No. 5

GRRRREAT SCOT! — Hollywood's famed Lt. Col. John D. Craig poses with a friend he made on his world-wide tours. Featured in the MU ballroom at 8 p.m. next Tuesday, Col. Craig will highlight his talk of the adventurous life with films.

High Adventuring Craig To Appear

An African lion, Australian surf lifesaving, life aboard a Chinese junk, the hunt for a man-eating tiger near Viet Nam, and undersea treasure diving will be presented in a color film story at ASU, Tuesday evening in the MU ballroom.

The 8 p.m. illustrated lecture, entitled, "High Adventuring with Colonel Craig," is open to the public free of charge.

Hollywood's documentary adventurer and noted television producer, John D. Craig, who will lecture and show his films, is known nationally for his television programs, "Danger Is My Business," "I Search for Ad-

venture," "The Kingdom of the Sea," and "Expedition."

His specialty is making documentary films of strange places, jungle life and undersea fairylands. During World War II, Col. Craig and his air force combat cameramen filmed the air war on all fronts. As officer in charge of air force motion picture units, he photographed the Bikini atom bomb tests. He has six medals, ten battle stars and the Purple Heart to show for these war efforts.

He is author of Literary Guild book-of-the-month selection entitled, "Danger Is My Business."

"To me," Craig says, "the way of life of people who live in far places is most exciting, different and sometimes hazardous. Their activities make up fascinating segments of this interesting world we live in."

The tiger sequence in the Tuesday night program at ASU, shows the village of Djerring where Craig seeks out K'ba, headman of the Moi Mountain tribe and protector of his people. K'ba requested assistance in destroying a very cunning tiger known as the Man-eater of Danja.

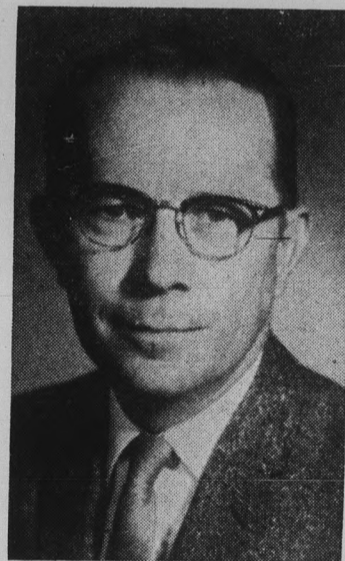

The Moi people hunt with a primitive crossbow, and in photographing their activities, Craig encountered a challenge that few photographers meet. His camera records events as the people follow the tiger on foot and also through dense rain forests on elephants.

Finally, the tiger that killed a man a week for two and a half years is destroyed.

Hall Elected Alumni Head

Wayne Hall, certified public accountant, has been elected president of the ASU Alumni Association.

A 1941 graduate of ASU, Hall has served on the Alumni Board for the past two years. He succeeds Mesa attorney Wayne E. Legg in the presidential post.

WAYNE HALL

Legg will remain on the Alumni Board as past-president.

Other officers and board members are: T. Joseph Mahoney, judge of the Pinal County Superior Court, first vice-president, re-elected; Donald L. Cramer, vice-president of Lewis Offerman Investment Securities Co., second vice-president; and Ralph A. Watkins Jr., Bankers Life Insurance Co. of Nebraska, third vice-president.

Also, Thelma Price Alexander, Phoenix teacher, secretary; George Morrell, ASU purchasing agent, treasurer, re-elected; Harry Mehrtens, PBSW Supply and Equipment Co., director, re-elected; and Del Bennowitz, vice-president of Home Savings and Loan Association, director.

Remaining on the Alumni Board to complete two-year terms as directors are Ed Carson, vice-president of First National Bank of Arizona; and L. Ray Haire, attorney. John R. Sandige remains on the Board as trust officer.

Martinez To Conduct Mexico Tour

Mexico City, Cuernavaca, Xochimilio and Acapulco will be the high spots of a fourteen day auto caravan through central and western Mexico leaving ASU on August 27.

ASU's Dr. John R. Martinez, history professor, will conduct the tour which is available for \$135, which includes transportation down and back, lodging and breakfast and lunch each day.

Aztec ruins, floating gardens, the huge open air market at Toluca, the University of Mexico, and bullfights will be among the sites visited.

