Discussions and Exhibits Held During Period

Opening the conference was an assembly at the Unit I high school, and the kick-off meeting.

During Saturday, Sunday, Monday, and Tuesday, various sessions were held, numbering about 80 in the three Units. These included discussion groups, exhibit, games and other things.

For the rest of the program of the Poston Youth Conference, all are requested to consult the bulletin boards of their respective blocks.

CANNING COMPANY SEEKS WORKERS IN JUNE, AUGUST

A recent letter from the Kaysville Canning Corporation in Kaysville, Utah, stated that they would like to have about 30 Japanese men to report about June 1; also 45 women to report about August 20. The corporation will furnish them living quarters near the company's Syracuse plant and if there are not enough accommodations, the balance will be housed at the Roy Labor Camp.

The Salt Lake office of the War Manpower Commission and also the Cannery Association are interceding with the WRA at the Washington level trying to have them change the regulation compelling the evacuee to take his final relocation transportation money at the time he leaves for employment outside.

The Corporation will be willing to pay to each individual the amount of money that is necessary for the transportation and meals to and from Poston for all who stay with the cannery during its campaign. From previous experience this would cost about \$60 person.

DOCTOR'S LEAVE SHORT

Contrary to the rumor that Dr. Masakazu Murase, 30-5-B, medical officer with the Poston General Hospital since April, 1944, may relocate in the near future, he will only take a two-week vacation to Denver, starting on Friday, April 27. This was disclosed in a visit to Dr. Murase's home by the chairman of the Community Council, the three unit local council chairmen, unit administrators, and block managers' supervisors.

After this rest, it was added, he will resume his work here.

DOI ASSAILANTS FREED OF CHARGES OF ARSON

In connection with the recent attempted firing and dynamiting of a fruit shed on the ranch of Sumio Doi in Auburn, Calif., two soldier brothers, Alvin and Elmer Johnson, and James E. Watson, bartender, were freed of charges of arson by a jury after six days of trial, according to a teletype received from San Francisco, April 25.

The soldiers were taken into custody by the army authorities on charges of absence without leave, while District Attorney Tindall, who prosecuted the case, stated that he would bring charges against James Watson for contributing to delinquency of minors.

Claude P. Watson, James' brother, is scheduled to appear for separate trial in connection with the attempted dynamiting of the Doi property.

YWCA ISSUES STATEMENT FOR "BENGAL LANCERS"

POOLS WILL OPEN MAY 1

Swimming pools in all ~~units~~ ~~units~~ to open May 1, according to the Red Cross. Lifeguards will be on duty.

The Red Cross is asking for more lifeguards.

Although last year, reports were issued that the water in the pools was polluted, the Red Cross has stated that as an indication that this year the water will be all right, Dr. John W. Powell, assistant project director, in a memorandum dated Monday, April 23, to Ruth Green, community activities supervisor, said the water tests made Saturday, April 14, showed all samples were safe.

COMMUNITY COUNCIL NOTES

Resignation of Minoru Okamoto from the office of city manager was accepted by the Community Council recently at a regular meeting. Sekizo Yoshikawa, whose transfer from the position of public relations coordinator to that of city clerk had been approved by the Council at this meeting, will take office temporarily until a new appointment is made.

As a result of the petitions requesting Dr. Tsuneco Murakami, well-known surgeon, who recently planned to relocate, to prolong his residence in the center, he has agreed to stay, but how much longer he would stay was not made definite.

Another resignation, that of Yukitaro Kawasaki from the position of public health coordinator of the Community Council, was accepted by the Council. No successor was named as yet.

AQUATIC EXHIBITION
PLANNED FOR THURSDAY

A total of \$2057.02 has been contributed by the evacuee residents alone toward the 1945 War Fund Drive of the American Red Cross, the local chapter reported recently.

Total donors numbered 2,637.

Unit I contributed \$1,388.15; Unit II contributed \$282.02, and Unit III contributed \$383.85.

The total collected is over four times the goal, which was, this year, \$500.

PERSONNEL CONTRIBUTE

With the total contributions totalling \$802, the personnel section drive of the Red Cross was completed April 27, marking the close of the War Fund campaign here.

The drive was headed by Dr. John W. Powell, chief of community management, and Ruth Green, supervisor of community activities, as co-chairman.

The total number of contributions and membership subscribers was 183. The full amount will be sent to the National Red Cross. Last year, the contributions in this section totalled \$654.01.

TEN GIRLS WANTED

The Woodcross Canning Co. of Clearfield, Utah is asking for 10 girls to begin canning asparagus May 15.

Anyone interested is asked to contact the Blk. 54 manager by Friday, May 4.

DONATION RECEIVED

Dorothy Stevick recently donated a record player and \$10 toward the purchase of records for Girl Reserve use. Any G.R. club may check this out, the Y.W.C.A. office states.

Nikki Sawada stated that she now quartered on the sixth floor of the YWCA Hotel temporarily where she can get a lovely view of San Francisco's jewelled skyline in a letter received by friends here recently. She goes on to say that life in San Francisco is so far removed from that of Poston that they both seem unusual and dream-like.

She stated that no one had ever called her a Jap or even gazed at her hostilely, and that this surprised her very much. People are too busy in S.F. to go around hating each other. She had also been mistaken for Greek, Chinese, and Mexican.

FRED OKAMOTO WRITES

Fred Okamoto who is now in Watsonville wrote recently that it is nice to be back and everything seems all right to him so far, according to friends here. He didn't notice any changes in the city itself, but the people have changed (a lot of new people are in town.)

He states that he had walked a lot and met a lot of people, and so far they haven't encountered any disagreeable situation. They met some Japanese friends who, he said, were getting along fine. One had already started to farm and had hired 6 Filipinos to work for him. The restaurant service was very good.

Mr. Okamoto visited Mr. Yagi's garage and discovered that the place had been broken into, but he apparently did not know what was missing.

OBITUARY

Mrs. Mizuye Hashimoto, 74 years old, 17-1-A, April 27.

Swimming, diving, and life-saving techniques will be demonstrated by Jim Sakuma, Joji Nagashima, George Asachika, Tamotsu Nakao, Robert Yoshida, Tadao Matsuda.

The demonstration is being arranged by the Red Cross under the direction of Aijiro Takahashi.

POPPIES PLANNED
TO BE SOLD HERE

Tentatively planned is that Girl Scouts will sell poppies, made by Veterans of Foreign Wars ill in the hospital, throughout the Project, at mess halls and also at various meetings of the Youth Conference. Poppies are for sale at whatever will be paid for them, and proceeds will go to the V. F. W.

The Veterans of Foreign Wars have been consistently fair in their attitude toward Japanese American veterans. There are many Japanese American veterans of World War I, and one World War II veteran, Sgt. Karl Yoneda, now serving with the Army in the Burma theater, has been elected to membership by the Howard A. Sperry Post No. 3570, Veterans of Foreign Wars, according to A.P. To the knowledge of San Francisco V. F. W. officials, this is the first time since the outbreak of the present war that any person of Japanese extraction has been voted to membership in a V. F. W. post.

ZEBRAS OUTSLUG
BLOCK 21, 13-6

Dropping the Block 21 nine into the tournament consolation brackets, the Zebras took the lop-sided victory by a 13-6 score last Friday at Field 39.

Gathering five hits from Block 21 hurler Hasegawa, the Zebras scored eight runs in the first two stanzas to lead 8-4. Block 21 tallied their four runs as Sasaki, Zebra pitcher, walked five in the second inning.

The Zebras garnered five more in the last three cantos on three hits, including a triple by Sasaki in the sixth, while Block 21 could only tally once each in the fifth and sixth.

Both starting hurlers were relieved in the sixth, Oda for Sasaki and Sugita for Hasegawa.

Hurler Sasaki grabbed batting honors with three for four, while teammate Horiye, and Block 21's Higuchi both gathered two hits.

SELECTIVE SERVICE
4-C CLASSIFICATION

In clarification of the 4-C classification given to Japanese-American registrants not acceptable for military service, R. L. Porter of the State Headquarters of Selective Service, has this to say:

"Relocation would not change their classification. If any person so classified wanted it changed it would be necessary for him to file DSS Form 304A (statement for citizens of Japanese ancestry) with a letter stating the reason why he is filing this form. He should file it with the State Director of the State in which he is registered for Selective Service, and he should be sure to state specifically the

BLACKHAWKS BLANK
BEAVERS, 12-0

One hit, no runs, and no errors was the enviable record hung up by the Blackhawks as they shutout the Beavers, 12-0, in a tournament match at Field 39 last Thursday.

Southpaw Joe Uchimiya's brilliant hurling struck out nine and it was a no-hit, no-run affair until relieved in the fifth by Eiichi Kuramoto who was touched for the only bingle of the game, a single by Nakashima.

Losing chucker, Yamamoto, was slammed for 11 assorted blows, while five errors helped the Blackhawks in tallying their 12 runs.

Only two Beavers got on base, going no farther than second in the one-sided fray.

Batting at the head of the slugfest were Horibe and Yoshimura with three safeties, and Endo with two.

(continued from last

"So, you'll get settled in an apartment and you'll find lots and lots of Japanese people around you, probably lots of your own friends from Reedley and Poston and wherever you had friends. And maybe you might want to go out to Chinatown and get a shot of that China-meshi you've longed for--for over two years...or is it longer? The Chinatown here doesn't compare with the one we had in Frisco and I don't think their food is as good, but who's going to be fussy? Another tip, don't forget that the Chinese out here don't understand the familiar names we had on the West Coast for roast pork, etc. Order like you were a Caucasian, which you must be like from now on anyway...That over with, you'll want to go into the Loop and maybe just window shop. If you're a girl, what else?...Then a show in the Loop and then home.

"You'll have to get some groceries, of course. Eggs and bacon (try and find any)... Bread and butter (at 24 pts. a lb...who can afford butter?)...milk, sugar and a basketful of vegetables. I think you'll be in for a shock when you go shopping--unless you've been used to paying 20¢ for one cucumber...35¢ for a cauliflower, 15¢ for a head of lettuce. And here's the shock of 'em all...39¢ a lb. for Thompson seedless grapes! (in season, of course). But after awhile you get used to those things...Take automobiles for example...A fellow I worked with here has a '41 Plymouth...New, they paid \$875 for it in 1941. Today, after 4 years of use,

Preparation is underway for the school carnival which is tentatively slated for May 10, 11, and 12. It will be sponsored by the Associate Student Body of PVHS at the high school grounds.

Games, food concessions, movies, dancing, and etc. will highlight the carnival.

FIRE CHIEF ASKS FIRE
HAZARDS BE REMOVED

The empty boxes, wood and carton, lumber scraps, etc. which are lying around the barracks and under the barracks are definitely a fire hazard. With the hot weather approaching, it will be more so. Therefore, Fire Chief McClutheon requests that these fire hazards be removed immediately. Let's cooperate with the Fire Department and safeguard ourselves.

WRA Lends Furnishings to West Coast Hostels

To help overcome the housing shortage, non-profit hostels, offering temporary shelter to 20 or more persons each, are being established, to which WRA will lend furniture from surplus center stocks, Dillon S. Myer, director, announced.

Loans of bedding, chairs, kitchen utensils, and table-ware will be made to hostels in California, Oregon and Washington only. Loan agreements can extend through January 1, 1946, and will be made available only to hostels operated by responsible committees or representative groups other than evacuees or in addition to evacuees.

Except in hardship cases which will receive special consideration, no evacuee may stay at such a loan-aided hostel for more than three weeks. Sponsors will be permitted to charge only what it costs to operate the hostel.

