VOL. XIX NO. 18

POSTON, ARIZONA

TUESDAY, JULY 4, 1944

4th of JULY ISSUE

This is Independence Day---the birthday of the United States of America. Today, we celebrate the action of 13 small colonies which announced to the world that henceforth they would not permit any nation to dominate them---they were standing together for the common good of all. No king, no representative of any foreign government could any longer interfere in their affairs.

One hundred and sixty-eight years have passed. Our nation has fought five major wars to defend its belief and maintain that independence. One of these was a war which divided the Union, brother fighting against brother, father against son. But the will of the majority ruled and today the United States presents a solid front with the old breach long forgotten.

It seems to me that today is a particularly fitting time for us in Poston to consider the history of the nation which is our home. Thousands have died to keep it a place where we can call our souls our own. Mistakes have been made and rectified. Even with the restrictions war imposes, we now enjoy more freedom than people living in any other place in the world.

It is the privilege, the duty of every person living under the Stars and Stripes to do his utmost to be worthy of the sacrifices made by those who have gone before---and of the young men who are fighting on battlefields all over the world today. Almost 200 already have left Poston to uphold the ideals which they know are America's. Five hundred and fifty-three other nisei who are upholding those same ideals have relatives in the center.

They're coming home some day in the not too distant future. What can we tell them about OUR activities when they return?

Minor Disturbance in Twin Falls Causes Return of Workers

Five youthful hoodlums caused a minor disturbance in Twin Falls, Ida., on June 22 and again on the 25, causing two seasonal workers to return to the project, according to a wire received from the Salt Lake City WRA office.

All of the assailants were reported to be apprehended through the excellent support of the chief of police and other civic officials of Twin Falls. Four of the hoodlums who are under age are in custody of the juvenile court. The fifth, who is over 18 years of age was fined \$15.

A large number of Poston youths are being employed in the area at the present.

The two youths attacked were Shig Oyama and Minoru Miyamura. The names of the boys returning to the center are Bob Matsui and George Kikuchi, both of block 32.

CHICKEN TO BE SERVED ON 4th

Chief Steward Clifton E. Snelson reports that all three camps will be served chicken on July 4.

Although Mr. Snelson is uncertain of the actual amount of chicken to be delivered to the mess halls, he assumes there will be enough for everyone.

Osashimi is scheduled to appear on the tables at least twice during the month of July. However this is uncertain because of the constant change in government orders.

THIRD FIRE OCCURS IN BLOCK 202

The Unit II Ag Dept. storehouse, the lone remaining barrack on the north side of Blk. 202, was destroyed by fire early Thursday morning.

Although there is no accurate estimate of government losses, it is positive that no personal loss was involved, stated Harley Woodhouse, fire protection officer.

This is the third fire within six months to occur in Block 202. The first conflagration swept the jinxed block on Christmas Eve, when Barracks 1, 2, 3, 4, and 5 were burned to the ground. The second fire occurred on June 8, destroying Barrack 7.

The origin of the fire is unknown.

The Unit II Ag. Dept. officials are making a survey of the loss in the last fire.

THE CLEVELAND BOYS

...from 216 showed their gratitude to the block residents for all they did for the boys while they were here. A big box, which contained enough candy to be distributed to each family, was received from them. The boys who sent it were Tak Endo, George Toda, Kaoru Takata, John Kado, and Tom Hashimoto who are in Cleveland, and also Mike Kado, Jim Etow, and Charles Sukekane who have returned.

THREE CHEERS

...for the 229 boys who took three softball champs this season!! The Ayes, Bees, and the Junior teams all landed on top for the league games. So, in honor of the three high and mighty teams, block 229 sponsored a "Softball Hop" last Saturday evening at their Blue Room. Refreshments of a varied menu was served and the dance was opened to the public, who tripped the light fantastic to the melodious tunes of famous top bands of America. The teams are to receive their medals soon.

WE WISH

...somebody would donate a cooler motor or give back that one that suddenly disappeared so that the poor Chronicle girls could work in comfort. It especially gripes us when the office across the hall where they don't do any work is so cool and comfortable.

C'MON GIRLS

...let's all take part in the coming swimming meet on Fourth of July. Drag out your bathing suits and join the fun. There'll be plenty of swell prizes for any of you who win, so take a chance and try.

EDITORIAL:

THE VOICE OF A NISEI

Much has been written in recent weeks about the Nisei soldiers. Their bravery in action, the awards given them, their excellent behavior in every way has won admiring comment. We add our plaudits.

However we ran across a V-Mail letter received this week by a Poston Nisei from a former Poston boy now serving in Italy. His letter brings home very forcibly what many of our Nisei soldiers must be thinking when they read the news from home.

It speaks for itself. Read it and think for yourself.

Somewhere In Italy
May 31, 1944

Dear N-----:

Well, you can make me out an applicant for the Liars Club, but I didn't get seasick coming over.

About the pre-induction exams for the fellows in camp, the guys ought to get shot for refusing to show up. I wonder what makes the guys feel like that. Evacuation, limited choice of service in the army? If it's the evacuation and what they lost, they ought to think about the poor people out here and other countries that lost everything. They're getting three squares a day, decent housing, decent showers, and all the time to loaf.

Another thing that burns me up is that in the Pacific Citizen I was reading about some people sending petitions to the President crying about their rights and limited choice in the service.

I guess this letter doesn't seem like myself, but that's how I feel. Will write a more pleasant letter next time.

Sincerely,

S-----

Another Nisei has spoken--this time right from the heart of the battle zone. Which one has won the right to be heard?

独立祭のことば

— 轉住所長 —

ダンカン・ミルス

本日は北米合衆国の誕生日たる独立祭であります。本日こそその昔十三の小殖民地が全奇界に於つて独立の宣言を行つた日であり、然して市民の一人々々がその政治に参加することの出来る政体を持つた更米利加合衆国が産聲をあげた日なのであります。外の国々に比べるとき、いと小さき國ではありましたが、國民は多数者がその動向を決定すべきであるとして云々固い信條の下に立ち、その爲には戦ふ事をも許せざる信念を有してゐる

ました。それから西六十八年の幾河が流れました。曾ての小國は今や奇界の大國となり、その信念と独立の爲に五つの大戦争をさへ経て参りました。その一つとして億に起こしますのは同胞肉親が隣に居た彼の南北戦争であります。併せら多数者の意志は勝利を遂げ、合衆國は今日尚遠き日の傷みも秘めつつも毅然として立つてゐるのであります。

國の歴史を回顧いたしますのも亦意義ふしとしません。星條旗の下にある者は全て各自の本分を盡し先人の然して今日全奇界の戦線にあつて戦ひつゝ、ある若人達の犠牲に應へふければふらふいと私は思ふのであります。

ポストン出身者にして戒衣をまとへる者約二万名、その他ポストンに内親家族を置く日系兵の数は五百六十三名の多数に上つて居ります。他日彼等青年達が戦ひの庭より歸つて来た時に、私共は各自その本分を充分に盡したと云へる様にしたいと思つてあります。

LOCAL MANPOWER COMMISSION REACHES FOUR DECISIONS

Fourth Group for Active Duty Called

Eight boys of the Enlisted Reserve list received orders to report for active duty, effective this Saturday.

This fourth group of boys to leave the center for active duty is expected to leave Saturday for Fort Douglas to be processed and sent to Army camps for their basic training.

A big send-off, the first of its kind here for selectees, is planned for the boys on the day of the departure. Speakers and martial music is scheduled and their last project meal will be served at the personnel mess if they leave in the morning.

The boys called are: Pvts. Henry Tashiro, 325-13-A; Takeshi Joe Kiyohara, 227-9-A; George Kojima, 226-10-B; Minoru Hatada, 323-6-B; Frank Haruo Maruyama, 316-9-D; Isemu Kinjo, 59-5-A; Mitsugi Nomoto, 15-9-B and Ken Ishikawa, 3-2-B.

COOK FOUND AFTER THREE DAYS

After being lost for a period of three days in the blistering degrees, George Kawano, 65 year-old cook at the personnel mess, was found Saturday morning wandering back toward camp southwest of Unit III hungry but unharmed.

Mr. Kawano left Wednesday morning to go fishing with a group of friends south of Camp III and was last seen Thursday morning

Deferment of Essential Workers Asked

Four decisions of which three were suggested by Camp III, were reached by the Manpower Commission at its last meeting. These will be transmitted to the project director, Dr. John Powell, chairman of the Manpower Commission, disclosed.

The three from Camp III were:

First: That the project administration in partnership with the residents be given more freedom in work-

ing out solutions of employment problems, independently of the present detailed restrictions prescribed by WRA.

Second: That men between the ages of 30-38 who can not relocate but who are in essential project work be eligible for draft deferment.

Third: That regulations governing the payment of project workers be changed to permit increased payment where extra work is needed or given.

The fourth recommendation was:

The landscape crew should be subject to draft for agriculture work on the same basis as block gardeners. Their first request will be to help harvest the potatoes.

Questions of work clothing and assignment of project equipment were prescribed, and referred to the appropriate departments.

The chairman and vice chairman of the Board of Trustees of the Manpower Commission to discuss enterprise employment in relation to the manpower problems of the project.

NERO

...the fire bug seems to have gotten quite popular with the residents after the big fire in 202 last Thursday morning. Now that one whole side of that block is destroyed, Nero might creep up on the other side...let's hope he doesn't though, because we've had enough scares. Pity those that live in 207 or 208.

IF YOU

...hear or have heard any rumors about a soldier being killed by civilians around Parlier or Sanger, Calif., don't you believe it. That rumor was designed to create ill feeling and without any basis of fact whatever. The authorities around there in California have not heard nor have any knowledge of the slaying, and harmful rumors such as this should be stopped.

THEY'RE ALL

...back from work in Idaho. Yes, sir! Kink, Oger, Pete, Kawa, Rio, Choppy, Jim, and that gang who make the block a lively one. We certainly missed them during the short time they were away. Even though this is Poston, feels good to be back again, doesn't it, boys??

BARBELLING

...seems to be the fad with the Ag boys. Every morning before going to the 80 acre-ranch, they can be seen huffing and puffing away either with the weights or on the nearby bars. Golly, don't they get enough exercise working on the ranch??

WE APOLOGIZE

...to the workers across the hall for that crack about their not working. It was meant as a joke and not to be taken personally.

EIGORO YAMAMOTO ELECTED NEW PRESIDENT OF UNIT II U.S.O.

A meeting for the organization of the U.S.O. which is now well underway was called to order by John Kubota, Temporary chairman, Sunday, July 2, at the 213 dining hall. Eigoro

Yamamoto was elected as president of this organization. Assisting him are Yasochi Kanagawa, vice-president, Torazo Ouchi, treasurer, and Mrs. Sumio Nishi, appointed secretary.

Kenneth Mayeda, of the Community Activities explained the set-up for the U.S.O.

