JOBS PLENTIFUL IN CALIFORNIA REPORTS SWIGGUM

Project Director Leroy H. Bennett and Mrs. Evelyn Swiggum, acting head of the welfare section, returned this week from a 12 - day business trip to the West Coast, during which they visited various communities to study sentiment and opportunities.

According to Mrs. Swiggum there are many jobs open, but housing remains the toughest problem.

She visited the Sacramento relocation office to discuss the dependency cases of resettlers. She met Fred Wakita and Shizuka Muknai, both former Butte welfare workers, who are happy to be in Sacramento and sent greetings to their contor friends. Wakita is working with the relocation field officer of Sacramento to help other evacuees relocating there.

All vicinities were reported to be working toward relocation on good term relationships. Mrs. Swiggum states "Any person wishing to contact their respective counties for dependency aid should first contact the Butte welfare section."

At Oakland William Tutthe, former Butte welfare head and now field officer, asked Mrs. Swiggum to "give me some business!"

It was found that there were very few who were anti-Japanese, and people on the whole seem friendly according to statements by Wakita and Mrs. Swiggum.

CIO BACKS "RETURN"

(The following resolution was adopted by the California CIO Council in executive session at Oakland on Jan. 14, 1945)

The California CIO Council in executive session in Oakland, January 14, 1945, recognizes the recent order of the War Department and the War Relocation Authority permitting the return of loyal Americans of Japanese ancestry to the Pacific Coast as a commendable and correct step; one in line with the principles for which this war is being fought.

In view of the established fact that thousands of our Japanese Americans are now serving their country with honor and distinction on the battlefront, we believe that such action as taken by the American Legion, Hood River, Oregon, in erasing the names of Japanese from the honor roll of World War II veterans, should be condemned as regrettable and unjustifiable.

This attempt to foster race hysteria must be recognized by all Americans as a threat to the unity of our people and further indicates a lack of confidence in the judgment of our War Department.

The experience of our country since Pearl Harbor has been that those Americans of Japanese ancestry have proven themselves responsible and loyal Americans, participating in all phases of the war. As such they are entitled to as much protection under our constitution as any Americans regardless of race, creed or color.

The California CIO Council wholeheartedly supports the action of the War Department and condemns those who are attempting to split the American people by arousing racial prejudices for their own partisan ends.

The California CIO Council further calls upon all public officials of State, County and Municipal governments and all people of this State to do everything within their power to cooperate with the War Department in order to assist in the readjustment of these loyal Japanese Americans to our community life.

BATTLEFRONTS

"LOST BATTALION" THANKS 442ND

6TH ARMY GROUP, FRANCE- Survivors of the 36th (Texas) Division's now-famous "Lost Battalion" have presented a silver plaque to the Japanese American soldiers of the 442nd Infantry Regiment who rescued them from death in a Nazi trap.

'TO THE 442ND'

Under the "Remember the Alamo" regimental insignia of the 141st Infantry Regiment, of which the encircled battalion was a part, and under the insignia of the 442nd, are engraved these words:

"To the 442nd Infantry Regiment With Deep Sincerity and Utmost Appreciation for the gallant fight to effect our rescue after we had been isolated for seven days. 1st Battalion, 141st Infantry Regiment. Biffontaine, France."

The Texans were surrounded by the Germans after they had paced their regiment in an advance in the Vosges Mountains. For a week they were confined to a circular area roughly 300 yards in diameter. What food and ammunition they received had to be fired to them in artillery shells or dropped by planes.

ODDS HEAVY

To accomplish the rescue, the Japanese American doughboys had to rely on a bayonet charge against superior enemy forces entrenched on atop of a hill, knock out Nazi Tiger tanks that challenged their slow advance through the dim forests, contend with enemy soldiers dressed in American uniforms, disregard radio directions sent by the enemy to mislead them, and to work their way through two-and-a-half miles of terrain intricately and heavily mined, booby-trapped and road-blocked.

MYER

URGES RETURN TO NORMAL

Returning to normaloy, the importance of doing so now, and the reasons for its urgency were pointed out by WRA Director Dillon S. Myer in public addresses in Butte and Canal over the week-end.

Director Myer gave the following five reasons why relocation centers should be closed:

1. Between 18,000 and 20,000 school age children are living in abnormal conditions. It is most important that these children return to normal condition and family life.

2. There is no unemployment now for those who want to work. Evacuees should take this opportunity while there is still demand for workers; when war ends and demobilization starts there won't be the opportunities that are now open. Now, one can earn good money, aid the war effort, and disperse to communities of better acceptance.

AGENCY WILL HELP

3. Welfare agencies are less busy during wartime than at any other time. They are trying to maintain the present staff of workers and are in the best position to help evacuees.

4. Congress has asked Director Myer how long appropriations would be necessary. He has replied that appropriations were needed as long as Coast exclusion was in effect and for reasonable time thereafter. He believes he can convince Congress that one year is a reasonable time.

5. As long as the centers remain, they and the WRA will be targets for the small anti-Japanese groups who want to stir up enough public feeling to pass legislation for deporting residents of centers. Enemies want centers to stay open; don't play into the hands of our enemies.

It is best for evacuees and for the interest of democracy that the centers be closed.

FRANCE

NISEI MUSICIANS KEEP UP MORALE

SIXTH ARMY GROUP, FRANCE--Proud of its reputation of being top-flight Army band, but prouder of the fact that it is part of the famous 442nd Japanese American Combat Team, one of the "fightenest" outfits in the Army, the 206th Army Ground Forces Band is making music for combat-weary doughboys in rest centers along the French Riviera.

Headed by M/Sgt. Jun Yamamoto, Boise, Idaho, the band's personnel was selected from the infantry, artillery, and engineer units.

LEIS, GRASS SKIRTS

In Italy, when the combat team was attached to the famed 34th "Red Bull" Division north of Rome, the Japanese American band was given the assignment of entertaining war-weary soldiers in reserve rest area camps, and hospitals. Out of wild flowers plucked near the Italian battlefronts, they wove "leis." Out of wheat straw taken from abandoned farms, they wove "grass" hula skirts.

While their comrades pushed across the River Arno, the band proved its value as morale lifters and entertainers. In the Vosges Mountains of northeastern France with the 36th "Texas" Division, it entertained while its Combat Team spearheaded the historic break-through of the German main lines of resistance in this sector. The men of the band stood ready to go into the lines as infantrymen or to serve as litter bearers during the dramatic rescue of the "Lost Battalion."

PERFORM DAILY

In Italy and France, it has averaged almost two performances a day--usually a show in the afternoon and a dance at night--since coming overseas.

Among members of this band are the following from relocation centers:

S/Sgt. George S. Eto of Poston, and Cpl. Robert M. Nishimoto, Sgt. Howard S. Sakura, and Pfc. Paul K. Kamikawa all of Minidoka.

SGT. OTANI CITATION

This is the citation for the Distinguished Service Cross for Staff Sergeant Kazuo Otani.

By direction of the President, the Distinguished Service Cross has been posthumously awarded to Staff Sergeant Kazuo Otani, Infantry, "For Extraordinary heroism in action, on 15 July 1944. Advancing to attack a hill objective, Staff Sergeant Otani's platoon became pinned down in a wheatfield by concentrated fire from enemy machine gun and sniper positions.

EXPOSED TO BULLETS

Realizing the danger confronting his platoon, Staff Sergeant Otani exposed himself to enemy fire to shoot a sniper who was firing with deadly effect upon his men. Then, followed by a steady stream of machine gun bullets, Staff Sergeant Otani dashed across the open wheatfield toward the foot of a cliff. From this point, he directed his men to crawl to the cover of the cliff.

When the movement of the platoon drew heavy enemy fire, he dashed along the cliff toward the left flank, occasionally exposing himself and firing his submachine gun to draw enemy fire from his men. By attracting the attention of the enemy he enabled the men closest to the cliff to reach cover.

HELPS WOUNDED

Organizing these men to guard against possible enemy counterattack, Staff Sergeant Otani again made his way across the open field, shouting instructions to the stranded men while enemy bullets followed him. Reaching the rear of the platoon position, he took partial cover in a shallow ditch and directed covering fire for the men who had begun to move forward by leaps and bounds.

At this time one of his men became seriously wounded. Ordering his men to remain under cover, Staff Sergeant Otani crawled to the wounded soldier who was lying on open ground in full view of the enemy. Dragging the wounded soldier to a shallow ditch, Staff Sergeant Otani proceeded to render first aid treatment, but was mortally wounded by machine gun fire.

The dauntless courage and inspiring leadership exhibited by Staff Sergeant Otani exemplify the highest traditions of the Armed Forces of the United States."

NISEI CHALLENGE WEST EXCLUSION

Three Nisei appeared before US Judge Pierson Hall's court last week to seek an injunction restraining the Western Defense Command from excluding them from their homes in Southern California.

The three were Ignatius Yamamoto, a lawyer; Kiyoshi Shigekawa, former San Pedro fishing boat captain; and Dr. George Ochikubo, former Oakland dentist.

They contend that they are loyal citizens of the United States and denied charges made by the Army authorities that they should be excluded from the Western Defense Command area because of asserted disloyal acts.

Numerous high ranking Army officers have been called to give their testimony for the government in this case.

RELOCATION

APPROVED PLAN NOT NECESSARY

Center residents, who are eligible to relocate, with the exception of those who will need public assistance, are no longer required to have an approved relocation plan in order to secure relocation assistance for returning to California, according to a recent W.R.A. administrative notice. The field offices in California are now able to take care of the interests of evacuees who are returning without requiring advance notice.

While an approved relocation plan is no longer required, the relocation offices here and in the field will be glad to assist evacuees in any possible way.

Canal Scouts To Get Badges

Bobcat badges and membership cards will be awarded to the cub scouts of pack 60 in Canal at a court of honor next Friday night, March 16, from 7 p.m. at 13-6-A.

OREGON COUPLE HAPPY AT HOME

"They even brought flowers to my wife--"

With these words Tamichi Yamada, former resident of Minidoka, summed up the cordial and friendly welcome which was extended to him by long-time residents of the Wabash Hotel when he returned to Portland, Ore., a month ago to resume its management.

