Flood Control District

Motion

Adopt the Flood Control District Fiscal Year 2017 Budget in the amount of \$109,947,047 by total appropriation for each fund and function class for the Flood Control District. This amount represents no increase from the FY 2017 Tentative Budget of \$109,947,047.

Flood Control District Transmittal Letter

To: Clint Hickman, Chairman, District 4
Denny Barney, District 1
Steve Chucri, District 2
Andrew Kunasek, District 3
Steve Gallardo, District 5

The FY 2017 expenditure budget for the Flood Control District is \$109,947,047, an increase of \$8,847,880 over the FY 2016 Revised Budget. Capital project expenditures are budgeted at \$77,446,654. This is an increase of \$9,446,654 from FY 2016 and is supported by a partnership with the Natural Resources Conservation Service NRCS to rehabilitate four major dam structures over the next five years.

Commercial and residential property values have increased from FY 2016. The FY 2017 budget has been developed with an increased tax rate of \$0.1792 per \$100 dollars of net assessed value. This has increased the Flood Control District Levy to \$58,463,580 for FY 2017, an increase of \$8,951,444 from FY 2016. Intergovernmental Agreement (IGA) revenue totals \$38,733,500 for cost sharing with other governmental entities on capital projects. In FY 2017, the Flood Control District has budgeted operating revenue of \$97,456,842, which is \$12,892,814 (15.2%) more than FY 2016.

The Flood Control District Capital Improvement Program budget reflects strong activity in the construction phase of major infrastructure projects, which are geographically distributed to benefit all five County Supervisory Districts. In all, the Flood Control District has 52 scheduled projects totaling \$260 million in the five-year Capital Improvement Program. This includes \$6.8 million in the Small Projects Assistance Program and \$960,000 in the Floodprone Property Assistance Program.

I wish to offer my appreciation to the Board of Directors for their support and guidance during the budget development process. I believe this budget is sustainable, responsible, and aligns with the District's mission.

Sincerely,

Joy Rich
Maricopa County Manager

On June 20, 2016, the Maricopa County Flood Control District Board of Directors adopted the FY 2017 Budget totaling \$109,947,047. There was no change in total expenditures from the Tentative Adopted Budget.

On August 15, 2016, the Maricopa County Board of Supervisors approved the FY 2017 Tax Levy and Rate.

Guadalupe Flood Retarding Structure

Flood Control District

*Analysis by Christine Jasinski, Management and Budget Analyst and
Carmine L. Davis, Management and Budget Supervisor*

Mission

The Mission of the Maricopa County Flood Control District (FCD) is to provide regional flood hazard identification, regulation, remediation and education to Maricopa County residents so they can reduce the risk of injury, death, and property damage from flooding, while still enjoying the natural and beneficial values served by floodplains.

Vision

The Flood Control District vision is for the residents of Maricopa County and future generations to have the maximum level of protection from the effects of flooding through fiscally responsible flood control actions and multi-use facilities that complement and enhance the beauty of our desert environment.

Strategic Goals

Department Specific

By 2022, the District will evaluate all new structures and 50% of the 83 existing District structures for potential water conservation measures and implement such water conservation measures on at least 5 of the new or existing structures.

Status: This is a new goal for FY 2017 and as a result, there is no information to report at this time.

Government Operations

By 2022, the District will achieve a 50% reduction in water usage on FCD landscaping from 7,500,000 gallons of water in 2014, thus reducing the overall water usage.

Status: This is a new goal for FY 2017 and as a result, there is no information to report at this time.

Regional Services

By 2022, The District will have reduced the risk of loss of life or property due to storm water flooding for 94% of the 2030 projected population of the County, an increase from 84% of the projected population. (Risk reduction is measured based on structures, regulation and information that comes out of studies.)

Status: This is a new goal for FY 2017 and as a result, there is no information to report at this time.

991 FLOOD CONTROL	228.00	186.50	188.00	185.50	185.50	(2.50)	(1.3%)
Department Total	228.00	186.50	188.00	185.50	185.50	(2.50)	(1.3%)

Staffing Variance Analysis

The Flood Control District reassessed the needs of the Engineering Division which resulted in the net inactivation of one Developmental Services Technician, one part time Engineer, one Engineer Associate and an Engineering Manager. The District also inactivated one Office Assistant Specialised and created an Office Assistant FTE. These changes were accomplished through regular attrition within the department. The Title Examiner market range title was used since there is no market range title for the Landscape Architect position which was created to manage water conservation and multi-use landscape aesthetic.

General Adjustments

Base Adjustments:

Flood Control Grants Fund (989) Non Recurring Non Project

- FY 2017 Non Recurring Non Project budget includes:
 - \$5,000 in Revenue and Expenditure for Gila River Indian Community for Vegetation Management.

Flood Control Fund (991) Operating

- Increase Revenue by \$216,017 for Other Intergovernmental.
- Increase Revenue by \$8,844,027 for Property Taxes.
- Increase Revenue by \$16,044 for Payments in Lieu of Taxes.
- Increase Regular Benefits by \$244,264 for the impact of the changes in health/dental premium rates.
- Increase Personnel Benefits Savings by \$8,564 for the vacancy factor applied to the impact of the changes in health/dental and retirement rates.
- Increase Regular Benefits by \$1,126 for the impact of the changes in retirement contribution rates.
- Increase in Services by \$326,748 for Central Services Cost Allocation.
- Increase in Capital by \$395,775 for equipment.
- Increase Internal Service Charges by \$458 for the impact of the changes in radio charges.
- Increase Internal Service Charges by \$15,253 for the impact of the changes in risk management charges.
- Increase Internal Service Charges by \$87,323 for the impact of the changes in the base telecommunication charges.
- Increase in Personnel Savings by \$1,062,383, from 5.17% to 10.15%.

Flood Control Fund (991) Non Recurring Non Project

- FY 2017 Non Recurring Non Project budget includes:
 - \$25,408,677 Transfer to the Capital Project Fund.

Flood Control Capital Projects Fund (990)

- FY 2017 Non Recurring Non Project budget includes:
 - \$40,938,500 in Revenue from the Natural Resources Conservation Service (NRCS).
 - \$77,446,654 in Total Expenditures for Capital Improvement Projects.

Flood Control Capital Projects Fund (990) Non Recurring Non Project

- FY 2017 Non Recurring Non Project budget includes:
 - o \$25,408,677 for Transfer to the Capital Project Fund.

Programs and Activities

Flood Hazard Regulation Program

The purpose of the Flood Hazard Regulation Program is to provide advisory information and enforcement services to the public with property within floodplains so they can avoid causing adverse impacts to surrounding property, and use their property safely and in compliance with applicable state and federal laws.

Program Results

Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%

Percent of floodplain use permit inspections completed within one day of request	95.4%	100.0%	100.0%	98.0%	(2.0%)	-2.0%

Activities that comprise this program include:

- Floodplain Permitting
- Floodplain Regulation Compliance

Floodplain Permitting Activity

The purpose of the Floodplain Permitting Activity is to provide clearance and permitting services to the permit applicant so they can make changes needed to their plans or pick up their approved permits.

Mandates: A.R.S. §48-3608 establishes that the director is designated as the state coordinator of the national flood insurance program to assist local jurisdictions in complying with the requirements of such program and state law; 48-3609 establishes assistance and rules for floodplain delineations and flood regulations; 48-3613, 3614, and 3615 requires authorization for development in watercourses and outlines violations and penalties; 44CFR 59-78 (Code of Federal Regulations) establishes guidelines for emergency management assistance by the Federal Emergency Management Agency (FEMA) related to flood hazards and flood insurance.

Measure Type	Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%
Result	Percent of floodplain use permits completed within 90 days of submittal to the District	95.5%	100.0%	100.0%	100.0%	0.0%	0.0%

Demand	Number of map change reviews requested	15	10	10	10	-	0.0%
Expenditure Ratio	Total expenditure per map change review	\$ 66,836.73	\$ 95,616.40	\$ 97,973.30	\$ 97,172.80	\$ (1,556.40)	-1.6%
Revenue							
	991 - FLOOD CONTROL	\$ 172,671	\$ 134,600	\$ 150,762	\$ 154,600	\$ 20,000	14.9%
	TOTAL SOURCES	\$ 172,671	\$ 134,600	\$ 150,762	\$ 154,600	\$ 20,000	14.9%
Expenditure							
	991 - FLOOD CONTROL	\$ 1,002,551	\$ 956,164	\$ 979,733	\$ 971,728	\$ (15,564)	-1.6%
	TOTAL USES	\$ 1,002,551	\$ 956,164	\$ 979,733	\$ 971,728	\$ (15,564)	-1.6%

Activity Narrative: The Flood Control District now serves 14 communities with floodplain management. Two of which have been acquired in the last couple of years. Additionally, the communities have rebounded quicker from the recession due to increased development. Trends are showing this number to continue increasing as well as the revenue associated with floodplain permitting. The unincorporated permits that are processed by the Planning and Development Department in the One Stop Shop are not included in the output of 160, but are also increasing. The slight expenditure increase is due to higher health/dental benefits rates in FY 2017.

Floodplain Regulation Compliance Activity

The purpose of the Floodplain Regulation Compliance Activity is to provide inspection and enforcement services to property owners so they can develop their property without adversely affecting surrounding property.

Mandates: A.R.S. §48-3608 establishes that the director is designated as the state coordinator of the national flood insurance program to assist local jurisdictions in complying with the requirements of such program and state law; 48-3609 establishes assistance and rules for floodplain delineations and flood regulations; 48-3613, 3614, and 3615 requires authorization for development in watercourses and outlines violations and penalties; 44CFR 59-78 (Code of Federal Regulations) establishes guidelines for emergency management assistance by the Federal Emergency Management Agency (FEMA) related to flood hazards and flood insurance.

Measure Type	Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%
Result	Percent of floodplain complaints investigated within 30 days of receipt	100.0%	100.0%	100.0%	98.0%	(2.0%)	-2.0%
Result	Percent of floodplain use permit inspections completed within one day of request	95.4%	100.0%	100.0%	98.0%	(2.0%)	-2.0%
Output	Number of floodplain complaints investigated	119	100	100	125	25	25.0%
Output	Number of floodplain use permit inspections completed	152	500	500	500	-	0.0%
Demand	Number of floodplain complaints	119	100	100	125	25	25.0%
Demand	Number of floodplain use permits requiring inspection	152	500	500	500	-	0.0%
Expenditure Ratio	Total expenditure per floodplain use permit inspection completed	\$ 1,829.23	\$ 603.38	\$ 490.39	\$ 686.40	\$ (83.02)	-13.8%
Revenue							
	991 - FLOOD CONTROL	\$ 8,619	\$ -	\$ -	\$ 3,000	\$ 3,000	N/A
	TOTAL SOURCES	\$ 8,619	\$ -	\$ -	\$ 3,000	\$ 3,000	N/A
Expenditure							
	991 - FLOOD CONTROL	\$ 278,043	\$ 301,690	\$ 245,195	\$ 343,198	\$ (41,508)	-13.8%
	TOTAL USES	\$ 278,043	\$ 301,690	\$ 245,195	\$ 343,198	\$ (41,508)	-13.8%

Activity Narrative: There are more miles of floodplain delineations as the District continues to complete studies. Therefore, it is more likely there will be an increase in violations and a slight increase in revenue since development is on the rise again post-recession. The percent of floodplain complaints investigated within 30 days of receipt is down because there are more delineations to investigate. Expenditure increase is due to an increase in the complexity of floodplain use permits.

