

1,349 To Receive Degrees Tuesday

ARIZONA'S OLDEST COLLEGIATE NEWSPAPER, ESTABLISHED 1903

Vol. 37

Friday, May 22, 1959

No. 56

Honors Given Today

"Harbingers of the Twentieth Century" will be the topic of Dean G. D. McGrath's address at the Honors Assembly this morning at 10:45.

President Grady Gammage will be chairman.

Awards and recipients include:

Advertising Club Scholarship — Larry J. Miller; General Electric Computer Department — Honor Program in Engineering — David A. Iser, James M. Kreutz, Milton F. Pope, Dale Stoddard, Lawrence M. Tanner, Raymond E. Veir, Robert W. Wallace; General Electric Fellowship — Raymond E. Veir; E. L. Grose, National Life Insurance Company of Vermont Scholarship — Glenn Wood;

Vesta Club Scholarship — Augustine Chavez, Emma Vilasnor; St. Augustine's Episcopal Church Scholarship — Michael Peplow; Rosenzweig Trophy — Alex Henderson, David Henry Lawrence; National Secretaries Association International, Valley of the Sun Chapter, Scholarship Award — Marilyn Leafdale; Maricopa County Society of Osteopathic Physicians and Surgeons Scholarship in Nursing — Linda Barber; Justine Ward Riseling Memorial Scholarship — Kathryn Gill;

Sigma Delta Chi Award — Victor Figarelli; Jahn-Tyler Award — Robert Lairson; Tempe Daily News Journalism Award — Rochelle Mackey; McGrew Printing Journalism Award — Gordon Peterson; P. E. O. Award — Sue Culley; Charles William Rawlins Memorial Award — Dave Mecke;

Lee Ackerman Engineering Scholarship — Stephen O. Swoford; Sun Angel Foundation Scholarship Fund — Gary M. Allums, John H. Davis, Carl R. Gilliland, David W. Grimm, (Continued on Page 2)

CAMPUS ROYALTY . . . Shirley Hall, center, and Tom Meredith were elected Campus king and queen by vote of the student body last week. Their election was kept secret until the Royal Ball last Friday.

Registration Materials . . .

Distribution Date Set For Summer School

Registration materials for the first summer term will be distributed in Moeur Activity Building Wednesday, Thursday and Friday, G. H. Cassity, assistant registrar, announced this week.

Materials will be distributed from 1 to 4 p.m. Wednesday; from 9 a.m. to 4 p.m. Thursday and Friday.

Class cards will be distributed June 8. Students will pay fees and turn in completed registration materials in the MU ballroom.

Students who lose their registration materials will be charged \$1 for replacements.

The first session of summer school begins June 8, and will continue to July 11. A maximum of six hours of study will be offered to the students.

First 'U' Grads' Class Is Largest

The largest class ever to graduate from Arizona State, and the first to receive diplomas bearing the name Arizona State University, will attend commencement exercises in the new Sun Devil Stadium Tuesday evening.

A total of 1,349 candidates for degrees will enter the stadium at 8 p.m. to "Pomp and Circumstance" and "The University Grand March" played by the University Symphonic Band under the direction of Harold C. Hines.

The Reverend William R. Lynch, Newman Club Chaplain at ASU, will deliver the invocation, followed by "Theme for Tomorrow" by the University band.

Coonrod Granted A Fellowship By Michigan U

Dr. Robert W. Coonrod, chairman of the ASU department of History and Political Science, has been granted a fellowship to study college administration at the Center For the Study of Higher Education, University of Michigan.

Three to seven such fellowships are granted each year by the Center to persons who have shown unusual competence and personal qualifications for educational leadership.

Purposes of the fellowship are:

1. To train prospective college administrators and to give those in service an opportunity to prepare for more effective administration.

2. To assist prospective college teachers to implement their academic training by attaining better professional competence in teaching.

3. To study the problems of higher education and to contribute to the teaching materials in the field.

These and other field services are made available through the University of Michigan by grants from the Carnegie Corporation.

Greetings will be presented by Mr. Lynn M. Laney, Board of Regents treasurer.

Paul J. Fannin, governor of Arizona, will be the featured speaker.

Lieutenant Colonel Palmore A. Ferrell, United States Army; Captain Charles D. Fay, United States Marine Corps, and Colonel Alexander W. Bryant, United States Air Force, will confer commissions on ROTC graduates.

Dr. Grady Gammage, Arizona State University president, will confer the degrees.

The University Band will play "March for Band" and "Pomp and Circumstance" for the recessional.

Distribution of degrees in the College of Liberal Arts is: Bachelor of Arts, 120, and Bachelor of Science, 137.

There are 219 Bachelor of Science degrees in the College of Business Administration.

The College of Applied Arts and Sciences will present 161 Bachelor of Science Degrees — 38 under the division of Agriculture, 67 under Technology and Industry, and 56 in Engineering.

The College of Applied Arts 462 Bachelor of Arts degrees in Education.

The Graduate College will present 13 Master of Arts, 21 Master of Science, 203 Master of Arts in Education, 4 Master of Science in Engineering, 2 (Continued on Page 4)

Army, Air Force Cadets To Receive Commissions

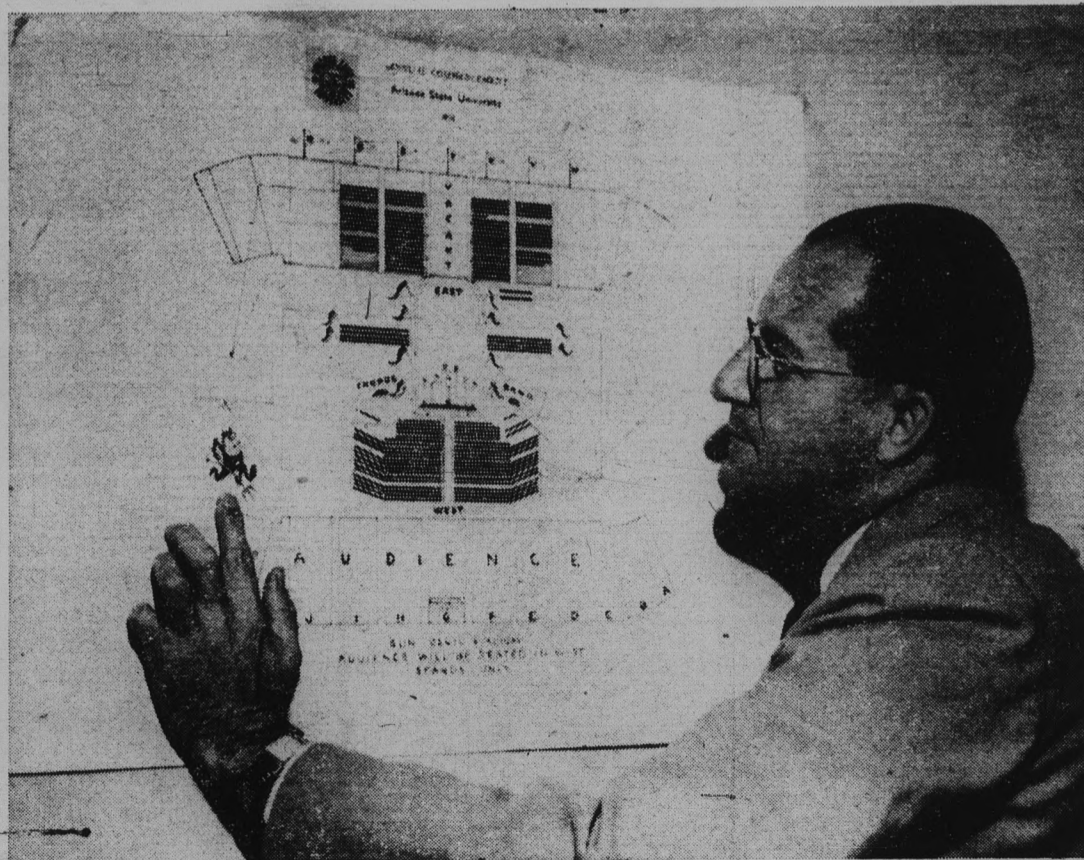

The following cadets have been awarded commissions as Second Lieutenants in the US Army, and Army and Air Force Reserves.

Regular army: Ridings L. Hill, Raymond C. McKisson, Donald F. McPeck, Jr., Thomas K. Phifer, Robert R. Robinson, Edgar H. Rugenstein and Warren K. Summers.

Army Reserve: George F. Beasley, Richard L. Crouch, Daniel L. Greener, John A. Gumpf, William R. Killip, Richard L. LeBeau, Jerome L. No-

ble, Rafael M. Santos, Jr., James L. Shobe, Richard C. Solomon, Edward Toporek, Albert S. Williams and Duane P. Wray.

Air Force Reserve: Gary Duane Barham, Philip James Brignall, Kevin Brown, Gordon Thomas Denton, Edward Luther Burdan, Raymond Elo Eastes, Bruce Randall Hatch, Philip Harker Johannes, Jerry Lee Knoski, Robert Neil Magid, Gerald Edwin Miller, Joe William Parks, Keith Wayne Perkins and Gary Eugene Stevens.

FIRST TIME . . . Registrar Alfred Thomas, Jr., shows the seating arrangement chart for the first commencement ceremony to be held in Sun Devil Stadium Tuesday evening.

Awards To Be Presented Top ROTC Cadets Tonight

The combined Army - Air Force ROTC units will perform at the ROTC honor ceremonies in Sun Devil Stadium tonight at 8:30.

Paul Fannin, governor of Arizona, will present the Governor's Award to Army Cadet Cols. Ridings L. Hill, Robert R. Robinson, AF Cadet Cols. Raymond E. Eastes and Gino Della Libera.

Dr. Grady Gammage will present the President's Award to AF Col. Della Libera and Army Cadet Col. Hill.

Senator Barry Goldwater will present the ROTC Award to AF Cadet Col. Gary E. Stevens and Army Master Sgt. Louis H. Zakas.

The Arizona National Guard Award will be presented to Army Sgt. First Class Maurice D. Shoger by Maj. Gen. J. C. Wilson, Adjutant General of Arizona. Brig. Gen. Lawrence H. Bell, Asst. Adjutant General for Air, Ariz., will present AF Cadet Col. Eastes with the Ariz. Air National Guard Award.

Army Cadet 2nd Lt. Max C. Richards will receive the Association of the US Army Medal from Col. Ralph A. Wilamuth, USA, ret. Dr. H. D. Richardson will present the Academic Vice President's Award to AF Cadet Capt. Steven C. Stefanos and Army Cadet Capt. John W. McKone. He will also present the ASU Streamer to Cadet Capt. McKone for Co. "C", First Cadet Battle Group, Army ROTC, and to Cadet Capt. Stefanos for Squadron 9, Group 3, AF ROTC.

The Dean of the College of Liberal Arts Award will be given to Army Cadet Capt. Harry V. Mackay and AF Cadet Capt. Guy F. Casey by Dr. Arnold Tilden, dean, College of Liberal Arts.

Other awards are: Armed Forces Communication and Electronic Association Award

(Continued on Page 4)

Phi Sigs Capture Firsts At AMS Water Sports Day

Phi Sigma Kappa won the sweepstakes trophy at the annual AMS Water Sports Day, Sunday at Canyon Lake.

Delta Sigma Phi was awarded the sportsmanship trophy.

Chosen queen to reign over the day was Linda McKnight, sponsored by Alpha Tau Omega.

Boat race winners were: class "A" — Alpha Tau Omega; class "B" — Phi Sigma Kappa; class "C" — Phi Sigma Kappa; and class "D" — Delta Sigma Phi.

In water skiing, Phi Sigma Kappa and Alpha Delta Pi took firsts in men's and women's divisions, respectively.

In row boat races, Phi Sigma Kappa took first in men's division, while Kappa Kappa Gamma won in women's division. Phi Sigma Kappa also won the canoe fight.

Winners in the individual swimming competition was M. O. Best "A", while Sigma Chi Sigma took first in swimming relays.

THINKKLISH

English: LOWEST MAN IN THE COMMENCEMENT CLASS

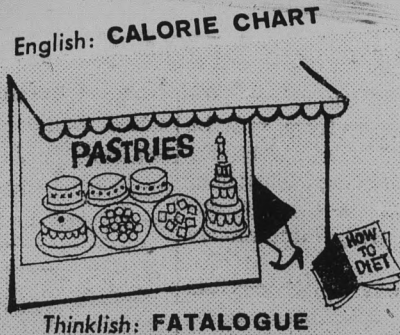

Thinklish translation: The only courses this bird absorbed were the ones served in dining hall. The only examinations he passed were the ones his dentist gave him twice a year. After five years of work (at a two-year college), he finally got his diploma. Obviously, the word for this fellow is *graduate!* Of course, being a Lucky fan marks him as a man of high degree . . . with extra credits for good taste. Get the honest taste of fine tobacco yourself. Spend this summa cum Luckies.

English: WANDERING HORSE

Thinklish: NAGABOND

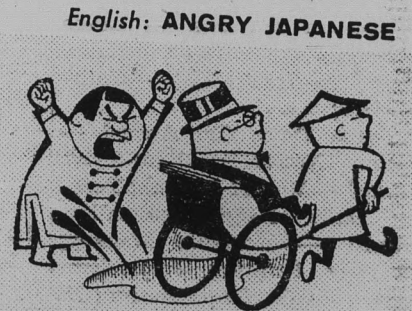

FRANCIS HAAS, ST. BONAVENTURE U.

English: CALORIE CHART

Thinklish: FATALOGUE

ROBERT ROSENTHAL, U. OF MICHIGAN

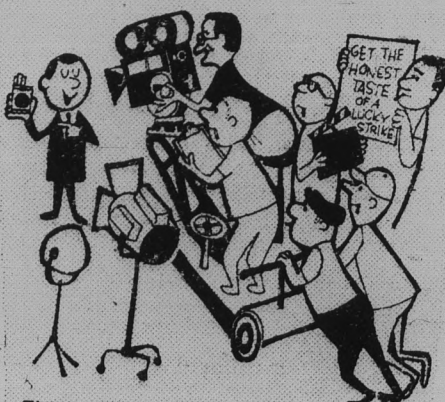

English: ANGRY JAPANESE

Thinklish: SORIENTAL

V. E. MOORE, U. S. C.

English: CIGARETTE COMMERCIAL

Thinklish: TOBACCOLADE

CALVIN MCCONNELL, U. S. NAVAL ACADEMY

HOW TO MAKE \$25

Take a word—*magazine*, for example. With it, you can make a burglar's weekly (*swagazine*), a liars' club bulletin (*bragazine*), a mountain-climbing gazette (*cragazine*) and a pin-upperiodical (*stagazine*). That's Thinklish—and it's that easy! We're paying \$25 for the Thinklish words judged best—*your* check is itching to go! Send your words to Lucky Strike, Box 67A, Mt. Vernon, N. Y. Enclose name, address, college and class.

Get the genuine article

Get the honest taste of a LUCKY STRIKE

AS Herd Counted With Best

Arizona State's dairy herd at the ASU Farm on South Mill Ave., is one of the top ranked Holstein herds in the U. S.

