There's some-thing on my mind that both-ers me all
 I guess I must be scared be-cause I don't speak

day, I try to tell you ev-'rytime you're near _____ I can't ex-plain to you just
 out, The words are there, but in my throat they stay _____ I've not the least con-ception

what I want to say, Some- how I don't know how to make it clear _____
 what it's all a- bout, The trou- ble is you take my breath a- way _____
