ARIZONA DEPARTMENT OF RACING

JANICE K. BREWER
GOVERNOR

LONNY T. POWELL
DIRECTOR

September 30, 2011

The Honorable Janice K. Brewer
Governor of the State of Arizona
1700 West Washington
Phoenix, Arizona 85007

Dear Governor Brewer:

It is my pleasure to submit the FY 2011 Department of Racing Annual Report. This report reflects statutory requirements as they relate to the Department's regulatory, fiscal, and administrative responsibilities.

During fiscal year 2011 the Department regulated and supervised live and simulcast horse and greyhound racing and pari-mutuel wagering at two commercial horse tracks, two greyhound tracks, 10 county fair racing meetings, and 70 teletrack locations throughout Arizona. The total pari-mutuel handle for all racing was \$169 million, a decrease of \$11.8 million or 6.5% from the prior year. The total pari-mutuel tax receipts amounted to \$284,807, a decrease of 9.3% from the prior year.

A combined total of 221 boxing and mixed martial arts bouts or matches were also supervised and regulated during the year. Of particular note was the hosting of the Strikeforce Mixed Martial Arts show at the Dodge Theater televised on Showtime, and the internationally televised World Extreme Cagefighting World Championship bout held at the Jobing.com Arena, and their related economic impact and publicity for the local community and state.

FY 2011 completed the first full year under new leadership, vision and progress for the Department. The agency enthusiastically and swiftly undertook a number of new approaches to best utilize its expertise, strengths and resources to effectively and efficiently supervise an economically challenged industry while continuing to grapple with its own budgetary hurdles. We also heard very clearly and very much supported the mission of your COPE (Commission on Privatization & Efficiency) initiative and took a leading role in maximizing operational efficiencies via the pursuit and successful execution of one of the first new Interagency Service Agreements (ISAs) under your leadership. This arrangement provided us the opportunity to consolidate certain generic "back office" functions while redirecting resources and focus to our core regulatory, enforcement and service programs.

The Honorable Janice K. Brewer

Page 2

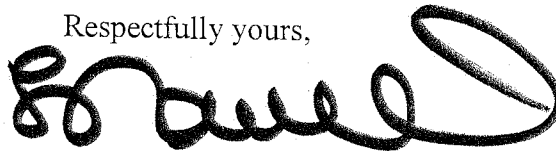

By far, the greatest highlight for the Department and its leadership during this past year was the significant achievement legislatively to transition to total "self-funding" over the next two years, thus allowing this agency to move forward in a more stable and effective manner while doing its part to take pressure off the growing demand for scarce General Fund resources during these challenging economic times. This herculean accomplishment could not have happened without the selfless and dedicated support of all aspects of the pari-mutuel industry as well as the Arizona Racing Commission. Though the industry stakeholders faced their own significant economic and competitive challenges, they recognized the critical and necessary need for regulation of their sport and businesses and actively supported our new funding legislation throughout the entire process. Their input and support was invaluable.

With the steadfast support and leadership of your administration, our objective is to continue building a more modernized, responsive, customer-friendly and enhanced operation. We will continue to make every effort to regulate firmly and fairly while fostering productive, supportive and positive relationships throughout our government as well as our job- and agribusiness-intensive industry.

As part of the annual report, the Department is required by statute to submit recommendations for increasing state revenues from the regulation of the racing industry while maintaining the financial health of the industry and protecting the public interest. These are challenges that the Department and the industry must confront together while preserving the jobs, economic impact, contribution to tourism, agriculture development and years of tradition that are all objectives and values important to the citizens and communities throughout the state.

The Racing Department is committed to performing all statutory and regulatory duties in a manner that brings respect to the State, agency and the industry. Your continued leadership and support is greatly appreciated.

Respectfully yours,

Commercial Racing

The Department of Racing regulates and supervises all commercial horse and greyhound racing meetings and pari-mutuel wagering conducted on- and off-track in Arizona to enforce laws and regulations and to protect racing participants and the wagering public.

