS/SBS 447 Citizenship, Nationalism, and Identity, SB, C (3)
CRJ 305 Gender, Crime and Criminal Justice, C (3)
CRJ 306 Race, Ethnicity, Crime and Criminal Justice, C (3)
ETH 300 Principles of Ethnic Studies, C (3)
FAS/AFR 370 Family, Ethnic and Cultural Diversity, SB, C (3)
HST 325 Immigration and Ethnicity in the United States, SB, H, C (3)
HST 333 African American History to 1865, SB, H, C (3)
IAS 305 Work and Identity, SB (3)
JUS 415 Gender and International Development, L, G (3)
JUS 420 Women, Work and Justice, L or SB, C (3)
JUS 425 Race, Gender and Justice, L or SB, C (3)
JUS 438 Human Differences: Dilemmas of Justice, L or HU, C (3)
JUS 479 Law and Disputing, L or SB (3)
SOC/FAS 324 Work and the Workplace, SB, H (3)
SWU 374 Diversity and Oppression in a Social Work Context, C (3)
TCL 314 Transborder Regional Immigration and Economy, L or SB, H, C (3)
WST 394 Women, Work and Poverty (3)

National and Global:

AFS/JUS 304 Islands of Globalization: Caribbean Politics and Political Economy, SB, G, H (3)
ASB/SOC/SBS 342 Mexico-U.S. Borderlands, SB, C (3)
JUS 408 Comparative Development of the Welfare State, L, G (3)
JUS 469 Political Deviance and the Law, L or SB, C (3)
PHI 336 Social and Political Philosophy, HU (3)
POS 480 Global Justice, G (3)
POS 486 International Political Economy, SB, G (3)
SGS 394 Global Markets (or SGS 350 Economic Development and Globalization) (3)
SOS 430 Sustainable Economic Development and Social Transformation (3)
TCL 444 The Ethnography of Mexico and the Borderlands, SB, G (3)

Experiential Learning Component (3)

A central element of this certificate program will be the linkage of learning and doing, connecting theoretical and substantive learning about economic justice with practical knowledge about the workings of organizations and institutions seeking to address poverty and the wealth gap. To better connect classroom learning with practical experience, students will be required to participate in either a for-credit internship or a Research Experience with Undergraduates (REU) under faculty supervision (honors thesis may substitute). A written component to the internship or REU is

required.

Enrollment Requirements:

In order to declare this certificate, students must have a minimum of 56 earned credit hours and must first meet with an academic advisor.

Energy and Sustainability Certificate (SUESUCERT)

Campus: DTPHX, POLY, TEMPE

Description:

The 15-credit interdisciplinary certificate examines the current affairs of energy and sustainability. Students begin with an overview of how energy affects peoples' lives and policy options for energy as well as the science of energy and how energy is generated for today's society. Students then select additional energy courses tied to geography, architecture, geology, engineering or economics, depending on their specific interests.

Program Requirements:

Total minimum credit hours required for certificate: 15

Required Courses (9 hours):

SOS/GCU 171 The Thread of Energy, SB (3)

SOS 314 Basic Energy Science (3)*

SOS 315 Energy Policy (3)

Elective Courses (6 hours):

ALT 360 Renewable Energy Technologies: Fundamentals and Integration (3)**

ALT 412 Village Energy Systems (3)**

CHM 394 Chemistry, Energy, and Society (3)

EGR 371 Best Practices for Humanitarian Engineering (3)

EGR 476 Energy Infrastructures (3)**

EGR 494 Design for the Developing World (3)

ERM 494 Energy Economics (3)**

GCU 364 Energy in the Global Arena, SB and G (3)

GCU 442 Geographical Analysis of Transportation, SB (3)

GLG 304 Minerals, Energy and Society (3)*

GPH 405 Energy and Environment (3)

HST 306 Energy History (3)*

JUS 332 Politics of Energy Policy and Justice (3)*

JUS 444 Environment and Justice (3)*

MET 435 Alternate Energy Sources (3)**

PHY 498 The Science of Sustainable Energy (3)**

POS 394 Global Environmental Politics (3)

PUP 430 Transportation Planning and Environment (3)

SOS 394 Introduction to Solar Energy for Non-Engineers (3)*

SOS/ATE 494 Renewable Energy Systems (3)*

SOS 494 US Energy: Pathways to Sustainability (3)*

SOS/BIO/HST/PHI 394 History and Philosophy of Sustainability (3)*

SOS/PAF 394 Business, Sustainability and Public Policy (3)*

STS 317 Science, Technology and Global Engagement, SB and G (3)

STS 329 Cultivating Technology in Newly Industrializing Countries, SB and G (3)

STS 332 Global Issues in Science and Technology, SB and G (3)

Note: Although not required, it's recommended that students take SOS 314 before taking SOS 315.

*Indicates that the course has prerequisite courses

**Indicates that a course is a more technical course which may require additional math and science knowledge or prerequisites

Note: Electives are not limited to courses from this list only. Other courses on energy may be offered (special topics, etc.). Students can request to have those approved as an elective for this certificate by submitting a School of Sustainability Petition at https://students.asu.edu/College_Standards_Petitions (https://students.asu.edu/College_Standards_Petitions).

Students must earn a grade of "C" or better in all upper-division courses.

Enrollment Requirements:

Students wanting to declare a certificate in energy and sustainability should make an appointment with a School of Sustainability advisor. To be eligible, students must have a 3.00 cumulative GPA. Nondegree-seeking students will need to complete an application at <https://students.asu.edu/admission/nondegree> (<https://students.asu.edu/admission/nondegree>) and be admitted to ASU as a nondegree student in order to declare the certificate and enroll in courses.

To schedule an advising appointment or request additional information, please call (480) 727-6963. Advising is by appointment only. Questions about the certificate can also be directed to sosadvising@asu.edu (<mailto:sosadvising@asu.edu>).

Entertainment and Technology Certificate (LAFMSUERE)

Campus: TEMPE

Description:

The entertainment and technology certificate is for students who have completed a course of study that includes 18 credit hours of entertainment and technology history, theory and convergence. It certifies the student has had the training to analyze industry changes through time, to identify current industry trends, and to develop likely entertainment and technology models and scenarios for the future.

Program Requirements:

ASU students admitted to a degree program in any field of study are eligible for the entertainment and technology certificate. In addition to the course work and examinations required in the major field of interest, students are responsible for fulfilling the requirement of 18 credit hours to earn the certificate. The upper-division courses are a three-course sequence and are taken upon completion of three lower-division film and media studies courses. A minimum grade of "C" (2.00) or better is required in each course. Required certificate core courses (18 credit hours) are:

FMS 100 Introduction to Film, HU (3)

FMS 110 Introduction to New Media, L or HU (3)

FMS 200 Film History, L or HU, H (3)

FMS 302 U.S. Media Now (3)

FMS 481 Entertainment Technologies (3)

FMS 483 Techno-Entertainment Convergences (3)

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Office of Admissions online application. Please contact the department for more information and see <http://english.clas.asu.edu/film-entertech> (<http://english.clas.asu.edu/film-entertech>).

Environmental Humanities Certificate (LAENHCERT)

Campus: TEMPE

Description:

The environmental humanities certificate offers students who are interested in humanities-based approaches to the current global environmental crisis an option to focus in this vital area of study. Students take three ENG courses and four electives from selected programs that are focused wholly or in large part on the human relationship to the environment and the relationship between nature and culture. To gain practical experience, certificate students also complete a required English internship in environmental activism, policy development, education or other pertinent areas.

Program Requirements:

The environmental humanities certificate consists of 24 hours, of which at least six must be upper-division courses offered by the Department of English in the College of Liberal Arts and Sciences.

Core Required Courses (9)

complete three English courses from the list below:

ENG 359 Indigenous American Literature, L or HU, C (3)

ENG 363 Transborder Mexican and Chicano/a Literature of Southwest North America, L or HU, C (3)

ENG 370 Science, Values, and the Public (3)

ENG 371 Rhetoric of the Environmental Movement (3)

ENG 452 Studies in the Novel (Indigenous), HU (3)

ENG 457 Studies in American Poetry (Indigenous), HU (3)

ENG 465 Studies in Film (Indigenous) (3)

ENG 468 Environmental Literary Criticism, L or HU (3)

ENG 469 Science and Literature, L or HU (3)

Internship:

ENG 484 Internship: Environmental Humanities Certificate (3)

Electives (12)

complete four additional courses from the list below.*

AFR 320 Africa: Politics, Environment, and Development (3)

ASB 326 Human Impacts on Ancient Environments, SB and H (3)

ASB/SOS 370 Production, People, and Environments, L or SB (3)
 BIO 300 Natural History of Arizona, SG (3)**
 BIO 311 Biology and Society (3)
 BIO 324 Environmental Ethics, HU (3)
 GCU 102 Introduction to Human Geography, SB and G (3)
 GCU 357 Social Geography, SB (3)
 GPH 210 Society and Environment, G (3)
 HST 342 US West 20th Century, SB and H (3)
 HST 345 Environmental History, L (3)
 JUS 332 Politics of Energy Policy and Justice (3)
 JUS 444 Environment and Justice, L and C (3)
 PSY 306 Environmental Psychology (3)
 PHI 310 Environmental Ethics, HU (3)
 REL 483 Religion and Science (3)
 SGS 310 Global Urban Systems (3)
 SGS 330 Globalization and the Environment: Problems and Solutions (3)
 SOC 331 Environmental Sociology, SB and G (3)
 SOS 110 Sustainable World (3)
 SOS 320 Society and Sustainability, L or SB (3)

*Other courses may be approved by an English advisor depending on special topics courses or variable topics courses available in given semesters.

**Must take both BIO 300 and BIO 301 to receive SG General Studies credit.

Enrollment Requirements:

Environmental Humanities Certificate (LSEnhCERT)

Campus: POLY

Description:

The environmental humanities certificate offers students who are interested in humanities-based approaches to the current global environmental crisis an option to focus on this vital area of study. Students take courses and electives from selected programs that are focused on the human relationship to the environment and the relationship between nature and culture.

Program Requirements:

This certificate is comprised of 24 credit hours.

Core:

Pick four ENG courses from the list below, with a minimum of at least one 400-level course:*

ENG 334 The American Southwest in Literature and Film, L/HU, C (3)
 ENG 359 Indigenous American Literature, L/HU, C (3)
 ENG 367 Environmental Issues in Literature and Film, L/HU (3)
 ENG 371 Rhetoric of the Environmental Movement (3)
 ENG 378 Environmental Creative Nonfiction, L/HU (3)
 ENG 468 Environmental Literary Criticism, L/HU (3)
 ENG 469 Science and Literature (variable-topics course), L/HU (3)

Electives (12):

Complete four additional courses (see advisor for approved list). Some courses are limited to students majoring in the discipline, have prerequisites, or cannot be taken in combination with another course on the list. Additional courses may be approved by the SLS English advisor depending on

special- or variable-topics courses available in given semesters.

*Note: Other ENG courses may be approved by SLS advisor depending on special- or variable-topics courses available in given semesters.

Requirements:

- A minimum of 12 upper-division hours is required.
- Six hours must be taken from the School of Letters and Sciences at ASU.
- A grade of "C" or higher is required in all courses taken for the certificate.

Ethics Certificate (LAETHCERT)

Campus: TEMPE

Description:

The ethics certificate is designed to give students a richer understanding of systematic philosophical thinking about ethics. Students with majors in business, nursing, journalism and public administration, and students planning to pursue legal careers, among others, may well find that training in ethics is beneficial to their career goals. The certificate program permits some flexibility regarding course selection, thereby facilitating particular student interests. Students must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies to declare the certificate.

Program Requirements:

The certificate in ethics consists of 18 credit hours approved by an undergraduate advisor in the School of Historical, Philosophical and Religious Studies.

The student must take:

PHI 335 History of Ethics, HU (3) or PHI 337 Ethical Theory, HU (3)

At least 15 credit hours must be chosen from:

PHI 105 Intro to Ethics, HU (3)
PHI 304 Existentialism, HU (3)
PHI 306 Applied Ethics, HU (3)
PHI 307 Philosophy of Law, HU (3)
PHI 310 Environmental Ethics, HU (3)
PHI 320 Bioethics, HU (3)
PHI 335 History of Ethics, HU (3)
PHI 336 Social and Political Philosophy, HU (3)
PHI 337 Ethical Theory, HU (3)
PHI 338 Metaethics (3)
PHI 360 Business and Professional Ethics, HU (3)
PHI 420 Topics in Philosophy (when its topic is within ethics)

One course outside this list, and perhaps outside the school, may be used with written approval from the director of undergraduate studies. All courses must be passed with a minimum grade of "C" or better.

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Office of Admissions online application. Please contact the School of Historical, Philosophical and Religious Studies for more information.

Ethnic Studies Certificate (ASETHCERT)

Campus: WEST

Description:

The certificate in ethnic studies is designed for students who plan to work and live in ethnically diverse communities and seek to acquire the skills for understanding the complexities of race, class and gender at local or national levels. It is expected that students in the certificate program will be able to think analytically and creatively about ethnicity in the U.S. The certificate is strongly recommended for students who plan to enter a wide variety of jobs in business, health professions, the criminal justice system, social services, education, public relations, community development, public policy or government. It is also valuable for students preparing for further graduate study.

Program Requirements:

A certificate in ethnic studies is recommended for graduate students, nondegree students and students majoring in professional programs.

The certificate consists of 18 credit hours, 12 of which must be at the upper-division level. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. Up to three credit hours of individualized instruction may be applied toward the certificate. All courses must be passed with a minimum grade of "C" (2.00).

Required Courses:

HRC 310 Social and Cultural Studies: Method and Theory (3)

HRC 480 Capstone: Practices and Approaches (3)

choose one course from the following list:

ETH 100 Introduction to Ethnic Studies SB, C (3)

ETH 300 Principles of Ethnic Studies C (3)

Electives:

Students must take nine credit hours, of which six must be upper-division. These courses must be chosen from the approved ethnic studies course list in consultation with the ethnic studies advisor.

Enrollment Requirements:

Students wishing to pursue the ethnic studies certificate should consult an academic advisor in the unit offering that certificate to ensure that the appropriate set of courses is taken and required paperwork submitted.

European Union Studies Certificate (LAEUSCERT)

Campus: TEMPE

Description:

The European Union, or EU, is the biggest economic bloc in the world and also one of the most important economic and political partners of the United States. This certificate enables students to develop expertise in the cultures, governments and economies of the EU, making them valuable to potential employers doing business in the EU. It may serve as a beneficial complement to a bachelor's degree or as a nondegree program for training business professionals and others who wish to enhance their knowledge of European cultures, politics, economics and societies.

Program Requirements:

Required core course (3 credit hours):

ECN 331 Economics of the European Economic Union, SB, G (3) or

POS 356 European Union, SB, G (3)

Five elective courses (15 credit hours).

Of these 15 credits, at least three must be in history (HST) or geography (GCU), at least three must be from a School of International Letters and Cultures civilization course, and at least three must be taken in a non-English EU language.

Approved elective courses include:

ENG 429 Studies in European Literature and Culture (3)
FRE 322 French Literature, L or HU (3)
FRE 325 Introduction to French Film (3)
FRE 416 French Civilization II, HU, G (3)
GCU 325 Geography of Europe, SB, G (3)
GER 416 German Civilization, HU, H, G (3)
GER 422 German Literature, L or HU (3)
GER 453 German Literary Masterpieces on Film, HU, H, G (3)
HST 304 Studies in European History, SB, H (3)
HST 351 Renaissance Europe, L or HU or SB, H (3)
HST 356 Europe since 1945, SB, G, H (3)
HST 364 Sex and Society in Modern Europe, L or SB, H (3)
HST 367 Modern Britain, SB, H (3)
HST 368 Culture and Imagination in European History, HU, H (3)
HST 370 Eastern Europe in Transition, SB, G, H (3)
HST 427 French Revolution/Napoleonic Era, SB, H (3)
HST 428 Modern France, SB, G, H (3)
HST 429 Modern Germany, SB, G, H (3)
HST 432 Eastern Europe the Balkans, 20th Century, SB, G, H (3)
HST 438 Modern Spain, HU or SB, G, H (3)
HST 465 Women in Europe, 1750 to Present, L or HU or SB, H (3)
ITA 315 Italian Civilization, HU, G (3)
ITA 322 Introduction to Italian Literature II, HU (3)
ITA 420 Italian Cinema (3)
SLC 494 Society and Culture in Modern Europe (3)
SLV 394 Societies and New Eastern Europe (3)
SPA 426 Spanish Literature, HU (3)
SPA 473 Spanish Civilization, HU or SB, G (3)

Additional courses may be approved by the coordinator of the certificate program.

Enrollment Requirements:

Degree-seeking students: ASU students with a minimum 2.00 cumulative GPA and sophomore standing or above in any degree program will be eligible for the European Union certificate program.

Nondegree-seeking students: Must have completed two years or more of college.

Family Communication Certificate (ASFAMCCERT)

Campus: WEST

Description:

The family communication certificate offers students an opportunity to specialize their studies on issues regarding communication in the family. The certificate complements the current communication program by bringing together a broad array of courses that have family implications, such as courses in new media and health. In addition, students are encouraged to take courses in other disciplines that complement family-related communication courses.

Program Requirements:

The certificate consists of 19 credit hours: 12 credits must be upper-division, six must be noncommunication credits, and a one-credit exit portfolio course is to be taken after a minimum of 12 credits have been completed. Twelve of the 19 credits must be ASU credit. Six credits may be double

counted with one's ASU major. Each class must be passed with a "C" (2.00) or better.

Required Core Courses (6):

COM 411 Communication in the Family, SB (3)

select one:

COM 312 Communication, Conflict and Negotiation (3)

COM 410 Interpersonal Communication Theory and Research, SB (3)

COM 417 Communication and Aging (3)

Four courses must be selected from at least two content areas listed below (12):

Social and Cultural Elements of the Family

AFS 370 Family, Ethnic and Cultural Diversity, SB, C (3)

ASB 346 Marriage and Family Diversity, SB, C (3)

COM 316 Gender and Communication, SB, C (3)

COM 410 Interpersonal Communication Theory and Research, SB (3)

FAS 301 Introduction to Parenting (3)

FAS 331 Marriage and Family Relationships, SB (3)

FAS 370 Family, Ethnic and Cultural Diversity, SB, C (3)

FAS 435 Advanced Marriage and Family Relationships, L or SB (3)

SBS 440 Family Studies (3)

SOC 415 The Family, SB (3)

Technology, Media and the Family

COM 424 Television Studies and Criticism (3)

COM 457 New Media (3)

ENG 244 Introduction to Researching Family History (3)

MCO 473 Sex, Love, and Romance in the Mass Media, SB (3)

Health and Family Development

ALD 403 Aging, Lifespan Development, and the Family (3)

ALD 420 Health Issues and Older Adults, SB (3)

ALD 431 Caregiving for Older Adults (3)

CDE 430 Infant/Toddler Development in the Family, SB (3)

CDE 437 Infant Family Assessment and Observation, L or SB (3)

COM 417 Communication and Aging (3)

CRJ 204 Juvenile Justice (3)

FAS 332 Human Sexuality, SB (3)

FAS 431 Parent-Adolescent Relationships, SB (3)

FAS 436 Sexuality in Mid-Life and Beyond (3)

PSY 341 Developmental Psychology, SB (3)

PSY 443 Abnormal Child Psychology, L or SB (3)

PSY 444 Adolescent Psychology and Psychopathology (3)

SOC 312 Adolescence, SB (3)

Community Application

COM 314 Inner-City Families I: The Cycle of Poverty (3)

COM 484 Internship (in consultation with FCC advisor)

Portfolio

COM 498 Pro-Seminar: Family Communication Portfolio (1)*

This course is a synthesis of students' family communication academic experience. The portfolio itself integrates each student's family communication experience with theory and concepts from family communication courses. The portfolio may take a variety of forms, to be negotiated by each student with the instructor. This course is to be taken after a minimum of 12 credits toward the certificate have been completed.

*Substitutions allowed with faculty advisor approval.

Film and Video Studies Certificate (ASVIDCERT)

Campus: WEST

Description:

The certificate in film and video studies explores theory and practice in the general field of the moving image. This interdisciplinary program provides students an opportunity to develop interests, skills and knowledge of the forms, channels, technologies and histories of the media arts. Students may pursue focused interests in film studies or adopt a more generalized approach to visual media through television, film and video.

The program is useful to students who may pursue careers in broadcasting, writing and public relations and degrees in production, film studies, media studies, performance studies and communication studies. Courses in the film and video studies certificate are designed to:

- develop astute and discriminating critics and analysts of film and media arts
- develop knowledge of the history of film, television and the video arts as dynamic forces of social, cultural and political expression
- develop practical skills that enable students to be competitive in film, video, television and media-related production industries
- strengthen critical thinking through an awareness of the philosophical, aesthetic, political and technological debates in film, media and video studies

Program Requirements:

A certificate in film and video studies is awarded for the successful completion of 18 credit hours, 12 of which must be upper-division (300 and 400 level). Students must complete a minimum of six upper-division credit hours offered by the School of Humanities, Arts and Cultural Studies and 12 credit hours at ASU. Students choose a focus in media and video studies or film studies. The film studies emphasis focuses on the impact of film and video. The media and video studies emphasis is concerned with the rendering of film and video.

Film Studies Emphasis (18 credit hours):

Core course (3 credits, choose one course):

IAP 201 Introduction to Interdisciplinary Arts, HU (3) OR
IAP 202 Perspectives on Interdisciplinary Arts and Performance (3)

Foundational courses (3 credits, choose one course):

IAP 101 Art, Artist, and Culture, HU (3)
IAP 102 Foundations I: Performance Techniques and Composition (3)
IAP 103 Foundations I: Interdisciplinary Digital Media (3)
IAP 104 Foundations I: Fundamentals of Sound Art (3)
IAP 105 Foundations I: Fundamentals of Visual Art, CS and L (3)

Theoretical, conceptual, and historical courses (3 credits, choose one course):

ENG 365 History of Film, HU (3-4)
IAP 364 Documentaries (3)
IAP 465 Media Technologies and the Arts (3)
IAP 473 Aesthetic Research, L or HU (3)

Applied and Practical courses (6 credits, choose two courses):

COM 429 Semiotics and Visual Communication (3)
IAP 322 Multitrack Digital Recording (3)
IAP 361 Digital Editing and Media Literacy, CS (3)
IAP 364 Documentaries (3)
IAP 394 ST: Acting for the Camera (3)
IAP 466 Digital Interactivity, Advanced (3)

IAP 467 Acoustic Ecology (3)
IAP 474 Art and Film, L or HU (3)

Capstone project (3 credits):
IAP 480 Senior Project (3)*

*The project should reflect the integration of course work with creative initiative to generate a product that stands alone as a piece of original work. For the film studies emphasis the project will focus on an intellectual analysis of some dimension of film products, reception, institutions, economics, and so forth.

Media and Video Studies emphasis (18 credit hours):

Core Course (3 credits, choose one course):
IAP 201 Introduction to Interdisciplinary Arts, HU (3) OR
IAP 202 Perspectives on Interdisciplinary Arts and Performance (3)

Foundational courses (3 credits, choose one course):
IAP 101 Art, Artist, and Culture, HU (3)
IAP 102 Foundations I: Performance Techniques and Composition (3)
IAP 103 Foundations I: Interdisciplinary Digital Media (3)
IAP 104 Foundations I: Fundamentals of Sound Art (3)
IAP 105 Foundations I: Fundamentals of Visual Art, CS and L (3)

Theoretical, Critical, Performance or Production courses (9 credits, choose three courses):
COM 429 Semiotics and Visual Communication (3)
ENG 365 History of Film, HU (3-4)
IAP 334 Conceptual Development in the Arts (3)
IAP 361 Digital Editing and Media Literacy, CS (3)
IAP 363 Sound, Image, and Media (3)
IAP 364 Documentaries (3)
IAP 365 Digital Interactivity (3)
IAP 394 ST: Acting for the Camera (3)
IAP 465 Media Technologies and the Arts (3)
IAP 466 Digital Interactivity, Advanced (3)
IAP 467 Acoustic Ecology (3)
IAP 473 Aesthetic Research, L or HU (3)
IAP 474 Art and Film, L or HU (3)

Capstone project (3 credits):
IAP 480 Senior Project (3)**

**The project should reflect the integration of course work with creative initiative to generate a product that stands alone as a piece of original work. In the media and video studies emphasis, the project may be intellectual or creative (performance or production) in nature. Projects will be examined and evaluated by at least one faculty member involved in the film and video studies minor.

Enrollment Requirements:

The certificate in film and video studies is open to all undergraduate majors.

Students wishing to pursue the certificate should consult an academic advisor in the unit offering that certificate to ensure the appropriate set of courses is taken and required paperwork submitted.

Games and Impact Certificate (TEGIMCERT)

Campus: TEMPE

Description:

The certificate in games and impact is intended for undergraduates with a desire to become change agents in their current and future areas of interest, study and training. The certificate provides a solid grounding in the theory, design and use of games as tools for effecting change in education, health and social justice, among other fields. For this reason, it is appropriate for students in a wide range of majors, including interested students in design and programming. Students will study the ethics of design and its consequences, both intended and unintended; how games can lead to social change by improving understanding of complex global systems; transforming conflict and building skills in problem recognition and creative solution design. Certificate students will work on real games, alongside experts and clients, and learn how to design, test and evaluate their impact in real-world environments.

Program Requirements:

All students must complete the following courses:

EDT 310 Games and Impact: The Full Life Cycle (3)

EDT 460 Games, Technology & Society (3)

EDT 461 Understanding Games for Impact (3)

EDT 462 Designing Games for Impact OR an equivalent course on game design (3)

EDT 494 Capstone (3-6)*

*Capstone project taken in consultation with the certificate coordinator.

Requirements:

- A minimum of 15 credit hours is required.
- A grade of "C" or higher is required in all courses taken for the certificate.

Enrollment Requirements: Available only to ASU degree-seeking students.

Geographic Information Science Certificate (LAGISCERT)

Campus: TEMPE

Description:

The undergraduate geographic information science certificate program is open to students of all majors at ASU and is built on GIS course work currently being taught at the university. Students who earn the certificate exit the program with standardized skills that are based on the learning outcomes of each required course.

Program Requirements:

The certificate is awarded to students completing at least 20 credit hours with a grade of "C" (2.00) or higher.

Required courses:

CSE 100 Principles of Programming with C++, CS (3) OR

CSE 110 Principles of Programming with Java, CS (3) OR

CST 100 Object-Oriented Software Development (3)

GIS 205 Geographic Information Technologies, CS (3)

GIS 211 Geographic Information Science I, CS (4)

GIS 311 Geographic Information Science II, CS (4)

GIS 470 Statistics for Geographers (3)

Electives (choose one of the following):

ERM 485 GIS in Natural Resources (3)

GCU 361 Urban Geography, SB (3)

GCU 441 Economic Geography, SB (3)

GCU 442 Geographical Analysis of Transportation, SB (3)

GCU 474 Public Land Policy, SB (3)

GCU 484 Internship (1-12)

GIS 341 Introduction to Cartography and Georepresentation (3)

GIS 351 Air Photo Interpretation (3)
GIS 441 Geographics: Interactive and Animated Cartography and Geovisualization (3)
GIS 471 Geographic Information Analysis (3)
GPH 484 Internship (1-12)
PUP 484 Internship (1-12)

Enrollment Requirements:

Any student admitted to study at ASU may complete this certificate. To apply to the university, please complete the Office of Admissions online application. Please contact the school for more information.

Hazardous Materials and Waste Management Certificate (TSETMCERT)

Campus: POLY

Description:

The certificate program in hazardous materials and waste management is designed to provide current and prospective employees of industry and government with a comprehensive and practical curriculum of study in hazardous materials management. The certificate program features instruction by faculty, attorneys and professionals who work in the specific area in which they teach.

The certificate program is available for nondegree and degree-seeking students.

Program Requirements:

The certificate requires 21 hours. Students must complete seven selected courses (four required and three electives) and earn a grade of "C" (2.00 on a scale of 4.00) or higher to receive the certificate.

Required Courses:

ETM 401 Hazardous Waste Management (3) or ETM 501 Principles of Hazardous Materials and Waste Management (3)
ETM 407 Occupational Hygiene (3) or ETM 507 Industrial Hygiene (3)
ETM 502 Regulatory Framework for Toxic and Hazardous Substances (3) or ETM 527 Environmental/Resources Regulations Concepts (3)
ETM 506 Chemistry of Hazardous Materials (3)

Electives:

ETM courses at the 400 or 500 level (9)

Enrollment Requirements:

History and Philosophy of Science Certificate (LAHPSCERT)

Campus: TEMPE

Description:

The School of Life Sciences offers an undergraduate certificate in the history and philosophy of science. This program is designed to give students

an understanding of both traditional philosophic issues surrounding science and the historical development of concrete scientific theories and ideas.

The philosophic questions about how we understand nature through science and how scientific claims gain authority are enriched when they are considered in a historical context. Such philosophic and historical study will also often include the examination of contemporary sciences and their place within the larger society, including the study of bioethics, policy and law.

This certificate is a valuable addition for students in the sciences or the humanities. It crosses disciplines to help students engage in unfamiliar and familiar paths of inquiry in new and interesting ways.

Program Requirements:

All courses counting toward the certificate must be approved by an undergraduate advisor in the School of Life Sciences and passed with a grade of "C" (2.00) or higher.

PHI 314 Philosophy of Science, HU (3) is required.

The certificate requires 18 credit hours bearing a PHI or HPS prefix, of which 12 credit hours must be upper-division.

Within the 18 credit hours, at least nine must bear the HPS prefix.

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Office of Admissions online application. Please contact the School of Life Sciences for more information and see <https://sols.asu.edu/undergraduate-studies/degrees> (<https://sols.asu.edu/undergraduate-studies/degrees>).

Homeland Security Certificate (PPHSLCERT)

Campus: DTPHX, ONLNE

Description:

The homeland security certificate will provide students with the skills and credentials necessary to prepare them to enter fields specializing in homeland security. Students will receive extended education in topics such as domestic and international terrorism, cyber terrorism and advanced crime courses.

Program Requirements:

The following courses are required (15 credits):

CRJ 100 Introduction to Criminal Justice, SB (3)
CRJ 201 Criminal Justice Crime Control Policies and Procedures (3)
CRJ 412 International Terrorism (3)
CRJ 417 Cyber Terrorism (3)
CRJ 419 Domestic Terrorism (3)

The following courses are electives (6 credits):

CRJ 350 Law and Social Control, SB (3)
CRJ 422 Violence in America (3)
CRJ 462 Gangs (3)
CRJ 463 White Collar Crime (3)
CRJ 464 Organized Crime (3)
CRJ 494 Media, Crime and Criminal Justice (3)

Enrollment Requirements:

There are no additional admission requirements other than those required for admission to ASU.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Honors Business Consulting Certificate (BAECNUERT)

Campus: TEMPE

Description:

This certificate is designed to enhance student's knowledge in a major while also adding to the understanding of business strategy in a global market. The required curriculum strengthens skills in:

- business judgment
- conceptualization of strategic solutions
- critical thinking and problem-solving

Program Requirements:

The program consists of 15 credit hours of course work. Students must meet all prerequisites and course requirements as listed in the catalog. All 15 credit hours must be ASU credit.

Honors Business Core, with grade of "B" or higher in each course (6):

ECN 303 Honors Managerial Economics (3)

FIN 303 Honors Finance (3)

MGT 303 Honors Organizational Strategies, Leadership and Behavior (3)

MKT 303 Honors Marketing Theory and Practice (3)

SCM 303 Honors Global Supply Operations (3)

Business Modeling and Analysis, with grade point average of 3.00 or higher; only courses in which a student earns a grade of "C" (2.00) or higher may be used (9):

WPC 494a Consulting in Business (3)

WPC 494b Modeling Tools in Consulting (3)

WPC 494c Consulting Projects (3) OR

WPC 493 Honors Thesis (3)

Enrollment Requirements:

The certificate is limited to honors students in the W. P. Carey School of Business. Students must submit an application for admission during the spring semester of their sophomore year.

Please contact the department for more information.

Human Rights Certificate (LAHRTSCERT)

Campus: TEMPE

Description:

The certificate provides students with historical, legal and philosophical perspectives from which to think broadly and critically about human rights issues. Course work will prepare student to design solutions to dilemmas such as:

- child welfare
- economic development
- education
- environment
- health
- indigenous rights
- labor rights
- violence against women
- water and energy resources

Program Requirements:

Students must complete 18 hours of qualifying course work, at least 12 hours of which must be from ASU. A minimum grade of "C" (2.00) is required for a course to count toward the certificate.

Required Certificate Core Courses:

Global Politics of Human Rights (3) (students must select one of the following courses):

JUS 352 The Global Politics of Human Rights (3)

POS 480 Global Justice (3) Human Rights Institutions and Organizations (3) (students must select one from the following options):

JUS 394 Human Rights Organizations and Institutions (3)

POS 465 International Organization and Law (3)

SGS 321 International Institutions and Global Governance (3)

Interdisciplinary Component (9)

Students must select three electives on current issues in human rights. Courses must be taken from at least two of the substantive areas listed below and from two or more academic units. Any course listed below may count toward this requirement, as well as other courses as approved by the certificate program director.

Marginalization and Human Rights

AFR 301/JUS 300 Race and Racism in the Africa/African Diaspora, SB, G (3)

AFR 304/JUS 304 Islands of Globalization: Caribbean Politics and Political Economy, SB, G, H (3)

AFR 420 Race, Ethnicity and Politics in the African Diaspora, SB, G (3)

APA 330/WST 331 Asian Pacific American Genders and Sexualities, SB, C (3)

APA 360 Asian Pacific American Experience, HU or SB, C (3)

ASB/SBS/SOC/POS/339 Grassroots Social Movements, SB (3)

JUS 430 Social Protest, Conflict and Change, L or SB, C (3)

JUS 469 Political Deviance and the Law, L or SB, C (3)

JUS/POS 473/REL 482 Religion, Violence and Conflict Resolution (3)

Informatics Certificate (ESCPICERT)

Campus: TEMPE

Description:

The certificate in informatics teaches students to use computer technology to gather, synthesize, store, visualize and interpret information. These skills are critical to a broad range of disciplines. This certificate provides students with an understanding of the capabilities and technologies of informatics as it applies to domain specific problems in their field of study.

Students completing this certificate are able to use methods for and understand the basic computational principles behind the operation of:

- communication, networking and interaction
- decision-making and problem-solving
- modeling, inference and visualization
- representing, creating and running routine activities
- storing, indexing and retrieving information

Graduates should be in high demand within the software industry, but also in government, education, science, medicine and other fields that make use of computer technology. Students with the applied and user-oriented focus of the certificate will be attractive to such employers.

Program Requirements:

This program requires 21 credit hours of course work. Students will take 15 credit hours of required courses and will choose six credit hours of elective course work. Note: some of the required courses have additional prerequisites.

Core Courses:

CPI 101 Introduction to Informatics, CS (3)
CPI 200 Mathematical Foundations of Informatics, MA (3)
CPI 310 Web-Based Information Management Systems (3)
CPI 360 Decision Making and Problem Solving (3)
STP 226 Elements of Statistics, CS (3)**Please consult an advisor about alternate statistics courses.
Electives* (select two):
ART 345 Visualization and Prototyping (3)
BIO 355 Introduction to Computational Molecular Biology, CS (3)
CIS 300 Web Design and Development (3)
CPI 350 Evaluation of Informatics Systems (3)
CPI 400 Scientific Computing and Visualization (3)
CPI 430 Social Simulation, CS (3)

ENG 374 Technical Editing (3)
GPH 370 Geographic Information Technologies, CS (3)
SOS 334 Technology and Society (3)
STS 306 Social Effects of Science and Technology, SB (3)

*Certain departments may offer additional courses which could satisfy this elective requirement. Please consult with an advisor for approvals.

Enrollment Requirements:

The undergraduate certificate in informatics is available to students in noncomputing majors who are in good standing at ASU and may be used by BIS students as part of their degree program. Students need to submit an undergraduate certificate form to the School of Computing, Informatics and Decision Systems Engineering Academic Advising Center located in BYENG, Room 208. This form is available on the registrar's website. BIS students need to contact their BIS advisor to add the informatics concentration to their degree program.

International Business Certificate (BAIBSCERT)

Campus: TEMPE

Description:

Students can expand their horizons and opportunities by learning about the global economy. The certificate is designed to:

- develop competence in a foreign language
- develop sensitivity to foreign cultures
- provide an awareness of global social processes
- provide an understanding of international business environments, principles and operations

The W. P. Carey School of Business has partnerships with universities in Europe, Asia and Latin America, so students can experience new cultures, visit new places, and build intercultural and language skills. International internships also are offered in conjunction with the ASU Study Abroad Office.

Program Requirements:

This certificate program requires a minimum of 18 credit hours, which are outlined below. All business course work must be completed through the W. P. Carey School of Business or through an approved ASU international study program. Only courses in which a student receives a grade of "C" (2.00) or higher may be used to meet the certificate requirements, and an overall certificate GPA of at least 2.50 must be earned. Students must meet all course prerequisites and requirements as listed in the ASU catalog. Certificate requirements must be completed within one year of graduation date.

The four required areas of completion for the certificate are:

international business course work (9)
nonbusiness global awareness course work (9)
international study experience
language proficiency

A. International Business Course Work (9)

Three international business courses must be taken. Students must choose one foundation course and two electives.

Foundation course:

MGT 302 Principles of International Business, G (3) or ECN 306 Survey of International Economics, SB, G (3)

Electives (choose two for a total of six credits):

ECN 331 Economics of the European Economic Union, SB and G (3)

ECN 335 South Asia and the World Economy, SB and G (3)

ECN 360 Economic Development, SB and G (3)

ECN 365 Economics of Russia and Eastern Europe, SB and G (3)

ECN 436 International Trade Theory, SB and G (3)

ECN 438 International Monetary Economics, SB and G (3)

FIN 456 International Financial Management, G (3)

MGT 400 Cross-Cultural Management, C and G (3)

MGT 459 International Management, G (3)

MKT 425 Global Marketing Management, G (3)

SCM 463 Global Supply Chain Management, G (3)

Study abroad business courses*

*300+ level WPC-prefixed courses earned on a sponsored ASU Study Abroad program may be applied toward the IBC elective area, per approval of the International programs coordinator. Courses applied toward the W. P. Carey business core cannot be used toward the IBC elective area.

B. Nonbusiness Global Awareness Course Work (9)

These hours may be satisfied by any combination of the following:

- strong>Recommended: It is recommended to choose courses related to the area of study abroad experience. Additional courses may be approved by the international program coordinator.
- Students can choose any of the university designated nonbusiness global awareness ("G") courses.
- Nonbusiness global awareness hours may also be satisfied by:
 - An ASU or W. P. Carey School of Business education abroad program for one semester fulfills all nine hours of nonbusiness global requirements.
 - An ASU or W. P. Carey School of Business program earning six credit hours fulfills six of the hours of nonbusiness global requirements.
 - An ASU or W. P. Carey School of Business program earning three credit hours fulfills three of the hours of nonbusiness global requirements.

C. Foreign Language Proficiency

The certificate program requires the equivalent of one year of college-level study of a foreign language. Foreign language proficiency is met in one of the following ways:

- completion of one year (two semesters) of the same foreign language at the college level
- completion of one semester of the equivalent of 101- and 102-level course work
- completion of two years of the same foreign language in high school with a minimum grade of "C" (2.00)
- documentation of a proficiency test confirming preparedness to start at least the second year of a foreign language (201 level or above)

A student whose first language is not English may have this requirement waived.

D. International Study Experience

Participation in an ASU-approved international study program is required.

Enrollment Requirements:

Students need to complete an application, which is available online or in BA 160. Please contact the department for more information and see <https://my.wpcarey.asu.edu/undergrad/academics/ibc.cfm> (<https://my.wpcarey.asu.edu/undergrad/academics/ibc.cfm>).

International Studies Certificate (LAINSCERT)

Campus: TEMPE

Description:

The international studies certificate is designed to prepare students for careers in government agencies, international governmental and nongovernmental organizations, multinational firms and banks, and for graduate studies in international relations or political science. The certificate is not a substitute for degree requirements in any subject, including political science; rather, the required courses add an international and comparative dimension to the student's chosen major.

Program Requirements:

Requirements for the certificate are intended to provide an understanding of international relations and comparative government, an awareness of global, social and political-economic processes, and sensitivity to foreign political systems and cultures. These objectives are met by a sequence of political science courses in the areas of international relations, comparative politics and area studies. Students majoring in any subject at the university may be awarded the international studies certificate upon completion of the following 15 credit hours of political science courses.

Choose one from the courses below:

POS 150 Comparative Government, SB, G (3)

POS 160 Global Politics, SB, G (3)

Choose one from the courses below:

POS 361 American Foreign Policy, SB, G (3)

POS 364 National Security, Intelligence and Terrorism, SB (3)

Choose two from the courses below:

POS 300 Contemporary Global Controversies, SB, G (3)

POS 368 Ethics and Human Rights (3)

POS 465 International Organization and Law, SB, G (3)

POS 467 International Security, SB, G (3)

POS 486 International Political Economy, SB, G (3)

Choose one from the courses below:

POS 350 Comparative Politics, SB, G (3)

POS 356 European Union, SB, G (3)

POS 357 South Asia Politics, SB, G (3)

POS 358 Southeast Asia, SB, G (3)

POS 359 African Politics and Society, SB, G (3)

POS 360 World Politics, SB, G (3)

POS 451 China, Japan and the Koreas, SB, G (3)

POS 452 China, SB, G (3)

POS 453 Latin America, SB, G (3)

POS 454 Mexico, SB, G (3)

POS 468 Comparative Asian Foreign Policies, SB, G (3)

Certificate students must have a minimum GPA of "C" (2.00); only courses in which students have a grade of "C" (2.00) or higher count toward the certificate. A minimum of six upper-division credit hours must be taken in courses offered by the College of Liberal Arts and Sciences.

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Office of Admissions online application. Please contact the School of Politics and Global Studies for more information about completing the international studies certificate.

Islamic Studies Certificate (LAISLCERT)

Campus: TEMPE

Description:

Any student admitted to study at ASU is eligible for the Islamic studies certificate program. Students who complete all the requirements of their undergraduate major, their college and the certificate program receive the certificate plus transcript recognition of its completion. The certificate program is designed to prepare students for graduate programs in religious studies, Islamic studies and area studies or for any academic discipline (such as professional programs in international law and business) that focuses on global Muslim society. Students wishing to add the certificate in Islamic studies to their plan of study must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies.

Program Requirements:

Students complete a minimum of 26 credit hours, chosen in consultation with the Islamic studies program coordinator. A minimum grade of "C" (2.00) is required in each course. A minimum of 12 upper-division credit hours are required. To earn the certificate, students must complete these requirements:

- eight credit hours of Arabic, Indonesian, Farsi or other Islamic language approved by the program coordinator*
- nine credit hours of required core courses including REL 260 Introduction to Islam, HU, G (3), REL 365 Islamic Civilization, HU, H (3) and REL 366 Islam in the Modern World, HU, H, G (3)
- nine elective credit hours in courses from a variety of disciplines that deal with Islam or Islamic studies, including courses from at least two of three geographic regions (Africa and the Middle East, American and Europe, Asia)

*Students who are native speakers of these languages or who otherwise have equivalent knowledge substitute two additional courses approved by the program coordinator.

Enrollment Requirements:

There are no specific admission requirements other than a student's desire to learn about Islam and Islamic societies and culture.

Jewish Studies Certificate (LAJUDCERT)

Campus: TEMPE

Description:

The Jewish studies program is designed with the following goals in mind:

- to examine the history and culture of the Jews
- to generate and facilitate research on Judaica
- to provide the community with programs, courses and research, furthering the understanding of Judaica
- to provide a model for interdisciplinary teaching and research
- to stand as an example of the university's commitment to a program of meaningful ethnic studies on a firm academic base

Program Requirements:

To complete the certificate in Jewish studies, a student must successfully complete 21 credit hours in approved Jewish studies with a grade no lower than a "C" (2.00) in any course. At least 12 credit hours must be completed at the upper-division level. Students should declare the Jewish studies certificate as early as possible in their program of study with an academic advisor in the School of Historical, Philosophical & Religious Studies. Curriculum requirements include the following:

- formal declaration of intent through the submission of the Certificate in Jewish Studies Application to the School of Historical, Philosophical and Religious Studies advising center
- completion of at least two semesters of Hebrew language or equivalent approved courses

one Jewish studies course in three of the following five areas:

- history
- humanities
- literature
- religious studies
- social studies
- two courses of the student's choice in any Jewish studies-related subject

Students petition for receipt of the certificate by notifying the School of Historical, Philosophical and Religious Studies advising center upon completion of courses.

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate.

Knowledge Entrepreneurship and Innovation Certificate (BAKEICERT)

Campus: TEMPE

Description:

The certificate program is comprised of three university-wide core courses followed by two courses within a student's disciplinary college. Individual colleges will be encouraged to offer a capstone course as part of the program. Beyond topics related specifically to entrepreneurial business practices, courses include such topics as social entrepreneurship, arts entrepreneurship, idea generation and storytelling as additional perspectives for the student entrepreneur.

Students completing the certificate in knowledge entrepreneurship and innovation have their achievements recognized on their transcripts. Career services markets the certificate to potential employers, highlighting the innovative skills that students with this designation can offer.

Program Requirements:

Required Core

CORE 1: MGT 290 My Life Venture (3) OR TEM 200 My Technology Venture (3)

CORE 2: MGT 340 Creativity and Innovation, HU or L (3) OR TEM 230 Creativity and Business Innovation (3)

CORE 3: MGT 360 Entrepreneurship and Value Creation (3) OR TEM 400 Technology Entrepreneurship (3)

Capstone Experience (at least 6 credit hours)

- It is the student's responsibility to check the prerequisites required by courses in their discipline.
- Capstone courses will be designated and approved by individual disciplinary colleges.
- Capstone courses will consist of existing courses or new courses created by departments.

Prerequisite Information

- In order to enroll in MGT 360 Entrepreneurship and Value Creation the student should be a W. P. Carey BS, BA or a Secondary Education (Business) student who has taken ACC 240, ACC 241 or ACC 242 with a grade of "C" (2.00) or better. A nonbusiness student with 2.50 ASU cumulative GPA with 56 earned hours who has taken MGT 290 My Life Venture may enroll. This course also has a prerequisite or corequisite requirement of MGT 340 Creativity and Innovation with a grade of "C" (2.00) or better.
- MGT 340 Creativity and Innovation has a prerequisite requirement of W. P. Carey School of Business BS or BA student, OR nonbusiness student with 2.5 ASU Cumulative GPA, 56 earned hours and prerequisite or corequisite of MGT 290 My Life Venture.

Enrollment Requirements:

Students need to complete an application. Please contact the department for more information and see

Korean Studies Certificate (LAKORCERT)

Campus: TEMPE

Description:

The certificate in Korean studies aims to train and produce students who are linguistically able and culturally informed. The program consists of two major components. The first is to build students' Korean language proficiency in the areas of speaking, listening, reading and writing. The second is to offer students a broad range of knowledge of the culture, literature, history, art and religions of Korea. The certificate allows students to focus on Korean studies, which cannot be attained through the existing degree or nondegree programs in East Asian studies at ASU.

The program will enrich students' perspectives on different cultures and societies at the intellectual level and also equip students with practical knowledge of Korea that will benefit careers in various professions, including academe, government work, international trade, nongovernmental organizations and translations.

Program Requirements:

Language. Students must demonstrate proficiency in the Korean language at the intermediate level. The language requirement can be satisfied by completing the KOR 201-202 sequence, one year of study abroad at the intermediate level, or achieving a satisfactory score on a proficiency exam. Visit <https://international.clas.asu.edu/testing> (<https://international.clas.asu.edu/testing>) for more information on the proficiency exam schedule.