DOG VACCINATION TIME, MAY 23-25, APPROACHES

Vaccination of all dogs is planned to be given by the project veterinarian, Dr. James W. Caldwell, on his next visit to the center, May 23, 24, and 25, according to Duncan Mills, project director.

Unit administrators have been requested to turn in to Mr. Mills estimates of the number of dogs in their Units to be vaccinated.

Notices will be out shortly to residents to ask cooperation in presenting their dogs for vaccination at designated times and places.

W.R.A. COMMENTS TOLD IN THIRD GROUP OF SERIES BIRTHS
(cont. from April 28 issue)

"Recommendation No. 7: That the WRA establish adequately staffed offices in important areas and employ persons of Japanese ancestry since they understand Japanese psychology; and also establish in these field offices legal advisors and employment departments."

"Comment: Area relocation offices have now been established covering the entire United States. In the Pacific Coast section, there are three area offices --San Francisco, Los Angeles, Seattle --and 12 district relocation offices in active operation. Other offices are being established so that we shall soon have a field office in each section of the West Coast states where there was an important concentration of Japanese people before evacuation.

A number of Nisei are already employed at several of the field offices both on the West Coast and elsewhere. In view of the problem suggested by the conferees, however, we are also planning in the near future to add one Issei to the staff at a number of the principal field offices. These persons will be chosen because of their knowledge of the Japanese language as well as their general ability as interviewers and negotiators

At each of the area relocation offices on the West Coast --San Francisco, Los Angeles, and Seattle--WRA plans to have an attorney on the staff who will render legal advice and counsel to the returning evacuees. WRA is not in position to represent evacuee clients in court cases but will help evacuees to obtain necessary private counsel through the legal aid program which is already in operation.

Assistance in securing employment is available to the evacuees through the United States Employment Service and the various private groups which are cooperating in the relocation program. WRA field offices are supplementing this service, wherever necessary, and will continue to do so!

"Recommendation No. 8: That the WRA continue the operations of evacuee property offices for the duration, to fulfill the needs of relocatees."

"Comment: WRA plans to continue operation of the evacuee property offices on the West Coast until April 2, 1946--or virtually up until the time when the agency itself will go out of existence. All relocating or returning evacuees are given a 60-day period (after leaving the center) within which to remove their property from WRA warehouses. In emergency cases, application may be made to the appropriate field office for extension of this time limit but in no case beyond April 2, 1946."

"Recommendation No. 9: That the WRA accept for reinduction into centers those who relocate and who find themselves unable to make satisfactory adjustments!"

"Comment: The policy governing visits to the relocation centers has now been modified in such a way that all relocated evacuees are permitted two visits to the centers, totaling a maximum of not more than 30 days, without the necessity of securing advance approval. We believe this new policy will largely alleviate the problem suggested by the conferees. We are not prepared, however, to reinduct as regular center residents those

persons who have left the centers on indefinite leave or terminal departure. The Resettlement Assistance Program is organized and has funds to relieve the problems of those who meet adverse circumstances. Through one means or another, we believe that reasonably satisfactory adjustments can be worked out in all cases, and that reinduction to the center would only postpone rather than solve the adjustment problem which eventually must be faced."

SIX AT WOLTER, TEXAS

Six who left April 2, have been stationed at Camp Wolters, Tex., Infantry Center to begin basic training as infantrymen, stressing rifle training.

They are: Harry Hide Higashi, 2-11-B; Yasuo Yoshida, 27-10-B; Hiroshi Miyamura, 32-2-D; Isao Nakagawa, 323-9-B; Kenichi Nagareda, 32-7-D; and Minoru Suda, 46-10-A.

It's all very nice out here...I want to tell you that I haven't regretted for one moment that I left Tule Lake as I did. I only wish that all the people in Tule Lake could know how it feels to be free again, to live a normal life again. It's really a wonderful feeling."

HELP AVAILABLE FOR RESETTLERS IN CLEVELAND

Resettlement assistance for the evacuees in Cleveland had been assured to them by recent action of the Cuyahoga County Commissioners.

Mrs. Dorothy Barber, District Relocation Officer stated that the original difficulty arose when the county commissioners had questioned their right to advance poor relief funds for the special resettlement assistance program. The attorney for the commissioners stated: "This is rehabilitation not relief. I question the use of poor funds for this purpose. However, if Federal funds can be advanced, there is no question of the ability

NURSES AIDES COP GIRL'S "A" CAGE TITLE

Breaking loose from a 6-6 deadlock at half time, the Nurses Aide girl cagers surged ahead in the latter half to cop the Girls' "A" cage title play-off from the Girl Reserves sextet, 21-16, last Monday at court 38. The G.R.'s had previously captured the first round pennant and the Nurses Aides, the second.

The G.R.'s lack of reserves took its toll after a close first half tussle, as the Nurses Aides, sparked by its trio of forwards, Watari, Kuranaga, and Moriye, coasted in by a safe margin.

WANTED:

Tricycle. See Akiyama, 12-10-D.

SEND-OFF HELD

Under the supervision of the Unit I high school student council, 20 reservists were given an elaborate send-off from the Unit I high school auditorium last Tuesday evening.

BOMBERS DROP

Eliminating the strong Blackhawks from the undefeated ranks in a close tilt, 3-2, the Bombers advanced into the tournament semi-finals Wednesday at field 39.

Tallying the game winning run in the final stanza, the Bombers broke a 2-2 tie that stood since the third inning.

Although the Blackhawks got six hits to their opponents four, they were too widely scattered to be effective,

BOX SCORE:

NURSES AIDES: Watari (8), Kuranaga (9), Moriye (4), Kuranaga, Kimoto, Toyofuku, Tabuchi, Ozawa.

GIRL RESERVES: Hokama (9), Noda (2), Deguchi (5), Mori, Setsuda, Nagata.

USO NIGHT HELD

Two members from each family who have sons, brothers, in the armed forces, and numerous guests of honor were invited to the affair.

Mrs. Seiyo Kawaguchi and Otakichi Miyata acted as mistress and master of ceremonies. Refreshments were served shortly after the Boy and Girl Scouts opened the program with a flag salute. Speeches by Bill Hammaker, of the Phoenix Industrial USO, and J. T. Obata, president of the Poston USO, followed.

The musical portion of the program was presented by the high school orchestra, the Luanans' quartet, Unit I Boy Scout Buglers, and vocalist, Tats Nagase.

BLACKHAWKS

while the Bombers slammed out two consecutive hits in the initial canto for their first score and again in the seventh for another. The other tally came in the third when Koike was walked and advanced all the way around on deep flies to the outfield.

Both of the Blackhawks' runs came in the second on Tajii's double and a mishandle by the second sacker on Fujimura's grounder.

Bombers' first sacker, Yamamoto, pounded out two singles in three turns at bat, while Blackbird's Horibe garnered two hits in four trips.

BATTERIES:

Bombers: Nishida, Shimahukuro.

The visiting Mutineer congregation from Unit III met their master as the Zebras notched a 5-2 victory in a softball contest on the 215 diamond last Monday night.

The locals drew first blood in the third inning as Chiz Sakae led off with a single followed by H. Yamanishi who "got life" on an error. T. Hirayama walked to fill the bases. S. Hayashi poled a long fly to the left fielder who made a bad throw to allow 2 runs to score.

In the 5th canto, the visitors came in on a pair of miscues to tally a run. However, the Zebras came back to score again in their half of 4th on a double by Tad Fujii with two men on which proved to be the winning run of the game. Both teams tallied again in the 5th inning with the final score being 5 to 2.

R. Yokoyama led the batsmen with a perfect 3 for 3 to take top honors. Batteries were: Zebras-R. Yokoyama, A. Yamanishi; Mutineers-Iwashita, Kaneyuki.

ON CHICAGO

"I can't tell you what kind of money you're going to make, as that will naturally depend on who you are and what you can do. Neither can I tell you what the girls are all making now--but why worry about those things.

"You'll always be able to make a living, and no one can ask for more than that now. I guess you in the centers know more about the type of job offers that are trickling in, then we do on the outside. Study them carefully, if you are interested, and if anything bothers you, don't be afraid to write to your prospective employer and work it out with them--but don't go asking him for the world, otherwise, he may lose interest... See what I mean? But in a lot of things, I know the employer will be perfectly willing to answer your questions and help you in anyway they can...

"Take myself, for example. I have a wife and three children, I'm the only breadwinner in a family of 5. My family doesn't go hungry or do without. We have a car and we get around some, altho' not as much as we'd like. The only things we do without are the things the stores or the butcher can't furnish us, in these days of shortages.

"We don't see too many shows, because our youngsters are all too small and you can't be running in and out of shows with three children--not us, anyway. Our Linda, five last September, goes to kindergarten here; gets along splendidly with the other children and what more can you ask? The butcher saves me pork chops and sirloin

The one week Youth Conclave held in this unit was successfully concluded last night.

Much credit goes to Masami Honda, head of this affair for three units, the committees and the guest artists and speakers who added quality to the programs.

The Youth Conference opened here with the C.A.'s' folk dancing session at the auditorium with all those present taking part.

Panel discussions with Frances Cushman and her Indian students, church services with Masao Satow as speaker, club meetings with Bill Hammaker, Arthur Griswold and others as speakers; special assemblies and exhibits, skits on Juvenile Delinquency were some of the activities that went on the past week.

steaks...and the grocer saves us bananas, whenever he gets them. I don't claim to be living like a 'king', but who is, nowadays...Even kings don't have such a cinch nowadays.

"But we are getting by, our children are growing, we save a little money, and whenever a bond drive comes along-- we never miss. The same goes for the Red Cross and the War Fund Drives...So, we make a few friends, here and there and eventually, we expect to be a part of Libertyville, if we stay here; if not, then somewhere else, we will do the same thing. California?...the heck with 'em..."

「学校存続希望の聲」

各センター内の教育機関は、その予算の減少と理由に依つて、遅くとも今年八月末日限りにて閉鎖される予定となつて居ることは、W.R.A.の聲明に依つて周知の通りである。

之に對し、今年九月以降直に住所外住し得ない立場にある父兄方面では、所内に留る限り子女を無教育状態に放置することをなする爲に相違ない。眞剣なる態度を示し、少くとも今年末迄の學校存続を希望する聲が、高き調子で、この聲を反映したる

センター代表機關の間では、この種學校存続問題に關する具體的決議案を通達し、愈々マイマ長官宛提出されることとなつた。

442ND GAIN 76 MILES IN FIVE DAYS, TAKING PART IN CAPTURE OF TOWNS

Washington, D.C. (War Department Release) -- Members of the 442nd Infantry Regiment, now in the vanguard of the Fifth Army's great offensive which smashed the German army in Northern Italy, made sensational gains of 76 miles in five days, taking part in the capture of Genoa, Italy's largest seaport, on April 27, and Ter Turin, the last great city in the Po River Valley, on April 30.

The 442nd is reported to have entered Genoa with the 473rd Infantry Regiment, which later swung around in a southwesterly direction, towards Ter Turin. Both regiments are attached to the 92nd Infantry Division, made up of Negro troops.

SGT. OGAWA KILLED APRIL 21 IN ITALY

Period to June 1 Named Brake Emphasis Time

A memo to all the appointed personnel from Duncan Mills states that the period April 15 to June 1, 1945, has been designated by the International Association of Chiefs of Police for a nationwide brake emphasis campaign.

During this time the internal security section will conduct an inspection program of all government and private motor vehicles in the center. Tests will be made of brakes and other safety appliances, such as lights, windshield wipers, left front windows, rear view mirrors, and speedometers. As part of the campaign drivers may be requested to present their driving licenses. All are asked to cooperate.

