Important Information for 2014

This list is for informational purposes only and notes the recent major changes that have occurred since publication of the last hunt draw booklet. Individuals should thoroughly read and understand the appropriate regulations prior to making application or going afield. The 2013-14 Arizona Hunting Regulations can be found at www.azgfd.gov/hunting, or at any Department office or license dealer.

Licenses Only Available Online and at Department Offices Licenses are only available online, at Department offices and through the draw (paper application and online) for the 2014 Spring draw. You must purchase 2014 licenses to enter in the spring draw. Please note: license and tag fees will change Jan. 1, 2014, see pages 4-5.

Paper Correction Period Eliminated Due to decreasing participation in the paper application process and the availability of the online application system that virtually prevents applicants from making application errors, the Commission has eliminated the paper correction period starting with the 2014 spring draw. If you utilize the online system, you are required to pay the application fee as well as any purchased licenses fees at the time of application. Once the draw takes place, and IF you are successfully drawn, the Department will charge the credit or debit card you have on file for the permit fee. If payment fails, the Department will make three attempts within two business days to contact you and notify you that your payment has been declined. You will then be afforded a means of providing alternative payment within a specified timeframe. If the Department has not received an alternate payment at the end of that specified timeframe, applicants will be rejected. No exceptions will be made for individuals who do not respond to the Department's attempts to contact them. Deadline for updating credit or debit card information online is 11:59 p.m. (MST) Sunday, Oct. 20, 2013.

Javelina Bag Limit The statewide bag limit for javelina is now two (2) javelina per calendar year with no more than one (1) javelina taken per open area as defined in each hunt number. The bag limit may be filled in any combination of permit-tags (draw tag or first-come left over draw tag as long as differing hunt numbers) or nonpermit-tags (over-the-counter tag) No more than one (1) permit-tag shall be issued per hunter through the initial draw. Refer to Commission Order 6: Spring Javelina on page 15.

Juniors-Only Hunt Age Requirement The Department offers "Juniors-Only" designated hunts, in which persons are eligible to participate up to their 18th birthday. A youth hunter, whose 18th birthday occurs during a "Juniors-Only" designated hunt for which the hunter has a valid permit or tag, may continue to participate for the duration of the "Juniors-Only" designated hunt.

National Forest System Lands In the last two years the Coconino National Forest and both the Williams and Tusayan Ranger Districts on the Kaibab National Forest established new restrictions on motor vehicle use. Other Forests such as the Prescott National Forest and Coronado National Forest have had these rules in place for several years. These rules require motor vehicles to stay on designated roads, trails, and areas as shown on a Motor Vehicle Use Map. It is likely the motor vehicle use rules may affect where you can drive to camp and whether you can drive off-road for purposes of big game retrieval. Motor Vehicle Use Maps are free to the public and available at each Forest Service office. Know before you go by picking up a free Motor Vehicle Use Map prior to hunting on the national forests. See phone numbers on page 98 of the 2013-14 Arizona Hunting Regulations.

License Information

Who Can Go?

Everyone needs a license to hunt wildlife in Arizona. You need in your possession a valid hunt or combination hunt and fish license, plus any required hunt permit-tags, nonpermit-tags, or stamps. Neither a Class H Three-Day Non-resident Hunting License nor an Apprentice Hunting License is valid for big game.

The information in the following section is valid through Dec. 31, 2013.

YOUNG HUNTERS – Anyone 14 years of age or older needs a license to hunt wildlife in Arizona. You need in your possession a valid hunt or combination hunt and fish license, plus any required hunt permit-tags, nonpermit-tags or stamps. Note: Youth less than 16 years of age are not required to purchase a state migratory bird stamp, state waterfowl stamp, or a federal waterfowl stamp.

A person under 14 may hunt wildlife other than big game without a license only when accompanied by a properly licensed person 18 years or older. No more than two unlicensed children may accompany any license holder.

The information in the following section is valid beginning Jan. 1, 2014.

Beginning Jan. 1, 2014, youth ages 10–17 must purchase a Youth Combination Hunting and Fishing license. The license fee will be \$5.