Yamada told War Relocation Authority representatives he was very glad he had returned to his home and although he had previously harbored fears and qualms about going back to Portland, he found them groundless. He and his wife, Yana, are adjusting very satisfactory to their former life, Yamada reported.

Yamada, an Issei, has been a resident of Portland since 1903, and is married to a Nisei graduate of the University of California. His daughter attends school in Lake Forest Park, Ill.

Private School Has Openings

Two girls are wanted to help at a small private school near Detroit, Mich., according to a letter received by the relocation office. The letter, from the Ethel Fruehauf School, reads as follows:

"We are desirous of obtaining two girls to help in our school. Their duties would consist of helping to keep dormitories clean, supervising children on playground, helping in kitchen and assisting with serving at meal time. The children range in years from six to twelve. We are located in a nice residential part of Grosses Points, (a suburb of Detroit) on two acres of ground.

The wages are thirty dollars a week plus room and board. Our girls have every other Sunday off and also one day each week.

There are at present four girls here from one of the camps.

Anyone interested in this offer should call at the Butte or Canal relocation office.

SEABROOK Representatives To Come Friday

Representatives from Seabrook are to arrive in the center on Friday, March 9, to recruit workers. Because of the housing situation, they are interested this time mostly in single men, women, or married couple without children.

They state that later this spring they expect to have an additional 100 apartment units for temporary occupancy, with permanent units ready by cold weather. They now have a waiting list of 40 families, and so at that time they will be able to recruit about 60 families. These representatives may be contacted on their arrival through both Butte and Canal relocation offices.

ROCHESTER, N.Y. OFFERS WORK

A home in Rochester, N.Y. offers employment and housing for a couple with one child. The man could be employed down town and the wife would assist with light housework. Living quarters would be the top floor, with private bath, in the family home. The wife could earn some salary in addition to room and board for the entire family.

Rochester offers many employment opportunities and the husband would have no difficulty finding work. The home is in nice residential section, and the employer and his wife have been outstanding in public service, and are especially interested in minority groups.

Library Gets The Green Years

"The Green Years" by A. J. Cronin has been placed on the rental shelf of the Butte community library, said Sumi Yoshida, librarian.

2500 NISEI IN 550 COLLEGES

Twenty-five hundred Nisei students are now enrolled in 550 colleges and universities scattered throughout the nation, according to a report in the San Francisco Examiner.

Each year about 400 of the 2,000 students who graduate from the high schools in relocation centers leave to enter college. Since summer, college applicants among these graduates have been accepted by more than 150 different institutions.

Said the Examiner, through relocation to campuses away from the Pacific states, the college population of Nisei students has climbed back to the level exisiting at the time of Pearl Harbor.

Myer Speaks To Residents

(continued from page 1)

Never before have officials of California more strongly urged fair treatment to Japanese than they are now doing, Myer pointed out. They are making the evacuee position clear; some counties have added deputies to maintain order.

Praising the valor of Nisei soldiers, Myer told his audience:

"Just remember that you can pay your thanks to those who have proved to the world that they not only know how to fight but what they're fighting for.

"Step by step discrimination is being eliminated. The opposition's (anti-Japanese groups) back bone is half broken. It's going to depend on you to finish the job.

"Your opinions may be different from mine, but we must work together. If we argue among ourselves we would be playing into the hands of the enemy...You must think in terms of what is good for you, your future in this country.

"We can do this job more easily now than we can every do it later. The question is not whether we can do it now but how to do it best."

Class Starts For Nurses Aides

The new class for nurses aides started Saturday morning at the hospital classroom. There is still room for other students to enter this class, stated Priscilla Parker, chief nurse.

Any girl over 16 years of age, who is interested, should come this Saturday, March 10, at 8:30 a.m. to the hospital classroom. After this Saturday it will be difficult for new students to enter the class. Classes are held each Saturday morning.

YOUNG, RENNICK WILL LEAVE GILA

J. H. Rennick, head music instructor of both camps, will resign from his position effective this week to accept a position in the Greenville, Miss., education system as a high school music instructor, said W.C. "Tom" Sawyer, superintendent of education.

Rennick arrived on the project on July 1, 1943. He had formerly taught at Jerome.

He was honored by his students at a party held on Monday evening. His work was publicly recognized at the junior class play held on Friday. The appointed personnel also held an informal party for Mr. and Mrs. Rennick in Canal, jointly with Dr. G. P. Young, who is also leaving.

No new appointment has been made yet.

Dr. Young will leave within two weeks for Washington, where he has been transferred as assistant relocation liaison officer under Hugo Wolter, formerly of Gila.

Dr. Young began his work in September 1942 as Butte High School curriculum adviser. He was transferred to the position of assistant superintendent of education in September, 1943.

He has also been acting as the head of the adult education system.

B LEAGUE

FIVE BRANDS, 44 TAKE WIN APIECE

The Five Brands and the Block 44 aggregations both annexed wins over the Bronco Y Five and Unknowns, respectively, in Butte's Bee Basketball League over the weekend.

With Willie Fukano pacing the winners with 15 points, the Five Brands defeated the Bronco Y quintet by an overwhelming score of 45-25.

The first half was played quite evenly as the score at the halftime favored the Five Brands by only a 19-16 margin. But the winners completely outclassed their opponents in the second half as they scored 26 points while they held the Bronco Y's to 9 points.

The Block 44 quintet edged the Unknowns in a closely contested game by a 20-19 score.

The Unknowns led at the halftime by an 8-6 score and throughout most of the game, but were defeated in the losing minutes of play by six successive points.

COMETS, DELTA PHIS VICTORIOUS

The Butte Girls' Casaba League is progressing rapidly with both the Comets and the Delta Phi's victorious over the Block 54 team and Blackjacks respectively.

The Comets, led by high scoring Tats Matsushita's 18 points, coasted to a 36-26 win over the Block 54 sextet Sunday afternoon.

Getting off to a bad start, the Comets were threatened with a defeat, but the guards coming to life, with Dotty Mizukami and Tats Matsushita doing the tallying, regained the lead never to relinquish it again. Dotty aided the winners with 8 markers.

Swishing baskets steadily, Helen Osada led the Delta Phi's to a glorious 32-19 victory over the Blackjacks Saturday afternoon.

Itsuko Mizukami stirred the net for 10 points to lead the losers. Helen accounted for 16 points to take scoring honors of the tilt.

A League Hits Crisis Tonight

All basketball fans attentions are requested! Tonight is the night you have been waiting for! Just come out and witness the game of the season between the first round pennant holders, the Olympic Club quintet, and the Bronco Ayes, who were barely nosed out in the first round.

Both the above teams have a clean slate up to now in the second round and this will be the tell-tale tilt to determine who will become second round champs.

Basketball fans reading this far are reminded to come out prepared to exercise your vocal cords.

An admission fee of 5¢ for children under 12 years old and 10¢ for all others will be collected at the door.

Butte B Decides On Tournament

The Butte Bee Basketball League managers decided at a meeting yesterday afternoon to have a tournament, with winners playing the winners, instead of a second round, because they concluded that a second round will take too long to complete. The champions of the tournament will play with the Don Juniors, first round champions, in a 2 out of 3 playoff for the Bee League crown.

League is nearing its finish for the season of 1945, as the Gila Indians and the Bronco Ayes pulled through with a win apiece over the Lil Gus and Cub quintets, respectively.

Fast breaking at every chance and taking advantage of the "cold" Lil Gus Five, the Gila Indians ran over them by a 33-21 score Monday evening.

Lil Gus got off to a good start as Wat Takeshita succeeded in sinking a bucket and a free throw before the Indians could tally once. The vistors overcame the lead in a few minutes by coming to life after Joe Osada managed to break through to score on a lay-up shot. The Indians lengthened the 16-12 lead at the half with Ralph and Joe Osada both accounting for 6 points apiece. Sinking 7 digits, Wat Takeshita of the losers copped scoring honors for the night.

Though playing one of their best games of the season, the Cubs were defeated by the potent Bronco Ayes by a 39-27 score Sunday afternoon.

The Broncos took an early first half lead which was never relinquished throughout the entire tilt. But their lead was only a small margin until the middle of the second half, when the Cubs defense weakened as the Bronco's offensive proved too strong and aggressive. The winners led at the halftime by a 12-10 score.

Akira "Fat" Tsutsui of the Broncos and Sam Morishita of the Cubs tied for high point honors with 11 points apiece. Kameo Watanabe played an outstanding game as guard for the Cubs.

HOSPITAL SEEKS NURSES AIDES FOR WARDS D,E

A call for nurses aides to assist in the TB ward was issued today by Lyston Black, personnel officer. "This is an opportunity for a person to have training in a skill that is in great demand throughout the country," Black pointed out.

It will not only make it easier for a person to secure a means of livelihood after relocation, but will enable one to perform an outstanding patriotic and community service.

Those interested should call at the personnel management office immediately.

HANG ON TO RATION BOOKS

Residents leaving the center are reminded that "Application for Ration Books" or Ration Books are valuable and cannot be replaced without long delay. They should be kept where they can be easily found. In some cases they have been lost or packed with goods sent by freight, thus causing a great deal of difficulty for the persons involved.

NISEI QUESTION VALIDITY OF MILITARY EXCLUSION

The constitutionality of the military exclusion orders, issued in over nine thousand cases of American citizens of Japanese descent by the Western Defense Command, is awaiting decision this week in Los Angeles from Federal Judge Peirson M. Hall. The test cases involving Elmer Yamamoto, Los Angeles attorney, Kiyoshi Shigekawa, San Pedro fisherman, both now at Poston Relocation Center, Arizona, and Dr. George Oshikubo, Oakland dentist, now at the Topaz Relocation Center, are being sponsored by the American Civil Liberties Union.

According to the A.C.-L.U., the rights of all persons of Japanese descent throughout the United States, alien as well as citizen, are indirectly at stake in the proceedings, since exclusion orders from military areas apparently are now being issued only against persons of Japanese ancestry.

