Bachelor of Applied Science Catalog Year: 2014-2015

Advising Appointments: (602) 543-4444

This program allows students who have earned an AAS from an accredited institution to transfer 60 credit hours toward a BAS at ASU. Students transferring from a regionally accredited Arizona public community college can transfer up to 15 additional credit hours of general studies courses (75 credit hours total). Students pursuing the 75 credit option may have more than 45 credit hours to complete in order to obtain their Bachelor of Applied Science upon transfer to ASU. Students should work with their academic advisor to ensure their courses will meet degree requirements.

UNIVERSITY REQUIREMENTS

GENERAL STUDIES (35 hours minimum): All students enrolled in a baccalaureate degree program must successfully complete minimum of 35 semester hours of approved general studies courses. Many General Studies courses are approved as satisfying more than one requirement. The following conditions govern the application of courses toward General Studies requirements:

1. A single course may be used to satisfy one core area and a maximum of two awareness area requirements.
2. A single course may be used to satisfy a maximum of two awareness area requirements.
3. A single course cannot be used to satisfy two core area requirements, even if it is approved for more than one core area.

- Advancement to the Traditional Pre-licensure Clinical Nursing program (TPCNP) is based on clinical space availability. Students directly admitted to the nursing major (not pre-nursing) are guaranteed advancement to the clinical program within a year of eligibility. Those not directly admitted, or those that forfeit their space, may go through the Competitive Application process for advancement to the clinical program. More students may compete for advancement than space will allow.

Competitive Application Process (CAP) and Minimum Eligibility for Advancement to the TPCNP:

Prerequisite and Select GPA: Minimum required = 3.250

Test of Essential Academic Skills (TEAS®) score: Minimum required = 58.7%

The Select GPA and TEAS score will be used to rank students from high to low in the CAP. After directly admitted students who meet Continuing Eligibility Criteria are advanced, students highest on the list will be offered spaces in the TPCNP that remain. Students not selected may choose to compete again in the next term, if space is available. There is no limit on the number of times students may compete; a waiting list will not be maintained. Students who do not meet the minimum Select GPA/TEAS will be withdrawn from consideration.

If you are not advanced into the Nursing program by term 5, you will need to select a new major. The Pre-Nursing major does not lead to a degree, and therefore, you must select a program that offers terms 5-8.

Transfer Admission Guarantee (TAG) and Maricopa to ASU Pathways Program (MAPP)

Arizona State University has established special transfer partnerships with Arizona community colleges to facilitate the transition to ASU. Transfer Admission Guarantee (TAG) programs provide a prescribed set of course work that meet the requirements for an associate degree and AGECEC (Arizona General Education Curriculum), as well as, lower-division course requirements for a specific ASU major. Maricopa Community College District (MCCCD) students participate in the Maricopa to ASU Pathways Program (MAPP), a TAG designed specifically for students attending one of the MCCCD community colleges.

Business (Accountancy) BS

ASU Major

Accountancy, BS - W. P. Carey School of Business

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCDC Associate in Business (ABUS-GR) and AGECE-B, meets major map requirements at ASU, and guarantees admission to the Business B.S. degree program in Accountancy. Special Requirements: Students who complete the MAPP with a 3.0 cumulative transfer GPA* and submit one of the following: an SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00) are guaranteed admission to the W. P. Carey School of Business Bachelor of Science degree program, subject to capacity availability. Students may be assigned to a specific campus.*Because Arizona State University computes GPAs differently than the Maricopa Community College District, admission to the BS program can only be certified after ASU calculates and certifies the GPA. All courses must be completed with a grade of "C" or better.

Art (Art Studies), BA - Herberger Institute for Design and the Arts

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU. The MAPP for the BA in Art Studies is provided as a transfer pathway for students wishing to complete their BA in Art Studies at ASU. Students may choose to pursue a BFA in Art concentration instead. Information on BFA requirements and application information is provided below to assist students. Students are encouraged to speak with a Herberger Institute advisor by the end of their third term of their MAPP regarding the transfer process and degree offerings. Information on advising and scheduling an appointment can be found here:

<http://art.asu.edu/students/undergrad/advising.php>. A portfolio review is required for admission into the BFA in Art concentrations. Students wishing to pursue the BFA in Art at ASU should plan to submit their application and portfolio review during the last semester of enrollment at the community college (the semester before they plan to enroll at ASU). For more information about the process and requirements, please visit: <http://art.asu.edu/admissions/undergrad/applying/portfolio.php>. Should a student not be selected for the BFA degree based on the portfolio review, they will have the opportunity to complete the BA in Art Studies. Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a "C" or better.

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business Special Requirements degree and AGECE-B, meets major map requirements at ASU, and guarantees admission to the Business (Computer Information Systems) B.S. degree program. Special Requirements: In addition to university requirements, the W. P. Carey School of Business has the following special requirements: All courses must be completed with a grade of "C" or better. Students who complete the MAPP with a 3.0 cumulative transfer GPA* and submit one of the following: an SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00) are guaranteed admission to the W. P. Carey School of Business Bachelor of Science degree program, subject to capacity availability. Students may be assigned to a specific campus.*Because Arizona State University computes GPAs differently than the Maricopa Community College District, admission to the BS program can only be certified after ASU calculates and certifies the GPA.

Design Studies BA

ASU Major

Design Studies, BA - Herberger Institute for Design and the Arts

Special Requirements

The MAPP for the BA in Design Studies is provided as a transfer pathway for students wishing to complete their BA in Design Studies at Arizona State University. Some students wish to pursue a Bachelor of Science in Design, and this is possible, but the five professional design degrees (Bachelor of Science in Design in Architectural Studies, Graphic Design, Industrial Design, Interior Design, Landscape Architecture) require 8 semesters (4 years) of sequential studio coursework at Arizona State University. For this reason we suggest students at Maricopa Community Colleges complete the BA Design Studies MAPP and then consider pursuing the 3-plus graduate programs in Architecture, Industrial Design, Interior Architecture, Landscape Architecture and Visual Communication Design. 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of "C" or better.

Mathematics (Secondary Education), BS

ASU Major

Mathematics (Secondary Education), BS - College of Liberal Arts and Sciences

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Mathematics-Secondary Education BS degree program. Special Requirements: All courses must be completed with a grade of "C" or better. 2.5 GPA in coursework used to satisfy MAPP requirements. A grade of "B" or better is required in ASU tracked courses: MAT 221, MAT 231, MAT 241. While successful completion of the MAPP will guarantee admission to ASU's School of Mathematical and Statistical Sciences, additional course work in your content area of specialization may be required prior to admission to the iTeachAZ Professional Teacher Program which may impact your ability to seamlessly progress through the upper division course work. We recommend you speak to an academic advisor in the School of Mathematical and Statistical Sciences to discuss these requirements further.

2014-2015 Catalog Year - MAPP

Nutrition (Food & Nutrition Management) BS

ASU Major

Nutrition (Food and Nutrition Management), BS - College of Health Solutions

Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGECA, meets major map requirements at ASU, and guarantees admission to the Nutrition (Food & Nutrition Management) B.S. degree program. Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of "C" or better. ASU's Nutrition (Food & Nutrition Management) BS degree does not meet the Academy of Nutrition and Dietetics Didactic Program in Dietetics (DPD) requirements, thus does not qualify students to apply for a Dietetic Internship.
