No. 1

## Coed Golfers Win National Recognition

Sue Meerdink and Carol Sorenson, members of ASU's women's golf team won the National Collegiate Athletic Association women's golf team championship Tuesday.

Sue Meerdink came in second with a 75 and Carol Sorenson shot a 76 taking third place in the 18-hole qualification rounds at the University of New Mexico, Albuquerque.

Match play in championship and two subordinate flights started Wednesday at the 18th annual National Intercollegiate College Women's Tournament.

The tournament will end Saturday with a 35-hole final.

June Robinson, Oregon State, fired five-under par 71 to take medalist honors.

Miss Robinson's 71 was one over the women's course record established by ASU's Jo Anne Gunderson, 1961 women's intercollegiate winner.

Sue Meerdink, a junior from Muscote, Iowa, was a semifinalist in the 1961 women's collegiate tournament held at the University of Michigan.

Carol Sorenson, a sophomore from Janeville, Wisconsin, took the 1961 USGA Junior Girls champion and 1961 Tucker Collegiate Women's champion.

## Group Sings In Europe

ASU will be represented in Europe this summer by five students, part of "The Phoenicians," a singing group who will entertain overseas servicemen and their families.

The 20 "Phoenicians," members of the YMCA and Valley of the Sun youth chorus, are employed by the U.S. Defense Department.

ASU students in the group are Pat Thayer, junior; Dan Baker, sophomore; Ed Humphrey, junior; Ron Ryan, freshman, and Gary Miller, freshman.

Last year, "The Phoenicians" were awarded a "certificate of esteem," highest award of merit, and were judged the "number one group" in the Orient.

A preview of the tour show will be at West Phoenix High School auditorium at 8 p.m. Friday and Saturday.

The group will sing Broadway tunes, folk, western, pop and Roaring 20's songs.

"The Phoenicians" leave for Hamburg, Germany, June 11 from Sky Harbor Airport.

REPRESENTING ASU — Golf champions from left to right, Barbara Beuchman, Sue Meerdink, Carol Sorenson and Rosalie Sheedy are at the University of New Mexico, Albuquerque, representing ASU in the Women's Collegiate Golf Tournament this week.

## Singers Open First Outstanding Of Summer Series Movies Set At Cosner

Virginia Peterson, soprano and Alan Gilbert, baritone will open the first of the summer session concert and lecture series in the Memorial Union Tuesday evening.

"Songs and Duets from the Theatre" will be presented at 8 p.m. in the MU ballroom. The program is open to the public free of charge.

Virginia Peterson has sung with the New York City Center Opera and has starred in a number of local productions.

Alan Gilbert was active in New York theatre and Broadway shows for many years and has directed a number of operas and musicals in Arizona. This summer he will go as an assistant to Martial Singher at the Music Academy of the West in Santa Barbara.

The program will include several solos by both vocalists and they will join in several duets.

They will be accompanied by Anne Riggs.

Wednesday will feature a coffee hour in the upper lounge from 9 to 10:30 a.m. and a trip to Taliesin West in the afternoon.

Cost of the tour to the late Frank Lloyd Wright's architectural school will be fifty cents and those interested in going are asked to meet at 3:15 p.m. in the lobby of the MU.

"The Current Art Market" is the title of a lecture to be presented Thursday in the Memorial Union banquet room at a luncheon from 12:30 to 2 p.m. Ned J. Buchman, assistant curator of education at the Phoen-

nix Art Museum will be guest lecturer.

The luncheon will cost \$1 and reservations must be made by noon Wednesday at the information desk in the MU lobby.

Friday at 4 p.m. a recorded Jazz concert is scheduled in the upper lounge.

A solo recital featuring student artists from the Arizona High School Music Camp, opening next week on campus is open to the public Friday evening at 7:30 in the MU ballroom.

## Russian Minor Offered Students

A minor in Russian will be offered at Arizona State for the first time in September, according to Dr. Russell K. Bowman, chairman of the Foreign Language department.

Classes will be offered in Russian Composition and Conversation, Survey of Russian Literature, Scientific Russian and the first and second year courses presently offered.

Dr. Sanford Couch, of the University of Wisconsin, has been appointed to the staff of the Language department. He has completed a doctorate in the Department of Slavic Languages and Literatures at the University of Wisconsin.

Dr. Couch, the author of a textbook for Russian students, is currently in Russia in charge of a study tour sponsored by the Carnegie Foundation and Indiana University.