The Holstein-Friesian Association of America has presented ASU with its Progressive Breeder's Registry Award. According to Robert H. Rumler, association secretary, a very small percentage of breeders of Holstein cattle have qualified for this award during the many years it has been available.

ASU has 85 animals registered with the association. Dr. Grant Moody, professor of Dairy Husbandry, is in charge of the dairy herd.

ASU Students Select 'Great Teachers' For 'Who's Who Among Faculty At AS'

Four ASU faculty members have been named "Great Teachers" by the 1958-59 members of Who's Who Among Students at ASU.

Selected for membership in Who's Who Among Faculty at ASU are Dr. Robert Coonrod, chairman of the department of History and Political Science; Dr. B. Ira Judd, professor of Agromony; Dr. Alexis Caron, instructor in French; and J. E. Zimmerman, associate professor of English.

Associated Students will honor the teachers, and the new members of Who's Who Among Students at a 12:30 luncheon Sunday in the MU.

Students based their selections upon the following definitions of a "Great Teacher."

"A great Teacher is any member of the university staff selected because he or she exemplifies the knowledge, attitudes and values which will help students be better and happier persons.

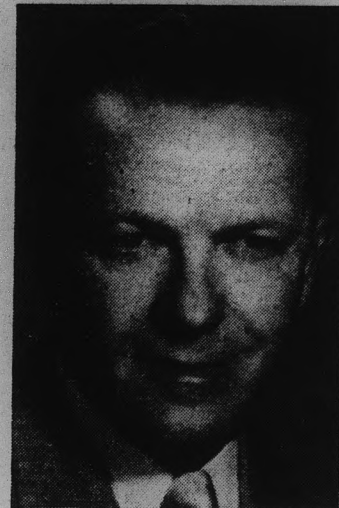

"Great Teachers are those who demand good workmanship, and are fair and considerate, thereby teaching us to be fair and considerate of others, rather than self-indulgent.

"Great Teachers are those who are more concerned with what and how much we learn

than with how or when we learn. They are living indications that education never ends — that the true scholar never stops learning.

"Their love of learning is great enough to be contagious. Their teaching has given us an inspiration we will not forget."

Previously selected "Great Teachers" are Dr. Paul Hubbard, associate professor of History; Dr. Harry Wood, chairman of the Art department; T. Alexander Votichenko, assistant professor of Philosophy, and Dr. Weldon P. Shofstall, dean of students.

J. E. Zimmerman

Students Can Find Out About Rides; Claim Lost Articles At Info Desk

Students who need rides or registers for their trips home may register at the information desk, in the Memorial Union. Transportation to most parts of the country, including Michigan, California, New York, Ohio, and Texas is available. Usual procedure for those sharing rides is to share driving and expenses.

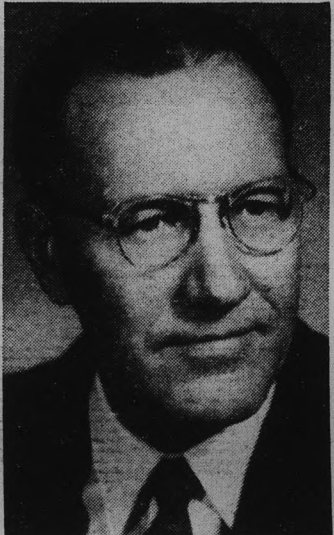

Items turned in include more than 100 keys, 20 pairs of prescription glasses, 20 articles of clothing, 20 text books, and dozens of other items.

Faculty members desiring to change distribution of their checks for June should immediately contact the Payroll Department. Members who are terminating must complete the clearance form. Copies may be obtained from the deans or payroll office.

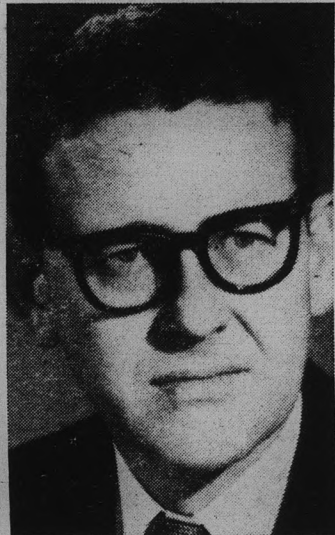

Students who have lost personal belongings on campus may claim them at the information desk in Memorial Union.

Alexis Caron

B. Ira Judd

Robert Coonrod

Book Buying Policy

AN OPEN LETTER TO ALL STUDENTS:

We would like, at this time, to state our book buying policy so it will be fresh in your mind — and our. This procedure is used as the standard buying policy for the majority of the bookstores in the United States.

First, let's dispel one misapprehension which seems to be prevalent at this season of year. YOU AREN'T GOING TO GET RICH WHEN YOU SELL YOUR BOOKS TO US OR ANYONE ELSE. However there are other compensations. You are going to relieve the freight load home (if you are leaving school), make some used books available for your fellow students next semester — and in the process — acquire some loose change, and perhaps folding money for yourself.

Second, let's classify the books you will have for sale. They will fall into three classes as follows:

Class 1. — Current copyright books, now in use on this campus and which professors have told us they will re-use, and on which our existing stock is inadequate for supplying next semester's classes. We will pay 50% of the new price for books that fall into this class.

Suppose we take an example. Last fall you paid \$6.00 for a new book. It's now worth \$3.00 to us. If you bought the same book used at \$4.50 and it's in sound condition, you also get \$3.00.

Class 2 — Several titles of current copyright books have been dropped on our campus but are still being used on other campuses. Therefore, we allow a used book Jobber to come into our store to buy these books. Obviously these firms must buy books at a low enough figure to cover shipping charges, warehouse costs, salesman's salaries, traveling expense, and the possibility of a title going "sour" on his hands. He will pay about 25% of the new price. Thus your \$6.00 book is worth \$1.50. This representative is on campus a few days of each week, and we'll post signs as to when he will be here. He will buy many textbooks that we can't use. There is no profit in this for us. We are doing it to help you.

Class 3 — This class consists of old editions, out of print books, and damaged books. These are of no value to us or to the Jobber, and you had best keep them for your reference shelf.

We hope this letter will explain a few of the complexities of the used book business. We further hope you will sell us a lot of used books to resell to the students on campus next semester, but above all we hope we'll still be friends after you visit our book buying department.

Sincerely,
College Bookstore
Arizona State University

The grasshopper who came to dinner

What a pest! This uninvited guest eats your family's dinner while the food is still growing. Together with other insects, he destroys more than four billion dollars' worth of U. S. crops each year.

To help farmers reduce these losses, Standard's scientists are at work on new and better insecticides. Since 1907, we've developed more than 650 products for every general plant disease and insect problem . . . from home garden products to agricultural pest controls. Last year our products helped save enough food of all kinds to feed more than a million people.

While this is encouraging progress, the battle never ends. Insects are developing hardier strains

which are more difficult to control. And protecting our food supply is becoming more important, for by 1970 there will be an additional 36 million people in the United States.

That's why one of our most important jobs is creating better ORTHO* pest controls. Through research that helps farmers provide more food for a growing population, **the people at Standard are planning ahead to serve you better.**

**ORTHO pesticides and fertilizers are made by Standard's wholly-owned subsidiary, California Spray-Chemical Corp., and sold in 75 Free World countries.*

The STATE PRESS is distributed by Rick Bedolla Official campus newspaper of Arizona State University. Published each Wednesday and Friday throughout the school year, excepting holidays, and entered as second class matter in the Post Office at Tempe, Arizona, under the Acts of March 3, 1879, and August 24, 1912. Subscription price, \$3.00 per school year.
 Member: Arizona Newspapers Association, Associated Collegiate Press, and National Advertising Service, Inc.

EDITORIALLY SPEAKING —

Farewell

For several years now, I have watched editors of the State Press write their last editorial or column, and as I begin this one, I'm sure their thoughts couldn't have been as mixed up as mine are now.

We are in these last few weeks, ending the most dramatic year for Arizona State. The campus has come of age... has seen its "finest hour."

Winning the name change for this school wasn't our only fine hour, however. There were numerous fine hours — the ones during which the students, faculty, administration and alumni of this institution worked with the citizens of Arizona as a team to attain the goal they had set for themselves.

The outcome of the name change isn't proof in itself that Arizona State deserved to be called a university; but it was proof that by working together rather than griping independently, we all can guarantee that the future of Arizona State University is unlimited.

But, the work isn't over, and it won't be for a millennium or two. Each new achievement will be the beginning for another and another and so on.

History has been defined as the mirror of the past and the road map to the future. The history of ASU tells of one achievement after another as this institution has grown from a Territorial Normal School to a University.

I'm sure I speak for all members of this graduating class when I say I'm proud to be graduating from Arizona State University.

To the staff of the State Press that has worked with me this semester, my most humble thanks. They are the ones who make a newspaper possible.

Rochelle Mackey, Editor

Finals Schedule

Day	From	To	Classes
On Monday, May 25, 1959	7:40-9:30	7:40-8:30	MWF or Daily*
	9:40-11:30	9:40-10:30	TTh or TThS
	12:40-2:30	11:40-12:30	MWF or Daily*
	2:40-4:30	1:40-2:30	TTh or TThS
On Tuesday, May 26, 1959	7:40-9:30	8:40-9:30	MWF or Daily*
	9:40-11:30	10:40-11:30	TTh or TThS
	12:40-2:30	12:40-1:30	MWF or Daily*
	2:40-4:30	3:40-4:30	TTh or TThS
On Wednesday, May 27, 1959	7:40-9:30	7:40-8:30	TTh or TThS
	9:40-11:30	9:40-10:30	MWF or Daily*
	12:40-2:30	1:40-2:30	MWF or Daily*

On Thursday, May 28, 1959	7:40-9:30	8:40-9:30	TTh or TThS
	9:40-11:30	10:40-11:30	MWF or Daily*
	12:40-2:30	11:40-12:30	TTh or TThS
	2:40-4:30	2:40-3:30	MWF or Daily*
On Friday, May 29, 1959	7:40-9:30	3:40-4:30	MWF or Daily*
	9:40-11:30	12:40-1:30	TTh or TThS

* And classes that meet on M, MW, MF, MTWF, MWThF, MTWTh or F

Examinations for classes that are scheduled with "Time Arranged" and for classes that meet at, or after 4:40 p.m., in the evening, or on Saturday morning, will be held at the time scheduled for the last regular meeting of the class during the week of May 25-29, including those evening and extension classes that meet on Tuesday evening, unless otherwise scheduled by the instructor at a time during this final week of the semester.

If conflicts occur, or if under this schedule, a student has more than three exams in one day, he should consult instructor(s) regarding possible schedule adjustment, or if necessary the Dean(s) of the College in which the courses are offered.

Letter to the Editor:

I agree whole-heartedly with the students who have stated in recent editions of the State Press that ASU is putting too much emphasis on athletics. I definitely feel that a well-organized, full-scale athletic program is a hindrance to any school.

It is poor publicity for any university to be ranked among the top twenty football teams in the nation, because too many people in North America read about the school and degrading publicity is printed in such poorly reputed magazines as Life, Sports Illustrated, and Time. Nation-wide publicity of this sort is bad for any university since potential college students tend not to enroll in a school which has gained a reputation as a winner.

Also, winning teams tend to make prominent Phoenix businessmen lose interest in ASU. One thing a growing university doesn't need is the support of its nearby metropolitan center.

Another thing I dislike are the athletic scholarships that are given to young men who could never hope to go to college without this type of aid. On the global level, our U. S. international relations suffer when gentlemen such as Alex Henderson, Carrol Lindroos, and Mal Spence, from Australia, Finland, and Jamaica, respectively, are given a chance for education at ASU.

Large-scale athletic programs have really hampered such schools as Iowa, Michigan State, Ohio State, UCLA, USC and Georgia Tech. In the same vein, schools which stress athletics have very poor academic reputations. For example, Northwestern, Georgia Tech, Dartmouth, Notre Dame, and Stanford present unquestionable proof that athletics and academics cannot be concurrent.

The ASU Athletic department cheats students by charging \$8.75 admission to all athletic events, while the majority of institutions possessing ASU's

enrollment charge double this amount, and then decide for the students just which events they will be permitted to attend.

Next year, let's see if we can get a movement underway to cut the athletic budget by at least \$30,000. With this money we can build several new buildings, and hire at least ten PhD's to help the poor students in dissolving the athletic influence.

Seriously speaking, I feel that a good debate team, fine engineering depts., and an excellent chorale group are just as important to ASU as a good football or basketball team, but the minute that the Athletic department doesn't get its proper financial assistance, Arizona State will lose one of its greatest assets, its reputation as a great Southwestern athletic power.

Gary K. Walker

By PETEY OLMSTED

I was walking down College Avenue covering it, when I nearly fell into it!

But I stepped back from the cavity in the nick of time. You must know what I'm talking about. If you don't, stick around three weeks. That's how long it's going to be there, according to the Maintenance department.

No, it's not another Campus Police scheme to "un-condition" drivers from using College Avenue.

Seems they're installing electrical switch equipment to facilitate "sectioning off the campus." This means when power is off on one part of the campus, the whole campus won't be "off."

Progress in other places: Victory Village is on the way out. Reports now say it will be a three-year project to tear that whole section out, and it may be longer before a new building replaces it.

But after all, those apartments were only designed to last seven years when they were built 11 years ago.

To The Editor

To the Editor:

I suppose that it is poor taste to look a gift horse in the mouth, but one expects to find quality films in the series at Cosner Auditorium on Thursday and Friday evenings. This week I decided to enjoy one of the art films, and suffered through a typical jumble of Hollywood corn entitled "Marjorie Morning Glory" — or some such silly name. How are these films chosen? By lot? Surely there must be someone in the Drama or Art department to supervise the choice of these movies.

This is not to imply that Hollywood does not turn out anything but poor pictures. Plenty of good films come out of the place. This picture was not one of them.

Sincerely,
Disappointed Movie Lover

TRADITIONALIST... Herman Schmidt, acting dean of men, won the Rally and Traditions board's award for the member of the campus community who promotes ASU athletic events most enthusiastically. The award was presented Wednesday by Gary Walker.

Named Top Senior . . .

Jackson Wins Honor

Danny Jackson was named outstanding senior male student last night at the annual Associated Men Students' Service Awards Banquet.

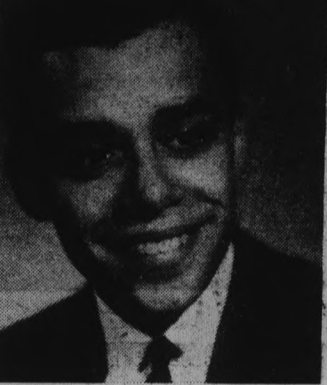

Jackson is a member of Blue Key and Alpha Mu Gamma, sophomore men's honorary. He is also affiliated with Phi Sigma Kappa fraternity.

Other presentations included the outstanding president award to Paul Carlson, East Hall; outstanding advisor, Dr. Ira Judd, Blue Key sponsor; outstanding chairman of an AMS committee, Jim Kunkel, Button Drive chairman.

