

Durham Appoints Department Head

President Durham has appointed Prof. Donald E. Brown chairman of the Department of Mass Communications, effective Feb. 1.

Professor of mass communications at ASU since 1963, Brown will succeed Dr. Marvin Alisky.

Brown, a member of the University of Illinois journalism faculty from 1947 to 1963, will also succeed Dr. Alisky as chairman of the Board of Student Publications.

The new department chairman holds Gold Key awards from the Columbia Scholastic Press Association and the Illinois Association of Teachers of Journalism in recognition of his contributions to scholastic journalism.

Brown received bachelor and master of arts degrees from the State University of Iowa where

he was a member of Phi Beta Kappa and was graduated "with distinction."

He has been news editor of radio station WHO, Des Moines, and has worked for the International News Service, the Des Moines Register, and the Oskaloosa, Ia., Herald.

Donald E. Brown

Executive secretary of the Illinois News Broadcasters Association from 1955 to 1962, Brown has lectured at the International Center for the Advanced Training of Journalists at the University of Strasbourg in France.

In notifying Brown of his appointment, President Durham stated: "The Department of Mass Communications at Arizona State University has built an enviable reputation in only a few years under Professor Hopkins and Professor Alisky. I am confident this progress will move forward under your able and experienced leadership."

Library Extends For Test Period

Matthews Library personnel have announced that during the coming week, the library will remain open until 11 p.m. Monday thru Saturday night for students studying for final exams.

Exit Interview Due Immediately

National Defense Loan holders who are leaving ASU this semester should report for exit interviews, according to Mrs. Joan Walsh, supervisor of loans and scholarships.

Students may report to the loans and scholarships office in Admin. 104, she said.

'Roses' Is Prizewinner; Gets Solid Performance

By RAY ICELY

The subject was anything but roses for the past two nights in Gammage Auditorium. "The Subject Was Roses" is the kind

of play that draws small audiences but deserves the world.

Author Frank Gilroy has one of the finest new productions on the theatrical circuit. The story is told simply and succinctly with about as much emotional impact as one can absorb in one evening. It is the writing that is great . . . not so much the performances.

In a time when avant garde is "in," "Roses" is wonderfully refreshing, using realistic and simple people, settings, and situations. Although the plot is exciting, it is the dialogue that sets the play apart from others. The lines alone have the power to cause hate, fear, pathos or a long healthy laugh. Both an enjoyable evening and philosophical enlightenment were available.

Characterizations in the play were well defined, with understudy Liz Ross leading in the honors. The utter simplicity, believability and pathos of her role was extremely good, with only a few, momentary letdowns.

Dennis O'Keefe and Peter Duryea turned in excellent performances — the only trouble being a tendency to overexag-

Hopefuls' Test Set Saturday

Peace Corps placement tests will be given at 9 a.m. January 8, February 12, and March 12 in room 201 of the main Post Office, 522 N. Central, Phoenix.

The placement exam is not a pass or fail test, but is designed to find out how the applicant can best help the people of developing countries around the world.

Applicants must fill out a Peace Corps application prior to taking the exam. If an application has not been submitted they may be turned in at the time of the exam. The forms are available at all Post Offices.

Requirements for eligibility are that the applicant be 18 or older and have no dependents under 18. Married couples are eligible if both husband and wife can serve as volunteers.

For further information contact the Civil Service Commission, 522 N. Central, or write Peace Corps, Washington, D.C. 20525.

Spring's Editors Named

State Press editors and assistants for next semester have been named by editor-in-chief Martha Thayer.

John Polich will be assisting her as managing editor.

Other appointees are Paul Schatt, campus editor; Maret Viksjo, assistant campus editor; Preston Long, news editor; Jerry Hofferber, assistant news editor; Brian Tracy, sports editor; and John Sar, assistant sports editor.

Also on the staff are Pat Hunter, society editor; Susan Black, assistant society editor; Diana Rosen and Kenny Nuendorf, copy editors; Bob Johnson, proofreader; Joe Bolender, chief photographer; Bruce Spence, Weekend editor; Cathryn Godgard, arts writer, and Tony Ault, student government writer.

