SECOND EVACUEE STORE OPENED IN FORMER LIL' TOKIO OF LOS ANGELES

LOS ANGELES, CALIF. -- Taro Kawa of Gila, having taken down the temporary construction boarding in front of his new fish market, prepared to open for business in a few days, said Los Angeles WRA recently.

The market carries the name "Enbun Company," and is well-equipped with bright new fixtures. Toshiharu Yamashita, also from Gila, is the first employee. The store will handle groceries as well as fish, and is located at 248 East First, across the street from its pre-evacuation address and it is next door to Uye-da's 5-10-25¢ store. It is the second business to get underway in Bronzeville, formerly Little Tokyo.

FORMER EDITOR GETS JOB ON L. A. TRIBUNE STAFF

LOS ANGELES, CALIF. -- Writing a column, re-writing news and proof-reading for the Los Angeles Tribune, is the job picked out by Hisaye Yamamoto, former editor, columnist, and "star reporter" of the Poston Chronicle.

Hisaye left Poston June 4 for Los Angeles, and after a few days she decided she would have a fling at a writing job.

She entered on the new job June 23 and her column, "Small Talk," presents her views on what's going on in the big town. The Tribune's circulation is largely among the Los Angeles Negro population.

Home address temporarily for Hisaye is the Evergreen Hostel.

DENVER NEEDS HUNDREDS OF WORKERS

For Dehydrating, Vegetable Packing, Ice, Lumber, Metal, Foundry Establishments

Workers are urgently needed in the Denver area in dehydrating plants, vegetable packing sheds, ice distribution, lumbering, foundry and sheet metal plants, and other establishments, according to the Denver Chamber of Commerce.

Approximately 250 female dehydrating plant workers are needed in the Denver area alone. One of Denver's leading dehydrating plants is paying 55¢ per hour during the orientation period (about 10 days); at that time, workers advance to 60 or 65¢ according to aptitude. At the end of 30 days,

Steven Jin, Taro's mother Tomi and his brother Ken, who attends Roosevelt High School in Los Angeles, are all living at the Kawa home, 216 South Soto, since leaving Gila in January.

The Kawas' baby boy, Steven Jin, was born June 8, in Los Angeles, perhaps the first Nisei child to have Los Angeles as its birthplace since 1942.

She was one of about 150 Japanese, mostly Nisei, who attended the June 25 social get-together of Japanese Americans at International Institute, where she met several friends from Poston. The parties are held each month.

Hisaye enjoys her new job immensely.

The pay? "It's \$35 a week," she said. "That's the standard rate for cub reporters in Los Angeles, and I'm tickled over getting my chance to break in."

they are on an incentive pay status permitting the workers to make 70 to 75¢ per hour according to skill. The work-week is 48-hours with time and one-half over 40 hours.

Vegetable packing sheds in Denver will be demanding about 500 male workers within this week. Packers, car loaders, and so forth are needed, but work will be arranged according to the skill of applicants. Experienced workers will be utilized in their highest skill. Packing shed work pays from 80¢ up, according to the task performed. This type of work will continue to about October 15, 1945, at which time workers are assured other employment.

Ice distributors are in need of 150 workers to assist in the distribution of ice to the vegetable packing sheds. Wages range from 70¢ to \$1 per hour depending upon individual skill, with time and one-half over 40 hours. Workers will average about 60 hours weekly throughout the season.

Lumber operators all over Colorado have openings for about 350 with pay ranging from 75¢ to 82¢ per hour for common labor on a hourly basis, and contract basis for tasks, such as \$4 per M for falling, limbing and bucking. Experienced workers can earn \$1 per hour on a piece rate basis on other tasks.

Fifth sheet metal workers are needed with jobs as laborers at 65¢, sheet metal helpers at (cont. on Unit 1 page)

PERSONNEL SURPASS QUOTA IN 7TH DRIVE

Payroll allotments for the 7th War Loan Drive which ended Saturday, amounted to \$33,949, reported Leo Mecham, 7th War Loan Drive chairman.

Cash sales at the post office are \$7,706.25, or a total of \$42,124, which is a percentage of 118.96% of the quota for Poston.

Northern Yuma County total was \$100,283.09, or 135% of quota.

N.S.R.C. REPRESENTATIVE HERE TO HELP COUNSEL

Cherry Obayashi, student at Wells College, Aurora, N. Y., since May, 1943, is here from the National Japanese American Student Relocation Council, as a student returnee in the project of sending relocated college students to the home camps to assist in student relocation counseling with emphasis this year on student relocation in relation to family relocation. Her trip was sponsored by the YMCA and YWCA.

Before coming here, she and others were put through a training period during which time they went to New York, Philadelphia, and Washington to find out about matters pertaining to resettlement in those areas, such as housing, community feeling, employment opportunities and schools.

She will be at Unit I through the relocation office, or at 53-8-D. If there are any students interested in going to college or other schools, and wish to discuss their plans for higher education, she will be glad to meet with them.

CHILDREN MAY BE LEFT ON PROJECT BEYOND 30-DAY LIMIT ONLY WHEN RELOCATION PLAN IN FORMATION

In reply to the cases, which have come to the attention of WRA Washington, in regards visitors to the centers requesting the privilege of leaving children on the center with relatives beyond the 30-day visiting limitation, the Washington office states:

Extensions of visits in those cases should not be granted except in accordance with previous instructions which authorize extensions of visits only if a relocation plan is definitely in process for family members of the visitor and the project director is satisfied that relocation of the family mem-

POSTON WAC TRANSFERRED TO LEVENWORTH, KANSAS

FORT DES MOINES, IOWA --Private Nelly Sasuga, daughter of Mr. and Mrs. Shozo Sasuga, 2-7-B, a member of the Women's Army Corps, recently left First WAC Training Center, here, for duty with the Army at Ft. Levenworth, Kansas.

Since January 1st the WAC recruiting program has emphasized the enlistment of women possessing specialized skills including clerical workers, typists, stenographers, tabulating machine operators, radio operators, control tower operators, parachute riggers and cryptographers.

Because of high casualty lists and the return of thousands of sick and wounded soldiers to the United States every month, there is also an urgent continuing need for several thousand medical and surgical technicians in Army hospitals.

WACs are following our Armies in vital office and communications jobs in all major theaters over-seas.

bers will be accomplished or definitely scheduled within the additional period, or with the director's approval in hardship cases.

JACL GRANTED \$6000 BY ROSENBERG FOUNDATION

Grant of \$6000 by the Rosenberg Foundation of San Francisco to assist the National JACL to operate its San Francisco office was announced yesterday by National President Saburo Kido in Salt Lake City. The favorable news was communicated to the JACL through Mrs. Leslie Ganyard, the secretary of the foundation.

The money is to be used "to support an executive and activities related to establishment of a District Office and promotion of activities of the league in California north of Kern County to the Oregon border."

An inter-racial panel of officers is in the process of formation to administer the funds. The \$6000 is to be for one year. And upon the progress made during the year, serious consideration is to be given to the continuance of support.

MATSUSHIGES IN MARYLAND

Friends in Poston will be interested to learn that Eugene Matsushige, 18, formerly of 53-11-C, is now a student at Baltimore City College (high school for boys) and has one more semester before graduation. His sister Opal, 15, is a sophomore at the Western High School for girls, according to WRA Washington.

They live with their widowed mother, Mrs. Manuela Matsushige, at 59 North Catherine St., Baltimore. They are formerly of Holtville.

ART EXHIBIT BY NISEI, ISSEI, MOVES TO BOSTON; NATION-WIDE TOUR PLANNED

New York--More than 80,000 people are expected to view the art exhibit consisting entirely of the works of Nisei and Issei painters during June at the Boston Public Library, according to Elizabeth Boudreau, librarian.

Representing the works of 10 artists in relocation centers and 16 artists who have been well-known in the East for many years, this exhibit will be on display for one full month through an arrangement made with the library by the Boston WRA office and the JACL Eastern Office.

Recently shown at the New Jersey College for Women, New Brunswick, N. J., and attracting more than 1,000 persons, this exhibit drew praise from Professor E. L. Knissen, chairman of the Department of Art.

The JACL is now making arrangements to have this exhibit shown throughout the country.

APPRECIATION

I should like to express my thanks publicly to all my Poston friends for making life rich and for teaching me the true meaning of unselfish cooperation, generosity of spirit and brotherly love. May you all find your future paths full of happiness and peace.

TULE LAKE SOLDIER WINS \$200 PRIZE FOR ESSAY FROM U. OF CHICAGO

Pvt. Tamotsu Shibutani, formerly of Tule Lake and whose family came to Chicago recently from Granada, has won a \$200 essay prize at the University of Chicago. Twenty-three-year-old Pvt. Shibutani, who is now overseas, was until his induction in the Army engaged in assisting on a study of relocation in Chicago sponsored by University of California and under the direction of Dr. Shotaro Frank Miyamoto, of the University of Chicago.

Pvt. Shibutani's essay entitled "Rumor of A Crisis Situation" received first place among the five University of Chicago students who won cash awards for essays and superior scholastic achievement.

The short news item announcing the essay winners which appeared in the Chicago Daily News June 25, 1945, did not identify Tamotsu Shibutani of 6023 Kenwood Avenue, as a Japanese American now overseas with the U.S. Army.

Mr. Shibutani has been among the active Japanese American leaders in Chicago and has participated in many meetings and discussions in which the problems of resettlers were analyzed with a view to strengthening and improving the relocation program.

TRI-STARS TURN BACK
214'ERS BY 14-8

Tri-Stars established themselves as the "team to beat" when they soundly trounced 214 by 14 to 8 score to take the lead in the Old Men's League last Wednesday evening at the latter's diamond.

With 214'ers taking a 2 to 0 lead in the third inning, Tri-Stars exploded with barrage of hits as they scored five runs in their last of third inning and continued to cross the platter for ten more runs in the last three innings.

Chick Abe allowed 8 hits and runs while Ken Sato was touched for 17 safeties.

Tad Kubota lead the winners with four for five with one a homer while Honma, Matsuo and Oku connected for three bingles each. Shiratsuki and Arimura banged out two hits each for the loser.

**NORTHSIDE POUND OUT
21-7 WIN OVER SKIPPERS**

Smashing out 16 hits to all corners of the field, the Northside Giants easily pounced the 219 Skippers by 21 to 7 last Thursday evening at 215 diamond.

Hitting Dick Tsuchiyama at will and with loose fielding by his team-mates, Northside scored freely in every inning to win handily.

Mine with three for four, one a homer and Harry Yagi with three for five lead the attack for the victors, while "Pop" Hironaka with a homer and a hit paced the loser.

D U S T
'N
D E S E R T

Where shall we go from here? That is the question uppermost in our minds after the announcement of the closing of the unit by October 1. We were expecting the center to close all the time but some of us were unable to do much else than wait.

It's no time now, we feel, to ask or plead to have this camp open until later as what has got to close must close, and it may be worse to have to be shoved out in the January cold than in the mild October.

The WRA doesn't know our problems as individuals, or why we can't relocate or how much financial aid we need. It's better late than never, so what we should or rather could do is to present our individual problems to the relocation advisor and let him help you. If they can't help, they may be able to tell your problems to the ones who can.

As it has been said, housing is the major problem outside and **lumber to build with is quite hard to get**. It may expedite the exodus if housing of some kind is provided. With a place to live, we can always work to eat.

It seems the government could secure lumber and build small homes for the people willing to go back to their home towns but with no houses to live in. Perhaps these barracks we live in now can be torn down and transplanted in different parts of the states. If the materials are available, most of the people, being ingenuous, in building, might do wonders in providing homes for themselves. Or are we dreaming?

MAN WISHING TO RETURN
WILL SELL CROP AT \$800

A man planning to return to California immediately wishes to sell his crop. He has 25 acres of vegetables as follows: 4 of cabbage, 6 of tomatoes, 3 of green beans, and 2 of celery. The following is now being planted: 1 of cucumbers, and 7 of beans, and 2 of celery.

There seems to be a good stand and all the crops which were up were not seriously damaged by hail, the WRA in Denver stated. He will sell at \$800 cash, with no equipment, on a 20.80- basis without use of equipment, and on 30.70 basis with use of equipment.

The man is willing to sell farm equipment and household furnishings, and a five room house if available, just four miles north of Denver. An adequate supply of water is available. See the unit relocation office if interested.

Tri-Unit Sumo Tournament Holds Spotlight Tonight

A colorful tri-unit sumo tournament, sponsored by the Unit I sumo club, will be held tonight at the Block 21 swimming pool. It will probably attract a crowd between two and three thousand spectators.