The headquarters of this new organization is located in block 216-7-A and B, the former location of the Naturopathic Clinic.

TURN IN BOOK RECEIPTS

The residents of Poston are asked to turn in their can teen receipts dated from April 1st to June 30th by July 12, 1944, to the block manager's office in order to post purchased amount on their account during that period, it was announced by the Patronage Dividend Department.

Dust and Desert

DUST AND DESERT

The pressing heat that visited us after an unusually cool June weather was something close to unbearable. Even after the middle of the night, we hear the coolers still buzzing away...or else we had to vacate our sleep....Our office cooler which is usually too cold to work before, blew warm air instead. We guess this is natural as it is around the Fourth and we will have to expect it to continue--the weather makes us feel more thankful than ever to have a cooler--and a government that provides water to run it.

Another thing that this hot weather brings to our mind is that some mess halls do not have salt tablets on the tables and its more essential than ever now to have them for better health.

Recently visiting in our camp was our former press secretary, Mrs. Don Kurihara, nee Alice Abe...with her husband from Chicago. Looking chic in her "outside" outfit, in Chicago made us wonder what's making us still stay in this camp when so many opportunities lie on the outside.

RELOCATION PROCEEDING AT STEADY PACE, SAYS MYER

W.F.A. to Release Men on Seasonal Jobs For Army Induction

Field Officers have been reporting some difficulty with the evacuees who have been out on seasonal leaves on the basis that they have been ordered to report for their induction.

The War Food Administration has agreed to release such men and provide transportation if definite proof of the order is furnished. Letters or wires from friends within the project will not be accepted as sufficient evidence.

The WFA and Field Relocation Officers will arrange the termination of seasonal labor contracts on the presentation of induction notice by evacuee or telegraphic notification from the project director, according to a wire addressed to Duncan Mills, project director, from D. S. Myer.

SCHMITT TO LEAVE FOR IMPERIAL

R.W. Schmitt, evacuee property officer, is expected to leave the project for Imperial valley on an official business trip this Monday.

He expects to be there about one week. Any emergency problems pertaining to Imperial Valley will be handled by Takeo Momita during his absence.

Field Officers and Organized Groups Aid Evacuees to Resettle Outside

Washington, D. C.— Restoration of evacuees to normal living outside relocation centers is now on a well-established basis and moving forward at a steady pace, D.S. Myer, Director of the War Relocation Authority, said this week.

EXCLUSION SUIT FILED

Charging that military authorities have no legal power to exclude loyal Nisei from the Pacific Coast area, since there is no military necessity which would justify the exclusion, the American Civil Liberties Union last Wed. filed an injunction suit on behalf of three Nisei against Maj. Gen. Charles H. Bonesteel, Western Defense Commander.

The suit, a test case, was filed by Atty. A. L. Mirin. Joining with the ACLU attorney in the suit are J.B. Tietz, another attorney for the union, Saburo Kido, JACL president and a number of Los Angeles Attorneys.

The three plaintiffs are Shizuko Shiramizu of Camp II, widow of Kiyoshi Shiramizu, who was killed in action in Italy; Masaru Beba, honorably discharged in 1942, and George O. Chikubo, a farmer-dentist of Topaz center.

The case will be held in the superior court on July 21.

ginning approximately two years ago the program of evacuee resettlement has developed to its present stage where a network of 38 WRA field officers and many organized groups and individuals are actively helping evacuees to relocate and become satisfactorily adjusted," he stated.

"No longer need an evacuee resident of a center wonder how he will be accepted and how he will make his living in an outside city or town.

"The experimental stage of relocation is over. The policy, regulations and procedures are well established to enable evacuees to leave relocation centers and to resettle in communities of their choice where they can lead normal lives in every sense of the word."

SNELSON ON LEAVE

For the first time since May, 1942, when he began work at the Salinas Assembly Center, Chief Steward Clifton E. Snelson is on leave from project duties.

He is now in Los Angeles with his wife and two children, and will return to the center on or around July 7.

Mrs. Snelson will not return, however, until fall, when she will resume her position as a Unit I High School teacher.

JULY FOURTH PROGRAM HONORS SERVICEMEN

To honor soldiers, and to celebrate the Fourth of July, a program was given by the Community Activities Section in the School Auditorium, July 4, during which the keys to the Adobe Room were handed by Pauline Bates Brown, Reports Officer, in behalf of the Chronicle Staff, to Kay Kamimoto, USO Chairman, who accepted the keys in behalf of the servicemen, and expressed his hopes that the USO here would be the best in Arizona.

Boy Scouts presented the colors, and Kenny Yoshioka, master of ceremonies, then spoke in both Japanese and English, to the assembly. Mrs. Brown was introduced and spoke. She brought the good wishes of Duncan Mills, Project Director, with her. Mrs. Brown presented the keys to the Chronicle building to Kay Kamimoto, after which Dr. Agnes Battlelt interpreted Mrs. Brown's speech, service flags were presented to the blocks of Poston I, Rainbow Village, and Block 34. These flags were made by the Sewing Department here.

Part of the proceeds for Poston I of the paper sale were given to the Scouts of Unit 1 for their work to the Girl and \$50 to the Boy Scouts.

A talent show followed the ceremonies.

Following the program, a tea was given in the Personnel Mess Hall honoring wives, mothers, and sisters of Nisei soldiers, inductees, and enlisted reserve. Women among appointed personnel who have men in service were hostesses.

BUDDHIST CHURCH TO PUBLISH SPECIAL EDITION OF BULLETIN

In commemorating the second anniversary of the Poston II Buddhist Church, a special edition of the YBA Bulletin will be published. It is to appear on July 16, and will consist of approximately 20 pages, including the Japanese section.

JR. R.C. OPENS TOY LIBRARY

The Junior Red Cross Chapter of the Poston II High School has announced that the Toy Loan Library has been opened for inspection on Saturday, July 1, at block 210 S-A. Registration cards were filled out for children from ages 5 to 12.

The library will be opened on Tuesdays, Thursdays, and Saturdays from 9 to 11 o'clock.

The Toy Loan has been a project of the Jr. Red Cross Chapter during the past year under the leadership of Burton Ando, president, and Mrs. Hazel Hall, advisor.

Kikuye Nakai, assisted by volunteer workers, is the librarian in charge.

Advising and assisting the Toy Loan Library during the summer months while Mrs. Hall is away is Mrs. Viola Kerber.

WOMEN PREFERRED FOR DOMESTIC INSTEAD OF MEN

At its latest meeting, the Unit Local Council heard the report of Kingo Okawayama, vice-chairman, that the City Council is to investigate the matter of the persons working in the Caucasian homes.

He stated that there should be more women domestics instead of men because of the shortage of men here in camp. The plan is to place women in jobs that can be performed by them and to transfer men to more strenuous and essential jobs.

Special articles from Min Hamada, Fred Nitta, Yoshio Shibata, and Chikara Iwamoto, who are organizers of the church, will be printed as well as contributions from those in Poston.

English literary contributions should be submitted to the church office not later than July 10. Poems will be accepted as well as articles. Stories should have a minimum of 200 words, and the subject may be a general one, such as camp life, war, etc. Articles in Japanese will not be accepted as the Japanese section is already taken care of.

Manabu Fukuda, who is in charge of this edition, stressed the point that informality is the keynote and policy of this project from the beginning. He added that since he would like a name for this special issue and for all future issues, suggestions for a permanent name should be sent in by July 12. Judges for the name will be the office staff.

Under Mr. Fukuda will be the competent staff of Amy Nishimura, Sachiyu Ando, and Gus Nakagawa. Advisors are Reverends Yoshio Iwanaga and Bunyu Fujimura. Reverend Fujimura will be in charge of the Japanese section. All YBA members may come out to assist in the publishing.

Bussei relocators are asked to send their respective addresses to the Buddhist Church office in order that they may receive this special edition and all future YBA Bulletins.

ALL-STARS KASEIS COLUVE SUNDAY

Kaseis hold one game edge; another close game expected.

In the second game of a best two out of three series, the mighty All-Stars seek revenge for the 6-4 setback when they meet the invincible Kasei's again this Sunday on Fld. 12.

KASEIS WHIP ALL-STARS 6-4 YAMAGUCHI HURLS 8 HIT BALL

ERRATIC SUPPORT COST ALL-STARS GAME

The All-Stars, consisting of such great players as Murata, Furuta, Morinishi, Ikenaga, Eddow and others, met defeat when the Kaseis proved too much for them, and set the All-Stars on the short end of 6-4 score before the largest crowd this season.

Getting a start in the opening inning with hits by Sakamoto, Okuma, and Sato, the Kaseis scored 3 runs and from there held the lead through the entire game.

The next five innings was a see-saw affair as both sides got hits now and then, but failed to score. In the seventh the All-Stars got rolling as Sereguchi got on by a single, scoring on Murata's safety and again Furuta singled to send Murata across the plate.

In the top half of the eighth the Kasei's came right back to chalk up 2 more runs on Okuma and Sato's double, backed by Tachibana's singles.

The All-Stars tried desperately, scoring Nishimura and Murata in the 8th and 9th respectively, but at the closing the Kaseis sent through another tally when Okida's throw to first went wild.

Morinishi and Ikenaga elbowed for the All-Stars against Kaseis ace chucker, K. Yamaguchi, who allowed 8 safties to the All-Stars.

K. S. 2 BIRDS

When the Kasei's crossed bats with the unpredictable Black-birds, both teams faced the camps top chuckers, for Morinishi of the Blackbirds and Yamaguchi of the Kaseis, both hurled a five hitter affair.

Up to the seventh it was a hurlers duel, Ura's double was misjudged by the center fielder for a homer putting the Kaseis out in front 1-0. The Kaseis got another lucky break in the closing inning, as Tajii fumbled Okuma's floater for a 2 base error and scored on Sato's grounder for the last tally.

In an effort to stem the heavy artillery of the Kaseis, the Blackbirds ace right hander Teru Morinishi will undoubtedly be manager Johnny Ohta's nominee for the hill with Los Pepes K. Ikenaga ready for relief.

Both turned in very creditable performances on the July 4th class

hits between them but errors with bases saturated spelled the difference between victory and defeat.

Ace right hander K. Yamaguchi, yet to taste defeat this season and who turned in his third blank of the season by outpitching Morinishi and the Blackbirds for a 2-0 win last Thurs. will do the deceiving for the Kashi Seimens.

10ettes Win

"Scrunchy" Kaihare's unbeatable 10ettes triumph over the lately organized Double 4ettes to the tune of 15-1, to cop their third straight league game.

SHORT-TERMS MAY NOT BE CHANGED TO TRIAL LEAVES

Roosevelt Signs Bill to Withdraw Disloyal Nisei Citizenship

President Roosevelt signed legislation to withdraw the citizenship of Japanese born in this country whose loyalty to the enemy marks them as Japanese nationals, July 5, the Associated Press reports.

