NAT'L YOUTH WEEK STARTS KIM NAGANO IS DIRECTOR

Preps To Prepare Project Paper; Athletic Events, Socials

From tomorrow through May 8 youth in Gila will experience a hectic week of activities.

Commanding a great deal of attention is the National Service Day on Thursday in Butte when elected high school students will take over project administrative functions. Kim Nagano, senior will rule the center as the Project Director for a day.

Entertainment and Field Day on Saturday in both communities is eliciting considerable comment also. Boys and girls softball teams from Casa Grande schools are scheduled to play Butte teams on that day.

On Monday and Tuesday, for the first time in weeks, the NEWS-COURIER will be adequately staffed when the Butte and Canal high school journalists take over for a issue as a

(continued on page 3)

EMERGENCY TELEPHONES

First telephone in the residential blocks for use by the residents in emergencies such as fires and injuries and for administrative purposes will probably be installed next week, said Firman Brown, deputy Project director.

At least one telephone will be hooked up in every two blocks. In all, there will be 68 telephones in Butte and 28 in Canal including those issued in administration building.

The communication system is being put up by the United States Army Signal Corps.

BUSSEI SPONSOR BIG ORATORICAL 4 GOLD CUPS

Under auspices of the Butte Young Buddhist Association, a camp-wide welcome oratorical contest will be sponsored May 23 in both the English and Japanese language. Contrary to initial announcements, not only YBA membership card holders, but all interested nisei are invited to contest.

Participants may register with Block Representatives or at the NEWS-COURIER office with George Matsuura.

Four enviable gold loving cups will be presented to first and second place winners in the two divisions. Many other worthy prizes will be awarded to all other contestants. Speeches should not be more than seven minutes in length.

Topics for the oratorical are: Has Evacuation Affected My Faith?, Nisei and Their Relation to the Present Crisis, Responsibilities of the Nisei in the Postwar World, My Idea of the Ideal Relocation Center, To What Extent Are Nisei Americanized, Why I Intend to Resettle-(or Remain Here), Race Projudice, How Evacuation Affected Me, Contributions of Buddhism to the American Civilization.

NYA Training Schools Open

375 NISEI TO BE ACCEPTED

The development of nisei skills for use in industrial and other types of specialized work through National Youth Administration resident training schools was approved by the NYA Washington office, announced Supervisor Luther Hoffman of Community Services Division.

The problem of working out the details is left to the Projects, and here arrangements are being made with the NYA resident training school in Phoenix said Hoffman. Men and women, 16 to 25 years, and citizens, qualify for such training.

The NYA has agreed to accept 375 young men and women from the ten relocation centers said Hoffman. The training period requires from six weeks to four months depending on the individual. Each enrollee is provided with room and board, services, plus $15.90 per month.

ARIZONA RESETTLEMENT

Governor Osborn yesterday appointed a committee to study the extent of Japanese settlement in Arizona and its effects both upon the Japanese and the citizens of Arizona, disclosed the Arizona Republic, April 30.

He said that Arizona is willing to take its share of Japanese in any relocation, but declared that it is unfair to expect this state to burden itself with nearly half of the total Japanese of the nation.

The governor told Senator Hayden, Arizona's senior senator, that "their (evacuee) employment in here is highly undesirable."

A YEAR AGO YESTERDAY

A year ago yesterday the little village of Arroyo Grande was evacuated. The issei and nisei in that village were a peaceable lot. They tilled their fields tended their stores. Prior to the war, they were happy in provincial bliss. They wanted to be left alone; they cared little for the rantings of a Hitler or a Tojo. They were not much interested by nisei complexes or movements. They contributed generously to the Boy Scouts, the Red Cross, and other welfare organs. The nisei enjoyed shows and dances, loved hamburgers and cokes, drove their old man's car. It was typical of many such communities throughout the coast.

They accepted the bitter blow of evacuation, and they gathered that day a year ago yesterday atop a hill overlooking their valley. Stretched before them was a beautiful green valley they had helped develop. They loved the village, yet they made no protest as they boarded their busses.

They entered the Tulare Assembly that day. Four months later, they were in Gila. They have helped make both places livable. They have accepted their lot with more constructive work than complacency.

These people and all others who make the relocation centers assume an approximation of a home, are of the common people that Vice-President Wallace refers to. They, like Tom Jones in an obscure Mid-Western hamlet, are being educated that isolation is no longer possible, that war is not desirable. They, like Tom, hope for peace again, the way of life they loved, and an early victory over forces that threaten the world. They, as much as the Joneses; are the hope of the world.

YOUTH WEEK OBSERVATION

IMPORTANCE OF TODAY'S NISEI BOYS', GIRLS' WEEK YOUTH IN FUTURE AMERICA PROGRAM TOLD

The Boys' and Girls' Week to be held in this center starting tomorrow brings to mind again the importance of youth, the nisei, to the future of persons of Japanese descent in this country.

In 1941, most of the issei had been in the country more than twenty years. Their average age was 58. They were getting old. Their sons and daughters were averaging 20 years of age.

It was when the issei were commencing to hand the reins to their offspring. They had been severely handicapped by cultural, lingual a n d educational differences and anti-Oriental and alien laws. With the nisei maturing, they could foresee a brighter future, a greater security yes, but more for their children's sake.

Then out of the sky a bomb dropped on Pearl Harbor. Evacuation followed. The dreams, the hopes they had nurtured were shattered. That future they had conjured for their sons and daughters was lost in disillusion.

But, now, a year had sped by, a year in which evacuees have had time to readjust their perspective to greater objectively. The future is taking a clearer, a more reassuring aspect. Again the nisei is being associated with the future.

It is well then that youth is accented this coming week. The week will bear an added meaning here that will not be understood outside of relocation centers.

In conjunction with the National Boys and Girls Week, May 2 to 8, inclusively, Rivers' youths will partake in the week of activities, o p e n i n g with a Religious Day observation tomorrow. Under general guidance of the CAS groups, a c omplete program is scheduled for the week.

CALENDAR OF EVENTS

Butte's calendar o f events for the week is as follows:

Sunday, May 2- Church Day, churches; Monday, May 3-School Day, Dr. George Young and PTA; Tuesday May 4 - Occupational Day, Ken Dyo; Wednesday, May 5-Safety & Health Day, E. Iwasaki; Thursday, May 6-National Service Day, Harry Miyake; Friday, May 7-Night at Home, Miye Tachihara; Saturday, May 8-Entertainment Day, Midori Morooka.

The program scheduled for Friday night will be dispensed with, as t h e high school May Queen hop will be held that evening, disclosed general National Youth Week chairman, Masaji Goto.

SCHEDULE

Canal's activity schedule is as follows:

JR. OFFICERS

Following election of officers to the newly-organized Jr. YBA, the group will have their first social get-together tonight from 7:30 p.m., at the Buddhist Hall 42, revealed chairman Mary Nakahiro.

Informal installati on will be conducted tomorrow evening at Temple 63.

STAGE
Butte Improves Amphitheatre

The bare, rectangular platform that served Butte as its stage is emerging from its chrysalis and will be a respectable scene for stage productions in a few days, it was disclosed.

With mostly voluntary labor, the new floors have already been nailed in, and dressing rooms are nearing completion. Semi-circular back wall will be added as soon as the two dressing rooms are finished.

Present plans also call for the construction of seats with lumber contributed by residents in the forward section of amphitheatre and the erection of posts to mark the audience area.

PHOTO SHOP HOURS

Contrary to a previous announcement, the photo shops will be open all day Sundays, opening at 9 a.m. Locales of the shops are 42-6-B and 16-10-C, in Butte and Canal respectively.

VISITORS

Members of the Casa Grande Women's Club were guests of the Canal Women's club Monday evening. The guests arrived to see the Easter Holiday Exhibit. Mrs. Tomooko Yamamoto was hostess.

"THE UNINVITED" "PRIVATE DUTY"

"Seven Came Through," an American war epic, written by Eddie Rickenbacker, the celebrated and reknown birdman, is now available at the Butte library.

Other new books now available are "Knute Rockne," a biography of the great fighting Irish written by Harry Stuhldreher, Rockne's student.

"Private Duty," by Faith Baldwin, "The Uninvited," by Dorothy McCardle, "Turning Leaves," by Ellen Proctor, "Murder Up My Sleeve," by Erle Stanley Gardner and "Window at the White Cat," By Mary Robert Rinehart are also on shelf.

INDUSTRIAL JOBS TO OPEN IN CLEVELAND AREA SOON

Many jobs for persons with work experience as machinists, welders, body repairmen, and body painters are opening up, reported Harold S. Fistere, relocation supervisor, to Project Director Leroy Bennett from Cleveland, Ohio in a letter.

Representatives of several of the trade unions concerned with above trades are at the present time meeting with employers with whom they have agreements, wrote Fistere. He gave assurance that a number of employment offers will be coming in ten days of two weeks.

Fistere urged residents interested in the above trades to write directly to his office to facilitate the entire placement process. William Huso, employment supervisor, pointed out that such residents should have been cleared or have applied for leave clearance.

HOARDING A GOOD IDEA? ENTER FASHION DESIGN CONTEST

Are you hoarding an idea of just what's correct to wear in camp? Then take your design and enter the cotton dress designing contest being sponsored by Sachiko Yamamoto's Drafting and Sewing classes, to be held in June. Submit that nifty crack-of-dawn get-up, or that luscious canteen dance model.

The contest will be classified into three division: (1) children--sold color with trimming; (2) Junior Misses --play shorts; (3) Misses and Women's--one piece frocks.

All members of Miss Yamamoto's classes are eligible for entry, with any number of entries possible. However, all projects must be of cotton fabric. Designs must be submitted by June 5. Prospective contestants are requested to hand in their names and addresses to the instructoress.

U CLUB PICNIC

Across the dyke in Canal will be the scene of the University Club's May Day picnis tonight at 7:30.

Members and friends are cordially invited to partake in the grand feast with novel entertainment and great doings planned for the affair.

28 BEETERS LEAVE GILA

Twenty-eight men departed yesterday from Rivers by a specially chartered Greyhound bus for the Hardin, Montana beet fields.

Wednesday, May 5, another contingent of 25 workers will leave the colony for employment with the Holly Sugar Co. Early sign-ups are urged. Office hours are 9 a.m. to 12 noon, 16-4-D in Canal; 1 p.m. to 5 p.m., 42-3-C in Butte. In the evenings residents may register at 47-2-B.

Engeikai Shows

There will be an Engeikai tonight at the Outdoor Stage in Canal from 8 o'clock. A tragedy-"Mother's Souvenir" and a comedy-"Dream" will be presented as top features on the program. The popular Japanese band from Butte is also scheduled to appear.

NEW DIRECTOR

Ted Fujikuni assumed his duties as new Canal CAS Community Events Director Monday, April 26. Frank Totsubo, former CAS CED is now Senior Interviewer.

CLASS HOUR CHANGES

Announcement is made of the changes in the schodules for Sachiko Yamamoto's Drafting and Sewing classes. Beginners and advanced drafting students will meet on Monday and Wednesday mornings only.

All day sessions will be conducted for the sewing classes Mondays through Thursdays, inclusive. Fridays, there will be morning sessions only.

YMCA LEADERS VISIT RIVERS

To assist in the organization of a YMCA and to help set up an activities program, two "Y" leaders, Y. V. Root, executive secretary of Maricopa County Y groups and Dewey Swihart, general secretary of the Phoenix organization were in Gila yesterday meeting with Butte Christian leaders.

Earle Yusa, CAS councilman, said, "We intend that the YMCA shall be largely non-denominational in character, and interested primarily in activities. We feel that membership will definitely be an aid in readjustment after resettlement."

Swihart reported that quite a few volunteers from Gila stayed at the YM building and dormitories while on leave in Phoenix.

APPRECIATION

May I take this opportunity of expressing my heartfelt thanks to all my many gracious friends, for their floral and spiritual offerings, during my late hour of bereavement. I only wish I could express fully the appreciation I feel.

Most sincerely,
Tatsuko Fukushima

YWCA MAY MIXER BILLED

Come to make new girl friends and have a good time at tonight's "May Mixer" which will be sponsored by the Y.W.C.A. working girls. All high school girls and working girls interested in "Y" activities are welcome. New songs and games shall be the main feature for the evening.

Be sure to come promptly at 7 p.m., rec. 41.

ENGAGEMENT

Before relatives and close friends, Setsuko Shimizu of Canal recently announced her engagement to Tadao Fujii at a tea.

BLOCK 28, HINODES STAGE BIG BATTLE SUN.

GUADALUPE YMA SEEKS FIFTH STRAIGHT

Still stingingly mad from their bitter reverse last week, Block 66 Hinodos enter one of Butte baseball's big moments as they face a firery nine from Block 28 tomorrow night at 6:15. Also scheduled is a YMBA-Pasadena tussle from 2 o' clock and Firemen struggles against Block 30 from 8 a.m. All games will be at Zenimura Field.

SPORTS
GILA NEWS-COURIER

Hinodos, still minus the effective services of steady sprained-a n k l e shortpatcher Maino Okazaki, are given about an even chance against the fast-rolling club of Ken Zenimura.

INJURY-RIDDEN

Z e n i's aggregation wouldn't want much more than take this game and is in top shape against the injury-ridden, tough-luck Hinodos.

M a s a t o Kinoshita, a fair hitter in his own right, i s nominated to face 66's sluggers like Joe Shimada, Koizo Komura and G e o r g e Kanagaki. Either twirlers Kanagaki or Yoshi Shimada w i l l start.

YMBA, the team to beat in the leagues' t o u g h schedule, face a tough problem in the dynamite-laden bat of the hard-hitting Pasadenans.

TED MORISHITA

Pasadena's Lefty Nishimura or Bob Toyoda will oppose the offerings of nifty-tossing Ted Morishita.

FIREMEN VS. REDS

Everyone-upsetting Firemen of Zuke Tanaka and Art Kaku have a terrific battle on hand this week with another hard-f i g h t i n g club when they meet the always-dangerous Reds from Block 30.

SHIM SHIMASAKI

Coach Paul Sumii and manager Tosh Okuhara will call upon youthful hurler Mas Okuhara against Firemen's Kuni Hisatomi or John Shim Shimasaki.

DELTANS RATED OVER VIKINGS

MURANISHI PITCHES

Marked as the "Big" game of the week is the Viking-Deltans engagement.

With two straight wins to their credit, "Swansville Sluggers," the Vikings, will scramble over Canal's hardball diamond against the team known as "upsetters"--Deltans, tomorrow at 9 a. m.

Our choice i s once again Butch Oto's neat Deltans, although we are contemplating an extremely well matched toss up game. Starting deliverer will be Ryono f o r the Vikings with Ikeda perspiring behind the pan. The Deltans will display John Muranishi as their prize chucker with Kaz Hatanaka snagging them.

In the following game, the 27 Tigers engage the "in the slump" Cards at 1:00 p.m. Still sizzling from last week's close game, the Tigers, disregarding their initial loss, are out to defeather the Cardinal nine, while the Cards, are setting their ace pitcher--Tots Nakamura against Tom Nakatsuka. The Cards will find it difficult to slip past a hot one with Tiger's infield at its best. Selecting the Cards as choice to emerge victorous, following the precedent, w e predict a heads-t a i l s "on the fence" encounter.

At 3:30 p. m., the undefeated Red Cat aggregation. W e sight the match to be too close to predict but have faith in Canal's Hi-tone chucker, Ed Nakamura for the Bears and the Red Cat's will the game a hot one.

SCOREKEEPERS BADLY NEEDED IN BUTTE

Any persons interested in taking the voluntary position of official Butte bee leagues scorekeepers would be most welcome. Baseball directors won't mind having another official M a j o r League scorekeeper also. A gift of some kind will probably be given at the end of the season.

STUDENTS FILL PROJECT POSTS DURING YOUTH WEEK

Learning by actual experience, Butte and Canal High School students, in observance of National Youth Week are taking the places of their elders, tasting for one day the places which they will occupy in the future.

Canal High School students elected Richard Inokuchi to take the place of W.C. Sawyer, acting Deputy Project Director for City Government Day. Heading the Community Service division is Joseph Narasaki while Joe Mori will hold the title of Canal High principal. Other students have been chosen to fill various administrative offices for the day. City Government Day has been set aside to emphasize the responsibilities of youth.

Thursday a baby contest will be sponsored by the Canal Elementary P.T.A. in conjunction with the CAS "This contest is held to stress the importance of developing good health and acquaint the public with agencies which are serving this purpose", says Helen Inai, chairman. In the afternoon, a panel discussion on the different phases of relocation will be held in the Christian Church.

To acquaint students better with various occupations in industry, a tour of the farms and projects in the center was made today, May 4, in Butte.

Conducted by Tom Yamamoto, supervisor, a group of 50 high school students toured the camouflage and model ship factories in the morning.

Thirty-three commercial students became clerks for the day at the dry goods.

Under Mr. Norris, superintendent of maintenance, a number of workshop students became garage mechanics, pump dispensers, and worked in the dispatch, transportation, and freight and express offices.

Agricultural students visited the various farms, including the nursery, experimental fields, the hog farms, and the dairy with Tom Hirashima, of the farm management, as their guide.

"Health and Safety day" will be observed tomorrow, May 5, with the Boy Scouts and the Butte Red

with all types of athletic equipment and modern gym facilities. It is located 6100 feet above sea level in densely wooded country and has ideal weather.

Reserved from July 27 to August 6, a group from Maricopa County of 150 boys and leaders will occupy the camp, stated Root. He was very hopeful that some boys from this center would also be included in the group.

WADA LOST SINCE SAT.

BENNETT CALLS ALL-OUT SEARCH

NEIGHBORING TOWNS INFORMED

Searching parties will make another attempt to find Otomatsu Wada of 63-14-B, who has been missing since 2:30 p.m. Saturday, May 1.

LeRoy Bennett, Project Director, has asked that all but the essential operations on the project cease in order that all may join in the search. Carrying out the plans made last night at the Block-Managers meeting, 25 to 30 volunteers from each block set out this morning in search of Wada. Trucks drove the volunteers to specified areas, forming a large circle with a 5 mile radius, parties walking in, closing in the circle. The search will end with the reaching of the boundry of the center, since the territory inside has already been covered thoroughly.

Said Mr. Harry Miyake, Central Block Manager, "We are fortunate in having a project director who would close the whole project operations to search for one man."

Two private airplanes have joined the search, taking off from Williams Field.

WADA'S DESCRIPTION

Authorities in Arizona and Southern California have been notified by radio and telephone to be on the lookout for Wada. He is described as 72 yrs. old, 5'7', 140 lbs., white

WR CENTER TRADE WINDS

Topaz, Utah

Imagine! No horse meat. Six heads of cattle from the herds fattened on the project were to replenish the nearly exhausted supply of beef at the commissary ware house.

Tule Lake, California

To acquaint themselves with the evacuees, several graduates of a nearby city made a visit here. Don't we all wish we were the visitors instead of the evacuees.

Rohwer, Arkansas

Peanuts, popcorn, and such! The center carnival is to be sponsored by the center clubs. Smoke erry-go-round is out.

Arache, Colorado

Gee! Ambitious people. It'all the residents workin in a center-wide clean-up campaign, this camp will be spic and span.

Dimson, Arkansas

For adults who are itching to get back to school, defense training courses including auto mechanics, woodwork, and training for other essential jobs will be offered.

Minidoka, Idaho

Plans for a J.A.C.L. chapter will probably be abandoned because the membership drive was upset by the recent army recruiting.

POSTPONED!

Regular C.S. council meeting will be postponed to next tuesday, due to activities of the Boys and Girls week.

Editorial

RELOCATION IS YOURS

The subject of relocation is again being brought to our attention. People of all the various relocation centers are gradually grasping the chance to resettlement. The chance is now being offered to you.

Where does this constant postponing lead to?------ No where. We must consider our future, our posterity and our duty! The fence that once distort the privilege of leading a normal life is now opened. The key to our solution is relocation. Camps merely stretch the space between ourselves and the outside world. Relocation unites.

Hardships? Of course, things are not served on silver platters, fortune does not hang on trees, and social standing cannot be bought. No! Hardships, sweat, and toil are the sources of sweet victory.

GENERATIONS TO COME

We must strive to pave the road not only for us but for generations to come. Let us uphold the reputation that we have built up as farmers, doctors, lawyers, business men and others.

We are here for a cause and we must not let down the hopes of our futures. It was tough--yes it was tough when we were placed in those centers--but we must not lay our hands down and give up. Why let one incident mar the dreams and futures which we had? Take it in full stride. Relocation shall help fulfill the dreams of yesterday.

STUDENTS LEARN DEMOCRACY

Today, the boys and girls of the entire nation are taking their places, condident that they can fulfill their positions as leaders of tomorrow.

Realizing that fact, the Butte and Canal High School students are taking over various positions that govern this center. Actual practice of "Ways of Democracy" will be promoted by the students with emphases on:

1. developing the potentialities of youth.
2. acquainting public with local boys and girls work.
3. emphasizing the importance of the home, church and school.
4. emphasizing the responsibilities of youth citizenship.

Families Of Soldiers May Receive Cash Grants

Wives and children of soldiers in the United States Army leaving Gila may receive cash grants to meet early living and transportation expenses, it was learned today. Grants are available if indefinite leave has been issued the family, regardless of whether any members are planning to work outside the center.

The maximum grant made by WRA covers coach fare, plus $50 for the head of the groups going out, and a maximum of $50 for two or more dependents. The policy of extending cash grant allowances to soldiers' dependents regardless of whether they are leaving to accept employment is in line with the commitment made during the registration period that WRA would make all families of solidors special cases of interest, including cash drafts in the event they wish to leave the center.

"Come and try your luck at the Campus Carnival sponsored by Butte High School with the idea of raising funds for the Butte annual, "Years Flight," stated Elsie Morita, Chairman.

With approximately 17 organizations participating, some of the booths are: Penny Pitch, Darts, Horror Chamber, Fish Bowl, real gardenias, For Men Only booth, fortune teller, Bingo, Wheel of Fortune, Sodas, shaved ice, popcorn, grab bag, and a 5-cents a dance-dance.

As a climax to the program, a raffle will be held Sunday Afternoon.

The Carnival will be held for three days, Friday 7:30-10:30 p.m., Saturday 1:00-5:00 p.m. and Sunday 2:00-5:00 p.m.

The grand opening night will be opened by a parade from the Administration building to the Carnival grounds.

SCHOOL MUSICAL

Under the direction of Mr. Jesse Sedberry, Butte High School orchestra will present their concert tonight 8:30 at the amphitheatre.

The program is as follows:

1. "The Hungarian Dance" —Brahms
2. Overture—"The Caliph of Bagdad"—Boildiou
3. First Symphony—Beethoven
4. Last—Fifth Symphony Beethoven

EARLY BIRD GETS THE WORM

"Yeah," declared ten year old Mas, "Tonight I'm going to the movies real early—No, now keep quiet Sam, you can't stop me nono!"

So mustering as much dignity as he could, he walked swaggeringly away.

'Twas still five when he began and the day was still blistering, but determined he picked up the army blanket and climbed steadily up the worn path toward the amphitheatre.

Time marched on. Six, seven, eight o'clock, the stars were out by then and Mas had taken on a light tan and it itched him something terrible. He was thirsty, but no water. "Where is everyone?—That's funny, I guess I came a little bit early today." Looking up he saw his fellow comrades laughing down at him.

"Movies postponed!"

Bowing his head in shame, Mas muttered, "Guess dem high school students didn't get the paper out on time!"

ARIZONA ATTITUDE FAVORABLE TO JAPANESE-AMERICAN LABOR

Mr. Average Arizona is more receptive to the resettlement and the employment of evacuees within the state than was expected, reported James Shelly, newly appointed relocation officer stationed in Phoenix.

The Average Arizonan's reaction was gauged by Shelly after surveying job opportunities and probing public attitude throughout the state. William Huso, Employment supervisor, declared that only jobs approved by Shelly will be opened to the evacuees.

Shelly took over the Phoenix office early last week to supervise resettlement in the state and to act as public relations agent. He is the former Superintendent of Community Enterprises in Rivers.

GUADALUPE WINS FIVE STRAIGHT; HINODE BOWS TO BLOCK 28

Blasting out eleven hits, the Guadalupe YMBA maintained its league lead by coming through with a 8 to 4 triumph at the expense of the fighting Pasadena Nine. Hot on their heel is Zenimura's Block 28, who set back the injury ridden Hinodes by a 5 to 2 score.

Guadalupe's noisy guns were silent for four frames against the slants of Bob Toyoda, being held to one run. They came to life in the fifth as they scored a pair and two again in the sixth and cinched the game with three big runs in the eighth stanza. M. Tomooka was the big gun as he rapped out four hits in five trips to bat.

Mitani gave up nine hits to Pasadena, but they were well scattered.

Backed by the steady chucking of youthful Masato Kinoshita, Block 28 came through with an easy 5 to 2 win over the faltering Hinodes. Kinoshita limited the usually hard hitting 66 to five bingles, while teammates raked G. Kanagaki for 11 hits.

The Hinodes were held scoreless for seven frames, but in the eighth, S. Tsujita singled. Next two men flied out, then an error, walk, and a single by Y. Shimada brought in 2 runs. Block 28 scored once in the first, twice in the second, and tallied one each in the fourth and fifth innings.

AISAWA TWIRLS ONE HITTER

Behind the one hit pitching of Dave Aisawa, the Butte High baseballers breezed to an easy 10 to 0 victory over the Glendale Japanese All Star team. Aisawa was in rare form as he struck out nine men.

Okabayashi and Sakate chucked for the visitors, allowing six hits, but errors proved fatal. Three of these hits went for extra bases, triples by Doi and Nishino and a double by Hamamoto.

The locals scored one run each in the second, third, and the fifth frame, then brought in seven runs on one hit in the sixth to clinch the game.

Reds Triumph; Giants Victors

Hitting at opportune moments, the Block 30 Reds came through with a stunning 11 to 2 win over the Firemen. The losers couldn't find their range as Mas Okuhara struck out five men and gave up only six hits. The Reds banged out 10 bingles off the offerings of Kuni Hisatomi and Shim Shimasaki. The three Okuhara brothers got seven of the winners' ten hits. Block 30 scored in three big innings; fourth, fifth, and ninth, as they scored three, three, and four runs respectively.

Scoring 12 runs on 13 hits, the hard luck Giant won their first league encounter by walloping Lompoc, while Tubby Tomooka and Joe Koyanagi twirled for the winners giving up 10 well-scattered hits.

SUMO MEET TO BE HELD

Sumo meet will be held tomorrow, May 5, from 8 p.m. at lot 53.

Performing for the first time will be Robert Spencer, former University of California wrestler.

Sumoists are urged to appear about 7 p.m. at the sumo pit.

Managers Meet

Meeting of the girl basketball managers and coaches tonight at 7:30p.m. CAS office 51. Discussion on awards, volleyball, and coming social.

Deltans 3 to 2 Victory

MURANISHI WINS PITCHING DUEL

Undisputed leadership of the Canal Ayo League was allotted the Deltans as they continued their undefeated status by a 3 to 2 victory over the Viking.

It was a thriller all the way with pitchers Ryono of the Vikings and Muranishi of the Deltan's, allowing a total of only 12 hits between them, with the Viking leading catcher Watanaka and Big John Muranishi slammed 2 of Ryono's offerings over the fence to tie up the ball game. The matho Deltans pushed across another run, which decided the game, as Muranishi proved invulnerable after allowing the Vikings 2 runs in the first.

