Budget in Brief

Introduction:

The City Manager is pleased to present the City Council with a balanced budget for Fiscal Year 2015 (July 1, 2014 – June 30, 2015). This year's budget is developed around the core theme of "Working Together to Promote a More Successful El Mirage." In addition, the budget process provides the City with an opportunity to continue to expand and develop on the past themes of *incremental growth and development*, *creating stability and meeting expectations responsibly*, and *innovations and efficiencies in service delivery*.

After years of coping with the effects of the economic downturn, Management and Council have placed the City on stable financial ground because they have, over the past few years, taken the following difficult but necessary actions to ensure the long-term financial health of the City:

- Setting utility rates to cover operating, capital, and reserve needs
- Developing proper reserves
- Reducing operating expenses
- Presenting a bond issue to the voters which allowed for new municipal facilities to be built for the public and the police department
- Implementing a lean but realistic Capital Improvements Plan (CIP)
- Completing only those capital improvements that are "needs" and not "wants"
- Providing necessary infrastructure to promote economic development

Dr. Spencer A. Isom –
City Manager

The budget for Fiscal Year 2015 is \$91,150,000. This budget represents a decrease of \$21,683,500 over last fiscal year's budget which totaled \$112,833,500. The proposed Fiscal Year 2015 budget uses \$11,398,500 of fund balance, as well as \$4,583,000 in bond funds.

Operating expenditures are relatively flat, even while the City completes a number of major capital projects. Thanks to voter-authorized bonding, the City recently constructed a new fire station, police station, and recreational facility with pool and will soon be expanding El Mirage Road

Greater oversight of expenditures has been an enduring organizational objective. The Council adopted fiscally conservative goals for the City and City Manager, which influenced both the Fiscal Year 2015 budget, as well as the CIP. The CIP is a relatively new tool for El Mirage. It details a five-year plan for capital expenditures that supports the priorities of the Council and El Mirage residents, while also supporting the highest use of limited resources.

Current Fiscal Year-to-Date Highlights:

Currently, General Fund revenues led by strong City Sales Tax collections are exceeding budget projections. Additionally, departments are doing an excellent job of monitoring their expenditures, and General Fund expenditures to date are less than General Fund revenues when considered without transfers.

The General Fund has loaned the Sanitation Fund \$600,000 to date to implement a recycling program and has loaned the Water Fund \$2,125,000 to date to cover operations and capital costs. The loans will be repaid to the General Fund in FY 2015 and FY 2016 respectively. The General Fund has been lending money to these funds at a rate of 4%.

Basin Park

FY 2014 saw the completion of the police station, recreation facility with pool, and a joint project with Maricopa County which has been named Basin Park for its dual role as both a recreation amenity and storm water runoff storage location. Additional funding was allocated in FY 2014 for remodeling and renovation at Gentry Park. Gentry Park is one of the City's oldest landmarks, built more than 45 years ago amid the original downtown neighborhoods. Mindful of the significance of Gentry Park to families and children in the community, the Council approved its major renovation in 2012 including a new ball diamond, covered dugouts, a concession building, and new fencing, much of this funded by a grant from the Arizona Sports and Tourism Authority.

Lennar Homes, a major builder in the U.S., constructed more than 100 new homes at the City's northern edge over the last two years, and will be adding approximately 50 homes this year, thanks to the Council's decision to discontinue impact fees normally imposed to help defray the cost of public services in new developments. In all, these homes will add approximately \$20 million in property value to the City when completed, which should lower secondary property tax burdens by 15 to 20%. In addition, a number of new businesses including Dakota Fabricating, Aaron's Rents, Valero, Auto Zone, and others selected El Mirage as a key location in their expansion plans during the last few years.

In this day and age, Americans have gained new insight about the environment and their role in preserving it. Every community, no matter the size, must be committed to environmental stewardship to sustain the quality of life for both present and future generations. In El Mirage, signs of this commitment have already begun to emerge. Solar paneled parking structures are installed at Gateway Park, the senior center, police station, recreation facility, and the fire station. The panels generate 80% of each structure's electricity and were built at no upfront cost to the City. Construction of a similar structure at City Hall will be completed before the end of 2015. The Water Department replaced older water meters with automated meters designed to immediately identify areas where excessive water is being used. A curbside recycling program has been implemented, translating into less waste in our landfills and a cleaner City for all citizens. The City also implemented a bulk trash pickup program and established same day pickup of recycling and regular trash.

Any capital projects identified in the current budget that were not completed will automatically be transferred into the next budget.

Many of the projects mentioned above were funded by General Obligation (G.O.) Bonds authorized by the voters of El Mirage. Before selling bonds, it is common for bond ratings to be assigned to municipalities by rating service providers such as Standard & Poors (S & P) or Moody's. Bond ratings determine the cost to the City of borrowing bond funds. Meetings were held with representatives of Standard & Poors and Moody's to lay out the case for the El Mirage bond rating. Points of discussion included the City's funding reserves, financial management practices, policies, and debt levels. As a result, S & P assigned El Mirage an A+ rating, while Moody's assigned the City an A1 rating. Both ratings are rare for first-time ratings, and translate into an expected savings of \$1.3 million over the 30-year life of the bonds, as well as lower tax levies and lower property taxes for residents in the long term. Currently, El Mirage's debt is 100% voter approved and does not rely on sales tax revenues for repayment.

Budget Highlights:

Entering this fiscal year, Council should be assured the City budget is still the primary focus. The City is committed to continued stability, knowing that planning, pursuing, and negotiating for the best possible outcomes are enduring obligations. Operating expenditures are relatively steady and key partnerships enliven the City's future. Residents will soon see improvements to Grand Avenue, most notably the realignment of Grand, Thunderbird, and Thompson Ranch Road thanks to partnerships with the Arizona Department of Transportation and the Maricopa Association of Governments. The realignment will bring safer traffic conditions and greater potential for economic expansion. Improvements are slated to provide solar lighting and new equipment to pocket (neighborhood) parks and larger regional parks. Improvements are also being made to sidewalks and drainage culverts to ensure the safety and welfare of El Mirage residents.

Grand Avenue – US 60

The FY 2014-15 budget includes a few changes from the previous fiscal year. Among these changes are the following:

- The current projected budget for Fiscal Year 2015 is \$91,150,000. This projected budget represents a decrease of 19% over the Fiscal Year 2014 budget.
- Sources of funds are broken down into four categories: revenues, bonds, fund balance, and transfers (See the "Sources of Funds" chart that follows.).
 - Revenues before transfers and bond proceeds are projected to decrease by \$4,276,000 to \$68,579,000.
 - Grant revenues make up 47% of the revenues at \$32,454,000.

- Charges for services, taxes, and intergovernmental revenues make up 19%, 18%, and 11% of revenues respectively.
- All other categories combined make up 5% of total revenues.
- Proceeds from issuance of previously approved and planned debt (bonds) comprise an additional \$4,583,000 in funding sources.
 - Voter-approved and Council authorized Water and Sewer bonds account for \$1,537,500 of budgeted bond revenues and expenses.
 - Interim financing will be needed to accelerate the El Mirage Road project from the current timeline defined by the Maricopa Association of Governments (MAG).
- Fund Balance of \$11,398,500 and transfers between funds totaling \$6,589,500 comprise the remaining funding sources.

- Uses of funds are broken down into five categories: expenses, contingency, transfers out, bond principal, and depreciation (See “Uses of Funds” chart that follows.).
 - Expenses of \$ 69,314,000 (excluding contingencies) have been identified throughout 16 different funds, and can be broken down by type of expense as follows:
 - Capital – approximately \$34,043,000 of capital expenditures across all funds are being presented as part of this budget. This includes any current year capital projects that need to be carried forward into the FY 2015 budget, specifically, the \$31 million for the El Mirage Road project. The City is partnering with McDoT and MAG to complete construction of El Mirage Road from Northern to Thunderbird, and to complete improvements along Thunderbird Road from Grand Avenue to west of El Mirage Road. The City has bond authorization to pay for its share of the improvements. McDoT will provide \$6 million and MAG will provide 70% funding up to approximately \$36 million. The City intends to accelerate the

project to complete improvements in less than five years. The original projection was for the project to take approximately ten years.

- Capital is \$13,321,500 lower than last year.
- Personnel – the total projected cost of personnel for FY 2015 is \$16,544,500. This is an increase of approximately \$967,000. The major increases are a result of three new positions, increased retirement contributions, and proposed pay increases ranging from 0 to 5 percent.
- Supplies and services – the total projected cost of supplies and services for FY 2015 is \$11,484,000. This is a decrease of approximately \$2,943,000,000. This line item continues to be higher than normal because of the planned replacement of \$3.5 million for water meters. This project is funded by voter authorized Water Infrastructure Financing Authority (WIFA) bonds.
- Other costs – (e.g. special projects, debt service, and fees) amount to \$7,242,500 for FY 2015. This is an increase of approximately \$672,000.
- See the following “Expenditures by Category” chart for a graphical representation.
- See the following “Percent of Citywide Expenditures by Fund” chart for a graphical representation.
- Contingency of \$622,000 (+ \$10 million unknown) for FY 2015 represents a decrease of \$1,224,500 over FY 2014.
- Transfers out of \$6,589,500 provide an offset for transfers in the same amount. A “Transfer Matrix” showing the movement of resources between funds can be found at the end of the “Executive Summary” in this document.
- Bond principal payments of \$2,304,500 are programmed to pay utility and general obligation bond principal.
- Depreciation of \$2,320,000 is a non-cash expenditure which reduces fund balance, but does not reduce cash. Depreciation is recorded in the Water and Sewer Funds.

Executive Summary

Primary General Fund Revenues:

Below is a table showing the primary classifications of General Fund Revenues and a comparison of this year's proposed budget to last year's adopted budget. Below the table is a graph showing what percentage of the revenue is accounted for in each of the classifications. On the following pages are explanations and graphs of the major General Fund revenues.

	FY 14-15	FY 13-14	Increase (Decrease)	%
	Budget	Budget	Amount	Change
City Sales Taxes	\$ 6,030,000	\$ 5,580,000	\$ 450,000	8.06%
Franchise Fees	700,000	695,000	5,000	0.72%
Primary Property Tax	1,625,000	1,625,000	0	0.00%
State Shared Revenues	7,750,000	7,335,000	415,000	5.66%
Grants	0	35,000	(35,000)	-100.00%
Bus. Lic./Bldg. Permits	265,000	265,000	0	0.00%
Charges for Services	145,000	120,000	25,000	20.80%
Fines & Forfeitures	10,000	20,000	(10,000)	-50.00%
Transfers	3,165,000	2,715,000	450,000	16.57%
Miscellaneous	155,000	155,000	0	0.00%
Total General Fund Revenues	\$ 19,845,000	\$ 18,545,000	\$ 1,300,000	7.01%

CITY SALES TAX

City sales tax revenues account for about 30% of all General Fund Revenues. The City of El Mirage imposes a 3% tax on all retail sales. An additional 1% is imposed on transient lodging (bed tax). The Arizona Department of Revenue administers the collection of all sales taxes for the City. As City sales tax collections are received and accounted for by the Department of Revenue, they are forwarded to the City of El Mirage in increments. Reports generated by the Department of Revenue are separated into various industry classifications. These reports, as well as the total City sales tax collections for each month, are usually available to the City two to three months in arrears.

City sales tax collections have been rebounding statewide, as well as in the City of El Mirage. This trend appears to be gaining strength. For the upcoming budget year, the City is projecting to collect \$6,030,000 in City sales tax. This amount is approximately 8% above the budgeted collections for the current budget year.

The following chart depicts City sales tax collections for the last ten years, with the current year of 2014 being an estimate. The trend line, using regression analysis for the last ten years, suggests an upward trend with occasional spikes above the line. The Finance Department has utilized recent tax collection information and the state's sales tax projections in forecasting City sales tax collections, and believes the figure of \$6,030,000 to be justified due to market and business factors.

City Sales Tax Revenue estimates are forecasted using a weighted average percentage increase. The above graph shows a trend line in black. More weight was given the middle three fiscal years, taking into consideration such factors as inflation and current economic conditions. For the Fiscal Year ended June 30, 2014, the revenue figure is an estimate only. Final figures will not be available until August 2014. The adjusted percentage increase factor for Fiscal Year 2015 is 0.5%. Using this factor projected City sales tax collections for the Fiscal Year Ending June 30, 2015 is \$6,030,000 (rounded).

BUILDING PERMITS

Construction is a cyclical business. The City has seen a small rebound in building permits in part due to a few commercial projects and the completion of a subdivision by Lennar Homes. Compared to past permit activity and other revenue sources, building permits are no longer considered a primary revenue source for the City. The following chart shows building permit fee collections for the last ten years.

FRANCHISE FEES

The City has agreements with various utilities that allow access to rights-of-way. In exchange for this access, the utilities pay franchise fees to the City. Each utility has a different agreement with the City. An increase of less than 1% has been budgeted for FY 2015 based on collections history since 2007.

FINES AND FORFEITURES (COURT FINES)

Court fines, as well as revenues from the Redflex program, make up the majority of the fines and forfeitures category. Both of these revenues are recorded in other funds for FY 2015. As a result, fines and forfeitures have been budgeted at \$10,000 for FY 2015.

PRIMARY PROPERTY TAX

A primary property tax of \$1 million was approved in FY 2004. Like last year and the year before, the City has decided this year not to increase the primary property tax by the maximum 2% per year allowed by law. The entire amount of primary property tax is dedicated to public safety functions. Continued growth of approximately \$30,000 per year can be expected for the foreseeable future unless increased development resumes within City limits. The City budgets to collect \$1,625,000 this year although the actual levy will be for approximately \$1,654,937. The difference between these two numbers is the City's estimate of uncollected delinquent property taxes. If the City had decided to collect the maximum levy permitted by law, that levy number would be \$1,929,487 for FY 2015.

STATE SHARED REVENUES

Cities and towns in Arizona are fortunate to be involved in a fairly progressive state shared revenue program which distributes funds to Arizona municipalities from four state revenue sources. The General Fund accounts for three of the four state shared revenue sources. They include state shared sales tax, state shared income tax, and vehicle license taxes. The Arizona League of Cities and Towns publishes estimates each year for these revenue sources to be used in each city or town budget process.

- State Sales Tax - The estimate for state shared sales tax is approximately 2.2% higher than the estimated amount from last year. This amount may be subject to revision later in the year. The Department of Revenue will send final estimates in late June.
- State Income Tax - The estimate for state income tax is 8.6% higher than last year's estimate. (This is the only one of the shared revenues which can be accurately forecasted since it is based on collections from two years ago.)
- Vehicle License Tax (VLT) – Vehicle License Tax monies have shown signs of growth, and based on consensus estimates are projected to increase 4.8% from last year.

The following table shows the last ten years of collections, as well as the estimate for the 2014 fiscal year and the budget for the 2015 fiscal year.

The three state shared revenue sources are projected to increase for the third year in a row. The primary shared revenue increase comes from State Shared Income Tax.

GRANTS

The City does not track grants through the General Fund. Grant activity and projections can be accessed in the special projects fund located near the end of the budget document.

BUSINESS LICENSES

A business license is required of anyone who transacts business within City limits. This business license applies not only to businesses located within the City, but also to businesses outside of the City that conduct business within City limits, whether occasionally or frequently. The City's standard business license is \$100.

CHARGES FOR SERVICES

Charges for services account for less than 1% of General Fund Revenues. The \$145,000 budget for FY 2015 represents a \$25,000 increase from last year.

TRANSFERS

These are transfers from other funds for administrative overhead costs. Transfers are also made for grant matches and to complete or subsidize capital projects. A matrix is provided below to identify transfers. Included in the matrix is an interfund loan section. The General Fund loaned money to the Water and Sanitation funds at a rate of 4% interest (based on bond interest rates) to cover operating shortfalls in these funds until they are self-sufficient. The City previously implemented new rates designed to address these shortfalls over the coming years.