## Outstanding Movies Set At Cosner

Three well known movies are scheduled at Cosner Auditorium through next Friday.

Tonight at 7:30 "Viva Zapata," starring Marlon Brando, Jean Peters, and Anthony Quinn, will be shown for the last time. Reviews describe the film as the portrayal of, "a simple, noble man who helps win a revolution and then becomes confused by the evilness of those who helped his rise to power. Based on the life of the heroic revolutionary who helped overthrow the tyrannical regime of Diaz, Zapata here emerges in his epic courage and tragic downfall."

Beginning Monday at 7:30 is "Dumbo," Walt Disney's charming and amusing cartoon feature. In technicolor, the film features nine song hits and action galore.

"Dumbo, the story of a baby circus elephant, is king sized fun," say the reviews.

Showing Thursday and Friday at 7:30 p.m., will be, "Kiss Me Kate," also in technicolor.

"The backstage conflict of a husband and wife playing The Taming of the Shrew, approximates the violent activities on-stage and sometimes gets thoroughly confused with them. A robust burlesque of Shakespeare's comedy, mixed up with modern gangster and show-folk farce, with exhilarating song and dance numbers." Starring are Kathryn Grayson, Howard Keel, and Ann Miller.

## Registration Completed

Approximately 6,000 students registered for first summer session. This figure exceeds by 1,000 last summer's first session figure.

Wilson hall, housing women students presently is full while Best A and B men's dormitories are near capacity. Over 325 students are staying on campus.

Sunday, more than 300 high school students from all over Arizona and out-of-state will arrive for the 17th annual All-State High School Music Camp.

Directed by Mr. and Mrs. Miles Dresskell, the three week camp features work in music, the dance and art.

These high school students will be housed in North, South and Irish halls, and will have full use of the MU cafeteria.

Nearly 250 teachers are again assuming the student role in order to increase their competence as science and mathematics instructors by attending six institutes sponsored by the National Science Foundation, Washington, D.C.

Dr. T. W. Munch, associate professor of Science Education; Dr. Gordon L. Bender, professor of Zoology, and Dr. Val Galasyn, assistant professor of Chemistry, will conduct the institutes.

Also, Dr. John N. Aronson, assistant professor of Chemistry; Dr. Lehi T. Smith, assistant professor of Mathematics, and Dr. Ernest W. Snyder, associate professor of Science Education will conduct institutes.

## Nine Professors Granted Leaves

Second semester leaves have been approved for Dr. Fred B. Lindstrom, associate professor of Sociology, and for Dr. Alfred von der Heydt, associate professor of German.

Dr. Joel A. Benedict, professor of Education and director of the audio-visual center, has been granted the same leave to serve as visiting professor of education in Indiana University's Nigerian project.

Leaves which are in effect but were extended through next year were given to Dr. Richard H. J. Pian, professor of Engineering who is working in the SEATO Graduate School of Engineering at Bangkok, Thailand, and to John Waddell.

Waddell, associate professor of Art, is currently completing additional art study in Mexico.

Granted year leaves were Richard Barrutia, assistant professor of Spanish, and David L. Horowitz, assistant professor of English, for continuation of studies towards doctorates.

Mrs. Ramona Plummer, assistant professor of Physical Education, and Mrs. Mary E. Schall, a first grade teacher at the Payne Training School, also were granted one-year leaves.

THE STATE PRESS, distributed by the campus chapter of Sigma Delta Chi under the direction of Circulation Manager Mike Barrick, is the official campus newspaper of Arizona State University. It is published each Wednesday and Friday throughout the school year, excepting holidays, and is entered as second class matter at the Tempe, Arizona, Post Office under the Acts of March 3, 1879, and August 24, 1912. Subscription price, \$3 per school year.

THE STATE PRESS is a member of the Arizona Newspapers Association, Associated Collegiate Press and National Advertising Service, Inc.