Flood Hazard Outreach Program

The purpose of the Flood Hazard Outreach Program is to provide information services to the public and other agencies so they can take appropriate steps to protect themselves from injury and loss of property from flooding.

Program Results

Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%
Percent of affected residents surveyed who report that the printed or electronic materials they received were useful to understand the subject project or study	0.0%	90.2%	90.2%	N/A	N/A	N/A
Percent of residents and visitors surveyed that understand media messages and/or civic presentations about the risks of floods and flood hazards	N/A	90.0%	90.0%	N/A	N/A	N/A
Percent of days during which reliable weather, water level and stream flow information was available	99.5%	98.6%	99.0%	98.6%	(0.0%)	-0.0%

Percent of Floodplain Management & Services customers surveyed who were satisfied with the service/information that they received	N/A	90.0%	90.0%	N/A	N/A	N/A

Activities that comprise the program include:

- Flood Control Customer Service
- Flood Control Public Information
- Flood Safety Education
- Flood Warning

Flood Control Customer Service Activity

The purpose of the Flood Control Customer Service Activity is to provide responsive flood hazard and mitigation advisory information services to the general public, government agencies and other entities so they can make informed development decisions and be protected from loss of life and property damage due to flooding.

Mandates: Administrative mandate.

Maricopa County Annual Business Strategies
FY 2017 Adopted Budget

Flood Control District

Measure Type	Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%
Result	Percent of affected residents surveyed who report that the printed or electronic materials they received were useful to understand the subject project or study	0.0%	90.2%	90.2%	N/A	N/A	N/A
Output	Number of public meetings held	11	13	13	13	-	0.0%
Output	Number of printed materials produced	14	50	50	55	5	10.0%
Output	Number of website hits received	334,963,500	10,000,000	10,000,000	12,000,000	2,000,000	20.0%
Demand	Number of public meetings required	11	13	13	13	-	0.0%
Demand	Number of printed materials (including brochures, advertisements and newsletters) needed	14	50	50	60	10	20.0%
Expenditure Ratio	Total activity expenditure per affected resident that utilized the District website	\$ 0.00	\$ 0.01	\$ 0.00	\$ 0.01	\$ 0.00	7.6%
Expenditure							
	991 - FLOOD CONTROL	\$ 16,729	\$ 60,438	\$ 34,901	\$ 67,032	\$ (6,594)	-10.9%
	TOTAL USES	\$ 16,729	\$ 60,438	\$ 34,901	\$ 67,032	\$ (6,594)	-10.9%

Activity Narrative: The 5 year average for customer contacts has been around 5,500. The increase for last year was due to the flood insurance reform and the large number of Flood Insurance Rate Map changes. The District anticipates that inquiries will return to a normal level in FY 2017. The District is no longer conducting surveys therefore the result measure for FY 2017 is not applicable. Expenditure increase is due to changes in the procedures for this division and higher health/dental benefits rates in FY 2017.

Flood Control Public Information Activity

The purpose of the Flood Control Public Information Activity is to provide project and study information services to affected Maricopa County residents and property owners so they can understand how their flooding risk is being mitigated in order to preclude injury, loss of life, and property damage.

Mandates: A.R.S. §48-3609E requires counties to have floodplain regulations adopted at a public meeting; 48-3616 requires the chief engineer and his staff to prepare a comprehensive program of flood hazard mitigation reported at a public hearing; 44CFR 59-78 (Code of Federal Regulations) establishes guidelines for emergency management assistance by the Federal Emergency Management Agency (FEMA) related to flood hazards and flood insurance.

Measure Type	Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%
Result	Percent of affected residents surveyed who report that the printed or electronic materials they received were useful to understand the subject project or study	0.0%	90.2%	90.2%	N/A	N/A	N/A
Output	Number of public meetings held	11	13	13	13	-	0.0%
Output	Number of printed materials produced	14	50	50	55	5	10.0%
Output	Number of website hits received	334,963,500	10,000,000	10,000,000	12,000,000	2,000,000	20.0%
Demand	Number of public meetings required	11	13	13	13	-	0.0%
Demand	Number of printed materials (including brochures, advertisements and newsletters) needed	14	50	50	60	10	20.0%
Expenditure Ratio	Total activity expenditure per affected resident that utilized the District website	\$ 0.00	\$ 0.01	\$ 0.00	\$ 0.01	\$ 0.00	7.6%
Expenditure							
	991 - FLOOD CONTROL	\$ 16,729	\$ 60,438	\$ 34,901	\$ 67,032	\$ (6,594)	-10.9%
	TOTAL USES	\$ 16,729	\$ 60,438	\$ 34,901	\$ 67,032	\$ (6,594)	-10.9%

Activity Narrative: Current Administration has discontinued all surveys. The District has begun an advertising campaign engaging various methods including social media to increase traffic to their website. Expenditures will increase as a result.

Flood Safety Education Activity

The purpose of the Flood Safety Education Activity is to provide flood and storm water safety education services to residents of and visitors to Maricopa County so they can be aware of flood hazards and understand how to avoid injury and loss of life due to flooding.

Mandates: Administrative mandate.

Measure Type	Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%
Result	Percent of residents and visitors surveyed that understand media messages and/or civic presentations about the risks of floods and flood hazards	N/A	90.0%	90.0%	N/A	N/A	N/A
Output	Number of school and civic presentations completed	12	10	10	10	-	0.0%
Demand	Number of school and civic presentations requested	12	10	10	10	-	0.0%
Expenditure Ratio	Total expenditure per school and civic presentation	\$ 34,396.00	\$ 33,787.30	\$ 29,229.00	\$ 34,429.60	\$ (642.30)	-1.9%
Expenditure							
	991 - FLOOD CONTROL	\$ 412,752	\$ 337,873	\$ 292,290	\$ 344,296	\$ (6,423)	-1.9%
	TOTAL USES	\$ 412,752	\$ 337,873	\$ 292,290	\$ 344,296	\$ (6,423)	-1.9%

Activity Narrative: The Flood Control District no longer conducts the survey, but continues to present at schools and in civic presentations. Expenditure increase is due to higher health/dental benefits rates in FY 2017.

Flood Warning Activity

The purpose of the Flood Warning Activity is to provide reliable weather, water level and stream flow information and flood response planning services to public safety managers so they can make public safety decisions in a timely and effective manner.

Mandates: A.R.S. §45-1423 requires the District to operate in accordance with Federal guidance that is normally issued in the form of structure Operating and Maintenance Manuals. The manuals federally direct the District to operate and maintain the structure and other equipment installed during construction in accordance with the standard in that manual. National Flood Insurance Act of 1968 and related laws require entities such as the District to protect those in a floodplain. In order to fulfill this requirement, monitoring is required to provide sufficient lead-time to allow evacuation of those in danger.

Measure Type	Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%
Result	Percent of days during which reliable weather, water level and stream flow information was available	99.5%	98.6%	99.0%	98.6%	(0.0%)	-0.0%
Result	Percent of needed flood response plans that were completed or updated and distributed to agencies	100.0%	100.0%	100.0%	100.0%	0.0%	0.0%
Output	Number of sensor-days during which District ALERT system sensors are operational	248,745	248,902	254,093	266,325	17,423	7.0%
Output	Number of flood response plans completed	1	1	1	1	-	0.0%
Demand	Number of sensor-days during which ALERT system sensors are needed	250,019	252,434	256,609	270,100	17,666	7.0%
Demand	Number of flood response plans requested	1	1	1	1	-	0.0%
Expenditure Ratio	Total activity expenditure per operational ALERT sensor-day	\$ 5.16	\$ 5.02	\$ 4.63	\$ 4.59	\$ 0.43	8.6%
Revenue							
	991 - FLOOD CONTROL	\$ 100	\$ 7,000	\$ 7,100	\$ 7,000	\$ -	0.0%
	TOTAL SOURCES	\$ 100	\$ 7,000	\$ 7,100	\$ 7,000	\$ -	0.0%
Expenditure							
	991 - FLOOD CONTROL	\$ 1,282,930	\$ 1,249,054	\$ 1,176,211	\$ 1,222,157	\$ 26,897	2.2%
	TOTAL USES	\$ 1,282,930	\$ 1,249,054	\$ 1,176,211	\$ 1,222,157	\$ 26,897	2.2%

Activity Narrative: The District added 14 new weather stations since July 2015 accounting for the increase in sensor days. The slight decrease in expenditures is due to an increase in efficiencies with the new weather stations.

Flood Hazard Identification Program

The purpose of the Flood Hazard Identification Program is to provide flood hazard information and solution services to government entities so they can utilize knowledge of flood hazards to protect the public and infrastructure.

Program Results

Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%
Percent of linear miles of floodplains delineated	68.6%	70.5%	68.7%	0.6%	(69.9%)	-99.1%
Percent of watershed square miles studied that provide residents with the information necessary to mitigate flood and erosion hazards	60.4%	42.1%	42.1%	47.9%	5.8%	13.7%

Activities that comprise this program include:

- Flood Hazard Planning
- Floodplain Delineation

Flood Hazard Planning Activity

The purpose of the Flood Hazard Planning Activity is to provide flood and erosion hazard identification and flood mitigation services to municipalities and public agencies so they can have the information necessary to mitigate identified flood and erosion hazards.

Mandates: A.R.S. §11-821 requires the County to establish a comprehensive long-term county plan for the development; 48-3609 establishes rules for floodplain delineations and flood regulations including planning; 48-3616 establishes the requirement for a survey and report of flood control problems and facilities.