Core Courses (12 credit hours). Students must complete at least 12 credit hours at or above the 300-level of core courses from the following:

KOR 313 Third-Year Korean I, G (3)

KOR 314 Third-Year Korean II, G (3)

KOR 347 Korean Film and Literature, HU (3)

KOR 350 Women of Korea, H (3) or REL 354 Religious Traditions of Korea, HU (3)

Elective courses (6 credit hours). In addition to the above core courses, students are required to complete six credit hours from an approved list of electives. These courses must be from two different disciplines. The following are examples of appropriate electives:

CHI 494 Print Culture and Book in East Asia (3)

HST 303 Studies in Asian History, SB, H (3)

HST 388 Japan, SB, G, H (3)

HST 451 Chinese Cultural History I, HU or SB, H (3)

HST 452 Chinese Cultural History II, SB, G, H (3)

KOR 321 Korean Literature in Translation (3)

KOR 394 Love Stories in East Asia (3)

KOR 494 Korean for Professional Purposes I (3)

KOR 494 Korean for Professional Purposes II (3)

REL 345 Asian Religious Traditions, HU, G (3)

Additional courses may be approved by the coordinator of the certificate. These credit hours will be chosen in consultation with a School of International Letters and Cultures advisor or the coordinator of the certificate. The completion of the requirements will be reviewed both by the students' designated advisors and the coordinator of the program. A minimum grade of "C" or better is required in each course. In the end, the coordinator will sign off on the certificates.

Enrollment Requirements:

ASU students admitted to a degree program in any field of study would be eligible for the Korean studies certificate program. Other than the course work and examinations required in the major field of interest, students would be responsible for fulfilling the minimum requirements of 18 credit hours (at least 12 credit hours for core courses) in addition to the basic language requirement to earn the Korean studies certificate.

LL 440

silcadvising@asu.edu

480-965-6281

Latin American Studies Certificate (LALASCERT)

Campus: TEMPE

Description:

The Latin American studies certificate program is designed to give students an understanding of culture, economies, political structures and the history of Latin American nations. The certificate combines six courses across disciplinary boundaries to provide a diverse perspective of the Latin American experience. The Department of Economics, the School of Geographical Sciences and Urban Planning, the School of Historical, Philosophical and Religious Studies, the School of Politics and Global Studies, the School of Human Evolution and Social Change, the School of International Letters and Cultures (Spanish and Portuguese) and the School of Transborder Studies offer courses that combine in the interdisciplinary certificate.

Program Requirements:**Language Requirement:**

The certificate requires Spanish or Portuguese proficiency through the 313 level of conversation and composition. Native speakers, or those with in-field experience equivalent to SPA 313 or POR 313, can have this requirement waived. The School of International Letters and Cultures, under the leadership of its director, is charged with the evaluation of language competency.

While students are encouraged to enroll in language instruction courses (i.e., conversation and composition) above the 313 level, they cannot apply such course work to the Latin American Studies certificate course requirements.

Latin American Content Course Requirements:

Students will take 18 upper-division semester hours (six courses) from the list of undergraduate Latin American content courses. See the advisor in the School of International Letters and Cultures for the list of courses. Students are required to select nine semester hours (three courses) from within their major and nine semester hours (three courses).

Language instruction courses dealing with Spanish and Portuguese conversation and composition cannot be used to satisfy the content course requirement.

Courses used to satisfy these requirements must receive a minimum grade of C.

ASU Tempe and West campuses will supply the courses for this certificate. At least four of the six courses must be taken at ASU Tempe.

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate.

Students will file the Certificate Program in Latin American Studies Planning Sheet with Cynthia Tompkins, in the Durham Languages and Literatures building, room 424 or latinamericancertificate@asu.edu (<mailto:latinamericancertificate@asu.edu>).

For more information, contact the School of International Letters and Cultures and see the school's website for more information.

Leadership and Ethics Certificate (PPLDECERT)

Campus: DTPHX

Description:

The certificate in leadership and ethics is designed for undergraduate students who are interested in developing leadership skills or wish to enhance their degree in an existing major at ASU, working adults who may wish to further their education yet may not be looking for a degree program, or BIS students who seek to combine certificates with their degree.

The certificate program provides a catalyst for students to become ethical leaders of organizational and community change. This certificate is designed to:

- explore the relationship between leadership and the capacity for individuals to assume responsibility for their actions and to act with a sense of ethics and integrity
- focus on understanding the broad interdisciplinary field of leadership and its application to various elements of society and community
- prepare individuals for positions of leadership and responsibility in the university, student organizations, in their communities and throughout their careers in business, government and society

Program Requirements:

The certificate in leadership and ethics requires four core courses (12 credit hours), including a leadership capstone experience, and one elective discipline-based course in leadership or ethics (3 credit hours). The three hours of elective course work may be selected from an approved list of

Academic Catalog Archive 2014-2015 838

elective classes or upon the recommendation of the department.

All courses applied to the certificate must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

Core Courses:

PAF 311 Leadership and Change, SB (3)

PAF 410 Building Leadership Skills, SB (3)

PAF 421 Leadership Capstone (3)

PAF 460 Public Service Ethics (3)

All core courses and the leadership capstone must be taken at Arizona State University. Any course substitutions for the certificate are at the discretion of the School of Public Affairs.

Enrollment Requirements:

There are different application requirements, depending on the student's enrollment status with ASU. Students are also encouraged to schedule an appointment with the undergraduate academic adviser in the School of Public Affairs.

Undergraduate Students Currently Enrolled at ASU

Current students interested in earning the certificate must complete a request to add an undergraduate certificate and return it to the undergraduate academic advisor in the School of Public Affairs at the University Center on the Downtown Phoenix campus. Students may begin taking courses before they formally register for the certificate; however, they are encouraged to complete the paperwork as soon as possible.

Download the request to add an undergraduate certificate at <https://students.asu.edu/forms/undergraduate-certificate> (<https://students.asu.edu/forms/undergraduate-certificate>).

Individuals Not Currently Enrolled at ASU

Individuals who are not currently enrolled as students at Arizona State University must complete an application to enroll as a nondegree-seeking student before they may begin taking courses. For information on admission and to complete an application, visit the university's nondegree student admission page at <https://students.asu.edu/admission/nondegree> (<https://students.asu.edu/admission/nondegree>).

Once students have been admitted, they are eligible to enroll in courses to complete the certificate program.

Lesbian, Gay, Bisexual and Transgender Certificate (PPLGBTCERT)

Campus: DTPHX

Description:

The undergraduate certificate in lesbian, gay, bisexual and transgender studies is offered by the Committee on Lesbian, Gay, Bisexual, and Transgender Studies, administered through the College of Public Programs. Advising is provided through the School of Letters and Sciences. Lesbians, gay men, bisexuals and transgendered people play important roles as colleagues, clients, parents, children, siblings, neighbors, employees, employers, religious leaders and friends. Given the increasing visibility and changing political climate for LGBTQ people in the United States, all students, not only those who identify themselves as gay, lesbian, bisexual or transgender, are served well by learning about the histories, communities and contemporary social issues regarding people from LGBTQ backgrounds.

The educational experience is enhanced when students are introduced to complex intersections between and among sexual, racial, ethnic, religious, geographic and national identities. The philosophy of this certificate program is to promote intellectual and pedagogical diversity as one of the university's greatest assets, and this is done, in part, by instilling in students a sensitivity to cultures different from their own and through careful analysis of the self in historical, artistic and sociocultural contexts.

The goals of the certificate program are to give students:

- knowledge about the history, evolution of and current issues facing the LGBTQ community
- practical experience utilizing course work knowledge in the community through an internship or community service project
- theoretical perspectives on heterosexuality as a presumptive sexual identity
- an understanding of lesbian, gay, bisexual and transgender studies as an academic area of inquiry
- an understanding of community politics, dynamics and conflicts
- use-inspired education that culminates in a public presentation

Program Requirements:

The certificate requires 15 credit hours; a minimum of 12 must be upper division.

Required Courses:

SWU 180 Introduction to Lesbian, Gay, Bisexual, and Transgender (LGBT) Studies (3)

Electives (9):

electives are selected from an approved list*

Capstone (3)

*Please see: <https://sls.asu.edu/index.php?q=lgbt/>. (<https://sls.asu.edu/index.php?q=lgbt/>)

Enrollment Requirements:

Students interested in admission to the certificate program should meet with a LGBT certificate academic advisor in the School of Letters and Sciences as soon as possible in order to complete a certificate declaration form and to select courses that most appropriately meet students'

individual needs. For more information see: <https://sls.asu.edu/index.php?q=lgbt/> (<https://sls.asu.edu/index.php?q=lgbt/>).

Medieval and Renaissance Studies Certificate (LAMRSCERT)

Campus: TEMPE

Description:

In order to reflect the interdisciplinary nature of the field, the Arizona Center for Medieval and Renaissance Studies has established a certificate program for undergraduate students in medieval and Renaissance studies.

The program provides students the opportunity to take classes from several disciplines and to receive training in both Latin, the international language of the periods, and early vernacular languages. Obtaining the certificate prepares undergraduate students for advanced study in their fields.

Program Requirements:

In addition to the course work and examinations required in a student's major field of study, the following minimum requirements must be fulfilled to earn the certificate:

classical Latin (6)

Latin (classical or medieval) or a vernacular language of the period (e.g., Old English, Old Norse, Old French, Renaissance Italian) (6)

course work in medieval and Renaissance studies outside the major discipline (6)

thesis (3)*

*Students must write within their major on a topic concerning the Middle Ages or Renaissance. Students may earn three credit hours of independent study for the thesis. The thesis may be used to fulfill the Honors College thesis requirement for students enrolled in Barrett, the Honors College.

Enrollment Requirements:

Any student admitted to a degree program at ASU may complete a certificate. Please contact the Arizona Center for Medieval and Renaissance Studies for more information and to complete the online application:<http://acmrs.org/academic-programs/certificate> (<http://acmrs.org/academic-programs/certificate>).

Nonprofit Professional Certificate (PPNPYCERT)

Campus: DTPHX

Description:

This nationally recognized certificate program awards qualified students from diverse academic fields with the National Certified Nonprofit Professional credential. The CNP is awarded through the Nonprofit Leadership Alliance (formerly American Humanics, Inc.), a consortium of universities, nonprofits and funders, that are committed to preparing students for management careers in the nonprofit sector. The NLA/ASU program provides curricular and cocurricular programs that prepare students through its competency-based, experiential (out-of-classroom) educational framework. The program is ideal for students wishing to complement their majors with a strong core of nonprofit management knowledge and skills through professional affiliation with and certification by the Nonprofit Leadership Alliance, the nation's leader in education for nonprofit careers. NLA collaborates with a number of national nonprofit organizations as well as locally based grass-roots organizations that actively seek NLA/ASU program interns and job candidates.

Program Requirements:

The program includes active participation by nonprofit professionals who offer workshops, seminars, mentoring and field trips. The certified nonprofit professional credential can be earned in conjunction with any bachelor's degree and requires successful participation in cocurricular, experiential activities in addition to required academic course work.

Required Courses:

NLM 220 Introduction to Nonprofit Organizations (3)

NLM 300 Fund Raising and Resource Development (3)

NLM 310 Volunteer Management (3)

NLM 320 Professional Development Seminar (4) (one credit each, over four semesters)

NLM 420 Nonprofit Leadership Alliance Institute (2)

NLM 430 Managing Nonprofit Organizations, L (3)

NLM 463 Senior internship (12)

Enrollment Requirements:

Applications for the Certified Nonprofit Professional certificate are available through the School of Community Resources and Development academic advisors and the Nonprofit Leadership Alliance senior program coordinator.

- 30 hours of graded course work
- minimum "C" (2.00) grade required for all classes in the certificate
- minimum GPA of 2.00 for those pursuing the certificate
- should be a junior to take 400-level courses

Oral History Certificate (ASOHCCERT)

Campus: WEST

Description: The oral history certificate in the New College of Interdisciplinary Arts and Sciences introduces students to the interdisciplinary theories and methods of oral history that enable scholars, students and practitioners to collect, document and preserve the stories and memories of people's lives. The certificate will train students to acquire critical knowledge and applied skills and to abide by the professional standards involved in oral history documentation, research and presentation. Students in the program may build on existing projects or develop new community relationships at local, national and international levels. Consistent with ASU's mission and New College goals, the certificate fosters an understanding and appreciation of diverse cultures, past and present, and engages students in socially embedded and ethical practices in oral history research and interviewing.

Program Requirements:

Students must meet with the program coordinator to review the requirements and sign the certificate check sheet agreement. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department recognizes the certificate. All course work in the program must be completed with a grade of "C" (2.00) or higher. A total of 18 credit hours is required.

Residency Requirement

Of the 18 upper-division credit hours required for the certificate, students must complete a minimum of six upper-division (300 and 400 level) credit hours offered by the New College of Interdisciplinary Arts and Sciences.

Core Requirements

HRC 310 Social and Cultural Studies: Method and Theory (3)

HRC 480 Capstone: Practices and Approaches (3)

The course bank includes upper-division courses offered across the university. Students may choose from the following prefixes, upon approval by appropriate faculty or advisor:

- American Studies (AMS)
- Communication Studies (COM)
- English (ENG)

- Ethnic Studies (ETH)
- History (HST)
- Humanities, Arts and Cultural Studies (HRC)
- Interdisciplinary Arts and Performance (IAP)
- Integrative Studies (IAS)
- Latin American Studies (LAS)
- Philosophy (PHI)
- Religious Studies (REL)
- Sociology (SOC)
- Spanish (SPA)

Women and Gender Studies (WST)

Recommended Courses:

COM 342 Oral History and Storytelling (3)
 ENG 317 Cross-Cultural Writing, L or HU, & G (3)
 ENG 361 Scriptwriting (3)
 ENG 376 Writing a Personal History, L (3)
 ENG 377 Editing Family History for Public Audiences, L (3)
 ENG 412 Creative Nonfiction (3)
 ENG 476 Studies in Folklore, L or HU or SB, & C (3)
 IAP 331 Performance, Acting and the Individual (3)
 IAP 364 Documentaries (3)
 SOC 389 Ethnographic Field Lab (3)
 WST 370 Chronicling Women's Lives, HU & C (3)
 WST 473 Indigenous and Latina/Chicana Representation, SB & C (3)

Enrollment Requirements:

The certificate in oral history is open to any student admitted to study at Arizona State University. The certificate program is also available for graduate students, nondegree students and students majoring in professional programs. Contact advisors in the Division of Humanities, Arts and Cultural Studies for admission to the certificate program.

Philosophy, Rhetoric and Literature Certificate (ASPRLCERT)

Campus: WEST

Description:

The certificate in philosophy, rhetoric and literature, within the New College of Interdisciplinary Arts and Sciences, is an interdisciplinary program that works across the humanities by examining philosophical approaches to literary studies, disputes between rhetoric and philosophy, and rhetorical elements of literature and theory. This certificate is transdisciplinary and aimed at integrating Continental philosophy (including philosophy of religion), critical theory (both in its broader origins within literary cultural studies and its historically specific genealogy from the Frankfurt School), rhetoric, literary criticism, aesthetics and communication. This certificate will prepare students in the humanities, social and behavioral sciences, and the arts for advanced study and lifelong learning in a variety of fields and successful careers in an increasingly diverse society.

Program Requirements:

The program is open to any student admitted to study at Arizona State University. A certificate in philosophy, rhetoric and literature is awarded for successful completion of 18 upper-division credit hours of course work:

- one course (3 credit hours) in Core I: Rhetorical Perspectives
- one course (3 credit hours) in Core II: Continental Philosophy
- twelve elective credit hours from the approved course list in Philosophy, Rhetoric and Literature (6 credit hours from Pool A and 6 credit hours from Pool B)

All elective course offerings from the course bank will be regularly updated and overseen by the facilitators of the certificate program. Students must meet with the program academic advisor to review the requirements and sign the certificate check sheet. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major recognizes the certificate. All

Academic Catalog Archive 2014-2015 843

course work in the program must be completed with a grade of C (2.00) or higher.

Of the 18 upper-division credit hours required for the certificate, 12 credit hours must be completed at ASU.

Core I Requirements

Rhetorical Perspectives (3 credit hours)

ENG 400 History of Literary Criticism, L/HU, H (3)

ENG 472 Rhetorical Studies, L (3)

Political Entrepreneurship through Internships: Local to Global Certificate (LAPEICERT)

Campus: TEMPE

Description:

The certificate is designed to prepare students for careers in public policy in global and domestic environments whether they be in governance organizations, nongovernmental organizations, nonprofit agencies, or private enterprises engaged in policymaking, implementation and critical assessment. The requirements include applied practice in these settings and an internship. A variety of internship opportunities exist for students with global national, state or local interests. Course work in the social sciences, humanities and business will prepare students to be participants in policy processes as an avenue of civic engagement.

Program Requirements:

The requirements include applied practice in public policy settings and internship opportunities. Students majoring in any subject at the university may be awarded the certificate upon completion of the following 15 credits (twelve of which must be upper-division and nine of which must be taken from the College of Liberal Arts and Sciences):

Part One: Introductory course

select one of the following:

POS 110 Government and Politics (3)
POS 150 Comparative Government (3)
POS 160 Global Politics (3)
POS 310 American National Government (3)
SGS 101 Thinking Globally: The Individual and Authority (3)
SGS 301 Principles of Global Studies (3)

Part Two: Policy and Leadership

select one of the following:

POS 220 Current Issues in National Politics (3)
POS 325 Public Policy Development (3)
POS 351 Democratization (3)
POS 361 American Foreign Policy (3)
POS 364 National Security, Intelligence, and Terrorism (3)
POS 410 Governing American Cities (3)
POS 426 Elements of Public Policy (3)
POS 468 Comparative Asian Foreign Policies (3)
POS 486 International Political Economy (3)
SGS 320 Mechanisms of Governance (3)
SGS 321 International Institutions and Global Governance (3)
SGS 340 Violence, Conflict, and Human Rights (3)
SGS 350 Economic Development and Globalization (3)

Part Three: Internship

Students may use three or six credits of the following:

POS 484 Internship (I-12)
SGS 484 Internship (1-12)

Part Four: Related Elective

select one or two of the following depending on the number of credits taken in part three:

BUA 380 Small Business Leadership (3)
BUA 383 Small Business Working Relationships (3)
COM 222 Argumentation (3)
COM 225 Public Speaking (3)
COM 230 Small Group Communication (3)
COM 250 Introduction to Organizational Communication (3)
COM 259 Communication in Business and the Professions (3)

COM 312 Communication, Conflict, and Negotiation (3)
 ENG 301 Writing for the Professions (3)
 FTN 380 Personal Finance (3)
 JUS 320 Community and Social Justice (3)
 MGT 290 My Life Venture (3)
 MGT 380 Management and Strategy for Non-majors (3)
 NLM 160 Voluntary Action and Community Leadership (3)
 NLM 220 Introduction to Non-profit Organizations (3)
 NLM 410 Social Entrepreneurship (3)
 PAF 200 Public Service and Policy in the 21st Century (3)
 PAF 201 Economics and Public Policy (3)
 PAF 300 Public Management and Administration (3)
 PAF 311 Leadership and Change (3)
 PAF 340 Contemporary Policy Challenges (3)
 PAF 410 Building Leadership Skills (3)
 PAF 420 Public Leadership (3)
 PAF 460 Public Service Ethics (3)
 SGS 204 Professional Global Career Development (or equivalent career exploration course) (3)
 SOS 111 Sustainable Cities (3)
 SOS 321 Policy and Governance in Sustainable Systems (3)
 USL 210 Service Learning: Introduction to Diverse Community Issues (3)
 USL 410 Service Learning: Diverse Community Issues (3)

Students earning the certificate must have a minimum GPA of 2.00; only courses in which students have a grade of "C" (2.00) or higher count toward the certificate.

Enrollment Requirements:

Any student admitted to study at ASU may complete this certificate.

Political Thought and Leadership Certificate (LAPTLCERT)

Campus: TEMPE

Description:

The certificate in political thought and leadership provides students with a strong foundation in the history of politics and political thought with a special emphasis on the role of leadership in that history. The certificate will prepare students for leadership in their own careers, political or otherwise. Required courses combine academic study and mentoring contact with political, media, and business leaders from the wider Phoenix area and Arizona communities, while electives drawn from a variety of disciplines are used to broaden the scope of emphasis.

Program Requirements:

This certificate requires 15 credit hours.

Required Courses:

HST 112 Foundations of Democracy (3)
 HST 414 Political Thought & Leadership (3)

Nine credit hours of upper-division electives from at least two different disciplines. Such courses may include, but are not limited to:

HST 315 Political History of the U.S., SB, H (3)
 HST 317 History of Postwar U.S. Conservatism (3)
 JUS 321 Wealth Distribution and Poverty, SB, C (3)
 JUS 332 Politics of Energy Policy and Justice (3)

PHI 336 Social and Political Philosophy, HU (3)
POS 341 History of Political Philosophy II, HU, H (3)
REL 420 Religion in American Life and Thought, HU (3)

Additional upper-division courses from disciplines such as economics, history, justice studies, philosophy, public service and public policy and religious studies may be used with approval. All courses must be taken in residence at Arizona State University.

Enrollment Requirements:

Students wishing to declare the certificate must meet with an academic advisor in the School of Historical, Philosophical and Religious Studies and one of the program's co-directors.

Professional Sales Certificate (BAPRSCERT)

Campus: TEMPE

Description:

Designed for the nonmarketing major, the certificate in professional sales was created for business students who are interested in pursuing the many opportunities in professional sales. Including courses in professional sales as well as sales management, this certificate prepares students to be successful account managers or sales team leaders in both business-to-business and business-to-consumer settings. An optional internship in sales is strongly encouraged as part of the professional sales certificate.

Program Requirements:

Prerequisite course:

MKT 300 Marketing and Business Performance (3) or MKT 303 Honors Marketing Theory and Practice (3)

Required courses:

MKT 370 Professional Sales and Relationship Management (3)

MKT 410 Sales and Sales Management (3)

choose any two courses from the following set:

MKT 435 Entrepreneurial Marketing (3)

MKT 441 Sports Relationship Management (3) or MKT 460 Sports Revenue Generation (BS students only) (3)

MKT 484 Internship (in sales) (3)

MKT 493 Honors Thesis (3)

MGT 430 Negotiations (3)

To receive the certificate, students must complete the specified business courses with a grade of "C" or higher (2.00 on a scale of 4.00).

Public Administration and Public Management Certificate (PPPAFCERT)

Campus: DTPHX

Description:

The certificate in public administration and public management prepares students for citizenship, leadership and careers in governmental and nonprofit agencies. Students will learn the context and principles of public administration and how to apply these in a practitioner setting; the role of the public administrator in the design, implementation and evaluation of public policy; and how to lead change and address ethical issues in public service. It is designed for undergraduate students who are interested in developing leadership skills or wish to enhance their degree in an existing major at ASU, working adults who may wish to further their education yet may not be looking for a degree program, or BIS students who seek to combine certificates with their degree.

The program is designed for students interested in public service who want to learn skills to:

- analyze critical issues
- build and bridge communities
- deliver and manage public programs
- improve the quality of life
- lead change in public policy
- provide public safety
- preserve natural resources
- reform welfare
- strengthen democratic governance

Program Requirements:

The certificate in public administration and public management consists of 15 credit hours of course work; students take 12 hours of core classes and three hours of elective courses. The three hours of elective course work may be selected from an approved list of elective classes, taken upon the recommendation of the department.

Core Courses:

PAF 300 Public Management and Administration (3)

PAF 340 Contemporary Policy Challenges (3)

PAF 420 Public Leadership (3)

PAF 460 Public Service Ethics (3)

Enrollment Requirements:

There are different application requirements, depending on the student's enrollment status with ASU. Students are also encouraged to schedule an appointment with the undergraduate academic advisor in the School of Public Affairs.

Undergraduate Students Currently Enrolled at ASU

Current students interested in earning the certificate must complete a request to add an undergraduate certificate and return it to the undergraduate academic advisor in the School of Public Affairs at the University Center on the Downtown Phoenix campus. Students may begin taking courses before they formally register for the certificate; however, they are encouraged to complete the paperwork as soon as possible. Download application from <https://students.asu.edu/forms/undergraduate-certificate> (<https://students.asu.edu/forms/undergraduate-certificate>).

Individuals Not Currently Enrolled at ASU

Individuals who are not currently enrolled as students at Arizona State University must complete an application to enroll as a nondegree-seeking student before they may begin taking courses. For information on admission and to complete an application, visit the university's nondegree student admission page at <https://students.asu.edu/admission/nondegree> (<https://students.asu.edu/admission/nondegree>).

Once students have been admitted, they are eligible to enroll in courses to complete the certificate program.

Religion and Conflict Certificate (LARELCERT)

Campus: TEMPE

Description:

The certificate may be of particular interest for students pursuing careers in journalism, law, policy work, diplomacy, the military, public advocacy, publishing, education, ministry or other fields in which an enhanced understanding of religion and conflict is increasingly vital.

Program Requirements:

Students complete 18 credit hours of qualifying course work (at least 12 credit hours from ASU and at least 12 upper-division credit hours), consisting of regional, political and cultural components. To ensure that students are exposed to a wide variety of approaches to the study of religion and conflict, an interdisciplinary component requires that at least six of the 18 credit hours be fulfilled with courses from the humanities and at least three credit hours from the social sciences. In many cases, the same course can be used to fulfill several component requirements simultaneously.

- Regional component (six credit hours): Courses in this category provide students specific regional knowledge of how religion has been implicated in human conflict. Required course work in at least two different regions fosters a comparative understanding of the dynamics of religion and conflict in historical and global contexts.
- Political component (three credit hours): Courses in this category explore how religion influences, or is influenced by, matters of state, law, government or other dimensions of political life.
- Cultural component (three credit hours): Courses in this category provide students with an understanding of how religion operates as a powerful force that impacts and intersects with expressions of human identity, thought and culture.
- Electives (six credit hours): Any approved or qualifying course (either from the above categories or other approved classes) may be used as an elective to fulfill remaining requirements toward the total number of credit hours and to meet the interdisciplinary requirement.
- Of the total 18 credit hours taken to fulfill the certificate, at least three must be from the social sciences (SOC, POS, SGS or WST) and six from the humanities (ARB, HST, POR or REL).

Religion and Conflict Course Offerings

A minimum grade of "C" (2.00) is required for a course to fulfill a certificate requirement. For a current list of approved courses, see the Center for the Study of Religion and Conflict website at <http://csrc.asu.edu/education/certificate-program> (<http://csrc.asu.edu/education/certificate-program>).

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Office of Admissions online application. Students wishing to pursue the certificate must complete enrollment documents located in the student portal on the Center for the Study of Religion and Conflict website before formally declaring the certificate with an academic advisor in the School of Historical, Philosophical and Religious Studies. For questions about the program, contact the certificate director in the Center for the Study of Religion and Conflict.

Russian and East European Studies Certificate (LAREECERT)

Campus: TEMPE

Description:

The certificate in Russian and East European studies encourages students to develop special competency in Russian or East European languages and area studies. Course work leading to the certificate is offered in agribusiness, architecture, biology, economics, Eurasian languages (Armenian, Tajik, Tatar, and Uzbek), geography, history, international business, music, political science, religious studies, Slavic and East European languages (Albanian, Bosnian/Croatian/Serbian, Macedonian, Polish, Romanian, and Russian) and sociology and women's studies, but the certificate program is open to all students, regardless of major.

Certificate holders enhance their prospects for study abroad fellowships, graduate admissions and also qualify for unique entry-level government employment opportunities. Past certificate awardees have moved into positions of leadership in government, academia and the private sector.

Program Requirements:

The requirements for the Russian and East European studies certificate comprise 22 credit hours of Russian or another Eurasian or East European language and 30 credit hours in Russian, East European and Eurasian area-related course work, of which at least 24 credit hours are upper-division.

At least three disciplines must be represented in the area-related course work, and at least 12 credit hours must be outside the School of
Academic Catalog Archive 2014-2015 849

International Letters and Cultures (i.e., non-RUS, SLC, and SLV courses). Fulfillment of these requirements is certified by the Melikian Center for Russian, Eurasian and East European Studies and is recognized on the transcript as a certificate in Russian and East European studies. The purpose of this undergraduate certificate program is to encourage students majoring in a chosen discipline to develop special competency in Russian, Eurasian or East European languages and area studies. A student with a major in any school or department may pursue this certificate.

Enrollment Requirements:

Any student admitted to study at ASU may pursue a certificate program. In order to apply to study at ASU, complete the Office of Admission online application. Please contact the Melikian Center for more information.

Sales and Marketing Essentials Certificate (BASMECERT)

Campus: TEMPE

Description:

Designed for undergraduate nonbusiness majors, the certificate in sales and marketing essentials offers a set of courses that cover essential marketing knowledge in a wide variety of marketing application domains. While students are required to enroll in two fundamental courses in marketing for three credits each (MKT 390 Essentials of Marketing and MKT 391 Essentials of Selling), students can then choose three other courses from a larger set (services marketing, business marketing, global marketing, sports business and advertising) to tailor their certificate to their particular interests. While some courses are offered in a face-to-face setting, the entire certificate is offered online for flexibility and convenience.

Program Requirements:

The certificate in sales and marketing essentials requires 15 credit hours to complete and is available to undergraduate nonbusiness majors or nondegree-seeking students at ASU. The entire certificate may be taken online.

Required:

MKT 390 Essentials of Marketing (3)

MKT 391 Essentials of Selling (3)

choose any three of the following set:

MKT 392 Essentials of Business Marketing (3)

MKT 395 Essentials of Advertising and Marketing Communication (3)

MKT 396 Essentials of Services Marketing (3)

MKT 397 Essentials of Global Marketing (3)

MKT 398 Essentials of Sports Business (3)

To receive the certificate, students must complete the specified business courses with a grade of "C" (2.00 on a scale of 4.00) or higher.

Enrollment Requirements: Students need to complete an application, which is available online or in BA 160. Please contact the department for more information and see <https://my.wpcarey.asu.edu/undergrad/academics/sales-and-mkt-certificate.cfm> (<https://my.wpcarey.asu.edu/undergrad/academics/sales-and-mkt-certificate.cfm>).

Secondary Education Certificate (TESEDCERT)

Campus: POLY, TEMPE, WEST

Description:

The secondary education certificate program prepares students who wish to teach students enrolled in grades seven to 12. While students develop a strong content background, the secondary education certification focuses on developing the requisite teaching knowledge and abilities to successfully teach middle or high school students. In order to integrate teacher preparation with the academic specialization, Teachers College maintains connections with academic departments across the university. Clinical experience and student teaching are required components of this certificate. Students who complete this certificate program will be issued an Institutional Recommendation for certification in Arizona. Students desiring to teach in a public school must also pass the appropriate Arizona Educator Exams (AEPA/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

Program Requirements:

Students are required to complete a minimum of one semester of field experience which includes one full day per week in a grade 7-12 classroom. A full-time 15-week student teaching experience is also required. Degree requirements for student's major must be completed prior to student teaching.

Enrollment Requirements:

Available only to ASU degree-seeking students. Students will need a 2.5 GPA to enroll in course work, a valid Arizona DPS fingerprint clearance card, a passing score in the content area exam, appropriate content area course work and Teachers College advisor approval. This certificate is not available to Mary Lou Fulton Teachers College students.

Security Studies Certificate (PPSCSCERT)

Campus: DTPHX

Description:

The security studies certificate will provide students with the skills and credentials necessary to expand their employment opportunities in corporate and public security. Students will receive extended education in cross-disciplinary topics such as accounting, computer studies, and advanced crime and law courses. Upon completion of this certificate, students will be well-equipped to have fluid conversations with professionals from different backgrounds.

Program Requirements:

The following courses are required (12):

ACC 382 Accounting and Financial Analysis (3)
CIS 105 Computer Applications and Information Technology, CS (3)
CRJ 201 Criminal Justice Crime Control Policies and Practices (3)
CRJ 419 Domestic Terrorism (3)

Select two from the following (6):

CRJ 410 Procedural Criminal Law (3)
CRJ 412 International Terrorism (3)
CRJ 413 Forensics (3)
CRJ 450 Crime Analysis (3)
CRJ 463 White Collar Crime (3)
CRJ 464 Organized Crime (3)

Small Business and Entrepreneurship Certificate (BASMBCERT)

Campus: TEMPE

Description:

Students learn how to launch their own business or work with small or startup operations. Courses include small business, entrepreneurship and business plan development. Classroom work is complemented by frequent interaction with successful founders and leaders of entrepreneurial ventures.

Program Requirements:

This certificate in small business and entrepreneurship is available only to business majors at ASU. The certificate requires 15 credit hours of courses, including the following six credit hours:

MGT 440 Entrepreneurship (3)
MGT 445 Business Plan Development (3)

The remaining nine credit hours consist of three additional upper-division courses relevant to small business. A copy of the approved electives for business majors pursuing the certificate in small business and entrepreneurship is available in the undergraduate programs office, BA 160. To receive the certificate, students must complete the specified business courses with a grade of "C" (2.00 on a scale of 4.00) or higher.

Enrollment Requirements:

Students need to complete an application, which is available online or in BA 160. Please contact the department for more information and also see <https://my.wpcarey.asu.edu/undergrad/academics/small-business-certificate.cfm> (<https://my.wpcarey.asu.edu/undergrad/academics/small-business-certificate.cfm>), then click on the embedded link "course requirements for the Small Business and Entrepreneurship Certificate."

Social Transformation Certificate (LASOTCERT)

Campus: TEMPE

Description:

Students enrolled in the certificate learn how diverse communities, locally and globally, have achieved social change and consider how to apply what they have learned with an eye towards finding just solutions to the social problems facing communities today. The areas of focus include, but

are not limited to:

- civil rights movements
- democracy movements
- gender equality
- gender justice
- labor movements

Program Requirements:

Certificate Requirements

Students pursuing the certificate must complete 15 hours of course work, at least 12 hours of which must be from ASU.

A minimum grade of "C" (2.00) is required for a course to count toward the certificate. The same course may be used to satisfy multiple graduation requirements.

There are no language requirements.

Required Certificate Courses

There will be two required courses:

- a lower division course: SST 220 Introduction to Social Transformation (3)
- an upper-division capstone internship or independent study: SST 484 Internship (3) or SST 499 Individualized Instruction (3)

Certificate Elective Courses

In addition to the two required courses, certificate students must take three upper-division courses, or nine credit hours, related to social transformation and transformational knowledge. These courses may be chosen from the following course list. Additional related courses can be applied to the certificate with advisor approval.

AFR 325/JUS 326 Music as Political Discourse: Reggae, Calypso and Hip Hop, HU, H, G (3)

Socially Engaged Practice in Design and the Arts Certificate (HISEPCERT)

Campus: TEMPE

Description:

Socially engaged practice in design and the arts is an evolving area of the arts and design that uses community participation, reciprocal organizational relationships and collaboration in public contexts to promote civic dialogue and investigate pressing issues of our time. This certificate program provides rigorous training and field experience in arts and design in civic and applied settings.

Program Requirements:

The certificate in socially engaged practice in design and the arts requires 18 credit hours; 12 hours of upper-division is required.

Required Courses:

HDA 210 Creativity and Innovation in Design and the Arts (3)
HDA 310 Socially Engaged Practice (3)
HDA 410 Seminar in Socially Engaged Practice (3)

Electives (6)

one upper-division and one upper- or lower-division elective*

Fieldwork (3)

*Electives are to be selected from the master list of courses flagged as socially engaged practice shown on the Herberger Institute website, http://herbergerinstitute.asu.edu/institute/initiatives/socially_engaged_certificate/ugrad_courses.php

(http://herbergerinstitute.asu.edu/institute/initiatives/socially_engaged_certificate/ugrad_courses.php)

Students will complete a fieldwork assignment through an internship (HDA 484, or a 484 course in a specific Herberger Institute arts or design discipline) or an individualized study (a 499 course in a Herberger Institute arts or design discipline) or other capstone course approved by petition through the Herberger Institute Office of Student Success.

Enrollment Requirements:

A minimum GPA of 3.00 is required to complete the certificate. The certificate is administered through the Office of Student Success in the Herberger Institute and is open to all undergraduate students admitted to ASU or nondegree undergraduate students wishing to complete the certificate only.

Students enrolled in the BA in the arts in the Herberger Institute must complete three additional hours of course work unique to the certificate

Academic Catalog Archive 2014-2015 854

program that does not also count towards their major (due to the overlapping requirements of HDA 210 and HDA 310).

Socio-Legal Studies Certificate (LASLSTCERT)

Campus: TEMPE

Description:

The distinction between law "on the books" and law "in action," which refers to how people experience law in their everyday lives, is a cornerstone of the certificate program. The undergraduate certificate in socio-legal studies offers a model for educating and training students in the study of legal ideas, institutions and practices from the perspectives of the social sciences, law and the humanities.

Program Requirements:

Students must complete 18 hours of qualifying course work from ASU. A minimum grade of "C" (2.00) is required for a course to count toward the certificate.

Required Certificate Core Courses:

Ethics, Morality, and Theories of Justice (select one):

HON 494 Great Traditions of Jurisprudence (3)
JUS 303 Justice Theory (3)
PHI 307 Philosophy of Law, HU (3)
PHI 336 Social and Political Philosophy, HU (3)
PHI 408 Feminist Ethics, HU (3)

Legal Institutions and Structures (select one):

JUS 308 Courts and Society (3)
JUS 360/CRJ 350 Law and Social Control, SB (3)
JUS 410 Punishment: Logic and Approach (3)
JUS 463/CRJ 470 Discretionary Justice, SB (3)
JUS 465 Death Penalty in the United States, L (3)
JUS 479 Law and Disputing, L or SB (3)
POS 315 The Supreme Court, SB (3)
POS 465 International Organization and Law, SB, G (3)
POS 471 Constitutional Law I, SB (3)
POS 472 Constitutional Law II, SB (3)

Interdisciplinary Component (9)

To provide students an opportunity to focus on specific issues and social problems while also providing a broad interdisciplinary framework, students will select three electives. These courses must be taken from at least two different academic units from a set of approved courses, providing flexibility so that they may pursue an individualized course of study. Additional courses beyond those listed here may be added with approval of the certificate director.

AFR 215 Bob Marley and Reggae: Lyrics of Resistance, HU, G (3)
AFR 301/JUS 300 Race and Racism in Africa/African Diaspora, SB, G (3)
AFR 304/JUS 304 Islands of Globalization: Caribbean Politics and Political Economy, SB, G, H (3)
AFR 414/JUS 414 Black Political Movements: Pan Africanism to Black Power, SB, G, H (3)
AFR 420/JUS 421 Race, Ethnicity and Politics in African Diaspora, SB, G (3)
AFR/APA/JUS/SST 428 Critical Race Theory (3)
ASB 445 Globalization, Development and Resistance, SB, G (3)
CRJ 305 Gender, Crime and Criminal Justice, C (3)
CRJ 306 Race, Ethnicity, Crime and Criminal Justice, C (3)
HON 310 Justice and Law (3)
HON 410 Philosophy, Politics, and Law (3)
HST 306 Studies in United States History: Race and the Law, HU or SB, H (3)
JUS 329/CRJ 461 Domestic Violence (3)

JUS 350 Immigration and Justice, SB, G (3)
 JUS 374 The Holocaust, Genocide and Human Rights (3)
 JUS 422/WST 422 Women, Law, and Social Control (3)
 JUS 425 Race, Gender and Justice (3)
 JUS 430 Social Protest, Conflict and Change, L or SB, C (3)
 JUS 432 Racial Justice, L (3)
 JUS 450 Alternatives to Incarceration, L (3)
 JUS 467 Terrorism, War and Justice, SB (3)
 JUS 469 Political Deviance and the Law, L or SB, C (3)
 JUS 470 Alternative Dispute Resolution, L or SB, C (3)
 JUS 474 Legislation of Morality, L or SB, C (3)
 POS 370 Law and Society, SB (3)
 POS 470 Law and the Political Order, SB (3)
 PSY 468 Psychology and Law (3)
 SOC 340 The Sociology of Deviance, SB (3)
 SOC 445 Globalization, Development and Resistance, SB, G (3)
 SOC 446 Sociology of Crime, SB (3)
 TCL 335/HST 323/AFR 335 Historical Studies in Race, Crime, and the Law (3)
 TCL 340 Chicana/o and Latina/o Politics and Policy, L, C (3)
 WST 345 Gender, Religion and Global Violence, SB, G (3)
 WST 375 Women and Social Change, SB, C (3)

Experiential Learning (3)

A central element of this certificate program will be the linkage of learning and doing; connecting theoretical and substantive learning about socio-legal studies with practical knowledge in order to provide policy makers and practitioners with insights of academic socio-legal research and also to bring practical experience back to academic discussions. Students will connect classroom learning with practical experience through either a for-credit internship (with a relevant organization in U.S. or abroad) or a Research Experience with Undergraduates (REU) under faculty supervision (honors thesis may substitute). A written component will be required for both the internship and the REU.

Enrollment Requirements:

Students who have attained junior standing (56 credit hours) in any undergraduate degree program at ASU are eligible for admission to the certificate in socio-legal studies. There are no formal admissions procedures, but students should contact the certificate in socio-legal studies program director or advisor as soon as they decide to pursue the certificate.

Southeast Asian Studies Certificate (LASALCERT)

Campus: TEMPE

Description:

The certificate in Southeast Asian studies can supplement a bachelor's, demonstrating knowledge of a Southeast Asian language and knowledge of Southeast Asian history, art, culture and society.

This certificate prepares students for admission to graduate programs in Southeast Asian area studies, or in an academic discipline with a focus on Southeast Asia, or for advanced programs in international law, journalism, business or other professional fields.

Recent graduates have gone on to enter medical school and MBA and doctoral programs. An earned certificate will appear on student transcripts as a Southeast Asian studies emphasis.

Program Requirements:

The certificate requires a simultaneous two-year sequence in a Southeast Asian language (Indonesian, Thai or Vietnamese) and 18 credit hours, of which a minimum of 12 credit hours must be upper-division, including the three courses listed below plus two electives (selected from an approved list) and a three-credit capstone project.

Required courses:

ASB 240 Introduction to Southeast Asia, HU or SB, G (3) (also offered as GCU 240, HST 240, POS 240, REL 240 and SGS 240)

ASB 325 Peoples of Southeast Asia, G (3)

HST 391 Modern Southeast Asia, SB, G, H (3)

Suggested electives include but are not limited to:

POS 358 Southeast Asia, SB and G (3)

GCU 433 Geography of Southeast Asia (3)

HST 456 Vietnam War, SB and G and H (3)

REL 357 Theravada Buddhism In South and Southeast Asia, L and G (3)

Capstone:

HST 496 South, Southeast, and East Asia in the Global Matrix (3)*

*Only offered in the spring.

Enrollment Requirements:

A certificate in Southeast Asian studies is available to any undergraduate student. There are no specific admission requirements other than a student's desire to learn about Southeast Asia. A minimum grade of "C" (2.00) is required for each course that is used to fulfill the certificate requirements. Please contact the School of Historical, Philosophical and Religious Studies advising center for more information.

Spanish for the Professions Certificate (LSSPPRFCER)

Campus: DTPHX

Description:

The series of courses in this 18-credit-hour certificate will help students hone Spanish communication skills and cultural knowledge to serve the needs of the U.S.-Latino community in professional settings (i.e., education, social work, health care, criminology, journalism). This certificate is open to ASU students and to the community at large. The combination of professionally focused courses and practical experience in this certificate will enhance students' professional preparation for employment in positions that require advanced proficiency in Spanish and an in-depth understanding of U.S.-Latino culture.

Program Requirements:

Prerequisite: SPA 314/316 or permission of instructor.

Required Courses (12 credits)

SPA 394/317 Introduction to Spanish for the Professions (3)

SPA 404 Spanish in U. S. Professional Communities, C (3)

SPA 405 Latino Cultural Perspectives for the Professions, C (3)

SPA 484 Internship (3)*

Elective Course Options (six credits chosen from the following list)

SPA 403 Spanish Grammar and Stylistics for the Professions (3)

SPA 300- or 400-level Spanish courses focused on the professions (e.g., health care, business, medical/legal interpretation, journalism, social work, education, legal and justice studies, sustainability, engineering and urban planning) (3)

All courses for this certificate will require a minimum grade of "C" (2.00) or better to receive credit toward fulfilling certificate requirements.

*Prerequisite: A minimum of 12 credit hours completed in this certificate and permission of the instructor.

Enrollment Requirements:

For additional admission and registration requirements, please visit the school's website.

Special Events Management Certificate (HSRTMUERT)

Campus: DTPHX

Description:

The special events management certificate is a career enhancement program offered to nondegree-seeking students or those who already have a degree from an accredited university in any major or to students currently pursuing a bachelor's in any major.

Program Requirements:

The certificate requires 18 credit hours: 15 credit hours of required core courses and three credits of electives. Courses taken as part of a university major may count toward that degree and the certificate. To earn the certificate, students must complete all course work in the certificate with a minimum grade of "C" or better. An application to the program is required.

Required Core Courses:

PRM 486 Special Events Management (3) (must take this first as prerequisite for PRM 422)

PRM 422 Entertainment, Protocol and Programming for Special Events (3)

PRM 423 Special Event On-Site Operations (3)

PRM 427 Revenue Generation for Special Events Management (3)

PRM 488 Event Marketing and Promotion (3) (iCourse, offered summers only)

Elective courses (select one course from the following):

NLM 220 Introduction to Nonprofit Organizations (3)

NLM 310 Volunteer Management (3)

PRM 470 Environmental Communication (3)

PRM 475 Entrepreneurial Recreation and Tourism (3)

PRM 487 Advanced Special Events Management (3)

CRD 301 Sustainable Communities (3)

TDM 205 Introduction to Travel and Tourism, G (3)

TDM 350 Tourism Marketing (3)

TDM 345 Meeting and Convention Planning (3)

TDM 448 Heritage and Cultural Tourism (3)

Standards:

- 18 hours of graded classroom course work (no internship, no independent study)
- minimum "C" (2.00) grade required for all classes in the certificate
- minimum GPA of 2.00 for those pursuing the certificate
- should be a junior to take 400-level courses

Enrollment Requirements:

Students wishing to pursue the special events management certificate should consult with an academic advisor in the School of Community Resources and Development. For additional information, please visit the official website.

Speech-Language Pathology Assistant Certificate (LASLPACERT)

Campus: TEMPE

Description:

The speech-language pathology assistant certificate prepares students to work with individuals with communication disorders under the direction of a speech language pathologist. Students majoring in speech and hearing science or persons already holding a bachelor's in speech and hearing science receive additional course work and clinical training to be eligible for the speech-language pathology assistant licensure and for positions working under the direction of an speech-language pathologist in schools, clinics and rehabilitation agencies that provide speech and language

services.

Program Requirements:

The speech-language pathology assistant certificate includes 15 credit hours of course work and clinical internships completed in conjunction with the bachelor's in speech and hearing science. The student must take:

SHS 402 Clinical Methods and Treatment of Communication Disorders (3)

SHS 473 Implementation of Treatment Plans for Individuals with Communication Disorders (3)

SHS 483 Professional Issues and Ethical Considerations for the SLPA (3)

two internships (6 credits) of clinical practice (SHS 484)

12 of the 15 credit hours for the speech-language pathology assistant certificate must be completed at ASU. A minimum grade of "B-" is required for a course to count toward the certificate.

Enrollment Requirements:

Students who have completed 15 credit hours in speech and hearing science course work with at least a 2.75 grade point average in those courses are eligible to apply. Applications will also be accepted from students who have completed a bachelor's in speech and hearing science or communication disorders from a program accredited by the American Speech-Language-Hearing Association, providing their grade point average in the major was at least 2.75. Please contact the Department of Speech and Hearing Science for more information.

Sports Business Certificate (BASPBCERT)

Campus: TEMPE

Description:

The certificate in sports business is an innovative curriculum designed for BS undergraduate students in the W. P. Carey School of Business who are interested in deepening their knowledge in the sports business domain. Particular attention is given to providing a foundation in marketing and sales as it is applied to the sports business discipline. The certificate prepares students for success by complementing course work from a degree program with specialized business knowledge in the sports business area of interest.

Program Requirements:

The certificate in sports business is available to BS undergraduate business majors in the W. P. Carey School of Business. The certificate requires 15 credit hours of classes.