Transfer									
↓ Out	→ In	Gen. Fund	Court	Capital St.	Water	Sewer	HURF	Debt Service	TOTAL
Gen. Fund			219,000		175,000		208,000	100,000	\$ 702,000

Loans:									
Gen. Fund					2,125,000				\$ 2,125,000
Includes Interest Payments from Water.									
Budget Transfer Methodology									
Description:		From		To		Allocation %			
Photo Enforcement		Photo Enforcement		GF/Cap. St.		50% Each Fund*			
Customer Service		Sewer		Water		Per Rate Model			
Engineering		GF/Sewer/HURF		Water		25% Each Fund			
Utility Administration		GF/Sewer/HURF		Water		25% Each Fund			
* Based on prior year's fund balance.									

General Fund Revenue should increase by \$1,300,000 or 7% for the next fiscal year.

Primary General Fund Expenditures:

This year's budget stresses the need to "Work Together to Promote a More Successful El Mirage." while continuing the focus on *incremental growth and development, creating stability, meeting expectations responsibly, and innovations and efficiency in service delivery*. To create stability, this budget focuses on operations while minimizing increases to the budget. To this end, departments were tasked with being more efficient and effective with the budgets they have. The enhanced revenues have instead been directed to meeting delayed capital needs and to addressing operating costs resulting from enhancements to service delivery.

The General Fund budget is used to pay for public safety, general services, community services, and development services among other functions. To perform these services, the General Fund relies heavily on personnel. Of the 178 positions budgeted this year, 129 are accounted for in the General Fund. As a result 71% of the General Fund budget is established to pay for salaries and benefits (personnel services).

General Fund Expenditures by Category

Description	2015 Budget	2014 Budget	\$ Change	% Change
Personnel Services	\$ 12,513,500	\$11,621,000	\$892,500	7.7%
Supplies	1,146,500	1,126,000	20,500	1.8%
Services	3,130,000	3,336,000	(206,000)	-6.2%
Special Projects	333,500	317,000	16,500	5.2%
Capital Outlay/Projects	301,500	528,000	(226,500)	-42.9%
Contingency	200,000	200,000	\$0	0.0%
Total	\$ 17,625,000	17,128,000	497,000	2.9%

Supplies/Services/Special Projects/Capital Outlay/Projects decreased by \$395,500 or 7% from last year's budget of \$5,507,000.

- Capital totaling \$301,500 has been identified to pay for the following items:

ACCOUNT	DEPARTMENT	DESCRIPTION	AMOUNT
10480617	IT	DELL EQUALLOGIC DATA STORAGE ARRAY	20,000
10480617	IT	BACKUP SOLUTION	20,000
10521654	PARKS	POCKET PARKS - INSTALL SECURITY LIGHTING - CARRYFORWARD	60,000
10521655	PARKS	GENTRY PARK - CARRYFORWARD	25,000
10521654	PARKS	PLAYGROUND IMPROVEMENTS	7,500
10522661	FACILITIES	HVAC REPLACEMENT	13,000
10551650	POLICE	REPLACEMENT VEHICLES	140,000
10561617	FIRE	GRANT MATCH FOR THERMAL IMAGING CAMERA	1,000
10561635	FIRE	DUAL BAND MOBILE RADIO-ASST CHIEF	15,000
TOTAL			\$ 301,500

- Council Contingency has been set at \$200,000. Any use of Council Contingency requires Council notification. Because these funds are not assigned to a specific department, they are available for use to meet emergency needs or for unplanned opportunities such as grant matches or newly identified City needs.

Conclusion and Acknowledgments:

I am pleased to present the City Council with a balanced budget that focuses the City resources on achieving Council goals and objectives while maintaining and enhancing community services. This new budget year provides the City an opportunity to “Work Together to Promote a More Successful El Mirage,” while continuing the focus on *incremental growth and development, creating stability and meeting expectations responsibly, and innovations and efficiency in service delivery.*

I would like to thank Finance Director Robert Nilles, Assistant Finance Director Christy Eusebio, the Finance Department, Department Heads, and City Staff for their efforts, hard work, and countless hours spent preparing this balanced budget for the Council’s consideration.

Respectfully submitted to the Mayor and Council of the City of El Mirage

Dr. Spencer A. Isom

City Manager

CITY OF EL MIRAGE, ARIZONA

LIST OF ELECTED CITY OFFICIALS

Mayor Lana Mook

Mayor Lana Mook has called Arizona home for nearly 30 years. After retiring from approximately three decades in management, training and patient relations in the health care industry, Mook devoted much of her time to volunteering in El Mirage, pursuing her commitment to do everything she could to improve her community. With a number of other community volunteers, she co-founded the People of El Mirage (POEM), a civic-based community organization focused on helping those in need, as well as informing the public on local issues. Under her leadership, the organization promoted local support for Luke Air Force Base, raised funds for local Cub Scouts and participated in numerous food and clothing drives for the area's residents in need. In addition, POEM members partnered with local public safety officials to increase safety and awareness in El Mirage neighborhoods.

In 2010, Mook was elected Mayor of the City of El Mirage. She currently serves on the Executive Committee of the Arizona League of Cities and Towns, the Executive Committee of the Maricopa Association of Governments (MAG), the Executive Committee of the Western Maricopa Coalition (Westmarc), the Board of the Valley Metro/Regional Public Transportation Authority, and the Transportation Committee of the National League of Cities.

Mayor Mook has provided many years of service to a number of organizations including the Phoenix Suns Charities, the Girl Scouts of America, the U.S. Forest Service (Smokey Bear and Woodsy Owl Fire Prevention Programs), and is a past Vice-President of the Greater Phoenix American Bowling Association.

Accomplishments

- Played a significant role in improving the City's image throughout the West Valley and the entire Phoenix Metropolitan area. This included developing a partnership with Luke Air Force Base and Supporting the F-35A mission.
- Successfully passed an \$8 million bond measure to provide El Mirage residents with a community recreational facility with swimming pool and a new police facility.
- Appointed to the League of Arizona Cities and Towns' Executive Committee consisting of 25 mayors and councilmembers from across the state. The League provides an important link among the 90 incorporated cities and towns in Arizona representing collective interests at the State Legislature and providing timely information on important municipal issues.
- Protected basic services such as public safety by successfully advocating for the rehire of four first responders for the Fire Department after they were laid off in 2010. In addition, she encouraged the police department to address speeding throughout the community with the assistance of RedFlex photo radar.
- Worked to develop El Mirage's future economic base by approving projects to design quality transportation corridors throughout the City.
- Improved the appearance and quality of life of El Mirage through enhancements to Gentry Park and Grand Avenue.

Vice Mayor Joe Ramirez

Vice Mayor Joe Ramirez has been proud to call El Mirage home for more than 50 years. He graduated from Dysart High School and attended Glendale Community College before beginning work in the construction industry, which led him to a 30-year career that included owning his own construction firm. A straight-to-the-point individual, Vice Mayor Ramirez has always been a supporter of El Mirage and the West Valley. In addition to serving on the City Council, he volunteers his time on numerous civic projects and participates in local events including the Christmas Toy Drive, the Clean Our Community Program, and Habitat for Humanity. Ramirez invites residents to learn more about the issues in the community and join him in working toward a better El Mirage.

Councilman Roy Delgado

Councilman Roy Delgado has served on the El Mirage City Council for 11 years and was last elected in September 2012 to a four-year term. Delgado spent over 20 years in the U.S. Army and National Guard, as well as more than 30 years in management in the oil industry in California and Arizona. His current government service includes the Community Development Advisory Committee (CDAC), which oversees the flow of federal housing and infrastructure project funds received by Maricopa County and awarded on a competitive basis to local governments. The CDAC's funding recommendations are vetted and ultimately approved by the County Board of Supervisors

Delgado is also a board member of the Citizens Advisory Committee of the County Library District. He was appointed to the position by Former Supervisor Max Wilson and, along with other committee members, serves as a liaison between the district's board of directors, the library administration, and the community.

Councilman Delgado is equally proud of his community service activities. He retired in January 2014 after years of service as a teacher of hunter safety for the Arizona Game and Fish Department. He is currently a volunteer usher for Luke AFB's Catholic community; and he helps raise funds, along with his wife Sue, for student scholarships on behalf of Dysart Unified School District and the West Valley Neighborhood Coalition. As a member of the Elks, the American Legion, and two military officers' associations, Delgado maintains strong ties with the Valley's military community.

Councilman James McPhetres

Councilman James McPhetres has been a resident and homeowner in El Mirage for over 13 years. During this time, he has volunteered countless hours to community causes such as the Judicial Advisory Board (JAB) that selected candidates for the City's first municipal judge. He served on the Police Advisory Committee and was elected President of the Grande Mirage Homeowners' Association in 2001. He held this position for nine years until being elected to the City Council in 2010. McPhetres serves as the City's representative for the Western Maricopa Coalition (Westmarc)

Energy and Water Committee. In March 2012, Councilman McPhetres retired from the U.S. Air Force as a Superintendent of Human Resource Systems and Readiness. He brings to El Mirage 36 years of leadership and management experience as a senior non-commissioned officer in the Air Force and as president and owner of a successful company in Phoenix. As your Councilman elected by the people of El Mirage, McPhetres says all the time that the people in El Mirage are his bosses and he takes to heart the choices Council makes in spending the citizens' money. Councilman McPhetres believes that government should not regulate citizens' lives, but serve the needs of the citizenry. He supported such items as the construction of the new fire and police stations, improvements to City parks and streets, and he encourages residents to vote and be a voice for growth in the City. Councilman McPhetres is married to a wonderful person, Veronica, who is a native of Arizona, and they have two sons and four grandchildren.

Councilman McPhetres is committed to ensuring accountability for all City resources and feels the Council owes residents a City that is affordable and one where residents can live, work, and play. He focuses on fiscally conservative economic development and believes in "Integrity first, service before self and excellence in all we do" – core values from his Air Force past that he carries forward in his role as City Councilman.

Councilman Jack Palladino

Born and raised in Chelsea, Massachusetts, Councilman Jack Palladino's commitment to community began over 40 years ago with his service as a medic in the United States Army. After retiring from active duty, he married his sweetheart, Michele, and went to work for the U.S. Post Office as a letter carrier. Over the course of more than 30 years, Palladino's hard work and perseverance were recognized and he was promoted to management in a U.S.P.S. Boston facility. During this time, he also volunteered as a Little League coach and served with the Knights of Columbus. Shortly after retiring in 2003, Palladino and his wife moved to Arizona where he currently works part time for the Pueblo El Mirage Post Office. The Palladinos have one son, a nine year-old grandson, and a two year-old granddaughter who also live in the West Valley. The couple has been married for 45 years. After attending numerous local City Council meetings and volunteering in the community, Palladino decided to run for El Mirage City Council and was overwhelmingly elected in 2010. Palladino believes that one person **can** make a difference!

Councilman Lynn Selby

Born and raised in Los Angeles, California, Councilman Lynn Selby has a business background spanning more than 30 years. He has managed cash flow and inventories, developed yearly budgets, and managed personnel. Selby and his wife, Danielle retired to El Mirage and began attending City Council meetings regularly and volunteering in the community. In attending the Council meetings, Selby became interested in the workings of the City and wanted to give something back to the community he loves and calls home. Selby was elected to the City Council in August 2010. He served in the U.S. Navy and now volunteers his time as an engineer every Sunday from

September through May with the Maricopa Live Steamers Club, giving free rides to the public. Selby also helps the El Mirage Fire Department distribute and install free smoke detectors. He represents Operation Lifesaver throughout the State of Arizona, presenting railroad safety programs to government agencies and local organizations. The Selbys have been married for more than 52 years and have three daughters and four grandchildren.

Councilman David Shapera

Councilman David M. Shapera, recently re-elected to a second four-year term to the El Mirage City Council, was also a past member and Chairman of the El Mirage Planning and Zoning Commission. He has over 39 years in elected and appointed positions in government. He and his wife, Linda have been married for 38 years and have four adult children and eight grandchildren. The Shaperas moved to El Mirage in 2002.

Shapera is a retired police officer and worked for the Clark County Coroner Medical Examiner in Las Vegas, Nevada. He recently retired from the Dysart Unified School District. He continues to guest teach at El Mirage schools and is a member of the Thompson Ranch Elementary PTSA. Shapera has also been a proud member of the Elks Lodge for 35 years.

As an advocate for the new police station and YMCA recreational facility, Councilman Shapera continues to ensure both buildings will be used to proudly serve the El Mirage community. He strongly supports public safety, and continues working to upgrade City infrastructure within the parameters of affordability.

A vocal advocate for Luke Air Force Base, Shapera works with Luke's leadership toward common goals. Supporting economic development in El Mirage is a priority. Shapera has worked to streamline and assist businesses to open in the City. His new program was adopted by the City Council, which calls for directional signs to help businesses thrive.

Shapera is among council members who are strong advocates for the use of solar panels on City buildings, and he was at the forefront of bringing utility savings to City buildings.

CITY STREET MAP

Budget Fundamentals and Policies

Why have we prepared a budget?

The City must adopt a balanced expenditure limitation budget on an annual basis that is enforced under state law for the City as a whole. According to the Arizona Department of Revenue, individual departments and projects may exceed their budgets as long as total City expenditures do not exceed the adopted budget total. The budget is designed to allow as much flexibility as possible for departments to implement Council goals and objectives, while still imposing guidelines. To this end, the budget is itemized at the departmental level for operating expenditures and the project level for capital expenditures. The current budget provides expenditure allocations by Fund, Department, and Expenditure categories.

For the operational budget, it is the expenditure categories that management will use to monitor a department's fiscal responsibility and its success at planning out the year. These budget categories are made up of individual line items and budget requests were submitted and detailed by line item. For capital projects, the budget will be monitored on a project basis. The budget format includes staffing levels by department. This document is intended to provide insight into the operating policy of the City, as well as demonstrate the City's commitment to fiscal responsibility and the needs of the citizens.

Citizens and the general public may use the budget as a document that demonstrates the planned activities of the City for the next twelve months. The document will also give insight as to the policies and procedures that guide the economic growth of the City this fiscal year and into the future. The budget represents not only a detailed twelve-month plan, but also a framework for the future.

Budgeting is only part of the larger planning process on which the City of El Mirage has embarked. It is the strategic planning process that establishes where the Council would like the City to go and establishes what the overall City goals are. The budget provides funding for the activities that will allow the City to achieve these goals, and spells out the organizational and financial operations for each of the City's departments. The budget will be used by departments and City management to tie together the services that are being provided with the overall goals of the City Council.

It is through the budget that Council allocates resources to fund its priorities and against which the overall performance of the City will be measured. The budget may be used by the public, developers, bond rating agencies and other organizations to identify priorities, services, performance and undertakings planned for this and future fiscal years, as well as the underlying philosophies that guide them. It is the budget that connects long-term strategic planning with the services that the City provides on a daily basis.

Financial Strategies:

The major theme of the City's budget and financial forecasts is "Working Together to Promote a More Successful El Mirage," while continuing to focus on *incremental growth and development, creating stability and meeting expectations responsibly, and innovations and efficiency in service delivery.*

The core value of ensuring long-term sustainability combined with adequate reserves to deal with short-term revenue fluctuations is crucial to maintain the service levels our residents have come to expect. With

Gateway Park
Special Event

that in mind, the following policy guidelines are recommended to assist in assuring an adequate fund balance and sustainable operating expenditures exist:

1. A minimum of \$6,000,000 in General Fund operating revenue will be placed in reserve as an economic stabilization fund in all operating funds.
 - a. Reserve amounts are not programmed for expenditure and are only available for use within the confines of the City's expenditure limits. All remaining estimated sources have been programmed for use. Contingencies have been recorded in various funds, which means that they have not been allocated for any specific activity. Although not allocated to a specific purpose, these funds are a critical component of the City's five-year capital improvement plan.
2. Any excess of revenues over expenditures will be carried forward into future budgets to establish a beginning Fund Balance. As a non-recurring revenue source, beginning fund balances should only be used to fund capital or other one-time projects.

