TWO GILA MEN RECEIVE BRONZE STARS IN FRANCE

General Jacob L. Devers, commanding general of the 6th Army group, has announced Army awards to Nisei, two of whom are for former Gilans.

First oak leaf cluster to the Bronze Star medal went to S/Sgt. Masaharu Okumura, Rivers, Ariz., "for heroic achievement on Nov. 14, 1944, in France, When two riflemen were severely wounded 25 yards from an enemy strong-point, Sgt. Okumura disregarded enemy machine gun fire to go to their aid. He then brought the men to cover, rendered first aid and again exposed himself to the enemy fire to crawl back to his post. Later, when his patrol leader was seriously wounded in the head, Sgt. Okumura sent his men to a safer position, attended to the injured man's wounds, and remained with him until he could be safely evacuated."

The Bronze star medal was presented to S/Sgt. William E. Arii, Rivers, Ariz., "for heroic achievement on Dec. 29, 1944, in the vicinity of Grimaldi, Italy as a member of a three-man patrol on a mission of obtaining information regarding the enemy's disposition, Sgt. Arii displayed outstanding fortitude and disregard for personal safety while under enemy fire. His soldierly skill, resourcefulness, and ability to coordinate his efforts with the other members of the patrol enabled the group to out-maneuver a superior enemy force and to return with valuable information regarding the enemy's positions."

CIO RESOLUTION

The following resolution was adopted by the Oregon State C.I.O. Council in an executive board meeting at Portland, Oregon, April 7, 1945.

"The Oregon State C.I.O. Council in executive session in Portland, April 7, 1945, recognizes the recent order of the War Department and the War Relocation Authority permitting the return of loyal American of Japanese ancestry to the Pacific Coast as a commendable and correct step; one in line with the principles for which this war is being fought.

"In view of the established fact that thousands of our Japanese Americans are now serving their country with honor and distinction on the battlefront, we believe that such action as taken by the American Legion, Hood River, Oregon, in erasing the names of Japanese from the honor roll of World War II veterans, should be condemned as regrettable and unjustifiable.

"This attempt to foster race hysteria must be recognized by all Americans as a threat to the unity of our people and further indicates a lack of confidence in the judgment of our War Department.

"The experience of our country since Pearl Harbor has been that those Americans of Japanese ancestry have proven themselves responsible and loyal Americans, participating in all phases of the war. As such they are entitled to as much protection under our constitution as any Americans regardless of race, creed or color.

"The Oregon State C.I.O. Council wholeheartedly supports the action of the War Department and condemns those who are attempting to split the American people by arousing racial prejudices for their own partisan ends.

"The Oregon State C.I.O. Council further calls upon all public officials of State, County and Municipal governments and all people of this State to do everything within their power to cooperate with the War Department in order to assist in the readjustment of these loyal Japanese Americans in our community life."

Fraternally submitted,

ARSON

MORE JUSTICE NEEDED

The acquittal of the three Auburn suspects, charged with attempted dynamiting and burning of the Sumio Doi home, will go down in the records as another California type justice handed down. Doi had his counsel, the case was heard in court, the Bataan March was brought in, the supremacy of the white race was pointed out, the jury of 12 conferred and turned in a verdict of "not guilty" for the arson suspects. The defendants did not even deny setting fire to the house. Doi had had a fair California trial.

Needless to say the decision was a discouraging one not only to the Japanese and Japanese Americans who have been shot at, terrorized, and had their homes set afire. It also was discouraging to others of Japanese descent and to all Americans who believe in democracy, fair treatment of loyal citizens, and just punishment of criminals. Most of the culprits have never even been caught; they still roam free. The suspects in the Doi case were three of the few apprehended by law enforcement officers in California; they too are free.

California has not been able to protect its Japanese Americans citizens. Some persons are still going around shooting and burning, and law enforcement officials are still promising protection, but are unable to find the criminals.

Perhaps the move made by the Kishi brothers, American soldiers at Fort Snelling, who reportedly wrote directly to Secretary Harold Ickes for protection of their Merced home and their parents and sisters there, will bring better results. We look to the Kishi case with hope for a better justice and with faith in a democratic United States if not in a democratic Calif.

SONS OF THREATENED FAMILY APPEAL TO SECRETARY ICKES

Two American soldiers of Japanese ancestry, whose family living near Livingston, Calif., was fired upon by unknown terrorists on April 22, have appealed to Secretary of the Interior Harold Ickes to protect their parents and sisters from terrorists shooting raids, the San Francisco Chronicle reports.

The appeal followed the firing of four rifle bullets into the home of Mrs. Chiyeko Kishi and her disabled, invalid husband living near Livingston, Merced County.

The wire to the secretary, relased by the WRA, was signed by T5 Sherman Kishi and Pfc. Fred Kishi, both stationed at Fort Snelling, Minn. It told the secretary that their parents had been terrorized by "vandals" and requested "necessary steps be taken to protect their lives and properties."

Another Nisei home was fired upon less than a half hour after the first attack on the Kishi home. It was the home of Bob Morimoto, an honorably discharged soldier, according to WRA reports.

Art Hoffmann, deputy sheriff in charge of the investigation said two bullets had been found which indicated they had been fired from a .38 caliber pistol and a .30 caliber rifle.

BUTTE

BUSSEI HEAR WAR VETERAN

Purple Heart holder Pfc. Harry Okada, former machine gunner in the 442nd Combat Team gave an interesting and humorous angle of the European War to a group of Bussei after the close of last Sunday's service. Pfc. Okada is a veteran from Maui, T.H., and has seen service in Italy and France. Having been wounded in one of the campaigns, he was sent back for treatment and is presently visiting the Rev. Yeisho Miura of block 39.

According to Pfc. Okada, there are no fox-hole atheists, and he told of several miraculous incidents which seem to bear out his convictions. He told of the time when a buddy of his captured two Germans with a tommy-gun, and found out later that the firing pin was missing from the gun. He told of another time when his Company was pinned down under terrific shelling. It was so terrific that the concussions from the blasts fairly lifted the boys off the ground. It happened during one particular tremendous barrage. A large shell passed right under the stomach of the ground-hugging pal of his without even touching him.

Deviating from the usual grim tales of the battle, Pfc. Okada concentrated on the humorous side of the war, and his informal chat was enjoyed immensely by the small but interested audience.

TAIYOS DEFEAT BRONCOS, 9-6

In a typical rookie vs. veteran affair last Saturday at field 16, the Taiyo Old Timers managed to capture a game from the challenging Bronco nine from Butte by a 9-6 score.

Getting a walk and 2 hits, off of right-hander Paul Ryono, the Broncos immediately shoved over a single digit in the first inning, but his was for a brief period as tight-hander Kaz Okumoto was touched for 2 runs on three successive errors by his team mates.

The Broncos tallied in the third inning getting 2 runs on 3 hits but were again overcome when Taiyos scored 3 times on 2 hits and an error.

Although the Broncos added a digit in the fourth, and 2 in the sixth, the Taiyos lengthened the lead with 3 runs in the fifth and 1 run in the sixth to take the game.

Kan Yamasaki, Shiro Ajari, and Kambo Minamide, slapped out 2 hits apiece for the winners as Morito Matsumiya slammed out 3 hits for the losers.

4-A's Victor Over Block 54

Socking right-hander Hiromi Hasegawa for 19 hits, the 4-A Club of Block 55 defeated the Block 54 baseball nine last Saturday by a 14-8 score.

The winners went down to business in the first and second innings scoring 3 and 4 runs, taking a sizeable lead, but were momentarily threatened when the 54 team tapped George Kuwahara for 4 runs.

Again the 4-A's clustered their scoring by tooing home plate twice in the fifth and three times in the sixth throwing in two more runs in the eighth inning for good measure.

The losers scored 2, 1 and 1 runs in the seventh, eighth, and ninth inning respectively, but lacked the winners punch to cluster their scoring.

Hitting honors went to Oki who collected 4 bingles with Tamura, Shimasaki, Tosh Hotta, and Onishi getting 3 hits.

CARDINALS CRUSH NEWS COURIER

Banging out 3 home runs, and scoring 4 runs in the first inning, the Canal Cardinals proceeded to score 17 runs thereafter to mop the News-Courier nine by the score of 21 to 8 at diamond 16 last Sunday afternoon.

With right-hander Ted Morishita toeing the rubber for the Courier, the home team led by Santo, Furuya, and Egusa each knocked a home run in the last half of the first inning. This proved to be a run kindler as the team scored 3, 1, 3, 3, 3, 4, in the remaining innings being runless in the 5th inning only.

Although the Courier, committed 5 errors to permit numerous runs, the Cardinals succeeded in banging out 20 hits to the hapless Courier's 13.

The visitors came to life in the 7th inning smacking relief pitcher Ben Mitsuyoshi for 7 runs with 4 hits along with errors and walks, and appeared threatening, but the Cards tremendous lead was unapproachable as Mitsuyoshi tightened rest of the way. Kurima who started for the winners was touched for 1 run earlier in the game, but was relieved in the third inning due to a wrist injury.

Hitting laurels for the winners went to Furuya, Egusa, Santo and Mitsuyoshi who hit homers, with Osky Kono getting 3 hits.

For the loser Ted Morishita collected 3 hits including a triple.

CAMOUFLAGE FUND CONVERTED FOR COMMUNITY USE

The Butte Community Council, in a special meeting Wednesday morning, thrashed out the problem of the camouflage trust fund and finally voted to create the community fund as previously planned. Thus $2,420.57, the amount released by individuals who signed the authorization and release, will transfer from the camouflage net fund to the Butte community fund.

The Butte Council unanimously approved announcing publicly its appreciation to those donors who signed the authorization and release waiving their rights in order that the present community fund could be created.

The special meeting was called Wednesday morning because some blocks had expressed disapproval of the creation of the Butte community fund. It was stated that some persons signing the affidavit of authorization and release had misinterpreted the contents of the form and wished to reconsider.

After two hours of argumentation the following three propositions were voted on:

1-Create the community fund as previously planned.

2-Refund to the camouflage trust fund, the portion in argument.

3-Return the full amount received to the camouflage fund trustees.

The result was in favor of proposition 1, to create the community fund.

NISEI TROOPS SPEARHEAD DRIVE INTO NORTH ITALY

(War Department release)

Washington, May 2- Members of 442nd Infantry Regiment, composed of American doughboys of Japanese descent, are in the vanguard of the Fifth Army's great offensive which has smashed the German Army in Northern Italy, the War Department reported today. Soldiers of this crack outfit came for the most part from Government Relocation Camps in this country and from Hawaii.

CAPTURE GENOA

Making sensational gains of 76 miles in five days, the 442nd took part in the capture of Genoa, Italy's largest seaport, on April 27, and then forged ahead to enter Turin, last great city in the Po River Valley, on April 30. The 442nd entered Genoa along with the 473rd Infantry Regiment, which then swung around in a southwesterly direction. Both Regiments are attached to the 92nd Infantry Division made up of Negro troops.

FAMOUS BATTALION

Activated on February 1, 1943, in response to request of many loyal American-born Japanese to serve in the Armed Forces, the 442nd set a high standard of training at Camp Shelby, Mississippi. The Japanese American arrived in Italy late May, 1944. The famous Japanese American 100th Infantry Battalion, already fighting in Italy and composed of former activated Hawaiian National Guardsmen, became the First Battalion of the New Regiment. The 100th Battalion was one of the first ground units to receive the Presidential Unit Citation for fighting in Italy.

RED CROSS PROGRAM

Officially acquainting its local chapters with WRA's post - exclusion trend, the American Red Cross Home Service Division has sent instructions to every chapter--one in each county in the United States--highlighting the relocation program and pointing out how local Red Cross Chapters can assist evacuee resettlers with family members in the service.

Home Service Division workers of the ARC have been advised to provide any needed service within their program to evacuees who are veterans, members of ex-servicemen's families, or members of families of active service men.

NISEI SOLDIERS' FAMILIES

At the same time WRA has suggested to District Relocation Officers that they contact Home Service Directors of chapters in their district to check on special services available through ARC to families of evacuee soldiers.

ARC emphasized to its Home Service Directors the immediate importance to newly relocated dependents of soldiers of its service providing reclassification of dependency allotments when servicemen's families move from centers. While dependents receive their chief support at projects they are usually eligible only for the $37 maximum Class "B" allotment. After Resettlement and with a soldier son their chief support, the family may be eligible for the considerably higher Class "B-1" allotment.

