1358 SEGREGANTS LEAVE

CENTER IN THREE DAYS

NOTED CHRISTIAN LEADER TO VISIT POSTON

Dr. E. Stanley Jones, world-famous author, missionary and evangelist will visit Poston during October 17 and 22 heading a group of outstanding Christian leaders of America and co-workers in the "Youth Freaching Mission" to be presented to the residents.

Since Dr. Jones first trip to India over thirty years ago, he has proven to those suspicious and even antagonistic people what the Western Christianity can mean and discover in Him what all other philosophies combined of the East and West could not find.

An author of numerous books, among them, "Along the Indian Road", "Victorious Living" (cont. on page 2)

Approximately 446 segregants, including the rest of the Unit 2 group and part of Unit 1, left for Tule Lake on the second train, Tues., Oct. 5; and 485, the number remaining in Unit 1, left on the last train, Thurs., Oct. 7.

Counting the 427 who left on the first train Monday, this makes a total of 1358. Forty-two will leave at a later date when their health permits. Probably there will be an increase in the last figure, because many of the 42 are expectant mothers.

A breakdown of the figures reveals that of the first group, 309 were members of families; 42 were repatriates, and 76 were expatriates. In the second group there were 277 from families; 96 repatriates and 73 expatriates. And in the third, family members numbered 295; repatriates 110 and expatriates 80.

ARKANSAS LAW DECLARED

Ted Haas, Project Attorney, had good news for persons of Japanese ancestry this week. He reported that the Arkansas law (Act 43, 1943) which was passed by the State Legislature forbidding ownership and leasing of Arkansas land by Japanese was declared unconstitutional by Attorney General Guy Williams.

IN BIRTHS, MARRIAGES, SHOW

The birth-rate in Poston was not the only record established in Poston for September when 36 babies were born, one on the average of every 20 hours.

Though accurate figures were not available, September may have been the top month for marriages, too, with 22 licenses issued, according to Mrs. Masuda, Ad. Building receptionist.

The mortality rate for last month was also the highest, eight deaths being recorded.

PROCEDURE FOR STUDENT EMPLOYMENT ANNOUNCED

In a memorandum from Francis E. Cushman, Principal of Poston III Schools, to the employment office the following regulations were issued in regards to student employment:

1. No student will be permitted to work more than 20 hours per week nor more than 6 days in any one week.
2. The maximum amount of combined school and work hours in any one day must not exceed 8.
3. To obtain a work permit a student must bring an offer of employment stating the hours during which he will be employed.

No notice of assignment should be given to any student until he presents a work permit. The only signature which will be recognized on the work permit is that of the principal of Miss H.G. Lavarnway, Counselor.

One copy of work permit will be retained in the high school office. One copy will go to the employer and the student will retain one copy.

Students and employers should be reminded that a work permit is valid, only for the job offered and any change of position will require a new work permit. The employer must agree to return the students work permit and a statement telling of the quality of work of the student and reasons for his release when he is dropped.

DEMAND EXCEEDS WORKERS IN MENNEAPOLIS

Absorption of Nisei by Minneapolis industry has been so satisfactory that the WRA cannot supply the demand, stated Elmer Sherrill, Chicago district relocation supervisor, in announcing the transfer of Clement White from the Minneapolis office to Harrisburg, Pa., to be replaced by Harold Mann of Chicago.

Mr. Mann, the new head lists factories, offices, stores, sewing and domestic work as some of the fields the Nisei have filled satisfactorily.

Treatment accorded Nisei in Minneapolis has been both sympathetic and understanding, disclosed Mr. Shirrell.

SHIGEMURA LEADS UNIT I ANGLERS IN FISHING CONTEST

Vieing for a large number of valuable prizes that are being offered, T. Shigemura of Block 12-5-C was leading a large number of Unit I anglers in the closely contested fishing contest with a 5½ pound carp measuring 24½ inches.

According to the contest department of the Community Enterprises Y. Kono of Block 42-5 B is in second place with a 4 1/8 pounder.

In the bass division, E. Yoshinara of Block 15-6-D was ahead of Mac Nishimoto of Block 13-4-D by two ounces to lead in his field. His catch weighed two pounds six ounces measuring 24½ inches.

Anglers wishing to enter the Contest may get information at their respective main canteen.

UNIT III ADULT ED. TO RECEIVE \$30 FROM FUND

An amount of \$30 was voted to be forwarded from the Trust Fund to the Unit III Adult Education Dept. by the Local Council. This move was taken following the Dept's request for the money to be used for the compiling of magazines and newspaper materials for Rev. Mitani's regular lectures.

The meeting conducted on Wed., Oct. 6 is probably the last session to be held by the incumbent members. Now members will take over the duties after the election on Oct. 11.

HARUKO MAYEMURA TO HEAD UNIT I LIBRARY

Miss Haruko Mayemura will be the new Poston I Head Librarian replacing Margaret Kawashima who will leave in November for New York as one of the Co-op resident buyers.

Head branch librarian at Rec. 36 will be Mrs. Mariko Tanaka, succeeding Shizuyo Miyagishima who has left for Tule Lake.

The rest of the Main Library staff includes Mrs. Kiyoko Etow, Ass't lib.; Margaret Sawahata, lib.; and Kimiye Uno, lib. clerk. Two more full-time workers are needed, Miss Mayemura said, and interested persons are asked to see her at the Main Library, Rec. 21.

GOOD CARE OF MACHINERY ASKED

The acute shortage of typewriters make it unlikely that the WRA will get new machines for the duration, so it is of the utmost importance that good care be given the present machines, stated Dillon S. Myer, WRA Director.

Dust and crases grit are the typewriter's greatest enemy, therefore these must be removed every morning with soft cloth. At night the tension on the rolls must always be released. The type should be cleaned with a stiff brush to remove the ink which hardens during the night.

The same general situation applied to other office and automotive machinery.

ARIZONA SCHOOL OFFICIAL TO VISIT POSTON

Dr. O.K. Garretson from the State Board of Education from Arizona is scheduled to be in Poston during the second week of November to visit the Poston school system for accreditation by the State Board of Education.

70,000 WACS SOUGHT AS CAMPAIGN OPENS

Probably the most extensive program of its type ever conducted by the Army, the national WAC All-States Recruiting campaign opened on Sept. 27 with 70,000 women volunteers as the goal.

Every state will form its own company which will later become part of the national All-States WAC Division. In Arizona, Lt. Elizabeth Holman, of the state WAC Recruiting staff has been chosen Liaison Officer for the All-States Division.

Lt. Holman will probably be in Poston before Dec. 7, when the campaigns ends.

UNIT III SCHOOL OPENED LAST MONDAY

The newly constructed Poston III High School officially opened its doors Monday, October 11, at 8:50 a.m. to 305 senior high and 224 junior high school students.

Thus far, the registration record reveals that there are 155 girls and 150 boys enrolled in the senior classes while in the junior high division there are 124 girls and 110 boys attending classes. From the first to the 12th grades inclusive, there are approximately 864 students attending.

HOUSING FROZEN

Housing situation in Poston is frozen until further notice due to the lack of administration policy, according to the Block Managers Supervisors' Office.

I WISH TO COMPLIMENT EVERY RESIDENT.

The mass movement of segregants from Poston to Tule Lake is now history and I wish to compliment every resident of the Poston project who assisted. Segregation was a big job well done.

From the project end, every phase was carried out exactly as scheduled. This was possible because every individual and every group of individuals were highly cooperative.

I should like to personally compliment each person, but since that is impossible, I take this means of carrying the work to you. It was indeed a big job and we can all be proud of the way in which it was done.

Work on the project which may have been sidetracked somewhat in order to give full attention to segregation will now go ahead and life once more resume "the even tenor of its way" with no major changes contemplated in the near future.

Ralph M. Gelvin,
Acting Project Director

SHOE STAMP SITUATION CLARIFIED BY RATION BOARD

The Rationing Board disclosed that stamp No. 18, the special shoe stamp being used in relocation centers from June 15 through October 31, will be good indefinitely because of the change made by the O.P.A. Those persons who have used their stamp No. 18 after June 15 and are in need of another will be able to receive another stamp starting the 1st of November. If they have not applications will still be accepted after October 31.

Persons who returned from short term or seasonal leaves must return their ration books as it is illegal for evacuees to have these in possession in the center.

DEPUTY WRA DIRECTOR PASSES AWAY

Elmer Rowalt, deputy WRA director, passed away last Friday after a brief illness according to a wire received by the Project Director's office.

The late Mr. Rowalt, a native of Ohio, was 40 years of age at the time of his death having spent the major part of his professional life in Agricultural Administrative work.

At the beginning of the WRA, he was selected by Milton Eisenhower to serve as assistant WRA director and later was made deputy director. His judgement, administrative ability and leadership will be sorely missed in the WRA.

WRA PROPERTY MAN
TO TOUR IMPERIAL
VALLEY SOON

L. W. Droeger of the Los Angeles WRA office of Transportation, who has been in Foston in connection with the transfer of segregants' property to Tule Lake, commended the local job as "splendid".

Together with R. W. Schmitt of the Evacuee Property Office, he also clarified the present evacuee property situation. Many difficulties are encountered by the WRA field men who are sent out to locate the household goods and furniture requested by evacuees. When asked for a small portion of their property, the WRA representative must take out everything to identify the few peices wanted. This has occasioned many delays.

If evacuees, at the time of their request, could ask that the remainder of their property be transferred to government storage, much of the work would be facilitated, it was said. Federal warehouses are much safer than private storages, being protected from looting, fire, dust and vermin; and while the government allows only 500 lbs. of property to be moved free from the project to any evacuee's place of relocation, all property from government warehouses is transferred free.

The Imperial Valley district will be covered in the next two weeks by Evacuee Property representatives.

TWO MEMORANDA SENT TO PROJECT DIRECTOR HEAD
FROM UNIT III COUNCIL

K.J. Takashima, chairman of the Foston III Community Council, asked the explanation on the Library Allocation in the following memorandum sent to Project Director Wade Head:

"At one of the regular meetings of the Community Council, the Foston III Library has made a requisition from the Trust Fund for an allocation to purchase a set of encyclopedias which is in great demand by the residents for their research and reference. Before making such an allocation, we have referred this matter to Miss Ethel Manning, Head Librarian, since it was felt that such books should be obtained through the WRA Library project.

"In reply, Miss Manning has presented us with a copy of the memorandum issued by Robert E. Gibson, Assistant Director of Education and Recreation, dated Oct. 29, 1942, which states that only

and evacuees having household goods and furniture stored in that area can help by giving additional descriptions of their property, Mr. Schmitt said. Owners are asked to contact him at the Evacuee Property Office within the next week. Requested goods will probably be shipped to Foston by van, and the rest will go to the federal warehouses in Los Angeles.

After the Imperial Valley district is finished, it is hoped to start immediately on the San Diego Area.

\$4000 of Library books and an additional \$1000 for miscellaneous library supplies had been requested from this project out of a budget of \$14,000 set aside for this project by the WRA.

"Subsequently, we have asked Miss Manning for the reason as to why the project, knowing that there are tremendous needs for a larger allocation for this purpose, only requested \$5000 instead of \$14,000. Miss Manning was unable to make a satisfactory reply to us on this matter.

"Therefore, we are referring to you for your explanation as to the reason why only \$5000 instead of \$14,000 was requested for the 1943 fiscal year for the Foston library."