A person under 10 may hunt wildlife other than big game without a license only when accompanied by a properly licensed person 18 years or older. No more than two unlicensed children may accompany any license holder.

No one under the age of 14 may hunt big game without having completed a Hunter Education Course. No one under age 10 may hunt big game in Arizona. To hunt big game, anyone 10 to 13 years of age must have in their possession a valid hunt or combination hunt and fish license, a valid Hunter Education Course completion card, plus any required permit-tags, nonpermit-tags and stamps.

Where to Buy Licenses

Arizona hunting licenses may be purchased online at www.azgfd.gov. If you purchase a license online, **you must print the license from your home printer**. Please note: You have 10 days from date of purchase to print

your license. The Arizona Game and Fish Department will not mail your license to you. Licenses also can be obtained from any Arizona Game and Fish Department office (see locations on page 1 of this booklet).

If you are applying for a big game permit-tag or bonus points on a paper application, you may purchase your general hunt or combination hunt and fish license while you are entering your application for the draw. The license will not be issued and mailed until the draw is complete. Although they are valid for a big game drawing application, Family Licenses, Super Conservation Licenses, and Child General Hunting and Combination Licenses **may not be obtained through the draw**; these licenses must be purchased at Department offices.

Lifetime License Holders

If a lifetime license holder changes residency status from Arizona, the licensee must then purchase non-resident stamps, tags, and permits. A non-resident tag or stamp can accompany your lifetime resident license. If you are a lifetime license holder who has moved out of state, the 10 percent non-resident cap does not apply to you. The lifetime license will remain legal for the taking of all wildlife as permitted by law. Residency may be re-established after moving back to Arizona and meeting the required time period as defined below.

Residency Requirements

“Resident” means a person who is domiciled (claims the state of Arizona as their true, fixed and permanent home and principal residence) in this state for six months immediately preceding the date of application for a license, permit, tag, or stamp and does not claim residency for any purpose in another state or jurisdiction; or is a member of the armed forces of the United States on active duty and stationed in: (i) This state for a period of thirty days immediately preceding the date of applying for a license, permit, tag, or stamp; (ii) Another state or country but who lists this state as their home of record at the time of applying for a license, permit, tag, or stamp.

Arizona Residents may purchase a resident license. All other individuals must purchase a non-resident license.

Apprentice License

Resident licensed hunters are able to obtain a free Apprentice Hunting License valid for two days for use when mentoring a new hunter. This affords new hunters the opportunity to “try before you buy,” under the supervision of a licensed hunter.

An apprentice hunting license is valid for two consecutive days when the apprentice is accompanied in the field by a mentor. An apprentice hunting license is valid for the taking of small game, fur-bearing animals, predatory animals, nongame animals, nongame birds, and upland game birds. Any required stamps must be purchased in addition to obtaining an Apprentice License. An apprentice may be a resident or non-resident and may only be licensed pursuant to this paragraph once per calendar year. A mentor must be a domiciled resident of this state who is at least 18 years of age and must possess an annual hunting or combination license or a complimentary or lifetime license. A mentor may apply for no more than two apprentice hunting licenses per calendar year. When applying for an apprentice license, the mentor must name the person he or she will be taking afield.

Honorary Scout License

Honorary Scout Class F Youth Combination Hunting and Fishing license is offered to a resident youth who has attained either the rank of Eagle Scout (Boy Scout) or received a Gold Award (Girl Scout). The fee for the reduced license is \$5. The applicant must present proof of their rank or award by providing their certification letter, wallet card, or award certificate at any Department office, and complete the Honorary Scout License application (Form 306, available on the Department website or at any Department office). This license is not available through the draw. At the age of 21, an Eagle Scout or Gold Award recipient is no longer eligible for the Honorary Scout Youth Class F license, and from that point forward would be required to purchase an adult class license.

Lost License or Tag Replacement

Lost licenses, hunt permit-tags, and nonpermit-tags may be replaced for a \$4 fee at any Arizona Game and Fish Department license dealer. Duplicate licenses can be purchased online. Consult R12-4-103 Duplicate Tags and

License Information

Licenses for additional information. Stamps cannot be replaced, they must be repurchased.

