

Fraternity Placed On Social Probation

Candidate Asks Election Recount

By BOB HARTMAN

Request for recount, disqualification and possible protests highlighted the primary election Wednesday.

The results were:

Freshman senators — John Florez 238, Harry Carlson 117, Guthrie Pachard 114, John Seaman 108, Julie Houshar 107 and Tim Guilds 106. The top four will run in the general election.

School of Architecture — Carl Buchanan 78, Jerry Atwood 69, Stanley Swengel 47, James Cobb 31.

School of Nursing — Muriel Smith 36, Roxie Rauch 30, Judie Smith 25, Diana Ulmer 19, Pagan Weeks 19.

Graduate School — Richard Brown 24, John Morrison 13, Bill Gookin 12, Bob Barns 4; AWS executive vice president, Marty Stellhorn.

Six candidates were disqualified. Carl Buchanan, Jylie Houshar and Gil Rudolph were ruled out for illegal display of posters. Dan Murphy, Jerry Meyers and Tom Walker were disqualified for not having poster numbers on their campaign material, a violation to school regulation and election code, but may appeal to the Supreme Court.

BUCHANAN was disqualified pending student court action for illegal display of a banner according to Article 7, section B, sub-section 1 and 2 of the AS statutes, according to the Election Board report.

Buchanan said, "Disqualification is based upon displaying a banner affixed to University property." He then pointed out Article 7, section 4, sub-section

4 which says: "Each candidate shall be allowed to demonstrate, or have demonstrated in his behalf, a maximum of five posters and/or two banners which are to be placed on University property, except for the limitations imposed in Section 2 above." Section 2 refers to defacement and placement of campaign material on University property.

Julie Houshar asked for a recount. If she is included among the four freshman candidates for the general election, the complete election will be postponed for one week until the Supreme Court acts on her disqualification.

BECAUSE OF a tie there will be five candidates running for the Senate from the School of Nursing in the general election.

Marty Stellhorn, running uncontested, was elected AWS executive vice president with 610 votes, 21 votes were cast for miscellaneous write-ins.

Because of the possible postponement of the general election scheduled for Wednesday, Max Goodrich, chairman of the Election Board said, "All candidates for the general election must check with me by Sunday before 3 p.m. at 967-9069 or 967-3982.

Violation Of Alcohol Policy Results In Student Suspension

By PAT HUNTER

One student was suspended from school, one placed on probation and Alpha Tau Omega fraternity put on social probation for a semester in three separate disciplinary actions this week.

The Interfraternity Conduct Committee placed the ATOs on social probation last Thursday for violation of the University alcohol policy. The action followed a check by the state liquor control at an after-game ATO party at the After Hours Club, 4815 No Seventh St., Phoenix, Saturday night.

DR. GEORGE Hamm, dean of men, said: "The After Hours Club was one of the places on the regular liquor control beat. They reported that there was no drunkenness or misconduct and that the fraternity leaders were very cooperative, but on the other hand it was a violation University regulations and all fraternities have been recently warned."

The committee's verdict was: "—There shall be no social

function, formal or informal, of any type where 10 or more members of ATO are together. This shall last for a period of one semester until Jan. 27, 1965.

"—The president and social chairman shall be placed on administrative probation. If at any time during this period a University regulation is broken where the president or social chairman are responsible, both men shall be subject to the dean of men and the University Disciplinary Committee for suspension from school.

"—A FINE of \$500, \$250 which shall be suspended, must be turned into the IFC office by 4 p.m. Thursday, Oct. 15, 1964. (The fine was paid Wednesday).

ATO's Reply

"The action taken by the IFC Conduct Committee did not receive enthusiastic reception by ATO. However, chapter officers contend that ATO will strictly comply with the stipulations of the social probation," said Ross Fish, past fraternity vice president.

"—The fraternity shall attain a 2.25 over-all grade average for fall semester of 1964-65. If this is not attained, the fraternity shall then be placed on limited social probation for second semester until June 10, 1965. Limited social probation shall be the same as social probation except exchanges and house parties may be held if approved by the IFC president after submitting a request two days prior to the function. The reason for approval is to keep cost of functions to a minimum."

In action by the University Disciplinary Committee yesterday, a student was suspended for causing a disturbance in the stands at the Wichita State game, Oct. 3.

"The student poured alcohol on people in the stands. He was suspended for drunken conduct," said Dr. W. P. Shofstall, dean of students and head of the disciplinary committee.

IN OTHER disciplinary committee action, eight students were re-instated in school and six past students were told it would be necessary to report before the committee before enrolling again.

"Many students feel that what they do when they are not enrolled as students is no concern of the University, but it is of concern to us," Dean Shofstall said.

Another student was put on probation by Dean Hamm for disrupting halftime activities at the Texas Western game last week. The student marched on the field with the Texas Western Goldiggers, girl's marching team.

"The action was impolite and the student is expected to make the necessary apologies to Texas Western and President Durham," said Dean Hamm.

Clarification Due On New Policy

A statement to clarify the liquor policy and its enforcement will be released by Dr. W. P. Shofstall, dean of students, and Dr. George Hamm, dean of men, next week.

Dean Shofstall said: "The policy is listed in the University catalog on page 83. Dean Hamm and I are trying to prepare a statement as to how we propose to interpret this so the students will understand what we are driving at."

Activities Committee Formed On Campus

The formation of an Activities Policy Committee, a panel designed to solve problems created by campus cultural and athletic events, has been authorized by the Education Board.

The committee will be established and directed by Ronald Hockenber, a member of the Education Board. The five-member committee will consider the problems arising from the use of University facilities.

Student complaints will be heard as will those from student groups.

At an organizational meeting Monday, each member serving on the committee was assigned an area of specialization.

Appointed were: Linda Whitted, orientation expert; Chuck Ryan, athletic expert; Diane Pope, Gammage expert, and Georgia Kruger, member-at-large.

Hockenber said: "We will probably have to learn the scope of our functions from the types of complaints that do arise. For this reason, it will be helpful to us if students and staff, in great numbers, will promptly inform us when things haven't gone quite right. Only by this means can we learn to anticipate the things that are likely to go wrong in future events."

Students wishing to appear before the committee should contact the AS secretary in MU 202.

A Devil Of A Mascot

Terry Kelman, a junior in the college of business, is the new Sun Devil Mascot. Terry will help promote school spirit at all football games this season. He is presently awaiting his Devil costume, pending an appropriations allotment. Judging was based on grades, time available, school spirit, improvement suggestions and ability. He will attend pep rallies and practice with the cheerleaders. The selection was made Wednesday.

Cast Your Ballot Here

Freshmen, voting in their first election, turn out for Wednesday's primary which decided candidates for the general election to be held next week. Controversy over the election has

resulted in a request for a recount of ballots. Whether or not this will affect the results is not yet known. Six candidates were also disqualified because of election code violations.