Expenditure Ratio	Total activity expenditure per number of population in areas where Area Drainage Master Studies or Plans were completed this fiscal year	\$ 34.15	\$ 30.78	\$ 28.84	\$ 13.16	\$ 17.61	57.2%
Revenue							
	989 - FLOOD CONTROL GRANTS	\$ 273,709	\$ 468,774	\$ 521,291	\$ 5,000	\$ (463,774)	-98.9%
	TOTAL SOURCES	\$ 273,709	\$ 468,774	\$ 521,291	\$ 5,000	\$ (463,774)	-98.9%
Expenditure							
	989 - FLOOD CONTROL GRANTS	\$ 188,808	\$ 603,774	\$ 603,774	\$ 5,000	\$ 598,774	99.2%
	991 - FLOOD CONTROL	3,991,604	5,132,631	4,771,959	4,804,895	327,736	6.4%
	TOTAL USES	\$ 4,180,412	\$ 5,736,405	\$ 5,375,733	\$ 4,809,895	\$ 926,510	16.2%

Activity Narrative: Demand and Output is driven by changes in population, land development, emergent flooding issues, and technological improvements. Population density varies with each project, causing fluctuations in the number of residents that will benefit. These variable parameters in combination with the duration of individual studies can vary and typically require multiple years to complete which will then cause fluctuations in the Output from year to year. Population density varies with each project causing fluctuations in the number of residents and associated benefits. The District will not complete any Watercourse Master Plans in FY 2017. The Area Drainage Master Studies (ADMS's) that are currently underway and scheduled for the next year are within the more urban areas of Ahwatukee Foothills, Lower Indian Bend Wash, Middle Indian Bend Wash, East Fork Cave Creek, Paradise Valley/Scottsdale/Phoenix Shea Corridor, North Mesa, South Phoenix/Laveen, Tempe and various Design Concept Reports (DCR's). The decrease in revenue is a result of a decrease in anticipated grant activity. The decrease in expenditures can be attributed to the decrease in District construction projects that will be completed in FY 2017.

Floodplain Delineation Activity

The purpose of the Floodplain Delineation Activity is to provide National Floodplain Insurance Program-based flood hazard identification services to floodplain administrators so they can have the necessary information available to regulate floodplains.

Mandates: A.R.S. §11-821 requires the County to establish a comprehensive long-term county plan for the development; 48-3605, 48-3606, 48-3609 establishes assistance and rules for floodplain delineations and flood regulations; 48-3616 establishes the requirement for a survey and report of flood control problems and facilities.

Output	Linear miles of floodplains currently under delineation study	197	105	105	36	(69)	-65.7%
Output	Linear miles of floodplain delineated this fiscal year	20	105	105	36	(69)	-65.7%
Demand	Total number of linear miles of floodplains requiring delineation	5,985	5,985	5,985	5,985	-	0.0%
Expenditure Ratio	Total activity expenditure per linear mile of floodplain delineated this fiscal year	\$ 85,648.82	\$ 20,601.62	\$ 18,300.64	\$ 55,098.69	\$ (34,497.08)	-167.4%
Expenditure							
	991 - FLOOD CONTROL	\$ 1,747,236	\$ 2,163,170	\$ 1,921,567	\$ 1,983,553	\$ 179,617	8.3%
	TOTAL USES	\$ 1,747,236	\$ 2,163,170	\$ 1,921,567	\$ 1,983,553	\$ 179,617	8.3%

Activity Narrative: The number of new linear miles to be completed in FY 2016 has been reduced. Due to the size and complexity of the delineations for FY 2017 there will be less linear miles completed. Expenditure increase is due to the increased complexity of delineations and higher health/dental benefits rates in FY 2017.

Flood Hazard Remediation Program

The purpose of the Flood Hazard Remediation Program is to provide structural and non-structural flood hazard protection services to the public so they can live with minimal risk of loss of life or property damage due to flooding.

Program Results

Activities that comprise this program include:

- Flood Control Capital Projects
- Flood Control Structure Maintenance

Flood Control Capital Projects Activity

The purpose of the Flood Control Capital Projects Activity is to provide structural and non-structural flood protection services to residents of and visitors to Maricopa County so they can have increased physical protection from injury, loss of life, and property damage due to flooding.

Mandates: A.R.S. §45-1423 and 45-1424 gives power to Maricopa County to cooperate with the federal government in flood control projects; 48-3616 establishes that the chief engineer develop a survey and report of flood control problems and facilities.

	900 - ELIMINATIONS	(30,000,000)	(34,195,616)	(34,195,616)	(25,408,677)	(8,786,939)	25.7%
	TOTAL USES	\$ 32,162,464	\$ 69,116,660	\$ 55,762,662	\$ 78,629,673	\$ (9,513,013)	-13.8%

Activity Narrative: Benefited areas vary greatly from project to project and year to year. In FY 2016 the District will complete two small projects. In FY 2017 the District will complete three much larger projects, including two large dam rehabilitation projects with very large benefited areas. The number of projects completed varies from year to year, depending on budget, schedule, partner interest and other factors. The number of projects approved varies from year to year depending on customer demand and available funding. The number of Small Project Assistance projects requested is dependent on community needs and those projects requested. The variability of the expenditure ration is directly

related to the ultimate overall cost of projects in the benefited areas. The FY 2017 increase in expenditures is due to the scheduled completion of critical projects identified from the flooding that occurred in 2014.

Flood Control Structure Maintenance Activity

The purpose of the Flood Control Structure Maintenance Activity is to provide flood control infrastructure maintenance services that meet federal, state and local safety and operational standards for residents and visitors of Maricopa County so they can experience protection from flooding as a consequence of safe and well maintained flood control structures.

Mandates: A.R.S. §45-1212 provides that the State's director of water resources issue rules and orders necessary to secure maintenance and operation of dams which will safeguard life and property; 45-1423 gives power to Maricopa County to cooperate with the federal government in flood control projects; 48-3608 establishes that the director is designated as the state coordinator of the national flood insurance program to assist local jurisdictions in complying with the requirements of such program and state law; 48-3609 establishes assistance and rules for floodplain delineations and flood regulations.

Measure Type	Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%

	991 - FLOOD CONTROL	\$ 9,544,725	\$ 11,565,093	\$ 10,926,100	\$ 10,315,934	\$ 1,249,159	10.8%
	TOTAL USES	\$ 9,544,725	\$ 11,565,093	\$ 10,926,100	\$ 10,315,934	\$ 1,249,159	10.8%

Activity Narrative: The District owns, operates and maintains 83 flood control structures including 22 dams/flood retarding structures totaling 64 miles in length, 150 miles of channels and levees, 250 acres of basins, and 40 acres of general flood hazard mitigation property. Flood control structures require regular inspections and maintenance to function as designed and provide the maximum flood protection. This maintenance is performed by the staff of the District's Operations & Maintenance (O&M) Division. This year the District is adding the Loop 303 project to the maintenance program. This structure is 4.5 miles in length. The District's most significant structures are approaching their design life and maintenance costs will continue to increase on a long-term basis to extend the life of these structures. Two dams are under rehabilitation so they will not be inspected. This number will return to 22 when construction is complete. The number of Priority 1 (P1A) Work Orders completed would be in the 60's if it weren't for the storm event of 2014. The District anticipates returning to normal numbers for

FY 2017. The construction on the dam rehabilitations will be well under way in FY 2017 so more milestones will be met. Revenue increase is from cost share partnerships. Although expenditures decreased for FY 2017, increases are anticipated in the upcoming fiscal years due to the need to increase maintenance personnel and contracted repair work.

Revenue Sources and Variance Commentary

Property Taxes

Beginning in FY 2016 for Tax Year 2015, the Flood Control District secondary property tax will no longer assess property valuation based on full cash value, but instead on limited property value and will have a growth cap of 5% on property taxed in the prior year. This change in property tax collections is due to a voter approved Proposition 117 that was approved in 2012. Previously, secondary net assessed values of real and personal property had no constitutional limitation on growth. The Flood Control District Board of Directors chose to impose growth limitations similar to those imposed on the primary levy resulting in a 2% cap annual growth on property taxed in the prior year.

Fiscal Year	Net Assessed Value (Thousands)	Tax Rate (per \$100 N.A.V.)	Tax Levy
2008	45,937,945	0.1533	70,422,870
2009	54,751,263	0.1367	74,674,333
2010	54,862,329	0.1367	74,996,804
2011	45,681,391	0.1489	68,019,592
2012	35,056,838	0.1780	62,401,172
2013	30,665,493	0.1780	54,584,578
2014	28,622,833	0.1392	39,842,985
2015	31,339,191	0.1392	43,660,332
2016	31,100,587	0.1592	49,512,136
2017	32,624,765	0.1792	58,463,580

The Board of Supervisors must adopt the Flood Control District's property tax levy on or before the third Monday in August for the fiscal year that begins on the previous July 1. Real property taxes are paid in arrears in two installments, due October 1 and March 1.

The schedule above lists the District's secondary net assessed values, tax rates, and secondary property tax levies for the last nine fiscal years, plus the assessed values and the tax rates for FY 2017. The Flood Control District's property tax rate for FY 2017 will increase to \$0.1792 per \$100 net assessed value, resulting in a levy increase of \$8,951,444.

The FY 2017 budget includes a secondary property tax levy (excluding Salt River Project) of \$58,463,580, an increase from the FY 2016 Adopted Levy.

Property Tax Bill on Median-Valued Home	21.70		
Tax Bill Savings/(Increase)	\$ (3.09)	-16.6%	

FLOOD CONTROL DISTRICT SECONDARY PROPERTY TAX LEVY FY 2017 vs. FY 2016 TAX BILL IMPACT ON MEDIAN HOME			
FY 2016:			
Median Residential Full Cash Property Value	\$	116,078	
Secondary Tax Rate (per \$100 Assessed Value)		0.1592	
Property Tax Bill	\$	18.48	
FY 2017:			
Median Residential Limited Property Value	\$	121,100	
Secondary Tax Rate (per \$100 Assessed Value)		0.1792	
Property Tax Bill	\$	21.70	
Tax Bill Savings/(Increase)	\$	(3.22)	-17.4%

Property tax revenue is budgeted in FY 2017 based on prior years' collection trends, rather than on the actual levy amount. The chart below illustrates the estimated collection for FY 2017.

Property Tax Collection Analysis Flood Control District			
FY	Levy Amount	Estimated Collections	Rate
2017	\$ 58,463,580	\$ 57,762,017	98.8%

Licenses and Permits

The Flood Control District collects revenue from customers for drainage plans, plan site reviews, and licenses. Rates for licenses and permits are approved by the Board of Directors, unless otherwise set forth in statute. The revenue generated from licenses and permits is used to offset the cost of issuing the permits. The chart to the right shows the FY 2015 actual, the FY 2016 forecast and the FY 2017 budget revenue for this category. FY 2015 revenue was higher than FY 2016 forecast and FY 2017 budget because the complexity of the requested permits has dropped.

Intergovernmental Revenues

Intergovernmental revenues are received by the Flood Control District from other government or public entities, and include payments in lieu of taxes, grants, and payments required by intergovernmental agreements (IGA's). Intergovernmental revenues come from a variety of sources, including the Federal government, local cities and the State of Arizona. Included in the intergovernmental classification are grant revenues that typically carry restrictions on how they may be expended.

Payments in Lieu of Taxes

Payments in lieu of taxes are collected from the Salt River Project (SRP) and the federal government. Although it is a public entity, SRP estimates its net assessed value and makes payments in lieu of property taxes to each taxing jurisdiction based on its property tax rates. The table to the right reflects historical payments and the projected FY 2016 payments in lieu of taxes. The increase in revenue is reflective of SRP's increase in estimated net assessed value.