Family, Residents of Block 38, Notified

Sgt. John Ogawa, the son of Mr. and Mrs. Kirisuke Ogawa of 38-1 B, was killed in action on the Italian battlefield on April 21, according to a War Department telegram received by the mother. He is the 15th to be killed in action from Poston.

The 28-year-old sergeant was inducted December 1, 1941, going overseas on August 22, 1944. He received his training at Camp Barkley, Tex.; Fort Riley, Kan.; Fort McClellan, Ala., and at Ft. Meade, Md., before going abroad. He was also in action with the 442nd during the French campaign.

Sgt. Ogawa is formerly of Santa Ana, Calif., and is a 1935 graduate of Garden Grove Union High School.

DINNER AND ENTERTAINMENT WIND UP CONFERENCE

Bringing a conclusion to the Poston Youth Conference held April 27-May 4, a banquet feting the few remaining conference team members was held at the Unit I elementary school auditorium last Friday evening. Other conference guests had left the project earlier.

Speaking before the about 350 at the banquet, were Arthur Griswold, Dwight Welch, and Dr. Ade, with Mas Honda as chairman. Genial Masao Satow led community singing in opening the program.

Following the banquet was a program of musical, vocal and dancing presentations at the high school auditorium entitled "Sayonara En-

tertainment." Featured were vocalists Ayako Tanaka, Yoshiko Nozawa, Yoshiye Yamane, and violinist Alice Tanaka. Japanese dancing by the students of Fujima Kansuma highlighted the evening's program, with four presentations. A grand march, led by Howard Hollenbeck, concluded the evening's program.

The remainder of the evening was occupied by ballroom dancing in the high school hall.

It has been estimated by Ruth Green, community activities supervisor, that 17,900 attended the various sessions during the Youth Conference Week, April 27 to May 4.

ASSISTANCE FACTS GIVEN IN WELFARE'S 2ND LETTER BIRTHS

The second of the series of questions and answers, to answer the request from the residents for a reliable questions-and-answers paper on the resettlement of persons who will need more than the average assistance furnished by the relocation division to relocatees, is given here. They are compiled by the welfare section from actual cases.

The first of this series was printed in full in the Saturday, April 21 issue of the Chronicle.

The second letter follows:

"7. Q. A family has some furniture but not enough to sep up house-keeping. They have no savings or other resources to buy furniture needed. How do they apply for Resettlement assistance for the necessary items of furniture?

"A. They should make up a list of the furniture they now have in Poston and a list of what they have stored in California. These lists should be left with the counselor in the welfare section at the time the application is made. Information should be given in regard to the condition of the furniture. All available furniture and household equipment owned by the family should be taken with them on relocation because there is a shortage of many items in the local markets.

"8. Q. Family of 6. Two daughters outside. Father ill. Used to have a vineyard back in California. Son and fourth child, a girl, still in grammar school. Would like to go back to California but local sentiment not too good."

"A. The two daughters outside and the parents will probably make a decision together about whether to return to

California or to go elsewhere. They should consult the welfare section, as soon as the decision is made. A family in need of resettlement assistance should plan early in order that the welfare section may get an answer to the application for resettlement assistance before the date of departure.

"9. Q. 'Family of 9. Parents old. Eldest son in Army. One son partly blind and lacks schooling. Rest daughters, age 9 to 23.'

"A. This family should consult the welfare counselor about special training for the son if he cannot go to the regular public school. If financial assistance is needed, they should apply for dependency benefits and resettlement assistance. Eligibility will depend upon need. The question does not state the number of employable in persons in the family.

"10. Q. 'Family of 4. Parents over 60. Girl 18. Boy 26 refused induction, serving 3 years term in prison. Used to run a soft drink stand. Nothing to go back to in California. What relocation aid can welfare give this family?'

"A. The family can discuss their plans with the welfare counselor. They should consider what kind of work the father and daughter can do and what resources they have. Resettlement assistance will be available if income and resources are insufficient."

NO PASSES AFTER HOURS

No evacuee passes will be issued after office hours except in cases of extreme emergency, according to James LeBerthon, internal security officer.

To Mr. and Mrs. To-shisuke Sase, 60-10-C, a girl, April 26.

To Mr. and Mrs. Kōsaku Kiyohara, 226-10-D, a boy, May 3.

To Mr. and Mrs. Sei-go Arikawa, 38-12-C, a boy, May 2.

MILLS EXPLAINS WHY NOT OVER 250 RULE IMPOSSIBLE

Under existing instructions from Washington it is impossible to make a rule that the number of persons to be served by a consolidated mess hall will not exceed 250 as requested by the Community Council, according to Duncan Mills, project director.

It is quite likely that this end could be achieved provided residents of the block whose kitchen is being closed were divided between two adjoining mess halls. However, it has been generally agreed that it is inadvisable to split the block identity in this manner if it can be avoided.

The only alternative, therefore, appears to be that in some cases it will be necessary to serve more than 250 people in a combined mess hall. In such cases, it is quite likely that any temporary overcrowding will be corrected in a short time by relocation.

CLUB BEING FORMED

A bridge club, in the process of formation for evacuees and staff members who are interested, will hold its first meeting at the Community Activities office on Thursday, May 10, at 7:30 p.m.

Those interested should contact one of the following persons: Ruth Green, community activities supervisor; Takeo Momita of evacuee property; and Tom Sakai, of the Unit I Executive Board.

MUSICAL BY STUDENTS SLATED FOR FRIDAY NITE

Folk songs of many nations, will be presented by the seventh and eighth grades of Unit I, in a musical program May 11 at the high school auditorium, 8 p.m.

Many nations at the San Francisco conference are represented in the songs by the seventh grade. The eighth grade will close the program with three modern songs, "Siboney," by Ernesto Lecuona, "Smoke Gets in Your Eyes," by Jerome Kern, and "Begin the Beguine," by Cole Porter.

The other songs programmed are: "Spring Plowing," and "No Wind Stirs," Russian folk songs; "A Song of the Cowboy," by Lulu Griesenbeck; "The Bailiff's Daughter of Islington," English folk song; "There is a Gentle Gleam," an Irish folk song; "Market Day," by Muriel Pollock; "Holy, Holy, Holy," by John B. NISEI ATHLETES ACCEPTED IN SEATTLE

The return of Nisei to the realm of sports in Seattle prompted a sports editorial in the Seattle Post-Intelligencer by Royal Brougham, lauding the Nisei athletes of the past and present.

The first to return to Seattle sports circles was Charlie Kinoshita, according to Brougham, whose brother lost his life fighting in Italy. Kinoshita is a "pretty good infielder" playing for the O'Dea club and is well liked by his own teammates, as well as by players on opposing teams.

second generation Japanese athletes would not be discriminated against, the editorial continued.

Knowing the facts; Brougham concluded, sports followers are not likely to join the wave of intolerance and prejudice which would blackball an athlete just because his nose is flat.

ROSIE TAKAHASHI'S
PIANO RECITAL STATED311 LEAVES THIS CAMP
IN FOUR MONTHS

The group of girls who were responsible for the recreation program for girls ever since Poston III opened its doors left our midst for the outside. Without their leadership ability, willingness and eagerness to start an athletic program for the girls, camp life would have indeed been dull and listless. However, they have given all their time and effort for the furthering of good sportsmanship and good games in this unit and we wish to dedicate this column to them. Not only were they the leaders in this field, but outstanding for their own athletic ability in all sports. Yes, you know who we mean now, it's Ruth "Me-chan" Takahashi, Meggie "Hatakawa" Hatada, Midori "Koba" Koba and Kei Takemoto. We'll certainly miss their hearty laughs, their part in the girls athletics and their kind friendship. May you all continue to live a merry life and carry on the good work. Best of health to you all.

With these girls who have always took the initiative to give the girls the much needed exercise, relocated, now it will be up to the block representatives of the Community Activities to provide some kind of program for the girls to follow in the field of athletics. Even if the center is closing, it may not be a bad idea to keep up the morale of those who are staying to lock the doors of this camp. But of course, if the girls don't cooperate, which may be the case, it won't be the block leader's fault, but the summer is approaching and evenings are long. Instead of gossiping on the porches, let's do some-

thing more enjoyable.

Relocation was speeded up in April as a total of 145 left last month for the outside to lead a happier life.

The following is the month by month terminal leaves: January--40 people; February--65; March--61; April--145 which totals 311 people.

Out of this group, 130 returned to former homes in California. Chicago still seems to be the favorite for those rest of the relocatees.

FAMILIES LOSING TWO MAY REQUEST CHANGE

War and Navy Departments have announced that they will place in non-hazardous duty other service members of families in which two or more persons have died in line of duty or are reported missing in action or prisoners of war. No action to reassign surviving members will be taken unless requested by the servicemen involved or by a member of his immediate family.

Requests involving Army personnel should be addressed to the Adjutant General, Washington, D.C. Cases which previously have been submitted and denied should be resubmitted for consideration under the new, broader policy.

Non-hazardous duty may mean assignment to the rear area of an active theater, duty in an inactive theater, or duty in the United States.

The person making application should furnish the name and relationship of the writer to all members of the immediate family. For members in the armed forces, grade, serial number, organization and station assignment should be included.

KIN SHOULD BE ON GUARD

Next of kin of war heroes should guard against fraudulent schemes based on published casualty lists, the War Department recently warned.

Varying forms of swindles by individuals and groups have come to the attention of Army officials. One of the commonest is to write

PVT. TADAO HAYASHI KILLED IN ACTION

Claims to Bank Must Be Filed by October 1

Claimants of the Yokohama Specie Banks of San Francisco and Los Angeles wishing to participate in the first distribution of liquidation must file their claims at the office of said bank on or before October 1, 1945, according to B. C. Corlett, superintendent of banks of the State of California, in charge of liquidation.

Mr. Corlett states that this office has prepared the proof of claim in connection with all types of accounts and awaits information from claimants as to their present address.

Anyone desiring assistance in presenting his case is invited to call at the office of the evacuee property officer in Unit I, where full information is available.

In Units II and III, the information may be obtained from the evacuee property representative in the unit relocation office.

Full information as to death, capture or missing status of family members involved should be given in the request.

FOURTH IN SERIES OF WRA'S COMMENTS ON SUGGESTIONS OF CONFAB, GIVEN

Fourth of the Chronicle's series, presenting recommendations of the All-Center Conference held last February at Salt Lake City, and W.R.A.'s comments there to, is given below.

Preceding installments, may be found in the April 21, 28, and May 5 issues.

The fourth one follows:

"Recommendation No. 10: That the W.R.A. arrange for the establishing of hostels and other facilities in various areas, and furthermore build new housing through the F.H.A., with W.R.A. assistance.

"Comment: WRA is encouraging church groups and other private organizations to establish evacuee hostels wherever needed and wherever appropriate facilities can be located. Hostels are now operating in Cleveland, Detroit, Minneapolis, Brooklyn, Cincinnati, Des Moines, Philadelphia, Washington, Los Angeles, Oakland, and San Jose. Every effort is being made to encourage the establishment of additional hostels in all the major cities of the West Coast area. As part of this effort we have recently completed arrangements under which equipment such as cots, mattresses and kitchen utensils surplus to the needs of relocation centers can be made available on a loan basis to approved hostels in the West Coast states. One such loan has already been made.

"In addition, WRA is constantly working on the housing problem from a number of other angles.

"Recommendation No. 11: That the W.R.A. provide transportation of evacuee property door to door.

"Comment: Careful consideration has been given to the feasibility of providing this type of service. However, because of the large number of deliveries

that would be involved and the limited number of WRA personnel available to work on property transportation, it was feared that provision of door-to-door transportation service might become a serious bottleneck in the relocation program and an inconvenience to evacuee resettlers. We believe that the whole program will move more rapidly and satisfactorily if evacuees make their own arrangements for picking up property at the nearest railhead and having it delivered to their homes. In cases where no evacuee needs money to pay for the trucking service, application should be made to the appropriate welfare agency for a special grant to cover this item.