ADDITIONAL ASSISTANCE

In addition to assisting in the application for family allowances, claims for pensions and other benefits, the Red Cross Home Service Program provides additional services and assistance to soldiers, veterans and their families. Chief among these are: (1) Assistance with communications between servicemen and their families when normal means are unsuccessful or unavailable; (2) supplying information on legislation and regulations affecting their group; (3) providing military and naval authorities and the Veterans Administration with information necessary in questions involving diagnosis, medical and psychiatric treatment, discharge, furlough or clemency, and for veterans ratings; (4) guidance and counselling in personal and family problems, or referral to appropriate agencies; and (5) financial assistance to servicemen, disabled ex-servicemen and their dependents and dependents of deceased servicemen, on the basis of need and not of citizenship, settlement or legal residence, but subject to certain limitations.

IWO JIMA HERO BACK IN ARIZONA

Pfc. Ira H. Hayes, one of the U.S. Marines shown raising the flag on Mount Suribachi in the now famous photograph by Joe Rosenthal, was honored at a program Tuesday at Bapchule, Ariz., three miles from the Butte Camp.

One of three survivors among the 6 who raised the flag, 22-year-old Hayes, a Pima Indian, is back in Arizona to see his parents before he must fly back to Washington to join in a war bond tour in connection with the Seventh War Loan.

Returnees Rest At St. Louis

Sixty - two Japanese Americans, on route in a special railroad coach from the Rohwer Relocation Center to Sacramento and Fresno, Cal., were guests at a luncheon at the Third Baptist Church, 620 N. Grand Bl., and taken on a sightseeing tour during a layover in St. Louis.

CORONET MAGAZINE COVERS 100TH BATTALION

The Purple Heart Battalion and why it fights so gloriously is explained in the leading article in the May issue of Coronet magazine.

Writer Sidney Carroll, who has seen wounded soldiers of the 100th Battalion come home to Honolulu and has interviewed such heroes as Tank Destroyer Masao Awakuni, traces the history of the Purple Heart Battalion which has "proved its loyalty with blood."

Carroll concludes his five - page article with this statement:

"While the prejudices of a 'white' and pious citizenry flourish in the United States, the men of the Nisei fight and die to gain a little respect from those same citizen patriots. The Nisei wants us to trust him--not with the trust of the patron or overseer, but with an abiding trust, as between brothers. That is why the gentelmen of the Puka Puka fight so gloriously."

CLEVELAND OPENS SERVICE OFFICE

The Resettlement Committee of Cleveland has just opened an office in the Community Services Building, 1001 Huron Road, Cleveland, and hired an executive secretary to help coordinate resettlement services for evacuees.

When WRA no longer exists, this office will fully assume any necessary coordinating community services.

The Resettlement Committee is voluntary in nature and represents a cross-section of prominent Clevelanders and some evacuees who are interested in the WRA program in Cleveland. Funds to defray overhead expenses were collected by the Committee, under the chairmanship of George Trundle, Jr., from Issei and Nisei groups, Committee members themselves, and from Clevelanders at large.

NISEI VETERANS VISIT CENTER

Two Nisei soldiers, on convalescent furlough, both formerly of Hawaii, visited friends in Rivers this week.

One is T/Sgt. Thomas K. Tsubota, who has been fighting with Merrill's Marauders in Burma for more than a year. His unit including 14 Nisei interpreters received a citation for outstanding work. Sergeant Tsubota is on furlough from the Torney General Hospital in California.

The other is Pfc. Kazuo Masuda, on furlough from the Bushnell General Hospital in Utah, who was wounded in France in November of last year. He fought with the 442nd.

RESERVE HOSTEL SPACES EARLY

"Family groups relocating to the Cleveland area should make hostel reservations at least one month ahead of time," stated Max Franzen, Cleveland Baptist Hostel director.

The reason for this is the recent increased use of the hostel by families and the anticipated increase in demand for its facilities during the next few months.

In a six-month report, covering the period from October 1, 1944, to April 1, 1945, Franzen revealed these figures for the Cleveland Hostel:

28 families comprising 78 persons have lived in the hostel during this period; the size of families ranged from two to seven members; the average length of stay was ten days--the spread being, one family stayed one day and another family stayed two months before housing was finally obtained.

CHAPLAIN

CAPT. AKI HOPES FOR EARLY PEACE

Hope for a speedy victory over Japan was expressed by Capt. George Aki, 30, only Japanese American chaplain of the United States Army, born in the United States, who has adopted St. Louis as his home and is spending a leave with his wife, Mrs. Misaki Aki, and 8-month-old daughter, Joanne, 135 North Bompart Ave., Webster Groves.

Captain Aki is one of approximately 400 Japanese Americans, 95 per cent of them Christians, in St. Louis and St. Louis County. Ordained a minister of the Congregational Christian Church June 11, 1942, he was formerly assistant pastor of Oakland Independent Congregational Church, Oakland, Cal. Captain and Mrs. Aki came to St. Louis from the Jerome Relocation Center, in March, 1944.

Miss Mary E. Brooks of the War Relocation Authority said Captain Aki is one of only three Nisei chaplains in the United States armed forces. However, the other two are natives of Hawaii. They are overseas, and Capt. Aki is awaiting an order to go across.

BUTTE BLANKS MESA HIGH 19-0

Capitalizing on numerous errors and stolen bases, the Butte High varsity coasted to an easy 19-0 victory over the Jackrabbits of Mesa High School Tuesday afternoon on Mesa's ball park.

The winners started off with a five run rally in the first inning and continued to tally in every inning. The Butte nine appeared to be more like Jackrabbits as they ran wild stealing a total of 29 bases. Although the losers attempted to steal bases, the Butte battery composed of catcher Masani Fukai and Chucker Tets Furukawa was too secure, holding the Jackrabbits to no stolen bases.

Allowing only 6 scattered hits on his mound debut for Butte High, southpaw Tets Furukawa took his sixth straight victory.

Tets Hasegawa and Muscles Ushiro of the visitors were the potent batters of the tilt each garnering 2 hits.

For the visitors the probable chucker will be Eddie Iwao who has already chalked up a victory against the Cardinals in a previous practice game by the score of 6-5.

It should prove an interesting game to observe as both teams possess a well balanced all around team.

Catching for these two able right-handers will be George Egusa for the Cardinals and the 65'ers will display a brother battery with Mich Iwao calling the signals.

In the other game which will be featured at 28 field the Old Timers will cross bats with the Block 28 nine starting at 2:00 p.m. The probable battery for the visitors will be right-hander Paul Ryono and Kambo Minamide.

For the home team right-handers Tak Abo or George Matsuda will toe the rubber with Maseni Fukai behind the plate.

BUTTE TO HONOR ISHIDA

The memorial services for the late Pvt. Minoru "Onions" Ishida, who was killed in action in Italy on April 23, will be held this week, one by the Butte YBA tomorrow night at temple 63, and the other by the Butte community Friday morning from 9 o'clock at the high school auditorium.

Tomorrow night the Rev. Daito Suzuki will deliver the memorial sermon at the YBA service at temple 63 from 7:30 p.m. A message of condolence will be given by Masaji Goto and Jitsuko Hamamoto will read the scripture. William Nakatani will be chairman. Private Ishida, remembered by young Buddhists here as "Onions", was an active member of the Butte YBA, before joining the Army with the first group of Gila inductees on May 18, 1944. He trained at Camp Blanding before going to Europe.

The public memorial service will begin from 9 a.m. this Friday, May 11, at the Butte auditorium. Council chairman Harry Nishimura will be the chairman for the service. Condolence messages will be delivered by representatives from the various Butte organizations.

CLOTHING DRIVE THIS SATURDAY

This Saturday morning the girl scouts of Butte will conduct another drive for old clothing and shoes to send to refugees of war torn countries. All Butte residents who have wearable old clothing or shoes to spare are asked to leave them on doorsteps or at the block managers' offices by 8 o'clock this Saturday morning, May 12.

Approximately 150 pounds of clothing were collected in the first drive two weeks ago. The girl scouts are joining in the nation-wide drive for clothing for the war torn nations.

VICTORY IN EUROPE DAY ANNOUNCED YESTERDAY

Victory - In-Europe Day was announced officially yesterday, May 8, by United States, Great Britain and Russia.

Germany surrendered unconditionally to the Western Allies and Russia at 2:41 a.m. (French time), May 7, in the red Reims schoolhouse headquarters of Gen. Dwight D. Eisenhower, according to the Associated Press. It was signed for Germany by Col. Gen. Gustaf Jodl, new chief of staff of the Wehrmacht.

It was signed for the supreme Allied command-the United States and Britain-by Lt. Gen. Walter Bedell Smith, Eisenhower's chief of staff; for Russia by Gen. Ivan Susloparov, member of a military mission on the Western Front, and for France by Gen. Francois Sevez.

The crowning triumph came just five years, eight months and six days after Hitler invaded weak but proud Poland and struck the spark which set the world afire.

ARIZONA BOARD VISITS SCHOOLS

Dr. Grady Gammage and Mrs. Florence S. Ryan, members of the state advisory board on education, praised the work done at Rivers schools and especially the attitude developed among students at their inspection visit yesterday, the last inspection of schools here. They will make a report to other members of the state board concerning the acceptance of Rivers students in Arizona schools and the use of the Arizona office after the schools close here for forwarding transcripts when requested.

KIBEI

Courage Needed Says N.Y. Artist

"A Kibei should not hesitate to face life among Caucasian Americans -all he needs is courage," Masaji Murai, of Granada and San Francisco, recently said at the ceramic studio of John Junge at 40 East 19 Street, N.Y. Working there under the pseudonym of '" Buffy," which is becoming well-known in New York's art circles, Murai paints upon porcelain ware which is marketed through such exclusive shops as Abercrombie and Fitch and George Jensen's. He came to New York last August and lives with his wife in Brooklyn.

FUTURE DIFFICULT

"Our immediate future may bee difficult, but if we regard ourselves as the sons aand daughters of immigrants with the responsibility of creating good public relations for ourselves, we shall not only get along better but shall be building for the next generation." Murai said.

Speaking eagerly of the opportunity for artists in New York as "the city of tolerance," he offered as an example the fact that, in addition to his work for Junge, he had been hired on a free lance basis to paint birds from models at the Museum of Natural History in order to illustrate a scientific work by an ornithologist. There is such a great demand for specialist in New York, he said, that an Issei who could paint forget-me-nots, and only forget-me-nots, could find employment "in his field." The facilities for acquiring training, he added, are endless, and an artist could go on improving his skill indefinitely at the day and evening courses offered by the numerous art schools.

AD BRINGS PROTEST

The glaring anti-Japanese advertisement which appeared in the April 23 issue of the Monterey Peninsula Herald brought a storm of protest from readers in Northern California, ranging from thoughtful and moderate protests to "some that are not nearly so gentle" as the editor put it. The editor even felt the need to explain that the advertisement in question was accepted and published in the ordinary course of business and that the Herald does not reflect the views printed in the advertisement.

LETTERS FLOOD OFFICE

The advertisement, sponsored by the Monterey Bay Council on Japanese Relations, Inc., was headlined, "Organization to Discourage Return of Japanese to the Pacific Coast." It solicited membership in this organization, one of whose purposes is to discourage the return of Japanese, to California.

Printed here is one of the many letters of protest that flooded the Herald office.

"Editor, the Herald:

"Destroy Togo and Tojo with my blessing, but I protest with every ounce of decency in me, and advertisement you ran for the 'Monterey Bay Council on Japanese Relations, Inc.' How could you accept such a dastardly approach to race riots--and on the eve of the S.F. Peace Conference! The rooting out of disloyal Japanese is the work of our very efficient F.B.I., not that of a vigilante group.

'PHOOEY!' SAYS ONE

"Who are the members of this 'council'? Why don't they come out in the open? They hide their real intent under a sop to the innocent by excepting 'those (Japanese) in the uniform of the Armed Services, etc.' Phooey! Are we to exclude all Germans and Italians too?

"I think the 'Prayer of Peace' by St. Francis printed alongside the 'council' excrement, should bring many a cynical laugh.

Yours,
Edward Weston"

WHOSE COUNTRY?

(Printed here is one of several similar letters which appeared in the S.F. Chronicle. This one signed Eugene Bussey appeared on May 1, 1945.)

"Editor-In the case of the three white men tried for dynamiting the Japanese American home, Defense Attorney Floyd Bowers said that this is a "white man's country and white supremacy should be affirmed." Did he ever stop to think that we are all in this great country of ours fighting for the same thing. Not only the white is fighting, but the black man, the red man, the brown man and the yellow man. We are all fighting for the same thing. If this is only a white man's country, it makes the black, red, brown, and yellow people wonder in their hearts why should we go and fight for it? Why can't the white man fight for his country?"

ADDRESSES OF TWO MEN SOUGHT

Addresses of Eiichi Komatsu and Roy Tateishi are being sought in connection with the camouflage net refund. Anyone knowing the addresses of the two men is asked to contact Shobei Sasaki at the Canal ad building.

DWIGHT WELCH VISITS RIVERS

Dwight Welch, associate secretary of the Pacific Southwest area YMCA, left yesterday after spending three days in Rivers. He stopped here after attending the eight - day youth conference in Poston.