In another memorandum the Council made the following request in regard to the milk situation:

"Recently in mess halls, announcements were made that the milk supply for Foston residents will be terminated at least temporarily. Consequently, part of those residents (babies, expectant mothers, sick persons, aged ones) who required fresh milk diets for their health, have been suffering tremendously and their pleas and complaints have been forthcoming to the Council to work on the matter to alleviate this critical situation.

The Community Council of Foston III in its regular meeting held on Oct. 6, 1943, decided

FORMER RESIDENT GIVES
RELOCATION ADVICE

Here's a word of advice received from John Maeno, former Camp II Attorney now in Denver, Colorado, for those who are planning to relocate.

If you are traveling vis Ner Mexico, by car, Maeno suggests that since the gas coupon is only good for three gallons there, it would be a good idea to fill up before getting to that state.

It takes about a month to get fairly settled because of transportation problems, he adds, and larger families especially should take this factor into consideration.

SIXTY-FOUR COUNCILMEN ELECTED TO OFFICE AT MONDAY'S ELECTION

Sixty-four councilmen were elected in the All-Poston council election that was held last Monday out of 67 blocks in the three camps, according to the official results released by James S. Yahiro, City Clerk.

A number of incumbents were re-elected to the office, although in some blocks, according to reports, close competition among the candidates were observed. In Unit I, Block 22 was the lone block without a candidate. The results of block 11 was not recorded at the city clerk's office at press time, according to City Clerk Yahiro.

Mrs. Tei Trokey of 328 was the lone councilwoman elected at Monday's election.

All councilmen will be sworn into office within five days, with their respective unit council chairman calling the meeting.

The results are as follows:

ANGLERS VIE FOR PRIZES IN CONTEST

A large number of big fishes were being recorded in Poston this week by anglers as the contest termination date was nearing, it was stated by the contest department of the Community Enterprises.

Hundreds of anglers are out each day trying to surpass the contest leading anglers in each of the divisions. The leading anglers in Unit I this week are Y. Takahashi and Y. Onodera with 24½" and 18½" catches in the carp and bass division respectively. In Camp II, G. Motoike is leading with a 21½" in carp and T. Isozumi with a 15 ¾" bass.

According to the contest division, all fishes will be measured by the length and in case of tie, the girth and weight will be taken.

The Arizona Fish and Game Commission warns the anglers that they must possess angling licenses to fish in the waters surrounding the center, therefore, all contestants must have licenses to be eligible to enter the contest. Indians are the only ones that are not required licenses to fish on the reservation according to treaty rights.

DUKES COP "AA" PENNANT

The Delano Dukes with the Inter-Camp Tournament "Crown" already adorning their heads added another crown when they defeated Orange County 7-5 in the last "AA" League tilt of the season.

Presenting a revamped line up that did not come anywhere resembling the team with which they took the first round O.C. nevertheless made a scrap out of it till the wire. Two bad innings turned victory into defeat for the Orange nine.

Batting once around in the opening cant when H. Nitta, unable to find the plate walked four men with two errors at critical times and four fielder's choice sandwiched in between, Delano jumped into a quick 4-0 lead. O.C. sliced the lead into a single run in their half when they dented home plate thrice on H. Nitta's life on shortpatcher Okida's error, Nishimura's walk and a terrific drive to left center by Sakamoto for a home run.

From then on the game settled down to a pitcher's duel between H. Nitta and K. Yamaguchi.

Delano got two more unearned tallies in the fifth when Nitta's team mates gave him wobbly support. Two errors each by short-

HIRONAKA HALTS TRANSPORTATION NINE

Brilliant curve ball artist "Toots" Hironaka effectively held the strong Unit III Transportation nine to seven scattered blows and allowed but five late inning tallies while his team mates, the Sacramento Panthers garnered seven runs on seven hit to register their seventh victory.

Individual batting honors were acclaimed by second sacker Ray Mori and Ed Yamie both being credited with two safeties in three trips to the platter. stop Furuta and first sacker Kinjo, both playing new positions doing the works.

Each team tallied one each in the eight. Okida dropped a fluke double into left and tallied when Furuta let J. Ikemiya's grounder go through his legs into centerfield. Ura scored O.C.'s tally by virtue of an error by keystone guardian T. Yamaguchi followed by a fielder's choice and a bingle into left by Sugiyama.

O. C. rallied briefly to score another marker in the ninth when T. Kinjo beat out an infield roller and moved around on three successive outs.

DELANO TAKES SECOND HALF

The powerful Delano Dukes bolstered by T. Okida at short swept through six opponents undefeated to cop the second round "AA" soft ball league. O.C. with practically all the stars gone from the team with which they swept the first round finished in the runner up spot while the Ramblers finished in the show spot.

The surprise of the league was Valley who finished fast to take the fourth spot.

発砲脅迫事件

嫌疑者自青年五名逮捕

去る五日のユタ日報紙はプロボ市の日本労働者館府に対し、白人青年五名の発砲脅迫事件を報じて居る。

嫌疑者自青年五名逮捕。その中に依ると去る土曜日夜三時プロボ市南九街と中四東街に在る日本労働者館府とオレム街の日本人住宅にシヨトガン五個及び四〇キマリバットのラキフルを突射しつらんせし星野嬢は足部に軽傷を負ひ他に居合せた二人も射撃されたが幸ひ難を脱れたと云ふ事件が勃発した。

この事件に先立ち二日に亘り自動車から館府に投石した事件から目下嚴重取調べ中である。

尚ほ右事件の発生に關し転住局より同胞館府の移動を許せぬとの強硬なる申入れを受けたプロボ市長モリス・ハーデン氏は月曜日朝市民大会を召集し日本人に対する地方の感情を調べ協議する事になったが會議に列した同地方有力家四十名は青しく日本人保護の誓約をなし暴動行為を取締りこれを犯す者は嚴重処罰し更に全力を盡し人種的排斥及び敵愾心除去に努力すると発表した。

**PROJECT ATTORNEY
EXPLAINS ABSENTEE
VOTING PROCEDURE**

Ted Haas, project attorney, has issued the rules for absentee voters who wish to participate in the coming election in California scheduled for Nov. 2.

On July 10, 1942, the Attorney General of California ruled that citizens of Japanese Ancestry who were evacuated from California residences retained their right to vote in the county of their residence at the time of evacuation, since they could not acquire a residence or domicile of choice in the center.

MAJOR BOLT INJURED

Major Bolt, who headed the army staff connected with Poston's segregation movement, suffered a fractured knee when he jumped off the first Tule-bound train at Fresno, it was learned here Monday.

According to the word received, he had told the engineer not to stop, but to slow down so that he could get off at Fresno, where he lives. In leaping off the car, he sustained the injury.

RATION BOOKS ONE AND TWO TO EXPIRE FRIDAY

Although ration books 1 and 2 will expire on Friday, Oct. 15, the Outside Employment Office will continue to take applications for them up through Oct. 16, because the sugar and shoe coupons

in Book 1 are good until used, Giles Zimmerman, Chief of Employment, reported Monday.

After Oct. 16, however, there will be no more applications accepted for ration books Books 3 and 4 will not be issued in the centers, and must be gotten at the destination of the persons relocating those leaving the center who need shoes between Oct. 16 and 31, will be issued the special shoe stamps which are used by evacuees.

**IDENTIFICATION OF
GOODS AT SVVE ASKED**

Evacuees from Salinas who stored their household goods and furniture at the Salinas Valley Vegetable Exchange should have been asked to call at the Evacuee Property Office.

There has been a mix up in the property stored in the packing shed because of the hasty and careless piling-up of goods and much of it has been found to be without name-tags. About ten families are believed to have used the SVVE shed for a storage place, and they are asked to come and help identify their property, so that articles which have been requested for transfer may be removed.

IN APPRECIATION

"On behalf of the center residents, the Poston Community Council wish to take this opportunity in expressing sincere appreciation to Mr. Toda, Chef, 32 Mess Hall, for his untiring services rendered towards the community in making cakes for weddings, funerals, segregants' farewell parties, and various other occasions. We fully realize that although he is busy with his regular work, he has gladly, and willingly, spared a few moments to do his share for the benefit of the evacuees. To those persons like Mr. Toda, the men behind the screen, goes our thanks for making this camp life a more pleasant one. We sincerely hope that he will continue his unceasing cooperation in the future as he has done in the past year.

Mr. Toda, in turn, would like to extend his gratitude to the residents for their generous contribution for the pastries he had made for them. He is happy to have offered his services to the people and it is his earnest desire to continue so long as materials are available. From the fund received from the cakes, numerous necessary kitchen equipments were purchased, among them being a polishing machine for silverware. Due to lack of proper equipment for cleaning silverware in other dining halls, silverware in some mess halls are somewhat stained and it is Mr. Toda's wish to cleanse these with the polishing machine. All mess halls interested in benefiting from this service are invited to contact Mr. Toda at 32 Mess Hall for making necessary arrangements.

UNIT II POST OFFICE REPORTS SALES

Postmaster Mas Miyasaki of unit 2 Post Office revealed that \$13,478.87 in money orders were handled during the month of September.

Stamps sales amounted to \$300 while \$4928.45 in COD were

handled for the same period.

Mr. Miyasaki also stated that due to Army priority on Christmas shipments, Unit 2 residents are urged to mail their Christmas packages by the 15th of November.

ABSENTEE VOTING

(Cont. from page 1)
registered voters there may send their applications for absentee ballots to the clerk of their election precinct. The applications must (1) be signed in the same manner as at the time of registration; (2) show the place of residence in California and Poston; (3) make clear that the voter means to keep the state of California as his permanent home and will return when able; and (4) set forth other facts to prove the right for absentee ballot. Ballots must be returned not more than 20 and not less than 5 days before election day.

Persons who are registered, but failed to vote at the last election and those not previously registered may not secure absentee ballots until they have re-registered or registered. This may be done by writing to

the County Clerk of the home county for registration blanks in duplicate. After completion before the Poston notary public, they must be forwarded by registered mail at least 39 days before election day.

"WAR PEOPLES VIEW", MONTGOMERY'S TOPIC

Robert Montgomery of the Industrial Arts Dept. of the high school spoke to the YMCA last Friday evening upon the topic, "Views of the People at War."

He lectured his belief that all people will agree upon the necessity of preventing another war. If the allied nations try to punish occupied countries when the war is over, war is very likely to start again in another twenty years. He also stated that allied nations should extend the Atlantic Charter to apply to all people, and should as soon as possible get occupied countries to participate in a World Federation which would govern nations in a way similar to the Federal Government of the United States.

ELIGIBLE EVACUEES MAY APPLY FOR OLD AGE INSURANCE BENEFIT

Eligible residents of relocation centers are entitled to the benefits of the Old Age Survivor and Insurance provisions of the Federal Social Security Act, stated Theodore H. Haas, project attorney.

To be qualified for the monthly Old Age Insurance Benefits, Mr. Haas stated, the applicant must:

1. be 65 years old or older;
2. Have been employed in an industrial and commercial employment in the United States; such as in a factory, shop, mine, mill, store, office, or other place of business or industry including banks, building and loan associations and American ships (in general, the law does not cover jobs in agriculture, domestic service, and government service and religious, charitable or certain other non-profit organization);
3. Have been paid on jobs covered by the law at least \$50 in each of a certain number of calendar quarters (a calendar quarter is a three months' period beginning the first of January, April, July, or October of any year). "Quarters in

which the employee is paid \$50 or more are called quarters of coverage." These can be earned after as well as before age 65, except that in 1937 and 1938 work after 65 did not count.