A successful tournament was held once before in 1943, but tonight's performances promise to be more spectacular and successful with the expected participation of several wrestlers from Gila center. Some forty veteran wrestlers will battle against each other with the combined efforts of Units II and III pitted against Unit I. Junior high school and high school boys are also entered to provide a supporting cast.

Punch and shaved ice will be sold by the police dept. to raise funds for the Old Men's Softball League.

WRIGHT, FAMED AUTHOR, CALLS FOR FEDERAL ACTIVITY WITH JAPANESE

Richard Wright, author of current best-seller "Black Boy" and "Native Son," called recently for continued federal activity to insure the safe and peaceful return of Japanese evacuees to their former homes on the West Coast, according to the Pacific Citizen.

TO RESIDENTS OF UNITS II AND III:

Only 11 weeks remain before the closing of Units II and III. Make your relocation plans now.

Block 35 Boy Dies After 15 Minutes Under Water

Masaharu Hamako, 35-4-A, six, died last Friday, following 15 minutes immersion under water at Pool 44. His twin Masataka, was also at Pool 44 at the time.

The father who was in Los Angeles at the time, returned to Poston the following morning. The two were the only children of Mr. and Mrs. Kaname Leo Hamako, formerly of Los Angeles.

Ajiro Takahashi, Red Cross chairman, believed the boy died of asphyxiation because there was no water in the stomach. It is believed the boy slipped and fell, and struggled underwater.

They were taken to the pool at 1:30 p.m., by Kazuhiko Nakamoto, 35-1-A. At about 1:40, Mr. Nakamoto found one twin missing.

PFC. HENRY SHIBATA OF BLK. 42 AWARDED BRONZE STAR AT NOVI CEREMONIES

WITH THE FIFTH ARMY, ITALY--Pfc. Henry N. Shibata of Indio, Calif., has been awarded the Bronze Star for heroic achievement with the Fifth Army in Italy.

Shibata is a former resident of Indio, but his parents, Mr. and Mrs. Toyochi Shibata, now live at 42-9-C, Poston.

A member of Company K, 442nd Japanese American Combat Team, Shibata was decorated by Maj. Gen. Edward M. Almond, commanding general of the 92nd "Buffalo" Division, at a ceremony near Novi Ligure.

He was cited for administering first aid to a wounded comrade and carrying him to

Camp III Warehouse Burns To Ground Early Saturday

The entire building and contents were lost in the fire that ravaged Warehouse 315 at 3:50 a.m. Saturday morning in Unit III. Cause is unknown, and extent of damages as yet not determined, said Frank Hon, fire chief.

The building contained agriculture stock.

The work of the fire departments in Units II and III prevented the spread of the fire to the next building.

Lifeguards of Pools 21 and 44 dived, seeking the boy. After ten minutes, Nakamoto went to get a fishing net to drag the pool. While he was gone, the guards found the boy, in the shallow water, at 1:55 p.m. First aid was applied.

Ambulance was called for, and the Red Cross was telephoned. Mr. Takahashi went to the pool and supervised the rescue crew. The ambulance which came was sent back for a doctor. Dr. R. S. O'Connell came, inject- (cont. on rel. page)

safety in the vicinity of Luciana, Italy.

Shibata's citation read:

"When Shibata learned that one of the members of his company was seriously wounded and in need of medical attention, he volunteered with three other men to form a litter party. By running through sniper and shellfire, he and the other men reached the casualty 150 yards away. After administering first aid while under shellfire, (cont. on rel. page)

"THE GOVERNING OF MEN," BY FORMER BUREAU OF SOCIOLOGICAL RESEARCH HEAD, REPORTED ON BY TIME

30 to 50 WORKERS FOR FARM, BEING SOUGHT

Time, the weekly magazine, reviews, in its RACES section (it also has a BOOKS section), of June 25, "The Governing of Men," by Lt. Commander Alexander H. Leighton, Navy Medical Corps psychiatrist, who suggests a key to better understanding. Time states that after 15 months at Poston as a social analyst, Commander Leighton concluded many an American simply fails to remember that U.S. Japanese are human beings.

Taken from the book, Time reports say Poston was the subject of many wild rumors in the early days of the war. To Commander Leighton, the troubles were not only caused by the war but by the dissension among the evacuees, confinement and (cont. on Unit I page)

J. Takesuye, from Glendale, Ariz., will be in Poston this week to recruit thirty to fifty farm workers to work in the Glendale area. Workers will be paid prevailing wages and housing will be furnished. Family groups may be taken.

POPULATION COMPUTATION FOR UNITS OF POSTON AS OF JUNE 23, 30, TOLD

OFFICER FROM WASHINGTON RELOCATION OFFICE HERE

Persons interested in the offer or in obtaining an interview with Mr. Takesuye are asked to contact relocation offices in their units.

Total population for Poston on June 23 was: 9,503: in block: 9,261; on short-term, 242. During the week following, 137 left on terminal departure, and two were admitted, making, on June 30, a total population of 9,368; in blocks, 9,128; on short-term, 240.

Jules Seitz, special relocation officer from the Washington relocation office, left last Saturday after a stay here of five days. He came to look into spe-

cial problems which affect relocation, and to see what can be done to make conditions on the outside as favorable as possible for relocation from here.

Total population for Camp I was 5,391 as of June 23: in block, 5,224; on short-term, 167. Net change was 45 terminals, making, on June 30, a total of 5,346: in block, 5,180; on short-term, 166, according to a recent statistics section report.

they carried him back to the company command post. Shibata's heroic deed in offering himself to save the life of a comrade is exemplary and reflects credit upon himself and his organization."

Shibata had treated the wounded man by a haystack. When the litter party had started on the return trip, an enemy mortar shell made a direct hit and the haystack burst into

flames.

He volunteered for the 442nd Combat Team and entered service March 16, 1943, at Fort Douglas, Utah. He trained at Camp Shelby, Miss., and came overseas in May, 1944.

For meritorious achievement in combat he was awarded the 34th Division Citation. He also wears the Purple Heart, the Good Conduct Medal and the Combat Infantryman Badge.

NO, THE PEOPLE WOULD NOT BITE, SHE LEARNED

You've heard stories like this: "The Jap soldiers had thoroughly indoctrinated them with the idea that the American soldiers fiendishly tortured our prisoners, so the civilians on Okinawa were afraid to come out of their caves..."

Well, some people in the centers have picked up the idea that the outside world in waiting to spring on them the moment they show their faces. Mrs. Mary Nakashima, in Los Angeles on her recent trip from Poston, related that she had a most pleasant surprise instead of the ill-treatment she had anticipated. She and her husband had been fearful about leaving the center. They expected everything from verbal insults to knives! So they decided that she should explore first. When she entered the train her fears increased for she found she must sit next to two sailors. She thought "This is it!" and prepared for the very worst.

And what happened? The sailors were not merely polite, they were friendly. They bought sandwiches for her and carried her luggage. When she arrived in Los Angeles, there she found that she attracted no

undue attention. So now she is writing her husband to join her. Since the Nakashimas are former restaurant operators and cooks, employment for them was easy to find.

Just one week after arriving, Mrs. Nakashima took her choice of three jobs offered her, and entered the employment of a Brentwood Home owner at \$250 a month plus private room and bath. This covered both the Nakashimas as her husband, an Issei, will join her as houseman while she acts as cook.

ISSEI AND NISEI STILL BARRED FROM WATERFRONTS

Oakland, Calif.--Whether U. S. citizens or not, Japanese are still banned from Pacific Coast waterfronts, the Oakland Board of Post Commissioners was warned by Capt. Paul B. Conk, in charge of waterfront activities for the Coast Guard, who explained that the ban is under reconsideration but still official government order is forthcoming, the prohibition will remain, said the Oakland Tribune, June 19.

ed adrenalin into the arm, and examined the body. Artificial respiration was applied for at least an hour, during which a big piece of plum came out of the mouth and later, some chewed fruits came out after the plum was pulled out of the mouth.

The mother was there. Block 35 people voluntarily helped. A little after 3 p.m., the boy was taken to the hospital, with application of artificial respiration not being stopped for a moment.

Mr. Takahashi supervised the treatment at the hospital. The boy's mother was there. Finally, it was seen that the body was becoming stiff. The treatment was stopped after 4½ hours.

discomforts of the camp, and by the misunderstanding between the evacuees and the administrative staff.

In conclusion, Time states, "Commander Leighton, objective through out, reaches no conclusions on this U.S. experiment in governing another race behind stockades. But his attitude is aptly expressed in the quotation from which he got his title, "Oh, it were better to be a poor fisherman than to meddle with the governing of men."

A publication of the Princeton University Press, the book sells at \$3.75.

"City In The Sun", a novel by Karon Kehoe on her experiences in Gila River Center, was recently a winner of Dodd, Mead & Co. Annual Intercollegiate Fellowship Competition. However, the book will not be sold to the public until next spring.

SPECIAL OFFICER ON
RELOCATION VISITS HERE

He said he was also looking into welfare problems and community organizations in Calif.

"I am very much impressed by Poston," he said in answer to a query. "One thing that impressed me was the appointed staff and the manner in which the evacuees cooperate in their programs. And also the physical appearance of the project, and the manner in which it is managed, seemed to me very good."

COLLEGE BOUND CLUB
REACHES GOAL OF \$2000;
4 SCHOLARSHIPS PENDING

At a meeting of Xi Beta Sigma (Poston I College Bound Club), Friday, June 6, Shigeru Kawanami, treasurer, announced that the club had attained its goal of \$2000 for a local scholarship fund, raised for the benefit of the 1945 graduates who go to college. Estelee Hinson, sponsor of the club and chairman of the scholarship committee, announced that of the seven scholarships awarded so far, three have been paid to students already in college. Four more applications are pending. Miss Hinson emphasized the fact that all applications should be in the hands of the Scholarship Committee by October 1.

The principle speakers at the meeting, presided over by the vice-president, Miyuki Mukai, were Lora Patten and Cherry Obayashi. Miss Patten, assistant student relocation counselor, spoke to the club on the relocation of minors. Miss Obayashi discussed the relative advantages of colleges in the various regions of the United States.

FORMER POSTONIAN ACTS
AS ASSISTANT CAMP HEAD

Milwaukee, Wis.--For the second year, Maki Ichiyasu, formerly of Los Angeles and the Colorado River Project, is acting as assistant director of the YWCA camp at Lake Oahe near Oahe, Wis.-consin.

The camp, which is filled to capacity, will have junior and senior high school girls during July and business women for three weeks in August. This is the first year since its establishment in 1896 that the camp has had a regular season for employed girls.

REV. NAKATA GIVES
INITIAL TALK TO Y.P.

Rev. Russell Nakata gave his initial address at the Nisei Worship Service last Sunday, on the topic, "His Presence in Darkness," at the elementary school hall.

Following the service, a social hour was held in honor of the new pastor.

Next Sunday, the Nisei Worship Service will be held again at the elementary school assembly hall, at 8 p.m.

GIRLS GO TO SUMMER
CAMPS; FOUR RETURN

Saturday, three girls departed for Granite Dells, near Prescott, to attend summer camp there.

Recently, four girls and one counsellor, returned from a summer camp at Covina, near Jenks Lake. These girls were scheduled to report on their trip at the Y. W. C. A. board meeting of Thursday, July 12, at the Y. W. C. A. room, Rec. 36.

These trips have been sponsored by the Y. W. C. A. here

The importance of the correlation of college and family planning was stressed by both speakers.

Miss Obayashi has been sent to Poston by the YWCA to work for a few weeks with Miss Hinson and Miss Patten for conferences with students and parents in their homes, in the student relocation office, Rec. 31-A, or in her own home, 33-B-D.

Miss Ichiyasu, who is the daughter of Mr. H. Ichiyasu of the Central Utah Project, is the assistant executive of the Girl Reserve Department of the Milwaukee YWCA.

NORTHSIDE WHALLOPS TRI-STARS, 20-12

Northside slammed their way into tie for first place with a 20 to 12 win over the Tri-Stars to stop their three-game win streak last Friday evening at 216 diamond.

Tri-Stars started out with a bang as "Babe" Kubota hit a homer with the bags full for four run lead and it looked as if they were going to pour it on but Northside scored seven runs in their half and continued with four more scores in the second and added eight more in the third inning for a comfortable 19 to 4 lead.

Kubota homered again with two mates on board in the fifth for four more runs, but the lead was too great for them to overcome.