Required:

MKT 430 Sports Business (3) Choose at least two of the following three courses:

MKT 460 Sports Revenue Generation (3)

MKT 465 Projects in Sports Business (3)

MKT 484 Internship or MKT 493 Honors Thesis (3) Choose up to two of the following courses:

MKT 370 Professional Sales and Relationship Management (3)

MKT 410 Sales and Sales Management (3)

MKT 435 Entrepreneurial Marketing (3)

MKT 442 Services Marketing Strategy (3)

MKT 484 Internship OR

MKT 493 Honors Thesis (3)

Enrollment Requirements:

Prerequisites: This program is available to W. P. Carey bachelor of science students with a 2.50 ASU cumulative GPA and 56 earned hours.

Students must have completed MKT 300, MKT 302, or MKT 303 with a grade of C or better.

Students complete the certificate application, which is available online or in BA 160. Please contact the Department of Marketing for more information and also see <https://my.wpcarey.asu.edu/undergrad/academics/sports-business-certificate.cfm> (<https://my.wpcarey.asu.edu/undergrad/academics/sports-business-certificate.cfm>).

Symbolic Systems Certificate (LAPHICERT)

Campus: TEMPE

Description:

The symbolic systems certificate takes an interdisciplinary approach to the symbolic representation and processing of information. Course work covers three areas:

- computing and logic
- human cognition and theories of mind
- philosophy of language and linguistics

Certificate course work exposes students to the subject matter from conceptual, empirical and practical points of view. The certificate may interest students who wish to add breadth to their degree through work in a variety of majors, including:

- computer science
- linguistics
- mathematics
- philosophy
- psychology

The certificate takes an interdisciplinary approach to cognition, computation and meaning. Course work is focused around three thematic areas in order to expose students to the subject matter from a conceptual, empirical and practical point of view:

- cognitive systems
- linguistic systems
- symbolic systems

Although some suggested courses have prerequisites, the breadth of disciplinary course options make it likely that many students will find they have already completed necessary prerequisites in the course of completing their chosen major or minor.

Program Requirements:

The certificate in symbolic systems consists of 18 credit hours approved by an academic advisor in the School of Historical, Philosophical and Religious Studies. Students must complete at least one computer science and engineering CSE prefix course and at least one philosophy course, preferably PHI 333 Symbolic Logic (3). Fifteen credit hours are chosen from the following, with at least one course required from each area:

- cognitive systems
- linguistic systems
- symbolic systems

Since some of the approved courses in each area have special prerequisites, students should plan their certificate course work carefully. With written approval from the director of undergraduate studies, one substitution of a course from outside the approved list may be made. At least 12 of the 18 credit hours must be upper-division and all courses must be passed with a minimum grade of "C" (2.00).

Enrollment Requirements:

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Office of Admissions online application. Please contact the School of Historical, Philosophical and Religious Studies advising center for more information.

Teaching English to Speakers of Other Languages (TESOL) Certificate (LATESLCERT)

Campus: TEMPE

Description:

The Teaching English to Speakers of Other Languages undergraduate certificate consists of a coherent set of courses that are related to teaching English to speakers of other languages. This certificate is designed for students who are interested in teaching English as a foreign language. It will also be a good preparation for students who want to later pursue graduate studies in the Master's of Teaching English as a Second Language program at ASU or in a similar program at another institution. Note that this certificate does not certify students to teach in Arizona public schools (K-12).

Program Requirements:

Any student admitted to ASU can elect to pursue the certificate program. To complete the certificate, students must complete 18 credit hours with a minimum grade of "C." Twelve of these credits will come from upper-division undergraduate classes and six of those credits must be from courses offered by the College of Liberal Arts and Sciences.

Required classes:

ENG 213 Introduction to the Study of language (3)

ENG 404 Studies in Second Language Acquisition (3)

ENG 404 Studies in Second Language Acquisition (3)

ENG 484 Internship (3)

Electives (6):

one ENG 404 course with a different topic

one course such as ENG 214, ENG 312, ENG 313, ENG 314, ENG 413

or others approved by the advisor

Enrollment Requirements:

For more information about the TESOL certificate, contact an advisor in the Department of English.

Technical Communication Certificate (LSTECCERT)

Campus: POLY

Description:

Through the technical communication program, students learn how to produce, design and manage information using traditional and developing technologies.

Program Requirements:

The undergraduate certificate requires 18 hours.

Required Courses:

TWC 301 General Principles of Multimedia Writing, L (3)

TWC 401 Principles of Technical Communication, L (3)

Choose one of the following courses:

TWC 411 Principles of Visual Communication, L (3)

TWC 421 Principles of Writing with Technology, L (3)

TWC 431 Principles of Technical Editing, L (3) Electives (9):

Choose three other 400-level TWC courses, of which at least two must be genre or information courses, such as TWC 443 Proposal Writing (3) or

TWC 452 Information in the Digital Age (3).

Enrollment Requirements:

The certificate is available to all admitted undergraduate students (regular or nondegree) at ASU. Once students have been admitted, they are eligible to enroll in courses to complete the certificate program. Applications are accepted throughout the year.

Please contact the school for more information.

Technology Entrepreneurship Certificate (ESTNECERT)

Campus: TEMPE

Description:

Engineers and scientists around the globe launch high-tech companies to move their ideas to the market. Studies show that the majority of innovative products and services in the economy evolve from entrepreneurial ventures. By providing knowledge and skills important to the creation and leadership of such startups, the certificate program in technology entrepreneurship aims to train the founders and leaders of tomorrow's high-tech ventures. The certificate program is designed specifically for engineers. Courses are approached from the perspective of the student whose primary interest is in technological innovation, whose primary concentration is engineering and who has little or no prior business education.

Program Requirements:

This 15-credit-hour certificate program is limited to students in the Ira A. Fulton Schools of Engineering and is designed to help technically oriented students analyze, launch and operate an entrepreneurial venture. The certificate program in technology entrepreneurship requires that students enroll in and complete five courses. Admission to the cohort portion of the certificate program can only occur after successful completion of the introduction course, FSE 301 Entrepreneurship for Engineers (prerequisite: junior standing in a bachelor's program in the Ira A. Fulton School of Engineering). Once admitted to the certificate program, students must also successfully complete the remaining certificate courses:

FSE 400 Creating and Launching a Technology Venture (3)

FSE 401 Intellectual Property for Technology Ventures (3)

FSE 402 Operating a Technology Venture (3)

FSE 403 Entrepreneurship Practicum (3)

Enrollment Requirements:

The qualifications for admission to the certificate in technology entrepreneurship program are having junior standing in a bachelor's program in the Ira A. Fulton Schools of Engineering and successful completion of the selection interview process.

The selection interview process consists of two parts: a letter of intent written by the student to the selection committee and a live interview with the selection committee, which consists of at least one faculty member, one entrepreneurship program advisory board member and one member of the regular engineering faculty.

Each selection interview is conducted according to a fixed format, with each certificate program candidate having the opportunity to respond to the same set of questions. Please contact the department for more information.

Translation Certificate (LASPACERT)

Campus: TEMPE

Description:

The translation certificate program, which focuses on Spanish and English, is designed to provide:

- advanced training required for professional translation in both public and private sectors

- preparation for the rigorous examinations required by national and international agencies
- training as an ancillary skill for professional fields, such as international business, public health, medicine and law, in accordance with guidelines recommended by the American Translators Association

Program Requirements:

The certificate program consists of the following requirements:

Prerequisites:

SLC 400 Linguistics, SB (3) or SPA 400 Introduction to Spanish Linguistics (3) or equivalent

SPA 412 Advanced Conversation and Composition, G (3)

Required:

SLC 401 Translation Theory and Practice (3)

SLC 484 Internship: Translation Certificate (2)

Also required are nine hours of applied translation electives in specialized areas chosen from the following courses:

SLC 481 Technical and Scientific Translation (3)

SLC 482 Business and Financial Translation (3)

SLC 483 Medical and Legal Translation (3)

Enrollment Requirements:

Since entry into the field of professional translation is gained through work, cultural experience and examination, the entrance requirements to this certificate program include:

- a written proficiency examination in both the source and receptor languages at the level of completion of an advanced composition course in Spanish (SPA 412) and English (ENG 301)
- extensive work experience using Spanish and English or demonstrated bilingual writing competence in English and Spanish

Please contact the school for more information.

Women and Gender Studies Certificate (ASWSTCERT)

Campus: WEST

Description:

The certificate in women and gender studies, within the New College of Interdisciplinary Arts and Sciences, is an interdisciplinary program emphasizing intersectional approaches to the study of gender, race, class, ethnicity and sexuality in national and transnational contexts.

Program Requirements:

The women and gender studies certificate consists of 18 credit hours of course work, of which 12 credit hours must be upper-division (300 or 400 level).

Core Requirements (12 credit hours):

WST 100 Women, Gender and Society, SB, C (3) or WST 300 Women and Gender in Contemporary Society, SB, C (3)

WST 276 Wave on Wave: Survey of U.S. Women's Movements, H (3)

HRC 310 Social and Cultural Studies: Method and Theory (3)

HRC 480 Capstone: Practices and Approaches (3)

WST elective course work (6 credit hours)

Enrollment Requirements:

The women and gender studies certificate is recommended for graduate students, nondegree students and students majoring in professional programs.

Students wishing to pursue the certificate should consult an academic advisor in the unit offering that certificate to ensure the appropriate set of courses is taken and required paperwork submitted.

Writing (Liberal Arts and Sciences) Certificate (LAENGCERT)

Campus: TEMPE

Description:

The writing certificate provides advanced writing instruction for students in any major. Students pursuing the writing certificate gain practical skill in effective communication and enhance their ability to create, structure and present information in a variety of professional settings.

Program Requirements:

The writing certificate consists of 19 credit hours. Required courses are as follows:

ENG 216 Persuasive Writing on Public Issues, L (3) OR

ENG 412 Creative Nonfiction (3)

ENG 301 Writing for the Professions, L (3)

ENG 372 Document Production, L (3)

ENG 472 Rhetorical Studies, L (3)

ENG 484 Internship: Writing Certificate Internship (3)

ENG 498 Pro-Seminar: Writing Certificate Portfolio (1)

Also required is an additional writing course in English (three credits) or a writing or design course (three credits) selected from an approved list of courses from across campus. All students are required to submit a portfolio before receiving the certificate.

Enrollment Requirements:

Application to the program requires a minimum GPA of 3.00 in ENG 101 and ENG 102, ENG 105, or ENG 107 and ENG 108. Students must also have completed at least 30 hours of course work and must have a minimum cumulative GPA of 3.00. A minimum of six upper division hours must be courses offered by the Department of English in the College of Liberal Arts and Sciences. Please contact the department for more information.

Writing (New College) Certificate (ASWRTCERT)

Campus: WEST

Description:

Comprised of a minimum of 19 credit hours, the writing certificate combines intensive course work (of which at least 12 credit hours must be upper-division) and an exit portfolio. Students will choose one of five track options:

- creative writing
- generalist
- nonfiction writing
- professional and technical writing
- publishing and editing

Exit portfolio: Students will assemble a portfolio of writing that demonstrates their grasp of the skills presented during their course of studies.

Program Requirements:

To gain admission to the program, students must demonstrate fundamental writing skills through the completion of English composition. Students are required to submit an application, which includes at least three samples of writing from lower-division courses or independent writing projects. Applications must be submitted at least two months before the start of the semester they anticipate being admitted.

Please refer to the writing certificate checklist on the program website for certificate requirements.

Enrollment Requirements:

The School of Humanities, Arts and Cultural Studies offers this program to students enrolled in any unit of any college at ASU. Certification of advanced writing skills opens the way to a vast array of opportunities, from journalism and publishing to public advocacy, military and government careers, elementary and secondary education, business management, economic development, the law and high-tech industry. Ability to communicate clearly and directly is a key to career advancement in all aspects of business, government and community service.

Undergraduate Programs

Undergraduate Degrees (Program Descriptions)

Business, W. P. Carey School of

Accountancy, BS (BAACCBS)

Campus: TEMPE, WEST

Program Description:

The School of Accountancy's undergraduate program offers two tracks during the senior year. The accounting track is followed by most students and is designed to provide a rich educational experience. The accounting master's internship is the track designed for our most highly qualified students who wish to commit to the MAcc program or the MTax program during the second semester of the junior year. The internship provides a particularly rich and individualized educational experience during the senior year. It includes a number of distinct advantages for students:

- a full-time paid internship for credit
- early consideration for scholarships and graduate assistantships
- waiver of the GMAT requirement for admission to the MAcc or MTax program

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Accountancy (MACC)

Taxation (MTax)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshmen admission requirements: 1160 SAT Reasoning OR 25 ACT score, OR graduated in the top eight percent of high school class, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

Freshmen should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey's business BA programs or any other degree program outside W. P. Carey School of Business. Students who are not admissible to a W. P. Carey Business BS major and who did not select a second major or are not admissible to their second major choice will be placed in a Business BA program in W. P. Carey School of Business.

Readmission requirements: must meet Freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer admission requirements (30 or more semester hours of credit after high school): 3.00 transfer GPA and one of the following: 1160 SAT score OR 25 ACT score OR the student must have graduated in the top eight percent of high school class.

Transfer students should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey's Business BA programs or any other business or other degree program outside W. P. Carey School of Business.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in Exploratory Social and Behavioral Sciences in the School of Letters and

Sciences.

Students with more than 45 transfer hours who are not admissible to the School of Letters and Sciences will be contacted to select an appropriate major.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Career Opportunities:

The major in accountancy includes the essential academic preparation for students who are:

- planning to pursue a graduate degree or attend law school
- pursuing professional careers in public, corporate and governmental accounting
- seeking positions in consulting, or planning to operate a business
- seeking positions in personal financial planning and portfolio analysis

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2010-2011) states, "Employment of accountants and auditors is expected to grow by 22 percent between 2008 and 2018, which is much faster than the average for all occupations. Job opportunities should be favorable; accountants and auditors who have a professional certification, especially CPAs, should have the best prospects."

Agribusiness (Global Agribusiness), BS (AGAGBGABS)

Campus: POLY

Program Description:

The agribusiness industry is increasingly competitive, sophisticated and global, driving demand for innovative leaders who understand the industry's unique challenges and practices. The programs offered through the highly respected Morrison School of Agribusiness and Resource Management prepares graduates for success in graduate school or a wide range of careers.

The BS in agribusiness teaches students the business of agricultural production, finance, marketing and distribution. Through a technology-rich curriculum that focuses on real-world projects, students explore global agribusiness issues such as international trade, food safety and sustainability.

The concentration in global agribusiness is an applied, industry-oriented curriculum. This concentration is specifically designed to meet the needs of the students interested in studying the business aspects of agriculture in the domestic and global economy. Students learn to analyze and manage issues involved in food manufacturing, input and output supply activities, commodity trading and food distribution.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman and transfer students must submit either an SAT Reasoning test score or an ACT test score by the end of the first semester in the program (we do not require the writing portion of these tests). There is no minimum score requirement.

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: must meet Freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in Exploratory Social and Behavioral Sciences in the School of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to the School of Letters and Sciences will be contacted to select an appropriate major.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Accounting for more than 50 percent of the global economy and employing 25 percent of Americans, agribusiness brings food from the farm to the global table. Possible career paths include

- finance and technical positions with private agribusiness firms and governmental agencies
- management
- marketing
- veterinary medicine

Business, BA (BABUSBA)

Campus: POLY, TEMPE, WEST

Program Description:

The BA in business provides an innovative, interdisciplinary approach to learning, which broadens career options upon graduation. Not only will students acquire a strong grounding in the principles of business, they will also immerse themselves in course work outside the business school, supplementing the business degree.

Students in this program will learn how to apply core business knowledge in one of the following disciplines:

- agribusiness (global agribusiness)
- communication
- food industry management
- global leadership
- global politics
- human resources
- legal studies
- public service and public policy
- sports and media studies
- statistics

- sustainability
- technology
- tourism management
- urban policy

Business (Global Logistics Management), BA (BABUSGLBA)

Campus: ONLINE, WEST

Program Description:

An efficient logistics management system is critical to the success of global corporations, making sure the supply of goods and services flowing through the system closely matches the demand. Logistics management professionals manage, coordinate and transport products from raw materials to the finished goods sitting on your local store shelf (or online retailer). Efficient logistics is a key reason consumers can buy an ever-increasing variety of goods and services at remarkably low prices. Not surprisingly, logistics also plays a major role in the health care industry where efficient, effective delivery systems are gaining significant traction.

Career Opportunities:

Logistics management focuses on integration and partnerships necessary to meet customer needs on a timely basis, with relevant and high-quality products produced and delivered in a service-effective manner. This program will train students to be strategic thinkers, excellent analysts, effective communicators and team leaders who are focused on efficiency, effectiveness and increasing revenue. Logistics management professionals hold a range of job titles and engage in a wide variety of activities in the private, nonprofit and governmental sectors. The current CEOs of Apple and Walmart previously held logistics-related positions at those organizations. This demonstrates the high value of leaders who understand the importance logistics adds to enterprise success.

Business (Sports and Media Studies), BA (BABUSMSBA)

Campus: POLY

Program Description:

The W. P. Carey BA in business with a concentration in sports and media studies is attractive to a number of students with an interest in the sports industry. This concentration has been planned to provide students the necessary skills to build knowledge and understanding of the development of the strategic business process in sports organizations and its relationship to media. The proliferation of mass communication, including television, game systems and social networks, has transformed sports into a highly commercialized industry and sports, in turn, continue to generate revenues for these businesses. The interaction between sports and media has led to a multitude of applications of business knowledge to these fields. The sports and media studies program will offer a strong focus on applied elements of the sports industry, especially as it relates to media and its impact on the industry.

Business Entrepreneurship, BS (BABUENTBS)

Campus: TEMPE

Program Description:

The BS degree prepares students to identify, evaluate and develop entrepreneurial opportunities in existing companies or through new ventures. Students earning the degree may choose to start a new venture, work for a startup or a small business, or work as an innovator within an existing organization. The degree has an emphasis on collaboration, leadership, communication and team building, as well as development in refined analytical, managerial and leadership skills appropriate for people who want to change the world through innovation.

Students in the degree will frequently collaborate with students from across the university. The program gives students a breadth of understanding in all business disciplines and a depth of understanding in opportunity recognition, feasibility, management of resources and strategy. Students completing the program will have an understanding of the unique requirements of an entrepreneur and will learn how to operate effectively to identify market opportunities, innovative solutions and execution strategies.

Business Exploratory, (BABUSEXP)

Campus: TEMPE

Program Description:

Virtually every profession and organization uses business in some way. Business exploratory students have an opportunity to explore a variety of areas in business prior to selecting one of our nine majors:

- accountancy
- business data analytics
- business entrepreneurship
- computer information system
- economics
- finance
- management
- marketing
- supply chain management

Students have an opportunity to work with world-class faculty in an environment that values high quality teaching. Our majors provide students with the skills and knowledge needed in today's companies - whether they are starting their own businesses or working in large multinational corporations. Additionally, many graduates attend some of the best graduate schools in the country in a variety of disciplines.

Computer Information Systems, BS (BACISBS)

Campus: TEMPE

Program Description:

Computer information systems is part of every business and organization. This degree teaches students about the exciting and innovative ways that information technology is used to help organizations succeed. Our dedicated faculty members teach students how to design, build and maintain information systems that support business operations and managerial decision-making. In particular, students will learn about:

- business intelligence for competitive advantage
- business process for workflow redesign
- data management for decision-making

- distributed systems for collaboration and globalization
- enterprise integration for synergy
- project management
- solution development for value creation

Students with more than 45 transfer hours who are not admissible to the School of Letters and Sciences will be contacted to select an appropriate major.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Currently there is a shortage of information systems professionals and many more jobs than graduates. With a degree in computer information systems, career choices are limitless. A computer information systems degree offers job opportunities in a variety of industries, including:

- education
- entertainment
- finance
- health care
- national defense
- transportation

Information systems are a key component in the success of other functional business areas such as accounting, supply chain, finance and marketing. Entry-level information systems positions include:

- computer forensics analyst
- database administrator

- systems analyst
- information systems consultant
- information technology security manager
- network administrator
- project manager
- software or systems developer
- systems administrator

Long-term career aspirations for a student with a computer information systems degree include:

- chief executive officer
- chief information officer
- chief knowledge officer
- chief security officer
- chief technology officer

Economics, BS (BAECNBS)

Campus: TEMPE

Program Description:

The program requires a strong core of economic theory, supplemented by mathematics and data analysis. Students in our BS program choose from a variety of electives within the department as well as from within the W. P. Carey School of Business and the university. All students are encouraged to develop programs of study tailored to individual needs and interests. The undergraduate program provides students with the critical thinking and communication skills needed to succeed in business or graduate school. The department's mission is to provide the highest quality instruction to students, conduct cutting-edge research in economics and provide leadership and service to professional communities.

Yavapai College (<http://transfer.asu.edu/yavapai>)

Career Opportunities:

A major in economics provides students with the analytical and quantitative skills needed to prepare them for careers in business, government or public policy. The program of study can also be tailored to prepare students for graduate programs in economics, business or law. Students interested in pursuing a PhD in economics are strongly encouraged to minor or major in mathematics as well.

Graduates have taken positions such as:

- consultants who serve as advisers to state and federal governments, as well as private corporations
- corporate economists who collect data and make forecasts relevant to the firm's business
- employment in banking and financial services firms

Each year, many graduates pursue studies at other prestigious universities.

Finance, BS (BAFINBS)

Campus: TEMPE

Program Description:

The finance department has a rich tradition of educating leaders that excel in all aspects of the discipline of finance. Whether ascending to the top ranks of the venture capital industry, executing multimillion-dollar real estate deals or becoming successful entrepreneurs with ideas and drive that are all their own, our graduates are equipped to succeed.

In particular, our Investment Banking Industry Scholars program mentors students interested in going to Wall Street. Our student investment management fund provides undergraduates the opportunity to manage a real-world investment portfolio worth hundreds of thousands of dollars.

The faculty is considered among the top finance departments in the world. Our professional advisory board, comprised of leading professionals from the financial services, manufacturing, energy, investment banking and real estate sectors, provides a sounding board for new ideas and a

Food Industry Management, BS (BAFIMBS)

Campus: POLY

Program Description:

This food industry management program is unique and has been developed in close coordination with partners in the food industry to help ensure graduates have the knowledge and skills needed to become immediate leaders in the industry. Students will combine core courses in business disciplines (finance, marketing, management, accounting, supply chain management and economics) with courses specific to the food industry.

Students will select from courses in:

- environmental management and sustainability
- food industry sales and management
- food marketing strategy
- food supply networks
- food retailing
- futures and options markets
- innovation and food product development
- insurance
- pricing and promotion strategy in food markets
- retail information analysis
- risk management

Each of these courses addresses a different issue in which fundamental concepts, theoretical approaches, analytical methods and industry practice are unique to the food industry.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman and transfer students must submit either an SAT Reasoning test score or an ACT test score by the end of the first semester in the program (we do not require the writing portion of these tests). There is no minimum score requirement.

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: must meet Freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in Exploratory Social and Behavioral Sciences in the School of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to the School of Letters and Sciences will be contacted to select an appropriate

major.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The BS in food industry management prepares students for business careers in the food industry, which is defined as the group of firms and organizations involved with manufacturing, marketing and distributing food beyond the farm to retail stores, restaurants and institutions such as schools and hospitals. Employing one in six people nationwide, there is a growing demand for professional management in an industry that is becoming increasingly competitive, sophisticated and global.

Potential careers for graduates include, but are not limited to:

Management, BS (BAMGTBS)

Campus: POLY, TEMPE, WEST

Program Description:

The BS in management prepares students to become effective managers and team leaders by providing theoretical and conceptual knowledge and building critical skills such as:

- analytical research and problem solving
- communication
- critical thinking
- global applications
- leadership
- personal ethics and integrity
- teamwork

The curriculum includes the fundamentals of the global economy, the world of e-business, ethics, human resource and strategic management, and collaborative team skills. Throughout the program, theories and concepts of management and ethical leadership are enhanced by experiencing and testing these concepts in skill-based exercises, case discussions and team-based project work, including community-based team projects in nonprofit and for-profit business settings.

Campus: TEMPE

Program Description:

The BS in marketing with a concentration in professional sales was designed for undergraduate students of marketing who are interested in pursuing the many opportunities in professional sales. Including courses in professional sales as well as sales management, this program prepares students to be successful account managers or sales team leaders in both business-to-business and business-to-consumer settings. An internship in sales, as a component of the professional sales concentration, is required.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman admission requirements: 1160 SAT Reasoning OR 25 ACT score, OR graduated in the top eight percent of the high school class OR have an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

Freshmen should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey's business BA programs or any other degree program outside W. P. Carey School of Business. Students who are not admissible to a W. P. Carey Business BS major and who did not select a second major or are not admissible to their second major choice will be placed in a Business BA program in W. P. Carey School of Business.

Readmission requirements: must meet Freshman admission requirements by way of high school GPA, test score or class rank and must have a
Academic Catalog Archive 2014-2015 897

3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer admission requirements (30 or more semester hours of credit after high school): 3.00 transfer GPA and one of the following: 1160 SAT score OR 25 ACT score OR the student must have graduated in the top eight percent of the high school class.

Transfer students should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey's Business BA programs or any other business or other degree program outside W. P. Carey School of Business.

Students with less than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in Exploratory Social and Behavioral Sciences in the School of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to the School of Letters and Sciences will be contacted to select an appropriate major.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The number of employers interested in hiring professionals for sales roles far exceeds the number of students who are interested in pursuing career opportunities in sales. This concentration will prepare students for careers in account management across a variety of industries in the business-to-business and consumer products domains.

Supply Chain Management, BS (BASCMBBS)

Campus: TEMPE, WEST

Program Description:

Supply chain managers coordinate the purchase of raw materials, manufacturing and transportation of materials across multiple vendors and multiple countries to provide the services and finished goods sitting on your local store shelf or online retailer. It is a key reason that people can buy an ever-increasing variety of goods and services at remarkably low prices.

The supply chain management program provides W. P. Carey School of Business students with an in-depth knowledge of integrated supply chain management. The curriculum focuses on:

- execution systems
- logistics
- negotiations
- operations
- planning
- procurement
- strategy development

Classes are small and use projects and case studies to bring the material to life.

Our program is consistently ranked as one of the top supply chain programs in the world, providing our students an opportunity to be recruited by many leading international companies in many different industries.

Career Opportunities:

Career track progression can lead to the vice president level in supply-chain-related areas. Firms recruit ASU supply chain management graduates from around the world and in all sectors of the economy, including:

- health care
- manufacturing
- public and private
- retail
- service

Students from our program are highly sought after, and we have excellent placements. The following are some positions that our graduates have obtained:

- buyer or planner
- commodity manager
- distribution manager
- Internet marketing analyst
- inventory specialist
- logistics planner
- materials manager
- operations planner or analyst
- planner or analyst

- product forecaster
- production coordinator
- production line manager
- production scheduler
- quality control specialist
- supply management analyst

Design & the Arts, Herberger Institute for

Architectural Studies, BSD (ARSTDBSD)

Campus: TEMPE

Program Description:

Architects design buildings and environments that are useful, sustainable and aesthetically pleasing. This implies an understanding of people's needs; the science and technology of building and the concepts of aesthetics. The faculty in The Design School offer a BSD in architectural studies. In addition to developing knowledge and skills in architectural design, building technology, landscape architecture and professional practice, students are encouraged to select electives from a broad range of approved courses within the institute and across the university. These electives may be selected to devise a minor, to further professional study or in some other fashion enrich the student's academic experience.

All students who are admitted to the major must pass a degree milestone to continue in the major at the end of the first year. For more information on the milestone process, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>).

This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent) at any point of entry.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates of the bachelor's program who wish to become licensed can complete their professional studies by attending graduate school and earning the accredited professional master's. In Arizona, other graduates work for registered architects for several years before taking their licensing examination. Some begin their careers working for small offices of 10 to 20 people; others work for very large firms, industries, corporations or governmental agencies.

Art (Art Education), BFA (FAARTEBFA)

Campus: TEMPE

Program Description:

The BFA in art with a concentration in art education involves:

- facilitation of the teaching of art
- art learning strategies and processes
- policymaking in art
- the study of art

The program focuses on public and private K-12 instruction, art in higher education and educational programs in art museums. Students investigate issues in art teaching and learning from multiple perspectives, including:

- art inquiry
- context
- development
- studio
- visual culture

In addition to their art education course work, students are required to take course work in the various studio programs offered in the School of Art.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

All art students will be admitted to ASU into the Bachelor of Arts (art studies) program. They must complete a series of requirements including foundational course work and successfully passing a portfolio review to be eligible for study in one of the school's Bachelor of Fine Arts degree programs, which include upper-division course work in the studio. There is no portfolio review process at the time of admission to ASU for freshmen.

Typically, students in their second year who are interested in studio art and art education will submit a portfolio for review after completing the core requirements and during completion of the last of the 12 hours of 200-level art requirements. Students interested in art history or museum studies will submit a declaration form in the semester in which they complete 30 hours. The student's major will be changed upon successful completion of the portfolio. Students may choose to remain in and complete the Bachelor of Arts (art studies) in which case no portfolio is required.

Transfer students who have completed the foundational core and pre-art requirements may submit a portfolio for review before they have been admitted to ASU. To complete an undergraduate degree in four years, it is recommended that community college transfer students, who are completing a two year degree and have completed the foundational core and pre-art requirements, apply and submit a portfolio in the semester they are completing their community college degree or the semester before they plan to enter Arizona State University.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 credit hours of resident credit in the major as approved by the faculty.

Career Opportunities:

Graduates who also complete the state certification requirements for an art specialist certificate can teach in public and private elementary schools, middle schools and high schools. Graduates who do not seek state certification may find opportunities for jobs with art museums and recreational or community service groups that offer art instruction.

Art (Art History), BA (FAARTHBA)

Campus: ONLNE, TEMPE

Program Description:

The BA in art history is a comprehensive degree designed to train students to engage with visuality in multiple ways. It offers a diverse curriculum intended to foster critical understanding of the aesthetics, production, patronage and consumption of art. Internationally recognized faculty offer classes across many cultures and time periods, geographies and multiple approaches and methodologies.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students meeting the university requirements for admission may matriculate in the Herberger Institute for Design and the Arts. Separate admission procedures and approvals are required for some programs within the college. Students must contact specific departments or schools for details.

Freshmen students applying to the Herberger Institute School of Art enter ASU as art exploratory majors in the School of Art. There is no portfolio review process at the time of admission to ASU for freshmen.

Typically students in their second year interested in studio art and art education will submit a portfolio for review once they have completed their core requirements and are completing the last of the 12 hours of 200-level art requirements or if they are interested in art history or museum studies, they will submit a declaration form in the semester in which they complete 30 hours.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Graduates in art history at the bachelor's level find employment opportunities in commercial art galleries, entry-level jobs with art publications and in museums. A graduate degree is essential for professional jobs; a master's degree prepares individuals to teach at the community college level or to gain entry into museums, auction houses and publishing companies. The PhD is a necessity for employment as a university or college teacher, and

Art (Art Studies), BA (FAARTSTDBA)

Campus: TEMPE

Program Description:

The art studies curriculum offers students a broad educational foundation in the arts and general studies. The BA in art with a concentration in art studies is an interdisciplinary program featuring course work in art history, studio art, performing arts and a range of arts-related courses throughout the university. This concentration offers students a great deal of flexibility in planning course work. The scope of offerings in art and elsewhere on campus is unparalleled at smaller institutions. An art studies student can assemble an art-related curriculum focused on individual student needs, in consultation with a faculty advisor.

Art (Ceramics), BFA (FAARTCBFA)

Campus: TEMPE

Program Description:

The BFA ceramics program provides a stimulating and challenging environment for artistic and intellectual growth. With the realization that discipline, familiarity with historical precedents and freedom go hand in hand with creative activities, the area strives to strike a balance between the acquisition of traditional skills and the promotion of independence and innovation. Responsibility is placed on the individual student to find personally meaningful content and an effective means to express that content within the ceramic arts. The ceramics program features a complete and varied line of kilns, wheels and other equipment. World-renowned faculty ensure that graduates of the program learn the techniques and concepts that will enable their work to take any direction they wish. A strong guest artist schedule enhances the program and the Ceramics Research Center at the ASU Art Museum, with its collection of more than 3,000 pieces, provides unparalleled opportunities to study and research ceramics.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

Art (Drawing), BFA (FAARTDBFA)

Campus: TEMPE

Program Description:

The BFA drawing program offers a learning environment for creative, intellectual and technical growth that leads to quality art practice and professionalism. The program encourages a wide spectrum of approaches to contemporary drawing as visual expression, ranging from traditional to innovative. Students work under the guidance of a large full-time faculty of active professionals who are nationally and internationally recognized. Visiting artists of national stature enhance the program with lectures and individual undergraduate critiques.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. Additional Requirements:

All art students will be admitted to ASU into the Bachelor of Arts (art studies) program. They must complete a series of requirements including foundational course work and successfully passing a portfolio review to be eligible for study in one of the school's Bachelor of Fine Arts degree programs, which include upper-division course work in the studio. There is no portfolio review process at the time of admission to ASU for freshmen.

Typically, students in their second year who are interested in studio art and art education will submit a portfolio for review after completing the core requirements and during completion of the last of the 12 hours of 200-level art requirements. Students interested in art history or museum studies will submit a declaration form in the semester in which they complete 30 hours. The student's major will be changed upon successful completion of the portfolio. Students may choose to remain in and complete the Bachelor of Arts (art studies) in which case no portfolio is required.

Transfer students who have completed the foundational core and pre-art requirements may submit a portfolio for review before they have been admitted to ASU. To complete an undergraduate degree in four years, it is recommended that community college transfer students, who are completing a two year degree and have completed the foundational core and pre-art requirements, apply and submit a portfolio in the semester they are completing their community college degree or the semester before they plan to enter Arizona State University.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 credit hours of resident credit in the major as approved by the faculty.

Career Opportunities:

Career opportunities depend on the emphasis selected. Possibilities include:

- computer graphics and animation
- independent artist
- media consultant
- museum or gallery installation
- positions in the music or entertainment industry
- set designer
- teacher
- videography

Art (Metals), BFA (FAARTMBFA)

Campus: TEMPE

Program Description:

The BFA metals program offers a wide range of traditional and nontraditional approaches to:

- attention to detail
- creativity
- critical thinking
- emphasizing craft skills
- metalworking

A well-equipped studio with a wide variety of metal-smithing tools is offered. Students explore the close relationship with the School of Art's sculpture and foundry programs, learn important entrepreneurial skills, and receive a strong foundation in technical vocabulary and methods for working with metal while being encouraged to experiment with alternative materials and techniques.

Students have the opportunity to gain knowledge and skills through additional educational opportunities that include:

- conferences and symposia
- internship possibilities
- lectures
- visiting artists
- visits to artist studios, museums and exhibitions
- workshops

ASU is located in proximity to numerous galleries and museums as well as local organizations such as:

- The Arizona Artist-Blacksmith Association
- The Arizona Designer Craftsmen
- Metalink

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

Art (Museum Studies), BA (FAARTMSBA)

Campus: TEMPE

Program Description:

Museum studies students explore:

- art galleries
- art history
- art museums
- public art programs
- visual arts organizations

The BA in art with a concentration in museum studies undergraduate program at ASU is one of the most rigorous in the U.S. The program ensures that students are knowledgeable in:

- art history
- critical writing skills
- foreign languages
- museums, galleries and visual arts organizations

The curriculum includes art history courses taught by faculty with diverse specialties. Museum professionals and arts administrators teach specialized classes in their areas of expertise. Internships enable students to work directly with working arts professionals in their field of interest.

Students must take courses in:

- art history
- galleries and museums
- research
- small business

Course work may also include classes in nonprofit management and arts policy.

Students must also demonstrate an ability to read at least one foreign language.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students meeting the university requirements for admission may matriculate in the Herberger Institute for Design and the Arts. Separate admission procedures and approvals are required for some programs within the college. Students must contact specific departments or schools for details.

Freshmen students applying to the Herberger Institute School of Art enter ASU as art exploratory majors in the School of Art. There is no portfolio review process at the time of admission to ASU for freshmen.

Typically students in their second year interested in studio art and art education will submit a portfolio for review once they have completed their core requirements and are completing the last of the 12 hours of 200-level art requirements or if they are interested in art history or museum studies, they will submit a declaration form in the semester in which they complete 30 hours.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Museum studies graduates find employment possibilities in art galleries, art-based organizations and entry-level positions with art publications and museums. A graduate degree is necessary for professional positions. An MA prepares individuals to teach at community colleges and to gain entry into museums, auction houses and publishing companies. The PhD is necessary for employment as a faculty member at a university or for administrative posts in museums and higher education.

Art (Painting), BFA (FAARTPABFA)

Campus: TEMPE

Program Description:

The BFA program in painting offers a learning environment for creative, intellectual and technical growth that leads to quality art practice and professionalism. The program encourages a wide spectrum of approaches to contemporary painting as visual expression, ranging from traditional to innovative. Students work under the guidance of a large full-time faculty of active professionals who are nationally and internationally recognized. Visiting artists of national stature enhance the program with lectures and individual undergraduate critiques.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

Art (Photography), BFA (FAARTPHBFA)

Campus: TEMPE

Program Description:

The BFA program in photography offers students a broad-based educational experience centering around light sensitive systems. The photography faculty at ASU is significant in size and diverse in background and creative practice, making possible a wide range of options for students. Students work in 19th-century processes, a state-of-the-art digital lab, traditional black-and-white darkrooms and in collaboration with printmakers and intermedia artists. The program includes course work in criticism and theory as well as gallery and museum practice. Northlight Gallery grants students the opportunity to engage with photographic artists from around the world, as well as providing experience with collections and exhibition opportunities.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. Career Opportunities:

A degree in the arts offers students a pathway to a rich and varied choice of careers. Students with a photography degree may work as independent studio photographers or contract for commercial work for firms, museums, galleries, individuals and other artists. The bachelor's is essential for advanced study leading to the terminal MFA. This advanced degree offers opportunities in:

- curatorial work in galleries, museums and historical collections
- history or studio areas
- nonprofit arts organization management
- university teaching

Art (Printmaking), BFA (FAARTPMBFA)

Campus: TEMPE

Program Description:

The BFA program in printmaking provides a complete studio experience with regular courses in:

- book arts
- intaglio
- lithography
- monotype
- other graphic applications
- papermaking
- relief
- screenprint

Accomplished faculty teach in spacious, well-equipped studios, offering a complete range of print media. While individual students are encouraged to pursue a personal direction, the faculty encourages students to become well-rounded printmakers by experiencing and understanding many media and processes, including experimentation and interdisciplinary approaches to making art. No style, technique or aesthetic approach is stressed over another, so that the individual quality of each student's work is the essential measure of achievement. Collaboration is encouraged and students often work with other areas in the School of Art, particularly photography and intermedia.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

Career Opportunities:

Trained printmakers are working artists, practicing the expression of a personal understanding of their place in the world. They may find employment as artists or printmakers in schools of all levels teaching the execution and appreciation of visual art. They also work in fine art print studios, executing original prints for other artists. Printmaking skills such as screenprinting or photomechanical, and digital techniques, acquired for the production of art, also have commercial, nonart applications that may afford skilled employment. Artists with printmaking skills may also work with graphic designs, illustrations and signage or may work in museums, conservation, publishing, galleries and in other art-related activities. Additionally, their art may sell successfully in the open marketplace.

Art (Sculpture), BFA (FAARTSBFA)

Campus: TEMPE

Program Description:

The BFA program in sculpture recognizes the broad, interdisciplinary nature of sculpture today. A wide range of media now falls within an expanded definition of sculpture. Course work includes:

- architectural sculpture
- foundry
- interactive and kinetic sculpture
- more traditional forms of 3-D expression, including metal and wood
- neon
- video installation

While classes run the gamut of the contemporary sculpture environment, there also is an emphasis on helping students put today's creations in the contexts of the history of sculpture and the larger field of contemporary art. Critical inquiry is augmented by courses in the art history program. Visiting artists, curators and critics connect students to the contemporary context.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

Arts (BA in the Arts), BA (FAATSBA)

Campus: TEMPE

Program Description:

The BA in the arts is an interdisciplinary degree program designed for students who are passionate about the arts and interested in combining knowledge about multiple arts disciplines. Students will gain an increased understanding of the theoretical, historical and cultural forces that shape the arts through an open-ended path for exploration and development of a range of skills that will be valuable for advanced study in multiple areas.

The major includes a common core for all students, and students choose a focus from:

- arts administration
- entertainment design
- fashion design
- historical and theoretical studies in the arts
- individualized focus designed by the student and subject to approval by the institute's standards committee and the dean's office

Additional Program Fee: N

Second Language Requirement: Students pursuing the historical and theoretical studies focus area must demonstrate foreign language proficiency. Remaining focus areas do not have a second language requirement.

Dance, BFA (FADANBFA)

Campus: TEMPE

Program Description:

The School of Film, Dance and Theatre provides a dynamic and culturally diverse learning environment in which students develop as creative artists, scholars and educators. The BFA in dance provides an interdisciplinary curriculum promoting innovative collaborations and a holistic approach to acquiring skills for successful career transitions. The core program values of creativity and research are embedded in a broad range of academic experiences that emphasize:

- artistic process
- leadership
- movement and creative practices
- pedagogy

Through classes, internships and apprenticeships, as well as careful advisement and guidance from the faculty, students discover individual strengths, the power of community engagement and establish unique goals in the dance field.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Admission to the BFA in dance is selective and based on an interview process. Students are admitted to ASU as dance interview students and must successfully complete an interview and audition before enrolling in the dance major. If you pass your interview, the School of Film, Dance and Theatre will change your major to the BFA in dance. In the event that you are admitted to ASU, but not selected as a dance major or you miss the interview application deadline, you will enter ASU as a dance interview student and will need to successfully pass the dance interview and audition milestone in the first semester in order to gain admission into the program.

Interview days take place in November and February of each year. To ensure a smooth curricular progression, we strongly encourage all prospective dance students, including transfer students, to participate in the interview day during the semester prior to their intended date of enrollment. More information on the interview process and deadlines can be found at <http://dance.asu.edu/admissions/undergrad/applying/> (<http://dance.asu.edu/admissions/undergrad/applying/>).

The deadline for applying to interview for the dance program for spring 2014 is Nov. 8, 2013.

The deadline for applying to interview for the dance program for fall 2014 is Feb. 7, 2014.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

Career Opportunities:

The comprehensive academic foundation of the Bachelor of Fine Arts degree in dance prepares students to be leading dance professionals of the 21st century. Graduates of the bachelor's program have the expertise and broad experience to initiate and lead artistic projects in diverse contexts, perform in a broad range of work, choreograph and collaborate. In addition, graduates:

- conduct research
- direct or manage performing arts companies, studios or dance-related organizations
- facilitate community partnerships and projects
- produce dance media for performance or instruction
- teach and design curriculum
- work in technical theatre and dance production
- work in the field of arts management
- write scholarly publications

Dance (Dance Education), BFA (FADANEBAFA)

Campus: TEMPE

Program Description:

The BFA in dance education prepares students for certification to teach dance in K-12 schools in the state of Arizona. Students in this degree program are required to complete additional state certification requirements. The School of Film, Dance and Theatre provides a dynamic and culturally diverse learning environment where students develop as creative artists, scholars and educators. Studies in dance cultures, music, digital media, dance history, philosophy and criticism, movement science, somatics, and stage and screen production enhance the rich educational setting. Creativity and research, the core program values, are embedded in a broad range of academic experiences emphasizing movement and creative practices, artistic process, leadership and pedagogy.

Students are admitted to ASU as dance interview students and must successfully complete an interview and audition before enrolling in the dance major. If you pass your interview, the School of Film, Dance and Theatre will change your major to the BFA in dance. In the event that you are admitted to ASU, but not selected as a dance major or you miss the interview application deadline, you will enter ASU as a dance interview student and will need to successfully pass the dance interview and audition milestone in the first semester in order to gain admission into the program.

Interview days take place in November and February of each year. To ensure a smooth curricular progression, we strongly encourage all prospective dance students, including transfer students, to participate in the interview day during the semester prior to their intended date of enrollment. More information on the interview process and deadlines can be found at <http://dance.asu.edu/admissions/undergrad/applying/> (<http://dance.asu.edu/admissions/undergrad/applying/>).

The deadline for applying to interview for the dance program for spring 2014 is Nov. 8, 2013.

The deadline for applying to interview for the dance program for fall 2014 is Feb. 4, 2014.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

Career Opportunities:

The concentration in dance education lays the foundation for a career in teaching in public and private settings. Students earn an Arizona teaching certification while pursuing the dance education degree, and they can expect to find employment in one of many thriving middle school and high school dance programs throughout the state or in more informal community settings.

Design Studies, BA (ARDSNBA)

Campus: TEMPE

Program Description:

The BA in design studies is a four-year, nonstudio program of study in design that focuses on the design disciplines offered in the ASU Herberger Institute:

- architectural studies
- graphic design
- industrial design
- interior design
- landscape architecture

It is a highly flexible program of study, much like a liberal arts degree, in which students select design and design-related courses offered in the institute and throughout the university. Students acquire a breadth of design knowledge via courses taken from three categories:

- communication for design
- design history
- general design

It provides a design education, general and specific, to students who seek opportunities in the broader design sector or in graduate education.

Students may undertake the program in one of two specific concentrations: design studies, which allows students to discover the myriad possibilities of design as a subject area as well as the flexibility that it provides for further exploration; or design management, which offers a selection of courses in management and human communication that complement design.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Although a specific career path is not the principal intention, recent graduates of the program have become involved in sales and marketing in the design sector or have gone on to graduate studies in architecture and planning. Other possible career paths include journalism and education.

Digital Culture (Art), BA (HIDGCABA)

Campus: TEMPE

Program Description:

The BA in digital culture is designed for students who are interested in new media-based cultural practice. Recognizing the transformative role of digital technology in our day-to-day lives, the degree emphasizes the strongest emerging trend in cultural media: systems and processes that integrate digital technology with the everyday physical human experience. This dynamic curriculum (customizable by the student) not only prepares students with tangible skills in new media, but also with skills to continuously adapt and maintain a leadership role in cultural practice over the next 40 years.

Graduates interested in continuing their education are well prepared to apply for the top interdisciplinary new media programs in the nation.

Digital Culture - Art Concentration

The program is for students wishing to specialize in visual composition aspects of new media. Students complement their knowledge of new media with an understanding of the historical and theoretical aspects of visual arts, foundational visual arts skills and hands on knowledge of visual composition through digital means.

For more information on the art concentration, visit: https://digitalculture.asu.edu/education/art_concentration
(https://digitalculture.asu.edu/education/art_concentration).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Upon graduation, digital culture students have a wide array of career opportunities in new media involving the fields of:

- communications (CISCO, Google, Facebook)
- computing (Apple, Microsoft)
- gaming and entertainment (Industrial Light and Magic, Electronic Arts, Pixar)
- media arts (engineering multi-media shows, video and sound production)

The digital culture curriculum also prepares students for roles in the development of modern media systems that address complex socio-technical problems, such as:

- diagnostic, monitoring assistive cyber-physical tools and systems that can be used by health care providers
- new systems for collaborative, participatory content creation and sharing
- social networking and reflection tools for promoting sustainability
- systems for interactive, adaptive learning and computational assessment in educational organizations

Graduates of the digital culture program who are interested in continuing their higher education will be well prepared to apply for admission to the top interdisciplinary new media programs in the nation, including the graduate programs through the School of Arts, Media and Engineering at ASU.

Digital Culture (Arts and Design Studies), BA (HIDCADSBA)

Campus: TEMPE

Program Description:

The BA in digital culture is a broad-based liberal arts degree program designed for students who are interested in new media-based cultural practice. The digital culture initiative is recognizing the transformative role of digital technology in cultural practice and our day-to-day lives. The degree emphasizes the strongest emerging trend in cultural media: systems and processes that integrate digital technology with the everyday physical human experience. We refer to these systems as new media. Through a collaboration with more than 15 partnering ASU units, the Herberger Institute for Design and the Arts has created a dynamic, cross-campus, student-customizable curricula that not only prepares students with tangible skills in new media, but also with skills to continuously adapt and maintain a leadership role in cultural practice over the next 40 years.