"Recommendation No. 12: That the W.R.A. negotiate for the establishing of old people's homes exclusively for persons of Japanese ancestry.

"Comment: The WRA is now exploring with a number of public and private agencies the problem of providing adequate care for the older evacuees who have no means of support. We believe that it will be possible, through old age assistance and other types of public assistance to work this problem out without the necessity for establishing an old peoples' home exclusively for those of Japanese descent.

"Recommendation No. 13: That the W.R.A. make negotiations to arrange (1) so that evacuees formerly civil service employees will be reinstated and (2) so that persons of Japanese ancestry will be able to secure business licenses as formerly.

"Comment: Evacuees who are seeking reinstatement on former State or local civil

service jobs in the evacuated area and those who wish to obtain business licenses should simply apply to the appropriate state or local agency. If any undue difficulties are experienced, the case should be reported in detail to the nearest WRA field office which will make every effort to work out a satisfactory solution.

"Recommendation No. 14: That short term leave regulations be changed to permit an absence of two months with one month extension privileges. Also that the evacuee investigating relocation possibilities be permitted to become employed, without change of status.

"Comment: This of course, would be tantamount to reinstating the seasonal leave program under another name. Our experiences with seasonal leave have convinced us that it would not be feasible at this late stage in the WRA program. Adjustment of evacuees to private life will be far easier if the wage earners in the group start turning their thoughts away from the centers and begin making arrangements as soon as possible to bring their dependents out to normal communities.

"It is our policy to grant an additional 30 day short term leave in cases where it has been established that more time is needed. It should also be understood that if an individual on short-term leave wishes to take employment while on short term leave that he may do so without losing any of the financial or other assistance which WRA provides for him or his family. If employment is taken, the individual would of course automatically enter the status of terminal departure"

(to be continued)

STUDENTS SHOW INTEREST
BY RAISING SCHOLARSHIP

A \$100 scholarship for a Nisei girl, established at the James Millikin University, Decatur, Ill., was raised by the students of the university as a result of interest in the relocation program, according to William Kir-Stimon, acting relocation officer of the greater Illinois district. The college is anxious to enroll a personable young girl who will be an able representative of the Nisei. This factor is deemed even more important than a high scholastic record.

Millikin University is a four-year liberal arts college and also has a college of music. Enrollment is at present about 300, although the normal peacetime enrollment is over 600. A room has been reserved for the prospective scholarship student for the 1945 fall term. In addition to this scholarship, it may be possible for the girl to obtain a yearly loan of \$150 from the college without interest, 15 per cent of the debt being cancelled if she graduates. She may work ten hours weekly earning a total of \$130 year, or work for full board and earning about \$25 a month.

Further information may be obtained by writing to Mr. Kir-Stimon or to Dr. Raymond P. Brewer, Professor of Religion, Department of Public Relations, Millikin University, Decatur, Ill.

YBA NOTES

YBA church service will be held at Blk. 43 at 7:30 tomorrow.

Orders for the pictorial souvenir album will be taken until the end of next week.

WELFARE SECTION MERGES
WITH RELOCATION DIVISION

The welfare section, formerly of community management, has merged with the relocation division, under Corlies Carter as relocation program officer. Under the supervision of two assistant relocation program officers, Lou E. Butler, who is in charge of Unit II and III, and Dorothy Stevick, who is in charge of Unit I, the project is divided into districts. There will be an assistant relocation advisor in charge of each district, who will be responsible for service to all families in the district on all matters pertaining to welfare and relocation services.

In Unit I, the reception room for people wanting consultation with the advisor, is the relocation library in Ad. Bldg. 1. In Unit II, it is the former welfare office in Ad. Bldg. 4 and Unit III, it is the former welfare office at Blk. 310-5-A.

MOTHERS TO BE HONORED

A special Mother's Day program will be presented by the joint forums of the Christian Church here, Sunday evening, at 7:30 in the elementary school hall.

Facts show that during the last two years, 87 people of Poston were saved from drowning by lifeguards.

PFC. YOSHIO UYECHI
RECEIVES BRONZE STAR

For heroic achievement on the French front on Nov. 1, 1944, Pfc. Yoshio Uyechi of Poston was awarded the Bronze Star medal according to a 6th Army Group release. Pfc. Uyechi, 26, son of Mrs. Kana Uyechi, 54-7-B, formerly of Brawley, Calif., graduated from Brawley Union high and junior college. He trained at March Field, Camp Robinson, Camp Roberts, Camp Grant, and Camp Blanding.

He has been four years in the Army. He has two brothers in service.

Pfc. Uyechi's citation read:

"While guiding along a road, the two forward platoons of Pvt. Uyechi's company were pinned down by heavy fire from an enemy roadblock. Quickly following upon this development, the enemy launched an attack against the reserve platoon which threatened to cut it off from the other two. Pvt. Uyechi, Browning automatic rifleman, exposed himself to enemy fire and crawled 75 yards to a position where he could fire his weapon most effectively. Exposing himself and taking careful aim, he silenced a machinegun and killed two snipers near it, thus enabling the reserve platoon to outflank the enemy and neutralize the roadblock."

BOARD ACCREDITS UNITS I AND II HIGH SCHOOLS

Recommendation that Poston High School No. I and Miles E. Cary High School, both located at Poston, be given a State Class B Rating, which for accreditation purposes places them on the same level as Poston High School No. 3, was approved by the State Board of Education of Arizona at its April 28 meeting, said a letter from the board to Dr. Arthur L. Harris. The recommendation was made by the State High School Committee on Accreditation.

This action by the Board will facilitate transfer of credits from all of the high schools here to various other institutions which pupils here may enter later.

O.K. Garretson, high school visitor, wrote that this action has placed Poston I and II high schools on the approved list of high schools for Arizona.

He said he honors Dr. Harris and his staff for the work they have done considering the conditions under which they have had to operate.

SAINTS WIN SEMI-FINAL, 10-8, OVER RED DEVILS

What appeared to be a walk-away for the Saint nine turned into an exciting, close duel as the Red Devils rallied to push in four runs in the last of the seventh, only to fall two runs shy of the lead, 10-8, in the tournament semi-final tiff at field 3 Wednesday.

Capitalizing on errors and walks, the Saints built up a 10-2 lead by the fifth stanza as Red Devil hurler Ono went wild.

With Hori relieving Ono, the Red Devils sent two runs across in the sixth while the Saints were held scoreless.

Kinoshita, Saint hurler, allowed two walks in the seventh, filled the bases and forced one run in before J. Obata slammed a hard double down the left field baseline sending in three runs. Coming into third, Obata was tagged out on the return throw. Two more received free passes to first and an error filled the sacks again with two away, but a pop fly to the short-stop ended the threat.

REACTION ON COAST O.K.

One thousand five hundred Japanese Americans who have so far returned to the West Coast have generally received fair treatment and often a friendly welcome, despite 30 or 40 attempts at violence directed against them, the Pacific Coast Committee on American Principles and Fair Play, and American Council on Race Relations reported in a joint release recently.

The committee and council described how the West Coast people are aiding the orderly return of Japanese Americans and suggested "practical steps that

KAMATANI HURLS RAMBLERS TO NO-HIT, NO-RUN WIN OVER DUKES, 1-0

A home run by Rambler catcher Fukuda in the first of the seventh was the lone and winning tally of the game, as "Peacock" Kamatani, only veteran hurler remaining from last season hurled the first no-hit, no run game of the season against the Delano Dukes in a consolation tilt at field 39 Wednesday.

Backed by good support, both nines went scoreless for six innings, until Fukuda, lead-off man in the first of the seventh, connected solidly to send the horsehide deep between center and right field for the four-bagger.

BATTERIES:

Ramblers-Kamatani, Fukuda; Delano-Koga, Obata.

First sacker Otsu garnered two of the Saints' five hits while the Red Devils tapped out four scattered safeties. Kinoshita hammered out a homer in the first with one on.

BATTERIES:

Saints-Kinoshita, Ohta; Red Devils-Ono, Hori, Obata, J.

SPECIAL MOTHER'S DAY
SERVICE TO BE HELDRETURN OF NISEI FAVORED
AT MEETING OF 700

TUESDAY (5/15 PM):

--Terminal: George, Naeue and Naomi Hirozawa, Lincoln, Neb., Helen, Joan and Daniel Nitta and Mr. Kumezo Nitta, Arlington, Va.

Wanted: Motor for cooler. Yokoyama, Blk. 2-14-C.

To commemorate Mother's Day a special service will be held this Sunday with Alice Matsui as chairman of the "A" group and Manabu Fukuda as chairman of the "B" group. The Rev. B. Fujimura will deliver the sermon for both groups.

Sentiment overwhelmingly favoring the return of loyal Nisei to their West Coast homes and farms was expressed at a meeting of more than 700 persons at Bellevue, Wash., according to the Seattle Post Intelligencer.

Two officers of the anti-Japanese Remember Pearl Harbor League who opposed Harold Fistere, WRA area director, came off decidedly second best in a questions-and-answers period following three programmed speeches.

George Westbeau, of Auburn, representing the Remember Pearl Harbor League, challenged Fistere in regards to the loyalty of the 125,000 evacuated Japanese, whereupon Fistere replied that he knew of no authority for the assertion that 30,000 people of Japanese ancestry are sworn enemies of the U.S.

The other Remember Pearl Harbor League representative, G. Nifty Garrett of Sumner, demanded to know on what basis the Nisei were proven loyal. Fistere stated that the checking was done by the army and that he was in no position to speak for the army. Garrett then said, "what is the hurry about getting back?" "All believers in democracy are in a hurry to see democracy work," Fistere replied, amid a burst of applause.

The meeting closed on "a very friendly note" for Nisei when Mrs. Charles Burnell of Bellevue, mother of three sons in the armed forces said, "I know the fine war service that Japanese Americans have rendered on our war fronts everywhere... I think we should accept (them) as they want us to do--as the Americans they have proved themselves to be."

R.C. TELLS CHAPTERS HOW TO AID SERVICE FAMILIES

Pointing out how local Red Cross chapters can assist evacuee resettlers with family members in service, and highlighting the relocation program, the American Red Cross Home Service Division has sent instructions to every chapter, officially acquainting them with WRA's post-exclusion trend, according to WRA Washington.

Home Service Division workers of the ARC have been advised to provide any needed service within their program to evacuees who are veterans, members of ex-servicemen's families, or members of families of active servicemen.

At the same time, WRA has suggested to field relocation officers that they contact Home Service Directors of chapters in their district, to check on special ARC services to evacuee soldiers' families.

ARC emphasized to its Home Service Directors the immediate importance to newly relocated dependents of soldiers of its service providing reclassification of dependency allotments when the servicemen's families move from centers. While dependents receive their chief support at projects they are usually eligible only for the \$37 maximum Class "B" allotment. After resettlement and with a soldier son their chief support, the family may be eligible

for the considerably higher Class "B-1" allotment.

In addition to assisting in the application for family allowances claims for pensions and other benefits, the Red Cross Home Service Program provides additional services and assistance to soldiers, veterans, and their families. Chief among these are: (1) assistance with communications between servicemen and their families when normal means are unsuccessful or unavailable; (2) supplying information on legislation and regulations affecting this group; (3) providing military and naval authorities and the Veterans Administration with information necessary in questions involving diagnosis, medical and psychiatric treatment, discharge, furlough or clemency, and for veteran's ratings; (4) guidance and counselling in personal and family problems, or referral to appropriate agencies; and (5) financial assistance to servicemen, disabled ex-servicemen and their dependents and dependents of deceased servicemen, on the basis of need and not of citizenship, settlement or legal residence, but subject to certain limitations.