Five athletic awards were given to outstanding sportsmen of each class: Nolan Jones, freshman; Bill Pryor, sophomore; Alex Henderson, junior, and Duff Lawrence, senior. Gordon Cluff accepted the intramural sports award.

Academic awards were given by the interhall Council to men who have excelled in scholarship and athletics. The scholarship award went to Benjamin P. Clutz.

The Rally and Traditions board gave a trophy to the person who promoted traditions most at ASU this year. The award went to Herman Schmidt, acting dean of men. Five scholarship trophies were given by the freshman council to Ralph M. Flores, Gary Peter Klahr, Harvey A. Rosenstock, Sherman M. Axel and Robert P. Robinson, who maintained 4.0 indices.

Danny Jackson

(By the Author of "Rally Round the Flag, Boys!" and "Barefoot Boy with Cheek.")

TILL WE MEET AGAIN

This is the last column of my fifth year of writing for Philip Morris and Marlboro. I have made it a custom in the last column of each year not to be funny. I know I have also realized this aim in many other columns during the year, but that was not for lack of trying. Today I am not trying. I am not trying for two reasons: First, because you are getting ready for final exams and in your present state of shock, nothing in the world could possibly make you laugh. And second, this final column of the year is for many of us a leave-taking, and good-byes always make me too misty to be funny.

For me the year ends neither with a bang nor a whimper, but with a glow—a warm, pleasant, mellow glow—the kind of glow you will find, for example, at the end of a Philip Morris or Marlboro.

It has been in every way a gratifying experience, my five years with the makers of Philip Morris and Marlboro, and I would like to take this opportunity to extend my heartfelt appreciation to these good tobaccoists, to assure them that the memory of their kindness will remain ever green in my heart, and to remind them that they still owe me for the last three columns.

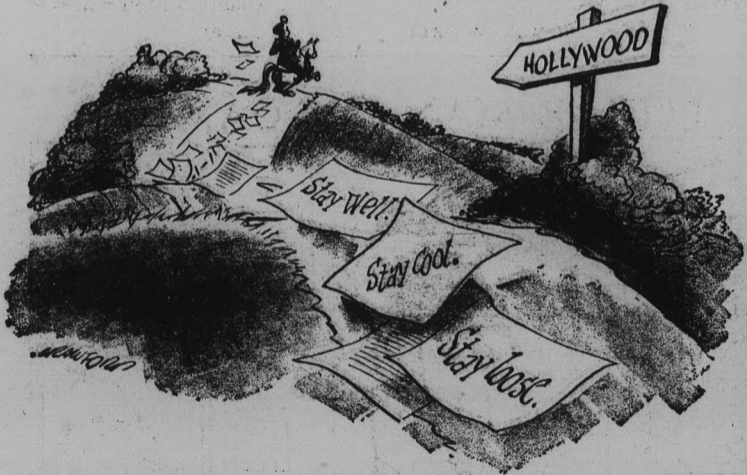

And in these waning days of the school year, let me address myself seriously to you, my readers. Have I trod on any toes this year? Ruffled any feelings? Jostled any sensibilities? If so, I am sorry.

Have I occasioned any laughs? Chuckles? Sniggers? Mona Lisa smiles? If so, I'm glad.

Have I persuaded any of you to try Philip Morris and Marlboro? To taste that fine flavor? To smoke that excellent tobacco? If so, you are glad.

And now the long, lazy summer lies ahead. But for me summer is never lazy. It is, in fact, the busiest time of year. Two summers ago, for instance, I was out ringing doorbells every single day, morning, noon, and night. There was a contest, you see, and the kid in my neighborhood who sold the most bluing won a pony. I am proud to report that I was the lucky winner.

Last summer I was also out ringing doorbells every single day, morning, noon, and night. I was trying to sell the pony.

This summer I am not going to be out ringing doorbells. I am going to saddle the pony and ride to Hollywood, California. What am I going to do in Hollywood, California? I am going to write a series of half-hour television comedies called THE MANY LOVES OF DOBIE GILLIS, and starting in October, 1959, your friends and mine, the makers of Philip Morris and Marlboro, are going to bring you this program over the Columbia Broadcasting System every Tuesday night at 8:30. Why don't you speak to your housemother and ask her if she'll let you stay up to see it?

And now good-bye. For me it's been kicks all the way, and I hope for you it hasn't been altogether unbearable. Have a good summer. Stay well. Stay cool. Stay loose.

© 1959, Max Shulman

For us, the makers of Philip Morris and Marlboro, it's been kicks too, and we would like to echo kindly old Max's parting words: Stay well. Stay cool. Stay loose.

As The Camera Saw The 1958-59 Academic Year

IT'S OFFICIAL . . . Arizona State University became the official name of this university when Governor Ernest MacFarland signed the bill. Witnessing the signature (from l) are Wesley Bolin, Secretary of State; Levi Udall, Justice of the Supreme Court; Mrs. Gammage; and Walter E. Craig, chairman of Citizens for Arizona State University.

CARD SECTION . . . got under way this year and used the name change for early football season trick themes. Here the audience in the west stands of the new stadium was reminded to "Vote Yes on Proposition 200."

FAREWELL . . . was bid to Goodwin stadium last fall when Sun Devils moved to their new home, Arizona State University stadium, between the Tempe Buttes.

SPANISH TV . . . was the first television course offered by ASU for college credit. Dr. Quino Martinez was the instructor.

CREASMAN DAY . . . was proclaimed this year by Governor Fannin in recognition of Jimmy Creasman's work on the name change.

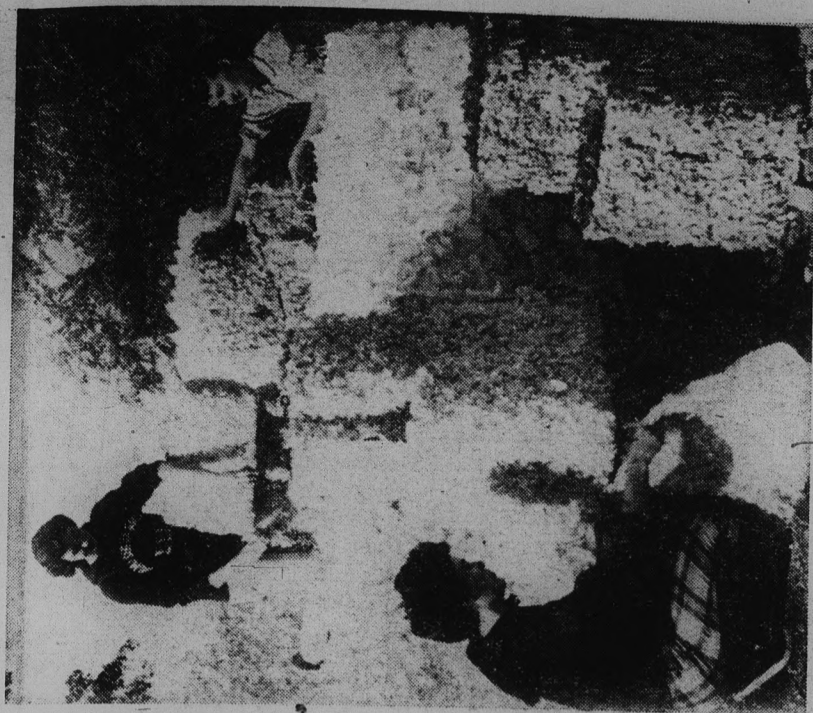

CONGRATULATIONS . . . are extended to Homemaking King, Ben Anderson, and Queen, Diane Eldridge, by President Gammage. The couple was selected by vote of the student body.

INAUGURATION . . . of year's ASASU officers was performed by President Warren Summers at the Social Board's annual Royal Ball. Summers and other executive council members of 1958-59 were awarded gifts by the Board chairman, Toni Johnson.

Homemaking King, Ben Anderson, and Queen, Diane Eldridge, by President Gammage. The couple was selected by vote of the student body.

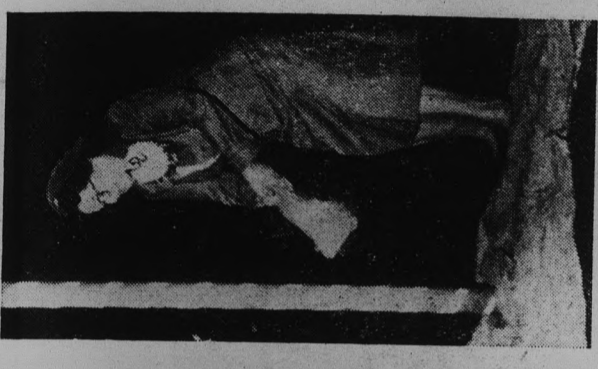

WORK, WORK, WORK ... say, these coeds building their organization's float for the Homecoming parade. Homecoming this year was divided between two weekends to promote the name change.

NEW ASSIGNMENT ... for three members of the Sun Devil football squad was painting crosswalks during Easter vacation. From left are Dave Fonner, Ron Erhardt and Bill Popp.

... in recognition of Governor ... man's work on the name change.

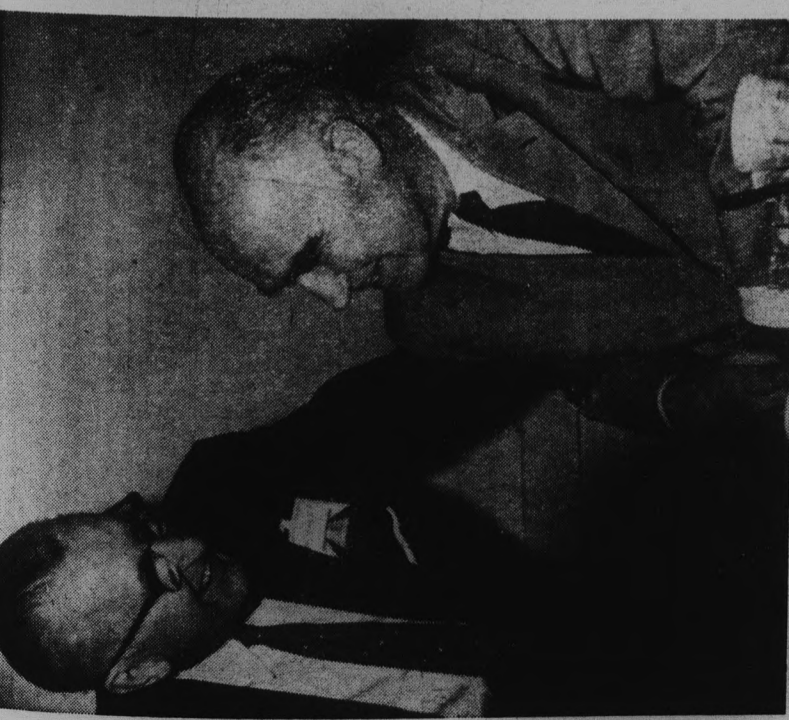

CHRISTENING ... of Sun Devil stadium last fall was done by Mrs. Lynn Laney, wife of an Arizona Regent, with water from seven major Arizona rivers. Dedication took place Nov. 8, 1958.

college credit. Dr. Quino Martinez was the instructor.

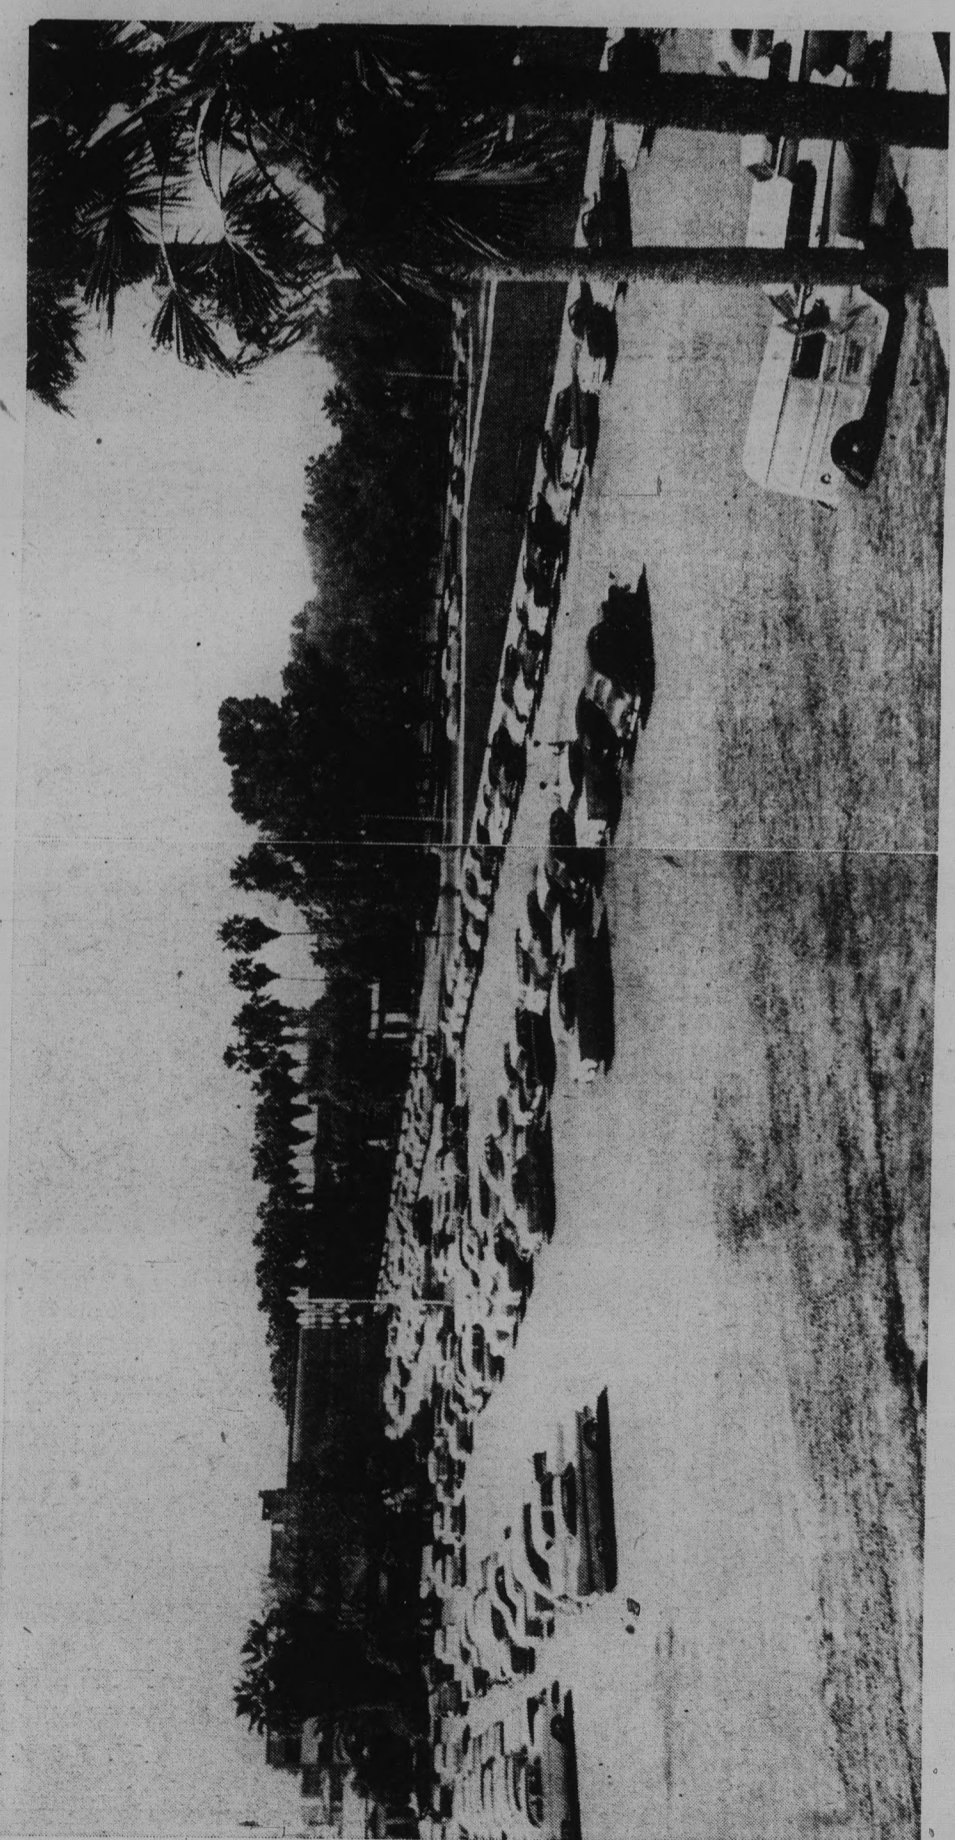

ONE OF SEVERAL ... major conventions held on campus this year was the national IAWS convention this spring. An ASU coed, Karen Davis, was elected president of the association.