Students complement their knowledge of new media with broad-based cross-disciplinary studies in design and the arts.

Digital Culture - The Arts and Design Studies Concentration

The program is for students wishing to integrate cross-disciplinary studies in design and the arts into new media applications.

Students complement their knowledge of new media with broad-based cross-disciplinary studies in design and the arts.

Environmental Design, BS (HIEDSBS)

Campus: TEMPE

Program Description:

The BS in environmental design offers an integrated curriculum in environmental design primarily in a nonstudio format. This undergraduate program is designed to create a deep awareness and knowledge of issues that influence the design of built environments and the design of artifacts in general. The program of study emphasizes general knowledge and design research as well as focus areas. Focus areas include histories and theories of design; innovation, technology and design strategies and sustainability in environmental design. The curriculum will provide special understanding of theories, technologies, social issues and management aspects related to the student's chosen focus area. While studio courses cannot be taken as electives, students will be able to take career specific design electives and the degree prepares students for all graduate programs in The Design School.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates of this program may take on roles in offices, businesses, public institutions and industries that require an awareness of issues that affect environmental design. Additionally graduates may choose to apply to graduate programs in related disciplines to pursue professional or other graduate degrees. The program itself is not a professional degree program, but intends to provide a broad base of skills and knowledge in environmental design.

Film (Film and Media Production), BA (FAFLMBA)

Campus: TEMPE

Program Description:

The School of Film, Dance and Theatre offers a BA in film with a concentration in film and media production. The concentration provides students with a comprehensive practical knowledge of production, awareness of the impact of media and entertainment on the audience, and an understanding of the role of the artist in society. The program teaches students to thoughtfully consider not only how to look through a lens, but why they should, and is accomplished through a unique emphasis in ethical decision-making in both content creation and business practices. Students in the film and media production concentration have access to digital cameras, lighting and sound equipment in a teaching studio. Postproduction facilities include multiple computer editing stations.

All successful applicants to the Herberger Institute for Design and the Arts bachelor's in film begin their studies at ASU in the filmmaking practices concentration. All students complete the same 15-hour core requirements in their first two years of study.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

All film students will be admitted to ASU into the Bachelor of Arts in film, filmmaking practices concentration. Students who wish to pursue the highly-selective, studio-based Bachelor of Arts in film, film and media production concentration must complete the 15-hour film core and successfully pass an interview and review of their creative work to enter the concentration. This interview and creative work review generally takes place in the second or third term at ASU.

Career Opportunities:

The film and media production concentration provides students with the knowledge and experience to prepare them to enter careers in media and entertainment as:

- cinematographers
- directors
- editors
- producers
- screenwriters

The bachelor's program is an excellent broad-based foundation for work in the profession or to prepare students for further training at graduate schools or conservatories.

Film (Filmmaking Practices), BA (FAFPRBA)

Campus: TEMPE

Program Description:

A BA in film with a concentration in filmmaking practices provides students with a comprehensive film education within the context of the liberal arts.

Students pursuing the filmmaking practices concentration of the bachelor's in film receive grounding in production practice, independent film producing, entertainment ethics and an understanding of the role of the artist in society. Students are encouraged to participate in the production-oriented environment of the Herberger Institute for Design and the Arts. The curriculum's course work in ethics in entertainment and dramatic analysis are two unique components of the program.

Bachelor's students in film begin their studies at ASU in the filmmaking practices concentration. All students complete the same 15-hour core requirements in their first two years of study.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students interested in pursuing the highly-selective, studio-based film and media production concentration must achieve an ABOR GPA at or above 3.00, or an SAT score of 1040, or an ACT score of 22, or top 25 percent of the high school class. The applicant cannot have a deficiency in English.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The filmmaking practices concentration provides students with the knowledge and experience to prepare them to enter entry-level positions in media and entertainment production, producing and film management or to enter advanced graduate-level education.

Graphic Design, BSD (ARGRABSD)

Campus: TEMPE

Program Description:

Graphic designers are responsible for designing how information is communicated. Forms of communication include print, video, film and electronic (Web). The faculty in The Design School offers the BSD in graphic design.

Graphic designers are concerned with:

- appearance
- choosing the appropriate mechanism for distinctness
- clarity of information
- how communication is transferred and received

This program places an emphasis on strategic communication, developed through a design process that includes research, analysis, conceptualization, planning and realization. The process leads to innovative visual communication design solutions for contemporary design problems that are local to global in scope.

All students who are admitted to the major must pass a degree milestone to continue in the major at the end of the first year. For more information on the milestone process, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>).

This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent) at any point of entry.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Based on a very diversified portfolio upon graduation, students opting for the graphic design profession gain employment in:

- advertising
- brand and corporate identity
- broadcast (TV graphics)
- interaction and interface design
- museum or exhibitions
- publication

Specific examples of graphic designers' work include:

- annual reports
- books
- environmental graphics
- information design
- motion graphics
- multimedia presentations
- publications
- Web design

Students may also pursue graduate studies leading to careers in design education and other fields of professional endeavor in design.

Industrial Design, BSD (ARINDBSD)

Campus: TEMPE

Program Description:

Industrial designers are responsible for the design of product and service systems that people use in their everyday lives. The industrial design program at ASU focuses on a new model of interdisciplinary product development called integrated innovation.

Using this model of innovation, students systematically work through a matrix of four questions:

- What is valuable to users?
- What is possible through engineering?
- What is desirable to business?
- What is good for society and the environment?

The goal of the program is to help students learn how to create product and service systems that:

- benefit society while minimizing impacts on the environment
- can be realized through appropriate technology and engineering
- create measurable value for business
- satisfy people's needs

All students who are admitted to the major must pass a degree milestone to continue in the major at the end of the first year. For more information on the milestone process, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>).

This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent) at any point of entry.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

After completing the program successfully, graduates have the option of working as designers in several capacities:

They can work as members of in-house design teams in corporations in a variety of industries including, but not limited to:

- consumer goods
- furniture
- health care and medical products
- sports and outdoor goods
- toys
- transportation and mobility
- packaging design
- trade show and exhibit design
- user interface design

- They can get jobs with consulting firms that design products and services for a variety of different clients.
- A third option includes entrepreneurship, as some graduates have established their own design and manufacturing ventures.
- Designers can also get employment with nonprofit institutions or nongovernmental organizations and use their skills to address specific social or environmental problems.
- Designers are also in a position to teach a variety of courses in art and design schools, colleges or universities as part-time or full-time employment.

Interior Design, BSD (ARINTBSD)

Campus: TEMPE

Program Description:

Course work in the BSD in interior design examines the context in which individuals and groups live and work. Interior designers create environments within buildings that meet the physical and psychological needs of individuals and institutions, providing a useful, rich and rewarding context for their lives. Interior design involves the design of space, equipment and furniture. It requires substantial technical and organizational understanding, sensibility to shape, color and texture, and an awareness of design history and theory.

All students who are admitted to the major must pass a degree milestone to continue in the major at the end of the first year. For more information on the milestone process, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>)

This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent) at any point of entry.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates find employment opportunities with interior design firms or architecture firms specializing in interior design. The scope of work undertaken by interior designers includes residential, commercial, retail, hospitality, institutional and health care design. Career opportunities include historic restoration, branding, sustainability, new product innovation and incorporation of new technology. Firms range from small to large corporations and governmental entities.

Landscape Architecture, BSLA (ARPLABSLA)

Campus: TEMPE

Program Description:

The BS in landscape architecture offers students the opportunity to engage with the community in applied projects that focus on designing sustainable outdoor environments and improving the ecological and social health of the urban environment.

Undergraduate landscape architecture program projects can range from large-scale work encompassing urban design, landscape reclamation, open space preservation planning and landscape ecological design, to projects at a more intimate scale of the neighborhood park or residential back yard. Emerging areas of focus include biotechnical design, urban agriculture, construction of greenways, green roofs and living walls, and the design of healing environments. Students complement their design learning with electives from a broad range of approved courses.

All students must pass a degree milestone at the end of the first year to continue in the major. For more information, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>). This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

The bachelor's program is designed to prepare students for landscape architecture professional practice and advanced study at the graduate level. Our students have found employment in nationally recognized firms working with notable landscape architects in large multinational firms or in public agencies. Students also have gone on to pursue graduate study at universities with distinguished graduate programs in landscape architecture and allied design fields.

The U.S. Bureau of Labor Statistics projects employment for landscape architects will grow 16 percent from 2010 to 2020, about as fast as the average for all occupations. The Bureau also notes that "employers prefer to hire entry-level landscape architects who have internship experience, which significantly reduces the amount of on-the-job training required." The bachelor's program has an internship requirement meant to address this preference and better prepare our graduates for employment.

Music, BA (FAMUSBA)

Campus: TEMPE

Program Description:

The BA in music provides students with a broadly based liberal arts degree applicable to careers in music and many other fields. The music curricular core, together with more elective flexibility than in the Bachelor of Music degree, leads students to develop mainstream and alternative musical competencies, to explore musics as human history, cultural artifact and social behavior, and to pursue other areas of interest.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music application. Visit <http://music.asu.edu/admissions/undergrad/applying> (<http://music.asu.edu/admissions/undergrad/applying>) for details. Admission to the School of Music is based on an audition. Live auditions take place on-campus in November (spring admission), and January and February (fall admission) of each year. Review audition information at <http://music.asu.edu/admissions/auditions> (<http://music.asu.edu/admissions/auditions>).

Admission to the School of Music is highly selective and based on an audition process. Students are admitted as music audition students and must successfully complete the audition before enrolling in music major courses. Upon admission to both ASU and the School of Music, the applicant's major will be changed to music. In the event you are admitted to ASU but not to the School of Music or you miss the audition deadline, you will remain as a music audition major and will need to successfully pass the music audition milestone in the first semester in order to gain admission into the program.

Application Deadlines: Visit <http://music.asu.edu/admissions/deadlines> (<http://music.asu.edu/admissions/deadlines>) for complete music deadlines. Prescreening is required for all voice applicants (<http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>)).

Spring 2014: The deadline to apply for admission to the Bachelor of Arts in Music is Oct. 1, 2013 for voice applicants, and Oct. 15, 2013 for instrumental and keyboard applicants. An uploaded prescreening video is required for all applicants who wish to audition in voice: <http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>).

Fall 2014: The deadline to apply for admission to the Bachelor of Arts in Music is Dec. 1, 2013 for voice applicants, and Jan. 6, 2014 for instrumental and keyboard applicants. An uploaded prescreening video is required for all applicants who wish to audition in voice: <http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>).

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

A few of the career opportunities include:

- concert management
- criticism
- music research
- publishing

Many graduates pursue a master's or a doctorate in music or in another professional field.

Music Therapy, BMUS (FAMUSTHBM)

Campus: TEMPE

Program Description:

The BMus in music therapy prepares students for a career in the mental health or special education professions. Music therapists use carefully planned music interventions to achieve desired changes in client behavior and functioning. Music therapy is a profession in which engagement in active music-making helps a client achieve nonmusical, therapeutic goals. Educating the potential music therapist requires both a wide range of musical skills and the ability to work with people in a therapeutic manner. Music therapy students have many opportunities to develop their clinical skills. Students also study:

- human anatomy
- musical improvisation
- popular music styles
- psychology
- songwriting
- special education
- world music

Performance (Collaborative Piano), BMUS (FAMUSPPBM)

Campus: TEMPE

Program Description:

The BMus in performance with a concentration in collaborative piano offers private instruction in both solo and collaborative piano, faculty coaching of ensemble repertoire and ample opportunity for extensive collaborative performance experiences. The program focuses on core repertoire of the English, German and French song literature and selected works from the instrumental, operatic and oratorio repertoire. Collaboration within the School of Music involves working with all performance areas, including:

- concerts with large ensembles and choirs
- duo recitals with instrumental and voice colleagues
- performances of great chamber music literature
- work as rehearsal and pit pianists for the Lyric Opera Theatre

Additional Program Fee: N

Performance (Guitar), BMUS (FAMUSPGBM)

Campus: TEMPE

Program Description:

The BMus in performance with a concentration in guitar focuses on the study of guitar literature and techniques. Goals include enabling students to express themselves musically while emphasizing the skills necessary to pursue a career as a professional musician. The course of study includes extensive performance experiences.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music application. Visit <http://music.asu.edu/admissions/undergrad/applying> (<http://music.asu.edu/admissions/undergrad/applying>) for details. Admission to the School of Music is based on an audition. Live auditions take place on-campus in November (spring admission), and January and February (fall admission) of each year. Review audition information at <http://music.asu.edu/admissions/auditions> (<http://music.asu.edu/admissions/auditions>).

Admission to the School of Music is highly selective and based on an audition process. Students are admitted as music audition students and must successfully complete the audition before enrolling in music major courses. Upon admission to both ASU and the School of Music, the applicant's major will be changed to music. In the event you are admitted to ASU but not to the School of Music or you miss the audition deadline, you will remain as a music audition major and will need to successfully pass the music audition milestone in the first semester in order to gain admission into the program.

Application Deadlines: Visit <http://music.asu.edu/admissions/deadlines> (<http://music.asu.edu/admissions/deadlines>) for complete music deadlines.

Spring 2014: The deadline to apply for admission to the Bachelor of Music in guitar performance is Oct. 15, 2013.

Fall 2014: The deadline to apply for admission to the Bachelor of Music in guitar performance is Jan. 6, 2014.

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

Career Opportunities:

Career opportunities include:

- artist-in-residence interaction as part of school programs, or state or community arts councils, for social functions
- performing as a concert soloist or in chamber music ensembles
- providing music for restaurants, clubs, resorts, churches and art galleries
- recording and studio work
- teaching privately or as part of a college or university program

Performance (Jazz), BMUS (FAMUSPJBM)

Campus: TEMPE

Program Description:

The BMus in performance with a concentration in jazz places an emphasis on the improvisational aspects of jazz. The curriculum combines jazz performance, composition and pedagogy in a program that allows the student to express himself or herself musically while emphasizing the skills necessary to pursue a career as a professional musician. The study of jazz performance can be a suitable background for work in:

- contemporary composition
- film scoring, writing and arranging
- performance
- private instruction
- recording studios
- teaching jazz pedagogy and other related fields in the music industry

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music application. Visit <http://music.asu.edu/admissions/undergrad/applying> (<http://music.asu.edu/admissions/undergrad/applying>) for details. Admission to the School of Music is based on an audition. Live auditions take place on-campus in November (spring admission), and January and February (fall admission) of each year. Review audition information at <http://music.asu.edu/admissions/auditions> (<http://music.asu.edu/admissions/auditions>).

Applicants are required to select a second choice major in addition to music. Upon admission to both ASU and the School of Music, the applicant's major will be changed to music. If admitted to ASU but not to the School of Music, the applicant will be placed in her/his second choice major. Students admitted to ASU in a non-music major may apply and audition to change to their major to music during their first semester at ASU. After the deadlines below, applicants should not select music as a major on the application for undergraduate admission.

Application Deadlines: Visit <http://music.asu.edu/admissions/deadlines> (<http://music.asu.edu/admissions/deadlines>) for complete music deadlines.

Submission of a prescreening portfolio is required for this program; an additional prescreening is required for all voice applicants: See

<http://music.asu.edu/admissions/prescreening> (<http://music.asu.edu/admissions/prescreening>).

Fall 2013: The deadline to apply for admission to the Bachelor of Music in composition is Dec. 1, 2012. An uploaded prescreening video is required for this program; an additional uploaded prescreening video is required for all applicants who wish to audition in voice:
<http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>).

Spring 2014: The deadline to apply for admission to the Bachelor of Music in composition is Oct. 1, 2013. An uploaded prescreening video is required for this program; an additional uploaded prescreening video is required for all applicants who wish to audition in voice:
<http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>).

Fall 2014: The deadline to apply for admission to the Bachelor of Music in composition is Dec. 1, 2013. An uploaded prescreening video is required for this program an additional uploaded prescreening video is required for all applicants who wish to audition in voice:
<http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>).

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

Career Opportunities:

A degree in the arts offers students a pathway to a rich and varied choice of careers. This particular program is designed for a student who plans a career as a professional:

- arranger
- college-level teacher of theory and composition
- composer

College-level teaching does require a graduate degree.

Theory and Composition (Theory), BMUS (FAMUSTTBM)

Campus: TEMPE

Program Description:

The BMus in theory and composition with a concentration in theory focuses on the theoretical study of music. This program may be used as the first step toward a master's or doctorate in music theory and composition. The School of Music offers students the opportunity to study with theorists and composers who have established national and international reputations.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra OR MAT 119 OR MAT 142

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music application. Visit
Academic Catalog Archive 2014-2015 951

<http://music.asu.edu/admissions/undergrad/applying> (<http://music.asu.edu/admissions/undergrad/applying>) for details. Admission to the School of Music is based on an audition. Live auditions take place on-campus in November (spring admission), and January and February (fall admission) of each year. Review audition information at <http://music.asu.edu/admissions/auditions> (<http://music.asu.edu/admissions/auditions>).

Applicants are required to select a second choice major in addition to music. Upon admission to both ASU and the School of Music, the applicant's major will be changed to music. If admitted to ASU but not to the School of Music, the applicant will be placed in her/his second choice major. Students admitted to ASU in a non-music major may apply and audition to change to their major to music during their first semester at ASU. After the deadlines below, applicants should not select music as a major on the application for undergraduate admission.

Application Deadlines: Visit <http://music.asu.edu/admissions/deadlines> (<http://music.asu.edu/admissions/deadlines>) for complete music deadlines. Prescreening is required for all voice applicants (<http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>)).

Fall 2013: The deadline to apply for admission to the Bachelor of Music in music theory is Dec. 1, 2012 for voice applicants, and Jan. 7, 2013 for instrumental and keyboard applicants. An uploaded prescreening video is required for all applicants who wish to audition in voice: <http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>).

Spring 2014: The deadline to apply for admission to the Bachelor of Music in music theory is Oct. 1, 2013 for voice applicants, and Oct. 15, 2013 for instrumental and keyboard applicants. An uploaded prescreening video is required for all applicants who wish to audition in voice: <http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>).

Fall 2014: The deadline to apply for admission to the Bachelor of Music in music theory is Dec. 1, 2013 for voice applicants, and Jan. 6, 2014 for instrumental and keyboard applicants. An uploaded prescreening video is required for all applicants who wish to audition in voice: <http://music.asu.edu/admissions/voice> (<http://music.asu.edu/admissions/voice>).

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

A degree in the arts offers students a pathway to a rich and varied choice of careers. This particular program is designed for a student who plans a career as a professional:

Engineering, Ira A. Fulton Schools of

Aeronautical Management Technology (Air Transportation Management), BS (TSAMTMBS)

Campus: POLY

Program Description:

The air transportation management concentration, under the BS in aeronautical management technology, provides students with a strong foundation of aviation concepts, including aviation law, policy and human factors as well as technical knowledge focusing on power plants,

structures and aerodynamics. Students will then progress into courses focusing on business and management and operational aspects of aviation such as airline administration and airport planning. All students will finish the program by participating in an internship within industry and completion of a capstone project. This program prepares students for leadership positions within airlines, airports, government, consulting and entrepreneurial enterprises.

This program is accredited by the Aviation Accreditation Board International (AABI).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

A degree in air transportation management prepares graduates for these careers:

- airline manager
- airline operations manager
- airport manager
- aviation consulting
- Fixed Based Operations (FBO)
- general aviation operations manager
- governmental positions with the Federal Aviation Administration, Department of Transportation, and National Transportation Safety Board
- entrepreneurial ventures

Aeronautical Management Technology (Professional Flight), BS (TSAMTFBS)

Campus: POLY

Program Description:

Students in the professional flight concentration learn to fly in an academic environment that prepares graduates for careers as professional pilots. Flight training is offered by an ASU-approved flight provider in late-model aircraft equipped with state-of-the-art avionics. Students may take advantage of pathway agreements for guaranteed interviews with regional airline companies.

Arizona's clear skies offer the best flying environment in the country. The Polytechnic campus is adjacent to Mesa Gateway Airport where flight instruction takes place. Students have access to state-of-the-art flight training devices, including a Level 5 regional jet flight simulation training device. Other facilities, like the high altitude simulation chamber, provide students with educational opportunities unique among collegiate aviation programs.

This program is for students who are seriously interested in becoming professional airline pilots. Graduates are prepared to assume responsibilities in a wide variety of technically related areas within professional aviation flight operations.

The Aviation Accreditation Board International accredits this program and the Federal Aviation Administration certifies flight and ground instruction.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: This major has additional admission requirements including Federal Aviation Administration requirements. Students will be admitted to the preprofessional status and then complete additional requirements for admission to the professional program. See <http://innovation.asu.edu/degrees-programs/human-environmental-systems/professional-flight-undergraduate> (<http://innovation.asu.edu/degrees-programs/human-environmental-systems/professional-flight-undergraduate>) for more information.

Career Opportunities:

The professional flight concentration offers students private pilot, commercial pilot and flight instructor certificates, as well as instrument pilot, instrument instructor and multiengine pilot ratings. With these flight qualifications and the technically based bachelor's, the graduate has a wide variety of career opportunities, including flight crew service on commercial and business aircraft.

Career opportunities include:

- airline pilot
- corporate pilot

480-727-1874

Aeronautical Management Technology (Unmanned Aerial Systems), BS (TSAMTUASBS)

Campus: POLY

Program Description:

The unmanned aerial systems concentration prepares students for careers in the rapidly growing area of UAS, including operations, remote sensing, data collection and analysis. The concentration incorporates all aviation management technology core courses, as well as unmanned aerial systems concentration courses. This provides an overview of unmanned aerial systems operations followed by detailed knowledge of unmanned aerial systems-specific systems and technology (ground control stations, data links; flight planning and operations, search, detect and avoid technologies; and payloads) and unmanned aerial systems sensor operations. A critical aspect of this academic area of study is the data capture and transfer of the sensor information collected from the unmanned aerial vehicle. This innovative concentration brings together the most up-to-date and relevant aspects facing multiple industries today by addressing flight system planning and operations and the employment of the systems in the congested National Air Space.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)
Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Students graduating from this program will find various employment opportunities as unmanned aerial vehicle pilots and sensor operators in both the U.S. and worldwide. In 2015, the FAA will allow UAV to operate in the U.S. National Airspace System that will enable governmental and civilian entities to operate these vehicles for new endeavors or to replace current fixed- and rotor-craft operations. This concentration will prepare students to operate small to mid-range platforms that will be used by emergency responders, forestry, agriculture, energy and oil, and other similar industries. Entry-level pay is competitive for this highly specialized field.

Aerospace Engineering (Aeronautics), BSE (ESAEROBSE)

Campus: TEMPE

Program Description:

The aerospace engineering curriculum provides students with an education in technological areas critical to the design and development of aerospace vehicles and systems. The aeronautics concentration, under the BSE in aerospace engineering, emphasizes engineering and the design of aircraft, helicopters, missiles and other vehicles that fly through the atmosphere. Topics in required courses cover:

- aerodynamics
- aerospace materials
- aircraft structures
- flight mechanics
- propulsion
- stability and control

Required astronautics topics include:

- attitude control
- orbital mechanics
- rocket propulsion

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org/>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Aerospace Engineering (MS)
Mechanical Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours:

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

A majority of students entering the field of aerospace engineering desire to work on the design and analysis of aerospace vehicles. Most graduates are employed in the aerospace industry or in government positions related to aerospace. Specific careers in aerospace engineering include:

- aeronautical and space systems integration
- configuration development
- material and structural design
- propulsion engineering
- space mission design and analysis
- vehicle and component analysis using computer-aided tools
- vehicle design and performance
- wind-tunnel and flight testing

The objectives of the aerospace engineering program are for graduates to be employed in aerospace engineering or a related field or accepted to graduate school. Our graduates will:

- be employed as engineers or will be enrolled in (or have graduated from) engineering or professional graduate school
- contribute to the design of solutions to complex problems
- demonstrate professionalism and will hold positions of increasing responsibility within their organizations

Aerospace Engineering (Astronautics), BSE (ESAEASBSE)

Campus: TEMPE

Program Description:

The aerospace engineering curriculum provides students with an education in technological areas critical to the design and development of aerospace vehicles and systems.

The astronautics curriculum covers:

- attitude determination and control
- elective topics in astronautics
- gas dynamics

- orbital mechanics
- rocket propulsion
- space environment
- space structures
- telecommunications

Students in the astronautics concentration culminate their major study with a capstone design project that incorporates the multiple disciplines involved in the creation of a space-going vehicle.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Aerospace Engineering (Autonomous Vehicle Systems), BSE (ESAEAVSBSE)

Campus: TEMPE

Program Description:

Emerging emphasis on autonomous aircraft technology and operations in both military and civilian sectors signals a new era within the aeronautical community focused on autonomous vehicles and systems. The autonomous vehicle concentration will provide graduates with knowledge and skills required for any career in aerospace engineering plus those specific to unmanned aerial vehicles and systems. The concentration curriculum is structured so that students will have general exposure to engineering of autonomous aircraft plus depth courses in one area important to this field. The depth areas, or tracks, are: guidance, navigation and control; and communications. Both tracks are intended for aerospace engineering students. All paths through this concentration satisfy accreditation criteria for aerospace engineering.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Air Traffic Management, BS (TSATMBS)

Campus: POLY

Program Description:

The air traffic management program provides a technical foundation in the air traffic control procedures used by air traffic controllers in air traffic control towers and air traffic control radar facilities. Students gain a strong background in aircraft operations, management skills and business principles through course work specific to air traffic control.

This is an intensive program of classroom study and laboratory practice using state-of-the-art air traffic control simulators to enhance and reinforce classroom study. Students develop the following skills:

- analytical thinking
- clear and concise communication
- problem solving
- teamwork

This program is accredited by the Aviation Accreditation Board International (AABI).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: This major has additional admission requirements including Federal Aviation Administration requirements. Students who do not have US citizenship status cannot be admitted to the program. Students will be admitted to the preprofessional status and then complete

additional requirements for admission to the professional program. See <http://innovation.asu.edu/degrees-programs/human-environmental-systems/air-traffic-management-undergraduate> (<http://innovation.asu.edu/degrees-programs/human-environmental-systems/air-traffic-management-undergraduate>) for more information.

Career Opportunities:

The Federal Aviation Administration's 2013 Controller Workforce Plan has projected that the Federal Aviation Administration plans to hire more than 6,200 new controllers over the next five years to keep pace with the expected attrition rate and traffic growth. The total number of planned hires for the period of 2013-2022 is 11,990 new controllers. Increases in the volume of air traffic will require more controllers to handle the additional work. New computerized systems will assist controllers by automatically making many of the routine decisions. This will allow controllers to handle more traffic, thus increasing their productivity.

To prepare for this challenge, students receive training in the methodologies and technologies that are currently being developed for the next generation of air traffic control systems. Despite the obvious demand for new controllers in the immediate future, competition to get into the FAA-approved training programs is expected to remain intense as there generally are many more applicants than there are openings. Graduates who have met all the FAA requirements will be considered for employment.

Applied Computer Science, BS (TSACSB)

Campus: POLY

Program Description:

The BS in applied computer science provides students with an education that targets the computing profession. Students will learn to use mathematics, science and economics, along with technological knowledge and skill in the application of programming languages and software processes, to design, analyze, implement and test software systems and applications. The program is problem and project based, utilizing the languages, tools and methods of computing best practices. Graduates gain significant exposure to team-based software development through industry-driven projects.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Applied Science, BAS (TSAPSBAS)

Campus: POLY

Program Description:

The BAS program is a transfer pathway specifically for students who have earned a community college Associate of Applied Science degree. The goal of the program is to provide students with management, leadership, critical thinking and communication skills, along with significant work in a professional specialization. Students must complete an Associate of Applied Science (AAS) degree to be eligible for this program. AA and AS students are not eligible for this program.

This program allows students who have earned an Associate of Applied Science from a regionally accredited institution to transfer 60 or 75 credit hours toward a Bachelor of Applied Science at ASU. Students may opt to complete additional general studies course work at a community college to be eligible to transfer up to 75 credits toward the BAS. The BAS curriculum builds on the general education content of the AAS and includes four blocks of credits: general studies, core, concentration and assignable credits.

The ASU general studies requirements will be completed through upper-division course work. The BAS core curriculum includes content in management and organization, professional communication, statistical processes and computer competency. The concentration has a 20-semester hour minimum of specialization courses. The assignable credits (six semester hours) are traditional electives selected in consultation with an advisor to enhance the curriculum. Assignable credit also can be used to strengthen math and science capabilities or computer skills.

Students in the BAS program can select one of six specialty concentrations. Students who choose to create their own specialty should select the courses in conjunction with an advisor.

- aviation management technology
- electronic and energy systems
- graphic information technology
- Internet and Web development
- manufacturing technology and management
- operations management technology

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: ASC 315 - Numeracy in Technology

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

Career Opportunities:

The wide range of concentrations provides graduates diverse career opportunities. Bachelor's program course work gives the graduate greater skills to be successful as a professional working in a technical area. Graduates have the ability to supervise and manage people in highly specialized technical and service industry positions.

Applied Science (Electronic Energy Systems), BAS (TSEESBAS)

Campus: POLY

Program Description:

The BAS program is a flexible degree designed specifically for students who have earned an AAS from a regionally accredited institution.

The electronic and energy systems concentration serves students with an electronics background via three paths or emphasis areas: alternative energy, electronic systems and integrated electronic systems (focused on the semiconductor industry).

The alternative energy technologies emphasis explores various alternative energy resources. This program provides hands-on laboratory experience on energy conversion and storage technologies, including photovoltaics, fuel cells, batteries, electrolyzers and supercapacitors.

The electronic systems emphasis allows students to continue to develop a knowledge of electrical and electronic fundamentals, with an applications perspective and a focus on the general topics of microcontrollers and advanced digital controllers and how these are used in industry.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

Career Opportunities:

Graduates from the alternative energy emphasis are able to work in a number of different companies involved in alternative energy. These companies may be traditional energy production companies expanding into new production technologies or start-up companies involved in solar energy or fuel cells.

Graduates from the electronic systems emphasis are able to work as members of engineering teams in applied design, product development, manufacturing, production or operations. They may also be employed in technical services capacities, including field engineering, marketing or sales.

Applied Science (Graphic Information Technology), BAS (TSGITBAS)

Campus: POLY

Program Description:

The BAS program is a flexible, 60-credit-hour degree designed specifically for students who have earned a relevant AAS from a regionally accredited institution.

This concentration in graphic information technology prepares graduates in the cross-media graphic industry that includes:

commercial photography and technical imaging

- internet and Web development

printing and digital publishing

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

Accelerated Degrees:

This degree is also offered as an accelerated degree with Graphic Information Technology (MSTech)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students applying to this program must have completed an Associate of Applied Science degree in computer graphic design, digital arts, digital photography, eLearning design specialist, game technology, graphic design, animation and web publishing design, graphic design: visual communication, information technology: web and graphic design, media arts: desktop publishing, media arts: web design, multimedia, multimedia and business technology, and video production technology.

Career Opportunities:

Graduates of the program, which combines technical course work with management content, are prepared to assume supervisory positions such as:

- art director
- client support specialist
- commercial photographer/videographer
- graphic designer
- production manager
- user interface designer
- Web designer

The website design option prepares graduates for careers in website design and development.

The digital publishing option prepares graduates for lead technical and entry-level management positions in print, imaging and digital publishing.

The digital media option prepares graduates for technical positions in industry implementing, planning and producing interactive communications.

Applied Science (Software and Computing Systems), BAS (TSCSTBAS)

Campus: POLY

Program Description:

The BAS program with a concentration in software and computing systems is a 60-credit-hour degree designed specifically for students who have earned an AAS from a regionally accredited institution in a computing area. Students are expected to have an AAS with course work in object-oriented programming, data structures, computer organization, and assembly language programming. to enroll in upper-division major courses. The program requires upper-division course work and laboratories, and culminates in a capstone senior project.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Biomedical Engineering, BSE (ESBMEBSE)

Campus: TEMPE

Program Description:

Biomedical engineering applies principles of engineering to study and solve problems in biology and medicine.

Our goal is to produce high-quality graduates with broad-based education in biomedical engineering who are well prepared for careers in industry and further study in graduate, medical or other health professional schools.

Our graduates are trained to apply their skills in an ethical, sustainable and environmentally responsible manner to make contributions that address societal and individual needs.

Our objective is to prepare students:

- for productive employment, graduate study or professional programs, especially in human and animal medicine, biotechnology and related biology-based engineering fields
- who continue to develop technical knowledge, awareness and leadership abilities to address domestic or global issues in human health
- who will ethically and responsibly contribute to society, drawing from an integrated, multidisciplinary biomedical engineering education, focusing on sustainability and environmentalism

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Biomedical Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 3.00 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

Biomedical engineers are primarily employed in:

- governmental regulatory agencies
- hospital and research facilities

- medical and educational institutions
- the medical device, biotechnology and pharmaceutical industries

In industry, they may work in all aspects of product development including:

- business development
- manufacturing
- marketing
- quality
- regulatory
- research and design
- sales

Because of their background in both the engineering and medical fields, they often serve a coordinating or interfacing function and provide a key role for interdisciplinary teams. Government positions may involve:

- evaluating new technologies
- product testing and safety
- setting standards

In the hospital, biomedical engineers serving in a clinical engineering function may provide advice on the selection and use of medical equipment and supervise performance testing and maintenance. Biomedical engineers may also build customized devices for special health care, rehabilitation or research needs.

Chemical Engineering, BSE (ESCHEBSE)

Campus: TEMPE

Program Description:

Chemical engineering deals with the application of chemistry, physics and mathematics to the process of converting raw materials or chemicals into more useful or valuable forms. Chemical engineering also involves the design of valuable new materials and chemical products.

The BSE offered in the chemical engineering program builds on a broad base of knowledge within the basic and mathematical sciences and engineering, and it offers excellent career opportunities. Chemical engineers are engaged in the development and production of a diverse range of products, including high-performance materials needed for aerospace, automotive, biomedical, electronic, environmental and military applications. The modern discipline of chemical engineering is intertwined with biology and biomedical engineering.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Chemical Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours:

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

Chemical engineers have traditionally played a key role in industries as varied as:

- artificial fibers
- ceramics
- food
- glass
- petrochemicals
- petroleum
- plastics
- primary metals
- specialty chemicals

Newer areas, such as semiconductors, biotechnology, biomedical engineering, modern materials (composites, superconductors) and the solution of environmental problems, have also generated more opportunities for chemical engineers. These factors, along with the recent recovery and reported record earnings of the chemical and petroleum industries, have created a great demand for chemical engineering graduates.

Civil Engineering, BSE (ESCEEBSE)

Campus: TEMPE

Program Description:

Civil engineering majors in the Ira A. Fulton Schools of Engineering have three choices within the accredited BSE program:

- civil engineering
- civil engineering with environmental engineering concentration
- civil engineering with sustainable engineering concentration

The first choice allows students to choose among design and technical elective courses in their senior year. The other choices specify design and technical courses to students with minimal choices. Regardless of choice, the Bachelor of Science in Engineering in civil engineering is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Civil engineering involves the analysis, planning, design, construction, maintenance and application of sustainable practices in all areas of urban infrastructure for government, commerce, industry and the public domain. These include:

- airports
- bridges
- canals
- dams
- factories
- office towers
- roadway systems
- schools
- tunnels and subway systems
- water purification facilities

Civil engineers are concerned with the impact their projects have on the public and the environment; they coordinate the needs of society with technical and economic feasibility.

The curriculum exposes students to the following areas of civil engineering, with a strong emphasis on sustainability:

- construction engineering
- environmental engineering
- geotechnical engineering
- hydrosystems engineering
- structures
- transportation

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Civil, Environmental and Sustainable Engineering (MSE)

Civil, Environmental, and Sustainable Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25

percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

ASU graduates with a bachelor's degree in civil engineering readily find employment. Civil engineers work in many different types of companies, from large corporations to small, private consulting firms or governmental agencies. A civil engineering background is an excellent foundation for jobs in management and public service. Civil engineering is one of the best engineering professions from the viewpoint of international travel opportunities or for eventually establishing one's own consulting business. The bachelor's prepares graduates for the fundamentals of engineering examination, the professional engineering examination and graduate degrees.

Civil Engineering (Environmental Engineering), BSE (ESCEEEBSE)

Campus: TEMPE

Program Description:

Civil engineering majors have three choices within the accredited BSE program:

- civil engineering
- civil engineering with environmental engineering concentration
- civil engineering with sustainable engineering concentration

The first choice allows students to choose among design and technical elective courses in their senior year. The other choices specify design and technical courses to students with minimal choices. Regardless of choice, the Bachelor of Science in Engineering in civil engineering is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

The bachelor's in civil engineering, with a concentration in environmental engineering, is a multidisciplinary field based on traditional civil engineering principles, chemistry, biology and geology. Environmental engineers are involved with:

- air pollution technology
- analysis of the fate and transport of pollutants
- application of sustainable practices in all areas of urban infrastructure
- construction of hazardous waste containment systems
- design and operation of water and wastewater treatment systems
- remediation of contaminated soils and waters
- surface water quality management
- water conservation and reuse

The curriculum also exposes students to other traditional civil engineering areas.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

- Civil, Environmental and Sustainable Engineering (MSE)
- Civil, Environmental, and Sustainable Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

ASU graduates with a bachelor's in civil engineering with a concentration in environmental engineering find employment in:

- consulting firms
- industry
- municipalities
- regulatory agencies

The growth of environmental engineering positions has been balanced by the growing number of students entering the field, resulting in a stable job market.

A civil engineering background is an excellent foundation for jobs in management and public service. International opportunities are abundant and are likely to expand. The bachelor's in civil engineering prepares graduates for the fundamentals of engineering examination, the professional engineering examination and graduate degrees.

Civil Engineering (Sustainable Engineering), BSE (ESCEESUBSE)

Campus: TEMPE

Program Description:

Civil engineering majors have three choices within the accredited BSE program:

- civil engineering
- civil engineering with environmental engineering concentration
- civil engineering with sustainable engineering concentration

The first choice allows students to choose among design and technical elective courses in their senior year. The other choices specify design and technical courses to students with minimal choices. Regardless of choice, the Bachelor of Science in Engineering in civil engineering is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

The bachelor's in civil engineering with a concentration in sustainable engineering incorporates systems modeling and life cycle approaches to assessing the resiliency and material selection across all areas of urban infrastructure, or built environment, currently addressed within the civil engineering degree. The program is designed to provide students with exposure to material from several disciplines that comply with the principles of economic, social and ecological sustainability and apply them to traditional civil engineering areas.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Civil, Environmental and Sustainable Engineering (MSE)

Civil, Environmental, and Sustainable Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

Many jobs are currently available that are applicable to the civil engineers with sustainable engineering concentration in different types of companies, from large corporations to small, private consulting firms or governmental agencies. Civil engineering is one of the best engineering professions from the viewpoint of international travel opportunities or for eventually establishing one's own consulting business. The bachelor's in civil engineering prepares graduates for the fundamentals of engineering examination, the principles and practice of engineering examination and graduate degrees.

Computer Science, BS (ESCSEBS)

Campus: TEMPE

Program Description:

Computer science professionals design, analyze and improve the quality of computer software and systems for a variety of applications, including:

- artificial intelligence
- computer vision
- graphics
- information management
- multimedia
- networking
- security

Examples of projects a computer scientist might work on include:

- computer networking
- database and information systems
- distribution processing systems
- gaming systems
- next-generation computing systems
- search engines
- software engineering
- web services

The program focuses on the design of computers, computational processes for problem solving, and information transfer and transformation with an emphasis on improving software and system quality, security, performance and usability. The program supports the evolution of the computing and informatics disciplines, the integration of computer and information sciences with engineering, science and other disciplines.

Accredited by the Computing Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

- Computer Science (Art, Media and Eng) (MS)
- Computer Science (Big Data Systems)
- Computer Science (Biomedical Informatics)(MS)
- Computer Science (Information Assurance) (MS)
- Computer Science (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Computer science graduates secure employment in a variety of capacities ranging from computer and software design to development of information technologies. Their jobs are often distinguished by the high level of theoretical expertise applied to solving complex problems and to the creation and application of new computing technologies. Some computer science-related jobs may include:

- creating computer games and graphics systems
- designing artificial intelligence systems
- developing network security applications
- discovering data management and mining solutions for large scale data analytics
- inventing and implementing more efficient computing systems for managing data and information, including information retrieval and search on the Internet

With the theoretical foundation built into the program, computer science graduates can excel in system and software development as well as in

Academic Catalog Archive 2014-2015 976

designing effective computing solutions for emerging and challenging problems in modern society. Skills in system development and research can lead to entrepreneurial activity that produces innovative computing products and services.

Computer Science (Software Engineering), BS (ESCSESBS)

Campus: TEMPE

Program Description:

The software engineering concentration is appropriate for computer science students seeking careers as software engineers. Students will learn advanced processes, methodologies and tools for developing and testing large and small software applications in emerging areas such as:

- enterprise systems
- service-orientated computing
- interoperable systems

They will also learn information assurance concepts and techniques, or principles of human computer interaction and methods, for developing these applications. The curriculum prepares students to assume leadership roles in software development organizations and to practice professional standards and emerging software technology to the software engineering life-cycle activities.

Accredited by the Computing Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Career opportunities are strong and numerous for software engineering concentration graduates. Graduates possess the knowledge and skills to work across the spectrum of software development process activities including:

- architecture
- coding
- project management
- quality assurance
- requirements engineering
- testing

Career paths include:

- software analyst
- software architect
- software engineer
- software task leader
- software tester

Software engineering concentration graduates find employment in large and small organizations that develop, deploy and manage software systems. They work on all types of projects from large, complex engineering systems, distributed banking, financial and government software to gaming.

Computer Systems (Computer Hardware Technology), BS (TSCSTHBS)

Campus: POLY

Program Description:

The computer hardware technology concentration, under the BS in computer systems, offers students the opportunity to develop knowledge and skills in the broad area of digital systems, computer hardware and computer network applications. Current computing industry needs drive the program's curriculum. The computer systems program uses mathematics, science and economics along with technological knowledge and skill in the application of programming languages, computer hardware, operating systems and networking to design, analyze, implement and test systems that integrate hardware and low-level software. The program is problem-based with exercises utilizing the languages, tools and methods of computing best practices.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Computer Systems Engineering, BSE (ESCSEBSE)

Campus: TEMPE

Program Description:

The computer systems engineering program focuses on the analysis, design, testing, integration and evaluation of hardware and software systems. The curriculum is grounded in many engineering disciplines, including the applications of science and technology to the design of:

- computer architecture
- computer security
- digital circuits
- distributed and embedded systems
- networking
- operating systems

Students engage in the design of integrated hardware and software solutions for computing, communication and control applications. They practice many aspects of engineering activities, such as the development of:

- computer networks
- embedded and ubiquitous systems
- high performance computer systems
- individual digital components

Students become skilled at interfacing different pieces of hardware and software components, and integrating systems and products with new capabilities and improved quality and performance.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

- Computer Science (Art, Media and Eng) (MS)
- Computer Science (Big Data Systems)
- Computer Science (Biomedical Informatics)(MS)
- Computer Science (Information Assurance) (MS)
- Computer Science (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

Computer systems engineers are employed in industry, government, education and consulting firms where they engage in the design, development and operation of hardware and software systems of computer and networking equipment.

Computer systems engineers often find themselves focusing on engineering problems or challenges of emerging computer systems, from chips to device controllers, embedded systems and high performance computing servers. Their jobs usually involve the research, design and development of computer hardware and software for practical applications. Their work can result in innovative, state-of-the-art products that integrate computing and communication capabilities, such as those in:

- avionics and space vehicles
- digital television and photography
- intelligent highways and control systems for vehicles
- mobile devices and smart applications
- new apparatuses for health care and for the sight-impaired or others with physical disabilities
- security and defense systems

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

Students enrolled in the information assurance concentration are eligible for federal fellowships such as the Department of Defense Information Assurance Scholarship Program (IASP) and the Federal Cyber Service Scholarship for Service Program (SFS). For more information on the scholarship programs, see <http://ia.asu.edu/scholarship.php> (<http://ia.asu.edu/scholarship.php>).

Graduates with a degree in computer systems engineering with an information assurance concentration find employment in a variety of capacities ranging from computer system and software development to research on information assurance technologies. Some related jobs may include:

- analyzing computer forensic data
- designing secure information systems and networks
- information security consulting
- information systems security engineering
- network security engineering

Construction Engineering, BSE (ESCONBSE)

Campus: TEMPE

Program Description:

The BSE in construction engineering focuses on a combination of design and management topics, preparing the student for a career in the engineering and construction industry. The degree prepares students who wish to gain a professional engineering license while working at the interface of design and construction; it is desirable to those students who are interested in a career emphasizing construction of infrastructure. The degree makeup includes engineering design and construction management courses with a focus on sustainability and building information modeling topics. Construction management content includes:

- construction methods
- contract management

- cost and schedule control
- people management
- project estimating

The curriculum's design content includes structures, geotechnical engineering and transportation. Students are further prepared with the computer, management, technical and people skills needed to succeed. This degree is the third in the Southwestern U.S. and one of about 20 worldwide.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Construction Engineering (MSE)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer student with 24 or more transferable college credit hours must meet EITHER the primary OR secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

The construction engineering graduate will be prepared to begin as a field engineer, project engineer or project designer working for:

- construction companies
- design firms
- facility owners
- material suppliers
- specialty subcontractors

The graduate will have unique skills which will allow them to take on the role of integrator in the delivery of design-build projects or development activities. As the graduate's career progresses, they should be able to take on leadership roles in the delivery of sustainable facilities in the built environment and then progress through successively higher levels of management responsibility. The graduate should be particularly attuned to design and construction of heavy civil and industrial facilities meeting the infrastructure needs of society.

Construction Management, BS (ESCONMGTBBS)

Campus: TEMPE

Program Description:

The BS in construction management allows students to specialize in heavy construction, residential, commercial, specialty construction and facility management. Students learn to organize, lead and manage the building construction business processes related to real estate, facility and infrastructure projects. Construction management is the most vital function on a job site. Construction managers represent the interests of the building owner or the contractor and interact with architects, engineers, subcontractors, vendors and suppliers to ensure the success of the construction projects in the built environment. This degree focuses on the technology of construction, building information modeling and safety.

Students learn:

- the basics of design
- the construction methods specific to each type of construction (heavy, residential, commercial, specialty)
- how to estimate, schedule and control the costs of a project
- what it takes to manage the people involved and the various types of contracts
- the process of sustainable or green construction

Students are prepared with the computer, management, technical and people skills needed to succeed. This is one of two construction programs in the state of Arizona and one of approximately 80 accredited programs in the nation.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Accelerated Degrees:

This degree is also offered as an accelerated degree with Construction Management (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25

percent of high school class, and

- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The construction management program provides a foundation for students who wish to pursue careers as estimators, project managers, project engineers or schedulers and eventually become principals of firms engaged in the construction of industrial, commercial and institutional structures and infrastructure systems. The heavy construction emphasis area prepares students for careers related to public works such as highways, airports, bridges, utility systems and water or waste treatment facilities.

The commercial and residential emphasis areas prepare students for careers in real estate development, home production systems, commercial construction, health care and special industrial building projects. Students are also prepared to enter the sustainable or green construction market.

The specialty construction emphasis prepares students to organize, lead and manage the building process at the subcontractor level and prepares students for careers as contractors working with mechanical and electrical systems. It also prepares students for careers in management at specialty contracting firms, such as control systems, electrical distribution or heating, ventilation and air conditioning systems for large and complex facilities such as data centers, health care organizations and semiconductor manufacturing plants as well as commercial facilities.