Francis Biddle, attorney general, said the law was needed to deal with the problem of 300 to 1,000 Japanese at the Tule Lake relocation center who, he said, "assert their desire to renounce their United States citizenship and to be recognized as Japanese nationals."

By making it possible for this group to abandon American citizenship, Biddle told Congress, "they should thereupon be dealt with as alien enemies under the applicable statutes."

NO REPAIRS PERMITTED ON PRIVATE CARS

Effective immediately, no work will be done on any privately owned automobile equipment in any of the garages on the project, according to a memorandum issued by Project Director Duncan Mills.

Any privately owned cars or trucks found in any of the garages will be picked up by the Internal Security officer and impounded, the memo stated.

W. R. A. Leave Regulations Revised

Seasonal and short-term leave may not be converted to trial period indefinite leave according to revisions of the W. R. A. leave regulations received by Project Director Duncan Mills.

"It is expected that residents of the relocation centers will make increasing use of trial period indefinite

leave rather than short-term leave," the Washington office of W. R. A. pointed out, since it gives the evacuees a four to six months' period to make a permanent adjustment in a new community, and permits them to return to the center if such an attempt is unsuccessful.

"Trial period indefinite leave, however, may be issued only at the center, and evacuees out on seasonal and short-term leave will not be granted permission to transfer to trial period indefinite leave."

Additional revisions of leave regulations at this time provide that: (1) each person 18 years of age or over, plus those who became 17 before May 17, 1944, must execute a separate Trial Period Agreement in applying for trial period indefinite leave; (2) an evacuee who is converting to indefinite leave from short-term, seasonal or trial period indefinite leave, who is otherwise eligible for a grant, and who has paid his own travel expense to the community in which he is resettled, may be reimbursed for his actual travel expense including federal tax on his ticket; and (3) travel of evacuees on indefinite leave may now be authorized to points of relocation outside the continental limits of the United States.

BIG SEND-OFF GIVEN BOYS

A big send-off, the first of its kind here, was given to six local men, who left the project for active duty last Saturday night.

Project director Duncan Mills, delivered a message following the raising of colors by the Boy Scouts and singing of the "Star Spangled Banner" by the audience.

Mitsugi Nomoto of Blk. 15 did not leave Saturday night with the group as his papers did not arrive. He will leave as soon as his transportation arrives.

The order of the eighth member, Frank H. Maruyama of Blk. 316, was revoked.

14 EVAJERS PICKED UP

Fourteen Nisei, who refused induction on June 28, were taken from the project last Friday by FBI agents to Phoenix where they appeared before the U.S. Commissioner.

The majority of the evaders returned to the project after posting bond.

LOS PEPES WHIP O.C. FOR 3RD LEAGUE WIN

YAMAGUCHI SHUTS OUT ALL-STAR 5-0

SPORTS

"Safe!"

Led by playing manager Ohta's 3 for 4 clip, Kokubuns long home run and Onoda's brace of doubles, the Los Pepes whipped O.C. 9-6 for their 3rd straight league win.

Los Pepes opened the scoring in the top of the third when Ikenaga drew a pass and Onoda doubled. Tabata made a bad throw home to allow Onoda to tally also for a 2-0 lead.

Coming back in their half of the third with a lone digit on Sugiyama's single and a error, O.C. went ahead 4-2 in the next frame on 3 hits and 3 runs.

Ezaki started the fireworks after two down with a single followed by doubles off the bats of Furuta and Nishimura together with 2 Los Pepes errors.

Los Pepes rapped Ezaki for 3 hits and 3 runs in the next inning on Onoda's double, a walk, fielders choice and 2 successive singles by Okida and Ohta.

Holding a 5-4 lead Los Pepes added another tally in the 6th and two more in the 7th on Kokubun's circuit smash and Eddow's double and an error.

Ohta scored the last Pepes tally when O.C. committed 2 blunders.

After absorbing goose eggs for 4 innings, O.C. broke out with hits by Furuta, Sugiyama and Nakamura in the last of the 9th for 2 markers, but Ikenaga bore down to retire the side.

Furuta and Sugiyama led the losers at bat with 2 for 4 respectively.

In a pitchers dream, Kasei's star hurler, K. Yamaguchi, shut out the All-Stars to cop the second and final game 5-0.

Both sides failed to score in the opening inning.

Next inning started with Nishimura's single and Kodani's walk. Then an odd thing happened, Oda batted in place of Sakai, getting a single to score a run, but was called out for miss batting and the runners returned to their respective bases.

Kasei's got their first run in the second, when Taniwata and Okume both singled, putting them ahead 1-0.

Again in the third Yamaguchi and Sato crossed the plate, when pitcher Morinishi, after fielding a grounder, miss threw to first, followed by Yamaguchi's single.

The All-Stars placed three on base in the fifth when Sakai doubled and Oda got on, on an error, followed by Morinishi's walk. The next three batters, Murata, Sugimoto and Furuta, all hit the ball, but the three runners that were on base, were all forced out at home to end that inning scoreless. In the last of the sixth, Ikenaga relieved Morinishi, who had hurled a five hitter up to then, to hold the Kasei's to two more blows.

Kasei's put the game away, when Sato scored in the seventh and Yamamoto hit homer in the eighth.

Dust and Desert

Our little circulation boy, in course of his work, was hurt by a big piece of silver from the unpainted table plunging into his finger. After completing his folding, he rushed to the clinic.

There he nearly passed out—not because his finger hurt so but the girl who received him was the same girl reporter he just left behind in the press office. He couldn't figure out how she could have reached there so fast and why she was working at the clinic when her pay roll was with the press. Puzzled, he returned to the press office, only to find the girl back again. but by this time he realized that they were twin sisters.

Being an identical twin brings comedy and sometimes embarrassment. Some people who know the other twin make a mistake and says greetings but not knowing him, she avoids giving a cordial answer. and the other twin gets the name as stuck-up etc. In defense of our co-worker, Mat and for all the other twins, remember there is always another one around it isn't her fault if she doesn't know you and you know the other one. Complicated, isn't it?

Bon fires, music, and scents of weinies in the nearby mesquites are now a common sight in camp. Something we were deprived of for quite a while. yet one of the good American customs we still love to follow.

Large juicy water melons are now on our daily menu. Ice cold, it's very refreshing and filling.

街頭小話

去る三月日系ドラフト藤川フレッド氏の、シゾリイ州立肺結核療養院へ研究に赴いた折、日系人なるが故に危くも排斥されることとした事があった。

斯のち米國風の中にあり乍ら敢然とつて、斯のち行動は米國精神に倣う行動を以て真向かう一部は偏見者徒輩を難詰、排斥空気を解消した勇士が現れた。

先覚者は同州選出下院議員のベアトム・ストロング氏である。ポストン第一婦人会は去二十四日の会合で満場一致同議員宛書下の採られた行動こそは米國精神の象徴なりと云ふ意味を認め、捧呈文を贈つたそうである。仲々やるわい。

Hospital Veterans Feted at Banquet Last Week

Commemorating more than one and a half years of service in the hospital, certificates of appreciation were given 85 veteran workers at a banquet held at Mess Hall 32 Friday night. Names of professional staff members, who have served from the beginning were also applauded by more than 300 guests.

Although they are not connected with the hospital, credit also was given to the carpenter shop, boiler house, and painters.

Names of hospital workers now in Armed forces were presented in a moving speech by Dr. Masao Takeshita, optometrist.

The feature of the banquet was a presentation of certificates to 18 nurses aides, who have completed one year's training under Miss Elizabeth Vickers, Chief Nurse.

Local civic organizations also joined in the occasion. Dr. John Powell, who was chief speaker of the evening, expressed regret that the Health Committee of the Community Council was not participating in this expression of the gratitude of the community to the workers of the health service.

SERVICEMEN TO VISIT

Poston will get its share of servicemen this week, when a portion of over 300 Nisei on furlough from Camp Blanding, Fla. are expected to visit relatives and friends here.

Men from other camps are also expected.

POLICE DEPARTMENT IN UNIT I CHANGED

Now Known as "Watchman Crew"

The Unit I Police Department has been revised into a new unit called the Watchman's Crew with a new staff, announces Charles A. Harper, Chief of Internal Security. The new force will be under the supervision of E. C. Gorman and will operate on the same basis as the previous force had.

The new crew, which consists of 35 men, was organized by Mr. Harper and commenced work Monday. Their services will be available

to the community any time and the police station will remain open at all times so that the public may receive better protection.

At the time the new crew was organized there were only four men remaining on the police force--all officers having resigned during a nine-month period.

The abrupt change was brought about by the fact that there were only a small number of police officers remaining, reports Mr. Harper.

Dear Editor:

The announcement recently issued suspending from work all evacuee workers on this project who refuse Selective Service Physical Examination or Induction is an act of injustice of the first degree and the violation of our Civil Rights. Whether it be the Project Instruction or the WRA Instruction, such biased ruling should be retracted immediately. It is a very poor and a discriminatory measure of the party imposing such corrupted regulations.

According to the theory of law, a man is innocent of any crime until he is proven otherwise after due process of the law in a court of justice.

If this center is to be conducted according to the terms of democracy instead of fascist or a dictatorial principle, the basic ruling of democracy should be abided by at the least.

Every person refusing to accept Selective Service order has done so with adequate disputable cause and it is the obligation of the proper authority to hear these cases and try the individuals in a just and orderly manner without condemnation before being convicted.

TEMPTATION

...was strong as we passed the Toy Loan Library this morning. There were so many cute toys on display, we hated to think that we were too old to enjoy them. But are we? DEEPLY

...tanned little boys and girls can be seen swimming like fishes in the swimming pool day after day. They make the older boys and girls hang their heads in shame.

COLORFUL UMBRELLAS...

...so now to your caution to buy one of those colorful umbrellas of stripes, plaids, checks, and plains, if not already possessed. Walking in the heat without an umbrella is too hot and you know how you have to keep that school-girl complexion!

POLYMOGS

...seem to be the main attraction for the little kiddies when they near a pool of water. These grayish black things sprout legs and lose their tails after a couple of weeks...it's queer isn't it? However, they seem to be the only fish that live the longest in a jar of water at home.

BOYS!!!

...Did you hear about the dance that the C.A. is putting on next Sunday night? Well, just in case there is one, you'd better get your "drags" picked out for a date. The place of the dance is not definitely set as yet but will be determined in the next issue. Take a tip from "EMMA", boys!!!

VIA A COLUMN

...by Fuku Yokoyama will appear in next Saturday's issue. A swell treat will be in store for you...

UNIT 3 LEADERS GO TO DETROIT

Unit III has lost from among its leaders, one of the most valuable, Kay Hanada, head of Unit III Law division. He has unselfishly and willingly served the people of this unit ever since arrival here. Holding positions as notary public, chairman of Judicial Commission and member of library commission he is greatly missed by all. He is also remembered for his great interest in baseball, doing the hard job of an umpire, and his timely column in DUST N' DESERT.