SRP Payments in Fiscal Year Lieu of Taxes	
2008	149,582
2009	135,796
2010	144,249
2011	156,110
2012	186,613
2013	192,535
2014	151,252
2015	152,482
2016*	186,618
2017**	202,096
* Forecast	
** Budget	

Other Intergovernmental Revenue

Other Intergovernmental Revenue includes a variety of payments from other jurisdictions, usually as required by IGA's with the District. The District's FY 2016 budget is reflective of receiving \$38,733,500 for cost sharing of capital projects.

Miscellaneous Revenue

The Flood Control District classifies miscellaneous revenues as any revenues that do not fall within a more specific revenue category. Examples of miscellaneous revenues include sale of copies, interest earnings, building rental, insurance recoveries, land sales, map sales and equipment rental as well as sales of fixed assets, and bond proceeds. FY 2015 revenues were higher than budgeted for FY 2017 due to a decrease in land sales during these fiscal years.

Other Financing Sources

In the Flood Control District, Other Financing Sources are comprised solely of Fund Transfers In.

Fund Transfers In

The Flood Control District transfers fund balances from the operating to the capital fund throughout the year in order to support the District's Capital Improvement Program.

Fund Balance Summary and Variance Commentary

The following schedule lists the estimated beginning fund balances, projected revenues and expenditures for the upcoming fiscal year, along with resulting estimated fund balances. "Beginning Spendable Fund Balance" represents resources accumulated within each fund as of the start of the fiscal year, based on actual and projected revenues and expenditures for prior fiscal years. For budgeting purposes, Flood Control District fund balances are "Restricted".

Capital Improvement Program

Summary

The Flood Control District primarily mitigates existing regional flood hazards through its five-year Capital Improvement Program (CIP) – the revolving five-year plan for accomplishing capital projects.

The CIP drives design and construction of new infrastructure in concert with the District's planning activities and also addresses modification and replacement of existing infrastructure. The District maintains its five-year CIP as mandated by A.R.S. Title 48 in accordance with District Resolution 2010R008, which specifies the Board's financial management directives for the District.

Since 1993, proposed capital projects have been reviewed for merit by the District's annual CIP Prioritization Procedure, although project recommendations resulting from this process are contingent upon ultimate project adoption through Resolutions by the District's Board of Directors. The CIP Prioritization Procedure solicits and evaluates project requests from the District's client communities and other local agencies, generally resulting from completed drainage planning studies.

The evaluation procedure allocates points based on:

- Project Description
- Funding Commitment and Agency Priority
- Flood Control/Drainage Master Plan Element
- Flooding Threat
- Level of Protection
- Area Protected
- Ancillary Benefits
- Level of Partnership Participation
- Operations and Maintenance Costs to the District

The process promotes a balanced approach to the evaluation of proposed projects, identifying and supporting flood control and regional drainage projects that not only provide long-term protection to individuals and property from flash floods and seasonal flooding, but that also promotes community development, protects natural habitats and maintains watercourse flow paths. The procedure favors projects that involve cost-sharing partnerships, allowing the District to best leverage limited financial resources, and allows the District to limit future structural maintenance responsibilities to projects that are multi-jurisdictional, regional or involve main watercourses.

Project Detail

A total of 3 capital project bins are budgeted for FY 2017, and recommended to the Board by the Flood Control District. The projects are as follows:

990 FLOOD CONTROL CAPITAL PROJECTS	Previous	Projected	Year 1	Year 2	Year 3	Year 4	Year 5	5-Year	Total

Strategic Business Planning (SBP) for All Projects

Purpose Statement:

The purpose of the Flood Hazard Remediation program is to provide flood hazard protection through structural and non-structural solutions to the public so that they can live with minimal risk of loss of life or property due to flooding.

Strategic Goals:

By June 30, 2018, the District will address realized local structural flooding issues by participating in 100% of qualifying Small Projects Program submittals.

Strategic Plan Program Supported:

- Flood Hazard Remediation

Strategic Activities Supported:

- Flood Control Capital Projects

Result Measures:

Measure	FY 2015 Actual	FY 2016 Forecast	FY 2017 Projected with Capital Improvement
Percent of square miles of area that receive physical protection benefits from projects in the five-year Capital Improvement Program that are completed in this fiscal year.	11.80%	0.1%	12.80%

Results:

District CIP MfR results are not applicable at the individual project level or across multiple fiscal years and must be presented as gross, individual fiscal year figures. The District's Key Result Measure for the Capital Project activity reports the percent of total capital budget expended. By default, as it entails CIP expenditures, this project contributes to the results of that measure. Additionally, the District measures the percent of area benefitted by projects completed in a given fiscal year (compared to the area benefitted by all projects in the five-year CIP). The District has calculated a total of 592 square miles of area benefitted by projects in the five-year CIP.

Common Flood Control CIP Acronyms

ACDC – Arizona Canal Diversion Channel
ADMP – Area Drainage Master Plan
ADMS – Area Drainage Master Study
ADOT – Arizona Department of Transportation
ADWR – Arizona Department of Water Resources
SPAP – Small Projects Assistance Program
CFS – Cubic Feet per Second
FPAP – Floodprone Property Assistance Program
FRS – Flood Retarding Structure
IGA – Intergovernmental Agreement
MCDOT – Maricopa County Department of Transportation
NRCS – Natural Resource Conservation Service

Loop 303 Drainage Improvements	4	FY 2017
Northern Parkway Drainage	4	FY 2020
Luke Air Force Base Flood Mitigation Improvements	4	FY 2026
Sonoqui Wash Channelization (Chandler Heights to Crismon)	1	FY 2020

Improvement	District	Scheduled Completion
Sonoqui Wash Channelization (Main Branch)	1	FY 2017
Durango Regional Conveyance Channel (Broadway Rd./Southern Ave.)	5	FY 2027
Durango Regional Conveyance Channel (75 th Avenue/107 th Avenue)	5	FY 2025
Van Buren Street Channel - 99 th Avenue to Agua Fria River	5	FY 2027
Bethany Home Road Storm Drain (79 th Avenue to 59 th Avenue)	5	FY 2022
Downtown Phoenix Drainage System (Phase I)	5	FY 2017
Arcadia Drainage Improvements Phase III	2	FY 2027
Circle K Park Detention Basin	5	FY 2024
Ashbrook Wash Improvements	2	FY 2016
East Maricopa Floodway Maintenance Road Paving	1, 2	FY 2027

Purpose Statement:

The Primary Capital Improvement Program typically funds projects that have been recommended by the District's Capital Improvement Program Prioritization Procedure, reducing flooding hazards to Maricopa County residents through construction of new facilities and improvements to existing flood control facilities.

Project Descriptions:

ALERT2 System Upgrade Project (017A)

Project Partner: N/A

ALERT2 is the new standard protocol designed to replace the existing ALERT. ALERT2 provides a graceful transition of real-time data collection systems from providing slow, lean, error-prone environmental data to receiving fast, information-rich, error-free knowledge about events in the real world. It differs from ALERT in that it is much faster, carries more information, and operates virtually error free. Using a channel sharing technique called TDMA, where each transmitter has its own brief time slot in which to transmit, the message contention and data loss problems of ALERT can be minimized. It has a large enough ID space to eliminate the ID assignment problems common in some areas of the country.

Central Chandler Storm Drain Improvements (022A)

Project Partner: City of Chandler

Project involves installation of 15 catch basins, Ivanhoe Drain slope realignment, and new storm drain construction to eliminate all discharges into Chandler Drain. Project corrects flooding problem in flat downtown area, removes connection to SRP tailwater drainage system and improves measures associated with MS4 Phase II permit.

Loma Vista Corridor Drainage Improvements (TBD)

Project Partner: City of Tempe

Mitigate flooding of 21 homes in the area during the 100-year storm event by constructing a series of storm drains in Loma Vista, Alameda and Los Feliz Drives with an outfall into an expanded detention basin at the NW corner of McClintock High school.

Agua Fria River Levee Safety Mitigation (109A)

Project Partner: City of Avondale

Provide safety and fall protection by installing pipe rail along Agua Fria levees between Buckeye Road and McDowell Road.

27th Avenue and South Mountain Avenue Basin (117C)

Project Partner: City of Phoenix

Project includes constructing a detention basin that will be designed for a 100-year level of protection and is a part of the overall drainage system plan for the South Phoenix/Laveen ADMP area. The basin will provide flood protection for residential developments existing and planned for the area and may have multi-use recreational amenities.

South Phoenix/Laveen Drainage Improvement Project (TBD)

Project Partner: City of Phoenix

Project includes constructing multiple regional detention basins and storm drains, which are generally bound by 7th Avenue, Olney Avenue, 19th Avenue and South Mountain Avenue. Study update is underway.

Berneil Channel Modifications (TBD)

Project Partner: Town of Paradise Valley

Channel improvements are needed to increase channel capacity to convey a 10-year to 100-year rain event.

Rittenhouse Basin (121A)

Project Partner: Town of Gilbert

Construction of the basin and flood control features is complete, and the project is operated and maintained by the Town of Gilbert. The project remains active as the District will contribute limited funding to aesthetically-enhance the site in the future.

Chandler Heights Detention Basin (121B)

Project Partner: Town of Gilbert

Construction of the detention basin is being accomplished in phases. The first two phases of construction have been completed. Future phases of construction will involve excavation of an additional 3 million cubic yards of material, and will be accomplished as District funding becomes available. Material may also be removed through the dirt auction process.

East Maricopa Floodway Low Flow Channel (TBD)

Project Partner: N/A

Due to the topography of the area, the East Mesa Floodway (EMF) has a particularly shallow slope. Combined with the EMF's earthen bottom, this causes nuisance ponding along much of the structure. In addition to causing mosquito control issues, this creates maintenance difficulties, as maintenance equipment is unable to function in the saturated channel bottom. The District is attempting to address these issues through comparatively minor maintenance modifications.

Reata Pass Drainage (TBD)

Project Partners: City of Scottsdale

The City of Scottsdale is the lead for this project and the project is a high priority for the City. It is anticipated that the project will consist of some kind of channelization of Reata Pass Wash. The City will coordinate their design with the District, and the City has indicated that they will request cost share funding for construction of the project.

White Tanks FRS No. 4 Outlet (201A)

Project Partner: N/A

Construction will involve an outlet pipe from the White Tanks FRS No.4 to the Loop 303 Outfall channel that ultimately discharges to the Gila River.

White Tanks FRS No. 4 Rehabilitation (201B)

Project Partner: Natural Resources Conservation Service

Rehabilitation will mitigate existing dam deficiencies and extend the functional life of the structure. Construction will be completed in two phases, the first of which is complete. Phase two of the work began construction in FY 2016 which includes removing the left auxiliary spillway by extending the left abutment of the dam to the north, widening the right auxiliary spillway to accommodate the removal of the left spillway and re-grading the flood pool.