## Campus Haunts Tell Hours

Hours of various air-conditioned places close to campus where students can hide from the sun are as follows:

|                              |                       |                         |                        |
|------------------------------|-----------------------|-------------------------|------------------------|
| Memorial Union:              | Monday through Friday | 7:00 a.m. - 10:00 p.m.  |                        |
|                              | Saturday              | 8:00 a.m. - 10:00 p.m.  |                        |
|                              | Sunday                | Closed                  |                        |
| Games Room and Bowling Lanes | Monday through Friday | 10:00 a.m. - 10:00 p.m. |                        |
|                              | Saturday              | 10:00 a.m. - 10:00 p.m. |                        |
|                              | Sunday                | Closed                  |                        |
| Cafeteria                    | Monday through Friday |                         |                        |
|                              | Breakfast             | 6:45 a.m. - 8:00 a.m.   |                        |
|                              | Lunch                 | 11:30 a.m. - 1:00 p.m.  |                        |
|                              | Dinner                | 5:00 p.m. - 6:00 p.m.   |                        |
|                              | Saturday              |                         |                        |
|                              | Breakfast             | 7:30 a.m. - 8:00 a.m.   |                        |
|                              | Lunch                 | 11:30 a.m. - 12:30 p.m. |                        |
|                              | Dinner                | 5:00 p.m. - 5:45 p.m.   |                        |
|                              | Sunday                |                         |                        |
|                              | Dinner                | 12:00 p.m. - 1:00 p.m.  |                        |
|                              | Devil's Den           | Monday through Friday   | 7:30 a.m. - 4:00 p.m.  |
|                              |                       | Saturday                | 8:00 a.m. - 11:15 p.m. |
| Sunday                       |                       | 5:00 p.m. - 7:00 p.m.   |                        |
| Corral                       | Monday through Friday | 8:00 a.m. - 1:00 p.m.   |                        |
| Bookstore                    | Monday through Friday | 8:00 a.m. - 4:30 p.m.   |                        |
| Library (Matthews)           | Monday thru Thursday  | 7:00 a.m. - 9:00 p.m.   |                        |
|                              | Friday                | 7:00 a.m. - 5:00 p.m.   |                        |
|                              | Saturday              | 8:00 a.m. - 5:00 p.m.   |                        |
|                              | Sunday                | 2:00 p.m. - 5:00 p.m.   |                        |

## Publication Circles Globe From ASU

By BOB ZACHE

A publication which reaches the four corners of the world has its headquarters here at ASU.

Located in a quonset hut across College Avenue from the Agriculture building, the Jaques Cattell Press, Inc. publishes "American Men of Science," "Directory of American Scholars" and "Leaders in Education."

"American Men of Science" is a biographical directory of scientists in both North and South America who have contributed greatly to their field of endeavor. The first edition was published in 1906 and carried 4,000 entries.

This year, the 10th edition will be published in five volumes and will have about 112,000 entries.

A considerable percentage of the scientists listed work outside of universities; in industry, hospitals, agencies of the government and armed forces.

Most industrial laboratories and public libraries in the United States keep the publication on hand.

Performing similar services in their fields are the "Directory of American Scholars" and "Leaders in Education."

Last fall the Jaques Cattell Press became a subsidiary of the R. R. Bowker Company of New York.

The Bowker Company is known throughout the world for such directories as "American Architects Directory," "Who's Who in American Art," "Ulrich's Periodicals Directory" and "American Library Directory."

It is also well known for its journals: "Publishers' Weekly" and "Liberty Journal."

The Jaques Cattell Press was founded in 1940 by Cattell at the time he started his prominent "Humanizing Science Series."

He had continued production of the "American Men of Science," which was first published in 1906 by his father, J. McKeen Cattell.

The late Dr. Grady Gammage, ASU president for 26 years, invited Cattell to set up editorial and publishing headquarters at ASU in 1958.

Cattell accepted, and space in the quonset hut was rented to the firm for its operations.

After the death of Cattell in 1960, his wife, Mrs. Elizabeth Walsh Cattell, took over the concern and is now vice president and resident manager.

About 30 people work in the quonset hut collecting, writing, editing and proofing the biographies.

After the completion of the current edition of "American Men of Science," the firm plans to move into publication of the "Directory of American Scholars" and a new edition, "Directory of the American Psychiatric Association."

The men's gym will be open to students for recreation purposes during summer session on Monday and Wednesday from 2-9 p.m. and Tuesday, Thursday and Friday from 9 a.m. to 5 p.m.

## Athletic Activities Promoted

For the first time, the Intramural department is offering a summer intramural activities program.

Activities include archery, badminton, bowling, swimming, volleyball, and weight lifting and conditioning.

Registration for all of these activities will be taken in the intramural office in the basement of the MU until 4:30 p.m. tomorrow. Swimming does not require registration and a registration fee will be charged only for bowling.