Another who left out midst is Joe Owashi, head of Unit III Relocation Office ever since its establishment here. He served for the people as assistant relocation advisor. His friendly and sincere aid to the people will always be remembered.

These two leaders left the project last Tuesday for Detroit, Michigan.

With the opening of the wading pool at the Poston Square Garden, many a small child's dream has come true...

The opening has made a place of refuge for the small kiddies from the undaunted Poston sun. Also it is a place where they can "burn up" their extra summertime energy, giving their parents a needed break.

It is noticeable that many kids seem to live there.. By this, I mean as I commute from my place of employment, to my home, which route runs past the wading pool--I see the same faces over and over again--morning, noon and night.

In speaking about the wading pool, the question comes up again, "When is the swimming pool going to open?" There have been many rumored dates, but most of them have been unconfirmed.....The real date would be brought much closer if we would all pitch in and help....We know there's a manpower shortage now, but what's a few Sundays work compared to the pleasure that we can derive after it is finished....

Also in line with the wading pool and the swimming pool, is the fact that many of the palm trees seem to be on the verge of "slow death". But according to the gardeners, this is natural and when the new roots take hold--watch the greenery shoot the works!

SHORT TERM: Mary Eugene, Joseph, Frank Yamada, 322, Preston, Idaho.

SEASONAL: Eddie Hazama 328, Katsu Tanizaki 328, La Salle, Colo.

FIRE DAMAGES BARRACK

Barrack A in Block 34, was damaged by a small fire at approximately 8 p.m., July 13. A faulty water boiler was the cause of the fire, according to fire Chief J.M. Fien.

The loss involved did not exceed \$15 at the most, and the barrack was only slightly damaged.

DR. POWELL ON TRIP

Dr. John Powell, chief of Community Services, will journey to Washington, D. C., where he will be on the Leave Clearance Review Board for a period of six weeks.

Dr. Arthur L. Harris, will serve as Acting chief of Community Services in his absence.

Human Ashes May be Sent to Japan

The State Department reports that there is no restriction upon the exportation of human ashes to Japan. Although there are no means of exporting ashes to Japan at the present, in the future if there is an exchange ship, it will be possible to send ashes by it.

Persons interested in this matter should communicate with the Spanish Consul. Ashes, which are to be sent, should be placed in a container that can be readily opened for inspection by customs officials since inspection of baggage and property of enemy aliens is necessary.

Rev. Shozen Naito, in the event that he is repatriated, may be permitted to take 1000 boxes of human ashes to Japan with him, the Department of State also reports.

ALLOW THREE DAYS FOR CRATING LUMBER

Application for lumber to box and crate property by those leaving the center on indefinite should be made three or four days prior to the date the relocatee leaves, the Unit I Blk. Managers Supervisor reported.

The lumber is delivered three times weekly. All applications should be made at the Evacuee Property office in Unit I.

100th Battalion Spearheads Drive

The 442nd Regimental Combat Team composed of American soldiers of Japanese origin is participating in Gen. Mark Clark's Fifth Army attack along the west coast sector of Italy toward the port of Livorno, it was officially announced, according to an AP dispatch.

This force with tank support smashed into enemy positions July 9 in the face of determined resistance, an Allied spokesman said.

Spearheading the assault was the 100th Battalion, a unit which has performed brilliantly throughout the entire Italian campaign.

DELEGATE SCHEDULED TO ARRIVE

The Spanish delegate, Capt. Antonio R. Martin of San Francisco, was scheduled to arrive last night on the project to investigate and compile a general report of the project, reports the Community Council.

Spokesmen for the project will be Minoru Okamoto of Unit I, Setsugo Sakamoto of Unit II, and Sadakichi Nomura of Unit III.

The tentative schedule for interviews with the delegate is Unit I Saturday morning; Unit II Saturday afternoon; and Unit III Sunday morning. This schedule will cover group and individual interviews.

Briefly

by "MEMORIA"

Rain today
Blue skies above;
Philly,
City of Brotherly Love.

SO THIS
...is Philly! Greetings. Its a wonderful place--this city out of our old history texts, of the Liberty Bell, of crowded thoroughfares, of hospitable people, of unpredictable weather, of one-way streets, of indiscreet pigeons, of ancient buildings, and modern shops.

OUR TRIP
...out was uneventful, that memorable non-stop flight from Parker to Chicago. True, we did stop a hundred-odd times at unimposing stations, but other than that, no. We were "fortunate" in having a merry crowd of some 77 passengers in a 74-seat coach, which caused us to rub elbows, literally and figuratively with all types of persons, which was fun!

WE SHALL
...mark as indelible in our minds the very nice young couple from Camp 3 with their family of 5 plump children. Poor kids had nothing worth-while to do but eat all thru' the two-and-a-half-day trip into Chicago. One of the round little boys who resembled a cute Disney rabbit even slept with a can of SPAM balanced on his little fat tummy.
...the colossal conductor who came around when the Kansas corn fields were waving our windows good-bye, to pinch our nose while we caught up on a little snooze.
...the cool pause that refreshed us at the Parker station when the Wells of the Camp 2 faculty brought us cokes.
IT WAS
...morale----boosting

COUNCIL ELECTS NEW MEMBER

At the regular meeting of the Unit II Local Council, a new treasurer and a new member of the City Council were elected to replace Kiroku Takizawa, who left recently for seasonal work on the outside.

John Terakawa was elected treasurer and Heigoro Yoshizumi was chosen as new City Council representative.

P.O. REPORT

Transactions of the local post office for the month of June released by Postmaster, John Kurimoto are as follows: Money order, \$7450.51; C.O.D. \$1761; Stamps and Parcels, \$744.87; and Total, \$9956.74.

when we boarded the "milk train" on our first stretch out to hear such jolly quips as, "I hear Jesse James robbed this train", and so forth. And believe you us, that it was one of the loneliest persons that jibed and tried to enliven the spirits of those who were feeling homesick already. Great guys, these re-locators!

MEN SHORTAGE

...we noticed more acutely when our train stopped at a New Mexico depot for refills. Two or three attractive Indian girls in soiled dungarees hoisted buckets of ice and came up to fill our water supply. The wolves whistled at them, but no comeback. In fact, all along the way we noticed girls were filling the shoes of men--in elevators, in taxicabs, as trainmen and conductors, bus and trolley drivers, lifeguards and others.

TIME TO

...hang out the three-O mark for now. Until again, this is VIA signing off from Philly

POOL IN GOOD CONDITION NOW

Tohiji Motoki of the Local Red Cross stated that the installation of concrete culverts has been completed and the pool water is running daily. This keeps the swimming pool in a much healthier condition than before. The pool was condemned several times as not clean but this nuisance may be eliminated now.

"INDUCTION BALL" TO BE HELD

On the evening of July 16, Sunday, the Army inductees will be honored at the "Induction Ball" beginning 8:30 o'clock at the 221 Dining Hall sponsored by the Community Activities.

Refreshments will be served and the music will be selected from 800 records.

Tickets, 30 cents per couple and 35 cents for stags, are being sold at the main canteen.

REV. TSUNODA SPEAK TOMORROW

Reverend Tsunoda of Camp III will speak at the special second anniversary service to be held on Sunday, July 16, both at the morning and evening services.

Since Reverend Tsunoda will relocate to Colorado in the very near future, this will be his last appearance before the Poston II Buddhists.

Chairman for the morning services will be Tokuo Yamamoto for the juniors and Manabu Fukuda for the seniors.

SHOE SHOP NEWS

Because of the fact that the shoe shop workers are new and getting their training now, shoes will not be fixed in a hurry and residents are asked not to lose their tickets.

TEAM	WON	LOST	TIED
308 YANKEES	3	4	0

Because of the keen interest in the Gila-Poston game, now we will try to give you a "dehydrated scorebook rendition" of the seven games played in which Poston 3 won three and lost four.

July 1--Zenimura Field
The first game was played against Block 65 in which they lost by a close score of 4-3. The "Arizona Yankees", as the Poston 3 aggregation was called, scored first in the second inning making one tally. Again in the fifth they scored two runs to end the scoring.

On the other hand Block 65 on a spree in the seventh scored all their four runs on three hits and an error.

July 2: In the second game played against Guadalupe-Lompoc, the Arizona Yankees won their first game, scoring two in the first, one in the sixth, and two in the seventh, but still trailing 6-5. J. Nishida, pinch-hitting, started a five run spree that clinched the game with the final score 10-6.

July 3: Losing their third game to Blk. 28, 1-0, which was the only game in which they were shut out, the Yankees now had only four more games to go.

July 4: The Fourth of July brought good tidings to the Yankees when they won the game 13-9 against the Gila cardinals. Scoring 4 runs in the first inning, they followed through by scoring in every inning except the fifth and seventh, to give them their 13 runs.

* * *

The Cardinals also started in the first inning by scoring five runs, but did not follow through enough to win.

July 6: Again losing by one point, the Yankees lost to the Canal All-Stars, 11-10, although the Yankees out-hit the All-Stars, 14-9.

July 7: Playing Blk. 28 again they lost for the second time, this time by a 5-4 score.

The Yankees scored two runs each in the second and seventh while 28 scored one in the first, second and third and two in the eighth, left the Yankees with one game to play.

July 8: Making their last game a winning game, the Yanks gave the Jerome All-Stars a 7-2 defeat. Backed by three baggers, they and followed through with their lead from the first inning when they scored four runs.

The Jerome nine made their only two tallies in the eighth inning.

This ending their stay in Gila, J. Fujita lauded the sportsmanship of the teams and of the crowd there.

He also extended his sincere gratitude to Block 28 in Gila and especially to K. Zenimura on behalf of the entire team.

APPRECIATION

We wish to take this means to express our most sincere appreciation to all our friends in Poston who have done so much for us during our stay here. Thank you very much.

KASEIS SMASH LOS PEPES 15-7: MOVE WITHIN ONE GAME OF FLAG

The Kaseis moved to within one game of the coveted "AA" crowd by shattering the Los Pepes 15-7 in a "who gets the crown" game. Only the Blackhawks now remain between the Kaseis and the crown.

Behind rise ball specialist, K. Yamaguchi, the Kaseis scored in every inning except the last to turn the game into a one sided affair. Up to the sixth Yamaguchi hurled a two hitter while his teammates were pounding K. Ikenaga for 16 safties, including two circuit blows.

The Kaseis started it off in the first, when K. Yamaguchi, walked, coming in on Sato's single, when the left fielder muffed the ball. With Sakamoto getting on, on a error, Ura rapped one of Ikenaga's fat ones for a homer into center field with two aboard.