During the four-day trial held last week before Judge Hall, all the Nisei testified to their loyalty to the United States. But none of them was questioned by the government attorneys representing the military authorities as to his loyalty.

D.S.C. CEREMONY ON AIR TONIGHT

A recording of Thursday night's Distinguished Service Cross presentation ceremony in Canal will be broadcast over KOY tonight at 8:30.

D.S.C.

SGT. OTANI HONORED

Before the hushed audience of several thousand Canal residents and nine Army and Navy officers the Distinguished Service Cross awarded posthumously to S/Sgt. Kazuo Otani was presented to His parents, Mr. and Mrs. Yoichi Otani of 22-6-A, at a presentation ceremony Thursday night at the Canal stage.

Major Jerome S. Murphy, who presented the Cross to the Issei couple, read the citation which honored Sergeant Otani "for extraordinary heroism in action on July 15, 1944" and for "the dauntless courage and inspiring leadership exhibited by Staff Sergeant Otani" which "exemplify the highest traditions of the Armed Forces of the United States."

The Distinguished Service award is the second highest award in the U.S. Army.

Colonel W.S. Drysdale, main speaker for the evening, commended the superb fighting qualities of the Nisei soldier in the U.S. Army.

Project Director Leroy H. Bennett introduced the president of the Servicemen's Relative Association, Frank Sasaki, who presided during the program.

Yahanda Visits Monterey, Calif.

Teizo Yahanda, central block manager of Canal, left this morning on a 30-day short term leave for California to investigate relocation possibilities. He will visit Poston before going to Monterey, Calif.

In California he will meet with a group of church people on plans to have their church used as a hostel for evacuees returning to the coast.

JANUARY CHECKS TO ARRIVE SOON

Clothing allowance checks for January have been delayed in San Francisco because of lack of workers and too much work. William G. Graham, finance officer, received word from the San Francisco office that checks will be here by the end of this week and not later than next Tuesday.

CINCINNATI

CATHOLIC EDITOR SCORES RACISM

Racism must be rejected in all its forms and implications in the postwar world, the Rev. John La Farge, New York, editor of the Catholic Weekly, America, declared at the seventh annual Interracial Fellowship Dinner in Cincinnati, Ohio. The Cincinnati Post of Feb. 28, reported the meeting.

Among others on the program was the Rev. John J. Yamazaki, former pastor here at Rivers, according to the Post.

The Reverend La Farge stated:

ABROAD

"In the postwar world we must live with those who are now our enemies. We cannot discriminate against any race or clan of men as peoples. It is a world in which we must all live together.

"As responsible citizens, we demand on a world scale that the international organization now being planned and which will be debated in San Francisco, shall contain as an indispensable element in world peace certain universal safeguards of human rights, against racial or imperialist discrimination.

AS WELL AS HOME

"But it is the local field that demands our closest attention. If we thoroughly sense our responsibility as citizens of a God-fearing democracy we shall denote special attention to an effective organization of the community. The problems of hositlity and conflict must be met right in our own towns."

Pamphlets On Relocation Here

Multilithed pamphlets written in Japanese, called "New Homes for the Issei," have arrived at the relocation office and have been distributed to the relocation commission, the community councils, and block managers. Additional copies are available at the relocation office.

The pamphlet contains thriteen stories about families, the heads of which are all Issei, who have relocated to various parts of the country and have gotten into various occupations. The pamphlet is well illustrated with pictures of the family members in their homes or at work.

YWCA VOLUNTEERS AID

The YWCA, located at Sixth and Pacific, Long Beach 2, Calif., has sent the following letter offering to help evacuees who wish to return to California.

GREETINGS

"Dear Friends:

"Realizing that the ban is lifted and that perhaps you may be considering returning to the Long Beach area, a friendly group of citizens of this community extend greetings. For some time we have been interested in your problems, and are eager to give any possible service. Throughout the city a number of different groups have been sympathetically discussing this situation.

"We realize that you will be concerned with finding a home. Housing is critical in this area. Every day scores of service families and business people are being turned away because of the lack of available housing. This is a serious obstacle for those wishing to return to this congested industiral area. At present we can suggest no solution to this problem.

"We would like to give you more tangible aid, but we want you to know that we are happy you are free to return to normal living whether in Long Beach or elsewhere. If we can be assistance in any practical way please feel free to contact any of the undersigned.

HOOD RIVER

RESTORES NISEI NAMES

National Headquarters of the American Legion announced Tuesday Hood River, Ore., post, No. 22, had agreed to restore to its honor roll the names of 15 Japanese American service men which it voted to scratch out last December.

An earlier AP report quoted a National Legion committeeman that Commander Edward N. Scheiberling may demand an investigation of the Hood River Post for erasing the names.

One name will not be restored since he has been dishonorably discharged.

Meanwhile an AP dispatch under a Hood River dateline states that the American Legion post is restoring Japanese American soldiers to its honor roll, but it still objects to Nisei returning to this area, Joss B. Eddington, post commander, said. Several Nisei have returned to this apple valley, despite American Legion advertisements urging them not to come back.

SAN JOSE RETURNEE HOME SET AFIRE, FIRED UPON

A ranch home two miles from San Jose, occupied by a family of nine former Gilans, was set afire and fired upon early Tuesday morning, March 6. No one was injured.

Sheriff William J. Emig reported that marauders had poured gasoline on the home of Joe Takeda, set fire to his house after cutting telephone connections, and then fired several shots.

SMELL GASOLINE

The San Francisco Chronicle reports that the Takedas discovered the fire at 12:55 a.m. They were awakened by the smell of gasoline, and Joe saw flames creeping up the front of the house.

"We had just succeeded in putting out the fire," said Joe, "when a dark sedan moved slowly in front of the house...A shot was fired. The car kept on but presently it was back, headed for San Jose.

SHOTS

"Two more shots rang out. One shot went over the head of my sister Beverly. Another narrowly missed Edward. One bullet was imbedded in the front wall."

Deputies who investigated found two jugs with gasoline odor, and also some empty liquor bottles apparently dropped from the sedan.

The Takedas were in Rivers for eight months before relocating to Parowan, Utah.

To keep an eye on the situation the WRA will establish an office at San Jose under James E. Edmiston.

JAPANESE COUPLE SEEKS WORKERS

Mr. and Mrs. Minoru Sakiyama are scheduled to arrive at the center to recruit several families for farm and shed labor for the Potatoe Marketing Association at Milford, Utah. The offer is for year around work at 65¢ an hour. Housing is available. Mr. and Mrs. Sakiyama can be reached through the relocation offices in both camps.

Rent is $27 for single persons, and $32 for double, each with bedroom, bathroom, dining room and kitchen. "The housing is very nice," he said. "The only thing that evacuees aren't used to when they first go there are the coal stoves."

There are grocery stores and service shops a couple blocks away. All prices are moderate.

The work day starts from 8:15 a.m. and ends at 4:45 p.m., unless there is a rush order, he stated. In that case they work overtime. Workers are paid time and one half over 40 hours a week.

From the beginning of the game, both teams in tip-top condition managed to score whenever the other scored, keeping the spectators on their toes at all times.

The score was knotted 20 - 20 at the half and the lead constantly swayed back and forth until the closing minutes. With 8 seconds to go, a foul and a technical foul were called against the OC's. The Broncos being 2 points behind at this time, waited breathlessly as Buster Kawamura attempted the would-be tie score shots. Buster failed to get either one in to the Bronco's disappointment and the OC's relief.

Leading the scoring parade for this telling tilt was Aki Kubo who stirred the net for 10 markers for the losers, followed closely by Akira Tsutsui, potting 7 tallies. Sparking for the winners was Tak Abo with 9 digits.

With center Symon Satow doing an effective bang up job under the bucket, the Sires grabbed their first league game as they toppled the Cubs by a convincing 52-39 score Thursday evening.

The Sires were kept in check throughout the first half as the score at the halftime favored the Cubs by an 18-17 score, but they shattered the Cub's defense by their shots which were released with deadly accuracy.

NISEI FIGHT IN FRENCH ALPS

SIXTH ARMY GROUP, FRANCE-The 100th Battalion of the 442nd Infantry Regiment, made up of Americans of Japanese ancestry, is writing another thrilling chapter in its already massive book of courageous action. In a sector of the formidable barrier that separates France from Italy--250 miles of jagged mountain ridges and snow-capped peaks--this battalion, one of the most famous in American military history, is engaged in hazardous mountain warfare.

Along the Franco-Italian border, part of Lt. Gen. Jacob L. Devers' 6th Army Group front, wary Nisei patrols probe their way into German defenses with a skill born out of long combat experience.

In France, the story of the 100th's heroic rescue of the 36th Division's "lost battalion" has been told and re-told. In its present position in the French Alps, it could easily rest on its laurels: 21 Distinguished Service Crosses, six Legions of Merit, 73 Silver Stars, seven Soldier's Medals, 96 Bronze Stars, 16 Division Citations, two awards from the Italian government, and the War Department Distinguished Unit Citation. The 100th's infantrymen have been awarded over 1,547 Purple Hearts and Oak Leaf Clusters for wounds received in battle.

Members of the battalion from Rivers are:

Sgt. Harry M. Kuroda, 26-12-A; S/Sgt. William E. Arii, 4-4-D.

EXCLUSION ORDER

APPLIES ONLY TO WEST

Persons who previously received individual exclusion notices have now been issued supplementary notices canceling restrictions which previously applied to the Eastern and Southern coastal areas. In other words those who received exclusion notices are prohibited only from the Western Defense Command area; not from the Eastern or Southern Defense areas.

The amendment to the first order was issued by command of Major General Pratt and signed by Col. B.Y. Road, dated Feb. 10, 1945. The amendment reads in part:

"You are hereby notified that portion of the order issued by the Commanding General, Western Defense Command, which prohibited you from being in, remaining in or entering the exclusion areas of the Eastern Defense Command and the Southern Defense Command, is hereby rescinded.

"This modification of your order shall have no effect upon the remaining provisions thereof, excluding you from the West Coast Exclusion Zone..."