Physically Challenged Hunters

Those hunters who are physically challenged may qualify for a Challenged Hunter Access/Mobility Permit (CHAMP). Consult R12-4-217 for information about this permit (page 123 of the 2013-14 Arizona Hunting Regulations). Contact any Arizona Game and Fish Department office for additional information and application.

Non-US Citizens Wanting to Hunt in Arizona

Pursuant to regulations by the U.S. Bureau of Alcohol, Tobacco and Firearms (ATF), non-immigrant aliens who want to temporarily import firearms and/or ammunition into the United States for the allowable purpose of taking wildlife will need an ATF import permit and valid hunting license in possession at the time of entry/import into the United States. For further information or to make application for

the import permit, contact ATF's Firearms and Explosives Import Branch at (304) 616-4550, or download an application from the ATF website at www.atf.gov.

Tag Transfers

Under Arizona Revised Statutes and Arizona Game and Fish Commission Rules there are ways people can transfer big game tags to minor children. A \$4 transfer fee applies.

A parent, grandparent or legal guardian holding a big game tag may allow the use of that tag by their minor child or minor grandchild pursuant to the following requirements:

- The minor child is 10 to 17 years old on the date of transfer;
- The minor child has a valid hunting or combination license on the date of transfer;
- A minor child less than 14 years old has satisfactorily completed a Department-approved hunter education course by the beginning date of the hunt;

- Any grandparent, parent or the child's guardian must accompany the child in the field, and must be within 50 yards of the child when the animal is taken.

Once a tag is transferred at a Department office, the original permittee may no longer use it.

Should you be unable to use your big game permit, the Department is unable to reimburse you for your fees or reinstate your bonus points. However, you may donate your tag to a nonprofit organization that provides hunting opportunities to children with life-threatening medical conditions or qualifying permanent physical disabilities. The \$4 transfer fee does not apply to nonprofit organizations. You may contact the following organizations to arrange for a donation. Thank You Hunters and Recreational Shooters

Arizona's rich outdoor heritage is enjoyed by all – thanks to hunters like you, whose purchase of hunting and recreational shooting equipment supports wildlife management and habitat enhancement in the Grand Canyon State. When you purchase a rifle, ammunition, archery equipment, and other sporting gear, you pay a federal excise tax and import duties.

Since 1937, this money has been collected by the federal government and redistributed to the states using a

formula based on hunting license sales and the state's land area. In 2013, that means more than \$13.2 million for game management in Arizona. This money pays for game surveys, hunter education classes, wildlife water catchment construction, wildlife research and shooting range development and operations, among other projects.

Hunters like you are part of the largest and most successful wildlife conservation programs in the world... thank you.

The fees listed on this page are valid **ONLY** for licenses, tags and stamps purchased through Dec. 31, 2013.

Draw Information

The Draw

When the number of hunt permits for a species in a particular area must be limited to prevent over-harvest of wildlife, the Commission Order governing seasons for that species assigns a hunt number to a designated area, and a hunt permit-tag is required to take that species in that area. Hunt permit-tags are issued through a computerized random drawing. Big game tags not issued through the drawing process are nonpermit-tags.

Qualifications

Individuals wishing to participate in a drawing or to obtain bonus points must apply online or in writing using the Hunt Permit-tag Application Form, and submit the form by the deadline specified in the Hunt Permit-tag Application Schedule found in the current year's hunt regulations (page 10).

Each applicant must possess a valid license for the year in which the hunt will take place or possess a lifetime, pioneer or disabled veteran's license. **Youth applying for big game hunts must be licensed.** Applicants not licensed for the year in which the hunt will take place must submit the information and fees required for a license on **each** paper application submitted. Only one license will be issued to you and you will receive a refund for the other license fees submitted. The license will not be issued and mailed until the draw is complete.

Applying for a Hunt

The online application service will be available mid-September, please see page 8 or visit azgfd.gov/draw for more information.