Reservations for the tour may be made with Dr. Martinez in the History Department or at ext. 424.

Correspondence Courses Available Through Extension

Courses by mail, offered through correspondence division, are available in a number of subjects, according to Dr. Roy C. Rice, dean of extension.

Designed for the student who cannot attend classes on campus, the courses include reading assignments, study suggestions, and questions to be answered.

Corrected and graded answers are returned to those enrolled. Each course consists of eight lesson-assignments for each semester hour of credit.

Final examinations are offered on campus for those living in the Salt River Valley. Those living elsewhere will take their examination from a city or county school administrator selected by the correspondence division.

To enroll, fill out enrollment blank, enclose check for \$10 for each semester hour, and send to ASU Correspondence Division. Only one semester hour of credit may be earned per week, and only 16 hours of credit may be applied toward a bachelor's degree.

Text books and supplies are available at the University Bookstore.

Included among the courses are:

Two courses in principles of economics, business communi-

cation, principles of management, real estate principles, children's literature, principles and curricula of secondary schools, exploration of education, issues in teaching, engineering problem analysis, engineering graphics, elementary Spanish.

Also, two courses in history of the United States, American frontier, elementary nutrition, two courses in descriptive geometry, federal constitution and government, Arizona constitution and government, introduction to philosophy, social psychology, and introductory sociology.

Inspection Of Army Cadets To Be Conducted

The annual inspection of ASU Army ROTC cadets in summer training at Ft. Lewis, Wash., was conducted Wednesday and Thursday by Dr. Harold D. Richardson, academic vice president, and Dr. Lee P. Thompson, dean of the College of Applied Arts and Sciences.

Participating in the summer encampment are students who have completed two years of required ROTC training and an additional year of voluntary training.

Most of the students will be seniors next fall and upon graduation will receive commissions in the Army.

Lt. Col. Theodore Wyckoff, head of the ASU Army ROTC program, has been with the student-trainees at Ft. Lewis.

MU Staff Sponsors Activities

A tour, two special evening programs, and a lecture-luncheon are scheduled during the second week of Arizona State University's second summer session.

These activities are arranged by the staff of the Memorial Union and are open to the public.

A visit to the architectural school of the late Frank Lloyd Wright, Taliesin West, is scheduled next Wednesday. Tickets, costing fifty cents, are available at the information desk in the union. Meeting place for the tour will be the union lobby at 3:15 p.m.

Tamara Nijinsky Wening, daughter of the famous dancer, and her husband, Leslie Wening, will present a program Wednesday evening at 8 p.m. in the ballroom. The Wenings will present highlights of Nijinsky's career and puppet dancers in costumes of the famous ballets. A reception will follow the program.

Guest speaker at the lecture-luncheon Thursday will be Herb McLaughlin, of Arizona Photographic Associates, Inc. His talk, "A Picture is Worth 10,000 Words," will be an analysis of the effect of photography on sales, marketing and the economy in general.

Open to the public, the luncheon will be in room 218 of the MU from 12:30 to 2 p.m. Advance reservations must be made by noon on Wednesday (Aug. 1). Cost of the luncheon is \$1.

NOTICE

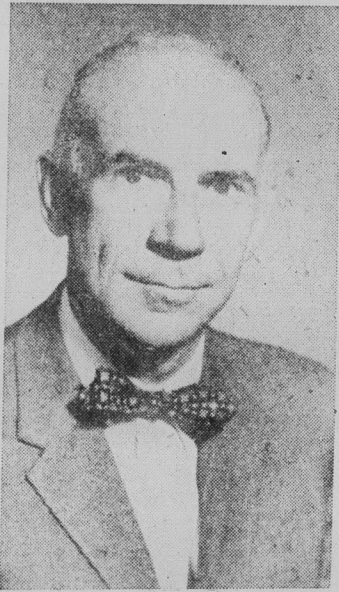

Hours for Matthews Library were printed incorrectly in the Memorial Union bulletin. The hours for this session are the same as first session.

THE STATE PRESS, distributed by the campus chapter of Sigma Delta Chi under the direction of Circulation Manager Mike Barrick, is the official campus newspaper of Arizona State University. It is published each Wednesday and Friday throughout the school year, excepting holidays, and is entered as second class matter at the Tempe, Arizona, Post Office under the Acts of March 3, 1879, and August 24, 1912. Subscription price, \$3 per school year.