MEET MR. FINCH

To Nisei soldiers of the 100th Battalion and the 442nd Combat Team Earl M. Finch, businessman and farmer from Hattiesburg, Miss., has become a symbol of democracy.

Kathyrn Close, writing for the February, 1945, issue of Survey Graphic, describes the work of Mr. Finch whose name is revered by several thousand Nisei soldiers and by their families, many of whom are still in relocation centers. This hero worship has resulted from only one cause--friendship.

BEFRIENDS NISEI SOLDIER

One day in the summer of 1943 as he was walking down Hattiesburg's main street, he noticed a very small man in American Army uniform much too big for him. The soldier lingered at a shop window, and Mr. Finch saw an oriental face reflected in the glass. "The little man looked so forlorn," he said, "that I invited him home to supper."

That was the beginning of an interest in Japanese Americams that has gradually absorbed more and more of Earl Finch's time. First it was small groups; then larger numbers. He invited 600 to a picnic in his farm, 300 for a watermelon picnic. When Christmas came, he bought up all the cigars in Hattiesburg and sent them to the boys at Camp Shelby along with truckloads of fruit.

He helped organize the Aloha USO club, put up trophies for athletic contests, made it possible for boys to go on athletic trips outside the camp, showed the boys a gay time in the city, drove them to relocation centers to see their families or friends.

SOLDIERS' FAMILIES TOO

Last spring as Easter approached he suggested to Nisei soldiers at Shelby that they do something for the children in the Rohwer center, saying he himself would put up $300 for candy Easter eggs. Responding eagerly the men raised $2,300. On Easter day he and some frinds went to Rohwer with 10,000 Easter eggs, a ton of candy, 2,000 pints of ice cream, and "dozens and dozens" of Easter rabbits.

His main concern now is with the wounded--with all wounded soldiers but especially those of Japanese descent.

There is one responsibility that Mr. Finch has taken upon himself that he finds very ifficult. This is visiting relocation centers to see families of men who have been killed in battle.

To Nisei soldiers he has become a symbol: an indication that democracy is not dead; that they are still welcome in their own land; that the fight for freedom has as much meaning for them as for other Americans. It is no wonder then that a Nisei died on an Italian battlefield gasping:

"Say good-bye to Mr. Finch."

NISEI ENTERS S.F. JR. COLLEGE

Robert Ozawa recently became the first Nisei to register at the San Francisco Junior College. He was cordially received by the dean of the college and every teacher he has met so far has assured him of his welcome. Robert, who comes from Topaz and is staying with Caucasian friends in his old home in Berkeley, reported one of his teachers volunteered to "stand by him" at all times.

NEW YORK HOSTEL OPEN TO RESERVATIONS

Families desiring to occupy the hostel apartment recently opened in New York City on a non-sectarian basis by the New York Church Committee for Japanese Americans may make their reservations through the Committee or the WRA relocation office in New York, according to information just received from E. Price Steiding, relocation officer in charge.

Designed to meet the needs of large families, the hostel apartment, known as "Apartment 29," is conveniently located in mid-town Manhattan, and is intended to simplify relocation for Issei and their children. It is suitable for a family group of any combination of ages, or for two small families for periods up to 2 weeks.

School-age children can be admitted to a public school one block from the apartment immediately following their arrival and can be transferred later to the school in the neighborhood where the family established its permanent residence, Steiding said.

GUIDE PREPARED BY CLEVELANDERS

A handy pocket-sized guide to the City of Cleveland has been prepared by and at the expense of a group of Cleveland Nisei for use of new arrivals to acquaint them with the city.

A number of copies of the guide called "Cleveland," have been received by the relocation program office, and are available for examination.

Contents include descriptions of transportation lines; eating places; amusement centers; marketing area; service bureaus; and church facilities.

FLORIN RETURNEE WRITES OF CONDITIONS THERE

William Huso, relocation program officer, last week received an interesting letter from Fred K. Wakita, who recently returned with his family to California. The following quotations are given for the benefit of center residents who are interested in Wakita's experiences.

NOTHING TO FEAR

"There is nothing to fear as the people in the center are believing. Since our coming I have not experienced any discrimination. All of the old friends and residents are very glad to see us return and welcome us back with open arms, which was something I had not expected.

"I firmly believe that anyone who plans relocation now will have the best opportunities and

will be much ahead in the days to come.

"Yes, the housing shortage is very acute here but the work is plentiful. The wage rate now is 90¢ an hour. Last harvest season, I am informed, the wages had gone as high as $1.50 per hour so we can expect wages of any amount this coming season. The labor shortage is very acute. The pruning in this district was done mostly by the Filipinos but with the opening of asparagus cuttings, they have practically all fled to that direction, which would mean if the evacuees will return within a couple of months, the work formerly for the Filipinos can be done by the returning Japanese."

MOSTLY PLEASANT

"Perhaps I should add here that while the old residents in this vicinity who had associated with the Japanese welcome us back, the newcomers (mostly Oklahomans) who have become wealthy off the Japanese vineyards will be the ones who will do anything to discourage the return of Japanese. The destruction they have caused in this vicinity is very great. For an example, any homes left vacant were ransacked completely.

"Inspite of the fact that these people have done great destruction and the vineyards were very poorly taken care of, it is wonderful to be home, and the freedom that exists is inspiring."

CALIF. SCHOOL WELCOMES NISEI

In Lodi, San Joaquin County, four children of returnees have been made to feel welcome by both teachers and students. The children reported that the teachers had told their Caucasian classmates that they must "treat them (the returning children) like anybody else" and that's what they're doing.

A special bulletin was put out by the school to all members of the faculty, the bulletin to be read to students "in groups where understanding can be achieved." The bulletin briefly summed up the evacuation, lifting of the ban, the compulsory education laws of California, pointed out that hazing was illegal, wound up by quoting "The test of a free country is the security it gives its minorities" (Acton) and that every person who holds a California State teachers' credential had taken an oath to support the laws of California and the United States Constitution.

The first four places in the tournament were won as follows: Shima, gross-150, handicap-32, net-118; Yamasaki, gross-135, handicap-8, net-127; Joe Osada, gross-161 handicap-32, net-129, Kazuo Kojiyama, gross-174, handicap-44, net-130.

DEACONS WIN YBA TOURNEY BY UPSETTING MUNCIES

Before a capacity crowd, the united and speedy Brother Deacons exhibited an unusual 61-50 upset over the Muncies, to take the crown after a thrilling 40 minutes of play Sunday afternoon.

"Freezer" Furuya, accounting for 9 points, the Muncies jumped to an early first quarter 17-10 lead, but, a great suspense hovered over the crowd for Norio Aoki and Taira Nishioka for the Brother Deacons and Charlie Ajari for the Muncies, all aided in knotting up the score at 30-30 at the time of intermission.

Showing signs of weariness of playing two games in a row, but still doggedly punching, the Muncies struggled to a 41-42 losing score at the beginning of the final quarter.

The Brother Deacons, with Norio Aoki and "Mako" Takahashi doing the scoring and "Lefty" Fujioka doing a good job on defense, pulled away from the completely exhausted Muncies.

In the game previous to the above tilt, the Muncies smashed the valiantly fighting Blue Streaks in a semi-final match 40-23. The Blue Streaks held a 15-14 lead at the halftime but were completely outclassed by the Munnies in the second half.

In a semi-final tilt Saturday night, the Brother Deacons came through with a close 36-36 victory over the Shamrocks. Joe Mori swished 23 digits.

The favored Blue Streaks ran away with a 37-27 victory over the Ten Pins in the second game of the night. Curly Yoshimi and Hiro Hirabayashi of the winners and Johnny Yasumoto of the losers are credited for their high scorings.

In the first game Saturday night, the Muncies pulled an easy 55-40 victory over the aggressive Shafus. Charlie Ajari, highest scorer of the Canal Aye Casaba League, managed to stir the net for 24 digits. Paul Ryono is credited with 18 points for the losers.

In the second game of the tournament, the newly-organized Y.B.A. five underwent a smothering 63-26 defeat by the speedy Shamrocks. Sam Tanaka, "sure shot" of the winners, sank 26 markers.

In the opening tilt of the tournament, the Brother Deacons walked off in the last quarter with a 44-30 win over the Solons.

OLYMPIC CLUB TAKES BUTTE CASABA CROWN

The Olympic Club quintet jubilantly held the championship title of the Butte Aye Casaba League by downing the Lil Gus outfit, while the Gila Indians, Cubs, Sires and the Bronco Ayes added the finishing touches.

The unbeaten Olympic Club quintet finished its cage season as undisputed champs by handing the Lil Gus team a 35-21 setback on Saturday afternoon.

As the game progressed the OC's steadily pulled away from their opponents with Tak Abo registering most of the points. Playing aggressively the Lil Gus five came back in the second half and staged some brilliant plays and long shots which brought many tallies, but the damage the OC's had done in the first half proved to be too great to overcome for Lil Gus.

High point scoreman of the tilt was Tak, Abo, who accounted for 16 points. Guard Noon Kikuchi, who led the losers with 6 points, deserves credit for his outstanding performances.

The Bronco Ayes completed their regular schedule Sunday evening as they rolled over the Sires by a 38-20 count.

"Fat" Tsutsui of the Broncos was the high scorer of the tilt with 15 digits.

The Gila Indians smothered the hapless Cubs by a 33-14 score the same evening.

Min Sakaguchi of the Indians copped scoring honors by sinking 12 points.

CANAL COUNCIL ANNOUNCES NEW APPOINTMENTS

A new councilman and several new appointments were announced at the Canal Council meeting held Monday afternoon.

Kanichi Yamamoto was introduced as a new councilman from block 10 to succeed Takato Hamai, who has relocated. Tamijiro Morf was appointed chairman of the relocation commission to succeed Hamai. Kanichi Yamamoto was also appointed to serve on the relocation commission.

The chairman gave a report of the executive board meeting held in Butte on March 9. The following problems were discussed.

1-Shortage of nurses aides in Ward D.

2-Fearing board - test cases are being taken to San Francisco to determine a set procedure for all other subsequent hearings in the center.

3-Attempts are being made to get an eye specialist, Dr. Tolan, to come to Rivers as often as possible.