Paper applications for hunt permit-tags must be made on Hunt Permit-tag Application Forms available at Department offices, website, and license dealers. Please use the current year's application form, that is **WHITE** in color. **Do not cut or alter application form.** Applications not prepared in a legible manner may be deemed not valid and shall be rejected as specified in R12-4-104(O). Use standard blue or black ink (no gel ink).

No more than four people may apply on one application in one envelope. All applicants in a group must apply for the same hunt number(s) and in the same order of preference on the same form.

No person, including juniors, may submit more than one valid application per genus of wildlife in any calendar year, except as specified in R12-4-104(L), when genera are drawn in multiple drawings; however the annual bag limit still applies.

Each applicant shall complete only one block per application.

No more than one genus may be included on each Hunt Permit-tag Application Form. **Use a separate form, payment and envelope for each genus of wildlife you wish to hunt. More than one (1) application in an envelope may result in rejection of all applications.** You can list a general hunt as your first choice and another weapon type hunt for the same genus as another choice on the same application—just be sure they are in the same numerical series. Use only one application per genus, even if you are mixing weapon choices.

Hunt Permit, Bonus Points Disclaimer

The issuance of any big game permit has no express or implied guarantee or warranty of hunter success. Any person holding a valid permit assumes the risk that circumstances beyond the control of the Arizona Game and Fish Department may prevent the permit holder from using the permit. In such situations, the Arizona Game and Fish Department disclaims any responsibility to reissue or replace a permit, to reinstate bonus points or to refund any fees, except under specific circumstances, such as activation of military or emergency personnel, as stated in R12-4-107(L).

Fees

Information about fees associated with the online draw process may be found on page 8.

When submitting paper applications, each applicant shall enclose the following fees:

1. The fee for the appropriate hunt permit-tag, which includes the permit application fee.
2. Fee for a hunting or combination hunt and fish license, if a license is requested. Be sure to enclose license fees on **each** application, if required, for each person who is applying on the application for a license. Only one license will be issued per person.

3. Discounted hunt permit-tag fees are for "Juniors-Only" designated hunts. A youth must pay the higher fee unless applying only for "Juniors-Only" hunts.

Each payment enclosed with a hunt permit-tag application shall be made by certified check, cashier's check, money order, or personal check or draft payable to the Arizona Game and Fish Department. Cash will not be accepted and will result in rejection.

One personal check or money order can cover all fees for each application, or separate checks or money orders may be submitted in one envelope for each individual applicant.

The permit and license fees are specified in the fee schedule on page 4. The hunt permit-tag fees on page 4 include the non-refundable application fee.

License and tag fees will change Jan. 1, 2014. Please review page 5 of this booklet for more information.

Applications will be accepted as soon as the applicable year's hunt regulations are

Draw Information

available. Please consult the current year's hunt regulations as unit areas and season dates may change each year.

Complete and proper preparation of an application is the sole responsibility of the applicant.

What Happens to My Application?

Any application not properly prepared, submitted with insufficient fees or one that is illegible is not valid and will be rejected.

If any applicant in a group is rejected for any reason, all other applicants in that group will also be rejected and no bonus points will be awarded.

No hunt permit-tag will be issued to anyone in a group if there are not sufficient hunt permit-tags available for all applicants in that group.

Hunt permit-tags will be mailed to each successful applicant.

What if I'm not Drawn?

Please use one of the methods (telephone or Internet) listed on this page to access draw results. These methods of access shall serve as the official notification of draw results.

Over-payments and hunt permit-tag fees received with unsuccessful applications will be returned to applicant "A," as shown on the Hunt Permit-tag Application Form. Application and license fees will not be refunded. You will not be issued more than one license and a refund of any remaining fees will be issued.

If you or a member of your group elected to donate your fees or a portion thereof, the donation will not be refunded.

If an application is rejected and a license has been requested, the license will not be issued. The license fee will be refunded, however, the application fee will not be refunded.

Unsuccessful, valid applications will be awarded bonus points.

Big game hunt permit-tags remaining after the drawing will be issued on a first-come, first-served basis as specified in the hunt permit-tag application schedule on page 10.