Sale Date For UofA Game Set

Bill Gorman, athletic ticket director, announced yesterday afternoon procedures for student and faculty-staff procurement of tickets for the ASU-UofA football game. The game will be Nov. 28 in Tucson.

STUDENTS:

Students may purchase one ticket with their ID card accompanied by their pink registration receipt.

There will be no guest or spouse tickets sold for the game. Price for each ticket as set by UofA is \$4 per ticket. Tickets will be on sale Oct. 22-23 from 9-4:00 in Sun Devil Gym.

FACULTY AND STAFF:

Tickets for the game will be on sale Oct. 20-21, between 1 and 4 p.m. each day to faculty and staff holding current faculty tickets.

Members must present their faculty-staff tickets at the Sun Devil ticket windows. Ticket prices are \$5 and \$4. One ticket is allowed.

ROTC Detachment To Conduct Services

The Army ROTC detachment will furnish the color guard, the rifle salute and the pall bearers at funeral services for Capt. Dean Gosney, a Vietnamese war victim from Phoenix.

Services for the 1954 graduate will be conducted at 2 p.m. tomorrow in Greenwood Cemetery, Phoenix.

Gosney, the first Arizonan to be killed in Vietnam, was one of three Americans shot down in a helicopter Oct. 7.

He had been awarded the Legion of Merit, the second highest Army peacetime award.

Gosney was ROTC cadet commander for two years at ASU.

The victim had been in South Vietnam since last February. He was to return to the United States in January 1965.

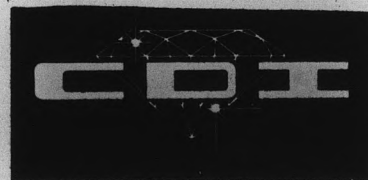

Student Bowling

Student bowling leagues are now being formed. The leagues meet at 7 p.m. Mondays in the MU Games Room.

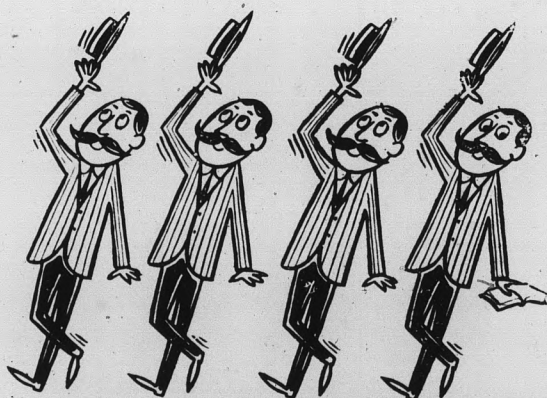

All students are invited to participate. Teams will consist of two boys and two girls and a charge of \$1 is made for three lines. Shoes are free.

PV East, West Not Real Twins

The "twin" dorms, PV East and PV West, are not the duplicates they appear to be. "In the construction of PV West, a number of improvements were made," said Edward M. Hickcox, director of housing.

The most obvious change is the fireplace that was added to the PV West Lobby. Because of the space the fireplace takes up, the main desk has been moved back further than the desk in PV East.

DECORATIVE screens have also been added to the PV West floor lounges. They separate the kitchen area from the living area.

Mosaics were installed in PV West by the elevators and drinking fountains. Hickcox said, "It was a happy marriage between aesthetics and function. The areas take quite a beating and the paint begins to look ragged. A mosaic is easy to clean and is also decorative."

One of the main complaints from PV East residents was the small dressers. This has been rectified at PV West with larger ones. "The new dressers are a big improvement," Hickcox commented.

SOME OF the smaller changes that have been made for PV West include better lighting in

the rooms and the lowering of light switches. In PV East the lights over the sink had switches on them and shorter girls cannot reach these switches.

PV West does not have an incinerator as does PV East. "We did this in anticipation of the days when burning things in the Valley would be prohibited on account of fog," explained Hickcox.

Design Exhibit Planned

A photographic exhibit of the Chapel Notre Dame du Haut in Ronchamp, France, designed by Le Corbusier, will be on display tomorrow through Nov. 8 on the third floor of the Engineering Center.

Made up of seven photographic panels, it presents a study in depth of the chapel, James Elmore, dean of the College of Architecture, said.

The exhibit is sponsored by the Smithsonian Institution and focuses on the religious aspects of the edifice.

Durham, Hayes To Address Publications Convention

High school publications students and their advisers will gather at Gammage Auditorium Oct. 24 for the 16th Arizona Interscholastic Press Association Convention.

President Durham will welcome the delegates and Jack D. Hayes, Maricopa County juvenile court judge, will be keynote speaker.

Those delegates competing in the news writing contest will take notes on Judge Hayes' and President Durham's speeches. Their work will be judged during the day with awards being presented at the closing session.

Newspaper and photography clinics will be open to those working on student newspapers, yearbooks and magazines.

Cheerleaders Are 'Getting The Shaft'

A FREQUENT COMPLAINT lodged by students, faculty and visitors is that ASU students don't show school spirit, especially at football games.

This year's cheerleading squad has been literally bending over backwards to promote spirit and so far the results have not been too good. This, however is not the fault of the pep leaders.

THE SAME OLD thing is at the base of the problem — money. For one school year, \$710 is allotted the squad and one mascot for travel expenses to two away games. This means that uniforms and other necessary expenses must be paid for by them, and since there are three away games during the football season alone, any other traveling is paid by the group.

To begin with, the squad needed new uniforms. Sweaters alone cost \$25 for the girls and \$35 for the men. Blouses, shirts, trousers, skirts, tennis shoes, socks and weekly cleaning bills total approximately \$351 per year. This is about \$44 per cheerleader and other expenses are yet to come.

For example, each Friday the members wear spirit uniforms, which were provided for with money from their own pockets. Basketball season is approaching and this means other new uniforms.

THESE PEOPLE are not paid for their time at the games, or for the hours they spend perfecting and planning new cheers and acrobatic techniques. When it gets to basics, the squad is paying for the privilege of being cheerleaders.

Fans would not want to be embarrassed by unattractive uniforms, yet there has been no offer for help.

About traveling to away games . . . again these people were left out. After being promised to the West Texas State game, they were told they couldn't go, even though there were empty seats on the plane reserved for the football team.

ONE OF THE executives of Paradise Motors donated a 1965 Mustang painted in the school colors, with "ASU Cheerleaders" painted on the side. Each member uses the car, for anything he wants, for three days. Being given this car is not only generous, but more than the alumni, school or students will do collectively.

The only stipulation is that the car must be shown at each football game, but the athletic department will not allow the car near the field. It will, however, allow quite a few vehicles on the field during the Shrine Extravaganza.

The squad needs money and suggestions or both. The State Press and the cheerleading squad will welcome any suggestions or comments.

So far their theme song has been "Elevator, elevator, we got the shaft."