WOUNDED VET VISITING RIVERS

Tech. Sgt. Norihiko Sekino, who was wounded in France last Nov. 6, is visiting his parents, Mr. and Mrs. Teiichi Sekino of 45-9-D. Sergeant Sekino arrived here Tuesday and expects to stay until March 30, when he will return to the Torney General Hospital in Palm Springs, Calif.

Sekino, veteran of North Africa, Italy, and France, suffered shrapnel wounds on his leg which still keep him on crutches. He holds four battle stars, two in Italy and two in France, the Combat Infantryman's badge, Purple Heart, and other service ribbons.

Sergeant Sekino is formerly of Los Angeles, having graduated from Los Angeles High School in 1938. He entered active duty on Nov. 7, 1941, and received his basic training at Camp Shelby, Mississippi. He has one brother, Naohiko, in the Army, training in Georgia.

FILLERUP KILLED IN PACIFIC AREA

Mrs. Margaret Fillerup, Butte High School teacher, has received word of the death of her husband, Derby Fillerup, in the Pacific on Feb. 26.

Fillerup, a member of the Seabees, was a former WRA employee at Rivers, where he worked in mess operations until he joined the Army in 1943. He leaves his wife and daughter here at Rivers.

SIXTH ARMY

Cannon Company Backs Infantry

6TH ARMY GROUP, FRANCE-Giving the front-line doughboys of the 442nd Japanese American Infantry Regiment close, continous and mobile artillery support, a cannon company of that unit is directing fire against enemy positions in the Alps.

Throughout the Italian campaign, the company's artillery was bad news for the Krauts. In one day it knocked out six enemy 88 mm. and 74 mm. guns.

In France, the company gave constant support to Japanese American infantrymen spearheading the Seventh Army's drive toward Germany. Aiding in the rescue of the "Lost Battalion," nine of 13 men directly participating were wounded.

Members of this Company, include Gilans, Pfc. Ichiro Yoshihashi, S/Sgt. Takao Noguchi, Pfc. Hideo C. Mayeda.

Segregees Differ From Excludees

Many residents are confused about the exclusion and segregation lists. They are two different lists and rules applying to one do not necessarily apply to another.

New regulations relaxing travel of excludees in the Southern and Eastern coastal areas do not apply to segregees. Those on the segregation list are not able to relocate at all.

HONOR RESTORED

(Editorial taken from the Washington Post of March 10, 1945.)

We congratulate the Hood River (Oreg.) post of the American Legion on its courage in making honorable amends for an un-American action into which it had blundered. The post has voted to restore to its Honor Roll the names of 15 Americans of Japanese ancestry expunged some months ago in a gesture of intolerance and anger. The names are those of men serving in the armed forces of the United States from the Hood River area. One of the men had died of wounds received in action. Their names, like those of all Americans serving in their country's uniform, belong by right on any roster which pretends to comprise the heroes of their community.

Credit is due not only to the post itself but also to the Legion as a whole and in particular to its national commander, Edward N. Scheiberling, who called upon the Hood River Legionnaries to restore the names which had been removed from the roster. His request was met at first with a flat refusal. That the members of the Hood River post have now changed their minds is evidence, as Mr. Scheiberling put it, of their "sound sense of American fair play." And we agree with him that "it shows that the Hood River Legionnaires, individually and collectively, were honest enough to admit a mistake and big enough to correct the mistake."

That is Americanism in the best sense. We hope now that the result of this unfortunate error will be to enlist the Legion as a whole in the protection of the civil rights of Japanese-Americans on the West Coast and elsewhere.

SIXTH ARMY

FEATS OF 3RD BATTALION

6TH ARMY GROUP, FRANCE- Still contributing to the impressive record of the 442nd Infantry Regiment, the 3rd Battalion of the Japanese American unit is now engaged in difficult warfare in the French Alps.

SPARK DRIVE

Previously, these Japanese Americans sparked an Allied drive which had bogged down after the Seventh Army's sensational sweep through Southern and Eastern. France. The 3rd Battalion captured an important gate-way town in the Vosges Mountains.

Later in this sector, it took part in the breaking a fanatically-defended German position, a stretch of railroad fronting a wooded hill. A task force, composed of two rifle companies of the 2nd and 3rd Battalions, swung around to an enemy flank and crept through 2½ miles of enemy territory. At dawn, coordinating their surprise attack with a renewed frontal assault, they routed the Germans and broke a stalemate that threatened to hold up the entire American advance in that sector. Over 400 Germans were killed, 95 captured and large quantities of enemy material seized by the task force.

Among the many courageous actions of the 3rd Battalion is the dramatic rescue of the 36 Division's "Lost Battalion" which was first reached by elements of the 3rd.

AWARDS

Fifty awards, ranging from the Distinguished Service Cross to the Bronze Star, have been awarded to the members of the 3rd, most of them for action in Italy. Over 200 such awards are pending for action in France. Four divisions citations have also been awarded.

S/Sgt. Masaharu Okumura of Rivers is a member of the 3rd Battalion.

WASH. D.C.

NISEI EMPLOYEES WIN HIGH ESTEEM

How the Washington, D.C., Community War Fund solved its clerical problem by hiring 15 Japanese American--"among the best employees the fund has had"--through WRA is described in an article entitled "Need More Help?" in a recent issue of "Community," the national bulletin of Community Chests and Councils, Inc.

The article points out that "as the shortage of office help is by no means limited to Washington and to campaign time, other agencies may find this suggestion worth considering."

EFFICIENT

Other excerpts follow:

"'First to arrive in the morning, last to leave in the evening, the Nisei girls made every day a working day and immediately won the highest esteem of the whole organization for their efficiency,' according to Herbert L. Willett, Jr., executive director of the War Fund and director of Washington's Community Chest.

"Before hiring the girls a poll of the Washington fund's personnel was taken and it was found all workers welcomed them. 'They are excellent clerks and typists; they adapt themselves rapidly and they soon win their way into the hearts of the other girls with whom they work, says Mr. Willett.

NO ANTAGONISM

"Have the girls met antagonism in D.C.? 'None whatever,' and They're surprised, they'll tell you. They had expected a lot of it...

"Washington's Fund would like to continue employment of the Japanese American girls and has attempted to hire them on a permanent basis. However, for most of them employment with the fund has been temporary while Civil Service papers were being cleared for their employment by the government....."

New Plan Aids Family Reunion

A new plan for facilitating family reunions through the development of urban and rural opportunities for Issei and their children is described, together with numerous typical examples of such opportunities, in the February field bullatin for the Middle Atlantic area which is being sent to center relocation office.

The plan is expected to make possible numerous family reunions, for it combines urban opportunities for Nisei who want professional careers or other employment in large cities with rural opportunities, with housing provided, for their Issei parents and the younger children.

The work of all the district offices in the Middle Atlantic area--in New York and Rochester, N.Y., Newark, N.J., Philadelphia, Pa., Washington, D.C., and Baltimore, Md.--has been coordinated so that rural opportunities can be investigated by resettlers who have family members or close friends still in the center. A relocation officer will accompany an evacuee to any rural proposition which he wishes to investigate.

Included in the bulletin is an evaluation of farm opportunities in New Jersey by Takashi Moriuchi, who relocated about a year ago from Granada to a farm near Philadelphia, Pa.

Cooking classes in Butte next week will study French bread, hot-cross buns, and toll-house cookies on Tuesday night, and "Sky's the Limit with Ground Meat" on Friday night.

In Canal next Wednesday night the students will take up hot-cross buns and Easter Day desserts or calla lily desserts.

Students are now studying the American Red Cross Nutrition course, stated Dr. Grace Lawson. They have had two demonstrations in cutting of meats, both beef and pork.

"These students are more receptive and progressive than any other group I have taught in 20 years," stated Dr. Lawson.

The American Japanese cooking work book is progressing splendidly too, she said.

The night previously, paced by Dorothy Katako's record smashing 30 points, the Rockettes shellacked the inexperienced Blackjacks by a convincing 64-10 score.

OC'S HAVE CLEAN RECORD OF 11 WINS, NO DEFEATS

The jubilant Olympic Club, victorious over their nearest rival, the Bronco Ayes, twice, captured the title as undisputed champions of the Butte 1944-45 Basketball season.

Playing with a compact defense and a free scoring offense, the OC's experienced a successful season, winning 11 games while losing none. Coaching the the team was Tad Yamada, who took over upon the induction of "Winky" Odaka, former player--coach, into the army.

High scoring forward Tak Abo sparked the pennant holders' offense, while George Odaka, steady pivotman, and Kenshi Zenimura, high scoring guard, held down their opponents' scorings. 加州帰還者便り

嘗て當所家庭部主任として活躍を振ってゐた、脇田氏は先日家族同伴、加州フロリンの自宅に帰還し、目下せゝら地方の事務局に勤務し只管帰還者の為盡力中であるが、転住責任ヒューソー氏に宛てた書信を左に紹介する。

センター内に居住して居る人々は加州帰還に恐怖を感じて居る様である。斯く云ふ自分も幾分懸念しつゝ、加州に出立したのであるが、帰って見ると事実は豫期に反して、今日まで差別待遇をされた事もなく、唯の恐迫も受けないばかりか、寧ろ旧友や隣人から双手を挙げて歓迎された。

抑娘はエルグロブの高校に妹娘はグランマースクールに通学して居るが、未だ嘗て日本人なるが故に排斥を受けた事は無い様である。親として一番心配してゐた事は、子供達が学校で友達もなく、周囲から変な目で見られて肩身狭い思いをするであらうと言ふ事であったが、之等は全く杞憂に過ぎなかった。

近時短期出所で加州視察に来る人が頻に増加の趨勢にあり、センター開鎖に関し大部分の人が最早に転住問題を考へて居る事が分る。私は転住には今が絶好の機会であると確信する。センターに永く居れば居る程一般人は日本人の忠誠に対し疑問を大きくする丈けであるから、立退人は出来る限り早く住み馴れた土地に帰って、各自の将来を開拓する様勇気付けて貰いたい。