To qualify for monthly Old Age Insurance Benefits, the applicant must have (s) not less than half as many quarters of coverage as there were calendar quarters during the time after 1936 and before the quarter in which the applicant became 65, 9b) at least 6 quarters of coverage.

Persons having 40 quarters of coverage are qualified as long as they live.

4. The applicant must no longer be working. A person earning less than \$15 a month on a job covered by the law or on a job not under the law is not considered "working".

In addition to the monthly Old Age Benefits payable to the worker himself at age 65 or after, the Federal Old Age Survivor and Insurance system provides for monthly benefits to the members of his family and payments to his family at his death whatever his age if he has the

HORI-KATSUMATA MARRIAGE REVEALED

Fred Katsumata and Mary Jane Hori were united in wedlock Monday evening at 329 Christian Church with Reverend Asano officiating. Attending as bridesmaid was Rose Tanabe and Tom Mukai was best man. Baishakunins were Mr. and Mrs. Toyosaku Koike.

Mr. Katsumata, former 330 councilman and Block Manager, is employed as store keeper, and his bride is a home nurse at the Public Health. The couple will make their new home at Block 330.

POSTONIANS RELOCATING IN BOSTON

In a letter received at the Chronicle from Roger F. Ciapp, Relocation Supervisor in the New England area, disclosed that evacuee arrivals in Boston, Massachusetts are finding the reception very favorable and are locating work in which they are interested without difficulty.

It was also noted that while wages in Massachusetts are not as high as in some sections of the middle west, the cost of living is not as high. This was discovered by Tom Tani of Heart Mountain, just after his arrival, purchased at a restaurant coffee and doughnuts and paid only 10¢ while where he came from it would have cost him 2 bits.

Some of the recent arrivals from Poston are: Sukenori Aizumi, Tokuji Furuta, Ruby S. Imoto, Timiko Ito, Alice Toshiko Kita; Paul Toru Matsumoto, Mitsui Tamaka, Munemitsu, Ray A. Matsuyama, Douglas K. Mizukami; George Iwao Mizuno, Ena Fumi O'Konogi, Tom Takashi Niwa, Ryo Uyeno.

If anyone is interested in writing these people they should be addressed in care of The War Relocation Au-

FEDERAL JOBS OPEN

Federal positions for qualified people in engineering, accounting and clerical fields are immediately available, according to announcement by Robert Dolins, relocation officer in Washington, D. C.

Architects and draft men are especially needed for positions from grade P-1 \$2000 to P-2 \$3200. Dolins states it is a good opportunity for men to utilize their skilled training and professional background.

The General Accounting Office of the U.S. has positions available for highly skilled persons in accounting and related fields and for boys for filing and clerical work. The salaries are from \$1440 to \$4600 per annum plus approximately 21% overtime. No experience is necessary for the clerical work.

Interested applicants are requested to submit their names immediately to the unit field offices and fill out three civil service application forms. Their names will be wired to Washington.

Authority, Room 1700-1702, Post Office Bldg., Boston 9, Mass.

RELOCATION LIBRARY ESTABLISHED IN UNIT II

The relocation library situated in the former welfare office is being established for the benefit of Unit II residents interested in relocating, stated Kenneth Sato, Unit II superintendent of Leave and Employment Office.

Materials presently available at the library include letters from relocators, newspaper from important cities concerning relocation, books on Eastern states and magazines covering evacuees problems.

IN APPRECIATION

I wish to express at this time my most sincere and humble gratification to all of my dear friends, who have made my stay here in Poston so pleasant and happy. During my last 15 months was truly enjoyable which I shall also remember and cherish.

I shall miss each and everyone of you. Sorry I was not able to see each of you individually but since time was so short I sincerely hope you will pardon me. Thanks ever so much again for everything.

"COME ON YOU "LITTLE" JAP"

Taken from Denson Tribune

LSU'S JOE NAGATA--"Come on you "little" Jap, we've got our money on you" roared the rabid pigskin fans while Joe Nagata, Louisiana State University Tigers' young nisei wingback, accounted for one-fourth of his squad's tackle and paved the way for two of the Tigers' five markers as the LSU eleven of the South Eastern Conference beat the Georgia Bulldogs, 34-27, at Baton Rouge, in Huey Long Stadium last Saturday night.

WELL-LIKES--The Tigers' pride and joy has won the hearts of his cohorts on the team as well as at the university and by football enthusiasts.

TALENTED PLAYER--Nagata, a sophomore, displaying his talent on the gridiron for his second year, having already won one football letter, is probably the only Japanese American holding down a first string position in the South. He is one of the only two lettermen returning on this year's LSU team. The youthful handsome lad stands 5 feet 11½ inches in height; tips the scale at 165 and hailed from Eunice, La.

MAKES LONG-RUN--In Saturday's high-scoring hair-raising thriller, the 19 year-old flash made one of the longest jaunts in the final panel, taking a kickoff from his own 10 and reeled off 60 yards before being nailed on his opponents' 30-yard stripe.

RUNS AND PUNTS--Playing blocking back, Nagata carried the ball three times and netted 5.3 yards, and averaged 41 yards on punts. When the hard-fought tussle ended, Nagata was carried off the field after stopping Georgia's aerial attack on LSU's 20 by intercepting a pass in the last few seconds of play. The winners scored the decisive tally in the last 40 seconds of the final quarter.

VOLLEYBALL NEXT SPORT FOR GIRLS

Concluding a very successful softball season the Girl's Rec. Department has announced that as basketball season is still one month away volleyball will be the next sport.

All teams interested in playing volleyball until basketball starts are requested to contact Rec. Hall 36-B for equipment and etc.

NAGATA CAPTURES BAT CROWN

Noby Nagata, Blk. 44's flashy center pasture guardian captured the girls "A" League batting crown with a healthy average of .600. Amy Inouye and K. Kaneko, chucker and right fielder respectively of the Mavorettes took the place and show spots. Following are the first ten batters:

HEARINGS ON

LEAVE RESUMED

Leave clearance hearings, which were temporarily discontinued because of segregation, were resumed in Unit III this week with messrs. Zim me rman, Burge and Drennen, according to Ted Haas, chmn. of the leave clearance hearing board.

view committee which will study and classify the files which are sent from the projects. Final approval or denial of leave clearance will be based on known facts and the new committee's recommendations.

Headed by Robert K. Thurber, WRA Leave Officer, the review board includes Solon T. Kimball, C.M. Featherston, and Allan Markley. Mr. Markley will be remembered as the Reports Officer from Washington who was in Poston not so long ago to aid in the transfer of the Poston Chronicle from Community Enterprises to WRA sponsorship.

THREE SEGREGATION ESCORTS

RETURN, RELATES TRIP

Clifford Snelson, James D. Crawford and Dr. John Powell, who accompanied the first, second and third Tule Lake trains, respectively, as WRA representatives, came back with similar stories, of smooth journeys with a few slight mishaps, with gratifying co-operation from the segregants, military, and train representatives.

The first train, which pulled out four hours late, arrived at Tule on schedule and was met by rain, Mr. Snelson said.

Because the second train started 15 minutes before schedule and made very good time, there was a five hour stop at Klamath Falls after midnight so that segregants were able to have breakfast on the train before arriving, Mr. Crawford said. Morale was high until Tule center with its wire fences, depressing, dull green barracks and lack of trees and flowers came into view. In the afternoon there was a heavy duststorm, not of the light fine Poston variety, but one that was dark and seeping.

Mr. Crawford was very much impressed with the agricultural project. Vegetables were flourishing in the rich, black loam and they were having a marvelous harvest. What he most enjoyed was the lake itself and the sight of thousands of geese and ducks, which were causing Tule and surrounding farms to lose thousands of sacks of wheat. The lake is about four miles from the center, and though evacuees were permitted to go there, segregants at present are not.

The major incident on the trip which Dr. Powell accompanied was the breaking of the coupling on one of the tourist Pullmans at Barstow. Passengers were transferred to a coach, until a standard Pullman was obtained. Though the train left Parker 45 minutes early, this mishap caused a three-hour delay which was never made up.

A population of 18,000 is crowded, approximately 300 to a block, into 60 blocks, Dr. Powell said. Even recreation halls are occupied. An interesting reaction was the fact that many segregants who had come in on the

Two boys are wanted in the Auto Parts stock room, who will learn auto parts and the posting and recording of these items in the stock room.

Three applicants will be accepted for training in printing and operating duplicating machines. Job printing will include operating a job press, type-setting, case learning, recognition of fonts, knowledge of inks, weights of paper, etc. The care, setting up, use and operation of standard Multolith and Mimeograph machines will also be taught.

PART-TIME WORKER MAY WORK 20 HOURS UNDER NEW INSTRUCTION

The problem of student employment was discussed at an Administrative committee for school meeting that was held on Oct. 2, due to a number of requests from division heads who must depend upon part time workers of school age for the performance of certain duties.

It was agreed that Administrative Instruction 28, Revised, Aug. 4, 1943, Section 7, would permit the part-time workers to work a maximum of 20 hours a week after an authorization from the school principal.

The following part-time work arrangements are permitted in Instruction 27:

1. On school days no student may have a combined school and work day of more than 8 hours per day, they may work only 2 hours per day on school days.

2. Saturday and Sunday hours of work may be such as to permit a maximum total of 20 hours of work per week.

3. No student may work on more than 6 days of the week. Thus, a student who works on Saturday and Sunday must have one school day in the week on which he

will do no part-time work for compensation.

4. The student who is not employed on Sunday may work a maximum total of 18 hours per week, including an 8 four day on Saturday.

5. Post-graduates who have passed their 18th birthdays are not limited in the hours of their employment.

6. In special cases a student's school program may require less than 6 hours per day in school attendance. The principal is authorized to increase the number of hours of employment permitted in such cases in an amount equivalent to the reduction in the length of the school day.

7. The increase in the number of hours of part-time work permitted under this interpretation does not mean that all students employed on part-time work are to receive credit for 20 hours of work regardless of the actual amount of time spent on the job. They are to be paid only for the number of hours during which they actually work. The principal of a school issuing work permits is instructed to cancel the work permit of any stu-

FORMER TULEAN WITNESSES SOUTHERN HOSPITALITY

For the benefit of those unaccustomed to the distinctive brand of Southern hospitality, the following incident is related. It happens frequently.

Early this week a local resident boarded a bus to go to McGehee. At one of the next bus stops, a Negro woman got on and since the vehicle was full, the Densonian, trained in Western courtesy, offered his seat to the Negro woman.

Although she was surprised at this gesture,

The picture "Land of Enchantment" are scenes taken in Japan.

she accepted the seat. Then came the storm.

The seat happened to be toward the front of the bus and so the driver sent her to the back.

The bewildered Densonian, a recent arrival from Tule Lake, looked on with amazement as he saw the bus driver push the Negro woman to the overcrowded back rows.

He had heard of such practices in the South, but this was his first encounter with them and he was stunned.

When the Densonian returned to the Center that day, he was a more experienced man, having witnessed at firsthand some of the incongruous ways of the South.