McMicken Dam Rehabilitation (202B)

Project Partner: U.S. Army Corps of Engineers

The ability of the McMicken Dam Project to maintain the current level of flood protection for the benefit of the public in an increasingly urbanized environment is in question due to significant concerns regarding aging infrastructure, land subsidence, earth fissuring, urbanization encroachment and current dam safety standards. These dam safety issues have led the District to determine that an overall rehabilitation or replacement of the dam is required. Alternatives include a modified dam section, floodways, outlet and spillways which will provide a minimum of 100-year flood protection. Project is being completed through five (5) separate construction phases.

McMicken Dam Outlet Channel (204A)

Project Partner: N/A

The primary goal of the project is to reconstruct the Outlet Channel so as to mitigate current deficiencies, lower risk, and meet District requirements for flood protection, for the 100-year flood.

Guadalupe FRS Rehabilitation (205A)

Project Partner: Natural Resources Conservation Service

Dam rehabilitation work will include the replacement of the intake structure, installation of filter diaphragm around principal spillway, slip line existing principal spillway through dam and slip line the existing principal spillway downstream of the dam.

Buckeye FRS No. 1 Rehabilitation (207A)

Project Partner: Natural Resources Conservation Service

The dam has experienced considerable transverse cracking since being constructed in the 70's. Arizona Department of Water Resources (ADWR) has identified the transverse cracking in Buckeye FRS No.1 as a dam safety deficiency requiring corrective action. The District completed Phase I

Assessments of the dam, and has requested NRCS federal cost share assistance under Public Law 106-472 for a rehabilitation project to address dam safety concerns and to maintain flood control benefits to downstream properties for the next 100 years. The selected alternative consists of dam rehabilitation. Construction will be accomplished in two phases and Phase 2A is currently in construction.

Downtown Buckeye Regional Basin and Storm Drain Project (211A)

Project Partner: City of Buckeye

The project will relieve historic downtown Buckeye of frequent flooding by implementing storm drains, channels, retention basins, and an outlet infrastructure that will mitigate flood damages to residential, commercial, and industrial properties, government buildings, and schools, while increasing traffic safety and improving the community's flood insurance program rating.

Watson Drainage System (211B)

Project Partner: City of Buckeye

Project includes several branches of channels, culverts and detention basins spanning more than 10 miles, draining from the Roosevelt Irrigation District canal on the north to the Gila River on the south. The project will be implemented in phases. The District will be responsible for final design and construction of the downstream portion that provides the outfall from the north side of the Union Pacific Railroad to the Gila River. Buckeye will implement the upstream portions through future development and capital projects.

Granite Reef Wash Drainage Mitigation Project (265A)

Project Partner: City of Scottsdale

The project will construct infrastructure to intercept storm water flows from the Granite Reef Watershed and convey them to the Salt River. Project also eliminates a 100-year flood hazard affecting at least 1,200 property owners within Scottsdale alone. In addition to mitigating flooding in the immediate residential area, the project would reduce flood flows to the Salt River Pima-Maricopa Indian Community's (SRPMIC's) undeveloped Section Twelve, at the junction of State Route 101 Loop and State Route 202.

PVR FRS Rehabilitation/Replacement (310A)

Project Partner: Natural Resources Conservation Service

The ADWR recently reclassified the PVR FRS's as high hazard potential, medium size structures. The District prepared a Final Failure Mode Analysis (FFMA) Report for the Structures Assessment Program Phase I in July 2002 that identified defects in the structures due to the age of the structures, proximity to fissures, subsidence of the area and cracking caused by drying shrinkage. Project pre-design is complete. Powerline FRS and Vineyard FRS Phase 2 and 3 are under design. The selected alternative involves rehabilitating Vineyard Road FRS, converting Rittenhouse FRS to a levee and replacing the Powerline FRS with a system of channels. Phase I of Vineyard is currently under construction. Total project completion including Rittenhouse is scheduled for 2026.

Harquahala FRS Erosion Mitigation (TBD)

Project Partner: N/A

Harquahala FRS has exposed earthen slopes that will be subject to long-term erosion. This project provides comprehensive rock mulch and hydroseed treatments for the slopes that will reduce this hazard and increase the dam's life. Project schedule will depend upon District funding availability.

Saddleback FRS Modifications (331A)

Project Partner: Natural Resource Conservation Service (NRCS)

Saddleback FRS has experienced the formation of numerous erosion holes and longitudinal cracking along the entire length of centerline of the dam crest. The issue cannot be addressed by normal maintenance work and has developed into a dam safety issue which is continuing to worsen over time. The District has identified a need to modify the central material zone of the dam known as the central filter and to reduce erosion through the placement of rock mulch.

Cave Buttes Dam Modifications (350B)

Project Partner: U.S. Army Corps of Engineers

A substantial flood event in 1993 resulted in a significant impoundment of water behind the dam, and seepage occurred along the dam's left abutment. To prevent deterioration of embankment material from recurring seepage, the District pursued an analysis and investigation of the issue. This investigation has indicated that permanent modification to the dam is required. Modifications will consist of two major features. The first planned improvement (Phase I) will be a drainage tunnel gated outlet and channel, which will decrease the time it takes for the water collected behind the dam to drain. The second planned improvement (Phase II) will be a system to collect water that has seeped through the dam and foundation.

I-17/Skunk Creek Land Rights Acquisition and Access Improvements (361A)

Project Partner: N/A

District staff has identified the need to secure additional land rights to improve access for routine inspections, repairs & maintenance activities of Skunk Creek in the vicinity of Interstate 17.

New River Dam Outlet Improvements (370A)

Project Partner: N/A

Erosion related to the dam's outlet channel will potentially impact District maintenance access, and has caused outlet flow restrictions and resultant stagnant impoundments contrary to design specifications. District engineering efforts have identified that these conditions require corrective action, including improvements to the Dam's outlet channel.

Oak Street Detention Basin and Storm Drain (420D)

Project Partner: City of Mesa

The Oak Street Detention Basin and Storm Drain involves construction of a detention basin at Oak Street and Hawes Road, and storm drains east along Oak Street and north along Hawes Road. The project will provide protection in conjunction with drainage infrastructure constructed by the Hermosa Vista/Hawes Road and McDowell Road projects.

Ellsworth Road and McKellips Road Drainage Improvements (420E)

Project Partner: City of Mesa

The Ellsworth Road and McKellips Road project will include construction of a detention basin at Ellsworth Road and McKellips Road, an interceptor drain east along McKellips Road, and an outlet generally along 94th Street. The basin rights-of-way are in place, owned by the City of Mesa. The project will provide protection to local, previously-developed subdivisions, where historic flooding has been noted.

115th Avenue/Union Hills Drive Drainage Improvements (450G)

Project Partner: MCDOT, City of Peoria and City of Surprise

The area downstream of 107th Avenue and Union Hills Drive has historically experienced flooding, particularly in the City of Surprise's Coyote Lakes subdivision. Existing drainage systems along Union Hills Drive are considered inadequate. The proposed project will include a combination of open channels and basins, along with utilization of existing drainage features, to relieve flooding in the area. The project will be constructed in three phases. Phase I final design and construction documents are complete.

Bullard Wash Phase II (470D)

Project Partner: City of Goodyear

The project will channelize the floodplain north of the Phoenix-Goodyear Airport. It will reduce the floodplain width, and protect the Phoenix-Goodyear Airport and nearby development from flooding. This storm water would otherwise collect in streets, farm fields, and residential and commercial areas. Phase I of the Bullard Wash Improvements Project has been completed and included construction of an earthen and gabion basket-lined channel from the Gila River to Lower Buckeye Road. Phase II will be implemented as funds become available and includes an earthen/greenbelt channel along the Bullard Wash alignment, which is located between Estrella Parkway and Bullard Avenue from Lower Buckeye Road to Interstate 10.

Loop 303 Drainage Improvements (470E)

Project Partner: City of Goodyear, MCDOT and ADOT

The new outfall drainage system will collect and carry storm water runoff to the Gila River and reduce the chance of property damage and flooding for the future freeway and adjacent areas during a major storm event. Drainage improvements include construction of a concrete-lined channel, box culverts, storm drain pipe, retaining walls and landscaping. Additional improvements include street and irrigation system reconstruction for the Roosevelt Irrigation District (RID) and Buckeye Water Conservation and Drainage District (BWCDD). Project right-of-way condemnations are complete and construction will be completed at the start of FY 2017.

Northern Parkway Drainage (470H)

Project Partner: City of Goodyear, MCDOT and ADOT

This project involves the construction of a new channel, storm drain and basins along the new alignment of Northern Parkway from Dysart Road to 111th Avenue. The channel will intercept offsite storm water flows and convey this runoff to the Agua Fria River.

Luke Air Force Base Flood Mitigation Improvements (470L)

Project Partner: Luke Air Force Base

The project includes rehabilitating and improving the existing storm drain system to collect and convey 100-year flows from sensitive areas on the base to the improved channel system containing those flows within the channel system and provide a connection to the existing regional outfall.

Sonoqui Wash Channelization (Chandler Heights to Crismon) (480C)

Project Partners: Town of Queen Creek and MCDOT

The project involves the channelization of an existing wash from Chandler Heights Road to Riggs Road along the existing alignment, and the east branch from Hawes Road to Crismon Road along Riggs Road. The total length of the project is approximately 3.5 miles. The channel will be earth-lined with

rock slope protection with 4:1 to 8:1 side slopes and a 50-foot bottom width. The project will include multi-use components such as equestrian and pedestrian trails. Phase IIB (Ellsworth Road to Crismon Road) construction will occur in the future by the Town of Queen Creek and the project remains active so District construction management can occur when the next phase is implemented. The project is anticipated to remove the existing floodplain extending from Chandler Heights Road to Riggs Road, which includes 71 acres of land and 68 properties. Queen Creek operates and maintains the facility.

Sonoqui Wash Channelization (Main Branch) (480E)

Project Partner: N/A

Phase III is being constructed in an additional two phases in which the first was completed in May 2012. Main Branch Phase IIIA1 from Riggs Road to Empire Boulevard and Phase IIIA2 from Empire Blvd to Hunt Highway in Pinal County construction were completed in October 2013. The West Branch Phase IIIB construction is now complete. The proposed channel will be designed to collect and convey the 100-year flow, remove 345 acres and 217 homes from the floodplain, and provide protection to roads and other infrastructure.

Durango Regional Conveyance Channel (Broadway Rd./Southern Ave.) (565B)

Project Partner: City of Avondale

This phase of the DRCC will construct a regional channel and basin in the vicinity of the Salt River Project Buckeye Feeder Canal to intercept storm water flows and provide an outfall to the Agua Fria River. The project would reduce flooding hazards and provide a 100-year outfall in the Durango drainage area.

Durango Regional Conveyance Channel (75th Avenue to 107th Avenue) (565C)

Project Partner: City of Phoenix

This phase of the project constructs the portion of the recommended plan located between 75th Avenue and 107th Avenue, one-half mile north of the Broadway Road alignment. The channel was partially constructed as a series of linear retention basins by developers through efforts coordinated by the City of Phoenix. The project will include constructing basins along the channel alignment and box culverts connecting the linear basins. Upon completion, the basins and culverts will serve to drain the area to the downstream channel in the City of Avondale.