Fujii, Okamura and Mine paced the winners with three safeties each, while "Babe" Kubota starred for Tri-Stars with three for four.

215-214 JUNIORS COPS FIRST PLAY-OFF GAME

Behind the effective hurling of "Wacko" Yokoyama and timely hitting by "Porky" Iwami, the 215-214 Juniors took the first play-off game for the Junior League championship over the 216-208 Juniors by 10 to 7 last week.

Uchimura's two-run homer in the first inning gave 216-208 a 2 to 0 lead for three innings but a three-run homer by Iwami put his team out in front in the fourth canto and they iced the game as they added four and three more runs in the next two innings.

"Wacko" Yokoyama struck out 13 batters while Iwami paced the team with four for five.

FOURTH OF JULY GAME
FIREMEN WINS AGAIN

Playing an Independence Day exhibition hardball tilt, the firemen defeated the 308 Yankees by a 12-2 score.

Spotted by heavy hitting throughout the game, the Firemen started their lead early in the first inning when two tallies came in from 2nd and 3rd. The Firemen again in the second made good their hold when they clotted in 5 runs, one a homer by J. Morioka. The fifth and seventh inning brought in the remaining 5 of the scores, two of them being made on home runs in the seventh by the Inouye brothers.

The Yanks scored their first tally in the fifth when T. Sakata rounded the bags on an error. The only other run was made by Joe Miyoshi who clotted a homer into deep center.

Batteries for the game were--S. Hatakeda p. and B. Inouye, C., for 308--T. Fukumura, Pvt. G. Miyamoto, on leave from the army, p. and K. Fujimoto, c.

NEW ORLEANS AREA VISITED BY TRIO

In a report submitted by Tsuneco Sumida and two others, M. Hane and J. Obata, all of Unit I, who recently returned from an exploratory trip to the New Orleans area in Louisiana, one of the regions of the United States being explored by the WRA for relocation possibilities, necessary data concerning weather conditions, sentiment and fertility of the soil, were made available to the residents of Poston so that they may view and consider the possibilities of relocating and starting life anew there.

According to the report, climatic conditions there are not very favorable, but bearable. Although the temperature seldom exceeds 95 degrees, the air is hot and sultry. Winters average 55 degrees, but blankets are unnecessary. South of New Orleans there is no frost, but there may be some to the north. April showers are a reality in New Orleans, as it rains more in April than it does in any other month. The farmers depend entirely upon a normal rainfall of 40 inches per year for their crops. The report also stated that insect damage is highly probable because of the sultry weather, and therefore necessitates spraying and dusting throughout the crop season. The soil, although worn in places, seems to be rich.

Marketing conditions, the report continued, were excellent. In comparison to the pop-

200 Girls Sought For Utah Canneries

While girls are working at the cannery, jobs and housing for the girls' families will be solicited in Southern California, by the association, according to George Kamacho, representing Utah Cannery Association, who will be here until Wednesday.

The cannery will pay transportation to California for any girls who wish to join their families after the completion of the canning season.

Two hundred single or young married girls are wanted for cannery work which starts July 24 and will end November 1. Rate of pay is 55¢ hour or 12¢ per on piece-work, which is available for canning string beans and tomatoes. After September 30, more girls will be recruited.

Housing is available at 25¢ week, with meals at \$1.10 at a labor camp.

Interested persons should see Mr. Kamacho at once. He will be in II Saturday and Monday morning; in III Monday afternoon and Tuesday.

Patients Being Moved To Coast Hospitals

As one of the early steps in effecting center closure, a conference has been held with health officials from Washington, in which it was decided that, in order to speed up the termination of hospital services so that there will be no chronic patients there when the project closes, it would be necessary to move as soon as possible all chronic tubercular patients to sanitoriums on the Coast, according to Duncan Mills, project director. As a first step, single, unattached patients will be moved as soon as arrangements can be made, with or without their consent. Arrangements have already been made for the movement of the first person, who will leave the project very shortly.

It is interesting to note that the State of California has no hesitancy in accepting these patients for care in the county of their residence.

TO POSTON PARENTS:

Reports that schools of any kind are to be conducted in Center school buildings, church buildings, or other public buildings after August 31 are entirely without foundation. Parents who wish their children to have proper schooling should plan to relocate before the opening of the new school year outside.

FIRST OF SERIES: RATIONING EXPLAINED

A great many people who have been residents of the Center for a long time are making plans to relocate in the near future. They will find things on the outside quite different from Poston. One of the most important problems they will have to meet will be that of rationing.

Food rationing is simply a plan to meet an emergency. When our country became engaged in a two-front war, it became apparent that there wasn't enough food to give people everything they wanted. A plan had to be devised which would spread out available supplies so that everyone would get his share.

The ration board urges everyone to acquaint themselves with the rationing system. To this end a series of articles will be prepared. These articles will be published in the Chronicle. They will also be placed in the hands of the adult education section who will use their facilities to get these messages to the largest number of people.

The plan of rationing in brief, is as follows. Each person has been given a certain number of points to use when purchasing meat, meat products, processed foods, and certain other commodities. These points are to be used to purchase foods in which there are scarcities. Periodic studies are made to determine supply and demand. When the supply increases to the point where it is equal to the demand the article is moved from the list and no points are required. On the other hand when the supply is diminished it is necessary to raise point values.

This will explain why point values on some articles are high and on some articles are low. In subsequent articles we will take up various types of food and discuss their rationing in detail. We will also cover shoes, gas, tires and the entire rationing programs.

A few people have left Poston to relocate and failed to take their ration books with them. It is impossible to buy any meat without a book. So residents are reminded to be sure that when they are getting ready to leave they go to the ration board in the hospital building Ward 1, and get their books. When they go to the board they should be sure to take along their slips from the relocation office authorizing the ration board to issue books to them. This is important. The ration board cannot issue books unless they have this slip.

Any questions about rationing can be taken to the adult education section or to the Ration Board.

EDITORIAL: LET'S BE CAREFUL

In view of the fact that more accidents happen each year in the home than on any battle front, and as we are now in the wake of a terrible accident, it is perhaps fitting that residents be reminded to take caution in their everyday life to prevent accidents.

With the curtailment of medical services, it is more than ever the responsibility of the individual to keep sound, and thus keep from disturbing the busy doctors as much as possible, in order that those who cannot be without medical attention, may have that needed attention. More than ever, it is a two-way caution that must be observed: carefulness for self, in or-

"WINGED VICTORY," RATED 4-STAR PICTURE, COMING

Rated a 4-star picture is the coming film, "Winged Victory," screen version of the Army Air Forces Broadway hit, "with Moss Hart's original script practically intact."

The film follows three air cadets from the day they are inducted, through flight school, and to action in the South Pacific.

The picture stars Sgt. Mark Daniels, Pvt. Lon McCallister, Cpl. Don Taylor, Sgt. Edmond O'Brien and Jeanne Crain, with a host of others, in this 20th Century-Fox picture.

The show will be on regular schedule: Blk. 4 Stage on Monday, Pool 44 on Tuesday, Unit II on Wednesday, and Unit III on Thursday.

NOTICE

The finance office announces that it now will be able to pay any kind of cash grants anytime during the working days, mornings as well as the previously scheduled afternoons.

der that one will not take over services that another needs, and for the simple reason of taking good care of himself, and, carefulness for others, because maybe they weren't taking too good care of themselves.

ties for products are excellent and produce may be shipped by rail, truck, or water means.

Evacuee farmers may profit greatly if growing conditions are favorable, with their former experiences as expert farmers. Since most vegetables circulating in New Orleans are imported from the West Coast, the Japanese farming in this area could give excellent competition to the West Coast producers.

Mr. Sumida and the others were asked to find out about openings in the fishing industry by former California fishermen. The group came back with the answer that in order to obtain a fishing license, one must be a resident of Louisiana for a period of at least two years. Opportunities in fish canneries, and other jobs connected with the fishing industry were said to be rather nil.

The group found out that many farms with houses (for reasonable prices) are available to those who have sufficient capital to invest in the land and to purchase a small tractor, other farming equipment, and a market-going truck.

Public sentiment, as a whole, is favorable. In some counties adjacent to New Orleans, however, the attitude is a little different. A few of the counties have passed laws to keep persons of Japanese ancestry from buying or renting land in their parishes. But all this seems to be based on a misunderstanding the WRA officers are trying to straighten out, the report said. New Orleans remains to be the finest place where sentiment is concerned, in the state of Louisiana.

200 MEN WANTED FOR GENERAL CONSTRUCTION WORK IN PHILADELPHIA AT JOB LASTING 6 TO 8 MONTHS

This is an AA-1 essential job, with workers eligible for public

HARVARD LAW STUDENT TAKES W. L. B. JOB

Chicago, Illinois -- Masamori Kojima, formerly of Los Angeles and Rohwer, has been appointed to the staff of the War Labor Board, Chicago, for temporary work during the summer months. He is employed in the Wage-Hour division which attempts to stabilize wages and hours.

Mr. Kojima, who plans to return for his second year, to Harvard law school next October, graduated Haverford College, Pa., where his high scholastic record won him a Phi Beta Kappa key. While a senior at Haverford, he was elected president of the student body. Masamori Kojima is the son of Edward Kojima, of Rohwer. His mother, Mrs. Shizue Kojima, is living at Hull House in Chicago.

In the July issue of Round Table News Letter, published by the National Conference of Christians and Jews, Masamori Kojima's picture appears as one of a dozen teachers in "Inter-group Relations" chosen to speak at summer youth conferences in Illinois and Indiana. Since being appointed to a full-time position with the W.L.B., Mr. Kojima has had to cancel his engagements to speak at Protestant church conferences this summer. He was the only Nisei among the representatives of the Chicago Round Table.

housing. Rates are 90¢ an hour for a 48-hour week, with time-and-a-half over 40 hours. The average is approximately \$46.80 week. The hiring is done through the AFL, Common Laborers Local, which has indicated acceptance of Issei and Nisei into the Union with full union rights and benefits. No PMGO clearance is required.

This construction job will last from six to nine months.

All interested are requested to contact unit relocation offices.

WATSONVILLE HIGH SCHOOL TERM BEGINS JULY 31

Watsonville, Calif. -- Watsonville High School will have a split vacation season. School will begin on July 31 and run for six weeks, at which time there will be another vacation period lasting up to November 1. It is obvious that students expecting to relocate to the Watsonville district should do so prior to the opening of the first-mentioned season, if they expect to receive the full benefit of the fall semester, said T. Lewis, relocation officer in Watsonville.

The reason for this split vacation was explained to WRA officers as being to allow the high school students time to work in various fruit and vegetable crops that mature at this time.

THREE GIRL RESERVES GO TO SUMMER CAMP; FOUR OTHERS RETURN FROM CAMP

The three G.R. girls who left last Saturday for Granite Dells to attend summer camp there were Phyllis Hirata and Jean Kido from Camp I and Shizuko Shimahara from Camp III, according to Sarah Kido, Poston Y.W.C.A. worker.

It is believed that another group of girls will leave after this group returns. If none of the G.R. girls wish to go, Girl Scouts will be represented.

The four girls who returned recently from a summer camp in the San Bernardino Mountains are Miko Nakamura, Miyo Sunago, May Hokama, and Margaret Murakami. They made their report to the monthly board meeting which was held at the Y.W.C.A. room last Tuesday evening.

Unit I, who is here under the auspices of the Nisei-Caucasian Fellowship.

Margaret Brand and Marie Edwards in Unit III.

They are also available for any activity groups with the exception of Miss Mitkan.

JAPANESE FILM SLATED

The Japanese film, "America Koro," will be shown in Unit I Wednesday night, July 18, at Pool 21.

The film is slated for showings in Units II and III Monday and Tuesday nights.

Nakamura, 39-5-A; Tommy Tsuchiyama, 54-10-C; Tokumi Hamako, 35-4-A.

Visiting from Camp Walters; Roy Kuroye, 22-3-A; George Tsuchiyama, 54-10-C.

Visiting from Fort Meade is Fred Kishaba, 42-2-B.

Visiting from Camp Ritchie is Norman Ikarri, 45-12-D.

ENGLISH CLASSES MEET

The short-term English classes now meeting in Room 32 of the Poston I elementary school will discuss many useful subjects for relocating evacuees. The method and language of the interview will be studied. What do the questions mean? What language is necessary to answer these questions when interviewed for relocation, for assistance in the community, for a job?