Welch has been acquainted with Japanese Americans, having worked with the YMCA in Hawaii for nine years.

WELFARE ALTERS GRANT PAYMENTS

The welfare department is changing its system of payment of assistance grants so that all grants to eligible persons who are in need will be made as of the first of the month beginning with the June 1st payment.

Until now payments were made to half of the people as of the 10th of month up to the 10th of the following month and the other half was paid from the 25th of the month to the 25th of the following month. This system made it necessary to use considerable more clerical help and there were often unavoidable delays in getting a payroll out.

In order to change over to the new system of payment it was necessary to make the payments to persons eligible for payment of May 10th for two-thirds of the month which brings the payment to June 1st.

Persons receiving checks for assistance due on May 10th will find that their regular amount has been reduced by one-third. This is the portion which would ordinarily be for the period of the first to the 10th of June.

As of June 1st, these people will receive the regular payment in the regular amount for the month of June.

It is hoped that nobody will be caused any hardship or consternation by this change, especially since the June 1st payment should arrive much earlier than the date on which payments had been received previously.

Only cigarette and sacked tobacco will be on sale and no pipe tobacco will be sold, stated Mas Sakai, assistant general manager of the enterprises.

George Tanaka is now on the project and will remain about a week, or until he has secured the desired number of workers. Tanaka will interview all persons who may be interested in the work. He is interested in getting about forty single men at this time, although he has housing for one family now, and other family housing is opening up. The company wants at least three workers in a family group, because of the housing shortage. This could include high school age workers. This is year round work, paying 80¢ an hour, with housing furnished. Tanaka will interview applicants in the blocks in both Canal and Butte camps. For further information persons should call at their block manager's office, or contact Tanaka through the relocation office in each camp.

WRA TAKES MEASURES TO HELP FIND HOUSING

Extraordinary measures to assist resettling evacuees in finding housing have been outlined by H. Rex Lee, relocation division chief, in instructions sent to all field relocation officers.

To further this effort, Lee said, a WRA staff member will be assigned to most large offices with the specific responsibility of organizing community efforts toward providing housing for relocating evacuees.

Other principal steps to be taken include:

(1) Establishment of a clearing house for all available housing information, either as a part of the community activities program to assist resettlers or as a part of the relocation office;

(2) Improving provisions for temporary housing accommodations to take care of the resettler while he is finding permanent living quarters; and

(3) Closer examination of all phases of local public housing programs and of FHA privately financed building programs.

"Primary responsibility for finding housing for his family still rests with the resettler," Lee said, "However, WRA offices should spare no effort to better coordinate the efforts of all groups working on housing and to make as much information available as possible to the home-hunting relocatee."

The appropriations of the fund are to be divided into these three sections:

1-Scholarship fund.

2-Community aid or assistance fund.

3-Emergency or reserve fund.

The fund will further be sub-divided as to its divisions by a budget system allocating the appropriations to various causes. The budget is to be drafted after a thorough study and investigation as to the needs of the three divisions.

Three treasurers of the community fund were appointed as follows:

Eiichi Taniguchi, council treasurer; Jitsutaro Tokuyama, co-signer; Shozo Kondo, alternate co-signer.

The financial report of the community fund shows a balance of $160.73 as of April 16, 1945, plus $2,420.57 released from the camouflage fund for a current total of $2,581.30. This fund will be deposited with the Valley National Bank in Chandler, Ariz. BRONCOS, 55, 54, BEARS, FAGS WIN IN B LEAGUE

The B league opened its baseball season with a bang playing three games on Saturday and continued with two more games on Sunday.

At 12:45 on field 28, the Broncos led by right-hander Kaz Okumoto downed the Block 49 aggregation by the lopsided score of 18-0.

The game was called at the end of the fifth inning due to lack of time and up to this point, Okumoto allowed only 1 hit.

Right after the Bronco, 49, game, the Block 55 nine staged a battle with the Block 65 nine and succeeded in winning by a tremendous score of 17 to 4.

Hitting honors for this affair went to Tosh Hotta who collected 3 hits.

At Canal, the Canal High Golden Bears and the News-Courier battled in a close quarter fighting with the high school finally taking the game by a score of 13 to 10.

With left-hander Ben Mitsuyoshi and right-hander Mike Sasaki pitching for the winners and losers respectively, both teams scored evenly and moderately.

Johnny Suzuki, Moon Kikuchi, and Yosh Hazama got three hits apiece.

In another block vs. block affair, on Sunday morning at field 28 the Block 47 nine played host to the Block 54 team and found themselves on the short end by the score of 15 to 2 at the close of the game.

Pitching for the winners Hiromi Hasegawa tossed a 5 hitter keeping them well scattered.

In a after supper game at 5:45, field 28 was witnessing a tussle between the Fag "9" and the Don Juniors with the Faggers finally taking the close tilt by a score of 8 to 7. Taking credit for the victory was right-hander Herb Sugiyama who relieved right-hander Isamu Yamashita in the third inning. Kiyoshi Akai pitched a creditable game for the losers allowing 8 hits.

BLOCK 65, BLOCK 28 TAKE CARDINALS, OLDTIMERS

The Block 65 "A" baseball nine jumped on chucker "Moon" Kurima for 16 safeties to win a closely contested game Sunday by the narrow margin of 8-7 in their opening game of the 1945 inter-camp horsehide season on the Canal field.

The Cardinals led throughout the first five innings, leading by a 5-3 score. In the 6th frame the winners managed to tie the score. Center fielder Joe Osada trippled to left and scored on Tad Nakamura's sharp single to center. Eddie Iwao followed getting on safely on a fielders choice, stole second and was brought home on Nori Saki's single to right.

Four hits by R. Osada, Kataoka, J. Osada, and E. Iwao tallied 2 runs in the seventh. In the 8th the Blk. 65. nine scored one more which proved to be their winning tally as the Cards were able to score only two in the 8th on tripples by G. Furuya and Ehara and a single by G. Egusa.

Both teams went scoreless in the ninth, Although the Cards threatened to score after one out, a double play by shortstop Ralph Osada and first base Tad Nakamura ended the game.

Hiroshi Shinmoto was the winning tosser, allowing 10 bingles.

Chuckers of both teams labored full nine innings.

In the initial opening A league game at field 28, the block 28 nine defeated the visiting Old Timer Taiyos to the tune of 20 to 4.

The victors immediately jumped on right-hander Paul Ryono for 6 runs in the first inning and again assaulted him for 9 big runs in the seventh inning, throwing in a digit apiece in the second and third and 3 more runs in the eighth.

The losers were having a tough time against right-hander Tak Abo, but managed to knock out 8 hits, 12 less than the visitors.

Every player on the 28 squad banged out a hit, with George Yamaguchi, Kenshi Zenimura and Tosh Nishino taking the honors with 3 bingles.

FARM

CUTS EMPLOYEES TO CLOSE CAMP

Six hundred employees of the farm management have been reduced to 400 since the month of February due to the vegetable fields being consolidated and closed, stated Robert Davidson, chief of agriculture.

The packing shed in Rivers closed May 1 which means there won't be any more ice packed vegetables sent to other centers, although the vegetables will be packed at the vegetable fields when it is to be sent to other centers.

On April 1 there was 433 acres of vegetables fields, but since May there are only 210 acres of vegetables left for the use of Rivers and for providing other centers. All vegetable fields will be turned into alfalfa fields after July 1 although the poultry and dairy farms will still remain open until Oct. 7. Farm equipment, tools, etc., are being stored in the warehouses as surpluses.

The meat production in Rivers is quite enormous with about 70 heads of beef being slaughtered every week this month. Some of this beef is being sent to Poston, but it will be discontinued from the end of May. All the hogs and beef will be slaughtered by the middle of August and will be used by the residents of Rivers.

Remember Mother, not only tomorrow but always.

Project Director L.H. Bennett received word from Washington Friday night that a representative of the United Nations Relief and Rehabilitation Administration will arrive here Monday, May 14, to arrange transfers for appointed personnel who are willing to join the UNRRA on Jan. 2, 1946. Most of the work will be to aid liberated people of war torn areas in Europe and the Orient.

HAY FEVER

THOSE CASTOR PLANTS

Did you sleep well last night? Well, maybe your neighbor did not, and many others who suffer from hay fever and asthma have been suffering every night.

Residents with a sense of community spirit can help relieve hay fever and asthma by cutting the blooms of castor plants and by keep cutting the blooms as they re-appear. The negligence of a few can hurt many, because unless all castor blooms are destroyed the fight against these diseases will not be effective.

Will you do your part for community service!

WHAT V-E DAY MEANS

(Message by Project Director L.H. Bennett)

The conclusion of the European War will, to some extent, effect the future life and living standards of every persons residing in the United States. Radios and newspapers are filled with stories of reconversion, readjustment of employment and discharge of soldiers with long battle experience. Latest estimates indicate that at least 1,250,000 civilians will change jobs in the nexttwelve months and 2,000,000 soldiers will be returned to civil life. Such great numbers will effect the entire employment market.

LOWER INCOME

Overtime pay will probably be eliminated in many industries resulting in a much lower income for former war workers. While wage rates will remain high, the increase in living cost and taxes will make the net return to a worker certainly no more than he enjoyed before the war.

This all adds up to a greater competition for jobs and probably less spending. It is the beginning of a most serious readjustment. Fortunately, the transition will be slow and job opportunities will remain excellent for the balance of this year at least.

Right now is the logical time for every person in the community who is able to work to make a decision as to what he or she wants to do and then plan with our relocation office how to secure a job while work is plentiful. Delay may result in lower wages and possible umemployment at the end of the year when the center closes.

MAP YOUR FUTURE NOW

Your chances of becoming a permanent part of a community is far better at the present time than it would be at a time when competition for jobs is keen because during a labor scarcity it is easier to sell yourself to an employer and create community acceptance.

Right now you have great opportunity. Later you may not. I urge that you take this statement seriously and do something about your future while you still have time.

The middle West and the East has more population--more jobs--and more future for you.

LESS MONEY
WRA Pocketbook Gets Flatter

President Harry S. Truman signed on April 26 a deficiency bill authorizing the transfer of an additional $175,000 from WRA funds to the Social Security Board's Resettlement Assistance Program.

Accelerated relocation, following revocation of exclusion orders, has exhausted the $50,000 originally set aside to provide outside assistance during the fiscal year 1945, Dillon S. Myer, WRA director, stated. The request for diversion of this sum was made a year ago, before a rescission date could be foreseen.

The diverted funds will be available for minimum assistance through June 30, 1945, to relocating evacuees in greatest need, the Director said.

'Murdered Alive' Friday, May 18

Have you ever seen a man murdered alive? Have you seen a good mystery comedy lately? You haven't? Then, come to the senior class presentation, "Murdered Alive," to be presented Friday, May 18, at the Butte High School auditorium.

Tickets for this exciting, thrill-packed, three-act play are on sale at 30 cents for reserved seats and 20 cents for general admission. Tickets may be purchased from high school students.

Faculty director for the play is Miss Rebecca Banks. Tosh Nakahiro is producer.

"Even if you sit in the back row you'll be able to hear well because of an improved sound system," says Tosh.

Grape Growers Seek Workers

George Tanaka, representative of the Leonard Brothers, grape growers of Sanger, Calif., will be here about a week longer to interview single Nisei men for this work.

Further information may be obtained at the block managers' office.

UNEMPLOYED ARE TOLD: "SEEK OUTSIDE POSITIONS"

Employable persons who request public assistance grants because employment is not available to them on the project will be required to consider the possibilities for employment open them in outside communities, stated L.H. Bennett, project director. They must also indicate the locality preferred for resettlement as well as their problem in terms of housing and employment and the resettlement assistance required.

The welfare consultants have no alternative but to discuss relocation possibilities with each applicant for public assistance and to refer each applicant to a relocation consultant. The welfare grant is not to be withheld pending relocation planning nor is anyone to be forced to relocate but we feel we would be failing in our dity if we did not call to the attention of each and everyone asking for public assistance the need of planning for the future, the project director continued.

Councilmen and block managers should explain to residents that when a welfare worker advises an applicant to consult with a relocation consultant that the welfare worker is only performing his duty both to WRA and to the residents, Bennett concluded.

Kin Of Soldiers Warned Of Fraud

Next of kin of war heroes should guard against fraudulent schemes based on published casualty lists, the War Department recently warned.

Varying forms of such swindles of individuals and groups have come to the attention of Army officials. One of the commonest is to write to the next of kin, as taken from newspaper casualty lists, seeking further information on the soldier listed as a casualty. The next of kin advised that the deceased soldier is to be given a special niche in a so-called "hall of fame," a "hero's memorial book", or photographic layout.