Money Provided

IN A RECENT study by the New York State Higher Education Association it was found that 40 per cent of qualified high school students did not go to college or "advanced training" because they lacked necessary funds.

Five years ago the lack of money may, or may not have been, a sufficient reason for a student not to further his or her education. But today this problem is less acute because the federal and state governments, with the full cooperation of colleges and universities, are making higher education available for those who are deserving and willing to obtain it.

SEVEN YEARS ago New York State followed Massachusetts in establishing a Higher Education Assistance Corp. that guarantees loans from \$750 to \$1,500 a year.

Under this program the student applies to the state to underwrite a loan from a local bank. Once the loan is underwritten the student receives his money and the state assumes the interest charges until repayment begins.

Loans are renewable if the applicant maintains a C average.

Other states, including Arizona, have working agreements between the banks and institutions of higher education.

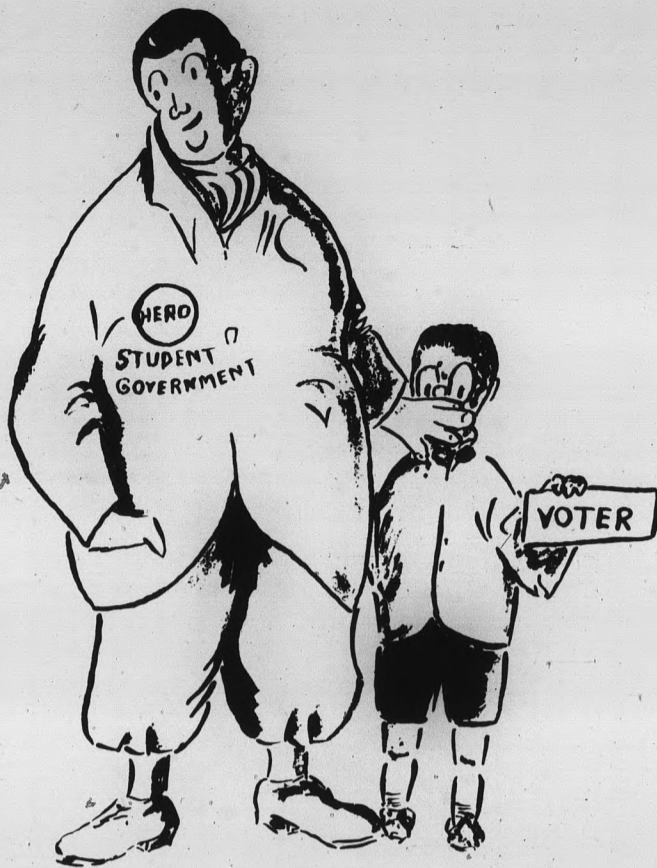

The National Defense Education Act was renewed again this year by Congress and plans are being made to expand the program.

IF STUDENTS can not borrow enough money to cover all expenses the universities, in most cases, will find ways to keep the student in school through part-time jobs, emergency loans and work assistantships.

At ASU the loan department kept all deserving applicants in school last year by working out some arrangement with the student.

No one will deny improvements on financing an education are still needed but every student who wants an education today can obtain it. Yet some University officials estimate that 35 per cent of the freshman class will leave school "for financial reasons."

BOB REILLY

(Cartoon by Jim Madrid)

"Shut up, kid. We don't want an initiative, referendum, recall."

Letters To The Editor

To The Editor:

As election time draws near, we begin to scrutinize the qualifications of the various candidates for offices in national, state, local and school government. We depend on newspapers and periodicals for much of the information on the candidates.

On our own campus, with school elections upon us, we naturally turn to the school paper as the best and virtually the only source of information on candidates and issues.

On the front page we find a complete list of candidates. Upon looking further, we find that the list of candidates is all the newspaper contains. No qualifications, no personal statement from the nominees for office.

Implications

Anyone who believes in the free enterprise system would favor Saga Foods making a profit for feeding the University community. But in the case of doughnut prices in the Devil's Den, Saga has gone overboard.

According to Andersen's Swedish Pastry Shop, a Phoenix bakery, doughnuts sell regularly for five cents and retail, to companies like Saga Foods, at a 10 per cent discount. Consequently, each doughnut costs Saga Foods from three to four cents apiece which in turn is sold to students for 10 cents. (Roughly a 125 per cent markup).

Now if Saga would reduce their price of doughnuts, to say seven cents, they would sell more doughnuts and more students would eat breakfast.

This is a university, where an individual comes to acquire an education. An education to help him evaluate intelligently the many problems and choices he will encounter during his life.

This is also a democratic society in which a thoughtful choice is the basis for electing the person with the best qualifications to an office.

Using the previous statements, it clearly follows that the primary election was a farce. It was no more than a popularity contest between the fraternities, sororities, and dormitories on campus.

This writer's inquiries finds that the cost of printing an extra page or two in the newspaper would be cheerfully paid for by the Associated Students.

The general election is still pending. I think it would be desirable and in the best interests of all to put some information about the candidates and their qualifications in the school paper.

WILLIAM J. MORGAN

I Cover College Avenue

By FRANK DUCCESCHI

A rash of irate students have been pounding on the State Press door to complain of injustices inflicted on them.

So, with a vacant shoulder and a crying towel borrowed from the athletic department, this column will present a little of the suffering.

IN THE center ring, as usual, is Campus Security. Irate student No. 1 flew into the office asking what right the campus cops had in restricting on-street parking on Forest Avenue between Apache Boulevard and 11th Street. Parking in that area is limited to faculty and staff.

He contended the University, and more particularly Campus Security, had no right to regulate parking on a city thoroughfare. However, according to Lt. Tom Godbehere of the department of security, that portion of Forest Avenue belongs to ASU.

IRATE student No. 2 was bugged by the giant telephone party line of PV East. She said she dialed her own number from another room in the dorm and was connected with dozens of phones throughout the campus. She admitted some of her dormmates make a practice of this and tie up the phone for hours.

This problem is being solved by modifications in the telephone wiring, according to George W. Morrell, purchasing agent.

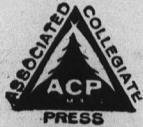

A GREEK was irate student No. 3. His complaint was President Durham's interpretation of the University's alcohol policy. No easy solution here.

The last thing Ed Heath said after he asked me to write the column yesterday was, "Does anyone know what the administrative vice president of Associated Students is supposed to do?"

THE STATE PRESS is the official campus newspaper of Arizona State University. It is published each Wednesday and Friday throughout the school year, excepting holidays, and is entered as second class matter at the Tempe, Arizona, Post Office under the acts of March 3, 1879, and August 24, 1912.

THE STATE PRESS is a member of the Arizona Newspapers Association, Associated College Press and National Advertising Service, Inc. Subscription price, \$3 per school year.

Campus Sidewalks In Need Of Repair

Watch your step, lest you become a victim of the Leprous Sidewalk.