EX-O.S.C. GRIDDER HELPS U. OF UTAH

(Taken from Minidoka Irrigator)

When Coach Ike Armstrong of the University of Utah football team had a look at the season's grid prospects he found among them, Jack Yoshihara, place-kicking artist of the 1941 Oregon State Rose Bowl team.

"Chuck" as he is known to many of his friends, is located from this center to Salt Lake City, Utah, and was working at a meat packing company, before entering the U. of Utah. Powerfully built, he weighs close to 200 pounds and reaches the six foot mark. Prior to his college days, "Chuck" played fullback for the Benson High School eleven in Portland and really made a name for himself. At Oregon State, he devoted most of his time to place-kicking and played the end position.

the mighty Sacramento Panthers at the 229 ball park Sunday morning starting at 8:30 o'clock sharp.

In this return game, the Firemen's will endeavor to smash the winning streak of the Sacramento, boys who have one hard earned victory over the Firemen.

1236 RETURNING ON GRIPSHOLM

According to the latest International News Service report, some 1236 American citizens are en route to the United States aboard the exchange steamer Gripsholm following their release from the Japanese internment camps.

This group of Americans released in an exchange of prisoners between the U.S. and Japan through the American Red Cross and neutral Swiss authorities includes a large number of missionaries, educators, Government service employees and American news correspondents.

The exchange was made at Mormugao, principal port of the territory of Goa, Portuguese, India.

GEN. CLARK PRAISES NISEI BATTALION

In a communique issued to the press last Friday morning from General Mark W. Clark's headquarters in Italy indicates that the 100th battalion composed of nisei from Hawaii, has been in active service as an advance guard unit, according to the wire received by Project Director Wade Head.

The battalion has displayed superior combat discipline and coolness under fire, and have handled weapons with confidence and skill, the wire stated.

The morale among the troops have been of the highest order. Greatest fear expressed by the members of the battalion has been that they might be wounded and sent to the rear, thus being separated from their unit.

THEY ARE AMERICAN CITIZENS

Reprint from Chicago Sunday Tribune

Elmer L. Shirrell, supervisor for the war relocation authority area here, says that American citizens of Japanese ancestry, "the most industrious, frugal group of workers this country has ever known," are "deteriorating shockingly" in relocation centers. He says those who are released to civilian jobs complain about hard work, when before Pearl Harbor they worked from dawn to sundown.

Mr. Shirrell urged a group of officials from 10 western relocation centers to use every effort to persuade the loyal Japanese to find jobs in Chicago, among other places.

That ought not to be too difficult, there are plenty of openings here and elsewhere, and they can be made relatively attractive by making life in the relocation centers less comfortable than it is.

The people in question are American citizens by virtue of birth. They have rights and responsibilities as Americans. They should not be pampered by social workers. They can and should stand on their own feet, and we have no doubt that with a little encouragement they will do so.

Perhaps congress should create a relocation system with some reality in it. Left to themselves, the New Dealers won't do it.

Chicago has shown a spirit of tolerance that the Japanese-Americans have found in few other places in the United States, and nowhere, we believe, outside the middle west. Chicago boys are the best Jap fighters in the nation, but we do not carry that hatred to Americans of Japanese ancestry who have proved their loyalty.

In Chicago, the internees will find a place where they can contribute to the victory of this, their country, and to the destruction and death of that war monster which they hate as bitterly as the rest of us do. Chicago is a city of hard work and it offers no sinecure. Neither should the relocation centers.

SCHMIDT AND PARTY RETURNS

RW Schmidt, Evacuee Property Officer, Reverends Kurahashi and Ishihara, and Mrs. Cecil Itano of Granada Center returned last Sunday night from their trip to Los Angeles.

Schmidt and his party had gone to Los Angeles to take care of the evacuee property which had been stored in the Nichiren Temple.

Schmidt stated that the trip had been very successful. All the property that had been in the Nichiren Temple are now in government warehouses and will be shipped as requested as soon as transportation is available.

He also expressed his gratitude for the assistance of Mrs. Itano in this project.

\$15,250 ASKED BY ED. DEPT.

An allotment of \$15,250 for library funds for the fiscal year 1943-1944, for the purchase of needs for the school and public libraries, was requested by the Education Dept., according to Dr. A.L. Harris, Director of Education.

Dr. Harris stated that they have not received definite information as to the final allotment in the budget for libraries, but on the basis of over all reductions which have been made on the budget estimates, it seems that the Education Dept. can be fairly certain of the sum of \$12,000 for the purchase of books this fiscal year.

It has been agreed that purchases for the Foston Public Library should be made from these funds to whatever extent is possible after the needs of the school libraries have been met.

THREE WELL-KNOWN EVANGELISTS TO SPEAK THIS WEEK

Three outstanding well-known evangelists will arrive in Poston with the Dr. Stanley E. Jones' Youth Preaching Mission during Oct. 17-22. Dr. Frank Herron Smith, well-known and former superintendent of the Japanese Methodist mission on the Pacific Coast will speak to the Boston Issei and Nisei. Dr. Smith went to Japan as a missionary in 1905 after having served as pastor in a Chicago Methodist Church, and was stationed at Nagoya and Nagasaki until 1914.

Dr. Isaac Shaver, a graduate of the Tokyo School of Language and Culture and an evangelistic worker in Japan for 20 years who has worked as superintendent of the Matsuyama District Methodist Mission in Japan as well as instructor of English and Matsuyama College of Commerce, will also speak to the Poston audiences. At the present Dr. Shaver is serving as pastor as well as the organizer of the Japanese Methodist Church in Caldwell, Idaho and is deeply interested in the Japanese in America.

The third evangelists

is Miss Jessie Trout, secretary to the internationally famed Christian leader and social worker Dr. Toyohiko Kagawa, who will speak of her long and intimate experience concerning Christian work in Japan. A keen student of world affairs and having spent much of her time translating Dr. Kagawa's works into English, she can better understand and interpret the Japanese people. Miss Trout was forced to give up her work in Japan because of the condition which led up to the war, but she confidently looks forward to the time when Christian workers may again go into Japan with the gospel messages.

THANKS

We, the F.T.A. and Women's Association jointly wish to thank Mrs. Tachibana for her generous donations. Mrs. Tachibana is the original organizer of the P.T.A., Unit I.

LARGE CROWD ATTENDS FIRST MEETING

Dr. Frank Herron Smith, dynamic Christian speaker and worker in both the United States and Japan, delivered the first of a series of meetings of the "Dr. E. Stanley Joens Youth Preaching Mission", last Sun. evening, "Making a Better World", before an attentive, capacity Nisei audience at Blk. 5.

Dr. Smith stressed the great need for each individual to come to know the eternal laws and truths of God in respect to God, individual, and others as well as to the great responsibility which rests on each and every individual to do every bit of his share in the making of a better world.

MEDICAL LICENSE ISSUED NISEI POPULATION

The first license to a Japanese American evacuee to practice medicine in Colorado was granted by the State Board of Medical Examiners to Dr. Howard Suenaga, 34, born in Hawaii, of Denver, a graduate of Jefferson Medical College, Philadelphia, and formerly of Guadalupe, California.

When the evacuation of the West Coast was ordered, he was placed in charge of the hospital at the Tulare Assembly Center, under orders of the U.S. Department of Health, and later at the request of the War Relocation Authority, was transferred to the Heart Mountain Relocation Center, so that his skill in surgery could be utilized.

Dr. Suenaga said he believed the State Board of Medical Examiners, had been very fair in granting him a license to practice in Colorado, but pointed out that as he has volunteered for military service and is waiting to be called to the armed forces in the near future, he will be unable to practice in that State.

IN APPRECIATION

Our dear friends of Poston:

Through the courtesy of the Poston Chronicle, we are taking this means of expressing to our friends and fellow residents of Poston, our sincerest thanks for the kind friendship we have enjoyed in this community. It has been a privilege to be counted one among you and to enjoy the opportunities of service accorded to us. Our thanks is extended not only to the niseis but also to the Isseis and the many caucasian friends.

Those of you who are planning to relocate in Chicago, or who may be passing through that city, we would like to hear from you, and if we can be of any service in any way, we would be most happy. Our mailing address will be: c/o Advisory Committee to Evacuees, 189 W. Madison Street, Chicago, Illinois.....

Sincerely yours,

----Minidoka Irrigator

Whenever you "hostile" players lose a game, stop and think what the great Knute Rockne used to tell his team before a game. In this battle that goes on thru life,

Give me but a field that is fair

A chance to be equal with all in the strife

With courage 't o strive and to dare,

If I should win, let it be by the code

With my head and my honors held high

And if I should lose, let me stand by the road

And cheer as the winners go by.

14 ARRIVE FROM TULE

Escorted by C.J. Benz, industry head at Tule Lake, 14 persons arrived Monday morning in Poston from that center to make their homes with their immediate families who reside here.

The transfers, who were frozen in Tule because of segregation, include Alice, Kichizo, Yukiyo, Fusaye and Toshimi Hirahara; Shoso, Motoichi, Nakaye, Hisashi and Ayako Nakamoto; Sanjiro and Kin Mayeda; and Mary and Amy Umata.

Mr. Benz, who made a tour of Poston, declared that he was very much impressed with the

(cont on page 2)

With the turn of the New Year, management of the Colorado River War Relocation Center will pass entirely into the hands of the War Relocation Authority, according to information released by W. Wade Head, project director, on his return from Washington this week. The center is now operating under the joint direction of the Indian Affairs branch of the Department of the Interior and the War Relocation Authority.

The change means little, as far as the residents of the center are concerned, Mr. Head stressed in making the announcement to a joint meeting of the Community Council, the local councils, block managers and city hall staff members of all three units, held in Ward 7 at the hospital Thursday afternoon.

Administrative officers and appointed personnel will remain here at Poston in the same positions they now occupy, it is planned. Construction, subjugation and all other work will be continued on the same basis. In fact, Mr. Head declared, nothing will be changed as far as actual operation of the center is concerned. The only difference, as far as the evacuees and personnel are concerned, is that their pay checks will be drawn

YOUNG CONSTRUCTION WORKER ELECTROCUTED ATOP ROOF

Harold Mamore Imoto, 28-year-old worker on school construction, was electrocuted by live wires carrying 440 volts at approximately 10:45 o'clock

Thursday morning.

Young Imoto was at work on the roof of the elementary school auditorium building when he slipped and grasped at the wires to keep from falling. He hung from the wires with both hands until a co-worker loosened him with a broom. Rushed to the hospital, he was given artificial respiration for over two hours, without success.

He leaves his mother, Kimi Imoto of 37-7-D. A sister, Ruby, was a dentist at the clinic until she left last September to work at the Forsyth Dental Infirmary in Boston, Mass. Thomas, a brother, left for Detroit last Aug. The family was formerly of Costa Mesa, Calif.

The victim was a 1938 graduate of the U. of California with a B.S. degree, and came to Poston early this year after receiving an ho-

LIGHTNING WRECKS UNIT 3 TRANSFORMERS

Lightning struck near the main transformer in Unit III early Monday afternoon, setting fire to one of the main switches and causing a noise that "sounded like the whole camp was going to blow up," Moris Burge, Unit III director who was on the scene, said.