転住するには今から四月中旬迄が最適当である。之はフロリン地方のみならず恐らく全米に亘って農家の最も人を必要とする時機であるからである。

家宅難は深刻であるが仕事は豊富で、給料は現在九十仙で働いて居る、昨年の農繁期には時給一弗五十仙迄になったと聞かされて居るから、本年も多忙期に入るに従って給料も上ること、思ふ。

人手不足も甚だしく、當地方のプルニングは大部分比島人に依りてなされたが、アスパラ李節が始ると同時に彼等の殆ど全部は移動するから、若し日本人が帰って来れば、多くの仕事を得られるであらう、農園就働に関する限り差別待遇は殆どない。

若し機会があったらフロリン地方の対日本人空気は非常に良いと傳へられたい。只新移住者(主としてオクラホマ)は日本人の帰還に反感をもって居る。

参考にまで附記するが、日本人の留守宅が破壊されて居る事は話にならぬ、空家と云ふ空家は窓、戸壁等徹底的に打ち砕いて品物は盗まれて居る。或る家の如き実に哀れな姿に成り果て、居る、然し如何に廃墟に化するとも、永年住み慣れた吾が家である。今又吾々を迎へて安息所を與へて呉れる吾が家である。私は斯うして加州の吾が家より周囲の事情を傳へ得る事を幸福に思ふものである。

除外リストと隔離リストは「同一に非ず」

住民の中には除外リスト（EXCLUDEE LIST）と隔離リスト（SEGREGEE LIST）との区別を明かにせず全然同一のやうに思つてゐる人があるらしい。此の二つは全然別なものであつてその法則も必ずしも共通してゐる理ではない。

最近緩和された除外者旅行は、隔離リストの者には適応されない。

隔離リストにある者は断じて再転住を許されないのである。

NEW YORK STATE PASSES ANTI-DISCRIMINATION LAW

New York became the first State in the Union to set up a special, permanent State commission charged with the specific task of eliminating discrimination in employment because of race, creed, color, or national origin when Governor Thomas E. Dewey signed the Ives-Quinn Bill on March 12 in the State Capitol.

The nation's first anti-discrimination law, which becomes effective July 1, set up a commission of five members, each to be paid $10,000 yearly. The bill directs them to eliminate discrimination in employment by conciliation, persuasion, and mediation where possible, but it authorizes the commission to issue orders, subject to court review, when the other means fail. The commission will also promote better relations between minority and majority population groups.

The bill was passed recently by the State Senate by a vote of 49 to 6 and by the State Assembly by a vote of 109 to 32. In his statement on signing the bill, Dewey said.

"Our success in achieving the objectives of this measure, will, of course, depend greatly upon the wisdom, tolerance and understanding of the members of the commission. The law must be administered with tolerance and generosity of spirit on all sides. By its work the commission will meet from day to day the hidden irritants which if cumulated would foster discontent among many groups of our citizenry. It is far better that these evils receive open consideration and effective treatment than that they be suppressed to become the weapons of whispering malcontents.

FAIR EMPLOYMENT

"It must not be understood that the State is here attempting to impose itself as arbiter of social or personal likes or dislikes. By this act the State declares the simple principle that in employment there shall be no discrimination by reason of race, creed, color or national origin. It expresses the rule that must be fundamental in any free society--that no man shall be deprived of the chance to earn his bread by reason of the circumstances of his birth."

Veteran Visits From Hospital

Cpl. Noboru Sakai, seriously wounded in France on Oct. 30, 1944, is visiting his wife Miyoko at 66-11-A. He is on leave from the General Torney Hospital in California, to which he will return on March 30.

Corporal Sakai, who was with the 100th Battalion, was a member of the rescue party which reached the famous "lost battalion."

He says he didn't know at the time that he was so close to the trapped men and only later learned that on the day that he was hit, his buddies had reached the "lost battalion."

A native of Clarksburg, Calif., Sakai graduated high school there in 1937 and graduated from Cal Aggies in 1939.

He entered the Army in February, 1942, and went overseas in August of last year.

442ND MEDICS HIGHLY ESTEEMED

SIXTH ARMY GROUP, FRANCE--No group of men is held in higher esteem by the infantrymen of the 442nd Japanese American Combat Team than their own Medical Detachment.

The medics are accompanying the combat and reconnaissance patrols on hazardous missions through the Alpine wildernesses, always prepared to render service regardless of the situation.

They have always responded to the call of the wounded, though their response might mean death to themselves.

In France the medics have administered blood plasma right on the battlefield, dressed wounds and applied tourniquets while artillery bursts showered shrapnel and broken branches around them, evacuated the wounded in the face of enemy small arms and machine gun fire. Once, when advance troops of one of the Japanese American battalions were cut off from the rest of the regiment, a litter team attempted to evacuate the more seriously wounded through enemy territory. Most of the team are now listed as missing in action.

The percentage of medical detachment men who have been decorated for gallantry in action is higher than any other section of the 442nd, which is recognized for its fighting qualities.

Members of the medical detachment from Rivers include:

Pvt. Frederick Imai, 74-6-B; Pfc. Richard Y. Hiramatsu, Block 40; Pfc. Minoru Hirai, 25-6-C.

Vital Statistics

MARRIAGE

Mar. 17: Kiyoko Okamoto, 55-8-D, to Katsuyoshi Ohara, 72-8-B.

DEATH

Mar. 18: Goichi Teramura, 56-13-D.

L.A. Gila Girl Finds Work Pleasant

Miss Bessie Nagahori, honor graduate of Compton Junior College and a returnee from the Gila River Center, called at the Los Angeles Area office last Thursday. She has been in Los Angeles for six weeks and her experience was as follows:

After staying at the Evergreen Hostel she took a job as a domestic, but after a few days, decided it wasn't to her liking and that she might as well look for a "more perfect situation." She now has what she considers a pretty ideal situation in the beautiful home of Mr. and Mrs. Robert A. Goldman, Goldman being the head of a garment factory. Bessie receives $125 a month and board and room.

She has "gone everywhere" in Los Angeles during these six weeks and has had not a single unpleasant encounter of any sort. "The people," she said, "are too busy now to wonder who you are, and I'm sure those in the Centers don't realize how pleasant things are in Los Angeles. My principal advice to my friends in the Centers is for them not to wait, but come out here, for the only way you can get a job, I found, is by being here. Trying to write for jobs just won't work."

WRA COMPILES NISEI CASUALTIES

Reported casualties among Nisei soldiers whose next of kin have been in relocation centers have reached 114 killed, 381 wounded, and 15 missing, according to WRA statistics compiled up to March 10, 1945.

These figures do not include casualties occurring to non-evacuees or voluntary evacuees. War Department releases disclose 17 killed, 90 wounded, and 5 missing in action for whom there are no records indicating that they or their families were ever in a center.

Among the centers Minidoka has been hit most heavily with 23 dead, 61 wounded, and 2 missing. Granada follows with 14 dead, 53 wounded and 3 missing. Colorado River had 12 dead, 54 wounded and 2 missing.

Gila River comes fourth with 11 dead, 41 wounded, and 1 missing. In Rohwer 17 are reported dead, 37 wounded, and 3 missing. The lightest casualties reported is from Manzanar with 1 dead and 1 wounded.

WELCOME, EVACUEES

To the Editor:

In West Hartford, Connecticut, for almost a year now, we have enjoyed having as a member of our family a Japanese American girl, who is now attending college here and doing fine work of scholarship grade. We have grown very fond of her, but we will soon be wishing her Godspeed as she returns to California to the college of her choice before the evacuation. We are ever so glad for her and her family that this is possible.

HARTFORD FOR ONE

Some of you in the camps will not be able to go back to your homes, or have none to which to return. We are deeply concerned that you who have sought refuge in our democracy have found even the privilege of earning your livelihood, to say nothing of your other rights, cut off, and at a time when your sons are being called upon to fight for this sacred right of a free people.

Thus, we want you to know that there are places in this country, at least I can speak of Hartford as one, where you will be heartily welcomed, if you would have the courage to venture forth as far as New England. There are many homes here which would be open to you, temporarily, at least, until you could find your place in the community and establish your own. We are determined to help you start again. We want you to know that we believe you have much to give us, in helping us to understand what it means for all races of the world to live together in harmony and love for each other.

HAVE FAITH IN US

Before we had the privilege of knowing one of you, we must confess, we were afraid of unpleasant incidents. Now, we believe that you will find folk here will like you for yourselves when they know you are determined to become useful citizens, in spite of all that has happened in the past. So please have faith in us, and we will do our best to help you.

Sincerely yours,
Jean Hasting'a Lovejoy

SHELBY

171ST BAT. INACTIVATED

The 171st Infantry Battalion, Separate, of Camp Shelby, Miss., has been inactivated as of Feb. 20 and ceases to exist, according to word received last week.

The public relations office sent word to the Gila River project that "it is with regret that we ask you to discontinue sending your newspaper (News-Courier) to us."

"Very soon the personnel will be scattered to the winds as individuals, thus never again to be together as a group to enjoy reading your paper. This office wishes to convey (our) gratitude for your endeavor to keep the men here informed of happenings at 'home'"

Project Gets New Employees

Three new employees joined the Rivers WRA staff this week, announced Lyston S. Black, personnel officer.

Mrs. Jewell O. McFerrin transferred from the War Department Army Service Forces in Phoenix to work here as clerk typist. She entered duty here yesterday.

Effective Monday Mr. and Mrs. Raymond E. Ragsdale, formerly of Elaine, Arkansas, began teaching here at Rivers. Ragsdale, a World War II veteran, will teach in the high school, and Mrs. Ragsdale will teach in the elementary school.

GIRLS

DELTA PHI, COMET ROCKETTE WIN

The Butte Girls' Casaba League advanced another notch as the Rockettes, Comets, and the Delta Phi's annexed another win apiece over the Winzootees, Checkerettes, and the Blackjacks.

In an anybody's game, the Rockettes squeezed through in the last few minutes of playing time with a 34-27 win over the Winzootees last night.