Around and through the campus, the Leprous Sidewalk silently awaits the unwary pedestrian, its many gashes and cracks ready to clutch at shuffling feet.

Beware especially at night, for the sidewalk conceals its weapons in darkness, thus adding to an already substantial list of victims.

Personifying a sidewalk will not enable us to nurse it back to health. A deteriorating sidewalk must be repaired or replaced.

The sidewalks of ASU are cracked and chipped, causing students to trip and sometimes fall.

John R. Ellingson, director of the physical plant, said "Such sidewalks on College Avenue and around new building sites will soon be replaced." He added that a pedestrian mall will replace College Avenue from Orange to Eighth St.

But all campus sidewalks should be subjected to scru-

tiny if only to further insure pedestrian safety.

In some instances, minor repair could completely erase hazardous sidewalk conditions. In other instances, however, sections of the sidewalk have settled or buckled, causing cracks and ledges.

Until these sections of sidewalk are either repaired or replaced, an appropriate precaution might be to literally watch your step.

RON CHALLIS

Two Win Ad Grant

Mary Voita and James E. Vaughn have been named 1964 winners of \$250 scholarships by the Phoenix Advertising Club.

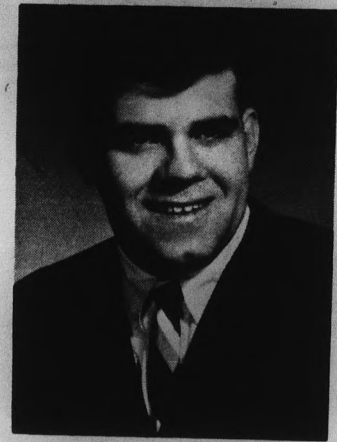

The scholarships were presented during the club meeting in the Hotel Westward Ho.

Open to students majoring in advertising, applications are first reviewed by the ASU Scholarship Committee and then evaluated by the club education and scholarship committee. Scholastic standing, leadership and need are considered.

Sahuaro Vote Close In All-Dorm Election

Election for officers in the Sahuaro complex was held last Friday.

Both Sahuaro B and C reported 75 per cent voter turnout. Nine candidates were listed on the respective ballots.

Sahuaro A conformed with its constitution electing 12 councilmen who will select officers from among themselves.

Newly installed officers at B wing are Ted Merrill, president; Bill Sage, secretary; Tony Raby, treasurer; Bill McNelis, 2nd floor vice president, and Craig Freiburghaus, 3rd floor vice president.

A run-off election for the first floor vice presidency took place last night. Bill Blair and Paul Konwerski tied in the earlier contest.

Two assistant head residents vied for the presidency of Sahuaro C with Mike Stone edging Bob Abramson at the polls.

Other officers under John Avianantos, C wing head resident, include Bill Hogelin, vice president; Jack Stull, secretary; Steve Alexakos, treasurer; Bob Rodgers, social board, and Larry Vicario, intramural manager.

Placement Sets Job Interviews With Texas Oil

Job interviews for the Texas Oil Company of Midland, Texas, will be conducted from 9-5 Oct. 22 by J.W. Rodgers, assistant division geophysist for the company's domestic producing department.

Electrical engineering, geology, physics and applied math candidates at the bachelor and masters degree level should make appointments through the Placement Center, AD 101.

Decoration Hangers Okayed By Housing

A new product for the hanging of pictures on dormitory walls has been approved by Edward M. Hickcox, director of housing. It will go on sale in the University Bookstore in a week or 10 days.

Students were previously prohibited from hanging things on the walls because of the damage done by hanging devices.

The new product is a gum-like plastic that will not harm paint surfaces.

Hickcox also said that overcrowded dorm conditions are being reduced at the rate expected. Students seem to be adapting to the situation.

Hickcox does not foresee overcrowded conditions second semester.

Kennecott's Corner

How Now, Brown Geological Prospector?

Three fellows saw a cow in a field. The first one worshipped her. The second one wrote a song about her soft brown eyes. The third one milked her. Three other fellows went walking and saw a rock. (This was in a different field). The first one sat down on the rock. The second one turned it over to look for bugs. The third one called Kennecott's Ray Mines Division. He knew that with today's mining equipment and methods at Kennecott, even low-grade ore, once worthless, contributed to Arizona's economy. Moral: be alert to your opportunities in the copper business. Or the cow business.

Professors Active -

-Faculty Writes, Receives Awards

Book On Sale

Dr. John R. Martinez, professor of history, is the author of "Three Cases of Communism: Cuba, Brazil and Mexico" published by the William C. Brown Co., Dubuque, Iowa.

The book, now on sale at the University Bookstore and the Varsity Book Exchange, concerns the how and why of the growth and development of communism in these countries.

Dictionary Published

Three ASU professors were contributors to the "Dictionary of Political Science," a 585-page book published recently by Philosophical Library Press of New York.

Dr. Marvin Alisky, chairman of the mass communications department, Dr. Heinz Hink and Dr. Ross Rice, professors of political science, wrote portions of the dictionary dealing with Latin American politics, international law and municipal government.

Leading political scientists from all over the U.S., including Harvard, Massachusetts Institute of Technology and some of the most prominent universities in Europe, the Middle East and Latin America helped compile the dictionary which was edited by Dr. Joseph Dunner, now on leave from Grinnell College, Grinnell, Iowa.

Creativity Lauded

Dr. C. Gilbert Wrenn, professor of educational psychology, received the Nancy C. Wimmer Award for his "creative ability to examine problems of national and international significance."

The award, which includes a plaque and \$1,000, is designed to recognize outstanding initiative, creativeness, and leadership in improving guidance and counseling practices. The presentation was made at the 1964 convention of the American Personnel and Guidance Association.

Dr. Wrenn, who received his Ph.D. from Stanford University, has written 14 books and more than 200 articles. Before coming here Dr. Wrenn was professor of educational psychology at the University of Minnesota.

Chemist Visits

Werner Herz, professor of chemistry at Florida State University, will speak on "Stereochemistry of Naturally Occurring Pseudoguaianolides" at 4 p.m. Friday in PS 100.

Prof. Herz is one of the best known organic chemists in the United States. His research has been in the field of isolation and structure of natural products. He is also a senior editor of the Journal of Organic Chemistry and a consultant to the National Cancer Institute.

Chapter Contributed

Dr. W. W. Happ, professor of engineering, contributed a chapter "Applications of Flowgraph Techniques to the Solution of Reliability Problems," to a new book entitled The

Physics of Failure in Electronics.