CARDS, 9 TO 7

In the second game of the day, the Earlier Cards pushed across a total of 9 runs off Tom Nakatsuka to gain a 9-7 triumph over the 27 Tigers. With the battery of Tots Nakamura, [illegible] and [illegible]shimoto, the Cards proved masterful in the pinches.

OLD TIMERS WIN

The Old Timers finally entered the win column with a 13-5 victory over the [illegible] Panthers. With Fred Yoshimi on the mound and Ed Masuoka behind the plate, the O. Timers' battery did a masterful job while their teammates were swatting Fred Iguma for an avalanche of hits and 13 runs to end a hectic game in favor of the Old Timers.

CANAL TO PLAY U. OF ARIZONA

The University of Arizona will cross bats with the Canal All Stars, Saturday, May 8, 1:00 p.m.. In order to present the game requested by Arizona University, the Baseball Commission has chosen the Canal All Star team.

During the morning hours the "horsehiders" of the University team will be taken on a tour of the center

VOLUNTEERS Mizukami Is First Inductee

Gila's first volunteer to receive his notice to report for induction is Suzuru Mizukami. Mizukami received his paper yesterday to report on May 10 to the project director's office.

Yesterday afternoon, Major General Alexander Tuthill, director of the Selective Service Board of Arizona, revealed via telephone that 60 transfer papers of volunteers from Poston and Gila have been received from local selec-

Pegler, Columnist Visits Colony

Westbrook Pegler, nationally syndicated columnist, who recently devoted two of his daily columns on the Gila Relocation Center and on the evacuees, spent an afternoon in Rivers on Tuesday.

The columnist inquired closely into different phases of center operation and activities. It was believed that he was gathering material for his column.

Pegler in his discussion of Rivers and the relocation program in his column on April 29 and 30 was critical of the lumping of loyal and disloyal into the same centers.

MANY HEAD CHANGES MADE

Luther Hoffman has assumed duties as assistant project director of Canal succeeding W. C. Sawyers, effective as of May 1.

Hoffman's vacancy as chief of community services has been filled by Hugo Wolters former supervisor of the CAS.

Mrs. Ethel Fleming has been appointed acting information specialist.

NET FACTORY TRUST FUND DISTRIBUTION SOON SEEN

7,000 WORKERS TO GET $50,000

Dr. Earl Yusa, Mats Ando and Firman Brown, trustees of the Gila Workers Trust fund, have asked the operators of the camouflage net project for immediate transfer of funds, which have accumulated from the earnings of the Project workers.

Brown estimated that the fund amounts to over $50,000, which will be shared by approximately 7,000 workers. The cut for each worker will be based on the WRA payroll as of Dec. 15, 194 , to April 30, 1943 said Brown. The share for each worker will probably be issued before the end of the month.

The trustees have applied to the WRA Washington office for a license to permit payment to blocked nationals, licensed nationals and citizens in order that all persons entitled to money from factory funds may be paid directly, it was said.

Stamp, Bond Day Tomorrow

Invest Wisely; Preps To Sell

Winding up a week of hectic activities, a joint drive for the sale of war stamps and bonds will be conducted tomorrow by both Butte and Canal. Free movies, an all student talent show, sports events, and a matinee dance will crowd Saturday's activities, designated as the Day of Athletics and Entertainment.

High school members of both Butte and Canal will be recruited on Victory Day, to sell War Stamps and Bonds to interested residents. Bonds may also be purchased at the canteens, administration building or the high school offices.

Bond applications received on Friday will be taken to the Valley National Bank in Phoenix to be changed into bonds. These bonds will be delivered to all purchasers on Monday.

NYA CONFAB

To acquaint interested residents with the NYA work training program, Dr. Joseph Samler will speak in Butte Saturday, 9 a.m. at the staff rec hall, and in Canal, 10:30 a.m. at mess hall 16, stated Clara Clayman, outside placement officer.

O. WADA, 72, STILL MISSING

On the sixth day after his disappearance, Otomatsu Wada, 72, 63- 14-B, remained unfound despite reported efforts to locate him. Wada is reported missing since 2:30 p.m. May 1.

The area surrounding the center and the two communities have been thoroughly covered by some 1000 residents and the Internal Security wardens. Authorities in nearby towns have been notified. This morning, the Project director authorized close relatives to make personal inquiries in surrounding communities.

Before his departure, Wada, who W.E. Williamson, Internal Security chief, stated is mentally irresponsible, was reported to have said that he was leaving to join his favorite son now working in the Montana sugar beet fields.

Rumors are rife in the center, all of which have been denied by the ISD.

Following two days of complete rest while the prepsters assumed editorial duties, we reluctantly resumed the headaches of emitting another edition. Undoubtedly, there are those acquired furrow upon their brows, and few gray streaks in their locks, staying up clear into the wee hours of the morn (3:30 a.m. we understand.) However, the results proved laudable and we do extend them a 'pat on the back.'

SUNDAY IS MOTHER'S DAY.

We decided to indulge in a little extraforaneous activity the other a.m. to ascertain whether or not we were still able to move our limbs after a year of being glued to a desk chair. So, rising bright and early at the crack of dawn, we tried out the calisthenic class. Today, we are suffering from stiff neck, stiff arms, and stiff limbs. Oh, what a stiff!

SUNDAY IS MOTHER'S DAY.

Happy day! No more uncomfortable perspiration to handicap us now. We've finally inherited a cooler, whaddaya know! 'Twould be just dandy if there's just one more lying around idle somewhere. Did I hear something?--

SUNDAY IS MOTHER'S DAY.

Maytime, spring time, and it's lovetime. Could this be the reason for so many bloomin' romances. They tell us some are bloomingly 'bloomin'' too. Uh-huh, the bloom is on the sage also.

SUNDAY IS MOTHER'S DAY.

First hand info reveals that Manzanar is a paradise indeed, compared to these desert hole.--what with clear, cool, streams to go trout fishing in, beautiful golf grounds, hikes up into the Sierras. What we wouldn't give to be able to take a dip in nature's refreshing streams. Ah!

LETS BUILD A NEW BRIDGE

The back-to-California movement has always remained a strong one among the evacuees. Why?

California and the two other Pacific Coast states are the ones the evacuees were ousted from. They are the three states, particularly, California, which have fostered the yellow peril scare. They originated the "anti" laws. California was responsible for the act of 1924 which forbade the immigration of Japanese to America. California is the present source of most of the anti-evacuee publicity.

Then can evacuees have any illusions that it will by any more kindly than it has been?

From the Middle-West and the East we are getting ample evidence that the people there are more receptive to evacuees and infinitely less prejudiced than the Westerners. Evacuation burned a bridge behind them. It will be wiser to build a new bridge--many of them to the 40 states east of the Rocky Mountains--than reconstruct a shaky one back to the past. It's far saner to go where evacuees are more welcome than to set a stage for another evacuation.

Headed For Failure?

Unless the assistance of qualified evacuee instructors can be obtained, it appears that the WRA training program to develop and renew skills needed on the outside is headed for failure.

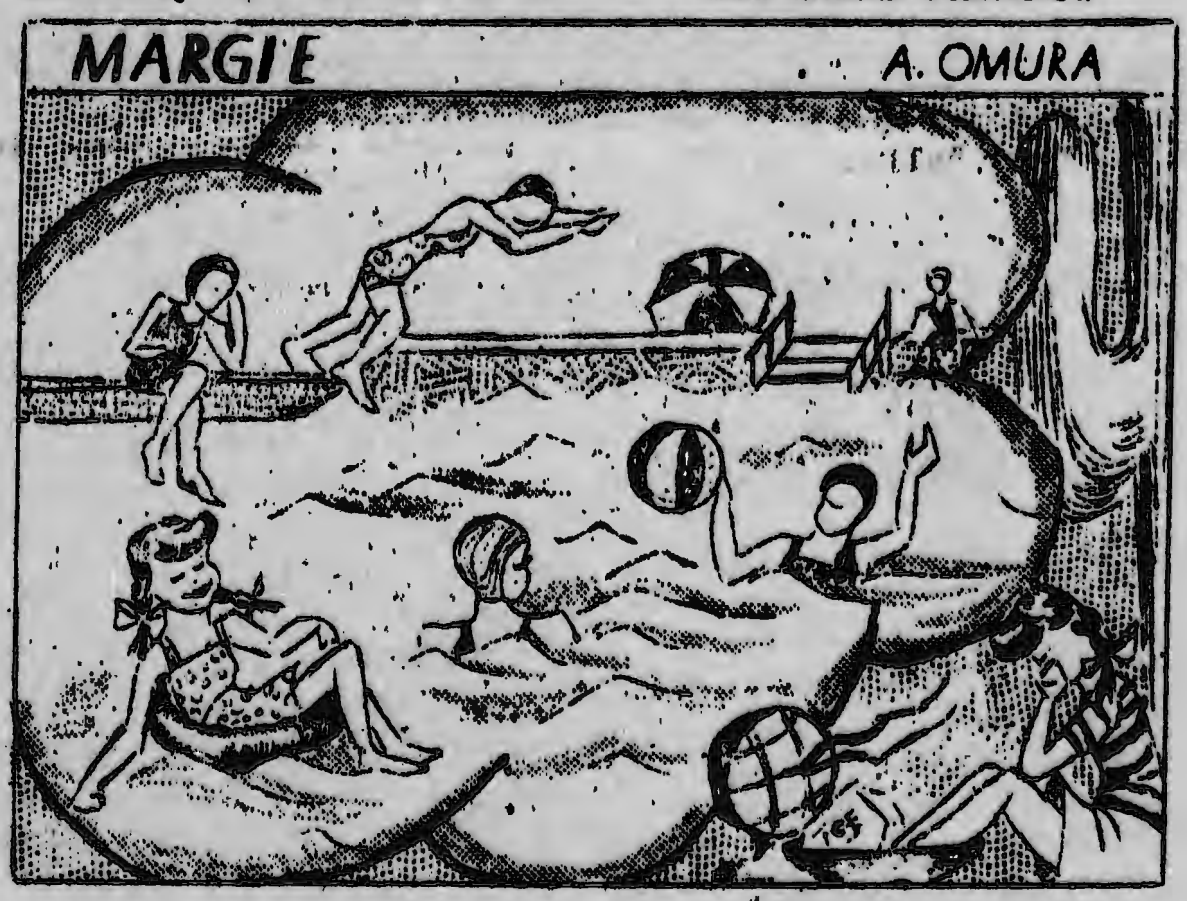

We are aware that there are a number of people who are capable of teaching night school material but are wasting their time in relatively unimportant positions. If you believe in America, in the future of the nisei; if you believe that people deserve a chance, then you see the importance of the Adult Education classes, and that the vacancies in instructor's positions must be filled immediately.

"KITTY FOYLE"—MOVIE

"Kitty Foyle," starring Ginger Rogers and Dennis Morgan will be the CAS Boys and Girls Week free movie Friday at Canal and Saturday at the Butte amphitheatre.

"Robinson Crusoe" and "Babes in the Wild," plus a cartoon will also be show.

BUY BONDS TOMORROW

Return GI Props Before Leaving

Henry Freeland, leave officer, warned residents that passes for indefinite leaves will not be issued until the person has a signed statement from his block manager that all government issued property have been returned.

G. I. property in the center for which residents are liable are blankets, c o t s, mattresses, and tools borrowed from the block managers offices.

New Vegetables Near Harvest

Honeydews, Melons In Abundance

Cantaloupes will soon make their appearance on the mess tables as the first pickings of the 27 acre crop is expected to begin around June first. Initial pickings of the 134 acres of watermelons will start about a month after the cantaloupes.

Other melons planted on the Project farms are 30 acres of honeydew and 4 acres of casaba.

First pickings of the string beans have just begun. String beans are a new crop for Arizona. The first plantings look promising, and if the weather doesn't turn extremely hot or if strong wind storms don't arise, a good crop is expected.

Experimental planting of celery was not very successful. Plants were set out in the field too late for a good crop. Distribution of 9,724 pounds of celery have been made to the mess halls.

The first harvest of the 44 acre crop of bulb onions is expected about May 25.

RECITAL

The Senior Mom's Club is sponsoring a "Chikusen Biwakai" at rec hall #3 Saturday, May 6 from 7:30 p.m. Instructor Terashi and pupils will be in charge of the event, and the public is cordially invited to attend.

Adult Education Teachers Needed

$19 Positions, No Degrees Required

Nineteen dollar positions as Adult Education secretary and as Adult Education instructors must be filled to provide training for employment on the outside and for replacement within the project, according to a joint announcement by Mandel Lieberman, Adult Education supervisor and the Employment Division.

The secretarial opening is in Butte alone, but both communities are in need of instructors in shorthand, accounting, office machines and practice, business English, advanced English, and playground work. In Gamal, there are also openings for teachers of English to the issei.

No degrees or credentials are required for such teaching. What the students need is anybody who knows a little more than they do about the subject—and the need is great.

MORE DEPART TO BEET FIELDS

Another contingent of four families and 22 single workers left the colony yesterday afternoon by bus for beet farms in Colorado and Nebraska territory of the Great Western Sugar Company.

Jack Maynard, recruiter for this company announces that the labor situation is improving in this area and that shipments may be discontinued after next week as thinning operation will be well underway on many farms by that time.

Recruiting i s being conducted at the Interview Room in Canal Administration Building and at 48-13-C in Butte.

REGISTRATION—

New registration f o r Aiko Okazaki's drafting and sewing classes will be tomorrow a n d Saturday morning between 9 to 11, and 7 to 8 p.m. Friday only at mess hall 65.

JOINT YBA-YPF MEET, SOCIAL

USC SPEAKER

"Sociological Trends After the "W a r" will be discussed by Dr. Henry S. Bogardus, Professor o f Sociology a t USC, at Butte's first joint Young Buddhist-YP Fellowship assembly this Sunday evening at Chapel 40, beginning 7:30 o'clock with Ty Kodani as chairman.

Besides being a well-known psychologist, Dr. Bogardus has authored many books on sociology. The Doctor is also an authority on various fields of cooperatives.

Following the initial discussion meet, the group will adjourn to mess 41 where folk dancing, entertainment, a songfest, and refreshments will be presented. Earle Yusa will be in charge. Kiyo Suzuki and her committee will b e responsible for refreshments.

To defray food expenses, a nominal assessment will be charged at the door of all those attending the social part of the evening. Members of b o t h groups are urged to attend.

20 COMPLETED SHIP MODELS WASH BOUND

The first shipment of 20 complete models were sent last week to the Navy Training Division in Washington D. C. Depending on their satisfaction, the builders are anticipating the use of several warehouses to be taken over for another factory to produce 5,000 similar models here in Rivers.

Oscar Julius, director of the model shipbuilding states that the thirty boys on this job are doing marvelous work and this is one of the hopeful projects.

Butte Photo Proofs Ready

Residents who had their pictures taken last Sunday in Butte are requested to call for their proofs between 9 and 11:30 a.m. on Friday, Saturday and Sunday mornings at 42-6-C by the Cooperative Enterprises.

A photographer will be at the same locale every Sunday henceforth in Butte from 9 to 12 noon, and in Canal from 1 to 4 p.m. at 16-10-C. Appointments for Sunday will be taken from Friday, May 7. The C.E. asked that residents be on time for appointments.

BEST SELLERS AT LIBRARY

"One Pair of Feet," written by Monica Dickens, great-granddaughter of the immortal Dickens, is now available at the Butte Community Library.

The current best seller, "The Robe," by Lloyd C. Douglas and "Strange Woman," by Ben Ames Williams are also obtainable.

The mystery, "Pattern," by Mignon Eberhart, "Reprisal" by Ethel Vance, "Rivers of Glory" by Van Syck Mason and "Let the People Know" by Norman Angell are also on the shelf.

The library is also subscribing to the Arizona Republic.

CENTRAL INQUIRY STATION NAMED SEAMAN'S UNION

To centralize inquiries which have besieged the Washington and the relocation offices regarding work on the seas, the Seamens Union of the American Federation of Labor has asked that interested persons write to Harry Lundberg, Sailor's Union, 59 Clay Street, San Francisco, California.

Harold Fistere, relocation supervisor of the Cleveland office, wrote to this center that the union is anxious to take care of all its former members. He stated that routine forms must be filled first as a matter of record, and they are obtainable through Lundberg in San Francisco. Most of evacuee applicants can be employed on the Great Lakes, Fistere wrote.

FULL PROGRAM FRI-SATURDAY

Athletics, Show Dances, Talent

(continued from page 1)

An extensive athletic program has been scheduled for the morning hours starting from 8:30. Relays and a jump rope contest for the girls, and a track meet for the boys will be conducted for the elementary school pupils.

Basketball, volleyball, and softball games are on tap for the high school boys and girls.

At noon $1, a matinee dance featuring folk and ball room dancing will be held from 2 to 4. The dance is free and open to all. The ABC girls will serve punch.

CAS Director of Entertainment, Frank Watanuki, will present an all-star Variety Show, Saturday, 7 p.m. at the Butte amphitheatre.

This talent-studded review will be held prior to the movie with John Tachihara as emcee.

VITAL STATISTICS

BIRTH

May 3-To Mrs. Miki Nishiyama, 6-12-C, a girl.

NET FACTORY ID BUTTON

A net factory worker's hat with an identification button on it (No. 173) is now in the possession of the Butte Internal Security Department. The owner is requested to claim it immediately.

VEGETABLES
75 Carloads Leave Gila

Since the November harvest, 75 carloads of fresh vegetables have been shipped to the different relocation centers to date.

Included in the shipments were 6,000 bell pepper plants to Topaz and 25,800 tomotoe plants to Granada and Topaz from Gila nursery. Among the other vegetables shipped were beets, cabbages, carrots, green onions, and turnips.

At present, an average of 3 to 5 carloads a week are being shipped to other centers.

IRRIGATION DITCH FOR CANAL CITY

Materials for the construction of pressure pumps for the Canal camp irrigation system have arrived. Work on the pumps will begin immediately.

The pressure pumps are necessary because Canal's sits is higher than the source of water.

FARM GROWS WAR CROPS

(continued from page 3)

Three war crops have been planted. These are the cotton, flax, castor bean crops. Forty acres of a new type of cotton have been planted for seed. Thrashing will begin on the 66 acres of flax this month.

In its first year, a small crop of strawberries has been planted. Six hundred and thirty-two pounds have already been distributed to the mess halls as of April 30.

Other recent plantings on the Project farms includes 25 acres of corn, 33 of cucumbers, 22 of peanuts, and 36 acres of mungo beans to be used for bean sprouts.

HEALTH COLUMN

Dr. J. Sleath, M.D.

Although it is known by most people that the sanitary conditions of a city have a direct bearing on the health of the people who reside there, it seems that many people take this fact for granted but do not fully realize or appreciate its significance.

There are many things which must be done in order to maintain sanitary conditions in the mess hall, latrines, and laundries, other than those things which appear immodiately obvious. Furthermore, the public health of the community is dependent upon a rigid control of anything which has to do with sanitary conditions in all parts and facilities of the Project as a whole.

The Medical Department maintains a Sanitary Corp which is trained to inspect all these facilities mentioned above which have a bearing on the sanitary conditions in the Project. On the basis of the reports which are submitted to the Chief Medical, recommendations are given to the block managers, mess hall supervisors, and other individuals concerned, pointing out to these individuals what the deficiencies are and of the steps that must be taken in order to correct them.

Although this system is good, it is also extremely necessary that each evacuee become conscious of the sanitary conditions existing in his won latrine, his own mess hall, and around his own block in general. It should be his particular concern to find out what the Sanitation Corp has to report about his own block.

With these thoughts in mind, the Medical Dept. is instituting a program whereby these things may be expedited.

(Part II of article continued next issue.)

CHOIR PRACTICE

Regular choir practice will be held tonight at Temple 63 from 8:30 p.m.

DOUCHA GIVES COOLER TIP TO RESIDENTS

To prevent breeding grounds for mosquitoes, scorpions and other insects, J.C. Doucha, senior engineer, asks center residents to avoid the excessive use of water in their coolers.

Besides forming puddles under the coolers which provide excellent breeding grounds for insects, the humility in the room is unpleasant if the coolers are flooded with water.

The proper procedure to feed water to the cooler is to open the valve just enough to flood the pad and then adjust flow so that the water just barely drips down.

FIVE BEAUTIES VIE FOR TITLE

Highlighting the Butte high school sponsored "May Time Hop" tomorrow evening at club 41 will be the revealing of Her Highness, the May Queen. Finalists for the title are Kumi Yamanaka, Elsie Morita, Masako Yamguchi, Lillian Iwata, and Lily Tani.

Jane Eckenstein, faculty member, will crown the queen. Gates will be open from 8:30.

VOLUNTEERS
ARMY LOWERS TEST GAGE

(continued from page 1)

tive boards in California at the Phoenix office.

From Manzanar came news that the first volunteer group of 12 had left on April 27 for Fort Douglas, Utah for induction. Word was received here from Poston that 45 volunteers were to be inducted soon.

Henry C. Freeland, leave officer, stated that eye and ear minimum requirements have been lowered, and volunteers rejected for these reasons will be re-examined.

General Tuthill stated that groups will be called as enough transfer papers are received to make up a carload of men from the two centers.

SPORTS

NAKAMURA TO LEAD AGAINST CANAL PANTHERS

Canal Bee League leading Bears will engage the alert smooth-playing Rio Vista Panthers who are gunning to upset the favored prepsters Saturday from 1 p.m.

Counting on the brilliant pitching of Ed Nakamura, with George Tamori or Herky Shimmoto behind the pan, the undefeated Canal Hi aggregation will possibly have another easy win to put away in the files.

Rio Vista will probably start the Imura-Shigeki battery to cope with the Bear nine.

CAS CALLS FOR SOFTBALL ENTRIES

Last call for team entries for the Butte 15 year old boys' Southwestern Softball League has put forth by the CAS Athletics Department at rec. 51. All entries are asked to be submitted soon.

ALL-STARS VS. U. of A.

Canal baseball fans are reminded of the University of Arizona varsity-Canal All-Stars game this Saturday at Field 16 from 1:00 p. m.

VOLLEYBALL GETS ANOTHER CALL

Butte Girls CAS Athletics Department has put in a request for girl volleyball managers to submit their team rosters soon before the league opening about May 7.

REDS MEET GIANTS TOMORROW

BLOCK 28 SEEKS NO. 5

Despite Arizona's blazing sun, Butte's Major Baseball League enters its sixth round of bitter competition as the much rejuvenated Reds of Block 30 takes on the fast-improving Giants tomorrow night and the steam-rolling outfit of Block 28 battles with a powerful Pasadena club Saturday evening. Both tussles are scheduled for Zenimura Field from 6:15.

Tosh Okuhara and Paul Sumii's Reds, fresh from their impressive romping of last week, are expected to stage another fairly good struggle against coach Kay Yoshida's hustling aggregation.

Thirty's fine-hurling Masuwo Okuhara will probably face the good offerings of Tubby Tomooka.

Ken Zenimura's Block 28 which showed plenty of brilliance last week, will make it tough again for the Pasadena outfit. Zeni's club had defeated them previously in a practice season session.

Zeni will probably call upon southpaw Masato Kinoshita to repeat last week's stirring performance against the tossings of big bespectabled Bob Toyoda or Lefty Nishimura.

The Bee International League Block 72 and the American Association Lompoc Bee squads clash in a non-league affair Saturday afternoon from 2 p.m.

BALL PURCHASE URGED SOON

All Butte baseball teams which want baseballs and have a fund on hand, are advised to purchase them quick as they will soon go on a strict priority rating and will be very difficult to obtain. Ken Zenimura, 28-13-C, is making up a big order for a reputable long-standing firm and will include any team's order.

BUTTE JUDO CLUB ANNOUNCE TOURNEY

Butte Judo Organization announces that they will hold its monthly tournament tomorrow evening at Butte dojo from 7:30.

Judoists who were advanced at the last promotion tournament will also be awarded certificates at this time, and all members and interested persons are requested to be present.

BUTTE BASEBALL FINANCIAL STANDING SHOWN

FIGURES REVEAL LEAGUE AHEAD

Directors of the Butte Major League announces its first monthly financial statement which includes intakes from the exhibition and league games from March 7 to April 24 and 25 inclusive.

Intakes include donations of $35.21 from three collections in six exhibition games and $195.29 collected 12 times in 16 league games. Figures include money collected in practice games as with Casa Grande when collections were made with league games. Total amount collected equals $380.50 with expenses running up to $252.12 for a balance of $28.36 up to April 25.

Expenses were mostly for baseballs, equipment and various other costs. All figures are through the courtesy of Harry Koyatsu, gate cashier and ground manager.

Farm Labor Hours Revised

All farm field workers will begin work under a revised summer work hour schedule from Monday, announced Dave A. Rogers, farm superintendent.

Trucks will start for the fields at 6:45 a.m. and leave at 11:45 a.m. Any truck driver leaving the fields before the set hour of departure will be terminated with prejudice and his driver's license revoked, stressed Rogers.

An agreement was reached whereby all field workers are required to put in one full day's work in addition to the new schedule. Breakfast will be served to the field workers in their own mess halls at 6:15 a.m.

NYA SCHOOLS OPEN TO NISEI

EXPENSES PAID

NYA training schools have opened their doors to nisei youths, announced Mendel Lieberman, head of Adult Education. Twenty-five boys and 10 girls from Gila, who have graduated high school and are between the ages of 16-25, will be accepted immediately for training in vital, well-paying industrial work.

Expenses plus $15.90 per month will be paid by the NYA during training. Traveling expenses to the school will be paid by the WRA.

The openings are for two camps in Minnesota where foundry, pattern making and drafting will be taught to the boys. Training in machine shop and sheet metal will be given to both boys and girls.

Applications are being accepted in the outside employment offices in Canal, and 69-8-B in Butte.

ALIENS BECOME ELIGIBLE TO HOLD ELECTIVE OFFICE

Committee Revises City Charter

A new WRA policy which gives aliens the right to hold elective office was released for publication by the Washington office this week. The WRA scrapped an old policy which limited service in elective offices to citizens.

The new instruction was issued to meet the trend in relocation centers which indicates that alien evacuees may as a group constitute the majority of the mature population of the centers inasmuch as more citizens are applying for indefinite leaves than aliens.

It was stated that the provisions of the instruction do not require new elections to be held immediately for all elective offices, nor does it stipulate that amendments to present permanent plans of government to incorporate the new rulings are mandatory.

In Rivers, the Constitution Committee is rapidly pushing to completion a draft of a city charter which will give aliens right to participate equally in center government functions.

State Decries Job Office

In answer to objections raised by Governor Osborn, Dillon Myer has promised that no employment office will be maintained in Arizona, assured Sen. Carl Hayden this week.

The Senator continued, that "no effort will be made to place workers in Arizona" unless Gov. Osborn advised otherwise.

VOLUNTARY ENLISTMENT SOUGHT; SAVAGE RECRUITERS ARRIVE

Lt. Col. Carl Gould, recruiting agent for the Army Language School at Savage, Minnesota arrived in Rivers last night.

He will be in the Butte personnel recreation hall all day today to interview all applicants interested in enlisting in the Army language school. Gould will be assisted in his duties by a nisei sergeant who made the trip with him.

250 SOUGHT

Two hundred and fifty enlistees are being sought by the Army for the new class which begins July 1. Last November, 29 nisei were recruited in Rivers, of which 27 were from Butte.