Annual Fall Festival

3. Develop the City in a manner that will attract residents and businesses by concentrating efforts and limited resources on those services that are most needed and desired by residents. Increases in population, tax base, commercial and retail activity, and the City's economic development efforts must continue to provide additional revenue to offset the costs related to both continuing and expanding services.

City of El Mirage – Financial Budget Policies:

Each year, the City Council re-affirms the financial policies (guidelines) that are utilized in the development of the budget. These policies are intended to ensure that the long-term desires of the Council will be met within the financial constraints of the City. These policies are the foundation of the budget process each year and can be found in Section 3 of the adopted financial policies.

Purpose: Require the City to systematically plan, adopt, and manage annual operating budgets.

Section 3.1: Introduction

- 3.1.1 The Council shall annually review, re-affirm, amend as necessary, and adopt budget policies (guidelines) as part of the process to develop, consider, and adopt tentative and final budgets. The budget policies will address revenues, expenditure controls, grants, transfers, reserves/contingencies, balances, and reporting. These policies are intended to ensure that the long-term desires of the Council will be met within the financial constraints of the City.

Section 3.2: General

- 3.2.1 The Council shall use the budget process to weigh all competing requests for City resources within expected fiscal constraints. The Council shall discourage requests for new, ongoing activities outside the budget process.
- 3.2.2 The City shall rely upon ongoing revenues to fund ongoing expenditures and avoid one-time sources of revenues to fund ongoing activities.

Section 3.4: Grants

- 3.4.1 The City may rely on grants to leverage City funds. The City shall avoid inconsistent and/or fluctuating grants to fund ongoing activities. In the event of reduced grant funding, the City may substitute City resources only after all other priorities and alternatives are considered.
- 3.4.2 Whenever possible, the City shall consider grant funded projects which require City matching or operating funds as part of the budget process. Any grant funded expenditure should include a five-year analysis of the amount of City funds required to subsidize its operation.

Section 3.5: Transfers and Interfund Loans

- 3.5.1 All requests for transfer require written justification explaining the rationale and fiscal impact.
- 3.5.2 Any transfers between funds, projects, or contingencies require City Council approval. Transfers from department to department within a fund or from line item account to line item account within a department shall require City Manager approval.
- 3.5.3 The Council must review and approve interfund loans.

Public Works Entry Monument

Section 3.6: Reserve/Council Contingency

- 3.6.1 Council Contingency Funds. The City may use contingency funds when additional funds are needed to offset unexpected expenditure increases or when unanticipated events threaten the public health or safety. The City Manager shall review and may approve use of contingency funds in accordance with the City's procurement policy.
- 3.6.2 Reserve Funds. The Council will not budget reserve funds. Reserve funds are "savings" intended to offset revenue shortfalls during a fiscal year. If there is a shortfall in revenue, the City shall use reserve funds in accordance with the City's fund balance policy. The City may establish reserves for all operating funds. An operating fund is a fund that has salary expenses or collects user fees for services performed (excludes grant and capital funds).
- 3.6.3 Debt Service Funds. The City may accumulate secondary property tax revenues in an amount equal to six months of debt service to ensure that the General Fund is not subsidizing debt service payments. The City shall not collect and reserve secondary property taxes in an amount exceeding twelve months of debt service unless the City intends to prepay general obligation bonds.
- 3.6.4 Debt Service and Replacement Reserves. The City shall fund debt service and replacement reserves to meet required bond covenants including repair and replacement funds in the water and sewer funds.

Section 3.7: Budget Process

- 3.7.1 The City shall monitor and follow the budget process throughout the year. The Finance Director, in consultation with the City Manager, shall initiate the formal budget process by distributing to departments a budget packet that includes an outline of the budget schedule, year-to-date expenditures and revenues, and all applicable budget forms.
- 3.7.2 The City Manager and Finance Director shall schedule and host a budget introduction session with all department heads.
- 3.7.3 Departments shall prepare and submit their requests to the Finance Director.
- 3.7.4 The Finance Director shall prepare summary reports, along with detailed budget requests, and submit the reports and detail to the City Manager.
- 3.7.5 Department heads shall individually present capital and operating requests to the City Manager.
- 3.7.6 The City Manager shall review budget requests and provide further guidance to departments.
- 3.7.7 The City Manager and the Finance Director shall present the recommended draft budget to Council for review and discussion at a Council retreat. As required, department heads may be present and participate in the Council retreat.
- 3.7.8 After the Council retreat, the Finance Director shall revise the draft budget and prepare a recommended tentative budget. The City Manager and Finance Director shall present the recommended tentative budget for Council consideration and adoption at a regular Council meeting. Capital projects and acquisitions that have not been completed in the current fiscal year are added to the tentative budget as carry forward projects, and the beginning fund balance is adjusted accordingly.
- 3.7.9 After Council action, the Finance Director shall publish the tentative budget for two consecutive weeks in the local paper.
- 3.7.10 The Council shall schedule and host a public hearing on the budget, after which the Council shall consider and may adopt the final budget. The Finance Director shall ensure that budget adoption adheres to all statutory hearings, publications, and requirements.
- 3.7.11 The Council shall set the final property tax levy in accordance with state law.
- 3.7.12 After the Council adopts the tentative budget and sets the expenditure limitation, the City shall not expend more than the total appropriated for all funds.

Fiesta Dancers

Section 3.8: Budget Basis

- 3.8.1 The City prepares budgets on a cash basis. This is different than the accounting process which utilizes a modified accrual basis.
- 3.8.4 Independent auditors shall annually provide a reconciliation of actual expenditures compared to the adopted budget in accordance with state law.
- 3.8.3 The City shall use the Annual Audited Financial Statements (Audit) to detail the final status of the City's finances compared to budget on the basis of Generally Accepted Accounting Principles (GAAP). In most cases, this conforms to the way the City prepares its budget. Exceptions are as follows:
 - 1. Compensated absences are accrued as earned by employees (GAAP) as opposed to being expended when paid (Budget).
 - 2. Capital Outlay within the enterprise funds are recorded as assets on a GAAP basis and expended on a budget basis.
- 3.8.2 Due to expenditure limitation statutes, the City must identify all possible expenditures and corresponding revenues within the budget. The Finance Director and department heads shall closely monitor expenditures to ensure that they are being spent for the purpose identified in the budget and that the corresponding revenue is adequate. The Finance Director shall establish and maintain a detailed accounting structure to record revenues and expenditures at the level of detail shown in the budget.

**Courthouse and
Senior Center**

Section 3.9: Funds

- 3.9.1 State law only requires the existence of two funds - the General Fund and the Highway Users Revenue Fund (HURF).
- 3.9.2 The City may create and maintain other funds by statute, agreement, ordinance, contract, or to provide balance sheet accounts for tracking purposes. To the extent feasible, the City may limit the number of funds to comply with GAAP.

FISCAL YEAR 2015 Budget Process Improvements:

As the City begins this year's budget process, a few modifications have been made to improve or simplify the process.

- The legal level of budgeting is the fund, except for the General Fund which is at the department. The line item budgets are intended to be used by departments and management for cost control.
 - Baseline budgets have been established for supplies and services for each department (One-time funding has been eliminated.).
 - Budget requests cannot exceed this amount.
 - If a department is requesting funds in excess of the baseline budget, the appropriate forms and justification must be provided.
 - Line item budgets need to be recorded in increments of \$500.
- Positions will be budgeted in the "home" department and charges to other funds/departments will be done through transfers and labor distributions. Police grant positions will be budgeted in the General Fund and a labor distribution will transfer expenses to the fund receiving the grant. This is similar to special events, court, and other City operations.
- Geographical Information Systems (GIS) budget will be moved from Engineering to Community Development.
- Carry forward capital items will be automatically brought forward by Finance unless Finance is directed otherwise.
- New revenue
 - If new or changed fees and charges will impact revenues by more than \$5,000 annually, the department is responsible for notifying Finance of the amount of the impact. The department is responsible for maintaining support documentation that demonstrates the amount of the proposed fee.
 - Larger revenue assumptions are shown in the table below.

REVENUE ASSUMPTIONS FOR FY 2014

FUND	DESCRIPTION
Debt Service	Same as last year \$1,960,000
General	Property Tax same levy as last year.
General	Transfer to Debt Service of \$100,000
General, Sewer, and HURF	Transfer 25% of Engineering and Utility Admin cost to Water
Water\Sewer\Sani.	Transfers per current rate study

Summary

The foundation for this year's budget is substantially more stable in comparison to previous years. Revenues are projected to increase, providing some assurance that the City has turned the corner and will continue to strengthen its financial position. Voters authorized the debt necessary to ensure that essential infrastructure is in place. These actions have created stability in the City's revenue structure. This budget will focus on *"Working Together to Promote a More Successful El Mirage," incremental growth and development, creating stability, and meeting the expectations of both the Council and the public responsibly.*

State and Federal Fiscal Influences

Expenditure Limitations

All cities and towns in Arizona are subject to some form of expenditure limitation. However, as of March 2013, 78 cities and towns have adopted alternative expenditure limitations or modified their expenditure limits in some way.

Social Security Rates

Contributions to Social Security are divided into two segments - old age and survivor benefits, and Medicare. The current contribution rate for the first segment is 6.2 percent for employees and 6.2 percent for employers, on the first \$117,000 of salary. The contribution rate for the second segment is 1.45 percent and there is no maximum salary threshold. These rates are current through calendar year 2014.

Arizona State Retirement System (ASRS) Contribution Rate

The state retirement system contribution rate for FY15 is a 50/50 split. Employees must contribute 11.48 percent for retirement and 0.12 percent for long-term disability, and employers contribute 11.48 percent and 0.12 percent respectively.

Additionally, state law requires ASRS to administer an Alternate Contribution Rate (ACR) to ASRS participating employers that employ ASRS retirees who return to work. The law requires that an ACR be charged to and paid for by the employer, which applies to all ASRS retirees who return to work for an ASRS employer, regardless of early or normal retirement status and regardless of the number of hours worked in a pay period. For Fiscal Year 2014-15 beginning July 1, 2014, the ACR will be 9.57 percent. For more information, please refer to A.R.S. § 38-766.02.

Public Safety Personnel Retirement System (PSPRS) Contribution Rate

Changes were made to PSPRS rates in the 2011 session that increase contribution rates for employees. The rate schedule is 11.05 percent for FY 2015. For all subsequent fiscal years, the contribution rate will be 11.65 percent or a split of 1/3 for employees and 2/3 for employers, whichever is lower. The employee contribution rate, however, cannot be below 7.65 percent.

If a retired PSPRS member returns to work in a PSPRS covered position, the employer is required to pay an alternate contribution rate (ACR). The ACR will be determined annually by the actuary and will cover the unfunded liability portion of the total contribution, except that the ACR will have an 8 percent minimum contribution.

Informational Pamphlet Required for Bond Elections

Current law requires that an informational pamphlet be issued in connection with bond elections. The pamphlet must provide examples of how the bond will impact the taxes for a \$250,000 home, a \$1 million commercial property and an agricultural property valued at \$100,000. Additionally, the example value for commercial property is reduced to \$1 million.

Municipal Water Charges

A municipality may not seek recovery of water and wastewater charges from anyone other than an individual who has contracted for the service and resides or has resided at the service address when the residential property contains four or fewer units. A property owner, an immediate family member of the person who does not reside at the property or any other entity, at its sole discretion, may contract for water and wastewater service with a municipality and shall provide payment for such services.

City of El Mirage, Arizona

Fund Structure

Fund Name	Major Revenues	Major Expenses
General Fund	Sales Tax, Franchise Fees, State Shared Revenues, Fund Transfers	Police, Fire, Parks, Administration, Technology, Maintenance, Legal

INFORMATION TECHNOLOGY

Council Adopted
Final Budget

INFORMATION TECHNOLOGY

Net Change from Previous Budget:

55,500	8%
--------	----

Significant Changes:

- Added a Network Engineer position.
- Professional Services was decrease by \$45,000 to offset increasing staff.

Capital Items:

Capital Type:	Capital Outlay Description & Justification:	New/Repl.	Amount
Equipment	Dell EqualLogic Data Storage Array - the Police Department desires to establish a compatible storage option, in conjunction with the City Hall's existing storage array. As the Department emerges into paperless records and filing, fingerprint storage, electronic citations, and storage of past criminal history records and reports (currently stored by hard copy); the need for additional data storage equipment is critical to ensure data protection and disaster recovery. This device would compliment City Hall's existing storage array allowing replication between the sites.	New	20,000

Equipment	Backup Solution - The City has been expanding in recent years and with that brings additional data created by its staff. Last year a new Storage Array to accommodate this growth , however that data should also be backed up to guard against loss should a disaster happen. The current backup solution in place at the City is at capacity and is several years old. Steps need to be taken to bring in a new solution that will accomodate the City's current data needs and future growth. Furthermore, off-site replication is now an optional feature appliances offer to add an additional layer of redundancy to accomodate business continuity planning. We will investigate cloud replication as part of this solution.	New	20,000

PARKS

Net Change from Previous Budget:

(42,499)	-6%
----------	-----

Significant Changes:

- Completed most improvements to Gentry Park including additional lighting around the Senior Center Ramada area for City events.
- Carry forward of \$60,000 for pocket park lighting
- Carry forward of \$25,000 to finish Gentry Park improvements.

Capital Items:

Capital Type:	Capital Outlay Description & Justification:	New/Repl.	Amount
Improvements	PLAYGROUND IMPROVEMENTS - Cost of labor and materials to remove the existing playground sand at pocket parks and replace it with wood chips. Sand is no longer recommended as a safe surface for playgrounds. Wood chips are the recommended choice for playground surfaces. This request would be for first of four pocket parks. Two of them are in Buena Vida subdivision and the other two are in the Dysart Park subdivision. This would complete the changout of sand to wood chips in all City owned pocket parks.	New	7,500

FACILITIES MANAGEMENT

Net Change from Previous Budget:

24,001	4%
--------	----

Significant Changes:

- There were no significant changes to operations.

Capital Items:

Capital Type:	Capital Outlay Description & Justification:	New/Repl.	Amount
Equipment	Cost to replace two (2) HVAC units at city facilities - One (1) at the library building and one (1) for emergency replacement. A diagnostic audit on all HVAC units was performed by Ocean Breeze Air in October and November of 2013 and found four (4) units are in need of immediate replacement. The three units at city hall are approaching 30 years old (1986), inefficient and have surpassed their anticipated useful lifespan. The unit at the library is 11 years old. The average life of an HVAC unit is 10 years old.	Replacement	13,000

Final Budget

FIRE

Net Change from Previous Budget:

192,501	6%
---------	----

Significant Changes:

- No significant changes in operations.

Capital Items:

Capital Type:	Capital Outlay Description & Justification:	New/Repl.	Amount
Equipment	Purchase one dual band mobile radio to replace the existing VHF radios installed in the assistant chief vehicle along with a radio/intercom system. The current radio in the assistant chief vehicle does not have the capability to transmit and receive on both 800 MHz and VHF frequencies that are needed by fire fighters during emergency operations. The installed headsets provide the required hearing protection and allow the wearer to hear the radio communications and to communicate with the other crew members and units with better clarity. Utilizing only portable radios results in the hearing protection being negated and communications with crew members difficult. Additionally, having mobile radios mounted in fire apparatus is a requirement of the Insurance Service Organization grading.	Replacement	15,000

WATER OPERATIONS

Net Change from Previous Budget:

159,500	3%
---------	----

Significant Changes:

- Increase in personnel due to transfer and reclassifying 1 Meter Reader to Utility Technician I. Added a part-time Utility Worker.
- Increase for purchase of backhoe.