Van Buren Street Channel – 99th Avenue to Agua Fria River (565D)

Project Partner: City of Avondale

The Van Buren Street Channel will be designed to provide a drainage system along Van Buren Street carrying storm water west of 99th Avenue to the Agua Fria River. The channel project will improve storm water drainage in the Avondale City Center at Avondale Boulevard (115th Avenue) and Van Buren Street, and solve other crucial drainage issues for current and future development along Van Buren Street. When completed, the channel will provide flood hazard protection up to the 10-year storm event (10% chance of occurring in a year).

Bethany Home Road Storm Drain (79th Avenue to 59th Avenue) (620G)

Project Partner: City of Glendale

The project consists of a 10-year storm drain on Bethany Home Road that ultimately conveys flows to the New River through the Bethany Home Outfall Channel. The storm drain will collect and convey sheet flow that has historically flooded the Maryvale neighborhood in the city of Glendale.

Downtown Phoenix Drainage System (Phase I) (625J)

Project Partner: City of Phoenix

This project will deliver a 10-year level of protection for the downtown area. The project's involves the installation of storm drains and other various drainage features, generally along 1st Avenue, from Van Buren Street to Hadley Street; along Jefferson Street from 19th Avenue to 3rd Avenue; and in the vicinity of Fillmore Street and 3rd Avenue. Project construction is complete but remains active to complete the final archeological reporting requirements.

Arcadia Drainage Improvements Phase III (625L)

Project Partner: City of Phoenix

This third phase of the Arcadia Area Improvement project will include construction of interceptor storm drains, primarily in Arcadia Drive. Drains will provide the outlet from Camelback Road to the Old Cross Cut Canal.

Circle K Park Detention Basin (TBD)

Project Partner: City of Phoenix

The project will construct a 35 ac-ft detention basin and will provide storage for a 10-year event. Properties and structures downstream will be benefited.

Ashbrook Wash Improvements (670A)

Project Partner: Town of Fountain Hills

The Ashbrook Wash Improvement Project is expected to include replacing two culvert crossings (at Bayfield Drive and Saguaro Boulevard), as well as cleaning and channelizing Ashbrook Wash as necessary to ensure it can safely convey flood flows. Once completed, properties adjacent to Ashbrook Wash between Bayfield Drive and Del Cambre Avenue will be protected from flooding caused by 100-year flows through the wash, or flows that have a one percent chance of occurring in any given year. The design and construction are being coordinated with the Saguaro Boulevard Reconstruction Project. Project is currently under construction and is scheduled for completion in FY 2020.

East Maricopa Floodway Maintenance Road Paving (698A)

Project Partner: N/A

Flood control facilities operated and maintained by the District were commonly built in the past with unpaved dirt maintenance roads. District maintenance activities require the use of these roads, potentially adversely impacting air quality. This project includes chip-seal improvements to the unpaved East Maricopa Floodway (EMF) maintenance roads.

Auxiliary Budget Line (FCIP)

Project Partner: N/A

Several District projects did not have accounting lines at the time of this document's preparation and were placed under this function code.

Flood Control District Small Projects Assistance Program

Managing Department: Flood Control District
Project Partners: See Project Descriptions

Scheduled Completion Dates:

Improvement	District	Scheduled Completion
9054 S. Calle Sahuaro	5	FY 2017
63 rd Street and Broadway Road	2	FY 2017
Extension Road and 2 nd Avenue	1	FY 2017
Solomon and Southern Avenue	5	FY 2017
47 th Avenue and Paradise Lane	3	FY 2017
Osborn Road Storm Drain 48 th and 49 th Streets	2	FY 2017
51 st Avenue Storm Drain	5	FY 2017
Sherwood Heights Detention Basin	2	FY 2017

Purpose Statement:

The Small Projects Assistance Program provides limited District funding for local drainage improvements that reduce flood flows where realized property flooding has historically occurred.

Project Descriptions:

Unallocated Small Project Assistance Program Projects (F699)

Project Partner: N/A

Using objective criteria, the Small Project Assistance Program evaluates new projects annually. This line item provides funding for future (indeterminate) projects.

In accordance with Flood Control District of Maricopa County (District) Resolution 2009R003A, the District prioritizes and funds potential local flood control capital projects through its annual Small Project Assistance Program. The Small Project Assistance Program has three purposes:

- Facilitate the mitigation of flood hazards that are local in nature but pose a risk to the citizens and property of Maricopa County.
- Using consistent, published criteria, objectively evaluate submitted local flood control capital projects requested by municipalities.
- Allow for the rapid implementation of recommended local flood control capital projects with minimal administrative delay.

9054 S. Calle Sahuaro (69D1)

Project Partner: Town of Guadalupe

Construct a concrete lined channel or add storm drain (approximately 150'), 2-3 catch basins and an additional 650' of storm drain.

63rd Street and Broadway Road (69D2)

Project Partner: Town of Gilbert

Excavate and construct a 20' x 600' gabion-lined channel, construct approximately 115 LF of 2' X 6' CBC and demo 2 existing driveways.

Extension Road and 2nd Avenue (69D3)

Project Partner: City of Mesa

Construct storm line connection to existing Main Street storm drain system.

Solomon and Southern Avenue (69D4)

Project Partner: City of Mesa

Construct storm drains, catch basin, storm line connection and storm drain manhole.

47th Avenue and Paradise Lane (69D5)

Project Partner: City of Phoenix

Design and reconstruct Sunburst Park (basin) and drywells.

Osborn Road Storm Drain 48th and 49th Streets (69D6)

Project Partner: City of Phoenix

Design and construct Storm Drain along Osborn Road between 48th St. and 49th St. with catch basins.

51st Avenue Storm Drain (69D7)

Project Partner: City of Phoenix

Design and construct storm drain and connect to existing 72 inch Storm Drain in 51st Avenue.

Sherwood Heights Detention Basin (69D8)

Project Partner: City of Scottsdale

Construct detention basin, inlet and outlet works.

Flood Control District Floodprone Property Acquisition Program

Managing Department: Flood Control District
Project Description: See Project Description

Project Descriptions:

Unallocated Floodprone Acquisition Program (F700)

Project Partner: N/A

In many areas development took place prior to floodplain mapping, and as floodplains were delineated, residents learned their homes were within regulatory floodplains. The Floodprone Property Assistance Program (FPAP) involves the voluntary sale to the Flood Control District of properties in flood hazard areas where structural flood control solutions are infeasible or impractical. Program applicants are scored and ranked under objective criteria. Existing structures on purchased properties are demolished and removed; property may be preserved as open space, sold, or leased for uses compatible with adjacent properties and floodplain regulations.

Library District

Motion

Adopt the Library District FY 2017 Budget in the amount of \$26,283,450 by total appropriation for each fund and function for the Library District, listed in the attached schedules. This amount represents an \$8,500 increase from the FY 2017 Tentative Budget of \$26,274,950.

Maricopa County Library District
where curiosity leads

Library District Transmittal Letter

To: Clint Hickman, Chairman, District 4
Denny Barney, District 1
Steve Chucri, District 2
Andy Kunasek, District 3
Steve Gallardo, District 5

The Library District FY 2017 revenue budget is \$26,283,450 and the expenditure budget is \$26,283,450. The tax levy for FY 2017 will increase from \$19,250,761 to \$20,091,335 or 4.4%, an increase of \$840,574 from FY 2016. The tax rate for FY 2017 will remain flat at \$0.0556 per \$100 of assessed value, while the net assessed value is increasing by \$1,511,824,151 from FY 2016 to FY 2017.

The Summer Reading Program continues to improve in numbers and software enhancements are delivering a literacy experience that facilitates a more interesting and enjoyable learning experience for at-risk children.

Access to digital materials has remained a focus as demand increases exponentially. The Maricopa County Library District (MCLD) has responded with additional digital resources such as coding clubs and other innovative learning programs for all ages that resulted in the receipt of four 2015 NACO Awards. MCLD continues to provide vital access to information and technology, empowering people to thrive in the digital age.

I wish to offer my appreciation to the Board of Directors for their support and guidance during the budget development process. I believe this budget is sustainable, responsible and aligns with the District's mission.

Sincerely,

Joy Rich
Maricopa County Manager

On June 20, 2016, the Maricopa County Library District Board of Directors adopted the FY 2017 Budget totaling \$26,283,450. There was an \$8,500 change in total revenue and expenditures from the Tentative Adopted Budget.

On August 15, 2016, the Maricopa County Board of Directors approved the FY 2017 Tax Levy and Rate.

Anthem Parade

Chairman Hickman at White Tanks Library

Supervisor Gallardo at Guadalupe Library

Supervisor Barney at Food for Fines

Supervisor Chucri at Southeast Regional Library

Library District

*Analysis by Christine Jasinski, Management and Budget Analyst and
Carmine L. Davis, Management and Budget Supervisor*

Mission

The Mission of the Maricopa County Library District is to provide access to reading, exploring and discovering for all so they can be lifelong learners.

Vision

Maricopa County Library District aspires to be the vibrant community front porch, a destination where people exchange ideas, gain access, foster creativity and pursue knowledge.

Strategic Goals

Department Specific

By June 30, 2020, 88% of customers surveyed will report that the library's collections and services meet their needs, up from a 2015 baseline of 84%.

Status: There has been a 1% increase year over year from 2014's low of 82.9%. MLCD is on track to meet this goal by 2020.

Government Operations

By June 30, 2020, 90% of first and second grade participants in the summer reading program will retain or increase reading and comprehension skills over the summer, based on a 2015 baseline of 87%.

Status: Goal was added in Fall of 2015. Summer Reading Program 2016 will be the first test against the baseline.

Staffing Variance Analysis

The Library District is hiring a Communications Officer to enhance the customer experience and initiate community engagement. This position will create, implement, and measure the effectiveness of short and long range strategic activities and operating plans for the District's communication, advertising and development. The Communication Officer will develop strategic marketing campaigns designed to increase public awareness of the Maricopa County Library District programs and services and cultivate positive relationships with civic and community leaders.

General Adjustments

Base Adjustments:

Library District Grants Fund (242) Non Recurring Non Project

- FY 2017 Non Recurring Non Project budget of \$ includes:
 - o \$1,000 revenue and expenditures for the Thinking Money Program grant.
 - o \$6,000 revenue and expenditures for the State Library Services & Technology Act Grant from the American Library Association and FINRA Investor Education Foundation.