The proper use of ration books will be studied. What foods are the red stamps used for, the blue stamps? How can you get canning sugar? What does the government recommend to eat when you cannot buy meat? How can we make the very best use of our ration books? These are a few of the questions to be answered.

The intermediate English classes in Camp I are meeting in Room 32 at 8:30 on Tuesday and Friday mornings, and on Wednesday and Thursday evenings at 7:30. The advanced class meets Monday evening at 7:30. The first beginners class met Friday evening, July 6, at 7:30.

YBA NOTES

HIDEKO UEDA BECOMES BRIDE OF GEORGE TAGUMI

219 SKIPPERS UPSETS NORTHSIDE BY 8-7

HOW DID YOU...

...like the rain last Sunday night? Here we are practically in the middle of July, when the blistering Arizona heat is at its height, and we get a good downpour. Well, it was good to hear the familiar pitter-patter of rain on our roofs once again.

DUE TO THE FACT...

...that many people have relocated and the block quota has dropped considerably, the 229 mess hall has been closed and that block is now eating in the 227 mess hall.

ALSO...

...for the convenience of everybody in both blocks, 221 has reopened her mess doors after the closing of 222's.

FIRE LOSS CLAIMS

...Evacuees who stored his personal goods at 202 warehouse which was burned, it is wise to file a claim with Evacuee Property Office in Camp I. Local Red Cross has old records for those who filed previously and may get copies upon calling that office.

SPECIAL "OBON" SERVICE

Rev. Fujimura will deliver a special "Obon" sermon tomorrow morning at the Buddhist Church.

"A" chairman for the Sunday School group will be Kaboru Tazumi, for "B" group, Manabu Fukuda.

The traditional wedding march was played as Hideko Ueda marched up the aisle to the candlelit altar of the Buddhist Church to become the blushing bride of George Tagumi last Saturday evening with the Rev. B. Fujimura officiating. Adorned in a powder blue dress with a veiled black hat, the bride carried a bouquet of white carnations. Her sister, Mary, was maid-of-honor and was attired in a blue dress and carried a bouquet of pink carnations. Ken Arimura acted as best man. "I Love You Truly" was played on the piano by Mrs. Yoshio Iwanaga.

Friends and relatives were invited to the 214 dining hall following the wedding ceremony.

Hideko is the daughter of Mr. and Mrs. Sentaro Ueda of 219. The newly weds were both formerly of Salinas, Calif., and are currently making their residence in 214.

Behind six-hit pitching of Dick Tsuchiyama and with the aid of brilliant support, the Skippers scored a surprising 8-7 win over the Northside Giants in an Old Men's League tilt Sunday evening.

Combining errors and timely hits Skippers tallied two runs in the first canto and added four more in the third to take a 6 to 0 lead. Northside scored their first run in the fourth and added three more runs in the fifth to trail by 7 to 14.

Skippers scored their winning run in the fifth on two errors and a walk. Northside added another tally in the sixth and scored two more in the seventh as Oda lined out with two runners on base for the final out.

Wakayama paced the Skippers with three for four while Hitomoto poled two triples to lead Northside batter.

The Tra Stars--214's and Skippers--214's games were postponed to later dates.

216-208 JUNIORS EVEN SERIES WITH 9-5 WIN

Two circuit blows by Johnny Uchimura and Harry Nakamura in the fifth inning gave the 216-208 Juniors five runs to break the 4-4 deadlock and a 9 to 5 win over the 215-214 Juniors to even the series at one apiece for the Junior League play off.

Yokoyama put his team out in front in the first inning with a three run homer. 216-208 tallied one in the third and three more runs in the fourth to take the lead but 215-214's tied the score in their half of the inning.

The final game was being played at the 214 diamond at press time.

Our dear one in the capitol city writes, "I have added another to my collection of things to tell my posterity." I was present on that great day when D. C. welcomed home its conquering hero. I, too, was thrilled to see the actual scene as General Eisenhower rode into the inner courtyard of the mighty Pentagon amid the tumult of cheering fans! He passed right below my third floor window and I couldn't ask for a better view. He's just like what one imagines him to be from newspaper pictures, etc. His sincere, unaffected manner is what probably endears him to all. All the bigwigs were present that day including General Marshall, Secretary of War, Stimson, who spoke few words in greeting before the General took the mike. Well, living in Washington, has its advantages, doesn't it?"

Certainly does! Yes, those of us still in camp have and are missing out greatly in many ways. Among them--getting educated by travels and unique experiences. Guess it's better too late than never so shall we all start now?

From a friend in Central Cal comes word that meats around that area are sufficient enough--and already a Japanese fisherman makes its round once a week--just like pre-evacuation days! Many are growing their own vegetables and raising poultry and living in content...

It rained! But too bad it didn't cool off the weather. The fourth summer in Poston is stickier and sultrier than ever.

CORRECTION ON AG DEPT. CLOSING

The Agriculture Dept. will continue to operate with only the clerical division being consolidated in Unit I according to Richard Takashima, Unit III Ag. head, and will not close its office completely as reported in July 7 issue.

The poultry and truck route will operate until the last distribution and harvesting are completed.

Supervisor and formans will be at the office to efficiently operate the Unit III Ag. to the finish.

JOBS AVAILABLE WITH UTAH CANNING COMPANIES

Numerous job openings now exist in the canning factories in Ogden, Utah, Ralph L. Wilmot, a manager with the United States Employment Service, reported recently.

The plants pay 55¢ per hour for women, and 70¢ hour for men for straight time. The workers may work six to seven days per week, eight to ten hours per day. Family housing units are available at three canneries at a cost of 25¢ per person per week; however, at least three persons in the family must work. Work will last until about October 15.

At the Smith Canning Company, Clearfield, Utah, there are still openings for women.

In addition to canning companies listed, the Robbins Cannery, Roy, Utah, can employ 15 single women and 20 men. It can quarter five families with two rooms each; bedrooms have two double beds with mattresses. Kitchens have coal stoves, table, and chairs. No cooking utensils are provided. At least three of the occupants must work. No children under eight will be allowed.

米穀は次第に市場から姿を消す

米国政府は西南太平洋方面に於ける占領地住民へ大量の救済米を輸送するに要し国内での米穀を豊富に取貯した。これに対し、米国南部十四州民は勿論、米穀の主産地たる加州、テキサス、アーカンソー、ルイジアナの耕作者と製米業者は、政府の極度の米の独占は、即ち市民の朝食用コンプレックスの供用食物の欠乏を招くのみならず、同業者間の多額の広告宣伝費が無効となる。又、戦時米穀市場の相場が全く台無しになること、政府へ非常な立腹で強硬異議を申立てた。

何れにしても政府が一九四五年度産出の米穀を九割まで独占しようとするので、か、一般市民間から米穀を原料とする食糧品の持ちは予想外に深刻なものとなるであらう。

POSTON CLOSES BY DECEMBER 1

JAPANESE AMERICAN PRIVATE FROM COLORADO DECORATED IN ITALY

WITH THE FIFTH ARMY, ITALY -- For maintaining radio communication with his company and helping to overpower an enemy stronghold, Pfc. Sho Tabata of Gill, Colo., has been awarded the Bronze Star for heroic achievement in action.

Tabata is a member of the 442nd Japanese American Combat Team.

Presentation of the medal was made by Maj. Gen. Edward M. Almond, commanding general of the 92nd "Buffalo" Division, at a review and awards ceremony near Novi Ligure, shortly after the final Fifth Army campaign in Italy.

Tabata carried a field radio, weighing almost 40 pounds, for a reconnaissance patrol composed of one officer and eight enlisted men. Their mission was to obtain information concerning enemy concentrations and strong points in the sector of the Maritime Alps, France.

It was Tabata's duty to keep his company commander informed as to the results of their investigations.

After the patrol had walked some distance from their command post they sighted a house on the crest of a hill. The officer in command advanced by himself to make a personal reconnaissance. He came back and immediately deployed his men, informing them at the same time that there were German soldiers (Cont. on Unit I page)

Other Centers Close: Granada, October 15; Central Utah, Minidoka, November 1; Heart Mountain, Gila, November 15; Manzanar, December 1; Rohwer Dec. 15

Poston will close on or before December 1, according to a teletype, dated July 12, from Dillon S. Myer, national director of W.R.A., in which the schedule for the closing of the relocation centers was told.

Evacuee leaders, administrators, and block supervisors, and division heads of the appointed staff here, were appraised of the news in a meeting in the office of Duncan Mills, project director, at 10 o'clock Friday morning. Shortly afterwards, mimeographed announcements were circulated to every family on the project.

In the teletype, Mr. Myer said that WRA has given attention to pressing considerations, because of which they decided on the gradual schedule for closing relocation centers over two months instead of closing them all simultaneously. Considerations were: The problem of rendering adequate assistance on an individual basis to every eligible family and person still in the centers; and, the shortage of transportation facilities which will become more acute in the fall as troops are redeployed across the country.

The centers, Mr. Myer said, will follow this closing schedule: Granada on or before October 15; Central Utah and Minidoka on or before November 1; Heart Mountain and Gila River on or before November 15; Colorado River and Manzanar on or before December 1; Rohwer on or before December 15.

It is highly important that WRA continue rendering the individualized type of assistance they have been rendering, in relocation, until the very

end of the program, Mr. Myer said. In order to do this effectively, however, WRA must have a comparatively even flow of movement out of the centers over the next several months. He stated that it is essential to have such a movement to insure continuously efficient service in the family or individual counseling, in travel arrangements for the relocators, in transportation of personal property, in finding housing, and all other lines of relocation assistance WRA is now in an excellent position to provide.

Mr. Myer said that therefore those who advise residents of centers to hang on or tell them their problems are unsolvable, are doing a serious disservice. These people, he said, not only are ignoring W.R.A.'s past record of relocation assistance, but are working against the welfare of the people they pretend to help. Mr. Myer said that it is essential that all residents decide where they wish to relocate by September 1 at the (Cont. on Unit I page)

COUNCIL APPROVES NEW CLERK; TRANSACTS OTHER BUSINESS AT MEETING

George Yasukochi, 37-3-C, was officially approved as the new city clerk by the Community Council at its regular bi-weekly meeting held Tuesday, July 10, at the City Hall Conference Room. The position was formerly held by S. Yasukochi who was employed at the agriculture department prior to accepting his new position. Michiko Tateishi, also of the Agriculture Dept., has transferred to the Community Council office as a secretary.

The Council agreed to pay \$82.50 to the Poston Cooperative Enterprises for 30 gallons of Marusho Shoyu purchases on May 8, 1944. The shoyu was bought for the hospital use by the former public health coordinator, Y. Kawasaki. At the same time, a bill for \$10 was approved to be paid for painting the

APPLICATIONS FOR DEPARTURE SHOULD BE MADE 10, 3 DAYS BEFORE

The relocation division requests that applications for departure be made at least 10 days in advance of the date of departure, according to Corlies R. Carter, relocation program officer, in a recent memorandum.

This time is needed for each relocatee to apply for and receive ration books, relocation grants, packing boxes, and other necessary papers. By making the application in this manner the processing of the departure will be made easier and the relocation division will be able to give the departing persons better service.

Evacuees making applications for short term leaves are requested to go to the relocation division at least three days prior to their departure.

JUDGE SAYS ISSEI HAVE NO RIGHT TO LEASE

San Francisco, Calif.-- Superior Judge Marion G. Woodward declared that alien Japanese do not have the right to lease and occupy commercial property in California, in a ruling which was made in a suit by Emil Palermo, Stockton, against an alien Japanese-controlled firm, the Stockton Theaters, Inc., according to the San Francisco Chronicle.

Palermo, whose father who died in 1942 and leased the property to the Japanese, wanted to break the lease.

At the time the lease was executed ~~it was~~ permissible under a treaty then existing between the United States and Japan. The treaty was abrogated in 1940 and since that time the lease was unlawful under the laws of California, says the Chronicle.

The Japanese owners of the Stockton Theaters, Inc., all reside in relocation centers.

The Council decided to recommend to Project Director Duncan Mills, that the height of the departure station fence be lowered because the fact that the residents were dissatisfied was brought out by the Unit II councilman.

EVACUEE MAKES COCKROACH POWDER IN NEW ORLEANS

New Orleans, La.-- Kyokuzo T. Tomoda is making a lot of the cockroaches in New Orleans find new homes. That is no joke. He is actually doing it.

Recently Mr. Tomoda opened a new business enterprise in New Orleans, under the name of The K. T. Manufacturers of Roach Powder. He started his sales program just a few days ago. The three largest hotels in New Orleans were among his first customers.