The transformer pole caught on fire and flame spurted out of three fuses, but the blaze was put out within a few minutes by the Fire Dept. Unit 3 was without electricity for two hours while the Maintenance Dept. worked in wind and rain to

COMPLETION OF LEAVE CLEARANCE EXPECTED BY JANUARY 1

January 1, 1944 has been set by Director Dillon Myer as the deadline for the completion of all leave clearance hearings, Ted Haas, project attorney, said today.

In order that the remaining dockets may be taken care of within the next two or three months, a special review board of 8 "high-ranking key people" has been drafted in Washington to consider the files and recommendations which are returned from the projects.

from a different fund.

Mr. Lead, who has spent the past month in Washington, on business concerned with the transfer of operating authority, brought back with him letters of appreciation from Hon. Harold L. Ickes, secretary of the interior, Hon. John F. Collier, commissioner of Indian affairs, and Hon. D.S. Myer, WRA director, to the evacuees and personnel, for splendid cooperation given them. They also expressed their continuing interest in the project and their desire to do anything they could to further the interests of the people here.

These board members are devoting from 50 to 80% of their time on the leave clearance dockets, it was said.

Project Director Wade Head has been authorized to send as many capable men to the local leave clearance hearing board as he considers necessary to speeding up work on the dockets which are expected from Washington. About 450 dockets have already been returned to the project from Washington, including the 100 which were received last Tuesday. The remainder, comprising at least 300 more are expected to arrive shortly.

When the leave clearance hearings are finished, all evacuees remaining in relocation centers will be eligible for leave. It is hoped that a speed-up in relocation will result, Mr. Haas added.

UNIT III PTA MEETING SLATED FOR FRIDAY

Important meeting to discuss the centralizing of nursery schools and kindergarten will be held at Blk. 324-9 from 2:30 p.m., Friday on Oct. 22.

FRESH MILK DELIVERY TO RESUME TODAY

C.E. Snelson, Chief steward, announced yesterday that the fresh milk delivery to Poston will resume today with the dairy delivering the milk by their own trucks.

Through the untiring efforts of Mr. Snelson, the project will be able to get 2500 quarts of milk daily. It is expected that the amount of milk will be ample to supply the needs for the babies, invalids and expectant mothers. During the curtailment, Poston was receiving only 300 quarts every other day.

REGISTRATION STILL ON FOR TRAINING

Unit 2 registration for commercial courses, including project office practice, book-keeping, shorthand, and typing is still going forward, Dr. John Fowell C.A. Director announced Wednesday.

The Adult Education Dept. under Mrs. Kezeni is offering these courses in cooperation with the Vocational Training program directed by Eugene C. Paine, of Dr. A.L. Harris' staff.

of Blythe and just west of Poston.

The origin of the alligator is unknown, but it is believed that near the turn of the century the Santa Fe Park at Needles had several alligators in an enclosed pond. The park is gone now and so are the alligators but they may have escaped and made its way to the river near by.

PROJECT ATTORNEY DESCRIBES BASIS OF INTERNMENT

(Ed. Note: Since questions have arisen concerning the internment of alien enemies, Theodore Haas, Project attorney describes briefly below the legal basis for their detention or internment.)

All citizens of hostile nation or government, fourteen years of age or within the United States and not naturalized, are liable to be apprehended as alien enemies, according to Section 21, Title 50 of the United States Code. The President is authorized to establish regulations necessary for the public safety, stated Theodore Haas, Project Attorney. Pursuant to this statutory authority the President issued proclamations and regulations.

The alien suspected of actual hostility to the United States or other crime against the public safety is given a hearing before an alien enemy hearing board, which is under the administrative control of the Alien Enemy Control Unit of the Department of Justice headed by Edward J. Ennis. The alien is ordered detained or released upon the basis of the hearing.

Most of the alien enemies of Japanese ancestry have been interned at Santa Fe Detention Camp, Santa Fe, New Mexico, whose Officer in Charge is Loyd H. Jensen. The Alien Enemy Internment camps are administered by the Department of Justice and the War Department.

POSTON MAY GET SOYBEAN MILK

Poston will soon have ersatz milk made from soybeans to alleviate the lack caused by the nation-wide milk shortage, if all goes well with the equipment which the Steward's department has obtained from Phoenix.

At present it is planned to experiment with the milk substitute in Unit III only, in conjunction with the tofu industry which will supply the soybeans. If the milk agrees with Poston palates, arrangements will be made to have the milk made available to the other units.

Soybean milk has a higher protein content than cow's milk and is said to be richer in minerals.

POSTON'S FIRST VOLUNTEER VISITS HERE

Private Charlie Michito Nakamura of the 552nd F.A. Battalion, B Battery, Camp Shelby, who was the first army volunteer from Poston, returned here last week-end for a two-day visit, wearing shoes.

Originally from Wai-ahua, Oahu, where he was active in recreational work, Charlie volunteered before the official recruiting in relocation centers began, while he was a Unit I police inspector. Before evacuation, he attended Redlands, majoring in physical education and acting as swimming coach. In Poston he achieved a sort of fame from his

"POSTON MUCH BETTER", SAYS

TULEANS

Poston is cleaner and greener than their former home in the eyes of former Tuleans who arrived here Monday morning as transfers.

Alice Hirahara, who came with her parents, mother and sister, exclaimed at the coldness. "We expected it to be terribly hot," she said. She hadn't had much chance to look around camp, but she thought she would like it here. "Tule is bare, and it's nice to have trees again." The Hirahara's apartment in Block 32 is fronted with a line of tall, slim tamarack trees.

"We like Poston much better," Mrs. Nakamoto, another newcomer from Tule said. She, her husband and three children are now at home in Block 31. Entangled in home-making, she hasn't seen the rest of Poston yet, but her first impression was of the

neatness, she said. The Nakamoto family is originally from Salinas where they had a farm.

The pretty sisters, Mary and Amy, have located themselves in Block 2; and Kin and Sanjiro Miyeda are new additions to the Unit II population.

habit of going barefoot. Charlie's brother,

Eizo, enlisted two years ago and is at

present with the 100th Infantry Battalion, which participated in the Salerno fighting. He was last heard from in North Africa, prior to leaving for the front.

IMPROVEMENTS DISCUSSED BY UNITS MGRS.

Improvement of apartments in Unit III was the main subject discussed at the Unit III Block Managers meeting that was held last Tuesday morning at Blk. 306.

Problems discussed at the meeting were:

1. A survey will be taken to determine the number of rolls of linoleum needed to complete the layings.

2. Wall papers will be distributed soon to the block managers who in turn will be responsible for the methods of tacking it up. Experiments on the wall papers, durability and amount needed is being made at Blk. 310-12-B.

3. One person without fail from each block will be asked to help complete the Boston Square Garden Swimming Pool each day. Department heads are requested to allow their employees to work on this project when his turn comes.

4. Weekly census on population, including seasonal return and visitors will be taken by respective block managers.

make temporary repairs, Mr. Burge added.

One oil circuit breaker was completely destroyed, and together with the three wrecked fuses, the damage is estimated at about \$300. Since all the equipment destroyed is critical material which it is almost impossible to obtain, it is not known when the transformer can be permanently repaired, Kenneth

UNIT III COUNCIL MAKES REQUEST FOR MAIL TRUCK

The Community Council of Boston III in a memorandum to the Project Director, W. Wade Head, made an urgent request for one mail delivery truck exclusively for the use of the Post Office of this unit.

In view of the necessity of handling greatly increasing mail and other Boston matters to be expected for this coming Holiday Season makes it more necessary for this request.

Heretofore, the Post Office has been relying on trucks shared by several departments, due to irregular arrivals of mails and other postal from the Unit I Post Office, it has been not only very inconvenient for the transportation department to furnish the truck, but also to the Post Office and Block Managers who are entirely dependent upon the availability in regularity of such delivery truck.

In an another memo to the Project Director, the Community Council requested that the delayed Clothing Allowance be brought up to date at the earliest possible date.

LT. KLEIMAN VISITS CENTER FOR RECRUITMENT

Lt. M. Kleiman of the U. S. Army Air Corps was in Boston Wednesday to interview evacuees who might be interested in special service with the Army in civilian capacities as linguists, typesetters, radio operators and pressmen.

D.C. ALLOWS ONLY \$5000 FOR LIBRARIES

The library fund question raised recently by K.J. Takashima, chairman of the Unit III Council, in a memorandum to the Project Director recalls the manner in which the library budget for Boston was set up, Dr. John Powell, C.A. director states.

It was not generally understood, Dr. Powell says, that though the San Francisco office of the WRA originally allotted \$14,000 for purposes of establishing a school and community libraries, the budget returned by the Washington offices of the WRA and Indian Service to Miles Cary, then director of education, allowed only \$5000 of this figure for the setting up a library in this center.

All the above, however, applies to the fiscal year 1943, and the fund mentioned has already been used for the allotted purpose.

The library budget for this year has not yet been officially approved, but it will probably amount to \$12,000, T.D. Culbertson, Chief Proprietary Accountant, disclosed.

NEW MEMBERS ADDED TO BOARD

Six new members were added to the Clevelandance Hearing Board on Oct. 20 by Project Director Wade Head after his return from Washington, in accordance with the new WRA policy of speeding up hearings on the new dockets as they are sent down.

Those named are Walter Balderston, Pauline Brown, Frances Cushman, Arthur Harris, Dallas McClaren and Dr. John Powell. The board, chairmanned by Ted Haas, now has thirteen members including the unit administrators Moris Burge, Len Nelson and James Crawford; Ralph Gelvin, Giles Zimmerman and Ralph Drennen, executive secretary.

HOUSING IN CENTER RELEASED

Housing in the project was released with the return of Project Director W. Wade Head from Washington, D.C. Wednesday morning.

The following rulings have been established for the release, effective Thursday, October 21:

All transfers are subject to approval by the Block Manager or Block Council and must be reported to the Block Managers Supervisor's office in order to keep housing records.

Transfers within the block shall be maintained by the Block Manager.

Movement between blocks shall be made only in such cases of over-crowded apartments or where there is a necessity of such transfers to equalize the block.

Transfers of less than three persons will be discouraged unless in the case of over-crowdedness, newlyweds, or special cases.

All blocks of average population of 150-185 must maintain a quota of 185 or better.

Requests for space for church, YMCA, etc., will be arranged later.

All transferees must notify their change of address to the proper authorities.

NEW WRA

OFFICE OPENS

A WRA office has been opened at 309 Keeler Building, Grand Rapids, Michigan with William Ker-Stimon as relocation officer in charge, according to a wire received by Project Director W. Wade Head from Harold S. Fistere, relocation supervisor for the Cleveland area.

MISS YAMAGUCHI TO ARRIVE HERE FOR CLASSES

Miss Catherine Yamaguchi, itinerant nurse from the Pacific Area office of the National Red Cross, will arrive in Poston on Nov. 10 for a two-month teaching period ending Jan. 10.

Her schedule includes eight classes in Home Nursing, four to be completed each month. The classes will probably meet three times a week for a two-hour session, and will be taught in both Japanese and English.

Registration is being taken in the Red Cross offices in all Units.

COUNCILMEN

HONORED

Honoring the outgoing and incoming Community Councilmen a dinner complete, with "mysteriously-imported Chinese entertainers", was held last Thursday night at Mess 32.

DR. JONE SPOKE BEFORE RECORD CROWD WEDNESDAY

Dr. E. Stanley Jones, outstanding, world-famous Christian evangelist and missionary, with the able translation into the Japanese language by Dr. Frank H. Smith, delivered the first of his three messages at Block 4 Stage last Wed. evening before an expectant and attentive audience.