Students interested in writing for the newspaper, serving on the editorial board or doing student cartoons should contact Miss Thayer in the State Press office, 966-3656.

Western Week's Activities Altered

The Western Week street dance and beard-growing contest scheduled for Thursday have been cancelled, according to Linda Oakley, chairman of Western Week.

Miss Oakley said the dance was cancelled due to lack of funds and that the beard-growing contest didn't have enough entrants. She also said, however, that the students who did enter the event will be awarded trophies.

Western Week will open tomorrow evening with a barbecue at 5 to 6:30 behind the MU. A dollar will be charged and meal tickets are transferable.

The reigning Sun Devil Rodeo Queen, Janiece Johnson, will

crown the new queen, Jacque Trotter, at a dance in the MU Ballroom at 8 p.m. Friday. The rodeo activities will begin at 8 a.m. Saturday with elimination events. Regular events will be from 2 to 5 p.m. Saturday and Sunday.

On-campus activities will include gunfights staged by the Scottsdale Jaycees at 10:30, 11:30 a.m. and 12:30 p.m. Thursday and Friday.

The MU will display a collection of Indian arts in the upper lounge Friday. The lower lounge will be in Spanish decor with flamenco dancers entertaining Mariachis will play Thursday in the Devil's Den.

Basketball Ducat Schedule Ready

The next pick-up date for students, faculty and staff members to obtain seat stubs is:

Monday, January 10, 1966, and Tuesday, January 11, 1966, for the following games: Southern Illinois, Jan. 14, Texas Western Jan. 27 and Stanford, Jan. 29.

Stubs will be distributed from the ticket windows at the Men's Gymnasium between the hours of 8:30 a.m. and 4:30 p.m.

Students must present their ID and their Activity Card to obtain ticket stubs. Students may present an accompanying ID and Activity Card.

Faculty and staff members must present their Faculty Athletic Ticket in order to obtain seat stubs. Faculty and staff members may pick up stubs for one other faculty or staff member by presenting the accompanying Faculty Athletic Ticket, Athletic Ticket Office.

Freeway Route New Crossing Over Salt River

A temporary on and off ramp at 32nd Street and the Maricopa Freeway has been opened to facilitate traffic between

See REROUTE MAP Page 2

Phoenix and Tempe, the office of the Tempe Traffic Engineer reported yesterday.

Those wishing to use the alternate route over the river are asked to take University Drive to 40th Street where special routing signs will direct traffic to the 32nd Street Ramp.

The ramp will be available only during rush hours, 7 to 9 a.m. and 4 to 6 p.m. since it is a temporary structure. During the same hours no left hand turns will be permitted on Mill Avenue from Gammage Auditorium to the Tempe Bridge.