Construction Management (Concrete Industry Management), BS (ESCONIMBS)

Campus: TEMPE

Program Description:

The Del E. Webb School of Construction offers the BS in construction with a concentration in concrete industry management. Concrete industry management graduates are broadly educated, articulate managers grounded in basic construction management, who are knowledgeable about concrete technology and techniques, and are able to manage people and systems and to promote products or services in the concrete industry.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

The concrete industry management concentration provides a foundation for students who wish to pursue careers as project managers, estimators, schedulers or a combination of all three at an executive level. Concrete industry management career opportunities include:

- advanced mixing technology or equipment manufacturing
- cement
- concrete or general contracting
- concrete production
- development
- field sales
- operations
- project and production management
- technical service

Electrical Engineering, BSE (ESEEEBSE)

Campus: ONLNE, TEMPE

Program Description:

The goal of the electrical engineering undergraduate program is to prepare graduates for positions as electrical engineers. Faculty in the Ira A. Fulton Schools of Engineering offer a BSE in electrical engineering. Following initial course work in mathematics and sciences, the foundation

Academic Catalog Archive 2014-2015 988

classes build a solid base of engineering knowledge. The electrical engineering curriculum includes a number of required upper-division electrical engineering and technical elective courses; areas include:

- circuits
- communication, signal processing and control systems
- computer engineering
- electromagnetics
- power
- solid-state devices

Approved technical elective courses provide students with an opportunity either to broaden their background in electrical engineering or to study, in greater depth, technical subjects in which they have special interest.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Electrical Engineering (MSE)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Career Opportunities:

Graduates with the bachelor's in electrical engineering find many exciting opportunities in industry. These include:

- communication equipment and network providers
- computer and peripheral device manufacturers and defense organizations
- consulting companies
- electric power utilities
- semiconductor chip designers and manufacturers

The program also prepares graduates for continued learning experiences, either in a formal graduate program or in continuing education applications.

Electrical Engineering (Electric Power and Energy Systems), BSE (ESEEEPBSE)

Campus: TEMPE

Program Description:

The goal of the electric power and energy systems concentration is to prepare graduates for positions in industries dealing with generation, transmission and utilization of electric power. Generation includes conventional power generation (fossil fuel and nuclear) and alternative energy systems, including solar, wind and fuel cells.

Students in this concentration will complete the foundation courses in math, science and engineering. They are then required to take the pathway course in electric power and complete nine of the 15 technical elective credit hours with power classes. In addition, the senior design capstone project should be in the area of electric power and energy systems.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- Academic Catalog Archive 2014-2015 990

- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

Career opportunities for graduates with a concentration in electric power and energy systems include:

- consulting engineering firms
- employment in utility companies
- entrepreneurial opportunities
- power equipment manufacturers
- research and design organizations
- state, federal and municipal agencies

This concentration will also prepare students to pursue graduate degrees in the areas of:

- power generation
- power systems
- power transmission and distribution
- renewable and sustainable energy sources

The program also prepares graduates for continued learning experiences, either in a formal graduate program or in continuing education applications.

Electronics Engineering Technology (Alternative Energy Technologies), BS (TSEETABS)

Campus: POLY

Program Description:

The curriculum of the BS program in electronics engineering technology serves the needs of students interested in applied aspects of electronics technology. The electronics engineering technology program has a practice-based approach and uses laboratories to make electronics technology real to students. Major components of the program include:

- design
- electronics-related technical courses
- engineering science
- general education
- science and mathematics

The alternative energy technologies concentration explores the demands of energy resources in the new economy. This program strives to educate individuals in the use of energy sources such as solar, wind, ocean, geothermal and biomass. This program provides hands-on laboratory experience on several energy conversion and storage technologies including photovoltaics, fuel cells, batteries, electrolyzers and supercapacitors.

This program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).
Academic Catalog Archive 2014-2015 991

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates have an understanding of energy and power technology, the contribution of materials and components to the performance of electronic systems, and how to exploit the power of integrated electronics to enhance productivity and technology solutions. The alternative energy technologies concentration is aimed at preparing graduates for careers in alternative energy as related to electric power conditioning, control systems, electronics and instrumentation. The specific positions might include:

- application interface
- environmental and reliability analysis
- policy analysis
- process control
- system design
- technology analysis

Electronics Engineering Technology (Electronic Systems), BS (TSEETBS)

Campus: POLY

Program Description:

The curriculum of the BS electronics engineering technology degree serves the needs of students interested in applied aspects of electronics technology. The electronics engineering technology program has a practice-based approach and uses laboratories to make electronics technology real to students. Major components of the program include:

- design
- electronics-related technical courses
- engineering science
- general education
- science and mathematics

The field of electronics engineering technology applies mathematics, science and economics, along with state-of-the-art electronics techniques, materials and devices to solve technological problems and to produce useful products. The concentration in electronic systems, under the BS in electronics engineering technology, allows students to develop a broad-based knowledge of electrical and electronic fundamentals with an applications perspective.

This program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Graduates have an understanding of energy and power technology, the contribution of materials and components to the performance of electronic systems, and how to exploit the power of integrated electronics to enhance productivity and technology solutions. The electronic systems concentration prepares persons for careers in:

- control applications
- electronics applications
- instrumentation applications
- power systems applications

Engineering technologists typically work as members of engineering teams in:

- applied design
- manufacturing
- operations
- product development
- production

They may also be employed in technical services capacities, including:

- field engineering
- marketing
- sales

Engineering, BSE (TSEGRBSE)

Campus: POLY

Program Description:

Engineers are creative problem-solvers who help shape the future. No profession unleashes the spirit of innovation like engineering, and the ABET-accredited BSE engineering program prepares graduates to:

- collaborate across disciplines to design and build solutions to real world problems
- design innovative products
- improve the quality of life for humankind
- provide technological leadership

In the BSE program, students apply engineering fundamental knowledge and design thinking to real projects every semester. Students choose a disciplinary focus where they develop in-depth knowledge in a specific area. This flexibility allows students to tailor their education to achieve their individual career and life goals.

Students can choose to focus in the following areas:

- automotive systems engineering
- electrical systems
- environmental systems
- humanitarian engineering
- mechanical systems engineering
- robotics

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

Career Opportunities:

Engineers collaborate on interdisciplinary teams to design, manufacture and deliver innovative technological products and services. The bachelor's program enables students to develop not only sophisticated engineering technical skills but also the important professional skills of communication, teamwork and collaboration, and the adaptability that many employers seek. Graduates are prepared to work in large corporations, government agencies, small businesses, as well as to go on to graduate school to pursue advanced degrees. Due to the emphasis on design and project-based learning, the program supports an entrepreneurial spirit, and some students start companies of their own.

Engineering (Automotive Systems), BSE (TSEGRASBSE)

Campus: POLY

Program Description:

The BSE in engineering within the Polytechnic School is a multidisciplinary engineering program with concentrations in automotive systems, mechanical systems, electrical systems and robotics. Students take concentration or emphasis-area courses in their junior and senior years. The program allows students to learn in a problem-focused curriculum with hands-on projects. Additionally, the program integrates the development of applied industry skills. The automotive concentration addresses vehicle design. In the junior and senior years, students will take courses in automotive systems and mechanical and electrical engineering topics. The curriculum focuses on automotive engineering fundamentals, including powertrain engineering and chassis system design, as well as hands-on projects that involve designing, analyzing and building of actual automotive systems. The bachelor's graduate with an automotive systems concentration will be able to provide leadership in automotive engineering settings, especially automotive testing and hybrid propulsion systems, which are intrinsically multidisciplinary in nature.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates from the automotive concentration are prepared for employment in automotive-related companies, from large original equipment manufacturing companies and their testing grounds to smaller specialty or aftermarket companies.

Since this is a concentration in the BSE in engineering program, graduates also will have opportunities to perform functions that have traditionally been done by mechanical, manufacturing, automation and development engineers.

Engineering (Electrical Systems), BSE (TSEGRESBSE)

Campus: POLY

Program Description:

Engineers are creative problem-solvers who help shape the future. No profession unleashes the spirit of innovation like engineering, and the ABET-accredited BSE engineering program prepares graduates to:

- collaborate across disciplines to design and build solutions to real world problems
- design innovative products
- improve the quality of life for humankind
- provide technological leadership

In the BSE program, students apply engineering fundamental knowledge and design thinking to real projects every semester. The student with an electrical systems concentration will be able to contribute electrical subject matter expertise in multidisciplinary engineering teams. Students build a broad foundation of engineering fundamentals in the freshman and sophomore years. In the junior and senior years, students add specialized electrical expertise to this foundation, including theory and application of sensors, actuators, microcontrollers and microprocessors, power sources and board level implementations of such systems.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> ([http://www.abet.org" target="_blank](http://www.abet.org)).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I The program also requires: MAT 266, MAT 267, MAT 275, MAT 343 for a total of 15 mathematics credits.

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Engineering MS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Engineering (Humanitarian Engineering), BSE (TSEGRHEBSE)

Campus: POLY

Program Description:

The BSE engineering program at the Polytechnic campus is a multidisciplinary engineering program with multiple concentrations or emphasis areas. The program allows students to learn from a problem-focused curriculum and with hands-on projects. Additionally, development of applied industry skills are integrated into the program. In the junior and senior years, students will take courses in water and energy systems as well as work with ASU's Global Resolve organization to adapt these systems to local and developing world needs. Graduates of the bachelor's program with a humanitarian engineering concentration will be positioned to work on multidisciplinary teams addressing vital engineering needs of communities in the developing world. They will have real-world experience with the challenges and opportunities inherent in this environment and be able to make an impact by improving people's lives by solving real problems.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Engineering Management, BSE (ESEMGBSE)

Campus: ONLNE, TEMPE

Program Description:

The program in engineering management is designed to provide the graduate with skills for effective management and leadership of engineering-driven enterprises. The curriculum provides a breadth of engineering science and design with depth in one specific area suitable for practice. This knowledge is augmented with an understanding of business practices, organizational behavior and management skills to enable the graduate to succeed in the management of a scientific or engineering enterprise. Topics such as project and resource management, financial engineering, risk management, configuration management, service plans, product liability, entrepreneurship and operations management are covered, in addition to product design and process development.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Concurrent Degrees:

This degree is also offered as concurrent degree with Economics, BS

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)
Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission requirements for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission requirements. Students should select a second major choice when applying for admission to a degree program in the Ira A. Fulton Schools of Engineering.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://students.asu.edu/international-admission>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1100 SAT combined math and verbal or minimum 23 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- Admission may be granted with one deficiency in no more than two competency (<http://students.asu.edu/admission/competencies>) areas. Deficiencies in both math and laboratory science are not acceptable.

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 2.75 for less than 24 transfer hours, and
- satisfy the freshmen admission requirements

Transfer students with more than 24 transferable college credit hours:

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- If Undergraduate Admissions requires submission of a high school transcript, admission may be granted with one deficiency in no more than two competency (<http://students.asu.edu/admission/competencies>) areas. Deficiencies in both math and laboratory science are not acceptable.

Concurrent degree admission requirements: Engineering Management, BSE and Economics, BS:

- minimum 1250 SAT combined math and verbal (650 minimum on SAT math) or minimum 29 ACT combined score (29 minimum on ACT math), and
- 3.00 minimum ABOR GPA

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Career Opportunities:

The engineering management graduate will be prepared to begin as a:

- production supervisor
- project management team member or lead
- supply logistics engineer
- system specification and customer relationship management specialist or similar role

The graduate will then progress through successively higher levels of management responsibility.

The graduate will leave with a deep understanding of at least one industry sector based upon the focus area selected.

Environmental and Resource Management, BS (TSETMBS)

Campus: POLY

Program Description:

The BS in environmental and resource management degree provides critical scientific and management skills for graduates who will work in industry or government to ensure the health of natural ecosystems and to mitigate the environmental impact of our industrial world. The curriculum combines a strong foundation in biology, chemistry and mathematics, with a solid grounding in environmental law, natural resources policy, and essential management theory and practice.

Three focus areas are available. Environmental technology focuses on industrial sources of pollution and includes course work in water and wastewater treatment, air pollution, solid and hazardous waste management and industrial hygiene. The range and wildlife areas focus on wildlife and resource management in urban and undeveloped habitats, and their potential need for restoration. Graduates with these skills are in high demand and can find work in industry, governmental management and regulatory agencies, or in policy making organizations.

An accelerated BS/MS degree option is available in which up to nine hours of the bachelor's degree may be applied toward the 33 hours required for the master's in environmental and resource management. A special application is required for this option.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Accelerated Degrees:

This degree is also offered as an accelerated degree with Environmental Tech Mgmt (Polytechnic Campus) (MSTech)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

Career Opportunities:

Graduates are firmly grounded in the scientific, technical and legal problems facing environmental managers in today's business climate. They are prepared to be environmental, health and safety professionals in industrial settings, environmental engineering consulting firms or as restoration ecologists and managers of wildlife habitat. Government agencies that employ graduates include the U.S. Environmental Protection Agency, U.S. Geological Survey, Bureau of Land Management, Forest Service, Bureau of Reclamation, state or county departments of environmental quality, state land departments, and state game and fish departments.

Examples of occupations for graduates include:

- brownfield redevelopment specialist
- ecologist
- environmental planner
- environmental scientist
- industrial safety and health engineer
- range conservationist
- soil conservationist
- wildlife biologist

Graphic Information Technology, BS (TSGITBS)

Campus: ONLNE, POLY

Program Description:

The cross-media nature of the graphic information industry requires tomorrow's graduates to understand the full spectrum of graphic technology, publishing processes and current business practices. The BS program in graphic information technology prepares graduates for a seamless career as a graphic technologist encompassing Web design and development, printing and digital publishing, commercial photography and videography, and technical imaging. This is an intensive program of study emphasizing theory and hands-on laboratory practice. Students develop the following skills:

- commercial photography and video
- document design
- multimedia and interactive technologies
- premedia, digital publishing and print technologies
- project and content management
- technical imaging
- user experience design
- Web design and development

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Graphic Information Technology (Gaming), BS (TSGITGBS)

Campus: POLY

Program Description:

The cross-media nature of the graphic information industry requires tomorrow's graduates to understand the full spectrum of graphic technology, reproduction processes and current business practices. The BS program in graphic information technology prepares graduates for a seamless career as a graphic technologist encompassing Web development and Internet technologies, printing and digital publishing, and commercial and technical imaging, and gaming technologies. Graduates of the BS in graphic information technology with a concentration in gaming will be able to critically analyze, design and develop the various game appearance and art assets needed to create video games. Students will learn and apply the latest game visual development skills, tools and technologies. Students develop the following skills:

- commercial photography and video
- document design
- gaming and simulation technologies
- multimedia and interactive technologies
- premedia, digital publishing and print technologies
- project and content management
- technical imaging
- user experience design
- Web design and development

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Industrial Engineering, BSE (ESIEEBSE)

Campus: TEMPE

Program Description:

Industrial engineering is concerned with the design, improvement, installation and operation of integrated systems of people, materials, information, equipment and energy. The purpose is to determine efficient ways to make a product or to provide a service. Industrial engineering draws upon specialized knowledge and skill in the mathematical, physical and social sciences together with the principles and methods of engineering analysis and design.

The underlying concepts of industrial engineering include certain business principles, but emphasizes the use of mathematics and information technology to build models to describe, understand and optimize system performance. Depending on the subspecialties involved and intended application, industrial engineering may also be known as operations management, management science, operations research, systems engineering or manufacturing engineering.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Industrial Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

Graduates in industrial engineering are prepared to design and manage systems for a wide range of organizations. They find exciting career opportunities in all types of manufacturing and service industries, including:

- aerospace
- automotive
- banking
- defense
- finance
- government
- health care
- management consulting
- semiconductor manufacturing
- telecommunications
- transportation

Industrial and Organizational Psychology, BS (ECPSYBS)

Campus: POLY

Program Description:

Americans spend more than 54 percent of their waking hours at work. As a result, students who want to make a real impact on peoples' lives are beginning to focus on the psychology of work. Industrial and organizational psychology helps organizations identify the right job candidates to hire, determine the best job fit for each worker, and design enjoyable and effective workplaces, taking into account work-life balance. Finally, one specialty, human factors, focuses on designing tools and products that are easy to use and reduce human error.

In addition to strong education in human learning, memory, emotion, judgment and social psychology, which prepare students for employment or graduate school, students can choose to focus in two of five focus areas:

- consumer psychology
- human resources and organizational behavior
- learning technology
- preclinical and counseling
- user experience

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

Career Opportunities:

Some students pursue masters or doctorate degrees, but many career opportunities exist for graduates with bachelor's degrees, especially in the areas of human resources, human factors design, user experience, and consumer behavior.

We routinely place our qualified undergraduate students in internships in leading companies or government agencies in the fields of technology, transportation, training, defense and health care. According to the 2012 Occupational Outlook Handbook, published by the U.S. Department of Labor, industrial and organizational psychology is one of the best paying specialties in psychology, and demand for industrial and organizational psychologists is growing at a rate of about 29 percent annually.

Informatics, BS (ESCPIBS)

Campus: TEMPE

Program Description:

Informatics is about discovering, developing and understanding computer applications that improve people's lives. The BS informatics program prepares skilled professionals who take an interdisciplinary, user-oriented perspective toward information and computing systems, apply current informatics methods to address society's needs, and contribute to the next generation of such systems.

The informatics bachelor's program provides an option for students interested in a flexible program in applied information and computing technologies. The program provides skills in design and implementation of computer systems, while offering opportunities for building applications used by people in many fields. Informatics students learn to develop software for supercomputers to cell phones and even smaller devices. Informatics challenges include designing, developing, and applying tools that model, aid, or automate activities within science, engineering, business, geography, education and entertainment.

Informatics careers center on solving problems through the design and creation of information systems, user interfaces, mobile technologies and social media.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus or MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission requirements for a Bachelor of Science in informatics are higher than minimum university admission requirements. Students should select a second major choice when applying for admission to a degree program in the Ira A. Fulton Schools of Engineering.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://students.asu.edu/international-admission> (<http://students.asu.edu/international-admission>)) and admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- Minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- A competency deficiency in either math or laboratory science is allowed. Competency deficiencies in both math and science are not allowed.

Transfer students with fewer than 24 transferable college credit hours:

- Minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- A competency deficiency in either math or laboratory science is allowed. Competency deficiencies in both math and science are not allowed, and
- Minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class.

Transfer students with more than 24 transferable college credit hours:

Primary Criteria

- Minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- A competency deficiency in either math or laboratory science is allowed. Competency deficiencies in both math and science are not allowed (if Undergraduate Admissions requires submission of a high school transcript).

Secondary Criteria

- Minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- Minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- A competency deficiency in either math or laboratory science is allowed. Competency deficiencies in both math and science are not allowed (if Undergraduate Admissions requires submission of a high school transcript).

Career Opportunities:

An ASU graduate of this ASU informatics program has the ability to develop future information technology solutions that place a strong emphasis on user needs and provide the ability to adapt and change dynamically with society's needs. This makes the informatician a strong candidate for jobs in:

- management consulting firms
- technology research centers
- technology start-ups

Additionally, the program prepares students for graduate programs offering emphasis in emerging technologies.

Information Technology, BS (TSIFTBS)

Campus: ONLNE, POLY

Program Description:

Information technology is for those who want to be responsible for designing, selecting, implementing, and managing computer-based information solutions. The information technology graduate can design and create effective solutions to today's knowledge-based problems. Graduates design and create network architectures, configure and administer complex computer and database systems, create and manage effective web sites, or

design and process interactive media solutions. In the bachelor's in information technology program, students will create a project solution every semester and hone team and personal presentation skills. In addition to selecting a primary focus area, (networking, computer systems security or cloud computing), students will be able to create their own secondary focus area that meets their specific career objectives.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Career Opportunities:

Graduates of the information technology bachelor's program are well-qualified for careers in the management of IT departments and functions. This degree couples technical skills with the business skills needed to manage technical functions. Some graduates may pursue careers as technical support staff based on the focus area and secondary skills they achieve.

Graduates will have the ability to manage technical professionals in these focus areas:

The focus area in networking explores the tools, frameworks, technologies and processes underlying the design, construction, deployment and support of computer networks.

The focus area in computer systems security and administration provides the graduate with the concepts underlying information assurance, securing computer applications and secure communication of information.

The focus area in cloud computing and service-oriented computing explores the tools, languages and frameworks for designing, realizing and managing virtual cloud-based computing solutions. Students have the option in the information technology program to delve into the back-end information services to augment their knowledge of databases, and human-computer interface design.

Manufacturing Engineering, BS (TSMEGRBS)

Campus: POLY

Program Description:

Successful manufacturing enterprises balance design, sustainability and quality with production to prosper in the global marketplace. Manufacturing engineering combines manufacturing processes (e.g., how materials are altered in either shape or properties) and the processes of manufacturing (e.g., design and management of manufacturing systems).

The BS manufacturing engineering program prepares graduates to:

- collaborate across disciplines to design and build solutions to real-world problems
- design innovative products and the equipment, tooling and environments necessary for their manufacture

- model, simulate and analyze manufacturing production processes for both small and large scale environments
- analyze, synthesize and control manufacturing operations using statistical methods
- provide technological leadership

The curriculum is project-based, hands-on, teamwork oriented and delivered in outstanding fabrication facilities. Graduates of this program will become key team members who will create and implement processes for making such varied products as airplanes, surgical instrument, toys and foodstuffs.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Engineers collaborate on interdisciplinary teams to design, manufacture and deliver innovative technological products and services. The bachelor's program enables students to develop not only sophisticated engineering technical skills but also the important professional skills of communication, teamwork and collaboration, and the adaptability that many employers seek. Graduates are prepared to work in large corporations, government agencies, small businesses, as well as to go on to graduate school to pursue advanced degrees. Due to the emphasis on design and project-based learning, the program supports an entrepreneurial spirit, and some students start companies of their own.

Graduates typically work as manufacturing engineers in a variety of companies, large and small. They are often members of design and development teams, cooperating with other people in and outside of their company. Career employment opportunities include direct manufacturing support, manufacturing management and quality control and assurance in large and midsized, established manufacturing companies. Due to a strong, broad and practical engineering skill set, graduates are also highly valuable in small companies or new start-up companies. Our graduates are well placed and command top salaries in their engineering careers.

Manufacturing Engineering Technology (Mechanical), BS (TSMETMBS)

Campus: POLY

Program Description:

Manufacturing is in a period of dramatic transformation. Future manufacturing will involve a global supply network to enable innovation, design and integration of products and services. At its core, manufacturing engineering is about creating and delivering products and services that have value to customers and society.

Manufacturing engineers are key team members in the production of products such as automobiles, airplanes, electronic devices, surgical instruments, toys, building products and foodstuffs. Manufacturing engineers design the processes to make products with the required functionality, to desired quality standards, based on customers needs, at the best possible price and in environmentally-friendly ways. The manufacturing curriculum is project-based and provides students a hands-on, team-based learning environment. The manufacturing program has outstanding fabrication facilities that are a hallmark of the program.

The program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Materials Science and Engineering, BSE (ESMSEBSE)

Campus: TEMPE

Program Description:

Materials engineers are responsible for designing and developing new and improved materials for a wide variety of engineering applications. The faculty in the Ira A. Fulton Schools of Engineering offer a BSE in materials science and engineering. Courses in materials teach students about the design of materials and how to process them to improve their structure, properties and performance.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Materials Science and Engineering (MS)

Nanoscience (PSM)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Undergraduate Admissions requires submission of a high school transcript)

Career Opportunities:

Materials engineers are in demand in a wide range of industries and professions, including:

- aerospace
- automotive
- computer
- electronics
- energy
- health care
- microelectronics

The career paths in these industries offer opportunities to impact technological advances through working in a team environment with engineers from the chemical, electrical, mechanical, aerospace and other engineering disciplines.

Mechanical Engineering (Energy and Environment), BSE (ESMAEEBSE)

Campus: TEMPE

Program Description:

The concentration in energy and environment, within the BSE in mechanical engineering, seeks to prepare students to analyze technical problems in:

- air pollution
- climate change
- energy efficiency
- environmental sustainability
- renewable energy
- timely issues facing the global community

Although the primary focus of this program is technical, the general education courses in the areas of the humanities and social and behavioral sciences introduce students to the global, political and societal issues relating to energy and the environment. By focusing on issues such as air pollution, water scarcity and the lack of alternative transportation, this program becomes even more attractive for employers in the greater Phoenix area, as well as nationwide.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

- Our graduates will be employed as engineers or will be enrolled in (or have graduated from) engineering or professional graduate school.
- Our graduates will be sought out to contribute to the design of solutions to complex problems.
- Our graduates will demonstrate professionalism and will hold positions of increasing responsibility within their organizations.

Mechanical Engineering Technology, BS (TSMECBS)

Campus: POLY

Program Description:

Mechanical engineering technology programs offer students four years of applied engineering education in a hands-on, experiential, team-based learning environment. Our faculty members have real-world engineering experience, which they use to teach students how to apply engineering theory to practice in state-of-the-art labs stocked with up-to-date equipment used in industry today. Students learn how to produce practical and

technically innovative solutions to real-world problems, thereby helping people and the environment.

This program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates often work as members of design and development teams, cooperating with other people in and outside of their company. The BS in mechanical engineering technology, including specialty concentrations, offers great flexibility in type of work and location. Employment opportunities exist in companies that design, develop, manufacture, implement and improve products, machinery and systems. Employment areas include:

- engineering design
- manufacturing
- research and development

Companies large and small, in this region and elsewhere, provide a wide range of opportunities for graduates.

Mechanical Engineering Technology (Aeronautical Engineering Technology), BS (TSMECEBS)

Campus: POLY

Program Description:

Mechanical engineering technology programs offer students four years of applied engineering education in a hands-on, experiential, team-based learning environment. Our faculty members have real-world engineering experience, which they use to teach students how to apply engineering theory to practice in state-of-the-art labs stocked with up-to-date equipment used in industry today. Students learn how to produce practical and technically innovative solutions to real-world problems, thereby helping people and the environment.

The aeronautical engineering technology concentration provides a specialization in aircraft, with classes in aircraft systems, design and performance, structures and aerodynamics (including wind tunnel testing).

The mechanical engineering technology program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident

tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates often work as members of design and development teams, cooperating with other people in and outside of their company. The BS in mechanical engineering technology, and its aeronautical engineering technology specialty concentration, offer great flexibility in type of work and location. Due to their aeronautical specialty concentration, graduates are prepared to seek employment in aviation-related companies, large and small, in this region and elsewhere, providing a wide range of opportunities for graduates. Employment areas include engineering design, manufacturing, and research and development. Or, since their degree is in mechanical engineering technology, students can seek traditional mechanical engineering employment opportunities in companies that design, develop, manufacture, implement and improve products, machinery and systems.

Mechanical Engineering Technology (Automation Engineering Technology), BS (TSMECUBS)

Campus: POLY

Program Description:

Mechanical engineering technology programs offer students four years of applied engineering education in a hands-on, experiential, team-based learning environment. Our faculty members have real-world engineering experience, which they use to teach students how to apply engineering theory to practice in state-of-the-art labs stocked with up-to-date equipment used in industry today. Students learn how to produce practical and technically innovative solutions to real-world problems, thereby helping people and the environment.

The automation engineering technology concentration provides a specialization in machine and manufacturing process automation, including robotic systems. Automated assembly and testing are major components of most modern mechanical systems and manufacturing operations.

The mechanical engineering technology program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Pre-Engineering, (TSEGRPRE)

Campus: POLY

Program Description:

The pre-engineering pathway is an excellent opportunity for students to begin their engineering studies. Two tracks are available: pre-engineering and manufacturing engineering or pre-software engineering. The program focuses on developing fundamental knowledge of engineering, physics, chemistry and mathematics. Students also complete first-year composition and general studies requirements. Pre-engineering is not a degree-granting major; it is a program consisting of a one- to four-semester sequence depending on the student's math placement and progress. Pre-engineering prepares students to pursue one of the college's engineering or product development areas: the BSE in Engineering and its concentrations, the BS in manufacturing engineering, the BS in product development and manufacturing technology or the BS software engineering.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 110 - Enhanced Freshman Mathematics

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Since this program does not grant a degree, students must choose a major for degree completion. Career opportunities are specific to the ultimate major of choice.

Product Development and Manufacturing Technology, BS (TSMETBS)

Campus: POLY

Program Description:

Product development and related manufacturing technology is a wide ranging and dynamic field. Conceiving of products and moving them to market is a complex and fascinating process that begins with an understanding of the humans that will use the product. Then the prototype must be made, developed and manufactured on a scale that ensures financial success. The product development and manufacturing technology degree provides students with opportunity to learn all of these facets of successful product development. At its core, product development is about creating and delivering products that have value to customers and society.

People with deep product development knowledge are key team members in the production of products such as automobiles, airplanes, electronic

devices, surgical instruments, toys, building products and foodstuffs. They often work closely with manufacturing engineers in the design of processes to make products with the required functionality, to desired quality standards, based on customer's needs, at the best possible price and in environmentally-friendly ways. The product development curriculum provides students a hands-on, team-based learning environment, with students having access to outstanding fabrication facilities.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates typically work in product development in a variety of companies, large and small. They are often members of design and development teams, cooperating with other people in and outside of their company. Due to a strong, practical skill set, graduates are valuable in large, small companies or new start-ups. However, other graduates become entrepreneurs developing their own products.

Software Engineering, BS (TSSERBS)

Campus: ONLNE, POLY

Program Description:

The program blends engineering, computing, project leadership and software construction. Students learn how to make creative software solutions to today's problems. Software systems are complex, often including in excess of a million lines of code. Graduates of the BS in software engineering possess knowledge and skills of a defined engineering approach to complex systems analysis, planning, design and construction. The program is a unique project-driven curriculum, establishing a new model for software engineering education. The program is built around the concepts of engaged learning, discovery-based education and learn-by-doing. Students complete projects in every semester of the program, to provide emphasis in communication, teamwork, critical thinking and professionalism. Students have flexibility in designing their course of study; they select a software engineering application area, such as Web applications, mobile systems, embedded systems, or graphics and game development, as their primary focus, and may obtain interdisciplinary knowledge through a secondary area of their design.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Software Engineering MS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Career Opportunities:

Software engineers solve a broad set of interdisciplinary problems and apply new technologies to improve the quality of life. Graduates design and engineer innovative systems that may include mechanical and electrical components that interact with software. The bachelor's in software engineering is a unique program in which students learn by solving engaging projects, commonly as a member of a development team. The program prepares graduates for advanced study in computing, an allied field, or to enter the computing profession (most commonly as an application software engineer). According to the Bureau of Labor Statistics, software engineers are highly paid, and there is significant growth in the number of employment opportunities. Some software engineering jobs may include:

- creating video games
- creating Web applications
- create applications for mobile devices
- designing embedded systems
- developing distributed applications
- working on data, network, security or computer system administration

Technological Entrepreneurship and Management, BS (TSTEMBS)

Campus: ONLNE, POLY

Program Description:

The BS in technological entrepreneurship and management prepares students to launch technology-based ventures and tackle social and corporate issues to impact the world around them.

Our students provide leadership to solve problems and create products and services in industry, startups or nonprofits. The program structure is a collaborative effort, bringing together faculty from diverse disciplines, focused on entrepreneurship and management.

Students receive a foundation in technology and business fundamentals, with an emphasis on entrepreneurship and innovation in one of many focus areas:

- operations management
- process innovation and process improvement (including Lean Six Sigma training)
- product development
- social entrepreneurship

Advisors help guide students in their course of study, choose the right courses, and stay on track for an on-time graduation.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. (<http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-science-technological-entrepreneurship-and-management>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Small- and medium-sized enterprises and startups create the majority of new jobs in the United States, while larger corporations are looking to hire individuals who can see the big picture and solve complex problems. Students in the technological entrepreneurship and management program learn the range of skills needed to develop new products, assess and improve processes, develop new processes and services as well as utilize a range of decision making- and software tools to help a company or organization with their competitive positioning.

This program prepares students for a variety of careers in the following areas:

- business development
- consulting
- operations management
- organizational management
- process analysis, process improvement and process development
- product development
- strategy
- technology-based entrepreneurship

Applied Science (Medical Laboratory Science), BAS (NUMLSBAS)

Campus: DTPHX

Program Description:

The BAS in medical laboratory sciences is designed to provide the academic knowledge and professional skills to allow students to advance their employment opportunities within the field of medical technology, cytology, clinical laboratory science and related areas. Medical laboratory scientists, also known as clinical laboratory scientists, are highly skilled professionals who perform analytical tests on blood, tissue and body fluids to provide laboratory information for the detection, diagnosis and treatment of human diseases. They work independently and have skills and knowledge that are greater in depth and breadth compared to medical laboratory technicians, who typically are graduates of a two-year or community college program. There also is a growing trend for medical laboratory scientists to perform wellness laboratory testing aimed at preventing disease.

For a detailed description of courses and the transfer path, see the major map link above.

For more program information, see the links below:

Only students who have been admitted through Phoenix College and who have completed the prerequisite course work, verified by the program director or program advisor, are eligible to apply to this program. The following requirements are a part of the application process and are included in the separate program application, released to those who are considered eligible during a specified application cycle:

- gain admission to Phoenix College
- complete program application, which should include:
- student information
- course work
- immunizations
- basic life support/CPR
- Fingerprint Clearance Card
- health declaration
- experience in medical laboratory sciences
- employment observation verification
- references
- review checklist and sign

submit to:

School of Nutrition and Health Promotion Student Services Office, MERCC Mail Code 8220 ATTN: Medical Laboratory Science Program Arizona State University 502 E Monroe St Ste C 250 Phoenix AZ 85004-4431 • apply to Arizona State University

Career Opportunities:

The Bureau of Labor Statistics reports that 13,000 new laboratory professionals will be needed in the United States each year; however, current training programs graduate only 5,000 students each year. The majority of medical laboratory scientists and technologists work in hospital laboratories. Others work in independent laboratories, reference laboratories, clinics, health maintenance organizations, public health agencies, pharmaceutical firms, research institutions, scientific equipment companies, physicians' offices and as teachers in college clinical laboratory science programs. The working environment is as varied as the types of practice in which medical laboratory scientists are engaged.

Biomedical Informatics, BS (ESBMIBS)

Campus: TEMPE

Program Description:

Biomedical science, health care delivery and public health increasingly rely on multidisciplinary expertise, many diverse sources of data, and complex interactions and collaborations to perform their tasks. The role of biomedical informatics, the field in which computer science, information technology, probabilistic reasoning, cognitive science, and other quantitative and technical methods and skills are applied to biomedicine and health care delivery, is increasingly recognized as essential for progress. The program will educate undergraduate students in the informatics knowledge and skills that will enable them to be effective contributors to the informatics aspects of biomedical sciences, technology development, health care delivery and business sectors related to commercialization of the above, or be prepared to enter graduate programs in biomedical informatics to equip them to assume leadership positions in these fields.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

The BS in biomedical informatics will produce graduates who will contribute to the workforce nationwide. Current employers report a need for biomedical informaticians at the bachelor's level in such job titles as:

- actuarial services analyst
- actuarial services manager
- clinical informatics specialist
- decision support analyst
- encounter data analyst
- health plan performance analyst
- population health analyst
- program evaluator
- program research analyst
- quality improvement analyst

Students with a wide range of interests will be attracted to this program. Some may see this program as a unique way to combine their interest in life sciences and technology. Others may find this degree the first step toward medical school or advanced medical research or to continued graduate-level study in biomedical informatics.

Exercise and Wellness (Exercise and Wellness), BS (ECEXWBS)

Campus: DTPHX

Program Description:

Employment of fitness and wellness professionals is expected to grow by up to 24 percent through 2020, much faster than other occupations, driven by efforts to reduce health care costs by teaching people about healthy behaviors. The need for fitness and health promotion programming and facilities will increase the need for workers in these areas.

The BS in exercise and wellness (concentration in exercise and wellness) provides students with the knowledge, skills, and expertise to assist individuals across the lifespan in adopting exercise, physical activity and other healthy behaviors.

This concentration emphasizes:

- an outstanding capstone internship that provides preprofessional experience
- competencies required to pursue national certifications*
- knowledge and skills for teaching, evaluating, prescribing, and promoting fitness and wellness behaviors
- methods for helping people make behavioral changes and teaching people about health risks
- sciences of cardiovascular and muscular fitness, nutrition, and stress management

*Certifications such as from the American College of Sports Medicine, the National Strength and Conditioning Association or the National Academy of Sports Medicine

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra/MAT 170

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)
Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Career Opportunities:

Students who complete a bachelor's degree in the exercise and wellness concentration will have enhanced opportunities in fitness and wellness employment settings because clients and employers prefer to work with people who are more highly prepared and qualified.

Undergraduates in this concentration often pursue careers in such fields as:

- active adult-planned community fitness and health promotion
- cardiac rehabilitation
- country club fitness
- hospital-based fitness centers or spa fitness
- personal training
- sports medicine clinics
- strength and conditioning coaching
- wellness centers
- worksite fitness and health promotion

Students may also pursue further graduate study in such fields as:

- athletic training
- exercise science
- medicine
- occupational therapy
- physical therapy
- physician assistant

Advanced degrees or certifications may be required for academic or clinical positions.

Exercise and Wellness (Health Promotion), BS (ECEXWHBS)

Campus: DTPHX

Program Description:

The BS in exercise and wellness with a concentration in health promotion provides students a pathway to become a Certified Health Education Specialist (CHES). Students will gain the knowledge, skills and expertise to develop and deliver programs that enhance awareness about healthy lifestyle behavior, increase health-enhancing behaviors, decrease health risk behaviors and create environments supportive of healthy lifestyles.

Students are prepared with:

- competencies required to pursue the Certified Health Education Specialist certification
- foundational knowledge in nutrition, physical activity and stress for chronic disease prevention
- knowledge, skills and ethics for assessing and understanding group and community health needs
- methods for helping people make health behavior changes and teaching people about health risks and behaviors
- skills in designing, implementing, administering and evaluating effective health promotion programs in worksite, community, health care and agency settings

A distinctive aspect of the health promotion concentration is an outstanding capstone internship that provides preprofessional experience in health promotion settings.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra/170

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The rising cost of health care has increased the need for individuals with the skills and abilities to provide health education and health promotion programs. As health care costs continue to rise, insurance companies, employers and governments are attempting to find ways to curb costs. One of the more cost effective ways is to employ health promotion professionals to teach people how to live healthy lives and avoid costly treatments for illnesses. Health promotion professionals work in various environments based on the industry in which they are employed. In public health, nonprofit organizations, corporations and businesses, colleges and universities and medical care settings, they primarily work in offices. However, they may spend a lot of time away from the office implementing and attending programs, meeting with community organizers, speaking with patients or teaching classes.

Undergraduates in this concentration often pursue careers in such fields as:

- college and university wellness and health promotion
- government health departments and agencies
- health and wellness coaching
- nonprofit disease prevention agencies
- private health care organizations
- wellness centers
- worksite wellness and health promotion

Students may also pursue further graduate study in such fields as:

- dentistry
- health education
- health promotion
- health psychology
- medicine
- occupational therapy
- physician assistant
- public health

Advanced degrees or certifications may be required for academic or clinical positions.

Health Education and Health Promotion, BS (NHHEHPBS)

Campus: DTPHX

Program Description:

The BS in health education and health promotion provides students a pathway to become a certified health education specialist (CHES certification), and it is the only undergraduate program at ASU designed specifically to provide professional preparation as a health educator. Students will gain the knowledge, skills, and expertise to develop and deliver programs that increase awareness about healthy lifestyle behavior, improve health behaviors, lessen unhealthy behaviors and create environments supportive of healthy lifestyles. Students are prepared in foundational knowledge related to nutrition, physical activity and stress management for chronic disease prevention; methods for helping people make healthy behavior changes; knowledge, skills and ethics for assessing and understanding group and community health needs; skills in designing, implementing, administering and evaluating effective health promotion programs in worksite, community, health care and agency settings and competencies required to pursue the certified health education specialist certification. A distinctive aspect of this degree is an outstanding

senior capstone internship that provides preprofessional experience in health promotion settings.

Health Sciences (Health Policy), BS (NUHSCHPBS)

Campus: DTPHX

Program Description:

The BS in health sciences is designed to provide the academic knowledge and skills to allow students to move directly into a range of employment opportunities within the health field or continue their education in discipline-specific programs. Students will complete a complement of core courses that emphasize ethics, communication skills, critical thinking and cultural awareness.

The health policy program is designed for students interested in the community policy aspects of disease prevention and health promotion. The continuum of health care now spans a diverse array of health providers ranging from private practitioner offices and outpatient care centers to residential care facilities and acute care hospitals. Key to the enhancement of health care within the U.S. is the development and implementation of innovative, cost effective and universally accessible programs. Students in this concentration will be required to complete a supervised practicum, providing hands-on experience within their field of interest. Students may also wish to consider using their electives to complete a minor in nonprofit administration, which requires 15 credits.

Health Sciences (Pre-professional), BS (NUHSCPREBS)

Campus: DTPHX

Program Description:

The BS in health sciences is designed to provide the academic knowledge and skills to allow students to move directly into a range of employment opportunities within the health field or continue their education in discipline-specific programs. The preprofessional program is designed for students planning to enter medical, dental, osteopathic, physical therapy, veterinary, pharmacy and similar professional schools. In addition to a comprehensive core of basic science courses, the concentration is unique in that it will provide a solid base in ethics; communication; the evaluation of research (the cornerstone of evidence-based practice); and healthy lifestyles (the foundation of health promotion and chronic disease risk reduction avenues of health care), including the role of complementary and alternative care within the U.S. health care system. Students will also have the ability to incorporate electives that contribute to their knowledge of and sensitivity to the needs of populations impacted by health disparities.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences

Program Math Intensity: Moderate

Admission Requirements:

Health Systems Management, BS (TSHSYMBS)

Campus: POLY

Program Description:

The BS in health systems management provides students with a unique opportunity to develop a marketable skill set via a multidisciplinary educational approach to the development of health care leaders, technologists and entrepreneurs. The flexible program allows students to select one of two focus areas, technology entrepreneurship management and information technology management. The degree develops graduates whose decisions are evidence-based, a critical skill as health systems evolve. Students will receive a strong foundation in health systems, technology, and business, consumer-behavior associated with health, with an emphasis on innovation and service development. Program graduates will have the skills to transform the current health care system or individual health care organizations to become more efficient and agile by improving processes, adopting best practices, evaluating and adopting technologies. Graduates will lead such organizations and systems to become more competitive globally.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 119 - Finite Mathematics

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates of the program are well-qualified for careers in the management of health systems. This degree couples technical skills with the business skills needed to manage complex health systems. The focus area of information technology management allows the graduate to pursue a career in technical support administration for various health systems, which will address information assurance, securing computer applications, and security of communication and information. These skills are combined with knowledge of computer systems and networking design, configuration and administration. The process innovation focus area provides students with the opportunity to analyze and improve processes and practices, as well as generate and evaluate products and services for the health system enterprise. Students will be able to pursue careers in marketing and consumer behavior as it relates to health systems. Careers in health systems operations and social entrepreneurship will be available to these students.

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Students graduating from this program will be academically prepared and well-rounded with the foundation needed for innumerable career paths in sectors such as:

- allied health
- business development within a health or medical setting
- dentistry
- medical academia
- medical administration
- medicine
- health advocacy
- health care industry (e.g., product development, insurance providers)
- health care policy
- health information
- patient support services

Additionally, students may pursue further education with an MD, resulting in a career as a:

- allied health staff member
- business development within health or medical sector
- doctor
- financial officer within health or medical enterprise
- medical administrator
- medical academic
- medical or health policymaker
- medical technology or business developer
- health advocate
- health care system designer
- health information technology developer
- hospital staff member
- patient support services representative

Many other career options may be available.

Nutrition (Dietetics), BS (ECNTRDBS)

Campus: DTPHX

Program Description:

The BS in nutrition with a concentration in dietetics provides all the academic course work a student needs to qualify to become a registered dietitian, which is a food and nutrition expert. In addition to a core of professional nutrition courses, students will complete a broad range of science, management and communication classes. The program emphasizes the application of nutrition within clinical, community, food production and wellness areas. Graduates can apply for a dietetic internship, which is required to take the exam to become a registered dietitian. More information about this credential and the requirements for this credential can be found at: <http://www.eatright.org/BecomeanRDorDTR/content.aspx?id=8092> (<http://www.eatright.org/BecomeanRDorDTR/content.aspx?id=8092>).

ASU's bachelor's in nutrition with a concentration in dietetics program is accredited as a Didactic Program in Dietetics by the Accreditation Council for Education in Nutrition and Dietetics, 120 S. Riverside Plz., Ste. 2000, Chicago, IL 60606-6995.

Nutrition (Food and Nutrition Management), BS (ECNTRMBS)

Campus: DTPHX

Program Description:

The food and nutrition management concentration is designed to provide students with an understanding of the food industry and the ability to apply nutrition principles to food production. Students will learn to manage and market food and develop a food or menu that meets a specific nutrition guideline.

Course work focuses on a strong foundation in food purchasing, production and planning. Additional course work in management, marketing and nutrition prepares students for a variety of food service positions. Graduates can also pursue the credentials of certified dietary manager, school nutrition specialist or registered sanitarian.

Nutrition (Human Nutrition), BS (ECNTRHBS)

Campus: DTPHX

Program Description:

The human nutrition concentration, under the BS in nutrition, provides students with a strong foundation in nutrition and science. Students in this concentration usually intend to apply to medical school or another health profession. In addition to providing a strong foundation in medical nutrition therapy, the course work includes anatomy, physiology, chemistry and microbiology. Students gain knowledge of nutritional concepts that health care professionals sometimes lack.

Students from this program have gone on to study:

- dentistry
- medicine
- naturopathic medicine
- optometry and podiatry
- osteopathic medicine
- pharmacy

Additional Program Fee: Y

Nutrition (Nutrition Communication), BS (ECNTRCBS)

Campus: DTPHX, ONLNE

Program Description:

The nutrition communication concentration, under the BS in nutrition, was originally developed in collaboration with the Walter Cronkite School of Journalism and Mass Communication. While focusing on basic human nutrition, students take classes designed to build a foundation toward becoming expert communicators on issues related to food, health and nutrition.

Nutrition courses provide the content for articles students write in their communication-related classes. This degree program provides students with a strong understanding of the scientific method, statistics, nutrition, health care, and wellness that many traditional journalists lack. Faculty members teach students how to avoid sensationalism or sacrificing reality to get a better story.

Science of Health Care Delivery, BS (NHHCDBS)

Campus: DTPHX

Program Description:

U.S. health care spending reached \$2.7 trillion in 2011 and has continued to grow by four percent annually. Despite health care spending, the U.S. health care system ranks 37th of 191 countries according to its performance. Furthermore, the U.S. health care delivery system involves a complex relationship between payers, providers and patients. Addressing these issues requires a well-trained and knowledgeable workforce to improve health care quality and outcomes while also increasing the efficiency of the delivery system.

This is a unique curriculum that attracts students interested in global systems, sciences and health. The BS in the science of health care delivery targets undergraduate students interested in pursuing careers in health care administration, leadership or management. Qualified students may also be interested in graduate degrees or certifications in health care.

Speech and Hearing Science, BS (LASHSBS)

Campus: TEMPE

Program Description:

Students in the BS in speech and hearing science program study the normal aspects of the communication process. Emphasis is placed on:

- anatomy and physiology of the hearing mechanism
- speech, language and hearing science
- the human communication system, including normal development of speech and language

Graduates attain broad-based knowledge in the basic aspects of speech, language and hearing sciences, which prepares them for graduate studies in audiology or speech language pathology.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Employment opportunities for those with a bachelor's may include positions as:

- management trainees
- research assistants or associates in behavioral disciplines
- speech-language pathology assistants

Primarily, a degree in this field prepares the student for entrance into a graduate program in speech-language pathology or audiology. In both fields, a graduate degree is required for employment.