Before moving to Rohwer Center, Mr. Tomoda was in the grocery business in Stockton, Calif., his home for over 25 years. His new business in New Orleans is located at 3120 Laurel Street.

FORMER U S C STUDENT OPENS GROCERY IN L.A.

Los Angeles, Calif.-- Instead of returning to University of Southern California where he had been a business administration student two years before evacuation, George Takaki from Manzanar has opened a grocery store here.

"I may go back to U.S.C. later," George explained. "But right now I want to make some money."

George returned to Los Angeles March 30 and opened the grocery June 12. His father, Yoshihiro Takaki, Issei, and his mother, Miyono, are with him. George is the only child.

The grocery, at 3550 S. Normandie, a few doors from the new Methodist Hostel, is well-stocked with canned goods, vegetables, and other foodstuffs. George also carries shoyu sauce and miso, manufactured in Denver.

While looking for a house the Takakis are living at the Methodist Hostel. At Manzanar

PROGRAM OF EDUCATION ON NISEI NOW ON IN CHICAGO

Chicago, Ill.-- An accelerated program to educate Chicagoans on their newest and smallest minority, Americans of Japanese ancestry, is now under way with requests for speakers averaging five each week, W. W. Lossing, Chicago district relocation officer stated.

A recent meeting at which a WRA staff member, Tats Kushida, formerly of Poston and Berkeley, Calif., talked to the Kiwanis Club of Oak Park, a suburban community, is described in the June 27 news bulletin of that club.

"The technicolor pictures and talks on the relocation of our Japanese American citizens, Chicago's newest minority, was most thrilling and interesting," states the Kiwanis Club Bulletin. "A program of this nature is good and very much in line with our Kiwanis tenets, which emphasize tolerance, understanding and good will."

Mr. Kushida, who recently transferred from the Kansas City to the Chicago WRA office, has organized a group of volunteer Nisei speakers who will cooperate in this educational program.

discussed in the Fresno W. R. A. office by a delegation representing the board of directors of the Japanese Language school July 9. The committee was composed of Messrs. S. G. Sakamoto, Jitaro Kodama, Denroku Sasaki, Terashi Ihara, and Charles K. Iwasaki.

The delegation stated that the board would make the facilities of the school available immediately to returning evacuee families who have their own furniture. Ten to fifteen families can be accommodated in the various buildings.

This is not a WRA hostel arrangement, but an enterprise undertaken by the Board of Directors on their own initiative, said Cecil Morgan, relocation officer in the Fresno office.

The board will have complete supervision of the housing project. Preference will be given former Reedley residents. Poston residents who are interested in securing housing accommodations should communicate directly with Denroku Sasaki, Rt. 1, Box 276, Reedley, Calif., Telephone 26 F 3. It is the understanding of Mr. Morgan that a reasonable rental charge will be made for use of these premises and that there will be a maximum length of time that facilities may be used by a single family.

It is Mr. Morgan's opinion that this arrangement should do much in speeding up relocation in the Reedley district. Every family will either have furniture in storage that can be transferred to this location or will be eligible for resettlement assistance at the Center, for the purchase of furniture, stated Mr. Morgan.

latest, in order to assure an even, orderly movement from the centers and a well planned program of assistance; W.R.A. advice and assistance to evacuees will be impossible until evacuees have made that basic decision.

Mr. Myer said that during the past three years, in their aiding of over 45,000 to relocate outside, the WRA have come across almost every conceivable type of resettlement problem. Yet, in all cases, they have been able to help the relocators in working out their own distinctive problems and in making an adequate adjustment; never once have they found an individual or family relocation problem which they considered unsolvable. Each family which came forward for resettlement assistance presented a challenge to the ingenuity of the staff members. WRA expects no unsolvable problems in the future. He stated that WRA, as the evacuees know, is primarily a service organization, or which the main job is to help the people in relocation centers become established again in private life.

He stated he was greatly pleased with the high degree of success achieved by the more than 45,000 evacuees who already have left centers.

SUCCESSFUL SUMO TOURNAMENT ENDS TWO DAY MATCH

An enthusiastic crowd, estimated at 5500, witnessed the Poston's second war time sumo tournament, last Wednesday and Thursday nights, July 11 and 12, at the Block 21 swimming pool.

The successful tournament was an all Poston (Units I, II and III) affair as the expected participation of several Gila center wrestlers did not materialize. However, the disappointment was not keenly felt as testified by the enthusiasm shown by the spectators over the great performances of many star wrestlers, namely, the Kariya Bros., Orange County; Suyenaga, Imperial Valley; Uyeno, Imperial Valley; Harada, Sacramento; and Matsuo, Sacramento.

Suyenaga stole the spotlight the opening night when he threw four successive opponents in the "A" division. Thus, he gave a warning to his opponents to be on their guard the following night. Sharing the spotlight with Suyenaga but in a lower division, Sakamoto of Unit III won his opening match and then threw three opponents in a row. His great display of form brought many acclaims from the spectators.

The closing night was highlighted by so many sparkling performances that it would be unjust to single out any one performer to be the star of the evening. There were Y. Kariya who won his match over Matsuo and also the "sannin nuki", M. Kariya who displayed rare form in downing Uyeno, and Suyenaga and Harada who battled each other to an exciting draw.

Uyeno of Unit II stood above the others in the lower division. He won wht "sannin nuki" contest, which actually was scheduled to be a "gonnin nuki" affair, but as no one performer seemed to be victorious, the contest was lowered to the former level.

The concluding event of the two day tournament was the "sannin nuki" in the "A" division. As mentioned before, it was won by Y. Kariya.

Results in "A" division:

Wednesday:

M. Kariya over Matsuo
Uyeno over Y Kariya
Suyenaga over Okuma

Thursday:

Suyenaga over Harada

SKIPPERS BOW TO TRI-STARS BY 15-9

With Chick Abe back on the mound, Tri-Stars clinched at least a tie for first place in the Old Men's League as they easily trounced Skippers 15--9 Friday evening at 221 diamond.

Skippers took an early 4--3 lead at the end of third inning but the heavy stickers for Tri-Stars began to boom as they scored at will in the remaining innings.

"Babe" Kubota paced the winners with four for five with one a homer, while Goto connected for three safeties and also made many spectacular catches in the outfield.

214'ers OUTSCORE NORTHSIDE BY 19--15

In a free scoring tilt, the 214'ers pushed Northside Giants down the standing as they outscored them 19 to 15 for their first league win at 216 diamond Thursday evening.

Both teams collected 13 hits apiece and committed 7 miscues but eight free passes issued by Okamura enabled 214'ers to a win.

214'ers took 5--3 lead in the first inning and kept a slight advantage until sixth when Yoshida tripled with the bags loaded to clinch the contest.

Arimura, Wada, Ono, Yoshida, Taguni, and Okamoto collected two hits each for 214'ers while Mine clubbed out four for five for Northside.

Mostly every letter that comes our way now complains about the hot oven they are existing in now. Some would even like to be in Poston--away from the extreme sultry weather. But Poston is terribly hot and sticky now, too. Aw--for the cool ocean breeze of the Pacific coast!

We must conserve water. Yet, we see much going to waste. By this we mean the water flowing out from the showers in practically full force day and night. Yes, we try to shut it but something must be worn out--it still drips out. This may be a plumber's job or it may be that they don't have the fixings to replace the worn out ones. This holds true for laundry rooms too. If the project wants to save

Discrimination Against Japanese Americans is Called Unjustified

Washington, D.C., July 17--Secretary Clinton Anderson of the United States Department of Agriculture declared that the refusals of Seattle produce merchants to deal in produce grown by Japanese Americans are "unjustified discrimination" which must be corrected.

The secretary, newly appointed by President Truman, sent the following telegram on July 14 to Mr. Adwin, secretary, Northwest Produce Association, Seattle:

"This department is receiving numerous protests against refusal of Seattle produce firms to handle produce grown by Japanese Americans, in view of present food situation, we believe such discrimination cannot be justified and urge your cooperation in correcting situation."

TO POSTON RESIDENTS:

Mr. Myer's statement regarding the closing of relocation centers points out the necessity of all residents deciding by September 1 at the latest where they wish to relocate. It is extremely important that this decision be made at the earliest possible date.

Group Being Formed To Promote Tolerance

Madison, Wis.--County Judge Fred M. Evans, active member of the Madison resettlement committee, was recently named chairman of a 17-member commission on human rights by Gov. Walter S. Goodland. Purpose of the group will be to promote racial and religious tolerance throughout Wisconsin.

Judge Evans has entertained several members of the 100th Infantry Battalion in his home and corresponds with many groups.

The governor's press secretary, Edward Doan, said the commission had been appointed to keep the influence of "diversive factions, who seek to stir up racial and religious discord, at an absolute minimum," Doan said the governor feels that unity of all groups in society, regardless of race, religion or color, is an "absolute necessity" in the postwar world.

Authority was given Judge Evans to appoint a committee to draw up a statement of principles, which will be sent to all communities in the state to encourage the establishment of local racial unity groups.

Governor Goodland will

Mills Defines Term "Special Cases" in Memo to Chairman

Clarifying the term "special cases," used in his message to the residents of Units II and III regarding the closing of those Units on October first, a memorandum was sent by Duncan Mills, project director, to Gyosuke Iseda, chairman of the Community Council. This memorandum was in reply to a request for definition of the term, by Mr. Iseda.

In the memorandum, Mr. Mills said that the projects's instructions from Washington recognize that there may be a very few cases in the two units in which families will require continuing public assistance after relocation, or where a family member may require institutional care, in which the project may not have been able to complete all arrangements by the closing date. It should be remembered, he said, that the determination regarding such cases will be made by the Center administration and that any transfers which may be permitted will be only for such time as is (cont. on Unit I page) serve as honorary chairman of the commission.

SPECIAL CAR LEAVES WEDNESDAY FOR SAN JOSE

A special coach has been secured which will leave Parker Wednesday, July 25, for San Jose, Calif., via Los Angeles, according to Lorraine Hilke, leave officer.

Other cities enroute will be San Bernardino, Pasadena, Burbank, Ven-

tura, San Luis Obispo, Salinas, Monterey, Watsonville, Gilroy, and San Jose. Anyone desiring transportation to these cities or vicinity should plan their departure for Wednesday, July 25, to utilize the privilege of this special car.

SECOND OF SERIES: RATIONING EXPLAINED

One of the first commodities placed on rationing was meat. Each person young or old is given 50 points (5 red stamps) each month for meats, meat products, fats, cheese, and canned milk. No control is placed on the way these stamps or points can be used. It is up to you whether you spend all your points at once or spread them out over the entire month. In deciding which course to pursue, remember one thing. When your 50 points are gone, there are no more until the next month. It is necessary to save points whenever we can.

A great help is to know the list of meat items which are not rationed. This list includes poultry, rabbits, mutton, and a few other items. Every meat market should have a list showing the point value on each meat cut. Many of the meat items listed have low point values. Choice steaks and roasts are good, but point values on these items are very high. For example, T-bone or sirloin steaks are 10 to 12 points per pound. Round steak is 11. Prime roasts range from 7 to 11 points per pound. On the other hand, short ribs take only 2 points, plate brisket, and neck use from 2 to 4 points, flank meat is 4 points per pound.

Regarding pork, the same thing applies. Loin chops and roasts require from 7 to 10 points while less desirable cuts such as shoulders chops require only 3 to 4 points.

A very important feature to remember is that there is little or no difference in nutritional value to these various cuts. There is just as much food value in a pound of 4-point beef as there is in 12-point beef. Another feature to consider is that dollar and cents cost of low point value meat is usually lower than high point value meat.

Point values on prepared meats such as sausages and lunch meats cover a wide range but are usually low. Every butcher shop has the lists. Consult the list every time you go to buy meat.

Butter is 24 points per pound. Margarine is 14. Most margarines are fortified with vitamins to enhance their food value. Cheeses range from 2 to 8 points per pound.

Persons planning to relocate in the near future are urged to go to the ration board in the hospital building Ward I and get their ration books. You must have these on the outside. Be sure to bring along the slip the relocation officer gives you. We cannot give you your books without this slip.

John L. McEvoy
Ration Clerk

REX LEE SAYS COASTAL CONDITIONS ARE O. K.

Conditions in the Los Angeles and San Francisco areas are satisfactory, according to Rex Lee, head of relocation in Washington who arrived in Poston Sunday morning for the purpose of checking relocation on with Duan Mills and Corlies R.