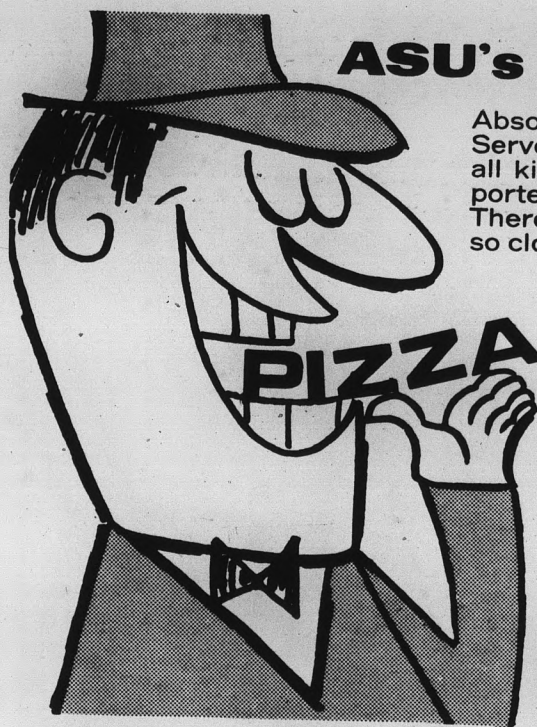

The book has been published by the Office of Technical Services of the U. S. Department of Commerce.

Talk Slated

Dr. Ali Kyrala, professor of physics, will speak Thursday at 4:30 p.m. in PS 100 on "Physical Applications of Markov Processes." He will also discuss the principles of detailed balance and the diffusion equation.

Address Scheduled

Dr. Joseph Harris, chief neurochemist at the Barrow Neurological Institute, will speak on "Electrophoretic Behavior of Albumin in Acid pH," at 4 p.m. Friday in PS 100.

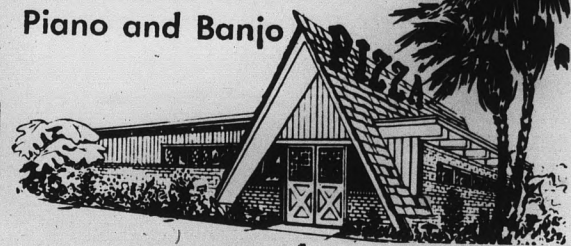

ASU's FUN place to go!

Absolutely the best pizza you've ever eaten! Served in an old-English atmosphere with all kinds of beverages — domestic and imported! (Bring your age card.) There's no place like it so close to campus!

OPEN DAILY • 11:30 AM to 1-AM, FRIDAY & SATURDAY • 11:30 AM to 2 AM • 967-3355

You could be one of the most important persons we talk to this year!

We're very active in the field of communications, and we're growing. New technological advances have broadened areas of need for good people who want to develop and who will become experts in their jobs.

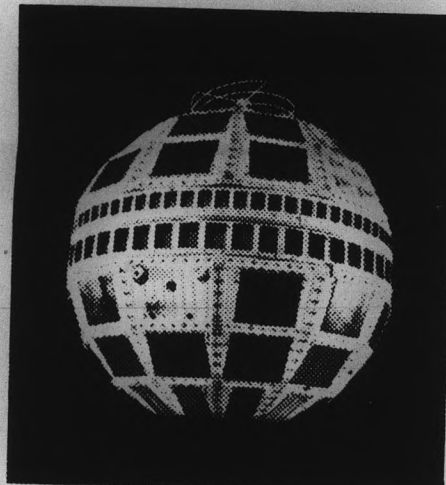

To fill our management ranks we'll naturally reward those who can think for themselves, solve problems, and produce under pressure.

Make your first move to a bright management future by signing up now at your Placement Office for an interview appointment. Our recruiting team will be on your campus very soon.

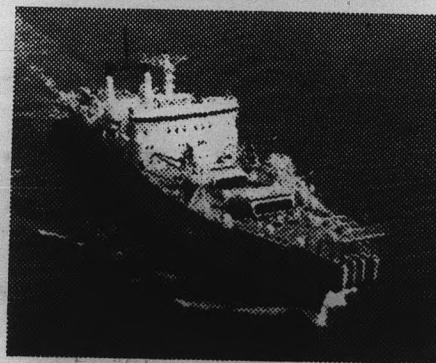

Because of our policy of promoting from within, you could earn one of our top management jobs. That makes it important that we talk to you.

And important that you talk with us.

The Bell System—where people find solutions to exciting problems—matches other companies in benefits, salaries and working conditions. The Bell System companies are equal opportunity employers.

We work in space . . .

and under the sea . . . to provide the world's finest communications

Greek To Me
**Greeks Greet
 New Members**

By JANICE AYERS

New Phidelphias were announced by Phi Delta Theta fraternity Sunday afternoon. They are Annalee Ziman, Ann Haufler, Patti Erickson, Carol Miller, Nancy Poulsen, Cheryl Hadaway and Julie Loper.

Sorority pledges Friday night at Pledge Presents were great, but the audience, mostly men, was rattling paper and pencils so loudly that master of ceremonies Dean Mousser could hardly be heard.

CONGRATULATIONS to the newest Archon members. Tapped Friday night were Dean Mousser, Jack Foreman, Jim Tyson, Terry Cotter, Jack Johnson, Bill Dawson, Bob Montano, Bill Lawren and Mike Vivion. Membership is limited to those who have held one major office in a fraternity.

Dave Stauffer was elected president of Pi Kappa Alpha. Delta Sigma Phi's new leader is Jack Johnson.

Alpha Epsilon Pi officers for this year are Mark Schisler, president; Bob Tager, vice president; Rick Kadet, secretary; Roger Wollheim, treasurer; Alan Rozefsky, pledge master.

ALSO CARL GARELICK, steward; Paul Markow, historian; Mark Weinberg, librarian, and Mike Katz, sentinel.

Delta Chi became the first fraternity to have a private showing of clothes from Hanny's Racquet Shop, Scottsdale. Joe Robinson, store manager, brought a complete line of clothes to the house to given the men a closer look at fall fashions.

New pledge class officers of Alpha Epsilon Pi are: Allan Trachtenberg, president; Stuart Kogan, vice president; Howard Stone, secretary; Ken Kalina, treasurer; Dave Moskowitz, sentinel; Steve Berg, social chairman, and Dennis Berger, jester.

Recently elected pledge class officers of Phi Gamma Delta are Bill Perkins, president; Jim Grant, secretary; Dick Garmon, historian, and Gary Linton, sergeant at arms.

**Spurs Sponsor
'Mums For Mom'**

The annual "Mums for Mom" sale begins next week under sponsorship of Spurs, sophomore women's service honorary.

Large yellow chrysanthemums with the word "Mom" on them in maroon-colored pipe cleaners, the corsages are designed to honor mothers on ASU Parents Day, Oct. 31.

Students may order the mums Oct. 19-28. They will be sold in front of the Business Administration building and by representatives in women's dormitories. The price, which must be paid in advance, is \$1.50.

The morning of Parents Day the mums will be delivered to coeds at their dorms and to men in front of the Devil's Den.

**Army To Show
Landpower Film
In MU Display**

The Department of the Army will display "Soldier Key To Landpower" in the MU Lobby today through Tuesday.