Library District Fund (244) Operating

- Increase Revenue by \$45,797 for Donations.
- Increase Revenue by \$830,487 for Property Taxes.
- Decrease Revenue by \$13,100 for Payments in Lieu of Taxes.
- Increase Regular Benefits by \$157,599 for the impact of changes in health/dental premium rates.
- Increase Personnel Benefits Savings by \$2,673 for the vacancy factor applied to the impact of the changes in health/dental and retirement rates.
- Increase Regular Benefits by \$582 for the impact of the changes in retirement contribution rates.
- Increase Internal Service Charges by \$250,438 for the increase in Central Services Cost Allocation.
- Increase Supplies by \$331,525 for Virtual Branch library materials.
- Increase Services by \$219,857 for Polaris software updates.
- Decrease Internal Service Charges by \$21,830 for the impact of the changes in risk management charges.
- Increase Personnel Savings by \$14,420, from 1.58% to 2.66%.

Library District Fund (244) Non Recurring Non Project

- FY 2017 Non Recurring Non Project budget of \$2,020,441 includes:
 - o \$2,018,941 Transfer to Capital Project Fund.
 - o \$1,500 revenue and expenditures as a donation from The Friends of the Litchfield Park Branch Library.

Library Intergovernmental Fund (246) Operating

- Increase Revenue by \$64,153 for the increase in Intergovernmental Agreements.
- Increase Regular Benefits by \$62,644 for the changes in health/dental premium rates.
- Increase Personnel Benefits Savings by \$911 for the vacancy factor applied to the impact of the changes in health/dental and retirement rates.
- Increase Regular Benefits by \$187 for the impact of the changes in retirement contribution rates.
- Increase in Supplies and Services by \$90,985 for library materials.
- Increase in Personnel Savings by \$88,752, from 3.76% to 5.61%.

Programs and Activities

Public Library Service Program

The purpose of the Public Library Service Program is to provide resources, activities and skilled assistance to our customers so they can meet their needs, interests and goals.

Program Results

Measure Description	FY 2015 ACTUAL	FY 2016 REVISED	FY 2016 FORECAST	FY 2017 ADOPTED	REV VS ADOPTED VAR	%
Percent of customers who rate overall library services as excellent	54.0%	48.6%	54.0%	55.0%	6.4%	13.2%
Percent of customers who report that the library's collection of books and other materials meets their needs	93.7%	87.7%	85.3%	86.0%	(1.7%)	-1.9%
Percent of customers who report they are satisfied with the range of library programs and activities offered	92.1%	91.8%	92.8%	93.8%	2.0%	2.2%

Activities that comprise this program include:

- Public Library Services

Public Library Services Activity

The purpose of the Public Library Services Activity is to provide skilled assistance/referral, information literacy training, resources and activities to our customers so they can get the information they want in a timely manner and that they may find enjoyment, personal development and cultural enrichment.

Mandates: Discretionary services.

Activity Narrative: The Demand for “the number of items customers requested to be circulated” in the FY 2016 Revised Budget was overly ambitious and has been adjusted for the FY 2016 Forecast and FY 2017 Recommended Budget to be more in line with actual performance. The Library District is attempting to incrementally increase all three result measure percentages beginning in FY 2017 by continually listening to customers and reallocating resources as necessary to meet their needs.

Revenue Sources and Variance Commentary

Property Taxes

Beginning in FY 2016 for Tax Year 2015, the Library District secondary property tax will no longer assess property valuation based on full cash value, but instead on limited property value and will have a growth cap of 5% on property taxed in the prior year. This change in property tax collections is due to a voter approved Proposition 117 that was approved in 2012. Previously, secondary net assessed values of real and personal property had no constitutional limitation on growth. The Library District Board of Directors chose to impose growth limitations similar to those imposed on the primary levy resulting in a 2% cap annual growth on property taxed in the prior year.

The schedule below lists the secondary net assessed values, tax rates, and secondary property tax levies for the last nine fiscal years, plus the assessed values and tax rates for FY 2017. The tax levy will increase from FY 2016 to FY 2017. The Library District's property tax rate for FY 2017 will remain flat at \$0.0556 per \$100 net assessed value.

Fiscal Year	Net Assessed Value (Thousands)	Tax Rate (per \$100 N.A.V.)	Tax Levy
2008	49,534,573	0.0391	19,368,018
2009	58,303,635	0.0353	20,581,183
2010	57,984,051	0.0353	20,468,370
2011	49,707,952	0.0412	20,479,676
2012	38,760,297	0.0492	19,070,066
2013	34,400,455	0.0492	16,925,024
2014	32,229,007	0.0438	14,116,305
2015	37,616,986	0.0556	19,504,284
2016	34,623,670	0.0556	19,250,761
2017	36,135,494	0.0556	20,091,335

The Board of Directors must adopt the Library District's property tax levy on or before the third Monday in August for the fiscal year that begins on the previous July 1. Real property taxes are paid in arrears in two installments, due October 1 and March 1.

The FY 2017 budget includes a secondary property tax levy (excluding Salt River Project) of \$20,091,335, an increase of \$840,574 from the FY 2016 Adopted Levy.

Secondary Tax Rate (per \$100 Assessed Value)		0.0556	
Property Tax Bill	\$	6.73	
Tax Bill Savings/(Increase)	\$	(0.28)	-4.3%

Property tax revenue is budgeted in FY 2017 based on prior years' collection trends, rather than on the actual levy amount. The chart below illustrates the estimated collection for FY 2017.

Property Tax Collection Analysis Library District			
FY	Levy Amount	Estimated Collections	Rate
2017	\$ 20,091,335	\$ 19,850,239	98.8%

Intergovernmental Revenues

Intergovernmental Revenues are amounts received by the Library District from other government or public entities, and include payments in lieu of taxes, grants, and payments required by intergovernmental agreements, (IGAs). Intergovernmental Revenues come from a variety of sources including the Federal government, local cities and the State of Arizona. Included in the intergovernmental classification are grant revenues that typically carry restrictions on how they may be expended.

Payments in Lieu of Taxes

Payments in lieu of taxes are collected from the Salt River Project (SRP) and the Federal government. Although it is a public entity, SRP estimates its net assessed value and makes payments in lieu of property taxes to each taxing jurisdiction based on its property tax rates.

SRP Payments in Fiscal Year Lieu of Taxes	
2008	202,829
2009	195,719
2010	226,942
2011	269,405
2012	327,394
2013	329,011
2014	296,957
2015	377,686
2016*	421,585
2017**	408,485
* Forecast	
** Budget	

Intergovernmental Charges for Service

Intergovernmental Charges for Service include a variety of payments from other jurisdictions, usually as required by Intergovernmental Agreements (IGAs) with the District. The following table shows the projected and budgeted intergovernmental revenue, by jurisdiction.

Intergovernmental Charges for Service		
	FY 2016	FY 2017
Gilbert, Perry Branch Library	\$ 1,025,985	\$ 1,004,890
Surprise/Hollyhock	1,852,860	1,903,000
Deer Valley Unified School Dist (lease & library services)	26,855	22,600
Gilbert, Southeast Regional Library	2,158,686	2,200,210
TOTAL	\$ 5,064,386	\$ 5,130,700

Fines and Forfeits

The District collects fines according to the rates approved by the Board of Directors. The chart to the right illustrates the fines collected from FY 2015, the anticipated amount for FY 2016 and the budget for FY 2017. The Food for Fines program decreased revenue significantly from FY 2015 to FY 2016.

Miscellaneous Revenue

The Library District classifies miscellaneous revenues as any revenues that do not fall within a more specific revenue category. Examples of miscellaneous revenues include vending receipts, sales of copies, interest earnings, building rental, and donations. The chart to the right illustrates the Miscellaneous Revenues from FY 2015 through the FY 2017 budget. The FY 2017 Miscellaneous Revenues are significantly less than those budgeted for FY 2016 due to a decrease in donations.

Fund Balance Summary and Variance Commentary

The following schedule lists the estimated beginning fund balances, projected revenues and expenditures for the upcoming fiscal year, along with resulting estimated fund balances. "Beginning Spendable Fund Balance" represents resources accumulated within each fund as of the start of the fiscal year, based on actual and projected revenues and expenditures for prior fiscal years. For budgeting purposes, Library District fund balances are "Restricted".

Maricopa County Library District
where curiosity leads

Stadium District

Motion

Approve the Stadium District Fiscal Year 2017 Budget in the amount of \$10,639,898 by total appropriation for each fund and function class for the Stadium District. This amount represents no change from the Fiscal Year 2017 Tentative Budget of \$10,639,898.

Stadium District Transmittal Letter

To: Clint Hickman, Chairman, District 4
Denny Barney, District 1
Steve Chucri, District 2
Andrew Kunasek, District 3
Steve Gallardo, District 5

The Stadium District's recommended expenditure budget for FY 2017 is \$10,639,898 and the recommended revenue budget is \$10,620,908.

Chase Field is now entering its 19th season of baseball. The District completed Phase V of the Concrete and Structural Repair project in FY 2016. The Concrete and Structural project is projected to be an ongoing, multi-year effort based on objective findings from the Facility Assessment Study (conducted every two years) and annual observation and investigation.

On August 1, 2012, the District issued Revenue Refunding Bonds, Series 2012 in the amount of \$25,140,000 (par value) with an interest rate of 2.28%. The District paid \$3,325,000 towards the FY 2015 outstanding balance of \$16,010,000; leaving a balance of \$12,685,000 for FY 2016. The District will pay \$3,405,000 towards principal in FY 2017, leaving a balance of

\$9,280,000. The Bonds are scheduled to be paid off in June 2019.

In FY 2015, \$1,230,178 of excess car rental surcharge revenue was remitted to the Arizona Sports and Tourism Authority (AZSTA). It is expected that excess car rental surcharge revenue will continue to be available for remittance to AZSTA in FY 2016 and 2017.

I wish to offer my appreciation to the Board of Directors for their support and guidance during the budget development process. I believe this budget is sustainable, responsible, and aligns with the District's mission.

Sincerely,

Joy Rich
Maricopa County Manager

On June 20, 2016, the Stadium District Board of Directors adopted the FY 2017 Budget totaling \$10,639,898. There was no change in total expenditures from the Tentative Adopted Budget.

Chase Field

Stadium District

Analysis by Kimberly D. Tolbert, Management and Budget Analyst

Mission

The mission of the Maricopa County Stadium District is to provide fiscal resources and asset management for the community and visitors to Maricopa County so they can attend Major League Baseball games and other entertainment events in state-of-the-art, well-maintained facilities.

Vision

Citizens serving citizens by working collaboratively, efficiently, and innovatively. We will be responsive to our customers while being fiscally prudent.

Strategic Goals

Department Specific

By June 2017, completion of preventive maintenance will increase by 5% from 80% to 85% of items that are scheduled for the Stadium to maintain the facility for the safety and convenience of the attendees.

Status: It is anticipated that routine maintenance will be approximately 83% for FY 2016 and the goal of 85% will be met in FY 2017.

Department Specific

By June 2017, the number of District events held at the ballpark will increase by 3% from 168 to 173 non-baseball events.

Status: There are 220 non-baseball District events scheduled for FY 2016. It is anticipated that the goal of 173 non-baseball events will be met in FY 2017.