Dr. Jones clearly presented the philosophy of life taught by Jesus, the headstone of the Christian religion, by which men can rise above fate and circumstances into victorious life to the end.

He also compared the present situation the Japanese evacuees find themselves in to that which faced Simon, the bearer of Christ's cross to Calvary. Simon was an innocent bystander who was compelled to suffer through no misguided action or step on his part—but yet who found victory by being thrown in with the company of Christ.

Dr. Jones' books, "Abundant Living," "Along the Indian Road," "Christ and Human Suffering" and many others have arrived at the Church Headquarters and are available to those interested.

EMPLOYMENT OFFICER EXPECTED HERE

Harold James, Employment Officer from Washington under Leland Barrows, Executive Officer, was expected this week-end in Boston to discuss personnel management.

Definite word has not been received, but it is probable that he would be accompanied by Duncan Mills

TEMPLE STORED GOODS TO BE SENT HERE FOR IDENTIFICATION

Evacuee goods stored in the ravaged Nichiren Temple in Los Angeles which were unidentifiable will arrive in Poston within the next two or three weeks so that the 25 Poston families who left their possessions at the Temple can claim them, R.W. Schmitt of the Evacuee Property Office disclosed Wednesday.

All the identified goods have already been sent to the government warehouse in Los Angeles, and the pile that is coming is that which the Revs. Jitei Ishihara and Chikyo Kurahashi, and Mrs. Cecil Itano were unable to identify but which they believe belong to Poston evacuees. Rev. Ishihara was pastor at the Nichiren at the time of evacuation and Rev. Kurahashi was his assistant. They were allowed to return to Los Angeles to try and restore order to the pillaged property, and Mrs. Itano, who is from Granada, went along as interpreter and assistant because of her close association with the church members for 15 years. After their return here, a meeting was held to inform the 25 families of their property's present situation.

A similar pile of goods is to be sent to Heart Mountain where an equal number of families will attempt to identify the belongings which they stored at the Temple. If the piles are not completely identified and claimed, there will be an exchange between Poston and Heart Mountain so that further ownership can be established. Some of the goods will probably never be identified, Mr. Schmitt said, because the owners are scattered in other relocation centers as far away as Arkansas, some have relocated and others have even been repatriated.

About a hundred families had entrusted their possessions to the sanctuary whose sanctity was not respected. According to Mr. Schmitt, the pillagers seemed to have systematically worked at night for a couple of weeks, hauling away on trucks the goods they wanted. The party who was entrusted with the care of the Temple and the evacuee property, was found to be unreliable and abusing given authority.

Mrs. Itano is now in Poston and will probably remain here to assist when the goods arrive for identification. She was the last person to store her property in the Temple before evacuation, she revealed. At that time the stuff was neatly stowed under and on the church pews, she said, and the scattered and damaged mess which she and the pastors encountered on their clean-up mission was shocking.

Enough dishes were broken to supply a canteen mess hall. Pictures which were probably precious to those who put them away were found strewn over the floor. Most of the clothing was treated with equal carelessness. Items like sewing machine motors and refrigerators, which seemed to the pilferers to be readily convertible into cash, were stolen.

The tragedy of it, Mrs. Itano said, was not

NOISE HINDERS CLASSES

The noise caused by the heavy traffic on the north and south road by the present location of the elementary school is very disturbing to the classes according to Dr. Harris, Director of Education.

Many vehicles drive too fast along the street both on the east-west and the north-south streets bordering the school buildings. Although the students have been instructed to keep off streets, there is a probability that serious accidents will occur unless drivers are extremely careful.

The Police Dept. is being requested to do what they can to eliminate the noise.

so much the lost monetary value but the unpurchasable loss of accumulated souvenirs, keepsakes and other possessions which had acquired precious meanings for their owners. Since her arrival here, women who have characteristically remembered just how they packed their things away have asked her question after question about their photograph albums, their Japanese kimonos, and their pots and pans, which she has been hard put to answer.

Mrs. Itano herself was only able to find 50% of her goods. A set of "ju-bako" of which she was especially proud was gradually found, piece by piece, lying in different parts of the room. Prized pictures of her flower arrangements, for which she was quite well-known in southern California, were just as scattered.

DR. KASUGA SCHEDULED TO SPEAK IN UNIT III

Dr. K. Kasuga, an authority on Tuberculosis of Unit I is scheduled to address Unit III at the 310 Mess Hall on Wed. evening, Oct. 27, at 8 o'clock. Everyone is urged to attend as this will be perhaps Dr. Kasuga's last lecture here as he will leave soon for the outside.

FISHING CONTEST DEADLINE NEARS

Community Enterprises fishing contest, started since the beginning of September is nearing its dead line. Following are the size and weight of fishes caught up to date in Unit III.

In the carp division Kondo of 327, 22" 4 lbs 12 ozs; Kawanoto of 309, 16" 2 lbs 3 ozs.

In the bass division Taniguchi of 306, 20", 5 lbs 8 ozs; Nishimura of 327, 19½" 4 lbs 10 ozs.; Takahashi of 309 20" 4 lbs; Kodama 318, 18" 3½ lbs.

Two persons with a big catch were disqualified because they failed to possess licenses.

SALINAS VALLEY TO MEET FIREMEN

Unit II's strong Salinas Valley nine will play host to the ardent Firemen aggregation of Unit III on Panthers Field this Sunday commencing promptly at 2:30 p.m.

VISITING SERVICEMEN:

Camp Shelby, Miss.: Sgt. Kiyoshi Miyahara; Sgt. Mickey Ogata; Pfc. Richard Furukawa.

Others: William Yamada, Ft. Custer, Mich.

ENGLISH CLASSES TO COMMENCE

English class for Issei and Kibei and translation class for the Nisei will be open to all those interested. Four English classes will be held during the morning.

Please register at the Adult Education Dept. at 310-13-A by October 30th.

LIBRARIAN SOUGHT FOR BLOCK 36

Miss Haruko Mayemura, Head Librarian, reports that the Branch Library at Rec. 36 is without a head librarian and that a responsible person with the ability to read and speak both English and Japanese is needed for the job. There is no age preference and any qualified nisei, kibei or issei is asked to apply at the Main Library, Rec. 21 as soon as possible.

COUNCILMEN HONOURED

(cont. from page 1)
bers of the Judicial Commissions of all three units, and the heads of the Red Cross, Police and Fire Dept. Thomas Masuda acted as toastmaster for the evening and speakers were K.J. Takashima of 3, newly elected Council Chairman; Project Director Head, S. G. Sakamoto of 2 and Y. Kawasaki of 1.

After the dinner, with Messrs. Sakamoto and Kawasaki as program chairman, impromptu entertainment was given.

Appreciation is expressed by James Yahi-ro, City Clerk, to all those who had much to do with the success of the affair--Messrs. Abe of 45, Okamoto of Unit 1, Kuroiwa of 2 and Toda, chef of Mess 32.

FORMER LAW DEPT. WORKERS MAKING GOOD

Ted Haas, project attorney, reports that all the former law dept. members who left for outside employment indicate by letters that they are glad to have relocated.

Franklyn Sugiyama, who was Poston's first City Clerk and chairman of the TCC, writes from the Hudson Coal Co., Sweet Mine, Utah, that he headed the Bond Drive last month among the Japanese there. He encourages evacuees who are contemplating relocation.

Miwako Yamamoto, another legal office member, who is in New York, writes that she has taken and passed the Civil Service examination for typist clerk. She suggests that girls take the exams before leaving the center.

Yoshiye Yamada, former supervisor of law dept. secretaries, and Lily Yoshimi, deputy clerk for the judicial commission, are among those who left for Tule Lake. Yoshiye is now working in the project attorney's office at Tule, and Lily is in the evacuee property department.

BASEBALL PICTURE THIS WEEK

The movie department is PROUD TO PRESENT (like the man sez) THE PRIDE OF THE YANKEES as next week's feature. Gary Cooper and Teresa Wright are starred in the Lou Gehrig biography, with Walter Brennan and Babe Ruth supporting. Popeye will probably eat spinach before your very eyes in the accompanying short subject.

PRIZE FISH REGISTERED AT UNIT I

What a whopper!

Y. Onodera veteran fisherman of Blk. 15-5-D, cinched first and second places to date in the bass division of the Fishing Contest in Camp I when he registered his prize catch, a 3½ pounder last Monday morning. His catch measured 18 inches in length.

He also registered a 2½ pound 17 inch bass at the same time. His previous catch entered on record at the cañeen weighed 3½ pounds measuring 18½ inches to place second in the race.

In the carp division, Y. Takahashi of Blk. 21-12-B is leading the

SCHOOLS SEEK ACCREDITATION

Since the WRA takes complete control of Poston from January 1st, 1944, the Poston Education Department will no longer be able to depend upon the Indian Service for accreditation of its schools, according to Dr. A.L. Harris, director of education. Negotiations are now under way for accreditations by the State of Arizona and by the North Central Association of Colleges.

One of the basis of accreditation is the adequacy of the school plant and equipment for

classes. The high schools in Poston II and III probably stand a better chance of accreditation by the North Central Association of Colleges than Poston I school since their new buildings will provide for installation of new equipment in science, home economics, and vocational shop work, etc.

Poston I senior high has a more favorable chance than last year, but the elementary school buildings do not provide for equipment space needed for many high school classes.

Therefore, it is to be hoped that construction on the new high school buildings will proceed as rapidly as possible.

AMBULANCE NEED IN 3 DISCLOSED

The attention of the Community Council have been called by T. Kishizue, Dispatcher of Unit III Clinic, to the fact that only an old Chevrolet ambulance is available to the clinic which is very unsatisfactory in transporting the patients, especially expectant mothers and appendicitis cases on a long haul to Camp I Base Hospital.

Also with doctors not being available for Unit III at all times in the case of emergency, life and health of patients may be impaired without at least two ambulances available for this unit.

FIRE DEPT. SAYS TOO MANY BONFIRES

"Too many bonfires," says the man at the Fire Dept. "You gotta cut it out, you all got stoves."

Anyway, it has been noted that there has been a lot of wood being carted into the blocks lately and that there have been many fires being burned in the early mornings and evenings.

The Fire Dept. respectfully but firmly requests the discontinuance of these fires. So the flames are pretty. So the fire's warm. So what...so you gotta cut it out.

This means you and your brother, and the Fire Dept. means business.

UNIT III LAW DEPT. HANDLES 1777 MATTERS

Ted. Haas, project attorney, reports that between Oct. 1, 1942 and Oct. 1, 1943, the law division in Unit III under the supervision of Kay Hanada, notary public, handled 1777 matters.

These matters included everything from alien rehearing, claims due and against evacuees, insurance, wills and frozen bank accounts to fish and game laws, income tax, stocks and bonds, divorce, priorities, changes and corrections in birth certificate names, notarizations and all sorts of other affidavits.

YMCA SPEAKER

Thomas Masuda, member of the Legal Dept. will speak at the YMCA meeting Wednesday evening at the Relocation Reading Room.

EDITORIAL:

WHAT ARE WE WAITING FOR?

Segregation is over. Those who felt they would be happier following the ways of Japan have made known their choice and are now at Tule Lake.

School has begun. Work of getting the youngsters ready for another term of study is finished.