World Briefs

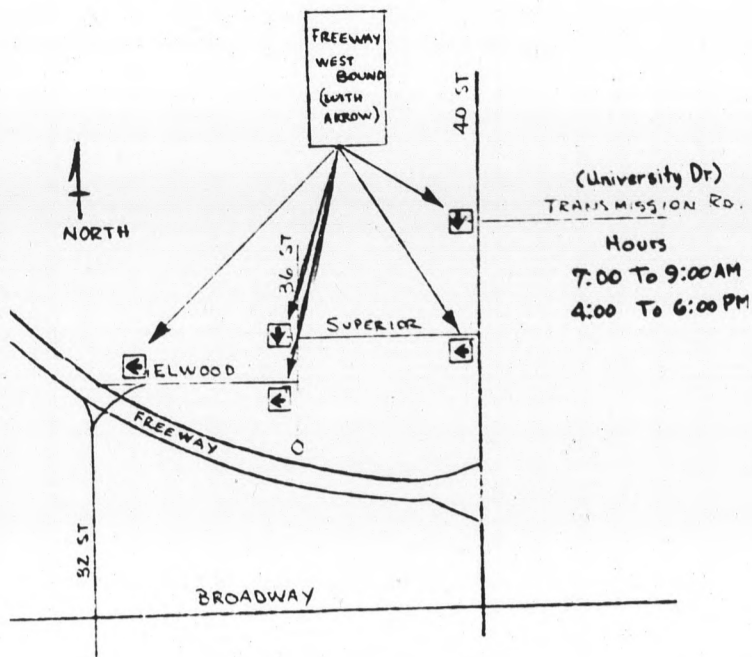

PITTSBURGH — The U. S. Steel Corp. today joined Bethlehem Steel and two smaller companies in raising the price of structural steel. U. S. Steel said, however, that they intended to hike the price by \$2.75 per ton, slightly more than half the \$5.00 a ton increase announced last week by Bethlehem.

PHOENIX — Flow into the Salt River will continue for the rest of this week, reported Rod J. McMullin, general manager of the Salt River Project. The present rate of 14,000 feet per minute will be maintained until 6 p.m. Sunday.

WASHINGTON — The White House said the price increase announced by U. S. Steel Corp. is acceptable and "consistent with the price-wage guideposts."

DUBLIN — New Yorkers may be blaming a fiery Irishman for their transportation problems, but the citizens of this Irish city have their problems, too. Since Monday 14 bus routes serving the northside of Dublin have been striking over the removal of conductors.

TEMPE TO PHOENIX

REROUTE MAP

Student Wranglers Due In For Rodeo

The three "R's" will be riding, roping and wrangling at the University this weekend as 150 student performers from Arizona and California are expected to compete in the Intercollegiate Rodeo.

ASU is hosting the rodeo, which will climax Western Week activities, at 1:30 p.m. Saturday and Sunday at the portable arena at Alpha Drive and Scottsdale Road. Parking will be available.

The rodeo is open free to students with activity cards. Tickets costing \$1 will be available at the gate for adults and 50 cents for children under 12.

The competitive events offered are: bull, saddle bronc and bareback riding; calf, team and ribbon roping; steer wrestling, and the girls' barrel race and calf tying events.

Queen Jacque Trotter, ASU junior, will reign over Western Week and the rodeo. Her attendants are Susan Hamman, junior, and Cathy Moore, sophomore.

Last year's ASU queen and Miss Rodeo Arizona, Janiece Johnson, will crown Miss Trotter at a dance Saturday night. The dance is from 8 p.m. to midnight in the MU ballroom.

Students Suffer Holiday Losses

A motorcycle, portable TV and a stereo were reported stolen over the holiday vacation, according to Campus Security reports.

The motorcycle was reported missing from parking area 66 by its owner, William Ripper of Sahuaro B. Ripper had left the vehicle in the lot over the Christmas vacation.

David Fichter of Sahuaro B reported that a GE portable TV was taken from his room over the holidays.

A stereo was taken during the same period of time from the room of Robert Perry of Sahuaro C.

'Reading Hour' Scheduled Today

The Readers' Theater, whose "Ethan Frome" played to SRO audiences last month, will introduce a new biannual program called "The Reading Hour" today at 4 p.m. in the Lyceum.

The group under Linda Hicks, student director, will read excerpts from contemporary short stories by such authors as Elizabeth Taylor Burton, Conrad Aiken, J. D. Salinger, and John Steinbeck.

The performance will be open to the public and free of charge.

gerate affectations of their characters. The action was well paced, giving the audience few moments to lose interest.

The accolades have already been given. During intermissions, theater-goers discussed points brought up by the play-truth, forgiveness, atonement, religion and stubbornness—not the Salt River flood or possible dates for the weekend.

The biggest disappointment is the same as usual. Gammage Auditorium again showed its glaring deficiencies as a theater for drama. The stage was too big and the actors had voice projection difficulties, even though the audience was one-third of Gammage's capacity.

Drama is more intimate than Gammage can ever accomplish.

Courts Uphold Free Press

It is normally the function of this paper to comment on events outside the campus community, but certain exceptions should be made.

The Arizona State Supreme Court recently blocked contempt action brought against two local newspapers which stemmed from items printed in the newspapers concerning a criminal case.