"Take It Or Leave It" with Phil Baker is next week's picture, at the usual place.

D U S T ' N

D E S E R T

Tomorrow is Mother's Day. Even this one day finds many of us forgetting to remember her by kind thoughts or a little gift which she so rightfully deserves each 364 days of the year.

The greatness of our mother's love has been told in countless stories--it is realized how precious her love is and yet in our daily lives we have done and are doing many things to lessen her peace and the comfort of life...

With this world in such a dreadful mess, millions of mothers are going through the most drastic heartaches. Especially is this true for our Issei mothers. Many of them feel fortunate that they are not living in the war zone where their families are split by bombs but they are going through a mental agony caused in their families splitting in different ways. It may not be the majority but there are mothers in this unit, suppressed by the evacuation which warped the minds of their husbands against the future in this country, a son drafted to the army, a son ready to go to Tule, a daughter already relocated on the outside, some yet teen-age or younger and their schooling still to consider, which makes their minds a turmoil as what is the best thing she should do. All the children on the different roads are still her dear ones and her love for them remains the same.

We will never be able to repay what our mothers have given us --but we can at least try to live up to bring the kind of children she hoped to rear. In this whole wide world, there won't be another

TREASURY DEPARTMENT WILL UNBLOCK ACCOUNTS OF CLEARED PERSONS

To aid WRA in its relocation and liquidation program, the Treasury Department has informed the WRA that they will unblock all but a limited number of the accounts of evacuees on the Army clear list, according to WRA Washington.

Through the project director, forms to request unblocking orders will be forwarded to the Federal Reserve Bank in San Francisco. The bank will determine whether the statements on the individual forms are correct. Individual unblocking orders will be mailed in care of the project director, and private banks will be notified.

Evacuees in these categories are ineligible to apply for unblocking orders through this special arrangement with Treasury: (1) persons not on the Army clear list, (2) those who have been issued specific blocking orders, (3) evacuees who have represented or acted as agents for any person outside the continental United States on or since July 26, 1941, and (4) persons who now hold funds belonging to blocked nationals.

Those who are not eligible may, however, apply for reconsideration of their cases by filing Form TFU-1 with the Federal Reserve Bank of San Francisco. Business enterprises may apply for unblocking through the same procedure.

Fresno Home of Former Poston Resident Fired At by Unknown Party

San Francisco, Calif. (May 12)—Two or three shots apparently from a 38-calibre revolver, were fired into the home of Setsugo Sakamoto, 608 E. Street, Fresno, after 10 p.m. May 8, by unidentified persons, said WRA San Francisco.

Mr. Sakamoto, 60, returned to Fresno from Poston April 1. All his family were uninjured, although one shot just missed the wife of James Collier, Mr. Sakamoto's daughter.

Local police are making a thorough investigation.

Mr. Sakamoto was the victim of earlier rock-throwing incident thought the work of juveniles.

His son-in-law, James Collier, was discharged from the Navy. Hoagy Ogawa, another son-in-law is at Ft. Snelling. An adopted son, Eddie Aburamen, has been in the Philippines with the Army 26 months.

While here, Mr. Sakamoto resided at 227-7-C.

are subject to specified reporting and other requirements.

Certain individuals may be denied unblocking orders. However, they will be permitted to withdraw sufficient funds to allow them to relocate. Former internees whose accounts remain blocked may upon application withdraw up to \$200 a month for living expenses. Other persons whose accounts are not unblocked may withdraw as much as \$500 per month.

Any blocked person or enterprise may apply for a special license which will permit suf-

PFC. YASUKAWA, PVTS. KIKUCHI, NAKAJI, AND SAKAI WOUNDED IN WAR

Bringing the total number of casualties to 115, four more names of soldiers wounded on the Italian battlefront have been received by relatives here. They are Pvt. Isao Kikuchi, 32-5-D, Pvt. Steven H. Sakai, 39-11-A, Pfc. Chester S. Yasukawa, 226-9-C, and Pvt. Edward M. Nakaji, 323-8-C.

Pvt. Kikuchi, slightly wounded in Italy on April 20, was inducted Sept. 15, 1944, receiving his infantry training at Camp Shelby, Miss., and going overseas during the earlier part of this year. He is a graduate of Santa Cruz High School and is the son of Kanichiro Kikuchi.

Pvt. Sakai, after having been slightly injured on April 20, is reported to have returned to front line duty on the 26th. Inducted on July 3, 1944 from Chicago, Ill., he was transferred to Camp Blanding from Fort Sheridan, Ill. Formerly of Brawley, Calif., he is the son of Mr. and Mrs. Kinoshin Sakai.

Evacuees who wish further information or wish to secure necessary application forms should see the project attorney or the evacuee property officer. Resettled evacuees may communicate with the director of the project from which they relocate.

MORE WRA COMMENTS TO SALT LAKE SUGGESTIONS TOLD BIRTHS

Fifth of the Chronicle's series giving recommendations of the All-Center Conference, and WRA comments thereto, is given below, continued from the May 12 issue.

"Recommendation No. 15: That when an evacuee relocates or returns to his former business or home, WRA should make every effort to release frozen assets (blocked accounts), both in cases of individuals or organizations.

"Comment: Those evacuees who have been cleared by the War Department for return to their former homes stand an excellent chance of regaining their frozen assets or blocked accounts. WRA has already been negotiating with the Treasury Department on this problem and will soon announce procedures for presenting applications to the proper officials for consideration. It is suggested that the Community Councils inform those whose funds are frozen or blocked to take their problems to the Project Attorney and secure his assistance in preparing applications for clearance and his advice on clearance and licensing procedures.

"Recommendation No. 16: That the WRA negotiate for the concluding of arrangements whereunder alien parents may be able to operate or manage properties with powers of attorney issued by their children, particularly by sons in the United States Armed Forces.

"Comment: We are investigating this matter and will provide further information at a later date.

"Recommendation No. 17: That the WRA arrange to secure outright releases for parolees who relocate.

"Comments: Parolees

who have relocated and desire to be released from parole restrictions should apply to the Enemy Alien Control Units of the Department of Justice. Persons making such application should submit any factual information they may have bearing upon their loyalty to the United States and their willingness to cooperate in the war effort. This would include: (a) names and designations of any sons and daughters who are serving in the armed forces with their approval; (b) statements from friends, acquaintances or colleagues; and (c) any additional information they may have bearing on the continuation of their parole status. WRA will be glad upon the request of an individual parolee to submit any information it may have regarding his character and loyalty to the Department of Justice.

"Recommendation No. 18: That the WRA obtain the establishment of some avenue of governmental indemnities for relocatees who may be some victims of anti-Japanese violence in terms of personal in-

MORE RULES DEvised

At a meeting of the cigarette rationing committee held May 9 the following additional rulings on rationing were devised:

1. Visitors' coupon will be issued every two weeks only with the pink slip certified by the block manager. Enlisted reserve will be an exception to the above ruling, being qualified to receive resident's allotment in coupons, however application procedure will be the same as that of a visitor. Proof of military status will be required.

To Mr. and Mrs. George Yasukochi, 37 3-C, a girl May 4.

To Mr. and Mrs. K. Kikuchi, 32 5 D, a boy May 4.

To Pfc. and Mrs. Victor Hirose, 327 10 D, a girl May 8.

To Mr. and Mrs. Satoru Kokka, 213 12 B, a girl May 9.

To Mr. and Mrs. Eiso Nakamura, 221 13 F, a boy May 11.

juries or property damage.

"Comment: The law enforcement agencies of the West Coast States and the United States Department of Justice have given every possible assurance that returning evacuees will be protected and these agencies have taken positive and rapid action in the isolated cases that have thus far arisen. It is our considered opinion that the opposition to the return of evacuees now being voiced on the

2. No replacement card will be issued in place of cards that are lost, stolen, burned, etc. A different card will be issued every two months.

3. No cards will be issued to appointed personnel holding Army PX rationing cards. Adjustment coupon not exceeding the resident's allotment will be issued in the event PX supply is out.

4. The block managers will do their utmost in picking up cards of relocatees leaving their respective blocks.

BACHELOR OF BLOCK 15 ENDS LIFE BY SUICIDE

Hanging ended the life of Tatsugoro Inukai, 68-year-old bachelor formerly of 15-1-B, who was discovered in his home Saturday afternoon by a block resident. Finding no signs of struggle to show that there had been an attempt on his life, it was decided Inukai was a victim of suicide. An autopsy showed that he had been dead for 12 hours.

Formerly of Arvin, Calif., he had been in the United States since 1900, taking early residence in Livingston,

WOUNDED VET VISITS

SERVICES FOR LATE SGT. OGAWA SLATED FOR FRIDAY

Memorial service for the late Sgt. John Montana, From Okayama-ken, he lived in Block 3 before moving to Block 15.

WRA COMMENTS TO SALT LAKE CONFAB, GIVEN HERE (cont. from city page) West Coast by certain small cliques is largely bluffing. While there have been several cases of attempted violence, every effort has been made to bring the culprits to justice, and this procedure will be continued.

"If evacuees should suffer any damage or injury, they have the same rights as any person to seek compensation in the courts from the persons causing the loss. If the evacuees need additional money protection, there is insurance to cover almost any kind of risk. WRA will assist center residents upon request in obtaining insurance for themselves and for their property to cover any risks or damage that they think might occur after relocation. We are entirely confident that coverage can be obtained.

"Federal legislation would be necessary to provide indemnities of the sort suggested by Recommendation No. 18. We know of no similar Federal legislation that has been passed by Congress. In view of the fact that no similar special consideration has been given to other persons or groups, the presumed adequacy of local law-enforcement agencies to handle any problem, and the other avenues available to evacuees to seek compensation or protect themselves in advance, it seems extremely doubtful that Congress would give favorable consideration to the proposal.

(to be continued)

Norio Ogawa, killed April 21, whose parents, Mr. and Mrs. Kiriauke Ogawa, reside at Blk. 38-1-B, will be held Friday night at the Unit I high school assembly hall.

With Takeichi Kataoka as the chairman, the program will include: prelude, by Mrs. Kiyoka Yoshida; opening address and personal history, by the chairman; taps and raising of flag, by Boy Scouts; Bible reading, by Rev. S. Kuwano; prayer by Rev. M. Ohmura; personal history in English by Kozo Fujimura; kyoka, by relatives and representatives of organizations; memorial addresses, by representatives of groups; reading of messages, by Takeo Asachika; sermon, by Rev. K. Yamamoto; vocal solo, by Harry Minami, address of thanks, by Manroku Tategawa; benediction, by Rev. K. Niisato, and taps, by the service command.

4 MORE ARE CASUALTIES (cont. from front page)

San Jose, Calif., he was inducted on March, 1944, and received his training at Ft. Sheridan, Camp Blanding, and at Fort Meade, going overseas on October 25, 1944. Three brothers serving the armed forces are Sgt. William, Pvt. Harry and Pfc. George.

Pvt. Edward M. Nakaji, who, friends here have learned, was slightly wounded on April 19, apparently does not have any relatives in Poston as his family has relocated.

BOMBER, SAINTS CLASH IN FINALS TOMORROW

With the 1945 Softball Tournament title at stake, the Bomber and Saint aggregations are scheduled to tangle tomorrow at the Field 3 diamond. Slugging their way into the final-play-off, the Bomber nine toppled the Shamrocks, 4-3; Blackhawks, 3-2; and Zebras, 3-1; while the Saints boast victories over Delano, 6-5; and Red Devils, 10-8.