ONLY VOLUNTARY

Enlistments are voluntary and open to all citizens, married or single, who are physically fit, and who have a fair knowledge of both English and Japanese.

JOINT YBA-YP MEET SUNDAY

The joint Butte YBA-YP Fellowship meet scheduled for tomorrow evening at Chapel 40 will start at 8:15 instead of 7:30 p.m., it was announced. Speaking for the assembly will be Dr. Henry S. Bogardus of USC.

Immediately following the devotional part of the evening, a social will take place in mess 41 where folk dancing, entertainment, singspiration and refreshments will be enjoyed. As this is not a formal social, only informal attire is necessary.

WR CENTER TRADE WINDS

MANZANAR

Wonder who did the voting...Returns from the blocks on the question "Shall the Manzanar Co-operative Enterprise apply for an off-sale license for the sale of beer to the residents of Manzanar under regulations mutually agreed upon between the Directors of the Co-operative and the Project Director?" revealed that it was voted down...(And with so many voices gasping 'how dry I am' here)..Just carelessness? In two and a half months, eight traffic accidents have occurred...Tut, tut...

POSTON

Must be two of them... We (Rivers) once had a Sachi Anraku who went to Washington for employment, and made headlines in a recent capital paper...She still has three sisters, a brother and a mother residing here..Poston claims one such individual with a similar monicker...Oh, well...Quarantine is still in effect for precautionary measures...

HEART MOUNTAIN

Thirteen clubs were recipients of YMCA charters recently...Observing the 20th annual National Music Week, May 2-9, beginners and intermediate piano students will present a recital this evening... Nineteen volunteers for the AJA team are to report to the draft board Monday, while others are awaiting clearance from Washington.

DENSON

Civil Service tests were given by a Little Rock examiner in the city. ..Latest Latrine prophets declared that FDR went on a sight-seeing tour of the colony in a battered old vehicle in order not to attract attention...Little wonder for rampant constipation--with rumors getting harder and harder to swallow (so they say)...

MINIDOKA

Following preliminary physical exams, 211 volunteers have been accepted for the AJA combat unit.

THOUGHTS OF A NISEI

We recall a night when we stood atop a butte overlooking the center. Overhead an Arizona full moon rode high in the sky. Down below, the city's lights blazed in orderly rows. As we stood there looking down, all the lights suddenly blinked out. (Power shortage somewhere, we vaguely thought). As our eyes became accustomed to the change, for two or three minutes, until the lights flashed on again, we were entranced by the beauty of the scene below. Against a background of the white sandy soil, which almost glowed with the reflection of the moonlight, we ould see the patterned barrack-city. The details --the power poles, the square windows, the people and others --all those little things which would remind us too forcibly of reality were indistinguishable. The beauty was an overpowering one.

We are reminded of that scene again as we wonder about a gift for Mother tomorrow. We see a parallel.

Mother bore us, nursed us, watched over our first hesitant steps, taught us our first words, looked after our physical and moral well being, sent us off to school. Somehow in our growing years we had inexplicably pulled out a heart-string and thereafter our life had become hers.

Did Mother know then as she proudly, though tearfully sent us off to school, that from that time dates the slowly growing alienation of her child, that the heart-string would be stretched to bring her pain? Was she aware that school, with new friends, a new language, and its books, would open immeasurably new horizons to the child--that he would acquire there a knowledge of a new way of life which would make him increasingly intolerant and critical of her way? Did she realize that he would become an unhappy victim of cultural conflicts, that he would in time be able to converse with her only in broken Japanese, that he would, unconcernedly, talk a strange tongue before her with his brothers, sisters and friends?

In a new land where she had become a pioneer, it was inevitable that her child become and do all these. It had to come that we cause her great pain.

Even in our most intractable times we are aware of

REPATRIATION QUESTIONS ANSWERED

Questions concerning what an evacuee should do when he has changed his mind on repatriation or expatriation are answered in new WRA instructions received at the center today, according to Project Director Leroy Bennett.

Persons who have asked to be repatriated, or who have indicated acceptance or declination of repatriation as a result of lists of names submitted by the Japanese government, may change their requests by filing the proper form with the project director. Copies may be obtained at the leave office at 69-8.

The War Relocation Authority cannot guarantee the exchange of evacuees applying for repatriation. It can only place the applications in the hands of the State Department for consideration in the exchange negotiation.

Last Sign-Up For Beet Work

22% Higher Pay Over Last Year

Five families are included in the total of 74 beet workers who have left the colony by bus for farms in extensive Colorado and Nebraska territories of the Great Western Sugar Company to date.

While he still has good offers of employment for both families and single workers, next week's shipments are apt to be the last of this season, he declares.

Anyone who wishes to go with Wednesday's contingent must be signed-up by tomorrow night he says.

As a result of the Department of Agriculture's recent determination of minimum wage rates for the 1943 sugar crop, it was estimated that evacuees who leave Rivers to work in the sugar beet fields this year should be able to earn about 22 percent more than in 1942 for the same amount of work.

Maynard may be found at 42-13-C in Butte, and in the Canal adm. building. Baggage leaves Monday and bus for passengers leaves Wednesday.

BUDGET MAN HERE

Sam Dodd from the Bureau of Budget of the WRA Washington office came here today to discuss problems in budget with center officials.

EXCAVATIONS TABOOED

One Dies In Cave-in; Injuries

Residents are warned again to discontinue the digging of cellars under the barracks unless approval has been received by the P.W., emphasized J. C. Doucha.

In Granada, a 14 year old boy was killed and two others injured when the roof of a cave collapsed on top of them. The same tragedy might be repeated here if the proper precautions are not observed.

The cellars beneath the barracks are unsafe. Excavations can easily undermine the shallow cement foundations. All unauthorized cellars must be filled in immediately to eliminate the danger of cave-ins, warned Doucha.

MOTHER'S DAY PROGRAM by YP

With respect to the national Mother's Day observance, the Canal YP are sponsoring a program tomorrow night from 8 o'clock at the Church.

Kimiko Fujimoto will be in charge of the brief devotional preceding the program. Frank Kino will render a vocal solo, followed by a short message by the Rev. Paul Osumi.

Majorie Sahada and Masako Minami are in charge of entertainment and refreshments respectively.

Young People are encouraged to bring their mothers to the social.

GILA TO GET NEW PLANT FLUORINE REDUCED

A plant is being constructed to reactivate bone meal which is used in filters to reduce the fluorine content in the water, said J. C. Doucha, senior engineer. The plant is expected to be ready within a month or six weeks.

Filters have been installed wherever water is used for drinking, but they become ineffective after 600 gallons have passed through them.

All water in camp contains nine parts per million of fluorine which causes no bodily harm except a slight discoloration of the teeth if drunk for a long period of time.

H_2O SHORTAGE HITS BLOCKS

WARNING ISSUED

The long-predicted domestic water supply shortage finally occurred in a number of mess halls during the past few days, announced Project Director Leroy Bennett in a memo to all block managers.

The increasing use of water for irrigation purposes only threatens future similar occurrences. He outlined two ways in which the residents could help avoid the shortage temporarily: (1) practice conservation of domestic water; and (2) help your block complete its irrigation system.

Unless wholehearted cooperation is shown, drastic action will have to be taken, Bennett stated.

THOUGHTS OF A NISEI

(continued from page 2)

what she has done for us, of the suffering she had gone through, that she loves us, and that she means much to us. But the impatient insistence of our youth cares not for a pain we feel little of; the details, the little conflicts override everything else.

It is only in rare moments that the conflicts somehow blur as the city's details blurred that moonlit night, and our love for her breaks through. Because we are inarticulate she never knows of this.

We think of what she might like for tomorrow, today. Day after tomorrow we may have forgotten that we thought. We hope that she understands our seeming disregard for her--we know she will forgive it.

HINODES-vs-GUADALUPE TOMORROW 6:15 P.M.

Both Squads Ready For Big Game; Firemen, Lompoc on Morning Bill

In what may properly be termed the game of games, determined '66 Hinodes will attempt to snap the long win streak of their closest rival--the league leading YMBA tomorrow evening from 6:15. Also slated is a Firemen - Lompoc contest from 9 a.m.

As the league now stands the undefeated Guadalupe nine leads the pack with five w i n s followed by Block 28 with four wins and a only loss and Block 66 with three wins in five games. If Pasadena knocks off '28 tonight and '66 wins tomorrow and provided Block 28 and '66 are victorious next week, it will throw the Butte Major circuit into a three way tie for first half championship.

1ST HALF CROWN

If--and a very big if--YMBA takes tomorrow tilt, it will give coaches Butch Tamura and Fred Tsuda's hard-fighting boys undisputed claim to the first half crown.

2ND HALF AND PLAY-OFF

It was decided to have league teams play each other twice with the first and second half winners having it out in a championship play-off at the close of the schedule.

YMBA's dependable first sacker Kody Kodama will be ready after a return from a short leave and Hinodes' classy shortstop Maino Okazaki, who was injured a few weeks ago will probably see action also.

BLOCK 28 PLAYS PASADENA TONIGHT FROM 6:15 AT ZENIMURA FIELD NEAR BLOCK 28.

Steady Mas Mitani and Tom Murata, who are planning to leave soon, are YMBA's likely batteries facing '66's George Kanagaki or Yosh Shimada. Hinodes Hiroshi Shinmoto and Shig Tsujita, an outstanding pitcher at Turlock Assembly Center but now with a sore arm getting into shape, may also see action on t h e hill. Gilbert Kuramitsu is '66's catcher.

KUNI HISATOMI

Lompoc is out for its second league win against the very redoubtable Firemen of Zuke Tanaka and Art Kaku, who suffered a terrific let-down last week. Lompoc's Kaname Matsuno is expected to face Shim Shimasaki or Kuni Hisatomi on the mound.

Tennis Court To Hold Opening

With all residents of Rivers invited, Butte Tennis Club announces that the official opening of t h e lot 35 CAS tennis court will be held tomorrow morning at 8:00.

Any person interested in joining the club is asked to contact M. Sueda, 36-14-B. Canal enthusiasts are especially invited.

SOFTBALL ENTRIES STILL POSSIBLE

Butte CAS announces that they will extend the time for any entries for the 15 year-old b o y s' Southwestern S o f t b a l l League. As soon as there are a few more entries, the league will start and they should be in soon at rec hall 51.

MEN FORMING BALL LEAGUES

All persons interested in forming block married men's softball teams to complete in a league are requested to submit their entries to the organizers of the league--Tom Matsumoto, 39-7-A or H. Kobata, 32-1-D--by May 12.

Volleyball Teams May Yet Enter

When a few more entries are made, Butte Girls' Volleyball league will hold its extended opening date a b o u t May 19. T h e teams will play twilight ball at court 51 and entries are still being taken at CAS office, rec 51.

SPORTS

A meeting to decide the schedule of the coming series of games with the Poston All-Stars team will be held by all Butte Major League managers tomorrow evening at the home of director Ken Zenimura, 28-13-C from 8:30 p.m.

RESETTLEMENT

TEN CENTERS RELOCATING 600 EVACUEES WEEKLY

Approximately 600 evacuees are resettling every week from the ten relocation centers; revealed Davis McIntyre, assistant chief of the WRA employment division, yesterday on his arrival in the center. McIntyre is on a routine visit to relocation centers to facilitate the relocation program.

The WRA official voiced the hope that 5,000 persons will have left this center in the next six months. Gila is sending out 60 to 75 resettlers a week, it was disclosed.

With the speeded up facilities for relocation plus assistance grants, McIntyre said that everyone, with the exceptions of people specifically stopped, can now leave the center almost at once if he wished to do so. He declared that the public and employers have indicated willingness to accept loyal evacuees. He emphatically stated that jobs are had for the asking.

The WRA has opened two relocation offices, one each in New York and Boston, in the Eastern Defense Command, he said. Clearance for evacuees for the East are now going through in a week's time after Washington receives them, he disclosed.

PERSONAL TOUCH IN LEGALITIES

To personally give attention to numerous property and legal matters, James H. Terry, project attorney is contemplating a trip to Los Angeles toward the latter part of the month. Terry suggests that any person having legal or property matters which could be aided or disposed through personal conference so advise the Project attorney or his assistants in order that such matters can be taken up during his trip.

War Bond Drive Nets $2605.15 YOUTH WEEK SALES

Two score youthful salesladies sold $2,605.15 in war bonds in Rivers during a one day drive Friday on Youth Week Victory Day when they canvassed the two communities, Hugo Wolter, chief of community services division revealed.

The drive was a part of the Youth Week observance. The salesladies were students of Canal and Butte high school.

Of the drive Wolter said, "It was an excellent indication of the interest of the people in America, and represents the sincere loyalty to America's war effort. This work of the school children should be praised by every patriotic American throughout the nation."

EXPIRED DUCATS

Expired shoe ration cetificates must be brought in within a week after expiration date for cancellation stated Henry C. Freeland, leave officer.

Freeland, said that another certificate to replace the expired one will not be granted until evidence can be shown that a real effort to purchase a pair of shoes was made by the holder.

Co-op Receipts Being Called

DETAILS FROM BLOCK REPS

All sales receipts issued by the Cooperative Enterprise for the period from February to April 30 held by members are being called in this week, May 10 to May 15, announced Masato Kato, executive secretary of the Coop Board of Director.

The receipts are to be delivered to a delegate to the Congress of Delegates in each block, said Kato. For particular information, it was suggested that residents see their block delegates.

Cameras, Radios Still Taboo

Whether a citizen or an alien, cameras and short-wave radios are still contrabands and are taboo to those residing in the Western Defense Command which includes the Rivers colony, stated Project Attorney James Terry.

Citizens leaving the Western Defense zone may apply for release of radios and cameras, to be retained by the Project Director until the time for departure.

the loyal and the internment of the disloyal. McIntyre said that he believes Congressional men place the number of disloyal too high. He said that a very careful consideration should be given to determine those who are disloyal. Otherwise, he said, he was in agreement with Senator Chandler.

Of Lt. Gen. DeWitt's statement, "A Jap's a Jap," McIntyre said, "Lt. Gen. DeWitt's statement contradicted the statements of the President, and certainly have no basis in fact."

SELF-GOVERNMENT

The residents have long wanted issei representatives on the Council. After hope had gone that this would materialize, unexpectedly it came.

Already the Constitution Commission has been revived to incorporate the new ruling into the city charter, which for various reasons, not the least of which was the lack of interest in self-government, was never, though completed, put up for approval. It seems likely that the Constitution can be put into effect, within a matter of weeks.

Now that they have what they asked for, can they make it worth having? Will they form and elect a council worthy of the name and give it the confidence and support it needs?

The questions have been put squarely in the laps of the issei, for the ablest and the most articulate nisei have left or are leaving the center. (As a matter of fact the new ruling had become necessary with the nisei resettling if self-government were to function in the center). The issei then can make or break the new set-up to come.

CONSTITUTIONALITY TESTED

The test cases on the constitutionality of the curfew and other restrictions imposed by Army officials on American citizens of Japanese ancestry on the west coast is scheduled to come before the Supreme Court this week, according to an AP dispatch from Washington.

The court will decide whether Lt. Gen. John L. De Witt's proclamation and civilian exclusion orders involving curfew regulations and the necessity for persons of Japanese ancestry, alien and American citizens, to report to civil control stations in certain areas, are constitutional exercises of the war powers of the President and U. S. statutes.

MINORITY PROBLEMS

ANTAGONISM Should Be Dealt UNDERSTANDINGLY - Dr. Bogardus

"Show the best side of yourselves, both in and out of the centers to the American public," Dr. Emory Bogardus, professor of sociology at USC, advised Buddhist and Christian young people at a joint meeting last Sunday at Chapel 40.

Dr. Bogardus stated the nisei problems are not insuperable. Because man is illogical and impatient, minority problems arise, however because he is adaptable, they can be solved.

As a cure for their problem, he told the young people to (1) seek to understand the antagonism of the majority; (2) seek to help the majority understand the problems of the minorities; (3) show the best side of themselves to the majority both in and out of the centers; (4) and remember that democracy is majority rule and minorities can become of the majority by following the above three rules.

AG MEALS AT MESS 42, 45

Changes have been made in the breakfast schedule for farm workers in Butte said David Rogers, farm superintendent. Field workers will not eat in their own mess halls as announced last week. Breakfast will be served to them at mess halls 42 and 45 at 6:15 a.m.

About 6 o'clock, trucks will pick up workers who have a long distance to walk to either mess halls. All others are asked to walk.

Field workers in Canal, however, will eat breakfast in their own mess halls at 6:15 as previously reported.

Canine Show Is Big Success

The Canal Pet Show, which was held in conjunction with the National Youth Week, proved highly successful. Those owning prize winning canines were George Fukuzawa of 20-4-D, George Onoda of 4-1-C and Lillian Shimizu of 25-5-A. Each held first prize winners in their respective groups.

ABOLISHMENT OF WR CENTERS RECOMMENDED

The Senate Military Affairs Committee last week approved recommendation of a sub-committee (chairman: Senator Chandler) investigating conditions in the relocation centers for the prompt abolishment of all 10 relocation centers as "troublemakers."

Specifically the recommendation called for the application of the draft law to all evacuees, immediate internment of all disloyal ones and placement of all loyal, ablebodied residents in supervised workingareas where neither the community or the military will object to.

Representative Costello of California took issue with the Chandler committee's program. He said, "Any method of distinguishing loyal from disloyal Japanese is impossible."

Crop Pilfering Causes Shortage

Severe Penalties To Be Inposed

Residents are cautioned by David Rogers to stop the unauthorized picking of vegetables in the fields.

Reports have been received that rosebushes flower seeds, cantaloupes, strawberries, and other products have been taken without permission. Selfish actions on the part of just a few of the residents will hurt the whole camp, said Rogers. To cite an example, Rogers explained that every mess hall should have had two servings of strawberries by now, but because of the selfish work of some persons, many of the mess halls have not had even one serving of the fruit.

No one without permission is allowed in the fields. Deputized farm guards are on duty to see that no one trespasses. All violators will be prosecuted to fullest extent of the law, warned Rogers.

NYA APPLICATION INCREASED

The limit on the number of boys and girls able to apply for training in the NYA industrial school has been lifted, announced Hugo Wolter, chief of community services.

To date, about a hundred inquiries and applications have been made and more are expected.

'Here Comes CHARLIE'

"Here Comes Charlie," a three-act farce will be presented by Casa Grande players at the community stage tonight in Canal commencing from 8:30. The play is sponsored by the Canal Recreation Council, and if free of charge.

To make for a center more conscious of sanitation, Dr. Jack Sleath, Chief Medical Officer, announced yesterday that a reorganization of the sanitation crew has been affected with the appointment of seven precinct officers who will have administrative control over a certain number of blocks.

The entire program has been designed to operate on a cooperative basis between the residents and sanitation officer, said Dr. Sleath.

Under the program, the sanitation corp will inspect various facilities in every block. Then they will meet with the precinct officers and made detailed reports of conditions and also make recommendations for improvement. Said recommendations will be posted in offending blocks, and will constitute a notice to the clean-up crew. If the notices are ignored, a warning will be issued a week later.

If the warnings are ignored for a week, the particular facilities will be closed and the block residents will have to use the facilities of an adjoining block where sanitary conditions are maintained.

The closed facilities will be opened as soon as sanitary conditions are corrected.

Dr. Sleath stated that under this program, he hopes that all blocks will be militant enough to enforce stricter observance of sanitation upon its clean-up crews and among the residents.

Precinct officers are: Mrs. Ichida, 4-3-B, and Kirihara, 7-5-B of Canal.

R. Horii, 34-3-A, Kogure, 44-9-D, G. Hori, 73-5-B, C. Ito, 47-12-A, and Ide, 63-12-C, of Butte.

APRIL PAYCHECKS

All Butte employees of the Cooperative Enterprise who have failed to receive their April checks are requested to call in person or sent anyone to 69-15 by Saturday noon, May 15.

NYA TRAINING

Boys, Girls Urged To Apply

Information and advice regarding the NYA resident training program will be given by Mendel Lieberman, adult education principal, in Butte on Monday, Wednesday, and Friday and in Canal on Tuesday and Thursday, disclosed Miss Clara Clayman, outside placement officer.

All interested youths are requested to make application for the schools. Clayman said that more opportunities such as the acceptance of 25 boys and 10 girls from this center in a Minnesota training school are forthcoming.

PERSONAL MAIL ORDER SHOPPING

For the convenience of colonists, Sears Roebuck mail order clerks are situated in the dry goods stores and in canteen No. 2 of Butte, who will personally do the shopping in nearby communities, disclosed Gilbert Kuramitsu, general manager of the community co-op. Individual needs can be reported to the mail order clerks who will fill the orders in personal shopping tours.

Grocery items which are non-rationed and subject to amount on hand will be purchased. Special orders for wedding cakes, birthday cakes, or pies will also be taken, however, orders on these pastries must be made two days in advance.

MORE BEETERS LEAVE COLONY

Twelve more sugar beeters are scheduled to leave this week--eight tomorrow, four Thursday--for the Colorado and Nebraska territory disclosed Jack Maynard, Great Western Sugar Company recruiter.

He adds that any resident registering by Saturday evening will be sent next week sometime. Sign-ups are possible at 42-13-CC in Butte, and adm. building in Canal.

BLK.28-vs-YMBA THURSDAY!! Hinodes, YMBA Battle To Draw, To Replay; Firemen Win 7-6

JAMES TOMOOKA SLAPS OUT THREE TRIPLES; OKAZAKI HOMES

Before perhaps the largest crowd in Butte's short baseball history, '66 Hinodes and league-leading YMBA battled to a 11-11 standstill in a eight inning see-saw battle last Sunday evening. Firemen took the morning tussle over Lompoc by a close 7-6 margin.

'66 Hinodes and Guadalupe--either one or both--tallied in almost every inning beginning with YMBA's one run in the first and Hinodes four run rally in the final eight. This frame saw Maino Okazaki despite a still sprained ankle, send a tremendous circuit clout drive to right-center with twirler Yosh Shimada on first.

Guadalupe's murderous row slashed 12 bingles with Massy Tomooka, Kody Kodama, and Mas Mitani, who shared mound work with Teddy Morishita, leading the attack. James Tomooka tripled thrice. Besides shortstop Okazaki, Shig Tsujita, and George Kanagaki, did most of Hinodes eight hit batting show. '66's Hiroshi Shinmoto took over throwing chores in the seventh.

The game will be played over Saturday evening, May 22.

Firemen tied and overcame Lompoc's one run lead on a double by Zuke Tanaka, error and single by rookie George Kataoka.

Firemen Tad Nakamura's three for five topped the games batting order along with Lompoc's Hunter Doi, Kaz Toya, and Frank Fujii.

Winning chucker Junius Sakuma allowed nine bingles while mates nicked Hank Hayashida for 11 safties.

In what is expected to be another ding dong battle, Block 28 and Guadalupe YMBA will have it out in an earlier than usual date this Thursday evening from 6:15.

The tussle was arranged for this date because Guadalupe's star veteran catcher, Tom Murata, will leave soon and the game will be held in his honor. It will be his farewell game.

Ted Morishita or Mas Mitani will probably hurl for Tom against the able slants of lefty Masato Kinoshita and receiver Ken Zenimura.

SPORTS FESTIVALS HELD SATURDAY

Butte Girls' volleyball team II emerged on top with two wins out of three try's in the Girl's sports festival last Satuday afternoon.

Basketball games saw team II defeat I, 25-15 and team IV and III tie 14 all.

CANAL ALL-STARS VICTORIOUS 8-6

Powerful Canal's All-Stars traveled to Butte for an hastily-arranged game with an quickly made-up Butte All-Star squad and came home victorious 8-6 last Sunday afternoon. The game was arranged because the Canal league games were called off.

Over 16 Canalists participated including three hurlers--John Muranishi, Ed Nakamura, and Tom Egusa--who limited the Butte nine to six blows. Moirio Egusa and Freezer Furuya collected extra-basers out of the total of eight bingles.

J.R. Birdmen Events Boys Hold Contests

Butte Junior Birdmen held a large contest featuring many types of models and contest last Sunday morning. The event was directed by Henry Ohye.

Butte young boys enjoyed a large sports program in conjunction with the Boys' and Girl's week last Saturday. Among the events held were track meets and basketball games.

Pasadena Tied Block 30 Triumph

Coming from behind in the ninth, Block 28 indecisively tied a surprisingly strong Pasadena club 6-6 last Saturday night. Block 30 triumphantly outclassed the fighting Giants 9-5 last Friday evening.

Pasadena banged out 12 lusty blows with Teiji Itow, Harry Oka, and Shig Kawai deserving most of the credit. Ken Zenimura's triple and double led '28 and Masato Kinoshita went the route for '28.

The game will be replayed Sunday evening, May 23.

Behind the fine hurling and the three for five hitting of Mas Okuhara, Reds came through with their third win as the strong Giants were held to nine safties.

Joe Koyanagi hurled nine hit ball including Reds' star outfielder Koizo Okuhara's two singles, Soirin Ikeda and Ben Tsutsumi did most of Giants slugging.

SPORTS SHORTS

Today is the last day to hand in volleyball team rosters, announces the Butte CAS, at rec. 51.

Next CAS tennis court in lot 35 held its official opening last Sunday morning.

C Reds, cinder Champs of Canal Elementary School, trecked down the runway to flash past with the first place gonfalon with an amassed total of 93 points against 79 of the opposing blues. Sponsored by the CAS in collaboration with National Boys and Girls Week, the meet was supervised by Tosh Katayama, C.E.S., Physical Education Director, in an extremely successful festive fashion.

The Beige Skirt

It was a fierce wind that blew 'tween the tall sky-scrapers of Chicago, as Jim and Dick pounded the pavement. "Well Dick, it surely is swell to see you after five yea.. Suddenly Jim whistled, as a strong gust of wind blew. "Whew, look at those legs wouldja'". Dick looked toward the direction of Jim's finger, and there on the street corner, stood a beautiful lady with her skirt being blown in every direction. Occasionally a portion of a pink slip could be seen as the blustering gale lifted "to an eye-opening degree", the beige dress of the lady. "Umm, look at those lashes on her peepers too." Dick smiled. They were well up to the "girl of close scrutiny", now. The lady as if she had heard him, was edging over and walking toward him. "Oh oh, now I've done it, she heard me no doubt." The lady trailed the two all the way; until getting desperate, Jim began to relate about how this lady somehow reminded him of the little brat they know back home on the farm..."the one that gave Dick a black eye." Finally they reached Dick's apartment. As Jim filed through the entrance, he threw one last look at the girl who, by this time, was at the corner store. "Man what damage I couldn't do to her at the Palm Grove." After getting comfortable, the pair commenced relating each other's past experiences. Following ten minutes, the maid called, "Come and get the cocktails." "Come on Jim, last one there treats to the show tonight." It was a ludicrous and sore Jim that slipped and slid into the arms of the maid. "Oh, I'm so sorry, it wa..." Then his voice suddenly deserted him. There in front of him stood the "maid"..the lady with the beige skirt and pretty eyes...with the pink slip. "Jim I want you to meet my wife, Ann. She's the brat we know long ago from the farm. The one that gave me the black eye."

As the cherry blossoms chira chira to ochitad, I noticed a musume ka'koruing down the street in an extremely isoida manner.

Pardon us folks, genuis (GENUIS) of the staff just entered, and decided to expound upon various problems of the world crisis, and this is the result.