Working from a losing score of 10-20, the Winzootees drew an ace from their sleeves to overtake the lead and threaten to win in the second half. Scoring laurels were taken by Dotty Kataka of the victors, and Betty Nakashima of the losers, both accounting for 14 points. Aiding the win was Midge Kajikawa with 11 markers.

The Chackerettes, keeping up with their opponents for 3 quarters, gave way in the final quarter to be sadly turned back 36-25 Monday night by the Comets.

High point players of the tilt were Dotty Mizukami of the victors and Sumi Takeno of the losers with 12 digits apiece.

Going all out, the Delta Phi's smothered the hapless Blackjacks 43-17 Sunday. Helen Hoshino of the losers, Helen Osada, and Grace Yamaguchi of the winners shared scoring honors by stirring the net for 11 points each.

BEARS, CARDINALS TAKE SEASON'S BASEBALL OPENERS

Batters Up!

This familiar call was issued in Canal as the 1945 horsehide season started with a brief ceremony during which time Mr. Brightwell, head of the fire department at Canal, and Ben Fukuzawa formed the battery with Mr. Goodman as the batter.

For the game of the day the visiting Block 55 nine from Butte were handed a 12-7 beating by the Canal High Bears before about 1500 fans.

Norio Aoki, Canal's leadoff batter, smashed a circuit clout in the first attempt at bat to receive an award of a dollar from Mr. Goodman. The Canal prepsters succeeded in pulling across 2 runs in the second, 4 in the fourth, and 5 in the fifth on the Butte's miscues and timely hits.

The losers' score came in the 6th and 9th innings with 4 and 3 runs respectively.

Batteries were Lefty Fujioka and Joe Mori for Canal and Shosan Shimasaki, Hiroshi Shinmoto, and Tets Onishi for 55.

Behind the seven hit pitching of George Egusa, the Canal Cardinals decisively trounced the old timers 11-5 in the second game of the season in Canal Sunday.

In the first inning the Old Timers scored two runs on Yamasaki's walk, Ajari's single, followed by P. Ryono's sizzling double to left to momentarily take the lead, 2-1. But from the second inning on the Cards dominated the game by scoring 3 in the second, 1 in the fifth, and 3 each in the sixth and ninth while holding their opponents to 3 runs.

"Osky" Kono of the Cards took batting honors with three for four, including a homer, a triple, and a single.

Paul Ryono and Tommy Yamamoto were chuckers while Kambo Minamide caught for the Old Timers, and Egusa and Furukawa formed the battery for the Cards.

TWO RETURNEES HAPPY IN L.A.

On March 10, two Manzanar residents visited the Los Angeles WRA office where they were interviewed.

Miss Kazuko Yamazaki, who has a house at 1053 South Kenmore Avenue, Los Angeles, reported that after four days here she felt that, "Most everyone wanted us to come back." A Nisei, she said she had spent two days shopping in large Los Angeles department stores and that all clerks had treated her with unfailing courtesy. "The clerks," she said, "didn't take a second look at me and neither did street car and bus patrons."

Miss Yamazaki also reported that she had seen and visited with three other returned families and that none of these "had had any trouble or embarrassment" with the exception of a minor verbal encounter with a neighbor whose son is in the South Pacific. Her house had apparently been pillaged by former tenants, but the present tenants were friendly.

Toyo Miyatake, who formerly had some reputation as a Los Angeles photographer, found his house at 2109 East Third Street, "in better condition than when I left."

Miyatake said that coming back to Los Angeles "was just like coming home, to me."

DECISION POSTPONED ON VALIDITY OF EXCLUSION

After listening to arguments by A.C.L.U. and government attorneys last week, Judge Poirson M. Hall of the Federal District Court at Los Angeles postponed for decision the question of the constitutionality of Individual Military Exclusion Orders against persons of Japanese descent.

In the course of the cases, Judge Hall stated that they were of great importance, explaining, "although the persons whose rights are involved in these cases are of the Japanese race, they involve the rights of every American." To this statement of Judge Hall, A.C.L.U. counsel, A.L. Wirin countered: "This is precisely why the A.C.L.U. is concerned about these cases. Long ago we have learned that unless the weakest member of our community--the poor, the defenseless, the victims of race prejudices--are fully protected, the rights of all are equally in danger."

Judge Hall, indicated, however, that he could not determine the wisdom of the military orders; that we are in a total war, and that we must rely upon the judgment of the military authorities in dealing with potential dangers from espionage and sabotage.

The foregoing took place on the occasion of the injunction suits filed by Elmer Yamamoto, Los Angeles attorney, Dr. George Ochikubo, Oakland dentist, and Kiyoshi Shigekawa, San Pedro fisherman, against Major General H. C. Pratt, Commanding General of the Western Defense Command, seeking an injunction against the enforcement of Individual Exclusion Orders issued by the Western Defense Command against them.

Takaki is on furlough from a Massachusetts army post.

All men in Headquarters Company have earned the Combat Infantryman's Badge, attesting to their front-line duty under enemy fire.

Pfc. Koji K. Yoshimoto of Rivers is a member of the Headquarters Company.

FINDING OF BODY SOLVES TWO-YEAR-OLD MYSTERY

Gila's two-year-old mystery came to an abrupt end under a lonely mesquite tree 10 miles southwest of camp Thursday when a roving cowboy from the Bom railroad station found the remains of Otomatsu Wada, 72, missing since May 1, 1943. Wada's clothes, shoes, and socks were identified Thursday night by his son, who resides in Butte camp.

An inquest will be held at Casa Grande on March 30 to determine the cause of the death. Police Chief John W. Nichol stated that his office will be represented at the inquest.

Wada disappeared May 1, 1943, after he had told friends he was going to join his son in Montana. Project Director L.H. Bennett ordered all out search for the missing man, and state officials had helped in the fruitless search. Residence had come to believe that his disappearance would be a mystery unsolved.

A cowboy from the Bom railroad went to round up some cattle this week and found the body 15 miles west of Casa Grande, and 10 miles southwest of Rivers. Police Chief Nichol was notified, and identification followed.

Resident Found Dead Yesterday

Kazuo Kishimoto, 43, resident of 9-2-C in Canal, was found dead in his apartment about 4 o'clock yesterday afternoon. Death was apparently caused by suicide, hanging.

Kishimoto, formerly of Parlier, Calif., is a native of Hiroshima prefecture, Japan. He leaves his wife and four children. The coroner will be in Rivers this afternoon to investigate the death.

Kishimoto had been ill since October of last year and probably committed suicide because of despondency, internal security officers who investigated stated.

RESETTLERS NEED BIRTH PAPERS

Nisei now leaving the Center are advised to take birth certificates with them when possible, according to Prudence Ross, acting relocation supervisor of the North Central area.

Miss Ross states that almost all placements made in that area are in war essential employment and a majority are being made with employers having Army and Navy contracts. Such employers cannot hire without seeing definite evidence of birth date and place, and ordinarily only a birth certificates meets their requirements for citizens.

The identification papers which persons are required to carry with them are usually sufficient for Issei.

SIXTH ARMY 'TANK KILLERS' HELP INFANTRY

SIXTH ARMY GROUP, FRANCE--As the "tank killers" that helped pave the way for many an Allied victory, an anti - tank company of the courageous 442nd Japanese - American Infantry Regiment is biding its time in the French Alps along the Franco-Italian border until it can take another swipe at the enemy.

In some parts of the Vosges Mountains near the German border -- where the snow and wooded terrain made tank warfare impossible--its men were pressed into serving as litter bearers, ammunition and supply carriers, and even as frontline infantrymen. A similar situation exists in the French Alps, where these self - styled "tank killers" are contributing greatly in hazardous mountain warfare.

AIR BORNE

After the successful drive northward in Italy, the company was attached to an airborne task force for the invasion of Southern France. One D-day it was towed over the coast of France in two teams of 18 and 26 gliders, and released. Despite an unexpected dispersal of gliders in the landings, the first guns were placed ready for action in less than an hour. For two days it held its positions until it was relieved by the seaborne divisions which pushed inland and made contact.

MANY GILANS

Every member of the anti - tank company wears the Combat Infantrymen's Badge for exemplary conduct under enemy fire and the Glider Badge for action as glider-borne troops.

Members of the anti - tank company include these from Rivers:

Pfc. Kune Hisatomi, 65-6-C; Pfc. Eddie T. Murakami, 3-3-C; Pvt. Suzuto Tsukiji, 51-8-D; Pfc. Thomas Nakata, 6-1-D, Pfc. Seiya Tanaka, 10-1-A, Pvt. George Sugai, 64-7-A; Pfc. Ken M. Tashiro, 56-4-D; Pfc. Satoshi Sakurai, 33-11-D; S/Sgt. Hidetaka P. Kato, 20-12-A.

UPHOLDING THE LAW

Basic rights of people of Japanese ancestry returning to California must be protected and such protection is a responsibility of all law enforcement agencies in California, State Attorney General Robert W. Kenny told an annual meeting of the state sheriffs, held in Sacramento on March 16.

Mr. Kenny denounced groups which are "stirring up trouble" with returnees.

"The protection of their basic rights...freedom from fear, freedom to earn their living, freedom to live as peaceful citizens...must also be maintained," said the Attorney General.

COOPERATION NEEDED

"This situation is peculiarly one in which many groups need to cooperate wholeheartedly to assure results. The sheriffs and police chiefs have a direct and immediate part to play; the Department of Justice has a responsibility from a statewide standpoint; the armed services for action of soldiers and sailors; the War Relocation Authority for furnishing information which will be helpful in carrying this program through to its ultimate conclusion; district attorneys to prosecute anyone who violates the law; and all of us, as adults, and as responsible members of our communities, to do whatever we can to see that the attitudes, too, of people are such as to allow the Japanese Americans to live in safety and peace in the areas in which they resettle."

Touching on the lifting of the exclusion order banning persons of Japanese ancestry from the West Coast, Mr. Kenny pointed to the decision of the U.S. Supreme Court that the rights of the Japanese Americans must be restored, that the rights to protection accorded to the wealthy and strong must be extended to those who are small and weak.