No favorite to cop the tourney crown, the diamond duel will be a 50-50 toss-up. Both nines field a speedy infield and dependable outfielders, but with Jack Nishida toiling on the mound for the Bombers, they will hold a slight edge in the pitching department. Opposing Nishida on the mound, will be Ben Kinoshita.

Probable lineups:

WRITE, IF YOU WOULD SELL

Frequent inquiries from individuals desiring to purchase or lease farm lands or other real property from evacuees have been received by W.R.A.'s area offices in California, according to these offices.

In order to assist the offices and to render service to evacuees wishing to dispose of property, each evacuee is requested to address a letter to John G. Hunter, evacuee property officer, Administration Building Unit I, stating: type of property, number of acres available for sale or lease, housing facilities, utilities, location, type of farm crops if any, and any other information that might be helpful.

Thursday nights.

BOMBERS EDGE ZEBRAS, 3-1, IN SEMI-FINAL

Another close victory was annexed by the Bombers as they edged the Zebras, 3-1, in the tournament semi-final tilt at field 39 last Thursday.

With M. Oda hurling a no-hit, no-run game until the fourth, the Zebras held a slim 1-0 margin.

An error in the fourth was the beginning of the Bombers' first tally as Koike reached second on the mishap. Stealing third, Koike scored as Yoshimizu flied out to center-field, tying the score at 1-1.

Two walks and an error added up to two more runs in the first of the sixth canto for the Bombers as hurler Nishida blanked the Zebras for the remaining innings.

Shimamoto, R. Sasaki, and S. Mori each garnered two hits for the Zebras, while Koike, Yamamoto, and Shimabukuro tapped out the only Bomber bingles.

BATTERIES:
 Bombers-Nishida, Shimabukuro.
 Zebras-Oda, Horiya, B.

The evacuee property officer would also like to have brought to his attention any personal property such as automobiles or farm equipment, of which any evacuee may wish to dispose, and he will assist in all ways possible in disposing of these.

WRA OFFICER HILL FROM TEXAS SPEAKS TO COUNCIL

M. Homer Hill, WRA officer from Texas area spoke before the Council men May 9 at the regular meeting of the Community Council, presided by Mas Otani.

He gave the detailed description of possibilities of farming in the vast lands of Texas. Climate is similar to California with the rainfall averaging 30 to 45 inches. Growing season is 220 to 260 days. Production consists of mostly everything. From June 1943 to July 1944, 6300 tons of fruits and **vegetables** were shipped out to markets at Beaumont, Houston, Dallas, San Antonio, Kansas City, St. Louis, and Memphis. Total crop was worth one and a fourth billion dollars. Flowers are shipped into Texas cities.

Best crops are tomatoes, potatoes, peanuts, citrus fruits, corn, and cotton. Irrigation is done through canals, bayous and wells.

There are opportunities to own land. Aliens cannot own lands same as in California.

Texas would rather accent small groups of relocatees and areas are available for farming.

Further information on Texas may be received from the Relocation Office, 310-5-A, or write direct to H. Homer Hill, District Relocation Office, Texas District, 434 Mercantile Bank Bldg. Dallas, Texas.

SEATTLE HOSTEL FOR RETURNEES OPENED BY CHURCHES COUNCIL

A hostel for returnees has been opened in Seattle under the sponsorship of the Council of Churches. The Rev. Harold V. Jensen, Council President announced recently.

A Nisei couple has been employed as managers, and the American Friends Service Committee took a crew of volunteer "house cleaners" out to the hostel last week and cleaned it from top to bottom, as well as moved furniture. There are six bedrooms in the hostel, which is located in the former Japanese Baptist Church parsonage at East Spruce and Broadway and there are several other rooms which can take care of any overflow of unexpected guests, according to the committee in charge.

Plans are being completed by the Council of Churches to open another hostel in Seattle on or about the first of June. The second hostel will house approximately 30 guests.

**DOGS MUST BE TAKEN
TO THE VET, OR THEY
MAY BE ELIMINATED**

All center residents, evacuees and appointed personnel, are instructed to bring their dogs for vaccination against rabies at the times already appointed for each unit: Unit II, May 23, police station in Blk. 219, at 1 p.m.; Unit III, May 23, police station in Blk. 310, at 3 p.m.; Unit I, May 24, elementary school hall at 1 p.m.

This service will be rendered free. Dr. J. W.

Method to Determine Discharge Eligibility Utilizes Point System

The Army last week released its point system for the discharge of enlisted personnel following Allied victory in Europe.

With the minimum temporarily set at 85 points as a requisite for such discharges, the points are to be figured on the basis of service credit, overseas duty, participation in combat, and parenthood.

The points for each of the four factors for discharge are as follows:

Service Credit--One point for each month of Army service since Sept. 16, 1940.

Overseas Credit--One point for each month served overseas since Sept. 16, 1940.

Combat Credit--Five points for each award of combat decoration since Sept. 16, 1940.

Parenthood Credit--Twelve points for each child under 18 years up to a limit of three children.

Those who attain the required total will be released unless military necessity dictates their retention until replacements can be obtained.

Caldwell, veterinarian will visit the center. Regulations provide all dogs should be registered with Internal Security Section and tagged, for which there is no charge. Dogs not vaccinated, registered, and tagged, will when found, be impounded and disposed of.

It is believed this will be the last visit of Dr. Caldwell here.

FIRST NISEI SOLDIER DISCHARGED ON POINT SYSTEM VISITOR HERE

Believed to be the first American soldier of Japanese ancestry to return to civilian life from the Army since the minimum 85 service point system plan came into effect, S/Sgt. Minoru Masukane, who has been in the South Pacific theatre of war for the last 25 months, arrived here last Tuesday night to visit his parents, Mr. and Mrs. S. Masukane of Blk. 59 13 F.

S/Sgt. Masukane, who has seen action in Australia, New Guinea and the Philippines and a wearer of three Asiatic Pacific theatre campaign medals and three battle stars, received his discharge on May 4 at the Fort Bliss Texas separation center.

He did not know of his discharge until he arrived in the United States early this month from the battle area on a 45 day leave. He said upon his arrival here he was told that since he had 87 service points he was eligible for a discharge under the new ruling.

Inducted at El Centro, Calif. on Nov. 4, 1941, he took his training at the MI school at Camp Savage, Minn. prior to his overseas duty.

As to his future plans, he is still undecided, stated S/Sgt. Masukane, after donning his civilian clothes for the first time in forty-two months.

Next week's picture is "I Love A Soldier" with Goddard Tufts, at 4 44 II and III.

RECOMMENDATIONS, COMMENTS, SERIES WOUND UP HERE

ANOTHER POSTON WAC

Final installment of series of evacuee recommendations and WRA replies thereto, follows. Others were in April 21, May 5, and 16 issues.

"Recommendation No. 19: That the WRA arrange for adequate government compensation against losses to evacuee property by fire, theft, etc. while in government or private storage or while in transit.

"Comment: WRA has not been given authority by Congress to pay claims of this sort. In one type of case--where property has been lost, destroyed, or damaged as a result of the negligence of government employees--claims can be filed against the government up to \$1,000 under the Small Claims Act of 1922. Through well established channels WRA may submit such claims to the Congress for consideration. The Evacuee Property Officers and the Project Attorneys at the relocation centers can give evacuees complete information with respect to the filing of claims under this law.

Where property has been damaged while in transit, claims can and should be filed in every case against the transportation company. The accountability of railroads and other carriers for property which they transport is very strict and most claims involving damage to evacuee property while in transit would likely be paid by the carriers involved.

We realize, of course, that these two remedies cover only part of the problem. In the case of acts of vandalism against evacuee property in private storage it has not been possible in most cases to identify the vandals, despite WRA investigation.

It must be pointed out, however, that all evacuees were given the option of storing their properties with the government free of charge where it would be appropriately guarded. Since the evacuees had this option Congress might well regard any loss to be a risk that the evacuees knowingly assumed. There may also be other types of cases in which loss has been sustained through no fault of the evacuee which may not be recoverable either as a legal or practical matter. WRA is now issuing instructions requiring all field offices to make full investigations and reports on cases involving damage or loss to evacuee property so that the facts will be of record in government files.

"Recommendation No. 20: That the WRA arrange to provide students of Japanese ancestry with adequate protection in case of need, and opportunities equal to those enjoyed by Caucasian students.

"Comment: Since the school systems at all centers (except Tule Lake) are fully accredited in the States where the centers are located, we anticipate no difficulty concerning credits in connection with the transfer of evacuee students to the ordinary public schools outside the centers. In the West Coast area special efforts have been made to see that the transition of evacuee students back to the public schools is a smooth and satisfactory one. The Superintendents of Public Instruction in all three of the Pacific Coast States have assured us that they will do everything possible to assist in satisfactory adjustment of the

Rochester, N. Y.--Miwako Yanamoto, 21, formerly of Poston, left here April 30 for basic training at Ft. Des Moines, Iowa, following induction into the WAC a few weeks ago.

She said, "I am very happy to be accepted into the WAC and to have the opportunity to take a more active part in the war effort."

Miss Yanamoto was a law department secretary while in Poston.

returning evacuee students. Information kits explaining fully the school program at relocation centers and the status of returning evacuees have been placed in the hands of all local school superintendents in California and will probably be distributed in the near future to similar officials in Washington and Oregon. Should any returning evacuee students experience undue difficulties, the WRA field offices will render every possible assistance in working out a satisfactory adjustment.

"Recommendation No. 21. That the WRA make effort to secure work opportunities for returnees and relocatees on equal basis with Caucasian citizens, particularly in reference to admittance into labor unions.

"Comment: We have already been working on this problem through the field offices and will intensify our efforts. Of course, the best argument we have in convincing employers or union officials that equal treatment should be accorded the evacuees is the general attitude and work record of the evacuees themselves. No preferential treatment should be expected, but equal treatment will be the goal of all our negotiations." END

MATINEE TODAY

Today a matinee of "In the Navy," is being shown at 10¢ the ticket. This is a benefit show sponsored by the honor society for the annual.

Tickets are on sale and will also be sold at the door.

PVH STUDENTS SCORE

Two students in Parker Valley High School of Unit III won prizes in the Scholastic Magazine contest held this year.

Ruth Tanaka, of Blk. 307, won fourth prize for a poem, "Saga of a People," which she wrote in English class.

Kuizo Kubo, of Blk. 329, won honorable mention for an autobiographical sketch, "Interlude," which he wrote in core class.

Both are juniors.

Scholastic Magazine is this year celebrating its 25th anniversary. It has conducted scholastic awards in art, literature, and music for many years. Founded for the purpose of discovering and encouraging students with special creative talents, Scholastic contests have become one of the most important programs of the school year for thousands of high school pupils. This year 800 from all parts of the country are receiving the \$9,675 in prizes.

YOUNG WOMEN MEET TO DO PAINTING ON TEXTILES

"A very fascinating and enjoyable afternoon" was spent by the newly organized Junior Women's Club here, which is sponsored by the community activities section "to pursue constructive recreation," at its Saturday, May 12, meeting, held at the YWCA room, Rec 36.

The group had textile painting instruction given by Mrs. Walter Balderston. They painted designs on skirts, towels, and children's wear.

Anyone interested is welcome to join by contacting the community activities supervisor, Ruth Green, the newly elected chairman of the club, Mrs. Elmer Yamamoto, 30-5-D, or the YWCA staff.

YWCA TO SEND SIX LUCKY GIRLS TO SUMMER CAMPS

Because the YWCA plans to send at least six girls to girls' camps this summer, Girl Reserve Clubs are reminded to be thinking on what girls to send, the YWCA staff states.

All expenses for these girls will be paid by the YWCA. Girls' camps are located in Sierra Nevada, San Bernardino, and Prescott. The first one opens June 20. Any questions should be directed to Mrs. Walter Balderston, or Helen Hirata, of the advisory board.