Withdrawal of the Indian Service from the management of the project has been announced, and those ever-recurring rumors that the center is to be closed have been set at rest by the director's announcement that no such move is planned.

It looks like it might be a good time to sit back and relax, doesn't it?

No other course could be as dangerous!

To relax supinely within the center is to invite stagnation...a paralysis of our ability to think and act for ourselves. It is an invitation to an old age dependent upon someone else--either the largesse of government with its accompanying supervision of personal activity, or some kindly and more aggressive friend or family member.

It also is an admission that we haven't the intestinal fortitude it takes to go out and take our place in the world. In other words, we haven't got what it takes.

Sure we had a jolt when we had to give up our homes, our plans and our normal activities. No one denies that. But what about the ten million men and women in the armed services? They had to give up all their plans, their homes, their activities too, and their lives are far more restricted than ours. Then, too, their lives are in danger, always. Ours are protected.

Then let's "get off the dime" and get started on the road back to normal living?

The trail is blazed for us. The signposts are marked "Relocation Supervisor", and they point the way to jobs in the Midwest which has always been the actual stronghold of true democracy, or in other friendly areas.

Back on a job of our own, with our feet once more under our own table, life will take on a deeper, sweeter meaning than it can ever have in any center.

Then, WHAT are we waiting for? F.B.B.

TRANSPORTATION RALLY FALLS ONE RUN SHORT

In what appeared to be a run away game for the Dukes as they dented home plate six times in the first two innings, turned out to be a close game decided by a one run margin. The Transportation nine put on a desperate last inning rally to score five runs but fell short when chucker C. Nakamura grounded out to the mound with the tying and winning runs on third and second respectively.

Nob. "Schoolboy" Itami, who was the winning hurler, opened on the hill for the Dukes and pitched beautiful ball, allowing one hit and facing only seven men during his three inning tenure on the hill. In the meantime the Dukes opened up their heavy artillery on G. Miyamoto, who was the losing hurler, to score one run on two hits in the opening inning and then tacked on five more in the second can to on four hits to go into a quick 6-0 lead. The Dukes added another digit in the sixth to make the score 7-0.

After being handed nothing but goose eggs by Itami and M. Yano, who took over from the fourth, for six innings the visitors dented home plate in the seventh and eighth for a trio of markers by getting to T. Yamaguchi, who took over from the eighth to make the

TEH AHGES EDGE BLACKBIRDS FOR TITLE 7-6 IN OVERTIME GAMES

Ending the regular season in a tie the Teh Ahges edged the Blackbirds 7-6 in a thrilling game as yours truly would care to see.

With Morinishi and Nakahara both pitching brilliant ball, the Blackbirds appeared to have the game in the bag as they went into the sixth with a 2-0 lead as result of a run in the third and another in the fifth.

The run in the third resulted from a walk to Kawashima, who came around on an error, a walk and on a play at first. In the fifth the score became 2-0 when first sacker Maruya poled a terrific drive into center for a home run.

The Teh Ahges came roaring back in their half of the sixth to dent home five times to go ahead 5-2. Morinishi momentarily lost control to walk three batters with an error on a double play ball sandwiched in between score 7-3.

Scoring two more in their half of the eighth off of Miyamoto's successor C. Nakamura, the Dukes ran the score to 7-3. M. Yano again took over the hurling chore in the ninth and the visitors jumped on him for five markers, falling one run short with men on third and second.

to force in a run. Getting into the groove again he struck out the next two batters only to have Yamashiro drive a hard single into center to score two more markers and come around himself on a hit by H. Minami. With a 5-2 lead going into the last inning the Teh Ahges looked good as in only to have the never-say-die Blackbirds come back with four runs to go ahead 6-5.

Kawanami opened the inning with a triple and came home when H. Minami missed the throw in. Ishida singled to left, Maruya and Kohatsu followed with successive doubles to tie the score. Kohatsu came home when Minami let Morinishi's grounder go between his legs. It looked again like the Blackbirds had the game in the bag only to have the Teh Ahges come back with a run on an error and out and a single to tie it at six all.

In the eighth the Blackbirds went down in order but the Teh Ahges scored before an out was made when chucker Nakahara walked, Yamashiro doubled and Kawanami bobbled J. Minami's hot grounder allowing Nakahara's to score with the deciding tally.

UNLOADER AT PARKER SOUGHT

One additional person to unload the subsistence at Parker was requested by Assistant Administrator of Unit III, Gerald Wumino at the general Block Managers meeting held on Tuesday, Oct. 26th. Because of the shortage of workers, many carloads of subsistence are idle at Parker waiting to be unloaded and brought into Poston.

Also discussed at the meeting was to sponsor a Christmas bazaar with the Assistance of the Community Council.

Steward and Agriculture Dept. asked the residents to save all boxes and crates and not destroy them for starting fires.

Mr. Yoshimine assistant steward of Unit III stated that 963 quarts of milk are delivered daily to Camp III for children from 1 to 16 years of age and expectant mothers.

LEGAL DEPT. BUSIEST OF ALL

Poston's legal department has been busier in proportion to its population than the legal divisions of any of the other centers, Ted Haas, project attorney, reports.

CLEARANCE GETS FAVORABLE DECISIONS

Three favorable decisions granting leave clearance have been received here from Washington since the beginning of the leave clearance hearings, according to Ted Haas, project attorney.

One was received about two months ago (Cont. on Page 2)

ACCREDITATION FOR POSTON SCHOOLS BASED ON 10 BASIS

According to Dr. Harris, Director of Education, judging of Poston schools for accreditation by the North Central Association of Colleges and Secondary Schools will be on 10 main basis.

Of the ten, Dr. Harris believes that there are at least 2 on which the high school in Poston I will not be accepted.

They are:

1. The school plant must be adequate for the number of students enrolled and the program of studies offered.

Lighting, heating, and ventilation of the buildings, adequacy of water supply, school furniture, etc., must

be such as to insure hygienic conditions for students and teachers. Provisions must be made for the safe guarding of pupils from injury by machinery, laboratories, gym, etc.

2. Instructional equipment and supplies, such as science laboratory apparatus, gym equipment, home economic and agriculture supplies must be adequate.

Systematic arrangement for all equipment, supplies used.

Unless the high school building at the west end of Poston I is completed quickly, to provide much needed room for classes, tools, and supplies, there is scant hope that the North Central Association will accreditate us. The Director is confident that Postons II and III will receive accreditations.

BEAUTIFICATION OF FIREBREAKS UNDERWAY

Action is being taken by the Landscaping Crew to clear up the firebreaks in Poston I and otherwise beautify the surroundings.

The crew, formerly directed under the Agriculture Department, will now be under orders of the Administration. Frank Kadowaki has been appointed supervisor of the crew and will make specific plans with the foremen.

EDITORIAL:

WHO IS ENTITLED TO BE CALLED A "BETTER PARENT"?

This week is being observed throughout the nation as Better Parenthood Week. It is especially fitting that it should be observed in our center.

Most of our parents are good parents. They are concerned with their children's physical welfare, look after them to see that they do not get sick and take care of them if they do become ill so that they become well again.

They are concerned to see that they have clothes...warm clothes when the weather is cold and cool clothing when it is hot.

They are careful to see that they get proper food to make them strong and healthy.

Most parents are good parents, too, in that they insist that their children are provided with good schools---the opportunity to become educated so they may hold their own in competition with their fellow men. Some of our Poston parents are so anxious that their children have a chance at an education that they have worked with their own hands to erect proper school buildings here, volunteering their services to hasten the construction.

All honor and respect to those parents!

Being a Better Parent, however, takes even more than these.

A Better Parent is one who, loving his or her child very much, still has the courage to send him or her outside the center to take a job and resume his normal place in life. Their love makes them see with even clearer vision that the young must not stagnate in relocation centers, and they do not permit their child to do it.

Being Better Parents means, too, having the unselfish spirit to sacrifice own pleasure in having their children near them at all times to the urgency of their child's need to get out and make a place for himself in the world. They realize that every day that child spends in a center reduces his ability to think and act for himself on the outside. So they do not allow him to stay one day longer than is needed to find a job outside for him.

Poston has many Better Parents---yet some are short-sightedly standing in the way of some of our brightest boys and girls.

This week--Better Parenthood Week--is a good time for such parents to examine their own ~~attitudes~~ attitudes carefully, for selfishness and fear do not abide in the hearts of truly Better Parents.

UNIT I PARK NAMED

"See Len Park", submitted by George Fujii of Blk. 28 was the winning name selected by judges for the park at the Administration

Building, the Executive Board disclosed.

"You-I Garden", by S. Kowta of Blk. 12 and "Tai Hei Garden" by a Block 3 resident won second and third places respectively.

121 MEN PROMOTED
AT CAMP SHELBY

Camp Shelby--One hundred and twenty-one enlisted men have received temporary promotions recently, ranging in grade from master sergeant to technicians, fifth grade.

One master sergeant, one technical sergeant, four staff sergeants, six technicians third grade, 31 sergeants, nine technicians fourth grade, 38 corporals, and 31 technicians, fifth grade were included on the list of promotions.

CLEARANCE

(cont. from page 1) and the other two arrived on Monday, indicating that there has been a speed-up in Washington with the establishing of the special leave clearance review board.

The local hearing board, with its newly-appointed members, has been meeting every day this week except Thurs. and Sat., Mr. Haas added.

RELOCATION COUNSELLOR
ARRIVES HERE

Charles B. Olds, former associate relocation officer in the Baltimore WRA office, arrived in Poston this week to take over the job of relocation counselling.

At present he is stationed in Unit II. His office will be open within a few days to individuals who desire to talk over relocation problems.

The new relocation counsellor considers himself an "issei", having been born in Japan and lived there for fifteen years.

UNIT III TUBERCULAR SKIN TEST RESULTS

The tubercular skin test showed the following results, according to the Public Health and Sanitation Dept. of Unit III.

Out of 526 school children, 182 showed positive signs. For 1070 kitchen employees, 273 persons were marked positive, but this is still incomplete. 472 of the mess workers have been X-Rayed. Over half of 739 remaining adults of Unit III who took this test showed positive signs, the number being 421 persons.

WORKERS WANTED BY UNIT II INDUSTRY DEPT.

The immediate need of workers in the industry department was stressed by Mr. Eckford, General Chairman of Unit II Industry Dept. Daikon will soon be in production and seven men are urgently needed to make miso-zuke and koji-zuke. Also it was announced that shoyu will be ready to be delivered in 3 or 4 months to the mess hall.

Mr. Sakaguchi also stated that noodle production is temporarily discontinued because of manpower shortage.

BARBER SHOP HOURS IN UNIT III

Unit III Barber Shop announced that it will be open here after in the afternoon as well as in the morning during the week days. Only morning services will be given on Saturday. Hours are: 9:30 to 11:30 a.m. and 1:30 to 3 p.m.

SEND CHRISTMAS MAIL EARLY

Frank C. Walker, Postmaster General, has requested all postmasters to ask the cooperation of the public in doing their Christmas mailing early. Earlton F. Gardner, local post-office head, reports.

Wartime mail is extraordinarily heavy, and because of the burden on transportation facilities and the using of inexperienced postal help to replace those who have entered the armed forces, Christmas mail places an additional task on the post-offices.

In order to avoid disappointment and have holiday packages and cards reach their destination before Christmas, the Postmaster General asks that mailing be done in November, at the latest, and be marked "Do not open before Christmas."