Superior Court Judge E. R. Thurman had ordered reporters not to print details of a certain open court hearing. The grounds for this muzzling action was, in Judge Thurman's mind, to insure a fair trial.

The theory involved in this case is that publication of facts surrounding certain notorious events serves to inflame or alter public opinion to the detriment of people facing trial. This is an extremely ticklish question and not one that can be passed off without second thoughts.

On one hand, it is obviously unfair to allow prejudgment in a court case. On the other hand, attempts to stay the action of the public press is a serious infringement on the concept of a free press.

Judge Thurman's order marked the third time within a brief period last year that Arizona courts had acted in some manner to restrict dissemination of information regarding action on criminal charges.

In one of the other two, the court barred law enforcement officers from giving information to the press; in the other, the court invoked Criminal Rule 27 of Arizona law, which permits exclusion of the press and public from a criminal hearing if the court feels it is necessary to do so to protect the rights of the accused.

There is always freedom of the press. The only trouble is that sometimes it isn't the press that gets to use that freedom.

Sometimes, as in prewar Germany, the government has freedom of the press. In the United States it has been, until now, the people who have had freedom of the press.

When the press is ever in the hands of any particular group, it is inevitably used for the benefit of that group. No matter how highly motivated press control might be, it is failing the people if it isn't of the people.

This paper cannot subscribe to the theory that ignorance is bliss.

If it takes an uninformed public to insure a fair trial there seems to be something shaky about our jury system. It also must be inferred that all highly publicized trials held heretofore were unfair and prejudicial.

In this case the court defeated its original purpose by drawing more public attention to the case than might have occurred if the order had not been made.

If the muzzling theory has any strength at all, it rests on the size and importance of the case being heard.

The State Press lauds the decision of the Arizona Supreme Court in this case and hopes that proper notice will be accorded all its ramifications.

"Any Chance Of A Cease-Fire Over Here?"

©1966 HERB BLOCK THE WASHINGTON POST

Letter to the Editor

Dear Editor:
Your editorial which appeared in the last issue before the Christmas holidays was impressive in volume to say nothing of information but has nothing been said since? And what ever happened to the SDS issue?

For weeks that seemed to be the only thing taking place on campus. Editorials seemed to indicate that the editors of your newspaper were displeased with the executive council's first decision to ban this group and yet nothing was said about its equally responsible and enlightened second decision.

I am not pro SDS as such but I was one who believed that they deserved recognition. Neither am I trying to stir up old issues but I am interested in knowing how these issues were resolved.

It is also interesting to note that the Student Affairs Committee was involved directly or indirectly in both issues and yet nothing has been reported as to what this committee does, who sits on it or how they are appointed.

Obviously they can not function as an appellate board since the same members who are responsible for the initial verdicts make up the partial membership.

If you are going to report all sides as accurately as possible these seem to be important issues.

George Perkins

EXAMINATION SCHEDULE

Arizona State University — First Semester, 1965-66

All Classes Regularly Scheduled on	MWR or Daily* at:	Examination is Scheduled on:
7:40 - 8:30	Tues., Jan. 18	at 7:40 - 9:30

4:40 - 5:55	Sat., Jan. 22	at 3:40 - 5:30

*All classes not scheduled for TTh or TThs will follow this schedule.

Examinations for classes that are scheduled with "Time Arranged" and for classes that meet at, or after 5:30 p.m. in the evening, will be held at the time scheduled for the last regular meeting of the class during the examination period of January 18 through January 23 unless otherwise scheduled by the instructor during this final week of the semester.

New String Quartet Concert Wednesday

The New Art String Quartet and the Gammage Wind Quintet, joined by Judy Prochnow at the piano and Mervin Britton at the vibraphone, will be featured in a concert at 8:15 p.m. Jan. 12 in the MU ballroom.

The concert, one of the Faculty Chamber Music Society's series of concerts is open to the public. Tickets will be available at the door.

Political Science Text Now In Second Printing

The second edition of "Constitutional Government in Arizona," on which the state teachers' certification examination is based, has been published by ASU's Bureau of Government Research.