Capital Items:

Capital Type:	Capital Outlay Description & Justification:	New/Repl.	Amount
EQUIPMENT	Replace a backhoe used by the Public Works Water Division. The current backhoe is 13 years old and has had numerous breakdowns in the past few years. Breakdowns significantly disrupt the repair schedule and the quick response to emergencies. Over the past three years \$3,300 has been spent on rentals and \$11,000 spent on repairs. The backhoe is the main piece of equipment used daily by the Water Division.	R	\$95,000

HURF

Net Change from Previous Budget:

(243,501)	-9%
-----------	-----

Significant Changes:

- \$157,000 decrease in operating material and supplies due to purchase of signs for downtown alleys being completed.
- \$20,000 increase for electricity cost for street lights.
- \$175,000 budget transfer to Water to cover Engineering services provided to street projects.

Capital Items:

Capital Type:	Capital Outlay Description & Justification:	New/Repl.	Amount
Improvement	CITYWIDE TRAFFIC SIGNAL IMPROVEMENTS – City portion of construction of various existing signal improvements including; improved computerized control, closed circuit video, pedestrian control, signage, signal preemption, and signal coordination with adjoining agencies. Construction to be partially funded by a federal Congestion Mitigation and Air Quality (CMAQ) grant totaling \$383,495. The remaining costs are the local match. ADOT to award project and complete construction administration as a federal aid project.	N	\$102,000
Improvement	PAVEMENT MANAGEMENT - The purpose of the Pavement Management Plan is to perform cost effective street improvements by properly matching the maintenance and rehabilitation methods to the pavement condition to extend the life of the City streets, which will enhance the safety and quality of the City's transportation system and community appearance.	N	\$850,000

Capital Project Descriptions

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
10551650	POLICE	REPLACEMENT VEHICLES	140,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Replace 3 marked vehicles due to age related deterioration and decreased value of repair.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
10561635	FIRE	DUAL BAND MOBILE RADIO - ASST CHIEF	15,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Purchase one dual band mobile radio to replace the existing VHF radios installed in the assistant chief vehicle along with a radio/intercom system. The current radio in the assistant chief vehicle does not have the capability to transmit and receive on both 800 MHz and VHF frequencies that are needed by fire fighters during emergency operations. When responding riding in the fire apparatus all personnel are required to wear hearing protection riding on apparatus when subjected to noise in excess of 90 dBA (NFPA 1500). The installed headsets provide the required hearing protection and allow the wearer to hear the radio communications and to communicate with the other crew members and units with better clarity. Utilizing only portable radios results in the hearing protection being negated and communications with crew members difficult. Additionally, having mobile radios mounted in fire apparatus is requirement of the Insurance Service Organization grading.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
10480617	IT	DELL EQUALLOGIC DATA STORAGE ARRAY	20,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Dell EqualLogic Data Storage Array - the Police Department desires to establish a compatible storage option, in conjunction with the City Hall's existing storage array. As the Department emerges into paperless records and filing, fingerprint storage, electronic citations, and storage of past criminal history records and reports (currently stored by hard copy); the need for additional data storage equipment is critical to ensure data protection and disaster recovery. This device would compliment City Hall's existing storage array allowing replication between the sites.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
10480617	IT	BACKUP SOLUTION	20,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

The City has been expanding in recent years and with that brings additional data created by its staff. Last year a new Storage Array to accommodate this growth, however that data should also be backed up to guard against loss should a disaster happen. The current backup solution in place at the City is at capacity and is several years old. Steps need to be taken to bring in a new solution that will accommodate the City's current data needs and future growth. Furthermore, off-site replication is now an optional feature appliances offer to add an additional layer of redundancy to accommodate business continuity planning. We will investigate cloud replication as part of this solution.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
10521654	PARKS	PLAYGROUND IMPROVEMENTS	7,500
PROJECT DESCRIPTION		OPERATING IMPACT:	

Cost of labor and materials to remove the existing playground sand at pocket parks and replace it with wood chips. Sand is no longer recommended as a safe surface for playgrounds. Wood chips are the recommended choice for playground surfaces. This request would be for first of four pocket parks. Two of them are in Buena Vida subdivision and the other two are in the Dysart Park subdivision. This would complete the changout of sand to wood chips in all City owned pocket parks.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
10522661	FACILITIES	HVAC REPLACEMENT	13,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Replace HVAC units at city facilities - One (1) at the library building and one (1) emergency replacement. A diagnostic audit on all HVAC units was performed by Ocean Breeze Air in October and November of 2013 and found four (4) units are in need of immediate replacement. The three units at city hall are approaching 30 years old (1986), inefficient and have surpassed their anticipated useful lifespan. The unit at the library is 11 years old. The average life of an HVAC unit is 10 years old.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
21400666	HURF	PAVEMENT MANAGEMENT PROGRAM	850,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

The purpose of the Pavement Management Plan is to perform cost effective street improvements by properly matching the maintenance and rehabilitation methods to the pavement condition to extend the life of the City streets, which will enhance the safety and quality of the City's transportation system and community appearance.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
21400665	HURF	CITYWIDE TRAFFIC SIGNAL IMPROVEMENTS	102,000

Construction of various existing signal improvements including; improved computerized control, closed circuit video, pedestrian control, signage, signal preemption, and signal coordination with adjoining agencies. Construction to be partially funded by a federal Congestion Mitigation and Air Quality (CMAQ) grant. The remainder of the costs are the local match. ADOT to award project and complete construction administration as a federal aid project.

Capital Project Descriptions

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
31466668	CDBG	MAIN ST SIDEWALK IMPROVEMENTS	61,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Provide new sidewalk on the west side of Main Street north of Meyer Lane. This project will also require the relocation of two water meters and boxes. Design to be completed in-house. Construction to be requested to be funded with CDBG FY14/15 Grant.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
31466668	CDBG	SANTA FE LANE SIDEWALK IMPROVEMENTS	150,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Provide new sidewalk on the south side of Santa Fe Lane between El Mirage Road and 5th Avenue. Design to be completed in-house. Construction to be requested to be funded with CDBG FY14/15 Grant.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
53403650	WATER	BACKHOE	95,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Replace a backhoe used by the Public Works Water Division. The current backhoe is 13 years old and has had numerous breakdowns in the past few years. Breakdowns significantly disrupt the repair schedule and the quick response to emergencies. Over the past three years \$3,300 has been spent on rentals and \$11,000 spent on repairs. The backhoe is the main piece of equipment used daily by the Water Division.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
54400617	SEWER	PUMPS AND MOTOR REPLACEMENTS	125,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Replace a combination of three pumps or motors each year due to equipment failure or having reached the life cycle and no longer supported. Replacement is suggested to be done routinely for proper operation of the treatment facility with the interest of the public's health, safety, and welfare in mind.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
54408672	SEWER	HANDRAIL SAFETY IMPROVEMENTS	25,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Addition of handrails at the Lower El Mirage wash culvert headwall structures and miscellaneous drainage structures around the City.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
61400698	CAPITAL PARKS	BASIN PARK LIGHTING	250,000
PROJECT DESCRIPTION		OPERATING IMPACT:	

Basin Park is located south of Cactus Road and west of El Mirage Road. The intent of the lighting will be to provide some illumination on the sidewalks and lower area of the basin. With the park closed during non-daylight hours only some level of lighting over the basin area will be provided.

ACCOUNT #	DEPARTMENT	PROJECT TITLE	PROJECT AMOUNT
66400650	ADMINISTRATION	MOBILE SIGN TRAILERS	65,500
PROJECT DESCRIPTION		OPERATING IMPACT:	

Mobile sign trailers to provide public information regarding City sponsored special events.

OFFICIAL BUDGET FORMS
CITY OF EL MIRAGE, ARIZONA
Fiscal Year 2015

RESOLUTION R14-06-15

A RESOLUTION OF THE MAYOR AND COUNCIL OF THE CITY OF EL MIRAGE, MARICOPA COUNTY, ARIZONA, APPROVING AND ADOPTING THE SPENDING LIMITATION AND THE BUDGET FOR FISCAL YEAR 2014-2015.

WHEREAS, in accordance with the provisions of A.R.S §42-17101 through §42-17108, on the 20th day of May 2014, the City Council of the City of El Mirage did make and approve tentative estimates for Fiscal Year 2014-2015 of the different amounts required to meet the public expenditures, an estimate of revenues from sources other than direct taxation, and the amount to be raised by taxation upon real and personal property within the City of El Mirage; and,

WHEREAS, in accordance with A.R.S. §42-17103 and §42-17104, on the 23rd of May and 30th of May 2014, the City published in the Daily News Sun the tentative estimates of expenditures and revenues approved by the City Council on the 20th day of May 2014; and,

WHEREAS, in accordance with A.R.S. §42-17104 and §42-17108, the City of El Mirage is not required to publish "Truth in Taxation Hearing Notice of Tax Implementation"; and,

WHEREAS, in accordance with A.R.S. §42-17104 and §42-17108, the Council of the City of El Mirage will hold a special meeting and public hearing on June 3, 2014, at 6:00 p.m., in the El Mirage City Council Chambers at 14010 N. El Mirage Road, El Mirage, Arizona, and that all interested citizens are invited to attend and are afforded the right to be heard in favor or against the proposed expenditures, tax levy and tax increase; and,

WHEREAS, the estimate of expenditures approved by the City Council on the 20th day of May 2014, and as published on the 23rd of May and 30th of May 2014, has not increased; and,

WHEREAS, section 3.5 "Compensation Plan" of the Personnel Policy Manual directs the City Manager to prepare, develop, and maintain a Compensation Plan which shall be ratified by the City Council through the annual budgetary process.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of El Mirage that the Compensation Plan and the estimates of revenues and expenditures shown on the attached schedules are hereby adopted as the Compensation Plan and the final estimates of proposed expenditures and revenues that constitute the Spending Limitation and Budget for the City of El Mirage for Fiscal Year 2014-2015.

APPROVED AND ADOPTED by the City Council this 3rd day of June, 2014.

Lana Mook, Mayor

ATTEST:

Sharon Antes, City Clerk

APPROVED AS TO FORM:

Robert Hall, City Attorney

ORDINANCE 014-06-05

AN ORDINANCE OF THE MAYOR AND COUNCIL OF THE CITY OF EL MIRAGE, MARICOPA COUNTY, ARIZONA, LEVYING UPON THE ASSESSED VALUATION OF THE PROPERTY WITHIN THE CITY OF EL MIRAGE SUBJECT TO PRIMARY AND SECONDARY TAXATION A CERTAIN SUM UPON EACH ONE HUNDRED DOLLARS (\$100.00) OF VALUATION SUFFICIENT TO RAISE THE AMOUNTS ESTIMATED TO BE REQUIRED IN THE ANNUAL BUDGET LESS THE AMOUNT ESTIMATED TO BE RECEIVED FROM OTHER SOURCES; PROVIDING FUNDS FOR VARIOUS BOND REDEMPTIONS, FOR THE PURPOSE OF PAYING INTEREST UPON BONDED INDEBTEDNESS AND PROVIDING FUNDS FOR MUNICIPAL EXPENSES; ALL FOR THE FISCAL YEAR ENDING THE 30th DAY OF JUNE, 2015.

WHEREAS, pursuant to A.R.S. §42-17151 et. seq., §42-17201 et. seq. and §42-17251 et. seq. the council is required, on or before the third Monday in August each year, to fix, levy and assess the amount to be raised from primary property taxation and secondary property taxation; and,

WHEREAS, the El Mirage City Council adopted the fiscal year 2013-2014 Final Budget on June 3, 2014; and,

WHEREAS, the County of Maricopa is the assessing and collecting authority for the City of El Mirage, the City Clerk is hereby directed to transmit a certified copy of this ordinance to the County Assessor and the Maricopa County Board of Supervisors.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF EL MIRAGE, ARIZONA, AS FOLLOWS:

Section 1. Primary Taxation. There is hereby levied on each one hundred (\$100.00) of the assessed value of all property, both real and personal, within the corporate limits of the City of El Mirage, except such property as may be by law exempt from taxation, a primary property tax levy not to exceed the maximum levy allowed by law for the fiscal year ending on the 30th day of June, 2015, and allowable tort liability claims. The total primary levy for Fiscal Year 2014-2015 is One Million Six Hundred Fifty Four Thousand Nine Hundred Thirty Seven Dollars (\$1,654,937.00).

Section 2. Secondary Taxation. In addition to the primary property tax levy established above, there is hereby levied on each one hundred dollars (\$100.00) of the assessed valuation of all property, both real and personal, within the corporate limits of the City of El Mirage, except such property as is exempt by law, a secondary property tax levy sufficient to raise the sum of One Million Nine Hundred Sixty Thousand Dollars (\$1,960,000.00) for the fiscal year ending on the 30th day of June, 2015, to be collected as provided by law for the purposes provided by law.

Section 3. No failure by the county officials of Maricopa County, Arizona, to properly return the delinquent list, and irregularity of any kind in the assessment or omission in the same, or irregularity of any kind in any proceedings shall invalidate such proceedings or invalidate any title conveyed by any tax deed; nor shall any failure of neglect of any officer(s) to timely perform any of the duties assigned to him/her or to them on the day or within the time specified invalidate any proceedings or any deed or sale pursuant thereto, or affect the validity of the assessment or levy of taxes or of the judgment of sale by which the collection of the same may be enforced, or in any manner affect the lien of the City of El Mirage upon such property for the delinquent taxes unpaid thereon, and no overcharge as to part of the taxes or of costs shall invalidate any proceedings for the collection of taxes or the foreclosure; and all acts of officers de facto shall be valid as if performed by officers de sure.

Section 4. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

PASSED, APPROVED, AND ADOPTED by the Mayor and Council of the City of El Mirage, Maricopa County, Arizona this 17th day of June 2014.

Lana Mook, Mayor

INTRODUCTION

City of El Mirage Council Members Selby, Shapera, Delgado, McPhetres, and Palladino, along with Vice-Mayor Ramirez and Mayor Mook participated in a goal setting workshop with the assistance of Dr. Spencer A. Isom, City Manager to help facilitate the goal setting process. He organized and facilitated a process that involved the following steps:

1. Prepare a questionnaire to identify the City's major accomplishments, current issues, concerns, trends, and opportunities; most significant initiatives and programs for 2013; and capital projects to be initiated in 2013.
2. Conduct a goal setting work session with the elected officials using their responses to the questionnaire to facilitate an engaging exchange of ideas.
3. Preparation of this final report.

It should be noted Dr. Isom modeled El Mirage's process and the format of this report after a process established by the University of Iowa's Institute of Public Affairs. The University of Iowa's model, in Dr. Isom's opinion, appeared most efficient and seems to work here.

THE QUESTIONNAIRE

A copy of the questionnaire is attached in Appendix A and is incorporated herein by reference.

GOAL SETTING WORK SESSION

The elected officials held a work session at the Pueblo El Mirage RV and Resort Community on December 18, 2012. The session was facilitated by Dr. Spencer A. Isom, City Manager. In attendance and participating in the meeting were Mayor Lana Mook, Vice-Mayor Joe Ramirez, Council Member Lynn Selby, Council Member Jim McPhetres, Council Member David Shapera, Council Member Jack Palladino, and Council Member Roy Delgado.

MAJOR ACCOMPLISHMENTS

Participants identified the following, as the City's major accomplishments during the previous two-year period (2011-2012):

- Resolved outstanding lawsuits and legal issues.
- Rebuilt relationships with Luke Air Force Base and West Valley cities.
- Built fire station and rehired firefighters.
- Completed eight wash culvert barriers.
- Completed Phase I of Gentry Park renovations.
- Redefined Redflex program.
- Passed bond for police station and YMCA.

- Completed Dysart Ranchettes street improvements.
- Started new mineral bond street improvement project.
- Started community garden project.
- Implemented AZ Metropolitan Trust for employee health benefits.
- Obtained an inaugural bond rating.
- Passed Home Rule.
- Partnered for Northern Parkway project.
- Approved an overlay ordinance to define a mixed-use business district along Thunderbird Road.
- Remodeled courthouse.
- Reduced staffing costs.
- Balanced budget.
- Negotiated two-year union contracts which included a pay raise for staff.
- Worked with ADOT to complete repaving of Grand Avenue and the addition of landscaping and two entryway signs.
- Facilitated the opening of new businesses to include Valero, Auto Zone, Aarons, and Windy City Dogs.
- Paved downtown alleyways.