First-come permit-tag results are not posted. You will receive your tag in the mail within 10-15 business days.

Obtaining a Bonus Point Only

In the event you do not wish to participate in a big game drawing for species offered in this draw, but still wish to accumulate bonus points for these genera, you may "obtain a bonus point."

When completing your application, you must choose the bonus point hunt number established for that genus as your first choice. A bonus point hunt number is established within each applicable Commission Order. If you choose this hunt number, you may not choose any other hunt number on your application. **If the bonus point hunt number is any choice other than the first choice or any other hunt numbers appear on the application, your application will be rejected.** You may obtain only one bonus point per genus per drawing.

To obtain a bonus point, the individual must be 10 years old by the deadline date as specified in the hunt permit-tag application schedule on page 10.

To obtain a bonus point, you must have previously purchased a hunting license or apply for

a hunting license through the draw for the year in which the hunt will take place. You must also include the application fee per applicant. If applying for a bonus point, you will not receive a refund on the license fee or the application fee. Do not include the fee for the hunt permit-tag for the genus in which you are applying for the bonus point. **A bonus point costs you only the license fee (if needed) and the application fee per applicant. See page 4 for license, tag and stamp fees.**

If applying for more than one species for bonus points, you must complete a separate application for each species. Only a single application and the correct fees may be included in one envelope.

If you apply for a bonus point only using the established bonus point hunt number, you may **NOT** submit another application for the same genus. To do so will cause both applications to be rejected as duplicate applications.

All applicants in a group must apply for the same established bonus point hunt number. The application will not be included in the random number drawing and the individual(s) on the application will each receive a bonus point for that genus.

How to Apply for the Draw

The online application will be available early to mid-September.

How to Submit an Online Application

You will be able to apply for big game hunts and bonus points online at www.azgfd.gov prior to the deadline. There are many advantages in submitting an online application. By using the online method, you can meet deadlines without mailing applications or traveling to a Department office to drop off applications. The possibility of your application being rejected is drastically reduced due to the fact that the online application program will prompt you to accurately complete your application.

Additionally, at the time of application you will only have to pay for the application fee, the license fee (if you have not previously purchased a license for the year in which the hunt takes place) and any donations you might wish to make to the Big Game Habitat Fund. If you purchase a hunting or fishing license online, **you must print the license from your home printer.** The Arizona Game and Fish Department will not mail your license to you. Hunt permit-tag fees will be charged after the drawing is completed only if you are successful in the draw. This eliminates the requirement to pay your tag fees in advance and/or issue a refund if you are not successful in the draw. Costs are identical to the paper application process. No additional fees are charged for using the online application.

If you are applying for a bonus point, you are charged only the application fee and the license fee (if needed). A valid license for the year in which the applicable hunt will take place is required to apply for a hunt permit-tag or a bonus point. A valid credit or debit card (Visa or MasterCard) must be used when applying online.

Please be aware that if you are successful in the draw and the credit or debit card used for the application is not approved for the amount of the required fees for the tag payment after the draw,

your application may be rejected. Once the draw takes place, and IF you are successfully drawn, the Department will charge the credit or debit card you have on file for the permit fee. If payment fails, the Department will make three attempts within two business days to contact you and notify you that payment has been declined. You will then be afforded a means of providing alternative payment within a specified timeframe. If the Department has not received an alternate payment at the end of that specified timeframe, applicants will be rejected. No exceptions will be made for individuals who do not respond to the Department's attempts to contact them. Deadline for updating credit or debit card information online is 11:59 p.m. (MST) Sunday, Oct. 20, 2013.

Applicants are encouraged to keep their credit or debit card information up to date, if your card becomes invalid for any reason before the credit card update deadline, update your information online for each species you applied for by selecting the "update my payment information" option and providing the required information. Please note that the Department is not responsible for any over draft charge incurred due to insufficient funds.