Getting back to the musume, I noticed as she ran that the legs, (Is there anything as beautiful as an on'na's ashi?) of this one were darker than usual but also more shapely.

Throwing discretion to the winds, I decided to miru from a mot'to chikai tokoro, her face. As I got nearer, the curve in this lady appeared More curvy. "Ah." Greatly encouraged at discovery of such a shapely wonder, I, like an Okami became boldor, and began making advances upon the fair damsel. I quietly sneaked up and reflected, "she looks a great deal like Sumi". Innocently I tapped her shoulder. Whirling quickly, she cried, "Who fo yo all want to flirt wi me? Ansa me dat!"

"Eat drink and be merry (With Women,) for tomorrow we die." Wonder why the modern age puts so much emphasis upon the women. (Couldn't be for logical reasons). Personally don't see much in them! Which is better, dog or woman for a wife? At least dogs aren't always nagging either. Come to think of it, you can dictate to a canine being and when things become bad you always have a pal in the doghouse with you. Curves Shux, the dogs have 'em beat to heck (No lie) Slender legs, sparkling eyes, soft curly hair from dirty blondes to beautiful blacks, and who can say a dog doesn't have huge lips? (Umm!) All in all, guess dogs are better for they also have wolfish blood, so they say --Sob'n

ONE FRIEND --TOKIKO INOUYE

If while on Life's short path you trod
All alone except for God,
You meet someone, and your hearts blend
Without passion, and envy to the end;
If this someone can guide and help you,
And if you can guide and lead him, too;
If in all your trials, pain
He can lead you to life, to love again;
If both of you can learn and stand together
Life's clear, and sometimes stormy weather;
If you can love her with passion, be true
to the end,
You have Life's most precious gift,
A real staunch friend.

For more precious than lover, husband, wife,
More than material blessings heaven sends,
More precious than gleaming treasured jewels
Is just one, understanding friend.

Someone to whom in your darkest hour of care
You can reach out your hand, and find him there;
And with his strong, reassuring fingers holding tight
He can lead you safely through the long night.

Someone to whom your soul may confide,
Who'll always stay, protecting, close by your side,
Together, you can find the real way to Life's end,
You, and God's gift, an understanding friend.

北歸水

米國籍離脫及歸國願に就きて

轉住民の日本歸還願及び米國々籍離脫に關しては既報の如く本部より新令が發表された。

即ち既に歸國願又は米國籍離脫の手續をした者でも希望に依つて變更することが出來るし、又新しく日本に歸國願を出すことも可能である。

最近日本政府は歸國者の人名簿を米國政府に提示した。其指名者には夫々通知がある筈であるが、例令指名されても歸國を欲しない者はその旨を住出て變更し得る。

受附は山の市六九區八の外出事務所である。但し本手續は國務省に取次ぐ丈けであつて何れの日本歸國をも保證するわけではない。

農園便り

六月上旬には廿七英加にわたるキャンロープの収穫が初まる。七月には百三十四英加の西瓜も収穫が初まる。この外に三十英加のハネデユーに四英加のカサバがある。

アリゾナ州で初めての作物であるスツリングビーンズの収穫が初まったが酷暑や暴風に遭はなければ収穫は予期以上に良好である。試験的に植付けたセロリは余り良い結果を得なかった。九千七百廿四封度のセロリを食堂に分配した位である。

四十四英加のアニオンは五月下旬から収穫が始まる。四十英加の新棉種が蒔かれた。六十六英加の亜麻の脱穀は今月中に行はれる。

苺は植付けが僅かであった為六百三十二封度の収穫で、これを四月廿日少量宛であったが一般食堂に分配した。

廿五英加のコーン、廿三英加の胡瓜、廿二英加のピーナツ、廿六英加の豆等が最近植付けられた。家畜部では二百五十頭の豚を養蓄して居り、十三頭の牛からは一日二回の搾乳を行ってゐる。四月には七千八百六十封度の牛乳を搾った。

最近キャンロープ、苺を無断で摘み去る者が多いので一般住民への分配が減少するのは遺憾である。困って目下五名のワーデンが監視の任に当ってゐるとロヂース農事部長より注意があった。故に許可なく農園に立ち入ることは絶対に許さない。

ASSISTANCE NYC Group Aids Resettlers

With the prospect of increasing numbers of Japanese and Japanese Americans resettling in New York City area, the New York City Advisory Committee for Japanese Americans has been organized to aid in the resettlement, announced Lois Curtice, executive secretary.

Miss Curtice stated that the committee will provide necessary information and guidance for those who are coming to resettle in New York City. It has received the approval of the WRA. It will offer the following services: meeting trains, securing suitable lodgings, general counseling and hospitality.

The committee consists of representatives of eight service and church organizations in New York. It invites correspondence from evacuees who plan to resettle in New York.

MARENGO ILL. ACCEPTS EVACS.

Evacuees may now work in Marengo, Ill., through the efforts of Elmer L. Shirrell, relocation supervisor, and a favorable 62-21 secret ballot held in a Marengo town meeting.

When three evacuee workers first arrived in Marengo to fill positions on the farm Curtis of the Candy Co., public opposition was so great against their staying that the Curtis management had to release the workers.

Shirrell then stepped into the picture and the Marengo Town Meeting in a secret ballot voted for the return of the evacuees to work. The men were back to work and thirteen more evacuee workers are now satisfactorily employed on the Curtis farm

NISEI WEST COAST RETURN UNOPPOSED BY WAR DEPT

Return to the West coast of special categories of Japanese, such as wives and children of Japanese American soldiers in the US Army will not be opposed by the War Department, stated Assistant Secretary of War McCloy.

However, a general resettlement of the Japanese to the Pacific coast would be unwise, added McCloy in the letter included in the reports of the Chandler committee inspection.

Official Urges Resettlement

Relocate now, urged Davis McIntyre, assistant chief of the WRA employment division, before a meeting of the Butte-Canal relocation council Tuesday. As a measure for future security, resettlement now is essential, inasmuch as it will be virtually impossible in the post-war period, he amplified.

To make the way out easier, more hostels are open and opening, McIntyre disclosed. A third hostel is in operation in Chicago. The American Friends are pioneering two new ones in Ohio with one [redacted] Cincinnati and Cleveland. He

Director Signs Vehicle Code

No Joy Riding

Rivers pedestrians were given additional protection against automobile accidents, when the Vehicle Code for the center was approved on April 2 by the Project Director who will try cases of any violation of the Vehicle Code. Joy riding is prohibited by the code, as it stipulates that no person shall enter, or ride any motor vehicle at any time except in the course of his employment or upon express authority of the center administration.

15 MILES PER HOUR

Speed limit is set at 15 miles per hour within community limits of both communities. Reckless driving and driving without a license is subject to citation. Any accident involving motor vehicles must be reported immediately; not later than two hours after occurrence.

FDR RECEIVES MODEL SHIP

President Roosevelt has received the model ship specially made for him at the Gila ship model shop by nisei craftsman.

Project Director Leroy Bennett received word yesterday that the ship is in the President's possession through Miss Malvina C. Thompson, Mrs. Roosevelt's secretary. Miss Thompson's letter follows in part:

"Mrs. Roosevelt asks me to tell you that the model came through safely and was given to the President. She wishes me to thank you and the community for sending it..."

THEY NEED EDUCATION

We'd like to see the people who set the editorial policy of anti-evacuee papers (L.A. Times, the Hearst papers, the Denver Post, and others), the Mc Lemores, the De Witts, the "Dear Editor" -people who write hysterical letters to the papers, live with us for a while.

We'd like to have them share with us our daily human reactions--the way we flock to movies and love them, the way we get up at arms when we believe an injustice is done, the way we feel about our hemmed-in existence, the way we talk of resettlement with hope and fear struggling within us.

We'd like to see them here because they need education. They talk democracy but they fail even to believe it. They do not yet understand that the basic precept of democracy is that all people are fundamentally sound in their reactions, that they know what they want and in a vague, groping way, the people, in spite of setbacks, eventually attain some, if not all, of their wants.

If these non-democrats who believe that we are something less than a beast should live with us for a while, we believe they might yet see that we are n o more or no less than the people.

There are the bad and good among us. There are those of us who are led astray sometimes as are Lewis' miners with the same type of half-truths. There are among us people like the vested interests who would make of the war a profit at the expense of the nation. But those of us who are led astray, will eventually get on the right track, and the few who would have all will be dragged down, because the people will no be denied.

We would lkie to have the unbelievers with us, so that they may learn that democracy is not a catchword, but a faith in the people.

ATTENTION
Hands Off Fire Extinguishers

The Canal Fire Prevention Bureau has made a request of all residents to refrain from tampering with the tank fire extinguishers. The tanks are not playthings and are to be used only for emergencies which are very likely to arise in crowded quarters such as these. In the event of water shortage in time of fire, the community will be solely dependent on the tanks. Leave the extinguishers alone is the final warning.

SEED BEDS THRIVING

The seed-farm project under the management of Shinjiro Hanasaki, plays a very important part in the center farm program.

Seeds are scarce on the outside and some are practically impossible to obtain. Sixty-two acres are set aside to grow seeds. Seed farming is relatively new to Arizona, and most of the work being done is experimental. Through the fine work of Hanasaki and his workers, the seed farm has been amazingly successful thus far.

Estimated valuation of the 62-acre seed project is set at $40,000, according to prevalent price scales.

Nappa, pea, carrot, and onion seeds have been thrashed. Seeds grown here will eventually be sent to all relocation center farms.

INDIAN CHIEFS TO VISIT HERE

In full ceremonial costume, Chief Big Buffalo and Chief Blue Eagle, with other representatives of the Chataw and Pueblo tribes, will come to the center sometime this month to put on an exhibition Indian program, it was disclosed.

WANTED

Farm tractor. Preferably in white zone. Please contact 25-13-A.

STARTS TOMORROW

3 DAY KAMPUS KARNIVAL; MANY BOOTHS RAFFLE PRIZES

Three full days will be devoted to the Butte Parent-Teachers Association sponsored kampus karnival to be held at the high school grounds, opening tomorrow, and climaxing Sunday afternoon with a gigantic raffle at 2:30.

Booths galore will be propped on the grounds to house the many entertainments on tap--dart throwing, dice games, ghost chambers, for men only, penny pitch, and a host of others.

For fun, entertainment and oodles of laughs turn out for the grand carnival.

Tickets for the raffle are available through high school students at 20 cents each. A brand new bicycle will be given to the lucky first place winner, and an enviable portable ice-box to the second placer. Third prize will be a badminton set, with a beautiful bed spread and luncheon set going to fourth and fifth place winners, respectively. Twenty-five other prizes will be raffled.

RAILROAD UI COMPENSATION

Former railroad employees residing in Canal and Butte communities who are eligible and wish to apply for Railroad Unemployment Insurance benefits, are asked to contact Minato Mayeda, special Unemployment Claims Agent for Railroad Retirement Board at 69-8, employment office.

Miss Mayeda urged applicants to apply immediately.

Brown On Leave

On his annual leave, Firman Brown, deputy director, left Gila this week. It was said that he will be gone two or three weeks.

3000 LAUD COMEDY

Many thanks go to the Casa Grande Recreation Council for the veautiful gosture rendered Tuesday night in the form of a three-act comedy.

With an outstanding cast presenting a grand performance, "Here Comes Charles," a comedy written by the nationally famous playwrite Tobias, was an overwhelming success as judged by the 3,000 spectators at the Outdoor stage in Canal.

MC-INTYRE — Direct Business Not Advisable

(continued from page 1)

said more such plans are being considered.

The employment head spoke against the advisability of going into business or farming directly from the relocation centers. He told the relocation council that people intending to do so, first should work for a period in the new community to become acquainted with the people and to learn the business and farming methods and conditions.

McIntyre said that some of the centers may be closed in time, and a consolidation of centers take place after many leave the centers.

LIVESTOCK WORKERS WANTED
GILA ACQUIRES 4,500 CHICKS

An urgent call for more workers for the livestocks and poultry project was sounded by Walter Emerick.

To insure residents of Gila of an adequate supply of meat in the face of the national shartage, the project is continually being expanded. The workers on hand are not sufficient to cope with the present expansion.

A shipment of 4,500 chicks is expected this month for the poultry unit. One thousand seven hundred and eighteen head of beef steers are fattening in the pastures. Some of them will be ready for slaughter in about a month.

From a nucleus of 14 milking cows in the center project, plans call for an expansion to 300 heads in the near future.

The need for livestock workers cannot be underestimated, said Emerick. As the national meat shortage becomes acute, residents will depend more and more on the project livestock for their meat.

This is also a splendid opportunity, added Emerick to study the possibilities of taking up livestock work after relocation.

FIRST NYA SCHOOL CONTIGENT DEPARTS NEXT WEEK FROM GILA

Seventy-five male applicants for the 25 NYA training school openings had signed up to yesterday, Mendel Lieberman, adult education principal, disclosed. At the same time, Lieberman said that only one woman had signed for the 10 openings.

Lieberman revealed that the NYA will soon open its schools for several hundred Gilans, boys and girls, and that applications are being taken now. He strossed that there was no better opportunity for entering defense jobs.

The first 26 or more to be sent out in three groups will leave next week. A send-off party is being arranged in Butte and Canal.

Training can be received in the following occupations: machine shop, welding, sheet metal, foundry, pattern making, aircraft engine mechanics, power-sewing machine operating, radio, photography, auto mechanics and others.

Canal nisei will be interviewed at the Adult Education office, 13-D, Thursday morning and evening, and Friday evening. Butte Interview hours are Monday and Wednesday mornings and evenings and Friday morning.

NISEI Relocation Is Steady

Thousands of nisei are being systematically removed from behind barbed wires and placed in essential jobs, some even into war production industries reported the Office of War Information.

The relocation centers are regarded as temporary way stations for the majority of the 110,000 Japanese evacuated from the West coast, the OWI said.

Behavior and attitudes of the adult evacuees are investigated and those found satisfactory are eligible to leave the centers and resume normal life.

WRA Accountant Visits Colony

Seymour Cahn of the WRA accounting division is in Gila for a few days aiding in the institution of a revised accounting system, which is to be used in all centers. Cahn was in charge of the Denver conference for WRA accountants.

Mrs. Glen Cahn, who is with the WRA employment division, accompanied her husband here. She is collecting on-project employment data.

HOURS CHANGED

Adult Education hours have been changed to 8: 30 a.m. to 11:30 a.m. , and 7 p.m. to 9 p.m. For urgent business, call at 23-8-C.

NO MORE MATH.

Adult class in higher math will be discontinued as Shunki Shiraishi, the instructor, has relocated.

Great Western BEETS READY FOR THINNING

Sugar beets are ready now for thinning on many Colorado and Nebraska farms, and many workers are needed immediately, revealed Jack Maynard, representative of the Great Western Sugar Company. Of the three beet companies here at the beginning of the season, the Great Western is the only one now recruiting.

The average worker would net around $500 during seasonal leave of six months with beet contract, and general farm work, said Maynard. He reiterated that transportation to and from distination is guaranteed by the company.

The next group is scheduled to leave by bus on Wednesday, May 19. The group will have to be signed by Saturday night at 42-13-CC.

Maynard said, "It is a grand opportunity to spend the summer in a cool climate."

Outside Jobs

Registered nurses-Crown Point, Indiana. Six openings for tuberculosis sanitarium. Salary $88 per month and maintenance.

Graduate nurses-Detroit Michigan. Five nurses with experience in pediatrics. Salary-$85 per month and maintenance.

Car washer and cleaner-Milwaukee, Wisconsin. For man whose only experience requirement is that he is able to drive car. Duties to wash and clean cars in garage used only for inside storage. Wages-$20 per wk.

Kitchen steward-Chicago, Ill. Man with experience as kitchen steward to take charge of dishwashing and cleaning division for large hotel; supervise 30 to 60 employees. Starting wage-$135 to $150 per month.

Dishwasher-Chicago, Ill. 25 diswashers in kitchen of large hotel. $80 per month plus 2 meals.

Lathe Operator--Cleveland, Ohio. One opening for lathe operator familiar with internal and external threading taper turning and facing. Wages $1 to $1.40 per hour, time and one half for work over 40 hours. Average work week 54 hours.

Oilers for oil barges-Mississippi River. Work on oil barges plying the Mississippi River. Must be familiar with diesel engines. Wages-$110 per month; opportunity to advance quickly to second engineer at $200 per month. Older men up to 45 or 50.

HICKORY MEET

There will be an important meeting of all Butte Baseball Association officials tonight at rec. 28 from 8:30.

CANAL TWILIGHT GAMES BEGIN

Starting tomorrow evening, the Canal Baseball League will have the twilight games. These games are to played at 6:15 p.m. sharp every Friday, Saturday, and Sunday evenings; also one game will be played on Sunday morning starting from 9 a.m., instead of the regular daytime encounters.

Aloha

CANAL HI SEEKS FIFTH STRAIGHT

With three straight wins to their credit, the Canal Hi Bears will engage the hard fighting Rio Vista Panthers tomorrow evening at 6:15 p.m.

Our pick is once again Coach Maeda's propsters, who will probably have an easy triumph. Ed Nakamura, a hitter in his own rights, will probably be chosen to face the slugging Panthers with Tamori engaging them. The Panthers will display their Imura-Shigaki battery to cope with the Canal Hi nine.

Due to the mix-up of the games last week, this game was postponed for tomorrow night.

Another League May Be Formed

Any persons or group of persons interested in forming a Industrial Baseball League in Butte with the support of the Baseball Association, are asked to contact the NEWS-COURIER's sport department soon.

It was noted that several departments and blocks would like to form teams for another league. All entries are asked to be dropped in this paper's mail box and if enough interest is shown, the association promises to take action.

HEADS ASK NO BALL PILFERING

Butte baseball ground managers ask fans not to attempt toswipe foul balls at games. Good baseballs are now hard to obtain in lot as they are going on a priority rating and everybody may be deprived of the game's enjoyments if there becomes a lack of it.

Junior Birdmen Prexy Chosen

Butte Junior Birdmen Club held an election for officers recently and the following were selected: Tom Hozaki, president; Fred Suzuki, vice-president; George Yamamoto, secretary; and Kenny Matsumura, sergeant-at-arms.

All youngsters under 13 years of age interested in joining the organizations are asked to contact the Butte Aeronautical Association, rec. 36.

'66 HINODES MEET PASADENA SATURDAY EVENING FROM 6:15

YMBA VERSES BLOCK 28 TONIGHT

Fast-rolling Block 28 and star-studded Guadalupe have it out at Zenimura Field tonight from 6:15.

5 POSTON ALL-STAR GAMES PLANNED

It was agreed on at a recent meeting of Butte Baseball managers that the coming series with the Poston All-Stars will be of five games.

Four of the games will be played in Butte, of which a Butte-All-Star squad will play three. A Canal All-Star nine will play two games, one in Canal and one in Butte.

Henry Ohye, Aero Head, Departs

Henry Ohye, well-known nisei aviator and organizer and founder of the Butte Aeronautical Association, left for employment at the Prescott Air Training Center last Monday morning.

He disclosed that he will attempt to regain his CAA license, which was revoked after Pearl Harbor now that the CAA has lifted its ban on the nisei.

SOCIAL MAY 19 TO AWARD PLAQUE

Already planned award social for the presenting of plaques to the Butte Girls' Basketball Sportsmanship and Championship winning teams has been postponed to Wednesday, May 19, announced the Butte CAS.

Ever-powerful Block 66 Hinodes and the fast-improving Pasadena outfit, a club to keep an eye on, are scheduled to put on another slam-bang battle Saturday evening from 6:15.

Tosser Lefty Nishimura or Bob Toyoda will probably be called upon to oppose George Kanagaki or Yoshi Shimada.

MAJOR CIRCUIT TO HAVE 2 RDS.

It was decided at a meeting by Butte managers recently to have the Major League schedule of two games to stay as is with all teams playing each other once and completing the first half.

The two half winners will play each other for championship at the close of the regular schedule.

GLENDALE NINE BACK FOR MORE

Glendale Japanese town nine, which took a doleful beating from Butte Hi recently, has arranged another game at Zenimura Field with Jack Kasai's Block 31 this Saturday afternoon from 2:30.

The visitors felt that the last time they came over for their season's first game, it was without enough practice and would now like nothing more than to redeem themselves before Butte's critical sporting public.

VANGUARD
Youths Leave For School

Twenty-six enrolless in the NYA resident training schools will entrain for Saint Paul, Minnesota, early next week, as the vanguard of hundreds more who are expected to go in the future.

Nine will leave Monday and the balance will follow on Tuesday and Wednesday.

Youths interested in learning skills not taught at the St. Paul school are advised that additional NYA training schools teaching other skills will be opened soon to nisei.

AUTOMOBILE REGISTRATION

All evacuees who possess privately owned automobiles must immediately register such vehicles with the Internal Security office in Canal or Butte. Failure to register will mean termination of driving privileges in the future, according to an administration announcement.

VOLUNTEERS GET INDUCTION NOTICE

Twenty - eight Rivers volunteers were ordered to report for induction on May 24 at 11 a.m. in Phoenix by Major General Alexander Tuthill, director of Arizona's state selective service board. They will be the first group of enlistees to leave the Project.

Four of the 28 are off the Project and , Henry Freeland, leave officer, indicated that they will probably report from their present address. Thirteen of the 24 men who will report at Phoenix are from Canal and eleven from Butte.

The volunteers will leave Phoenix at noon for the Armed Forces Induction Station at Salt Lake City, Utah. Yoshimi Hiraoka , attorney-at-law, has been appointed group leader.

Some fifty more enlistees are yet awaiting induction orders.

(continued on page 4)

IF NO NETS-- NO NET WORK

The camouflage net project will operate as long as materials are available with which to work, announced T. I. Reynolds, superintendent, and J. M. Bjork, acct. in charge for the Southern California Glass Company, contractors for the net project.

At present, there are only enough nets to last a week, but millions have been ordered. A shipment is expected any day, but they have no idea when it will come.

John W. Ingram, U.S.E.D. engineer in charge of the net project, stated that he had received no orders from Washington.

Hanna Takes Over Transportation

Clyde M. Hanna was appointed acting superintendent of transportation and maintenance this week, following the resignation of Frank C. Norris, to enlist in the Seebees, naval construction unit.

Hanna, one-time owner of a transportation firm, was transferred here from the San Francisco office of the WRA.

CRYSTAL CITY REUNION CAMP BEING READIED FOR FAMILIES
To House Transfered Evacuees

Evacuees may join interned family members in the reunion camp at Crystal City, Texas, soon, announced William Tuttle, social welfare head, yesterday. Simultaneously he revealed the rules which will govern and conditions which will prevail at the camp.

Transfers from a relocation center to the reunion camp will be approved only after a careful investigation has shown that the transfer will be in the best interests of all members of the family and of the government.

Japanese and German internees and a small number of other nationalities will occupy the camp together with their families.

Citizenship will not be affected by voluntary internment. However, as a general policy, a voluntary internee will not be permitted to leave the camp while the interned member of the family remains. Exceptions will be made in certain cases, approval of applications to be based on the merits of the case.

Letters and parcels will be examined and censored and the number sent out by an internee will be limited. Visits of limited duration will be permitted.

Money will be handled through a financial officer.

For further details see Tuttle in his office.

NYA OPENS NEW JOB FIELDS

The implications of the WRA-NYA agreement to accept nisei in NYA resident training schools are tremendous. In the schools, nisei will be trained in industrial skills and are practically assured of jobs in six weeks to four months.

The pre-war nisei world was a narrow one. The average nisei either took over his parent's business or worked as domestic, gardener, or with a firm owned by one of his own kind. Their greatest kick was that opportunities were so limited. The limitations were partially the nisei's fault (because he was not aggressive enough, not daring enough to strike out east, and he was a victim of a defestist philosophy), and partly because opportunities were not for people of their race.

Unfortunate though wars are, one of their few good results are that they tend to level mankind. This is happening in America where even the down-trodden negroes are getting jobs they never dreamed of attaining. Once they attain some concessions, history verifies that by and large, the status quo ante never returns.

Nisei, despite their position being a peculiarly unfavorable one, are also getting an opportunity to crash fields they never have been able to in bulks before. The field of industrial labor in the Middle West and East is capable of absorbing and willing to absorb thousands of nisei. With a natural manual aptitude, industrial skills are a cinch for them.

The opportunity is here, but nisei have no developed skills. Now, however, with the NYA agreement, nisei have a chance to learn skills.

Already 100 have applied for the schools from this center. Next week, the first groups will be leaving for the St. Paul, Minn. training school. These people are driving a wedge into new fields through which other nisei can enter them.

THE WOMEN

Will the nisei women lag behind women of other groups in attaining their full stature?

In Europe and in Asia, some women are bearing arms. Most of them are taking the places of their menfolk in the fields and factories. American women, from the

New Baseballs Now In Stock

Contrary to the belief that baseballs and other sporting goods will be rationed and put on a strict priority, the Co-op sporting department can still take orders for any items desired. A new baseball, which is the official ball of the Texas league, is now in stock. This ball is a pre-war ball and has the same life it has always had. It is now available at the low price of $13.50 a dozen.

For details and samples of any articles, see George Inai at 69-2. Wholesale prices will be given to all teams and individuals.

SENTENCE GIVEN LAW BREAKERS

For unauthorized use of a Project vehicle, three Butte residents were sentenced to serve seven days in the County jail at Florence Thursday by Project Director Leroy Bennett, announced W.E. Williamson, chief of Internal Security yesterday.

In addition, the three were given 90-day suspended sentences for lumber theft. They were taken to the Florence jail on Thursday.

GIRL RESERVES ORGANIZE

YPF SPEAKER

"The Changing Effects of War on Daily Living," will be the inspiring topic of Dr. F.W. Heckelman before the Butte Young Peoples Fellowship tomorrow evening at Chapel 40 from 8 o'clock. Discussion will follow.

CAPT. PATTON PAYS TRIBUTE TO CAMOUFLAGE WORKERS

"If all war workers in Great Britain and Amierca worked as quickly and as efficiently as the man and women at the net factory are doing, the war will be shortened by five years," Captain Robert A. Patton of the Royal Air Force declared after visiting the net factory on Wednesday this week.

Captain Patton is an instructor at the Prescott Falcon Field where British airmen are being trained. He has been there 9 months now, but before his transfer to America he had served on active duty over Europe for 32 months.

The Captain said also that he saw no signs of pampering in the center.

Besides the net factory, he visited the ship model shop and the farm. He was very much interested in the shop where models of German battleships are being made now. His interest is natural. He had photographed the Tirpitz, Prince Eugene and other German ships in the fjords of Norway.

Captain Patton recalls a time, too, when he spent three hours in the city English channel after bailing out of his plane. On another occasion, he remembered with a grin while relating a Sunderland Flying Boat, his crew drowed off a Messerschmidt 108 armed only with an American Thompson sub-machine gun.

OPA Sets Farm Equip. Prices

Ceiling prices set by the Office of Price Administration must be obtained in sales of farm machinery and trucks, Russell T. Robinson, WRA head of Evacuee Property office of San Francisco, advised residents.

Price control will probably be extended to automobiles in short time Robinson stated also.

KARNIVAL HAS GRAND DEBUT; MANY BOOTHS FEATURED

Papa is smoking a new corn-cob pipe; mama has more soap to do her washings; sister is sporting a new T-shirt; little brother is blowing lustily on a new whistle.