The next inning started with four consecutive hits by Yamamoto, Orida, Yamaguchi, and Sakamoto netting 3 more runs to run the scoring up to 7-0.

Tallying one run each in the next two innings and Sato's circuit blow in the sixth with Yamaguchi on, changed the score to 11-0.

Los Pepes started their scoring when Eddow singled, and Miyata knocked the third homer of the day in the sixth. Eddow and Miyata again crossed the home plate in the following inning to mark up 4 tallies.

Kaseis came back in the next 3 frames by picking up 4 more tallies. Hurler Yamaguchi allowed 3 hits and 3 runs in the last inning to end the decisive game 15-7

K. Sato led the Kaseis sixteen hit attack with a four for six clip at the plate.

LOETTES CLINCH PENNANT: EDGE LUANANS 11-10

By the narrow margin of a 11-10 victory the Loettes clinched the W.A.U. pennant with 4 victories and no defeats.

The Luanans opened the scoring in the top of the first on M. Nagatas double followed by an error and 3 walks for 2 runs. The lead soon vanished however as the Loettes brought their vaunted batting power into play to cross home plate 7 times in their half of the inning on a single by N. Nagata, a homer by Tsuji followed by 2 walks, 3 errors and a single.

Tallying 4 in the second frame on Nomoto's single, an error and a home run into right field by Ostuki the Luanans pulled within one run, 7-6.

The Loettes soon opened the gap to 10-6 as Nagata and Tsuji singled, an error and another single by Kodama scored 3 runs.

Coming back for single a tally on Nomoto's circuit drive along the right field foul line in the 4th, the Luanans pecked away at the lead and in the last frame had the tying marker on base but hurler Kodama rose to the occasion by retiring the side.

N. Nagata led the victors at bat by garnering 3 singles in 4 attempts while Ostuki's circuit blow and Nomoto's single and homer were the losers big blows.

CO-OP TO ALLOCATE \$4800 YEARLY FOR CENTER WELFARE

Gate Clerks Are Now Stationed at Entrance

If they submit the required papers, returning residents can be reinstated or re-entered on the project from indefinite or seasonal leaves, at the time of entry, making unnecessary subsequent trips to the relocation office, according to James D. Crawford relocation officer. If the required papers are not submitted however, the persons must visit the relocation office for re-statement or re-entrance.

Two gate clerks will do the work formerly divided among several different offices and done over a period of time: collecting papers, and permits. Gate clerks, Jeannie Anderson and Frances Sharp, were stationed with the military police at the gate for the first time Monday, July 10.

RUCKER U**

The Bombardiers after being held scoreless for three innings, got their sight focused on hurler Esri to rap him for 4 runs on 3 hits which was more than enough to win.

The Bombardiers added 2 more in the 6th and one in the 7th while Rucker U was tallying one each in the 5th & 6th to make the final score 6-0.

**DELANO VJDFE DBLE 4'S
IN EXTRA INNING 15-14**

The Doble 4's came within an eyelash of pulling the prize upset set for the season as they battled the highly touted Delanettes even for seven innings only to lose out in the extra frame on a walk and an error after two outs.

Home runs by Kishimago and Hinojoshia and a double by Tanaka of the winners highlighted the contest. Doble 4's 531-04100 no 14-16-11

Before an estimated 2,000 baseball fans, the visiting Kaseis of Unit one tangled with the 308 Yankees in an exhibition softball game. The tussle was held under favorable weather conditions on Saturday evening, June 15th at the Yankee Stadium.

Ken Yamaguchi repeated his usual shut out performance while his team mates presented their 2 winning tallies in their lucky 4th.

The 2 runs for the Kaseis came in when I. Sato reached 1st on an infield error while K. Sakamoto followed with a free pass. Then T. Yamaguchi met a timely double to score one tally. The second tally came in when K. Sakamoto slashed home plate on a put out at first. 308 Yankees threatened in the last of the 9th frame when T. Morikawa and F. Kuwada both singled to be in scoring position with one away. The threat ended when T. Morikawa was out off between third and home plate. M. Miyamoto popped out to end the ball game. Winning chucker Yamaguchi sent 8 batters thru the strike out route and allowed 4 hits while Miyamoto struck out five and gave 3 hits. G. Miyamoto for the Yankees collected 2 for 3.

VIA.....

A COLUMN

Lord give me grace
 To catch a fish
 so big that even I
 When talking of it
 afterwards
 May never need to lie.
 --The Angler's Prayer
 -o-o-o-

VIA SPEAKS

...from the fabulous Poconos today. We are a cool 100-miles away from sweltering Philly on the shores of the silvery, placid Lake Pocono. We first heard of the Poconos from Kitty Doyle. Remember? And this is it. The place is just studded with tall pines and rhododendrons, and wood ferns.

BETWEEN COLUMNS

...finds us boating, canoeing, challenging a mean tennis racket, cycling away from vicious dogs, or swimming, or drowning in the attempt. It is great fun.

WHILE BOSTON

...is undoubtedly kicking off it covers in slumber, we hit the hay under two double blankets and an awfully heavy comforter, with the fireplace cheerfully burning up. Some people may choose heaven, but we'll take the Poconos for a summer paradise. By the way, wish you were here.

EVENING WHEN

...the sun is an Aztec gold, descending the slopes of the Blue Ridge Mts. westward, the lake is a gold mine. And no poet nor artist could do it justice. You must see it! And just at such times, mellow voices of some choir float across the waters and kiss the silent pines on our south shore. Just below are beautiful water falls. They are hot as enormous as the Niagaras or Victorias, just as resplendent and magnificent.

HIGH SCHOOL LIBRARY OPEN

RESIDENT OF 669 SUCCUMBS

After a lingering illness for a period of five months, Yasuzo Yabumoto, 60, Wakayama-ken, formerly of Sacramento, Calif., passed away late Wednesday afternoon at the Boston General Hospital.

The deceased is survived by two sons, Tom and Hiroshi, here in Boston, a married daughter in Topaz, and another son in the U.S. Army.

THE POEM

...that heads this Column sounded so universal--a prayer no doubt muttered by the youthful anglers of the slough behind Camp II, or the tributaries of the Mississippi River, or the Cottonwood banks of the Colorado, or south above the Rio Grande, and yes, the Poconos. But really, the big whoppers are the ones that got away UNTIL AGAIN

...it's 30 for now-- Columns may be few and far between (what relief!) but as we say, until again...

CAMP 4 SMASHES BUGGS 16-1

Going on a rampage in the first inning, backed up by seven Buccaneer errors, which netted 14 runs clinched the game for Camp 4 in a league game played last Thursday night.

Although scored upon so strongly, the Buccaneers nevertheless clamped down to hold Camp 4 scoreless for the remaining four innings. Also, the Buccaneers scored their one and only tally in the fifth.

They threatened again in the last inning with two hits, but because of a beautiful gloved-hand catch made by T. Trokey, ended the game, 16-1.

Batteries: Camp 4--M. Hatada and F. Sakamoto; R. Takahashi. Buccaneers--A. Hashiguchi, A. Kaneyuki.

316 CONTINUES WINNING STREAK

Getting 13 hits off the two 316 hurlers, the Hollywood Stars in a junior league game defeated the 316 Midgets, 13-4 last Wednesday evening.

In the first, 316 started off leading, but soon lost their lead when in the 2nd, the Stars started a little jaunt, which included a home run by E. Koide which altogether netted five runs.

Only other score made by 316 was in the 5th, when A. Hatakeda hit a homer into deep center.

The winning pitcher was T. Minamide with T. Mayumi behind the plate.

Dust and Desert

In interviewing Jimmy Fujita, coach of the Poston III hardball "delegation" to Gila, we found out a few things about their venture.

First of all, he stated the stay here on the whole was satisfactory excepting for the weather, and the trip to and from there was uneventful.

According to him, the appearance of the camp, with the white buildings and all and the mess facilities and food topped Poston....but on the other hand, the weather there was hot and sultry....Poston can't be beat....

On the human side of their trip, he stated that although they were really and truly enthusiastic about going, after their arrival, all thoughts turned back to Poston.

Well, all this sums up to show that, even though Poston is what it is....it's still "Home Sweet Home"....

It's none of our business, and we have been constantly asked to and we, too, feel irritated when some people bring an extra high chair and squeeze in between the crowd to interfere the view of those sitting behind. The small spaces are usually opened so it will enable one to see without the blocking of heads and, if anyone has a common sense, they should know better than to go in those spaces, or else they should go earlier and get the deserved seat.

WANTED: Three life guards. Apply immediately at Red Cross Office, 310-3-D.

STORAGE IN GOVERNMENT WAREHOUSES RECOMMENDED

Leave Officer Returns From 6-Week Trip

W. Allen Cushman, leave officer, returned to the project recently from a six weeks trip to investigate various job opportunities and working facilities in Cleveland, and Detroit, Mich.

While in Cleveland, Mr. Cushman visited the industries and met many former Postonians, many whom he saw in their homes or on jobs. In Detroit, Mr. Cushman was able to visit the nearby farms where he met many relocatees.

Jobs are plentiful for anyone who is interested in securing one, states Mr. Cushman.

At present he is making a job sheet that will be available to anyone who is interested in relocating that region.

Mr. Cushman has a list in his office of people with whom he made contacts while in Cleveland and Detroit, Mich. will be available to the public in the near future. His list includes some 30 names, all of which are former Postonians.

COMPTON PROPERTY OWNERS SOUGHT

The Evacuee Property Office would like to get in contact with the owner or trustee of the property known as the Compton School property located near Los Angeles, according to R.W. Schmitt, Evacuee Property Officer.

Vandalism Reported Still in Existence

R.W. Schmitt, evacuee property officer, reports that during his trip to Salinas, Watsonville, San Francisco, Sacramento, and Fresno areas, he found vandalism and pilfering still existing on a very large scale. He recommends that every person who has personal property in any private place request to have it placed in government storage at the earliest possible date.

In the cases of many evacuees who have accepted this suggestion

and have requested the storing of their property in government warehouses, the shipment to relocation areas has been quickly accomplished.

Mr. Schmitt reports that he had the opportunity to work with the WRA transportation division and to observe its work while in Northern California. He found that they were exceptionally busy with the requests of people who are relocating.

The transportation department is attempting to give priority to the movement of property to relocatees. The evacuees can help one another materially by requesting movement of their property to government warehouses well in advance of the time they intend to relocate.

DAVENPORT IS NEW COUNSELOR

Yolande Davenport, graduate of the Institute of Public and Social Administration of Michigan, arrived on the project Sunday to start work as family welfare counselor in Unit I.

She will be particularly interested in helping families to make relocation plans.

JOHN MAENO TO ARRIVE

John Maeno, attorney at law of Denver and former Unit II attorney, will arrive about the 21st of this month on his way to Los Angeles, where he will make preparations for the defense of the Alien Land Cases, known as escheat cases.