To apply online, simply log on to the Arizona Game and Fish Department Web site at azgfd.gov, place the cursor on "Big Game Draw" located on the green bar on the main Web page and follow the step-by-step instructions. You will have 45 minutes to complete your online application. We recommend you have your hunter list and hunt choices completed with all the required information for each hunter prior to logging on to apply.

Completing Your Paper Hunt Permit-tag Application Form

If you choose not to participate in the online application, you must correctly fill out and sign a paper hunt permit-tag application form and submit it by mail or drop it off to any of the seven Arizona Game and Fish Department offices along with a check or money order for the correct amount. Paper application forms are available at all Department offices, more than 300 license dealers statewide, and as a downloadable PDF electronic document from the Department's website at www.azgfd.gov/draw. A list of dealers can be found on the Department's website. The PDF form can be printed from your computer and then filled out using an ink pen. Once the form has been correctly filled out, it must be signed and submitted by mail or dropped off at any Department office along with a check or money order for the correct amount.

R12-4-104 and R12-4-114 explain application and drawing procedures in detail. Complete and proper preparation of an application is the sole responsibility of the applicant. If any applicant in the group fails to complete any required portion of the application, all applicants in the group will be rejected.

Numbered paragraphs correspond to numbers

circled on the SAMPLE form. Use it to assist you in completing your form, which can be found online, at any license dealer or Department office.

1 Enter the hunt number(s) of the hunt(s) in which you wish to participate. The hunt number will indicate the genus (deer, turkey, etc.) and area you want to hunt. **Do not use the Game Management Unit Number.** Hunt numbers are listed in the far left column of each Commission Order. Deer hunts are in the 1000 series, turkey hunts are in the 4000 series, etc. All hunt numbers on an application must be in the same series. **YOU CANNOT MIX HUNT SERIES NUMBERS, BUT YOU CAN MIX WEAPON TYPES WITHIN A SERIES.** You must submit a separate application for each genus (series). No more than five hunt choices can be requested. You may request fewer. You do not have to fill in all the blocks. You may only apply for either a bonus point or a valid hunt number for any genus, NOT both.

2 Enter your correct date of birth (mm/dd/yyyy).

3 Enter your Social Security Number. In accordance with Federal Requirement, 42 U.S.C. Section 666 (A)(13) and A.R.S. 25-320 (P) and 25-502 (K), all

applicants – including youth – **must** provide their valid Social Security Number in the space provided. This is kept on file with the Arizona Department of Economic Security for use in identifying and tracking child support offenders. Any invalid SSN will result in rejection of the application. If you are not a U.S. citizen you must write "NOT US CITIZ" in the Social Security field. If you are not a U.S. citizen, you must obtain a Department I.D. Number prior to submitting and enter it on the application. See #6. You may obtain a Department issued ID number by calling (602) 942-3000 during business hours.

4 Check the appropriate resident or non-resident box. "Resident" means a person who is domiciled (claims the state of Arizona as their true, fixed and permanent home and principal residence) in this state for six months immediately preceding the date of application for a license, permit, tag, or stamp and does not claim residency for any purpose in another state or jurisdiction. Or is a member of the armed forces of the United States on active duty and stationed in: (i) This state for a period of thirty days immediately preceding the date of applying for a license, permit, tag, or stamp; (ii) Another

Turkey Notes:

- Camp Navajo in Unit 6B is open to turkey hunting only to properly licensed hunters who meet the qualifications as "Authorized Participants" according to the installation hunting policies outlined on the Camp Navajo website. Applications for these hunts must be submitted to Arizona Game and Fish Department by the published deadline. Hunters must agree to the Camp Navajo hunting policies during the required registration at http://www.campnavajo.com/index.php?which_page=recreation. After registering, hunters will gain access to the hunt numbers required when submitting the application. All hunters are required to show proof of attendance to a hunter safety education course during paperwork submission for the Camp Navajo permit. Increases in Force Protection Conditions, training missions and industrial operations may result in partial or complete hunt cancellation at any time with little or no prior notification. In the event a hunt is cancelled, hunters drawn for these permits will not be reimbursed or otherwise compensated by the Arizona Game and Fish Department.