These are but few of the things all can win at the Kampus Karnival which held its grand opening last night on the Butte high school campus grounds. Chance booths such as dart-throw, baseball-throw, Wheel of Fortune, bow-and-arrow, bingo, and nine others are awarding everything from cigarettes to autographed movie stars' portraits.

Today, it is open from 1 to 5 in the afternoon, and 7:30 to 10:30 in the evening. Tomorrow afternoon, the karnival will open at 2.

Topping the three-day festivities will be a raffle to be held tomorrow at 2:30 p.m., with a new bicycle heading the list of 30 prices. Everyone is requested to be present at the drawing, since the holders of the lucky winners must be present.

HI Student Body Social Tonight

"The Great American Broadcast," will be the theme of the student body dance sponsored by the junior class of Canal High tonight, 7:30 at mess 13.

Featured during the entertainment hour will be W.D. Higgins and the boys' sextet. Masayo Yasui will render a vocal solo, while Akira Kato will present a skit. The singing emcee is Alyce Kawada.

The proceeds of the dance will go towards the coming junior-senior prom fund. Admission is ten cents per person. Refreshments will be served.

MARRIAGES

"Marriage," is the topic under discussion at Canal's Youth Fellowship tomorrow.

FARMING CONDITIONS IDEAL SAID OF COLORDO AREAS

Hayasuke Yamamoto, 72-8-B, has just returned from an inspection trip to Colorado farms in Great Western Sugar Co. territory. He will go back with his family [redacted]

He reports that public opinion, soil conditions, [redacted] Colorado and that there are many opportunities there which make Colorado farming areas ideal for relocation of Japanese farmers. During the next few days before he leaves, he will be glad to give further information to any that are interested.

Yamamoto stated that a farm in Colorado wants two couples for year around work immediately, another farm needs a couple and four single men on the same basis. He reports that housing and other living and working conditions are excellent.

Jack Maynard, recruiting sugar beet workers for farms in the Great Western area in Colorado, warns that with beets ready for thinning now, offers of employment will only be available for a short time longer and that all who want to go out from here next week must be signed up by Sunday night.

Maynard may be seen at his office at 42-13-C all day, tonight until 9, and all day tomorrow.

WRA Leave Officer Visits

To help facilitate leave procedure and the resettlement program, Paul Robertson, WRA leave officer, stopped in Gila for two days, Thursday and Friday. He is making a swing around the centers.

Formerly a California state government official, Robertson has many evacuee friends who were in the business there prior to the war.

Regarding resettlement, Robertson said, "The real issue at stake is to get the people back in normal life. Though jobs and wages are important, it is not the only thing to consider."

He said that people who have gone out to date have had no trouble, and that there should be no fear of relocation.

ENGAGEMENT

The engagement of Bessie Natsue Nakanishi to PFC Kenneth Kiyoto Kawami was revealed by Mrs. Fred Doi, sister of Miss Nakanishi.

EVEN TEMPERATURE THROUGHOUT DAY

Excessive use of coolers which contrast the difference from the out-side and inside barracks are discouraged by Dr. Jack C. Sleath, Chief Medical Officer, as being detrimental to the health of an individual.

Dr. Sleath recommends the maintaining of a constant temperature throughout the day, and turning off the cooler at night when it gets cooler.

FLY OLD GLORY

Why not display a small flag by the picture of a son, husband, or a brother in the Army? Surely you owe him some respect and gratitude.

Come on, folks and remember your loved ones on Memorial Day with a "Star Spangled Banner" waving in your home.

NEW FIELDS FOR WOMEN

(continued from page 2)

cute chorine to the sturdy farm girl, are driving tractors, harvesting crops, welding, piloting planes, working on railroads, and doing much formerly thought to be exclusively male work.

The nisei have behind them the example of their issei mothers who never shirked man's work. There is a limit to the availability and the wages of domestic and secretarial work.

It is not amiss to strike out into new fields, where the pay is better and where they can disprove the myth of male superiority as other women are doing today.

MITANI TAKES DUEL

Cinching Butte's Major League First Half Championship, Guadalupe YMBA behind the fine 2 hit tossing of Masaaki Mitani took a close 2-1 pitching duel from the grasps of hustling Block 28 last Thursday night.

Masato Kinoshita hurled masterfully limiting the Bussei aggregation to 6 safties but an tough first and second frame allowed a run apiece on a couple of costly errors and hits by Mitani, Teddy Morishita, Kody Kodama and James Tomooka.

Block 28's tally came in the ninth when Isamu Tomooka scored on a hard-hit triple by rookie pinch-hitter George Matsuda.

MAJOR LEAGUE MANAGERS' MEET

Sports News-Courier

LEAGUE LEADING DELTANS SLATED AGAINST TIGERS

Listed for the main attraction of the week is the Roughrider-Viking engagement this evening at 6:15.

With George Ichimoto chucking the pill, the Vacavillans will probably push across with another hard earned victory. Probable hurler for Viking outfit will be P. Ryono, with J. Ikeda behind the mask.

Tomorrow morning from nine, Butch Oto's rambling Deltans will face the winless 27 Tigers. The undefeated Deltans will probably have their sensational John Muranishi carrying the pitching burden, with Kaz Hatanaka calling the signals.

Tom Nakatsuka is the one most likely to twirl for the Tigers. The second game for the day is the Red Cat-Block 26 tussle at 6:15.

Slinger, Y. Handa, with Honda squatting behind the plate, will cope his skill against twirler Woodly Kimura.

AWARDS SOCIAL POSITIVELY MAY 17

Long-awaited social for the presenting of Butte Girls basketball Championship and Sportsmanship plaques will be held this Monday evening at 8:00, announces the CAS. Locale has not been decided upon, but will most likely be held at mess 52.

Big Game— HINODES MEET PASADENA TONIGHT

Four Butte Major League nines are scheduled to enter their seventh and last round of the first half of play tomorrow as scrappy Firemen meet Giants at 9 a.m. and Block 30's up and coming Reds engage Lompoc from 6:15 p.m. Both games are slated for Zenimura Field.

Giants' coach Kay Yoshida said he would start southpaw Tubby Tomooka or Joe Koyanagi against Zuke Tanaka's likely choice of reliable Shim Shimasaki or youthful lefty Junius Sakuma, who turned in a good job against Lompoc last week. Zuke's other mainstay—Kuni Hisatomi—is a AJA volunteer and may not want to take part.

Butte baseball onthusiasts are reminded that the victory-minded Block 66 Hinodes and a strong Pasadena nine are scheduled for a hard fight tonight at Zenimura field from 6:15.

Dangerous Reds and Lompoc are scheduled for another unpredictable tussle in tomorrow's main show.

Manager-twirler Kaname Matsuno is on the prowl for a regular hurler and may have just the man in 17 year old Hank Hayashida who went the full game against Firemen last week. '30's ace chucker Mas Okuhara will in most probabilities be called upon again.

Ticket System For Poston Tilts Being Arranged

At a meeting of Butte Baseball Association Officials last Thursday, arrangements for the series with the Poston All-Star teams were made.

Among these were plans to sell reserve section tickets for all series games played in Butte at $1.00. The sections and seats will be marked corresponding to the tickets and these may be transferred from one person to another for whichever game. Passes for one game only will not be sold.

General admission including for those who stand will be $.10 at each game.

It was emphasized to the press that this higher-than-usual charge is because the visitor's and other expenses must meet. If there is any leftovers, it will be used to support an All-Star team from here for an return engagement.

DIES COMMITTEE PROBES WRA

The Dies' Committee for the Investigation of Un-American Activities moved into Rivers Saturday, May 15.

Since Saturday, Gene Hagberg and Thomas Cavett, investigators, have been gathering data for a report to the Committee. With the two, is Federal Court reporter, Lewis Billar.

Hagberg said that he and his co-worker are not here specifically to investigate the evacuees, but that it would be a part of the committee's program of looking into the entire WRA program, personnel, center conditions, and evacuees.

The Dies Committee started the investigation two weeks ago, he said.

BODINE HEADS FOR RIVERS

Thomas R. Bodine, field director of the Japanese American Student Relocation Council, will meet with Rivers students, interested in college education, for the first time when he arrives on May 23 for a five day stopover.

Miss Esther Rhoads of the American Friends Service Committee of Pasadena will be in Rivers at the same time. The Friends have recently established two new hostels in Cleveland and Cincinnati, Ohio.

Bodine probably will hold open meetings with prospective college students and keep regular office hours for individual consultations.

CHARLIE TO COME TOMORROW

After a stellar performance at Canal last week, the Casa Grande Playhouse troupe will make a repeat performance of their three act play, "Here Comes Charlie," tomorrow night, 8:30 at the amphitheatre.

The drama will be shown free of charge.

RAPID RESETTLEMENT HOPE VOICED BY DIRECTOR MYER

10,000 ALREADY RELEASED; GOAL SET AT 75% RELOCATION

Most of the 110,000 West Coast residents of Japanese ancestry moved to relocation centers are to be freed as rapidly as possible, said Dillon S. Myer, director of the WRA, according to a May 14, UP dispatch.

He said he would like to dissolve everyone of the camps "tomorrow, but since that isn't possible we'll do it as rapidly as we can." Already about 10,000 have been released, he said.

The government now recognizes that the camps were a mistake; that administration has been difficult, and that many loyal citizens have been embittered by what they consider unfair treatment, Myer said.

He estimated that 75 per cent of those in camps should be placed in private employment or permitted to re-establish businesses of their own. The

Procedure Simplified

Passes to travel in the prohibited area of the Western Defense Command are now being issued by Captain G. A. Horse, Commanding Officer of the Military Police Post on the Project, announced Project Director Leroy Bennett yesterday.

"The new order will greatly simplify the procedure to obtain emergency travel permits to the restricted area," said Bennett. However, the regulations governing the reasons for evacuee entrance remain unchanged. Escorts are necessary and permits will be issued only in emergency cases.

Charter Up For Approval

Submitted to the project director for approval last week by the Constitution Commission was the draft of the proposed Constitution to establish a Community Council and a Judicial Commission in Butte and Canal.

The proposed Constitution gives the issei the right to be elected on the Council and the Judicial Commission.

INSPECTOR TO TEST SCHOOLS

An investigation will be conducted to ascertain how much of the local school work will be accredited by the Arizona Department of Education, announced W. C. Sawyer, superintendent of education.

O. K. Garretson, Arizona State High School Inspector is expected sometime this week to conduct the investigation.

It is not a case of whether the school work will be accepted or not, but how much of it will not be accredited," said Sawyer.

State standards have been met in the selection of teachers, textbooks and other matters so far is known, except for certain pieces of equipment.

Should any work fail to pass the requirements, special summer school courses will be conducted in order that particular work may be accredited, added Sawyer.

ARMY HAS SAY-SO

How they sound off, these Costellos and Rankins and Jennings. Yet what they mouth for the benefit of their bread and butter should not cause great alarm.

When the people of Japanese ancestry were evacuated it was the War Department which had done it. In war time its concern is for the safety of the nation, and its authority overrides the Constitution when the situation is grave enough. Thus we learned.

Now when the trend of military events indicates that, the outlook is less critical, the War Department has started to loosen its controls. Nisei soldiers have been granted the right to travel on the West Coast. The procedure to get into the Eastern Defense Command has been enormously simplified. Already, talk of returning certain categories of persons, such as wives and children of soldiers to the West Coast has given an unofficial, but significant, approval by the War Department through Assistant Secretary of War McCloy.

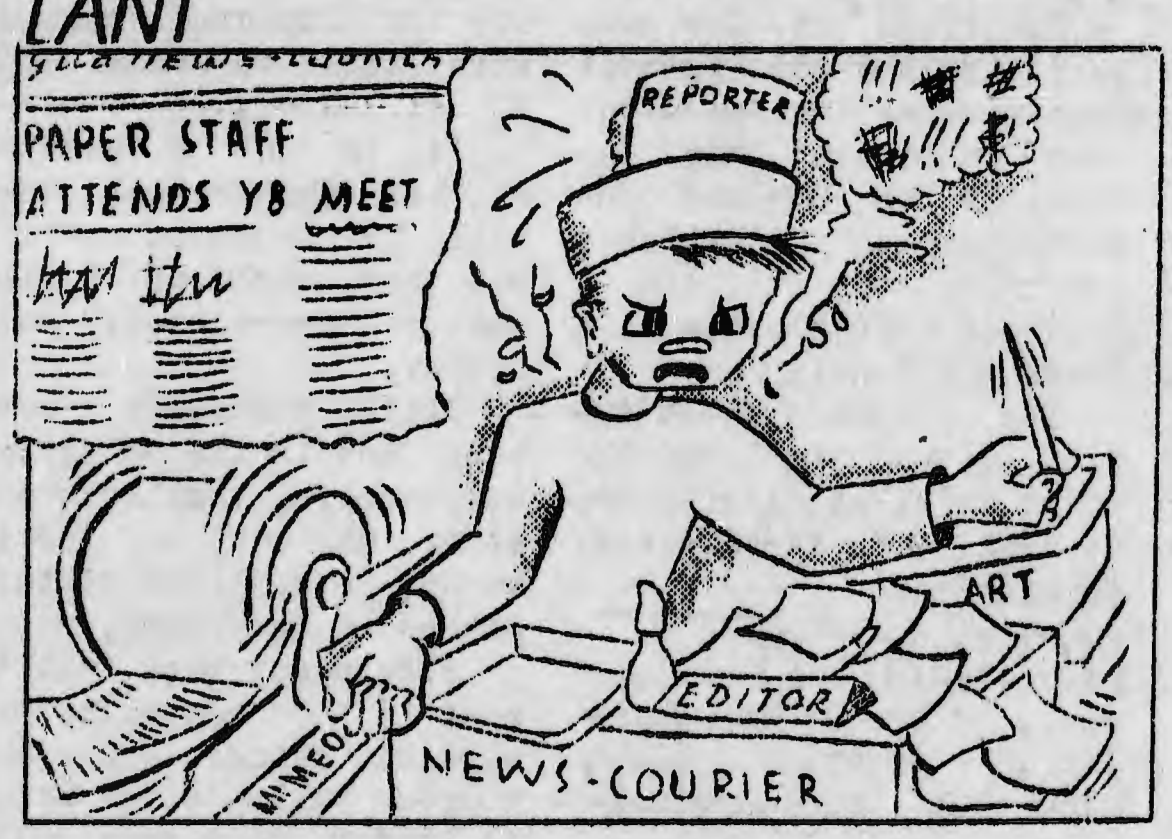

All this has been done by the War Department under the emergency powers it is heir to in war.

For Congressman and civilians, any legislation which will discriminate against a people for reasons of race is manifestly unconstitutional and they have no emergency loopholes for such action. The only alternative would be to amend the Constitution. Since California and a few of the other discriminatory states are not the entire United States, it is safe to believe that such drastic measures never will be taken. Such a step is equivalent to scrapping democracy, and America is too deeply grounded in and has fought too hard to maintain that to allow it to go over the brink.

Indications that the emotional clap-trap dished out by the men who talk to earn their daily bread is not considered too seriously is apparent from the generally sympathetic treatment accorded to evacuees in the Middle West and the East, by the individuals and the newspapers.

The Coast legislators and leaders may talk of deportation or wholesale internment and other unconstitutional media through legislation for the disposition of the evacuees, but the verbiage need not be overly feared.

NISEI CIVILIANS WORK FOR ARMY

Another step toward the re-establishment of the civil rights of persons of Japanese ancestry was taken as D. S. Myer, WRA director, announced that the way was opened for the employment of nisei civilians in Army establishments, including departmental and field service.

Only American citizens will be employed in this field. Nisei will be employed in non-restricted areas.

Unavailables Now Available

The mail order clerks in the canteen will take orders for any item not obtainable in the local canteens or through mail order houses, stated Ben Matsuura, purchasing agent.

CAPTAIN KORN CALLED TO DUTY

Captain Lewis J. Korn of the U. S. Army Reserves received notice to report for active duty at Fort Custer, Michigan, on May 28. He will probably leave the project Wednesday.

Captain Korn is of the first group of appointed personnel who came to Rivers in the pre-evacuee days of April, last year. After his departure Firman Brown, Deputy Project Director, and Dave Rogers, superintendent of Farms will be the last two of that group to remain here.

Said Korn, "I regret that I must leave, feeling as I do that I am somewhat of a pioneer here."

Resettlers Request For Transportation

All evacuees requesting government transportation of personal property from the Gila Project to the place of resettlement must file applications at least 4 days before departure, stated A. F. Chamberlin, Evacuees Property Officer. Request forms are handled through the evacuee property office at 69-7 in Butte and the administration building in Canal.

Teacher Finds High Type Of Courage in Evacuees

Evidence that the future leaders of America, today's college students, are thinking in broad, objective terms came again in the May issue of the "Intercollegian," official organ of the National Intercollegiate Christian Council and Student Volunteer movement.

Two of the six editorials carried in the monthly periodical deal with the evacuees and the necessity of thinking constructively on their problems. Three feature stories are given to the same problem. A teacher writes, "I have been surprised in finding a type of high courage I have not met before, and a faith in our government that first makes me want to crawl under the table and second go out and see that it lives up to such faith."

A sketch of the Butte center with barracks in the foreground and the Butte water tank in the background as printed in the NEWS-COURIER calendar is reproduced in the magazine. One-time NEWS COURIER staff member, Alice Uchiyama, ex-UCLA and at present Drake student, is the artist.

SHOES ISSUED ON NEED BASIS NOT NECESSARILY LIMITED

Unless shoe ration certificates issued from March to April 15 are brought in by tomorrow, Wednesday, cancellation will not be accepted without written evidence that an effort was made to purchase shoes, said Henry C. Freeland, leave officer, yesterday.

Freeland said that since shoes are issued on a need basis, residents are not necessarily limited to three pairs a year. Certificates are issued as need arises, unless: (1) the kind of shoe the applicant wants are furnished by the employer; (2) he already has two or more pairs of wearable or repairable shoes of the kind requested; or (3) he wants them simple for sportwear or to maintain his personal appearance.

War Ration Books One and Two will be issued to all individuals leaving the center for the outside on leaves of a month or more, said Freeland. In event a Ration Book is lost, an affidavit to that effect must be filed and the signature notarized. Any resident in the center still retaining Ration Book One was requested again to bring in their book to the Ration Department at 69-8.

18 FAMILIES TO JOIN INTERNEES

To join interned members, eighteen families will leave next week for the Crystal City Internment Center in Texas, announced William Tuttle, social welfare head.

These eighteen are among the first group of over a hundred applications sent to Washington for approval. Others are expected to follow soon.

Four of the families are from Canal, and 14 are from Butte.

Tuttle Becomes Deputy Clerk

Since the departure of John Lendward, William Tuttle, social welfare head, has been in charge of the marriage licenses.

VITAL STATISTICS

MYER ESTIMATES 75% RELOCATION; REST, SEGREGATION

(continued from page 1)

remainder should be moved to camps for repatriation or internment as unsafe to be at large, he said.

Approximately 3,000 have requested that they be repatriated to Japan after the war and these are to be placed in a separate camp.

Approximately 1,300 have volunteered for military service. Another 8,670 have been given leave to take jobs outside the camps.

He said American citizens who have signed the loyalty pledge should be given an opportunity to re-establish themselves in American life as rapidly as possible. Most of them, he added, intend to remain in the United States after the war and generally are completely loyal.

"Life in a relocation center is an unnatural and un-American sort of life," Myer said.

Poultry Farm Is Expecting

Two thousand baby chicks will arrive on Saturday with 2,500 more expected on the 26th, announced T. Emerick, live stock supervisor.

The chicks are white leggers, and are coming from California. They are all sexed pullets and should grow into a flock of over 4,000 laying pullets within the next six months.

Six thousand more pullets are expected about the middle of September. The poultry farm will build a flock of 12,000 laying hens by next spring.

Kakuji Okamoto is the poultry unit manager.

117 Apply For NYA Training

One hundred and seventeen nisei have signed up for the NYA training program up to Saturday, according to Hugo Wolters, CAS head.

The program is expanding constantly and more schools are being opened. It is expected that in Rivers all who enroll will be sent to the schools.

Twenty-six youths will have left Rivers by tomorrow for the Saint Paul, Minnesota training school. Fourteen more will leave next week. Last night in Canal and Sunday night in Butte CAS-sponsored socials were held in the honor of the departing youths. L. H. Bennett, Project Director, spoke briefly to the groups.

Anyone interested should contact Clara Clayman or Mendel Lieberman. Persons may register for any skill they wish.

SUMMER SCHOOL PLANS COMPLETE

A program for summer school and activities during July 6 to August 13 have been worked out, announced Hugo Wolters, CAS supervisor.

Students behind in any of their work will have the opportunity of making up classes which they have missed and in which they may take part in a large activity and departmental program.

Details of the entire summer program for children are being considered by the schools, Community Activities and church groups of both communities.

OISHI TO SPEAK FOR ROTARY CLUB

Jimmy Oishi will speak to the Rotary Club in Mesa, Arizona, Wednesday. He was invited to speak on the Relocation Center program here in Rivers.

Rotarian members in both Canal and Butte are asked to contact Oishi to discuss meetings with other Rotary Clubs in surrounding cities.

Deltans Win 6-4 Smash '27 Tigers

Butch Oto's undefeated Deltans maintained its league lead by coming through with a 6-4 triumph at the expense of the winless 27 Tigers last Sunday morning.

The Deltans taking advantages of a string of errors, the first tallied four runs; pushing across two more hard earned runs, one in the third and another in the ninth inning ended the hectic game 6-4.

Working on the mound for the winners was Big John Muranishi with Kaz Hatanaka perspiring behind the plate. For the losers was Joe Fukumoto with Tanaka receiving.

The Vikings met a heartbreaking loss last Saturday evening as the powerful Roughriders came through with a 7-3 win.

With Big Tom Egusa chucking for the Roughriders, the Vikings collected eight scattered hits, which, one was a homer by Moon Ikeda in the first inning.

Hurling for the Vikings was Ken Hamaguchi and Paul Ryono, with Juicy Ikeda receiving behind the pan allowed nine hits.

ALL-STARS VICTORS

Grabbing an early and decisive six run margin, the visiting Glendale Japanese All-Star team downed the strong Canal Hi Bears by a count of 9-3 last Saturday morning.

PASADENA DOWNS BLOCK 66 REDS TRIUMP OVER LOMPOC

Hinodes Shows Slipping Signs

Stepping another notch higher in Major League's standing, Block 30 finished its last part of its first half by outplaying Lompoc 9-4 last Sunday evening.

Lompoc's young Hank Hayashida performed gallantly for eight frames but was overpowered with a bunch of errors by mates and a couple of hard hits. He was relieved by Kazuo Matsuno.

Reds' Yoshi Hirano started and Mas Okuhara, who singled thrice finished up nicely. Frank Fujii's two singles and Walt Inai's twin triples were tops. Duke Tokunaga tripled once.

Harry Oka's four solid hits led hard-hitting Pasadena to a surprising 9-6 victory over Block 66 in a hotly-contested slugfest last Saturday night.

Although the '66 nine garnered 12 blows, Pasadena's 11 safties came in more opportune moments. Including long extra basers, Maino Okazaki and Joe Shimada's three hits were tops for skidding '66. Also hitting the apple hard were George Kanagaki and Taxon Tsujita.

Pasadena's Horse Inouye, Roy Hiroto and Lefty Nishimura, who relieved tosser Bob Toyada in the fifth, also did plenty of ball pounding.

FIVE PITCHERS HAVE HARD DAY

Giants Out-Slug Firemen 18-11

Rapping out 14 lusty singles, resurging Giants decisively out hit Firemen of Zuko Tanaka in a eight inning merry-go-round for their second league win 18-11 last Sunday morning.

Both sides hit well with Giants' Kay Yoshida, Joe Koyanagi, Ben Tsutsumi, Seirin Ikeda and Firemen Roy Nakamura, George Kataoka, Tad Nakamura leading the parade.

Both sides made boners aplenty for respective hurlers—Shim Shimasaki, Junius Sakumi and Giants' Tubby Tomooka, Ben Tachihara and Joe Koyanagi.

KASAI'S BOYS TRIM GLENDALE NINE 9-8

In a see-saw battle, Jack Kasai's Block 31 edged a visiting Glendale Japanese nine 9-8 last Saturday afternoon.

My Pesty Fly

-- RUTH ARAKI

A typical abominable nuisance was the young scamp. More commonly known as "that pesty fly", he is the origin of much restless and nerve-racking moments.

Just when you comfortably settle down to that long-awaited moment of ephemeral relaxation, he c o m e s bounding about with the zip of a fresh morn, bringing about your near collapse in a desperate attempt at his liquidation. Here is a short, short story of one little Mister who just didn't know the meaning of freshness and enough, thereby meeting his inevitable doom.

A jolly fellow, full of vigor for his minute build, life for him was one happy trend. Playful, but mischievous, he would capriciously do the "fandango" before your weary eyes. Aggravatingly, you lunge to slap the little beast for his advances. Whoops! You miss and disgustedly go seek rest again, Silently, impudently, he returns for another bout. Once again you strike; once again you miss.

This continues for sometime, until your reserve has finally reached the boiling point and worn down to a frazzle. As for Mr. "Pesty Fly", still spirited and audacious, he tauntingly prepares for another attack. Armed with what remaining resources you can muster following hours of futile attempts for his capture, you lunge at him. What?! Another miss! But wait, An idea formulates within that brainy head of yours. Gloatingly, you prepare for his disposal.

Alas! Mr. "Pesty" cannot resist his sweet tooth. Unsuspectingly he consumes the sweets you have offered him. Then suddenly--bam! Death, sudden and painless is wrought upon the victim.

Ah! One less fly, one less pesty insect. Now for that long deserved rest--in peace!

What Price Beauty? --n.