Deposits in advance are set forth. As soon as the remittance is received the transaction is closed and another American fighting man's family has been victimized.

The United States Post Office Department is taking vigorous action against all such cases involving illegal use of the mails.

KUROKI RIDES B-29 OVER JAPAN

T/Sgt. Ben Kuroki, 29, Hershey, Neb., is the first Japanese American to help bomb Tokyo, the WRA announced last week.

Flying in the Superfort B-29, piloted by Lt. James Jenkins of Detroit, he recently participated in several raids over Tokyo, according to WRA. Now recuperating from these raids in a Honolulu hospital, Kuroki was reported eager to get back to combat.

HILL TEXAS GOOD FOR VEGETABLE FARM

According to W. Homer Hill, the relocation officer in Dallas, Texas, evacuees have been relocating in Texas the past year and are well satisfied with the progress made in their new homes. Texas especially offers opportunities in vegetable farming. The climate is similar to California which permits farming the year around.

Communities have been extending acceptance and already resettlers have made responsible places for themselves. The opportunities most sought for by the district relocation office have been on farming basis, especially on a share basis.

Hill will return to Rivers for the weeks of May 14 to 26. Anyone desiring further information concerning Texas and the offers should see him at the relocation office in Canal or Butte.

Resettlers In Madison Feted

Nisei nurses from the Madison General Hospital were hostesses for the recent resettlers' party held at the Hilton Hanna home in Madison. About thirty persons participated in games and danced to the music of a record player made for the occasion by Otto Uyehara, a voluntary evacuee.

The hostesses were Miss Yaeko Munemori, R. N., Manzanar; Miss Emi Mori, Gila River, Miss Minnie Oyama, Minidoka, and Miss Alice Noguchi, Gila River, cadet nurses.

An opening for a stenographer's job is available at the welfare section. Any person interested should contact Evelyn Swiggums of the welfare office at 69-10.

OREGON FARMERS FIND MARKETS

Harold S. Fistere, area supervisor of the Washington-Oregon WRA territory, stated that the market situation in Portland is continuing to improve "slowly but surely."

"The latest reports we have are from B. Fujii of Troutdale, Oregon, who tells our Portland staff that he sold his supply of dry onions in the Portland market a week ago. He also said that the market master told him to tell other Japanese growers to bring their produce in and they would have no difficulty marketing it," said Fistere.

T. Tsubota of Maryhill Gardens, Oregon, who experienced a boycott of his produce in the same market several weeks ago, told WRA representatives that the Safeway Stores of Spokane, Wash., called him up and bought all of the parsnips and other vegetables he had been unable to sell in the Portland wholesale market. He reported that the Safeway representative told him they would have contracted to buy all of the produce he had dumped in a canyon after being unable to sell it in Portland, if they had known it was available.

Evacuees Seek Places To Live

Housing is the most difficult problems faced by many of the evacuees who are planning or wishing to relocate to the various sections of the country.

Those knowing of any housing available to the evacuees of this center should contact the welfare or relocation sections.

Butte Y.M.C.A. Will Present Awards

Upon the completion of the baseball season, the Butte Y.M.C.A. will present one trophy and six medals to the A and B league.

The individual with the highest batting average for the A and B league will each receive a trophy.

The six medals for the A and B league will be presented to the individuals who have maintained the best infielding average, the best pitching average, best outfielding average, good sportmanship, most stolen bases and the most improvement during the season.

Both B and BB will be considered together in the selection for the B league awards.

B League Shifts To Two Leagues

The present B league in Butte was divided equally into an upper and lower league, at a manager's meeting held Tuesday evening. The change was voted unanimously by the managers as the results of the games played last weekend showed too much distinction between the teams. It was decided that Blk. 55, Broncos, Don Juniors, News Courier, and Canal High Bears compose the upper league which will be known as the B league. Blocks 65, 54, 49, 47, and the Fag Nines are teams entered in the lower division which was named BB's. The new leagues will get under way next week but the results of today's and next weeks' games will have effect on team standings. An amendment was also made in the rules qualifying players, who had not previously participated in an "A" league as battery, to pitch or catch in either leagues.

Canal C League Results Given

The Peanut League in Canal sponsored by the CAS and headed by Tets Santo glided through its second round of play.

The Angels defeated Block 25 by a close score of 5-2 and Block 5 was victorious over Block 4 by the score of 23-10.

Block 65 To Play Taiyos; Block 28 Meets Cardinals

Tomorrow afternoon at 2:00 p.m. the A league will resume its second game of the season.

The Block 65 nine will travel to Canal challenging the Old Timer Taiyos to a horsehide tilt at field 16.

Fresh from their victory over the Cardinals with Hiroshi Shinmoto receiving credit, the 65'ers will try ambitiously to make its two straight.

Probable chuckers for the Butte nine will be either Shinmoto or Eddie Iwao who are both right-handers and calling the signals will be Michio Iwao.

Meeting the Block 28 aggregation last Sunday in Butte, the Old Timers were given a rough treatment, being defeated by a score of 20 to 4.

Toeing the hill for the Taiyos will undoubtedly be the rubber armed right-hander Paul Ryono and receiving his offerings will be the reliable Kambo Minamide.

28 MEETS CARDS

In Butte, the Block 28 nine will play host to the Canal Cardinals at field 28 at 2:00 p.m.

Socking 22 big hits in their win over the Old Timers last Sunday, the 28 aggregation will likewise attempt to enforce the power on the Cardinals for their second.

Probable chuckers for the home team will be right-handers Tak Abo who was the victor over the Old Timers or either George Matsuda, who also saw service in the victory and squatting behind the plate will be the youthful Masami Fukai.

The Cardinals who nearly defeated Block 65, will try to register their initial win with right-handers "Moon" Kurima or George Egusa performing on the hill with the high school catcher Joe Mori stationed behind the plate.

SPORTSMANSHIP

Ryono, Kozaki Win YBA Award

Paul Ryono and Harry Kozaki have won the Butte YBA sportmanship award for Butte Industrial A and B league.

The Butte YBA found it exceedingly difficult to pick two players in the Butte industrial A and B leagues as winners of the sportmanship award.

The YBA announcement is as follows:

"In announcing the two winners, we do so with confidence that these two are deserving, but at the same time we recognize that there are several others almost equally deserving. But forced to pick two, after much difficulty we announce Paul Ryono in the A league and Harry Kozaki in the B as winners of the Butte YBA sportsmanship award."

VOL. IV No. 39 Wednesday, May 16, 1945

EXCLUDEES URGED TO APPEAL IF CASE JUSTIFIES

Excludees should have no hesitation to appeal from their excludee status if they feel that their appeal is justified. Under present procedure the screening board established by the Western Defense Command is transferring to the free list a number of those who have appealed without requiring them to have further hearing or investigation. Incidentally, if an exdudee's appeal from exclusion results in cancellation of that order any segregation recommendation against him is automatically withdrawn.

In connection with appeals from exclusion orders, the excludees may request written statements to be forwarded to the Western Defense Command by appointed project personnel who have sufficient basis of knowledge of the excludee or his record at the center. Personnel furnishing such statements must secure approval from the Project Director. Such statements may expedite action on the appeal.

KILLING RUMORS PROVED FALSE

Rumors rampant in the center that several Japanese were killed in Parlier or Sanger, Calif., and that there was a similar killing in San Gabriel are all false, according to word received from Robert Cozzens of the San Francisco WRA office.

William Huso, relocation program officer, telephoned Robert Cozzens about the rumors and Cozzens stated that he had not been notified of any such occurrences, and if anything had happened, he would have been notified immediately.

ARMY INVOKES STRICTER CONTROL ON DEPARTURES

The Commanding Officer of the Military Police Unit has informed the Administration of instructions recently issued to him by the Ninth Service Command relating to his supervision of control of the Center gates. His orders make him exclusively responsible for all admissions and departures and under these orders, the WRA has no authority over these matters.

Everyone leaving the Center for any purpose, whether a resident or a visitor, must be cleared by the Military Police at the gate. Only women, children under 16, military personnel, persons on the Army cleared list and excludees having their exclusion orders in their actual possession when they appear at the gate will be permitted to depart without substantial delay. All other persons will be detained until their status is checked with the Headquarters of the Western Defense Command in San Francisco. The departure of such persons may therefore be held for several days. Persons planning to depart for any purpose whatever, even on shopping leave, should check their status with the Military Police through H.C. Freeland well in advance of their departure date. Excludees should carry their exclusion orders with them when leaving the Center for any purpose.

Residents expecting visitors should warn such visitors that they may be detained in the Center until the Western Defense Command has classified them unless their status and right to depart is fully determined in advance of the visit. This applies to all persons of Japanese ancestry, even those who were never evacuated and consequently do not appear on any Army list. The WRA will continue to issue departure passes for visitors, day leaves, short term leaves, terminal leaves and in connection with Project employment, but mere possession of such passes will not be sufficient to cause the Military Police to approve the departure.

GILA LAND LEASE EXPIRES OCT. 7

A letter from Washington received by the farm management stated that the land lease on the Gila River Relocation Center will expire October 7, 1945; land will be returned to the Indian Reservation.

This means that all nurseries of flowers, plants, and shrubs will be closed down by October 7.

The WRA is reducing livestock rapidly and putting in about 17,500 head of cattle privately owned. As the project cattle decreases the private owned cattle will increase. To keep the soil working and fresh the planting of alfalfa is being done as soon as the vegetable fields close. About 1,900 acres of new alfalfa have been planted already.

The harvest for the month of April are as follows: 394,414 pounds of vegetables, 70 tons of hay, 12,357 dozen eggs, 6,455 gallons of milk. The vegetable with the biggest harvest was strawberries with 6,301 pounds. Six carloads of vegetables have been sent to other relocation centers.

SINATRA URGES RACE TOLERANCE

Frank Sinatra recently spoke on "Racial Tolerance" at a high school Fellowship Group in Philadelphia.

Grayce Kaneda, formerly of the Rohwer Relocation Center, who was in the audience describes Sinatra's visit as follows:

"Sinatra was just what everyone expected him to be--friendly, natural, and sincere. He was dressed in a loose sport coat and deeply-pleated slacks, and wore a large grey bow tie. He was surprised by a new audience which did not go completely wild. However, "ohs' and 'Fran-nkie' were heard whispered all over the room.

"During his talk Sinatra said that 'Fellowship House is one of the most wonderful things I have seen in my life.' He said that more should be done for the House and its cause. He added that after he returns from his overseas trip to the armed forces in May, he would organize a rally to raise funds for the House to carry on its inter-racial and inter-faith work on a greater scale. He indicated that he would interest other talents from the West and East Coasts in carrying forward this type of work, he said, 'disunity only helps the enemy.'

"After Frank Sinatra finished his talk, a mere dozen or so were fortunate in getting his autograph. My sister and Ruby Tomino, who were almost in front of him were among those who got his much-prized signature. For the rest of the day they were deliriously happy expressions."

LESS MEAT FOR GILA RESIDENTS

Beginning immediately meat consumption at Rivers will have to be reduced, stated John D. Seater, chief of mess operations.

This was made necessary because ration points on all meats, oleomargarine, and lards were raised on April 26, he explained.

OREGON'S LAND LAW

That two sections of Oregon's new Alien Land Law are "of very doubtful constitutionality" was the opinion expressed this week in an analysis of the law prepared by the WRA Solicitor's office in Washington.

PROVIDES NEW PENALTY

"The new Oregon law...does not change the...prohibitions of the alien land law [of 1921, but] merely provides a new penalty and...sets up certain presumptions [of evidence]", Edwin E. Ferguson, Solicitor, stated in a supplement to Opinion No. 82, sent recently to all projects.

If an alien evacuee wishes to return to Oregon as a farm laborer, or to live and work on or manage land (wholly owned and possessed by citizens of the U.S.) there is no reason in law why he should not do so, Ferguson said. He should be able, however, to furnish evidence that he has no interest in the land if he is called upon to do so by Oregon law enforcement officials.

ALIEN NEEDS EVIDENCE

The Solicitor advised that such evidence may be in the form of powers of attorney or employment contracts making it clear that any compensation is for services rendered and that it is not dependent on the crops produced. Where the alien manages the operations on behalf of the owner, the agreements should be supplemented by accurate and complete records. To show that he is actually an agent and not a share cropper, tenant or owner, he should have bank accounts, sales receipts and expense statements that clearly reflect this to be the case.

UNION ACCEPTS NISEI AMERICANS

Japanese Americans have been accepted into membership in Local 929 of the International Teamsters Union, according to a letter from A. Goldberg, President, to the W.R.A. office in Philadelphia. This union covers produce, poultry, fish, oystermen drivers and helpers.

"We also wish to assure you, that the same equal treatment will be accorded any loyal person of Japanese ancestry who wishes to enter this industry in any capacity whatsoever, whether in the retail or wholesale business, as is accorded any other person, as long as they follow the rules and regulations of the union and industry," stated President Goldberg.