Many distinguished authors were the judges of the contest, among them Jesse Stuart, Robert P. Coffin, and Dr. Frank Kingdom.

GRADUATION DATES TOLD

Graduation will be May 29 in Unit I, May 31 in Unit III, and June 1 for Unit II, for high school students. Diplomas will be awarded to both January and June graduates.

BOMBERS BLANK SAINTS, 2-0 TO COP TOURNAMENT

Behind Jack Nishida's masterful one-hit hurling, the Bombers, performing almost to perfection, trimmed the youthful Saint aggregation, 2-0, to cop the 1945 Softball Tournament title in a seven-inning thriller at field 3 Wednesday. Playing before the largest crowd to be

SHAMROCKS WHIP BLK. 21 IN SEMI-FINAL, 16-5

Banging out 12 hits, including two homers by George Fukuda, the slugger, Shamrocks whipped the Block 21 nine, 16-5, in the consolation semi-final tilt Wednesday.

Twelve runs in the first two stanzas were just too much for the Block 21 boys who were limited to only five safeties, one a four-bagger by Tanaka in the third.

Fukuda's two home runs and single in five trips to the plate led the Shamrock's hit parade. Teammates Hashimoto and Kaiti, and 21's Tanaka each tapped out two hits.

The consolation final play-off was scheduled to have been played yesterday, the Ramblers versus Shamrocks, at Field 39.

HENRY AIHARA PLACES IN DRAKE RELAYS

Henry Aihara, slim athlete, took fourth place in the broad jump at the Drake Relays recently. His distance was 21 feet, 9 3/8 inches, eight inches behind the winner. Aihara took part in the high jump but did not place.

Formerly of Block 21, Henry relocated to Illinois during his junior year in high school and is now a freshman at the University of Illinois.

attracted to softball this year, the Bombers went through each inning with but one error to mar the books.

With a maximum of four batters facing him per inning, Nishida allowed four walks, struck out two, and brilliant support proved invaluable.

The Bomber's first run came in the second canto, beginning with Matsui's single. Shima was walked, advancing Matsui to second. Yamamoto's timely hit to right field scored Matsui with the initial tally.

Again, in the sixth, Morinishi's single that skimmed over third, sent Matsui home for the second score.

Of the Bomber's four bingles, Matsui slammed out two in two turns at the plate, scored both the Bomber runs, in addition to playing a bang-up ball game in centerfield.

Rightfielder Hiroto's bunt in the first chapter was the Saints' lone hit.

ICKES ASSAILS CALIFORNIA'S JAPANESE RAIDS

Washington, D.C., AP release, May 12--- Interior secretary Harold L. Ickes tonight denounced the "planned terrorism by the hoodlums" against persons of Japanese descent in rural California, declaring that 15 shooting attacks had brought no suspects to trial.

As evacuees return to their farms and homes, Ickes charged, the "hoodlums grow more desperate in their lawlessness."

"Some of them see that they will not be able to establish an economic beachhead on the property of the evacuees they vainly hoped would sell out or run out."

Besides the shooting attempts, Ickes reported one attempted dynamiting, three arson cases and five "threatening visits."

THE ONLY ARRESTS...

The only instances of asserted terrorism in which arrests were made and a trial held, it was stated, was in the case listed by the War Relocation Authority as a dynamiting attempt resulting in acquittal by the jury of three defendants.

The fact that none of the evacuees has been hit or suffered physical injury in any of the incidents, the Secretary said, proves that "terror is the motive in these crimes."

"In the absence of vigorous local law enforcements, a pattern of planned terrorism by hoodlums has developed," he stated.

STORM TROOPS TACTICS...

"It is a matter of National concern because this lawless minority, whose actions are condemned by the decent citizens who make up an overwhelming majority of West Coast residents, seems determined to employ its

Nazi-storm-troop tactics against loyal Japanese American and law-abiding Japanese aliens in spite of the State laws and constitutional safeguards designed to protect the lives and property of all the people of this country."

"...Many of the evacuees' Nisei sons are fighting the Japanese enemy in the Philippines, at Okinawa and in other Pacific combat areas.

"They are far more in the American tradition than the race-baiters fighting a private war safely at home."

Shots have been fired into the homes of families with American service flag stars in the windows, Ickes said. BOYCOTTS MENTIONED...

Ickes statement was based on a report by the War Relocation Authority covering incidents of the last four months. The report covered only instances of violence, the interior secretary said, and did not include "economic boycotts and advertising campaigns conducted in Oregon, Washington and California against Japanese Americans or vandalism and theft of their property."

"Persons of Japanese ancestry eligible to go back to the Pacific States, who have homes, farms and other legitimate reasons to return, will continue to go on and must be protected," Ickes declared.

The report cited instances of terrorism in various cities including San Jose, Cressy and elsewhere, and said incidents had occurred in 10 Central and Southern California counties--Placer, San Joaquin, Santa Clara, Merced, Madera, Fresno, Tulare, Kern, Los Angeles, and Orange.

TRUMAN OK'S TRANSFER OF FUNDS TO ASSISTANCE

A deficiency bill authorizing the transfer of an additional \$175,000 from WRA funds to the Social Security Board's Resettlement Assistance Program, was signed by President Harry S. Truman on April 26.

Accelerated relocation following revocation of exclusion orders, has exhausted the \$50,000 originally set aside to provide outside assistance during the fiscal year 1945, Dillon S. Myer, WRA director, stated. The request for diversion of this sum was made a year ago, before a rescission date could be foreseen. The diverted funds will be available for minimum assistance through June 30, 1945, to relocating evacuees in greatest need, the Director said.

SAN JOSE HOSTEL OPENS

Rate is about \$1.50 a day, and evacuees will be asked to contribute one hour's work daily for maintenance and upkeep. It has been suggested returning evacuees wire reservations to Mr. Kawakami at the hostel before leaving camp, says the San Jose WRA.

MINIDOKA RELOCATEE, BUSSEI, ENDS LIFE BY GAS POISONING IN NYC

New York--Keisshu Tim Nagai, 22-year-old Issei who formerly resided at National, Wash., and the Tule Lake and Minidoka Relocation Centers, was found dead of gas poisoning on May 11 in the furnished apartment he shared with two Nisei at 304 West 107th street, since coming to New York from Chicago early this year.

The death was certified as suicide by the police and verified as such by a local WRA official who talked with the police and with Nagai's roommates. One of the latter indicated that Nagai had been moody and unstable for several years and that he had changed jobs frequently in an effort to find work which suited him. The WRA official was also informed that Nagai had attempted suicide in Chicago last winter.

SHAMROCKS WIN CONSOLATION

Downing the strong Ramblers for their third consecutive tourney win, the Shamrocks annexed the tournament consolation crown at Field 39 Friday.

Hurler Kamatani was not in top shape as the Shamrocks pasted him for eight blows during the seven-inning fray, including a round tripper with none on in the third by Shiroma. Eight errors, five of the misuses occurring in the infield, registered five unearned tallies for the Shamrocks who played an air tight ball game.

Lead off man Shibata connected for a safety in the first inning, scoring quickly on next batter Baba's bingle to centerfield. An error at shortstop scored Baba to give the Shamrocks an early 2-0 lead.

Shiroma's homer and catcher Kail's double, scoring two, made it 5-0 in the third before the Ramblers tallied.

All four of the Ramblers' runs came in the third stanza when Shamrocks' Tanimoto issued four free passes to first, scoring one, and two timely hits by Kamatani and Furukawa tallying the other three.

An unearned run in the fourth and three more in the sixth gave the Shamrocks a wide margin of victory as the Ramblers failed to score again.

Slugging at the head of the Shamrock attack were Shibata, Shiroma, and Hashimoto with two bingles each, while Kamatani and Yamada also garnered two each for the Ramblers.

BATTERIES:
Shamrocks-Tanimoto, Kail.
Ramblers-Kamatani, Furukuda.

HIT AND MISS!

As the Recreation League is winding up with the Shaughnessy play-off this week, we have witnessed many close and interesting games with all the teams fighting till their last game to get into the coveted play-off.

The 215 Zebras and 226 Zeros have met in one play-off while 227 Cubs and 220 Mustangs have played the other game at press time.

The Recreation Department has asked us to make an all-star selection which will represent Camp II in a tri-unit softball tournament that is tentatively to be held on the 25th, 26th and 27th of May.

The official all-star teams will be tabulated by the "Rec. Dept." as each team will send in their all-opponent selections. Camp II will enter two all-star aggregations in this tournament.

With only few stand-out players left, we had much debated queries, but have made the following nominations.

First team: pitcher, Ryuji Yokoyama and Frank Kajihara, tie; catcher, "Fibber" Hirayama; 1st base, Sox Hayashi; 2nd base, Jerry Takemoto; 3rd base, Sus Hayashi; short stop, John Namba; outfielders, Tom Kojima, Lefty Kiyohara, and Harry Sakee. Second team: catcher, James Hatano; 1st base, Ben Dohi; 2nd base, Akira Kadonaga; short stop, Shig Etow; 3rd base, "Fat" Imoto; outfielders William Fujitsubo, M. Kiyohara, and Saichi Kimoto. Utility players: Eichi Higashi, Tommy Tanimura and Vic Yamane.

CUBS SNAP ZEBRAS WINNING STREAK

In a pitchers' duel, the 227 Cubs staged a three-run rally in the eighth inning to administer the 215 Zebras their first defeat of the league in a thrilling game Saturday.

With the score tied at 1-1 after seven innings the Cubs tallied three runs with the aid of two errors, a walk and timely hits by Kiyohara and Kajihara to cinch the game. Zebras made a vain attempt to overtake the Cubs but fell short after scoring one run with two outs.

Kiyohara and Kajihara collected two hits in four trips to the plate for the winners, while Terao also connected for two hits in four trips for the Zebras.

Yokoyama of Zebras sent back 10 batters via strike-outs and issued two walks, while Kajihara whiffed four and passed five batters.

FRESNO CHURCH
LODGING OFFEREDSAYONARA PARTY
SLATED BY PTA

D E S E R T

Concerning those who are too good to join good organizations or fail to get along with people, we recall a little story told at one of the Youth Conference discussions group by Bill Hammaker.

It goes like this. One person visited a mental hospital in one city and found that there were no guards watching the surroundings. Alarmed, he asked the superintendent of this hospital if he wasn't worried these insane people might get together and make an escape. The answer of this superintendent was this--"No, Nuts don't organize."

Whenever one of our dear friends leaves camp for good, it makes us realize the better side of evacuation which enabled us to make piles of new pals from Calexico south to Seattle north. It was interesting indeed to meet up with so many different people and exchange ideas--sometimes different and sometimes same. We feel that wherever we may go in this vast USA, we are bound to meet someone we know as our friendship circle has been widened in this near 3 years of interned life. Yes, we will never be able to forget the bitter side of evacuation but we will be grateful for all the new friends we have been able to make.

Tomorrow night we see "I Love A Soldier."

Everytime we see the newsreel of the battle-front and the people who are caught in the midst of it.....that clamps our mouth which wants to "monku" about the kind of food we are having now. Our last meal reminded us of the menu in some of the wealthier families in Paris which we read in the magazines. It was practically all potatoes disguised into soups, main dish, desserts, etc.

From the latest words from friends outside, they all seem to have trouble getting meats. At least we see pieces of it in our slops for which we guess we should be thankful to our hog project. If we were to relocate on a farm somewhere, perhaps one of the first things to do will be to get a pig, chicks and cow, and grow vegetables. In this way we can safeguard ourselves against too many meatless days.