... were awarded gifts by the Board chairman, Toni Johnson.

ASU PRESIDENT ... Grady Gammage greets Henry Luce, internationally famous editor-publisher of Time, Life and Fortune magazines. Mr. Luce spoke at a Phoenix Public Relations Society luncheon in the Memorial Union, March 19.

A CONTROVERSIAL ISSUE ... this semester was the alleged lack of space for student parking. Here a lot near Palo Verde Hall is shown during the busiest traffic hour — Monday, Wednesday or Friday at 12 a.m. The question of parking space arose after a Campus Police campaign for safe arriving-safe walking.

Religious Groups Initiate

LDS Groups Add Members

Three chapters of Lambda Delta Sigma, Latter Day Saints student group, have initiated new members.

Phi Omega chapter initiates are Pat Lassetter, Barbara Beckstead, Kay Blackburn, Veneta Jarvis, Marlene Smith and Nancy Cooley.

Phi Psi: Sue Dircks, Gloria Schnebly, Yvonne Thomas, Linda Rae Lloyd, Jeannie Lassetter, Dorothy Lanning, Barbara Bushman, Dorothy Hansen, Donna Riggs, Elva Ann Griffin and Lucille Whitmer.

Phi Alpha: Walter Richins, Don Surber, Jesse Jarvis, Bruce Connolly, Gerald Gibson and Ron Simon.

Inter-chapter officers are Jae Dee Merrill, president; Cleone Flake, vice president; Mary Ellsworth, secretary; and Carolyn Buss, treasurer.

Party Planned For Graduates

Martin Luther Society graduating seniors will be honored by the group at a banquet Sunday at the Desert Rose Motel. They will meet at the church at 4:30 p.m.

Jim Diehl was recently elected president of the Society.

Senior Banquet Held Sunday

Paul Martin, Robert Johnson, Nancy Sloan and Wayne Williams, graduating seniors, were given a banquet by Baptist Student Movement members Sunday at the student center.

Speakers were Dr. Ivan Bell, president of the Arizona American Baptist Convention, and Dr. Carlton Saywell, executive secretary of the Arizona Convention of American Baptist Churches.

New officers of the group will attend a cabinet meeting and dinner Sunday at 4 p.m. at the student center to plan for the coming year.

LSA Dinner Ends Semester

Members of the Lutheran Student Association and faculty who attend the Lutheran Church of the Good Shepherd, Tempe, climaxed their semester's activities with a student-faculty dinner Sunday evening.

Events of the year were retraced by members during the banquet.

IA Club Elects Gillespy Prexy

The Industrial Arts Club installed new officers recently.

They are: Roy Gillespy, president; Stan Harber, vice president; Herman Kloos, secretary; George Frizzell, treasurer.

Organized during the past year, the club has approximately 60 members.

Sponsors of the organization are Mr. Marlow Keith, assistant professor of Technology, and Mr. Dennis J. Kigin, assistant professor of Industrial Arts.

PASSING THE BUCK . . . Old and new student body officers gathered at Dean of Students W. P. Shofstall's home Friday for a "pass-the-buck" party. Listening to Bill Sullivan read a resume of last year's activities are (l to r) LeRoy Whitson, Ralph Segal, Warren Summers, Steve Anthony and Barbara Bunch.

Graduates To Be Feted

ASU graduates, their families and friends will be honored at a reception Sunday, at the home of President Grady Gammage, following the baccalaureate service.

Welcoming guests will be President and Mrs. Gammage and Dean and Mrs. George R. Selway.

Assisting hosts and hostesses include Dr. and Mrs. H. D. Richardson, Mr. and Mrs. Gilbert Cady, Dean and Mrs. G. D. McGrath, Dean and Mrs. Glenn D. Overman, Dean and Mrs. W. P. Shofstall, Dean and Mrs. Irving Stout, Dean and Mrs. Lee P. Thompson, and Dean and Mrs. Arnold Tilden.

Miss Lola Ellsworth, Mrs. G. M. Hanner, Dr. Catherine G. Nichols, and Dr. Collice Portnoff will serve.

The first session of summer school begins June 8, and will continue to July 11.

Students may register for a maximum of six semester hours.

AS Workshop Is Planned

A workshop in human relations will be offered by ASU this summer, in cooperation with the National Conference of Christians and Jews and the Anti-Defamation League of B'nai B'rith.

The workshop will provide an opportunity to study and analyze human relations, with particular attention to inter-group problems and conflicts. The science of human relations will be applied to an appraisal of problems in our racial, religious and cultural backgrounds, according to Dr. Kenneth Hoover, ASU associate professor of Education and workshop director.

Designed for school administrators, teachers, social workers, guidance personnel, clergymen and other community leaders, the workshop will run from June 8 to July 11 on the ASU campus. The NCCJ will offer five scholarships to teachers and social agency representatives. Applicants should contact the Phoenix NCCJ office.

Several consultants from throughout the West will participate in the workshop, which gives three units of credit and is in the summer session offering. Enrollment is limited to 35.

Library Group Attends Banquet

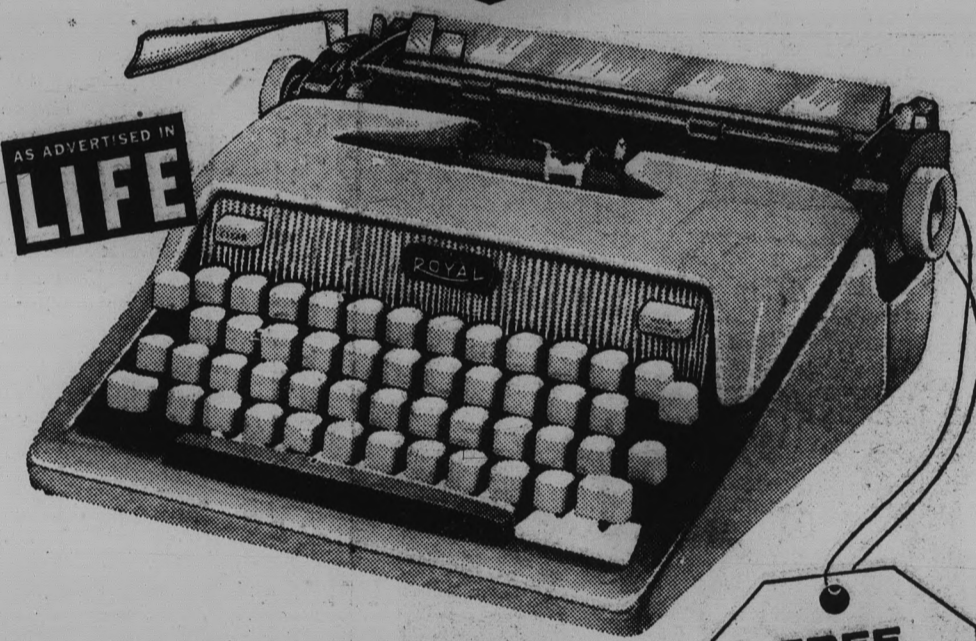

The Theta chapter of Alpha Beta Alpha, library honorary, honored graduating seniors at the annual Spring Banquet recently.

A book review of "The Ugly American" was given by Dr. Katherine C. Turner at the banquet. Alpha Beta Alpha Awards were presented and previous ABA award winners recognized at this time. Mrs. Lillie King Shaw was presented one of the awards.

Graduating seniors of the organization are Mary Gail Gerwitz, Edith Kettering and Elizabeth Stenglin.

Graduates Feted

By KATHY BURKE

Alpha Sigma Alpha graduating seniors were feted at a breakfast and presented with gifts, Saturday morning at the home of their advisor, Mrs. William Nielander. Guests were Mrs. Grady Gammage and Mrs. Glenn D. Overman. A day of swimming followed the breakfast.

Joe Ledwidge, past president of Sigma Chi-Sigma, was chosen outstanding active of the year by the Sig pledge class. He was presented with a plaque.

Sigma Sigma Sigmas bid farewell to their graduating

seniors at a barbecue last week at Tempe Beach, during their annual Senior Send-Off.

Graduates were given sterling silver crested dishes as mementos.

Also receiving gifts were Mrs. John Rundle, out-going alumnae advisor, and Mrs. L. Mayland Parker, faculty advisor.

Sigma Nu graduating seniors were honored with a banquet recently at the fraternity house.

Ida Hocken received Gamma Phi Beta's Underclassman Service Award at the sorority's senior banquet Sunday afternoon at Newton's Prime Rib.

Jim Loper, director of the ASU Radio-TV Bureau, was guest speaker.

Senior wills were also read.

Gamma Phis honored members who had received various queen titles at an after-hours party Sunday night in the chapter room.

Delta Chis, dates and alumni enjoyed dancing and games at a party Saturday night. Richard Marsical received the fraternity's scholarship plaque at the event.

The Mothers Club of Alpha Delta Pi held a tea for actives and pledges last week in the group's chapter room. ADPI pledge of the week was Carol King.

AS Rodeo Team Takes Honors

The ASU Rodeo Club won the team championship at the Pierce Junior College rodeo last weekend.

Dean Hill, newly-elected club president, was high point man for the Devils. He placed second in all-around cowboy competition.

The team will travel to California this weekend to compete in the Fresno State College rodeo. A good showing there will put ASU in first place, according to Wiley Berry, club vice president. This rodeo will be the last of the year for the team, before the National Intercollegiate Championship at Klamath Falls, Oregon, in July.

PLEDGE PROJECT . . . Alpha Tau Omega pledges, (l to r) Bob Alexson, Tom Quinby, Bob Turek, John Kennedy and (center) Harry Mitchell, polish the victory bell in front of the MU last week.

Currents On Campus

Phi Epsilon Kappa officers were elected Tuesday night for the coming school year. They are: president, Allen Benedict; vice president, John Hanna; secretary, Neil Blair; treasurer, Craig Cummins; guide Bill Blair; sergeant-at-arms, Charles Luck; historian editor, John Hill; social chairman, Jesus Luna; professional activities chairman, Bruce Thompson; intramural manager, Darrel Allen; faculty advisor, Fred Bryant.

Scholastic honors were awarded and new officers installed May 14 at the Wilson Hall Awards Meeting.

Receiving awards for the highest first semester grade indices were: Joyce Watson, freshman; Cheryl Thraen, sophomore; Kay Kelm, junior; and Kristine Larson, senior.

The Wilson Hall Scholarship, which pays first semester room rent, was won by Joyce Watson.

New hall officers are: Karlene McGee, president; Connie Knight, vice president; Sharon Dickson, secretary; Candy Harris, treasurer.

The annual Senior Breakfast will be Sunday.

Psi Chi, psychology honorary, held its annual banquet May 15. Judson Finley, graduate student in Psychology, was presented the Psi Chi cash award for outstanding scholarship in the year '58-59.

Alpha Pi Epsilon, secretarial honorary, held a banquet and initiation recently. The initiation took place at Mrs. Mary L. Jacks' home and was followed by the banquet at Palo Verde Hall.

New initiates are Nena Neilson, Jeannie Kay Williams, Bea Byron and Barbara Thurman.

Claudette Hill was named outstanding senior at the banquet and Mrs. Jacks, the speaker, was presented a gift by members of the honorary.

The Marketing Club elected new officers at a luncheon meeting recently. They are: president, Bob Lundahl; vice president, Joe D'Stephano; secretary-treasurer, Bob Shipley; and corresponding secretary, Bob Hitchcock.

Greeks Elect New Officers

Newly elected officers of Phi Alpha colony of Sigma Alpha Epsilon are: Ed Lawrence, Eminent Archon; Vic Jackson, Eminent Deputy Archon; Steve Sewell, Eminent Correspondent; Gene Holmes, pledge trainer.

Phi Alpha pledges presented the entertainment at the fraternity's Hawaiian, Luau Saturday night at Camelback Inn.

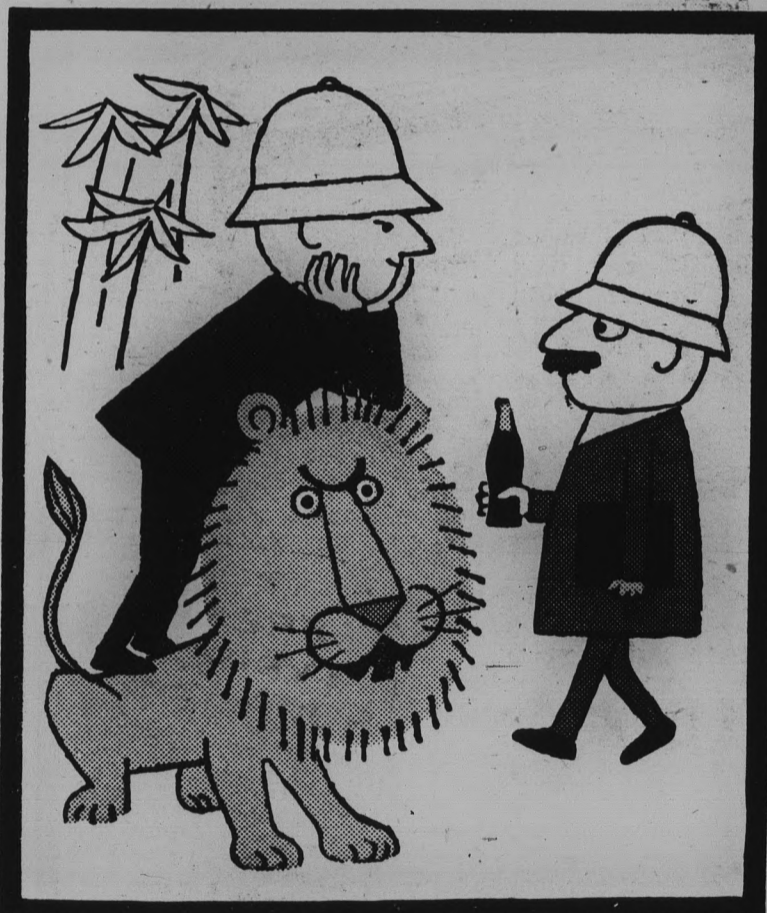

Ed Grose and Darrel Franklin are president and vice-president, respectively, of Phi Delta Theta for fall semester. Other officers are: Bob Ruston, secretary; Stan Hayes, pledge trainer; Frank Tunnel, chaplain; and Johnny Parker, treasurer.