FRESNO HOODLUMS HIT JAPANESE HOME

Two cases of vandalism against Japanese in Fresno last week were reported by the San Francisco Chronicle on May 11.

Two shots were fired Tuesday night, May 8, into the home of Setsugo Sakamoto, 61-year-old Japanese resident, who relocated to Fresno from Poston on May 1. C. Fred Lane, Fresno relocation officer, reported that Sakamoto wasn't concerned about it very much; thought it was just some work of hoodlums or drunks. The Fresno Bee stated the mayor of Fresno was concerned and was trying to do something about it.

Police discovered two .38 caliber bullets embedded in the house but were unable to determine who fired them.

The next night, May 9, a rock was hurled through a window in a former Japanese sanitarium in West Fresno where several returnees have been living. The building is owned by Dr. T. Hashiba, last reported in the Tule Lake Center.

Police said that although the rock throwing may be merely malicious mischief, they are going to check closely any further incidents.

In San Francisco a rock was thrown through the front window of William Y. Nakahara's home at 1731 Laguna St. Police are investigating.

In order to give the necessary service, a practical nurse is needed, a woman who would be willing to live in the home and run it under hospital supervision, Miss Parker stated. There are quarters in the home for a man and his wife. This person will be doing a community service.

Anyone wishing to applying is asked to contact Harry Nishimura, Butte Council chairman, or call at the office of the chief nurse in the Rivers hospital.

Tucson Coach Writes To Butte

Hanley R. Slagle, baseball coach of Tucson Sr. High School, sent coach Zenimura of Butte High School the following letter:

"We shared your disappointment in not being able to play you a return game on our field. We were not only anxious to avenge the defeat, but enjoyed the heads up smart competition you could give us. Your brand of ball was right down our alley, so to speak, and the boys could gain much from your heads up base running and infield play.

"As for the possibility of cancelling our game--we had never given it a minutes thought--till we arrived home and started hearing from some of these so called "100% Americans."

"I sincerely hope it won't be too long till we are all thinking straight again and can live together in a true Democracy that we Americans of all races have created.

"I want to congratulate you all on your fine team--I only wish we had your base running and defensive ability--Not inferring that you can't hit--for 13 base knocks will win most games.

"I wish you all the best of luck, and continued success with your ball club."

Sincerely yours,
Hanley R. Slagle

In their initial league game at field 28 last Sunday, the Block 28 nine overpowered the visiting Canal Cardinals by a overwhelming score of 15 to 6.

The home team immediately went to work ambitiously touching right-hander "Moon" Kurima for 3 runs in the first inning. However, this was far from over as they came back in the second inning to push over 2 more runs and in the third inning assaulted Kurima for 6 big runs on 5 hits coupled with errors and fielders' choice.

Right-hander Tak Abo performed masterfully holding the visitors scoreless allowing but 3 hits in five stanzas, but successor George Matsuda, a right-hander, found the going a little tougher being nicked for 2 runs in the sixth, 3 in the eighth and 1 in the ninth.

The 28 aggregation notched the game by pushing over a digit in the fifth and 3 more runs in the seventh.

Hitting honors went to Tosh Nishino and Tak Abo for the victors and "Freezer" Funya for the losers, each clouting 3 hits.

55, 65, Courier, Bears, Dons, Win

The "B" baseball league in Butte progressed another step as 4 games were played on Saturday and one on Sunday.

Blasting out 13 safeties, the Block 55 nine kept its record clean as they mopped Block 49 by an overwhelming score of 16-2 on the 28 field in the initial encounter Saturday afternoon.

George Kuwahara was the winning tosser, limiting the opponents to only 3 hits.

Immediately following the tilt, the Block 65 "B" team, pulled through downing the Broncos, by the narrow margin of 6-5.

Receiving credit for the win was Southpaw George Tsunoda who gave up five well scattered hits.

The News-Courier aggregation also had a big day as they blasted chucker M. Tani for 13 runs on 7 hits while the winning chucker Masani Nagai held the Block 47 for 5 runs and 3 hits.

The Fag Nines of Butte traveled to Canal and was handed a 5-4 setback by the Canal High Golden Bears in a closely contested game.

The winners garnered a total of 9 hits through the offerings of B. Tsutsui while B. Mitsuyoshi was being touched for 7 bingles.

On Sunday the Don Juniors slugged their way to a stinging 15-9 victory over the Block 54 aggregation. Hideki Yamanaka hurling the win, limited Blk. 54 to 4 hits while mates touched Hiro Hasegawa for 12 safeties.

At Canal, the Taiyo Old Timers led by right-hander Paul Ryono enjoyed a surprising victory over the Block 65 nine by a score of 7 to 3.

Ryono had command throughout the 9 inning affair allowing but 3 hits, while his team mates touched right-hander Hiroshi Shinmoto for 9 hits and 7 runs.

The big scoring came in the third and sixth innings when 4 and 3 runs were scored respectively.

Charley Ajari and George Mukuno led the attack with 2 bingles apiece.

「市俄古市」商売の手引

本紙は前号迄に市俄古市に於ける商売の概略を述来つたが本号では少し実際問題に触れて紹介して見たい。

先づ商売を始めるについて最も大切な事は場所と商品の撰択とであらう。つまり場所と商品とは商売上相対関係にあるもので商売に経験を有する人は先刻御承知である。

次に又よく考へて欲しい事は他人の店舗を譲り受ける場合従来其の店舗の経営情態を充分調べずに売買契約をしてしまう傾向があるが此の方面も注意すべきである。又一方場所の事ばかり念頭にをいて大切な顧客の種類や前の店主の信用も考慮を怠つてはならない。

次に大切な事は

一、卸問屋との取引関係である。

(い) 商品の撰択と其の仕入。

(ろ) 此の問屋では信用して取引をして呉れるであらうか？又は他の卸問屋に比して商品の卸値段はどうであらうか？

(は) 此の店では自分に信用貸しをして呉れるであらうか？

最後の一問は蓋し最も大切な事であらう同時に尚大切な事は労働の部商と取引関係を聞かずに一二の問屋との確実な取引をおすゝめしたい

GIRL DISCLOSES THREATS DURING CALIFORNIA VISIT

Miss Mary Masuda, of 49-11-D, who was threatened and told to get out of Santa Ana by several Orange County farmers during her short term visit there last week, returned to Rivers Thursday.

Miss Masuda has four brothers with army service records, one of whom was killed in action, another injured.

On the night of May 11, several men came to the home of Mr. and Mrs. Albert Trudeau, where Mary was staying. One of the man named Geisler called Trudeau names for letting the Nisei girl into his house. Trudeau, she learned, was one of the leaders of the group to keep Japanese out.

Miss Masuda explained she tried to reason with the men that her brothers were fighting as well as their men. Another man Toad Patterson, then told her that as long as she had come in a taxi, he would get her a taxi to get back to Los Angeles in, but that maybe she wouldn't get there alive.

Sheriff Jesse L. Elliot, who at first stated that there was nothing he could do about it, was reported on May 16 as saying he will send a deputy to contact the men named in Miss Masuda's statement.

The WRA office in Santa Ana said it would wait now for the sheriff to act to stop the alleged threats.

Miss Masuda stated that after reports concerning her appeared in the papers, she received many sympathetic telephone calls from Caucasians. She was appreciative of the aid given her by WRA officials there, who not only urged her to give a full report of the incident but also ask all other returnees to report such occurrences immediately.

ICKES BLAMES OFFICIALS FOR CALIF. TERRORISM

Secretary of Interior Harold L. Ickes this week blamed California officials for not prosecuting the hoodlums who are carrying on a program of planned terrorism against Japanese Americans who have returned to California.

"In the absence of vigorous local law enforcement, a pattern of planned terrorism by hoodlums has developed," he said. "It is a matter of national concern because this lawless minority seems determined to employ its Nazi storm trooper tactics against loyal Japanese Americans and law abiding Japanese aliens in spite of state laws and constitutional safeguards.

"Many of the evacuees' Nisei sons are fighting the Japanese enemy in the Philippines, at Okinawa and in other Pacific combat areas. They are far more in the American tradition than the race baiters fighting a private war safely at home.

"The shameful spectable of these incidents taking place at the back door of the San Francisco conference, now in session to develop means by which men of all races can live together in peace, must be ended once and for all."

Seven Called For Induction

Seven men have been called for Army induction at Phoenix on May 25.

They are as follows:

Taneo Thomas Hirano	4-5-C
Harry Shigeo Imura	5-12-D
Yoshiharu Yokogawa	24-10-B
Masashi Kenny Nakadka	65-2-D
Tetsu Santo	25-10-D
Ichiro Joseph Takeuchi	28-2-C
George Kurisu	10-4-A

Soldiers Hurt Some Time Ago

Sgt. Fred F. Hiroto, formerly of Rivers and Glendale, Calif., was injured in Europe Oct. 28 of last year. He has already recovered and is back in active duty.

Jimi Oda, formerly of block 25, now of Ogden, Utah, was injured in Europe recently. He is the cousin of Todd Sakohira who was killed in Italy on June 17, 1944. Both are former natives of Fowler, Calif.

CONSERVE WATER SUPPLY

The necessity of conserving Butte camp's water supply was voiced yesterday by Joe H. Janeway, project engineer, as hot weather and greater use of water brought the tank supply down to a dangerous low.

Residents should not water the streets or their lawns with the domestic water supply, he said. Water from the canal will be used for such purposes. Also, cooler water should be turned off at nights and when fans are not in use.

Unless all persons cooperate, Butte's water pump will not be able to keep up with the outflow, and residents will not only be inconvenienced by a lack of shower water but also will be faced with greater fire hazards because of low water pressure.

UNBLOCKING OF FUNDS

To aid WRA in its relocation and liquidation program, the Treasury Department has informed the W.R.A. that they will unblock all but a limited number of the accounts of evacuees on the Army clear list.

Through the Project Director, forms to request unblocking orders will be forwarded to the Federal Reserve Bank in San Francisco. The bank will determine whether the statements on the individual forms are correct. Individual unblocking orders will be mailed in care of the Project Director, and private banks will be notified.

THOSE INELIGIBLE

Evacuees in these categories are ineligible to apply for unblocking orders through the special arrangement with Treasury: (1) persons not on the Army clear list, (2) those who have been issued specific blocking orders, (3) evacuees who have represented or acted as agents for any person outside the continental United States on or since July 26, 1941, and (4) persons who now hold funds belonging to blocked nationals. As far as can be determined there are no persons in category (2) at Gila.

Those who are not eligible may, however, apply for reconsideration of their cased by filing Form TFU-1 with the Federal Reserve Bank of San Francisco. Business enterprises may apply for unblocking through the same procedure.

PARTIAL RELEASE

Certain individuals may be denied unblocking orders. However, they will be permitted to withdraw sufficient funds to allow them to relocate. Former internees whose accounts remain blocked may upon application withdraw up to $200 a month for living expenses. Other persons whose accounts are not unblocked may withdraw as much as $500 per month.

Any blocked person or enterprises may apply for a special license which will permit sufficiently free use of funds to conduct business.

Evacuees who wish further information or wish to secure necessary application forms should see the project attorney or the relocation program officer. Resettled evacuees may communicate with the director of the project from which they relocated.

On Student Returnees

Mabel G. Crumby, assistant professor of education, San Jose State College, has written an article on "How the Schools Can Prepare for the Return of the Japanese American Children," in the April, 1945 issue of Sierra Educational News published by the California Teachers Association.

Professor Crumby states that there are two avenues open to the teacher: work with the parents and with their children. The article points out that the PTA, mothers clubs, and newspapers can play a vital part in the right development, or in the dwarfing, of children's personalties -- those of Japanese Americans and those of American stock. In fact, the latter may grow in intolerance and race hatred unless parents and teachers give the right guidance in relation to this problem of the children's return.

More than through what the teachers says however, is her own attitude toward the child. This she will reveal to her class as she graciously receives each returning "citizen" and makes him feel he is welcomed home, the article concludes.

FRESNO PASTOR OPENS HOSTEL

"The Fresno Japanese Methodist Church, situated at the corner of Kern and D Streets, 1260 Kern St., in westside Fresno, is now ready to provide emergency lodging for evacuees who return to make arrangements for family relocation or to seek employment," according to Rev. Hideo Hashimoto of the church.

The Congregational and Methodist Churches, both nationally and locally, are supporting the project, which is open to all returning evacuees regardless of religious faith.