In FY 2011, the Arizona Racing Commission approved three-year commercial and teletracking permits for American Greyhound Racing, Inc. and a three-year commercial permit for Pima County Horsemen's Association. Tucson Greyhound Park, Inc. filed renewal applications for commercial racing and teletracking for the years 2011, 2012 and 2013. By statute, Tucson Greyhound Park may continue to operate under their current permit until the Arizona Racing Commission, upon recommendation by the Department, has finally ruled on the application. The renewal application submitted by Yavapai County Fair Association is still pending. Yavapai Downs did not open for racing in May 2011.

County Fair Racing

The Department of Racing is responsible for regulating and supervising all county fair horse racing meetings, providing staff to operate race meetings, conducting investigations, issuing licenses, conducting equine and human drug testing, overseeing wagering, conducting hearings on investigation referrals, and collecting revenues for the State. The Department of Racing recognizes that county fair racing is an important component of the Arizona racing industry.

County fair racing is supported by the following two fund sources: the County Fair Racing Fund and the County Fair Racing Betterment Fund. No monies were appropriated for these funds in FY 2011; therefore, racing at county fairs saw a sharp decline. Only four fairs conducted live racing in FY 2011, compared to nine fairs that raced in FY 2010.

Boxing and Mixed Martial Arts Regulation

The Boxing and MMA Commission regulate and supervise Boxing and Mixed Martial Arts Events conducted in Arizona to protect the participants in these events and to ensure compliance with the applicable laws and regulations.

In 1992, the Arizona Department of Racing assumed responsibility for the financial administration of the Arizona State Boxing Commission. (Note: In July 2010 the name was changed to the Arizona State Boxing and MMA Commission). In this capacity, the Department collects and deposits State receipts associated with the sports. The Department collects a fee of four percent of the gross receipts after deduction of any federal, state, and local taxes generated from Boxing and MMA matches.

Additionally, the Boxing and MMA Commission has entered into intergovernmental agreements with certain Tribal organizations to supervise Boxing events conducted on Tribal land. The Arizona State Boxing and MMA Commission receive an average of \$2,500 per event subject to these agreements. During FY 2011, the Boxing Commission regulated 11 of these events and collected \$28,000 for their regulation. The revenues collected for taxes and Tribal fees were deposited into the General Fund.

Department of Racing Budget

The Department of Racing receives 100% of its funding from the General Fund. As with most agencies, the budget for the Department has been greatly reduced. The total Department of Racing budget for FY 2011 was \$3,863,600. Included in the Department's budget is \$1,779,500, which is deposited to the County Fairs Livestock and Agricultural Promotion Fund, a fund administered by the Governor's Office to promote the livestock and agricultural resources of the State and for conducting an annual Arizona livestock fair by the Arizona Exposition and State Fair Board to further livestock resources.

In FY 2011, the Department's appropriation was again reduced, which placed the agency's ability to effectively regulate in jeopardy. To alleviate the burden on the General Fund, the Department pursued legislation through the budget process to transition from General Fund support to "self-funding" from the racing industry. The Legislature approved the budget request and effective July 20, 2011, the Department of Racing will receive approximately half of its funding from the General Fund and half from the newly created Racing Regulation Fund. In FY 2013, the Department will be totally funded from the Racing Regulation Fund.

The Department of Racing's expenditures for the last three fiscal years and the appropriated funds for FY 2012, are included below.

Track Capital Improvements

The Department was authorized by statute to encourage the improvement of racing facilities by reducing the pari-mutuel tax due the State. The percentages paid the State by the permittee was reduced by 1% of the total amount wagered in counties with a population over 500,000 and 2% in all other counties.

Prior approval of the Racing Commission for the capital improvement proposed was required to qualify for the reduction. This provision expired on June 30, 1992 for counties with populations of 500,000 or more and on June 30, 1999 for counties with populations of less than 500,000 according to the previous United States decennial census. The capital improvement dollars for projects approved before the expiration date may continue to be deducted from the pari-mutuel tax due until exhausted. The following table show dollars deducted by all racetracks during FY 2011. The only racetrack which has not exhausted the dollars approved is Yavapai Downs.