ISSUES, CONCERNS, TRENDS, AND OPPORTUNITIES

Participants identified the following as the issues, concerns, trends, and opportunities presently affecting City services, policies, finances, and operations:

- Continue economic development efforts toward attracting new businesses.
- Develop one-way traffic along the Grand Avenue frontage road to spur redevelopment, improve accessibility, and on- and off-street parking.
- Research sales tax payments of businesses along Grand Avenue and Thunderbird Road.
- Become more aggressive on code enforcement to attract new businesses.
- Clean up downtown and other areas by providing bulk trash pick-up.
- Maintain conditions of public streets.
- Discontinue City landscaping of neighborhoods with homeowners associations.

MOST SIGNIFICANT INITIATIVES AND PROGRAMS FOR 2013-2014

Participants reviewed potential initiatives and programs and selected the following as the most important for the upcoming 12 to 24- month period (listed in order of priority):

1. Consider neighborhood bulk trash pick-up twice a year.
2. Continue work on El Mirage Road and Thunderbird Road to help with economic development.

3. Look for grants to help revitalize downtown.
4. Consider bringing in CAP services for seniors at no cost to the City.
5. Review the possibility of restructuring HOA landscaping maintenance contracts (similar to Cactus Park).

CAPITAL PROJECTS TO BE PURSUED IN 2013-2014

Participants reviewed potential capital improvement projects and selected the following as the most important for the upcoming 12 to 24-month period (listed in order of priority):

1. Continue work on the reconfiguration of Thunderbird and Thompson Ranch Roads at the Grand Avenue intersection in partnership with the Arizona Department of Transportation and the Maricopa Association of Governments.
2. Complete second phase of Gentry Park improvements (lighting, shade, BBQs, and picnic tables).
3. Install solar pocket park lighting and replace equipment/amenities as needed. Install security lighting at some neighborhood parks.
4. Continue work on the El Mirage Road Improvements project in partnership with Maricopa County and the Maricopa Association of Governments.

FACILITATOR's COMMENTS

I thank you for allowing me to assist in our City's goal setting process. You remained extremely cooperative and displayed positive, professional attitudes commensurate with your roles as elected representatives of the citizens of El Mirage.

Regarding this report, it is necessary you view this as an ongoing process. These priorities are not permanent and may be revisited from time to time. I would recommend Council and staff review the status of and feasibility for implementing these goals on, no less than, a biannual basis.

Dr. Spencer A. Isom, El Mirage City Manager

APPENDIX A

CITY OF EL MIRAGE 2013 Preliminary Goal Setting Workshop: Questionnaire December 18, 2012

INTRODUCTION

A Preliminary Goal Setting Session will be held on Tuesday, December 18, 2012, at the Pueblo El Mirage Resort Recreation Hall #3. The purpose of the session will be to identify and prioritize a preliminary list of the City's overall goals and objectives for the next two years. The City's goals should be formally adopted by a "sitting" body and typically include direct input from the City Manager and his staff. The results of the Council and staff's efforts may then be finalized in a "2013 City Council Goal Setting Report."

To prepare for the December 18 meeting, you must identify key issues and potential objectives to be reviewed and discussed at the session. Please complete all sections of this questionnaire and return as directed (see below section entitled "Return of Questionnaire"). If you need additional space, feel free to attach additional pages.

Note: Please read the entire questionnaire before starting your responses.

Major Accomplishments

Please list what you consider to be the City's major accomplishments over the past two years. These accomplishments could be as large as a street project or as simple as a newly adopted City policy. The items do not need to be in any particular order.

Issues, Concerns, Trends, and Opportunities

Please list specific issues, concerns, trends, and opportunities affecting future City services, policies, finances, or operations (for example, loss of populations, major new economic development success, or resolving a policy question). You do not need to identify potential solutions to your concerns.

Significant Initiatives or Programs

Please list any initiatives, programs or policies you think the City should consider in the next two years (for example, downtown revitalizations, updating employee job descriptions, reviewing water or sewer rates, privatization of city services, etc.).

Capital Projects

Please list the capital projects or equipment purchases you think the City should consider over the next two years. These capital projects may include such things as street construction, public works equipment, public safety equipment, pocket park lighting, etc. If you have an estimate on the cost of such projects, please note it. Please list only those projects with a total cost of \$10,000 or more.

Organizational Effectiveness

Please list several things the Mayor/City Council and/or staff could do in the future to improve organizational effectiveness, the decision-making process, teamwork, and the ability to accomplish the City's stated goals and objectives.

Supplemental Questions

In this section, you are asked for your general thoughts and opinions regarding the City's differing service areas. Feel free, in this section, to provide any recommendations you may have for improvement(s).

1) How is the City's administrative staff doing?

2) How is the City's finance department doing (budget, taxes, and finances)?

3) How is the City doing in the area of economic development, planning, and engineering services?

4) How is the City doing in the areas of public works (streets, utilities, grounds, and facilities)?

5) How is the City doing in the area of special events, recreation, and senior services?

6) How is the City's police department and code enforcement?

7) How is the City's fire and building safety services?

8) What is your opinion of the City's technology services?

9) In general, how do you feel about the quality of the municipal services received in El Mirage?

Return of Questionnaire

Please complete this questionnaire electronically and return a hard copy to Sharon Antes at the City Council meeting on Tuesday, December 4, 2012.

UNEDITED LIST OF ALL INITIATIVES AND PROGRAMS – Exhibit A

Significant Initiatives and Programs

The complete list of all significant initiatives and programs identified by the Mayor and Council is as follows:

- Consider neighborhood bulk trash pick-up twice a year.
- Review the possibility of restructuring HOA landscaping maintenance contracts (similar to Cactus Park).
- Finish community garden and get farmers' market operational.
- Continue reviewing service costs and incoming revenue to maintain solvency.
- Look for grants to help revitalize downtown.
- Continue work on El Mirage Road and Thunderbird Road to help with economic development.
- Consider bringing in CAP services for seniors.
- Explore hiring a consulting group to plan for economic development.
- Consider reducing property tax.
- Reduce water rates.
- Eliminate food tax.
- Curtail any further borrowing that puts residents in any more debt.
- Become industry friendly by exploring other ways to attract new businesses.
- Relocate Parks & Sons to attract a business that would complement El Mirage's entrance.

UNEDITED LIST OF ALL CAPITAL PROJECTS – Exhibit B

Capital Projects

The complete list of all capital projects considered by the Mayor and Council is as follows:

- Reconfigure Thunderbird and Thompson Ranch Roads at the Grand Avenue intersection.
- Install solar pocket park lighting and replace equipment/amenities as needed.
- Install security lighting at some neighborhood parks.
- Complete second phase of Gentry Park improvements (lighting, shade, BBQs, and picnic tables).
- Update police fleet (police vehicles, firearms, fingerprint readers, license plate readers).
- Maintain public works equipment.
- Install caution lights at Gateway Park and on El Mirage Road.
- Replace the fire department's brush truck with a good working unit.
- Develop fishing hole at the Bool property.
- Resolve landfill (Maggie's Mountain) issues and development of property for economic development.
- Investigate uses for the old fire house. Maintain its use as a training facility.
- Pursue economic development opportunities south of Peoria Avenue to Northern Avenue and Cactus Road west of El Mirage Road
- Replace water meters paced over several years.

Financial Management Policies

Reviewed April 22, 2014

Revised May 21, 2013

Adopted June 19, 2012

Sound financial policies provide guidance and assurance to the community that the City is following best practices. The Government Finance Officers Association recommends that financial policies be developed and formally adopted by the jurisdiction's governing board. These policies are subject to review and refresh at any time.

Table of Contents

Policy	Title	Page

2	Policy Review	2
3	Budget	3
4	Cash Management and Investment	8
5	Capital Improvement Plan	9
6	Debt Management	10
7	Accounting, Auditing, and Financial Reporting	13
8	Written Policies and Procedures for Tax-Advantaged Bonds	14
9	Fund Balance Policy	25

Policy 1
Financial Management Goals

Purpose: Define overall financial management goals.

- 1.1 Maintain a financially viable city government that provides an adequate level of services.
- 1.2 Maintain financial flexibility to adapt to local, regional, and national economic changes.
- 1.3 Maintain programs and activities that add value and contribute to the City's mission.

Policy 2
Policy Review

Purpose: Require periodic review and revision to financial management policies.

- 2.1 The Council will annually or more frequently as required, review and adopt the financial management policies.

- 2.2 These policies are meant to serve as a guideline to ensure that best practices are utilized. Accordingly the term “shall” as utilized in this document is considered to be synonymous with the term “should”.

Policy 3

Budget Policies

Purpose: Require the City to systematically plan, adopt, and manage annual operating budgets.

Section 3.1: Introduction

- 3.1.1 The Council shall annually review, re-affirm, amend as necessary, and adopt budget policies (guidelines) as part of the process to develop, consider, and adopt tentative and final budgets. The budget policies will address revenues, expenditure controls, grants, transfers, reserves/contingencies, balances, and reporting. These policies are intended to ensure that the long-term desires of the Council will be met within the financial constraints of the City.

Section 3.2: General

- 3.2.1 The Council shall use the budget process to weigh all competing requests for City resources, within expected fiscal constraints. The Council shall discourage requests for new, ongoing activities outside the budget process.
- 3.2.2 The City shall rely upon ongoing revenues to fund ongoing expenditures and avoid one-time sources of revenues to fund ongoing activities.
- 3.2.3 The Finance Director shall annually prepare 5-year revenue and expenditure forecasts to examine the City's ability to absorb operating costs due to changes in the economy, service demands, service levels, and capital improvements.
- 3.2.4 The Finance Director shall prepare and the Council shall adopt a department-level operating budget, as presented in schedule E of state budget forms.
- 3.2.5 The Council can compare service delivery alternatives to ensure that quality services are provided at the most competitive and economical cost. Finance shall direct departments to identify all activities that can be provided by another source and review options/alternatives to current service delivery. The City shall review service delivery alternatives continually.
- 3.2.6 The City shall fund current year capital projects with:
1. bonds,
 2. grants, or
 3. funds accumulated (fund balances) prior to budgeting for capital expenditures.
- 3.2.7 The City shall practice conservatism in budgeting for both revenues and expenditures to ensure the City can meet its ongoing obligations. The City shall not budget excess funds collected (fund balance) for ongoing expenditures.

Section 3.3: Revenues

- 3.3.1 The City shall develop diversified and stable revenue sources to protect activities from short-term fluctuations in any single revenue source.
- 3.3.2 The City shall not dedicate revenues for specific purposes unless required by law, Council Policy, or Generally Accepted Accounting Principles (GAAP). The Finance Director shall deposit all non-restricted revenues in the general fund for appropriation through the budget process.
- 3.3.3 The Council shall review user fees and charges annually to ensure recovery of all direct and indirect costs of service, unless full cost recovery would be excessively burdensome on citizens receiving service.
- 3.3.4 The Council shall adjust rates for enterprise operations (water, sewer, and sanitation) based on ten-year fund plans.
- 3.3.5 The Council shall annually consider the impacts to the General Fund of providing public safety services, as well as the financial impact on the residents and property owners, before setting the primary property tax levy. By statute the primary property levy with adjustments shall not exceed 102% of the prior fiscal year's maximum allowable levy plus new construction and reimbursement for the prior calendar year's tort liability payments.

Section 3.4: Grants

- 3.4.1 The City may rely on grants to leverage City funds. The City shall avoid inconsistent and/or fluctuating grants to fund ongoing activities. In the event of reduced grant funding, the City may substitute City resources only after all other priorities and alternatives are considered.
- 3.4.2 Whenever possible, the City shall consider grant funded projects which require City matching or operating funds as part of the budget process. Any grant funded expenditure should include a five year analysis of the amount of City funds required to subsidize its operation.

Section 3.5: Transfers and Interfund Loans

- 3.5.1 All requests for transfer require written justification explaining the rationale and fiscal impact.
- 3.5.2 Any transfers between funds, projects, or contingencies require City Council approval. Transfers from department to department within a fund or from line item account to line item account within a department shall require City Manager approval.

- 3.5.3 The Council must review and approve interfund loans.

Section 3.6: Reserve/Council Contingency

- 3.6.1 Council Contingency Funds. The City may use contingency funds when additional funds are needed to offset ***unexpected*** expenditure increases or when ***unanticipated*** events threaten the public health or safety. The City Manager shall review and may approve use of contingency funds in accordance with the City's procurement policy.
- 3.6.2 Reserve Funds. The Council will not budget reserve funds – reserve funds are “savings” intended to offset revenue shortfalls during a fiscal year. If there is a shortfall in revenue, the City shall use reserve funds in accordance with the City's fund balance policy. The City may establish reserves for all operating funds – an operating fund is a fund that has salary expenses or collects user fees for services performed (excludes grant and capital funds).
- 3.6.3 Debt Service Funds. The City may accumulate secondary property tax revenues in an amount equal to six months of debt service to ensure that the General Fund is not subsidizing debt service payments. The City shall not collect and reserve secondary property taxes in an amount exceeding twelve months of debt service unless the City intends to prepay general obligation bonds.
- 3.6.4 Debt Service and Replacement Reserves. The City shall fund debt service and replacement reserves to meet required bond covenants including repair and replacement funds in the water and sewer funds.

Section 3.7: Budget Process

- 3.7.1 The City shall monitor and follow the budget process throughout the year. The Finance Director, in consultation with the City Manager, shall initiate the formal budget process by distributing to Departments a budget packet that includes an outline of the budget schedule, year-to-date expenditures and revenues, and all applicable budget forms.
- 3.7.2 The City Manager and Finance Director shall schedule and host a budget introduction session with all Department heads.
- 3.7.3 Departments shall prepare and submit their requests to the Finance Director.
- 3.7.4 The Finance Director shall prepare summary reports, along with detailed budget requests, and submit the reports and detail to the City Manager.
- 3.7.5 Department heads shall individually present capital and operating requests to the City Manager.

- 3.7.6 The City Manager shall review budget requests and provide further guidance to Departments.
- 3.7.7 The City Manager and the Finance Director shall present the recommended draft budget to Council for review and discussion at a Council retreat. As required, Department heads may be present and participate at the Council retreat.
- 3.7.8 After the Council retreat, the Finance Director shall revise the draft budget and prepare a recommended tentative budget. The City Manager and Finance Director shall present the recommended tentative budget for Council consideration and adoption at a regular Council meeting. Capital projects and acquisitions that have not been completed in the current fiscal year are included in the tentative budget as carry forward projects and the beginning fund balance is adjusted accordingly.
- 3.7.9 After Council action, the City Clerk shall publish the tentative budget for two consecutive weeks in the local paper.
- 3.7.10 The Council shall schedule and host a public hearing on the budget, after which the Council shall consider and may adopt the final budget. The Finance Director shall ensure that budget adoption adheres to all statutory hearings, publications, and requirements.
- 3.7.11 The Council shall set the final property tax levy in accordance with State law.
- 3.7.12 After the Council adopts the tentative budget and sets the expenditure limitation, the City shall not expend more than the total appropriated for all funds.

Section 3.8: Budget Basis

- 3.8.1 The City prepares budgets primarily on a cash basis. This is different than the accounting process which utilizes a modified accrual basis. Cash basis means that revenues are recognized when they are collected and expenses are recognized when they are paid. Modified accrual basis recognizes revenues when they become available and measurable and, generally, recognizes expenditures when the City agrees/commits to buy something.
- 3.8.2 Independent Auditors shall annually provide a reconciliation of actual expenditures compared to the adopted budget in accordance with State law.
- 3.8.3 The City shall use the Annual Audited Financial Statements (Audit) to detail the final status of the City's finances compared to budget on the basis of Generally Accepted Accounting Principles (GAAP). In most cases, this conforms to the way the City prepares its budget. Exceptions are as follows:

1. Compensated absences are accrued as earned by employees (GAAP) as opposed to being expended when paid (Budget).
2. Capital Outlay within the enterprise funds are shown as assets (GAAP) and are shown as expenses in the budget.
3. Bond and loan principal payments within the enterprise funds are shown as reductions of liabilities (GAAP) and are shown as expenses in the budget.