Department Specific

By June, 2017, the District will increase facility revenue by 3%, from \$627,509 to \$646,334, for non-baseball events to provide resources to ensure that Chase Field is a well-maintained, state-of-the-art facility.

Status: Revenue from non-baseball events is scheduled to be \$650,000 for FY 2016 and FY 2017 in accordance with the Booking Manager Contract.

General Adjustments

Base Adjustments:

Ballpark Operations Fund (253) Operating

- Increase Regular Benefits by \$6,550 for the impact of the changes in health/dental premium rates.
- Increase Personnel Benefits Savings by \$874 for the vacancy factor applied to the impact of the changes in health/dental and retirement rates.
- Increase Regular Benefits by \$33 for the impact of the changes in retirement contribution rates.
- Decrease Services by \$5,694.
- Decrease Internal Service Charges by \$15 for the impact of the changes in risk management charges.
- Increase Revenues by \$77,165 for the impact of additional payments from the Arizona Diamondbacks in compliance with multiple agreements and changes in other charges for services.

Ballpark Operations Fund (253) Non Recurring Non Project

- The 2017 Non Recurring Non Project budget of \$2,558,639 includes:
 - o Increase Supplies-Allocation In by \$3,639 for Other IT Non Recurring expense for desktop replacement.
 - o Increase Transfer Out by \$2,555,000 to the Long Term Project Reserve Fund (450) Non Recurring Non Project.

Stadium District Debt Service (370) Operating

- Increase Revenue by \$4,190 for the impact of changes in Car Rental Surcharge in FY 2017.
- Increase Debt Service expenditures by \$4,190 in FY 2017.

Long Term Project Reserve Fund (450) Operating

- Increase revenue by \$135,865.

Long Term Project Reserve Fund (450) Non Recurring Non Project

- The Non Recurring Non Project budget includes:
 - o Increase Transfer In by \$2,555,000 from Ballpark Operations Fund (253) Non Recurring Non Project.
 - o Increase expenditures by \$4,000,000 for Phase VI of the Concrete and Structural Repair project and \$55,000 for Chase Field Roof Power Wash.

Eliminations Fund (900) Operating

- Decrease revenue and expenditures by \$135,865 to eliminate transfers between Ballpark Operations Fund (253) and Long Term Project Reserve Fund (450).

Eliminations Fund (900) Non Recurring Non Project

- The 2017 Non Recurring Non Project budget of (\$2,555,000) includes:
 - o Decrease revenue and expenditures by \$2,555,000 to eliminate transfers between Ballpark Operations Fund (253) and Long Term Project Reserve Fund (450).

Programs and Activities

Stadium District Program

The purpose of the Stadium District Program is to provide facilities and events to communities, residents and visitors so they can enjoy the benefits of baseball games and other events.

Program Results

Percent change in economic benefit from Cactus League over prior year	28.9%	5.0%	28.9%	5.0%	0.0%	0.0%

Activities that comprise this program include:

- Cactus League Support
- Stadium Operations

Cactus League Support Activity

The purpose of the Cactus League Activity is to provide spring training facilities to Maricopa County communities so they can enjoy the economic benefit resulting from games and events.

Mandates: Mandated by A.R.S 48-4204 which states, "From the taxes and surcharges levied pursuant to article 2 of this chapter for use with respect to major league baseball spring training, the district may acquire land and construct, finance, furnish, maintain, improve, operate, market and promote the use of existing or proposed major league baseball spring training facilities or stadiums and other structures, utilities, roads, parking areas or buildings necessary for full use of the training facilities or stadiums for sports and other purposes and do all things necessary or convenient to accomplish those purposes. The board shall require that any project undertaken by the district include financial participation from the county or municipality in which the project is located, from a private party or from any combination of these entities which equals or exceeds one-half of the amount to be expended or distributed by the district..."

Activity Narrative: The annual cost per spring training facility declined in FY 2015 due to a decrease in excess Car Rental Surcharge that was remitted to the Arizona Sports and Tourism Authority (AZSTA). The payment to AZSTA in FY 2015, in accordance with the intergovernmental agreement was \$1,230,178. The debt service payment increased due to the net effect of an increase in principal and decrease in interest payments. Revenue collected for the Car Rental Surcharge is expected to increase based on historical results and forecasting tools.

Stadium Operations Activity

The purpose of the Stadium Operations Activity is to provide Stadium events, capital improvement projects and a well-maintained facility to attendees so they can attend and enjoy events in an up-to-date well maintained facility.

Mandates: Mandated by A.R.S 48-4204 which states, "From the taxes and surcharges levied pursuant to article 2 of this chapter for use with respect to major league baseball spring training, the district may acquire land and construct, finance, furnish, maintain, improve, operate, market and promote the use of existing or proposed major league baseball spring training facilities or stadiums and other structures, utilities, roads, parking areas or buildings necessary for full use of the training facilities or stadiums for sports and other purposes and do all things necessary or convenient to accomplish those purposes. The board shall require that any project undertaken by the district include financial participation from the county or municipality in which the project is located, from a private party or from any combination of these entities which equals or exceeds one-half of the amount to be expended or distributed by the district..."

Activity Narrative: It is estimated that there will be a slight increase in routine maintenance items completed on time. The number of expected attendees at events for the current fiscal year is expected to decrease in FY 2017. The results of the survey that was conducted in 2015 by the Arizona Diamondbacks showed that customer satisfaction remained the same. The decrease in attendance would be due to historical data and forecasting tools. Increase in revenue results from agreements with the Arizona Diamondbacks in FY 2016. The District is working with the Arizona Diamondbacks and facility assessment to determine the amount for non-recurring major maintenance and/or capital projects.

Revenue Sources and Variance Commentary

Special Sales Tax

The Car Rental Surcharge established by A.R.S. §48-4234 is used to repay Stadium District Revenue Bonds for Chase Field or the Cactus League and to fund Cactus League operations. Any net revenue is transferred to the Arizona Sports and Tourism Authority (AZSTA) according to an intergovernmental agreement. Pursuant to A.R.S. §48-4234, the District may set the car rental surcharge at \$2.50 for each lease or rental of a motor vehicle, licensed for hire for less than one year and designed to carry fewer than 15 passengers, regardless of whether such vehicle is licensed in the State of Arizona. The District Board of Directors initially levied a car rental surcharge at a rate of \$1.50 beginning in January 1992. The District Board of Directors increased the surcharge to \$2.50, the maximum amount permitted by Statute, in January 1993.

Stadium District Car Rental Surcharge		
Fiscal Year	Annual Collections	Growth Rate
2007-08	6,132,645	-2.5%
2008-09	5,304,567	-13.5%

Licenses and Permits

The Stadium District receives revenue for naming rights, intellectual property rights and commissions on suite rental which it classifies as License and Permit revenue. In addition, there are receipts under agreement with the Arizona Diamondbacks baseball organization that fall into this category.

Other Charges for Service

The Stadium District classifies revenues from the booking manager for events, parking charges, and reimbursements for security services as Other Charges for Service. The Stadium District also receives a fee from Northwind related to the utilization of the District's cooling system which is included as Other Charges for Service.

Miscellaneous Revenue

The Stadium District classifies Miscellaneous Revenues as any revenues that do not fall within a more specific revenue category. Examples of Miscellaneous revenues include certain receipts from the agreements with the Arizona Diamondbacks baseball organization and interest earnings.

Other Financing Sources

Other Financing Sources are solely comprised by Fund Transfers In.

Fund Transfers

Revenue is transferred between the Stadium District funds to provide resources for operations and capital improvements. Under an intergovernmental agreement with the Arizona Sports and Tourism Authority (AZSTA), the District transfers any remaining revenue after debt payments, required reserves, and operations from the Stadium District Debt Service Fund (370) to the Cactus League Operations Fund (250). The remaining revenue is then sent to the AZSTA to be used for Cactus League purposes.

Additionally each year, half the net revenue from the Ballpark Operations Fund (253) is transferred to the Long Term Project Reserve Fund (450). These transfers are made as required under the agreements with the baseball team. The funds are utilized to maintain and improve the facility. In addition, transfers from the Stadium District Ballpark Operations Fund (253) to the Stadium District Debt Service Fund (370) will be made for repayment of loans used for projects and renovations. For further detail on Fund Transfers, refer to the Fund Transfer section earlier in this document.

Fund Balance Summary and Variance Commentary

Fund Balance Summary

The following schedule lists the estimated beginning fund balances, projected revenues and expenditures for the upcoming fiscal year, as well as resulting estimated fund balances at the end of FY 2017. "Beginning fund balance" represents resources accumulated within each fund as of the start of the fiscal year, based on actual and projected revenues and expenditures for prior fiscal years.

Debt Service

The Stadium District was formed through action of the Maricopa County Board of Supervisors in September 1991 pursuant to A.R.S., Title 48, Chapter 26. The Stadium District has two purposes:

- Oversee the operation and maintenance of Chase Field, a Major League Baseball stadium.
- Enhance and promote Major League Baseball spring training in the County through the development of new, and the improvement of existing, baseball training facilities.

To accomplish these purposes, the Stadium District possesses the statutory authority to issue special obligation bonds to provide financial assistance for the development and improvement of baseball training facilities located within the County.

Debt Issuance History

The Stadium District has used debt financing for many years to finance capital projects. The following chart illustrates the amount of debt, as well as categories of outstanding debt for the fiscal year ended June 30, 2015.

LONG-TERM LIABILITIES
All Categories of Debt
Maricopa County Stadium District
As of June 30, 2015

	Year Ending June 30				
	2011	2012	2013	2014	2015
GOVERNMENTAL ACTIVITIES:					
Bonds, loans, and other payables:					
Stadium District revenue bonds	\$ 34,515,000	\$ 30,945,000	\$ 22,440,000	\$ 19,260,000	\$ 16,010,000
Stadium District loans payable	8,106,857	6,906,857	5,706,857	-	-
Total governmental activities	\$ 42,621,857	\$ 37,851,857	\$ 28,146,857	\$ 19,260,000	\$ 16,010,000

Stadium District 2012 Revenue Refunding Bonds are special obligations of the District, which were privately placed and not subject to bond rating. The bonds are payable solely from pledged revenues, consisting of car rental surcharges levied and collected by the District pursuant to A.R.S., Title 48, Chapter 26, Article 2, §48-4234. The bonds do not constitute a debt or a pledge of the faith or credit of Maricopa County, the State of Arizona, or any other political subdivision. The payment of the bonds is enforceable solely out of the pledged revenues, and no owner shall have any right to compel any exercise of taxing power of the District, except for surcharges.

The Stadium District has pledged future auto rental surcharge revenues to repay the Revenue Refunding Bonds of \$16,010,000. Proceeds from the bond issuance provided financing to refund previously issued bonded debt for the construction of Cactus League facilities. The bond is payable through 2019.

The following table illustrates the existing debt service for the outstanding Stadium District Revenue Bonds.