The display, sponsored by the Army ROTC features transparent slides and a 10-minute documentary sound film.

Personnel from the Cameron Exhibit station in Alexandria, Va., will accompany the exhibit.

**ASU Student Acts
Set For Presentation**

Five student talent acts will be chosen to represent the University in competition at the Arizona State Fair talent show Nov. 6-14.

Selection will be made at a public talent show Oct. 28 in the MU Ballroom.

Prizes at the fair range from \$100 to \$1000 plus an all-expense paid trip for the winner to appear on a nationally-televized variety program.

Preliminary tryouts for the campus show will be Oct. 19-20 in the ballroom from 3-6 p.m. From these, 20 acts will be selected to compete in the Oct. 28 finals.

Tryout applications may be obtained at the MU desk, and must be brought to the MU Activities Center, by Monday.

ASU acts will not have to compete in the fair preliminaries but will go to the finals.

Talk Scheduled

Dr. Joseph Harris, chief neurochemist at the Barrow Neurological Institute in Phoenix, and a chemistry lecturer at ASU, will deliver an address at 4 p.m. today in PSC 100.

Sponsored by the chemistry department, the lecture is open and free to the public.

Club Roundup -

Activities Set; Meetings Slated

Sigma Tau Delta, honorary English fraternity, will hold a "Reader's Roundtable," a panel discussion of John Updike's *The Centaur* at 7:30 p.m. Tuesday in the English Building Lounge.

The panel will be led by Mr. John X. Evans, assistant professor of English. The audience will participate in the discussion which is open to all students.

Tea Planned

Foreign students are invited to attend the International Open House at 4 p.m. today at the Alumni House, a weekly affair sponsored by the Student Religious Council.

Services Held

An Oneg Shabbat will follow the religious services sponsored by the Hillel Counselorship at 7:30 tonight in Danforth Chapel.

Club To Initiate

Pi Sigma Alpha, political science honorary, will initiate new members at a meeting at 7 a.m. Wednesday in MU 211. Coffee and doughnuts will be served.

Hostesses Meet

Mrs. Cecelia Scoular, director of the MU, will address the Freshmen Hostesses on the aspects of hostessing at 3:30 p.m. Tuesday. Interested coeds are invited.

Smoker Schedule

Delta Sigma Pi, professional business fraternity, will hold a smoker at 7:30 p.m. Sunday in the MU Upper Lounge to acquaint interested business students with the activities and functions of the fraternity.

Picnic Planned

The Dawa-Chindi American Indian Club will hold a picnic at 5:30 p.m. tomorrow. Those interested in attending should meet at the Indian Education Center Annex 4. All Indian students are invited.

Engineers Meet

Members of the Electrical and Electronic Engineers will hold a dinner meeting at 6:30 Oct. 29 in 218A.

Dr. Daniel E. Noble, executive vice president of Motorola Inc., will discuss "the Things I Don't Know About Anything."

Tickets for the dinner are \$2.50.

Survey Slated

The Young Republicans will take a vote-quota survey for the next three weekends, according to President Tanya Milton.

The vote-quota system is a method of determining the number of votes in each precinct required for a presidential candidate to win the election. The survey will determine as accurately as possible which candidate has the largest number of votes.

Placement Center Handles Employment For Undergraduate, Graduate Students

Each year graduates and undergraduates are able to get part- or full-time employment through the work of the campus Placement Center headed by Dr. Robert F. Menke.

In addition to placing students, the center counsels and advises them regarding career decisions and approaches on getting a job.

The center has three divisions: education, commercial and part-time.

The education and commercial divisions aid graduating students in finding full-time employment in their respective fields. This is accomplished through interviews arranged by the Placement Center with various companies and representatives from schools throughout the United States.

THE PART-TIME division assists students in finding part-time employment, both during the school year and summer.

Registration should be completed approximately one year prior to graduation for the commercial division and prior

to Feb. 1 the year of graduation for the education division.

In order to register, students must fill out a data sheet and a course and grade sheet. Faculty and employer recommendations are desirable but not absolutely necessary, Dr. Menke said.

HE EMPHASIZED that students are encouraged to register

er regardless of their plans for the future because plans can fall through. Early registration increases the chances of getting placed, he said.

According to Dr. Menke, ASU is probably the only school in the country that uses a computer in the part-time area to insure that the right job will be found for the right person.

Exciting New Designs

Keepsake® DIAMOND RINGS

True artistry is expressed in the brilliant fashion styling of every Keepsake diamond engagement ring. Each setting is a masterpiece of design, reflecting the full brilliance and beauty of the center diamond... a perfect gem of flawless clarity, fine color and meticulous modern cut.

The name, Keepsake, in the ring and on the tag is your assurance of fine quality and lasting satisfaction. Your very personal Keepsake is

awaiting your selection at your Keepsake Jeweler's store. Find him in the yellow pages under "Jewelers." Prices from \$100 to \$2500. Rings enlarged to show beauty of detail.®Trademark registered.

Art Show Displayed By Senior

Anthony Eck, a senior in the department of fine arts, opened his photography show today on the third floor of the Engineering Center.

Both black-and-white and color photographs are displayed.

Among the photos on display is the first place winner in its division in the annual ASU student art show last spring. The Cultural Affairs Committee purchased the print for display in the MU.

Working almost exclusively with a twin-lens reflex camera, Eck says when he is working, the camera "becomes almost an extension of me."

"I'm primarily interested in line, texture and pattern," he said. "I seek for sharp contrast and deep, rich blacks in my photographs."

The show represents a considerable amount of time and effort, as each color print requires approximately three hours of work in the darkroom and black-and-white prints require about an hour.

Eck has been taking photographs since he was a child and hopes to start his own service in architectural photography after he graduates.

Chi Omega Tops Scholastic Rolls

Chi Omega and Kappa Alpha Theta sororities ranked highest scholastically for the 1964 spring semester over-all grade index among campus sororities.

Holding the two top scholastic positions for the second consecutive semester, Chi Omega attained a 2.87 cumulative index. Kappa Alpha Theta earned a 2.82 average, followed by Sigma Sigma Sigma with 2.75.

A scholarship trophy for the most improved scholarship among campus sororities last semester will be awarded at the Panhellenic Workshop in November.