3.8.4 Due to expenditure limitation statutes, the City must identify all possible expenditures and corresponding revenues within the budget. The Finance Director and Department heads shall closely monitor expenditures to ensure that they are being spent for the purpose identified in the budget and that the corresponding revenue is adequate. The Finance Director shall establish and maintain a detailed accounting structure to record revenues and expenditures at the level of detail shown in the budget.

Section 3.9: Funds

- 3.9.1 State law only requires the existence of two funds, the General Fund and the Highway Users Revenue Fund (HURF).
- 3.9.2 The City may create and maintain other funds by statute, agreement, ordinance, contract, or to provide balance sheet accounts for tracking purposes. To the extent feasible, the City may limit the number of funds to comply with GAAP.

Policy 4
Cash Management and Investment

Purpose: Ensure investment, liquidity, and yield.

- 4.1 The Finance Director, in consultation with the City Manager, will invest all funds of the City according to six criteria in order of importance:
 - a. Legality
 - b. Safety
 - c. Liquidity
 - d. Yield
 - e. Duration
 - f. Accounting Complexity
- 4.2 The City will collect, deposit, and disburse all funds to maximize invested cash.
- 4.3 To maximize investment yields, the City will consolidate cash balances from various funds to maximize the size and duration of investments. The Finance Director will allocate investment earnings to participating funds.
- 4.4 The City will conduct its investment activities with financial institutions in accordance with written contracts.
- 4.5 The City will protect its investment securities through third party custodial safekeeping.

Policy 5
Capital Improvement Plan

Purpose: Require the City to plan, schedule, and finance capital projects and acquisitions.

- 5.1 The Finance Director will annually coordinate with the City's Engineer and Public Works Director to submit a Capital Improvement Plan for review by the City Manager, then Council.
- 5.2 The Capital Improvement Plan shall include:
 - a. A statement of the objectives of the Capital Improvement Plan.
 - b. An estimate of each project's/acquisition's useful life.
 - c. An estimate of each project's/acquisition's capital costs broken down by fiscal year.
 - d. An estimate of each project's/acquisition's annual operating costs.
 - e. An evaluation of potential funding sources for each project/acquisition.
 - f. Recommended funding sources for each project/acquisition.
 - g. A development schedule for each project/acquisition.
 - h. A scope of work to be performed for each project/acquisition.
 - i. If a project/acquisition will be completed in phases, each phase should be identified as a separate project/acquisition.
- 5.3 The current year of the Capital Improvement Plan will provide the basis for the capital budget.
- 5.4 When current revenues or resources are available for projects/acquisitions, the City will first consider those projects/acquisitions with the shortest useful life and/or those projects/ acquisitions which are difficult to finance with debt.
- 5.5 The City may not proceed with construction or acquisition until the funding sources have been identified to finance the project.
- 5.6 At the end of the Fiscal Year in which the project is completed or acquired, any remaining budgeted funds will revert to the fund balance of the funding source.

Policy 6

Debt Management

Purpose: Evaluate the purpose, necessity, and condition under which the City will issue debt.

Section 6.1: Overall Debt Management Policies

- 6.1.1 The City will utilize long-term debt to finance capital projects in accordance with the Capital Improvement Plan.
- 6.1.2 The City will prohibit the City's financial advisor from underwriting any debt directly issued by the City or special districts sponsored by the City within a negotiated underwriting of debt offered through public sale. This underwriting prohibition does not include:
 - a. competitive bond sales when the City authorizes the financial advisor to submit a competitive bid,
 - b. bond issues by the Greater Arizona Development Authority, the Water Infrastructure Finance Authority, or other independent financing authority on behalf of the City, and
 - c. limited offerings, private placements, or other underwritings not offered through public sale.
- 6.1.3 The City will consider refunding debt when the net present value of the debt service savings exceeds 3% and \$100,000 Net Present Value (NPV). The City will also consider refunding debt to modify restrictive covenants or to modify debt structures.
- 6.1.4 The City will adopt, review, and update as necessary written policies and procedures for tax-advantaged bonds within these financial management policies.

Section 6.2: General Obligation Bonds

- 6.2.1 The City may finance capital projects with general obligation bonds authorized by voters through a citywide bond election.
- 6.2.2 The City will repay general obligation bonds from secondary property taxes authorized by voters or from any lawfully available source of revenue.
- 6.2.3 The target maturity for general obligation bonds will typically range between twenty (20) and thirty (30) years. The final maturity will not exceed the useful life of the capital project.
- 6.2.4 Where possible, the City will structure general obligation bond issues to create annual level debt service payments.

- 6.2.5 In accordance with the State of Arizona Constitution, total general obligation debt cannot be issued in excess of 26% of the total secondary assessed valuation of taxable property within the City.
- 6.2.6 The City will use investment earnings on general obligation bond balances to pay debt service unless otherwise committed towards a capital project or as otherwise directed by bond restrictions and covenants.

Section 6.3: Revenue Bonds

- 6.3.1 The City may finance capital projects with revenue bonds authorized by voters through a citywide bond election.
- 6.3.2 The City may repay revenue bonds from any lawfully available source of revenue including revenue generated from the operation of the capital project being financed or from other designated revenues such as highway user revenues, excise taxes, or special fees/taxes.
- 6.3.3 The target maturity for revenue bonds will typically range between twenty (20) and thirty (30) years. The final maturity will not exceed the useful life of the capital project.
- 6.3.4 Where possible, the City will structure revenue bond issues to create annual level debt service payments.
- 6.3.5 The City will fund a debt service reserve when required by rating agencies, bond insurers, or existing bond covenants.
- 6.3.6 The City will use investment earnings on revenue bond balances to pay debt service unless otherwise committed towards a capital project or as otherwise directed by bond restrictions and covenants.

Section 6.4: Debt Subject to Annually Appropriated Debt Service

- 6.4.1 The City may finance capital projects with debt authorized by the Council with debt service subject to annual appropriations (henceforth, “Annual Appropriation Debt” or “AAD.”)
- 6.4.2 The City may repay AAD from any lawfully available source of revenue including revenue generated from the operation of the capital project being financed or from other designated revenues such as excise taxes, or special fees/taxes.
- 6.4.3 The target maturity for AAD will typically range between twenty (20) and thirty (30) years. The final maturity will not exceed the useful life of the capital project.

- 6.4.4 Where possible, the City will structure AAD issues to create annual level debt service payments.
- 6.4.5 The City will fund a debt service reserve when required by rating agencies, bond insurers, or existing bond covenants.
- 6.4.6 The City will use investment earnings on AAD balances to pay debt service unless otherwise committed towards a capital project or as otherwise directed by bond restrictions and covenants.

Section 6.5: Municipal Improvement District/Special Assessment Bonds

- 6.5.1 The City may finance capital projects with special assessment bonds after the Council forms a Municipal Improvement District (MID) in accordance with State statutes.
- 6.5.2 The City may form a MID when there is a clear and significant purpose for the City and when commercial or residential developments or redevelopments desire improvements to property such as roads, water lines, sewer lines, street lights, and drainage.

Section 6.6: Community Facilities District Bonds

- 6.6.1 The City may form a Community Facility District (CFD) when there is a clear and significant purpose of the City and when commercial or residential developments or redevelopments desire improvement to property such as roads, water lines, sewer lines, street lights, and drainage.
- 6.6.2 CFD's for commercial development may be formed for any size district and for any amount deemed appropriate by the Council.
- 6.6.3 CFD's for residential development of less than 160 acres are discouraged and should only be considered if the improvements achieve published Council goals.
- 6.6.4 Should the City desire to form a CFD, the Council may adopt and the City will maintain an expanded policy on CFDs.

Policy 7
Accounting, Auditing and Financial Reporting

Purpose: Provide financial data to the Council, City management, citizens, investors, and creditors.

- 7.1 The City will maintain accounting and financial reporting systems in conformance with Generally Accepted Accounting Principles (GAAP) and standards promulgated by the Governmental Accounting Standards Board (GASB).
- 7.2 The City will develop and manage its accounting system to provide reasonable assurance regarding the:
 - a. safeguarding of assets against loss from unauthorized use or disposition,
 - b. proper recording of financial transactions,
 - c. reliability of financial records for preparing financial statements, and
 - d. accountability for capital assets.
- 7.3 The Finance Director shall catalog all significant financial events and related matters and prepare the City's annual disclosures, as required by the SEC Regulation 15-C-2-12.
- 7.4 The City will engage an independent public accounting firm to annually audit the City's financial statements in accordance with Generally Accepted Government Auditing Standards (GAGAS). The City will prepare its financial statements in accordance with applicable standards and will account for its operations in a manner consistent with the goal of obtaining an unqualified opinion from its auditors.
- 7.5 Following the annual financial statement audit, the Finance Director will issue an official Annual Financial Report (AFR) The AFR will include the bond related on-going disclosure requirements and will fully disclose all significant financial events and related matters. The Finance Director will provide the AFR to the rating agencies, municipal bond insurers, and national bond disclosure repositories.
- 7.6 The Finance Director will post the AFR and Annual Adopted Budget on the City's website and make them available to the public.
- 7.7 The Finance Director will generate monthly revenue and expenditure reports for review by the Council and City management.

Policy 8

Written Policies and Procedures for Tax-Advantaged Bonds

Purpose: Comply with federal requirements to issue bonds or other obligations of the City.

Section 8.1: Introduction and Overview

- 8.1.1 The City has issued and may in the future issue tax-exempt obligations (including, without limitation, bonds, notes, loans, leases and certificates), tax credit obligations and “direct-pay” tax credit obligations (together, “tax-advantaged bonds”) that are subject to certain requirements under the Internal Revenue Code of 1986, as amended (the “Code”).
- 8.1.2 The City has established the policies and procedures contained herein (the “Procedures”) as of June 19, 2012 in order to ensure that the City complies with the requirements of the Code that are applicable to its tax-advantaged bonds. These Procedures, coupled with requirements contained in the Arbitrage and Tax Certificate (the “Tax Certificate”) or other operative documents executed at the time of issuance of the tax-advantaged bonds, are intended to constitute written procedures for ongoing compliance with the Federal tax requirements applicable to the bonds and for timely identification and remediation of violations of such requirements.
- 8.1.3 The tax-advantaged bonds that are covered by these Procedures include, but are not limited to, “Build America Bonds”, “Recovery Zone Economic Development Bonds”, and “Specified Tax Credit Bonds” that constitute “qualified bonds” under Section 6431 of the Code and are therefore eligible for interest subsidy payments (the “Subsidy”) from the U.S. Treasury (such Build America Bonds, Recovery Zone Economic Development Bonds and Specified Tax Credit Bonds are collectively referred to as “Direct-Pay Bonds”). Specified Tax Credit Bonds include new clean renewable energy bonds, qualified energy conservation bonds, qualified zone academy bonds and qualified school construction bonds.

Section 8.2: General Matters

- 8.2.1 Responsible Officer. The Finance Director will have overall responsibility for ensuring that the ongoing requirements described in these Procedures are met with respect to tax-advantaged bonds (the “Responsible Officer”).
- 8.2.2 Establishment of Procedures. The Procedures established herein will be set forth within the City’s Financial Management Policies which includes the City’s Debt Management Policies.

- 8.2.3 Additional Responsible Employees. The Responsible Officer shall identify any additional persons who will be responsible for each section of the Procedures, notify the current holder of that office of the responsibilities, and provide that person a copy of the Procedures. Upon employee or officer transitions, new personnel should be advised of responsibilities under the Procedures and ensure they understand the importance of the Procedures. If employee or officer positions are restructured or eliminated, responsibilities should be reassigned as necessary.
- 8.2.4 Training Required. The Responsible Officer and other responsible persons shall receive appropriate training that includes the review of and familiarity with the contents of these Procedures, review of the requirements contained in the Code applicable to each tax-advantaged bond, identification of all tax-advantaged bonds that must be monitored, identification of all facilities (or portions thereof) financed with proceeds of tax-advantaged bonds, familiarity with the requirements contained in the Tax Certificate or other operative documents contained in the transcript, and familiarity with the procedures that must be taken in order to correct noncompliance with the requirements of the Code in a timely manner.
- 8.2.5 Periodic Review. The Responsible Officer or other responsible person shall periodically review compliance with the Procedures and with the terms of the Tax Certificate to determine whether any violations have occurred so that such violations can be timely remedied through the “remedial action” regulations (Treasury Regulation §1.141-12, §1.142-2, §1.144-2, §1.145-2 or §1.147-2, as applicable) or the Voluntary Closing Agreement Program described in Internal Revenue Service (“IRS”) Notice 2008-31 (or successor guidance) and related sections of the Internal Revenue Manual. Such periodic review shall occur at least annually or more frequently prior to the issuance of new or refunding obligations.
- 8.2.6 Change in Bond Terms. If any changes to the terms of the bonds are contemplated, bond counsel should be consulted. Such modifications could result in a reissuance, i.e., a deemed refunding, of the bonds which could jeopardize the status of tax-advantaged bonds, including Direct-Pay Bonds (and thereby affect the continued receipt of the Subsidy for Direct-Pay Bonds).
- 8.2.7 Change in Bond Terms. If any changes to the terms of the bonds are contemplated, bond counsel should be consulted. Such modifications could result in a reissuance, i.e., a deemed refunding, of the bonds which could jeopardize the status of tax-advantaged bonds, including Direct-Pay Bonds (and thereby affect the continued receipt of the Subsidy for Direct-Pay Bonds).

Section 8.3: Issue Price for Tax-Advantaged Bonds; Premium Limit for Direct-Pay Bonds

- 8.3.1 Issue Price. In order to document the issue price of tax-advantaged bonds, the Responsible Officer shall consult with bond counsel and obtain a written certification from the underwriter, placement agent or other purchaser of the bonds as to the offering price of the bonds that is in form and substance acceptable to the City and bond counsel.
- 8.3.2 Premium Limit for Direct Pay-Bonds. Prior to issuing Direct-Pay Bonds, the Responsible Officer shall consult with bond counsel and the City's financial advisors to assure that the premium on each maturity of the Direct-Pay Bonds (stated as a percentage of principal amount) does not exceed one-quarter of one-percent (0.25%) multiplied by the number of complete years to the earlier of the final maturity of the bonds or, generally, the earliest call date of the bonds, and that the excess of the issue price of the bonds over the price at which the bonds are sold to the underwriter or placement agent, when combined with other issuance costs paid from proceeds of the bonds, does not exceed 2% of the sale proceeds of the bonds.

Section 8.4: IRS Information Return Filing

- 8.4.1 Filing of Applicable Form 8038. The Responsible Officer will confirm that bond counsel has filed the applicable information reports (such as Forms 8038, 8038-G, 8038-B or 8038-TC) for such bond issue with the IRS on a timely basis, and maintain copies of such form including evidence of timely filing as part of the transcript of the bond issue.
- 8.4.2 Filing of Form 8038-CP. For Direct-Pay Bonds, the Responsible Officer shall review the IRS Form 8038-CP in order to ensure that the proper amount of interest is being reported and the proper amount of Subsidy is being requested with respect to each interest payment date. The Responsible Officer shall ensure that the IRS Form 8038-CP is filed on a timely basis with respect to each interest payment date in order to receive timely payment of the Subsidy. If the Subsidy is to be paid to a person other than the City (i.e., the bond trustee), the Responsible Officer shall obtain and record the contact information of that person, and ensure that it is properly shown on Form 8038-CP so that the direct payment will be made to the proper person.
- 8.4.3 Filing of Forms 8038-T or 8038-R. The Responsible Officer shall file the IRS Form 8038-T relating to the payment of rebate or yield reduction payments in a timely manner as discussed in Section 8.10. The Responsible Officer shall also monitor the extent to which the City is eligible to receive a refund of prior rebate payments and provide for the timely filing for such refunds using an IRS Form 8038-R.