The building is limited as to facilities. Only beds, mattresses, and blankets (no sheets) will be furnished; these will be arranged on dormitory basis. A shower has been installed. Other pertinent information follows:

1. Lodgers bring their own sheets, towels, and personal effects with them.

2. No meals will be served. No kitchen facilities are available. Restaurants are located nearby.

3. No smoking in the building.

4. Lodgers will be charged 25 cents per night to cover expenses.

5. Lodgers are urged to make their stay as short as possible to give place for other desiring lodging. Limit, two weeks.

6. Those desiring lodging should apply to Rev. Hideo Hashimoto, 1228 Kern Street, Fresno 1, Calif., in advance and receive confirmation. They should notify him of the time and date of arrival and the mode of travel.

7. The pastor will be available for consultation at the church office.

8. The phone number of the parsonage is Fresno 4-4135.

DETROIT INDUSTRIES CUT WORKING HOURS

Curtailment of industrial work in hours is taking place in Detroit and, according to Wendell P. Gee, Detroit relocation officer, many evacuees are now focusing their interest on Michigan farming.

The industrial situation has not directly affected Michigan resettlers yet, but the 60-hour-plus war overtime week is gradually being trimmed down to the standard 48-hour war week, and some plants have been granted permission to cut back to 40-hours per week. Reconversion to civilian goods is moving slowly in Detroit and it will be several months before those idle because of cutbacks are re-employed.

Male workers are still finding immediate employment, if at curtailed hours, and, in some cases, lower starting wages. With the exception of work for trained stenographers and domestics, female employment is extremely slack. Domestic and gardening offers are still numerous, and the wages for this type of work are high in the Detroit district.

BUFFALO, N.Y. HAS FEDERAL HOUSING

Evacuees employed in essential industries are eligible and can obtain housing in government project in suburban Buffalo, George Graff, the western New York district relocation officer, revealed.

"Government housing authorities met with the representatives from the Buffalo Resettlement Committee and myself recently, to discuss the problem of securing proper housing for evacuees," Graff said.

"The results have been fruitful. The housing authorities said that quarters for small family groups are availhble now. We don't know how many we can take care of on this plan," he continued, "but have your relocation program officer write early and we will see that your request gets quick attention."

MOVIE DEPICTS RACE TOLERANCE

Being released throughout the country is the Warner Brothers movie short "It Happened in Springfield", based on the nationally known "Springfield Plan" initiated by the superintendent of schools, Dr. John R. Granrud, teaching tolerance for all races, colors, and creeds in the public school system of Springfield, Mass.

The progress of the War Relocation Authority program is the Springfield area, in the heart of the famous Connecticut Valley, though the WRA office at Hartford, Conn., reflects the public acceptance of this plan. Industrial, agricultural, and labor interests have already indicated their intense interest in the acdeptance of the Springfield Plan of operation, with nobody less than Mayor Alben Anderson as chairman of a committee of 25 cooperating with the WRA.

FAMILY RETURNS TO SANTA ANA

One of the first acts of F.R. VanNorden, district relocation officer in the newly opened district office in the Santa Ana Post Office Building, was to call on the Thomas K. Yoshida family which returned to their former home from Poston on April 10.

The housing problem was quickly solved when the Caucasian tenants of Mrs. Rose Kiyoko Yoshida's house volunteered to move.

The family belongings including furnitures were in good condition and Yoshida plans to spend some weeks in "touching-up" the house and yard.

Mrs. Yoshida was especially happy that her Caucasian neighbors not only welcomed her home, but also brought her milk and butter as homecoming gifts. She visited a market which delivered a 100-pound sack of rice.

ARMY, NAVY EXTENDS 'SURVIVING SON' POLICY

In a joint extension of their "sole surviving son" policy, the War and Navy Departments have announced that they will place in non-hazardous duty other service members of families in which two or more persons have died in line of duty or are reported missing in action or prisoners of war.

War and Navy Department officials estimate that the new policy will affect approximately 10,000 individuals in both services. They stated that no action to reassign surviving members will be taken unless requested by the serviceman involved or by a member of his immediate family.

Requests involving Army personnel should be addressed to the Adjutant General, Washington, D.C. Cases which previously have been submitted and denied should be resubmitted for consideration under the new, broader policy, the joint statement advised.

CASUALTIES

Casualties considered under the new plan will include servicemen who have been killed, died as a result of wounds, accident or disease, or have been reported missing or prisoners.

Non-hazardous duty may mean assignment to the rear area of an active theater, duty in an inactive theater, or duty in the United States.

The persons making application should furnish the name and relationship of the writer to all members of the immediate family. For members in the armed forces grade, serial number, organization and station assignment should also be included. Full information as to death, capture, or missing status of family members involved should be given in the request.

CHILDREN SEEK MISSING MOTHER

Several evacuee children relocated in Cincinnati, Ohio, are seeking their mother who is believed to be residing in this center.

The mother's former name was June Nakagawa, born about 1902. It is believed she has remarried and is residing at Gila River.

Louise Fletemeyer of the Cincinnati WRA office, 1005 Union Tr Bldg., Cincinnati 20, Ohio, requests that information concerning June Nakagawa be sent immediately in order to assist her children there. The children have practically no knowledge of their mother's whereabouts.

TAIYOS TO PLAY CARDS AT CANAL

Across the camp in Canal, field 16 will also have a hickory stick battle between the Taiyo Old Timers and the Canal Cardinals.

As if given a shot of adrenalin, the Taiyos smashed through with a surprising victory over the Block 65 by a rather moderate score of 7-3.

Paced by right-hander Paul Ryom who pitched the 3 hit masterpiece, the Taiyos are laden with veterans in every position.

Donning the mask will probably be the tireless Kambo Minamide.

The Cardinals who have yet to take a game, have potentialities in every position and despite their second loss from the 28 crew, the Cards should give the Taiyos a fight for their money.

Chucking will be George Egusa and catching will be Joe Mori who will participate in his last game, since he will relocate soon.

CORRECTION

Lefty Shosan Shimasaki was the winning pitcher in the 55, 49 game and not George Kuwahara as stated.

EX-GILAN TO GET COLLEGE DEGREE

Miss Hiromi Matsumoto, formerly of 66-2-D, is among the 175 candidates for a B.A. degree from Mount Holyoke college on May 21.

Miss Matsumoto transferred to Mount Holyoke from the University of California, entering with advanced standing in 1943. Originally a member of the class of 1946, she has accelerated her course by attending the summer session. Miss Matsumoto has specialized in the department of zoology, and this year has ben engaged in independent research in the field for a degree with honors.

A member of the college glee club, she sang in the club's annual Christmas carol concert at Town Hall, New York City, in December. Miss Matsumoto prepared for college at the Joint Union high school in Winters, California.

CRUCIAL TILT TOMORROW AS 65 BATTLES BLK. 28

Tomorrow afternoon at 2:00 p.m., 28 field will have the strong Block 28 nine battling the ever potent Block 65 aggregation in a horsehide tilt.

NEWS COURIER Sports
May 19, 1945 Page 6

Beating the Canal Cardinals last Sunday by a sizeable score of 15-6 and banging out numerous hits, the 28 crew will be in quest of their third straight win. With every position well fortified by capable fielders and hitters, the team will probably be led on the mound by George Matsuda or Tak Abo who received last week's credit, with Masani Fukai flashing the signals.

Despite their initial loss from the hands of the Taiyo: Old Timers by which they were able to garner only 3 hits the Block 65 gang may come up with a hat full of tricks to impose the first defeat on the 28 team.

With a snappy infield and a veteran outfield, the 65'ers will be out for their second win probably led on the mound by Hiroshi Shinmoto or Eddie Iwao with Mich Iwao behind the plate matching wits with the batters.

加州サンタアナに排日

増田メリー孃（四九一D）は去る五月一日家族帰還の下準備の為加州サンタアナ市近郊の自己所有の農園視察に赴いた。

五月十一日夜の事である、メリー孃が滞在中のアルバート・ツルードー家に数名の白人がやって来た、其の中のガイズラーといふ者は日系人を家に入れた事でツルードーを恫喝し、メリー孃に向って「ジャップ」だとか尚それ以上の侮言を浴びせかけた。

トード・パタソンなる者はメリー孃に向って「お前は此所へタキシーで来たのだからタキシーで羅府まで帰ってやる、併しこの先には尚多数の団員が待ち構へて居るから、お前が果して生きて帰れるか、どうか分らぬなど極悪非道の殺人鬼すら顔負けする様な凄文句を並べ立てたが弱い婦女を脅迫しつづけた。

メリー孃は之れ等の暴漢に対して自分は米国市民であり現に四人の兄弟は軍籍にあって米國の為に戦って居り其の中の一人は遂に伊太利戦線にて名誉の戦死をして居る事を果々と説明之れ努めたが彼等は全く馬耳東風であった。

メリー孃は直ちにセリフ・エリオット氏に報告して保護方を願ったが、セリフ・エリオット曰く「彼等の後ろ楯には有力な排日団体があって法律顧問が居り中々法網に触れない様に企んで居るから今の処何ともし難いが、身に危害を加へたら申出でるがよい」と、何たる誠意のない、生温い挨拶か「聞ふに落ちず語るに落ちる」といふ諺があるが、如何に地方官憲と称するものが、排日団体に対して無力無能で信頼するに値せぬかを吾人は記憶すべきである。

サンタアナの此の事務所は斯る脅迫は速かに且つ有効に地方セリフに依って停止せらるべく通牒を発した。

流石のセリフ、エリオットも十六日に到り事件の調査を為すと渋々聲明した。

斯る事件の突発した場合、私情に走りて事を不問に附したり後難を恐れて隠蔽する事なく直ちに此の旨を本部に報告し、増田孃の如く正義の為に敢然と立って、不良分子と戦ひ、同胞擁護の途を打開すべきである。

SAWYER

EDUCATION CHIEF RESIGNS POST

W. C. "Tom" Sawyer, superintendent of education, reported to his office for the last time on Monday. Sawyer has resigned to accept the position of veteran's service representative for Arizona.

W.F. Miller, Butte High School principal, will be acting superintendent of education. The office administration will be under the supervision of Mrs. J. P. McVey.

The position of commander of the Ex-Servicemen's Club will be assumed by J.P. McVey of Canal and Buichi Umeda of Butte.

"I do regret that I will not be able to remain until school is over to complete the work which I began three years ago," said Sawyer. "This is the richest experience of my entire life with the valuable experiences and friendships which I have built up here. I am proud of the schools and the fine reputation accorded them by visitors and persons in a position to rate them," he added.

Although he is planning to leave for Chicago on May 28 for the veteran's school, the Sawyers will retain their home on the project for the immediate future. Mrs. Sawyer will continue teaching at Butte High School.

A motion was filed in who held the Alien Land the San Diego Superior Law legal, did so only by Court that a judgment leaving the issue for should be entered in the final decision by the high-er courts.

DISCRIMINATORY LAW

The affidavit further recites that Wirin has caused research to be made concerning the legislative history and background of the law; the research discloses that the law was adopted solely as a means of discriminating against persons of Japanese descent because of their race; that it was adopted as part of a concerted drive, against persons of Japanese ancestry based on race prejudice, intolerance, and bigotry, by economic pressure groups, who sought to profit from depriving Japanese of the right to own and operate agricultural lands in California.

UNCONSTITUTIONAL

The affidavit concludes with the statement that, as counsel for the Japanese defendants in the case, Wirin had advised them that the alien land law is unconstitutional, and then that in behalf of these defendants he intends to proceed with an immediate appeal to the California Supreme Court, and in event of unfavorable decision to the U.S. Supreme Court.

WRA SCHOOLS

CLOSING DATES LISTED

Closing dates for center schools have been set at all projects, National Director D. S. Myer, announced this week. Elementary and secondary schools at eight centers will end their final terms in the following order:

Minidoka (elementary)-May 18, Rohwer-May 25, Heart Mountain-May 25, Central Utah-June 1, Minidoka (secondary) -June 1, Manzanar-June 2, Granada-June 5, Colorado River-June 4 and 5, and Gila River-June 8.

When family plans require a child to leave a center school before the official closing date, full credit will be given to the pupil if his work has been above average.

Make-up classes will be provided for pupils who need fractional credits to complete their secondary school program or who need extra work to adapt their credits to another school's requirement. These classes will be limited in time and in enrollment. In no case will they provide a continuation of the regular school.

Vocational training and adult post high school education will be reorganized into short courses. Only classes which contribute to relocation adjustment or accepted project needs will be retained.

School libraries will be closed. Community libraries will remain open if they are needed. In such cases, material from student libraries will be transferred to general libraries for the use of students unable to relocate during June or early July.

NISEI PROBLEMS DISCUSSED IN N.J.

New Jersey radio listeners heard first-hand accounts of relocation and its problems on April 27. when Station WAAT in Newark devoted its 9 a.m. Coffee Hour, broadcast from the Hotel Sheraton, to interviewing two resettlers, a supervisor of a Nisei mechanic, and a WRA relocation officer.