Lead and Wildlife

Know the facts and make your own choice

- Lead is a naturally occurring element in the environment and has many beneficial uses. However, it is a known toxin and has been removed from many consumer products like pipes, paint and gasoline.
- Lead has been used in the manufacture of ammunition and fishing tackle for centuries because of its unique properties, availability, performance, and ease and low cost to manufacture.
- Spent ammunition, lost fishing tackle and lead fragments in carcasses and gut piles can be ingested by wildlife. In some cases, these lead sources can cause illness or death in individual animals.
- Birds are the most susceptible to lead toxicity, and population-level effects have been documented in waterfowl and California condors.
- State fish and wildlife agencies have primary responsibility for managing fish and wildlife resources and use the best science to implement focused management solutions when population effects are documented. Educating the public about wildlife issues is part of their mission.
- Hunters and anglers have been the primary supporters of wildlife conservation in North

America since the early 1900s. Collaboration with industry, conservation organizations and shooting-sports interests is also essential to ensuring continued protection of our wildlife resources and conservation heritage.

- Non-lead ammunition and fishing tackle alternatives are becoming more widely available and reasonably priced. Using non-lead alternatives can prevent lead poisoning of individual wildlife and may offer better performance.
- Hunters who choose to use lead ammunition can still help to reduce lead poisoning in scavenging animals by removing the entire game carcass from the field.

Availability

Non-lead ammo alternatives are available for big game, varmint and small game hunting. Non-fragmenting solid copper or copper alloy bullets are now loaded in most hunting calibers. Highly frangible non-lead varmint bullets (compressed copper or tin powder) are available in both centerfire and rimfire cartridges. Non-lead shot (steel, tungsten, and bismuth) is also available.

To learn more about lead and wildlife, visit www.azgfd.gov/lead.

X-ray of prairie dog (top), coyote (center) and a deer (bottom) gut pile. All contain lead bullet fragments that could be ingested by wildlife.

What hunting magazines and Arizona hunters say about solid copper bullets:

"I was very impressed with the bullet's performance, the buck literally dropped in its tracks." – *Kaibab deer hunter*

"Accurate, zero bloodshot, no wasted game meat." – *Kaibab deer hunter*

"I've never seen deadlier performance on game." – *Safari Club International article*

"While their terminal performance is the stuff of legend, they are also capable of remarkable accuracy." – *American Rifleman article*

HOUSE ROCK BUFFALO HUNT SPECIAL NOTE: *During the fall and spring hunts at the House Rock Wildlife Area (HRWA), a significant portion of the herd has in the past moved to the Grand Canyon National Park where hunting is not allowed. Hunters are advised that if this occurs, their ability to successfully harvest a buffalo may be significantly impacted. As with any hunt, circumstances beyond the control of the Arizona Game and Fish Department may prevent the permit holder from being successful. The Arizona Game and Fish Department and Commission disclaims any responsibility to reissue or replace a permit, to reinstate bonus points, to refund any fees, or to provide any other form of relief. The HRWA buffalo hunt is considered to be one of the most difficult hunts in the state. Buffalo can be difficult to locate. Plan on spending the entire season hunting, as an abbreviated hunt will lower your chances of success. Buffalo hunters must dress and care for their own animals; the Department will not assist. Take time to improve your physical condition. Hunters are often required to walk considerable distances (up to 8 miles) every day over rugged terrain. House Rock hunters should be prepared for remote and primitive conditions. High clearance or four-wheel drive vehicles are recommended. Some portions of HRWA are included in the U.S. Forest Service wilderness system that does not preclude hunter access but does limit their means of transportation and equipment usage. For more information, call the Flagstaff Regional Office at 928-774-5045.*

Raymond Wildlife Area Hunters

In accordance with R12-4-306, a hunter with a buffalo hunt permit-tag for Units 5A and 5B shall be accompanied by an authorized Department employee who shall designate the animal to be harvested and shall hunt in the order scheduled by the Department. Failure to shoot the designated animal may result in the inability to fill your permit-tag. Hunters who desire a more challenging hunt should apply for the House Rock Wildlife Area hunts.