Dr. Bruce B. Mason and Dr. Heinz R. Hink, professors of political science, are the authors of the 223-page volume. It has been adopted as a textbook at Arizona's universities and colleges and by about 30 high schools throughout the state.

The book may be obtained at \$3 a copy at the bookstore in the MU, according to Dr. Leonard E. Goodall, director of the research bureau.

LIVE IT UP, LEANDER...

... you're only young once!

Come to think of it, that's the whole problem! If you were young more than once in a lifetime, that time of life when you will no longer be young wouldn't be a problem now, would it?

We can't help you find eternal youth. We can help you find the best way to make the most of the "young-only-once" time of your life... with life insurance.

Life insurance is one investment you can make today that's guaranteed to take the strife out of life years from now. That might be worth more, from the very beginning, than you put into it. That could be worth as much, at any time, as you planned to put into it in a lifetime. And the sooner you start, the less it costs.

You're only young once, Leander. Make the most of it. Then you may live it up... with our blessings.

Institute Director Heads Library Science Seminar

Dr. Eugene Garfield, director of the Institute for Scientific Information, Philadelphia, will conduct a seminar at 3 p.m. Friday in SSO 101.

Public and college librarians, science, business and industrial researchers and graduate students are particularly invited to attend the seminar. It will cover the "Science Citation Index" and the ASCA (Automatic Subject Citation Alert) system.

Those planning to attend the seminar may examine the 1964 and 1965 "Science Citation Indexes" in the science reference room of Matthews Library prior to the Friday program.

Works to be presented include

Mozart's "Adagio and Rondo," the "String Quartet No. 1" by Debussy, the Hindemith "Sonata or Viola and Piano" and "Sextet for Piano and Woodwind Quintet" by Jaobs.

Performing artists in the New Art String Quartet are Frank Spinosa and Eugene Lombardi, violins; Gabriel Gruber, viola; and Takayori Atsumi, violin-cello.

The Gammage Wind Quintet includes Edwin Putnik, flute; Frank Stalzer, oboe; Jack Ratterree, clarinet; Jack Rausch, bassoon; and Eugene Chausov, French horn.

Utah U. Selects President's Photo

A photograph of President Durham will appear in a distinguished alumni panel at the University of Utah, Salt Lake City.

The panel will appear in the Hinckley Caucus Room in the political science area of Orson Spencer Hall on the campus.

A gathering place for students and campus political groups, the room will be furnished by UofU benefactor, Robert Hinckley, Sr.

One wall in the room will be reserved for photographs of political science graduates who have achieved distinction in politics and public services, according to J.D. Williams, director, Hinckley Institute of

Practical Politics at the University.

Dr. Durham, academic vice president at the UofU from 1953 until 1960 when he assumed the presidency of ASU, was the first chairman of the university's department of political science from its establishment in 1948 until 1953. He also served as director of the university's Institute of Government from 1946 to 1953.

National president of the American Society for Public Administration in 1959-60, the ASU president was named "Outstanding Administrator for the Year" by the Utah chapter of ASPA in 1958.

Want to be a big hero? Then look for big challenges!

Come to General Electric, where the young men are important men.

Important responsibilities come to you early at G.E.

You could find yourself on the team responsible for marketing a new appliance. Or you could be in India, installing a nuclear power plant. Or in a laboratory, looking for applications for a remarkable

new "artificial gill" that lets mammals breathe under water.

This is a worldwide company that makes over 200,000 different products, from jet engines and weather satellites to computers and color TV. In this kind of company, you have to be very good to get very far.

If you are good, you'll be rewarded. With money, of course. But with responsibility, too.

The most important job you'll ever have is your first job.

And the most important job interview you may ever have is with the man from G.E.

So you think that old cliché "Latin Lover" is non-existent? Jorge Bien, a freshman from Buenos Aires, Argentina, may not be a real Latin lover, but the thing he likes most about the United States is drive-in movies which are non-existent in his country.

Jorge, or George as his Arizona friends call him, first came to the Valley last year to visit his uncle. He liked what he saw, applied for a scholarship, got it, and is now in his second semester here.