Delta Chi officers for the coming year are: Richard Marsical, president; Gene Kersten, vice president; Bill Willis, secretary; Harry Van Aken, treasurer; Bob Gomez, alumni secretary; and Mary Martinez, sergeant-at-arms.

Larry McCord and Dave Phillips have been elected ASU delegates to the Sigma Phi Epsilon National conclave Sept. 2-4 in Washington, D. C. The convention will be held at the Hotel Statler-Hilton.

Initiation rites were held Sunday by Delta Gamma for Dee Davis, Kathy Goodwin, Patty Hargrove, Helen Haldiman and Judy Barrett.

Kappa Alpha Thetas were guests of Alpha Tau Omegas at an exchange at Bob Buzard's home last week. The two groups swam and danced under the stars.

Dr. Livingstone?

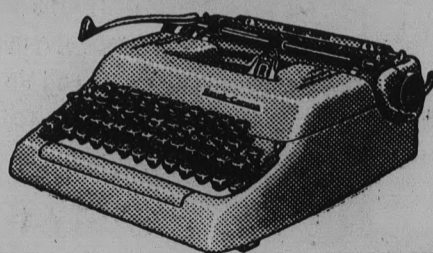

What a happy man he would have been if his man Stanley could have brought along a carton of Coke! That cold crisp taste, that lively lift would certainly hit the spot with any tired explorer. In fact, after your next safari to class—wouldn't Coca-Cola taste good to you?

PRIMA BALLERINA ... is Arizona State cage forward Gary Norton, as he drives underneath basket for lay-up. Ball, however goes in opposite direction towards big New Mexico State center Billy Price. The Devils won this one from the Aggies, 86-80.

Gridders Great After Mediocre First Half

By **BOB LAIRSON**

Arizona State University's 1958 football team started the season in mediocre fashion last fall, caught themselves sliding downhill, and fought back to a 7-3 season record.

The Demons, trounced the University of Hawaii in their season debut and appeared to be on the way to another national ranking. The Sun Devils suffered three losses in their next three games, however, and ASU fans began to wonder if the Demons were over-rated.

Coach Frank Kush guided the gridgers to five straight victories in the remaining games, with an all-out team performance in the UofA game highlighting the season. The entire traveling squad of 51 men participated in the Wildcat rout, with the third and fourth strings playing most of the second half. The final score was 47-0, the largest ASU victory margin in the history of competition between the two schools.

The '58 season saw two freshmen earn starting roles on the varsity and second-team all-conference berths. Nolan Jones, a high-stepping halfback from New Kensington, Pa., who was named to the first team All-American high-school team in 1957, used his 165 pounds to full advantage as he outclassed older and more experienced teammates to earn his first-string assignment.

Tackle Jessee Bradford, a 195-pounder who has run the 100-yard dash in 9.5 seconds, is rated by many sportswriters as a potential All-American on the basis of his performance last fall. A fullback at the beginning of the season, he used his speed and power to replace senior Paul Widmer as tackle.

The annual spring intra-squad game this year turned out to be one of the closest contests in the history of the maroon-gold series. A close score in the spring game is considered an indication of a well-balanced team for fall.

Co-captains Bill Spanko and Karl Kiefer, perhaps the only seniors on the starting eleven this fall, appear to be certain of holding down the end positions.

Bradford, Charlie Krofchik, Larry Reaves, Ladd Mullen-eaux, Mike Bartholomew, Roy Moore, John Vucichevich, Terry Stoner, Sam DeNillo, Don Bigler, Fred Yuss, Jim Bycott, Ron Jackson, Fred Rhodes, and Karl Vardian compose the primary list of candidates who will vie for starting positions as tackle, guard and center.

The backfield will be lacking in size, but just as in the past three seasons, speed will be the

main factor. The biggest question mark at this time is who will succeed John Hangartner in the quarterback position.

Several candidates are in line for the starting role, with Joe Zugar, Fran Urban, and Jim Swanner as prime contenders. Roland Kotwica, a mid-year high school graduate, performed well in the spring game, and is a strong possibility for a varsity berth.

The fullback position will be strengthened by the return of Charlie (Choo-Choo) Jones, and Steve Slonac, a Texas transfer. Ed Ellis, Bill Popp, and Clay Freney complete the fullback roster.

Although Nolan Jones seems to be assured of a starting role, he will have competition from several halfback aspirants. Bill Kendricks, Joe Drake, Ossie McCarty, John McFalls, and Al-len Benedict.

NATIONAL PASTIME. Sun Devil baseball fans saw this kind of action all year as the Demon baseballers racked up a 27-18 record. This particular play was from a game against San Diego State. Demons pictured are Curt Bryant (catcher) and Roger Kudron (left).

BANNER YEAR

Nine Shines In 1959

With baseball at Arizona State on the upswing, Sun Devil fans can look forward to another banner horsehide year in 1960.

This year's Demons won 27 games, 10 more than any previous AS team. Their .667 won-lost percentage (27-18) is the highest ever recorded here.

The expanding ASU baseball program found the Sun Devils playing 45 games, more than any other college team in the country. Coach Bobby Winkles has announced that a 45 game schedule will be played next year, although certain dates are yet to be verified.

Winkles plans to take his Demons to the San Diego Collegiate Baseball Tournament in 1960. This tourney is one of the most attractive in the country, featuring such teams as UCLA, California, USC (the country's number one ranked team in '59), Stanford, Fresno State, San Diego State, and the University of New Mexico.

Also, feelers for a nine-game series here are being sent out to Big Ten entries Minnesota and Indiana, and to California of the now-defunct PCC. One of the three will be here in '60 for a series during Easter vacation.

Much of the Sun Devil diamond success this year can be attributed to the ambitious Mr. Winkles, signed on here to replace Mel Erickson for the '59 campaign. In his rookie season as head coach, Winkles brought fire and determination to a previously colorless baseball club.

Coach Winkles said that he was pleased with the team this year and that this was a "year of learning." "Some of the bad points were that the defense wasn't as good as expected, errors seemed to come

in strings, four players drove in most of the runs, and the defense couldn't make the 'big play,'" he explained.

Next year's team will have 20 returnees, including 16 lettermen. However, it will be minus six graduating seniors, including hitting star Benny Ruiz. The Devils will also lose hurlers Jim Sims (4-4) and Joe Kostyk (6-4), outfielders Al Carr and Fran Urban, and infielder Bob Reid.

Augmented by the varsity returnees will be a strong freshman contingent. The Sun Imps added luster to their short schedule by defeating Phoenix College twice, although they were beaten by the Bruins three times. The PC nine is top-ranked in the JC national baseball tournament, and lost only five games all year.

Expected to bulwark next year's squad are pitchers Roger Kudron, and Jerry Hochevar, and hitting stars John Jacobs and John Regoli. Kudron was erratic but showed good stuff, and Hochevar racked up a 2.65 earned run average. Regoli led the Devils in hitting with a .356 mark and Jacobs supplied home run and RBI power, rapping five homers and batting in 36 runs. Added power may come from the bat of ex-pitcher Dick Saunders. Winkles installed Saunders in the outfield late in the season and was happy to see his former hurler belt home runs in four consecutive games.

Other returnees include catchers Curt Bryant, Steve Slanoc and Bill Gorman, infielders Troy Neal and Don Wilson, outfielders John Jones, Ev Cope and George Hanna, and pitchers Roger Barnson, Ray Martinez and Fred Lyddon. Barnson won six games to tie Kostyk for club leadership.

In a vote of confidence for the entire baseball team, the ASU athletic board of control elevated baseball to a major sport last month.

Four Devil Athletes Honored

By **RON CONTRERAS**

Nolan Jones, Bill Pryor, Alex Henderson and Duff Lawrence were named top athletes of the year and received the Associated Men Students' Service Award this morning at the Honors Day Assembly.

Jones was also the recipient of the Charles Christopher Memorial Award. Selection was based on cumulative index, athletic ability and character qualities.

Henderson and Lawrence were selected as co-winners for the Rosenzweig trophy. Selection of the two winners was based on scholarship index, general aptitude index and point rating on athletic ability.

The Freshman Athlete Award of the Year went to Jones in acknowledgement of his spirited play from the left half-back position on the Sun Devil football team. Jones, from New Kensington, Pa., was chosen to be on the high school All-American team during his senior year. As a prep, he made All-State two years in a row.

Pryor, 6'6" first string center on this year's BC championship basketball team was chosen the top sophomore athlete of the year.

He lead the freshman Sun Imps in scoring (17 points a game) and in rebounding last year. This year he averaged 8 points a game. As a prep at McKeesport High School, in Pa., he was the All-Western Pennsylvania choice.

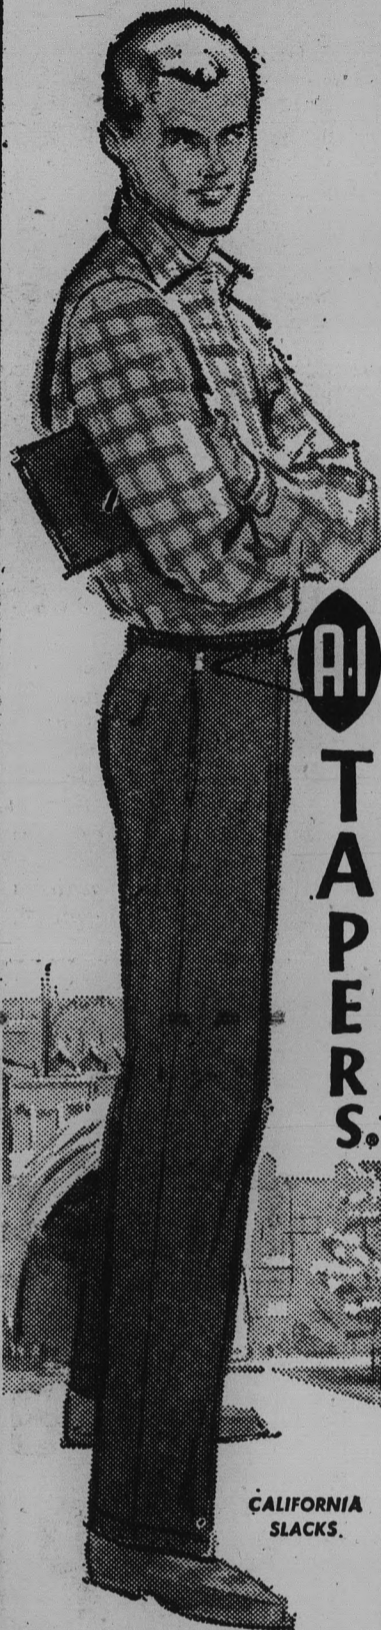

ASU's nationally known distance track star, Alex Henderson, was voted top junior athlete of the year. Henderson holds the U.S. collegiate and

NCAA two mile record with a time of 8:46.3 minutes. He also set a new three mile American College record with a shattering 13:37.1, clocking last spring. Henderson is from Sydney, Australia. His 4:08.2 mile clocking this year ranks him second best in the nation.

Duff Lawrence, top golfer on this year's BC championship team, was named top senior athlete for the year. He was a member of last year's BC championship team and placed third-low medalist at the Houston Invitational where the top golfers of the nation competed. He was low amateur champion at the Phoenix and Tucson Open and the Arizona Open. He won the Flagstaff and Encanto Invitational.

Lawrence set a record 60 on the 72 par Flagstaff course. He won four invitational meets in New Mexico, and as a sophomore, won the Consolation Public Links championship in San Francisco. While attending North High in Phoenix he won the state golf title in his junior and senior years.

FORE MASTERS . . . This pair of ASU golfers will represent the school in the Women's Intercollegiate Golf Tournament at the University of North Carolina. JoAnne Gunderson (left) was the National Women's Amateur Golf champion in 1957 and last year was named to the Curtis Cup Team (America's eight top women golfers). Sherry Wheeler's top golfing achievement thus far was her winning the Western Girl's Junior Golf championship. Miss Gunderson is a sophomore, Miss Wheeler, a freshman.

NEED HEIGHT

Cage Outlook Bright

By VIC FIGARELLI

With two Border Conference basketball champions in two tries behind him, ASU cage coach Ned Wulk tries for number three in '59-60 with the nucleus of another fine team.

"We've got four starters back from last year, along with Tom Hughes, who was our number one replacement," Wulk said.

The four starters returning will be All-BC guard Paul Howard, second team BC forward Al Nealey, center Bill Pryor and forward Gary Norton.

Graduation takes Ed Olson and Paul Denham, who alternated for the first string guard post, and letterman John Bowen. Rich Jarvis, a top replacement last year, will drop from school to go on a two-year church mission.

Besides anticipating help from junior college transfers, Wulk plans to elevate three freshman stars to the varsity next year. The three, 6-6 center Mike McConnell, 6-3 guard Chico Morrison and 6-3 forward Harvey Darche — were instrumental in guiding the Sun Imps to their 13-4 record the season past. A fourth freshman prospect is 6-4 Ollie Payne, high scoring forward-guard for the Imps.

Also returning will be squadmen Troy Neal and Jack Heath.

"We need height up front and have to find a replacement for that empty guard post," Wulk said. "I don't know how we'll do next year, but I do know that we'll be running and screaming, same as always," he added.

His '58-59 Sun Devils ended up in a three-way tie for the BC crown, but lost a chance to go to the NCAA cage tourney when they lost a playoff game to New Mexico State.

Next year's schedule isn't complete yet, but already contracted for appearances in the Sun Devil gym are Washington

State, the Air Force Academy, and Fresno State, along with the customary Border loop teams.

On the Border Conference race next year, Wulk cited New Mexico State as the toughest. "They have another boy coming up from their freshman team who is supposed to be as good as Price," he said morosely. He was referring to NM-SU's sophomore star Bill Price, all-BC center. The Aggies beat the Devils 78-57 in that playoff game for the right to attend the NCAA tournament, with Price playing an important role in the disastrous outcome.

"Texas Western (third member of the trio tied for the BC crown) loses quite a few boys," he went on happily. "But West Texas doesn't lose anybody," he concluded sadly. The West Texans handed the Demons a 103-98 setback early last season at Canyon, Tex.