Those interviewed were Miss Hideko Tsutsumi of Gila River and Pismo Beach, Cal., now employed as secretary in the Newark office of WRA; Minoru Kanagaki of Central Utah and San Francisco, now an electrical engineer in Bayonne, N.J.; Albert Jones, supervisor of a Nisei radio servicemen in a Newark shop; and Miss LaVerne Madigan, relocation officer in the Newark WRA office.

Hood River Aims For Tolerance

On May 5, a meeting was held at a large farmhouse near Hood River, Ore., which was attended by a group of people representing different sections of the valley and townspeople of Hood River. The purpose of the meeting was to organize a committee to conduct an educational campaign for racial tolerance to offset and combat the activities of the opposition group. An executive committee of five people was elected, and subcommittees will be selected later which will be assigned certain types of work and will assist people of Japanese ancestry when they return to the area.

The general feeling expressed at the meeting was that a great many people in the area are being intimidated by the radicals, and that actually an overwhelming majority of the valley residents will welcome back the former residents who wish to relocate in the Hood River area. Reports made at the meeting indicated that returnees will have no difficulty in making purchases at the local stores, and will be able to secure all the essentials for normal living.

JUSTICE UPHELD

It takes a courageous American, with more than a mild sense of justice for all races, to stick his neck out by publicly demanding equal treatment for persons of Japanese ancestry, especially in wartime California.

MONTEREY CITIZENS

On May 11, 449 citizens of Monterey did just that in a full page advertisement in the Monterey Peninsula Herald, apparently in answer to the "Discourage Japanese Return" advertisement which appeared in the same paper on April 23.

Among the 449 persons, who paid for the full page ad to voice their protests against discrimination, were J. R. Perry, Mayor of Monterey, and author John Steinbeck, a native of that city.

The ad, calling for the democratic way of life for all, states:

CALL FOR DEMOCRACY

"The majority of these people (evacuees) will relocate in different parts of the United States. Some, in comming months, will return to their homes here on the Monterey Peninsula. Among them will be veterans of this war and relatives of Americans who are now fighting for democracy on all our war fronts. These families have made their homes here for many years and have been part of the life of our community. Their sons are making the same sacrifices as our own boys...

"The outstanding record which these men have made fighting for the United States in Italy, in France, and in the Pacific, has shown conclusively that it is possible to make sound judgments as to their loyalty...

"We, the undersigned, then believe that it is the privilege and responsibility of this community to cooperate with the national government by insuring the democratic way of life to all members of the community."

EDITORIAL COMMENTS

(From the Portland, Ore., Journal of Commerce)

"The groups which have been raising all the hullabaloo against the Japs in this country are now beginning to meet opposition from the great majority of Americans, who although a little slower to act, will ultimately quell the red-faced patriot, the unthinking American and the greedy land owners who do not wish to give up what they have come by because of the war."

Too Much For Calif.?

(From Washington Post May 7, 1945)

"If California authorities cannot uphold the law and protect the citizens of their own state, they should call for help from the Federal Government. Terrorism is no less ugly at home than abroad."

WELFARE PLANS TO CLOSE FILES

Case files of old forms in the welfare section have been transferred to the statistics department so that they may be sent to Washington for permanent filing. All the surplus files in Canal and Butte welfare section are being sent to the statistics department.

The letter files are also being transferred to the service department where the letters were originally filed.

Kozo Fukagai, employee of the welfare section, has returned to the welfare section to work after a short term leave to California.

PROCEDURE
RELOCATION OF PAROLEES EASED

Changes of procedure designed to speed up the relocation of paroled enemy aliens have been made by the Immigration and Naturalization Service, the Service has advised the War Relocation Authority.

One of the principal features of the streamlined procedure will be the approval of travel applications as promptly as possible after requests have been made.

Parolee's applications will be handled on an individual basis. Each paroled alien will be responsible for following completely the terms of the instructions issued by the Immigration and Naturalization Service in this individual base.

In individual cases, to avoid delay, a temporary sponsor who is a public official, but not a member of the I & NS, may be designated at the parolee's relocation destination.

COLLEGE INVITES NISEI STUDENT

A $100 scholarship for a Nisei girl has been established at James Millikin University, Decatur, Ill., according to William Kir-Stimon, relocation officer of the Illinois area. The scholarship fund was raised by students of the University as a result of their interest in the relocation program.

The college is anxious to enroll a personable young girl who will be an able representative of the Nisei. This factor is deemed even more important than a scholastic record.

FIRE PREVENTION HEALTH STRESSED

Emphasis should be put on fire prevention and public health, especially in camp life where living quatters are small and close and where one has to share mess halls, latrines, showers, and laundry rooms, the public health department announced.

With the hot weather coming unexpectedly, bringing possible danger to health, residents must keep the public places sanitary and rooms and around the barracks clean.

To prevent the breeding of disease-spreading flies and mosquitoes, the public health department asks every resident to cooperate in the following instructions:

1. Do not wash dishes and clothes with the barrack faucet.

2. Do not throw dish water or wash water into ditches or in empty lots.

3. Garbage and rubbish should be disposed in the proper place and not around the barracks.

4. Water from coolers should be drained so there will be no stagnant pool.

"Although the above rules are generally practiced by the residents, there still exist a few selfish and uncooperative persons," the public health department stated. "We ask for full cooperation in protecting our public health."

TEEN-CANTEEN OPENS TONIGHT

Tonight at 7:30 Butte High School students will witness the dedication of the "Cactus Bowl", a teen-age canteen, at Mess Hall 43. Only students and special guests will be admitted.

Tonight's opening program will include talents from teen town, and a dance for stag-stagettes. No admission will be charged, but refreshments will be sold.

SHIP WORKERS SEEK NEW JOBS

Shipyard and War Manpower Commission labor recruiters in Portland, Ore., are fighting a losing battle against the departure of workers before their jobs are done.

Thousands of men and women who came here two and three years ago to build ships in yards here and at near-by Vancouver, Wash., already have left for home and jobs offering more post-war security.

One Oregon planning committee estimates that 16,000 workers have gone in 100 days. The exodus at Henry Kaiser's big Swann Island yards has forced "swing" and "graveyard" shifts to merge with day crews. Kaiser's managers said they needed 1,000 workers to complete contracts on schedule.

Newspaper columns advertising homes for sale have doubled and realty agents admit values are skidding as owners unload before leaving.

Mae, who is musically talented, intends after graduating from high school to study voice and piano at the Juilliard School of Music, New York's foremost school of musical training. Richard, Jr. plans to be a doctor when he grows up.

CHICAGO

LEGAL AID OPEN TO INVESTORS

Persons who relocate to the Chicago area should consult members of the WRA staff and seek legal advice before investing money in business or property, states W.W. Lessing, Chicago relocation officer.

Lessing writes as follows:

"Our attention had recently been rather forcibly called to the fact that a great many resettlers, particularly the Issei, are coming to Chicago and making very unwise purchases. They are paying an exorbitant amount of money for leases, deeds, and businesses, simply because they are not familiary with war time values and are too anxious to go into business.

"Mr. Edward M. Joyce, who has been in business himself and is familiar with property transaction, and a new addition to our staff, Mr. J. Setecka, who has been a practicing lawyer and a real estate man for about twenty years in Chicago, are doing all they can to advise prospective buyers before they make a purchase.

"We believe it will be wise to explain to persons leaving the center that they should consult members of our staff and seek legal advice before investing money if they intend to purchase a business or property."

PORTLAND HOLDS ANTI MEETINGS

Two anti-Japanese meetings which were held recently in the vicinity of Portland were well attended, but two-thirds of the audience was comprised of members of a citizens' group in Portland. They came armed with data which they handed to all persons attending the meeting, and invitations were extended to all to attend a coming meeting in which the true picture on the Japanese resettlement will be given. Badges twelve inches in length and two inches wide proclaiming "fair play for loyal American Japanese" were worn by the members of the citizens' group.

55, Bears Take League Lead

Entering the third week of play, the Canal Golden Bears annexed their win from the Broncos by the score of 9 to 3 at Diamond 16 last Saturday.

Banging out 8 hits, off of the combined pitching of lefty Pedro Doi and righty Kaz Okumoto, the winners made use of every opportunity to cluster their scoring.

Ben Mitsuyoshi received credit going the entire distance allowing 4 hits.

Hitting honors went to Norio Aoki, George Ohashi, and Bob Nakamura with 2 hits apiece.

At 12:45, the Block 54 nine tangled with the Block 49 gang at 28 field, and although outhit 8 to 6 hits, they managed to eke out a 10 to 7 victory.

With right-handers Hisashi Inouye, Akio Hayashi, and Tats Takeda respectively chucking for the victors, and losers. It was a nip and tuck affair throughout the fray, with both sides taking and then relinquishing the lead. However, the big sixth inning proved too much when 4 big runs scored.

Kats Morita, Tats Takeda, N. Miyakawa, and George Isori each collected 2 hits.

Following the Block 54, 49 game, Block 55 crashed through with a sound thrashing of News-Courier by a score of 14 to 7.

With lefty Shosan Shimasaki chucking for the winners and Mike Sasaki for the losers, both sides scored twice in the second inning but 55 took a commanding lead when 3 more runs were scored in the third inning, however 7 hits coupled with fielders' choice, and walks aided with the losers errors, allowed 9 runs to score to ice the game. Courier came back to rally for 5 runs, but the victors big lead was unapproachable.

2 hits apiece were credited to "Moon" Kikuchi, Sam Oki, Masami Nagai, Shosan Shimasaki and Bill Yokoyama.

At 5:50 the Block 47 nine played host to the Don Juniors and lost by a score of 13 to 6.

Smashing out 8 hits off of Sakai and Ito, the winners took advantage of the leaky playing of their opponents to shove over 6 runs on 3 hits in the third inning and followed up with 3 runs in the fourth and 4 more runs in the fifth.

Kiyoshi Akai managed to hold the Block 47 nine to 5 hits although he was tapped for 6 runs.

Hitting honors went to Nagao, Yamaguchi, and Kurakusu who socked 2 hits apiece.

Sunday at 5:30 the Fag 9 took a horsehide tilt from the Block 65 Bs by a score of 8 to 5.

Touching lefty Teruo Tsunoda for 4 big runs in the first inning the Faggers followed through with a digit in the third and sixth with 2 runs to sew up the game in the eighth.

The 65'ers tagged rightly Herb Sugiyama for 2 runs in the second and fifth and added a digit in the eighth, but lacked the winners punch to cluster the scoring.

Hitting honors went to Tiny Tanaka, Corky Saki and George Iwao.

Cards Take Taiyos 18-12

In Canal on Sunday at 2:00 p. m. the Cardinals and the Taiyos squared off in their final game of the first round with the Cards forging through to a big scoring 18 to 12 victory.

The losers jumped to a 3 to 1 lead in the first two innings, but in the big third, the Cards jumped on right-hander Paul Ryono for series of hits, walks, and errors and before reliefer Bobby Yamamoto could put out the fire, 11 big runs trampled acorss the plate to a enormous lead. However, the scoring did not appear sufficient enough for the winners as they added 3 more in the fourth inning and to top it off repeated with 3 more in the sixth.

The Taiyos threatened strongly in the sixth inning when they bounced on left-hander Ben Mitsuyoshi for 5 hits, 2 errors, and 2 walks for 7 big markers and assualted reliefer George Egusa for 2 more digits in the eighth inning, but the winners tremendous lead was unapproachable as the game ended.

Ickes said he had been informed by the WRA that Earnest Multanen of Parlier, Calif., was arrested on May 25. He said Multanen had admitted firing a shotgun at the house of Charles K. Iwasaki at Reedley, Calif., on May 20.

Meanwhile, in Seattle, Wash., Associated Press reported that 22-year-old Harold S. Burton of Vashon Island, who admitted burning four homes of evacuated Japanese, pleaded guilty to second degree arson and was fined $1,000 last Wednesday by Superior Judge James T. Lawler.

Burton, father of two children, said he thought burning the homes would prevent return of the Japanese to the Puget Sound.

WE PAUSE TO HONOR

From far flung points in Europe and in the Pacific, letters no longer will come home to Rivers, for many Nisei soldiers from Gila, 18 to be exact, have fallen in the foxholes they dug or were stopped for the last time in their drive toward the enemy.

SOLDIERS, CIVILIANS

And on the home front, approximately 202 civilians of Rivers have died of illness and accidents since the center became the temporary home of some 14,000 of us.

It is to those fallen comrades of this center to be specific and of all other fallen comrades of all races throughout the nation and the world in general that we join the rest of the nation today to pay respects on this Memorial Day.

There is a bigger significance in Memorial Day this year than others because of the number of men who have been killed in conflict and because of the cause for which they have died and are dying.