BIRTH

To Mr. and Mrs. Yutaka Yamamoto, 307-3 -A, a boy, July 15.

UNIT III HAS HIGHEST RELOCATION FIGURE

According to the weekly population report of the statistics section, there were 9,226 evacuees still residing at the Center on Saturday, July 14. Of this number, 250 were out on short term leave, according to Eleanor Gorham, statistician. During the past week 103 left on terminal leave, and one individual died. One individual was admitted from indefinite, and two children were born, making an addition of three to the population. Also, 8 received change of status from short term to terminal leave.

Camp III showed the best relocation record for the week, with 44 departures of a terminal nature. Camp II had 30 and Camp I had 38. Blocks 216, 306, and 329 each had seven terminal departures, and Blocks 17, 32, and 209 each had 6.

FIRE PRECAUTIONS ASKED

Frank Hon, fire protection officer, has requested that extra precautions be taken because of the dryness of the season. A permit should be secured from the fire department before fires are set, Hon said, and fires should be confined to the hours between 6 and 9 a.m.

Residents are further requested not to throw matches into the grass.

Mr. Lee arrived here from the West Coast and left last week Wednesday, July 18, for Gila. This was his second visit to Poston.

ASAHI SHOE STORE OWNER IN LOS ANGELES NOW

Los Angeles, Calif.-- Going out of his way to help fellow returnees, is the unusual and generous effort of Mitsu-hiko Shimizu, who returned to Los Angeles recently from Manzanar.

Mr. Shimizu, former member of the Japanese Chamber of Commerce and owner of the Asahi Shoe Store, has reopened his home at 2433 East Second Street. He gives his telephone number, Angelus 2-6002, for the use of any relocatee who would like to call him.

He had not reopened the shoe store yet, because of difficulty in getting stock due to rationing. However his son Dennis, has started a trucking business, and the use of a large truck is available to evacuees who want property hauled to their homes.

Mr. Shimizu's wife, Satoye, is with him, and also his daughter, Fumiko and her daughter Phyllis, 10 months old, who was born in Chicago. Fumiko's husband, Cpl. Yuichi Hirata, is at Ft. Snelling, Minn., as is also Pfc. Frank Hirashima, married to the Shimizu's other daughter, Margie, who is with her husband.

Dennis' wife, Suiko, is employed in WRA area office, 1031 South Broadway, Los Angeles.

PRESBYTERIAN HOSTEL OPENS IN MONTEREY

Presbyterian Church Hostel was scheduled to open in Monterey, July 12 accommodating 40 persons at a time; according to Y. Manaka, operator.

Persons interested in the recent cannery job offers in Monterey are especially urged and invited to take advantage of the services offered by the new hostel.

The number of Northern California area hostels are as follows: in San Francisco there are four: Oakland, one; Sacramento, four; Mt. View, one; Fresno, two; San Mateo, one; San Jose, one.

PITTSBURGH HOSTEL SUPPORT ASSURED

Cleveland, O., July 13--A situation has developed in Pittsburgh, Pa., caused by a small band of residents in the 26th Ward, who are protesting the reopening of the Gusky Home as a hostel for the Japanese Americans. This group consists of 36 residents out of the Ward population of 24,892, says WRA Cleveland.

The three daily papers in Pittsburgh, the CIO Industrial Union Council, and various city service clubs have all been outspoken against these protestants. Approximately fifty letters have been written to editors of the three papers--every letter in favor of the opening of this hostel, which has been loaned for the use of evacuees.

As a result of this newspaper publicity additional contributions have been mailed in for the upkeep of the hostel, even though the money has been subscribed and the campaign for donations closed.

FARMER SETTLES IN ARKANSAS AREA

Little Rock, Ark.-- Six relocated Japanese families farming a 117 acre farm of Glenn Hoko near Little Rock, Ark., were described in the Little Rock Arkansas Democrat recently.

Yokochi Nakagawa, senior of the group, formerly farm supervisor at Rohwer, has a son teaching at Harvard and another in the reserves. He recently sold one of his California farms for \$41,000 cash, and wants to stay in the south because of access to markets, ideal climate and friendly neighbors.

SPORT-ING ALONG

Softball in Unit I this year has been a great disappointment to all sport fans. The teams were only a mere resemblance of the power-packed teams of the first three years.

When the Unit I tournament was held in April and May, there were many strong teams. However, when the time came for the "A" league sign up, only three teams were willing to participate.

The Blackhawks copped the "A" league championship without facing a defeat. The Block 28 Panthers and Block 59 followed in that order. N. Yamamoto spearheaded the hitting attack of the Blackhawks by blasting three homers.

MIDGET LEAGUE

Most of the teams of the Midget League ended their schedules by defaulting to each other. The Globetrotters were declared the champions without a single loss charged to its record, closely followed by Block 43 with one defeat. Another league sign up for the midgets and the supermidgets has been announced by J. Nishida, PC2A head. The deadline is today.

GIRLS' SPORTS

By the time this column is read, the Unit I girls' all-star softball team should have returned from Phoenix. The team was scheduled to play Wednesday and Thursday nights. The all-stars should have won as they had diligently practiced every evening for a week or so at Field 43. Here's hoping you girls had a successful trip.

OLD TIMERS

A league, composed of old-timers, has been going on for quite some time now. At present the firemen top the league, followed by Valley, Delano, and evacuee policemen, in that order.

FIRST AID TO BE TAUGHT

First aid classes will be offered to residents of Poston with Lois Parmelee and Ruby Ueki instructing, according to Mark Brand, acting C.A. supervisor.

These first aid classes will be sponsored by the community activities section and not by the Red Cross, so certificates will not be offered to anyone.

There will be a preliminary meeting Monday, July 23, at 9 a.m. in YWCA room of Rec. 36 to discuss further meetings and location. All interested are requested to be there.

YBA NOTES

There will be a combined Issei and Nisei Obon service tonight, July 21, at the elementary school assembly hall at 8 p.m. There will be no service tomorrow night, Sunday.

"SPECIAL CASES" DEFINED (cont. from front page)

necessary to complete the family plan.

Mr. Mills said that applications for transfer of any resident of these two units will not be considered unless the residents have taken their problems to their relocation advisers and have cooperated in every reasonable way to secure the satisfactory completion of their plans before the closing date. Persons who neglect or refuse to discuss their problems with their relocation advisers cannot expect their application for transfer to receive any consideration whatsoever.

Wanted: One pharmacist and must have had chemistry in high sch. Apply at emp. off. or at the hospital.

Y.P. service will be at 8 p.m. at the elementary hall Sunday.

214'ERS TROUNCE TRI-STARS BY 13--8

Smacking 16 hits off the offering of Chick Abe, the 214'ers pounded out a 13 to 8 win over the Tri-Stars Sunday evening to move into second place tie with Northside. This was first loss handed to pitcher Abe in four games.

214'ers built a 10 to 1 lead by fourth inning and coasted to an easy win as hurler Sato kept the hits well scattered.

Arimura with three for five with a homer and Wada with three for four paced the winners while Kondo collected three hits to lead the attack for Tri-Stars.

DICK TSUCHIYAMA SETBACK 214'ers BY 9 TO 6

219 Skippers, supposedly a weak sister in the league, pulled another surprising win over the heavy hitting 214'ers as Dick Tsuchiyama limited them to seven blows for 9 to 6 triumph Monday evening.

The 219 win puts the league into wide open race with either 214, Skippers and Northside the change to meet Tri-Stars in the play-off.

214 took a 3 to 1 lead in the second inning but Skippers came back with four runs in third and fourth inning to take 9 to 4 lead. In the sixth frame 214'ers scored two runs and with two outs and two runners on base, Dick Yoshida poled a long hit that was labeled for a homer but a great running catch by Gota halted the rally.

Gota, T. Tanimura, G. Tanimura and Kuwano collected two hits each for the Skippers while no 214 batters got more than one hit.

Just happened to be listening to the radio last Sunday when Larry Smith, noted commentator was being interviewed over KTAR. Was interesting the way he put the Niseis into two categories--the loyal ones as Americans who happen to be of Japanese ancestry and the disloyal ones as Japanese who happen to be born in America. He also commented highly on the Nisei soldiers and it made us realize more than ever what great part they have played for the brighter future for us in America.

It's really a treat these days to be seeing Japanese movies. Hundred per cent credit goes to the hard working C.A. coordinator, Harry Kuranaga. His "benshi" is perfect and his interpretation holds the audience unaware that he is speaking instead of the actors on the screen. Behind the perfection of his "benshi-ing" lies strenuous practice and undivided interest to offer the community the entertainment they crave for--so to Harry we give our thanks and may we have many more!

Frogs monopolizes our shower room and latrine these warm summer days. Great big ugly things to tiny cute ugly things are all over and we have to be careful lest we may smash them with our steps. The leaking faucets provide them with ponds of water to survive in these shower rooms...

Giving benefit gatherings, such as movies, etc., inside a building these hot days seems unprofitable. Its hard to get the people into a stuffy auditorium from the coolness of their apartments,

米の凍結により 次週から配給低下

軍食糧監督部は遂に全米國の米を凍結した。米が來なくなる。センター日系人にとつて正に大問題である。周知の通りセンター支給の食糧品は凡て軍部食糧監督部により配給されてゐる。建前からして今圓の凍結令から除外されるものと思はれてゐたが、問合せの結果センターにも米が來ないやうになつたことが判明した。

第一館府へ移転を許される 特別の場合とは？

ミルス所長より中参会へ回答

第二第三館府の閉鎖の場合居住者の第一館府への移転は、特別の場合を除くの外は許されぬ。ミルス所長は、長より發表があつた事は周知の通りである。この特別の場合とは如何なる場合を意味するかに、伊勢田中参事會議長より所長に對し説明を求めたところ左の如き回答があつた。

この特別の場合とは再住後も社会救済金の下付を必要とする家族或は外部の病院

養老院等の世話にまらねばならぬ人若くは館府閉鎖期迄に再住計画を完了し得なかつた人々を意味するが、この特別の場合に属する人々は第一第三館府を通じて極めて少数である。所長は以上の解釋を加へて、

尚第一館府への移転申込は各自の再住相談と再住の相談を行ひ、再住し得なかつた人々は、小事情にある人々のみ許され、相談役との相談を拒絶或は無視する人の移転申込は如何なる理由があつても受附けない。

へてどの様な家族或は人との特別の場合と見做すかは行政部が決定するが、第一館府移転者も家族再住を完了するに必要を期間を第一館府居住を許可されるのである事を述べてゐる。

従つて二世兵士にも之が適用され、その両親は、**假令敵國外人**でも、これをレントする事が出来る譯である。

現任軍需労働者の移動が激しい爲、政府家屋にも多数の空室が生ずる事を見越して、二世兵士の家族の申込を極力奨励すると共に、之を再転住の一助とらんとしてゐる。

MILLS URGES ALL WHO CAN TO DEPART DURING THE MONTH OF AUGUST

August Departees Would Get,
Be Giving, Better Service

All those who can possibly do so should make their terminal departures from the Center during the month of August, according to Duncan Mills, project director.

There are many reasons that this should be done:

1. The relocation offices will be able to give individual attention to evacuees' relocation problems during August. This may not be possible in later months when the outward flow will be so large that all the personnel and facilities will be taxed to the utmost.

2. Those who have children of school age should plan to place them in schools outside at the beginning of the school year.

3. The WRA appropriation for this fiscal year has been passed, and funds are now available for resettlement assistance grants for those families which are eligible. The amount of these funds is limited, and there is no guarantee that they will be available up to the closing date.

4. There is every indication that travel will become more difficult with each passing month. Certainly it would be unwise for anyone to delay his departure until the closing months if he can possibly avoid it. The congestion in those months is likely to be very great.

5. August is a better

Six Called To Duty Left Last Friday

Six Poston boys left last Friday night, July 20, for active duty and were to report at Fort Douglas, Utah.

They are: Takuo Jackie Nakahara, 26-10-B; Takashi Morioka, 46-10-B; Shoso Nakamoto, 31-3-A; Haruto Shimazu, 4-6-C; Noboru Shigemasa, 220-13-D; Luther Okamoto, 309-14-A.

These boys, under the jurisdiction of the E.R.C., reported to Ft. Douglas. All on the E.R.C. were supposed to be called before last June 30, but evidently some are still around, according to Robert C. Wells, administrative assistant.

month to look for housing than later months.