The undergraduate degree in speech and hearing science is also excellent preparation for those who wish to enter professional or graduate programs, such as in:

- education
- law
- medicine
- rehabilitation
- special education
- teaching for the deaf

Graduates in speech-language pathology and audiology can work in a variety of settings, including:

- clinics
- hospitals
- schools

Honors - Barrett, The Honors College

Honors College, (9HOHONALL)

Campus: DTPHX, POLY, TEMPE, WEST

Program Description:

ABOUT THE COLLEGE

Barrett, The Honors College at ASU is a selective, residential college that recruits academically outstanding undergraduates. Named "Best Honors College," this honors community is known nationally for the number of National Merit Scholars and recipients of prestigious fellowships such as the Rhodes, Truman, Fulbright, Marshall, Goldwater, NSEP and Udall. Barrett students benefit from a \$10 million endowment used exclusively to support honors students and their projects. The Barrett honors experience is unique, with the advantage of students experiencing a small, intellectually and socially vibrant environment while having access to the vast resources of the major research university that is ASU. Barrett students are members of a small community of scholars who benefit from personalized attention, dedication and access to Barrett deans; 34 Faculty Fellows within the college; more than 1,700 faculty members who teach honors students university-wide; and 52 staff members on all four campuses. Barrett students may major in any field offered at any of the university's four campuses, which also offer a vibrant honors residential component, academic and cocurricular experiences, and faculty and staff support. In the fall of 2009, Barrett opened the nation's first comprehensive four-year residential honors college within a top-tier Research I university. The \$130 million nine-acre honors campus community includes 12 classrooms; 1,700 beds; a community center (with student lounges, activity rooms, computer labs and a fitness center); a dining center with signature refectory and cafe and all the Barrett Faculty Fellows and administration offices. Barrett students on the Polytechnic, West and Downtown campuses also enjoy the benefits of living in expanding honors communities with new residence halls, student life amenities and honors community facilities on these campuses.

PROGRAM REQUIREMENTS

Barrett welcomes applications from highly-motivated, high-achieving, academically strong high school seniors and transfer students, as well as students currently enrolled at ASU. Prospective students may apply to Barrett after they have submitted an application to ASU. Admission information and the online application are available on the Barrett website. Barrett students complete a challenging honors curriculum through a combination of honors-only seminars, honors enrichment contracts, internships, research, honors study abroad and a culminating honors thesis or creative project. Generally, students complete 36 hours of honors credits within the 120 credit hours required to earn a bachelor's degree. Details regarding the academic requirements can be viewed using the major map. Current ASU and transfer students can apply for the second semester of the freshmen year and the first semester of the junior year.

STUDENT OPPORTUNITIES

Barrett students take advantage of an array of opportunities that enrich the honors experience. They participate in study abroad programs that enable them to enjoy small classes taught by Barrett faculty and experience different cultures while earning honors credits. Other travel opportunities range from turn-around trips to Sedona and local Arizona destinations to overnight trips to San Diego or ski trips to Colorado. Great American Cities is one of the most popular travel programs with visits to cities like Boston, New York, New Orleans, Anchorage and Miami to engage in a service project and soak in the history, culture and great food at each destination! Barrett students receive national and international graduate scholarships such as Rhodes, Fulbright, Truman and Marshall scholarships. They secure unique internship opportunities with companies like Goldman Sachs, JP Morgan and Johnson and Johnson, as well as opportunities to work in Washington D.C. on a senate finance committee for example, or work in supply chain management at Target. Barrett students also seek undergraduate research opportunities and work with professors university-wide, who connect them to faculty or physicians conducting cutting-edge research at places like the Mayo Clinic and Biodesign Institute. Through a partnership with the Sandra Day O'Connor College of Law, Barrett students have the opportunity to take second-year law school classes in our Project Excellence program.

Barrett students create for themselves meaningful student-driven programs and services that inspire both individual growth and impact on a local, national and international scale. Last year students organized 'thank-you note' parties for veterans and victims of breast cancer. They donated prom dresses as part of the Cinderella Affair and donated 1000 pounds of clothing and accessories to a local teen resource center during move-out. Many students participate in student government activities through the Barrett Honors College Council or other clubs on all four campuses. There is a strong Barrett Mentoring Program with more than 600 participants who mentor incoming Barrett freshmen. Other popular activities include Lunch with the Dean, Dinner with Faculty night; the Ladies Tea at the University Club; or Movie nights where we take over a local theater house and watch a movie premier. Our downtown Phoenix campus hosts a fantastic Urban Tour Series with visits to the Orpheum theater and world renowned Heard museum. Our West campus, through Partners in the Park, hosts a variety of academic adventures at national parks across the country and our Polytechnic campus is known for its Innovation Showcase, a massive exhibition of student projects that demonstrate how students are solving real-world problems with innovative solutions. The campus also hosts Family Science nights at a local grade school.

Additional Program Fee: Y

Second Language Requirement: N

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students who have demonstrated high levels of academic achievement in high school or college may apply for admission to Barrett. Each candidate must file an application to the college separate from the ASU application, in accordance with the appropriate Barrett deadlines.

Applicants are evaluated on the basis of their academic records, high school class ranks and performances on the SAT or ACT. The college also values students who have special talents and aptitudes, exhibit exceptional leadership qualities, have had unusual life experiences or display significant community involvement.

The Barrett admissions application and additional information about the college and its activities are available at <http://barretthonors.asu.edu> (<http://barretthonors.asu.edu>).

Interdisciplinary Arts & Sciences, New College of

American Studies, BA (ASAMSBA)

Campus: WEST

Program Description:

The BA in American studies is one of the oldest interdisciplinary programs of study within the New College of Interdisciplinary Arts and Sciences and the only American studies degree in the entire state. This is a place for rigorous and adventurous conversations of American culture, politics and history, exploring knowledge beyond disciplinary boundaries, bringing differing perspectives and understandings into dialogue with one another, and generating a unique level of intellectual rigor and excitement.

To this end, our goals in American studies are to:

- create a community of learning through classroom instruction, internship and study abroad experiences, program field trips, activities and lectures
- encourage knowledge and innovation in course work as well as the capstone thesis project
- help students synthesize and critically evaluate knowledge from diverse fields about American history and culture

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Cochise College (<http://transfer.asu.edu/cochise>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Career Opportunities:

Graduates are well equipped to embark on a wide variety of careers in government, education, business, museum and foundation work; journalism and other forms of professional writing, and in other areas where these capabilities are highly valued and sought. The program also serves as excellent preparation for law school and for graduate programs in fields such as:

- American studies
- art history
- English
- history
- journalism

Applied Computing, BS (ASACOBS)

Campus: WEST

Program Description:

The BS in applied computing, within the New College of Interdisciplinary Arts and Sciences, prepares students to:

- allow for efficient, effective and ethical user interaction with computer systems
- apply skills to lead the development of technology systems
- collect and analyze data
- develop and assure quality and value of information
- engage in creative efforts

The program has a technical component, concerned with the design and use of appropriate systems and technologies, and a social sciences component, concerned with understanding how people seek, obtain, evaluate, use and categorize information. The lower-division course requirements provide students with a solid foundation in computer science. At the upper-division, students have a depth of choices in courses covering database systems and computer networks.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Students are prepared to integrate technology with human activities, respond to global changes, solve problems, and create and manage the technological production of information and creative products. Core information technology industries are among the fastest growing sectors in the U.S. economy. Graduates will find employment opportunities with corporations and businesses, nonprofit and government agencies, digital arts media industries and in the academic world.

Applied Mathematics, BS (ASMATBS)

Campus: WEST

Program Description:

The BS in applied mathematics is an interdisciplinary program that provides students with a broad and rigorous foundation in applied mathematics. The program emphasizes an education in quantitative problem-solving and critical thinking, through a survey of courses exposing students to a wide variety of mathematical theories, techniques and applications currently used by analysts and researchers in government, industry and nonprofit organizations. Students will complete a capstone project involving real-world problems, under the supervision of an advisor and in close consultation with an external project sponsor.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Applied Science, BAS (ASBASBAS)

Campus: WEST

Program Description:

The BAS in applied science combines the technical concentration knowledge earned in the student's completed associate of applied science degree with a broader education gained at the bachelor's level of education. Included in the program of study is an area of concentration (using an approved ASU minor or creating a concentration that is completely individualized) unique to the student's own interests and career pursuits. For example, the area of concentration can include, but is not limited to:

- business
- communication
- criminal justice and preprofessional studies
- education and teaching
- environmental issues and physical sciences
- languages and cultures
- social sciences and policy issues

This program allows students who have earned an AAS from an accredited institution to transfer 60 credit hours toward a BAS at ASU. Students transferring from a regionally accredited Arizona public community college can transfer up to 15 additional credit hours of general studies courses (75 credit hours total). Students pursuing the 75-credit option may have more than 45 credit hours to complete in order to obtain their Bachelor of Applied Science upon transfer to ASU. Students should work with their academic advisor to ensure their courses will meet degree requirements.

The program includes a capstone project.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree. This program is not available for freshmen.

Career Opportunities:

Emphasizing professional study combined with a specific area of concentration (e.g., business, communication studies, English, gerontology, history, psychology or preprofessional studies), students tailor their programs to meet individualized career goals. The capstone internship program prepares students to make the transition smoothly to postbaccalaureate employment in business, cultural, educational, community and human service settings as well as to graduate school. Students planning graduate or professional degrees in law, business, social sciences, helping professions or in traditional disciplines benefit from the flexibility of this program for a broad range of future academic and career pursuits.

Communication, BA (ASCOMMBA)

Campus: CALHC, WEST

Program Description:

Communication is an extensive field involving the exploration of messages and their various meanings. Such exploration occurs in countless ways, including the study of messages between:

- employees in organizations
- individuals in relationships
- media and their respective audiences
- members of different cultures
- social institutions and their constituents

The BA in communication prepares students to work in communications-intensive careers, such as:

- corporate communications
- crisis management
- customer relations
- health communication
- human resources management
- media relations
- new media
- public relations
- training

It readies graduates to perform various forms of data analysis, communication assessment and technical reporting. It also prepares students for

English, BA (ASENGBA)

Campus: WEST

Program Description:

The primary mission of the English program is undergraduate education. Graduates should be able to write clearly and effectively, to think critically and to construct well-supported rational arguments. They should gain an awareness of genre, should be able to take a critical approach to texts and should learn to shape their discourse to suit their intended audience.

The program provides students with a balanced overview of major literature in the English language and an awareness of the role of literary discourse in broader social and historical contexts.

The program stresses the formal aesthetic qualities of texts and the issues of class, gender, race and ethnicity relating to literary representation. It provides students a familiarity with standard literary critical terminology and an awareness of a variety of theoretical approaches to literary study. It relates works of literature to historical events, cultural patterns, philosophical and theological concepts, and technological innovations.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all

English (Secondary Education), BA (ASENGSEBA)

Campus: WEST

Program Description:

The BA in English with a concentration in secondary education provides rigorous content in literature, composition, linguistics and secondary teaching pedagogy. This program provides extensive preparation for meeting the needs of all student populations, including attention to levels of academic performance, and cultural and linguistic diversity. Students finish the program with Arizona Department of Education certification for middle and high school English language arts. Fingerprint clearance and a background check is required in the second year of the program.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Students graduating with a bachelor's in English with a concentration in secondary education will have tremendous opportunities for employment. With more than one million students in a state ranked seventh in the nation in population growth, the need for certified teachers in Arizona is self-evident. Arizona State University provides more of those teachers than any other institution of higher education. Over the last 15 years, ASU grads have had their pick of teaching jobs around the valley and in the state. After student teaching in school districts in the greater Phoenix area or on one of the 22 Native American nations, students are often hired to teach in the same school in which they completed their internship. New teachers will continue to be in demand because the predicted rate of population growth in Arizona is still strong and the retirement rate of teachers is increasing.

Ethnicity, Race and First Nations Studies, BA (ASETHBA)

Campus: WEST

Program Description:

The BA in ethnicity, race and First Nations studies is the first such program in Arizona. It provides an integrated, comparative and comprehensive approach to the study of diversity among ethnic and racial groups and First Nations. A highlight of the program is the internship, which fosters direct links between the university and community-based settings. Both theoretical and applied perspectives are embedded in a curriculum addressing how ethnicity, race and First Nations shape identities, literacies, public policies and communities in local and transnational U.S. contexts. Students identify a career area enabling them to integrate their knowledge with specific course work tied to their career and advanced educational goals.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Cochise College (<http://transfer.asu.edu/cochise>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

Career Opportunities:

Rapid socioeconomic change, changing demographics, increased global competition and rapid cultural diversification have created an increasing need for workers and citizens knowledgeable about diverse ethnic and racial groups. Graduates of the undergraduate ethnicity, race and First Nations studies program will be positioned to enter the workforce and function effectively and critically as informed citizens in a diverse and complex society.

Forensics, BS (ASFOREBS)

Campus: WEST

Program Description:

The program prepares students to pursue careers in forensics laboratories and in the research and development of new technologies in forensics. The degree places emphasis on chemistry and biology laboratory course work as both provide experience with essential techniques commonly used in crime labs. The degree also places focus on oral communication skills that will prepare graduates for the multifaceted, interdisciplinary aspects of their careers in forensics (e.g., providing articulate and compelling expert testimony in criminal trials).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

History, BA (ASHISBA)

Campus: WEST

Program Description:

The mission of the BA program in history is to introduce students to a broad span of history, both temporally and geographically, ranging from the ancient world through the modern period, and extending from Europe to Latin America and the United States. Aside from learning about the origins and development of various peoples, ideas, and institutions of the past, students engage in the practice of history as they learn how to conduct original research, analyze historical evidence, and formulate arguments in writing while drawing upon a wide array of historiographical perspectives and methodological approaches. Graduates will be well prepared to pursue professional careers as secondary teachers, journalists, editors, lawyers and civil servants.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

History (Secondary Education), BA (ASHISSEBA)

Campus: WEST

Program Description:

The secondary education concentration within the history BA offers a flexible degree to students of history who are considering a career in education. The concentration fully prepares students for teaching and certification. At the same time, the concentration provides all the disciplinary knowledge of a traditional history degree and prepares students for a variety of non-education careers. By developing strong critical reading, writing and research skills as well as skills in oral presentation, the concentration creates a solid foundation for graduate work in history, law or business.

The secondary education concentration in history provides content necessary to understand history in all its breadth and depth, both temporally and geographically. Graduates of this program will have solid pedagogical tools at their disposal and a strong foundation in historical content as they enter the workforce.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities: The demand for well-prepared secondary teachers is strong and job opportunities in a fast growing state such as Arizona are numerous. The secondary education concentration within the history bachelor's prepares graduates to successfully teach middle or high school students in charter, private and public schools. In addition, graduates from this program will know how to find and evaluate evidence, form arguments and present analysis - skills essential to careers in law and law enforcement, social work, business, education, medicine and government.

Interdisciplinary Arts and Performance, BA (ASIAPBA)

Campus: WEST

Program Description:

The BA in interdisciplinary arts and performance is the only program of its kind in the Southwest, offering students the opportunity to focus on an interdisciplinary and collaborative approach to the arts, technology and performance. Core and elective courses are offered in digital media arts, sound and recording arts, theatre, movement and performance practice, interactive systems, visual arts and more.

The program includes courses on the traditions of 20th- and 21st-century interdisciplinary, avant garde and experimental arts and aims to provide students with an understanding of the genres and directions in contemporary art-making and performance. Teaching and course work encourage students to develop creatively and work collaboratively. A senior project allows students to finalize the degree with a substantial artistic venture or to engage in a practical arts-based internship. Graduates enter the art-making world or work in the areas of media, film and education.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Career Opportunities:

This interdisciplinary arts training can be the basis for a variety of personal and professional pursuits. Students who major in the program receive practical, professional training and solid academic skills. They gain extensive preparation for careers as artists, performers and creative professionals. They also develop critical backgrounds useful for becoming future teachers and scholars. Graduates of the program are prepared for advanced study in the performing arts or arts-related professions in:

- art and cultural journalism
- digital design
- education
- government and community arts administration
- media services and production

Interdisciplinary Arts and Sciences, BA (ASIASBA)

Campus: WEST

Program Description:

The BA in interdisciplinary arts and sciences, within the New College of Interdisciplinary Arts and Sciences, prepares students for broad employment alternatives or to pursue graduate studies. As a variation of the classic liberal arts degree, students combine a solid foundation of lower-division courses, followed by upper-division liberal arts courses in which students design an area of concentration (using an approved ASU minor or creating a concentration that is completely individualized) unique to their own interests and career pursuits. For example, the concentration can include, but is not limited to:

- business
- communication
- criminal justice and preprofessional studies

- education and teaching
- environmental issues and physical sciences
- languages and cultures
- social sciences and policy issues

Flexible and diverse, the program is capped with an internship experience.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Arizona Western College (<http://transfer.asu.edu/az-western>)

Cochise College (<http://transfer.asu.edu/cochise>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Career Opportunities:

Emphasizing interdisciplinary study combined with a specific area of concentration (e.g., business, communication studies, English, gerontology, history, psychology or preprofessional studies), students tailor their programs to meet individualized career goals. The capstone internship program prepares students to make the transition smoothly to graduate school or postbaccalaureate employment in:

- business settings
- community settings
- cultural settings
- educational settings
- social sciences and human service settings

Students planning graduate or professional degrees in law, business, helping professions or in traditional disciplines benefit from the flexibility of this program for a broad range of future academic and career pursuits.

Latin American Studies, BA (ASLASBA)

Campus: WEST

Program Description:

This program provides a broad foundation for students to study Latin America, the United States, and diasporic communities. The structure of the program is built on strong language proficiency, and students are able to immediately immerse themselves in content courses while honing their language skills. The six branches of study possible within the program allow students to tailor the program to their needs and career plans:

- arts (graphic art, photography, digital media, performance, theater, music)
- business and professions
- education and linguistics
- history and political science (colonial, contemporary, art, architecture, philosophy)
- narrative (literature and film)
- sociology and anthropology

The program fosters language and cultural knowledge and is designed for students whose desire to study Latin America or the Iberian peninsula goes beyond print-literature. Unlike other Latin American studies programs that are predominantly social-science based and taught in English, our Latin American studies program is unique in its inclusion of the arts and sciences.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Life Sciences, BS (ASLSCBS)

Campus: CALHC, WEST

Program Description:

The intricate connections among biology, chemistry and physics form the basis of the life sciences curriculum. The BS program emphasizes experiential learning, and all required core courses have laboratories. By learning in an integrative environment that emphasizes the connectedness of disciplines, students gain a better understanding of larger scientific concepts and can view these concepts from multiple perspectives. Undergraduates have the opportunity to conduct independent research under the mentorship of faculty members or in internships outside of the department.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Career Opportunities:

The bachelor's in life sciences prepares students for a wide range of careers by offering course and laboratory work and quantitative research opportunities that develop fundamental problem-solving, critical thinking, writing and communication skills. Graduates may enter careers in:

- business
- laboratory or field research
- medicine
- publishing
- scientific journalism
- teaching

Undergraduate laboratory experience, both on and off campus, enhances employability as a laboratory technician or research associate in university and government research laboratories; in hospital and diagnostic laboratories; and in pharmaceutical, biotechnology, agricultural and food processing companies.

Students engaged in field studies are prepared for entry-level positions in private companies and state and federal agencies (e.g., wildlife biologist, environmental consultant or conservation officer).

Life Sciences (Environmental Science), BS (ASLSCEBS)

Campus: CALHC, WEST

Program Description:

The intricate connections among biology, chemistry and physics form the basis of the life sciences curriculum. The BS program emphasizes experiential learning, and all required core courses have laboratories. By learning in an integrative environment that emphasizes the connectedness of disciplines, students gain a better understanding of larger scientific concepts and can view these concepts from multiple perspectives.

Undergraduates have the opportunity to conduct independent research under the mentorship of faculty members or in internships outside the department.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Arizona Western College (<http://transfer.asu.edu/az-western>)

Career Opportunities:

According to the 2010-2011 Occupational Outlook Handbook (U.S. Bureau of Labor Statistics, 2010), employment of environmental scientists is expected to grow by 28 percent between 2008 and 2018. This is far more rapid growth than average rate of growth for all occupations. The handbook indicates most rapid growth will occur in the private sector (primarily, in private environmental consulting firms).

This concentration will allow students to tailor their courses of study to interests they possess in the science of the environment, to help prepare them for careers in the public and private sectors (e.g., in environmental consulting, environmental remediation, natural resource management, etc.) as well as entry into graduate programs in environmental science and related disciplines.

FAB N100

mns@asu.edu

602-543-6050

Life Sciences (Forensics), BS (ASLSCFBS)

Campus: WEST

Program Description:

This concentration allows students interested in the life sciences to focus their courses of study on the field of forensics. Students pursuing this concentration will take a different, more forensics-relevant set of distribution courses than those students pursuing the current BS in life sciences. The concentration will prepare students interested in criminal forensics for careers in forensic science and success in graduate and professional degree programs. Much of the required course work will be completed in chemistry or biology lab science course, to ensure that graduates of the program are competitive as they enter the workforce, pursue relevant careers (e.g., those in crime labs) and apply to graduate and professional degree programs.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Graduates of this program will be able to pursue careers in forensics laboratories and in the research and development of new technologies in forensics. Graduates will be particularly competitive for positions in forensics laboratories because the concentration focuses heavily on chemistry

and biology laboratory course work (areas that administrators and current employees in crime labs have reported are critically important). For example, as reliance upon DNA fingerprinting technologies increases, demand for forensic scientists trained in the requisite amounts of molecular biology will increase. The concentration also places focus on oral communication skills (e.g., through course work in argumentation, COM 222 or COM 422), which will prepare graduates for the multifaceted aspects of their careers in forensics (e.g., providing articulate and compelling expert testimony in criminal trials). Graduates of this program will also be well positioned to enter graduate programs in forensics.

Philosophy, Religion and Society, BA (ASRELBA)

Campus: WEST

Program Description:

This program is an interdisciplinary BA degree, consisting of 33 credit hours, of studies comprising historical, theoretical and practical perspectives

on philosophy, religion and social ethics.

The degree offers three areas of focus (tracks or concentrations):

- applied ethics
- continental philosophy
- religious studies

Each track emphasizes social and political concerns by putting the studies of philosophy and religion into action. After taking one of the shared three-credit-hour core courses, students will take 18 credit hours in one of the three areas complemented by nine credit hours in upper-division electives culminating with three credit hour capstone seminar.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Political Science, BA (ASPOLBA)

Campus: CALHC, WEST

Program Description:

Students gain understanding of theory, practice and policy underlying political processes, locally, nationally and internationally, in the BA in political science program.

The degree trains students in research skills necessary for analysis of complex sociopolitical issues locally and globally.

Course work is learner-centered in:

- American political institutions
- international relations
- political theory
- world affairs

This is a flexible program focusing on international, urban, and race or ethnic sociopolitical areas, internships, and service-learning or action research opportunities, with emphasis on intellectual and concrete policy issues in the greater Phoenix metropolitan area, Arizona, the Arizona-Mexico borderlands, the Americas and the world.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

- Communication Studies (MA)
- Interdisciplinary Studies (MA)
- Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The political science curriculum provides a solid background for employment in a relevant profession and prepares students for graduate work in:

- political science
- professional schools
- social science disciplines
- urban planning

The program serves as a good precursor to staff, manager or policy analyst positions in local, state and federal government. This degree is

Academic Catalog Archive 2014-2015 1064

recognized as qualification for many careers in business (for-profit and nonprofit) and industry.

Work may include binational, cross-border positions linking U.S. and Mexican businesses, Arizona-Sonora local government or local community groups on both sides of the border. Many students use the degree as a gateway to law school or basis for further study in such applied fields as:

- community development
- public administration
- public policy
- urban affairs and urban and regional planning

Political Science, BS (ASPOLBS)

Campus: WEST

Program Description:

Students gain understanding of theory, practice and policy underlying political processes, locally, nationally and internationally, in the BS in political science program. The degree trains students in research skills necessary for analysis of complex sociopolitical issues locally and globally.

Course work is learner-centered in:

- American political institutions
- international relations
- political theory
- world affairs

This is a flexible program focusing on international, urban, race or ethnic sociopolitical areas, internships and service-learning or action research opportunities, with emphasis on intellectual and concrete policy issues in the greater Phoenix metropolitan area, Arizona, the Arizona-Mexico borderlands, the Americas and the world.

The BS in political science requires six additional required credit hours than the BA in political science program.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Psychology, BA (ASPGSBA)

Campus: CALHC, ONLINE, WEST

Program Description:

Psychology is the scientific study of the behavior and mental processes of individuals and groups. The diverse BA curriculum in psychology, within the New College of Interdisciplinary Arts and Sciences, consists of basic and applied courses covering multiple perspectives within the field including:

- clinical
- cognitive systems
- cross-cultural
- developmental
- neuroscience
- organizational
- physiological
- social
- health
- legal

Courses are presented in the context of cultural, socio-historical and transnational issues, enabling the student to understand the relationship between psychology and other social and behavioral sciences.

This program adds practical experiences to enrich study through:*

- internship
- research opportunities with faculty members
- service learning

*The online psychology program does not offer research opportunities, service learning or internship programs.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 119 - Finite Mathematics

Program Math Intensity: Moderate

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Cochise College (<http://transfer.asu.edu/cochise>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Career Opportunities:

A degree in psychology will prepare students for a career in:

- government (sales and marketing, human resources management)
- industry
- mental health professions (youth counselor, substance abuse counselor)
- social services (high school psychology teacher, occupational analyst)

The degree also provides an excellent foundation for graduate study in fields such as public administration, law, family studies, communication and the various graduate programs in psychology:

- clinical and counseling
- cognitive neuroscience
- developmental
- environmental
- experimental
- health
- legal
- physiological
- social

Psychology, BS (ASPGSBS)

Campus: WEST

Program Description:

Psychology is the scientific study of the behavior and mental processes of individuals and groups. The BS in psychology, within the New College of Interdisciplinary Arts and Sciences, consists of basic and applied courses covering multiple perspectives within the field including:

- clinical
- cognitive systems
- cross-cultural
- developmental
- neuroscience
- organizational
- physiological
- social

Courses are presented in the context of cultural, socio-historical and transnational issues, enabling the student to understand the relationship between psychology and other social and behavioral sciences.

This program adds practical experiences to enrich study through:

- internship
- research opportunities with faculty members
- service learning

Strong emphasis is placed on developing skills in critical thinking and reasoning, quantitative and qualitative research methods, and writing to round out preparation for a career or graduate studies.

The BS program is distinguished from the BA in that it requires two additional lab sciences (a life science and a physical science) and MAT 170 Precalculus.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Social and Behavioral Sciences, BA (ASSBSBA)

Campus: WEST

Program Description:

The social and behavioral sciences curriculum provides an understanding of assumptions underlying the social and behavioral sciences; develops the students' research skills necessary for analysis of complex social issues; offers a flexible program tailored to the career goals of the individual student; and offers individual and group experiences in working with faculty on concrete intellectual and policy issues.

The core courses provide students a background suitable to helping them better understand psychological and social principles related to the behavior of individuals across multiple social contexts and institutions (e.g., family, community, society and culture).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics Students who select the individual and behavior theme area will need to have completed MAT 170 in order to meet the prerequisite requirements of courses in that area.

Program Math Intensity: Moderate

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

The interdisciplinary degree is an excellent option for creating a degree program that matches the individual's interests and fulfills many employers' expectations of a baccalaureate degree, namely that it should expose the student to a variety of outlooks and challenges.

Such a degree will be competitive in most situations where the disciplinary social and behavioral degrees are accepted and is advantageous when seeking entry to broad professional programs such as regional planning or urban studies.

Sociology, BA (ASSOCBA)

Campus: CALHC, WEST

Program Description:

The BA in sociology, within the New College of Interdisciplinary Arts and Sciences, provides an understanding of theory, practice and policy underlying the issues of social change, inequality and diversity in a global economy including:

- age
- economic position
- gender
- geographic location
- race and ethnicity

The program enhances students' understanding of social realities and institutions at local, national and international levels and how sociology contributes to the other social sciences and to the humanities.

Students gain a basic understanding of assumptions underlying the discipline of sociology and develop the research skills necessary for analysis of complex social issues. This is a flexible program, with opportunities to work collaboratively with faculty on concrete intellectual and policy issues.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Career Opportunities:

Graduates apply the sociological perspective to a wide variety of jobs in:

- business and management
- government
- social services
- the criminal justice system
- the health professions

Course work in sociology provides a valuable preparation for careers in:

- journalism
- law
- politics
- public administration
- public relations
- nonprofit sector

These are all fields that involve investigative skills and an ability to work with diverse groups. Graduates with an advanced degree in sociology may become:

- community developers
- criminologists
- demographers
- gerontologists
- research analysts
- statisticians
- survey researchers
- urban planners

Career Opportunities:

The Spanish program offers excellent preparation for graduate school or for employment as a teacher in the elementary or secondary school system, especially in those districts where bilingual programs are integral to the curricula. Outside the education system, students majoring in Spanish can find employment as translators and interpreters in:

- diplomatic corps
- federal and state court
- law enforcement agencies
- law firms
- social agencies

The business world also provides employment for those fluent in Spanish. This is especially true in the Southwest, with its proximity to Mexico, and through new outlets opened by the tri-national North American Free Trade Agreement.

Statistics, BS (ASSTABS)

Campus: WEST

Program Description:

The BS in statistics prepares students for entry-level positions as statisticians and for graduate training in statistics and related fields. Statistics is the science of collection, description, analysis and interpretation of data from experiments or surveys. Statisticians help to make decisions and solve problems in the face of uncertainty, using the limited data available from an experiment or survey. Because the use of statistical methods is common in all areas of business, government, natural and social sciences, the demand for individuals with all levels of statistical training is great.

The program encompasses theoretical and applied statistics, as well as the requisite foundations in mathematics and computing. The emphasis is on the more practical and applied aspects of statistics. Graduates of this program are equipped to utilize statistical techniques to explore interdisciplinary topics that span disciplines. These unique features emphasize the interdisciplinary nature of statistics and prepare graduates for employment as entry-level statisticians or for graduate school.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Women and Gender Studies, BA (ASWSTBA)

Campus: WEST

Program Description:

The BA in women and gender studies, within the New College of Interdisciplinary Arts and Sciences, is an interdisciplinary program emphasizing intersectional approaches to the study of gender, race, class, ethnicity and sexuality in national and transnational contexts. Consistent with the university's design imperatives of social embeddedness and use-inspired research, the program's course offerings, research initiatives and cocurricular programs further the understanding of women and gender and promote social justice.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Cochise College (<http://transfer.asu.edu/cochise>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

Career Opportunities:

The women and gender studies program builds a solid educational foundation, providing knowledge and critical-thinking skills needed to deal with changing gender roles in society. The program also prepares students for opportunities in many settings:

- business and professional schools
- education and training
- graduate study in the humanities and social sciences
- health care services
- human resources development
- public and business administration
- social services

Journalism & Mass Communication, Walter Cronkite School of

Journalism and Mass Communication, BA (CSJMCBA)

Campus: DTPHX

Program Description:

The Walter Cronkite School of Journalism and Mass Communication, named in honor of legendary CBS news anchor Walter Cronkite, is one of the largest and most successful professional journalism schools in the country. Students study multimedia, broadcast and print journalism, strategic communication and public relations, leading to a BA in journalism and mass communication. The Cronkite school is located at the ASU Downtown Phoenix campus, in the heart of the 13th largest media market in the U.S. The school features state-of-the-art computer labs, editing suites, production studios and classrooms dedicated to journalism education.

Additional Program Fee: Y

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with Master of Mass Communication (MMC)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The Bachelor of Arts in journalism and mass communication degree program has higher admission requirements and an application deadline of June 1 for fall. Students should select a second choice major on the application. All applicants will be reviewed by the school. Those who are not admitted to the Cronkite School will, if eligible, be admitted to their second choice major.

Freshman applicants must meet all of the following standards:

- have a 3.00 (4.00 = A) ABOR GPA
- have no English competency deficiencies
- 1040 SAT Reasoning or 22 ACT score

Transfer students (with 12 or more transfer hours after high school graduation) are required to have a cumulative transfer GPA of 3.00 or higher and no English competency deficiencies. Transfer students should contact the school for additional steps after admission to ASU. For more information regarding transfer admission see http://cronkite.asu.edu/undergrad/xfer_major_change.php (http://cronkite.asu.edu/undergrad/xfer_major_change.php).

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Walter Cronkite School of Journalism and Mass Communication graduates work for:

- corporate and business communication divisions
- magazines
- newspapers, radio and television stations
- online services
- public relations firms

Positions include:

- editors
- media managers
- photojournalists
- reporters
- writers

Mass Communication and Media Studies, BA (CSMCMSTBA)

Campus: ONLNE

Program Description:

The online BA in mass communication and media studies degree gives students a deep and nuanced understanding of the growing importance, power, influence and changing nature of media in the world. The program explores global mass communication issues from all dimensions: societal, cultural, historical, political, economic, technological and legal. The degree is built upon courses that are part of the Cronkite School's existing minor in media analysis.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics OR MA

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

A sophisticated understanding of mass communication is a critical asset for careers in business, government, community and the nonprofit sectors. Graduates of the program will have career opportunities with professional organizations, educational institutions, writing firms, publishing companies, political parties and candidates, government officials and others. Graduates of the bachelor's in mass communication and media studies program also will be prepared to pursue graduate studies in fields such as law, medicine, the arts, education and journalism.

Letters & Sciences, School of

Agribusiness (Preveterinary Medicine), BS (AGAGBPBS)

Campus: POLY

Program Description:

The BS in agribusiness teaches students the business of agricultural production, finance, marketing and distribution. Through a technology-rich curriculum that focuses on real-world projects, students explore global agribusiness issues such as international trade, food safety and sustainability.

The agribusiness industry is increasingly competitive, sophisticated and global, driving demand for innovative leaders who understand the industry's unique challenges and practices. The programs offered through the highly respected School of Letters and Sciences prepare graduates for success in graduate school or a wide range of careers.

By adding a concentration in preveterinary medicine, students can build on course work in chemistry and biology, to open opportunities for further study, including veterinary medicine. Others may seek to apply their science knowledge in the human or veterinary pharmaceutical industries or in the food industry, focusing on processing, production and food safety.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident

tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Accounting for more than 50 percent of the global economy and employing 25 percent of Americans, agribusiness brings food from the farm to the global table. Possible career paths include:

- finance and technical positions with private agribusiness firms and governmental agencies
- management
- marketing
- veterinary medicine

Applied Biological Sciences (Applied Biological Sciences), BS (TSABSABS)

Campus: POLY

Program Description:

The BS with a concentration in applied biological sciences offers students solid foundations in biology and related sciences while allowing them to focus on an area of special interest. This concentration works well for students interested in pursuing research careers in biology and postgraduate studies, particularly in the areas of human health care.

This concentration is designed for students planning to enter professional programs in the health professions, including medicine, medical technology, epidemiology, dentistry, physical therapy, public health and physician's assistant programs or biotechnology.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Applied Biological Sciences (Applied Ecology and Preveterinary Medicine), BS (TSABSRBS)

Campus: POLY

Program Description:

The applied ecology and preveterinary medicine concentration is designed for students who want a strong scientific foundation in wildlife and conservation biology. By selecting concentration areas in either wildlife biology or preveterinary medicine, students will have an emphasis on conservation and stewardship of fauna and flora in natural systems. Public and private career options are diverse and include wildlife biologist or ecologist, park managers, wildlife veterinary medicine, wild and domestic animal care, policy advisors, environmental consultants, and environmental research and education.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Applied Science (Technical Communication), BAS (LSTECBAS)

Campus: POLY

Program Description:

The BAS in technical communication is a flexible degree plan designed specifically for students who have earned an AAS from a regionally accredited institution. This major combines the technical experience gained in the student's associate degree program with a broader education of management, leadership, critical thinking and communication skills.

Technical communication is applied workplace communication that makes technical information understandable and available to many audiences. In the technical communication concentration, students learn how to produce, design and manage information using both traditional and developing technologies.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

Career Opportunities:

The Bureau of Labor Statistics estimates the need for writers and editors will increase by 25 percent during the next five years. Software and electronics companies, media corporations, financial institutions, government agencies, nonprofits and other areas will see an increased demand for writers. Students in the program will prepare for careers as:

- advertising and promotions managers
- communications teachers, postsecondary
- copy writers
- correspondence clerks
- court clerks
- desktop publishers
- editors
- media and communication workers
- proofreaders and copy markers
- public relations specialists
- reporters and correspondents

Exploratory Health and Life Sciences, (UCHSCIEXPL)

Campus: DTPHX, ONLNE, POLY, TEMPE, WEST

Program Description:

The exploratory health and life sciences track affords students an opportunity to explore a variety of majors related to the health and life science professions. ASU recognizes that many students are not ready to choose a specific academic program of study when first entering the university. Allowing students the option to declare exploratory status permits students to begin meeting General Studies requirements that all ASU graduates must fulfill, as well as taking some time to explore a variety of academic courses that may lead to a potential major interest.

All School of Letters and Sciences exploratory students are required to enroll in the following major and career exploration courses which must be taken sequentially:

UNI 150 Major and Career Exploration (1)

UNI 250 Choosing a Major (1)

UNI 270 Career Direction for a Successful Future (1)

The exploratory social and behavioral sciences track affords students an opportunity to explore a variety of majors related to the social and behavioral sciences, such as psychology, history, education, journalism and business-related careers. ASU recognizes that many students are not ready to choose a specific academic program of study when first entering the university. Allowing students the option to declare exploratory status permits students to begin meeting General Studies requirements that all ASU graduates must fulfill as well as take some time to explore a variety of academic courses that may lead to a potential major interest.

All School of Letters and Sciences exploratory students are required to enroll in the following major and career exploration courses, which must be taken sequentially:

UNI 150 Major and Career Exploration (1)

UNI 250 Choosing a Major (1)

UNI 270 Career Direction for a Successful Future (1)

For a complete list of all majors associated with this exploratory track, reference <https://sls.asu.edu/node/489> (<https://sls.asu.edu/node/489>).

General Studies, BGS (LSGNSBGS)

Campus: DTPHX, CALHC

Program Description:

The BGS offers students a flexible, innovative path to degree completion. Graduates of the program will be informed and effective members of society, who are well-prepared for a changing global marketplace with its diverse cultures. The theme of this degree is "Society and the Individual." Students will explore the tensions between individualism and collectivism, the public and private self, and the interplay of culture and identity.

History, BA (LSHISBA)

Campus: POLY

Program Description:

The BA in history focuses on American and European history, with a special emphasis on the history of the Southwest, environmental history and related fields. Students are trained in methods of historical research, and study the development of human society from social, cultural, political and economic perspectives.

Students must complete a minimum of 12 upper-division credit hours of HST courses offered by the School of Letters and Sciences.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The bachelor's in history prepares scholars and teachers for graduate and professional studies and for careers in education, writing and other related fields. Career prospects for secondary history and social studies teachers in Arizona are particularly strong. Students in the program develop skills in:

- analyzing ideas and problems
- communicating effectively
- finding and evaluating information
- presenting clear and logical arguments

With these skills, graduates of this program can find jobs as:

- archivists
- broadcast news analysts
- court reporters
- curators
- historians
- history teachers
- judicial law clerks
- lawyers
- legal support workers
- media and communication workers
- middle school teachers
- museum technicians and conservators
- paralegals and legal assistants
- postsecondary teachers
- reporters and correspondents
- secondary school teachers
- teachers and instructors
- writers and authors

The degree also prepares students to continue in graduate and professional programs.

Interdisciplinary Studies, BIS (LSBISBIS)

Campus: DTPHX, ONLNE, POLY, TEMPE, WEST

Program Description:

The BIS degree, one of the top five programs in the country, offers students the freedom to select two concentration areas from a rich menu of more than 140 possibilities (see concentration checksheets at <https://sls.asu.edu/bis/checksheets> (<https://sls.asu.edu/bis/checksheets>)). The core curriculum provides students the intellectual tools to integrate their concentration areas, engage in interdisciplinary problem-solving, and prepare for careers and graduate programs that increasingly cross disciplinary boundaries.

An interdisciplinary studies student could choose to integrate entertainment technology and business, applied psychology and social welfare, communication and justice studies, public administration and ethics, kinesiology and computer gaming, or many other unique combinations.

Interdisciplinary studies is an approach to answering questions, solving problems and addressing contemporary social issues from multiple perspectives. Interdisciplinary studies students take an active role in designing their educational plans and defining their career goals. The degree emphasizes written communication, versatility, self-assessment and critical thinking - essential skills for navigating today's dynamic world.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from
Academic Catalog Archive 2014-2015 1092

Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The BIS program is available to all students in good academic standing who have achieved sophomore, junior or senior standing. Students must complete the online BIS cyber workshop (found in student resources at <https://sls.asu.edu/ils/> (<https://sls.asu.edu/ils/>)) prior to meeting with an advisor to declare their major as interdisciplinary studies.

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. (<http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-interdisciplinary-studies>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Because of the flexibility of the interdisciplinary studies program, graduates take many exciting career paths after leaving ASU. While some students complete graduate or professional degrees, others immediately enter the job market. For example, one graduate combined business and communication and now owns a small business; another integrated sociology and family studies to further a career in law enforcement; another studied philosophy and economics to prepare for law school; another combined biology and chemistry in preparation to pursue a master of pharmacy degree; yet another studied Spanish and religious studies and now works as an employee trainer for a major company.

Possible career opportunities include:

- archivists
- chief executives
- climate change analysts
- compliance managers
- computer network support specialists
- curators
- editors
- environmental restoration planners
- general and operations managers
- regulatory affairs managers
- reporters and correspondents
- web developers
- wholesale and retail buyers (except farm products)

Interdisciplinary Studies (Organizational Studies), BIS (LSORGBIS)

Campus: EAC, ONLINE

Program Description:

Interdisciplinary studies is an approach to answering questions, solving problems and addressing contemporary social issues from multiple perspectives. Interdisciplinary students develop the intellectual tools needed to build bridges between academic disciplines and apply their skills, innovations and knowledge in various academic and practical settings. The BIS in organizational studies is intended for students seeking an interdisciplinary degree and possessing a desire to learn about the dynamics of contemporary organizations. Via the organizational studies curriculum, students gain valuable knowledge of management styles, communication strategies, technologies, diversity, ethics and politics. All course work for organizational studies is offered online, giving students freedom and flexibility in completing their requirements. By engaging in a breadth of knowledge and experience, and by acquiring the skills to integrate various domains of knowledge, students prepare themselves for careers as:

- human resources specialists
- industrial organizational psychologists
- investment fund managers
- loss prevention managers
- management analysts
- regulatory affairs managers
- supply chain managers
- urban and regional planners

Many organizational studies students already have a chosen career field, yet desire a degree that is versatile, flexible, meaningful and that affords the opportunity for continued career development and advancement.

Liberal Studies, BLS (LABLSBLS)

Campus: EAC, ONLNE

Program Description:

The BLS program helps to address student interests in a broad array of disciplines and subject matter. The program aims to provide students with the grounding to use knowledge in a manner that will help them to become more successful thinkers, decision-makers and leaders. The liberal studies core classes are designed to promote critical and creative thinking as students learn how to draw upon diverse disciplinary perspectives and modes of inquiry, help in the development of communication skills and support efforts toward professional career development.

Students majoring in liberal studies have become part of an international movement in higher education. This movement has proven empowering to people who are given the flexibility to explore multiple interests or approach a particular interest from various perspectives. Students are not alone in their chosen path. In fact, our program is just one of hundreds of similar programs offered in colleges and universities across the nation.

The program shares with all other liberal arts and science degrees the goal of developing analytical and communicative abilities. The program offers breadth of learning in an online setting. The liberal studies degree is transdisciplinary, providing students a thematic approach to education.

For more information on eligibility requirements, visit the school website.

Arizona State University and Eastern Arizona College have established a partnership that will allow students to complete their associate degree at EAC and then pursue this bachelor's degree through classes delivered on the EAC Thatcher campus. Organizational Leadership, BA (LSORGLBA)

Campus: EAC, CALHC, ONLNE

Program Description:

The BA in organizational leadership uses interdisciplinary methods that prepare students to become leaders in organizations. Students develop skills and knowledge that leaders need to solve problems, communicate effectively, assess programs, manage resources, and use emerging technologies in organizations. Students in the program will be prepared for a range of positions in government, health care administration, nonprofit agencies and the service industry.

Arizona State University and Eastern Arizona College have established a partnership that will allow students to complete their associate degree at EAC and then pursue this bachelor's degree through classes delivered on the EAC Thatcher campus. Visit <https://transfer.asu.edu/eac> (https://transfer.asu.edu/eac) for more information about ASU degrees offered at Eastern Arizona College Thatcher campus. Science, Technology and Society, BS (ECSTSBS)

Campus: POLY

Program Description:

Questions surrounding the interaction of science, technology and human systems are highly interdisciplinary and cultural, requiring analytical techniques that transcend space and time. Thus, the science, technology and society program stresses the need to step outside both disciplinary and cultural boxes in pursuit of knowledge. Accordingly, the program is heavy on cultural and information literacy and critical thinking. The primary goal is to produce generalists who understand the intricate interrelationship of science, technology and society and are armed with the technical skills to change their environment. The following three tracks are available:

- general science, technology and society
- global technology and development
- science, technology and governance

Students can use the general STS track to design targeted programs of their choosing, including premed and prelaw.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

The bachelor's degree in science, technology and society prepares professionals and scholars for careers in the 21st-century world focusing primarily, but not exclusively, on the interaction of science and technology with human systems. The focus of the program is on developing the technical skills required to audit the social, political and policy impact of technological advancement and the competence required to navigate questions surrounding the future trajectory of science and technology. Graduates are prepared for graduate or professional study or professional careers as:

- commercial and industrial designers
- compliance managers
- environmental restoration planners
- public relations specialists
- recycling coordinators
- regulatory affairs specialists

- sales representatives, wholesale and manufacturing, technical and scientific products
- sustainability specialists

Actuarial Science, BS (LAACTBS)

Campus: TEMPE

Program Description:

The BS in actuarial science provides students the quantitative and business skills needed to prepare them for a career as an actuary. Actuaries are professionals who assemble and analyze data to estimate the probability and likely cost of an event such as death, sickness, injury, disability or loss of property. It is consistently one of the most secure and highest-paying professions available, even during tough economic times. As part of the School of Mathematical and Statistical Sciences, the actuarial science program combines traditional math and statistics courses with a solid foundation in business, economics and finance. This provides students with preparation for professional actuarial credentialing exams that will set them apart from graduates of many other actuarial science programs.

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

American Indian Studies (Indigenous Rights and Social Justice) MS

American Indian Studies (Tribal Leadership and Governance) MS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

American Indian studies graduates will be qualified to fill positions at the tribal, state and federal government levels and in the private sector. Graduates can advance to graduate school or can pursue professional careers in such fields as government service or public service. For example, federally and tribally operated schools located in remote areas within Indian Country have high turnover rates for both teachers and staff. American Indian studies graduates should be available to help fill these positions. Furthermore, the federal government, a major employer on many reservations across the country, is in need of qualified people who are knowledgeable of Indian cultures, laws and policies. Additionally, many American Indian nations' economies and infrastructures are developing at a rapid pace, and they are in continuous need to fill mid-management and management-level positions.

Graduates find positions in many areas, such as:

- casino employment
- community action work
- public administration (tribal or state relations, nonprofit management, education administration, planner)
- public health
- the arts
- tribal employment (political office, tribal management, cultural resource programming, grant writer, cultural specialist, youth services)

This program also provides suitable preparation for graduate study or law school.

Anthropology, BA (LAASBBA)

Campus: TEMPE

Program Description:

The BA in anthropology gives students an opportunity to learn how and why humans evolved and how our evolutionary biological, social and cultural trajectories help us understand the meaning of being human in past, present and future environments. Anthropology helps students develop strong critical thinking and oral and written expression skills, important to success in many career areas.

Anthropology majors learn how to use the scientific method to formulate and test hypotheses and gather qualitative and quantitative data through participant observation, interviewing, ethnographic study, careful excavation and measurement. They also learn how to employ statistics to analyze and extract meaning from data.