All those who have similar cases pending and wish to interview Mr. Maeno may contact him in the Unit I legal office.

A. L. MIRIN VISITS PROJECT

A.L. Mirin, attorney of the Civil Liberties Union of Los Angeles, arrived on the project Sunday morning to discuss matters of possible defense of the boys who are out on bond from their arrest for refusing induction.

Mr. Mirin is scheduled to arrive this morning to investigate more thoroughly and talk to the boys.

GROUP LEAVES TO BE INDUCTED

The second group of boys to be inducted in Phoenix left by bus at midnight last night. Twenty-nine were called.

SUMMER ACTIVITY PROGRAM TO BE SPONSORED BY C.A.

A summer program of activities will be sponsored by the Community Activities in the school assembly hall every Tuesday and Friday evening commencing this Friday under the supervision of Misses Mary Wiseman and Donna Lapinskas.

"HELLS ANGELS" TO BE SHOWN

Special movies again will be shown by the Entertainment Dept. of the Community Activities this Friday, Saturday and Sunday nights at Blk. 32 yard, Blk. 59 and Central Pool, respectively, it was reported.

On tab will be "Hells Angels," starring Jean Harlow, James Hall and Ben Lyons. "Wheels Across Africa," a movie of a perilous 24 months African trip is also scheduled.

For the sake of center sanitation, residents are asked to refrain from littering the movie grounds with cans, melon rinds and papers.

YBA CONTEST DEADLINE POSTPONED

It is announced by the YBA office that the deadline for the naming contest for the Bussei paper, originally set for July 14, has been postponed until a week after the publication of the first issue since a sufficient number of entries have not been submitted.

All entries must be made in English, and a cash award will be given to the winner. The contestant may be anyone except a member of the YBA cabinet. This, however, does not include the councilmen.

The first edition of the paper will make its appearance on or about July 29 and will appear without a name.

FOUND: Pair of gold rimmed glasses at Pool 21, Unit 1. See life-guards at Pool 21.

Every Friday a fun frolic, "Caper Inn," will be in session at which time various games will be offered. Card games and ping-pong will be the main attraction inside the hall, while various games such as horse-shoes, shuffle board, roller skating, and croquet will be feature outdoors. (Please bring your own skates)

Each Tuesday a dance practice will be held with instructions offered to all those interested.

Each night a different club will be the host or hostess. Although a great many clubs have been contacted and asked to volunteer their services on either or both of these nights, it is feared that some may have been overlooked because of organizing or disbanding of new clubs. In that event it is hoped that they will contact Miss Wiseman or Miss Lapinskas in Block 34, barrack I, apartment 2, if they are interested.

This Friday the fun frolic will be launched by the Hi-Lites and the Indians.

CONVERSATION CLASS OPENED MONDAY

English conversation classes began last Monday, July 17, at Adobe 30, with Miss Thompson instructing.

This class will be of particular value to anyone who wants to improve his usage of English," stated David A. Conlin, supervisor of Adult Education.

This class is open to everyone and will be held on Mondays and Wednesdays.

DUE CREDIT

TONY NAKAZAKI

...Men's Athletic Manager presented the 220 Mustangs with their trophy they won in the second round of the "Aye" league softball champ at the "Ball".... He announced that the winners of the first round "Aye" and "Bee" leagues will receive their medals, which is expected to arrive in the near future, at the earliest convenience.

A CARELESS FELLOW

...Suzie, a bright eye spotted a cigarette burning in the hall near the Steward's Department the other morning and had it put out. "Emma" suggests that the offices furnish ash trays so that the visitors can throw it in the tray instead of the hall, and we think boys should be more careful with it.

COLLEGE CATALOGS AVAILABLE AT POSTON TWO HIGH SCHOOL

Dallas C. McLaren, principal of the Poston II School, disclosed that there is an almost complete collection of college catalogs on file in the high school office, and that anyone who is interested is invited to use the catalogs.

P.O. REPORTS

Residents are requested by Postmaster, John Kurimoto, to keep their money order receipts which are issued at the Unit II post office for future reference. This is due to the fact that some residents have lost their receipts, and there has been too much confusion in tracing back to the original number.

He also reminded the residents that V-Mail is restricted only to those who are serving overseas; and the postal charges are only six cents for V-MAIL air mail, and three cents for ordinary mail.

SPECIAL MOVIE

A benefit movie will be shown to the public on July 23, Sunday evening, at the Cotton-wool Bowl sponsored by the Poston II High School. Their aim is to raise enough money to purchase a movie projector which will be used by Camp II exclusive. Donations will be accepted.

220 MUSTANGS WIN TROPHY

After putting up a good fight and showing good sportsmanship the 220 Mustangs who rightfully deserve the trophy came in first place of the "Aye" softball league for the second round. Following is the final league standing:

TEAM	W	L
220 Mustangs	7	0
226 Zero	5	2
215 Zebras	4	3
211 Pensuins	3	4
219 Rattlers	3	4
222 Broncos	3	4
221 Shamrocks	3	4
216 Caissons	0	7

one who is interested is invited to use the catalogs.

In the absence of Robert C. Wells, former Student Relocation Counselor, he is assuming responsibility of the Student Relocation Counseling Program.

He stressed the point that any interested persons, not only students, make appointments with him at the high school office in regard to continuing their education, and selecting colleges, or may look over the catalogs themselves if they wish. He also stated that they may not be removed from the office.

To make appointments for conferences with Mr. McLaren regarding student relocation and colleges, those interested are asked to phone 224 or 228-R2.

KASEIS SHUTS

INKS 2 0

In a snappy nine inning thriller, the champion Camp I Kaseis shut out the 308 Yankees 2-0.

Featuring 308 G.I. battery consisting of Ky Miyamoto and Shorty Oshita the 308 team threatened to score first when on a hit and error Miyamoto got on 2nd. Then on a fielders choice he advanced to third. The Kaseis then pulled a snappy double play to end the threat.

The Kaseis under the beautiful pitching of K. Yamaguchi, made their scores in the 4th when a runner advanced to third on a error, passed ball and stolen base. After scoring, a hit brought in the other run.

Catching for the Kaseis was G. Ura.

BUCCA NEERS WIN 7-5

Edging out 306 7-5, the Buccaneers won their second game from 306 last Sunday night at 330.

「轉住所を閉鎖し」

沿岸へ歸還せしめよ

塩湖テレグラム紙の社説

沿岸諸州特に加州内の輿論は依然として日米人の立入禁止説を固執しつつあるが、山中部、中西部の要人間には早くも日米人の沿岸歸還を主張する者も現れつつある。

去る二十二日附の塩湖テレグラム紙が掲載した何故に全転住所を閉鎖せざるやとの如きはその代表的なもの、一つであらう。

左に要旨を掲載すると、

「開戦直後沿岸三州より日米人を立退かした理由は該軍卒地域が直接的なる脅威を及ぼすに過ぎないからであるが、復讐せしめ転住所経営の元費を許しやうとしなさいのであるか、ひたひたの方針は速かに

くる懼れが充分存在し、たが故である。然るに現任は既に布哇に於てさへ軍事的制限の緩和を見つゝある状態であるに鑑みても、日米人の沿岸歸還が國防を沮害するとは思へない。

被害は畢竟自分のホームと職業への復讐を望んで居り、與地への再転住にはさしたる決心も有して居る。我々は何故に被害の希望する所に復讐せしめ転住所経営の元費を許しやうとしなさいのであるか、ひたひたの方針は速かに

日米人と転住せしめ、全センターの閉鎖を目的として居る。これは洵に必要なる目的であると思はれる。

然らばひたひたは如何にせよこの目的を達成することか出来るであらうか？ それに日米人をさして前住地たる沿岸地方へ所謂再転住を行はしむる事は依つてのみ達せられるであらうか？

E.S.B. GAKUEN DONATES \$350

Nine organizations in Unit I were given cash donations by the disbanded Encinitas-Salona Beach Gakuen, it is reported. A sum of \$350, remaining in the Gakuen fund, was given to the organizations for the betterment of the community.

Those receiving donations were: Bukkyo Church, \$100; Christian Church, \$50; Community Activities, \$50; Drama Dept., \$30; Red Cross, \$20; Women's Club, \$25; Rokyokukai, \$25; YBA, \$25; and YMCA, \$25.

UNIT I HIGH SCHOOL NEAR COMPLETION

"We hope to be able to open high school at the new plant in September with the use of the recreation halls in the nearby blocks", states Dr. Arthur L. Harris, Superintendent of Education.

The new high school plant upon completion will consist of one home economics building; four general class room units; four shop rooms, 40 by 60 feet; auditorium with approximately five small class rooms and with additional rooms for storage, musical instruments, lockers and stage properties; and a text book store-room.

The high school will have only 27 class rooms in comparison to the 36 class rooms of the elementary school. It will have on the other hand four double size shop rooms and ten small rooms in the auditorium wing. The library will be larger than the auditorium twice as large and the administration building 50 per cent larger.

Poston I's last chance for state accreditation will be in October when the school visitors arrive, therefore, it is quite urgent that the high school plant be finished by then even though it may require volunteer help from the community.

Several thousand adobe bricks still have to be made before the plant can be completed.

MOVIE SCHEDULE ANNOUNCED

Movie schedule for next week will be as follows: Monday, Tuesday, and Wednesday in Unit I, at the Central Swimming Pool, Blk. 59, and Blk. 18, respectively; Thursday--Unit III, and Friday--Unit II.

The picture to be shown is "The Sky's The Limit," starring Fred Astaire and Joan Leslie.

LIBRARY TRAINING COURSE GIVEN

A library training course is now being conducted for high school girls under the supervision of Misses Ethel Manning and Blanche Armstrong.

The purpose of this course is to train girls for employment in libraries as clerical workers, reference librarians, and for work in cataloging.

Workers in this line are in great demand on the outside, states David Conlin, acting vocational training supervisor.

It is planned to have a similar course for girls out of school in the fall.

P.O. HANDLES THOUSANDS OF MAIL

Early in May, 1942, when the Poston project first began to send out its mail out, Earlon Gardner, with three assistances worked away in the hot warehouse on the floor amidst the dust in order that the mail might go through. At that time the present Post Office building had not been completed and there was no equipment available with which to work with. The men worked away doing the best they could with what little equipment that they did have. The equipment was very limited.

As time marched on, the Post Office building was completed and the crew moved into the new building, ready to give the residents better service, for speed was in demand as the amount of mail was increasing daily.

At the present time the Post Office is handling over 175 money orders, 100-150 C.O.D's, approximately 2300 letters, and 35 registries per day with a personnel of 27. Poston's mail is as large as any other city per capita.

The local Post Office, a branch of Phoenix office, is probably the farthest branch office from any Post Office. Phoenix is approximately 180 miles from the center.

FOUND: Corbin key in front of Post Office. Claim at Chronicle.