Jorge is impressed with the modern American universities.

Argentine universities are difficult to enter and scholastically more arduous, said Jorge. One thing unusual about the universities in Argentina, they have no campuses. The colleges of the university are separated throughout the city. They have no dorms and no inter-school sports.

Jorge is a member of the Alpha Epsilon Pi fraternity. "I didn't know what a fraternity was until I came here," he explained. "It was the only place I could go to for help to get accustomed to living with a different people."

Social life and cultural integration are the most important things for a foreign student, according to Jorge. "Foreign students should live with and understand the American's point of view. You can get an education from people as well as from books."

As could be expected, the big, beautiful cars intrigued Jorge quite a bit — and the fact that everyone has one. "I expected to see a rich country," he said, "but not as rich as this."

Jorge thinks a lot of Americans confuse Argentina with Australia. "People think kangaroos run around in Argentina . . . they expect to see a gaucho but they see a normal person

. . . they expect to see a replica of old Spain, but they see a modern city with subways, buses, trains, planes, skyscrapers and, yes, paved roads. Americans think Argentina is an underdeveloped country. That's not true either."

Boards Cancel Mexican Exhibit

The art display by students of the University of Sonora originally scheduled for today and tomorrow has been cancelled, the Cultural Affairs and International Affairs boards reported yesterday.

The sponsors of the events said that all other events will continue as planned, including the mariachi entertainers in the MU.

KAET Sets Program Schedule

The inner world of the American Negro will be discussed on "History of the Negro People," Monday at 10 p.m. on Channel 8, KAET-TV.

His values, attitudes, and impressions of life will be points of the discussion.

"CARE in Panama," a documentary about poverty-stricken natives who built a self-sufficient community for themselves with the help of CARE, will be presented on "By Their Bootstraps" at 6:45 p.m. Tuesday.

Noted British stars, Robert Helpmann and Beatrix Lehman, will be featured in "The Ghost Sonata" Tuesday on "Festival of the Arts" at 10 p.m.

The solar system and theories of writers such as Jules Verne will be discussed Wednesday on "Our Place in the Sun" at 6 p.m.

"West and the Wind Blowing" will be shown Wednesday on "Legacy" at 10 p.m. This week, "Legacy" takes a look at pre-colonial America and what seemed at the time to be promised to later generations by the vast unsettled territory.

A play in semi-documentary form showing the routine hap-

penings in a Nazi concentration camp on a particular day in January, 1939, will be presented on "Nur Ein Tag" Thursday at 9 p.m.

Murl Deusing explains the difference between warm-blooded and cold-blooded animals on Backyard Safari on "What's New," Friday night at 7:30.

Senior Honorary Promotes Service

By LINDA COTTAM

"Service, scholarship and leadership are Mortar Board's three guideposts," says Cheryl Hadaway, president of the senior women's honorary.

Evidence that these three factors are put to use by the members of the organization came this year when 15 of its 20 active members were named to the Who's Who list.

The local chapter was recognized in 1963 by National Mortar Board. Until then it went by the name of Pleiades, which it keeps as its chapter title.

"Our qualifications are flexible," says Miss Hadaway. "For instance, our grade index requirement changes from one year to the next."

The reason for this is that the requirement is raised a certain percent above the campus average each year. Nationally the standard is 3.0 but it has never been that high at ASU Mortar Board.

To be eligible for "tapping" a girl must be in the second semester of her junior year. She also must have 90 hours of study completed when she finishes that semester. Pledges become active during their senior year.

Meetings are held on alternate Wednesdays and the girls wear black skirts and white blazers with the Mortar Board insignia. The meetings consist of speakers, special guests and sometimes individual members who present various programs. For example, Chris Kajakawa, who has visited many different countries, will soon present a program on Rome.

Mortar Board's chief project during the year is the Big Sister-Little Sister program. At the beginning of each fall semester each in-coming freshman girl is sent a form to fill out in case she wants a "Big Sister" to adopt her. Names and addresses of upperclass women who would like to be "Big Sisters" are collected and paired off with the freshmen's applications.