6. Residents of Units II and III in particular would be wise to schedule their departures for August if at all possible. By so doing they will avoid the crowding and confusion which will result from large numbers leaving the Center at the last moment.

7. It is unfair to those who are unable to depart earlier to have their departures made more difficult in every way because of those who could have left earlier but put off going until the last minute.

In conjunction, "Come early and avoid the rush," is a very good one to follow now. The cooperation of all residents in securing an even, orderly movement from the Center will be appreciated. "It is to your own advantage to leave early," Mr. Mills said.

SPECIAL CAR LEAVING FOR CALIFORNIA FROM PARKER AUGUST FIRST

A special car has been secured which will leave Parker, Wednesday, August 1, for Sacramento, Calif., via Fresno, according to Lorraine Hilke, leave officer.

Other cities enroute will be Barstow, Mojave, Bakersfield, Corcoran, Hanford, Fresno, Merced, Stockton, and Sacramento. Anyone desiring transportation to these cities or the Central Valley vicinity should plan their departures for Wednesday, August 1, to utilize the privilege of this special coach.

HOPE COMMENTS ON GI'S

Chicago, Ill. -- Bob Hope stated in his column "It Says Here" which appeared in July 10 Indianapolis News:

"Somewhere on the Atlantic--I woke up and found the sea very calm today. In fact, it was so smooth I decided to live dangerously and walk to the mess hall standing up instead of on all fours.

"We did a show for about 1400 enlisted men, mostly Japanese American GIs this evening. These boys are really sharp and just as American as a hamburger sandwich. Of course, it's hard to lose any kind of an audience on board ship. You can fall on them right into their cabins.

"Col. Dalles D. Dennis, U. S. Army Commandant on board, asked us to give the show. I said, "Where'll we put it on?" And he said, "The mess hall is available. That will be a nice setting for ham..."

NOTICE: HOW TO TRANSFER SCHOOL RECORDS TOLD

Notice is hereby given to all Poston parents of school-age children on the procedure for transmittal of school records to the new school after relocation, by the office of the superintendent of education here, as follows:

The following procedure should be observed by all relocating parents of school-age children in order that school records may be properly transmitted to the new school after relocation:

1. Before leaving Poston, check to see that you have a report card and a certificate of release for each school-age child and that you know the grade recommended for next school term.

Each high school student should also check to see that all "credits" are recorded and that he understands his grade classification for the 1945-46 school year.

2. After relocating, the parents and children should report immediately to the nearest school or to the city or county school superintendent's office.

Take the report card and the certificate of release and register for the new school term, usually beginning about September 1.

Give the new school principal or superintendent the exact name of the Poston school attended and ask that he send a request to Superintendent of Education in Poston for a Transcript of School Record of each student.

As an extra precaution the parent or student should also write to the Superintendent of Education in Poston requesting that a transcript of record be sent to the new school. Be sure to give the proper name and address of the new school.

Official transcripts of record will not be mailed to anyone except a responsible school official.

All school records for Poston pupils of the past school year will be sent to the Department of Interior, War Relocation Authority, Washington, D.C., on November 1, 1945. Transcripts of record can be sent from Poston until that date. After November 1, all requests should be directed to WRA, Barr Bldg., Washington, D.C.

INTERPRETERS WANTED

Interpreters are needed by the relocation division to assist the advisors in talking with an increasing number of Issei who are ready to make their plans to relocate, according to the relocation office. The relocation division states it is having some difficulty in obtaining interpreters.

It would be a service to those Issei as well as the advisors if those who can act as interpreters will contact Dorothy Stevick in the "ad. Bldg." for work along these lines.

OPENING DATE TOLD

School will open in El Centro, Calif. on September 17, 1945, according to Guy A. Weakley, superintendent.

All Niseis who are planning to enter this school should enroll on September 10, 11, or 12 or the preceding week. There will be no enrollment whatsoever

RELOCATION NEWS BOARDS SET UP AT SEVERAL SPOTS IN EACH POSTON UNIT

Residents passing to and from Poston avenues are sure to have come across these innovations called the relocation news boards, on which are posted the latest relocation news, advices, job offers, gossip, etcetera, these boards having been set up by the relocation division.

In Unit I, the locations of these news boards are: administration area--at the bus stop opposite block manager supervisors' office, and at the bus stop opposite the relocation office; canteen area--at Block 28; the department store, and the grocery store; police department--at Block 28; hospital; fire department--at Block 30.

In Unit II, the locations are: administration area--bus stop, U.S.O.--Block 216; Canteen--Block 219; relocation office; public library--Block 214.

In Unit III, the locations are: administration area--Ad Bldg. B; stage; canteen--Block 310; relocation office--Block 310.

Residents are invited to keep tabbed on the latest news and regulations on relocation, by regularly examining these boards.

FOUR RELOCATION MEN
TO BE HERE

Four relocation officers are scheduled to be in Poston in the near future to discuss opportunities in their areas.

Absolom Rogan, Jr., relocation officer in Little Rock, Ark., will be here to discuss the Wilson Plantation offer. Interested persons are asked to contact the unit relocation office.

Jerome Light, former principal of Unit III high school, will be here on the week beginning July 30, for one week. He is from the Santa Barbara office which is in the Arroyo Grande district.

John C. McClendon will be here from the San Diego office on the week of August 5. The latter two, who can be contacted through the Unit III relocation office, say there are plenty of opportunities in these two districts.

Walter Mewing is also expected.

"NISEI SITUATION" MAKES
BILL MAULDIN SICK

Los Angeles, UP--Bill Mauldin, cartoonist of "Up Front With Mauldin" fame, said in a Denver interview: "This Nisei situation here makes me sick. Those Japanese American troops in Italy did more than any others, and they killed themselves to prove something to the folks at home. I know of two such regiments in Italy that never had a case of AWOL, never had a case of malingering, never had a case of cowardice. No one who has not been in the war has a right to mistreat anyone who has been in the war."

4 GIRLS ATTEND CAMP

Los Angeles, Calif.-- Four Nisei girls from Poston attended the San Gabriel Valley YWCA camp in the southern California mountains this summer, one of them as a counselor, reported L. A. WRA.

They were Margaret Murakami, May Hokama, Miyo Sunago; the counselor, Miko Nakamura. Also Grace Nakada of the "seven soldier sons" Nakada family in Azusa joined the campfire.

At the closing "International Banquet" the Caucasian girls in a cabin shared by one of the Nisei chose Japanese costumes and table decorations, including a miniature garden with little arch bridge and mirror lake.

At the last campfire, according to custom, each girl told what she had learned at the camp as she laid a faggot on the embers. One Caucasian girl said: "I learned appreciation of others, I did not have tolerance when I came."

Lucille Day, director, says, "All four of the Poston girls made a very great contribution to the camp, and it will go even beyond those who have come to know the Nisei as friends here. We had an interview with these Nisei girls at our Sunday evening campfire, and the reaction of the other 100 campers was

MESS 36 CLOSES

As the block population of Block 36 is now less than 125, it has become necessary to close the mess hall, said John L. E. Burdick, chief project steward, in a message to the residents of Blocks 36 and 35, dated July 16.

Last meal to be served in Block 36 is breakfast, Monday, July 30. On that day, noon

OVERLOADING OF POWER LINES CAUSED SHUT-OFF

According to R. N. Parnell, acting chief of the operations division, the shut-off of power which occurred on a recent Thursday afternoon in Unit I was caused from the overloading of the power lines in Unit I and caused the circuit breakers in the main substation to release. It was impossible to reset these circuit breakers until the motors on the water well pumps had been disconnected, as the demand for power for coolers and other uses was too great.

During the past several days, Mr. Parnell said, additional difficulties have been encountered in the mess halls, as there has been insufficient power to start and operate mess hall refrigerators.

To eliminate further discomfort to residents, to eliminate fire hazard, resulting from such power outages and the cessation of water pumping operations, it is timely that all persons take an active interest in the curtailment of power usage and lend their fullest cooperation in the curtailment of electrical power and water usage.

214'ERS MOVES INTO SECOND PLACE TIE

A nine-run splurge in the fourth inning gave the 214'ers a 15 to 8 win over the Skip-pers Wednesday morning at 215 diamond to conclude the Old Men's League. The win gave 214'ers a tie for second place with Northside.

Sparkled by Taguni's homer and Arimura's two hits in the fourth inning, the 214'ers pushed across nine runs to clinch the contest after trailing 4 to 3. Arimura with four for five and Taguni with three for five, one a homer starred for 214'ers while G. Tanamura and Nishimura reached Sato for two hits apiece.

216-208 JUNIORS TAKE LEAGUE CHAMPIONSHIP

Taking the third and the deciding game, the 216-208 Jrs. won the Junior Softball Championship for 1945 over the 215-214 Jrs. by 1 to 0 at 216 diamond Thursday evening. The game was played in typical championship caliber as it took only 40 minutes to play the seven-inning affair.

The only run was scored in the fifth inning when kimoto singled, Furike reached first on only error of the game, Kojima struck out, and Hiroto singled to center to tally kimoto.

Sue Fujinaka and everything under control until the sixth when Yamamoto reached third with two outs, but Yokoyama flied out.

As the day for the camps closing comes nearer, the list of relocatees gets larger.

As we arrive in the outside world, we will encounter many difficulties, just as we did when we arrived from the outside into camp. These difficulties will have to be licked. Just as we have licked the difficulties that surmounted us when we arrived in camp.--

True, some of the problems will be unfair and unjust----such as race prejudice etc. In camp we have fought problems that were equal in the fact that mother nature played havoc with us.

The conclusion to this dilemma is--now we are faced with the fact that we must relocate--so let's face it just as we had to face the facts of evacuation.

Let's don't let the tongue wagging men whose thinking power and reasoning power has come to a standstill influence us that the camp will not close. Even if it doesn't, unless you have a very logical reason, this may be the best and only time we can resettle on the outside with the maximum of help.

We are now witnessing mother nature's true "oscillation" of the weather. To here is a good time to remember the old saying, "Chile today, hot tomorrow."

Just one more week in July and only two months to go. Ah, such is life--worries never taking a vacation....

TRUE FRIENDSHIP KNOWS NO RACIAL BOUNDARY

A touching story was heard over the radio last Thursday concerning former Unit III resident, Yamato Hara of Block 309 and now of St. Louis, Mo. and of an old gold miner friend from California.

This aged miner who stood on a day coach all the way from California to St. Louis to present to Mr. Hara and his family of four, a \$1000 check of his own and \$500 collected from his friends in deep gratitude for the friendship of California days. This warm-hearted old-timer, perhaps in relief to have done a good deed, passed away soon after in St. Louis.

This money is said to be used by Hara family in starting a boarding house.

TWO YOUTHS HONESTY TO BE COMMENDED

Two young boys, Tami Yanagihara and George Kido, both of 330 found a wallet containing money at the swimming pool area. Instead of making the billfold missing for good as it is with many cases, they brought it to the police dept. for the owner to claim.

Anyone who has lost it is asked to contact P.D. station 310.

VOL. XXIII NO. 30

POSTON, ARIZONA

SATURDAY, JULY 28, 1945

HOSTEL EQUIPMENT SHIPPED BY POSTON TO SAN FRANCISCO

Shipped from Poston to San Francisco Warehouse, 1701 Van Ness Avenue, was the following equipment for a hostel: 500 beds, mattresses, knives, table-forks, tablespoons, dinner plates, cups, saucers, and 1500 blankets, according to officials.

Requested in addition, had been 500 pillows, teaspoons, soup bowls, and vegetable dishes.

TO POSTON RESIDENTS:

The termination not later than Aug. 31 of all evacuee employment, except in the kitchens, in Units II and III is planned. Some activities in the two units will be discontinued entirely on or before that date but essential service will be carried on through September by the use of evacuee crews from Unit I and an increased appointed staff. Employees will be notified by their respective supervisors of the termination dates of specific activities.

WRA Officer Denies Truth Of Rep. Sheppard's Charge

Sheppard Said WRA Conspired To Free Evacuees to Engage In Sabotage on West Coast

Los Angeles, Calif.--

If the War Relocation Authority were part of an "official conspiracy to release Japanese Americans from internment camps," as charged by Rep. Harry R. Sheppard of San Bernardino county, the WRA would be proud of its fellow conspirators including the War Department, Area Supervisor Paul G. Robertson declared today.

Sheppard issued his statement yesterday in Washington, D.C., accusing WRA of conspiring to release Japanese and Japanese Americans from "internment camps to engage in sabotage on the West Coast."