"EMMA"

...is replacing the versatile Fuku who pulled out for the City of Liberty Bell. We extend our best wishes to the young and brilliant "all-girls" staff. We were asked by the "Emma" to splash a few lines for a change of scenery, but since we're no property man nor artist we can't change the scene too much. And besides what would make better scenery than the sweet and charming "all girls brigade"!

A "JAR"

...is placed in the Council Office...The three employees have gallantly decided to drop in a penny in this pint jar whenever they wagged a profane tongue. It's a great idea, but they say it's quite a "jar" on the pocketbook!

THINGS

...have changed, haven't they? The ex-Postonites returning to Poston from the eastern cities are calmly declaring that they're "cooling off" here in Poston! The pride of Poston has reached a new low and our blood pressure has hit a new high in hearing these derogatory comments! What is Poston without its super heat anyway!!

USO WELCOMES MEN IN ENLISTED RESERVE AND VISITING SOLDIERS

Kenneth Mayeda, head of the Community Activities, stated that the Unit II U.S.O., located in block 216-7-A and B, is now open to all soldiers visiting here

10 FIREMEN NEEDED NOW

Due to manpower shortage caused by relocation, ten more firemen are needed at the present time.

Harley Woodhouse explained that middle-aged men are preferred since the younger ones tend to relocate or are getting drafted into the Army. He further stated that he would like his quota filled by paid firemen rather than volunteers since volunteers would not know what to do in case of fire.

Firemen will be trained only if they come to the fire station. It was also decided that all firemen should be on call whether on duty or not and that the fire chief should have the firemen understand this fact.

HARRY YAGI REPLACES KEN SATO

Harry Yagi, who has been working for the Employment Office since the beginning of Poston, has replaced Ken Sato, who left recently for outside employment, as the Assistant Relocation Advisor, it was announced by Herbert W. Carter, Acting Relocation Advisor.

NOTICE: The date of the special benefit movie, to be sponsored by the school, has been changed to July 31st.

But now I know the things I know,
And do the things I do:
And if you do not like me so,
To hell, my love, with you!

By virtue of their victory the Los Pepes are now assured of at least a tie for the runner up spot.

With Kato working the hill for the Breeze, the Los Pepes nicked him for 2 quick runs in the second on Okida's circuit blow with Kokubun on base.

Coming back in the third to tie it up with two runs on singles by Sasaki, Sus Mori and an error, the Breeze went ahead in the 5th on another pair

WATER SITUATION IS SERIOUS; CONSERVATION DEMANDED

Civil Affairs Training School needs 20 Nisei

The Civil Affairs Training School at Stanford University is in need of twenty Nisei to serve as conversationalist and drill-leaders of small groups of officers in the Japanese language.

The Civil Affairs Training School is preparing Army and Navy officers for the responsibilities of military government in enemy territory in the period immediately following the cessation of hostilities. An important phase of this training is to develop considerable proficiency in speaking and understanding the spoken language.

Employment for this work will begin immediately and will last until July 1, 1945, and possibly until October 1, 1945.

(cont. page 2, col. 1)

Now Exceeding 3,000,000 Gallons Daily in Unit One

THE USE OF WATER HAS REACHED THE DANGER POINT. Entirely too much water has been used lately by residents. Unless drastic steps are taken to care for the acute shortage of water, Poston will face a great catastrophe.

In the last few days the amount of water used on the project has jumped to alarming proportions, according to a memorandum issued by

MISSING COOK

STILL UNFOUND

Joe Yoshiteru, Fujiwara, a 56-year-old kitchen helper, is still missing from his apartment, 26-14-A, since July 11, according to Charles Harper, chief of Internal Security.

The missing was last seen July 11 at 9 p.m. on the west bank of the canal west of block 26. He is of medium built, has chapped skin, and wears a mustache, reports Takachiro Yoshioka, block 26 manager. Anyone seeing the missing man please notify the Police Department.

Duncan Mills, project director. Much of this water has been wasted. In Unit I the amount of water used on July 19 was over three million gallons; this being the same as 450 gallons per person for 24 hours.

"For the protection of the residents, we will have to take drastic steps to remedy this danger. I know that if the residents fully understand the danger, they will cooperate in conserving water. Two million gallons is the maximum amount within the safe limits of our plant in Unit I. When the use exceeds this amount, in order to protect the community, it will be necessary to cut off the water supply," states Duncan Mills.

If the amount of water used lately continues the pumps will soon be useless in a short time, equipment will be worn out, and the wells will be filled with sand, because it is more than can be pumped out of the wells.

In order to avoid cut-off of water, it will be necessary for the residents to cut their use of water by one-third.

RECRUITER HERE FOR SEABROOK FARMS

E. Stanley Parcells, Employment Manager of the Seabrook Farms, arrived Wednesday to recruit 300-350 workers for the farm in New Jersey and left Sunday morning for Gila. He is scheduled to return tonight and will remain on the project until Friday.

On the farm there is almost any kind of employment available with a minimum wage of 50 cents per hour. Operations on the farm are so large that individuals can put in as many hours as they desire, according to Thomas Masuda and George Nishita, who visited the farm.

There are 240 apartments and dormitories for families ranging from one to three bedrooms for \$30 a month and under depending on the size, and dormitories for single men and women at \$8 a week with room and board.

A mass meeting for all those interested will be held tomorrow evening at Rec. 27 at 7:30.

C.A.T. IN NEED OF 20 NISEI

(con't from Page 1)

It is not necessary that the Nisei have skill or previous experience as language teacher, although this would be valuable. They must be capable of conducting conversational practice in Japanese among a small group of officers of ages from 35-55. Wherever possible it is preferred that the Tokyo dialect be used.

The War Department has indicated that a salary of about \$180 per month should be the standard remuneration for this service.

Dormitory accommodations on the Campus at reasonable rates will be available for single men and single women. Family accommodations are not available.

Anyone accepted for this position will be allowed to return to California.

SCHOOL NEWS

Dust and Desert

Here I am sitting in front of a cooler, feeling sticky as ever with letters of my friends who have relocated to the east before me.

Everywhere the weather is sultry and "necha-necha", ... Poston is still better in weather so they say, but it is hot, isn't it????

Many of you still remember our former press girl, Masako, (Mrs. Ben Nishiyama), don't you?... She's in Minneapolis yet and is a proud mother of a baby boy--12 lbs. now she says..... She's getting the big thrill watching him grow. Many families have settled there so Minneapolis looks to be a future prospect for many Japanese.....

.....Another of our press members who is also making Minneapolis her home writes-- "The city of Minneapolis is indeed an exquisite locality--very ideal for living a contrasted life".

....Minneapolis is just full of beautiful lakes ...really an enjoyable place to relax and especially on the canoe which can be rented cheaply....very ideal for couple late at night to row gently over the lake....she tells me.

One disadvantage is that the wages aren't exceptionally high, but it must be taken into consideration that the standard of living is lower, therefore, one cannot complain much....

So goes our friends, on the outside.... Eventually, I fold the letters and snooze--dreaming myself in an imaginary city somewhere far away where I hope some day to go...

Asahis Capsize Pirates, 4-3

A hard-fighting Asahi nine overtook the Pirates in the seventh inning to walk off with a 4-3 victory on Field 3, last Thursday evening.

With the score standing at 3-2 in the latter part of the final stanza, the Asahis, who were on the short end, opened with the first batter whiffing. Then Omori, the Pirates chucker, walked Matsubara followed by two consecutive bingles by Hirata and Ushiyama, tallying a pair of birdies to spell defeat for the opponents.

Mean while Omori dropped 11 Asahi batsman via the strike-out, while being touched for 5 hits. Asahi hurler, Higashi, held the Pirate aggregation to 3 safeties.

BLACKHAWKS UPSET LOS PEPES 6-4; KURAMOTO HURLS 8-HITTER

In the last game of the first round the Blackhawks pulled the biggest upset of the season by downing the Los Pepes 6-4 in a fast nine inning game.

The defeat dropped the Pepes into a tie for runner-up spot with Orange Co.

With E. Kuramoto in rare form, scattering 8 hits very effectively and striking out 4.

the blackhawks came back with late inning tallies to win the game.

Every member of the Blackhawks hit safely at least once with Shigemura and Yoshimura getting two each to total 11 blows in all off of Ikenaga who went the route.

The Pepes dented home twice in their initial appearance at the plate on a hit by Miyata, a fielder choice and a double into left by Okida.

The Blackhawks in their initial time at best rattled a trifle by Shigemura, single by Seriguchi, double by Hayashi and another single by Nakamura to go into a 3-2 lead.

A fielders choice, a single and a overthrow by Yoshimura followed by a fly ball gave the Pepes their last 2 runs in the second.

From the second frame the game settled down into a tight mound duel with both sides getting men on but failing to score till the 5th when the Blackhawks drew up even.

Kodama moved around for the tying marker on an error at the initial sack followed by a single off of the bat of Kuramoto and another error when Ed-dow threw low to second in an attempt to get Kuramoto.

The winning tally came in the next frame when Chino got life on a two base error by shortstop W. Obata and crossed home when Yoshimura dropped a single into left.

The Blackhawks clinched it in the 8th when they put together 3 consecutive singles by Chino, Yoshimura and Shigemura after 2 outs for another tally.

Fielding honors went to H. Kodama of the winners who turned in a spectacular game at the hot corner.

10-ettes Humble 308-05, 11-6

The highly classed 308-05 team bowed before the 10-ettes 11-6, Wednesday evening on Field 39. Although the 308-05 threatened their opponents in the fifth inning they were unable to pull ahead.

Iron-man chucker, T. Kodama, after hurling a losing game to Roku 4 the forenight, held the opponents to 6 hits and 10 walks, while the losing southpaw chucker, L. Nagata, allowed 10 hits and K'd 3.

The 10-ettes scored 2 runs apiece in the first and third when T. Kodama and Y. Nakamura hit for circuit blows with one aboard.

The 308-05 sent across lone runs in the second and fourth when H. Kodama scored both runs to make the count 4-2.

The 10-ettes once again brought their vaunted hitting power into play to tally 3 runs in the fifth frame on doubles by N. Nagata and H. Sugita, 308-05 came back with 3 counts in the 6th when

chucker Kodama walked 3 batters and allowed a single raising the score to 7-5.

In the sixth stanza the 308-05 tallied a lone run on a walk and a double by O. Ozawa, while the 10-ettes went ahead scoring 4 runs on three consecutive singles by Tsuji, Sugita and Kodama, ending the game 11-6.

PERSONS WHO REFUSED INDUCTION ELIGIBLE FOR PROJECT JOBS

Information was released by Philip J. Cassilly, Personnel Officer, on Tuesday that persons who refused pre-induction physical examinations or induction into the armed services were eligible for project employment under the provisions of Section 50.5.9. of the Project Employment Handbook with the following limitations:

1. Return of a former employee to the job which he formerly occupied is not guaranteed where this procedure is considered detrimental to project operations.

a. Employment of the

PROPERTY OFFICER ON TRIP

R.W. Schmitt, Evacuee Property Officer, left the Project Tuesday morning, July 25, for Oakland, Calif., to attend the funeral of his brother. He stated he expected to be back the first of August.