NEW TAILORING CLASS HOURS ANNOUNCED

Due to colder weather and shorter days, the Community Activities Dept. announced the new hours for the Tailoring classes to be held in Unit I.

The new hours and locale are: Monday, Blk. 4, 9:30-11 a.m.; Tuesday, Blk. 59, 9:30-11 a.m.; Wednesday, Blk. 35, 9:30-11 a.m.; Thursday, Blk. 59, 2:30-3:30 p.m.; Friday, Blk. 2, 2-3:30 p.m.; and Saturday, Blk. 35, 1:30-4:30 p.m.

40 GIRLS ON SEASONAL WORK RETURNED TUES.

About 40 girls who left early in September on seasonal leave for cannery work in Utah returned to the center Tuesday morning at 11:00 o'clock.

They left Salt Lake at 8:00 a.m. Sunday by bus, and were expected to arrive in Poston Monday, but an axle broke near Jacob's Lake Sunday night, delaying them. A second axle broke some miles from Prescott, creating another delay and causing some of the girls to be left behind until transportation could be obtained for them.

C.A. TO SHOW COMEDIES THIS FRIDAY AT BLK. 59

Kids, a special treat is in store for you at the Block 59 stage this Friday night.

Four reels of comedy will be shown starting at 7:30 p.m., sponsored by the Community Activities Dept.

Pictures to be shown are: "Mickey Mouse", "Our Gang", "Meany, Minny, Moe", "Popeye", "Laurel and Hardy" and "Felix, the Cat".

DELANO, FIREMEN TO CLASH HERE

The strong Delano Dukes will be out to seek revenge this Saturday when they meet the Unit III Firemen, who took a close 6-5 decision in the last encounter.

The game is scheduled for Field 13 beginning at 2:00.

Probable pitchers - Nob "Schoolboy" Itami and M. Yano for Delano; Hata keda and Kurokawa for Firemen.

CAMP III COUNCILMEN FETED LAST WEEK

Mess hall 318 was scene of Unit III Councilmen get-together held last week in honor to those who have served in the past and for those who have been newly elected into the council.

Itaru Kubota was the chairman of the program. K.J. Takeshima council chairman spoke a few words with Dr. Namiki as Emcee for the second portion of the program which featured dances by Anna Mae Fujino and her students. Songs were enjoyed by the councilmen attending.

POSTON III HIGH PAPER MAKES DEBUT

Poston III high school paper, Hi-Times, made its successful debut last Saturday. The 6 page edition consist of messages, editorial, sports, personality news and letter to the editor, etc. gives the Poston Chronicle a keen competition.

This highly commented school paper is edited by Hisashi Matoi and his assistant Mack Matsuoka. Others on the staff are sport editor, Kiyoshi Ishida and art editor, Johnny Tanaka. Business manager is Yoneko Aoyagi and advisor is Barbara Washler.

MEN'S SUITS ON SALE

Orders are now being taken by the C.E. for Men's tailored suits, according to Mr. Miyata of Unit III. The C.E. guarantee to make all suit to fit the person. Sample materials are available at the office 310-12-D.

AUTUMN "NAGA-UTA" CONCERT SCHEDULED

306 Mess Hall will be the scene of the late fall Autumn "Naga-Uta" concert this Saturday evening Oct. 30 from 7:30 p.m.

Mrs. Suzuki and her pupils will perform.

UNIT 2 ADULT EDUCATION TO SPONSOR BAZAAR

The Adult Education Dept. of Unit II will sponsor a benefit bazaar during the month of November for the purpose of raising fund to provide for reference books, stencils, ink, mimeograph papers and other supplies, it was stated.

Donations of articles by former and present students and those who expect to attend, such as wood buttons, wood laplets, knitted articles, rag dolls, rag animals, crochet laplets, card trays and etc. will be greatly appreciated by the department.

DR. CHAPMAN TO SPEAK TO YOUNG PEOPLE

Dr. Gordon Chapman, one of the leading figures connected with the Protestant Commission, will be guest speaker to all young people of this camp on Friday evening from 7 o'clock at Block 19 Chapel.

All Sunday School teachers are expected to be there as Dr. Chapman will be the speaker of this week's "Teachers' Institute".

SPECIAL — SPECIAL

PROJECT DIRECTOR URGES POSTON MEN TO AID IN VEGETABLE HARVEST AT TULE

One hundred men from Poston are urgently needed immediately to assist in harvesting the vegetable crop at Tule Lake. According to word received from R. B. Cozzens, Assistant Field Director for the War Relocation Authority, residents of the Tule Lake center have refused to harvest the crop which is vitally needed for the subsistence of the nine loyal centers.

Potatoes, radishes, onions, carrots and other vegetables, valued at \$500,000.00, are now ready for harvest. Killing frosts, which may be expected nightly at Tule this time of year, would do irreplaceable damage and affect the food supply for all the relocation centers. Many of the vegetables served in Poston mess halls come from Tule.

Rate of pay for the work is from 90¢ to \$1.00 per hour, with the possibility of working 10 hours per day if the weather permits. Deductions for room and board will not exceed \$1.00 per day and housing will be $3\frac{1}{2}$ miles from Tule Lake Center, in Army tents, equipped with wooden floors, cots, blankets and stoves. Showers also have been built. Transportation will be provided without expense to the worker.

Since the farm is located in the Western Defense Command, movement will be restricted by military decree.

Forty men left Poston by special car Friday, October 29. Another special car will leave Tuesday, November 2, and I hope that another 100 of our men will go on that date.

You will go, not as strike-breakers, but as men interested in saving a vital food harvest for the use of yourselves and your families, and in saving a reputation for loyal cooperation with the administration, built up through eighteen strenuous months.

I strongly urge all available workers to lend your assistance.

THOUSAND OF TULE RESIDENTS ON STRIKE

Fourteen thousand segregants, residents of the Tule Lake Center were under strong Army guard and a double barbed-wire fence yesterday as a result of a strike in the Northern California Center, leading Pacific Coast newspapers stated.

It was disclosed that the truck accident resulting in a death of one farm worker and injuries to several others was the excuse for the strike.

Hundreds of evacuees from other centers have volunteered to harvest the hundreds of acres of crop that still remains to be harvested, most of which will be shipped to supply the other centers.

It is stated the strike is well in the hands of the WRA officials.

DEADLINE FOR TFR-500 EXTENDED

Extension of the date for the filling out of Form TFR-500 by persons with foreign property holdings has been announced by Ted Haas, project attorney. The original deadline, Nov. 1, 1943, has been postponed one month to Dec. 1, 1943, according to the information received from Acting Sec of Treasure Randolph Paul.

The census of foreign property holdings began June 3 of this year, and the data obtained from it will be valuable "in proportion to the percentage of persons who report"

Reorganization of the employment division with a resulting split up of the division into (1) the Relocation and Leaves Division and (2) Personnel Management Section of the administrative management division, has been announced by Harold James and Duncan Mills, visiting officials from Washington.

The Relocation and Leaves Division will be responsible to the project director, while the Personnel Management Section will be responsible to the assistant project director in charge of administrative management, in accordance with the letter received from Dillon Myer, WRA Director, a few days ago, authorizing the new program.

The purpose of the change, Mr. James said, is to strengthen the relocation program, and to set up a division which will be able to devote all its time to personnel management functions.

"It is hoped," he added, "that the new (cont of page 2)

WARNING GIVEN "PEEFING TOMS"

Unit III Police Dept. issued a warning to "peeping toms" who are menacing the residents. Heavy penalty without any leniency will be charged against anyone caught in act.

The residents are also warned to keep their doors locked every time they leave the apartment as burglary has been reported. Mrs. Nakayama of 317 was the victim of burglary last Fri. evening when \$90 was stolen.

personnel management section will be able to serve the employment needs of the project better by devoting its full time to project employment needs."

Under the new program it is planned that both evacuee and appointed personnel management will be handled under procedures recognized by the Civil Service Commission. Responsibilities of the new division will include labor relations, vocational and job training, job analysis to determine labor needs of the center, selection and placement, job classification according to Civil Service standards, and testing to determine candidates' qualifications for jobs within the center.

The new set-up will go into effect immediately and, it was emphasized, will, as far as possible, utilize existing personnel. Charles B. Olds has been detailed from the Baltimore Maryland Relocation office as counselor to strengthen the relocation staff at Poston.

SUMITOMO CLAIM DEADLINE SET FOR NOV. 1st

In answer to an inquiry from Thomas Masuda, Poston attorney, George H. Mills, special deputy connected with the Sumitomo Bank of California, in liquidation, confirmed the fact that Nov. 1, 1943 has been set as the deadline for filing claims against the bank.

So far, Mr. Mills reported, the filing of claims has been very good and the prospects for paying 100% on all deposits after Nov. 1, are certain.

Poston claimants against the bank, of which there are many, are asked to send their present address to the Sumitomo Bank, Sacramento, Calif., if they

10:35 o'clock by special train Friday night.

More men are being recruited to fill the 150 quota set for Poston. In a one-month to six-weeks period, the workers will attempt to save Tule's \$500,000 agricultural harvest, mainly potatoes, before the freeze sets in. They are being offered 90¢ to \$1 an hour and will receive board and room for \$1 a day. Housing will be provided 3½ miles away from the Newell center, in army tents equipped with stoves, floors, cots and blankets.

Giles Zimmerman, Chief of employment, emphasized the importance of saving the crops. Not only will irreplaceable materials go to waste, he said, but a lack of response will have a detrimental effect on the evacuees and the relocation program.

have not yet received a notice with the rubber stamp endorsement with information of his claim. Those who have not yet filed their claims are asked to come to the local law department which will assist in communicating with the bank.

FIVE JAPANESE WOMEN HELD BY F.B.I.

Five Japanese women, one carrying a small baby, were in custody of the F.B.I. in Trinidad, Colorado, on a farm where Japanese Americans from the AMAche Relocation Center were employed on seasonal leave, for investigation aroused from the discovery of pictures which showed Japanese women in the embrace of German prisoners of war, six of whom escaped from a near-by internment camp recently.

The publications of the pictures in the Denver Post taken from one of the prisoners of war captured showing the prisoner and two other identified men in the arms of Japanese women apparently led the FBI to an investigation of the matter.

**YOUNG PEOPLES'
CHURCH NEWS**

The time and place of the young peoples church services has been changed to 7:30 p.m. instead of the usual 8 o'clock and the site will be the Block 5 Chapel and not the Park as previously held, disclosed Rev. S. Kowta, Moderator of the Boston Christian Church.

The first message of November will be "The Man Who Relocated Himself" delivered by Rev. Kowta.

Due to the cold weather's setting in, the meetings from now on will be held in rotary fashion; first in the Block 5 Chapel, Block 44 Chapel and in Block 15 Chapel.

**PAMPERING OF BOILERS
MUST CEASE.**

Sid Hiratsuka of Unit II Maintenance Dept announced that the block people refrain from tampering with the boilers. Any trouble should be reported to the department. Furuta, H. Fujimoto and H. Higashi.

**UNEMPLOYMENT FUND
DETAILS AVAILABLE**

The complete report regarding claims for unemployment compensation against California Dept. of Employment is now available and it will be sent to 70 Japanese evacuees who have applied for the benefit.

In Unit II please contact I. Motoki for further details at the Law Dept.