THE STATE PRESS is a member of the Arizona Newspapers Association, Associated Collegiate Press and National Advertising Service, Inc.

DR. BEN GOSSICK

Ben Gossick To Present Physics Finds

Dr. Ben R. Gossick, physics professor, has been invited to present papers at international conferences in Potsdam, New York and Kyoto, Japan.

"Optical Extinction by Metal Precipitates in Semiconductors and Insulators" is the title of the paper Dr. Gossick will present at the Interdisciplinary Conference on Electromagnetic Scattering at Potsdam, N.Y.

Professors and researchers from Belgium, Germany, England, France, the Netherlands, Austria and Canada as well as the United States will present papers at the ICES meeting Aug. 13-15 at the Clarkson College of Technology.

Dr. Gossick's paper is based on research sponsored by the U.S. Atomic Energy Commission. His and other papers presented at the conference will be published by the Pergamon Press Ltd., Oxford, England.

On Sept. 11, the ASU professor will deliver a paper at the International Conference on Crystal Lattice Defects which will be held in Kyoto, Japan Sept. 7-12.

"Inhomogeneities in Semiconductors Exposed to Past Neutrons" is the title of the paper, also based on research sponsored by the Atomic Energy Commission. The proceedings of this conference will be published by the Physical Society of Japan.

The paper to be presented in Japan is an extension of one Dr. Gossick delivered in 1960 before the International Conference on the Physics of Semiconductors at Prague. This paper was published by the Czechoslovak Academy of Sciences.

NOTICE

Everyone is invited to Devotional-Social every Friday at 7 p.m. For more information and free transportation call Donna Duncan at McClintock B Hall.

Dr. Hook Is Head Of Group

Dr. Ralph C. Hook, Jr., director of ASU's bureau of business services, has been elected president of the National Council for Small Business Management Development for the year 1962-1963.

Since coming to Arizona in 1958, Dr. Hook has been active in business services and management training. Prior to that, he was engaged in the management of his own small business.

The NCSBD is a nation-wide, non-profit organization of management educators, businessmen and government executives, interested in the development of research and educational programs for small business managers.

The education branch of the United States Office of Education has contributed greatly to the development of the Council through the work and advice of the national and field staffs.

As director of the ASU bureau of business services, Dr. Hook has assisted in developing an extensive series of seminars for the training of practicing business managers and in publishing the monthly "Arizona Business Bulletin." He also moderates a radio panel program, "Western Business Roundup," now heard over 25 stations in Arizona and California.

In addition to his work with the Council, he is a national director of the American Marketing Association. He also serves as a director of the Tempe Chamber of Commerce, the Tempe Rotary Club, and the Arizona Council for Economic Education.

Spurs Travel Around State

Members of Spurs, sophomore women's honorary, have scheduled a series of Saturday trips which will take them to various sites of interest in the state.

The idea originated after sponsor, Mrs. Charlotte Lewis and four Spurs made a two-day auto trip to Utah for the national convention earlier this summer. Other members learned of the idea and now plan to make the trips regular weekly outings.

The first trip, tomorrow, will take the girls to Seven Springs. Following trips will be taken to Payson, Prescott, southwestern Arboretum, Oak Creek, Seven Stations of the Cross, and the Carefree Sun Dial.

Sports Have Busy Season

By MARY GORMAN

Four members of the '62 baseball club signed contracts with major league clubs and are playing on farm teams with their respective clubs.

Southpaw Harley Anderson is playing with the Baltimore Orioles at Aberdeen, South Dakota.

Another ASU pitcher, Pete Lovrich, signed with the Kansas City Athletics and is playing at Minot, North Dakota.

Paul Runge, ASU first baseman this past season, signed with the Houston Colts and is playing at Modesto, California.

Danny Ikeda is the latest member of the '62 baseball squad to sign. He is now at Middlesboro, Kentucky, playing with Washington.

Bob Seely of the '62 freshman team is playing with the New York Mets at Santa Barbara, California.

At the present time ASU baseball players are dominating the Northern Arizona Semipro Baseball Tournament at Mesa.

Heading the Apache County Club semipro team roster of pitchers are ASU players Bob Burger, Gary Graham, John Miller and Larry Smith. Dennis Starkins and Bob Kavgian are also playing with Apache CC.