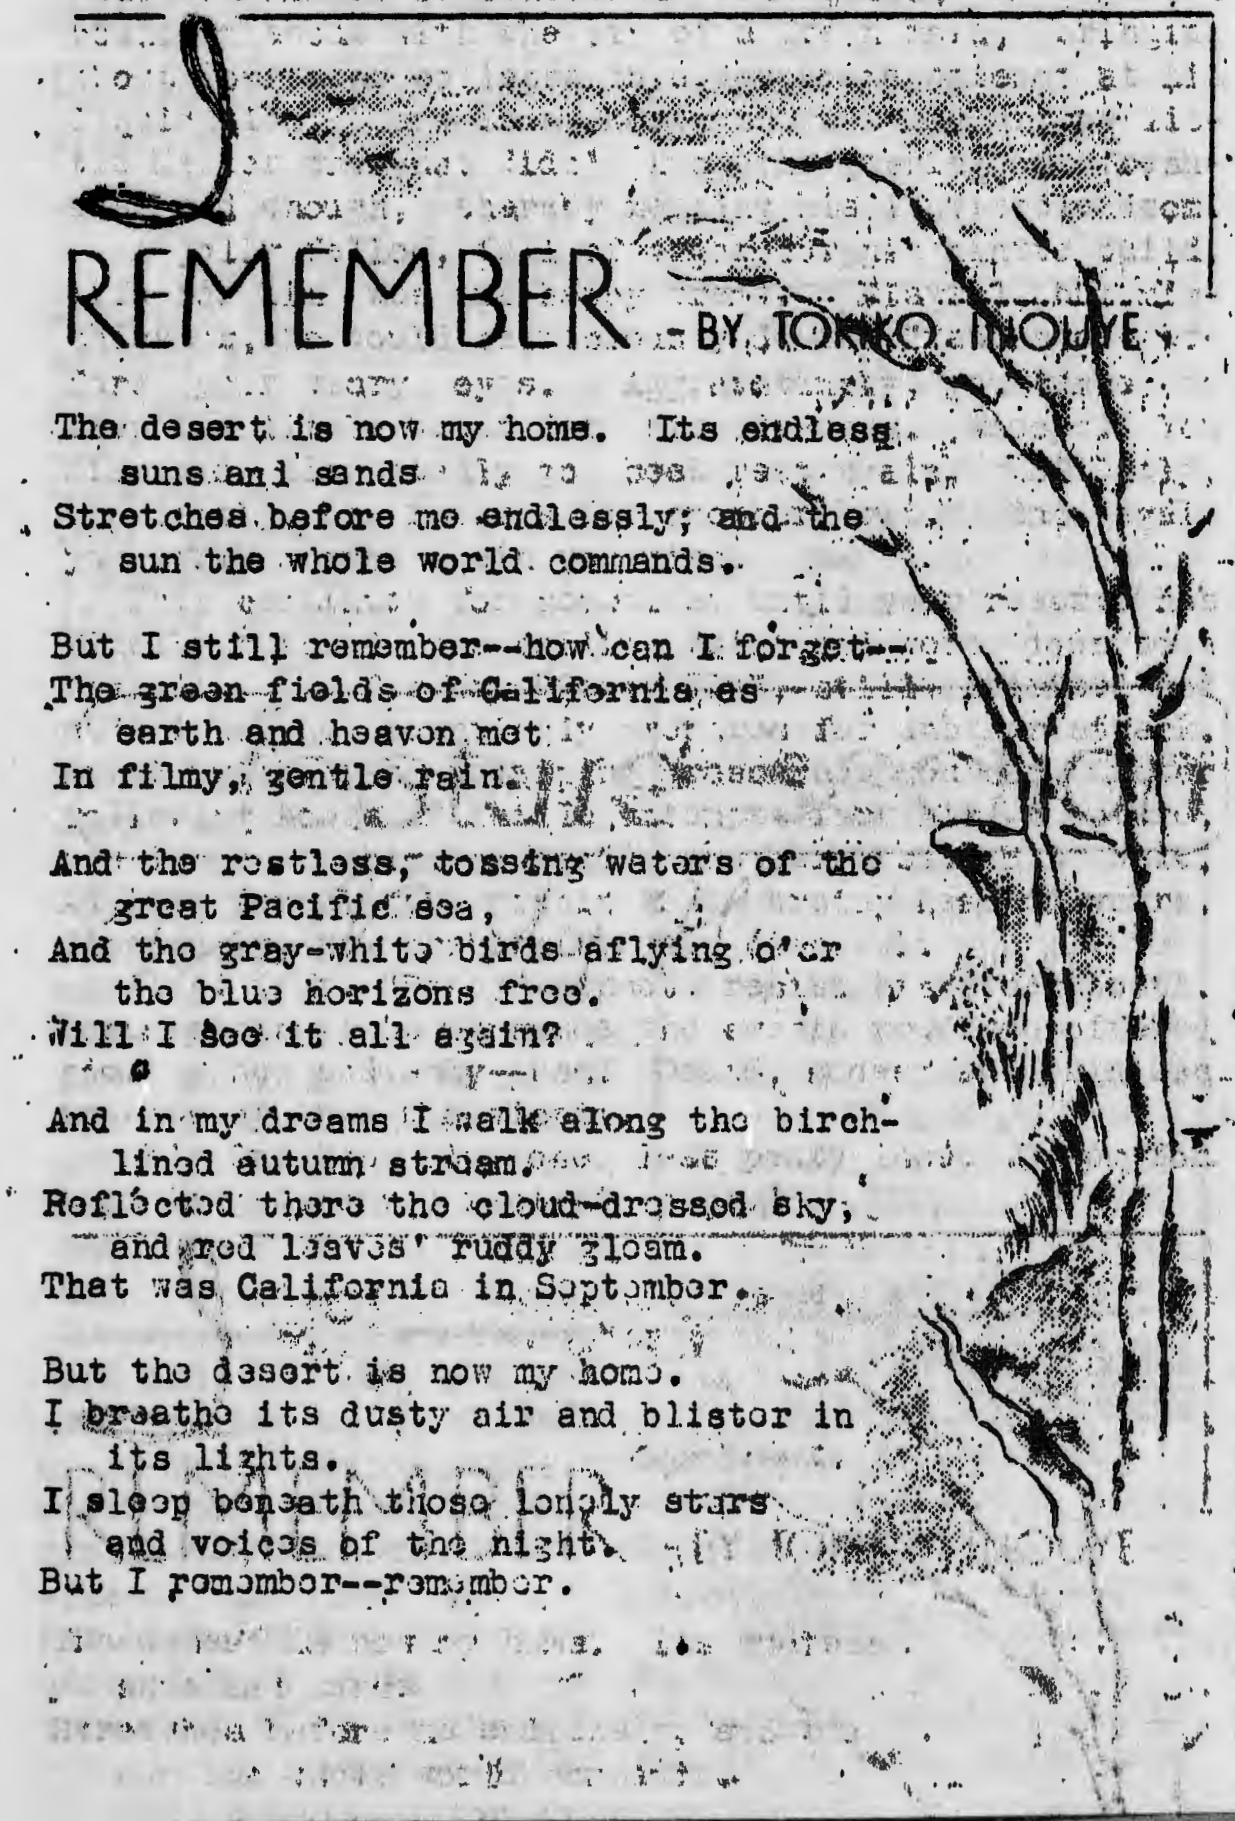

By cruel quirks of fashion, coiffures must also follow the current trend. One year, the long, sleek hair-do is in the limelight; the next, a movie star will start a new fad. It seems that a permanent is the pre-requisite in attaining chic in any hair do. So I decided to get a permanent, to relieve my looking like a Fiji-Islander one day and a hillbilly Veronica Lake the next.

What follows, happens only to those strong-willed enough to take it. The appearance produced from start to finish would run as follows: A wet dog (shampoo), a hurricane victim (hair drying), Medusa (me, under the machine), boiled lobster (under the dryer again). The finishing touch of combing and fixing one's hair is done painstakingly by the hairdresser, the result of which may and may not be flattering. The entire process takes about three hours, after which I self-consciously step outside, feeling like the "after" picture of the "before-after" set.

Blessed are the males who only need a hair cut and a dash of goo (of any old brand) to obtain a prideful crowning glory. What price beauty!

I REMEMBER

- BY TOKKO INOUYE

The desert is now my home. Its endless
suns and sands
Stretches before me endlessly; and the
sun the whole world commands.

But I still remember--how can I forget--
The green fields of California as
earth and heaven met
In filmy, gentle rain.

And the restless, tossing waters of the
great Pacific sea,
And the gray-white birds aflying o'er
the blue horizons free.
Will I see it all again?

And in my dreams I walk along the birch-
lined autumn stream.
Reflected there the cloud-dressed sky,
and red leaves' ruddy gloam.
That was California in September.

But the desert is now my home.
I breathe its dusty air and blister in
its lights.
I sleep beneath those lonely stars
and voices of the night.
But I remember--remember.

VOL. II NO. 60 Thursday, May 20, 1943

YALE Seeks Teachers For Program

Six evacuees fluent in speaking the Tokyo dialect of the Japanese language are wanted by the Yale University to teach in the Army Specialized Training Program, Director D. S. Myer informed Project Director Leroy Bennett.

A representative of the University will in all liklihood be sent here to interview applicants. Bennett said, that applications should be sent in immediately through the employment offices.

After acceptance such persons will be given an opportunity to attend a training course to be taught the Yale method for intensive language instruction. Required of applicants are fluency in speaking the Tokyo dialect, education and personality.

Bennett said that the positions probably will insure successful candidates a permanent place in the academic profession. If the contemplated program brings satisfactory results more evacuee instructors may be called, he said. Pay range is from $150 a month for beginners to $2220 a year.

INDEFINITE LEAVE GIVEN REGARDLESS OF JOB OFFER

A limited amount of indefinite leaves will be issued periodically without definite job offers to further expedite the resettlement program, announced Project Director Leroy Bennett yesterday.

The latest information from WRA Director D. S. Myer is that the relocation supervisors will advise project directors of the number of evacuees without definite job offers who will probably be placed within a given time. Together with this information the supervisors will also advise the projects about the type of jobs that are available, wages, housing, cost of living, and other pertinent information relating to employment opportunities and the community, said Bennett.

The new instruction is nothing more than an extension of the present practice of sending evacuees to hostels and hospitality houses, he said. An evacuee departing in this way will be eligible for travel assistance. The whole transaction will be handled just as if the evacuee did have a definite job in advance of departure, declared Bennett.

FEATURE WRITER VISITS RIVERS

A picture story of Rivers can be expected soon in newspapers serviced by the Acme News-Pictures. Yesterday, feature writer Harlow Church of NEA and the Acme News-Pictures spent an entire day in Gila taking news shots of the center, its people and its activities.

Church had previously visited Poston, and is on his way to Manzanar. He will also write special news articles for the NEA to be distributed to the 800 members of the association.

"Why, hell no," said Church when queried on whether he thought evacuees were pampered. He continued, "I don't think any one can be pampered on 41 cents a day food allowance.

Lack Of Job Ethics Deplored; Relocation Progress In Sight

Relocation supervisors are concerned over the lack of ethics exhibited by those resettling evacuees who have created resentments among employers by quitting jobs soon after accepting them.

Said Elmer Shirrell of the Chicago office in a letter to the Project, "I do want to appeal to you to impress upon all your evacuees who are leaving, the necessity of their being honest in their selection of a job unless it proves to have been misrepresented or some unforseen difficulty makes their leaving it necessary; also that such leaving should not be done without careful consultation with the relocation officer in charge of that particular situation."

Harold Choate of the Denver office wrote in the same vein.

Shirrell wrote, "I feel that we are now well launched, and look forward to good progress only from now." More evacuees are resettling in Chicago at present than any other one city.

FEDERAL 10% TAX FOR AMUSEMENTS

A federal 10% amusement tax is applicable on any series of more than six programs to which admission is charged, announced Hugo Wolters, CAS supervisor.

Individual program or programs, where donations are given, or programs where attendance is not restricted to those paying a fee, are not subject to the tax.

In order to keep up the fund for movies and other activities, it is necessary that people give liberally and not take advantage of community activities' desire to do the legitimate thing added Wolters.

SEGREGATION INEVITABLE

Segregation of the loyal and the disloyal in the relocation centers has been in the minds of many persons, evacuees and others, since evacuation became a fact. The WRA recognized that in principle, it was logical, sensible, and a desirable thing. The execution was the sticker; how could the disloyal be differentiated from the loyal. Whether black, white, or yellow, a man's heart is difficult to probe.

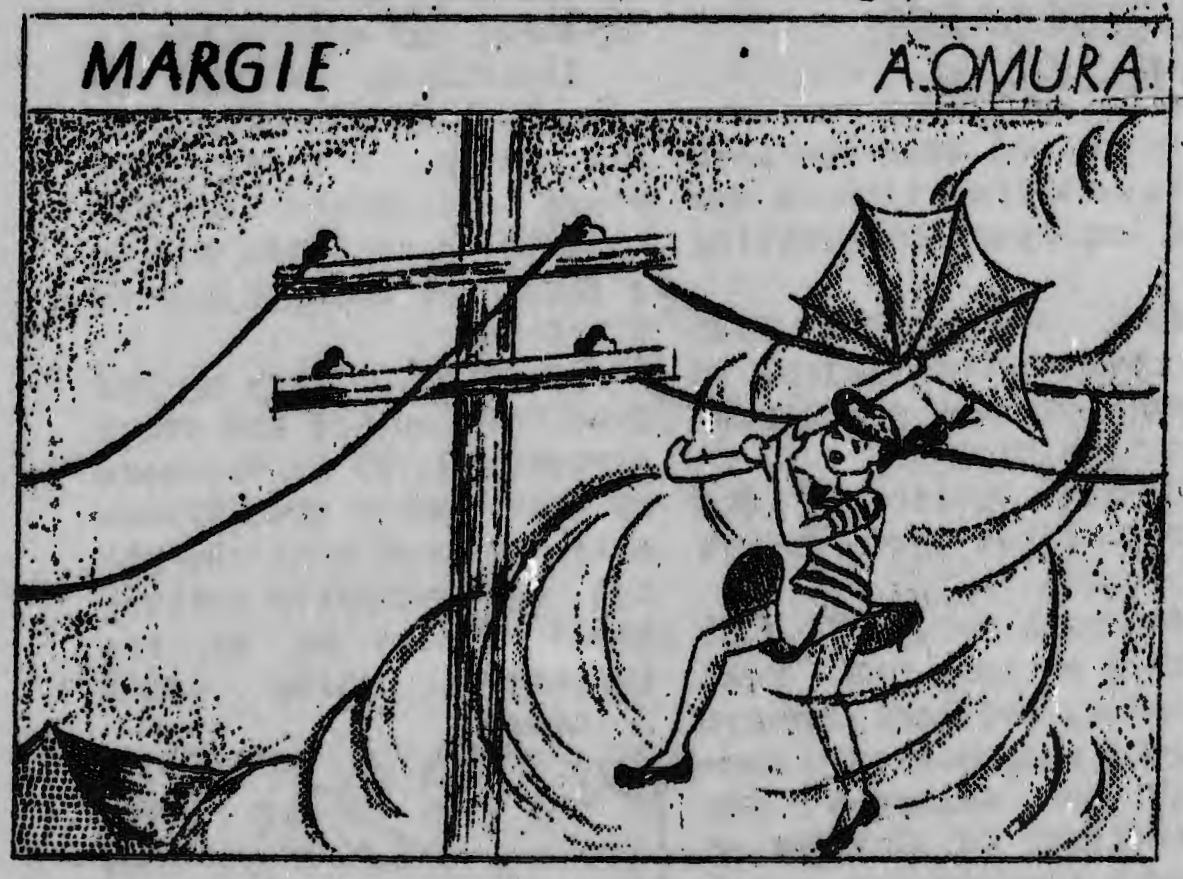

But the idea was never abandoned. Through the year that the evacuees have been in the centers, they have received more general U.S. public attention than at any other previous time. It became clear to the American public through the Poston and Manzanar incidents that most evacuees were loyal. (They can never know, however, unless they go through the same experience that the origins of the incidents were not entirely from un-American sentiments, but that many human factors were involved.)

This differentiation between the loyal and disloyal was accentuated when Senator Chandler in a series of public releases strongly urged segregation. From that time dates a strong movement. At the present some form of separation seems inevitable.

The vast majority will be considered loyal. But among the so-called disloyal will be parents, brothers, sisters, relatives, and friends of the loyal. Many of the designated disloyal will be just as American, if not more so, than those considered loyal. Immediate heartaches will be plentiful, and those who find that their heart was after all in America will, perhaps, be as numerous.

It is true that there are many who have already discovered that they have made mistakes. They are being given a chance to be categorized as loyal.

Yet many will discover the truth hidden beneath layers of emotional upheavals after segregation is reality. It would be only fair and truly American to given these individuals a chance to indicate their change of heart. Such people will then be given proof of the greatness of the American democracy. They will make the best of apostles for the four freedoms of which America must continue to be a symbol. Under these circumstances the segregation of the truly loyal and the truly disloyal is a desirable end to the evacuees and to the nation and world at large.

THE RAMBLER AAO

The old grey mare,

She ain't what she used to be, since our indespensible staff members left for the Intermountain YBA confab in Salt Lake City. My, my, what peace and quiet we a r e enjoying around here...and what a tremendous amount of work to be done. Nevah in all me bohn days have I worked so hard!...

O

Gather round folks, and you shall hear, not the same old story of John Paul Jones, but of some of the breeziest bits o f juicy news around here. So and so is getting hitched to such and such, therefore, they certainly are having a what-cha-ma-call-it time. I hoard they got a thing-a-ma-jig for a gift, too. My, ain't what-cha-ma-call-it just grand?

O

Blues, blues, and more blues!

Speaking of hard work in this relentless heat, our old faithfuls have finally let us down. First, one has to faint and decides to get valley fever and then the other two had to follow in hot pursuit. You should hear the operator's lingo! Tsk, tsk, never dreamed that such words even existed in the English language. These old "Faithfuls," if you haven't guessed by now, are good old mimeograph machines o f the press. Now what good is a press without a machine to run the newspaper?

O

Flash!

Did you hear of the moron w h o laboriously along with blankets, newspaper, etc., took a little bottle of cream a n d a spoonful of hard-t o-get sugar to the movies. Why did he do it? Why simply because he heard that they were having "Serials" at the movie that night.

GIRLS PLAN SCOUT GROUP; TROOP LEADERS SOUGHT

To parallel the Boy Scout organization, already firmly entrenched as a definite cog in community life, the organization of a Girl Scout movement has been started in Butte with 120 girls signed as prospective members, announced Midori Morooka, leader, yesterday. Co-working with Mrs. Morooka are Mrs. Sawyer and Mrs. James Terry.

A call for women 18 years of age and older to become troop and assistant troop leaders was issued by Mrs. Morooka. A trainer will come to Butte in the near future to give basic Girl Scout leadership training to interested woman. With five leaders signed, at least fifteen more will be needed.

"Leaders do not necessarily have to have scout training; a sympathetic interest in the movement is the necessary prerequisite," said Mrs. Morooka.

Intermediate Girl Scouts 10-14 years of age will be organized first said Mrs. Morooka. Later brownies, 7-9 and senior girl scouts, 15-18, will be organized.

Indian Program To Be Presented

Seven Indian Chiefs and two squaws from Pueblo and Chawtaw tribes in full ceremonial dress will present an Indian Dance program under the auspice of CAS.

The program will be presented on Saturday at Canal, and on Monday at Butte from 8:30 p.m.

HINODES, YMBA PLAY AGAIN; BLOCK 30 IN INTER-CAMP TILT

Meets Vikings, '66 May Comeback

Four straight winning Rods of Block 30 and 2 CAC's rightly proud Kingsburg Vikings of Irving Morishita have arranged a inter-camp exhibition tilt for Saturday afternoon from 1:30 at Zenimura Field.

Morishita will most likely have Hank Okai, Ken Hamaguchi and Paul Ryono share mound work against coach Paul Sumii's youthful but great twirling pair--Masuwo Okuhara and Yoshi Hirano.

'66 Hinodes who opened to have too much confidence, will attempt to snap out of their 3 game legathy with all hopes of smashing YMBA's no defeat record in a rematch from their recent 11-11 standstill battle this coming Saturday evening from 6:15. The tussle is set for Zenimura Field.

Both squads have always put up a terrific fight as in a early exhibition contest which Guadalupe took 13-12 and last times hectic hair-raiser. YMBA has already cinched the first half crown and no titles are at stake except Hinodes would like to finish another notch higher in league standings.

Batteries for both sides are still dubious.

DELTANS, CARDS ENTER SECOND HALF 2 CAC PLAY

Power-laden Deltans and Harry Kono' Cards, who are beginning to show a little life after being kicked around quite a bit, are slated to enter the second half of 2 CAC Aye play Saturday evening from 6:15.

Undefeated Deltans' player-coach Mas Nakano will probably rely on 'Long John' Muranishi against the equally capable Tots Nakamura.

TICKETS LIMITED, SELLING FAST

A limited number of $1.00 passes good for reserve seats in the four Butte games of the Poston series are still available, announced the Baseball Association yesterday.

To clear up any misunderstandings, it was emphasized again that these passes or membership cards entitles the bearer to a seat to all of the games of this series. The cards will be numbered correspondingly to a numbered seat.

Also emphasized was that this price is because of the need to meet the visitor's high expenses.

ARRANGEMENT FOR SERIES ABOUT MADE

Butte Baseball Association announces that arrangements for the Poston All-Stars have been made including facilities for transportation, housing and other details.

PEPPERETTES IN VOLLEYBALL GO

With 8 teams entered, Butte Girls' Volleyball League will hold its opening tonight instead of last night, announced the CAS. All contests will be held from 7:30 every Tuesday and Thursday night at 10t 50, Court I and II.

Managers And Coaches Select All-Stars For Poston Series

EVERY AYE TEAM INCLUDED, YMBA-8

Admittedly difficult to select, Butte managers and coaches convened recently and made an appropriate All-Star selection for the coming series with the visiting All-Star nine from Poston. Thirty-two players representing all eight Major League clubs were chosen.

The roster is as follows; pitchers-Mas Mitani, YMBA; Mas Okuhara, Rods; Masato Kinoshita, Block 28; Yoshi Shimada, Hinodes; Lefty Nishimura, Pasadena, Shin Shimasaki, Firemen; and Joe Koyanagi, Giants. Catchers-Horse Inouye, Pasadena; Kaz Ikeda, Giants; and Tad Nakamura, Firemen.

First base-Kody Kodama, YMBA; Miko Nakano, Hinodes; Zuko Tanaka, Firemen; Toiji Itow, Pasadena; and Nob Oki, Lompoc. Second base-Satoru Ikeda, Giants; Kenso Zenimura, Block 28; and Kei Nishino, YMBA.

Shortstop-Maino Okazaki, Hinodes; Mas Iriyama, YMBA; and Harry Oka, Pasadena. Third base-Joe Shimada, Hinodes; Bon Tsutsumi, Giants; and Tod Morishita, YMBA.

Outfield-Massy Tanaka, YMBA; Keizo Kimura, Hinodes; Stop Tanaka, YMBA; Hunter Doi, Lompoc; Keiko Okuhira, Rods; Noboru Iriyama, YMBA; Ruby Kawa, Pasadena; and Isamu Tanaka, Block 28.

The squad will be directed by coaches Kei Zenimura and Fred Hoshida.

VOLUNTEERS LEAVE MONDAY

Bennett Heads For Washington

Called to a meeting of all project directors, Project Director Leroy Bennett will leave tonight for Washington D.C.

Luther Hoffman, acting assistant project director, will take over Bennett's duties as acting project director.

BODINE, RHOADS DUE MONDAY TO DISCUSS RELOC.

Thomas Bodine of the National Student Relocation Council and Esther B. Rhoads of the American Friends Service Committee will visit Rivers during May 23-28.

Bodine and Miss Rhoads will speak at the Canal Christian Church tomorrow evening. On Monday, they will schedule two talks, for the Butte residents at Chapel 59, one at 2:00 in the afternoon, and the other at 8:00 in the evening.

Bodine is primarily interested in persons who wish to be informed about student relocation. Miss Rhoads is interested in those who have applied for relocation through the Friends Service committee and others who wish to obtain work through their offices.

A full schedule of their talks will be announced later.

GUIDANCE Council To Aid In Adjustment

Because of a growing need for a positive, constructive approach to the problems of young men and women who are becoming involved in gang behavior, a guidance council was created by the CAS recently, said Hugo Wolter, supervisor.

The purpose of the guidance council, continued Wolter as to consider the problems of every juvenile or young adult and assist him in finding some thing to do for the betterment of the community. The council is interested more in prevention than in apprehension of the delinquent.

The council will meet whenever any matter involving delinquency is reported to it. All residents are requested to report any harmful or destructive behavior to

ENLISTMENT STILL OPEN

Male evacuees of military age may continue to volunteer for the United States Army, Henry Freeland, leave officer, announced yesterday. Applications for enlistment can be filed in Freeland's office.

33 IN FIRST CONTINGENT

Thirty-three volunteers, the first group to leave the project for combat training in the U.S. Army, will leave Rivers, Monday morning, to report for induction at Salt Lake City.

A royal send-off will be given to the volunteers of both communities by the high school band, boy scouts, relatives and friends.

Mondays scene of departure has been and will be enacted in all the 10 WRA centers as nisei volunteers leave to take up arms in the defense of their country.

REPORT 8:00 AM

Butte volunteers will leave for Canal shortly after 8 a.m. to join the Canal volunteers. A bus will arrive in Canal at 8:30 to take them to Phoenix. At Phoenix, they will board the 12 p.m. Santa Fe Trailway bus for Salt Lake City, where they will be inducted. After induction, they will receive a furlough of at least seven days before reporting to any army training center.

Each volunteer will be permitted to take a small bag with him.

15 FROM CANAL

Six other volunteers are out on leave. They probably will report from their present addresses, said Henry Freeland, leave officer.

Eighteen of the volunteers are from Butte and 15 are from Canal.

Any volunteer rejected for the JA combat unit who desires may apply for indefinite leave even if he has no outside job offers.

Upon application at any relocation office, we

VOLUNTEER'S CREDO

WE BELIEVE in democracy and dedicate ourselves to the furtherance of its principles. To uphold these principles, we must destroy every form of tyranny, oppression, and violation of human rights.

We place our faith in America and base our hope in the future on that faith.

Therefore, we believe that our volunteering in the armed forces of this country is a step towards the realization of these ends, and a positive manifestation of our loyalty to the United States of America. --U. S. Army Volunteers--Topaz, Utah

FUTURE LIES BEYOND WIRES

Thirty-three men will leave Gila Monday. Fifty or more will follow them soon. They are volunteers for the AJ combat unit.

They are men who believe that the good things are worth fighting for. They are men who have looked back into the past, the days before evacuation, when they found life good. They are men who live in the present, alive to the currents of world thoughts, objective people who refuse to be led by emotionalism to a defeatist attitude. But above all, they are men who look to the future.

A future beyond the barbed wire fences into a world that promises much for the sacrifice they and others make today; a tomorrow devoid of T ojos and Hitlers.

These men are trail-blazers into that future. No worthier tribute can be paid them. The rest can do no less than follow that trail to re-establishment in the American society and to the creation of a more liberal America.

ZOOT SUIT GANG HERE

A prototype of the Los Angeles zoot suit gang is gaining a toe-hold in the community.

Already the gang has beaten up several persons in the center. The names of the individuals are known.

This article is written to remind residents that the community has a youth problem here that must be dealt with understandingly. Admittedly it is difficult to teach youths to constructive living under the circumstances in which they live. But by permitting the problem to slide along without heed would aggravate it, and eventually make of the center a place unfit for decent people.

The matter is of immediate concern. Direct action must be taken by: (1) notifying the parents and urging greater parental guidance; and (2) having the guidance council with all its understanding and wisdom investigate the problem thoroughly and true appropriate corrective steps. Less directly the community must acquaint itself with the situation and make clear that it actively censures unsocial behavior. Further a program of activities designed to keep juvenile delinquency at a minimum must be planned.

PROBLEMS

Chicago Tribune Sympathetic -

Sympathetically cognizant of the problems confronting the evacuees, Guy Gentry, feature writer, after visiting Manzanar and Gila early this month wrote extensively of the WRA and the resettlement program in a series of articles for the Chicago Tribune."

A headline for one of the articles states that the Gilans "thrive on baseball, U. S. slang and movies." All in all, life in Rivers goes on in a surprisingly American way, wrote Gentry.

One of the first requests made by the evacuees when they arrived in Gila was to grow vegetables for the army, one article stated. However, because of a desire of the WRA to remain out of the competitive market, this is not being done.

Gentry dwelt at length on that farm. He stated that after the evacuees came, Arizona, for the first time began raising celery, string beans, cucumbers, and other vegetables in commercial quantities. Arizona farmers up to that time had openly scoffed at the experiments. Gentry, quoted Project Director Leroy Bennett, who said, "we have vegetables running out of our ears."