A special feature of the ASU anthropology program is its relevance to other disciplines and many exciting hands-on learning opportunities through laboratories, study abroad and field-based courses.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The demand in the job market for people with an anthropology background is stimulated by a growing need for researchers and analysts with keen thinking skills who can manage, evaluate and interpret the large amounts of data. As the many spheres of human interaction expand globally, people trained in anthropology will increasingly be sought for their broad, holistic knowledge and perspective of understanding, which are the hallmarks of anthropology. Some career opportunities include:

- acting as legal advocates in international cases
- analyzing and proposing policies
- consulting for private and public organizations
- curating cultural resources
- directing nonprofit organizations
- directing programs in the private or public sector
- modeling infectious diseases
- planning communities
- postgraduate academic research and teaching
- professional employment in heritage (cultural resource) management in private or public sectors
- providing health care as nurses, doctors or public or global health professionals

Anthropology, BS (LAASBBS)

Campus: TEMPE

Program Description:

The BS in anthropology gives students an opportunity to master anthropological or anthropologically relevant knowledge and skills through applications of the scientific method and quantitative methodologies. Anthropology is the study of how and why humans evolved and how our evolutionary biological, social and cultural trajectories help us understand the meaning of being human in past, present and future environments. Through core and elective courses, the bachelor's in anthropology allows students to explore problems that may require the use of theories and methods from diverse disciplines, including biology, global health, applied mathematics, psychology, economics, sociology, medicine, law and engineering. Anthropology provides many exciting, hands-on learning opportunities through laboratories, study abroad and field-based courses.

Additional Program Fee: N

Applied Mathematics for Life and Social Sciences, BS (LAAMLBS)

Campus: TEMPE

Program Description:

The BS in applied mathematics for the life and social sciences is a challenging and exciting curriculum that investigates and integrates complex areas of the physical, life and social sciences while preparing a new generation of students in mathematics.

A primary objective of this program is for students to develop critical thinking skills and purposeful competencies in mathematics as well as an appreciation for the contributions of mathematics to the fields of sciences, engineering, business, government and economics. Students learn how to use theories and techniques such as mathematical modeling and computational methods to resolve practical real-world problems. The course work is directed toward an understanding of mathematical theory and its relation to other fields of studies. Emphasis is placed on precision of definition, reasoning to accurate conclusions, and analyzing and developing solutions to problems using mathematical principles.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The bachelor's in applied mathematics for the life and social sciences provides students entering the environmental, life, health, mathematical and social science fields the quantitative, scientific and analytical skills that are critical for professionals working in these areas.

The need for quantitatively trained scientists and professionals in the life and social sciences is strong in Arizona and the nation. This degree's applied use of mathematics, modeling, statistics and simulation methodologies are in high demand and provide excellent training for future academics and professionals in industries including:

- astrophysics
- biostatistics
- chemical engineering
- communications
- computational biology
- computer animation
- data mining
- demography
- digital and medical imaging
- e-commerce

- education
- forensics
- genomics
- informatics and complex systems research
- materials science
- neuroscience
- pharmaceutical engineering
- political science
- public health
- risk management
- security and military
- social network analysis

Asia Studies (East Asia), BA (LAHSTEABA)

Campus: TEMPE

Program Description:

The BA in Asia studies offers students the opportunity to study East Asia, South Asia or Southeast Asia in depth through a coherent concentration of academic study across a number of disciplines. The interdisciplinary approach will prepare students to deploy a variety of intellectual tools to address contemporary political, social and cultural issues in Asia and to apply their knowledge in various academic and practical settings. Students will identify which concentration (East, South or Southeast Asia) they will pursue.

The concentration in East Asia includes:

- China
- Japan
- Korea
- Taiwan

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Asian Languages (Chinese), BA (LACHIBA)

Campus: TEMPE

Program Description:

The BA in Asian languages with a concentration in Chinese strives to instill proficiency in reading, writing and speaking Mandarin and in reading classical Chinese. It provides an in-depth understanding of the fundamentals of the rich Chinese cultural tradition, centered on primary Chinese texts (in Chinese and in English translation) from the literary, intellectual and religious cultures of Chinese-speaking societies. These texts include visual and written materials on, among other things:

- linguistics
- literary theory and history
- media
- religions and thought
- urban culture

Students in the program have a number of options available to enhance their education through study abroad:

<https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>). Highly-motivated students interested in learning Chinese to professional-level proficiency are encouraged to inquire about the Chinese Language Flagship Program:

<https://international.clas.asu.edu/chineseflagship> (<https://international.clas.asu.edu/chineseflagship>). All students with higher levels of linguistic competency may enroll in targeted courses (conducted in Chinese) offered as part of the Chinese flagship track.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities. Language-intensive careers include:

- foreign service officer
- intelligence officer
- international businessperson
- international banking and finance professional
- translator or interpreter
- language teacher
- professor of language, literature and culture
- multilingual administrative professional
- foreign correspondent or media professional
- travel professional
- NGO professional
- social services professional
- health professional
- law and immigration professional

Career fields and occupations using languages include:

- advertising, marketing or communications professional
- airline employee
- hospitality industry professional
- international education and study abroad administrator
- international law
- member of the military
- ministry

Additional education and certification may be required for some career paths.

Asian Languages (Japanese), BA (LAJPNBA)

Campus: TEMPE

Program Description:

Students in the BA in Asian languages with a concentration in Japanese study the language, literature and culture of Japan and gain a respectable measure of competence in reading, writing, oral and aural skills in the Japanese language. Students also gain linguistic and cultural competence through the required study of classical Japanese. Throughout the program, students take courses in either Chinese or Korean and related courses in Japanese and East Asian culture on topics such as:

- art
- government
- Japanese history
- linguistics
- literary and cultural theory
- religion

In addition, ASU offers summer or yearlong programs to study abroad in Japan. Go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>) for more information.

Biochemistry, BA (LABCHBA)

Campus: TEMPE

Program Description:

The BA in biochemistry provides students with a course of study in the fundamental knowledge of the chemical substances and vital processes of living organisms. Discoveries of new drugs, the recognition and control of new pathogens, development of new catalysts for energy transformations and the production of new materials, and solutions to problems such as food production and environmental remediation depend upon a thorough grounding in this area of science.

Additional Program Fee: Y

Second Language Requirement: Y

First Required Math Course: MAT 251 - Calculus for Life Sciences/ OR MAT 270

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

A solid undergraduate education in biochemistry provides the necessary background for career paths in areas such as:

- chemical industries
- government
- health care
- research
- teaching

Students often study biochemistry with supporting work in biology and chemistry as the route for preprofessional training for careers in these fields:

- dentistry
- medicine
- pharmacy
- veterinary

Biological Sciences, BS (LABSCBS)

Campus: TEMPE

Program Description:

The life sciences delve into the basic organization and processes of life (microbes, plants and animals) at scales ranging from molecules to ecosystems and in time from picoseconds to millennia. This includes investigations into how hereditary information is transferred and how organisms evolve, the interplay of organisms and their environments, and how these factors interact in health and disease. Students interested in a degree in life sciences can opt for a BS in biological sciences or choose one of four concentrations with biological sciences:

- animal physiology and behavior
- biology and society
- conservation biology and ecology

- genetics, cell and developmental biology

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences

Program Math Intensity: Moderate

Accelerated Degrees:

This degree is also offered as an accelerated degree with Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Cochise College (<http://transfer.asu.edu/cochise>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

Career Opportunities:

The biological sciences major with no concentration is designed for students who are committed to studying and training in multiple disciplines in biology and students who want to get more exposure to the life sciences before deciding whether they want to concentrate as an undergraduate. Therefore, students in this major take core courses from several concentrations. Students in this major have more flexibility to customize their program of study so they can focus on their own area of interest that may not have a concentration, such as plant biology or genomics.

The biological science major provides an excellent foundation for graduate study as well as preparation for professional schools in:

- dentistry
- medicine
- pharmacy
- veterinary medicine

Graduates may also enter positions in:

- certain technical fields
- education
- government
- industry

Biological Sciences (Animal Physiology and Behavior), BS (LABSCABS)

Campus: TEMPE

Program Description:

Physiology is the study of how organisms regulate the flow of energy and maintain the conditions necessary for health, survival and reproduction. It might seem that physiology and behavior are quite separate fields, but physiology and behavior interact extensively to achieve common goals.

In the animal physiology and behavior concentration, students will receive a rigorous and broad education by studying behavior and physiology from the perspectives of molecular and cellular biology, evolution, organ systems (neural, endocrine, cardiovascular, respiratory, immune, etc.), and the environment. Students in this concentration also learn to apply principles from mathematics, chemistry and physics. Discoveries are made at the laboratory bench and in the field, and students in this concentration are encouraged to participate in research projects in the labs of our faculty members.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The broad education and critical thinking skills students receive in this concentration are well suited for a variety of rewarding careers. Premed, prevet and pre dental students get the background and courses needed for professional school application and beyond. Many students go on to graduate school for academic, teaching or research careers in areas such as:

- endocrinology
- environmental or behavioral physiology
- human physiology
- metabolism
- neurobiology
- social behavior

With a BS in this concentration, there are opportunities for technical positions in hospitals, research institutes, and industry (food, dairy, chemical, pharmaceutical, and biotechnology) as well as government laboratories and agencies. The most important skills students learn in the concentration are critical thinking and problem-solving skills that can be applied to many scientific problems and professions as well as the challenges of daily life.

Biological Sciences (Biology and Society), BS (LABSCSBS)

Campus: TEMPE

Program Description:

The biology and society major focuses on training biology students to understand the social context of their science; to ask how and why a biological problem has been and should be studied to be able to explore the ways in which policy decisions shape and are shaped by biological research; and to investigate the meaning and significance of the life sciences in understanding our complex world.

The biology and society curriculum is highly individualized, including an independent research project.

Our program is privileged to be home to world-class researchers and teachers in several different fields, including bioscience ethics, history and

philosophy of science, science communication, science education and science policy. What makes us unique is that we are all based in the School of Life Sciences rather than being scattered in a variety of departments.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences

Program Math Intensity: Moderate

Accelerated Degrees:

This degree is also offered as an accelerated degree with Biology (Biology and Society) (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Biology and society students gain the historical, philosophical, political and ethical perspectives needed to explore interactions between the life sciences and related complex human issues. As a result, the program contributes to better informed and more effective teachers, writers, policymakers, clinicians and researchers in areas related to biology, medicine and society.

As a result of the individualized, skill-based curriculum, biology and society majors are eligible for a broad range of career options. Most majors have chosen to pursue professional degrees in medicine, law, public health or public policy, or graduate study in biology, ethics, education or history and philosophy of science. Our graduates enter the workforce, whether in academia, industry, government or clinical practice, with a deep sensitivity to the complexity of biology in society and the skill to navigate that complexity throughout their career.

Biological Sciences (Conservation Biology and Ecology), BS (LABSCCBS)

Campus: TEMPE

Program Description:

Ecology is the study of the distribution and abundance of organisms, the interactions among organisms, and the interactions between organisms and the physical environment. Conservation biology is an applied science based on ecological principles that focuses on conserving biological diversity and on restoring degraded ecosystems. Arizona State University has made a commitment toward a more sustainable world and knowledge of conservation biology and ecology is one critical component to help us meet this global challenge.

Conservation biologists at ASU investigate the impact of humans on Earth's biodiversity and develop practical approaches to prevent the extinction of species and promote the sustainable use of biological resources. Some investigate the causes of ecosystem degradation and use ecological principles to reestablish desired conditions within a range of ecosystems, including rivers, wetlands, grasslands, urban landscapes and forests.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The curriculum prepares students for employment and provides a solid platform for students who wish to attend graduate school. The skills and concepts are preparation for careers with:

- governmental agencies such as the Environmental Protection Agency and state game and fish departments
- K-12 education, colleges and universities
- nongovernmental organizations such as The Nature Conservancy and Conservation International
- private companies focused on environmental resources, environmental law or environmental economics

The concentration can provide training in specific skills that might be needed in these areas:

- animal and plant physiology, identification and ecology
- behavioral ecology and population biology
- community, ecosystem and landscape ecology
- conservation of endangered species
- ecology of different habitats, including cities, lakes, rivers and grasslands
- restoration of degraded ecosystems

Biological Sciences (Genetics, Cell and Developmental Biology), BS (LABSCGBS)

Campus: TEMPE

Program Description:

Genetics, cell and developmental biology are exciting, closely related areas of life science research. Genetics examines the blueprints of life (i.e., DNA sequence and gene expression) while cell biology studies the machinery of life enclosed within the boundaries of cells. Developmental biology uses genetics and cell biology to understand how genes and the environment interact to produce a whole new individual from a single cell, in addition to developmental changes that organisms undergo throughout life. Many diseases are understood through the study of genetics, cell biology and development.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Students in this concentration have a variety of career options. This degree provides the fundamental course work necessary for admission into medical, dental, veterinarian, pharmacy or graduate schools or any of the health professions. There also are many employment opportunities that can be pursued upon receipt of the BS in this concentration:

- animal breeder technician
- bioinformaticist
- biotechnologist
- cell culture specialist
- cloning technician
- crime lab technician
- cytotechnologist
- drug design technician
- food and drug inspector
- genetic counselor
- histologist
- in vitro fertilization technician
- plant improvement specialist
- teacher
- technical writer
- vaccine development technician

Students in this concentration learn critical thinking skills that can be applied to many scientific problems and professions as well as to the challenges of daily life. We encourage students to engage in independent research projects or internship opportunities in order to develop a better sense of how science is done.

Biophysics, BS (LABIPHBS)

Campus: TEMPE

Program Description:

Biophysics is concerned with biological phenomena using the tools and methodologies of physics. The BS degree in biophysics is an interdisciplinary program, providing students with a working understanding of the important principles of physics, chemistry and biology that govern the molecular processes of life.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The broad range of applicability of the principles of biophysics gives great flexibility in a choice of career or further education including but not limited to:

- chemical industries
- engineering
- government
- health care
- physics research
- teaching and other areas

Chemistry, BA (LACHMBA)

Campus: TEMPE

Program Description:

Chemistry is a central science that connects the hard sciences, including physics, with the soft sciences, such as biology and medicine, and provides the fundamental knowledge needed to deal with many needs of society. Discoveries of new materials, processes and solutions to problems such as pollution control depend upon a thorough grounding in this area of science. Students in the BA in chemistry program have opportunities to explore interests in analytical, inorganic, organic and physical chemistry as well as biochemistry, geochemistry, solid-state and materials chemistry.

Additional Program Fee: Y

Second Language Requirement: Y

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Cochise College (<http://transfer.asu.edu/cochise>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Career Opportunities:

A solid undergraduate education in chemistry provides the necessary background for many career paths in chemical industries, government and other areas. Chemistry can be combined with law for patent work, economics for sales and marketing careers, and computer science for careers in information storage and retrieval. Students planning careers in medicine, dentistry or veterinary medicine often pursue a course of study in chemistry with supporting work in biology as the route for preprofessional training.

Communication, BA (LACOMBA)

Campus: TEMPE

Program Description:

The BA in communication focuses on teaching students how communication processes create, maintain and transform identities, relationships, workplaces and communities. Students can choose from course work in communication and healthy relating; communication and effective organizing; communication, advocacy and engaging public; communication, creativity and innovation or a combination of any of the above. Across the curriculum, students learn valuable and marketable knowledge and skills that prepare them for successful careers in a variety of industries in the public and private sectors.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students who are transferring into ASU must have a minimum transfer GPA of 2.50 in order to be admitted to the Hugh Downs School of Human Communication.

Students who have attended ASU in the past and who are returning to the university with transfer work must have a minimum 2.50 ASU cumulative GPA in order to be admitted into the Hugh Downs School of Human Communication.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)
Central Arizona College (<http://transfer.asu.edu/central-az>)

Career Opportunities:

Graduates of our program often attend leading graduate schools in communication, law or business schools, or find gainful employment in careers in the areas of:

- campaign management
- counseling
- entrepreneurship
- event planning
- health care management
- human resource management
- intercultural relations
- marketing
- nonprofit management
- public relations
- sales

Computational Mathematical Sciences, BS (LACMSBS)

Campus: TEMPE

Program Description:

Mathematics is a crucial component in many disciplines such as physics, life sciences, engineering, business, economics and social sciences. The BS in computational mathematical sciences is an interdisciplinary degree with components in mathematics, science and computing. A focus is placed on computational and numerical aspects of techniques used to solve a wide range of applied problems arising in practically any field of study.

A large component of the program involves understanding why and how computer algorithms work, as well as their limitations in terms of applicability and efficiency. This program is designed for students interested in computing and simulation of applied problems. It promotes creative skills and develops problem-solving tools needed in today's technological world.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Mathematics (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Many careers require a command of quantitative methods, and persons qualified in mathematics hold a favorable edge in competition for these job

Academic Catalog Archive 2014-2015 1123

opportunities. Employment for math majors can be found in virtually every area:

- academia (high school or college teacher, university professor)
- applied math (scientific computing)
- biotechnology
- business (actuary for banks or insurance companies, operations research)
- computer technology
- engineering
- government (consultant, federal and state organizations)
- medicine

A bachelor's in computational mathematical sciences is perhaps the most versatile of all math degrees. Career profiles for those majoring in mathematics are listed on the Mathematical Association of America website at <http://www.maa.org/careers> (<http://www.maa.org/careers>).

Earth and Environmental Studies, BA (LAEESBA)

Campus: TEMPE

Program Description:

The BA in earth and environmental studies will provide a foundational understanding of the evolution of the earth system with an emphasis on the planetary context for sustainable human societies. The degree includes broad training in the physical sciences, especially process-oriented geosciences that focus on Earth's life-sustaining surface environment. Advanced courses focus on topics including:

- climate change
- Earth's water, energy and material resources
- impacts of land-use change on human civilization
- physical, chemical and biological process interactions that define Earth's evolution

The degree is designed as a liberal arts program with an emphasis on basic scientific literacy, not as a preparatory degree for graduate study in natural science. However, successful graduates will be well prepared for "green" careers in fields such as:

- education
- environmental consulting
- environmental reporting
- natural resource management
- public planning

Additional Program Fee: Y

Second Language Requirement: Y

First Required Math Course: MAT 170 - Precalculus/MAT 210/MAT 251

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Coconino Community College (<http://transfer.asu.edu/coconino>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Earth and environmental studies graduates are prepared for positions in:

- consultancy
- education
- governmental agencies
- industry
- nongovernmental organizations
- nonprofit organizations
- regulatory agencies
- utilities

They are also well prepared for admission to strong professional schools. Recent environmental awareness in business and government has created new employment opportunities (e.g., environmental coordinators, directors and managers). By developing a breadth of knowledge and experience, and by acquiring the skills to integrate various domains of knowledge, earth and environmental studies students prepare themselves for a variety of careers to help find solutions to tomorrow's environmental and sustainability challenges.

Earth and Space Exploration, BS (LASESBS)

Campus: TEMPE

Program Description:

The BS in earth and space exploration offers students an integrated education across earth sciences, planetary sciences, astrophysics and engineering. The degree incorporates:

- a learning community that includes science and engineering students
- a yearlong collaborative capstone senior exploration project
- strong quantitative preparation

This strong foundation in geosciences, astrophysics and exploration engineering will prepare students for key roles in:

- earth resources and exploration
- environmental and geologic engineering
- space research and industry
- water and environmental use policy

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I/MAT 270

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The earth and space exploration major addresses critical future shortfalls in the national and regional training of the next generation of geoscientists

and aerospace engineers. Arizona has an expanding space industry with major new investments and is prepared to engage new technologies to monitor and understand environmental issues in Arizona, the Southwest and throughout the world. Students who major in earth and space exploration will have the tools, knowledge and understanding to address key problems of a global nature, whether they are working in the private or public sector.

Earth and Space Exploration (Astrobiology and Biogeosciences), BS (LASESABBS)

Campus: TEMPE

Program Description:

Astrobiology is the study of the origins, evolution, distribution and future of life in the universe. Biogeosciences focuses on the interaction of biological and geological processes on Earth at present and in the geologic past. These topics are closely related because the concepts of biogeoscience inform the study of planetary habitability and the search for habitable worlds. Therefore, the astrobiology and biogeoscience concentration is designed to offer students a strong foundation for exploring the interaction of geological and biological processes, how such interactions sustain life on Earth, and how they might operate on other planets. This scientific background is needed to contribute to the search for life on other planets as well as the exploration of extreme environments here on Earth. It also provides training in the interplay of forces that impact global change.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I/MAT 270

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Students in the astrobiology program will be well prepared for graduate studies in this field. Because astrobiology is increasingly the motivation for NASA exploration missions, they will also be well suited for entry-level careers at NASA research centers. The degree also provides broad training across a range of science fields, giving students a strong background for careers in biomedical, environmental or sustainability areas.

Earth and Space Exploration (Astrophysics), BS (LASESABS)

Campus: TEMPE

Program Description:

The BS in earth and space exploration with a concentration in astrophysics is designed to offer students a fundamental grounding in astronomy and astrophysics, with exposure to the related fields of geology, planetary science and engineering. Students will emerge from this program with the skills to pursue a career in astrophysics, physics or related fields.

The rigorous course work includes a combination of physics courses taught in the School of Earth and Space Exploration and the Department of Physics. Students should emerge from the program with the ability to compete at the national level on standardized physics exams. The tools of astronomical discovery are increasingly dependent on technological advances and students will be exposed to engineering principles. Through the capstone project in the senior year, students will gain valuable experience in translating science drivers into engineering specifics.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I/ MAT 270

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Career opportunities include but are not limited to:

- aerospace engineer
- astrobiologist
- astronomer
- computer programmer
- data analyst
- instrumentation specialist
- planetary scientist
- science policy intern
- science writer
- teacher
- telescope operator

Career settings include:

- federal government
- K-12 schools
- manufacturing
- museums
- NASA facilities
- national laboratories
- NSF facilities
- observatories
- planetariums
- publishing
- space industries
- universities and colleges

Some of the listed careers may require advanced degrees or additional certifications. This program also provides suitable preparation for graduate study.

480-965-5081

Earth and Space Exploration (Exploration Systems Design), BS (LASESESDBS)

Campus: TEMPE

Program Description:

The exploration systems design concentration is designed to offer students a fundamental grounding in geology, physics and astrophysics, while providing the tools to enable them to design and build hardware and software to achieve specified scientific goals.

At the heart of the program is a sound grounding in the fundamentals of physics, mathematics and chemistry. Upon that foundation students explicitly tackle issues concerning hardware design, instrument assembly and, ultimately, how to knit these components together when conceiving the requirements needed for a mission or project destined for space or another planet.

As part of this degree, each student will have the opportunity to learn how projects and missions are designed and planned, starting with the scientific drivers and then defining engineering specifications. Each student will be expected to complete a senior project that takes a desired scientific measurement and realizes the technological solution to achieve the observation.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 265 - Calculus for Engineers I/MAT 270

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Career opportunities include:

- astronomer
- geoscientist
- planetary scientist
- scientific instrumentation specialist
- science policy intern
- science writer
- space systems engineer
- systems engineer

Sample career settings include:

- aerospace industry
- federal government
- manufacturing
- NASA centers
- national laboratories
- observatories
- publishers
- space industries
- universities and colleges

Some of the listed careers may require advanced degrees or additional certifications. This program also provides suitable preparation for graduate study.

Earth and Space Exploration (Geological Sciences), BS (LASESGSBS)

Campus: TEMPE

Program Description:

Geological science is the study of the Earth and other planets with an emphasis on the processes that have shaped them since the origin of the solar system, including the co-evolution of life, oceans, atmosphere and the Earth's climate system, and the record of that evolution encoded in rocks, soil, ice and isotopes. The BS in earth and space exploration with a concentration in geological sciences educates students in the fundamentals of the geological sciences, providing a solid background in chemistry, mathematics and physics, as well as interdisciplinary training in engineering, astronomy and planetary science.

Students will gain a strong understanding of field methods, as well as modern computing, remote sensing and instrumentation, in order to effectively study the natural environment and Earth's resources. Graduates of the program will learn to apply their knowledge for the benefit of Arizona, the nation and society in general.

Additional Program Fee: Y

Economics, BS (LAECNBS)

Campus: TEMPE

Program Description:

The BS program requires a strong core of economic theory, supplemented by mathematics and data analysis. In addition, students in the program choose from a variety of courses within the department as well as from the College of Liberal Arts and Sciences and the university. All students are encouraged to develop programs of study tailored to their individual needs and interests. The department's undergraduate program aims to provide students with the critical thinking and communication skills needed to succeed in business, government or graduate school. The mission of the Department of Economics at ASU is to provide the highest quality instruction to students, conduct cutting-edge research in economics, and provide leadership and service to our professional communities.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus or MAT 270

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

English (Creative Writing), BA (LAENGCB)

Campus: TEMPE

Program Description:

Undergraduate students can pursue BA degrees in English with concentrations in creative writing, linguistics, literature and secondary education. We also offer a BA degree in English completely online. Students in the creative writing concentration study and practice the art of writing poetry and fiction. The distinguished faculty in the Department of English are actively engaged in creative writing and scholarly research. Students gain practical experience through research and internships that prepare them for an ever-expanding variety of careers. The undergraduate programs also prepare students to continue their studies in graduate and professional programs.

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Students graduating with a bachelor's in English with a concentration in secondary education will have tremendous opportunities for employment. With more than one million students in a state ranked seventh in the nation in population growth, the need for certified teachers in Arizona is self-evident. Arizona State University provides more of those teachers than any other institution of higher education. Over the last 15 years, ASU grads have had their pick of teaching jobs around the valley and in the state. After student teaching in school districts in the greater Phoenix area or on one of the 22 Native American nations, students are often hired to teach in the same school in which they completed their internship. New teachers will continue to be in demand because the predicted rate of population growth in Arizona is still strong and the retirement rate of teachers is increasing.

Family and Human Development, BS (LAFASBS)

Campus: ONLNE, TEMPE

Program Description:

The BS in family and human development offers course work on the development of individuals and families as they relate to their social worlds. The required concentration in family studies and child development provides a focus on the development of children, adults and families. Students take a wide variety of courses on contemporary issues related to human development, from infancy through the end of the life span, and the development, formation and dissolution of families. Students develop proficiency in written communication, computer skills, statistics and research methods.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with Family and Human Development (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Film (Film and Media Studies), BA (LAFMSBA)

Campus: ONLINE, TEMPE

Program Description:

The BA in film and media studies is an innovative program in the study of film, television, computer games, the Internet and screenwriting.

This program provides students with the analytic, creative and communication skills needed to interpret and create media texts, and it prepares students for opportunities in the entertainment industry as executives, producers and writers. The bachelor's will empower students to be critical consumers of media, creative industry professionals and rigorous scholars of media texts and culture.

The film and media industries are undergoing constant transformation as a result of industry reorganization, globalization, new technologies and

Academic Catalog Archive 2014-2015 1135

increasingly sophisticated forms of artistic expression and storytelling. This curriculum aims to put students on the forward edge of that change.

French, BA (LAFREBA)

Campus: TEMPE

Program Description:

Students of the BA in French study the language, literature and culture of France and francophone countries. They gain competence in reading, writing, oral and aural skills in the French language and are required to take a number of related courses on topics such as:

- art
- cultural theory
- French history and civilization
- government
- international business
- linguistics
- literary theory
- religion

Students are encouraged to join the French Club to help them gain proficiency in the language. In addition, the School of International Letters and Cultures offers faculty-directed summer study abroad programs in France and Quebec, Canada, and endorses partnership and exchange programs

in francophone Africa, Canada and Europe. Go to <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>) for more information.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Language-intensive careers include:

- foreign correspondent or media professional
- foreign service officer
- health professional
- intelligence officer
- international banking and finance professional
- international businessperson
- language teacher
- law and immigration professional
- multilingual administrative professional
- NGO professional
- professor of language, literature and culture
- social services professional
- translator or interpreter
- travel professional

Career fields using languages include:

- advertising, marketing or communications professional
- airline employee
- hospitality industry professional
 - hotel and resort management
 - film, television or multimedia
 - foreign correspondence or journalist
 - intelligence officer
 - international education and study abroad administrator
 - international law
 - member of the military
 - ministry

Additional education or certification may be required for some career paths.

Geographic Information Science, BS (LAGISBS)

Campus: TEMPE

Program Description:

This program focuses on the computational dimension of geographic information system technology. Students in the program will learn concepts in spatial thinking, geographic problem solving, mathematical and statistical spatial modeling, and computational principles in GIS. Students will learn to use commercial and open source GIS and related software. Students will also learn to program in more than one programming language (e.g., Java, C++, and Python). These essential programming skills combined with GIS knowledge will form the basis for designing and implementing GIS software.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Career opportunities are found in private and public sectors. In the private sector, students may find employment with software development companies such as Esri, Oracle or Google. Job activities will range from designing desktop systems, implementing web and mobile applications, and developing workflow systems. Public sector job activities involve customizing spatial models and systems for local or national agencies, including Web or mobile applications, customized desktop systems and project management.

German, BA (LAGERBA)

Campus: TEMPE

Program Description:

Students in the BA in German study the language, literature and culture of German-speaking people and gain a respectable measure of competence in reading, writing, oral and aural skills in the German language. They are required to take a number of related courses on topics such as:

- art
- German history
- government
- international business
- religion

Students are encouraged to study abroad in Germany as participants in the School of International Letters and Cultures faculty-directed summer program in Regensburg, or in one of the academic-year exchange programs available at several German universities. Go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>) for more information.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Language-intensive careers include:

- foreign correspondent or media professional
- foreign service officer
- health professional
- intelligence officer
- international banking and finance professional
- international businessperson
- language teacher
- law and immigration professional
- multilingual administrative professional
- NGO professional
- professor of language, literature and culture
- social services professional
- translator or interpreter
- travel professional

Career fields and occupations using languages include:

- advertising, marketing or communications professional
- airline employee
- hospitality industry professional
- international education and study abroad administrator
- international law
- member of the military
- ministry

Additional education and certification may be required for some career paths.

Global Health, BA (LASSHBA)

Campus: ONLNE, TEMPE

Program Description:

The BA in global health is an interdisciplinary degree designed for students who seek a broad and flexible set of skills for understanding contemporary health challenges and thinking about how they might best be solved. "Global" is understood in the anthropological sense, meaning ways of understanding and addressing disease, health and well-being that can incorporate all cultures, places and time and that can integrate knowledge of health's social, historical, biological and ecological dimensions.

The curriculum emphasizes the development of core skills in critical thinking, problem-solving and the importance of direct experience (research, study abroad, service learning and advocacy). The degree cultivates capacities to deal with any complex problem with social components: how to identify the critical issues, ask the right questions and create solutions that are meaningful and effective.

Students are required to participate in an approved global health study abroad program.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with Global Health (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Nationally and internationally, the health field provides enormous and varied career opportunities, and demand is high, and growing, for graduates with skills. The major supports the goals of those pursuing careers in academic research, teaching and health services and sample employment venues include:

- departments of health
- government agencies
- international agencies (World Health Organization, Center for Disease Control, Global Health Council, World Bank, Inter-American Development Bank)
- nongovernmental organizations
- private sector
- universities

The degree also provides a broad intellectual base for those who plan advanced specialist health training in fields such as:

- dentistry
- medicine
- nursing
- pharmacy

In Arizona and elsewhere, there is a pressing need for professionals with appropriate skills to work in cross-cultural settings or with underserved populations (such as migrants, minorities and those living in poverty), and many of these jobs are directly or indirectly related to health.

Global Studies, BA (LASGSBA)

Campus: TEMPE

Program Description:

Global studies examines the causes and consequences of problems that cross national boundaries and the governance of these problems in social, cultural and economic contexts. The major focuses on real-world problems and their solutions in the context of the New American University. This mission is enabled by an internationally recognized faculty who have extensive global experience from a wide variety of disciplines in the social sciences, humanities and law. The global studies program uses teaching, research and public policy activities to address some of the most challenging issues that include:

- built environments
- economic and social development
- global cities and urbanization
- global governance of quality of life issues such as health and climate change
- justice and human rights
- religious identities, rights and conflicts
- world culture

Within the program's intellectual framework, students are required to take courses in at least two areas of emphasis, providing them with a broad understanding of global processes and institutions. Areas of emphasis include:

- cultural perspectives and place
- economic development
- global governance
- urban systems and environment
- violence, conflict and human rights

Global studies faculty members orient their work toward solving global problems by drawing on their training in diverse disciplines, including:

- anthropology
- economics
- geography
- history
- law
- planning
- political science
- sociology

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with Political Science (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their

academic department to apply.

Admission Requirements:

History, BA (LAHISBA)

Campus: ONLNE, TEMPE

Program Description:

The BA in history is an interdisciplinary degree designed to have students explore the development of human society and the political, social, economic and cultural dynamics that influence today's complex world. Course work encourages students to develop a breadth and depth of understanding about today's complex world and cover a wide range of geographic regions, including: Africa, Asia, Europe, Latin America, Middle East and the United States.

A bachelor's in history prepares students for successful careers in business, education and public service. Our graduates also find a distinct edge in pursuing a graduate degree in fields such as business, history, justice studies, law and public administration. Students choose a primary geographic concentration from:

- Asia
- Europe
- Latin America
- United States

Students considering the online campus bachelor's in history choose a primary concentration in either United States or world history.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with History (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Career Opportunities:

History majors seek jobs in:

- archival research
- business and industry
- communications
- education
- foreign service
- law enforcement
- museums
- public administration
- social services

History is an excellent foundation for graduate and professional studies in:

- business
- history
- justice studies
- law
- medicine
- public administration
- public history
- theology

A high-quality record as a history major indicates to employers and admissions officers that the student has acquired a respectable degree of literacy. It also demonstrates the student has the ability to conduct research, assimilate material, read critically and evaluate conflicting interpretations of events.

History (Secondary Education), BA (LAHISSEBA)

Campus: TEMPE

Program Description:

The secondary education concentration within the history BA offers a flexible degree to students of history who are considering a career in education. The concentration fully prepares students for teaching and certification. At the same time, the concentration provides all the disciplinary knowledge of a traditional history degree and prepares students for a variety of non-education careers. By developing strong critical reading, writing and research skills as well as skills in oral presentation, the concentration creates a solid foundation for graduate work in history, law or business.

Integrated Studies, BA (LAISTBA)

Campus: TEMPE

Program Description:

The integrated studies program is a unique and highly focused individualized plan of study for students whose academic interests are not served by more traditional disciplinary pursuits. Developed for academically superior students whose interests lie beyond established departmental emphases and boundaries, the integrated studies program provides students the opportunity to work one-on-one with faculty mentors to create a personalized and individually tailored bachelor of arts plan.

Students who elect and are approved to develop an integrated studies major will pursue a focused and coherent course of study that draws its curricula from more than one academic department or college.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Not available to freshmen. There is an additional application for this degree. Admissions consist of completion of 32 credit hours at ASU with a GPA of at least 3.25 and three letters of recommendation from ASU faculty members. For more information contact the assistant dean for academic affairs, Office of Student and Academic Programs, Fulton Center, Suite 110.

Career Opportunities:

The professional and vocational opportunities provided by the integrated studies major will depend on the area of concentration and the particular focus of study. The integrated studies major shares with all other liberal arts and sciences programs in the goal of developing students' analytical abilities and communication skills. The program combines breadth of learning across multiple disciplinary contexts with an appropriate depth in a focused area of inquiry. Integrated studies graduates are prepared to enter the work force or pursue graduate or professional studies at the completion of their undergraduate program.

International Letters and Cultures, BA (LASLCBA)

Campus: TEMPE

Program Description:

The BA in international letters and cultures is a degree grounded in the advanced study of at least one foreign language. It is a more transcultural and transdisciplinary degree than a traditional languages and literature degree and is designed to encourage students to explore and even challenge the traditional boundaries of cultures, texts and disciplines. Students work with faculty and advisors to choose a program that requires study and research in a minimum of two cultures or disciplines (or both).

Students must meet with an advisor in the School of International Letters and Cultures to discuss this degree option; it is not recommended for first year students.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Language-intensive careers include:

- foreign correspondent or media professional
- foreign service officer
- health professional
- intelligence officer
- international banking and finance professional
- international businessperson
- language teacher
- law and immigration professional
- multilingual administrative professional
- NGO professional
- professor of language, literature and culture
- social services professional
- translator or interpreter
- travel professional

Career fields and occupations using languages include:

- advertising, marketing or communications professional
- airline employee
- hospitality industry professional
- international education and study abroad administrator
- international law
- member of the military
- ministry

Additional education and certification may be required for some career paths.

International Letters and Cultures (Classical Civilization), BA (LASLCVBA)

Campus: TEMPE

Program Description:

Classics is an interdisciplinary field that includes the study of the literature, art, history and philosophy of the ancient Greeks and Romans, subjects which fueled the Renaissance and have continued to provide an intellectual foundation for innovative and influential people ever since.

ASU's BA in international letters and cultures with a concentration in classical civilization provides a thorough grounding in the culture and history of the ancient Greeks or Romans while allowing students to satisfy their language requirement outside the classics. The degree begins with two cores: an introduction to ancient Greek and Roman literature (read in English translation) and knowledge of ancient history. With that basis, students are allowed to build a program to meet their needs and interests. Among the variety of topics students pursue are:

- the art and architecture of the ancient Egyptians, Greeks and Romans
- the archaeology of the ancient Mediterranean world
- ancient history, war, politics and economics
- the use of the classics in today's film, books and other media
- the thought of figures such as Plato, Aristotle and Lucretius
- the mythology and religious practices of the Greeks and Romans

In addition to the concentration in classical civilization, ASU also offers a classics concentration, with a similar focus, but more emphasis on training in ancient languages. Students should consult their advisor and choose the concentration that best meets their needs.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

College graduates with a degree in classical civilization have the valuable experience of studying a culture very different from, and yet lying at the root of, the modern world. This gives them a perspective that serves them well in a variety of disciplines. Classical civilization graduates may consider careers in:

- business
- law
- public service
- teaching in K-12 schools
- writing and editing (journalism, fiction, technical writing)

Additional education may be required for some career fields.

International Letters and Cultures (Classics), BA (LASLCCBA)

Campus: TEMPE

Program Description:

Classics is the study of the literature, art, history and philosophy of the ancient Greeks and Romans—an interdisciplinary field that fueled the Renaissance and that has continued to provide an intellectual foundation for innovative and influential people ever since. ASU's BA in international letters and cultures with a concentration in classics begins with two cores: language skills in ancient Greek or Latin (or, if the student chooses, both) and knowledge of ancient history. With that basis, students are allowed to build a program to meet their needs and interests. Among the variety of topics students pursue are:

- ancient history, war, politics and economics
- literary classics such as Homer, Sophocles, Vergil and Ovid
- the archaeology of the ancient Mediterranean world
- the art and architecture of the ancient Egyptians, Greeks and Romans
- the mythology and religious practices of the Greeks and Romans
- the thought of figures such as Plato, Aristotle and Lucretius
- the use of the classics in today's film, books, and other media

In addition to the concentration in classics, ASU also offers a classical civilization concentration, with a similar focus but different language requirements. Students should consult their advisor and choose the concentration that best meets their needs.

Additional Program Fee: N

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

College graduates with a degree in the classics have developed skills in research and the precise use and analysis of language that will serve them well in a wide range of fields. The interdisciplinary study of a culture very different from, and yet lying at the root of, the modern world also fosters a student's ability to view issues from many angles and think critically about them. Classics graduates often find careers in:

- business
- Christian ministry
- law
- politics
- teaching Latin or Greek in K-12 schools
- university teaching (after graduate school)
- writing and editing (journalism, fiction, technical writing)

As many employers are well aware, a classics graduate has the training to solve difficult puzzles, to see through obscure language and to conduct rigorous research on often ill-defined problems. These skills are prized in any field of endeavor.

Jewish Studies, BA (LAJSTBA)

Campus: TEMPE

Program Description:

The BA in Jewish studies offers an interdisciplinary, cross-cultural program of study in the humanities that examines ethical, religious and spiritual values while exploring a range of philosophical and political viewpoints and providing a balance to the study of contemporary science and technology. The major focuses on the study of Judaism, defined as the civilization of the Jews. It considers Jewish history and modern life, enhances the student's understanding of Jewish contributions to Western civilization, and facilitates enhanced cultural awareness and global perspective.

Students are required to complete course work in one thematic concentration selected from:

- history and society
- literature and culture
- religion and thought

Additional Program Fee: N

Justice Studies, BA (LAJUSBA)

Campus: TEMPE

Program Description:

For more than 25 years, we have been the intellectual hub for the study of justice at ASU by producing cross-disciplinary knowledge and educating generations of social change agents and justice studies scholars. The program emphasizes five core areas of study:

- citizenship, migration and human rights
- globalization, sustainability and economic justice
- law, policy and social change
- media, technology and culture
- social identities and communities

The goal is to enable students, faculty and graduates to use their skills to find solutions to complex social problems.

- media, technology and culture
- social identities and communities

The goal is to enable students, faculty and graduates to use their skills to find solutions to complex social problems.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Justice Studies (MS)

Science and Technology Policy (MSTP)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

(<http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-science-justice-studies>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Cochise College (<http://transfer.asu.edu/cochise>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Career Opportunities:

Many graduates go on to law school, graduate school or other professional degree programs. Students emerge from this program with the knowledge and skills designed to bring social justice concerns to their professional careers. Our graduates work in a variety of fields, including:

- human welfare and social work
- lawyers and law enforcement
- nongovernmental organizations

- other public service

Mathematics, BA (LAMATBA)

Campus: TEMPE

Program Description:

The BA in mathematics is a broad, skills-based degree with applications in many career fields. This program provides a general background in mathematics, which leads to improved critical thinking and problem-solving skills. Mathematics is a crucial component in many disciplines such as engineering, life sciences, business, economics and social sciences. The BA requires six fewer credit hours within the major than the BS. However, unlike the BS, the BA program has a foreign language requirement.

Additional Program Fee: Y

Second Language Requirement: Y

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Cochise College (<http://transfer.asu.edu/cochise>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Career Opportunities:

Many careers require a command of quantitative methods, and persons qualified in mathematics hold a favorable edge in competition for these job opportunities. Employment for math majors can be found in virtually every area, including:

- academia (high school or college teacher, university professor)
- applied math (scientific computing)
- biotechnology
- business (actuary for banks or insurance companies, operations research)
- computer technology
- engineering
- government (consultant, federal and state organizations)
- medicine

Career profiles for those majoring in mathematics are listed on the Mathematical Association of America website at <http://www.maa.org/careers/> (<http://www.maa.org/careers/>).

Graduates with a bachelor's in mathematics often pursue a master's degree in more applied fields. Graduates can also become certified to teach mathematics in secondary education.

Mathematics, BS (LAMATBS)

Campus: TEMPE

Program Description:

The BS in mathematics provides students with breadth and depth in advanced mathematics. Students completing this program will learn both theoretical and applied mathematical concepts, which lead to enhanced critical thinking and problem-solving skills. Mathematics is a crucial component in many disciplines, including the natural sciences, engineering, humanities, business and social sciences. The BS includes more analytical and advanced courses than the BA. Many BS majors are dual majors in a related applied field such as physics, computer science, philosophy, economics, finance or psychology.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Mathematics (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Mathematics (Secondary Education), BS (LAMATSBS)

Campus: TEMPE

Program Description:

The BS in mathematics with a concentration in secondary education focuses on the mathematics that secondary education teachers need as background for their own understanding as well as the methods they will be using to teach high school students. Students graduating with this concentration will have the recommendation from the Mary Lou Fulton Teachers College to the State of Arizona for high school mathematics certification. This bachelor's degree is also intended for students who wish to pursue a graduate degree in mathematics.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Many careers require a command of quantitative methods, and persons qualified in mathematics hold a favorable edge in competition for these job opportunities. Employment for math majors can be found in virtually every area, including:

- academia (high school or college teacher, university professor)
- applied math (scientific computing)
- biotechnology
- business (actuary for banks or insurance companies, operations research)
- computer technology
- engineering
- government (consultant, federal and state organizations)
- medicine

Career profiles for those majoring in mathematics are listed on the Mathematical Association of America website at <http://www.maa.org/careers> (<http://www.maa.org/careers>). This bachelor's degree is especially advantageous for competitive high school teaching positions or for those who plan to pursue a master's or doctorate in mathematics or related fields.

<http://math.asu.edu/>

PSA 211

math@asu.edu

480-965-7195

Mathematics (Statistics), BS (LAMATTBS)

Campus: TEMPE

Program Description:

The BS in mathematics with a concentration in statistics focuses on course work related to the statistical analysis of data and the evaluation of probabilistic models based on these data. Such models are heavily used in the banking and insurance industries, but also increasingly in engineering fields where the effects of noise sometimes play a critical role in the behavior of a model. Many students in the statistics concentration are dual business or economics majors.

Mathematics is a crucial component in many disciplines where the need for quantification in the analysis of phenomena is strong, such as:

- business and economics
- engineering applications
- life sciences
- physics
- social sciences

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

Employment opportunities for math majors can be found in virtually all sectors of industry, including:

- academia (high school or college teacher, university professor)
- applied math (scientific computing)
- biotechnology
- business (actuary for banks or insurance companies, operations research)
- computer technology
- engineering
- government (consultant, federal and state organizations)
- medicine

A course of study in statistics is especially useful in technical positions in finance, insurance and business, as well as in fields where data analysis plays an important role, such as genomics.

Graduates also have the option of becoming certified to teach mathematics in public middle schools and high schools. Many careers require a command of quantitative methods, and persons qualified in mathematics hold a favorable edge in competition for job opportunities. Graduates with a bachelor's in mathematics often pursue a master's degree in more applied fields.

Microbiology, BS (LAMICBS)

Campus: TEMPE

Program Description:

In microbiology, students study the branch of biology involving the smallest of living things (bacteria, fungi, algae, protozoa and viruses) and immunology, the study of all aspects of the immune system. Despite their small size, microbes are fundamental to life on Earth and compose the majority of all life forms on Earth. In addition to their essential contributions to the natural world, microbes have been model experimental subjects due to their impact on human health and ease of manipulation in the laboratory. A significant portion of medical research employs microbiological and immunological methods in order to examine basic genetic and biological phenomena.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The microbiology degree program places emphasis on understanding microorganisms and their interrelationships with other organisms in nature and on the influence of microorganisms in biomedicine and biotechnology. Students in the microbiology degree program will study not only the background and current findings in the field of microbiology, but also acquire the critical thinking skills and the hands-on laboratory and field skills required to succeed in science. The major provides excellent training for premed, predental, prevet and prepharmacy students as well as advanced study in microbiology and immunology.

The discipline of microbiology is diverse and the job opportunities for microbiologists are enormous. Graduates with a degree in microbiology have opportunities for employment in:

- government
- hospitals
- industrial laboratories (food, dairy, chemical, pharmaceutical, environmental and biotechnology companies)
- public health laboratories
- research laboratories

Many students are also suitably prepared for admission into graduate school and these advanced studies:

- dental
- medical
- pharmacy
- veterinary

Molecular Biosciences and Biotechnology, BS (LAMBBBS)

Campus: TEMPE

Program Description:

The molecular biosciences and biotechnology program encompasses many of the cutting-edge disciplines in life sciences research. Biotechnology is an exciting, rapidly growing field with major applications in agriculture ("green" biotechnology leading to improved crops or production of vaccines in plants), health care ("red" biotechnology leading to better therapeutics, diagnostics and personalized medicine) and industry ("white" biotechnology leading to sustainable production of energy, enzymes and chemicals).

Our molecular biosciences and biotechnology degree program is differentiated from the other life sciences majors by its focus on the interface between molecular biology and biotechnology. This interface drives many of our major advancements in knowledge and in applied research and development, like the development of next-generation biomedical products or biofuels. Other hallmarks of this program are the focus on hands-on research and the capstone course with both science and business or entrepreneurial components.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The molecular biosciences and biotechnology degree program provides excellent background and training for a growing number of careers that incorporate this innovative area of the molecular life sciences. Independent research and courses with classroom plus lab components result in a solid basis of knowledge and practical expertise in biotechnology and the molecular biosciences providing many options for further education or for entering the workforce. After graduation, many molecular biosciences and biotechnology students enter graduate programs in a molecular biosciences and biotechnology-related area. A number of students also enroll in medical school, other health-related professional programs or in other advanced programs. Students also have the knowledge and technical skills to enter the biotechnology workforce in an area matching their expertise and interest.

The molecular biosciences and biotechnology program has a faculty mentoring program, which provides students with the opportunity to speak with faculty regarding career choices, selection and timeline of major courses and of independent research projects, and much more.