Each participant will furnish his own personal equipment with some game equipment being furnished by the school. Rules governing the activities will be the same as the regular rules used during the school year. However, some rule changes will be necessary for scheduling purposes.

W. Bill Watkins, Student Intramural director, states, "We feel that the activity needs of the student body should be provided for and there is no better way to accomplish this than through organized sports."

Events for the first session are scheduled as follows:

- Archery, Tues. & Thurs. Evenings 6:30-9:30 p.m.
- Badminton, Tues. & Thurs. Afternoons 1:30-3:30 p.m.
- Bowling, Tues. & Thurs. Evenings 6:30-9:15 p.m.
- Swimming, Daily See pool hours
- Volleyball, Mon. & Wed. Evenings 6:30-9:30 p.m.
- Wt Lift & Cond., Mon. & Wed. Arr.

## Computer Vies With Human Wit

By DON YEAGER

Will computers ever replace men?

"Definitely not!" says Bob Stas, a computer specialist at the ASU computer installation.

"A computer can't do a thing until it is in some way told what to do by a human being," he said.

The computer, owned and operated by General Electric, is located in the Engineering Center.

It is one of the largest and most elaborate computers on a college campus.

The first large-scale computer at ASU was installed in March, 1957. In June, 1960, that computer was removed.

By October, 1960, the present General Electric computer was installed.

Counting in binary arithmetic, the computer can do scientific and business problems and is capable of approximately 15,000 additions or subtractions per second.

Three thousand printed circuit boards eliminate many miles of wiring within the system.

The humidity of the room housing the computer is kept at a constant 58 per cent relative humidity and 75 degree temperature.

Also, the room is practically dust proof.

This is a result of the air conditioning filters, which filter the air twice.

## Sounds Of Summer

By LINDA WARREN

IT'S AN EERIE FEELING every afternoon about 12:30 or 1 p.m. when the campus begins to clear. Cars scuttle along the pavement like roaches heading for a cool recess, as the sun squelches enthusiasm, energy, and will power. It's especially eerie to think that the more people who go home, the less the chance that they will make news. Thus, the harder we will have to work to find something worthwhile to print.

This week we are hurtin' for newsy items. Next week we hope to be in better shape. In the mean time, we are located in Room 211 of the Memorial Union and invite you to utilize our services.

We also invite you to drop in if you're an especially interesting person, and we will make copy out of you! For those of you who aren't especially interesting, you're assigned to DO something of interest. Then we can relax up here by boosting egos in our air conditioned office instead of beating the hot pavement.

**ATTENTION KAPPA DELTA PI MEMBERS!** We have received a note from Arlene Przonowski announcing an informal luncheon to be held in the Memorial Union Cafeteria, Wednesday, June 27 at 12:30 p.m. Members can meet and chat with new Kappa Delta Pi members from all over the state and country who are attending summer school. Registration should be made in Dr. Maurice Lewis' office in the Education building.

**A SERIES OF SUNDAY NIGHT** discussions will begin this Sunday at 6 p.m. with a buffet supper. Sponsored by the Wesley Foundation, Westminster Foundation, Congregational Fellowship, Disciple Student Fellowship, Lutheran Student Association, and American Baptist Student Movement. "Exploring Christian Existentialism" is the topic and Dr. Donald Gieschen will begin the study of "The Sickness Unto Death" by Soren Kierkegaard. This study will last four weeks and will be a combined book study and lecture series. Campus pastors and ASU faculty members will be featured each week.

**THIS DISCUSSION TIME** each week is an attempt by the various religious groups on campus to coordinate a program combining the strengths of the several organizations. It sounds like a terrific idea and should afford a challenge to all those participating.

**SCHEDULED AFTER THE EXISTENTIALISM** discussion Sunday night will be a member of the Maricopa County Medical Society on the King Anderson Bill — "Medicare" for the aged. Dr. F. A. Shannon, M.D. from Wickenburg, will give a Socialist analysis of this bill. Dr. Shannon is a member of the Maricopa county Socialist Party.

He is sponsored by the Wesley Foundation, 347 E. 8th Street at 8 p.m.

**WITH EXISTENTIALISM,** socialism and a multitude of coffee hours, concerts, and movies over the weekend, things don't look quite so dull do they? We might also suggest Friday nights at the Library where the atmosphere and music are bound to cool the sweating brow of the most serious student.

## LITTLE MAN ON CAMPUS

LOUISE IS A GRADUATING SENIOR — IT'S HER LAST CHANCE TO CATCH A MAN.