Also in the semipro league, Sid Smith, Doug Westley and Jan Kleinman are playing for Stewart Motors; Larry Brion is playing second for the Broncos; and Dan Acuff, Bill Gorman and Alan Reed are playing for the Tempe Worthingtons.

In other sports, Larry Armstrong, ASU basketball ace, signed with the Hawaii Chiefs in the American Basketball League.

Ulis Williams, ASU track star, recently won the 400 meter race in a dual track meet between the United States and Russia. He was also the anchor man in the 1600 meter relay which the U.S. won.

Buzz Hayes, ASU wrestler, entered the National AAU Wrestling Meet in New York earlier this summer but was eliminated.

AWS Complete Coed's Handbook

Coed Cues, a handbook for all women students at ASU, has recently come off the press, published by Associated Women Students.

The sparkling new format, revolving around the theme "The Spotlight is on You," was conceived by Vergie Lee Behrens, editor, Melanie Pouquette, assistant editor, and their staff.

Containing much helpful information, the 30-page book covers "Coming Attractions," including AWS assemblies, the head residents' tea, Women's Day, scholarships and awards.

A welcome is extended by Dr. G. Homer Durham, ASU president; Dr. Catherine G. Nichols, associate dean of students; Mrs. Maxine Neely, assistant dean; and AWS officers Bonnie Evans, president; Kay Lynsky, vice president; Charla Jo Allen, secretary; and Dianne Bowman, treasurer.

Under "Roles for You," various women's organizations are listed, everything from honoraries to the Women's Athletic Association, the ROTC auxiliaries for women, and several special interest groups.

In a "Sneak Preview," the nine residence halls for women on campus are described. "The Script" includes the rules and privileges of residence living and the standards of university women.

"Costumes" notes that the "key word for the dress of the West is informality." Suggesting seasonal and appropriate clothing, the booklet then says, "Good taste and personal choice are your main script outlines for campus dress."

Continuing, the booklet says, "A good actress must have props to compliment her." It then lists things to make living "on location" easier, such as personal room decorations.

Other useful information contained in the book includes the AWS constitution, a diagram of how AWS is organized, and a directory of AWS officers, residence hall head residents and presidents, and presidents of other women's organizations.

"Broadway," according to the book, "with all its superstitions and set patterns of conduct, has little more in traditions than does the ASU campus. . . Let us walk through some of the important roles that will put you up-stage."

Traditions listed include freshman week, the football season, homecoming, the Star Formal and the annual Military Ball, Greek Week, the Memorial Union Birthday Party, and AWS Women's Day.

Finally, a glossary of terms is provided, entitled "Cue Card," explaining the what or where of Old Main, the Devil's Den, Ask-Me's, Clancy's, the Sahuaro, the State Press, MU, and Sun Devils.

Balin Publishes Two Articles

Robert P. Balin, electronics technology instructor in the Division of Industrial Education has an article published on the August issue of Radio-Electronics magazine entitled "Strange Electronic Effects," and an article in Popular Electronics magazine entitled "Electronic Noises."

Two Home Ec Workshops To Be Offered

Two workshops in home economics will be offered during second summer session.

Clothing Construction is scheduled July 23 to Aug. 10, and Clothing Illustrative Materials, Aug. 13 to 25. Both will be taught by Miss Hildegard Streufert, assistant professor of home economics, and offer both undergraduate and graduate credit.

Classes in Clothing Construction will meet from 8 a.m. to noon and from 1 to 4 p.m. in the home economics building on campus. It is designed to help students who already have some experience in sewing to achieve a smart, custom-made look, reflecting skill in construction, fitting and finishing details.

Points to be covered include current trends in coordinating fabrics with today's fashions, construction and pressing techniques successfully used on fabrics available in today's market, handling of fabrics so as to achieve maximum attractiveness and serviceability, and the development of efficient use of sewing tools and equipment.

The second workshop will also meet in the home economics building from 8 a.m. to noon and from 1 to 4 p.m. It will center on the preparation of teaching aids for the construction of garments. These aids supplement formal demonstrations given in classrooms, Miss Streufert said.

LITTLE MAN ON CAMPUS

"I UNDERSTAND THE FOOTBALL TEAM VOTED HER THE BEST 'PASS RECEIVER' OF THE SEASON."