Section 8.5: Use of Proceeds

- 8.5.1 The Responsible Officer or other responsible shall be responsible for ensuring and monitoring the appropriate use of proceeds as detailed in this section.
- 8.5.2 Consistent Accounting Procedures. Maintain clear and consistent accounting procedures for tracking the investment and expenditures of bond proceeds, including investment earnings on bond proceeds.
- 8.5.3 Reimbursement Allocations at Closing. At or shortly after closing of a bond issue, ensure that any allocations for reimbursement expenditures comply with the Tax Certificate.
- 8.5.4 Timely Expenditure of Bond Proceeds. Monitor that sale proceeds and investment earnings on sale proceeds of tax-advantaged bonds are spent in a timely fashion consistent with the requirements of the Tax Certificate.
- 8.5.5 Costs of Issuance. With respect to Direct-Pay Bonds and qualified private activity bonds, monitor that no more than 2% of the sale proceeds are used to pay costs of issuance.
- 8.5.6 Qualified Use of Proceeds of Direct-Pay Build America Bonds. With respect to Build America Bonds, determine the correct amount of available project proceeds and monitor that 100% of all sale proceeds and investment earnings on sale proceeds (other than proceeds used to pay costs of issuance or deposited in a reasonably required reserve fund) are allocated to capital expenditures in a timely fashion consistent with the requirements of the Tax Certificate.
- 8.5.7 Qualified Use of Proceeds of Recovery Zone Economic Development Bonds. With respect to Recovery Zone Economic Development Bonds, determine the correct amount of available project proceeds and monitor that 100% of all sale proceeds and investment earnings on sale proceeds (other than proceeds used to pay costs of issuance or deposited in a reasonably required reserve fund) are allocated to expenditures for qualified economic development purposes within the recovery zone in a timely fashion consistent with the requirements of the Tax Certificate. Ensure compliance with the “Davis Bacon” requirements described in Section 8.9.

- 8.5.8 Qualified Use of Proceeds of Specified Tax Credit Bonds. With respect to Specified Tax Credit Bonds, determine the correct amount of available project proceeds and monitor that 100% of all sale proceeds and investment earnings on sale proceeds (other than proceeds used to pay costs of issuance) are allocated to qualifying expenditures that are permitted for each type of Specified Tax Credit Bond in a timely fashion consistent with the requirements of the Tax Certificate. If proceeds are not spent by the end of the “expenditure period” as defined in Section 8.9, redeem bonds in accordance with the requirements of the Code as further described in Section 8.9.
- 8.5.9 Qualified Use of Proceeds of Qualified Private Activity Bonds. With respect to qualified bonds, including exempt facility bonds, monitor that sale proceeds and investment earnings on sale proceeds are allocated to qualifying expenditures permitted for each type of qualified bond in a timely fashion consistent with the requirements of the Tax Certificate. If an exempt facility or other applicable facility will not be completed, or the facility has been placed in service, and there are remaining unspent bond proceeds, immediately consult with bond counsel to determine whether bonds are required to be redeemed under Treasury Regulation §1.142-2. If exempt facility bonds are required to be redeemed or defeased in order to comply with the remedial action rules under Treasury Regulation §1.142-2, such redemption or defeasance must occur within 90 days of the date an action is taken that causes the bonds to not be used for the qualifying purpose for which the bonds were issued.
- 8.5.10 Requisitions. Utilize requisitions to draw down bond proceeds, and ensure that each requisition contains (or has attached to it) detailed information in order to establish when and how bond proceeds were spent; review requisitions carefully before submission to ensure proper use of bond proceeds to minimize the need for reallocations.
- 8.5.11 Final Allocation. Ensure that a final allocation of bond proceeds (including investment earnings) to qualifying expenditures is made if bond proceeds are to be allocated to project expenditures on a basis other than “direct tracing” (direct tracing means treating the bond proceeds as spent as shown in the accounting records for bond draws and project expenditures). An allocation other than on the basis of “direct tracing” is often made to reduce the private business use of bond proceeds that would otherwise result from “direct tracing” of proceeds to project expenditures. This allocation must be made within 18 months after the later of the date the expenditure was made or the date the project was placed in service, but not later than five years and 60 days after the date the bonds are issued (or 60 days after the bond issue is retired, if earlier). Bond counsel can assist with the final allocation of bond proceeds to project costs. Maintain a copy of the final allocation in the records for the tax-advantaged bond.

- 8.5.12 Maintenance and Retention of Records Relating to Proceeds. Maintain careful records of all project and other costs (e.g., costs of issuance, credit enhancement and capitalized interest) and uses (e.g., deposits to a reserve fund) for which bond proceeds were spent or used. These records should be maintained separately for each issue of bonds for the period indicated under Section 8.11.

Section 8.6: Monitoring Private Business Use

- 8.6.1 With respect to tax-advantaged bonds that are subject to the private activity bond limitations provided in the Code (e.g., governmental bonds and qualified 501(c)(3) bonds), the Responsible Officer or other responsible person shall ensure and monitor the appropriate use of proceeds as detailed within this section.
- 8.6.2 Identify Bond-Financed Facilities. Identify or “map” which outstanding bond issues financed which facilities and in what amounts.
- 8.6.3 Review of Contracts with Private Persons. Review all of the following contracts or arrangements with non-governmental persons or organizations or the federal government (collectively referred to as “private persons”) with respect to the bond-financed facilities which could result in private business use of the facilities:
- a. Sales of bond-financed facilities;
 - b. Leases of bond-financed facilities;
 - c. Management or service contracts relating to bond-financed facilities;
 - d. Research contracts under which a private person sponsors research in bond-financed facilities; and
 - e. Any other contracts involving “special legal entitlements” (such as naming rights or exclusive provider arrangements) granted to a private person with respect to bond-financed facilities.
- 8.6.4 Counsel Review of New Contracts or Amendments. Before amending an existing agreement with a private person or entering into any new lease, management, service, or research agreement with a private person, consult counsel to review such amendment or agreement to determine whether it results in private business use.
- 8.6.5 Establish Procedures to Ensure Proper Use and Ownership. Establish procedures to ensure that bond-financed facilities are not used for private use without written approval of the Responsible Officer or other responsible person. For qualified 501(c)(3) bonds, establish procedures to ensure that the bond-financed facilities continue to be owned by a qualified 501(c)(3) organization or a governmental unit.

- 8.6.6 Analyze Use. Analyze any private business use of bond-financed facilities and, for each issue of bonds, determine whether the 10% limit on private business use (5% in the case of qualified 501(c)(3) bonds or “unrelated or disproportionate” private business use) is exceeded, and contact bond counsel or other tax advisors if either of these limits appears to be exceeded.
- 8.6.7 Remediation if Limits Exceeded. If it appears that private business use limits are exceeded, immediately consult with bond counsel to determine if a remedial action is required with respect to nonqualified bonds of the issue under Treasury Regulation §1.141-12, or if the IRS should be contacted under its Voluntary Closing Agreement Program. If tax-advantaged bonds are required to be redeemed or defeased in order to comply with the remedial action rules under Treasury Regulation §1.141-12, such redemption or defeasance must occur within 90 days of the date a deliberate action is taken that results in a violation of the private business use limits.
- 8.6.8 Maintenance and Retention of Records Relating to Private Use. Retain copies of all of the above contracts or arrangements (or, if no written contract exists, detailed records of the contracts or arrangements) with private persons for the period indicated under Section 8.11.

Section 8.7: Monitoring Use of Facilities Financed with Qualified Private Activity Bonds

- 8.7.1 With respect to tax-advantaged bonds that are not subject to the private activity bond limitations, but are subject to the limitations provided in the Code as to the qualifying use of proceeds and qualifying use of bond-financed facilities (e.g., exempt facility bonds, qualified small issue bonds and qualified redevelopment bonds), the Responsible Officer or other responsible person shall ensure and monitor the appropriate use of proceeds as detailed within this section.
- 8.7.2 Identify Bond-Financed Facilities. Identify or “map” facilities that have been bond-financed and assure that use is for an appropriate purpose (e.g., airport facilities are being used for airport purposes).
- 8.7.3 Review of Contracts with Private Persons. If the bond-financed facilities are required to be governmentally owned, examine all leases, management contracts or other contracts with private persons to assure compliance with applicable safe-harbors for governmental ownership provided in the Code. Before amending an existing agreement or entering into any new lease, management or other contract, consult bond counsel to review such amendment or agreement to determine whether it complies with applicable safe harbors.
- 8.7.4 Establish Procedures to Monitor Use. Establish procedures to monitor that bond-financed facilities are not used for nonqualifying purposes. Require users of facilities to immediately notify the Responsible Officer or other responsible person if a change in use of the facilities is contemplated or occurs.

- 8.7.5 Remediation if Limitations Exceeded. If qualified use of facilities financed with tax-advantaged bonds changes to a non-qualified use (e.g., use of airport facilities that is not for airport purposes), immediately consult with bond counsel to determine if a remedial action is required with respect to nonqualified bonds of the issue under Treasury Regulation §1.142-2, or if the IRS should be contacted under its Voluntary Closing Agreement Program. If tax-advantaged bonds are required to be redeemed or defeased in order to comply with the remedial action rules under Treasury Regulation §1.142-2, such redemption or defeasance must occur within 90 days of the date an action is taken that causes the bonds to not be used for the qualifying purpose for which the bonds were issued.
- 8.7.6 Maintenance and Retention of Records Relating to Qualifying Use. Retain copies of all of the above contracts or arrangements (or, if no written contract exists, detailed records of the contracts or arrangements) with private persons for the period indicated under Section 11 below.

Section 8.8: Loan of Bond Proceeds

- 8.8.1 The Responsible Office or other responsible person shall consult bond counsel if a loan of proceeds of tax-advantaged bonds is contemplated. If proceeds of tax-advantaged bonds are permitted under the Code to be loaned to other entities and are in fact so loaned, require that the entities receiving a loan of bond proceeds institute policies and procedures similar to the Procedures to ensure that the proceeds of the loan and the facilities financed with proceeds of the loan comply with the limitations provided in the Code. Require the recipients of such loans to annually report to the City ongoing compliance with the Procedures and the requirements of the Code.

Section 8.9: Special Requirements Applicable to Specified Tax Credit Bonds

- 8.9.1 The Code imposes certain additional special requirements that apply to the issuance of Specified Tax Credit Bonds. For Specified Tax Credit Bonds, the Responsible Officer or other responsible person shall ensure and monitor that the requirements of this section are met.
- 8.9.2 Davis-Bacon. Pursuant to the terms of Section 1701 of the American Recovery and Reinvestment Tax Act of 2009, projects financed with Specified Tax Credit Bonds are subject to the prevailing wage requirements of Subchapter IV of Chapter 31 of Title 40, United States Code. Note that these requirements also apply to the issuance of Recovery Zone Economic Development Bonds.

- 8.9.3 Spending Requirements. Although these may seem similar to “temporary period requirements,” the “spending requirements” applicable to Specified Tax Credit Bonds are hard and fast rules that if not met may cause payments of the Subsidy on some or all of the Specified Tax Credit Bonds to be lost or revoked and will require redemption of such bonds. The spending requirements are as follows:
- a. 100% of the sale proceeds and investment proceeds must be spent within the 3 year period beginning on the date of issuance (unless such period is extended as described below) (the “expenditure period”);
 - b. a binding commitment with a third party to spend at least 10 percent of the sale proceeds and investment proceeds (other than the amount spent on costs of issuance) (“available project proceeds”) will be incurred within the six month period beginning on the date of issuance;
 - c. to the extent less than 100% of available project proceeds are not spent by the end of the expenditure period for qualified purposes, the City must redeem all of the “nonqualified bonds”) within 90 days after the end of the expenditure period (this should be done with the assistance of bond counsel);
 - d. the expenditure period may be extended beyond the initial three year period only by the U.S. Treasury upon the request of the City, which request must establish that the failure to spend the available project proceeds within three years was due to a reasonable cause and that spending will continue with due diligence.
- 8.9.4 Sinking Funds. Special rules permit Specified Tax Credit Bonds to be structured with sinking funds that will not be subject to rebate. These sinking funds must be structured as follows:
- a. the sinking fund may not be funded more rapidly than in equal monthly installments;
 - b. the sinking fund may only be funded in a manner reasonably expected to result in an amount not greater than the amount necessary to repay the bond issue; and
 - c. the yield on the investments in the sinking fund may not exceed the published permitted sinking fund yield for the sale date (which is set forth in the Tax Certificate).
- 8.9.5 Prohibition on Financial Conflicts of Interest. Upon the issuance of Specified Tax Credit Bonds, the City certified that applicable State and local laws governing conflicts of interest were followed with respect to the bonds. If the U.S. Treasury prescribes additional conflicts of interest rules with respect to the Specified Tax Credit Bonds, such rules must also be satisfied.
- 8.9.6 Additional Rules Applicable to Specified Tax Credit Bonds. New clean renewable energy bonds, energy conservation bonds, qualified school construction bonds and qualified zone academy bonds each have their own set of specific and unique requirements that are applicable to the use of proceeds or eligibility as a Specified Tax Credit Bond. The Responsible Officer should consult the Tax Certificate and establish procedures for monitoring compliance with such specific requirements that are applicable to the Specified Tax Credit Bonds of the City.

Section 8.10: Arbitrage and Rebate Compliance

- 8.10.1 The Responsible Officer or other responsible person shall ensure and monitor compliance with the requirements detailed in this section.
- 8.10.2 Review Tax Certificate. Review each Tax Certificate to understand the specific requirements that are applicable to each tax-advantaged bond issue.
- 8.10.3 Arbitrage Yield. Record the arbitrage yield of the bond issue, as shown on IRS Form 8038-G, 8038-B, 8038-TC or other applicable form. If the bonds are variable rate bonds, yield must be determined on an ongoing basis over the life of the bonds as described in the Tax Certificate.
- 8.10.4 Temporary Periods. Review the Tax Certificate to determine the “temporary periods” for each bond issue, which are the periods during which proceeds of bonds may be invested without yield restriction.
- 8.10.5 Post-Temporary Period Investments. Ensure that any investment of bond proceeds after applicable temporary periods is at a yield that does not exceed the applicable bond yield, unless yield reduction payments can be made pursuant to the Tax Certificate.
- 8.10.6 Monitor Temporary Period Compliance. Monitor that bond proceeds (including investment earnings) are expended promptly after the bonds are issued in accordance with the expectations for satisfaction of three-year or five-year temporary periods for investment of bond proceeds and to avoid “hedge bond” status.
- 8.10.7 Monitor Yield Restriction Limitations. Identify situations in which compliance with applicable yield restrictions depends upon later investments (e.g., the purchase of 0% State and Local Government Securities from the U.S. Treasury for an advance refunding escrow). Monitor and verify that these purchases are made as contemplated.
- 8.10.8 Establish Fair Market Value of Investments. Ensure that investments acquired with bond proceeds satisfy IRS regulatory safe harbors for establishing fair market value (e.g., through the use of bidding procedures), and maintaining records to demonstrate satisfaction of such safe harbors. Consult the Tax Certificate for a description of applicable rules.
- 8.10.9 Credit Enhancement, Hedging and Sinking Funds. Consult with bond counsel before engaging in credit enhancement or hedging transactions relating to a bond issue, and before creating separate funds that are reasonably expected to be used to pay debt service on bonds. Maintain copies of all contracts and certificates relating to credit enhancement and hedging transactions that are entered into relating to a bond issue.