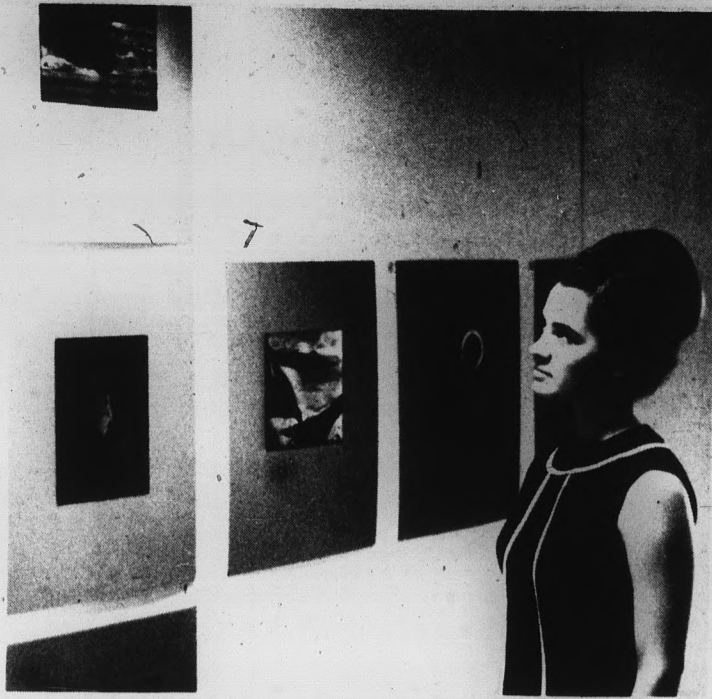

Cumulative grade index for all campus sororities for spring semester was 2.6 compared to the 2.39 average for the entire University.

Orchesis Offers Dance Program

"Desert Suggests" is the theme chosen for a dance workshop planned by Orchesis. The event is planned for Nov. 12 in Sun Devil Gym.

New members include Diane Adair, Susan Cohenour, Mary Lou Cribley, Roseann Dezember, Sandy Dirickson, Lynn Dodge, Denise Doering, Denita Doering, Judy Jerome, Rosemary Killen and Neela Perry.

Also Mary Anna Sasser, Sandi Silverman, Sandie Winters and Lanny Thomas. Alternates are Terri Toppano, Jenni Campos, Angela Cary, Tom Mesa, Rich Rodgers and Craig Freil burghaus.

(Photo by John Polich)

STUDENT'S WORK—Betty Gaines admires photographs in Anthony Eck's art exhibit which is on display on the third floor of the Engineering Center. Twenty-eight of his photographs, including both black-and-white and color are included in the display. Most of the photographs were shot with a twin-lens reflex camera.

University Players Present Comedy

The University Players' production of Heartbreak House, a World War I comedy by George Bernard Shaw that satirically depicts the crumbling of British society, will run three consecutive weekends, starting on Nov. 7.

Leading players are Eleanor Prickett, as Ellie Dunn; Warren Katzke, Capt. Shotover; Pat

Lindell, Lady Utterworld, and Diane Johnson, Hesione Hushabye.

Others in the cast are Elaine Pink, Chester Wilke, Gary Miller, Barry Fried, Orville Bowers and Dick Baggott.

Tickets are on sale at the Lyceum box office for \$1, \$1.50 and \$2.50.

Disciples Promote Tradition

Devil's Disciples, a branch of the Rally and Traditions Board, founded in May 1962, recently selected nine new members.

Inducted were Ed Heath, Phil May, John Elam, Bill Willey, John Register, Ira Friedman, Mike Murray Fred Reish and Pat Eiseman.

THE DISCIPLES are guided by Wally Meyer, president; Roger Evans, vice president, and Bill Gookin, secretary-treasurer.

This raises membership to 30. "However," says Meyer, "our membership is not as varied as I'd like to see it. I'd like to get at least one or two men from each fraternity on campus, plus some independents."

Membership is open to upperclassmen who desire to promote school spirit, particularly at athletic events.

DURING Freshman Orientation Week the Disciples sold 1,900 beanies. The beanie sale finances group activities for the year. They also supervised the painting of the "A."

One of the regular duties of the Disciples is the care of "Old Jonsey," the 2,000-pound victory bell present at all football games.

Upperclassmen who would like to join the Disciples may obtain more information from the president at 966-2705, or any member.

Pass Catcher

(Photo by Jim Hutchins)
A-State's Larry Todd, (14) catches a John Torok pass in first quarter of Saturday night's win over Texas Western and is promptly tackled by the Miner's Ron Bostwick. Todd is ASU's leading pass catcher with 16 receptions and 246 yards.

Golfers Begin Season Today

The golf team opens its season with play in the annual 72-hole Tucker Invitational Golf Tournament at Albuquerque, today and tomorrow at the University of New Mexico course.

Participating will be 20 collegiate varsity teams, 15 freshmen and junior college squads and 11 women's teams. The tourney is second only in size to the NCAA championships.

The Sun Devils of Coach Bill

Mann return six of their seven top players from last year's squad which placed second in the WAC and 13th in the NCAA championships. Competing for ASU will be a five-man varsity

squad and four-man freshman team.

Varsity participants will be Don Juan, Byron Wood, Ted Lyford, Dave Hanten and Rick Talt.

Sun Devil Harriers Seek Win Over PC

The cross country team faces a tie-breaking session with Phoenix College tomorrow in Papago Park.

The action, to begin at 4 p.m., will find ASU in a tough match with PC's Bears. The Devils tied PC last week, 45-45, in a triangular meet with the UofA. The Wildcats won it with 30 points.

Louis Scott, the Devils' top man, will try to better his own course record set last week. He sped to a 15:22 clocking over the 3.3 mile course last week beating Dick Singleton of the UofA in a duel between the number two and four finishers at the WAC championships last year. Singleton went 16 flat.

OTHER DEVIL scorers in the meet were Bob Stiffler, seventh place, Larry Berryhill, 11th, Frank Hatfield, 12th, and Phil Lunn, 14th.

Ron Sanders finished 18th and Eric Owers 25th.

The Devils will be plagued by injuries once again in tomorrow's PC meet. Sophomore transfer Tony Mifsud will be out with a minor head injury. Owers, captain and temporary coach while Coach Castillo is in

Tokyo for the Olympics, said Tony "dived into a foot of water in a swimming pool."

Senior Joe Smart was declared ineligible because he is serving an internship in medical technology at Good Samaritan hospital and is not enrolled in classes at ASU.

THE TOP five men tomorrow will probably be Scott, Berryhill, Stiffler, Lunn and Owers. Frank Hatfield and Ron Sanders, two freshmen fighting for

positions, could emerge as top finishers tomorrow.

Scott explained the problem the boys face in cross country. Often they don't get to practice enough before a big meet because the season is so short. Also, they "never race in practice," so adapting to a meet is difficult.

In the past, the Devils have had excellent cross country seasons and this one should be no exception.

Intramural Activities Discussed

Intramural tennis doubles may be played at night this year, said Paul Donah, student intramural director.

"I've had a number of requests from organizations concerning night matches," Donah said. Although night singles matches have already begun,

doubles may follow.

There will be a managers meeting at 3:30 p.m. Wednesday in MPE 103 to discuss tennis doubles, wrestling and swimming.

Wrestling competition begins Nov. 2. Each team may enter one man in each weight class.