PROTECT THE RETURNEE

"Remember," he said, "---and remind people--that this applies only to those whose loyalty to the United States has been determined and who are hence being protected. And it is the duty of law enforcement officials to cast aside any personal prejudices they may have and fully to protect the returning Japanese Americans."

In concluding his address to the sheriffs, Mr. Kenny observed:

"Example has long been one of the more powerful influences in American life and in the setting of customs and habits not only of the nation but also of every community. Lawlessness, clanishness, segregation and mental cruelty are subversive influences which can color the present and future life of the whole community. If they are allowed to exist unhindered and are even tacitly approved, they can and will bring evil consequences of a kind which I daresay none of us would be willing to have part in."

FAMILY RETURNS TO SEATTLE FARM

Recent returnees to the Seattle area are Mr. and Mrs. Takashi Sakaguchi and their two daughters, Sharon and Suzanne, aged three and seven, respectively.

Suzanne has enrolled in the Bellevue grammar school and her parents report she is having a wonderful time with her new friends.

The Sakaguchis left Tule Lake Center in 1942, relocating in Idaho before returning this spring to their Bellevue strawberry farm.

NISEI INFANTRYMEN FIGHT IN ROUGH FRENCH ALPS

6TH ARMY GROUP, FRANCE-In some of the roughest fighting terrain in the European Theater of Operations, the 2nd Battalion of the 442nd Infantry Regiment--composed of Americans of Japanese ancestry--is engaged in front-line combat high in the French Alps, along the Franco-Italian border.

As part of Lt. Gen. Jacob L. Devers' 6th Army Group, the battalion is sending out patrols into the mountain wilderness, exploring enemy territory for signs of troop movements and weaknesses.

The Japanese American battalion previously experienced the difficulties of mountain fighting in Italy. In the so-called "Little Cassino" line defending the approaches to the seaport of Leghorn, it fought over mountain heights so impassable that even mules could not be used to transport supplies. Supply men tied themselves together with their own belts as they hauled water, food, and ammunition to their fellow troops.

Slugging its way through Southern France into the Vosges Mountains, it played a great part in the rescue of the now famous "Lost Battalion" of this war.

Over 1,000 Purple Hearts, some with Oak Leaf Clusters, have been awarded to Japanese American troops. Fourteen Distinguished Service Crosses have been awarded or are pending; 54 Silver Stars, 51 Bronze Stars, and 79 division citations for individual members. Fifteen enlisted men have won battlefield commissions, attesting to the leadership of these men in combat.

Members of the 2nd Battalion, 442nd Infantry Regiment, include one Gilan 1st Sgt. Matsuo Saraye.

Stenographers, Typists Needed

Clerk stenographers and clerk typists who are interested in employment in California are offered an opportunity in various relocation offices of WRA. The Western Field Office needs a number of workers who will be given CAF-3 ratings. (These pay about $2,000 a year.)

Please call at the relocation offices for further information.

'PREACHERS OF HATE' DENOUNCED

Persons who stir up prejudice against Japanese Americans were denounced as "preachers of hate" serving Hitler's purposes in a letter recently received by Lee T. Simmons, acting relocation supervisor of the Middle Atlantic area, from Adjutant Marshal G. Staub of the American Legion's Captain Belvidere Brooks Post No. 450 in New York City.

A few weeks ago, Adjutant Staub's post invited to membership the Nisei soldiers whose names were removed by the Hood River, Ore., post from its county honor roll.

In his letter Adjutant Staub also declared that Japanese Americans "are doing their part for the nation that our forefathers built" and that "Their ancestry is....not to be held against them."

L.A. NISEI

CAUGHT WITHOUT DRAFT CARD

Ben Nakaji of Manzanar was trying to take a nap in Los Angeles Union Station one day this week. It was 2:30 a.m. He was waiting for a train to Chicago scheduled to depart 13 hours later.

A Los Angeles police officer making a routine tour sized Ben up as draft material and asked to see his Selective Service Classification Card.

As near as the police department could piece the thing together later, Ben, who is 21, got a bit flustered, didn't have his Classification Card on his person as the law demands, and so he was packed off to the special "tank" maintained for draft evasion suspects.

When the WRA Los Angeles office heard about it, a speedy investigation was requested and Ben was cleared in time to catch the afternoon train.

The incident was the first to involve a Nisei in a Draft Card difficulties in this city. It brought prompt requests from both Police Department and Intelligence Agencies for publication in Center newspapers of the following reminders:

1--Draft Classification Cards must be carried ON THE PERSON. (Ben had his some place in his luggage).

2--A Classification Card more then six months old is worthless under law.

ARMY ACCEPTS JAPANESE ALIEN

Kazuo Uno, 23 of Longview, Wash., became the first alien Japanese volunteer to be accepted in the United States Army. Aliens are taken only as volunteers and must be acceptable to the Army.

Uno, who has made previous attempts to join the armed forces, came to this country when he was two years old.

The Arizona Republic Monday states that there are 17,600 Nisei now in the service.

TRUE DEMOCRACY

Following is a letter to the editor of the Pacific Citizen, Japanese American Citizens League weekly, published in the March 10, 1945, issued and headed "True Democracy.":

"I should like to remind the California Japanese that the thousands of friends who came to wave "good-bye" in 1942 when they saw them off on the train are still their friends. Real Friendship is not such a weak thing that rantings by fascists in certain newspapers can break up.

"Your neighbors in Lemon Grove, Spring Valley and other warm California valleys know that you always had a grand record as law-abiding citizens and that your sons are off fighting America's battles.

"I used to teach your children in school and I hate to thing that many of you are planning on leaving this really beautiful state. No matter where you go there may be a few who understand nothing of democracy, raving around, but for every unjust person you will find a hundred good people ready to help and pull for you to reestablish yourselves.

"I can see where some of you have grown bitter--but nothing is to be gained by such an attitude. Just remember that war is cruel and hard. Come back and join your hands and hearts and we will eliminate war, greed and racial hates. All is not lost--true democracy has to win out as it is right.

"I live at Lemon Grove, Rt. 1 Box 400 B. If I can be of any help in any way call on me. I, like other thousands, am ready to help good people get back to the good clean soil of California.

Sincerely,
Willis Richardson"

Housing Open In Palo Alto

A number of opportunities for housing for couples are now open in private homes. Under this arrangement one member of the family does domestic work and the other is free to work where he pleases.

Examples of these are:

Palo Alto - Apartment over garage, women to be employed in household, man could work elsewhere.

New Lost And Found Office

All lost or found articles should be reported to the new lost and found dept., 69-6 Butte Community Council office.

Harry Nishimura, chairman of the Council, stated that by thus centralizing that department, residents will have a definite office to contact for lost articles. Articles may also be turned in to the offices of the block managers, who in turn will report articles to the Council office at 6-6.

WHY RISK FOOLISHLY

Just to remind ourselves that it's easy to get hurt but difficult to heal, we print this precaution.

Young people often hang on the backs of the inter-camp busses to ride from block to block and from camp to camp. For youngsters, it may be rather adventurous, and parents may say, "Oh let those kids have their fun." But this wouldn't be their attitude if they could see their child sprawled on the road at some future date, skull cracked open or arms and legs shattered. It is too easy to say, "It won't happen to me, or it won't happen to my child."

The mess operations worker who fell from a truck last year and died from head injuries had no more thought he would be the next victim than any of us now do.

We urge all bus riders to get inside the bus or stay off completely. We urge parents to watch out for their children's safety.

MESS HALL CONSOLIDATION

The consolidation of mess halls is not entirely unfamiliar in Gila River. Most residents will probably remember that mess hall 45 was at one time closed until the block was re-populated by transferees from Jerome.

Consolidation is being carried on in all centers according to present Washington regulations which require all blocks with food appropriations for less than 125 persons to consolidate with other mess halls.

Through this process mess halls will gradually be cleaned up and inventories taken. WRA officials state that this is not being done to put pressure on relocation, but that it is merely a method to facilitate administration.

NISEI ARTIST MINE OKUBO HONORED IN NEW YORK

More than 100 persons attended a tea in honor of Miss Mine Okubo, Nisei artist, at the opening of an exhibit of her documentary paintings and drawings of relocation center life at the American Common in New York City on March 6 under the auspices of the Common Council for American Unity.

Miss Okubo was introduced to the audience by Miss M. Margaret Anderson, editor of "Common Ground," the Council's periodical, and answered questions regarding her experiences as an artist and an evacuee.

Miss Okubo, whose art work won several prizes on the West Coast before the war, came to New York City from the Central Utah Relocation Center early in 1944 to serve as contributing artist to Fortune Magazine's special issue on Japan. Since then she has contributed as a free-lance artist to the "New York Times," "Saturday Review of Literature," "Survey Graphic," and "Lamp," house organ of the Standard Oil Company. She recently completed a manuscript for a book about the evacuation of persons of Japanese ancestry from the West Coast, with sketches and brief explanatory text.

She is a native of Riverside, Calif., and received the degrees of bachelor of arts and master of arts from the University of California. In 1938 the University awarded her its highest art honor-the Bertha Heniche Taussig Memorial Traveling Fellowship-on which she studied for two years in Europe. She returned to the United States when the war started and began work almost immediately at the Golden Gate Fair, demonstrating fresco painting. Later, she worked on a WPA project, painting defense posters and murals for the Army and Navy. At the time of evacuation, she was working on a mosaic for a service men's "hospitality house" in Oakland, Calif.

Prizes and awards won by Miss Okubo include the Anne Bremer prize at the 1941 San Francisco Museum of Art annual oil exhibition, the anonymous donor award at the same show in 1940, and first prize in the 1940 University of California Art Exhibition.

○七十三、七十四の両区は病院関係区で最初から居住に制限を加へた為他区に比較し住民が小数である今更是等食堂閉鎖の理由如何との和田氏の質問に対し西村参事員会長は食堂閉鎖の理由は食堂の設備器具等の整理棚卸にして何れの食堂も早晩閉鎖される筈であり経費の問題ではない之はWRA本局の命令であると説明。

今後所内の拾得紛失物は内部警察部でなく山の市参事員会事務所（六十九、六）で取扱ふ様になった。