Through writing, phoning or visiting, the "Big Sisters" help the "Little Sisters" with the many problems of orientation into the University.

Mortar Board also helps Natani with ushering chores at Grady Gammage events, conducts the ASU Day booth, the Parents Day booth, and helped during elections. Members participate on the Inter-Honorary Council, usher at basketball games, and hold an annual Homecoming brunch for Mortar Board alumni.

"We are contemplating something new for a service project," Miss Hadaway said. "We feel that the freshman woman doesn't get enough help with her problems before she comes to ASU and doesn't really know what to expect."

Honorary Will Tap Initiates

Beta Phi Chapter of Kappa Delta Pi, Honor Society in Education, will initiate ninety-nine students and two faculty members today at 6:15 p.m. in the North Ballroom of the MU. A banquet at 7:00 p.m. in the MU South Ballroom will follow the initiation.

Morrison F. Warren, Principal, Booker T. Washington School, Phoenix, will deliver the banquet address. His speech topic will be "Headstart."

Warren is a member of the Board of Directors, Arizona Town Hall, and he serves on the Arizona Advisory Committee to U. S. Civil Rights Commission. He is also a newly-elected Phoenix councilman. Mr. Warren was initiated a member of Beta Phi Chapter of Kappa Delta Pi in 1947.

Full Conference Schedule Could Give Hoop Title Clues

Basketball fans in the Western Athletic Conference may get their first clues as to which team could take the conference hoop title this weekend as all six WAC teams go into conference battles.

Brigham Young University and Utah will take turns hosting the University of Arizona and the Sun Devils on Friday and Saturday nights. The Devils meet the BYU Cougars Friday, then move on to Utah.

Meanwhile Wyoming and New Mexico will face each other in Albuquerque Saturday night.

Forecasters of the conference race well know it is not easy to pick an early winner. Last year the hard court title was decided in the last week of play.

Brigham Young took the title last year, pulling away from New Mexico, Arizona and Wyoming, leaving them locked in a three-way tie for second. The Devils finished 4-6 in the conference and 13-14 overall after a slow start.

The WAC teams have put together a 45-16 composite record over non-conference squads so far this season.

Among the more impressive non-conference wins were BYU's victory over nationally second-ranked St. Joseph's of Pennsylvania 103-83, Wyoming's 99-92 win over the same keystone staters, and the Devils' upset thriller over nationally third-ranked Michigan 89-87 in the Far West Classic.

Conference teams have

made another impression on the national statistics. Utah is second in the nation in scoring with a 101.9 point average and BYU comes in fourth with a high 101.7 average.

Although New Mexico has the fifth place national ranking in defense, allowing only 56.5 points a game, they alone have a

scoring punch of Mel Daniels averaging 23.6 points a game.

BYU's Dick Nemelka leads the scoring race in the conference with a 26.5 average followed by Wyoming's Leon Clark with a 24.9 mark.

Freddie Lewis, of the Sun Devils, is sixth in the conference with a 20.1 season shooting average.

Past Present

The Company's first engine, the Wasp, took to the air on May 5, 1926. Within a year the Wasp set its first world record and went on to smash existing records and set standards for both land and seaplanes for years to come, carrying airframes and pilots higher, farther, and faster than they had ever gone before.

In recent years, planes powered by Pratt & Whitney Aircraft have gone on to set new standards of performance in much the same way as the Wasp had done in the 1920's. The 727 and DC-9 are indicative of the new family of short-to-medium range jetliners which are powered by the highly successful JT8D turbofan. Examples of current military utilizations are the J58-powered Mach 3 YF-12A which recently established four world aviation records and the advanced TF30-powered F-111 variable-geometry fighter aircraft.

Your and the Future

Take a look at the above chart; then a good long look at Pratt & Whitney Aircraft—where technical careers offer exciting growth, continuing challenge, and lasting stability—where engineers and scientists are recognized as the major reason for the Company's continued success.