Dairman To Lead Cagers

By DICK MULLINS
Sports Information Director

You've got to admire Coach Ned Wulk. It would be easy for him to cry foul in 1964-65, what with the likes of Joe Caldwell, Art Becker and Gary Senitza missing from last year's team.

But he shuns that route. He avoids the word "rebuilding" and talks in terms of "team-work" and over-all "team play."

"There's no way to replace athletes like Caldwell, Becker and Senitza on a one-player for one-player basis," he said, "but we'll attempt to pull up the slack in our over-all program."

Replacing the three seniors of a year ago will be no easy chore. Caldwell was the most prolific scorer in ASU's history and a member of the U.S. Olympic basketball team. Becker twice won first team Academic All-America honors and Senitza had the uncanny knack of hitting the one basket that won the game.

WULK'S TEAM for the upcoming season will be neither pea green nor veteran gray. Of the 14 on the varsity roster, nine are juniors, three are seniors and two are sophomores. He has seven lettermen, four squadmen, one sophomore, one junior college transfer and one athlete with only high school experience.

Only one player rates star billing at the start of the season. He's Dennis Dairman, 6-5, 195-pound senior from Phoenix. Dairman has seen starting duty for two seasons at both inside and outside positions, but is slated for mostly inside duty this season.

Dairman concluded the most recent campaign with scoring and rebounding averages of 11.7 and 6.4 per game. With Caldwell and Becker gone, Dennis will be counted upon for much heavier point production. He's rated one of the finest shooters ever to attend ASU.

REMAINDER of the lettermen are outside performers Rich Coppola (6-2 junior) and Gerald Jones (6-4 senior) and insiders Dennis Hamilton (6-7 junior), John Myers (6-5 junior), Jim Proctor (6-10 junior), Alan Schmelz (6-3 junior) and Dairman.

Schmelz returns after a year's absence brought about by academic difficulties. Coppola saw starting duty during the tail end of last season and Hamilton was a spot starter.

A key to fortunes could be Freddie Lewis of Eastern Arizona JC. The six-footer won All-America honors and was high scorer on the EAJC squad which participated in the national JC tourney.

All told, there are seven games scheduled with teams which saw action in the NCAA tourney and two from the NIT.

SHOOTER — Dennis Dairman, 6-5 corner-man, will be counted on heavily by Coach Ned Wulk to lead the basketball squad this coming season. Dairman is a senior who has played both outside and inside for A-State and had a 11.7 average last year.

A-State Line Coach, Past All-American

Line Coach Dick Tamburo's career reads like a Who's Who in American sports.

At Michigan State in 1952 Tamburo won All-American honors as center for the national champs and was named the outstanding player on the team. He was also picked by the Detroit Times as the line-man of the year in the nation and was selected as one of 10 outstanding athletes to come out of Pennsylvania.

After the 1952 season, Dick saw action in the East-West game, the Senior Bowl game, and the College All-Star game.

TAMBURO graduated from MSU with a police administra-

DICK TAMBURO

tion degree in 1954 and then played professionally for the Hamilton Tigercats in Canada until an injury cut short his career.

In 1955 he served in the Army at Ft. Hood, Tex., playing center and served as coach on the base team. A year later as head coach his team won the Fourth Army championship and played in the Shrimp Bowl.

After the service in 1957 Tamburo worked as a security supervisor for Sears-Roebuck in northern Indiana. It was shortly thereafter Frank Kush became head coach at ASU and sent out the call for his old teammate to rejoin him as line coach.

SINCE JOINING the staff Dick, now in his seventh year, has turned out such linemen as center Dave Fonner, Fred Rhoades and Chris Stetzar; guards Joe Kush, Dick Locke and Jesse Bradford; and tackles George Flint, Larry Reaves and John Seedborg. This year he is developing Bobby Johnson, Frank Mitacek and John Folmer.

Torok Nation's Leader In Offense

By MIKE HELFNER

John Torok, ASU's all-star quarterback, has taken over the national total offense yardage leadership with 806 net yards gained, but he is not expected to have that lead long since the Sun Devils are idle this week.

The Devils have a week vacation before challenging Utah at Salt Lake City Oct. 24.

Torok has compiled 846 yards for the season, but was caught behind the line of scrimmage several times for 40-yards lost.

TOROK'S amazing statistics, released this week by the NCAA, come from 837 yards in the air and nine on the ground to out-distance Oregon quarterback Bob Berry's 790 yards and Jerry Rhone of the University of Tulsa.

Utah State, who Torok and the Devils upset on opening night, is the top scoring club with a 44 point-per-game average. The aggies are third in total offense with a 413.8 per game average.

ASU ranks fourth in passing with 236 yards, sixth in total offense with a 370.3 mark and is tied with Nebraska for fifth spot in scoring with an average of 31 points a game.

TOROK HAS completed 50 of 82 passes to rank seventh in the country and has personally accounted for 10 of A-State's 17 touchdowns.

Gene Foster, senior halfback,

regained the rushing lead he relinquished to fullback Jesse Fleming. Foster, in four games, has run for 194 yards including a bout with Wichita in which he only picked up five yards.

Fleming, a sophomore, held the lead for one week and is only seven yards behind Foster. Way back at 94 yards is Hal Lewis and he is followed by Larry Todd with 66 yards, Jim Bramlet, 27, Ben Hawkins, 25, and Floyd Harris, 12.

HEADING UP the receiving corps is Todd with four touchdowns and 246 yards in 16 catches. Hawkins also has 16 receptions, but has only caught three TD passes and is 10 yards behind Todd. Jerry Smith and Hal Lewis follow with two scores each. Smith has 217 yards while Lewis has 132.

Down the line is Foster with 65 yards, Dewey Forrister with 35 yards, Darrell Hoover with eight yards and Bramlet with five yards.

In the scoring department, Hawkins leads Todd by two points on the strength of a two-point conversion thrown by Torok.

HAWKINS scored a fourth

touchdown by returning a punt for 52 yards against West Texas. Hawkins has a total of 26 points and Todd 24.

Rick Davis, extra point and field goal kicker, is third with 20 points on 14 conversion kicks and two field goals. Lewis is fourth with three touchdowns for 18 points and is trailed by Smith who has scored twice.

Torok leads the team in total offense with 806 yards and is followed by Foster with 194; Fleming, 187; Todd, 109; Lewis, 94, and Bramlet, 27.

IN THE WAC, Torok leads in passing, total offense and completion percentage. Todd and Hawkins are one and two in receptions. Foster is ranked fifth in running.

Chuck Kolb is second in WAC punting with a 39.5 average and Hawkins is second in punt returns, averaging 27.5.

As a team, the Devils rank first in total offense, first in passing offense, third in total defense, first in rushing defense and last in passing defense.

Asked to comment on this week's layoff, Coach Kush said, "Ordinarily, I am not in favor

of mid-season layoffs, but this will give us a chance to work on our running attack and make some changes in the offensive line that should help out."