MANPOWER COMMISSION MAKES FOUR RECOMMENDATIONS

Four decisions for submission to the Project Director were made by the Manpower Commission at the last two meetings July 7 and 24, according to F.W. Haverland, Supply Officer. The first recommendation was that Community Enterprises workers be paid according to the job titles and pay rates used for other Project employees. The second recommendation was for two additional cooks in the hospital and \$19 pay rate for the cooks and one storekeeper. The

persons described above (or of any other selectees who have or may hereafter refuse pre-induction physical examinations or induction in Internal Security, Postal or Express work, or in Office Services, is prohibited as being contrary to the best interests of center administration.

b. Such persons should not be employed in work which would require them to leave the center.

c. In considering the advisability of returning a person to his former job, the possibility that his tenure will be terminated by legal processes within three months is a factor which should be considered in the light of its effect on the continuity of Center operations.

2. As is true of all Center employees, tenure of employment is subject to budgetary limitation and to the requirement of satisfactory service.

third was that all boys returned from Phoenix on bond because of selective service action be made eligible for employment on the Project. The fourth was that salary rates for six dispatchers in the Motor Pool be studied by P.J. Cassilly, Personnel Officer, with a view to rewriting the job analysis.

It was also reported at the meeting that the WRA Washington Office had turned down Projects request for providing work pants to tomato pickers.

KOBAYASHI-ISHINO WED IN NATION'S CAPITAL

Washington, D.C., July 12--The most recent of nine weddings of evacuee couples which have taken place in the Nation's capital since early last year was celebrated here on June 18, when Mary Kobayashi, formerly of Santa Ana, Calif., and the Colorado River Relocation Center, became the bride of Iwao Ishino, formerly of San Diego and Colorado River.

This is the first wedding between resettlers to result from a romance that began in Washington. Eight other marriages united pairs of young Nisei who had become friends at the various centers and, in some instances, on the Pacific Coast prior to evacuation.

The Kobayashi-Ishino wedding was held in the garden of Mrs. Bancroft Davis' home, in which Mrs. Ishino has been living for some time. The bride is attending business college here and the bridegroom is employed by the Office of War Information.

In five of the local weddings, a Nisei soldier now overseas or in training in this country was the bridegroom. Yori Shimasaki, formerly of San Francisco and Central Utah Relocation Center, became the wife of Saburo Kikuchi, also from Central Utah and now in Italy with the 442nd Combat Team, while he was in Washington on furlough in May, 1943. More recently wedded husbands who are now overseas with the 442nd Combat Team are: George Tsujimoto, of Gila River, who married Miss Sally Kawamoto, from Manzanar; Hiroshi Sumida, a volunteer from Minidoka, whose wife is another Miss Mary Kobayashi, also from Minidoka.

Two bridegrooms in service are still in training in the United States. They are Paul Matsuki, now at Camp Savage, whose wife is the former Kikuchi Kageyama -- both from Central Utah; and Robert Ota, a recent inductee formerly of San Francisco and Tule Lake, who married Toshiko Menda, of Sacramento and Tule Lake.

The fact that too much water is still being used by the residents was stressed by Project Administrator, Kenji Uyeno who asked that all possible cooperation be given.

Dust and Desert

A small lad at the movies one night was heard to remark to an even younger boy, "After seeing a film of a patriotic nature, 'You know what that is-- that's propaganda', to which the second boy piped, 'What's that?' Replied the first boy, 'Lies, boy, lies.' The older child's first statement was surely correct, for much of what we read or hear in any nation at war is written to sway public opinion and this is propaganda. But unless all nations are always wrong, some of that propaganda is also true. It is for us of Poston to add to our understanding and knowledge the wisdom that comes of open-mindedness and clear, deep thinking, in weeding the false from the true.

For the many of us confronted today with questions of choosing the East or the West, as our future home, we face the question of-- Are my chances better in a country which offers me...if still in high school...school boy jobs that I may finish my education outside; or, if a high school graduate, scholarships and opportunities to go to college without a cent to my name--or if ready to work...abundant jobs in all eastern regions of the United States; and finally...a land which offers my parents the great joy of seeing their children happy, and the great achievement of watching their children succeed...or are my chances greater in a country I have never seen--in which my parents have not lived for several decades, which is at

Incidentally, Tomiko was chosen "Personality Baby" at a Baby Show at the last Nisei Week held in Los Angeles in 1941.

war with the country which I know and of which I am a citizen; which has suspected as spies, Nisei of America who have traveled there; a country which I could not reasonably hope to reach until some time after the war, while I, in the meantime stagnate, as I have found myself tending to do already?

And when we answer squarely and thoughtfully--we shall be propagandizing--but it shall not be "lies, boy lies". It will be TRUTH.

COZZENS SPEAKS on WRA PROGRAM

At a special staff meeting Wednesday, R. B. Cozzens, assistant WRA director, commented on various aspects of the WRA program, according to Moris Burge, deputy project director.

He repeated what has often been said by visiting officials, that the major job of WRA and the project is relocation, indicating that out of 107,000 only 24,000 so far have relocated. He opined the biggest job of WRA was ahead in the successful settlement of the remaining population.

He outlined some major problems in respect to evacuee property on the Coast. He believes the evacuees should be encouraged to settle property affairs on the Coast as soon as possible, and certainly before relocating. He said to save time and expense whenever possible. WRA representatives in San Francisco should be given power of attorney when they are called in to investigate property matters.

He brought encouraging news of the favorable publicity being given nisei soldiers in California towns, and requested the project to send all stories about soldiers to his office.

He believed that even when the West Coast area is open, evacuees should be encouraged to resettle in the Middle West and East.

Mr. Cozzens left Thursday morning, July 27, instead of that night, as he was scheduled to do.

74 Called for Active Duty

Seventy-four Postonians have been called to report for active duty on August 4 at Fort Douglas, Utah, reports James D. Crawford, Selective Service representative.

RIDING THE RAIL RIDING THE RAIL by Edith Fukaya

Well, we of the Chronicle have heard from our fellow worker during the past months, Hisaye Yamamoto, who is now in Springfield, Mass.

Hisaye writes, "Well at Chicago we said goodbye to the Poston gang and started out by ourselves to Boston. Everyone was lovely.

We spent a few days at the Friends' Center in Cambridge and the Sellecks, who run the place, invited us to a waffle supper on their terrace on our last night there...

"Miss Rose Reynolds, of the Boston office took us through the Harvard University grounds..... She said that Kap Tamura had just got his M.A. (in law) the day before from Harvard, and that Mrs. Tamura (Kazuko, used to work in the Poston library) was a librarian in the Harvard Law Library...

"Yuke met Miss Patten (Poston teacher) and Tomiko Ito, who has just graduated from a girls' school here. Miss Patten is lecturing through the states on evacuees and relocation (sponsored by some church group, I imagine)...

"Springfield is larger than we thought. Everybody on the streets stared at us and so we stared right back at them (or maybe we stared first, I don't know). Anyway, there was a little boy on the street and he looked at us and said, 'They're Chinese Guys'.... He seemed happy to see the Chinese... the clerks in the stores we entered were very spocialble..."

Hisaye says she, in Springfield, is looking for her first acqui-rels."

BLACKHAWKS TRIP BLACKBIRDS 9-5

The Blackhawks who only last week pulled the prize upset of the season, kept up their winning ways by downing the Blackbirds 9-5 in the opener of the second round.

The Hawks were virtually handed the victory on a silver platter as the revamped Blackbirds committed 6 costly errors.

Kaye Kokubun working the slab for the Birds experienced one bad inning when the Hawks put together four of their eight hits in the second for 3 runs. Otherwise the hits were far and in between.

Tajii opened the second with a single, Seraguchi went down swinging and Hayashi forced Tajii at second but Nakamura followed with a single to put men on third and first. Morinaga then followed with a fly to center which was misjudged for a home run.

The Hawks went ahead 4-0 in the 5th without the aid of a hit on a walk to Kodama, two ground outs and a dropped fly by Tajii in center field.

After absorbing goose eggs for five innings the Birds nicked Kuramoto for four runs to tie it up at 4 all in the 6th.

Kaihara opened the inning with a pass, Sakai singled and Nishida followed with a homer into deep left to score two mates ahead of him. Right-fielder Yoshimura kept the Birds' hopes bright by dropping a fly ball and following with a wild peg to the infield, Kobashi moving to second. A ground out and two fielders' choice enabled Kobashi to score with the tying marker.

The Hawks broke the deadlock in the 7th when the Birds' infield committed 3 errors behind a double to make the score 6-4.

Assisted by 2 more errors behind a single the Hawks iced the game in the 8th and added another for good measure in the 9th on two walks and another error.

George Sugita, former Vista Panther ace, worked the last two innings for the Hawks, being nicked for two hits and one run in the last frame.

ボストン新報

徴兵拒否者の再就働許可さる

去る廿五日附を以つて、ボストン人軍課長は徴兵検査或は入隊拒否者の再就働を許可する旨を發表する所であつた。既報の如くこれ等青年連の再就働に關しては、奉軍会或は勞務委員会方面より行政局側に対して屢々折衝が行はれ、未だそのてあるが、今四當局に於てもその必要性を認識しこの措置を講ずるに到つたものと思はれる。

この再就働は次の如き諸條件が附帯されてゐる。第一に前回の仕事に復することの保証をし

増田参事會議長

辞任を表明す

田下シカゴ市滞在中の増田参事會議長は七月十九日附書簡を以つて奉軍會議長に辭任したる旨を奉軍會宛申出た。同氏は旅行日程が予想外に延び更に今後数ヶ月のシカゴ滞留の必要に迫られて居る現在この儘奉軍會議長並に市長としての重職に留まることが非常に心苦しい故

浪花節

レコードの夕

来る廿日(日曜)夜九時半より久しぶりに浪花節レコードの夕が催されることとなつた。場所は五九舞台。出演者の顔触れは虎造米后雲月の一流どころとて同夜の盛況が豫想される。尚この催しは第九クワッド角志の厚意に依るものである。

に暗闘紛錯の現象あり。未だ吾間を騒がす程の過激の行動ありしを願ひざるは諒とする所。現住の諸賢が朝夕不快事に遭遇するも能く隠忍して静謐の生活を維持されを幸と感謝するものである。

希くは今後悠々の日子も折内は暮さるゝも贅言を信せず巷説に迷はず軽率盲動を慎み断じて不祥事件の發生せざる様を自考慮を拂はれん事を。老残の身時節柄一片の老婆心を披瀝した次第である。