Being in this office from the very beginning, I have sent off practically all my editors and co-workers to a better future in far off states. This time I had to say good-bye to one of my dearest friends and partner in this business who has gone to find a future in Detroit. During our two years together in this office, most of the time just us two, I can say on my part that there was not one moment when I had to cope with moods or temper...Go to a girl who can work so harmoniously, but..the staff's best wishes goes with you...this week, I also lost another worker but this one for just one week. Kenneth has gone to look around in San Diego, and I hope to have a first hand story of his in this

FIREMEN DEFEAT DELANO IN HANDBALL TILT, 9-5

In the third encounter with the Delano nine this season, the champion Firemen again won the game 9-5 at the Yankee Stadium Sunday afternoon.

With N. Itami on the mound, the Camp I ball players started out like the game was to be theirs for a change with a lead of 2-0 in first 3 innings. One of these runs was made by M. Itami, pitcher, who blasted a homer over the head of the right fielder.

In the fourth, the Firemen closed in by 1 point when F. Tanaka made a run on a hit.

The 6th inning turned the table when J. Moriooka made a spectacular 4 bagger to the center field bringing in 3 runs. Delano scored 1 run by Nishijima on fielder's choice.

The 7th and 8th saw the Firemen slugging the ball out of the tired Delano chucker for another 5 runs to take the game.

In the final inning, with 2 men on base, G. Nishijima, pinch-hitting for Ikemiya connected, enabling 2 runs to come in. But the game ended when he was caught at second for the third out.

Chucking for the day were: S. Nakakeda, B. Mori, Firemen; N. Itami, M. Arita, Delano.

On the receiving end were B. Inouye and Obata.

CENTER GATE PROCEDURE REVISED AS OF MAY 28

Effective at 12:01 a.m., Monday, May 28, 1945, the WRA gate control for the Center was to be moved from the main gate to the new center gate house located just off the highway at the main road entrance to Unit I. Military Police control was to remain at the main gate as heretofore, announced Duncan Mills, May 26.

Vehicles driven by evacuees or appointed personnel, carrying evacuees to or from the main gate, will stop at the new gate house to insure that all evacuees entering or leaving the center clear with the gate clerk.

All center statistical control will be conducted from the new gate house, including the collection and/or refund of guest charges. Prior to departure, visitors and residents will pick up appropriate credentials at the departure station for presentation to the Gate Clerk as an outgoing gate pass.

Evacuees departing from the center for less than 24 hours shall turn in their workpasses and 24-hour passes to the gate clerk in return for a blue badge which will serve as authority for the military police to permit departure at the main gate. Upon return the evacuee shall surrender his blue badge to the gate clerk and call for his pass by name.

Plans for Winding Up Agriculture Here Told

With WRA being relieved of the responsibility of harvesting field crops now growing on the Project, which are alfalfa, barley, and wheat, agriculture is being reduced in number of employees and the amount of produce from Poston's farms.

All truck crops will be harvested by June 30, it is planned, and garbage disposal is being done by contract.

Swine is gone.

Chicks will be brought down to 9000 by the first of July, and poultry will be discontinued after distribution July 3 in Unit 2; July 3 and 20 in Unit 3, and August 3 in Unit 1.

Employee reduction was 40 in April. By July 1 there will be less than 100 in agriculture. A reduction of 50% in the appointed personnel in the department will be realized.

During April, the following produce, all of which was used at the center, was harvested: beets, 9.75; carrots, 24.21; daikon, 3.82; lettuce, 6.67; ~~spinach~~ onions, 10.01; spinach, 6.05; turnips, 2.52; Swiss chard, 15.25 tons.

In May, the following has already been harvested: dry onions, 6.87; carrots, 5.25; cabbage, 7.48; beets, 8.4; turnips, .15; green onions, 5; parsley, .34 tons.

SENTIMENT IN WATSONVILLE AREA DECLARED IMPROVED

Sentiment toward evacuees returning to the Watsonville area is improving, Harry Yagi, former Watsonville resident who returned Wednesday from a two-week visit there, believes. He reports a friendly welcome from his former friends there and that no embarrassing incident occurred.

Salinas, because of its domination by four or five big vegetable shippers who fear the competition of Japanese-American vegetable growers, is still unfavorable for resettlers, Mr. Yagi said. However the attempt of these shippers to extend their influence into surrounding communities is meeting with little or no success.

He attributes the improved sentiment in the Watsonville area to the efforts of WRA officials there who have consolidated the backing of right thinking business, church, and civic leaders. Ten Japanese Americans have returned permanently to that area, Mr. Yagi said.

Reception is best in San Jose and Monterey, he believes, reporting that there are now 450 resettlers living in Santa Clara and San Benito counties. A full page advertisement signed by 750 businessmen and community leaders offering cooperation and acceptance to returning evacuees was run recently in the Monterey newspaper, Mr. Yagi reported.

As soon as his home and store in Watsonville can be vacated by the lessees, Mr. Yagi, who is relocation coordination assistant here, expects to return there to resume his business.

NEW BUS SYSTEM FOR DEPARTURES FROM THE CENTER

Effective Saturday night, May 26, a private bus company set up service between Poston and Parker.

BOYS CALLED MUST APPLY FOR SHORT TERM LEAVES

All residents called for pre-induction physical examinations, induction, or active duty must apply for short term leave in the unit relocation office, immediately after receiving the call, according to the selective service office.

The practice hitherto, which was that the selective service office handle all these matters, is being changed. This new method it is believed, will expedite matters.

FRED OKAMOTO, FORMER RESIDENT, WRITES

Fred Okamoto, former Unit I resident and relocation office worker, wrote in a recent letter of the present condition in Watsonville, Calif., hitting points that may interest returning evacuees. Mr. Okamoto's visit preceded that of Mr. Yagi, story of which is to be found on the city page.

Mr. Okamoto reports that during his month's stay in Watsonville he came across two unpleasant incidents, one in a restaurant and again in a barber shop. On both occasions he received the impression that it was not the proprietors' dislike of evacuees but the pressure exerted upon them by their customers that led them to denying them service.

Although he reports that the stories concerning anti-evacuee violence are greatly exaggerated, the condition in Watsonville is such that it is difficult for evacuees to make a living there, due to the pressure put upon the entire Watsonville population by those who are gaining economically during the evacuees' absence. This is particularly true in the lettuce industry; it would be difficult for returned evacuees to operate lettuce farms. This condition does not exist in other types of farming, however, especially in berry growing. On several occasions, Mr. Okamoto has heard of persons interested in berry farming who desire the return of the evacuees. The prices of strawberries are exceptionally high, the ceiling price being 32¢ per basket.

SCHOLARSHIPS AWARDED THREE GRADUATING STUDENTS

The Poston I Scholarship Committee, composed of three teachers, two local council members, and three College Bound Club members met Monday, May 21 and awarded scholarships to three members of the graduating class. The favored students are Masaru Murakami, a mid-term graduate now attending the University of Minnesota; Hiroko Sakamoto, who will enroll in Ohio State University for the summer term; and Sachiko Tanaka, who will enter the University of Maryland next fall.

Any member of the graduating class of 1944-1945 is eligible to apply for a local college scholarship. Application blanks may be obtained from and returned to Estelee Finson, student relocation counselor, Rec. 31-A; however, a blank will not be issued to a student until after he has been accepted by a college. Proof of this acceptance must be attached to each application. All applications for scholarships must be made before October 1, 1945. Each one will be acted upon as soon as possible after it

The situation in San Francisco is described as excellent, the sentiment towards Nisei being better than ever before. The only drawback is housing. There are no houses or apartments for rent, although several houses may be bought. Jobs in that area are plentiful, especially in gardening and domestic types of work, prevailing wages being \$1.00 to \$1.25 per hour. Office jobs, though harder to obtain, are also available in the San Francisco area.

is received, and the applicant will be notified of the action of the committee. Application should be submitted as early as possible so that the applicant will have time to make other financial arrangements if it is necessary for him to do so.

The Poston I Scholarship fund was raised by donations and by a program of movies sponsored by the College Bound Club throughout the school term.

SEMI-FINAL RESULTS OF INTER-UNIT TOURNAMENT

Camp I vs Camp III

The Camp III All-Star nine, paced by their ace hurler, "Killer" Takeshita, made good their bid to play in the Inter-Unit Softball Championship Playoff by trimming the visiting Unit I All-Star, 2-0, in a seven inning stretch at the Sportsman Park in Unit III last Friday.

Working on lead-off man Fukumura's single in the first inning, Inouye sacrificed to put him in scoring position. Kitahara pulled through with a bingle to score Fukumura with the lone run that kept Camp III ahead with a 1-0 margin until the final canto.

In every inning Camp I threatened to score with a man in scoring position, but each time the threat was stopped.

Camp III's final tally came in the seventh when Nishida relieved Camp I's Kamatani and gage up four walks.

Camp I vs Camp II

The Camp I Stars took an easy 6-1 victory over the Unit II All-Star Aggregation in the tournament semi-final tilt at the 229 field last Friday.

The visitors drew first blood in the initial frame by tallying one on a pair of errors, and again in the second canto, the lads cashed in on a pair of miscues. A walk and two bingles sent across four more markers to give Camp I a healthy lead.

CAMP III ALL-STARS WIN INTER-UNIT CHAMPIONSHIP

Blanking the Unit I Stars, 6-0, Ben Inouye's three-hit hurling paced the Camp III All-Star aggregation to the Inter-Unit Softball Championship title at field 3 Saturday. Edging the Camp I All-Stars, 2-0, the day before, Camp III met little difficulty in taking the measure of Unit I's second team All-Star nine.

Scoring from the first frame, Camp III took an early 1-0 lead when Ben Kitahata singled to send in Rookie Fukumura who was walked and reached third on an error.

With two away, hurler Ben Inouye slammed out a safety to score Iwashita for Camp III's second tally in the second inning.

Camp I threatened to score with one away in the fourth when Tom Koike connected for a double and a bad pitch put him on third. But, a pop fly and an easy grounder retired the side in order.

Harry Sakamoto's four-bagger began a three-run sixth inning rally to give Camp III a safe 5-0 margin. Joe Oho relieved Camp I's George Koga on the mound to stop further scoring in that inning.

Camp I got two men into scoring position

Camp II's lone tally came in the fourth frame when Ono issued two passes and S. Etow hit a "texas leaguer" in short centerfield.

In the fifth stanza, two successive hits by Murata and Nobuto accounted for the final score of the contest.

Both Yokoyama and Ono allowed only five hits with former whiffing five batsmen and the latter striking out nine.

in their half of the sixth on a walk and an error with two away, but again, the side was retired before any damage was done.

Two errors sent in Camp III's final run in the seventh, after which Ono settled down to issue a lone hit in the remaining stanzas.

Seven infield and an outfield error were tabbed against Camp I during the nine-inning trouncing, while Unit III was guilty of three which did no damage.

Hurler Inouye also tapped the highest average for the game with two singles in three times at bat, and batted in one run. He K'd five, while Ono downed the same number in the three frames he twirled.

陸軍スタブ表除外を請願し得る

現在陸軍のスタブリストに載せられてゐる人々マククリヤーされることを希望する人は、この再審を申請すること出来る。

この現行規定に依つて西部防衛司令部内の審議委員会では目下多数の人々をマククリヤーなしにスタブリストより除外しつゝ、あるが之等の人々は自然的に隔離者表からも除外される譯である。この再審を希望する

人は自分のことを熟知して居る所内米人職員に依頼して除外令推薦状を添へ西部防衛司令部へ願書を提出すれば、ヒマリングに際して委員の方では特別の考慮を拂ふことになつてゐる。

尚この再審希望者は、對しては各館内外再住部にて相談に應じて居る。