In addition to its vegetables, Rivers has produced crops such as flax, castor beans, and cotton as part of its effort to aid the war, he stated.

Of Manzanar, Gentry wrote that four months after the widely publicized incident when two were killed and eight wounded, morale has improved steadily, and now it has less major crimes and fewer misdemeanor than any other centers. It has the only orphanage in the ten centers, picturesquely called "Children's Village."

Gentry said that the main problem facing the WRA officials is that of integrating the loyal evacuees in the nation's economic structure.

GUIDANCE COUNCIL WORK EXPLAINED

Wm. Tuttle or Hugo Wolter whether or not any property loss or harm is done.

Recommendations will be made to the project director in case of actual commitment of crime.

Everything within its power will be done to promote a close relationship between the first and second generation, added Wolter.

Every person has some good in him although some of his acts may be bad. The council, said Wolter, will attempt to cultivate the good so there will be no room for bad thinking. Most people use their capabilities intelligently, concluded Wolter.

CHICAGO COMMITTEE TELLS RELOCATION SUCCESS STORIES

Chicago--It isn't so much what you earn, it's more how you spend it that determines whether or not the 'high cost of living' is an obstacle to successful relocation.

This conclusion, reached by the Advisory Committee for evacuees, was based on experiences of approximately 300 evacuees who were relocated in new jobs and new homes in the Chicago area during April.

Over 95 per cent of those who have come out of camps have located satisfactory employment and are making successful readjustments. Less than 5 per cent of those who have gone out on indefinite leave have failed and returned to the relocation center.

The Advisory Committee, located at 189 West Madison Street in Chicago, has compiled a statistical analysis on living costs of a cross-section of evacuees.

For example: "A" is a young man, single. He came out of camp two months ago. He works in a factory, unskilled labor, earns an average of $33 weekly. He lives at a hotel, eats all his meal 'out'; after transportation, laundry, recreation, and miscellaneous items, he saved $22 his first month. Last month, he moved into a housekeeping apartment, doubling up with a friend; they cooked their meals, packed lunches, cut down on other items. He saved $35. He goes to

the Lutheran Church in the immediate neighborhood, says his neighbors treat him 'fine,' likes his employers and fellow employees.

Many evacuees last month, upon their arrival from camp, said that opportunities were not as bright as they had been led to expect. Some were disappointed. Jobs were not as plentiful as they had thought they would be. Housing, in particular, was hard to obtain. The situation, at close-up view, was not the rosy picture they had been shown while still in camp.

Moreover, in April, unpleasant incidents re-

OVER 95% MEET RELOCATION CHALLENGE SUCCESSFULLY

(cont'd. from page 4)

ceived more attention than unreported accounts of successful cases. War headlines had more ill effect in the camps than among the evacuees on the outside.

In contrast to isolated cases of discrimination and unpleasant incidents, a young machinist is earning $250 monthly, a factory worker saving $50 out of his $165 earnings, a young secretary receiving $100. Each of these has made a new home, found friendly neighbors, and is going on his way, happy to be out of camps. These typical success stories received no mention in newspapers. Social adjustments, of course, must be made. Relocation is an individual challenge. Over 95% are successfully meeting it.

Single young men and women who live alone and have to eat their meals 'out' are saving less than those who have 'doubled up' or are sharing quarters.

"B" is married, has one child. That makes three months to feed. In additions, he has a relative who boards with his family. He does semi-skilled work in a factory for $.87 an hour, averages $225 monthly, with overtime. He lives in a two-and-a-half room kitchenette apartment. He describes it as "not too nice, but it'll do." Household expenses run up to $150, including the extra man at the dinner table. After medical expenses, insurance, and other items, he says he has $40 for war bonds and savings.

"C" is married. He and his wife came out on relocation with a domestic job offer. Together they received $130 monthly plus room with private bath, and board which they describe as "good." "We save about $100 monthly." They are not sure the work suits better than something else they might be doing but feel they want to save as much as possible now. Their employers are satisfied with them. They miss the social contacts they enjoyed before war.

INTER-CAMP ALL-STARS TUSSLE TOMORROW-9:00

FRED TSUDA LEADS BUTTE

A well made up Canal All-Star nine will play host to a determined All-Star collection recruited by YMBA's Coach Fred Tsuda tomorrow morning from 9:00.

Batteries for both aggregation will consist of players who will not have tired from league games.

ROUGHRIDERS TANGLES TIGERS

Winless but undaunted '27 Tigers will face the mighty Roughriders at 6:10 tonight in what is predicted a hectic free for all.

Tigers who barely lost last week, are itching for a win.

Carrying the chucking burden for '27 will probably be Tommie Nakatsuka or Joe Fukumoto, both of whom did fine jobs recently. The 'Riders will start either hurler Tom Egusa or George Ichimoto.

PANTHER NINE MEETS RED CATS

A fast improving Panther Nine will engage the smooth-playing Red Cats tomorrow evening from 6:10.

BLOCK 51 GREAT IN VOLLEYBALL

With Pepperettes and Block 51 emerging winners, Butte Girls CAS Volleyball League was enthusiastically opened last Thursday night. Teams taking two out of three matches were given a game.

Pepperettes took two straight over Aeolians 18-8 and 15-11. '51 took the first and third match over '65, 15-8 and 15-6. '65 took the second 15-6.

ALL-STARS START PRACTICE MONDAY

Close-following fans will be able to look over the cream of Butte's baseball crop in one lot from next Monday, May 24 when the All-Star selected for the Poston series assemble every evening henceforth for practice at Zenimura Field.

The Baseball Association has requested that each player bring his own bat, which they will replace if broken.

RESERVED SEATS TO BE SOLD AT GAMES

Passes for reserved seats in the Butte games of the Poston All-Star series are going fast at $1.00 for four games, announces the Baseball Association. Tickets are on sale, at rec. 28 and will also be sold during games.

Always-strong Guadalupe and '66 Hinodes will put the finishing touches to Major League' first half tonight when they continue their long-standing but friendly rivilry from 6:15 at Zenimura Field.

Anyone of Hinode twirlers--Yoshi Shimada, George Kanagaki, Shig Tsujita or Hiroshi Shinmoto--are liable for duty.

Teddy Morishita or more likely Mas Mitani will start for YMBA. With receiver Tom Murata gone, veteran coach Butch Tamura or second-sacker Kei Nishino will probably to converted.

YELLOW PASSES VOID FOR SERIES

Butte ground managers announce that yellow passes issued to some persons for games at Zenimura Field will be void for the Poston All-Star series.

Holders may however use these for any other games at this field--league or other wise.

PASADENA IN BLK. 28 REMATCH

A now highly-feared Pasadena and Ken Zenimura' second-spot holding Block 28 are scheduled for a replay from a recent 6-6 draw tomorrow evening at 6:15. The battle is set for Zenimura Field.

If Pasadena can take this one, and provided '66 can eek out a win tonight, four clubs--Pasadena, Reds, '28 and '66 will close the first half in a deadlock for second place. Zeni may give work horse southpaw Masato Kinoshita a well deserved rest and may fling a few rounds himself. If he does, the veteran George Sakamoto may receive signal-calling duties.

Lefty Nishimura who's amazing midseason form has everybody on edge, will probably get the call.

SECOND HALF TO OPEN JUNE 5

It was agreed recently by managers that all Butte Major League games will be twilight hereafter, except one morning contest every Sunday. Also agreed was the second half of play will open Saturday, June 5 when Giants meet Pasadena.

CAS IN LAST CALL FOR TEAM ENTRIES

Jim Amano of the Butte CAS who has taken over the directorship of the 15 year old boys' Southwestern Softball League, announces that in order to get a few more teams, entries will still be taken at rec. hall 51.

NO CERTIFICATES NO BASEBALL SHOES

Ken Zenimura announces that it was not possible for him to acquire baseball cleats for the many boys who requested them without a ration certificate and expresses his disappointment. He will however take new orders if they bring a certificates.

JUDO TOURNEY HELD SUCCESS

Before a large and appreciative audience, Canal's Judo Tourney flipped into a huge success last Thursday night under the supervision of Head Instructor Frank Kawano.

Tom Yoshimoto and Shogo Hamano completed the gonin nuki for top honors. Ten individuals received promotions along with five junior group members.

UMPS FOR POSTON GAME

Three able persons-Paul Sumii, Sam Yamasaki and George Sakamoto--will umpire the Poston All-Star games in Butte.

SEVERAL THOUSAND SEND FIRST VOLUNTEER GROUP OFF

Several thousand relatives and friends thronged the administration grounds of Butte and Canal to send off thirty-three volunteers for the nisei combat team who left yesterday to be inducted into the United States Army.

The forerunner of more such departures, Rivers' initial contingent left by bus for the induction office at Ft. Douglas, Utah. Approximately fifty more enlistees are still awaiting their notice to report for induction.

The center Boy Scouts lent a military air to the occasion with the drum and bugle corps. Some who joined the send-off party will themselves be leaving for induction shortly.

Editorial

When the NEWS-COURIER published an article last issue in the Japanese section deploring the tendency of certain youths towards unsocial behavior, it was not thought that the community would take it so to heart that it would immediately condemn youths in wholesale lots.

In any large community incipient gangs organization is the rule rather than the exception. As yet, we probably do not have any actually organized gangs.

It is decidedly unfair to assume that because a person has a pachook hair cut, wears a zoot suit, or dons a red hat he is thereby a base person. Nor is it safe to say that because he is not equipped with these accouterments he is above reproach.

It is regrettable that the community is not more learned in youthful behavior. Much of youth problems arise largely as a result of the lack of understanding and patience on part of the mature population.

It is true that the community must not overlook unsocial behavior. But neither must it ignore the conditions within the center that breed such conduct. Over censure youths getting out of line is one of the causes. Instead of driving, it would do the people well to understand, to advise and to lead.

4 ART REWARDS WON BY GILANS

Four cash awards were won by Rivers' residents in the Relocation Center Art Exhibit and Competition sponsored by the Friend's Center in Cambridge, Massachusetts, on May 20.

Miss Shizuko Nakamura won honorable mention (cash value-$15) in general competition with a water color entitled "Monday"

Satoshi Kira of the NEWS-COURIER art staff came through with a second prize in mimeograph art, ($15). George Matsuura, NEWS-COURIER art editor, took third place ($10) in the same division, and Miss Alice Uchiyama, ex-NEWS-COURIER artist, won honorable mention and $5.

D.C. POINTS THE WAY

Forceful, forthright Dyke Miyagawa, one-time leader of Seaman's Union in the Northwest has joined the staff of the Pacific Citizen.

Prior to the critical days of 1941, when for the first time JACL had commenced to rally its forces as an all-out organization in behalf of the nisei, the chief criticism of it had been that it was a tool of the conservative nisei. There was a great deal of truth in this.

The appointment of a full-time secretary, Mike Masaoka, followed by the still more significant installation of Larry Tajiri as the editor of the Pacific Citizen wrought a change for the better. Masaoka had no strong political, sociological, or business affiliations. He was open-minded and he saw that if the nisei were to make America their home certain procedures must be followed. This dictated a liberal approach to the nisei problems.

Tajiri has been long recognized as one of the most outspoken of nisei liberal leaders. His appointment as the editor of the Pacific Citizen went a long way toward reassuring nisei that the JACL under the expediency of war-time conditions had done an about face in its political and socioligical concepts.

The addition of Miyagawa to the paper's staff further indicates that the JACL is recognizing the inevitable trend of events.

The nisei have been generally conservative in the past. They are now, however, recognizing that their minority position in America is more consistent with the liberal idealogies. They can see, too, that the labor unions they have distrusted for so long will be a way towards security to them who have been largely dispossessed of business establishments.

It is well that Miyagawa, an outstanding labor-leader and liberal should thus be recognized by the JACL.

MEMORIAL DAY DANCE

MANZANAR FREE PRESS

A plan to manufacture "tofu" (bean cakes) was approved by the Washington office and productions will proceed when shipments of needed supplies are received. It is estimated that approximately 450 pounds of tofu will be put out per day.

MINIDOKA, IRRIGATOR

Of the 3,105 evacuees who are out on indefinite leaves from the WRA centers, Minidoka leads with 926, placement officer Joseph Beeson announced... Third group of 37 volunteers left for Ft. Douglas, Utah.

HEART MOUNTAIN SENTINEL

Residents, with snow greying their hair and clinging to their coats and the Boy Scouts drum and bugle corps, tremblingly witnessed the impressive flag ceremony in the administrative area last week...Believed to have been a mechanical defect in the furnace pilot light and accumulated gas, caused an explosion which shook the Sentinel building last week, blowing out windows, knocking the doors off, and blasting the wallboard loose. No one was injured only badly frightened...In connection with beautification program, 2,500 plants, variety of trees and shrubs are to be planted in the near future.

FAVORABLE CHANGE OF ATTITUDE SEEN IN NATION'S PRESSES

A reflection o f the favorable change in attitude of the general American public towards evacuees is evidenced in a recent column by Damon Runyon in the San Francisco Examiner.

At one time Runyon was distinctly a n t i-evacuee but in his recent article he had changed a great deal from his former stand. H e says, "Personally I cannot see how anyone can legally or morally prevent the women folks and children of American soldiers, from going where t h e y please." He referred to the latest War Department announcement that it would not oppose the return of women and children of hisei soldiers to the coast.

The recent columns by Westbrook Pegler also indicated the trend that the loyal should be treated as Americans. Pegler's interest in the evacuees caused some editorial comment. A Des Moines, Iowa, newspaper was pleasurably surprised.

The Iowa newspapers as shown in clippings brought here by John Copithorne, field representative o f the American Friends Service Committee o f Iowa, show the gradual change of attitude for the better in the last few months. When the Iowa legislature recently passed a resolution (not a law), the storm of protests rose from the people and from the papers. The editorials appearing in these papers reflect a thoroughly American stand, and any injustice against evacuees i s immediately taken up.

Only on the Pacific Coast and in the Denver "Post," is an consistently unfavorable publicity given to the evacuees.

RABIES

REPORT ALL DOG BITES AT ONCE

Rabies h a s been reported in a neighboring community, so all Project residents are requested by the Health Department to be on the lookout for all dogs acting strangely or sick.

Such dogs should be reported immediately to the hospital or Department of Internal Security for investigation.

Any dog bite should be reported to the hospital without delay.

FARM

First Picking Of Tomatoes Today

Cabbages, a winter product in Arizona, have been grown surprisingly well on the Project farms despite the heat. Four acres of good firm heads are being harvested in Field 69.

The initial picking of 80 acres will start today. One and one half acres of garlic have been picked and now are being dried.

Two thousand baby chicks arrived Saturday and 2,500 more are expected today.

Most of the part time workers were terminated yesterday, but will be hired as often as need arises.

Sisters Sign-up For NYA School

"NYA is offering the nisei girls an opportunity to make good in something besides domestic work, as well as helping in the war effort, so we decided to take a chance," said Jeanne a n d Maudie Yamasaki, sisters, who will leave tomorrow for St. Cloud, Minn. for NYA training in sheet metal work.

Coming here from Turlock Assembly Center, they are formerly of Tracy, California. Jeanne was the GAA president there during her senior year, while Maudie figured as a yell leader for three years, and which she continued to be in Butte high school till her graduation in Feb.

Both have college in mind, to attend either as night school, o r after working for awhile. To them, this NYA is opportunity knocking, and when it knocks, they are determined to opne the door.

SUGAR BEETERS MAY CHANGE TO PERMANENT JOBS

After the expiration of seasonal leave contracts, an evacuee can generally find a permanent job in some of the smaller cities by personal contact with employers, Harold Choate, relocation supervisor in the Denver office wrote to the Project. Choate supervises much of the sugar beet area.

He suggests that after seasonal work is over evacuees apply to relocation officers who will assist any seasonal leave evacuee who wants permament leave. He cautions evacuees to fulfill all obligations to the employer who brought them in on seasonal leave before accepting other employment.

He reports that he has a representative in Santa Fe, New Mexico, and that relocation offices will open soon in Greeley, Colorado, and Sidney, Nebraska. He already has eight offices in operation.

He outlined the work of the relocation officers as follows: (1) help evacuees solve any problems with their employer, (2) housing, (3) seeking other employment, (4) generally make it easier to relocate satisfactory.

ICKES' BROTHER WANTS HELP

John Ickes, brother of Harold Ickes, Secretary of Interior, called this week for an experienced married issei to help on his farm in Michigan.

The Secretary of Interior earlier had hired four Boston Nisei to help on his farm in Maryland.

John Ickes farms 265 acres in Michigan with dairy cattle, corn oats, etc. He is willing to venture into vegetables or poultry if applicant is interested in a share basis. He will pay $50 a month as a base wage plus a liberal bonus, and also provide milk, pork, butter, eggs, and a plot of ground. A two story, five room house is furnished.

TEN TONS GOAL OF NEW PLANT

six weeks. Most of the dehydration will be on root vegetables. However all types of vegetables can be dehydrated.

Production will first start at three and a half tons per day on a twenty-four hour basis but will eventually run up to ten tons per day.

Ten additional workers will be needed after the plant is under operation.

The dehydration plant will consists of three dehydrators, preparation room, dehydration unit, packaging room, and a testing laborabory.

al competition with painting, "New Moon," a beautiful lonely landscape of Topaz with mountain in the background and a beautiful blue sky above. Obata is one-time art instructor at the University of California.

Kira's original work showed a farm scene with an evacuee wielding a hoe against the background of Arizona buttes. Matsuura submitted a work which appeared in the NEWS-COURIER calendar entitled "Mess Hall." It pictures a typical mess hall scene at lunch time. Miss Uchiyama's contribution was a panoramic view of the Butte camp.

Both Matsuura's and Miss Uchiyama's pieces were taken from the original stencil sheet from which 8,000 copies had first been run-off.

RESETTLEMENT IN IOWA READY FOR EVACUEES

Des Moines, Iowa, has readied itself for the large schle resettlement of evacuees in Iowa with the establishment of hospitality houses, announced John W. Copithorne, field representative of the Iowa American Friends Service Committee, yesterday.

Hospitality houses are housing accomodations planned after the hostels, with the exception that the former consists of rooms located in different sections of the city. Both serve as temporary stop-overs until permanent jobs and residences are located.

Copithorne came in Sunday and left Monday. He met with people he had entacted or had known of to interest them in resettlement in Iowa. He is visiting several of the centers.

Opportunities in Iowa are much the same as elsewhere, with perhaps a greater percentage of farm offers, he said. Of the farm wages, he said that the average farmer pays $60-90 a month plus room and board to single men. To married men the same pay plus a house, a plot of ground, milk, butter, eggs, and pork.

COUPLE UNITED

Mae Teramoto, daughter of Mr. and Mrs. Y. Teramoto, formerly of Selma, and Yasuo Koyanagi of Sanger, were united in a Canal Buddhist ceremony Monday night.

The shop is now awaiting the shipment of tools for woodwork and leather craft. Also available will be instruction books on knitting crocheting and many other handcrafts.

LETTER FROM CHICAGO TELLS ENROUTE TRIP WITH SOLDIERS

Well, we finally made it here. We pulled in Chicago at 10o'clock this morning. We were greeted very warmly by Mrs. Smelzter who is in charge and were given a nice room, which I share with 3 other boys. One of the boys is from Tule Lake and the other 2 are from Manzanar.

My trip on the train was very interesting, so I would like to tell you about it. After one night's rest in Ashfork, Arizona we got on the east bound train, which was full of soldiers and sailors. We couldn't get seats together so we split up and sat wherever there was a seat. I found a seat on the end of the coach which was vacant because the back rest was stationary. Directly opposite me sat two elderly soldiers, both were sergeants. We got into a conversation and I found out that they were very friendly. They were both stationed in California.

Later I found a better seat which was right next to a Mexican soldier. We started to talk and he was as eager as I to make friends. I found that he was from California but stationed at Vermont. Later I got a seat with my friend; it was by a marine. He was very friendly and we had card games with him. He had just come back from Guadalcanal. An elderly lady had three sons in the armed forces, she offered us some sandwiches. America is a grand country, this trip proved it.

Sincerely yours,
/s/George Harada

BUTTE ALL-STARS TRIUMPH: GUADALUPE UPSET!!!

2CAC Edged 5-4

Before a tremendously large gathering, a Butte All-Star collection led by Ken Zenimura took a close 5-4 contest by cutting lose with a terrific rally in a decisive seventh frame last Sunday morning.

Most of the hitting off of 2CAC's Moon and Tets Nakamura came off the bats of Joe Shimada and Ken Zenimura while George Kanagaki, Masato Kinoshita and Mas Okuhara distributed eight blows. George Ichimoto and Morrie Egusa stood out for the losers.

ROUGHRIDERS RIDING HIGH

Bonny Matsuura' fast-moving Roughriders stepped into 2CAC Ayo co-leadership as Deltans were slipping and they themselves were smashing Block 27's hapless Tigers 6-0 last Saturday evening.

Credited with this shutout was none other than big Tom Egusa. Tom Nakasuka was the loser.

VOLLEYBALL BEGINS 8PM

Four Butte Girls' Volley ball squads are scheduled to play in two out of three matches tonight as ABC meets Block 58 and Hot Tamales engage '58. The contest will begin at 8 instead of 7:30 so as not to conflict with a district sports schedule, according to the CAS.

POSTON ALL-STARS EXPECTED THURSDAY
CY YUGUCHI TO COME

Poston All-Star nine which is built around manangor Masao Yano's strong Delano Club of Unit I, disclosed its plans to leave that center about the morning of May 26 and return by June 2.

Yano who will lead the squad says he will take about 20 players including Cy Yuguchi. Cy formerly of the classy San Pedro Skippers and rated among the best of California nisei hurlers, changed his mind about not making the trip because of plans to relocate. He will come.

Kaneto Arita, however, outstanding hurler of 1941 U.C. frosh squad, may not come due to relocation plan.

BLOCK 28 TRIPS PASADENA 13-6 CINCHES SECOND

Block 28 finished in undisputed second place by out-playing Pasadena 13-6 in a replay from a previous tie last Sunday night.

The winners picked Bob Toyoda and Lefty Nishimura for 12 safties mostly in a big eight when they were combined with a series of errors messed up by Pasadena for four runs.

Pasadena hit Ken Zenimura freely at times but Zeni seem to really bear down in the pinches. Pasadena's Horse Inouye and Tom Ikeda showed plenty of punch at the plate.

MASUO OKUHARA'S NINE IN WIN 5 TO 3

Paced by the steady hurling of Yoshi Hirano and Masuo Okuhara, '30 Reds took a hard-fought exhibition contest over 2CAC's visiting Vikings 5-3 last Saturday.

Hirano and Tosh Nishino collected most of the seven safties registered off Paul Ryono and Ken Hamaguchi. Joe Juicy Ikeda, Hamaguchi and Hank Okai topped the visitor's 11 hit batting order.

FIREMEN WIN

Firemen outslugged Lompoc 17-14 in a hastily arranged practice game last Sunday morning.

Hinodes Outclass 1st Half Champs

Smashing out 14 timely binglos, '66 Hinodes snapped their disgusting slump by outclassing Guadalupe with a overwhelming 12-6 score. Suplerb hurling from Hiroshi Shinmoto limited the erstwhile first half winning sluggers to 7 well-distributed hits last Saturday night.

Block 66 either put in or threaten to score in about every frame including the first. Almost all '66--Mhino Okazaki, Taxon Tsujita, Joe Shimada, Mike Nakano, Yoshi Shimada and Gilbert Kuramitsu---batted well in the clutches.

Gilbert and Joe Shimada touched Jimmy Nishino, Teddy Morishita and Mas Mitani for three for five.

Noboru Iriyama's double and Kei Nishino's two singles led YMBA. Guadalupe played with a very heavy heart as several stars were in bereavement.

KONO'S CARDINALS TAKE VICTORY OVER DELTANS

Harry Kono' surprising Cards nibbled away at a slipping Deltans' first ihning eight run lead and emerged ahead 11-9 last Friday night.

Moon Nakamura' great four hit tossing paved the way while versatile brother Tets and Osky Kono were credited with a round-tripper apiece.

John Muranishi met his first loss.

BEE INTERNATIONAL TILTS POSTPONED

Because the All-Stars will be practicing every night at Zonimura Field hereafter, Butte Bee International league will postpone its schedule until the Poston series is over, announced league Ken Zenimura yesterday.

POSTON ALL-STARS RECEIVE PERMIT: TICKET SALES CLOSE THURSDAY

Squelching fears that the Poston nine may not be able to make it here because of the quarantine in effect in that center, Butte Baseball Association announced Sunday that a wire was receive saying that the permit and everything is set from the visitors' angle.

Tickets or membership cards for reserved seats in all four of the Butte games of the Poston series are still on sale at $1.00 but sales will close this Thursday night at 8 o'clock, announced the Baseball Association yesterday. The cards are on sale at rec. hall 2s.

Wolter Scores Truck Usage

UNAUTHORIZED USE CARRIES PENALTY

The authorized use of government trucks and cars is being restricted because of the great preponderance of their unauthorized use. One case of unauthorized use of a vehicle resulted in a wreck causing damages amounting to $600 said Hugo Wolter, CAS head.

The unauthorized use or destruction of government property carries with it an extreme penalty in any Federal Court.

The guidance council is investigating the proper procedure in making satisfactory restitution of destroyed property and to

War Industry

NET WORK ENDS

After five and a half months of operations, the camouflage net project closed down Tuesday under order from the War Department. Yesterday the garnishing grounds where over a thousand evacuees had worked at one time or another, were silent and bare. Only a few scattered workers were on the project, cleaning and tidying up.

The camouflage project was opened on December 15, 1942 with John Ingraham, assistant area engineer in charge and was ordered closed on Tuesday May 25, 1943, five and a half months later.

All equipment is being dismantled, said Thomas Reynolds, contractor's representative. He believes that net work will be permanently terminated in the relocation centers. Poston the only other center working on the nets will cease operations by the end of the week, he added.

With the termination of work, Rivers, lost its major war industry, but only provide wholesome activity for the young people in the center.

Articles 8 and 12 of the vehicle code forbid the driving or riding in any motor vehicle without express authority to do so. Article 12(b) also forbids riding on bumper, fender, roof or hood of any vehicle or more than three in the front seat.

Accreditation

RIVERS HIGH SCHOOLS TO GET RATING SOON

Following an inspection of Butte and Canal high schools by O.K. Garretson, officials here were notified that the high schools of both communities will receive a B rating by the Arizona State Committee on Accreditation. This rating will enable high school students to enter universities or colleges upon graduation.

The B rating was given because of the lack of complete shops, libraries, laboratory, it was revealed.

Practically all of the private and Catholic high schools in the state have B ratings, he added.

Following are exerpts from a letter received by Miller:

I wish to compliment you and your staff on the quality of work they have done despite obvious deficiencies in plant and and equipment. On the basis of information gained relative to the qualifications of your staff, the nature of your curriculum and the facilities afforded for instruction as well as the attitude of the sturdent body, I feel that I can recommend to the Arizona State Committee on Accreditation the granting of a Class B rating to Butte high school and Canal high school. This rating would serve to give official recognition to both of your schools, and in the event of the transfer of pupils to other high schools or the application of your graduates for admission to colleges would facilitate the acceptance of credits.

A new stock of shoes have just arrived at both canteens for adult and young people, released the Consumer Cooperative.