FIGHT FOR CAUSE

Men have fought and are fighting for a right to return to their mansions, or to their shacks. Men have died so that their families may live free from oppression. Men have fought so that those of all races will be accepted on their character and ability rather than on their color. Millions of specific ideals and goals, each a little different fromthe other, all point in the same general direction--to clear the way for the common man's right to breathe, act, and think freely and without fear, and to attain that freedom once and for all time.

Today we need to remember the dead and the dying with more than just respect and sympathy for those who went ahead, but with a promise to keep alive the treasures for which they gave lives.

OHIO

CLEVELAND MUST CLOSE HOSTEL

The Cleveland hostel must close on July 15, 1945, because the landlord is not renewing the lease on the building, announced Mr. and Mrs. Max Franzen, director.

The Franzens wrote:

"We realize that this is occurring just at the time that the maximum number of people are in need of the services of the hostel. For this reason, should it be possible to find another building, the American Baptist Home Mission Society would open another hostel for the balance of the year. To date our search has been unsuccessful. In any event we plan to stay in Cleveland for a time after the hostel closes to help evacuees in any way we can.

"At the present we have the hostel fully reserved until the week of June 24. This will give those who come to the hostel between now and that time a minimum of three weeks to make relocation plans. All hostelers will be expected to move from the hostel not later than July 15.

"This stop by the Baptist Home Mission Society does not mean that we regard Cleveland as unfavorable for relocation. We feel Cleveland is as favorable as any other area in the country."

OREGON BUILDER NEEDS WORKERS

Glenn R. Blake, secretary-treasurer of the Building Service Employees International Union Local No. 49 of Portland, Ore., announces that the offer made several weeks ago for Issei and Nisei seeking employment in the building maintenance industry is still open.

Only Nisei are eligible to join the union, but Issei will be assigned and paid the same as members.

"We need men," Blake told a Portland WRA representative. "We've been short of help, and I would like to hear from any Japanese who want to enter this industry in Portland."

MOST FRESNO RETURNEES SUCCESSFULLY RESETTLED

Miss Tsuyako Yamashiro, who is visiting Rivers this week from the Fresno WRA office where she is employed, stated that housing is acute in the Fresno area, and returnees without a home to return to should first look around for housing. She stated that some 700 evacuees have returned to the San Joaquin Valley area and are happily resettled.

Asked about the anti-evacuee incidents in Central California, she stated that it is probably a small group of hoodlums doing the shooting, and that the Japanese are sticking it out despite the incidents.

On the night of May 19, four bullets hit Masaru Miyamato's home near Selma.

Early next morning five shots were fired into the home of Myoka Masada near Caruthers and Elm Avenues west of Fresno.

SHOTGUNS FIRED

On Tuesday night, May 22, about four shotgun blasts were fired at the home of Charles Iwasaki two miles east of Parlier.

Early Wednesday morning a piece of concrete was thrown through the front plate glass window of a Fresno store operated by Mr. and Mrs. K. Komoto. It was the second attack on the Komoto family. On May 5 one of the store windows was broken by a rock.

The latest is the shooting incident Thursday, May 24, when shots were fired at the home of Mimura family in Orosi.

No one has been hurt by these shootings, although the Miyamotos barely escaped being hit. Authorities are anxious to have evacuees report these incidents immediately.

Miss Yamashiro relocated to the Buffalo WRA office in October, 1944, and has traveled to New York City, Washington, D. C., Cleveland, Chicago, Minneapolis and California. During her travels she said she met only one case of discrimination, and that was at a restaurant in Chandler, Ariz.

Seattle Friends Help Evacuees

Seven members of the American Friends Service Committee in Seattle went to the home of Mr. and Mrs. Shigeo Nagaishi last week to paint out the "No Japs Wanted" signs and other crudely painted signs which greeted the Nagaishi's when they returned to their home in Washington.

The group of Quakers, led by Floyd Schmoe, secretary of the committee, also cut the grass, grown long and neglected during the family's absence.

The Nagaishi's had also received a crop of letters, both warning and friendly. After the Quakers had helped them paint out most of the signs, Mrs. Nagaishi said hopefully, "maybe things will be better now."

More than one thousand persons are expected to view the art exhibit, consisting entirely of the work of Nisei and Issei painters, and including that of George Terasaki of Gila River, which opened May 15 at the New Jersey College for Women in New Brunswick, N.J.

The exhibit, in which is represented the work of ten artists in relocation centers and sixteen artists who have been well-known in the East for many years, owes much of its success to the willingness of the following famous persons to lend it their prestige:

SUPPORT GIVEN

The financial support, required to bring the exhibit together, was given by the following organizations:

Gus Nakagawa, Thomas Nagai, Nanpo, Mine Okubo, Sueo Serisawa, Kazumi Sonoda, T. Sgt. Iwao Lewis Suzuki, Sakari Suzuki, Chuzo Tamotzu, Aiko Tera, George Terasaki, Thomas Yamamoto, Harry Hoshizumi.

PVT. IWASAKI

FOREIGN CORRESPONDENT

Pvt. George Iwasaki, former Gilan and member of the News-Courier staff, has turned foreign correspondent from Germany and has written about what a neat job the U.S. Army has done and is doing and the difficult task that lies ahead.

Pvt. Iwasaki's letter in parts is as follows:

442 ND

"The 442nd did a neat job in Italy. They sort of opened up the offensive and they put the finishing touches to it.

"As we stopped in one French city we could tell that the people were happy over Hitler's death and the surrendering of the Nazis.

"Then we went into Belgium. We stopped at one city and ate there. A lot of the boys threw candy at civilians and kids and how they went wild.

"After traveling on we piled off and marched through a town (in Germany). It really is a scene of destruction. I can say that the air force really did a neat job of leveling off the city. There was just enough room for us to march through the street.

"The sailors on board the ship were warned that when they went to town not to go into a lot of the buildings or open areas since they were booby-trapped or mined as yet.

"There's still plenty of trouble even when all the shooting is over. These German people are smarter than you may think. From what the lieutonnant told us yesterday, they'll pray upon your sympathy.

"In spite of everything it's still a swell world except for a few people who mkae it miserable. I say, never leave the states. Even Rivers looks like heaven. I'd give anything to be back there."

WELFARE NEEDS STENOGRAPHERS

Stenographers and interpreters are wanted by Mrs. Swiggum so that she may be a help to the welfare section as well as to the residents of Rivers in solving problems of the Issei.

55, Don Juniors Beat 49, Broncs

The B and BB leagues commenced last Saturday with Block 49 playing the strong Block 55 crew and although outhit only 12 to 8, the scoring was decidely one-sided with the result ending 16 to 2 in favor of the 55 gang.

The 55'ers greeted right-hander Pat Hamamoto with a digit in the first and continued with 2 runs apiece in the second and third inning. The fourth inning was very hectic as fourteen batters came to bat chasing across 10 runs.

Lefty Shosan Shimasaki breezed through for the win entering no trouble.

Shoichi Hotta and Nob Tamura smacked out 3 hits apiece.

At 2:45, the Don Juniors met and defeated the Broncos by a close score of 6 to 3.

Getting only 5 hits off of Kaz Okumoto the Dons were successful in scoring 2 runs in the second and 1 run in the third followed up with 4 runs in the sixth.

Right-hander Kiyoshi Akai was touched for 9 hits but he kept them well scattered allowing 1 run in the first, third and fifth innings.

The Broncos committed 7 errors which enabled the Dons to take advantage.

Hitting honors went to Morito Matsumiya who bashed out 3 hits.

Courier, 65, Fag 9 Victors

At Canal, the invading News-Courier led by righty Masami Nagai experienced a successful win over the Canal High Bears last Saturday by the score of 8 to 5.

With lefty Ben Mitsuyoshi throwing for the Home team both sides commanded, then relinquished the lead, but the Courier finished strong in the fifth, sixth and seventh innings to take the game.

Bobby Yamamoto relieved Mitsuyoshi in the seventh stopping Courier's scoring. Tom Nakaoka hit a homer for the winners with the ball rolling to deep center.

Behind the 8 hit pitching of George Tsunoda and collecting a total of 14 hits, the Block 65 B's captured Saturday's twilight tilt from Blk. 47 by the score of 14-5.

Matsumura of Blk. 47 had a perfect day at the plate singling 3 times in three trips to the plate. Morishita led the victors singling three times in four tries.

Jumping on three chuckers for 16 hits, the Fag "9"'s walloped Blk. 54 by the score of 18-4 to maintain their lead in the lower B league Sunday in a twilight game.

Sugiyama who was touched for only 6 hits in the last three innings was the winning chucker. He also sparked their offensive, collecting three for 5.

55, Don Juniors Cardinals Dump Blk. 65 Beat 49, Broncs 28 Takes Win Over Taiyos

Led by "Freezer" Furuya's 4 for 4, the Canal Cardinals hopped on right-handers Hiroshi Shinmoto and George Kataoka for 15 hits to drub the Block 65 gang by the walkaway score of 15 to 5 last Sunday at 28 field.

After the first two batters were retired, the Cardinals came to life, scoring 5 big runs and followed up with 2 more runs in the second inning. Shinmoto and Kataoka entered more trouble in the fourth inning when 4 more runs were scored.

Right-hander George Egusa had relatively easy time through the first four innings allowing only 1 run, but momentarily ran into trouble in the fifth when 3 runs were scored. Block 65 added their final digit in the sixth, but the Cardinals continued their wholesale scoring by shoving over 2 runs in the sixth and repeated likewise in the ninth inning.

Both sides committed a grand total of 14 errors with Block 65 receiving credit for 8 and these proved very costly as many unearned runs toed home plate.

Besides Furuya's 4 hits, George Egusa was runnerup combing out 3 hits.

28 AT CANAL

Utilizing every hit to full advantage, the Block 28 team sank the Old Timer Taiyos by the score of 8 to 1 last Sunday at diamond 16.

Banging out only 8 hits off of righty Bobby Yamamoto, the winners displayed uncanny speed on the base path stealing a sum of 9 bases, and as usual started the fireworks in the first inning scoring 2 runs on 1 hit. In the third, 2 more runs were scored while no hits were garnered.

Tak Abo who started for the victors was very stingy as he allowed but 1 run and 4 hits in a span of seven innings and successor George Matsuda white washed the Taiyos in the remaining two inning.

The winners tallied once in the fifth and 3 more times in the sixth on 3 hits to ice the game.

Hitting honors for the game was dominated by Tosh Nishino who cracked out 3 of the winners 8 hits, with Kenso Zenimura collecting 2 more bingles.

比良転住所の同胞中から今日までに戦死者十七名内川の町十名山のお七名と死亡者二百七名内川の町六十名山の市百四十七名とを出して居る。

「羅馬は一日にして成らず」という諺は人口に膾炙される処である。今日の文明を點検する時に、宗教も、科學も、美術も一つとして先人努力の堆積ならざるものはない。哲学と云ひ、宗教と云ひ、発明と云ひ、創作と云ひ恰も一哲人一天才の創意の如く偉へられて居る書も、厳密に言ふなら先人の思想を系統立て研究を完成し意匠を飛躍させたに過ぎない。

此の意味に於て吾人は今日招魂祭に當り若くして戦場の露と消えた兵士、大戦の結末を見ずして鉄柵内に逝かれた人々の人類の文化に寄與した有形無形の功績を永久に記念し感謝を捧ぐべきである

学校の子女と開教の猶予

本紙は前号でつい横道に外れてしまったがこれといふのも転住所内の不自然な生活が齎した筆者の愚痴だと想って許して頂きたい○

ところで今や転住所内の学校が閉鎖されるに当り是非共来学年の子女教育問題を解決しなければならない○聞く所によればトパス其の他二三の転住所では所民の名に於て学校存続を当局へ申請して居るさうであるが当転住所副所長シヤリー氏の意見に徴して見ても学校存続の可能性は殆どない○ところが我々の方では例へ少時たりとも学校を休ます訳に行かない○

それで結局どうしたらよいか?といふことになるが要するに「総ての情実を棄てゝ外住し子女教育の途を拓く」かそれとも最後まで踏留つて見るか?右二途の中一途を択ぶ外に道はない○縦ゆる自我を棄てゝ前者を採るかそれとも眼をつむつて後者を択むか○

テキサス州農業 情態を紹介

南部テキサス州を流れるりオグランデ河の下流に沿ふ附近一帯は土地頗る肥沃にして州中最も農業に適し気候及び降雨又好條件を添えて加州に次ぐ農業地帯である○栽培期間は一箇年凡そ三百二十日に亘り雨量も又三十吋乃至四十吋を上下してゐる○

灌漑を要しない地域は普通毎年八月から九月にかけて冬季作物の苗床になるが此の地域に産出される蜜柑類や野菜類は質量共によい○

墨国を境に流れるりオグランデ河の流域は土地最も肥え気候の温さと併て多額の早期産出を見る○