- 8.10.10 Grants/Donations to Governmental Entities. Before beginning a capital campaign or grant application that may result in gifts that are restricted to bond-financed projects (or, in the absence of such a campaign, upon the receipt of such restricted gifts), consult bond counsel to determine whether replacement proceeds may result that are required to be yield restricted.
- 8.10.11 Bona Fide Debt Service Fund. Even after all proceeds of a given bond issue have been spent, ensure that the debt service fund meets the requirements of a “bona fide debt service fund,” i.e., one used primarily to achieve a proper matching of revenues with debt service that is depleted at least once each bond year, except for a reasonable carryover amount not to exceed the greater of: (i) the earnings on the fund for the immediately preceding bond year; or (ii) one-twelfth of the debt service on the issue for the immediately preceding bond year. To the extent that a debt service fund qualifies as a bona fide debt service fund for a given bond year, the investment of amounts held in that fund is not subject to yield restriction for that year.
- 8.10.12 Debt Service Reserve Funds. Ensure that amounts invested in any reasonably required debt service reserve fund do not exceed the least of: (i) 10% of the stated principal amount of the bonds (or the sale proceeds of the bond issue if the bond issue has original issue discount or original issue premium that exceeds 2% of the stated principal amount of the bond issue plus, in the case of premium, reasonable underwriter’s compensation); (ii) maximum annual debt service on the bond issue; or (iii) 125% of average annual debt service on the bond issue.

- 8.10.13 Rebate and Yield Reduction Payment Compliance. Review the Arbitrage Rebate covenants contained in the Tax Certificate. Subject to certain rebate exceptions described below, investment earnings on bond proceeds at a yield in excess of the bond yield (i.e., positive arbitrage) generally must be rebated to the U.S. Treasury, even if a temporary period exception from yield restriction allowed the earning of positive arbitrage.
- a. Ensure that rebate and yield reduction payment calculations will be timely performed and payment of such amounts, if any, will be timely made. Such payments are generally due 60 days after the fifth anniversary of the date of issue of the bonds, then in succeeding installments every five years. The final rebate payment for a bond issue is due 60 days after retirement of the last bond of the issue. The City should hire a rebate consultant if necessary.
 - b. Review the rebate section of the Tax Certificate to determine whether the “small issuer” rebate exception applies to the bond issue.
 - c. If the 6-month, 18-month, or 24-month spending exceptions from the rebate requirement (as described in the Tax Certificate) may apply to the bonds, ensure that the spending of proceeds is monitored prior to semi-annual spending dates for the applicable exception.
 - d. Make rebate and yield reduction payments and file Form 8038-T in a timely manner.
 - e. Even after all other proceeds of a given bond issue have been spent, ensure compliance with rebate requirements for any debt service reserve fund and any debt service fund that is not exempt from the rebate requirement (see the Arbitrage Rebate covenants contained in the Tax Certificate).
- 8.10.14 Maintenance and Retention of Arbitrage and Rebate Records. Maintain records of investments and expenditures of proceeds, rebate exception analyses, rebate calculations, Forms 8038-T, and rebate and yield reduction payments, and any other records relevant to compliance with the arbitrage restrictions for the period indicated in Section 11 below.

Section 8.11: Record Retention

- 8.11.1 For each issue of bonds or other obligations of the City, the Responsible Officer or other responsible person shall ensure and monitor the transcript and all records and documents described in these Procedures will be maintained while any of the bonds are outstanding and during the three-year period following the final maturity or redemption of that bond issue, or if the bonds are refunded (or re-refunded), while any of the refunding bonds are outstanding and during the three-year period following the final maturity or redemption of the refunding bonds.

Policy 9

Fund Balance

Purpose: Identify and classify fund balances in accordance with Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions and establish minimum fund balance targets as recommended by the Government Finance Officers Association Best Practices and Advisories guidelines, Replenishing Fund Balance in the General Fund.

Section 9.1: Fund Balance Classifications

9.1.1 In accordance with GASB 54, the City shall categorize fund balance within five classifications for governmental accounting and tracking purposes as more fully defined within this policy:

1. Nonspendable,
2. Restricted,
3. Committed
4. Assigned, and
5. Unassigned.

9.1.2 The City shall maintain a prudent level of financial resources to protect against reducing service levels, incurring debt, or raising taxes and fees because of unexpected revenue shortfalls, unanticipated expenditures, and similar circumstances. The City shall use this Fund Balance Policy as guide to prepare and execute the annual budget to ensure the City:

1. maintains sufficient reserves for cash flow needs, economic and legislative uncertainties, unanticipated expenditures or revenue shortfalls, and contingencies
2. preserves flexibility throughout the fiscal year to make adjustments in funding for programs approved in connection with the annual budget.

Section 9.2: Nonspendable Fund Balances

9.2.1 Consists of funds that are not in a spendable form (e.g., inventories and prepaid items) or funds that legally or contractually must be maintained intact (e.g., corpus of a permanent fund).

Section 9.3: Restricted Fund Balances

9.3.1 Consists of funds that are externally imposed by creditors (e.g., debt covenants), grantors, contributors, laws and regulations of other governments, or by law through constitutional provisions or enabling legislation.

Section 9.4: Committed Fund Balances

9.4.1 The Council may set aside funds (“Committed Fund Balances”) for specific purposes by adopting a resolution prior to the end of the fiscal year. The City may not use Committed Fund Balances for any other purpose unless the Council removes or changes the specified uses by resolution.

9.4.2 As a Committed Fund Balance, the Council may establish Fiscal Stabilization reserves within the General Fund. The City may use fiscal stabilization reserves when the following conditions are met:

- a. The City has exhausted all efforts to fund the response to a natural disaster, urgent event, revenue shortfall or budget deficit, and there are no budget adjustments available to continue to provide the essential services to the public.
- b. The City Manager, or designee, analyzes and documents the impacts of the natural disaster, urgent event, revenue shortfall, or budget deficit.
- c. Sudden and unexpected declines in ongoing revenues, including taxes, intergovernmental revenues, and charges for services, when such declines exceed 10 percent (10%) of General Fund operating revenues.
- d. Sudden or unexpected drop in state-shared revenues, such as income taxes and state sales taxes, when such declines exceed 10 percent (10%) of the budgeted General Fund operating revenues of the prior fiscal year.
- e. Reduction in secondary assessed valuations or secondary property tax collections, resulting in secondary property tax revenue below the City’s general obligation debt service requirements.
- f. Sudden or unexpected risk management loss that exceeds available reserves in the Risk Management Fund.
- g. The Council approves the spending of stabilization reserves by a simple majority vote.

The City shall not spend fiscal stabilization reserves in excess of the amount required to offset the revenue shortfall or unexpected budget deficit.

The City shall maintain fiscal stabilization reserves at \$6,000,000

9.4.3 If the reserves are spent down below the minimum required reserve levels, the City shall replenish the reserves within five (5) fiscal years following the fiscal year in which the reserves were spent. If the depletion of the reserves occurs during an ongoing economic downturn, the City shall restore the funds within five (5) years of revenue stabilization, as applicable. The Finance Director shall report the progress of reserve replenishment in the City’s Annual Budget & Financial Plan.

Section 9.5: Assigned Fund Balances

- 9.5.1 The City Manager may set aside funds (Assigned Fund Balances) for specific purposes and shall report the set asides to the Council at their next meeting. The Council may remove or change the assignment with a majority vote.

Section 9.6: Unassigned Fund Balances

- 9.6.1 Includes funds not otherwise classified above as the residual classification within the General Fund. The City may use unassigned funds for any lawful purpose as identified and recommended by the City Manager and approved by the Council.

Section 9.7: Order and Use of Fund Balances

- 9.7.1 When the City has the discretion to expend funds from more than one or all of the Fund Balances, the City shall expend according to the following order:
- a. Restricted Fund Balances
 - b. Committed Fund Balances
 - c. Assigned Fund Balances
 - d. Unassigned Fund Balances

Frequently Asked Questions

1. May a city or town revise its tentatively adopted budget? If so, at what level may the budget be revised?

Yes. [A.R.S. §42-17103](#) requires a city or town to publish its estimate of expenses (the contents of which are described in [A.R.S. §42-17102](#)), or a summary of the estimate of expenses, and notice of a public hearing and special meeting of the council to hear taxpayers and make tax levies at designated times and places. A city or town may revise its tentatively adopted budget at any level, including increasing total expenditures, prior to publishing it in accordance with [A.R.S. §42-17103](#). After the public hearing on the budget, a city or town must finally determine and adopt its budget. However, in accordance with [A.R.S. §42-17105](#), the total expenditure amount in the final budget must not exceed the total expenditure amount in the published tentatively adopted budget. This does not preclude an adjustment between departments or a reduction in total expenditures.

2. May a city or town revise its finally adopted budget? May a city or town exceed its budget in one department if the overall budget will not be exceeded?

[A.R.S. §42-17106](#) does not allow a city or town to revise its adopted budget to increase total expenditures. It also does not allow budgeted expenditures to be exceeded at the department level, although it includes a provision that would allow cities or towns to revise the budget to avoid potential over-expenditures at the department level. Subsection B of the statute allows budgeted expenditures at the department level to be revised by allowing the city/town council to transfer monies between budget items (departments) if all of the following apply: (1) the monies are available; (2) the transfer is in the public interest and based on a demonstrated need; (3) the transfer does not result in a violation of the limitations prescribed in [Arizona Constitution, Article IX, §§19 and 20](#), and (4) a majority of the members of the city/town council votes affirmatively on the transfer at a public meeting.

3. Are cities and towns required to file a copy of their adopted annual budgets with the Auditor General's Office?

Cities and towns operating under a voter-approved alternative expenditure limitation (Home Rule) are required to submit only Schedule A—Summary Schedule of Estimated Revenues and Expenditures/Expenses from the adopted annual budgets with the Annual Expenditure Limitation Report. Cities and towns that are not under a Home Rule are not required to submit their adopted budgets to our Office.

4. If a city or town receives monies unexpectedly during the current budget year, may the monies be spent in the current year if the expenditures were not included in the budget?

Generally, no. [A.R.S. §42-17106](#) prohibits a city or town from spending money for a purpose that is not included in its budget and from spending money or incurring or creating a debt, obligation, or

liability in a fiscal year in excess of the amount stated for each purpose in the finally adopted budget, except as provided by law, REGARDLESS of whether the city or town has received at any time, or has on hand, monies or revenue in excess of the amount required to meet expenditures, debts, obligations, and liabilities that are incurred under the budget. Attorney General Opinion I78-132 relating to federal monies received by cities or towns has interpreted this statute as prohibiting cities or towns from spending monies that were received unexpectedly during the current budget year if the expenditures were not included in the current year's budget.

However, the AG Opinion provides an exception if a city or town is merely a conduit for the expenditure of the monies. The federal grant must be analyzed to determine whether the exception is applicable. Additionally, there may be instances in which additional federal monies may be received for a grant that was already included in the current year's budget. In such cases, the provisions of [A.R.S. §42-17106\(B\)](#) may allow the city/town council to revise the budget at the department level if the provisions of that statute are followed. However, total budgeted expenditures may not be increased.

Glossary

Accrual Basis	A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent
Adoption	Formal action by the City Council that sets the spending limits for the fiscal year
Appropriation	Specific amount of monies authorized by the City Council for the purposes of incurring obligations and acquiring goods and services
Assessed Valuation	A value set upon real property by the County Assessor for the purpose of levying property taxes
Base Budget	The ongoing expense for personnel, contractual services, commodities, and the replacement of equipment to maintain service levels previously established by the City Council
Bonds	A certificate of debt guaranteeing a payment of a specified amount of money by a specified future date
Budget	Financial plan of estimated expenditures and anticipated resources adopted for a specific period of time outlining a plan for achieving Council goals and objectives
Capital Items	Any item with a purchase price exceeding \$5,000
Capital Projects Budget	The expenditures of revenues for major capital projects and items such as city buildings, parks, acquisition of land, major street construction and reconstruction, water and sewer lines and any other project which adds to the capital assets or infrastructure of the City
Cash Basis	A basis of accounting in which transactions are recognized only when cash is increased or decreased
CIP	Capital Improvement Plan
Contingency	Contingency funds are additional funds available to offset <i>unexpected</i> expenditure increases or when <i>unanticipated</i> events threaten the public health or safety.

Capital Projects Funds	This fund accounts for resources providing for the acquisition or construction of all capital facilities and items
Debt Service	Principal and interest payments on borrowed funds such as bonds
Debt Service Funds	Used to account for the accumulation of resources for, and the payment of, general long-term debt, principal and interest
Encumbrance	Accounting concept that recognizes a commitment to expend resources in the future
Enterprise Fund	Used to account for the business-type activities of a government. These are activities which are financed and operated in a manner where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges
Estimated Revenue	The amount of projected revenue to be collected during the fiscal year
Expenditure	Represents a decrease in fund resources for the acquisition of goods or services
Expenditure Limitation	An amendment to the Arizona State Constitution that limits annual expenditures of all municipalities. The Economic Estimates Commission sets the limit based upon population growth and inflation. All municipalities have the option of Home Rule where the voters approve a four-year expenditure limit based on revenues received. Surprise citizens have approved the Home Rule Option since the inception of the expenditure limitation.
F.T.E.	Full Time Equivalent – 2080 hours worked equates to 1.0 full time equivalent position
Fiscal Year	Any period of twelve consecutive months that establishes the beginning and the ending of financial transactions. For the City of El Mirage this period begins July 1 and ends June 30
Fund	A set of self-balancing accounts that record revenues and expenditures associated with specific activities
Fund Balance	Carry over funds due to actual revenues exceeding actual expenditures

General Fund	The fund used to measure all financial transactions of the municipality except those required by law or agreement to be accounted for in another fund. The general fund is the primary operating fund of the city.
General Obligation (G.O.) Bond	Type of bond backed by full faith and credit of the City.
Grant	A contribution by the State or Federal government or other organization to support a particular function.
Highway User Revenue Fund (HURF)	This revenue source consists of state taxes collected on gasoline, vehicle licenses, and a number of other additional transportation related fees. These funds must be used for street and highway purposes
Infrastructure	Facilities on which the continuance and growth of a community depend on such as roads, water lines, sewers, public buildings, parks, airports, etc
Intergovernmental Revenue (Shared)	Revenue received from other governmental agencies (e.g., State Sales Tax, State Income Tax, gasoline tax, motor vehicle license)
Long Term Debt	Debt with a maturity of more than one year after the date of issuance
Maintenance and Operation (M&O) Costs	The day-to-day operating and maintenance cost of a municipality including such things as personnel, gas, electric utility bills, telephone expense, reproduction costs, postage and vehicle maintenance
Objectives	A desired outcome that is measurable and that can be achieved within a specific time frame
Operating Budget	A budget for the delivery of ongoing City services, to include expenditures such as personal services, contractual services, commodities, and operating capital items
Primary Property Tax	A limited tax levy used for general government operations. State statute restricts the total levy to a 2% annual increase plus an increase for any new construction and / or annexation
Property Tax Rate	The amount of tax levied for each \$100 of assessed valuation
Reserves	Money that has been set aside in the event of revenue shortfalls

Resources	Total monies available for appropriation purposes to include revenues, fund balances, transfers and other financing services (i.e., bond proceeds)
Revenue Bond	Bonds that are backed by revenues from a specific system (i.e., Water and Sewer Revenue Bonds are payable from water and sewer revenues)
Revenue	Resources achieved from taxes, user charges/fees, and other levels of government
ROW	Right of Way
RPTA	Regional Public Transportation Authority
Secondary Property Tax	Voter approved tax levy which can only be used to retire general bonded debt obligations
Special Revenue Funds	Used to record the receipt of funding from specific revenue sources (other than special assessments, trusts, or major capital projects) that are legally restricted to expenditure for specific purposes
Tax Levy	The total amount to be raised by general property taxes for purposes specified in the Tax Levy ordinance
Transfer	An inter-fund transaction where one fund contributes resources to another fund where the resources are expended
Trust Fund	Used to account for resources held by the City as a trustee for a private party, such as volunteer firemen's pension boards