Hardin-Simmons will be hurt by the loss of their two big boys, Carl Knight and Doyle Edmiston, while Arizona has to build around Ernie McCray, adding to ASU chances for a third crown.

Reviewing the year, the Devils started out with an impressive 89-60 victory over Whittier, but went on to lose three straight road encounters against Missouri Valley Conference opposition. Then came eight straight victories, the highlight of the string coming Jan 2, when the Demons powered past highly-regarded Santa Clara, 80-53.

The Devils took a 103-98 loss to West Texas, breaking their win string at eight, but then proceeded to win seven more before closing the season with four losses in their last five games.

The only consolation the Devils got from those last five games came in their last home appearance Feb. 25, when they routed another good coast club, Pepperdine, 112-78. The 112 points represented the highest

score ever achieved by an AS cage team.

Al Nealey, Paul Denham and Paul Howard finished in that order in individual scoring, Nealey breaking the school one and two year scoring records.

Nealey carded 33 points against Wichita for high single-game scoring honors, and Denham's 30 point performance against Houston was second best. Nealey carded the only other 30-point night the Devils achieved by hitting 30 against ASC-Flagstaff.

The Demons gave the home folks plenty to cheer about last season, winning all 14 of their home games, another first for ASU basketball.

No Depth, No Crown In Track

An apparent lack of depth caused the Sun Devil track and field team to suffer one of its most disappointing seasons in recent history.

Lack of depth, coupled with injuries and flu attacks during the season, kept Devil spikers from their third consecutive Border Conference championship. As a result, the Demons finished second to the University of Arizona.

However, several sparkling performances during the campaign kept the season from being entirely dismal.

New school records were established in the 440, 880 and the discus. Mal Spence ran a 47.1 quarter mile in the Abilene Christian relays for one new standard and the Jamaican flash set a new Border Conference record of 47.4 in the BC championships. Spence also ran two spectacular races while anchoring the relay team against the UofA and in the BC meet. Against Arizona in the dual meet, he was timed at 46.0 and in the conference meet, he ran a 46.2.

Alex Henderson, though sidelined during the latter part of the season with an injured foot and the flu, set a new ASU mark in the 880 in 1:51.5, and had the second-best mile and two-mile times in the nation at 4:08 and 8:56.2, respectively.

The third of the ASU trio of international record breakers is Finnish discus thrower Carol Lindroos. Lindroos threw 172-0 for a new school record, but also was injured and unable to compete during the latter part of the year.

Charlie McGinnis

From Five Classrooms To ASU, Charlie Recalls

Wouldn't it have been fun to have seen our school progress from a normal school, to a teacher training school, to a college, and finally to a university?

Charlie McGinnis has. And he likes to think back on the 38 years he has been watching the school grow. He is also proud that much of this growth was due to his efforts.

Presently with the Campus Police, 68-year old Charlie is still working hard. He recalls when he was a Texas cowpuncher, and later a railroad man. He likes to think of his first year here, 1920, when he was a gardener for Tempe Normal School. Then, for five years, he was head janitor. For the next eleven years he was superintendent of the buildings and grounds, and then, in 1938, he joined the Campus Police. In fact, he remembers that he and another patrolman were the entire police system on campus during the war.

"When I came to work, there were 300 students and five classrooms," said Charlie. "Where the present administration building is, they had the school farm — and the ground that the MU sits on was a great big cowpasture.

"Right then I started wishing there could be a stadium built at the north end of the town. It took quite a while, but this year my wish was finally granted."

As campus patrolman, Charlie has had many exciting experiences with law breakers. Usually, the most serious crime has been the stripping of cars, but he recalls, rather grimly, an event in 1945.

"I was patrolling the campus, when I caught a guy trying to break into North Hall — the girls dorm. He was a big cuss — about six feet tall and must have weighed 200 pounds. He was the wildest thing I ever ran into. When I caught him,

I had to cover him with my gun the whole time — didn't want to give him a chance to do what he was threatening to — kill me . . . I think he would have if he'd had the chance. One thing's for sure — those poor girls sure were scared.

Charlie says he likes working with the students. "They are young, and full of fun — sometimes a bit reckless, but good people at heart. I believe in giving them a fair chance. A policeman is supposed to be a friend, not an enemy . . ."

Gayle Shuman, head of the Campus Police, sums up the feelings of Charlie's friends. "He's number one in my book," says Shuman. "One of the most dependable persons we've got on this campus. He always does a terrific job. I can't speak too highly of him."

One of the legends at the campus police station concerns Charlie when he was superintendent about thirty years ago.

"He got a phone call one day from the Business department asking him to recommend one of his student employees as a possible replacement for the department. Charlie looked over his crew of 25 or 30 boys; picked one; had him scrubbed and dressed; and briefed him on how to act and what to say. The boy got the job.

"His name — Gilbert Cady, now vice-president of Business Affairs."

VICTORY . . . for the name change was officially announced to the campus community by President Gammage election night that returns indicated a two to one margin for Proposition 200.

Salute To ASU

COMMEMORATING FOUR YEARS OF PROGRESS —
WITH A BOW TO THOSE WHO MADE IT POSSIBLE

Almost any four years in the story of Arizona State University that anyone might choose to study and analyze will show growth, expansion, and improvements. The four-year period ending with commencement exercises of the Class of 1959, however, has been tempered by more exciting and phenomenal growth, expansion and improvements than any in the past.

Freshmen registering on this campus in fall 1955 registered at Arizona State College, Tempe, and were part of a student body whose membership totaled some 4,500. Tuesday evening some 1,200 of those students will graduate from Arizona State University, having become members of a student body totaling more than 10,000.

Not only has this institution grown in student numbers, similar increases have been made in the faculty. And to meet the needs of a growing community, the physical plant now has some 60 buildings, many of which were constructed in the last four years.

Rapid increases in enrollment and vast expansion of the physical plant are, however, typical of other Western universities. The most significant change to take place on this campus was finalized Nov. 4, 1958, and ended a four-year fight for proper recognition of this school as a university.

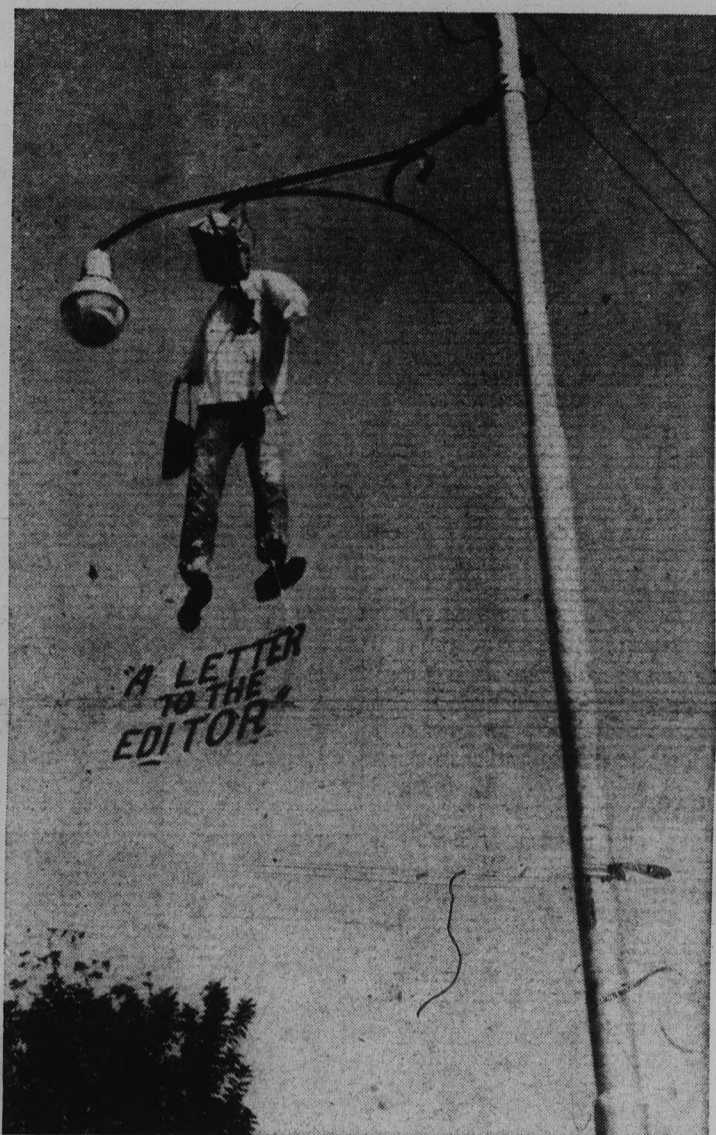

Arizona's overwhelming endorsement of Proposition 200 recognized Arizona State University and its opportunity for further development as one of the Southwest's leading universities.

State Press

Special Section — Page 17

NEW HOME . . . for the Sun Devil football team, Arizona State University Stadium, shown here under construction, opened last Fall. The structure seats some 35,000 people.

CROWNING BLOW . . . to State Press editor, Don Dotts, of the Spring semester 1957, was this gruesome note. Dotts had previously been burned in effigy during pre-game football activities in '56. Dotts survived to become present assistant to Jimmy Creasman.

ELECTRONIC BRAIN . . . became a by-word during the years 1955-1959, the period during which General Electric installed gigantic computers on campus. Here, one section of a computer is unloaded at the side entrance of the Engineering Center which houses the G.E. 'brains.'

A MARCH FOR ASU . . . was made by Arizona State students to the Arizona State Capitol in spring, 1958. The legislature was discussing the name change for this institution. The student protest was sparked by the suggestion of one legislator that Arizona State be named "Tempe University." Students began their march after a rally on campus. Shown at left is then representative from Maricopa County, Joe Haldiman Jr., who talked to ralliers from a capitol balcony.

FIRST LADY ... of Arizona State is Mrs. Gammage, wife of ASU's president. Mrs. Gammage is active in many campus groups in addition to her role as the university's official hostess.

College, Degree Increases Numerous In Four Years

By JIMMIE D. MIZE

During the past four years, Arizona State University has experienced an academic growth rarely equaled in the history of educational institutions.

The most dramatic change affecting Arizona State was its official recognition as a university last year. But since the 1959 graduates registered here in September, 1955, there have been countless other changes.

Four colleges, in 1955, constituted Arizona State College—Liberal Arts, Education, Business Administration, and Applied Arts and Sciences. In 1958, the Graduate College was

added, bringing the total to five.

The College of Applied Arts and Sciences consisted of two divisions — Agriculture and Technology. Pre-professional programs were offered for students planning to enter Veterinary Medicine, Forestry, Architecture, and Engineering.

Now students entering that college may select any one of four divisions — each of which has its own complete faculty and staff — School of Engineering, School of Architecture (the only professional school of its kind in the state), Division of Agriculture, and Division of Industrial Education. Also available to the college is a research center supported by nationally-known industries. Students are employed by the center, and the facilities may be used for special student research projects.

Answering the demand for engineers, the School of Engineering now has eight fields of specialization — ranging from Civil to Nuclear Engineering. In addition, the General Electric computer is available to the school through a co-operative arrangement with G. E.

In 1955, the College of Liberal Arts had fourteen departments, and a two-year program for nursing. Now there are twenty-four departments, broken down into seven divisions. The two-year program for nursing is now a four year School of Nursing — offering its under graduates a Bachelor of Science in nursing.

The university has a new honors program to permit top scholars to earn their degrees largely through individual study, rather than only attending classes.

The College of Education, oldest of the colleges, certainly has reason to feel proud of gains made in these last few years. The Teachers Education program has been expanded into one of the largest colleges of Education in the Southwest. Recently, fields of specialization have been rearranged by department. Fourteen departments cover all phases of education.

The College of Business Administration has also undergone a complete revision in its curriculum during these few years. The tremendous increase in enrollment has required the college to reorganize specialized training courses into ten fields of specialization. Students desiring a broad survey of all phases of business may do so by majoring in one field — General Business Administration.

Six new department designations have been authorized for the college — Accounting, Economics, General Business Administration, Management, Marketing, Office Administration and Business Education.

There are three areas in which graduate students may obtain their masters degree — Economics, Accounting, and Business Administration.

TOPS FOUR-YEAR PERIOD

'59 Sets Academic Standards

ASU's rising academic standards have undergone greater changes this year than in the previous three.

Major changes include: Admissions requirements raised, graduation grade index requirements upped, upper division requirements tightened, introduction of a sliding grade scale, an honors program for gifted students, and College of Liberal Arts grade requirements raised.

According to ASU's academic vice-president, Harold D. Richardson, the scholastic changes are due to a variety of factors.

"Russia's Sputnik space satellite dramatized the problem of quality and quantity in American education. It focused attention on the need of a reappraisal of fairly well-established and long-accepted scholastic policies. And, of course, there is the vast increase in numbers of young people knocking at college doors.

"ASU favors an 'open door' policy of democratic education whereby the opportunity to learn is made available to all students who are eager and able to profit."

In the fall of '55, a high school diploma guaranteed admission to AS and the other two institutions of higher learning in Arizona. But, last January 3, the Board of Regents passed a uniform admissions program for all three schools, which tightens subject-matter requirements and considers graduating high school class rank.

A transitional period from the old admission standards to the new continues until the fall of '61 when the program becomes fully operative.

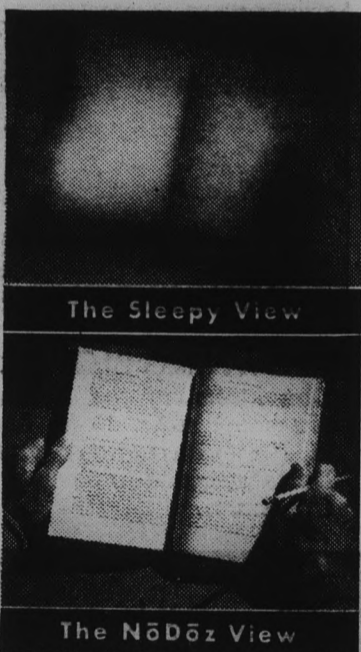

All applicants for admission must have graduated from an accredited secondary school, with at least 16 credits of solid work.

Regular admission will be granted students who rank in the upper three-quarters of their graduating class and who present an acceptable program of secondary school subjects. Students offering an acceptable program of subjects, but who rank in the lower one-fourth of their class, may apply for provisional admission only after testing and counseling show they can carry college work successfully.

Out-of-state applicants, in addition to having taken required courses, must rank in at least the upper two-thirds of their secondary-school graduating class and preferably in the upper one-half.

Incoming students must have four years of English or three years of English and two foreign-language credits, two years of mathematics, two years of American history, or social studies, two years of laboratory science, and enough other electives to total 16 credits. Present ASU requirements are one year less in English, mathematics and science.

In the spring of '56, an ASU graduating senior needed a cumulative scholarship index of 1.75. The minimum graduating index was upped to 1.80 in the fall of '57. Last February 18, the regents approved a 2. cumulative index.