Engineers and scientists at Pratt & Whitney Aircraft are today exploring the ever-broadening avenues of energy conversion for every environment... all opening up new avenues of exploration in every field of aerospace, marine and industrial power application. The technical staff working on these programs, backed by Management's determination to provide the best and most advanced facilities and scientific apparatus, has already given the Company a firm foothold in the current land, sea, air and space programs so vital to our country's future. The list of achievements amassed by our technical staff is a veritable list of firsts in the development of compact power plants, dating back to the first Wasp engine which lifted the United States to a position of world leadership in aviation. These engineering and scientific achievements have enabled the Company to obtain its current position of leader-

ship in fields such as gas turbines, liquid hydrogen technology and fuel cells.

Should you join us, you'll be assigned early responsibility. You'll find the spread of Pratt & Whitney Aircraft's programs requires virtually every technical talent. You'll find opportunities for professional growth further enhanced by our Corporation-financed Graduate Education Program. Your degree can be a BS, MS or PhD in: **MECHANICAL • AERONAUTICAL • ELECTRICAL • CHEMICAL ENGINEERING • PHYSICS • CHEMISTRY • METALLURGY • CERAMICS • MATHEMATICS • ENGINEERING SCIENCE OR APPLIED MECHANICS.**

For further information concerning a career with Pratt & Whitney Aircraft, consult your college placement officer—or write Mr. William L. Stoner, Engineering Department, Pratt & Whitney Aircraft, East Hartford, Connecticut 06108.

Impson Paces Gymnastics Win

Sun Devil gymnast Richard Impson won 53.55 points and the all-around honors Tuesday night as the Devils won a 184.80 to 175.75 gymnastic decision from the University of Denver.

It was the second meet for the Devils who have beaten UCLA and Denver at home so far this season and the second time Impson has been named the all-around performer.

Tuesday night Impson was entered in each of the seven events of the evening and scored in six of them.

The Devils took a total of four first place spots and five seconds during the meet. All-around performer for the Denver Pioneers was Ted Nadeau with a total of 46.15 in five events.

Skip Johnson took a pair of firsts for the Devils winning the long horse and parallel bars. Impson won the floor exercise and Les Christianson took the first spot in still rings, followed closely by Johnson.

The Devils' next home meet will be Feb. 2 when they face the University of Colorado following a two-meet road schedule.

TAKES A FIRST — Sun Devil Gymnast Skip Johnson shows the style and form that helped him win the parallel bars competition Tuesday night when the Devils topped the University of Denver 184.80 - 175.75 in Sun Devil Gym. Runnerup in the event was Richard Impson who won the meet all-around honors for the Devils. (Photo by Ed Wiggins, Mesa Tribune.)

Tribble Bows Out; Grapplers Host 'Cats

Thanks to a last minute schedule change, local wrestling fans have a treat in store Saturday night when the arch-rival UofA Wildcats journey from Tucson to test the Devil grapplers of Coach Ted Bredehoff.

The Wildcats turned good guys and agreed to switch the meet to Tempe so that Devil great Charley Tribble could bow out in his collegiate career in front of the home crowd.

Tribble, star 177-pound performer for the matmen, will complete the maximum number of semesters allowed for NCAA eligibility when the present fall

semester draws to a close in two weeks.

Tribble was the third place finisher in the 1965 NCAA championships and was also a member of the 1964 U.S. Olympic team and 1965 WAC champion in his weight division.

Action will get underway at 8 p.m. in Sun Devil Gym with the Devils out to repeat their 27-3 whipping of the Wildcats in last year's final dual meet between the two rivals.

The dual meet originally scheduled for Tempe on March 3 will now be hosted by the UofA in Tucson.

RON WALSH (C.E.) of the '60 Bethlehem "Loop" Course is field engineer for important construction projects. He's typical of young men on the move at Bethlehem Steel.

Seniors and graduate students in engineering and non-technical curricula will soon be interviewed for the 1966 Bethlehem Loop Course. We offer splendid career opportunities in steel plant operations, research, sales, mining, accounting, and other activities. For detailed information, pick up a copy of our booklet, "Careers with Bethlehem Steel and the Loop Course," at your Placement Office.