"The agency...is carrying on a campaign of propaganda calculated to arouse sympathy for individuals of Japanese ancestry on grounds of persecution", Sheppard declared in a statement, adding "WRA is a bureaucracy which seeks to perpetuate itself."

He said the California Senate Joint Committee has revealed that Japanese aliens and also American born Japanese have never relinquished their loyalty to the Japanese emperor.

Robertson called Sheppard's blast "An unfortunate statement completely out of touch with fact."

The WRA chief said he supposed the fellow conspirators Sheppard has in mind are the War Department which has ordered lifting of the ban which prevented the return of loyal persons of

GIRLS' TEAM LOSES BOTH PHOENIX TILTS

The Unit I girls' all-star softball team lost both games on its recent trip to Phoenix.

The Alonza Park aggregation beat the Poston girls by 13-5 in seven innings, Wednesday night, July 18, at University Park. The winners blasted out 9 hits while holding the all-stars to 2.

The following night at the Indian School diamond, the strong Sun Valley Jewels duplicated the Alonza Park's performance by outscoring the all-star team, 16-4. The all-stars were held to one hit and committed eight errors while yielding 5 hits to the Jewels.

Japanese ancestry for military reasons; the U. S. Supreme Court, which has held it illegal to detain citizens of unchallenged loyalty; the churches of every denomination, and the army of citizens who revere the Constitution and the Bill of Rights.

"Actually", declared Robertson, "the WRA has no authority over which persons of Japanese ancestry return to the Pacific Coast. Only the War Department has that authority. This is common knowledge among newspaper readers throughout the country.

"Moreover, when the Yucaipa congressman links the War Relocation Authority in any way with the operation of internment camps for Japanese, he is slighting the Department of Justice, which has jurisdiction over such camps and their occupants."

RATION NOTES NO. 3: SUGAR

Sugar was one of the first foods to be rationed. The present allotment is five pounds per person for four months with a maximum family allowance of 120 pounds per year.

In Ration Book No. 4, sugar stamp No. 36 is now good for five pounds until August 31. Sugar for canning may be allowed if fruit is available. In Arizona, 10 pounds per person is the limit for canning. Special application to the Ration Board for this allowance is necessary.

In this time of sugar shortage, several foods, most of which require no ration points, are now being used to take the place of sugar.

Honey, maple syrup, and fruits, fresh, dried or made into jelly, jam or marmalade are being added to cereals, custards and other foods.

Molasses, cane syrup and Karo not only add sweetness to cakes, cookies and sauces, but also increase their food values.

A sweetened chocolate powder can now be obtained that can be made into a drink with no additional sugar required.

Jello, ice cream and pudding mixtures contain considerable sugar and can be made into many different kinds of desserts.

EXTENT OF DAMAGES IN TWO RECENT FIRES, TOLD

Further information on two fires which occurred recently in Poston was disclosed by the fire protection office.

The first fire, occurring 1:56 a.m., June 26 consumed all but the west wing of the Cottonwood Bowl in Unit II. It was reported that although Frank Hon, fire chief, and his assistant, Harry Frum, went back to the site of the fire on the following day shortly after noon and found that the fire had died down completely and there was no danger of a re-conflagration, the Bowl was again afire at 5:30 p.m. This second fire resulted in the total destruction of the Bowl.

Origin of the fire has not been determined; there were no electric wires, wiring or highly inflammable material at the back of the stage, where the fire originated.

Government loss on the Bowl was restricted to a few stoves which had been loaned to the evacuees, since construction labor had been voluntary, and

materials used in constructing the theater had been salvaged from the government.

The Camp III warehouse fire involved a government financial loss of \$5,965 (value of new warehouse building), and agricultural equipment and supplies amounting to \$266.82. The fire had not been reported until the building and contents were practically completely demolished.

It has been advised that greater fire protection care be taken in the future since fires of "undetermined origin" occurring within the camp just before the center closes may turn outside suspicion against resettling evacuees.

ROWLEY URGES ALL WITH LAW PROBLEMS TO SEE HIM

Inasmuch as this center will be closed in a little over four months, and Camps II and III in half that time, Scott Rowley, project attorney, urges that all evacuees having legal problems discuss them with him at the earliest opportunity.

INFORMATION SERVICE SET UP IN STATISTICS SECTION

The statistics section has set up an Information Service for the use of project administration offices and residents, according to Eleanor Gorham, statistician.

This service answers requests for information about evacuees who have been or are residents of Poston.

Each day there is correspondence from friends of evacuees requesting their present address at Poston, or where the relocated evacuees can be reached. During the first 17 days of July, the Information Service answered queries about 300 individuals, an average of about 20 per day. Requests should be directed to Mrs. Walthers, Phone 128-R3.

L. A. COUNTY OFFICIAL PROPOSES BUYING MANZANAR

Los Angeles, Calif.-- Proposal to buy Manzanar Relocation Center from the federal government was made this month by William A. Smith, chairman of the county board of supervisors, Los Angeles, to take care of 2000 sick and indigent Japanese expected to be back shortly, reported the L.A. Times recently.

It is expected the project will be labeled surplus property by the federal government and will be sold.

Another suggestion was that it be set up as a maximum security unit to house juvenile delinquents.

It usually takes weeks often months, to adjust these matters, and an early solution may aid greatly in relocation plans and in adjusting financial matters.

SPECIAL BULLETIN MESA, IDA. OFFERS JOBS NISEI WITH U.S.E.S.
 WILSON PLANTATION DATE RELOCATION URGEST PROJECT RE

Outstanding among the offers for Japanese Americans, contained in a special bulletin about the State of Arkansas, received here, is one from The Wilson Company Plantation, Wilson, Ark., which offers different plans for share-croppers and renters.

Each plan not only offers an opportunity to work and to earn a good living, but is such that anyone, through knowledge of farming, energies, efficient planning, and action can become financially independent in a few years.

These offers are so broad in scope that they include the evacuee or family who have no money as well as the evacuee or family who can finance their own farming activities.

This special 16-page bulletin contains the full story about The Wilson Plantation, the facts regarding all of the offers and a copy of the agreement between the Plantation and the evacuee.

RUMOR REFUTATION TOLD

A rumor that several Reedley people have been unable to sell their produce is without foundation, according to Fresno WRA relocation officer Cecil Morgan in response to an inquiry from Project Director Mill's office.

"It is true that a few firms have been reluctant to handle Japanese produce but those firms are limited in number and influence. With a majority of the firms, the purchase of produce is purely a business proposition and they do not care where or by whom it is produced."

"The grape growers have practically all

Mesa, Ida. July 23-- Additional opportunities in the Mesa, Ida., district are now open to resettlers interested in that part of the country, as apple pickers and packing shed and dehydrating plant workers, according to a report from Ernest J. Palmer, relocation officer.

Families as well as women and single men are wanted by the Mesa Orchards which consists of approximately 6,000 acres of a good crop of apples.

JOBS OFFERED IN CHICAGO

Typist positions with the National Prohibition Office in downtown Chicago, are open for one, two, or three girls. The jobs would pay \$22.50 to \$25 week, and require some filing, but no shorthand or stenographic work.

Also open is a domestic position for a Nisei girl in the residential Norwood Park district, Chicago. Family consists of parents and two boys of 13 and 16 years. The family does very little entertaining, so no fancy cooking is required. Salary would be \$25 week plus private room.

Interested persons are asked to contact Rev. Russell Nakata, at 36-10-D, or through the Christian Church office, Rec. 19.

For sale: Roller-type cooler. Inquire at 32-3-C.

Chicago, Ill. -- Marvel Maeda, Nisei placement officer on the staff of the United States Employment Service, urges Issei and Nisei planning to relocate in Chicago to leave the Centers as soon as possible in order to take advantage of the many jobs now open.

Miss Maeda, formerly of Poston and El Centro, Calif., does selective placement at the USES office of all Nisei and Issei who have special problems connected with getting a job. The problems Miss Maeda most often meets are: lack of experience, age, and language difficulties.

"Under present War Manpower regulations, every male worker must have a referral card from the United States Employment Service office in his district in Chicago before reporting for a job," Miss Maeda said. This regulation applies to every kind of job except farm or domestic work. Job placement by the USES, a federal agency, is a free service to job hunters and employers alike.

THIRD EVACUEE STORE

Los Angeles, Calif.-- The third returnee-operated business in Bronzeville, is Mrs. Kayo Kimoto's Union Knitting Company, 101 Weller Street, corner of East First Street.

Before the war, Mrs. Kimoto employed 30 there at peak seasons, 15 at other times, knitting wool sweaters.

She, and her husband Kinzuchi and children Alice and Hayato returned from Heart Mountain early in June.

was given permission to negotiate for a Japanese film, "Katakana Chugi." The committee will begin negotiations immediately.

George Yasukochi, city clerk, was appointed by G. Iseda, council chairman, and approved by the Council to act also in the capacity of city manager. Chairman Iseda stated that many letters and memos were received addressed to the city manager and many asked the manager's presence at various meetings. But since the position of city manager was vacant these affairs could not be attended to.

The chairman discussed the request of the Topaz Community Council if there were any suggestions regarding the Stockton Theater Commercial lease. The decision on this case, if unchallenged, may make it impossible for any Issei to do business in California. The Council decided to leave the matter to the All-Center Conference for further study.

my mind is ridiculous," Robertson said.

He placed in the same category Sheppard's charge that the WRA is "a bureaucracy which seeks to perpetuate itself."

"The liquidation dates of WRA relocation centers have been announced," Robertson declared. "The Congressman should know what the current WRA budget covers the agency's scheduled liquidation next year."

Robertson revealed that San Bernardino county had a pre-evacuation population of 346.

GOING HOME

..going home..I'm just going home--to desert sands..mesquite..cottonwoods..mess halls..community latrines..et al..

SUNDAY NIGHT

..in Philadelphia.. Monday in Chicago.. Tuesday on an arid stretch between Texas and Arizona.. Wednesday pm in Phoenix.. Thursday at Cinderella time-- home..

POSTON!

..Sun-tanned, arrogant complaining, bustling, lethargic, gossiping, sleepy, sweltering, rugged Poston! Self-made monarch of the desertland..and now with its short-lived reign almost at an end it raises its head to the irresistible lures of relocation..

POSTON GIRLS

..dark and beautiful as ever in their coy mail order costumes.. ambitious, idealistic, growing up..indelible smiles that should get them ahead in the world.

A MOST

..welcome sheet around the Nurses' Residence overlooking the famous but extremely prolific Delaware, as the very familiar Chronicle many were the days we used to slave away before deadline, typing up stories, copy-reading, cutting, complaining, traveling our beats hatless, hoping our efforts were not going to be fruitless, yes, and our efforts were not in vain, for "outsiders" will inform us that the paper was truly a welcome for "inside" stuff..

GALLANTLY HOLDING

..the fort here in Unit II were Mary who was just starting out a cub when we scrawled "30" across the front page and left last year..and our all-around sportsman Tom Mine. Good work! (next issue)

NORTHSIDE SMOTHERS 214'ERS BY 15-2

Northside did as it pleased with 4'ers Monday evening winning the game 15 to 2 to take second place and right to meet Tri-Stars for championship.

Manager Johnson Hitomi held the 214 hitless throughout, while his mates were slamming the ball to all corners of the lot for a total of 18 hits off two pitchers.

Northside scored six runs in the first, three in the fourth and six more in the sixth, while 214'ers scored one each in the second and seventh inning.

Kozaki with four for five and Yagi with a homer paced the 214'ers.

During my three years of fixed furniture life in the press office, I had the pleasure (sad) of sending all my co-workers to the outside world.

This week, I sent our most faithful worker and ace reporter, Ken Miura to the naval port city of San Diego.

I wish to dedicate this column to him for his contribution to the Unit III newspaper circle.

He started here soon after he came in camp as a circulation boy and his ability as a writer was discovered and he was placed as reporter. In my three years of same work in the press office, I have worked with many. And it usually was that a person will work hard the first few weeks and after getting the hang of the office will go astray and fail to write or carry out assignments. However, in the last three years until the very last day of his departure, Kenneth has been an conscientious worker, dependable in every way. Also it was interesting to note a sixteen year old kid who was once surrounded by delinquent friends kept himself a good citizen by using his time in school activities and useful hobbies. He was the editor of Hi-Times and Campus Echoes.

Thus, his departure from this office leaves a great gap...but we send Kenneth to San Diego where we know he will reach the "tops" and our best wishes will be with him always...Thank you and good luck, Ken!

For Sale: Cooler in good condition. See 316-2-D.