Millions of times a year drivers and students keep awake with safe NODÖZ

Let NODÖZ alert you through college, too

NoDoz keeps you alert with caffeine—the same pleasant stimulant you enjoy in coffee. Faster, handier, more reliable: non-habit-forming NoDoz delivers an accurate amount of dependable stimulation to keep your mind and body alert during study and exams until you can rest or sleep.

P. S.: When you need NoDoz, it'll probably be late. Play safe. Keep a supply handy.

The safe stay awake tablet—available everywhere

Faculty Gains 150 Members

By GORDON PETERSON
From 177 to 327 in four years!

That's the record of increase in faculty at ASU from the fall of 1954 to the present. Another 120 teachers will be added next year.

In the fall of 1955, when this year's graduates were freshmen, an unprecedented 35 new members were added. Since then the number has increased steadily, with 26 added in 1956, 62 in 1957 and 61 this year.

Nearly three-fourths of the faculty taught in the College of Liberal Arts in 1955. The remainder was divided almost equally among the Colleges of Applied Arts and Sciences, Business Administration and Education. Through the years, however, the ratio has changed gradually so that next year the College of Liberal Arts will have slightly more than half the faculty, 262 members; the Col-

lege of Applied Arts and Sciences, 80; College of Business Administration, 60; and College of Education, 45.

Leading the list of new faculty in the past four years is Dr. Lee P. Thompson, who entered ASU as dean of the College of Applied Arts and Sciences and head of the division of Technology and Industry in that college in September, 1955.

The new head of the Music department that year was Dr. Henry A. Bruinsma.

Eighteen teachers were new to the College of Liberal Arts.

The College of Business Administration boasted four new faculty members in 1955.

Five persons were included to the College of Education faculty.

An associate professor and an assistant professor were added in the College of Agriculture.

While the ASU faculty continues to grow, many of its members are making news in the outside world. Writing seems to be the number one avocation of teachers, as hundred of articles, books and stories flow from their pens each year.

One of the most-read of the faculty's books is "The Constitution and Government of Arizona." The book, by Dr. D. R. Van Petten, professor of Political Science, is a standard textbook in most Arizona schools.

Edward H. Peplow, lecturer in Art and Journalism, was commissioned by the Lewis Historical Publishing Co. in 1955 to write a history of Arizona. The three-volume work covers Arizona history from earliest geological times to the present.

National recognition of the pioneering work of this University in the field of modernistic jewelry came in 1956 when two pieces of jewelry by Mrs. Jean Hopkins, of the Art department, were accepted for a two-year exhibition in art galleries of the United States.

One art work, done by Dr. Harry Wood, head of the Art department, in 1956, may well be on exhibition for another hundred years. It is the 10'x18' mural in the student lounge of the then-new MU.

Perhaps the most unexpected honor went to Dr. Peter Zidnak and his wife Laverne in 1955.

Dr. Zidnak was the millionth customer of a Chrysler Corporation "forward look" car, a 1955 Plymouth sedan purchased through Dana Brothers, local Chrysler-Plymouth dealer.

Naiads Perform At Ramada Inn

Naiads, A S U swimming group, were featured at the 11th annual Arizona Association of Public Accountants convention at Ramada Inn recently.

Several numbers were performed to music, including "Registration," "Blue Violins," "Hot Toddy," "Formal Fantasy" and "Coke Date."

Participants were Terri Baldock, Mary Jane Isbell, Judy Wade, Judy Gurney, Patsy Willard, Peggy Willard, Connie Cabbage and Nancy Carlson.

Also, Terry Hopp, Sally Johnson, Kaye Powell and Sandi Smith.

EDITORIALLY SPEAKING —

President's Message

In our Valley of the Sun, blest as it is by nature, there is no sadness about the fall. There is no time here of winter's slowing down, of drawing in until the weather is less threatening, less killing.

But to me this May month has, for many years past, been a time tinged with that sort of sadness. As successive graduating classes left Arizona State University, I have been unable to stifle regret, not only in seeing them go, but in the things left undone during their time with us.

This year, that regret is not so deep, for during the four years the Class of '59 spent with us, such mighty efforts were made, so much was accomplished.

The past four years saw academic growth, physical improvements, doubling of our student body and, finally, recognition from the people of Arizona of our status as a university.

Four years ago we were Arizona State College at Tempe, an upcoming school, with a student body of around 5,000.

Now we are Arizona State University. Over 10,000 young men and women are able to find here excellent educational opportunities in widely diversified fields. ASU has five colleges: Liberal Arts, Education, Business Administration, Applied Arts and Sciences, and Graduate.

Our Graduate College alone has grown to have the largest enrollment of any graduate school in the Rocky Mountain area. It offers degrees in 22 different areas. We now have three professional schools: Engineering, Nursing, and Architecture.

Our campus community now has 60 buildings, all vital to our program of education, research and student development. Our Engineering Center, one of the largest educational structures in the state, opened its doors in February, 1957. Soon afterward, the General Electric Co. installed there the largest electronic computer in any educational institution in the nation, truly a boon to us.

Our long-dreamed-of Memorial Union building became a reality during the time of the Class of '59. In February, 1956, it was dedicated to the education which students receive in the informal process of working, playing and living, outside the classroom.

As more and more students came to us, we began to build Sahuaro and Palo Verde residence halls. When they were opened in September, 1957, Sahuaro housed 300 men and Palo Verde, 400 women. New wings have since been built and this year Sahuaro houses 450 and Palo Verde, 550.

Meantime, construction was begun on our Life Sciences Center and Physical Sciences building, which will soon open, to provide desperately needed classrooms and laboratories, as well as research facilities.

None of us will ever forget, I am certain, the test we took together last year. Blocked again and again from obtaining for our school the university title we knew it deserved, we brought our problems before the voters of the state.

Students, it was your zeal and your sincerity, your sense of the justice of your stand, and your hard work which won the day for us all.

I, for one, will never forget your exultant faces at the end of Election Day, as we cheered together for our victory. It was, indeed, our finest hour.

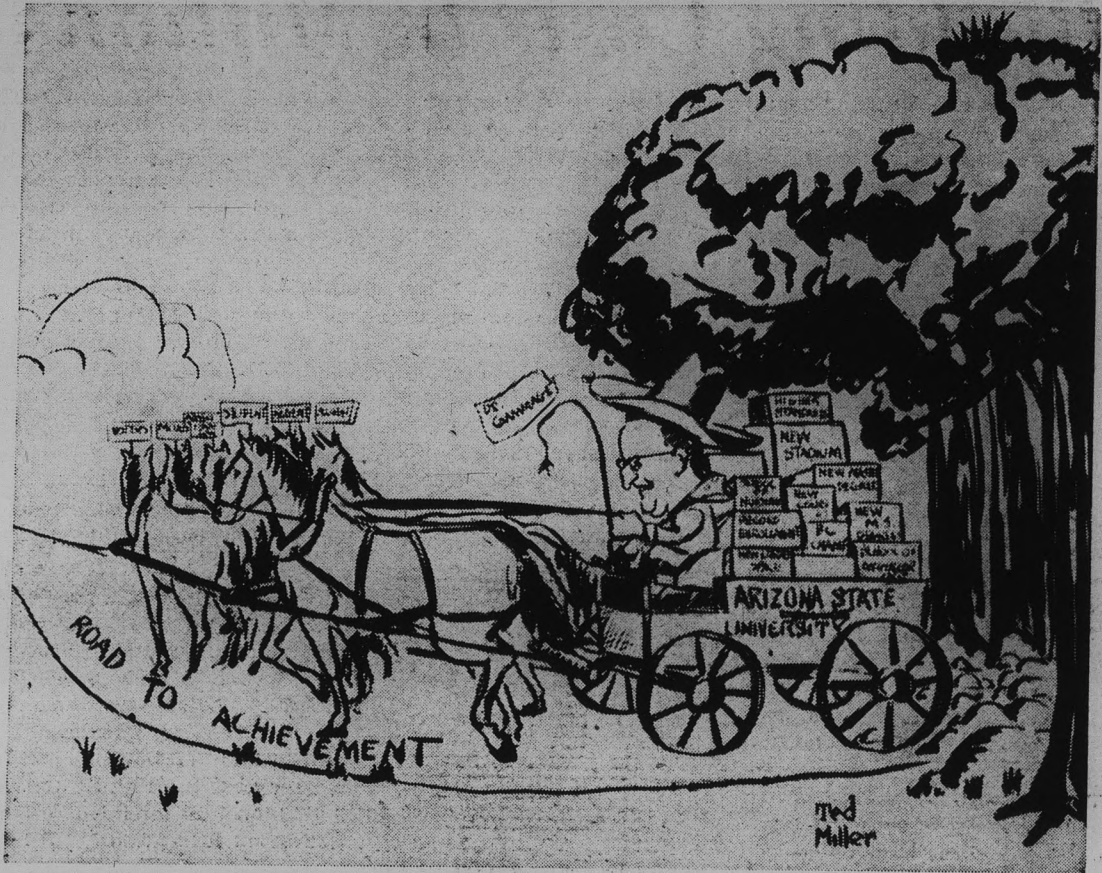

And when we turned that corner, new horizons were before us.

We are still building, still refining our academic program to meet the needs of today's diversified society. And always before us must be the needs of each individual student who comes here. To this end, we are working to extend our academic counseling program, our housing and guidance facilities.

To those who will leave us this year, I say that ASU will continue to strive to be a school in which you can take pride, just as it, now, takes pride in you.

GRADY GAMMAGE

Fine Four-Year Haul

ASASU PRESIDENT SPEAKS

Papa, Teachers Have Grown Up; Take "Broad View" Sumners Urges

By WARREN SUMNERS

You've heard the old story many times, probably. It's the one about the young man who graduated from high school convinced that his father was just about the dumbest man in the world — square, stupid and hopelessly behind the times. Four years later, however, when he returned from college, he was delighted to note how much the old man had learned during those four years.

The situation is pretty universal, and it applies not only to fathers; you can substitute teachers or members of the administration for the father character and come out at the same place.

My teachers and the Administration of ASU have learned a surprising amount during my four years at college. Now, as I approach graduation, I feel reasonably confident leaving the old Alma Mater in their hands.

At this point, the only thing about the Administration, Faculty and Staff I admire more than their ability is their patience. Men and women who have been trained for many years in their respective professions, each year they must put up with the bull-in-the-china-shop enthusiasms of a new crop of eager beavers like us. As I look back over the past four years, I and too many of my friends remind me of Stephen Leacock's famous knight who jumped on his horse and rode off in all directions.

The student government at Arizona State University is comparatively young and almost uniquely autonomous. The ASASU government controls to a surprising degree almost all student activities, outside of the classroom. Even the campus newspaper, the State Press, is granted much more editorial self-determination than many professional newspapers are granted by their publishers and owners.

Yet too often have we students interpreted this freedom as license to criticize, gripe and demand. Actually we should have recognized that the price of freedom

is the maturity and responsibility to perpetuate that freedom by using it wisely for the greatest good. Too many of us have given the impression, at least, that we were aiming to use the powers granted us for our own self aggrandizement.

I have been asked, as retiring ASASU president, to leave a message from our class to those who follow. It is this: ASU, like any great university, is a complex machine. The integral parts of this machine include students, yes; but the other equally necessary parts are the Faculty, the Administration, the Staff, the Regents, and the voters of the State of Arizona.

And let's face it: Of all those parts, we students are the ones with the least experience. We are here to learn, not to teach. We are here to learn leadership, not to foist ours upon the rest of the campus community.

I know from personal experience how constantly forbearing the Administration is of our short-comings. I am completely convinced the Regents, the Faculty and the Administration desire sincerely to lead students along proper paths, not to drive students along arbitrary or ill-considered paths.

Yet, too often I have felt, on the parts of many of my fellow students, a spirit of challenging the Administration, a desire to goad rather than to cooperate. Please believe me that it would be very easy indeed for the Regents and the Administration to curtail greatly the autonomy we now enjoy.

So I urge future generations of Sun Devils to take the broad view of all five aspects of the University, rather than only the necessarily limited and often immature point of view of the students. Never relinquish any of your freedoms; rather preserve them by the most intelligent use of them to build a greater Arizona State University.

Good luck and good learning.

BOOM CONTINUES

Building Costs In Millions

The Memorial Union, Physical Education and Engineering buildings are major construction projects completed since 1955.

The multi-million dollar Life Sciences Center and Physical Sciences building will be completed by September. Additional projects are on the drawing boards.

The big event of the 1955-56 school year was the completion of the \$1,283,571 Memorial Union in December, dedicated to ASU students who lost their lives in World War II.

Construction of the \$231,000 swimming pool and west wing of the men's gym began in July, 1956.

By September, three new dormitories were occupied. The \$400,000 Wilson Hall supplied housing for 148 women. McClintock "B" opened as an honor dorm for about 150 women. M. O. Best Hall opened to 160 men.

Four new stack floors, costing \$125,000, were completed in Matthews Library in May, 1957.

Plans for construction of Sahuaro and Palo Verde Halls, to house 350 men and 450 women, respectively, were approved by the Regents. The \$2.5 million project included self-contained food service in each unit.

Additional wings to accommodate 150 students in each hall were approved by the Regents in November, 1957, at a total cost of \$800,000.

Another big project finished in 1956 was the \$100,000 remodeling of the Lyceum and Arts buildings.

In March, 1957, the million-dollar General Electric computer, largest in the academic world at that time, was installed in the just-completed three-story Engineering and Technology Center. The second and third floors of the Center,

vacated by GE engineers in January 1959, will be used for offices, laboratories and classrooms.

A legislative appropriation of \$800,000 for the new football stadium was approved on March 14, 1957. The Tempe Butte site was approved in June by the Regents, and ground-breaking ceremonies were held Dec. 1. The new stadium was used for the first time in October, 1958. The 35,000-seat stadium was filled to 85 per cent capacity at each of the five games played there.

MU CLOCK... favorite time piece of students has the hours marked by 12 letters, A - R - I - Z - O - N - A S - T - A - T - E.

Alpha Hall, erected in 1902 at a cost of \$48,000, was razed early in 1958 to provide space for the new Life Sciences Center which will contain 89,000 square feet when completed this September. The three-story building is being erected with the aid of a \$250,000 grant from the U. S. Public Health Service. TKG Construction Co. of Phoenix received the contract for the Center from the Regents on Feb. 19, 1958.

Bids were opened May 16 for the \$1,460,000 Physical Sciences building to be completed this September.

A \$6 million ASU building budget for the next two years was approved by the legislature this Spring. A new \$1,400,000 Liberal Arts structure is planned east of Matthews Library. Another building, to be located near the 10th St. Grammar School, is intended for the College of Education.

Other projects include a central refrigeration system for the two new science buildings, \$400,000 for an addition to the Physical Sciences building, additions to the Administration building and Life Sciences Center, and a three-story wing for the Engineering Center. Also, planned are modification of the laboratory school to provide four classrooms for university use, and the addition of a new boiler to the heating plant.

The biggest question in future construction concerns the possibility of a medical school at ASU. The Life Sciences Center is constructed to provide for expansion for a two-year medical school. A four-year school would require a training hospital. The Regents are now seeking \$200,000 to study the matter. A \$565,000 offer from Scottsdale philanthropist Walker McCune to pay for the new school is awaiting Regent action.