ARIZONA STATE LAW AIMED AT EVACUEE ENTERPRISES

An Arizona State law which states that anyone having business dealings with any persons whose movements are restricted must give notice of such business transactions by triple publication in a newspaper and file a copy of the notice in the office of the Secretary of State, was enacted in the closing session of the 16th legislature. The law has been in effect since March 23.

"The law applies to any person who enters into any contract, agreement or understanding written or verbal, involving business relations with persons of restricted movement, or who purhcases, sells trades or exchanges with such a person any real personal property, commodity or thing, except goods, wares or merchandise for personal consumption," according to the Phoenix Gazette.

PART-TIME AMERICANS

As a study in conflicts the efforts of Arizona's chauvanists to aid in the democratic war effort and at the same t i m e insist t h a t persons of Japanese ancestry should not settle in their state bring moments of amusement (tinged with indignation).

The latest blow is the law, operative of March 23, which in effect will minimize or make almost non-existent business transactions between the residents of Arizona and the nisei and issei. The law demands that any business transaction must be preceded by a triple publication of the intention to do business, except where goods, wares, or merchandise is sold for personal consumption.

Nisei and issei farmers and business men are in a quandry; they can neither buy material and equipment for business purposes nor sell their products. Dental attention was refused a nisei, and by the same token medical care is subject to the law. Lawyers say that a person of Japanese ancestry cannot even have a haircut without going through a lot of legal rigmarole.

With this law California's reactionaries have been outdone in a discriminatory, un-American practice. Is it not an act of sabotage to hinder the "Food for Victory" program? By what moral law has the state the right to deny dental or medical treatment to any person who may requireit? How on earth can such a law be written into the books without openly jeering at the democratic principles for which the nation is at death grips with forces which would strangle them?

Furthermore the law which does not specifically name persons of Japanese descent, but rather states persons whose movements are restricted, can be interpreted to include everyone except those serving in the armed forces inasmuch as there are many places restricted to the general public.

Arizona's zealots have sunk from the sublime to the riduculous in this effort. Rumblings of the nation at such legislation can be heard already. It's a mighty shaky fence that Arizona's part-time American straddle.

ARTISTS, REPORTERS

Resettlement continues to take its toll from the NEWS-COURIER. We welcome anyone interested in reportorial, mimeograph, or art work to come and see us.

NEW YORK DISPATCH

Kathleen Iseri, ex-Gilan, is working as secretary in New York relocation office under Robert Cullum. She was transferred lately to the New York office from Washington. She writes as follows:

"I am writing this from New York and writing because I thought you might be able to help stir up interest in relocating in New York, New Jersey, etc. As stated in a Gila News editorial it i s not sound thinking to wish to return to California--after all it does not want us.

"Take New York. There is such a mixture of people of all nationalities here, no one pays any attention to you. Employment opportunities are limitless; defense work, especially; and skilled and professional. For the skilled it would be so much better to come here instead of going out as unskilled farm labor or domestics.

"The greatest obstacle this office is faced with is Eastern Defense Command clearance to work in a war industry and EDC clearance to enter this area. Secondly we have to contend with the reluctance of the nisei to take advantage of the many opportunities open to them today.

"Cost of living here is not bad at all--in fact much lower than in Washington. That place is no place for relocation, everything is so expensive, and it's so crowded.

"Mr. Myer was in the office yesterday. He told me about Mrs.Roosevelt's visit to Gila. He is here to attend the JACL conference.

"Everyone in this office is wonderful. They work so very hard for us. The office is located at the far end of Manhattan, a block from the famed Wall Street. For myself, I wouldn't trade my job for the world.

"I want to do all I can to help the nisei. Although, EDC clearance takes about six weeks to come through, it's worth waiting for. I shall do all I can for anyone who is interested, hoping for favorable results."

Fund To Benefit Nisei Soldiers

To raise a visiting Soldiers Benefit Fund, the "Navy and White" will sponsor an All-Nisei Talent Revue on Saturday at 8 p.m. in Canal.

The fund will be used for purchasing materials and equipments to furnish a recreation hall for their use. It was stated that the move came as a result of the lack of recreational and entertainment facilitate for visiting nisei soldiers.

The revue will feature two mock weddings, vocals, cramas, and an orchestra from Butte among others. Donations will be accepted at the gate.

LA CEMETARY TO ADORN JA GRAVES ON MEMORIAL DAY

Flowers will decorate the graves of the loved ones of the evacuees at Los Angeles Evergreen Cemetery this Memorial Day again, though the issei and nisei themselves, will be far from the scene.

W. E. Maltby of the Maltby Monument Company will furnish the floral decorations. On May 30 of last year Maltby had extended the same courtesy to persons of Japanese ancestry. His address is 3101 West Florence Avenue, Los Angeles, California.

WHISKER CULTURE STARTS MONDAY

Entries for the Butte gala July 4 celebration "Whiskerino Contest" will be booked Monday, May 31.

All contestants interested are requested to register at the CAS office, rec hall 51 with Frank Watanuki Monday morning with a clean shave.

Watanuki urges all potential "Men" to enter this contest; all are welcome to do so.

Reservations For PA System Needed

All clubs and organization of Butte Community, desiring the use of the CAS public address system, please make reservation one week ahead so there will not be any conflict in schedule.

CLOTHING ALLOWANCE CHECKS DUE SOON; DELAY UNAVOIDABLE

In answer to the numerous inquiries from both Butte and Canal regarding the delay in payment of clothing allowance, Mary E. McCarthy, clothing supervisor, stated that the checks should be received in a few days.

Explained Miss McCarthy, "The delay in payment of the clothing allowance is due to the many factors involved in the processing of the vouchers. The clothing orders are made up from the regular payroll and the payrolls are not available to the Clothing Allowance Section until all payrolls have been submitted to the Disbursing Office. This means at least 5 weeks have elasped before the order can be typed and submitted to the Finance Section by the Welfare Section. The voucher is then made up by the Finance Section and after auditing and posting it is submitted to the Disbursing Offices in Los Angeles for payment. All clothing orders are being expedited as fast as possible and any further questions should be taken up with the Clothing Allowance Department. A reasonable amount of patience and confidence in those who are doing everything possible to get the Clothing allowance checks to the individual concerned would be appreciated."

GIRL RESERVES

Junior G R For Canal Sub-Debs

Are you a 7th or 8th grade Canal sub-deb? There will be a Junior-Girl Reserves Organization just like that of your big sister under the sponsorship of the "Y" girls.

The first gathering will be at the grammar school library, Saturday, May 29, at 2 p.m. Mrs. Petty will be the main speaker and the advisers will be Dr. Masako Moriya and Chisako Suda.

All interested girls are cordially invited to attend. Election of officers will take place with Frances Onoda, chairman of the "Y" board presiding.

CANAL

Social Honoring Seniors Soon

Honoring the initial graduating class of Canal high school, the University Club will sponsor a social this Saturday evening, May 29, o o'clock at mess 13. All seniors, elementary and high school faculty members and club members and friends are cordially invited.

Refreshments, dancing and a varied program of entertainments will be presented for the gala affair with Frank Kino as general chairman.

40¢ Subsistance Fee For Visitors

A subsistence charge of 40¢ a day will be levied for any visiting Japanese American, including members of the armed forces, except in case of evacuees visiting the center from other relocation centers, Administrative Instruction No. 61 reveals.

The 40¢ rate will cover 20¢ for meals and the balance for housing. The fees are payable in advance on arrival. Charles Petrie, junior cost accountant, has been delegated to accept payment at the administration annex.

MEMORIAL DANCE TO FEATURE CANAL SINGERS

Don't forget the Memorial Dance tomorrow night, 8:30 p.m. at Club 41.

Dance to the latest dance numbers; be entertained by the floor show and enjoy refreshments.

Anticipated numbers during the floor show will be Canal colony's top-notch male and female vocalists.

ANTI-EVACUEE STATUTE, BROAD

(Continued from page 1)

May 24.

Attorneys say the statute is so broad in its prohibitions that a Japanese cannot have a tooth pulled or a haircut without a publication of notice.

The Standard Oil Company was fined the maximum fee of $1000 for selling $9.25 worth of gasoline to a Japanese without publishing notice of transaction.

Families HOSTELS URGED FOR RELOCATION

Assured now that the hostel plan is feasible. the American Friends Service Committee is bending its efforts to convince family groups of the advisability of resettling through the hostel, said Miss Esther Rhoads, representative.

Miss Rhoads said that to date only ten families have resettled via the Chicago hostel.

The Friends are supervising two hostels at present. She said that one was opened recently in Cincinnati, Ohio. A hostel supervised by the Baptist Home Mission Council is operating in Cleveland. A hospitality arrangement under John Copithorne, recent Gila visitor, is opening Des Moines, Iowa. Dr. Clarence Gillette, former pastor of Santa Maria, California, Japanese Union Church heads a hospitality set-up in St. Louis, Mo.

Miss Rhoads said that the Service Committee is largely acting as an advisory group to the evacuees now since the facilities of Federal employment and other services and the WRA is available to the evacuees.

grateful...

For the consideration and good wishes of the friends of our boys who volunteered for the Army, we thank you sincerely.

Parents, relatives of the Volunteers.

EMBROIDERY CLASS SCHEDULE

Classes on "Shibori" and "French Embroidery" will be held in Canal on the following days: Tuesday and Thursday, from 2 to 4 p.m., at Rec. hall 24 Monday and Wednesday, from 2 to 4 p.m. at Rec. hall 9. "Shibori" can be worked very effectively on various things including bed spreads, cushions, handkerchiefs and many others. Everyone interested is welcome to come.

IOWA DECLARED VIRGIN FIELD

Practically a virgin field for resettlers who have a pioneering spirit exists in eastern Nebraska and Iowa, said M.C.White, relocation officer, who is currently in Gila.

White worked in the eastern Nebraska for a month before coming to Gila to acquaint himself with evacuees, and the leave procedure. When he returns to regular work next month he will take charge of the relocation office in Des Moines, Iowa.

Though predominantly an agricultural area, Nebraska and Iowa nevertheless has many industrial opportunities, he revealed. Many war plants are operating in small communities in these states. He pointed out that the farm offers are substantial, and will likely result in greater savings than the jobs available in cities.

Laundry Service Plans Considered

Plans for a dry cleaning service to be established in the center by the Consumers Cooperatives are nearly complete, said Masato Kato, secretary, yesterday.

He announced that a meeting of the Congress of Delegates is scheduled for Saturday afternoon at 1:15. Reports of various committees will be submitted at the meeting. Plans of the cleaning service will also be considered.

GI RESERVES

Miss Ruth McManamie, Girl Reserves' secretary of Phoenix is coming Saturday, May 29, to meet and help GR advisers here on their program and problems. Miss McManamie will speak to the inter-club council of the five Butte GR districts and ABC club in the morning and the afternoon will be spent with the advisers.

NET PROJECT WORKERS PRAISED

(cont'd. from page 1)

after millions of square feet of camouflage nets had been turned out for use in the battlefronts of the world to keep military objects from the eyes of the enemy. The use of airplanes for observation has made nets increasingly important as a battlefront necessity. In Rivers now ship model construction remains the only work directly applicable to the war effort.

Captain Robert Patton of the RAF who recently visited Rivers said of the net workers, "If all war workers in Great Britain and America worked as quickly and as efficiently as the men and women at the net factory are doing, the war will be shortened by five years."

The average production per person exceeded by 100%, the amount estimated by the authorities. The highest average per person done in one day was about 3,800 square feet. The highest plant average per day is one million three hundred thousand square feet.

Miya and Alice Mori, Taku, Mary, Kenneth, Robert and Gloria Fujimoto to Topaz, Utah.

Kenji Francis Inai, left to attend Yerinton High School, Yerinton, Nevada.

POISON

Potato Salad Victims Well

Recovery of fifty-five residents of Block 27 who suffered from a mild case of food poisoning on May 26 was disclosed yesterday. None of the patients required hospitalization.

The cause of the poisoning was determined after laboratory tests conducted by Dr. Willian Furuta to be micro-organizms which are commonly associated with milder outbreaks of food poisoning. The offending food was a potato salad served during the noon meal.

The rapid recovery was attributed to the immediate counter-measures taken by the hospital staff.

RIVERS WORKERS REASSURED OF TRUST FUND DISBURSEMENT

Approximately $57,000, to be distributed to Rivers' workers as the community's cut from the net factory payroll will be turned over to the trust fund trustees in the next few days by the Southern California Glass Company, Project Attorney James H. Terry reported from Los Angeles yesterday.

Meanwhile on the Project, trustees Firman Brown, Mats Ando and Dr. Earl Yusa disclosed that the mechanics of computing the share for each worker were nearly complete. The disbursement of checks to write finis to the trust fund will not be made until a special license has been received from the Treasury Department which would authorize payment to aliens as well as citizens said Brown. The license is expected soon.

The share for each worker will be based on the hours of work recorded on WRA payroll established by him during the period that the factory was operative, said Brown. Residents who have resettled will also be given their share, he said.

The trustees said that they are doing their utmost to hasten payment following the War Department order which closed the net factory for good. The factory which represented Rivers' folks greatest single direct war effort ended production Tuesday.

Terry has been in Los Angeles looking after the interests of the Project and its residents. He is also acting in behalf of the Poston community trust fund.

Firemen Need Voiced By Huso

An acute need for more firemen in Butte was voiced yesterday by William Huso, employment supervisor. Depleted by the resettlement program, the fire station must recruit fifteen men immediately, he said.

Huso pointed out that a fire in the community in this weather without adequate protection can be catastrophic.

WATER SITUATION BECOMES ACUTE; RUSH WORK TO FINISH NEW WELLS

Rivers' water shortage problem has become acute, particularly in Canal, announced T.K. Ryan, sanitary engineer. Tuesday, Canal was completely out of water on three different occasions.

Since November, the daily average consumption in Canal alone increased from 519,000 to 800,000 gals. per day. The current shortage created undesirable sanitary conditions and prevents the accumulation of a proper reserve of water in case of fire.

New auxiliary wells are being rushed to completion and will be ready in two or three weeks. Meanwhile Ryan urgently requests the residents to conserve water by every possible means in showers, laundries, and especially on lawns.

The situation must be considered as a community problem and the responsibility of everyone to aid in the conservation of water. Unless such cooperation is shown, said Ryan, it may be necessary to take drastic steps.

Repair Deadline On Shoes, June 5

Residents of Canal and Butte who received shoe repair ration certificates from their block managers before May 20 must have their shoes repaired by Saturday, June 5, it was disclosed. Tickets must be presented at the time shoes are brought in, and delay in meeting with the specified deadline will result in shoes not being repaired.

NOTARY PUBLIC

Ben Tsudama, notary public, will be at Canal's Interview Room on Wednesdays beginning June 2.

CORRECTION: 20¢ MEAL

Instead of a charge of 20 cents a day for meals as reported in the NEWS-COURIER, a charge of 20 cents per meal will be made for visiting Japanese American, including soldiers.

Charge of 20 cents per night for room will not be made except where visitors occupy living quarters expressly furnished for visitors. No charge at all will be made for evacuees visiting from other center

editorial: WHEN INDIGNATION BECLOUDS JUDGMENT

Indignation at the Japanese execution of some of the flyers who flew with General Doolittle has inspired Senator Steward to propose that all Americans of Japanese descent to stripped of citizenship and confined in concentration camps. By demonstrating the extreme of intolerance to which blind fury can drive a presumably responsible man, this proposal should give many people a sobering realization of the danger of permitting anger and indignation to overwhelm the firm, disciplined reasoning which the war emergency demands.

On second thought, Senator Stewart himself must realize this. What he urges would violate one of the basic principles of American citizenship. It would represent acceptance of the Axis technique of visiting vengeance upon the innocent for the deeds of others. It would be nothing less than an example of the Axis brand of racial bigotry and hatred.

EDITORIAL EXCERPT--BALTIMORE SUN
April 26, 1943

RIVERS' SPIRIT COMMENDED

To the Editor of the Sun:

I want to express warm appreciation of the good words spoken for American Japanese in your editorial this morning, "When Indignation Beclouds Judgment."

Through a friend who is in an evacuation center I keep in weekly touvh with events in Rivers, Ariz., and know that no finer spirit exists among any group of Americans. I am increasingly amazed by their understanding and lack of bitterness over the mass evacuation and the resettlement difficulties.

I hope Maryland will welcome a quota of these citizens and that we may count on your continued editorial support along with that of fourteen Christian denominations now working on resettlement.

Dorothy Elderdice
Westminster, Maryland

EDITOR'S NOTE: Miss Elderdice is a dramatic instructor at the Western Maryland Theological Seminary, Westminster, Maryland. She is one of the most militant of the many individuals who are helping to fight the evacuee's fight. The friend she refers to is Mrs. Charolotte Susu-Mago.

Harry Miyake To Leave Gila

Community Loss

To check possibilities for resettlement, Harry Miyake, central block manager, will leave Tuesday on a tour of various midwestern cities.

Miyake is especially interested in farming prospects for large family groups. Included in his itinerary will be Denver, Kansas City, St. Louis, and Chicago.

He will leave alone, but expects to be joined by his family later. He will keep in touch with the center administration and friends with reports of conditions and possibilities.

Arriving in Rivers in August from Tulare, he served as assistant before becoming the central block manager in October.

Toshio Kinoshita of block 40 will succeed Miyake as the central block manager. Kinoshita will be ably assisted by Izuto Otani of block 51.

APPEALS FOR U.I. BENEFITS

Non-Eligible Decision Upheld

Decision of the California Employment Commission that evacuees are not eligible for Social Security Unemployment Compensation Insurance was upheld by the Appeals Tribunal of the California Department of Employment, according to word received here by Frank Ninokawa, appellant.

Ninokawa re-appealed the case with the Californis Employment Commission.

The Butte Employment Division disclosed that a second appeal must be made within ten days after the date of notification. The E. D. representative advised that this further appeal be made. A form appeal letter has been prepared and the E.D. will assist any appellant.

The Appeals Tribunal rejected the appeal on the grounds that evacuees are not "available for work" and thus not eligible for compensations.

DEWITT TO BE TRANSFERRED—

PACIFIC COAST ARMY HIGH COMMAND SHAKE-UP SEEN

The Call-Bulletin today quoted Richard J. Welch, Republican representative, California, as saying that a shake-up is under way in the Pacific coast army high command because of differences between Lt. Gen. John L. DeWitt and certain war department heads over the question of treatment in Japanese in the Far West.

The paper said that according to Welch's information, General DeWitt will be removed as commander of the Fourth Army and Western Defense Command and will be given a job in or near Washington where he will have his high rank for the less than a year before his statutory retirement date.

Welch, the paper continued, said he understood DeWitt would be succeeded by Lt. Gen. Delos Emmons, commanding general of the Hawaiian Defense Command.

Welch's information was that General Emmons would be succeeded by Maj. Gen. Robert C. Richardson, recently commanding an army corps, and formerly stationed at San Jose, Calif. the paper said.

General DeWitt, who has vigorously opposed the return of any Japanese to the coast, recently reiterated his views before a congressional committee.

VOLUNTEERS

REJECTED MEN GET ATTENTION

Special efforts are being made to secure outside employment opportunities for combat team volunteers who were not accepted because of physical deficiencies or age, said Mrs. Clara Clayman.

To aid Relocation Supervisors in finding suitable job openings, the Project Leave Officer is sending to each relocation office a list of the names, occupational preferences, and background of all volunteers who did not pass the physical examinations.

Men on this list will be given first priority both in clearance through the War Department Joint Board (which establishes eligibility for war plant work) and in connection with ordinary employment opportunities which are received at the center.

DICTATION CLASS

Starting next week, Mrs. Little will hold her Shorthand Dictation class on Tuesday and Thursday nights at 13-13-B, 7 to 9.

Youth Library Very Popular

Every afternoon from 2 to 4 the Manse, the home of the Rev. and Mrs. Royden Susu-Mago is a mecca for children with a taste for books. The manse features library for small children. Some 250 youngsters make good use of it.

Mrs. Susu-Mago, who acts as librarian, appeals to the residents to return any book mislaid by the children.

NEW INTERNAL SECURITY MAN

Formerly from "the busiest office in the Western part of the United States." C.A. Harper has taken over the duties in Canal as Associate Chief of Internal Security. A sheriff in Elco County for fourteen years, he has witnessed personally, five executions for murders. In reference to his application here, he is quoted as saying, "We like the work, we like the people, and we're gonna' endeavor to work to the interest of the people

FEATURE SECTION

With all the dignity of the human heart, this Memorial Day page was written, and is sincerely dedicated to all whose loved ones linger in God's Heaven.

"Here lies Private Tom Smith. World War I. 1891 - 1918." Just a mound with a cross, and a soul lingering in unrest. No honor with brass bands and banners this---. Have Tom Smith's tribulations been spent for Fools...in vain?

The coming dawn will bring another Memorial Day, a day which commemprates twenty-five years following the last world-wide conflagration. A quarter century ago, Tom Smith gave his life that those to come might live in Love and Peace. Yet today, our people have their feet on the threshold of Peace, and their minds on the doorway to even greater death, destruction, and disunity. For what then, did Tom Smith sacrifice? Did he sacrifice for adventure? If THAT was adventure, what price must we pay then, for Freedom? Did he sacrifice for honor? NO! His sacrifice was for a far bigger and better reason than some of us today can comprehend;....the perpetuation of the ideals of Democracy, that man might live in soronity of mind and body. How long must we grope in darkness? Let us not be blind! Let us educate ourselves from the past! Is it not time we discovered we are one race...that of humanity?

"Go to rest spirits of the deceased; we assure you Tom Smith died not in vain! We vow upon all that is sacred to us, that some day man will be educated to levity of war! The term Peace will then no longer be a wastrel's "castle in the clouds," but a realization! Perhaps them the epitaph will read..Here lies Tom Smith in Peace! World War I. 1891 - 1918." --Sob'n

Memorial Day is once again upon us and all free people of all free nations will pause to reminisce. For all those who have experienced bereavement, whether it be a son lost in battle, father or mother gone from home, or the empty lack of pattering children's feet, like the Tomb of the Unknown Soldier, if we may humbly enter your hearts, we would present this memorium in reverence.

in memorium

May all the world remain in temporary complacency and reverence until the peace may dawn.

Fellow Scouts, the sun will shine tomorrow upon a tranquil people who will forget temporarily, the frets and littleness of a grief stricken world.

Following world developments of December 7, our farmers, politicians, waiters, and even house wives have been called upon to defend our Democracy. The only way of life we love. Thousands upon Thousands of young people (fellow scouts) have been mobilized to replace our "brothers who went down fighting." These gallant Leaders "gave" that Politicians might continue still, to argue atop soap boxes, that farmers after a hard day's work might stroll into the setting sun with their children, that little bare-fotted "kids" might walk willowed river banks, that all this splendor of life, shall fade not into oblivion, "for tomorrow's Peace."

Tomorrow people will, all over America, pay tribut to these valiant youths. Tomorrow Scouts of Gila will also honor proudly, these boys whose supreme sacrifice have meant so much to the advancement of our Scouting Program. Let us in silent prayer, salute them. May God abide with their souls.

--Harry Osaki

"Legs, legs, legs," why everyone of 'em about legs?" (Complaint in reference to past feature articles). --C.M.

We reply---Legs sure, but ask any male if he doesn't appreciate legs. (Even the "daikon" size).

Before I Die

takiko inouye

Before I die, oh let me see
the spring-dressed boughs of cherry bloom
That line in fragrant soldiers ranks
before great Lincoln's marble tomb.

And let me gaze but for an hour
the roaring snow of Niagara's falls;
Or let me stand on wind-carved rim
of Grand Canyon's majestic walls.

Before I die, oh, God, I pray,
Let me feel the salt wind's sting;
Or let me life my face and feel
the tondor kisses spring's rain-drops bring.

And may I see the century's turn
the calm of guns, and peaceful sky;
And let me sail once more the seas:
This I ask before I die.

'Riders Battle '28; '66 Engages Deltans

Block 30 Seeks Sixth Straight; Meets Cardinals

Two clubs which are coming up strong in their respective leagues--Block 30 and Parlier Cards--are slated to tangle tomorrow afternoon in Canal from 1:30.

Moon or Tets Nakamura will probably oppose Mas Okuhara. Yoshi Hirano may also toss a few frames.

Including the win over Vikings last week, Reds have now taken five straight.

BLOCK 51 DOWNS AEOLIAN, 15-7, 15-3

Block 51 defeated Aeolian 15-7, 15-3 and Pepperettes downed '65 15-8, 15-11 in the second round of Butte's Girls Volleyball play last Thursday night.

'58 is scheduled against '60 and ABC versus Hot Tamales Tuesday. Both

'66, LOMPOC BEES IN 2ND MEET

Although having already met, Hinode Bee and Lompoc Bee clash again Monday at 66 Field from 6:15 p.m. because Independents, originally scheduled with Lompoc, has dropped out. The '66 Bee nine was slated for a bye.

HINODE NINE FACE POWERFUL FOE

After showing signs of a regained form last week, '66 Hinodes are set to tee off against 2CAC's highly-regarded Deltans of in and around Block 7 tomorrow night from 6:15 in Butte.

This inter-camp tussle will see one of Canal City Athletic Conference's fine hurlers--John Muranishi--oppose anyone of '66's list of twirlers--fireballer Hiroshi Shimmoto, Yoshi Shimada or possibly Shig Tsujita.

matches begin from 7:30 at lot 50.

game as the clubs are leading American Association squads.

'30 Bee engages '33 Tuesday night in an International League tussle at Zenimura Field from 6:15.

MASATO KINOSHITA CHUCKER SLATED

Benny Matsuura's flashy Roughriders and Block 28 enter the second game of the Butte-2CAC series tonight from 6:15 in Butte.

Ken Zenimura's club finished a close second in Major League's first half while the 'Riders now share 2CAC's Aye leadership with strong Deltans.

Zeni said he would use lefty Masato Kinoshita again. Tom Egusa who blanked Tigers recently or second-sacker George Ichimoto will work on the mound. Big Tom is more likely.

'28 will also pick-up several other players from another club for this game.

TENNIS TROPHIES TO BE GIVEN

Several trophies from the Community Enterprises will be given to winners of the First Open Double Tennis Tournament.

'B' CIRCUITS TO HOLD TOURNEY LATER

It was announced recently that aside from the regular championship playoff at the close of schedule, the Bee International League and Bee American Association will hold a sort of tournament among top bee nines at the close of schedule.

Ass'n May Send Representative To Poston If Support Received

Because of the great disappointment it would cause if the Poston nine couldn't come even at a postponed date, Butte Baseball Association announces that when Project Director Leroy Bennett returns from his trip, a letter with his approval of plans to get that nine will be asked.

It was believed that the Poston nine was not allowed permission to leave with officials in that center not knowing of the terrific disappointment is caused here. They thought it was just for pleasure. All preparations had been made. With Bennett's letter saying of the disappointment here, several representatives of the Association will leave for Poston to convince officials in that center that it would be all right for the squad to come here at the earliest date.

In the meanwhile, Butte fans who purchased tickets may if they wish, have their money refunded now at rec. 28. For those who retain their tickets, it may be used when the series come.

INDEPENDENTS QUIT AMERICAN ASS'N

Hard hit by relocation, Independents of the Bee American Association have dropped out of competition. The team which draws a bye in the league's schedule will finish out their games.

NO SHOE COUPON GIVEN FOR CLEATS

It was disclosed recently that the local show rationing board will not issue any coupons for baseball shoes.