Philosophy, BA (LAPHIBA)

Campus: ONLNE, TEMPE

Program Description:

The BA in philosophy teaches students how to think well, which in turn lays the foundation for personal and professional success. Philosophy alumni are well-prepared for leadership roles in whatever path they take, whether it be in business, law, politics, medicine or education. Philosophy students learn how to structure arguments, write precisely and clearly and communicate their ideas in an orderly, persuasive and unambiguous way. Many philosophical texts are complicated, and philosophy courses teach students how to read, comprehend and summarize conceptually difficult material. In short, studying philosophy trains one to be a better, clearer thinker. Course work includes the major subfields of philosophy such as metaphysics, epistemology and ethics as well as electives that connect philosophy to other areas of inquiry and that emphasize the social relevance of philosophy.

Philosophy (Morality, Politics and Law), BA (LAPHIMPBA)

Campus: TEMPE

Program Description:

The philosophy concentration in morality, politics and law combines the basic analytical approaches of philosophy with an emphasis on the moral questions that arise in political theory and law. The foundations of our political and legal systems are moral values, such as individual liberty, equality and justice. These values are contested ones, open to different understandings of their nature and implications. This concentration will explore the nature of morality, political theory, legal theory and the interconnections between them. The program draws from disciplines related to philosophy to enrich and enliven students' understanding of the intersections of morality, politics and law. This degree should be of special interest to students planning to pursue postgraduate work in law, policy or politics.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

Physics, BA (LAPHYBA)

Campus: TEMPE

Program Description:

Physics is concerned with the nature, structure and interactions of matter and radiation. The BA in physics provides a flexible and efficient option for students who are interested in a liberal arts degree with broad knowledge of physics. This degree program is ideal for students seeking to complete two degrees, with physics as the second degree. Students wishing to pursue a graduate degree in physics are advised to consider the BS in physics.

Additional Program Fee: Y

Second Language Requirement: Y

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Physics, BS (LAPHYBS)

Campus: TEMPE

Program Description:

Physics is concerned with the nature, structure and interactions of matter and radiation. The BS degree in physics provides students a thorough background in physics appropriate for further graduate study in physics, other sciences or engineering programs.

Additional Program Fee: Y
Second Language Requirement: N
First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I
Program Math Intensity: Substantial

Accelerated Degrees:

This degree is also offered as an accelerated degree with Nanoscience (PSM)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The broad range of applicability of the principles of physics gives the physicist great flexibility in a choice of career or further education. About half of the graduates with a bachelor's degree in physics go on to graduate school in:

- astronomy
- engineering
- medicine
- physics

The other half go directly into employment in areas such as:

- education and business
- engineering
- materials science

physics.info@asu.edu

480-965-3561

Physics (Secondary Education), BS (LAPHYSEBS)

Campus: TEMPE

Program Description:

Physics is the cornerstone of STEM disciplines --- science, technology, engineering, and mathematics. At ASU and nationally, the production of new physics teachers is far below the need. The shortage of highly qualified physics teachers in every state is an ongoing problem. This degree concentration is designed to produce more and better qualified physics teachers.

The BS in physics with a concentration in secondary education provides rigorous training in physics and in education. Students who graduate from this program will be recommended by the Mary Lou Fulton Teachers College for certification by the State of Arizona.

Additional Program Fee: Y
Second Language Requirement: N
First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I
Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Students graduating with a bachelor's in physics with a concentration in secondary education will have tremendous opportunities for employment. With more than one million students in a state ranked seventh in the nation in population growth, the need for certified teachers in Arizona is self-evident. Physics is the core STEM (science, technology, engineering, and mathematics) subject, yet less than half of in-service physics teachers have degrees in physics. The need for qualified physics teachers is among the highest of all subject areas. During the last 15 years, ASU graduates have had their pick of teaching jobs around the valley and in the state. After student teaching in school districts in the greater Phoenix area or with one of the 22 Native American nations, students are often hired to teach in the same school where they completed their internship. As the predicted rate of population growth climbs and the number of teachers retiring increases, new teachers will continue to be in demand.

Psychology, BA (LAPGSBA)

Campus: TEMPE

Program Description:

Psychology is the study of behavior, emotions and the mental processes of individuals and groups, approached through a scientific methodology.

The BA in psychology focuses on appreciating and understanding the human condition from a scientific, psychological point of view. All psychology majors learn about statistics and research methods and use psychology content courses to develop skill sets in diverse settings, including the department's child development facilities or internships.

Students in the bachelor's program are exposed to theories and research addressing such fascinating topics as:

- How can people use social influence to increase compliance?
- How do children develop?
- How do people remember information over long periods of time?
- How do the mind and body react to stress?
- Which types of treatments are most effective for individuals who are depressed?

Additional Program Fee: Y

Second Language Requirement: Y

First Required Math Course: MAT 170 - Precalculus

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Transfer applicants must meet university transfer admission requirements and have successfully completed the following courses (or their equivalents) with a grade of "C" or better: PSY 101 Introduction to Psychology, ENG 101 First-Year Composition, MAT 170 Precalculus. Transfer students should select an additional major when applying for admission. Related disciplines include: anthropology, biology, sociology, and philosophy.

Readmission applicants must meet university readmission requirements, ASU cumulative GPA of 2.00 or better and have completed the following courses (or their equivalents) with a grade of "C" or better: PSY 101 Introduction to Psychology, ENG 101 First-Year Composition, MAT 170 Precalculus. Readmission students should select an additional major when applying for readmission. Related disciplines include: anthropology, biology, sociology, and philosophy (College of Liberal Arts and Sciences, Tempe campus), OR applied psychology (BS) - Polytechnic campus, psychology (BA/BS) - West campus.

Students with fewer than 45 hours who are not admissible to a Psychology Department psychology major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social/behavioral sciences program in the School of Letters and Sciences.

Students with more than 45 hours who are not admissible to a Psychology Department psychology major and who did not select a second major or are not admissible to their second major choice will be contacted to select an appropriate major. Related disciplines include: anthropology, biology, sociology, and philosophy, (College of Liberal Arts and Sciences, Tempe campus), OR applied psychology (BS) - Polytechnic campus, psychology (BA/BS) - West campus.

Current ASU students who wish to change their current major to a Psychology Department psychology major must have an ASU cumulative GPA of 2.00 or better and have completed the following courses (or their equivalents) with a grade of "C" or better: PSY 101 Introduction to Psychology, ENG 101 First-Year Composition, MAT 170 Precalculus.

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Career Opportunities:

The bachelor's in psychology is designed to prepare students to work in a variety of settings that provide opportunities to apply concepts and principles of psychology. This degree provides students the opportunity to develop a broad range of highly marketable skills, including analytical skills, writing and public speaking skills, as well as teamwork and leadership skills. These skills lead to many career opportunities or graduate degrees in academic or clinical psychology, or such fields as counseling, social work, family therapy and law.

Psychology (Psychological Science), BS (LAPGSPSBS)

Campus: TEMPE

Program Description:

The BS in psychology with a concentration in psychological science emphasizes critical thinking and analytic and quantitative skills involved in psychological research to prepare students for graduate study. Students take advanced course work in statistics and receive hands-on research experience by working with faculty members in the laboratory. Students are exposed to theories and research addressing such topics as:

- How can people use social influence to increase compliance?
- How do children develop?
- How do people remember information over long periods of time?
- How do the mind and body react to stress?
- Which types of treatments are most effective for individuals who are depressed?

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 251 - Calculus for Life Sciences Or MAT 270 Calculus with Analytical Geometry

Program Math Intensity: Substantial

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The BS in psychology with a concentration in psychological science is open to students who have:

- completed a BS in psychology critical courses (ENG 101, ENG 102, MAT 251 or MAT 270, PSY 101, PSY 230, PSY 290) with a "C" or better
- earned at least 45 credit hours
- earned at least an ASU 3.00 cumulative GPA

Students must maintain at least a 3.00 cumulative GPA from admittance through graduation.

Career Opportunities:

The bachelor's in psychology with a concentration in psychological science emphasizes critical thinking and analytic and quantitative skills involved in psychological research, to prepare students for graduate study in psychology to be researchers, teachers or clinicians. The bachelor's in psychology with a concentration in psychological science also leads to professional postgraduate programs in the fields of law and medicine.

Religious Studies, BA (LARELBA)

Campus: ONLNE, TEMPE

Program Description:

Students in the BA in religious studies program engage in the comparative, cross-cultural study of religions and cultures. Employing various disciplinary approaches, including the historical, sociological, anthropological and theological, the academic study of religion seeks to interpret, analyze and evaluate the nature and role of religion in the lives of individuals and societies.

The faculty of religious studies enjoy an excellent national reputation, and the degree is distinctive at ASU because the relatively small number of majors fosters undergraduate interaction with individual faculty.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

Russian, BA (LARUSBA)

Campus: TEMPE

Program Description:

Students in the BA in Russian program study the language, literature and culture of Russia. Russian is the fourth most spoken language in the

world, after Chinese, English, and Spanish, and is the lingua franca of the former Soviet empire, with more than 300 million speakers worldwide. Students gain intermediate to advanced reading, writing, oral and aural Russian language skills. The Russian program is working with the Language Partnership to facilitate the attainment of superior proficiency in Russian by students in any major.

The Russian language program cooperates with the Melikian Center for an interdisciplinary baccalaureate certificate in Russian, Eurasian, and East European Studies (REEES) for students in agribusiness, anthropology, architecture, economics, geography, history, political science, religious studies, Russian, sociology and women's studies.

Russian students are encouraged to study abroad for a semester or year in Moscow or St. Petersburg or in Kazan on the new ASU exchange program in Russian Language and Translation.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Since the fall of the Soviet Union in 1991, Russian remains a strategic, critical language, with government scholarships to study abroad, to do research and internships, and to find jobs in government agencies. Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Career fields and occupations using languages include:

- administration of nongovernmental organizations
- advertising or marketing
- airlines
- cultural advisor
- diplomatic and foreign service agent
- domestic or international business
- film, television or multimedia
- foreign correspondent or journalist
- government intelligence
- hotel and resort management
- international banking
- international education and study abroad
- international law
- interpreting and translation
- medicine
- military
- ministry
- social work
- teaching and research

Additional education and certification may be required for some career paths.

SS 144

Spanish, BA (LASPABA)

Campus: ONLINE, TEMPE

Program Description:

Students in the BA in Spanish program have the opportunity to gain oral, reading, speaking and written proficiency in the language. The program offers three study options: the Spanish linguistics track, or the Spanish literature and culture track (for on-campus students only), and the Spanish BA Online (for ASU Online students only).

- The linguistics track provides an in-depth understanding of the Spanish language (syntax, morphology) and may include courses in translation (English to Spanish).
- The literature and culture track provides an in-depth understanding of the themes of Spanish, Latin American and Mexican American culture and literature and the contemporary issues throughout the Spanish-speaking world.
- The Spanish BA Online combines courses from both the linguistics track and the literature and culture track requirements.

Students are encouraged to contact a school advisor to discuss which option is best for them. ASU offers opportunities throughout the year to study in Spain, Mexico and other Spanish-speaking countries through study abroad and exchange programs. For more information go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>). Students majoring in Spanish may also work toward a professional certificate in Spanish-to-English translation.

Urban Planning, BSP (ARPUPBSP)

Campus: TEMPE

Program Description:

Urban planners guide communities in making wise decisions about their use of land and resources. The BSP in the urban planning program offers students expertise in both the analysis and the synthesis of the physical, social, political and economic issues that shape urban and regional development. Students take courses that include:

- comprehensive planning, socioeconomic and environmental analysis
- computer and analytical methods
- planning law
- public-policy formulation and administration
- site planning
- urban design

Planning includes:

- computer and research methods
- environmental impact assessment
- geographic information systems
- housing
- landscape architecture and urban design
- planning and zoning law
- public policy formulation and administration
- transportation
- urban and development economics
- utilities

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with Urban and Environmental Planning (MUEP)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Nursing & Health Innovation, College of

Nursing, BSN (NUNURDBSN)

Campus: DTPHX, EAC, ONLNE

Program Description:

Through a curriculum centered upon evidence-based practice, clinical reasoning, innovation, interprofessional communication and information technology, the BSN program prepares students to provide high quality professional nursing care.

The BSN may be earned through four different pathways.

In the traditional prelicensure clinical nursing program, students take prerequisite course work and then advance to the upper-division clinical nursing program. The clinical program may be completed in a 16-month year-round schedule or a 24-month academic year schedule.

Students admitted directly into the program must meet continuing eligibility criteria to advance to the clinical program. Prenursing students apply for advancement to the clinical program, competing for any remaining spaces.

The postbaccalaureate BSN is a pathway for students who have earned a bachelor's degree. After completing prerequisites, students apply for advancement to the 12-month clinical nursing program. Students are admitted to the postbaccalaureate annually in the spring semester.

The online RN to BSN program is available to students who have earned an associate degree in nursing or a nursing diploma. This online program has five enrollment sessions per year and may be completed in as few as 18 to 24 months. Courses are 7.5 weeks. Assignments may include readings, papers, presentations, and practice experiences (clinical activities). The pathway program for students from Arizona community colleges provides additional benefits. All course work except the clinical practice activities are completed online. Students complete clinical practice activities in their geographic area.

The ASU-Maricopa Concurrent Enrollment Program (CEP) pathway is available to select MaricopaNursing students. These students will be enrolled in the MaricopaNursing and ASU BSN programs concurrently. This pathway may be completed in five to six terms, including summer sessions.

The ASU and Eastern Arizona College partnership is a pathway that allows students to complete an associate degree in nursing at Eastern Arizona College, then pursue the ASU BSN on the EAC Thatcher campus. Visit <https://transfer.asu.edu/eac> (<https://transfer.asu.edu/eac>) for more information about ASU degrees offered at EAC Thatcher campus.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Traditional Prelicensure Clinical Nursing Program Concentration

This program is only offered at the Downtown Phoenix campus.

Applicants who do not have an associate degree in nursing or a nursing diploma and do not have their RN license will apply to the traditional prelicensure clinical nursing program and will be reviewed by the Nursing Admissions Committee on an individual basis. Students must meet the following minimum criteria to be considered by the committee:

Freshman resident: 3.00 ABOR GPA or 500 GED or in the top 25 percent of high school graduating class and either a 1040 SAT or 22 ACT score.

Freshmen nonresident: 3.00 ABOR GPA or 500 GED or in the top 25 percent of high school graduating class and either an 1110 SAT or 24 ACT score.

Transfer resident and nonresident: cumulative transfer GPA of 3.50.

Admission is competitive so early application is recommended.

RN to BSN Concentration

This program is only offered as an online option.

Applicants must meet university minimum admission requirements.

Students who have not signed an Arizona community college pathway agreement need 1) a 2.50 GPA, and 2) ENG 101, ENG 102, and a statistic course. For additional requirements, please contact the college.

Students who have signed the community college pathway agreement need 1) a 2.50 GPA in the following courses: BIO 201, BIO 202, CHM 101, ENG 101, ENG 102, MIC 205, PGS 101 or CDE 232, and 2) a statistic course. For additional requirements, please see contact the college.

Additional information available at <http://asuonline.asu.edu/nursingonline> (<http://asuonline.asu.edu/nursingonline>).

Attend Online: ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. (<http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-science-nursing-rn-bsn>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Cochise College (<http://transfer.asu.edu/cochise>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Public Programs, College of

Applied Science (Emergency Management), BAS (PPEMGBAS)

Campus: DTPHX

Program Description:

The BAS program is a flexible, 60-credit-hour degree designed specifically for students who have earned an AAS from a regionally accredited institution. The required capstone class provides experience to students through coordinated internships.

Students applying to this program must have completed an AAS from a regionally accredited institution. This program is not available to freshmen.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

Career Opportunities:

The concentration in emergency management opens the door to a challenging career as a professional emergency manager. The advancement of technology has created the potential for more devastating disasters than ever before. As a result, there is an increasing demand for emergency managers who have a solid foundation in scientific and technical disciplines, as well as management skills.

Community Sports Management, BS (PPCSMBS)

Campus: DTPHX

Program Description:

The community sports management degree focuses on the many roles recreational and amateur sports play within a community as a mechanism to contribute to quality of life, domestically and abroad. Emphasis will be on the role of sports in youth development; the role of sports organizations and programs in community development; the impact of sports tourism and multisport events on community development; and the role of sports in delivery of nonprofit agency services. Both a program and a managerial emphasis will be targeted, with an emphasis on delivery of services across the lifespan. Some specific areas of opportunity include work with youth sports, adaptive sports, sports events, sports tourism and sports clubs.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

Numerous opportunities are available in community sports. Community sports programs are part of many nonprofit organizations such as the Boys and Girls Clubs of America and the YMCA or YWCA. City parks and recreation programs include youth and adult sports, and clubs and organizations focused on youth sports are prevalent. Sports tourism organizations are part of many communities and sports events such as Special Olympics and youth sports tournaments, including international and multisport events, and offer opportunities for employment. Many cities and nonprofit organizations offer adaptive or therapeutic sports programs such as Wounded Warriors and River Rampage. Though the focus of this program is not on professional sports management, there are opportunities with these organizations, such as event management and facility management.

Criminal Justice and Criminology, BS (PPCRIMJBS)

Campus: DTPHX, CALHC, ONLNE

Program Description:

The criminology and criminal justice program, located in downtown Phoenix, is for students who want to understand the causes of crime, the role of criminal justice agencies in the control of crime, and the consequences of crime. They will learn sociological, psychological, biological and economic explanations for individual crime, as well as differences in crime across neighborhoods, states, countries and over time. They will learn about the

history, legal issues and current practices of crime control via police agencies, the court system, prisons, probation and parole.

These topics are delivered by top-ranking research faculty who offer students hands-on research opportunities and by experienced criminal justice professionals with intimate knowledge of the daily realities of crime and criminals. Students are encouraged to take advantage of internship opportunities in more than 200 agencies, study abroad programs and flexible course scheduling offered in-person, online and across multiple campuses.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Criminal Justice (MA)

Criminology and Criminal Justice (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Nonprofit Leadership and Management, BS (PPNLMBS)

Campus: DTPHX

Program Description:

Through the BS in nonprofit leadership and management program, students are empowered to become successful professionals who work to advance the quality of life in communities. The nonprofit sector in the United States is unique in form and function. This sector includes institutions and individuals situated between government, public, business and commerce sectors. It is this sector, with more than 1.6 million organizations in the U.S., that employs more people than the finance industry, including insurance and real estate, combined.

Philanthropy (voluntary action for the public good) is a hallmark of the nonprofit sector as individuals give their time, money and know-how to causes about which they care. Students in the nonprofit leadership and management program learn about the nonprofit sector through curriculum instruction and field experience. The required internship component of the program leads students to professional opportunities within the nonprofit sector. Within the undergraduate degree requirements, students may also choose to pursue the National Certified Nonprofit Professional credential through ASU's affiliation with the Nonprofit Leadership Alliance (formerly American Humanics, Inc.). For more information, access the school's website.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Career Opportunities:

Depending on their interests, graduates seek work in various areas of the nonprofit sector. They find employment in diverse settings that include a wide range of missions, including arts and culture, environmental, health, youth development, etc. Some graduates work for local, grassroots, direct service nonprofits, for grantmaking foundations, and many work in affiliates of well-known national organizations such as:

- American Red Cross
- America's Second Harvest
- Humane Society of the United States
- March of Dimes
- National Urban League
- United Way
- youth-serving entities such as Big Brothers Big Sisters, Boys and Girls Clubs, Boy Scouts of America, Girl Scouts of the USA, Camp Fire USA and the YMCA of the USA

Increasing opportunities in the nonprofit sector include careers across the spectrum of community issues such as the arts, environment, health care and others. Typical positions include roles as:

- field executives
- fund development directors
- program directors
- program officers for grantmaking organizations
- volunteer program managers

Parks and Recreation Management, BS (PPPRMBS)

Campus: DTPHX

Program Description:

The BS in parks and recreation management provides an interdisciplinary education in the management of parks, protected areas, community-based recreation services and special-event management. The parks and recreation field emerged from the youth development, recreation and park movements of the late 19th century. Students learn to integrate the managerial, natural and social sciences, to make informed decisions for recreation service delivery.

The curriculum of classroom instruction and field experiences covers:

- communication
- history
- inclusive services
- management
- parks and recreation policy
- planning
- programming

The required internship component of the program allows students to gain practical experience in the parks and recreation professions. The bachelor's in parks and recreation management prepares students for professional positions in a variety of public, private and nonprofit organizations. The National Recreation and Park Association accredits this degree program. There are three areas of emphasis:

- community recreation services management
- natural resource recreation management
- special event management

Students interested in the BS in parks and recreation management may also be interested in the school's therapeutic recreation program. See the school website for details.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

This degree program prepares students for professional positions in a variety of public, private and nonprofit organizations. Graduates are employed in a variety of settings in Arizona, nationally and abroad. Graduates find employment in such diverse settings as:

- armed forces recreation
- city park and recreation departments
- county and state park agencies
- federal natural resource agencies
- hospitals and care facilities
- nonprofit recreation programs
- private and commercial recreation facilities
- special event management
- sport venues
- youth agencies

In such settings, graduates design, develop and manage services that address the recreational needs of a particular clientele.

Parks and Recreation Management (Therapeutic Recreation), BS (PPPRMTRBS)

Campus: DTPHX

Program Description:

The BS in parks and recreation management with a concentration in therapeutic recreation is the only program in Arizona that prepares students for national professional certification in therapeutic recreation. The program is designed for students who have an interest in providing therapeutic interventions and adaptive recreation services for individuals with social problems, illnesses and disabling conditions. The required internship component of the program allows students to gain practical experiences in the therapeutic recreation field. Students who choose this concentration are truly committed to improving people's lives and contributing to their communities.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Public Service and Public Policy, BS (PPPAFBS)

Campus: DTPHX

Program Description:

The BS in public service and public policy prepares students for work in government at all levels and nonprofit organizations, through comprehensive coverage of topics in public policy, public leadership and management, and urban studies.

Students discover the challenges of management and learn how to lead a public organization and understand the process of policy development. This program examines the public sector and addresses, in a practical way, the challenges facing the public. The program is unique because it enables students to study public service, policy and administration with a professional focus.

Students select one of the following concentration areas to supplement their core courses:

- American Indian studies
- business
- criminology
- emergency management
- health policy
- law and policy
- nonprofit leadership and management
- parks and recreation management
- public leadership and management
- public policy
- science and technology
- social services delivery
- sustainability
- urban studies

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Accelerated Degrees:

This degree is also offered as an accelerated degree with Public Administration (MPA) - Downtown Phoenix

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

This degree provides students with the knowledge and skills to transform government and policy at all levels. The public service sector offers sustainable, exciting and fulfilling career options. Upon graduation, students will be empowered to use knowledge of the public sector as a catalyst to change the world. By understanding the challenges facing government and being well-versed in the development of multiple, useful and realistic solutions, students will contribute to the development of local, national and global communities.

A bachelor's in public service and public policy prepares students for entry- and mid-level supervisory and managerial positions in city, county, state and federal agencies. For those who already have work experience, the degree provides further opportunity for promotion.

Public Service and Public Policy (Emergency Management and Homeland Security), BS (PPPAFEHBS)

Campus: DTPHX

Program Description:

The School of Public Affairs offers a concentration in emergency management and homeland security as part of their BS in public service and public policy. This concentration provides students with skills and knowledge to manage and assume positions of leadership within the field of emergency management and homeland security. Concepts of public policy and management are blended together with emergency management principles to enhance and foster critical thinking within the general field of study. More specifically, the program's focus provides the student with a comprehensive perspective which is critically important for today's and tomorrow's disaster managers.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

The program is primarily focused on individuals working, or who are interested in working in the public sector. The skills and knowledge students acquire allow them to successfully function in many other types of organizations; however, the primary focus is on public organizations. A bachelor's in public service and public policy prepares students for entry and midlevel supervisory and managerial positions in city, county, state and federal agencies. For those who already have work experience, the degree provides further opportunity for promotion. In addition, the program prepares students for future graduate study in law, public policy and public administration. Increasing demand for public services and retiring baby boomers has created an increase in job opportunities for graduates in the public sector. The federal government is the nation's largest employer with nearly 2 million people employed by the federal government across the country, and 84.6 percent of those jobs exist outside the Washington, D.C. area. The Partnership for Public Service estimates that the federal government alone will hire tens of thousands of new employees for mission-critical positions in the next few years. Students with a preparation in academic areas related to public service will have an advantage in that market.

Public Service and Public Policy (Health Policy), BS (PPPAFHPBS)

Campus: DTPHX

Program Description:

The School of Public Affairs offers a concentration in health policy as part of the BS in public service and public policy. This allows students to build a course of study that emphasizes their own areas of interest. The health care industry is continuing to be a major part of the U.S. and world economy. The concentration in health policy will provide students who have an interest in policy to focus on health-related issues and their policy implications. The courses in the concentration are offered by the School of Nutrition and Health Promotion and the School of Human Evolution and Social Change. All the courses are part of the College's regular degree offerings. Thus students emerge from the program prepared to address policy issues in this substantive area with an understanding of the range of public service careers (including government, nonprofit and for-profit options), the economics of public affairs, the challenge of leadership in the public context, and the dynamics of administering public programs.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Arizona Western College (<http://transfer.asu.edu/az-western>)

Career Opportunities:

The bachelor's in social work practitioner is a generalist focusing on roles such as advocacy, referral, case management and problem-solving functions with individuals, groups, families, organizations and the community.

Employment in social work is expected to increase commensurately with the needs of a growing and diverse population.

Social workers are employed in public and private agencies dealing with a wide variety of social issues, including:

- adoptions
- aging
- AIDS
- child abuse
- corrections
- delinquency
- disability
- discrimination
- domestic violence
- family dysfunction
- foster care
- health
- homelessness
- mental health
- poverty
- school-related problems
- substance abuse
- teen pregnancy

Social work skills such as problem-solving, resource utilization, counseling, group work and community organization are also useful for positions with industry in employee relations and mediation.

Tourism Development and Management, BS (PPTDMBS)

Campus: DTPHX

Program Description:

Through the BS in tourism development and management, students acquire the planning and management skills related to the growth and development of tourism throughout the world. The curriculum prepares students for employment across a wide variety of occupations in the rapidly expanding travel and tourism industry, while taking full advantage of its strong connections with the professional tourism community in Phoenix.

The required internship component of the program allows students to gain practical experiences leading to professional positions in various travel, tourism and related fields. Exposure to the practices of heritage tourism, sustainable tourism, resort management and meeting and convention planning, prepares students for successful careers in the travel and tourism industry. While pursuing the bachelor's in tourism development and management, a student may also choose to complete a certificate in convention sales and meeting planning. Additionally, students have the opportunity to participate in a study abroad program.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

The travel and tourism industry is the largest employer in the world and the second largest in Arizona. Based upon interests, graduates can seek work in the public, nonprofit or private and commercial sectors. Graduates find employment in such diverse settings as resorts, meeting planning, convention and visitor bureaus, tour operations and commercial recreation businesses. In such settings, graduates design, develop and manage services that address the needs of a particular clientele. The metropolitan Phoenix area is a major hub of tourism in the southwestern U.S. and has experienced rapid growth in:

- business and corporate travel
- meetings and conventions
- resorts and hotels
- sports tourism
- state and national parks
- the air transportation sector
- the gaming and casino sectors

Tourism Development and Management (Resort and Hotel Leadership), BS (PPTDMRBS)

Campus: DTPHX

Program Description:

The concentration in resort and hotel leadership will attract students and professionals who have interests in the diverse areas of knowledge needed within the accommodations sector, such as:

- career opportunities
- ecological, social and economic sustainability practices in the industry
- the interrelated functions within departments of the lodging, food and beverage industries
- management and leadership specifically for the accommodations sector
- meeting the expectations of hotel and resort guests

A concentration in resort and accommodations leadership will provide students an academic option to study in-depth the resort and accommodations system, and gain knowledge of the importance of the business relationships between suppliers, intermediaries and vendors, guests, and the public and private sectors. The concentration will prepare students to serve our community by developing the skills, knowledge, techniques and capabilities needed for addressing major issues related to resorts and other tourism accommodations.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. Tourism Development and Management (Sustainable Tourism), BS (PPTDMSBS)

Campus: DTPHX

Program Description:

The tourism development and management major provides students with the theoretical understanding necessary to maneuver the complexities of one of the world's largest industries. A concentration in sustainable tourism allows majors to hone their understanding of the key concepts of sustainability and how these can be applied to tourism destinations and development. Students will learn the dominant theories and language that make up sustainability science and the skills necessary to measure, create and implement sustainability policies in tourism destinations, from the planning to the management stage of development. Students will take courses offered by the School of Sustainability in addition to courses in the School of Community Resources and Development, guaranteeing a strong foundation in the basic theories of the growing field of sustainability while applying these newfound skills to tourism development and management.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

The area of sustainable tourism is becoming increasingly important. Many tourism businesses are hiring sustainability coordinators; these businesses include hotels, airlines, convention and visitor bureaus and large attractions. Tour companies, such as those that implement ecotourism and volunteer tourism experiences, are especially interested in employees with a strong sustainable tourism background. Numerous sustainable tourism nonprofit organizations have emerged in recent years, and many government-related tourism organizations also hire those with a strong sustainability focus. Consulting opportunities are available to assist tourism businesses in developing sustainable practices as well.

Urban and Metropolitan Studies, BA (PPURBBA)

Campus: DTPHX

Program Description:

Located in the heart of downtown Phoenix, the urban and metropolitan studies program is for students who have a yearning to study and understand urban theory, in order to effectively address the challenges of rapid growth, along with other contemporary urban issues.

Students discover what makes the city tick - and the city is their classroom. They examine challenges and solutions by researching history, society, culture, economy and politics in order to understand urban theory. They use that knowledge to get involved in their communities, giving them an outlet through which they can experience practical ways of solving complex problems faced by metropolitan regions. Our students are invested in their neighborhoods. Many of them live and work downtown. In the urban and metropolitan studies program, they learn how to improve urban health and well-being, often training themselves to be the future leaders of our urban environments. Our students don't stop there; others focus on making a wide variety of other contributions to society, studying the role of arts and culture, business and property development, revitalization and community-building in the life of the region.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states, who select this major and campus, may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

The urban and metropolitan studies program prepares students for work in a wide range of fields. The interdisciplinary approach of the program allows graduates to successfully enter fields as diverse as urban management, revitalization, community development, urban sustainability and urban planning.

There are many careers and advanced degrees that may be pursued with a bachelor's degree in urban and metropolitan studies. Some of these careers require additional graduate-level studies and professional experience. Students in the program are advised to explore their options with academic and career advisors to prepare an appropriate program of study and plan to participate in an internship that complements their long-term professional goals.

Urban and Metropolitan Studies, BS (PPURBBS)

Campus: DTPHX

Program Description:

Located in the heart of downtown Phoenix, the urban and metropolitan studies program is for students who have a yearning to study and understand urban theory in order to effectively address the challenges of rapid growth, along with other contemporary urban issues.

Our students discover what makes the city tick - and the city is their classroom. They examine challenges and solutions by researching history, society, culture, economy and politics in order to understand urban theory. They use that knowledge to get involved in their communities, giving them an outlet through which they can experience practical ways of solving complex problems faced by metropolitan regions. Our students are

invested in their neighborhoods. Many of them live and work downtown. In the urban and metropolitan studies program, they learn how to improve urban health and well-being, often training themselves to be the future leaders of our urban environments. Sustainability, School of

Sustainability, BA (SUSUSTBA)

Campus: TEMPE

Program Description:

Students in the ASU School of Sustainability are rethinking and reinventing the future of a world at risk. The school's course of study encourages experiential learning, study abroad, research with faculty, community engagement and leadership development. The knowledge and solutions that are created today will shape the quality of life for future generations.

The School of Sustainability offers two degrees in sustainability: a BA and a BS. Both programs introduce students to the concept of sustainability in the context of real-world problems, and focus on developing practical solutions to some of the most pressing environmental, economic and social challenges of sustainability. The curriculum addresses a broad spectrum of global challenges through the lens of solution-orientation by training students to think in terms of complex adaptive systems and resilience; interconnections and cascading effects between scales; management of tradeoffs; stakeholder engagement; future visioning and scenario typologies for transitioning social-ecological systems; and other cutting-edge frameworks to address sustainability challenges. Students have opportunities to be a part of faculty research projects using these methods and principles, offering hands-on experience in sustainability.

The BA is geared toward students interested in the social and human aspects of sustainability. In addition to the core skillset of sustainability literacy and competencies, the program focuses on the social science of sustainability in global, regional and local contexts. Disciplinary perspectives included in the core courses of the degree tracks include political science, geography, sociology, environmental economics, anthropology, philosophy of science, ethics, design, and planning relevant to the sustainability of environmental resources and social institutions.

Students select from one of the four following tracks:

- international development and sustainability
- policy and governance in sustainable systems
- society and sustainability
- sustainable urban dynamics

Students in the School of Sustainability not only gain an understanding of the field of sustainability with strong problem-solving, systems thinking, stakeholder engagement, and future scenario-building skills, they also develop strength in a more traditional discipline of their choice. They blend and apply these skills and streams of knowledge through required capstone experiences in the senior year. The capstone consists of an applied internship with a sustainability-focused organization and a capstone workshop course, in which students work together as a project team to develop solutions to real sustainability problems.

Additional Program Fee: N

Second Language Requirement: Y

First Required Math Course: SOS 101 - Intro Appl Math Life & Soc Sci

Program Math Intensity: Moderate

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The School of Sustainability has higher admission requirements. Applicants must select a second choice for their major on the application. Students who are not admitted to the School of Sustainability and who did not select a second major or are not admissible to the second major choice will be admitted to the exploratory social and behavioral sciences program within the School of Letters and Sciences. Students with more than 45 transfer hours who are not admissible to the School of Letters and Sciences will be contacted to select an appropriate major.

Freshman applicants must meet the following standards:

Have a minimum high school ABOR GPA of 3.30 AND

- a high school class rank in the top 15 percent of class OR
- an SAT combined score of 1140 or higher OR
- an ACT combined score of 25 or higher.
- No high school math competency deficiency.

Transfer students (with 12 or more transfer hours after high school graduation) are required to have a cumulative transfer GPA of 3.30 or higher.

ASU students who would like to change their major to sustainability are required to have a cumulative ASU GPA of 3.30 or higher (based on at least 12 credit hours).

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Career Opportunities:

In addition to going on to graduate school, graduates of the program are qualified for well-paying positions in:

- consultancy
- government
- industry
- intergovernmental organizations
- international development
- management
- municipalities

- nongovernmental organizations or nonprofits
- policy-making
- regulatory agencies
- utilities

Recent interest in sustainability within business and government has created new employment opportunities (e.g., sustainability coordinators, directors and managers). Of alumni who have shared their experience with the School, 83 percent are employed in sectors such as those listed above, and 12 percent have gone on to a graduate program. Sustainability students offer employers and graduate programs an integrated approach to developing solutions to sustainability challenges. They understand the complexity of interconnected social-ecological systems, have explored sustainability challenges from various disciplinary perspectives, and understand the importance of communication in planning for resilience and adaptation, and how to engage stakeholders in that process. Graduates of the program are adaptable and prepared for a changing world.

Sustainability, BS (SUSUSTBS)

Campus: TEMPE

Program Description:

Students in the ASU School of Sustainability are rethinking and reinventing the future of a world at risk. The school's course of study encourages experiential learning, study abroad, research with faculty, community engagement and leadership development. The knowledge and solutions that are created today will shape the quality of life for future generations.

The School of Sustainability offers two degrees in sustainability: a BA and a BS. Both programs introduce students to the concept of sustainability in the context of real-world problems and focus on developing practical solutions to some of the most pressing environmental, economic and social challenges of sustainability. The curriculum addresses a broad spectrum of global challenges through the lens of solution-orientation by training students to think in terms of complex adaptive systems and resilience; interconnections and cascading effects between scales; management of tradeoffs; stakeholder engagement; future visioning and scenario typologies for transitioning social-ecological systems; and other cutting-edge frameworks to address sustainability challenges. Students have opportunities to be a part of faculty research projects using these methods and principles, offering hands-on experience in sustainability.

The bachelor of science is geared toward students interested in the technological, biological and economic aspects of sustainability. It focuses on the industrial, ecological and societal processes that gave rise to the world we live in and continue to maintain its viability for human life. In addition to the core skillset of sustainability literacy and competencies, the program focuses on the more technical and math-based science of sustainability in global, regional and local contexts. Disciplinary perspectives included in the core courses of the degree tracks include ecology, engineering, environmental economics, conservation biology, environmental science, physical geography, earth-systems management, hydrology and other disciplines relevant to the sustainable use of natural resources.

Students select from one of the three following tracks:

- economics of sustainability
- sustainable ecosystems
- sustainable energy, materials and technology

Students in the School of Sustainability not only gain an understanding of the field of sustainability and strong problem-solving, systems thinking, stakeholder engagement, and future scenario-building skills, they also develop strength in a more traditional discipline. They blend and apply these skills and streams of knowledge through required capstone experiences in the senior year. Teachers College, Mary Lou Fulton

Early Childhood and Early Childhood Special Education, BAE (TEECSEBAE)

Campus: TEMPE

Program Description:

The BAE for the early childhood and early childhood special education program prepares students for certification in early childhood education (birth to grade three) and early childhood special education (birth to age five). This dual certification program is the only undergraduate degree of its kind in the state.

This is a premier program taught by nationally renowned faculty members who emphasize community connectedness, technology integration, policy analysis and advocacy related to young children with or without disabilities or developmental delays.

The program teaches child development, best practices in early childhood education, and the skills to assess, monitor and report the progress of children with and without disabilities. It provides techniques and approaches to involve family members in the growth and development of the young child.

Each semester during the iTeachAZ professional program, students engage in field experiences and student teaching that prepare them for work in early childhood and early childhood special education settings. Course work is aligned with field experiences, including a senior year residency collaborative student teaching experience that begins with an early childhood apprenticeship in a PreK-3 classroom, as well as an inclusive special education setting.

Graduates are recommended for teacher certification. Those desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEPA/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Career Opportunities:

There is a strong demand for early childhood special education teachers in Arizona. A high percentage of students from this program receive job offers during their senior year residency. Many graduates with a degree in early childhood special education hold leadership positions in Head Start, private nonprofit and private for-profit center-based programs and public school early childhood environments. Early childhood certification or endorsement is required to teach kindergarten in Arizona.

Education Exploratory, (TEEDUEXPL)

Campus: POLY, TEMPE, WEST

Program Description:

Students in the education exploratory track have the unique opportunity to explore different certification areas prior to selecting one of the 27 majors within the Mary Lou Fulton Teachers College. Students on this track will be exposed to all programs and certification areas during the course TEL 101 The Teachers College Experience and through specific events scheduled throughout freshman year. Students will be able to make a more

informed decision about the grade level or subject they want to teach while the exploratory track keeps them on track to graduate from any of the Bachelor of Arts in education programs. This track will not lead to a degree, and students will need to declare a major after completion of 30 credits.

Educational Studies, BAE (EDSLSTBAE)

Campus: ONLNE, POLY, TEMPE, WEST

Program Description:

The BAE for educational studies prepares students to work with children and youth outside of traditional classrooms.

Graduates will gain a versatile degree qualifying them for a variety of career paths working with children and youth in nonprofit or government organizations, private educational or recreational settings, or as entrepreneurs in children and youth oriented fields. This degree is also a good fit for students wanting to pursue graduate degrees in education or education-related fields. The educational studies program does not lead to teacher certification.

The program provides a strong foundation in education by examining current issues in education, educational psychology, child and adolescent development, and evidence-based practices. Students will choose an area of focus such as environmental science, special education or technology. The focus area will be augmented by service learning experiences in local agencies and programs. Students complete four semesters of service learning in areas of interest.

Elementary Education, BAE (TEEEDBAE)

Campus: POLY, TEMPE, WEST

Program Description:

This BAE program leads to elementary education certification in the state of Arizona (grades 1-8).

This program offers students a firm grounding in academic content with current research and best practices, accompanied by real-world classroom experiences. Faculty members in the program are nationally recognized in their field of expertise.

During junior year, students begin the iTeachAZ professional program where course work is aligned with field experience in a local school. The only program of its kind in Arizona, iTeachAZ is providing students with an opportunity to work directly with children and make an immediate impact on classroom achievement. This intensive hands-on student teaching model of teacher preparation creates highly sought after graduates.

Students graduate from the program with extensive experience in integrating technology into teaching and a full structured English immersion endorsement.

Graduates are recommended for grades 1-8 elementary teacher certification. Those desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEP/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

Elementary Education (Bilingual Education and English as a Second Language), BAE (TEDLLBAE)

Campus: POLY, TEMPE, WEST

Program Description:

The BAE for elementary education, bilingual education and English-as-a-second-language program gives students a firm grounding in academic content with current research and best practices, accompanied by real-world classroom experiences.

Students can expect to learn principles of language, foundations of Structured English Immersion, global awareness and diversity in families and communities in multicultural settings, as well as the traditional teacher subjects such as math, language arts, computer literacy and natural science for students who are English language learners.

Students will also engage in field experiences and internships that align with the Bilingual Education and ESL program. A senior-year student teaching residency provides the culminating experience for this program. Students are placed in partner schools' grades 1-8 classrooms that have high concentrations of English language learners.

The program requires six credit hours of a foreign language or its equivalent and enables students to work with second-language learners.

Graduates are recommended for grades 1-8 elementary teacher certification. Those desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEPA/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

Secondary Education (Biological Sciences), BAE (TEBIOBAE)

Campus: POLY, TEMPE, WEST

Program Description:

The BAE in secondary education program prepares educators to teach youth enrolled in seventh through 12th grades. While teacher candidates develop a strong theoretical background in their specific content area, the program focuses on developing the requisite teaching knowledge and abilities to successfully teach middle or high school students.

In order to integrate teacher preparation with the secondary education requirements for an academic specialization, the college collaborates with academic departments across the university. The program offers the following secondary education certification areas: art, biological sciences, chemistry, dance, earth and space sciences, economics, English, French, geography, German, history, Japanese, mathematics, physical education, physics, political science and Spanish.

Clinical experiences and student teaching are required in secondary schools with student teaching in a content area serving as a culminating experience. Teacher candidates are placed with experienced content area mentor teachers in partner schools for both clinical experiences and student teaching.

Graduates of the program desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEPA/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

Secondary Education (Chemistry), BAE (TECHMBAE)

Campus: POLY, TEMPE, WEST

Program Description:

The BAE in secondary education program prepares educators to teach youth enrolled in seventh through 12th grades. While teacher candidates develop a strong theoretical background in their specific content areas, the program focuses on developing the requisite teaching knowledge and abilities to successfully teach middle or high school students.

In order to integrate teacher preparation with the secondary education requirements for an academic specialization, the college collaborates with academic departments across the university. The program offers the following secondary education certification areas: art, biological sciences, chemistry, dance, earth and space sciences, economics, English, French, geography, German, history, Japanese, mathematics, physical education, physics, political science and Spanish.

Clinical experiences and student teaching are required in secondary schools, with student teaching in a content area serving as a culminating experience. Teacher candidates are placed with experienced content area mentor teachers in partner schools for both clinical experiences and student teaching.

Graduates of the program desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEPA/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

Secondary Education (EAC), BAE (TESEDBAE)

Campus: EAC

Program Description:

Please note: This program is only offered at Eastern Arizona College and is designed for students who complete a TAG agreement. Please see the admission requirements below.

The BAE in secondary education program prepares educators to teach youth enrolled in seventh through 12th grades. While teacher candidates develop a strong theoretical background in their specific content area, the program focuses on developing the requisite teaching knowledge and abilities to successfully teach middle or high school students.

In order to integrate teacher preparation with the secondary education requirements for an academic specialization, the college collaborates with academic departments across the university. The program offers the following secondary education certification areas: art, biological sciences, chemistry, dance, earth and space sciences, economics, English, French, geography, German, history, Japanese, mathematics, physical education, physics, political science and Spanish.

Clinical experiences and student teaching are required in secondary schools with student teaching in a content area serving as a culminating experience. Teacher candidates are placed with experienced content area mentor teachers in partner schools for both clinical experiences and

Program Description:

The BAE in secondary education program prepares educators to teach youth enrolled in seventh through 12th grades. While teacher candidates develop a strong theoretical background in their specific content areas, the program focuses on developing the requisite teaching knowledge and abilities to successfully teach middle or high school students.

In order to integrate teacher preparation with the secondary education requirements for an academic specialization, the college collaborates with academic departments across the university. The program offers the following secondary education certification areas: art, biological sciences, chemistry, dance, earth and space sciences, economics, English, French, geography, German, history, Japanese, mathematics, physical education, physics, political science and Spanish.

Clinical experiences and student teaching are required in secondary schools, with student teaching in a content area serving as a culminating experience. Teacher candidates are placed with experienced content area mentor teachers in partner schools for both clinical experiences and student teaching.

Graduates of the program desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEPA/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Transfer Agreements: ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Cochise College (<http://transfer.asu.edu/cochise>)

Career Opportunities:

Graduates from secondary education are recommended for certification in an approved area for grades seven through 12. The demand for well-prepared secondary teachers is strong, particularly in the areas of math and science. Job opportunities in a fast growing state such as Arizona are numerous. Graduates with a degree in secondary education work in:

- charter schools
- private school settings
- public schools

Special Education and Elementary Education, BAE (TESPEBAE)

Campus: POLY, TEMPE, WEST

Program Description:

The BAE in special education and elementary education dual program leads to teacher certificates in K-12 cross-categorical special education and 1-8 elementary education. The dual program prepares students to work with typical children and youth and those with mild to moderate disabilities in inclusive settings. Additionally, students receive a full structured English immersion endorsement to teach students who are learning English.

The dual program is designed to give students grounding in academic content with current research and evidence-based practices in literacy, math, sciences, health and social studies; integration of technology into all areas; and real-world experience in classrooms through the iTeachAZ program. Students become engaged in clinical experiences and student teaching that align with their special education and elementary education academic program.

Graduates of the program desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEPA/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Career Opportunities:

National and state studies report the projected need in the next five to 10 years will be high for special education teachers. Graduates of the program will be eligible to teach in elementary education grades 1-8 and K-12 for the spectrum of high incidence disabilities:

- emotional disorders
- intellectual disabilities (mild or moderate)
- orthopedic impairments
- other health impairments
- specific learning disabilities

Graduates can teach in a variety of inclusive educational settings, including public, charter and private schools, as well as nontraditional settings (juvenile system, children's hospital, etc.).

Term hours subtotal:		13	

• Accounting Internship Track

To be eligible, students must be W. P. Carey Accountancy majors who have completed a minimum of 72 credit hours of coursework and earned a minimum cumulative GPA of 3.50 and a minimum major (ACC) GPA of 3.50. The following courses must be completed with a "C" or better prior to starting the internship: ACC 340, ACC 350, ACC 440, ACC 430, ACC 450.

Students in the Accounting Internship Track (<http://wpcarey.asu.edu/masters-internships>) complete the following courses in terms 7 and 8.

- Term 7 Note: Courses are 3 credit hours each, with the exception of: Elective - 2 credit hours.
- Term 8 Note: Courses are 3 credit hours each, with the exception of: ACC 484: Internship - 6 credit hours.

Accounting Internship Track Term 7 Courses

ACC 450: Principles of Auditing

WPC 480: W. P. Carey Capstone Course (L)

SOC course (SB)

Humanities, Arts and Design (HU) AND Cultural Diversity in the U.S. (C)

Accounting Internship Track Term 8 Courses

ACC 484: Internship

ACC 444: Enterprise Process Analysis and Design

ACC 360: Ethics for Professional Accountants

Upper Division Business Elective Options

CIS 308: Advanced Excel in Business

CIS 311: Business Project Management

CIS 425: Electronic Commerce Strategy

ECN 313: Intermediate Macroeconomic Theory (SB)

ECN 312: Intermediate Microeconomic Theory (SB)

ECN 315: Money & Banking

ECN 331: Economics of the European Economic Union (SB & G)

ECN 335: South Asia and the World Economy (SB & G)

ECN 360: Economic Development (SB & G)

ECN 365: Economics of Russia and Eastern Europe (SB & G)

ECN 394: Environmental and Resource Economics