OPENING CEREMONIES... of the Memorial Union were attended cheerfully by members of the campus community when the building officially opened in the Spring of 1956.

"How can I be sure you've got some Camels?"

More buxom blondes with shipwrecked sailors insist on Camels than any other cigarette today. It stands to reason: the best tobacco makes the best smoke. The Camel blend of costly tobaccos has never been equalled for rich flavor and easygoing mildness. No wonder Camel is the No. 1 cigarette of all!

Leave the fads and fancy stuff to landlubbers...

Have a real cigarette - have a CAMEL

44, 45, 46, 47 . . . to seven! students and yell leaders shout after victory over the UofA which meant Border Conference football championship for Arizona State in 1957.

Sun Devil Athletics Climb In Stature Over 1955-59

By JEFF KIEHL

The athletic fortunes at Arizona State during the last four years have been nothing short of phenomenal. Not many schools of comparative size and calibre can boast of the athletic achievements attained by ASU in recent years.

The football team, under the direction of Dan Devine in 1957, swept through an undefeated season and the Border Conference Championship. Both press services rated the Devils among the top dozen teams in the nation, and a West Coast scribe stated, "It was just too bad the Sun Devil gridders could not have been the West's representative in the Rose Bowl."

Backfielders Leon Burton, Bobby Mulgado and Joe Beland all finished among the top ten in the nation's rushers, with Burton and Mulgado placing first and second in scoring.

During his three years at ASU, Devine posted a terrific record of 27 victories, 3 losses and only one tie.

This past season, Devine became the head mentor at Missouri, and his line coach for three seasons. Frank Kush, took over the helm at ASU. The Sun Devils had another highly successful season, winning seven of ten contests, including a 47-0 shutout over Arizona.

ASU's basketball fortunes took a decided turn for the better when Ned Wulk took over as head coach. In his initial campaign in 1957, Wulk's charges won the Border Conference title. It was the first such championship ever won by the Sun Devil basketball team, and the first time in the history of the school for an NCAA tournament berth.

The 1958-59 highlights saw Al Nealey break an all-time seasonal high scoring average, as the 6-4 junior averaged 18.1 points-per-game. The previous mark was held by Dave Graybill at 17.7 in 1955. Another highlight was in the final

home game of the year, when reserve guard Jack Heath dropped in a free throw against Pepperdine. The point was the 109th of the game and broke the Sun Devil Gym record of 108, set in 1957 against Loyola. The Demon cagers scored three more that night for a new 112 high.

In his six seasons as head track coach, Senon "Baldy" Castillo has attained national track and field recognition for ASU. Since the 1955 season, Castillo has brought to ASU a bevy of international stars. Among the international lot are: Alex Henderson, who holds the US college 2-mile record and the American track record in the 3-mile; sprinter Dennis DaVallance; the fabulous Spence twins, Mal and Mel in the middle distances. Mal holds the ASU school record of 47.1 in the 440, while Mel has been a consistent performer in the 880; and discus thrower Carol Lindroos, who is presently third ranked in the nation. Henderson and DaVallance are from Australia; the Spences hail from Jamaica; and Lindroos comes from Finland.

One of the greatest athletic advances at ASU took place this year, with the development of the baseball program. For the past several seasons, the team struggled along without sufficient funds for equipment.

Young, ambitious Bobby Winkles came from the ranks of professional ball, and put ASU on the collegiate baseball map, winning 27 and losing only 18. This was a terrific accomplishment, when you can remember, just five years ago that students had to petition to field a team.

At this point in our history, golf — is the most prominent ASU sport (record-wise). In three consecutive years, under three different coaches, the Sun Devil linksters have won the BC crown and have placed among the top ten in the NCAA tournament.

ASU Is Convention Center For Thousands Of Students

Thousands of western students from colleges and universities have visited the Arizona State campus during the past four years.

Over 900 student delegates attended four major conventions here. At the Pacific Student Presidents Association, Spring, 1957, there were approximately 200 students from 120 schools.

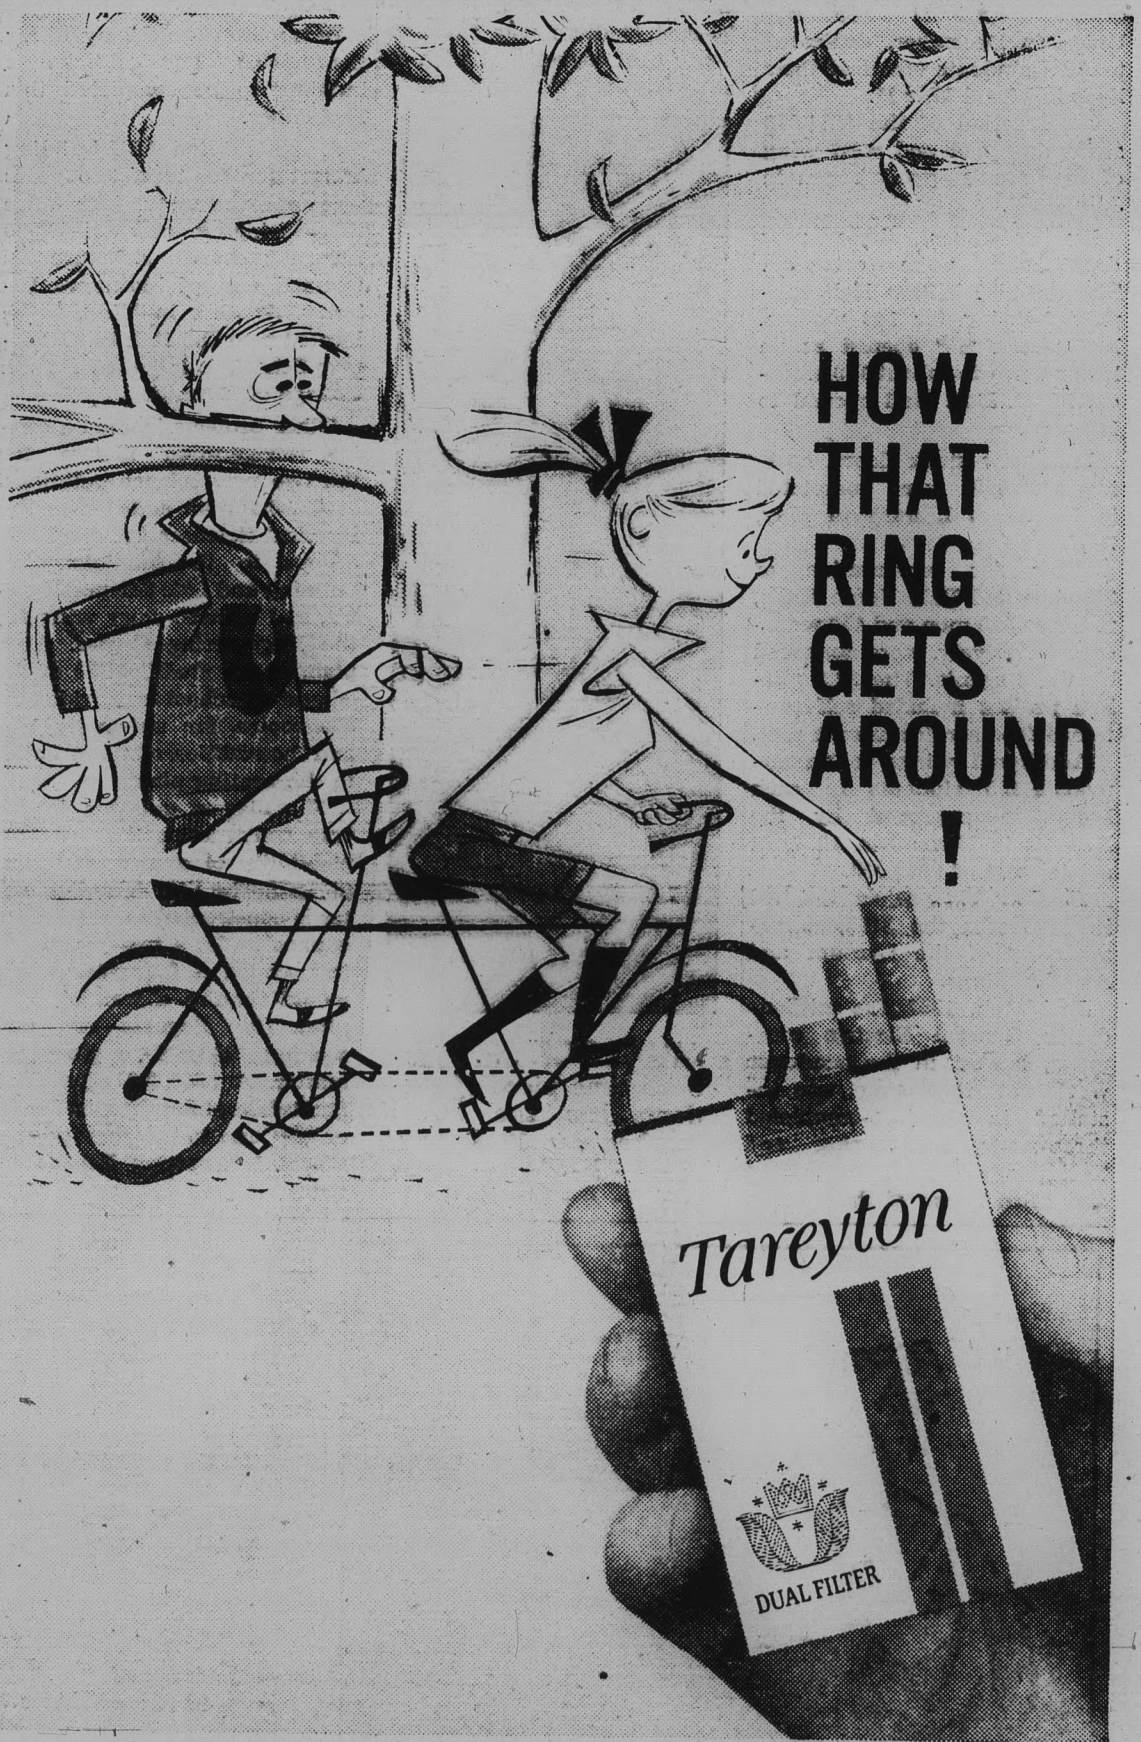

The Rocky Mountain Collegiate Press meet, a three-day convention last Spring, hosted approximately 100 students from 37 western colleges and universities.

The Memorial Union Convention, in Oct., 1958, received another 100 attendants from six western states.

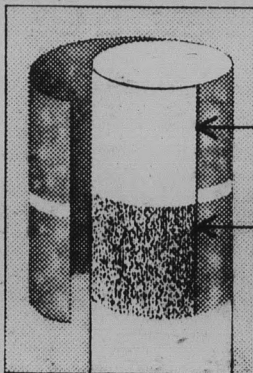

The most recent major convention at ASU was sponsored

by the Intercollegiate Association of Women Students. Approximately 500 women participated in the program.

In addition, several thousand people have taken part in numerous other campus gatherings, such as dance symposiums, vocal workshops, district fraternity and sorority meetings and safety programs.

THE TAREYTON RING MARKS THE REAL THING!

HERE'S HOW TAREYTON'S DUAL FILTER WORKS:

1. It combines an efficient pure white outer filter . . .
2. with a unique inner filter of ACTIVATED CHARCOAL . . . which has been definitely proved to make the smoke of a cigarette milder and smoother.

Grants, Donations Aid ASU

One could search for hours through dusty files and time-yellowed papers and still not find out about all the grants received by this university.

Such sponsors as the National Science Foundation, the office of Naval Research, the American Cancer Society, and the U. S. Atomic Energy Commission have given millions of dollars in grants.

Two prominent results which accrued from grants and donations are the million-dollar computer provided by General Electric Co. and the 1½ million-dollar Memorial Union student center.

The ASU Foundation has provided hundreds of thousands of dollars in credit to finance land purchases which have saved the taxpayers considerable amounts of money.

As a result of a gift from the late Oliver B. James, Mathews Library houses one of the finest collections of American Art west of the Mississippi. Also, among the library's works are seven masterpieces of Renaissance and 17th century art, including Ambrosius Benson's "The Nativity" presented by Mr. and Mrs. Lewis J. Ruskin of Scottsdale. The library has also received many books as donations.

Arizona State received a solar furnace through the ASU Foundation, and the spectrographic laboratory is a gift of Kennecott Copper Co., Ray Mines Division.

Scholarship contributions are numerous. For the period ranging from January 1 to December 31, 1958, the university received more than \$80,000 in special scholarships.

Many grants have been given to university personnel. Dr.

Willard Abraham received a grant for his study of bi-lingual children.

The National Science Foundation gave Arizona State a grant for institutes to improve the ability of high school teachers in the fields of Science and Mathematics. ASU received from the U. S. Public Health Service, a grant for research equipment in the Life Sciences Center.

The Engineering department has been the recipient of many sizeable donations from such companies as Westinghouse, Min-a-Con Equipment Co., General Electric Co., and the

Sun Angel Foundation.

One of the principal claims of supporters of Proposition 200 was that recognition as a university would beget many more such grants for Arizona State.

The truth of this claim has been proven by grants and donations received from industry and individuals since the name change.

The ASU swimming pool will be open May 25 through 27 for recreational swimming from 10 to 12 noon, and 1 to 4 p.m.

The pool will be closed from May 28 to June 8 for cleaning and repair.

'College' At Tempe Is But A Memory

Arizona State experienced its "finest hour" in November when it was granted university status by Arizona voters.

The name change question had been a hot one since 1954, when Arizona State became a university in all but name. The November 4 election culminated years of campaigning blocked by vigorous opposition.

Door-to-door enthusiasts, plugging the name change, canvassed neighborhoods, distributing pamphlets explaining the ASU proposal. Almost

every means of communication was used — telephones, radios, T. V., while city clubs engaged speakers to further clarify the situation.

Students rallied throughout the Phoenix area, and car stickers urging voters to "vote yes 200" carried the debate cross-country. "Vote Yes" buttons were sold to promote circulation of the proposition.

The case for ASU should have been a simple one. By every standard it is a university, promoters argued; It should therefore be called a university. Even the Tucson Arizona Daily Star stated in an editorial that "... the institution can now be fairly called a university." The opposition continued, however, becoming stronger each year.

To the question, "Can Arizona support two universities?" came the answer that Arizona taxpayers had been paying for a second university since 1954. When the argument as to confusion in names was thrown in, attention was directed toward the eight other states which had recently made the name change, and who reported no such confusion.

The climax to these years of effort came on November 4, when the student body of Arizona State gathered in the Memorial Union to count the incoming votes for Proposition 200. Students watched the blackboard anxiously. Then came the announcement that 200 yes won. The students cheered and flocked to the new stadium en masse to celebrate the "New U."

NEW STACKS . . . for Mathews Library were installed during the academic year 1955-56. Here they are inspected by Mr. Harold W. Batchelor, head librarian.
